Pictured herewith is the new First Baptist Church building recently completed at Bovina at a cost of over \$20,000. Dedicatory services were conducted last Sunday morning by Rev. Bruce Giles, pastor.

Funeral Services Held For Mrs. E. Lambert

Funeral services for Mrs. Elizabeth Lambert, 81, were held at the Methodist Church at 3 o'clock Sunday afternoon, conducted by the pastor, Rev. Harvey E. Carrell, with B. N. Graham assisting.

Mrs. Lambert, mother of Mrs. Aubrey Sprawls of this city, died suddenly last Thursday morning in Houston. The aged lady had recently recovered from a fall in which she sustained a broken hip, and apparently was in good health just before a stroke which took her life in a few minutes.

Mrs. Larry Nolan of Denver, Colo., Mrs. J. C. Nicholson of Houston, and Mrs. Sprawls are the only survivors of the immediate family. Others include four grandchildren. The three daughters were here for the funeral. Interment was made in the Bovina cemetery, where her husband was laid to rest some 14 years ago.

Pallbearers were Roy B. Ezell, W. W. Vinyard, Lee Osborne, Andrew Moorman, John Aldridge and Home, Martin.

Mrs. Lambert was born January 1, 1886, in Baden, Germany, and came to the United States when she was 18 years of age. In April, 1894, she was married to G. W. Lambert in Chicago, Ill., the couple residing in Galesburg, Ill., for 12 years. In 1906 they came to Texas, settling in Farmer County as one of the pioneer families. Since her husband's death in 1933, Mrs. Lambert had spent most of the time in Houston with her youngest daughter, Mrs. Nicholson.

MENS' CLUB TO MEET

Chairman C. M. Henderson today called attention to the first Fall meeting of the local Mens' Club, on Thursday evening of this week in the basement of the Methodist Church, and requested that all men of the community be present, bringing with them sandwiches and pie for the feed.

Activities of the Club have been standing "at ease" during the Summer months, and Chairman Henderson is anxious that a good representation of the men of the community be present to outline a program for the coming months.

CLUB PIGS PURCHASED

County Agent Ollie Liner announced this week that several club pigs had been purchased recently, to be fed out during the winter and entered in various shows next year. Buyers were Darrell and Gerald Norton, each taking two poled Herefords, and C. W. Grissom, who bought one calf. All animals were purchased from the Roy Williams herd. Agent Liner added that several 4-H and FFA boys have indicated plans to buy calves during the next few weeks.

DISCHARGES FILED

Recent discharges, filed at the office of County Clerk Loyde Brewed include that of Pvt. Robert D. Blackburn, who was discharged May 3, 1946 at Keesler Field, Miss., after service since November, 1945; and T-5 Chas. E. Christian, who was released on Sept. 21 in California, following service since April, 1946. Christian spent one year in the Army of Occupation in Japan, and five months in the States.

Mrs. J. T. Hulsey was in Bovina Sunday, visiting with Mr. and Mrs. Bill Bradshaw, and attending dedicatory services at the Baptist church.

Last Rites Conducted For Z. W. Petree

Last rites for Z. W. (Daddy Pete) Petree were conducted at the Methodist Church here Tuesday afternoon, and burial took place in the Oklahoma Lane cemetery, under the direction of the Steed Funeral Home.

"Daddy Pete", as he was affectionately known, would have been 77 years old on Saturday of this week. He passed away at a Clovis hospital late Sunday afternoon, where he had been removed during the final days of his illness. He suffered a stroke early on the morning of October 5, and never did regain all his faculties. Although rallying at times, he continued to grow weaker from the time he was first stricken.

Rev. Harvey Carrell, pastor, conducted the final services for the beloved old gentleman whom everyone held in high regard.

He is survived by his wife; two sons, Hazel Petree, Farwell; Vane Petree, Santa Fe, N. M.; and one daughter, Mrs. Henry Royal of Delano, Calif., all of whom were here at the time of his passing. Eight grandchildren and two great-grandchildren are also listed among the survivors, as well as one sister, Mrs. J. O. Reed of Sentinel, Okla. Mrs. Petree's brother, Gus Green of Houston, was here for the funeral.

Mr. and Mrs. Petree came to Farwell from Deatur, Texas, in 1925 and have made their home here since that time. Until recent years he followed the carpenter trade, and at one time was a breeder of thoroughbred Collie dogs.

New Pastor Expected To Arrive This Week

Officials of the Texico-Farwell Baptist Church announced today that the newly called pastor, Rev. E. M. Treadwell, was expected to arrive here this week.

Rev. Treadwell was called to the local work early in the month, and notified officials of his acceptance a week later. He comes here from Rogers, Texas.

Officials said today that the new pastor would occupy the pulpit at both services Sunday.

CONSTRUCTION STARTED

Construction work on the new home of Mr. and Mrs. Woodrow Lovelace, in south Farwell, was begun on Monday of this week, with Arnold Hromas in charge. The home is to be a modern 5-room structure, and it is expected to be completed in a few weeks.

START WORK ON PLAY

Under the direction of Mrs. Jimmie Allman, members of the junior class of the Texico school started initial rehearsals this week on their annual play, with presentation date set for Friday night, November 14. The play, "The Adorable Imp", is a comedy, and promises to be one of the entertaining events of the season.

Here We Go Again Report Seeing Discs

Mrs. Chas. Lunsford and her daughter, Mrs. Joe Crume, are the first local residents to report seeing one of those mysterious flying discs that have caused so much speculation during recent weeks.

The local women report having seen the object on Monday afternoon as they were returning from Clovis. "We at first thought it was an airplane in the distance," Mrs. Crume said, adding that they stopped their car and got out to observe the peculiar "thing" as it drifted off to the south.

She described the object as resembling two toy balloons, tied close together, and of a silver coloring.

Address Given For Sending Packages

Due to the fact that several requests have been received, both from local people and those at a distance, The Tribune is re-printing the address to which Christmas packages for children in and around Berlin, Germany, may be sent.

The address: Commanding Officer, 279th Station Hospital, APO 742-A, Care PM, New York, New York.

Capt. L. W. Graham, brother of W. H. Graham, recently sent a letter here asking donations of packages to the youngsters in the area where he is serving with the American Army of Occupation, and the response has been generous.

In his letter, Capt. Graham asked particularly for food and clothing, stressing the need of warm wearing apparel, and the general need of children for American toys, games, books, and luxury treats, such as candy. Soap is also requested.

Packages must be mailed by November 1, if they are to reach their destination by Christmas time.

Texico Teachers Go To State Meeting

Texico faculty members will leave this (Wednesday) afternoon and tomorrow morning for Albuquerque, it was revealed on Tuesday, to spend the remainder of the week attending the annual meeting of the New Mexico Educational Association.

Supt. B. A. Rogers reported that school would be dismissed at Texico at four o'clock this afternoon, with classes resuming on Monday morning, October 27, at the regular time.

Planning to attend the meeting are Supt. and Mrs. Rogers, C. E. Sanders, Warren G. Harding, F. D. Stout, Mrs. J. E. Neal, Mrs. Jimmie Allman, Mrs. Frank Seale and Mrs. LeRoy Faville.

PAULS TO MISSOURI

Mr. and Mrs. Rupert Paul and their daughter, Mrs. Dorothy Holloman and baby daughter, departed on Monday for their former home at Carthage, Missouri.

The Paul family has been residents of the Texico community for more than 40 years, with Paul having served on the Texico school board for 12 years. He has purchased a half-section stock farm four miles from Carthage. Paul is retaining his land interests west of Texico, and his son, Jerry, will remain to farm his holdings.

TRAVIS BROWN HOME

Travis Brown, who has been under treatment in Savana, Mo., the past several weeks, returned to his home here on Friday of last week. He appears to be greatly improved, and friends here hope his improvement will be permanent.

Farm-to-Market Roads To Start At Muleshoe

Parmer County's three farm-to-market road jobs are expected to be under construction within the next few weeks, in the opinion of District Highway Engineer W. H. Garrett, who was in Farwell on Monday.

Garrett said that the contractor was moving his equipment to Muleshoe, and expressed the opinion that the job would start at that end of the line.

The contract calls for a five-mile stretch running north from Muleshoe; a second strip from Friona south to Frio Draw, and a third from Farwell to the Oklahoma Lane school house.

Garrett expressed his belief that it would be next spring before all work could be finally completed with the top seal coat, explaining that the contract calls for the grade and drainage structures, caliche base and final topping.

District Court Is Resumed Today

The Parmer County District Court which has been in recess since Monday afternoon of last week, resumed operations here this (Wednesday) morning.

Judge C. D. Russell, in announcing the recess early last week, stated that civil matters would be taken up when court resumed. Chief among these will be a number of delinquent tax suits that have been filed and in which judgment will likely be taken during the week.

Afternoon Show At Theatre, Tuesday

Ecottv Levins, of the Border Theatre in Farwell, announced this week that an afternoon show will be given each Tuesday, beginning this week.

Since the theatre was opened here a few months ago, matinees have been held on Saturdays and Sundays only. Levins stated today that he had been forced to stage an afternoon performance on Tuesdays, in order to accommodate the large crowds that attend the special feature that day. Last week, he said, more people were waiting outside for the second show than could be accommodated in the building.

The Tuesday matinees will start at 5 p. m., with the ticket office opening at 4:30 o'clock.

Grissom Is First In Production Contest

"Fawnetts", a four-year-old Jersey owned by C. W. Grissom of the Oklahoma Lane community, took top honors in the milk production contest at the Parmer County Dairy Show held a week ago in Friona. During the test, "Fawnetts" produced a total of 40.0 pounds milk that tested 5.1, with a total of 2.1 pounds butterfat. The cow was both grand champion and first producer in the four-year-old class.

Second in the four-year class was Miss Rosabel, owned by Wendol Christian, who milked out 33.4 pounds, testing 5.0 with a butterfat content of 1.9 pounds. Third honors went to "Owl Fancy Cleo", owned by Donald Christian, who produced 24 pounds of milk which tested 7.7 and rendered 1.9 pounds butterfat.

"Noble Queen Doris", owned by L. Rector, paced fourth, milking 26.6, testing 6.6 with 1.75 pounds butterfat. "Sadie", owned by L. D. Gore, was fifth with a production of 20.6 pounds milk, testing 5.8 and giving 1.5 pounds butterfat.

Only two cows were entered in the "under four years" class, with "Rox Dutchess", owned by Wendol Christian, in first place. She produced 42.7 pounds milk which tested 4.5 and gave 2.0 pounds butterfat. Second honors went to L. M. Grissom's "June", with 18.3 pounds milk that tested 7.1 with 1.2 pounds butterfat. The Tribune regrets that, due to an oversight, this phase of the dairy show report was omitted in last week's story.

ON PLEASURE TRIP

Mr. and Mrs. W. H. Graham returned home the first of the week from points in Colorado, where they spent four days combining business and pleasure. They visited Colorado Springs and Denver, returning via Leadville and Canon City. The high passes in Colorado are covered with two feet of snow, which fell early last week. The Grahams report a very delightful trip.

FIRST LT. CARTHON PHILLIPS, son of Mr. and Mrs. A. F. Phillips of Farwell, who has just received his commission in the Regular Army.

Phillips Commissioned Lt. In Regular Army

Carthon Phillips, son of Mr. and Mrs. A. F. Phillips of Farwell, writes from Lowry Field, at Denver, Colo., that he has received his commission as a first lieutenant in the regular army.

Lieut. Phillips has been in uniform for seven years, enlisting as a private in September, 1940. While on a waiting list for flying school he was sent to the Pacific and was there when war broke out, serving with the 19th Bomb Group in Java, Australia and New Guinea during the first year of the war. He returned to the States in December, 1942, and in February 1943, was appointed Warrant Officer. After serving as adjutant for nine months he entered flying as a student officer and graduated in September 1944, being assigned to the 2nd Air Force as first pilot on a B-17. With the end of the war in Europe, the crew was dissolved and Phillips was sent to San Angelo as pilot instructor for bombardier cadets.

In November 1945, he went to ATC as a ferry pilot and in February 1946, was sent to flight test at Wright Field. From there he went to the communications and electronics school for officers at Scott Field, after which he was on terminal leave, re-enlisting as a permanent Master Sergeant in February of this year.

More electronics training at Langley Field, Va., followed, and Phillips was recalled to duty as an electronics officer and pilot for the Airways and Air Communications Service of the AAF, which during the war and now maintains a communications network throughout the world where American aircraft fly. Currently, he is with AACCS at Lowry Field, having charge of the control tower and ground controlled approach unit. Lt. Phillips reports that he intends to follow electronics throughout the remainder of his career in the Army.

Petit Jury Called For County Court

Petit jurors have been called for the October term of Parmer County Court, which will convene on Thursday morning of this week at the local courthouse with Judge A. D. Smith presiding.

County Clerk Loyde A. Brewer stated today that a damage case was pending before the court. Included in the jury call are R. L. Baxter, Bob Hammonds, Fern Barnett, Clyde Goodwine, W. C. Barker, John Lynn, G. Cranfill, J. Handy, Felix Monroe, Henry Lewis, W. A. Foster, Albert Carroll, Boone Allison, J. E. Hardage and I. W. Quickel.

Bovina Wheat Growers Lift Final Mortgage

For the first time since the Bovina Wheat Growers, Inc., was organized in 1934, the corporation is out of debt, Manager Lee Thompson announced today.

Disclaiming any credit for himself, Thompson said that the firm was in the best financial condition it had ever enjoyed, with all debts paid, including a \$15,000 expansion program this year.

SPURLIN SUFFERS STROKE

W. H. Spurlin, 57, operator of the Phillips 66 Station in Farwell, is confined to bed at his home this week following a slight stroke he suffered last Wednesday afternoon. Family members said today that he was showing some improvement, but his blood pressure remains high, and he is still undergoing treatments.

Dedicatory Services Draw Good Crowds

Large crowds of members, former members and friends were present, last Sunday, when dedicatory services were held for the First Baptist Church, in Bovina.

An all-day program featured the occasion, with Rev. Bruce Giles, pastor, preaching the dedicatory sermon at the 11 o'clock hour. At the conclusion of this service, basket dinner was spread on the church campus, attended by an estimated crowd of 200 persons.

In the afternoon, Dr. Joe Mcain, who occupies the Baptist Bible Chair at the Texas Technological College in Lubbock, delivered an inspiring sermon. The concluding service was conducted by Rev. T. E. Swanner, district missionary of Plainview.

Rev. Giles said that all the services were very impressive and spiritual. "One of the highlights of the day was a paper prepared by Mrs. McDonald of Portales, a former member of the congregation, who prepared and delivered the history of the church. A copy of this history is being furnished The Tribune for publication next week.

Lunchroom Operating At Texico School

The hot lunch program at the Texico school is now completely underway, and the lunch room is being patronized by approximately 100 students daily, Supt. B. A. Rogers has reported. The program has been in operation for the past three weeks.

Rogers expressed the appreciation of the school board and the students for donations from the people of the community in the amount of \$318.65, to be used in operation of the lunch room.

The new cafeteria is fully equipped with the exception for a refrigerator, the school head said, adding, "We are hoping to purchase one soon."

Supt. Rogers added that the first state aid check was received at the school last week. Under this program, schools receive 9c per meal when milk is served, with the funds being used in the operation of the lunch room.

Mrs. Gladys Johnson is head cook at the cafeteria, while Mrs. Leona Bailey serves as assistant.

Johnnie Lewis Leases Grocery & Market

Johnnie Lewis has bought the stock and leased the grocery and market of the Home Grocery & Market from Les Means, with her and his wife taking over the business.

Means said that he would devote all his attention to the zero locker and slaughtering business, operating his part of the business in the rear of the same building.

Lewis stated this week that he expected to feature special prices on weekends, and his first advertisement will be found in this issue of The Tribune.

Woodrow Lovelace To Succeed Davis Here

Woodrow Lovelace will succeed Lewis Davis as consignee for The Texas Company, it was announced here today by Davis, who stated that he and his wife were planning to return to their former home in Lubbock.

Lovelace is expected to be checked in on Thursday of this week and will be in charge of the business after that time.

Davis has been the local consignee for The Texas Company the past eight months, succeeding S. E. Morris.

Legion Makes Plans To Open New Hall

Adj. Chamj Porter of the local American Legion, stated today that final plans were being mapped out for the opening of the newly completed American Legion Hall in Farwell.

Furniture is being placed in the building this week, and plans are on foot to provide the hall with heating facilities. "We hope to have our formal opening in the near future," is the only comment Porter could make when pressed for a specific date.

Young Van Crume of Portales visited the first of last week with his aunt, Mrs. Hayden Cason, and son, Gwayne, in Farwell, being returned to his home on Tuesday by his mother, Mrs. Kirt Crume.

Health Notes

By Texas Department of Health

AUSTIN—The State Department of Health has issued a warning in regard to scarlet fever, since the number of cases usually increase during the fall months. The majority of deaths from this disease occur during the months from October through February.

Scarlet fever is a very contagious and serious disease. Grown people may contract it, but children under 15 years are especially apt to have it, if exposed. It is especially dangerous for children under 5 years, and Dr. Geo. W. Cox, State Health Officer, warns mothers not to "let your children take any chances with scarlet fever. Call the doctor as soon as any suspicious symptoms appear."

Dr. Cox said that the first signs you may notice are that the child seems tired, restless and out of sorts. Usually, there is a sore throat, chills, vomiting, or, in some cases convulsions and fever. The skin is dry and hot, the tongue is furred and, under this furry covering, it is red and swollen. In ordinary cases, these early signs are followed in a day or two by a rash. Little flat red points, close together, appear first on the neck and chest and soon the rash very red in color, spreads over most of the body.

The doctor is required by law to report the case to the local health officer. It is important that the family follow carefully the quarantine instructions which the health officer issues, since a severe or fatal case may develop from contact with some one who has only a light attack. Children who have had scarlet fever, or who have been exposed, must not return to school until permission is given by the health officer and physician.

GRANT IS MADE

DENTON—A grant of \$1,000 has been made to North Texas State College by the Eli Lilly Company of Indianapolis, Ind., for the study of anticonvulsants to be used in treatment of epilepsy, according to Dr. J. E. Spurlock of the NTSC Chemistry Department, director of the project.

The project will consist of the synthesis in the college laboratories of derivatives of hydantoin which will be tested in the pharmacology laboratories of the Eli Lilly Company for possible anticonvulsant activity. This project represents an extension of work in progress at the college for the past several years.

CANYON—When the second unit of the Panhandle-Plains Historical Museum is completed, as it is hoped it may be at the conclusion of the conclusion of the current campaign for funds, it will house one of the largest collections of Indian relics in the Southwest. In the additional, much needed space, these exhibits will be adequately displayed for the first time, according to Boone McClure, Museum director.

The collections are many and varied. Perhaps the most outstanding among them are the contributions of Susan J. Allen, Dr. R. Goettsche, E. F. Dowden and Anna W. Dove.

As a memorial to her parents, Miss Allen of Pennsylvania, who spent many years collecting artifacts of American Indian culture as well as articles of historical interest from all quarters of the globe, gave this collection. Included are more than 250 Pomo Indian baskets, representing types of weaving; 50 pieces of Apache bead work; more than 30 Navajo blankets, many of them priceless and more than 100 articles of hand-tooled silver from the Navajo, Hopi and other tribes.

Of special interest is the blanket that was taken from Chief Geronimo of the Apache tribe at the time he was taken prisoner by the United States Army. One of the most unusual items is the squaw pipe with a braided porcupine quill covering on the stem.

Dr. Goettsche was for many years a frontier dentist, having contact and association with the Plains Indians from the Dakotas to the Red River. His collection numbers approximately 100 articles, including a "trail pipe", made from the leg-bone of a deer and occasionally used by the Indians in their rituals on the trail when a larger peace pipe was not available.

The Dowden collection consists largely of Comanche Indian relics. It includes the personal effects of Quanah Parker and his wives. A papoose cradle, belonging to one of the wives, is of unusual interest. A lock of papoose hair is still attached to the cradle, a token of friendship between Dowden and the Comanches.

Received most recently is the Anna W. Dove collection, valued at several thousand dollars. It was previously shown at the Dallas Museum of Fine Arts, and was removed by the owner to be added to the Indian exhibits of the Panhandle-Plains Museum.

Very valuable is the Navajo Germantown Indian blanket, estimated to be worth \$1,000. It measures 5x6 feet, and is of the bright colors found in most Indian designs. There are also papoose cradles from the Omaha, Sioux and Ute tribes. These are of various materials and styles.

Miss Allen, in recognition of her splendid contributions, has been named by the Board of Directors as one of the benefactors of the Museum.

COEDS LIKE SHORT SKIRTS

DENTON—Coeds at North Texas State College like their skirts just a little below the knee.

This was the opinion expressed by a majority of campus women interviewed on the all-important question of the fall "How do you like the new fashions?"

Freshmen, sophomores, juniors, seniors and staff members agreed that the moderately long skirts—just a few inches below the knee—give women added grace and poise. But they feel that the just-above-the-ankle dress will never be the vogue on the campus, where most coeds think that the extreme is never the best policy. NTSC's coeds also made it quite clear that they want their padding on the shoulders instead of attached in bustle-fashion to the hips. For they believe that the padded shoulder is definitely a part of the "American Look".

TO MAKE TOUR

DENTON—A North Texas State College operatic quartet, composed of four members of the School of Music faculty, will begin a five-day tour of New Mexico cities November 10, Dr. Walter Hodgson, dean of the School of Music, has announced.

Composed of Miss Beverly Elaine Hess, Miss Minerva Davis, Robert McDonald and Ralph Appelman, the group will sing the third act of "Faust" and quartets from the oper-

as "Rigoletto" and "Martha".

Miss Virginia Rush of the NTSC faculty will serve as accompanist and will be featured in solos in some of the performances. Also on the program will be solos and duets by members of the quartet. The itinerary for the tour is as follows: Hobbs, Nov. 10; Artesia, Nov. 11; Alamogordo, Nov. 12, as Vegas, Nov. 13, and Taos, Nov. 14.

BOOKS ORDERED

DENTON—NTSC's textbook library has placed orders for 3,000 books to east the current shortage, according to Mrs. Edna Turpan, head of the textbook library.

Although a book famine like last year's is not expected, textbooks in some departments are already expended, Mrs. Turpan said. The shortage has been greatest in business administration, foreign language, music, industrial arts, history, economics and journalism departments, and a slight shortage has been experienced in the mathematics, physics, chemistry, biology, English, and physical education departments, she added.

TECH INVITES VISITORS

LUBBOCK—About 75 delegates representing home economics clubs in 34 colleges and universities in Texas have been invited to attend the annual workshop of the American Home Economics association department of college clubs, province 10, at Texas Technological College Oct. 30 through Nov. 1. The program includes panel discussions, lectures and group discussions as well as a series of social activities during the year.

PEDESTRIANS ARE VICTIMS

Nearly one-third of 1946 automobile accident fatalities were pedestrians.

STOCKMEN ARE WARNED OF SLEEPING SICKNESS

COLLEGE STATION—A warning to stockmen about sleeping sickness among horses came from the Texas A. and M. College Extension Service this week.

Dr. E. A. Grist, Extension veterinarian, warning that now until the first frost, sleeping sickness is a threat to farmers and ranchmen. In Louisiana recently, the disease reached the epidemic stage, with official reports showing 3,713 cases in which horses were stricken.

While only 52 cases of the disease have been reported in Texas this year, Dr. Grist said, vaccination is still in order up until cold weather sets in.

A count on cases of sleeping sickness and other livestock diseases reported in Texas is kept by Dr. Grist, making possible timely warnings and recommendations for disease control. County agents and veterinarians report outbreaks to him monthly.

QUESTIONS AND ANSWERS FOR DISCHARGED GI'S

Q. What books and equipment does Veterans Administration supply for while a veteran is taking education or training under the GI Bill?

A. VA pays for all books and equipment that the school requires of all students in the same course.

Q. May I change the course I am taking for another that I like better and in which I feel there is a better future for me?

A. Yes. You may change your course providing you have VA's permission to do so. If the facts in your case indicate that a change will be to your best interest, VA will grant authorization for the change.

Q. Is out-patient treatment available to a veteran with a non-service-connected disability?

A. No.

Q. I was a member of the WAAC but did not continue in the service when it became the WAC. Am I entitled to hospitalization in a VA hospital?

A. Yes, if you meet eligibility requirements.

Q. I work in the day and would like to know if I may enroll in night school or take a part-time course under the GI Bill?

A. Yes.

RESEARCH PROGRAM

LUBBOCK—Cotton fiber and spinning research being conducted cooperatively at Texas Technological college by the Chicopee Manufacturing company and the college will be inspected Oct. 18-22 by Dr. Carlyle Harmon, Chicopee Falls, Mo., who is director of research for the company.

George Pfeiffenberger, laboratory director at Texas Tech, and Dr. Harmon toured the cotton production area around Memphis, Tenn., this week. While on the campus, Dr. Harmon will confer with college official and the research staff on problems to date and work out a program for this cotton season, Pfeiffenberger stated.

ATTEND JUDGING MEET

LUBBOCK—Texas Technological College students judging teams will compete in the International Dairy Products Judging contest in Miami Fla., Oct. 27, and the American Royal Livestock Judging contest in Kansas City, Mo., Oct. 18.

The dairy products judging team includes John Ash, Athens; W. G. Beshears, Durant, Okla.; Earl McFwen, Burley, Idaho; and Bob Kemner, Lubbock.

The livestock judging team includes Horace Underwood, Garden City; Herman Henson, Farwell; George Elliott, Anton; Carl Dwyer, McLean; C. L. Brownlow, Hereford; and Charles W. Borner, Lubbock.

WEATHER NO FACTOR

More than 70 per cent of all 1946 traffic accidents occurred on dry streets and highways in fair weather.

NUTRITION PROBLEMS TO BE DISCUSSED

LUBBOCK—A comprehensive program dealing with nutrition problem has been planned for the Texas State Nutrition council meeting at Texas Technological College Oct. 25. All interested persons are invited to attend, according to Miss Margaret W. Weeks, dean of home economics at Texas Tech.

The council includes representative of Texas colleges and universities and other educational agencies.

The program will begin at 10 a.m. in Aggie Memorial auditorium on the campus. Special talks are scheduled on current world food problem, school lunch programs, education methods, and developing good eating habits. Speakers will represent USDA, state health department, medical profession, school administrators, teachers in elementary grades, high schools and colleges, students lunchroom managers, and PTA as well as the nutrition council.

Coffee will be served in the Home Economics building before the program begins. This meeting marks the first time the state council has met in West Texas, Dean Weeks stated.

RECORD ENROLLMENT

DENTON—A record enrollment of 4606 students an increase of 21 per cent over last fall's total of 3803 has been recorded at North Texas State College for the fall semester. Officials announced this week as a few late registrants continued to enroll.

Of the final total, 1765 are veterans, a gain of 123 over last year's 1642 ex-GI's. Women students now number 1815, according to the dean of women, and the latest unofficial count on men students stands at 2791.

BINDWEED PROBLEM MAY BE SOLVED FOR PLAINS

COLLEGE STATION—A farmer in the Bell community of Gray county believes he has the Panhandle bindweed problem solved.

And Grya County Agent Ralph R. Thomas, after seeing the evidence, thinks it's worth a try, at that.

The farmer is Hubert Keahey, and his method of eradicating the bindweed, which causes many thousands of dollars worth of crop losses in the Panhandle each year, is simple. He plants Western Wheat grass.

Keahey took Agent Thomas to his farm and showed him how the wheat grass was crowding out the bindweed. "Bindweed was growing right up to the edge of the grass but there was none thriving in the grass," says Thomas. On the strength of that showing, Keahey has sowed all the bindweed patches on his farm with the grass and many of his neighbors are following suit.

"There are possibilities, all right," says the county agent, "because Western Wheat grass starts its growth in late winter and is generally from six inches to a foot high before the bindweed starts growing in the spring. And the grass produces great masses of roots that offer some real competition to bindweed. At any rate, the grass will provide a lot of pasture and even a good hay crop . . . so it's worth a try."

CITY CHILDREN STILL GET BETTER SCHOOLING

COLLEGE STATION—Although the passing of the little red school house has meant better educational opportunities for many farm children city children still have the advantage in schooling, according to information received by the Texas A. & M. Extension Service from the Bureau of Agricultural Economics in Washington.

The comparison, as based on the 1940 census, the 1945 census of agriculture and other sources, shows that school terms average only 162 days in rural areas, compared with 182 days in town. Rural areas have only \$185 worth of school property for each pupil enrolled, while urban areas have \$405. The salaries of teachers in the open country school averaged only \$969 in 1940, compared to \$1955 in city schools.

On the other hand, farm children may have had more personal attention from their teachers because rural schools average only 27 pupils per teacher, while city schools average 32. Then, too, the debts of rural schools are smaller than those of city schools. Rural school indebtedness averages only \$7 per pupil, as compared with \$180 in cities.

Another comparison is that farm children drop out of school earlier than city children. In 1940, only 93 percent of the 15-year-olds in cities were still attending school, but only 77 percent of those on farms. Moreover, in cities more than half of the 19-year-olds had completed high school compared to less than 30 percent in rural areas.

Rubber Stock Pile Jumps Crude Prices

Renewed activity on the part of the Government to build up the rubber stockpile has forced prices up to the highest point since Spring. Spot rubber, sold for 18 1/2 cents last week, against 15 1/2 cents September 1.

U. S. officials are taking these steps to make sure we have an adequate supply of rubber on hand in the event foreign sources are suddenly cut off. So far the bureau of federal supply has bought 10,000 tons of No. 1 ribbed smoke sheets, a top grade. The government is buying on instructions from the Army-Navy munitions board.

Reports have been circulated for days that the natural rubber stockpile will run between 500,000 and 1,000,000 tons. Nearly 200,000 tons are reported to be on hand at present. The sudden spurt in stockpiling was interpreted in Washington as due to the shift in Russian policy. One official reported Russia no longer allows her satellite countries to export stockpile materials to the United States. There has been no evidence in the rubber markets that the Soviets are stockpiling rubber. They are believed, though, to be building up stocks of other, critical materials and denaturalizing stocks over a wide front behind the Urals.

(This information comes through the National Association of Independent Tire Dealers.)

"Kidnap" Breakfast Is Hilarious Dress Affair

Magazine illustrations and movies to the contrary, the average Mr. and Mrs. America don't look like much when first out of bed in the morning, it was proved here Sunday, when the local American Legion Auxiliary staged a "kidnap" breakfast that routed local people from their beds and sent them out to dine in whatever they happened to be wearing.

All sorts of intimate apparel were displayed at the breakfast, which was held in the home of Mr. and Mrs. Claude Rose—and attendants had a big laugh over the act that the male sex dishabille almost outdid the ladies as they were caught unaware. Due to the fact that participants were fined 10c for each added garment they donned after the "snatch party" arrived, the majority chose to "go as is"—and sported all sorts of odd combinations.

Hostesses at the breakfast, which ran from 7 to 9 o'clock, were Mrs. Rose, Mrs. M. C. Roberts and Mrs. Mitz Walling, while young "Pudge" Rose was in charge of the guest book and music was provided by Miss Peggy Schleuter and Woodie McDermitt. A complete breakfast was served as compensation to the victims, and Auxiliary members reported today that a total of \$121 was cleared, which will go into the Legion fund.

Signing the guest register were: Mr. and Mrs. W. C. Hardage, Mr. and Mrs. Felix Monroe, Tom Atkins, Mr. and Mrs. LeRoy Faville and Mikala Ann; Reva Martin, Lewis Pierce, Mr. and Mrs. Frank Phillips, M. C. Girl Scout Week To Be Observed Here

Next week is Girl Scout Week, and the Texico-Farwell troops will begin the week's activities with a parade and program Saturday afternoon, it was announced today. The girls and their leaders will meet at 2 p. m. on the lot just north of the Red Cross Pharmacy in Texico and will parade through the business section of the Twin Cities, halting at the lot south of the 66 Station in Farwell, where the program will be given.

Last year, the local Scouts paraded in Clovis in conjunction with the Clovis troops, but this year it was voted to stage a home-town affair in order that parents and friends can see and hear what the local girls are doing.

There are six Girl Scout troops active in this community at present; an Intermediate and a Brownie troop, meeting at the Texico school with Mrs. J. M. Richardson and Mrs. R. E. Walker as leaders, and three Intermediate and one Brownie troops meeting at the Farwell school with Mrs. Walter Hardage, Mrs. John Aldridge, Mrs. Roy Cook, and Mrs. Verney Towns as leaders. Mrs. B. A. Rogers and Mrs. Frank Seale assist with the Texico troops and Mrs. Sterlyn Billington and Mrs. Joe Magness are assistant leaders in Farwell.

The local people are urged to attend the parade and program Saturday, extending their support to the Texico-Farwell troops as they present their program simultaneously with Girl Scouts all over the world.

Votes Are Solicited For Grade "Queen"

Members of the various grammar school departments at Farwell have chosen their candidates for the grade school queen, who will be crowned on Friday night, October 31st, at the annual school carnival, and are making a strong bid to divert attention from the high school race.

Nominated by the various classes are: Wilma Norton as queen and Jerry Airhart as king, representing the first grade; Connie Potts and Johnny Armstrong, of the second grade; Angela Williams and Sam Pool, third grade; Jo Elaine Magness and Gerald Hardage, fourth grade; Peggy Hardage and Phillip Crume of the fifth grade; Ann Whitley and Duane Herington, sixth grade; Jane Claire Overstreet and Robert King, seventh grade; and Lou Ellen McCoy and Darrell Norton, of the eighth grade.

With their favorites in the race, the youngsters are due to make it a hot contest, early reports reveal. Votes are being solicited at the rate of 1c each, and the final winner will be revealed at coronation time on carnival night.

Carrying the high school colors are Nina Loe, senior; Theda Branscum, junior; Pauline Sheets, sophomore; and Ann Stores, freshman.

Mr. and Mrs. Roy C. Murphy of Nebraska, were recent visitors in the home of Mr. and Mrs. J. A. Kaltwasser, Henry Haseloff, of Vernon was also a visitor in the home of his sister.

Donald Watkins was a Sunday visitor in Amarillo, and attended a photographer's display while there.

Bess Mansfield, Mr. and Mrs. N. F. Harding, Warren G. Harding, Mrs. Anne Overstreet, Mr. and Mrs. Ray Ford, Mr. and Mrs. V. C. Venable, Earl and Bess Booth, Mr. and Mrs. E. E. Booth, Mrs. C. G. Davis and Neil Walling

Mr. and Mrs. Albert Smith and family returned home last week from a visit with old friends in and near Waxahachie, Texas. They also visited at the Texas State Fair in Dallas, and with Mr. and Mrs. J. O. (Pinky) Martin and family in Fort Worth, enroute home.

Annual Week of Prayer Program, Wednesday

The annual observance of Week of Prayer will be held by the Woman's society of Christian Service and the Wesleyan Guild of the Hamlin Memorial Methodist Church next Wednesday, October 29th, it was announced today.

The WSCS will have charge of the afternoon program, which will feature various projects sponsored by the society. Mrs. Harvey Carrell is chairman of the program committee. A fellowship supper will be served in the undercroft of the church at 7 o'clock in the evening, following which the Wesleyan Guild members will present the program. It is planned, Guild member announced, to give a short play during the evening.

Contributions will go to Scarrett and to the training home for deaf-mutes at Kansas City, officials report. All people of the community are invited to take part.

Anniversary Is Noted Thursday Evening

Last Thursday evening, a large group of friends and neighbors paid a surprise visit to the home of Rev. and Mrs. Will Markham, to honor the couple on their 43rd wedding anniversary.

Many of those present had never met Mrs. Markham, so early in the evening a "get acquainted" game was played during which the names of the 44 guests were called several times. At the conclusion of the game Mrs. Markham named all those present—a feat equalled by no one else. Gifts were delivered to the couple by little Miss Judy Kay Hillock and Master Mike McManigal, dressed as bride and groom. The youngsters pulled in a large decorated wagon which bore the sign "Just Married—43 Years Ago". In addition to the "wagon-load" of personal gifts, the attendants bought gifts of food for an old-fashioned pounding.

The evening came to a very pleasant conclusion with singing of favorite hymns by the group.

Mrs. Brewer Hostess To Guild Meeting

Mrs. Loyde A. Brewer was hostess, the past Tuesday night, to the regular meeting of the Wesleyan Guild of the Methodist Church.

Program chairman was Mrs. LeRoy Faville, and assisting in presenting the topic were Mrs. Hayden Cason and Mrs. Woodie McDermitt. During the business session, work on the annual Week of Prayer program was discussed.

At the conclusion of the meeting the hostess served a sandwich platter to Mrs. Hayden Cason, Mrs. Woodie McDermitt, Mrs. LeRoy Faville, Mrs. Bess Henneman, Mrs. Harvey E. Carrell, Mrs. Loyd Cain, Mrs. John Porter, Mrs. R. E. Walker, Mrs. Frances King and Mrs. Paul Wurster.

Mrs. J. C. Moore, Mrs. Bob Drael and Mrs. Ross, all of Texico, were Lubbock visitors, Friday. Enroute home they spent a few hours in Abernathy visiting friends.

Mr. and Mrs. Harold Dixon, of Albuquerque, were weekend guests in the home of his mother, Mrs. Ruby Dixon, in Farwell.

Atkins-Withrow Rites Are Read In Clovis

Miss Myrtle Atkins, of this city, became the bride of Thomas Withrow, of Lubbock, on Monday morning, October 20th, it has been announced here, with the ceremony being performed in Clovis.

Mrs. Withrow chose for her wedding a brown suit with an aqua blouse, and added brown accessories to complete her costume.

For the past several months the bride has been employed as beauty operator in Farwell, following service with the WAC during the war. Withrow is in the carpentry trade in Lubbock, and the couple will reside in that city.

Mrs. Jessie McSpadden spent the weekend in Amarillo in the home of Mr. and Mrs. R. H. Martin, and while there attended the beauty show at Frank's Barber & Beauty Supply House, Sunday afternoon.

Mac Silverman, an old time resident of Bovina, has been here the past few weeks on the construction job with the Santa Fe Railroad. Mac spent the weekend in Wynok with his family.

The Lady Faire Beauty hop was closed this week while June Watkins, owner, had the shop redecorated.

Mr. and Mrs. Ray Davies left on Wednesday for Hot Springs, where they plan to spend the winter.

Mr. and Mrs. Lloyd Battay were business visitors in Clovis, Friday.

Mrs. Norma Lee Plummer, of Valley Mills, Tex., is visiting with her mother, Mrs. Norman Wilson this week. Mr. and Mrs. Plummer are moving to Van Horn, Tex.

Mr. and Mrs. Chester Norton were in Bovina this week visiting relatives and friends.

Mr. and Mrs. Morris Means and Mrs. Lucille Walling were business visitors in Lubbock, Thursday.

Latest reports from Alice McNew, who sustained serious injuries in the car wreck in which her father was killed, are to the effect that she is slightly improved and the doctors at the Bend, Oregon, hospital, think she has a chance to live. Miss McNew will have to remain in a cast for three months.

Bill Venable has a new house under construction, which will be occupied by Mrs. W. J. Wade and Mrs. Jessie McSpadden on completion.

Another old landmark is slowly vanishing in Bovina. Bill Venable has purchased the old Methodist Church building and it is being razed, preparatory to moving. The lumber will be used in other structures.

The opening of the new Jefferson Laundry, on the 13th, was quite an event. The laundry was filled to capacity on opening day.

Mr. and Mrs. Wilbur Charles and Mrs. Frank Smith left Saturday for Alva, and Woodward, Okla. They will return home next week.

Mrs. Lizzie Dickerson, of Alhambra, Cal., is visiting her sister, Mrs. Giles Williams and family.

Mr. and Mrs. Robert Calloway had as their guests Sunday her parents, Mr. and Mrs. Sheppard of Hereford and her sister and brother-in-law, Mr. and Mrs. Bingham are out of

town visitors this week. Mrs. Joe Wilson, Mrs. Kathryn Byler and Mrs. Otis White shopped in Muleshoe, Tuesday.

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

An ALL-ELECTRIC Kitchen In My 20 Year Old Home?

Sure Lady

Here's how you can do it!

Install Adequate Wiring now.

When your present home was built, perhaps the builder never thought you'd want to cook, refrigerate, and heat your water electrically. So he installed just enough wiring to supply service to a few electric lights and possibly an outlet or two.

To find out how to have an all-electric kitchen just call a wiring specialist from your Public Service Company, or an electrical contractor. They will be glad to tell you more about the wiring you will need.

We have nothing to sell but good electric service.

Adequate Wiring MEANS:

1. ENOUGH CIRCUITS for serving efficiently and safely all the appliances you have.
2. LARGE ENOUGH WIRE for serving your present and future needs.
3. ENOUGH OUTLETS AND SWITCHES for convenient living.

AUXILIARY HAS MEETING

The Auxiliary of the American Legion Post of Bovina met October 13 at the Legion Hall, with the new president, Mrs. Dorothy Blalock, in the chair. Committees were appointed and hopes expressed that all members work toward a better post. October is the month or 1948 dues and time to get new members. All members and non-members who wish to join the Auxiliary are urged to attend the next meeting, October 27. The bazaar will be held Dec. 13. Members are asked to bring a contribution for this sale.

MRS. ELLISON HOSTESS

The Sew and Chatter Club met in the home of Mrs. Buck Ellison, last Thursday. The meeting was called to order, dues were paid, and committees named to make arrangements for a Halloween party.

Delicious refreshments were served to Mesdames Robert Callaway, Ronald Berggren, Paul Jones, Joe Wilson, Morris Means, T. G. Hudson, Pete Davies, Euell Hart, Byron Turner, Emmett Tabor, Otis White, A. M. Wilson, John Byler, Jr., Alma Vassey, George Trimble and Lcyce Marie Trimble. The next meeting will be with Mrs. Euell Hart.

BIBLE QUIZ HELD

The ladies of the Church of Christ met in the home of Mrs. Verbin Isham on Tuesday, the 14th, for the Bible quiz, which was conducted by the hostess. Later in the afternoon the ladies did general visiting and needlework.

Attending were Mesdames Buck Ellison, Mel Gunn, Tom Rhodes, Levi Johnson, Arthur Moorman, Lee Thompson, J. R. Caldwell, Jo Bunch, Misses Lula and Carrie Smith, and their sister, Mrs. Brown, who was a visitor at that time, Mrs. Shelby Sanders and Mrs. Oscar Venable.

Contributions were made to a package to be sent to the orphan's home at Tipton, Okla.

ATTEND HEREFORD MEET

The Lily Flower Club had three representatives, Mrs. S. H. Sides, Mrs. Lloyd Battey and Mrs. Arnold Hromas, in attendance at a meeting held in Hereford, Oct. 13.

Mrs. Lyle Blanton, of Hereford, district counselor, had charge of the meeting. The theme was "To Know Is To Grow" and was carried out in interesting features. A luncheon was served in the city hall at noon.

Climaxing the day was a tea and gladiolus placement shew in the home of Mrs. Len Castor.

MRS. HROMAS HOSTESS

The Lily Flower Club met with Mrs. Arnold Hromas on Wednesday. Roll call was answered by giving favorite flower, the rose being the most popular. Also, the rose was voted as the club's central flower for next spring, with each member to plant a red radant bush.

A gardening book adapted and planned for the Panhandle, "Planting for the Plains" was recommended to members. Each took a book home, endeavoring to have more beautiful flowers in the future.

Mrs. I. W. Quickel gave a discussion on bulbs and Mrs. Lloyd Battey discussed "mums".

Refreshments were served to Mesdames Hilary Tidenberg, Donaldson, Newberry, Hopingardner, J. R. Cald-

well, Vassey, E. A. Hromas, G. T. Watkins, Lewis Pesch, Lloyd Battey, I. W. Quickel, S. H. Sides, and the hostess, Mrs. Arnold Hromas.

PICK UP THE HEELS

LUBBOCK-Loafer type shoes are often worn when girls develop the habit of dragging their heels when they walk, according to Miss Sue Rainey, associate professor of physical education for women at Texas Technological College.

Miss Rainey pointed out when shoes don't fit snugly at the heels many girls drag their feet rather than exercise toe muscles to hold shoes on. The habit persists even when dress shoes are worn, causing some coeds to "look like they are walking through loose sand or a plowed field all the time", she stated. Suggestions: Walk through loose sand or a plowed field all the time so you'll look natural; or, exercise those toe muscles; or, buy a new pair of shoes.

RUBBER HOSE DISCONNECTS EASILY!
Replace with **METAL TUBING**

YOU KNOW from experience that it doesn't take much to disconnect rubber hose from a gas stove — a child playing on the floor can pull it loose with little effort — a wrong sweep of the broom or vacuum — moving the stove when cleaning — anything that pulls on the hose can easily disconnect it, letting gas escape into the house. Fire, explosion or asphyxia could result. **DON'T TAKE CHANCES — REPLACE RUBBER HOSE WITH METAL TUBING NOW!**

Local Teams Dropped In First Skirmishes

Hopes of tournament trophies faded dearly in the day for the Texico softball teams, the past Saturday, when the two local squads went out in the first bracket of play in the Curry county softball meet, held at Ranchvale.

Seeded as one of the strongest teams of the tournament, the Texico boys fluked out in their first encounter of the day, losing a 6-7 decision to Grady. Coach C. E. Sanders reported that his boys "were suckers" for a soft ball served up by the Grady pitcher, and popped up into the infield, with the Grady players retiring them in quick succession.

After giving Grady a 6-point lead while they went scoreless, the locals settled down to play ball. Coach Sanders said, but the damage was done, and they failed to edge out their competitors.

Pleasant Hill advanced over Field, Ranchvale, and Rosedale to take the trophy in the boys' division.

The local girls also lost a close one, 5-6, when they tangled with the Rosedale players in their opening game. Game playoff for championship honors was held on Tuesday afternoon of this week between Grady and Ranchvale, as the teams were tied in the final game when darkness halted play Saturday. No report had been received on the outcome as The Tribune went to press.

Steers Take Laners To Good Cleaning, Friday

Playing second and third-stringers a good portion of the time, the Farwell Steers racked up another win the past Friday, when they downed the Oklahoma Lane squad, on that field, to the tune of 39-12.

Coach Jack Williams said the first of the week that he did not have an accurate account of the touchdowns but that Robertson, Garham and Sheets each accounted for one 6-pointer. Hart crossed the end-stripe three times, Sheets drop-kicked a placement for two points, and passed to Robertson for one point after touchdown. The Oklahoma Lane scores were racked up by C. W. Grissom and Donald Christian.

It was Farwell's game all the way with the hosts of the day doing their scoring against the subs, attendants reported. Probably one of the happiest and most surprised players was Graham, center, who caught an Oklahoma Lane fumble behind the scrimmage line and galloped some 40 yards to make his first—and probably last—entry into the end zone. Hart had banged the Oklahoma Lane ball carrier with such force that the pigskin squirted free into the local lad's arms.

Robertson's touchdown came on a brisk run around end, while Hart scored twice on pile-driving power plays, and added his third counter with a 20-yard run around end. Sheets scored when he took a short pass from Robertson and dashed 15 yards to paydirt. Oklahoma Laners report that Grissom made quite a scamper for his touchdown, while Christian carried the pigskin approximately 10 yards for a score.

Idle This Weekend
Coach Williams reported that his Steers would be idle this weekend, but would resume cation on Friday, October 31st, when they play host to a reputedly crackerjack squad from Wilson.

Airfreighters Bear Indian Names

Santa Fe airfreighters today bear the tribal names of native Americans as a tribute to the members of Indian tribes who helped build the Santa Fe System lines, according to R. H. Lake, president of Santa Fe Skyway Inc.

At least 20 tribal groups are represented in the Santa Fe Railway family and include the following: Navajo, Hopi, Laguna, Zuni, Acoma, Isleta, Taos, Jemez, Sandia, Santo Domingo San Ildefonso, Santa Clara, San Juan, Tesuque, Chimayo, Walapai Supai, Mojave, Cherokee, Apache and Pueblo.

"The forebears of these people contributed to commercial readjustments that remade the map of North America," continued the Skyway official. "They saw the tedious, expensive caravan routes from Chihuahua or Durango give way to the faster trade routes from the Missouri Valley to Santa Fe, to Texas, and to California."

WHY PLANT GOOD WHEAT? FARMER GETS ANSWER

Sheldon, Panhandle wheat farmer went to Fort Worth to sell wheat off his Moore county farm and came home with a story which County Agent J. B. Waide, Jr., thinks every Texas grower ought to hear.

The story gives a good answer to the question: why plant high quality seed wheat?

Sheldon, contacting a big Fort Worth mill, was told by the manager that the mill wasn't too interested in buying Moore county wheat. It seems that there were several carloads of wheat in the railroad yard at the time, all of it from a county near Moore, but none of the millers would bid on it because of its poor-baking quality.

The manager, then took Sheldon through a laboratory where the mill had recently installed a considerable and costly amount of equipment. In order to meet competition, the manager said, the mill had to run baking tests on each car of wheat to see that the quality was good enough to use in making domestic flour. The company also had wheat experts who were able to identify different wheat varieties and who were training elevator operators in grain identification. Sheldon was told that poor quality wheat was always detected and that the only outlet for it was the export trade. The company had its own figures on Moore county, and the manager told Sheldon that 15 per cent of the wheat in his county was of poor-milling quality.

Fortunately, says Agnet Waide Sheldon's wheat was not among the 15 per cent, and he got a good price.

Martini Promoted With Santa Fe

AMARILLO—Rodger C. Martini, assistant to the general manager of the Santa Fe railway at Amarillo since December 1, 1919, has advanced to the position vacated by the retirement October 1, of Frank E. Edwards, who held the same title but was the senior assistant, according to announcement made today by G. C. Jefferis, Santa Fe general manager, Amarillo.

Martini is an "old-timer", having come to Amarillo on Jan. 10, 1911, as secretary to the late vice president and general manager, Fred C. Fox, and with the exception of the period Sept. 1, 1912 to Dec. 1, 1913, when he was on road work as mine inspector at Trinidad, Colo., and transportation inspector at Hutchinson, Kan., has been in the organization of the
