NUMBER 13

Bedridden 19 Long, Weary Years, Paralysis Victim Sees Hope As Wheel Chair Patient

Would you spend a three-cent stamp to lend a little assistance to a victim of infantile paralysis; a young man who at the age of 13 years was stricken with this dreaded malady and has been bedfast for nineteen, long, dreary years?

Of course you would! Well, here's your opportunity to lend a helping and encouraging hand to just such a lad who lives at Black, Farmer County, Texas. He is Marshall Deaton. For nineteen years he has been forced to lay flat of his back—not even able to be propped up to a sitting position.

During all these years this young man has received little, or no encouragement from doctors of ever attaining a better physical status. "They have all thought that nothing could be done for me," he writes.

Two months ago, however, Deaton was given an examination at Plainview, conducted by Drs. Legg and Driver of the Baylor Hospital in Dallas. Dr. Legg expressed the belief that his recommended treatments might eventually improve his condition to such an extent that he would be able to "get around in a wheel chair." And the young sufferer adds, hopefully, "Naturally, to one who has been bedridden for so long, this was mighty sweet news."

But the young sufferer does not have the funds to pay for the treatment, hospitalization, braces, etc., and he realizes that this will require quite a bit of money—"much more

than I possess."

Young Deaton is not making any appeal for sympathy nor financial assistance. All he is asking is a chance to earn every cent he receives in his fight for an improved physical condition.

A few years ago he hit upon the idea of conducting a magazine subscription agency, which he conducts from his bed. This has netted him a few dollars in commissions, but his income is far from sufficient to meet the expense of his determined fight back to better health.

Young Deaton is the authorized agent for any magazine or daily newspaper published in the United States. Maybe your subscription for your newspaper or magazine is soon to expire. Or, maybe you want to enter your subscription to some publication that is now receiving new subscribers. Just mail that subscription to Marshall Deaton, Black, Texas. Each subscription order will be promptly acknowledged.

You may enclose a check or ask for 30 or 60 day billing. And remember, by letting this patient sufferer handle your subscription, the cost to you will be exactly what it would be if you sent your subscription direct to the publishers. Young Deaton merely receives the commission, which would otherwise go to the publishing house.

Can you think of a more unselfish way to help a fellow who is "down but not out?"

Wheat Hurt By Winds

Farmers of this section of the Plains Country gritted the sand in their teeth and pondered the results of three sandstorms that have swept this area during the past week.

One of the most severe storms in many years lashed and whipped across the Plains last Wednesday, to be followed by two other lighter blows on Friday of last week and Monday night of this week.

While there are reports of only a few fields of wheat being completely blown out by the wind and sand, all fields suffered more or less damage, it is agreed. Fields that seemed to be securely tied down by a good growth of wheat came in for their share of unexpected damage. Fields that had been overstocked with cattle and fields laid nude by recent freezes took severe poundings.

Farmers who had not previously chiseled their fields to stop blowing rushed out their equipment to check further damage.

Reports received here seem to place most of the damaged fields in the Hub community, and north of Bovina. L. E. Modole, who lives in the Hollene neighborhood, said that the damage in that section was far more than close to Texico-Farwell. He estimated that 70% of the growing fields in his area suffered heavy damage.

Close to town, the Albert Smith and Dr. V. Scott Johnson farms appear to have suffered most. Considerable damage is also reported in the Oklahoma Lane community, while fields south of town appear to have withstood the storms in better condition.

One grower summed up the situation in these words, "We still have enough wheat left to produce a good crop, but we are going to have to have a little more co-operation from the weatherman."

Youngster's Leg Crushed By Car

Little Jimmie Cain, three year old son of Mr. and Mrs. Preston Cain, of Texico, was taken to the Memorial hospital in Clovis, Friday night, with a crushed hip and leg, as a result of a car accident.

The accident occurred about 7 o'clock, when the youth was going over to his cousin's house.

Lloyd Gray, his cousin, was going home from work in his car when he saw Jimmie walking and stopped to let him ride. Lloyd had passed Jimmie before recognizing him and when he attempted to back the car to pick him up, the child was caught by the rear end of the car and knocked down. The machine passed over the child's body about the hips breaking the bones in several places.

Mrs. Ray Mears, aunt of the injured child, reported that an x-ray picture revealed the little boy's leg to be badly crushed.

Two Business Deals Reported In Bovina

Two business deals, involving grocery stores, were reported to have been closed in Bovina the first of the week, with Chester Cranfill selling his business to Elton Venable, of Bovina; and Mansel McNew disposing of his business to a Mr. Williams of Dimmitt.

Cranfill has been in business there for several months, while McNew's business venture extended over a period of only a few weeks. It is reported here that Williams owns a store at Dimmitt and will continue to make that his home.

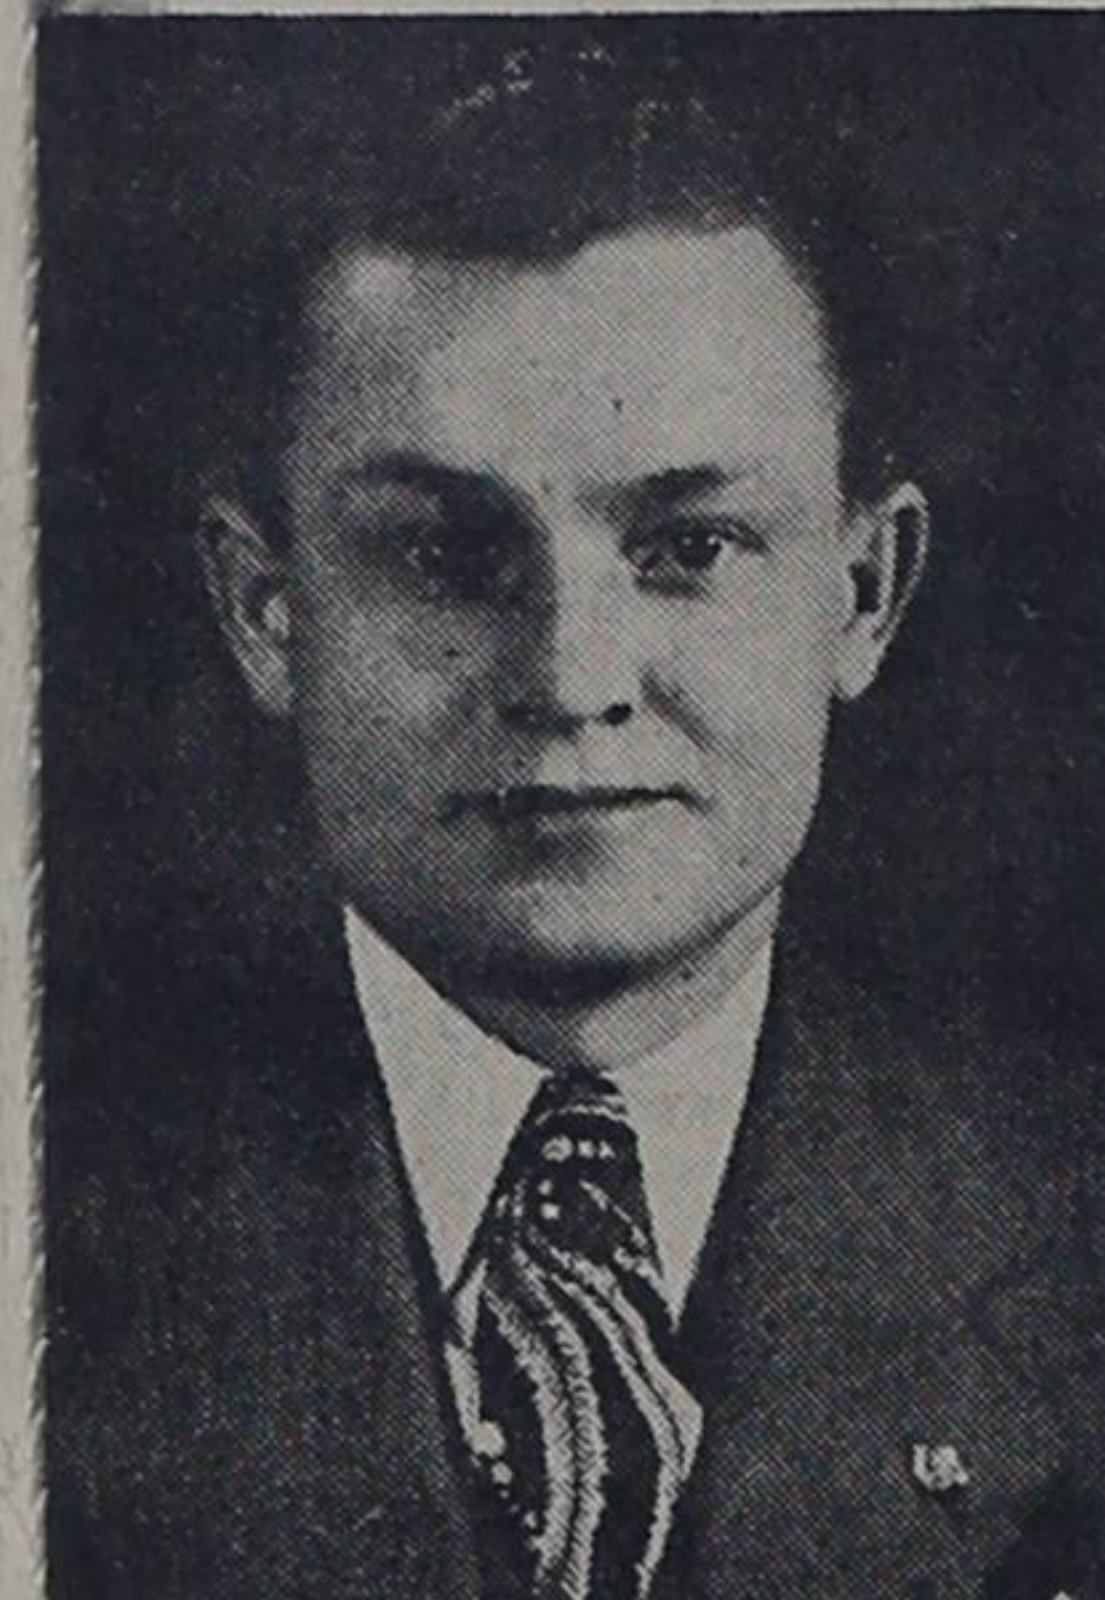

BABY FALLS FROM CAR

The 2½ year old daughter of Mr. and Mrs. Jake Cortez of Ft. Sumner, suffered concussions and rather severe lacerations late last Friday afternoon when the youngster fell from the speeding automobile between here and Clovis.

Reports say that the Cortez car was raveling about 50 miles per hour, when the little girl, who was alone in the back seat, accidentally ripped the rear door latch and fell from the machine. She was taken to a Clovis hospital for treatment.

The Cortez family were returning to their home in Ft. Sumner after attending a funeral at Hereford.

Few changes should be made in feeding hens, and those that are made useful should be gradual.

NEW COUNTY AGENT—Ollie Liner, who comes here from Plainview as the new county agent of this county. Liner assumed his duties on Feb. 1st.

New County Agent Assumes Duties

Ollie Liner arrived in Farwell last week from Plainview to take over his new job as county agent of Farmer County, to succeed Lee H. McElroy, who assumed like duties in Terry County on January 1st.

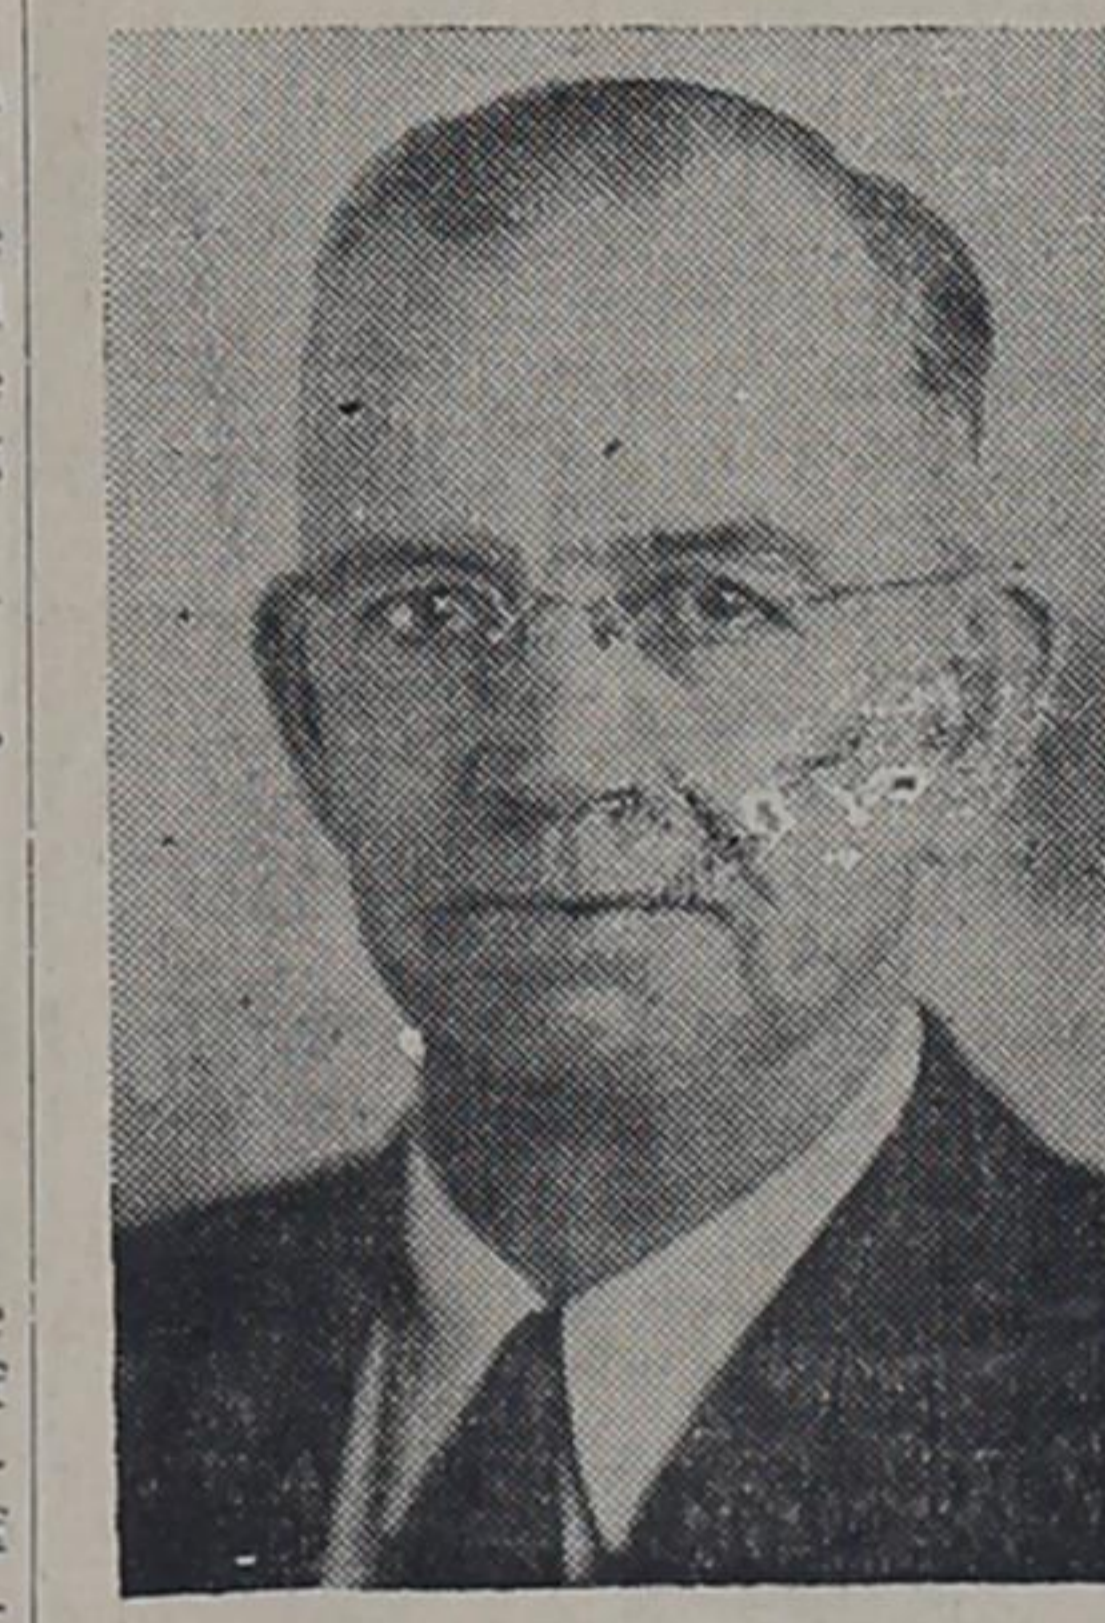

Liner announced that he had not done much toward planning out a program for the coming year, but is going to make a survey of the county and contact the farmers and ranchers, get acquainted and assist them in any way he could. Liner stated that a big part of his work will consist of helping with the 4H Club, and the FFA in their work.

He is a graduate of Texas Tech at Lubbock having completed his study in 1942, and majoring in animal husbandry. After finishing college, he taught vocational agriculture at the Post High School for a short time, when he resigned to take a job as assistant county agent of Hale county.

From there he entered the armed services, where he served 37 months. Upon receiving his discharge, he returned to his old job, where he remained until being employed by the Farmer County Extension Service.

Wellington Man Is Presiding Judge

The Governor's Office recently announced the appointment of Luther Gribble, Judge of the 100th Judicial District, as Presiding Judge of the 9th Administrative Judicial District which includes Farmer County.

Judge Gribble resides at Wellington, Texas. The 100th Judicial District, in which he holds the elective office of District Judge, is comprised of Childress, Hall, Collingsworth and Donley Counties.

A native resident of Collingsworth County, he taught school in the west Texas area before beginning the practice of law; and was first associated with the law firm of Cocke and Gribble in Wellington.

Judge Gribble is a graduate of Clarendon Junior College and southwestern University at Georgetown. He received his law license in 1918, after passing the State Bar Examination, which, on that particular occasion, was held in Amarillo.

FARM HOME BURNS

The farm home of Mrs. Freda Finley, located about ten miles northeast of this city, was completely destroyed by fire last Friday. Only a daughter, Miss Ruby Finley, was at home when the fire, said to have been caused by a leaky oil stove, struck.

Need letterheads? Dial 2131.

Farwell Tops Bovina In Polio Fund Drive

Friday Night Last Home Game

In all probability, Friday night will be the last home game of the entire season for the Farwell Steers. The game is conference, and the Steers hope to wind up a perfect conference season by taking it from the Lazbuddy Cowboys. Home-town boosters are urged to attend the match because, unless Farwell plays Grady here Tuesday night, (Coach Williams announced that this was unlikely) it will be the final time three seniors; Max Ford, Don Williams and Buster Herington will ever have a chance to appear on this court. Come out to see the Steers final home game Friday night at 7:30!

6 Escape Injury As Two Cars Collide

A party of five tourists, traveling in a new Ford Mercury and a car driven by S. A. Whiteside, farmer living three miles west of Bovina, collided on Highway 60 in the northwest corner of Bovina early Monday, but none of the occupants of either car were injured.

Frank tinBensel of Arapahoe, Neb., was driving the Mercury and said that he was traveling "about 60" miles per hour. Whiteside drove on the highway in the path of the Nebraska machine. In the car with tinBensel were his father, Wm. tinBensel, Fred Paley and Ed Lollman, all of Arapahoe, Neb. They were enroute to Hot Springs, N. M., to spend a few weeks taking the hot baths.

The Whiteside car barely clipped the rear of the tinBensel machine, but enough to flip the latter car on its back, and it skidded 172 feet down the middle of the highway before coming to a stop.

As an aftermath of the collision, both drivers paid fines in Justice Jess Newton's court. Whiteside, according to Justice Newton, entered a plea of guilty for his failure to come to a complete stop before crossing the highway, and tinBensel entered a plea of guilty for failing to reduce his speed as he passed through the outskirts of Bovina.

Bovina Will Select City Officials In Special Election

Voters of the newly incorporated City of Bovina will go to the polls on Saturday, February 15, for the purpose of selecting the first set of officials who will administer the affairs of the city.

The voting booths will be set up at the schools house and will be open from 8 a. m. until 6 p. m.

A mayor, five aldermen and a city marshal will be chosen by the voters. No names will appear on the official ballots and the voter will be required to write in the names of his preferences in for the seven offices to be filled. A nominating committee met last week and put forth the following candidates: Mayor, W. O. Cherry; Aldermen, Bill Eberting, Troy Fuller, Verb Isham, J. T. Hammonds; City Marshal, Bill Venable.

Poll Tax Payments Up In Parmer County

Poll tax payments in Parmer county reached a new high for an off-election year, it was revealed at the tax collector's office here Monday.

Normally an off-election year here yields about 1200 poll tax payments, attaches at the collector's office said. Payments thus far have amounted to 1398, with considerable mail yet to be opened, it was reported.

With stacks of mail yet to be worked, no accurate estimate could be made of other payments.

BUYS PARTNER'S INTEREST

Sidney (Shorty) Erwin announced today that he had bought out his partner, Harold Stovall, in the City Cafe, and will be closed for a few days, painting and making improvements, before opening again for business. Harold and Shorty have been partners in the cafe business for some time, when Shorty took another job to let Harold manage the cafe. Harold plans to move on the farm, which he bought several months ago.

In a contest between the Farwell and Bovina schools, which terminated at noon Monday, the Farwell school topped the Bovinaites by a handy margin in a campaign for funds for the "March of Dimes" program.

Figures released by Coach Jack Williams of the Farwell school and Supt. W. O. Cherry of Bovina, revealed that the local school raised a total of \$743.20, while the Bovina group counted in \$347.92, for a total of \$1091.12. Most of the Farwell money was realized from a basketball game between Farwell and Hereford and Coach Williams said that with the exception of the expense for the officials, the proceeds would be net to the fund. The Hereford team, he said, made no charge for the trip here.

As a result of the contest between the two schools, Bovina will be host to the local school at a dinner and theatre party "sometime about the middle of March," as Coach Williams explained that other school dates had the calendar occupied until that date.

B. N. Graham, chairman of the Infantile Paralysis campaign in Parmer Co., was out of town and could not be reached for statement as to amount raised in other parts of the county. He said before his departure that it would likely be the latter part of this week before all reports were in hand.

He offered his congratulations to the Farwell and Bovina schools for the splendid showing made in the drive and added that he hoped other communities in the county would do equally as well.

TEXICO RAISES \$50.00

Supt. B. A. Rogers of the Texico school, announced Tuesday that the polio contribution through the school had amounted to "approximately fifty dollars," and added that several other pledges from the business men were yet to be fulfilled. Practically all the money raised, Rogers said, has come from the students and faculty members. The Texico contribution will go into the Curry County fund.

Ollie Williams Sells Garage In Farwell

Ollie Williams, who has operated called to Ralls last weekend by the well the past few years, stated Monday that he had sold the business to Willie Hardage and Tom Atkins, who took charge at once.

Atkins, a former local mechanic, has been employed at Tucumcari lately. He was a member of the famed 200th Home Guard unit, and was held a prisoner by the Japs for many months following his capture on the Philippine Islands. Hardage has been engaged in farming near here.

In retiring from the business, Williams said that after 26 years he was going to the farm. He has two farms in the county and controls about 11 hundred acres of land.

Local Couple Escape Injury In Crash

Mr. and Mrs. Frank (Bunk) Phillips, Jr., narrowly escaped injury Sunday when the car in which they were traveling, a new '46 Pontiac, collided with another machine, one mile south of Hobbs, N. M.

They were enroute to Kermit, Texas, traveling south on the main highway when a man, whose name was not learned, drove into the path of the Phillips machine from a side-road. The impact resulted in considerable damage to both cars, with the Phillips damage being estimated at \$300. Neither of the cars were upset and Mr. and Mrs. Phillips escaped injury. The driver of the second machine was only slightly cut and bruised.

CONFINED TO HER BED

Mrs. Josie Nobles, wife of the late B. E. Nobles, has been confined to her bed since her husband's passing, less than two weeks ago. Mrs. Nobles, who is approaching 88 years of age, has suffered two heart attacks during the past few weeks and her condition seems to be growing steadily weaker.

Tribune want ads get results.

Scouting Theme Of Meet

Various phases of the Scouting program furnished the material for the discussion at the regular monthly meeting of the local Mens' Club last Thursday evening, with Scout Executive Howard Braun of Roswell, bringing the principal address.

Frank Seal, Scoutmaster of the Farwell Troop, talked of the importance Scouting and asked for the cooperation of the local business men in putting over the Scout program in Texico-Farwell. He presented one of his Scouts, Carrie Joe Magness, who gave a five-minute talk on "The Relationship Between the Father and Son."

B. A. Rogers said the Scout program in Texico was making good progress, with a number of eligible boys desiring to take up Scouting when additional capable leadership could be provided. Raymond Mears said that the Texico Camp No. 34 W. O. W. had a small cash contribution and two large American flags that the Camp was presenting to the two local Troops.

In his talk Scout Executive Braun said that there were 534 Scout Areas in the U. S., and that at present there were more than 2800 Scouts in the Eastern New Mexico Area. Last Summer, he said over 600 Scouts were in the various camps of this Area, and he talked of the proposed enlargement of camping activities during the coming Summer.

Ernest Lokey, Jr., was introduced as the only Eagle Scout of the Farwell Troop, and the gathering was reminded that Scout Lokey is the only Scout in the entire Area who possesses the God and Country Merit Badge. Scout Lokey said that his only regret of the Scouting career was that he did not have an opportunity of being a Cub when a small lad.

Ben. Ogden, District Scout Chairman, of Clovis, stressed the importance of Merit Badge Councils to assist the Scouts in progressing with their work. Eight new Troops in the Plains District are to be organized soon, he said, adding that there were an estimated 10,000 boys in the New

Mexico Area who should be enrolled in Scouting.

"Naturally," stated Chairman C. M. Henderson of the Mens' Club "such a program is going to require money and when the financial program is organized, we'll be ready to do our part."

Guests of the Club from Clovis for the evening included, Bob Eubanks, Ben Ogden, Jim Collins, Manzie Sims, Fred Brooksher and Horace Hudson.

Harpold Auction Set For Feb. 10

John Harpold, who lives 7 miles west and 3½ south of Texico, has booked a general farm sale to be held on Monday, Feb. 10, starting at 10:30 New Mexico time.

Featured in the sale will be seven head of registered Milking Shorthorn cows, and four other good cows. A good list of farming equipment, including two tractors, will go to the highest bidder, as well as an unusually large collection of household goods. Chickens, horses and hogs will also be offered.

The Busy workers Club of Fairfield will serve lunch at noon, and will be free coffee. Col. Dick Doshier of this city, will act as auctioneer, and Doshier and Frances will serve as clerks.

A complete list of the offerings will be found in this issue of The Tribune.

CAFE CHANGES HANDS

Mr. and Mrs. T. W. Blewett, who have operated the Farwell Cafe the past several months, have sold the business to Mrs. Mary Jones, who took over last Saturday morning.

Mrs. Jones, who has been employed at the cafe the past few months, announces that the business will be operated under the name of Mary's Cafe. The Blewetts have gone to Friona, where it is understood they are to open another eating house in that city about Feb. 15th.

OUR PLEDGE

We pledge allegiance to the Flag of the United States, and to the Republic for which it stands; One Nation, indivisible, with Liberty and Justice for all.

Sunny Side

(By Sonny Graham)

(Continued From Last Week)

Crawling out of bed the next morning, we discovered, much to our dismay, that every stick and piece of wood of any kind or description, had been soaked to the core by the rain that night. That left us with no fire. No fire to cook with, no fire to warm by, no fire to dry out our soaked belongings. Anyway, we, being of strong hearts (and weak stomachs), made the best of a worst condition that we could. Another delightful breakfast was served that morning, consisting of all the cold canned corn you could eat, or beans (cold). Most of the fellows preferred beans. We had a little game among us. We attempted to guess what the next meal would be made up of, the cook dropping a hint that it MIGHT be on the bean side. If, (and it always was), it was on the bean side, we had our guess to whether it would be: pork and beans, Van Camps' beans, green beans, string beans, lima beans, ranch style beans, butter beans, navy beans,

or maybe a few soybeans and jelly-beans for all we know.

After some discussion, we decided to make grand attempt to catch some fish that day. As we had earlier found out, one of the best and most hard-to-get-to fishing grounds in the entire range of mountains we had camped in was a small, so-called bottomless lake located in a large ice and snow volcanic cavity atop one of the tallest peaks in the vicinity. This towering peak, in relation to where we were camped, was approximately 8 or 9 miles straight up and adjacent mountain. In its strictest sense, I don't think we realized what "straight up" meant. We found out though.

As well as I can remember, there were eleven of us that started on what we would call "a nice long hike". Imagine yourself crawling 10 miles on your hands and knees, and you will have an idea of what we left ourselves open to. Of the eleven that started, 5 made it to the summit. Two members of the party came within approximately 500 yards of the goal, but couldn't push themselves any farther, and willingly turned their aching limbs back to camp.

I believe I said that it was 8 miles to our destination. Well, I know within all possible reason, that it wasn't any less than 11 or 12 miles the way we went. Up to the time when we staggered into the ravine directly above the lake, we had been unbearably hot, due to the exhaustive climbing and load of our fishing equipment. However, after collapsing on the brink of the lake for a period of 15 or 20 minutes, we awoke to the fact that if we intended to stay any length of time at all, we had better get a fire built, but quick. Pooling all the dry paper of any description we had trekked up the mountain, we started a small fire. The continuance of this fire depended upon: (1) two boys devoting their entire time to blowing and fanning it, (2) Two boys scratching among the brush to find any partially dry sticks that might be used to rekind-

le the fire. That left one boy free for fishing; the sole purpose of our expedition. At that, there was hardly anyone fishing, because everybody was in a near state of rigor mortis, due to a ninety-mile-an-hour gale that seemed to cut through everything that we had on. Well, after about 45 minutes of this, the fire blowers were beginning to turn blue in the face; the wood gatherers refused to work in the sub-zero weather; and I had caught two fish. Surprise! It started raining.

When the rain put out our fire, we got sick and tired of the whole business. Sick and tired of fishing, sick and tired of the rain and cold, sick and tired of eating spam in the raw (not even so much as a slice of bread) and sick and tired, period.

So we started back down the mountain. When we arrived in camp we were so tired we didn't even undress for bed, we just crawled in and slept.

The entire crew had decided that it was time to go home, so we put what little we had left in the truck and started in that direction.

Our first stop was in Red River proper, where we enjoyed the first square meal in days. (Five of us walked out of a little cafe minus a \$12 dinner bill.) From there we went over a range of mountains to La Junta Canyon, where we had some relief from the weather. The rain caught up with us though and we pushed on towards home, until we sideswiped a car near Santa Rosa in the middle of the night and turned the truck over. That was the last straw. One hundred and forty miles from home without transportation, shelter, food or money. We laid our pride aside and called an S. O. S. from home. A school bus came after us and we continued home without further mishap. I, and 12 others of us still have a sweeter sight to see than Farwell when we rolled in that night at ten o'clock.

Need letterheads? Dial 2131.

Don't Discard Locker In Favor Home Unit

COLLEGE STATION,—Whether to buy a home freezer or rent space in a community food locker—that's a question that many frozen-food conscious farm families are trying to decide now.

A good answer to that riddle for an average family of four is a combination of both sides of the question says Miss Gwerdolyne Jones, food preservation specialist of the Texas A. and M. College Extension Service. Combination rented locker space with a small home freezer of about six cubic feet is a solution that appears to strike a good balance between cost and convenience.

Here's how she has it figured: a six-cubic-foot home cabinet with separate freezing compartments will provide enough space for freezing and storing those fruits and vegetables that are brought in each day, until they are ready to be taken to the locker. And when the growing season is over, the cabinet furnishes plenty of storage space for a number of packages of each type of frozen food, as well as space for left-over and cooked foods. Assuming that such a home freezer would last ten years, and figuring in the purchase price and operating costs, a six-cubic-foot box will cost the family about \$73 a year to own and operate.

Then, renting three food lockers at \$12.50 each, and using locker plant facilities for handling meat, the total cost per year of both the lockers and the home freezer amounts to about \$155. This plan cost a family only a little over 80 cents a week more than if they depended entirely upon the community food locker, says Miss Jones. And return they have a good supply of frozen foods at home, and higher quality fruits and vegetables due to faster handling from garden and orchard to the home freezer.

22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

Survivors Of Vets Must File Claims Before Feb. 10

Many survivors of World War II veterans will lose their rights to full retroactive payments as provided for in a recent amendment to the Social Security Act if claims are not filed before the 10th of this month.

J. R. Sanderson, Manager of the Amarillo Social Security Field Office, urges the survivors of deceased World War II veterans to contact his office immediately if they believe payments under the new legislature may be possible.

This legislation provided that if a veteran died within 3 years of his discharge, his survivors would be entitled to Old-Age and Survivors Insurance payments if they were not receiving, or not entitled to receive, Veterans Administration payments.

In cases where veterans died before the enactment of the new amendment, August 10, 1946, the measure provides for monthly benefits re-

troactive to the date of death if the survivors file their benefit claims before February 10, 1947. These payments cannot be retroactive for more than the usual 3 months if claims are filed after February 10th.

Butterfat Declines On Local Market

The price of butterfat showed a steady decline on the local market during the past few days and during the week ending last Saturday the price on the local market lost ten cents per pound, finally resting on 56 cents on Saturday.

Local dealers said that the price showed a decline every day last week with the exception of Saturday. The 56 cent price was posted on Friday and held good for the last two days of the week.

The drop in the price of butterfat has been the most radical decline experienced in local foodstuffs costs, with a drop of nearly 50 cents per pound since only a few weeks ago, when local buyers were offering \$1.00 per pound.

Andy Marquis, local produce dealer, predicted that local producers would cease to produce cream if the market does not strengthen soon. Producers, he said, contend that the price of butterfat is not in line with dairy feed prices, and feeding dairy cattle on the present high price feed is not justifiable when the labor involved is taken into consideration.

WILL JUDGE SHOW

HAPPIEST COUPLE IN IOWA . . . Mr. and Mrs. Frank Sellman, Newton, Iowa, who were selected as the "Happiest Married Couple in Iowa," in connection with the Iowa Centennial. They are shown while in Honolulu on their Clipper "honeymoon," where the friendly representatives of Iowa made friends with the hospitable races of Hawaii. The contest won by the Sellmans aroused interest in every section of Iowa, with thousands of couples entered by their neighbors and friends.

Drivers License Details Stated

Mr. McMurtry who is license examiner for this territory, wishes to announce that he will be at the county courthouse in Farwell each first third and fifth Wednesday of each month, between the hours of 8 a. m. and 4 p. m., to issue new license and make renewals.

There are three types of license in the State of Texas. Operators license, which are good for two years, and are issued at fifty cents; Commercial operators license good for one year from the time of issuance at \$1.00; Chauffeurs license are issued for \$3.00 and good for one year

from the date of issuance.

Persons who have never had a license in the State of Texas and wishes to get one will have to take the complete examination, and those who have operators license and wish to get a commercial operators license or a chauffeurs license will be required to take the complete examination, but any one having an operators license for the State of Texas, —even though it has expired—may secure a new one by filling out the proper form which may be secured at the Sheriff's office, in the court house.

Radio Activity Seen In Oil Development

LUBBOCK.—A radio active substance may be pumped down an oil well and its distribution measured, thus determining the exact size of the pool, according to Paul P. Elliott, lecturer in physics at Texas Technological College.

Because of the great sensitivity of methods of detecting radio active material, it is possible to find radium even after it has become greatly diluted by being spread through a large pool.

The same principle may also be applied to chemical, biological and medical research, in determining circulation of blood, utilization of food by plants and animals, and innumerable other purposes.

Elliott worked 27 months on the atomic bomb experiments at Oak Ridge, Tenn., serving with Carbide and Carbon Chemicals corporation as technical engineer and doing research on high vacuum technic.

Atomic power is too expensive to compete with coal or water for industrial power, he stated. However, radio active isotopes of various elements which are formed when these

elements are exposed to rays from atomic energy units, and these isotopes will prove invaluable in medical, biological, industrial and pure scientific research.

Radio active phosphorus, extremely useful in detecting malignant growths, is now going to cancer research projects all over the nation.

TECH SUMMER DATES

LUBBOCK.—Summer school at Texas Technological College will open June 6. The first six weeks term will continue until July 17, and the second six weeks term will be conducted from July 21 through August 29.

Forces of Attraction Unleash 100,000,000 volts... and OIL-PLATE Your Engine!

Forces of attraction between positive electricity in clouds and negative electricity in the ground unleash awesome displays of nature's power.

Through control of the force of **molecular attraction**, a special ingredient of Conoco Nth motor oil is actually bonded to working parts of your engine. In fact, so close is this bonding that cylinder walls and other working parts are **OIL-PLATED!**

And because **molecular attraction** holds Conoco OIL-PLATING up where it belongs . . . prevents it from all draining down to the crankcase, even overnight . . . you get these benefits:

1. added protection during the vital periods when you first start your engine
2. added protection from corrosive action when your engine is not in use
3. added protection from wear that leads to fouling sludge and carbon
4. added smooth, silent miles

That's why you'd be safer to OIL-PLATE your engine now . . . at Your Conoco Mileage Merchant's. Look for the red triangle. Continental Oil Company

Calls Time Out To Arrange Lipstick

Even the cows have to take time out occasionally to re-arrange their lip stick and powder their noses, is the belief of Orville Francis, who tells this story:

Last week he was transporting a maiden of the bovine family to an auction ring in Clovis. As his trailer approached west First Street the cow suddenly leaped out of the trailer and took refuge among the dusty inhabitants of that part of town.

Unable to persuade the unruly lady to accept passage in the trailer again, Francis called in a couple of cowpokes from the auction ring, who mounted their favorite roping horses and tossed a couple of loops at the fleeing animal. Determined to outwit the horsemen, the cow ran into the back door of a shanty, putting to flight the occupants of the house—a dusky mammy and three pickaninnies.

Then Bossie was finally lassoed, she was standing in the front room, directly in front of a large mirror, presumably arranging her powder and lip stick.

FIND VARIED USE

The Mini-Max batteries used today in personal camera-sized radios are identical with the batteries which powered the Navy's famed Sonobouy for detecting submarines during the war.

American Legion Post Meeting

The officers of the local Legion Post had an informal meeting Saturday evening for the purpose of strengthening the campaign for contributions to build an American Legion hut in Farwell. It was decided that groups of legionnaires should drive to our neighboring towns at nights to solicit contributions. All legionnaires who can make any of these trips are requested to contact Paul Wruster, post commander, and advise what night they can go on one of these trips.

Transportation for this purpose will be furnished by the Post. Trips are planned to Clovis, Friona, Muleshoe, Sudan and Littefield.

The Post needs the utmost cooperation from all veterans in the twin city area for this drive. All veterans are requested to meet at the court house Thursday night, February 6, at 7:30 P. M. to lend a hand in this program.

It is evident that the program must have a "shot in the arm" to build up enough force to make our plans turn out successful. The results to date have been far short of what was expected when the plans were made.

"Dean Cornwell in The Holy Land" Dean Cornwell, one of America's great Artists, brings you striking scenes of Palestinian Cities, Villages and Countryside in full-color reproductions. See these beautiful Holy Land sketches in the American Weekly, the magazine distributed with next Sunday's Los Angeles Examiner.

Quick Tester

LUBBOCK.—Research experiments on a quick method of testing cream, expected to reduce the time consumed in the process from 15 minutes to two or three, are being conducted at Texas Technological College by Prof. K. M. Renner, head of the department of dairy manufactures, and Prof. F. G. Harbaugh of the animal husbandry department.

The prospective new method should prove a boon to farmers who sometimes spend hours on busy days waiting for cream to be tested. It does away with the use of hot water in the test and is so simple that a high school boy could handle it, Renner said. The men expect to continue attempts to perfect the process into the summer.

OKLAHOMA LANE

A course in a School of Missions in Stewardship held its first meeting Sunday night in the Methodist Church. Mr. L. M. Grissom is leader of the Adult class. Melvin Sudderth is leader of the

Young People's Class. Everyone is invited to attend.

The W. S. C. S. will hold regular services Feb. 13th, all members are requested to attend.

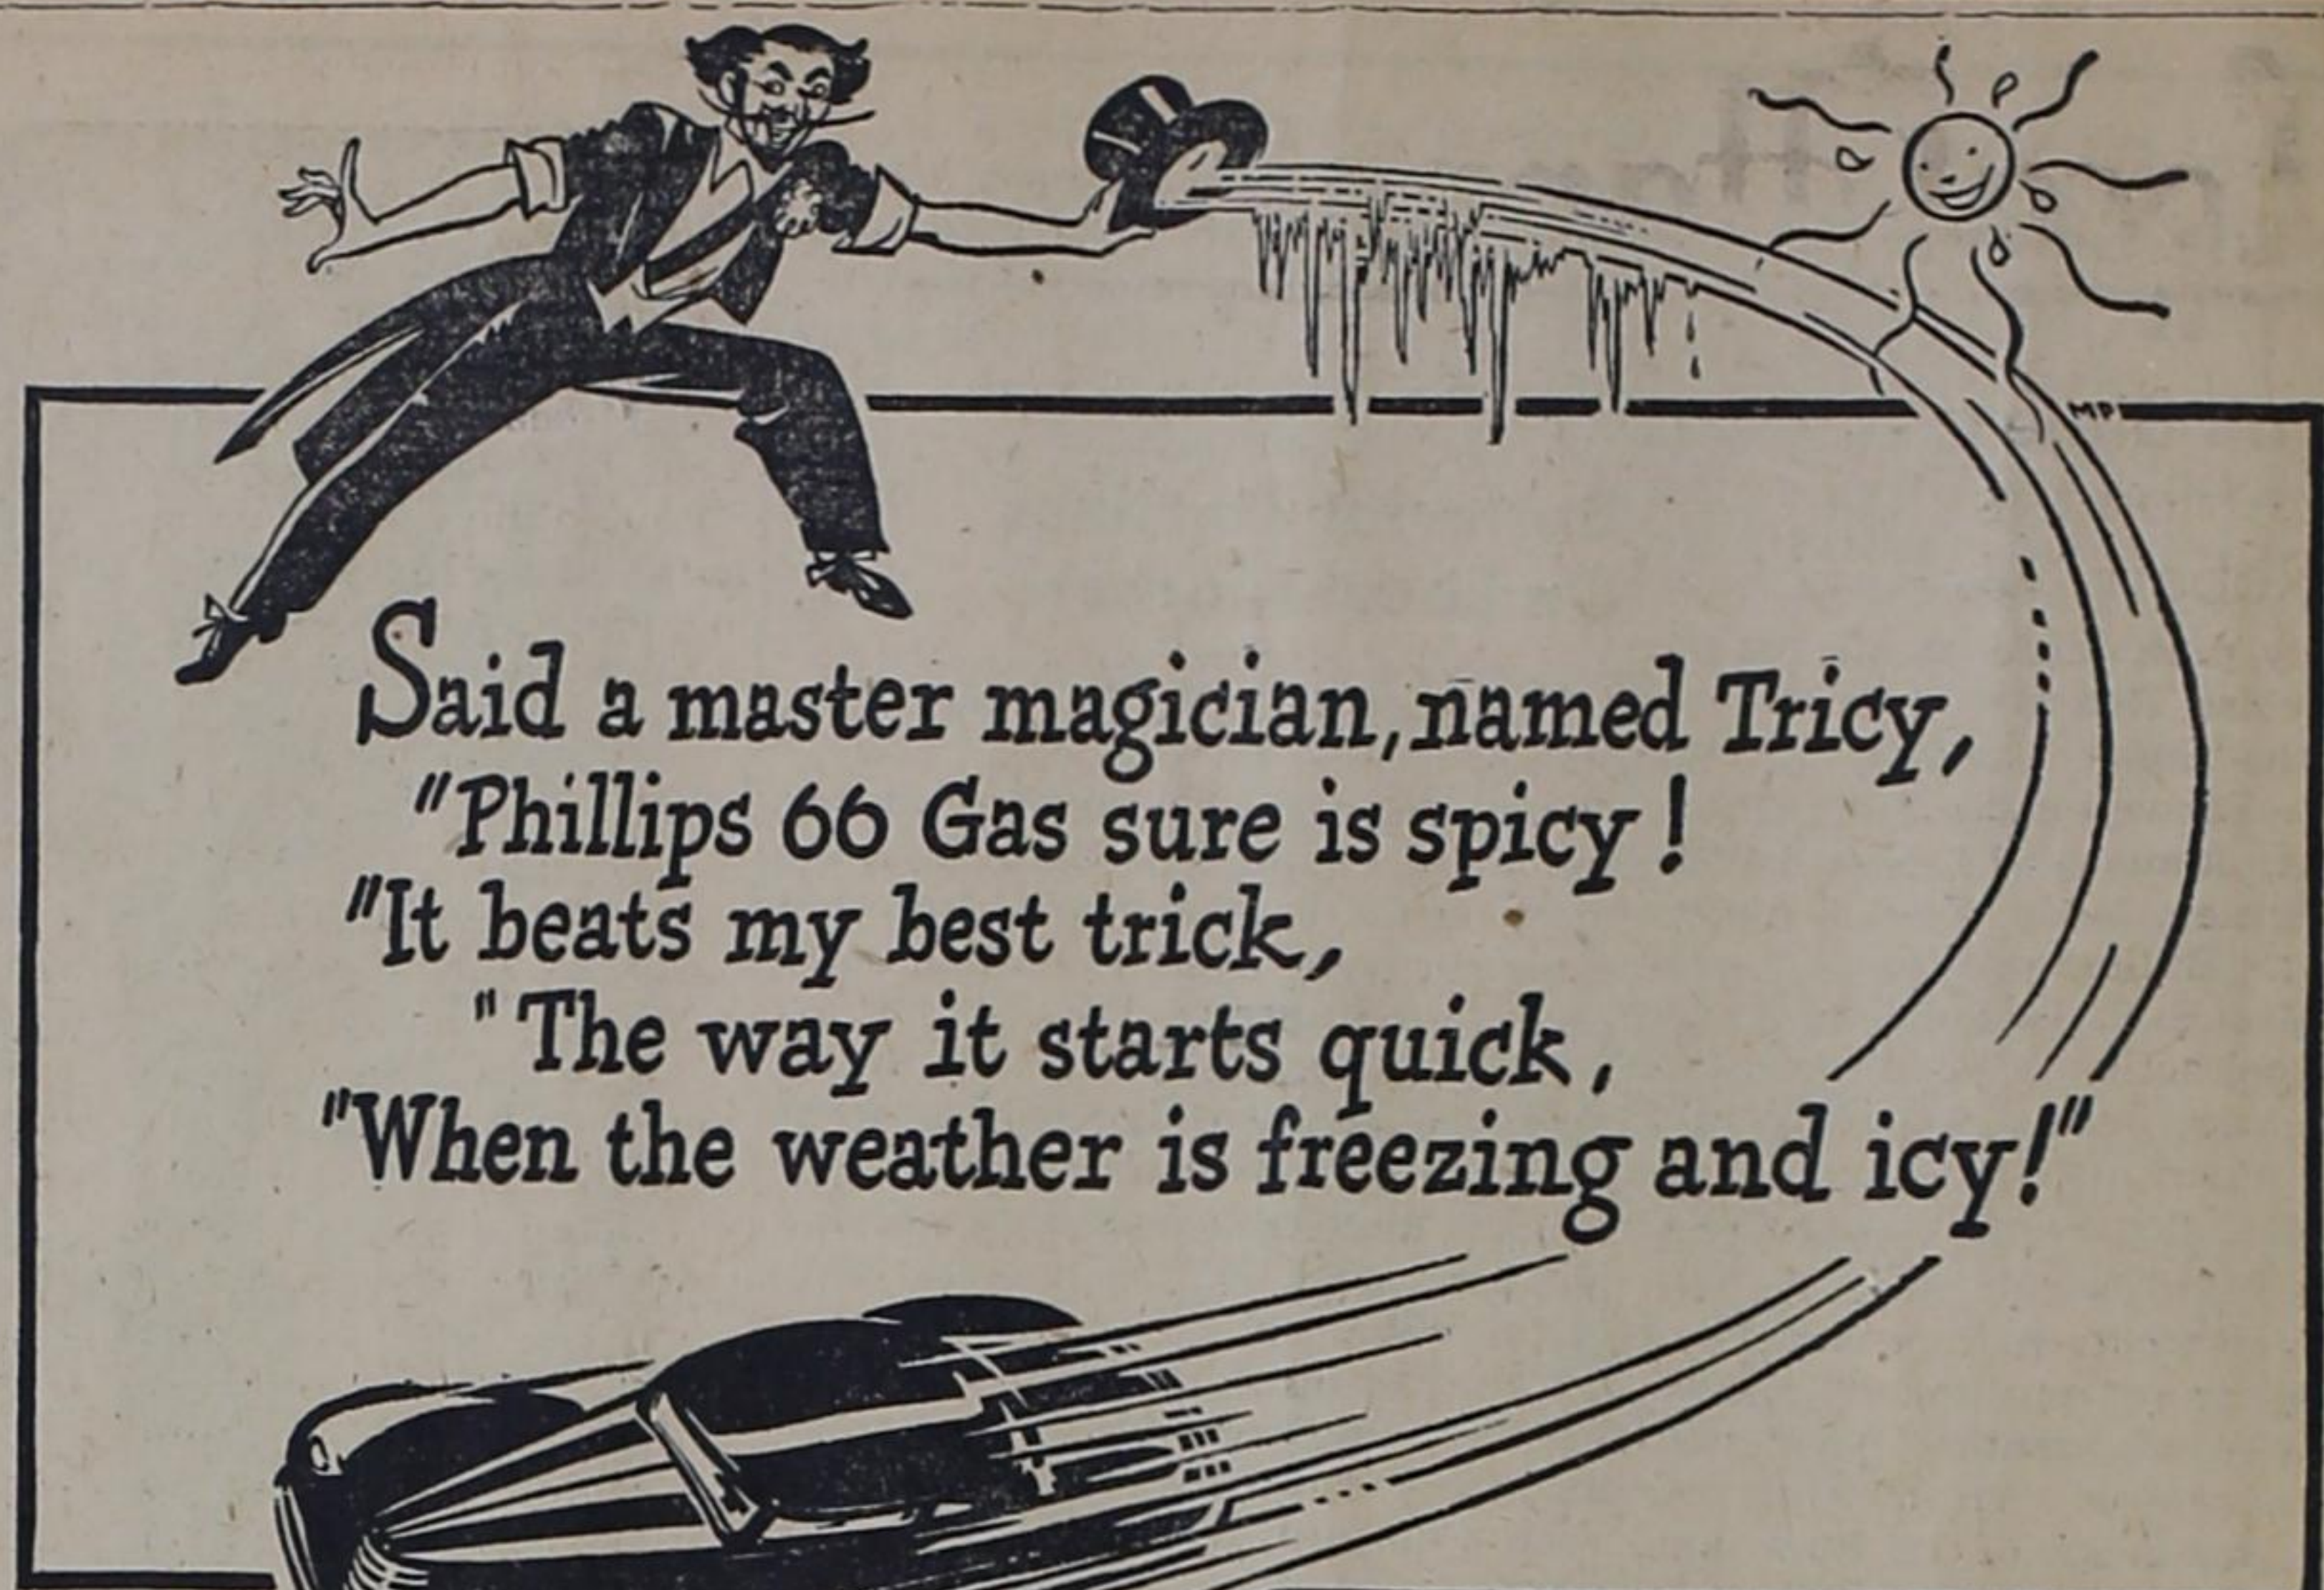

A special service will be held at the Oklahoma Lane Baptist Church Sunday afternoon at 2:30 when the church will ordain three new deacons. They are Dick G. Vies, Willie Hardage and Paul Young.

Sunday school and church services at both churches were well attended Sunday.

Singing every Sunday night, come! Bro. Newton Stormes, pastor of the Oklahoma Lane Methodist Church is in Dallas, Texas attending the Minister's Week at Perkins Sch-

ool of Theology, in the McFarlin house was decorated with all shades of sweetpeas and lovely refreshments Memorial Auditorium, Southern Methodist University. The program were served to:

Mr. and Mrs. Cecil Rundell and Micky of Farwell, Mr. and Mrs. Elman Stark and son of Bovina, Mr. and Mrs. Clinton Skaggs who are moving to Ft. Worth soon, Mr. and Mrs. Harold Carpenter and Donnie of Oklahoma Lane, Mrs. Pearl Donaldson of Oklahoma Lane, Mr. and Mrs. Wendal Christian of Oklahoma Lane, Mr. and Mrs. J. C. Boone and Karan of Hereford, Mr. and Mrs. Joe McWilliams of Farwell, Mr. and Mrs. Rex Whitstone of Amarillo, and the host and hostess and daughter, Charlotte.

Pink and Blue Shower Honors Mrs. Robert Morton

A lovely pink and blue shower honoring Mrs. Robert Morton, was held in the Home Economics Building at the Farwell school, on Thursday night, January 30, with Mrs. Harry Whitley, Mrs. Joe Magness, Mrs. S. G. Billington, Mrs. S. E. Morris, Mrs. S. C. Leach and Mrs. Lenton Pool acting as co-hostesses.

The serving tables were beautifully decorated with lace serving cloths and bouquets of sweetpeas centering each table.

Lovely refreshments consisting of cocoa and individual cakes, carrying out the color motif, were served to those attending.

Gifts were presented by the following:

Mesdames Jack Williams, Roy Cook, M. A. Snider, Johnny Williams, Dick Gerles, S. C. Leach, Willie Williams, Alvenia Sharpe, C. A. Cassidy, E. E. Hughes, H. S. Curtis, S. E. Magness, L. L. Norton, Boone Allison, Otis Huggins, Joe Crume, Lewis Davis, Harvey Carrell, R. B. Summers, Clyde Magness, John Porter, Otis Branscum, H. B. Whitley, S. G. Billington, Joe Magness, W. H. Graham, Claude Rose, H. A. Clift, Verney Towns, Frank Phillips, Albert Smith, Lenton Pool, Harry Rose, Calvin Sanders, Aubrey Sprawls, Mike Tarantola, Earl Booth, and Misses Ann Nabors, and Wilma Louise Snider.

At the close of the social the honoree was assisted by the hostesses in opening the many lovely gifts.

Local Girl Joins Melpomenean Group

Miss Tommie Randol, daughter of Mr. and Mrs. Sam Randol of Texico, was one of a group of apprentice members recently initiated as full-plledged members of the Melpomenean club at Abilene Christian College, Abilene, Texas.

The Melpomenean group presents plays and dramatizations before the student body.

To Ministers Meet

Rev. Harvey Carrell of this city, Rev. Newton Starnes of Oklahoma Lane, and B. N. Graham of this city left Monday for Dallas, where they will spend most of the week attending a meeting of Texas ministers to be held at Southern Methodist University, Dr. Sockman and Bishop Kernes will appear on the program during the gathering. The local men are expected to return home Friday.

Mrs. Morgan Billington and infant son was released from a Clovis hospital Saturday to be returned to their home in Texico.

Public Installations Of Rainbow Assembly

Sunday afternoon at 2:30 o'clock the Bovina Rainbow Assembly No. 158 held their first Public Installation service at the Bovina High School.

Miss Rosa Lee Denney, past worthy advisor served as installing officer. Miss Martha Williams grand representative from Oklahoma to Texas order of Rainbow for Girls acted as Marshall. Mrs. Edith Cherry served as organist. Miss Joyce Doshier as installing chaplain and Miss Billie Christian acted as installing recorder.

The following officers were installed for the ensuing term:

Worthy Advisor, Gloria Kepley. Worthy Association Advisor, Joyce Edwards. Charity, Lunell McFarland. Hope, Jeatone Morris. Raith, Maxine Ford. Recorder, June Christian.

Mrs. Cherry made the presentation of the color bears to Misses Mary Cherry, Rosamond Booth, Jo Ann Williams and Gloria Kepley.

A number of girls from Rainbow Assembly No. 3, with their mother Advisor were among the visitors from Clovis, N. M., for the installation. A large number of parents of the Rainbow girls as well as friends were in attendance.

MYF Organizes

The MYF young people of the Texico-Farwell Methodist Church held a complete re-organization last Sunday night in the parlor of the church. Officers elected were: President, Donald Ford; Secretary-Treasurer, Sonny Graham. Acting sponsor at this time is Rev. Harvey E. Carrell, but discussion was held by a group concerning election of a new sponsor. Plans were formulated for the purpose of raising money; mainly a Mexican supper, its tentative date set somewhere around the 17th of his month. Recreation committees were appointed and a program of parties and socials was outlined by them.

The young people's next meeting will be held Sunday evening at 6:15, their regular meeting time.

Mrs. B. N. Graham is spending this week visiting with her daughter and son-in-law, Mr. and Mrs. Raymond Ross, of Morton, Texas.

Bovina Rainbow Assembly Constituted

On Wednesday evening, Jan. 29, Bovina Assembly of the Order of Rainbow for Girls was honored with a visit of the Supreme Deputy of Texas Rainbow for Girls, Mrs. Martha Marie Whitfield of Dallas, Tex. Five thirty a dinner was served at the City Cafe in Bovina with Mrs. Whitfield, Mrs. Ila Stinson of Olton, Texas, Worthy Advisor and Worthy Associate Advisor of Bovina Assembly as honored guests.

The assembly opened at six-thirty with regular officers in charge, after initiation ceremony, Mrs. Whitfield gave an instructive and interesting talk. This is the first visit Bovina Assembly has had from Mrs. Whitfield.

The highlight of the evening was the constituting ceremony conducted by our Supreme Deputy assisted by Mrs. Lura Rundell, Mrs. Bessie Denney, Mrs. Edith Cherry of Bovina O. E. S. Chapter and Mrs. Ila Stinson from Olton O. E. S. Chapter, at the close of the service Mrs. Whitfield presented the Bovina Assembly with their charter which the girls and Advisory Board have worked so faithfully for for the past eight months.

Even the weather conditions did not keep faithful visitors from Muleshoe, Olton and Amarillo Rainbow Assemblies from being present for this service. A large number of Eastern Stars and Masons were present also.

Bible Class Meets With Mrs. Thomas

The Wesley Bible Class met in the home of Mrs. Albert Thomas Tuesday, Feb. 4th with Mrs. Lena Yoder assistant hostess. 10 members present. Mesdames Jess Newton, Roy Ezell, F. J. Park, Roy Thornton, Alice Cleary, Ruby Dixon, G. W. Atchley, Ralph Humble, Mrs. Roy Thornton led the afternoon program, lovely refreshments were served by the hostess at the close of the meeting.

Moving To Idaho

Mr. and Mrs. C. O. Smith, who recently sold their grocery and market at Bovina, returned the latter part of last week from a preopening trip, and announced that they had acquired a small irrigated farm in Idaho, and planned to move there in the near future. They will be located a few miles from Buhl, Idaho.

Mr. and Mrs. Kirt Crume and son, of Portales, spent Saturday night and Sunday in the home of Mr. and Mrs. Hayden Cason.

Mr. and Mrs. Fritz Hall, of Clovis, were Sunday visitors in the home of his parents, Mr. and Mrs. W. W. Hall.

Mr. and Mrs. George Magness left the first of the week for Glenrose, Texas, in hopes that a change in climate would improve Mrs. Magness's health.

Mr. and Mrs. Sterlyn Billington and children spent Sunday in Tucumcari, N. M., visiting with Mr. Billington's sister and brother-in-law, Mr. and Mrs. Bill Montgomery.

Mack Nobles of Amarillo, spent Sunday visiting his mother, Mrs. B. E. Nobles, of this city.

Mrs. J. D. Thomas visited her parents, Mr. and Mrs. W. H. Kissler, in Muleshoe, Sunday.

Mr. and Mrs. Willie Hardage spent Sunday visiting with friends in Bovina.

Mr. and Mrs. Roy B. Ezell were called to Ralls last weekend by the illness of his brother.

Mrs. Ben Smart, Mrs. Ernest Stewart, Miss Alyce McNew of Bovina, Miss Wanda Sanderson of Portales, and Jim Bob Smart, motored to Albuquerque, Saturday to visit with friends over the weekend.

Mr. and Mrs. Willie Steinbock and Mr. and Mrs. Raymond Treider returned Tuesday from Hot Springs, N. M., after spending three weeks taking mineral baths and treatment; also enjoyed fishing and sightseeing in Juarez.

Mr. and Mrs. Leon Billingsley and Judy, Milburn Jones, Lee Sudderth and Doose Christian visited in the home of Earl Roberts, Sunday.

Mr. and Mrs. Earl Billingsley were visitors in the home of Mr. and Mrs. Billy Frank Billingsley, the past Sunday.

Mr. and Mrs. Ray Ford announced the arrival of a son, Steven Kent, born at a Clovis hospital on Monday, weighing pounds and 2 ounces.

Mr. and Mrs. Glen who moved here recently from Warm Springs, Texas, were in Ralls, Texas, over the weekend, visiting her mother who is very ill. They returned the first part of the week and reported that she was some improved.

LICENSE ISSUED

Records at the office of County Clerk Loyde A. Brewer reveals that a marriage license was issued to Dan Milton Dunn and Miss Carol Dean on Saturday, February 1st.

Dinner guests in the Frank Pesch home Sunday were: Mr. and Mrs. A. Hromas, Mr. and Mrs. Clinton Skaggs and daughter and Mrs. and Mrs. Arnold Hromas and daughter.

PTA TO SERVE LOCAL CHAMBER OF COMMERCE

Thursday night, February 13th the PTA will serve the members of the Chamber of Commerce at a banquet to be held at the Farwell school cafeteria, at 7:30 p. m. The price per plate will be \$1.25 or \$2.50 per couple.

The PTA meeting will be postponed until the next regular meeting night.

Proceeds of the banquet will go to the school, for buying playground equipment.

The first step to successful farm forestry is combining it with regular farm operations.

THE METHODIST CHURCH

The Church School 10 a. m. C. F. Bieler, Superintendent.

The Morning Worship 11 a. m. Sermon subject "Stewardship Of A Neighbor."

The Methodist Youth Fellowship At 6:30 p. m.

The Evening Worship 7:30 p. m.

The Mid-week Fellowship Service Wednesday at 7 p. m. Come early so the supper can begin promptly at 7 o'clock. Mr. W. H. Graham will lead the discussion this week on the subject "Stewardship Of Small Blessings." Come and bring a friend.

A Cordial Invitation is Extended to all.

Jim Owens, former local resident, who now resides at Borger, was in Farwell Tuesday, visiting old acquaintances.

Bro. Billy Wilkerson of Bovina, is in the Rio Grande Valley conducting a series of revival services.

Misses Reva Martin and Hazel Dishman, of Farwell, and Bill Watkins of Clovis, were dinner guests in the home of Reva's parents, Mr. and Mrs. V. L. Martin, Sunday night.

Mr. and Mrs. Roy Hawkins attended to business in Roswell, Wednesday.

Mrs. Bedford Caldwell has been visiting her mother in Lubbock, her mother has been ill.

Mr. and Mrs. George Enterline of Wichita, Kansas, were dinner guests in the A. G. White home Thursday.

Guests in the Bob Blalock home Sunday were Mr. and Mrs. H. Blalock, Mr. and Mrs. Dave Wines and children.

A shower was given at the American Legion Hall Friday afternoon, for the Hall kitchen. There were many nice gifts given. Refreshments were served to a large group of ladies.

ZONE MEETING OF WSCS HELD WEDNESDAY

A zone meeting was held at the Methodist Church Wednesday in an all-day affair. Lunch was served at noon in the American Legion Hall, to about 50.

Zones represented at this all day affair were Muleshoe, Friona, Bovina, Earth was unable to attend due to the weather. Mrs. Brumley of Hereford gave an interesting talk on future work of Womans' Society of Christian Service. Mrs. Brumley is district secretary. She also had charge of the business part of the program. Mrs. Ford, the district President also helped with the program.

Rev. George York and Mrs. J. T. Hammonds had charge of the devotional. Officers for the Bovina zone were elected.

WEDDING CEREMONY UNITES ROBARDS-JOHNSTON, FEB. 1ST.

Robert S. Johnston Jr. son of Mr. and Mrs. R. S. Johnston, of Lubbock, and Miss Kathryn Robards, daughter of Mr. and Mrs. Jim Robards, of Sudan were married at 2:00 o'clock Saturday afternoon in the First Baptist church in Clovis, N. M.

The Rev. Fred Maddox read the quiet single ring ceremony, which was attended by Jerry Niece and Junior Barbre.

The bride wore a rose suit with black accessories. Her corsage was of

The GRAHAM-HOEME PLOW

WE HAVE 'EM ON HAND

Manufactured by GRAHAM-HOEME PLOW CO., Inc. AMARILLO, TEXAS

- Self Sharpening Points
- No Side Draft
- Extra Light Draft
- Nothing to Grease
- Plows All Types of Land Without Adjustments

- Prevents Erosion by Wind and Water
- Cuts Plowing Cost in Half
- Doubles Sub-Soil Moisture

BUILT TO LAST A LIFETIME

KEEP VEGETATION ON TOP

Nature's own method is to keep vegetation on top. That cuts down evaporation, keeps the soil in place in spite of heavy winds. The Graham-Hoeme Plowing Method with the two-inch chisel, as shown in illustration, permits water to by-pass the top soil into the sub-soil. It's a moisture storage center.

PROVEN FACTS

On the average, enough rain falls on your farm every year to make fine crops. But, after the first few minutes of rain a smooth surface seals itself, causing run-off. It has been scientifically proven that the same field will NOT seal itself when plowed with the Graham-Hoeme All Purpose Plow with a 2-inch chisel furrow every 12 inches. This method by-passes the rainfall through the top soil and keeps a straw mulch on TOP. Upwards of three times the moisture enters the ground.

If the next day is fair and hot, the bare soil would soon be steaming and losing its moisture rapidly. BUT NOT IF THAT GROUND IS COVERED. The Graham-

Hoeme Plow leaves vegetation on top to shade and protect, and moisture stays in the soil longer to bridge between rains.

These are not just opinions, but proven facts. A covered corrugated field in a good, brisk rain, will absorb 200 per cent more moisture than a bare field and 60 per cent more than a field with vegetable matter plowed into the surface. To supply this covering for the soil without the expense of artificial cover, and to place the soil in a condition to by-pass the moisture through the top soil is the purpose and achievement of the Graham-Hoeme Plow.

Urges Control Over Sugar Thru 1947

SAN FRANCISCO—With estimated 1947 sugar supplies in this country at least 1,000,000 tons short of public requirements, it is imperative that government controls over sugar be extended through 1947, if we are to avoid a repetition of the severe shortages and skyrocketing prices which followed abrupt decontrol of sugar after World War I. This warning has been issued by Earl B. Wilson, President of California and Hawaiian Sugar Refining Corporation, Ltd., and former director of the Sugar Branch of the U. S. Department of Agriculture, who states that cer-

tain uninformed interests are campaigning for precipitate action in decontrolling sugar. It is Mr. Wilson's belief that lifting of controls may lead to a repetition of occurrences following World War I, when uncontrolled sugar prices rose to 40c a pound retail, while shortages became increasingly acute working severe hardships on individual consumers, food manufacturers and the sugar industry in general.

Supporting Mr. Wilson's stand in urging gradual rather than sudden decontrol of sugar, are such organizations as the California Retail Grocers and Merchants Association, representing grocers throughout California, The Cannery League of California, representing the majority of the State's food canners, and others either directly or indirectly concerned with the distribution and consumption of sugar.

Mr. Wilson states that his company and the sugar industry as a whole are anxious for a return of the sugar business to a free market status, but want it accomplished in such a manner as to assure reasonable stability of prices and equitable distribution during the decontrol period. To that end Mr. Wilson is urging that Congress immediately enact such legislation as is necessary to extend sugar controls through December 31, 1947, at the same time directing the Department of Agriculture to carry out the program of orderly, gradual decontrol which it has already undertaken in conjunction with the sugar industry. Widespread public approval and support of these recommendations is already indicated, C and H officials state.

pink and white sweetpeas. Miss Jerry Niece wore a rose dress with black accessories. Her corsage also of pink and white sweetpeas. She was dressed almost identical to match the bride.

Following the wedding the couple had their wedding pictures made and returned to Bovina, for a wedding dinner which was given by Mr. George McKinney and Mrs. Mary McDonald at the Bovina Hotel.

The dinner consisted of baked turkey with all the trimmings, after which the bride and groom cut the wedding cake.

Enjoying the dinner was the bride and groom, Miss Jerry Niece and Junior Barbre, Miss Ruth Bonds, and Billie Joe Eberting, and Mrs. Mary McDonald.

The couple left for a short honeymoon trip immediately after the dinner to Ruidosa, New Mexico.

EVANS-ROSS EXCHANGE WEDDING VOWS

On Sunday afternoon, January 26, Miss Mary Agness Ross became the bride of Winfield Evans. The ceremony was in the brides' home being read by Rev. George York, local Methodist pastor.

The improvised altar was arranged with stands of yellow and white snapdragons and greenery. The candle lighters were Patricia Miller, of Clovis; cousin of the bride and a niece of the groom. Lohengrins' wedding march was played by Mrs. W. O. Cherry. The bride entered on the arm of her father, who gave her away. Mary Agness dressed in a two piece gray suit, with matching accessories. She wore an orchid corsage. Miss Elizabeth was maid of honor and wore a pink dress with a matching hat. Charles Ross brother of the

bride was best man. Only relatives and close friends were present for the ceremony.

Following the ceremony Mr. Melton and daughter of the Melton Studio in Clovis, made pictures of the wedding party.

NEW STADIUM AT TECH

LUBBOCK.—The new football stadium for Texas Technological College, with a permanent seating capacity of 15,000 is expected to be completed by next fall, according to present plans. Construction bids will be accepted until 10 a. m. February 26.

Additional of temporary stands in the north and zone area will give a total capacity of 17,500 for 1947 Red Raider home games if construction is as rapid as anticipated.

Building plans adopted by the Tech Foundation Fund directors, by Dr. Clifford B. Jones, Tech president emeritus, provide for possible eventual enlargement of the stadium to accommodate 45,000. The new stadium grounds will provide parking facilities for more than 2300 automobiles in addition to the parking space already in use at the present stadium.

Dairy cows should have plenty of roughage from now until grass comes on again.

Steers Due To Go To Regional Soon

Last Friday night's win over the Oklahoma Lane Cowboys gave the Farwell Steers their needed win to make them District 11-B champions. One conference game remains to be played before the Steers will move into the regional bracket; Lazbuddy at Farwell next Friday night at 7:30. Farwell has had an exceptional good season thus far, losing no conference games, and losing only one non-conference game which the Muleshoe Yellowjackets took from the Steers in the Bovina Invitational Tournament. If Farwell had lost to their guests last Friday night, and following this by a defeat with the Lazbuddy boys, they would have been tied with Bovina, who has met defeat two times at the hands of the locals, their only conference losses. However, if Farwell loses to Lazbuddy now, she will still be one jump ahead of the Mustangs since they have lost the above mentioned games.

Texico Splits Double Header With Floyd

The Texico Wolverines divided a double header with the Floyd Bronchoes, on the local court, Friday night when basketball fans of Texico had a full evening of entertainment with three games being played on the local court. Starting the evening the Junior high boys of Center lost to the local Junior high boys by a sum of 22 points, with Center making 5 counters to Texico's 27. The second game of the evening brought the Floyd 'B' string boys on the court to entangle with the local 'B' string boys, getting underway at 8:00 o'clock. It proved to be a close game all the way through with Floyd taking the lead in the beginning only to fall behind near the finish. At the end of the first quarter the score was 7-2, in Floyd's favor, but Texico gained on their opponent in the second fray of the game to score 7, while Floyd marked 10. Again the

Wolverines inched up one more point on the Bronchoes, with the score reading 13-15, at the end of the third quarter.

Beginning the last mile of play, both teams began to score in succession to each other and at the final roll call the Texico lads had stalked up 22 points to Floyd's 20.

Bridges, of Texico was high point man for his team with a total of 10, while Olson and Campbell of Floyd tied for scoring honors with 7 each. Floyd's first string boys proved a little to much for the Wolverines by taking the honor, with the score reading 48-33 as the final whistle was blown.

The Bronchoes got off to a fast start by running up 11 points before the Wolverines scored. The end of the first quarter came with Floyd leading by 8 points, with a credit of 13, while Texico settled for a measly 5.

The Bronchoes continued to gain on the Wolverines to rack up 30 to the locals 15, at the half way mark. The third mile post again saw Floyd in the lead with 42-23, and when the final gun sounded the score read 48-33, favoring the Bronchoes. Doolittle and Pierce fouled out to leave the game in the hands of their fellow players.

Baldock sacked up 14 points for the locals, for high honors followed by Fought, with 11. LaBarr was high points man of the game having marked up 21 for his team, followed close behind with Brown rounding up 19 also for Floyd. Mederith and Beal both of Clovis, officiated the games.

TEXICO WINS ONE; OAKIES TAKE TWO

Last Saturday night Oklahoma Lane played Texico in a triple header to take two games and lose one.

Both the Texico grade school boys and girls lost their battle to their opponents by a large margin, with the boys score reading 24-10, and the girls 20-6. While the local high school girls had a struggle with the Oklahoma Lane lasses, finally edging out by 3 points, with the marks standing at 23-20. The girls were matched very evenly matched and it was a close game all the way through until near finish, when Texico nosed ahead.

Supt. Rogers announced that both the first and second string boys will play the Roger boys next Friday night on the Texico court.

Farwell Splits Two With Oklahoma Lane

The Farwell Steers took another conference game on their home court here last Friday night, by defeating the Oklahoma Lane Cowboys, 33-14.

The first game of the evening matched the local girls quintet against the fast moving Cowgirls of Oklahoma Lane. Showing decided improvement in their basket attack, the locals gave their opponents a scare by holding a nip-and-tuck score until the final minutes of the game when the Cowgirls nudged them out, 33-29. Oklahoma Lane took a small lead in the first quarter, that round ending 8-10 their favor and polished off the second stanza in about the same pace, holding out a 3 point lead over the Farwell girls, 17-20. However, Farwell got her front line screen to going in the third go-round and pulled out ahead of the visitors, 26-27. Repeated attempts by Farwell to score directly under the goal failed to materialize, and the Cowgirls, seizing every available opportunity, gradually pulled ahead in the final minutes of play to end the game, 33-29. Foster of Oklahoma Lane was high with 17, and Meeks led the locals with 14.

Immediately after the close of the girl's contest, the Steers took the court and got down to work on their important conference game by taking the first quarter 5-6. Widening the gap between victory and defeat, the Steers pulled still farther from intermission, the second to make the score 15-5. Returning from intermission, the Oakies did a little scoring on their own part by pushing against Farwell's man-to-man defense and setting the count 10-25, Farwell. Substitutions took the court in the third and final quarters, and held the visiting team down for the count until the final game was over, boosting the score to 38-14 while doing so.

Hart led the scoring of the game by bagging 10 counts for the Steers, and Christian and Gober led the opposition with 4 each.

Texico Independents Take Three In Week

The Texico independent basketballers are still going strong by winning a total of three games in one week.

The Independents downed the Grady team last Monday night, on the Grady court, with the final score reading 37-22. Houston was high point man for Texico with 12, followed by Gray with 10 points.

Tuesday night the Independents won over the Starkley Packing Company's quintette, at the Clovis Junior high, with a 52-26 count. Bowers of Texico tossed in 27 points while Johnston and Houston racked up 10 each.

Again on Wednesday night we find the victorious locals playing the Phillips 66 boys of Bovina, in the closest game of the week, winning by a margin of only 9 points. The final score reading 33-24. In the first quarter of play the teams were tied with a count of 8-8, but in the second quarter the locals took the lead to stay.

At the halfway mark the locals were only 3 points ahead with 14 and their opponents score standing at 11. The Phillips 66 boys gained one point on the Independents in the third round making the score read 19-17. In the last quarter of the game Texico ran up their count to 33, while the 66 boys settled with 24.

Gray held scoring honors for the locals with 12 while Johnson was close behind with 10. Hornas took in 13 for the 66's followed by Charles with 6.

Only One Home Game For Steers This Week

Farwell's conference-undefeated Steers announced the first of this week that only one home game has been scheduled so far for the coming week. That game places the Lazbuddy Cowboys and Cowgirls against the locals on Friday night at 7:30 in the Farwell gym. Pre-game dope places the strong Steers to win over the visitors, while, although the Lazbuddy girls have proved themselves to be stiff competition for any and all comers, the Farwell girls have shown much recent improvement and may turn out to be a tight contender for the game.

Other games on this week's roster center around the Muleshoe Invitational Tournament. The Steers have been invited and accepting the invitation, will go to Yellowjacket's home town this week end. No information was available as to Farwell's first opponent in the tourney.

FARWELL TO PLAY IN INVITATION TOURNAMENT

The Farwell Steers will participate in an invitational tournament, to be held at Muleshoe, Thursday, February 6th and Saturday February 8th. Coach Williams announced today that he did not know what day his boys would play or who their opponent would be.

FOX DRUG STORE

Steers Win Over Friona Tuesday Night

Playing on Friona's home court last Tuesday night, the Farwell Steers won another non-conference game from the Friona Chiefs to the tune of 39-24. The local girls did fairly well with the powerful Squaws, losing by a margin of 8 points; 29-21.

Little scoring was done by either of the girl's teams in the opening minutes of play, the quarer ending 3-8 favor of the Squaws. Half-mark put the Farwell team a good deal behind their aggressive opponents, and the score was 16-3. Farwell came back after the intermission of the half to boost their score considerably bringing up the tally to a close 16-22, Friona.

The game finished with the visitors on the small end of the score, it being 29-21.

Meeks of Farwell led the game scoring with 12 points, and Robason of Friona, held a close second of 11.

Taking the court immediately after the girls' game, the Steers quickly went to work by ousting the Chiefs out of the first quarter 9-4. Holding their pressure on an even level, the home town team kept after their opposition by holding them to 19-6, Farwell.

Third go-around of the fray was definitely all Friona's, big south-pawed Weis shoving the ball through the hoop from all angles of the court for 10 points in the third quarter alone. However, Farwell managed to keep ahead of the suddenly no-miss Friona quintet and ended

the quarter 29-21. Regaining their balance from the near up-set in the third quarter, the Steers polished off the game with colors flying, 39-24.

Weis was game-high with 12; Williams of Farwell close behind with 11.

Bovina In Double Win Over Texico Teams

Bovina clipped the Texico basketballers in two games, Tuesday night on the Bovina court. The Jr. Boys of Texico started the battle, to lose to the Bovinaites by 10 points, with the final score reading 19-9.

The next try was the Texico Sr. girls against the Sr. girls of Bovina, also to lose, by 8 markers, after a hard struggle, in which, until the last quarter, might have been anybody's game. The girls almost forgot the rules of the game, for the battle got plenty rough, with both teams trying to get in the lead, as the game drew near the end, but fate played its hand in favor of Bovina to put them in the lead with the score reading 30-22, at the end.

ENGRAM ELECTED

In a quiet election held Tuesday Edward Engram was elected as a member of the Texico school board, succeeding W. L. Freeman, whose term has expired. Engram was the only candidate appearing on the ticket and he received 42 votes. Freeman and Russell Johnson received one vote each by the write-in method.
