Health Notes

By Texas Department of Health

AUSTIN—The State of Texas is planning to celebrate national "Public Health Nursing Week" April 21 to 26, as proclaimed by President Harry S. Truman.

The purpose of the week, according to Dr. Geo. W. Cox, State Health Officer, will be (1) to recruit more public health nurses (2) to increase understanding of the fact that much needless sickness or suffering can be prevented or reduced by using public health nursing services (3) to encourage greater understanding of public health nursing as a service for everybody regardless of size of income (4) to encourage development of public health nursing services wherever needed (5) to increase citizen participation in public health nursing services.

From the beginning of this week more than thirty years ago, public health nurses have been concerned with the total health situation of the family including sickness, prevention, and health protection.

In setting aside April 20 to 26 as "Public Health Nursing Week" for America, health administrators and all other friends of nursing should exert their efforts toward the extension of public health nursing services, so that there will be enough

qualified nurses to meet the needs of all the people, and thus help in maintaining a maximum health level throughout the nation.

The Good Ones Do It

COLLEGE STATION — "Why milk a large number of low producing cows when the job can be done easier and more profitable with a fewer number of good cows?"

Dairy husbandman of the Texas A. and M. College Extension Service ask dairy farmers that question year after year. They keep asking it because the records of the Dairy Herd Improvement Association members have proved over and over again that high producing cows always return the most profit.

In any county in the state, the Extension dairymen point out, the following situation might exist: One farmer, call him Dairyman "A" has a herd of 20 cows, each of which averages 200 pounds of butterfat each year. At a feed cost of \$83 a head, the income above feed cost on the low producing herd is \$1,660 for a year.

Then Dairyman "B" comes into the picture, with a herd of only 11 good cows which produce 300 lbs. of butterfat each year. Feed for his cows costs him \$126 a head, and his annual incomes show that Dairyman "B" with the good cows, got \$34 more profit than Dairyman "A". That does not appear to be a great deal of difference, the Extension dairymen explain, but the profits are just part of the story.

Dairyman "B" spent only about half the time milking cows during the year as did the man with the low producing cows. He handled only about half as much hay and grain; his barn was not so large an upkeep and equipment was not so high. He spent less time cleaning lots and barns. It was not necessary for him to cultivate as much land to produce feed for his herd.

And those are the reasons that Extension dairymen keep asking: "Why milk a large number of low producing cows when the job can be done much easier and more profitably with a fewer number of good cows?"

Fifteen woodland caribou known to be roaming northedn Minnesota are believed to constitute the last herd of these animals in existence.

Nearly 4,000 pounds of cultivated mushrooms are being produced near Great Barrington, Mass.

Poultry Pastures

COLLEGE STATION—Green pastures for poultry?

Yes, says Ted Martin, poultry husbandman of the Texas A. and M. College Extension Service. While chickens and turkeys are not ordinarily put in a class with grazing animals explains Martin, tests have shown that when they get the chance, poultry will get as much as 20 percent of their feed requirement from green feed. Since feed can generally be produced most economically in the form of pasture than in any other way cutting down feed costs is reason enough to provide pasture for poultry. But Martin says there are other advantages to be had from growing green poultry feed.

All poultrymen agree that there is no question about the value of Vitamin A in the feed of all classes of poultry, Martin says, and fresh green feed is probably the most dependable and economical source of Vitamin A. Barley, oats, sudan grass, and similar crops can be grown for year-round grazing in nearly all parts of Texas. These pastures will need mowing often, however, to keep the plants from becoming hard and woody.

There is a precaution to take in grazing poultry, too. Martin explains that too much green feed in the ration of laying hens may cause discolored yolks and watery whites in eggs. But if the birds are gradually started on the green feed, and offered more each day, no harm will result. Martin says poultrymen may begin by turning birds on pasture for 30 minutes to an hour before roosting time, and lengthen the period each day until they stay on pasture all afternoon.

Your Chamber of Commerce is working for your interests.

LEGAL NOTICES

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: Herman Schutte, and the unknown heirs, assigns, and legal representatives of Herman Schutte

Greeting: You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 12th day of May, A. D., 1947, at or before 10 o'clock A. M., before the Honorable District Court of Farmer County, at the Court House in Farwell, Texas.

plaintiff's petition was filed on the 29th day of March, 1947. The file number of said suit being No. 1395.

The names of the parties in said suit are: Friona Lumber Company, A Corporation as Plaintiff, and Herman Schutte, his unknown heirs, assigns and legal representatives, as Defendant.

The nature of said suit being substantially as follows, to wit: Plaintiff brings this suit in trespass to try title, alleging that on March 1, 1947, it was the owner of, in fee simple, and possessed of Lots 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, and 18, in Block 7, Original Town of Friona, Farmer County, Texas. That on such day

defendants dispossessed plaintiff and withheld possession thereof from plaintiff to its damage in the sum of \$1.00, and plaintiff pleads the ten year statute of limitation in the alternative and prays for title and possession of said land, for writ of restitution, and for damages.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this 29th day of March A. D., 1947.

Given under my hand and seal of said Court, at office in Farwell, Texas, this the 29th day of March A. D., 1947.

LOYDE A. BREWER Clerk, District Court, Farmer County, Texas (SEAL)

"Oh! Oliver would even forget to change to summer grade Phillips 66 Motor Oil!"

PROVED BY 66 BILLION MILES OF SATISFACTORY SERVICE

Sunny Side

(By Sonny Graham)

Weather critics are certainly entitled to their own opinions, but as strictly an amateur weather observer, I think "spring has come." Of course, opinions, for the most part, don't matter to a hill of beans, especially when it comes to the weather, as opinions never kept a drop of rain from falling if it wanted to.

Nevertheless, I base my observations on little happenings that are not commonly associated with spring, but what I have found holds true year after year as a sure sign for summer weather.

That ever present fishing lust is beginning to gain its obstinate hold on far too many hard working businessmen to be overlooked. Out-board in-board and, all kinds of board motors are taken out of storage and tuned up for the current fish season. Fly-tieing fiends reach their peak of production from the light of "midnight oil"; Worm-worshippers fondly caress and feed their stinking, slimy worm beds; Well-meaning unfortunates caught in the merciless grip of the fish craze ruin their community reputation by socking the neighbor's little darling in the seat of the pants with a miscalculated cast, unfortunately loaded with the biggest, sharpest, three-pronged hook in his entire assortment; and the situation is rendered more hopeless when the neighbor, rushing assistance to the bawling brat, trips over 150 yards of 20-pound test fishing line strung out to wax—if you've ever had any associations with one of these above mentioned persons, you know that isn't the half of it—no sir, not by a long shot.

Contribute To Relief

C. E. Bosler, machanic at the Sikes Motor Company, has turned over a list of contributors to the Texas City Relief Fund, which, he said, were voluntary offerings turned into him. He has forwarded the donations to the Texas City Relief funds being collected in Texas by the Dallas Times-Herald. A total of \$25.50 was sent to the fund from the following contributors: Lee Sudderth, \$2; W. W. Hall, \$10; G. R. White, \$2.50; Otis Huggins, \$2; Dorothy Cassady, \$1; Jake Winkles, \$1; C. E. Bosler, \$5; Woody McDermitt, \$2.

In only six out of the last 131 years has historic Lake Champlain failed to freeze over. The average date of freezing is February 4.

RUBBER STAMPS

Clovis Electric Shop

Red Spider

COLLEGE STATION — A threat to flower gardeners and ornamental shrub growers is the red spider, a tiny reddish mite just larger than a chigger.

Entomologists of the Texas A. and M. College Extension Service say that the red spider puts pale yellowish or reddish brown spots on plant leaves, which result in an unhealthy condition.

The entomologists advise that the spider can be controlled by dusting the plants thoroughly with finely-ground dusting sulphur, applied when the mites are first noticed. Usually, two dustings, seven days apart, are sufficient.

Approximately 36,000 people are engaged in operating New York's subways which carry 4,410,000 passengers on an average workday.

A Diagnosis

COLLEGE STATION—Here's a diagnosis for flower gardeners.

When the tips of flower leaves wither, curl up and die, and buds fail to open normally, it's a good bet that the trouble is being caused by thrips, which are small, slender-bodied insects which feed on many varieties of flowers, according to entomologists of the Texas A. and M. College Extension Service.

Thrips vary in color from yellowish to dark brown and often almost black, and are less than one-tenth of an inch in length.

Control measures consist of dusting with a five percent DDT dust. It is also wise, say the entomologists, to keep old buds or blossoms removed from plants, to keep thrips from developing.

Tribune job printing is best.

Peanuts For Food and Feed

COLLEGE STATION—There is a big need for increased production of peanuts in Texas, says Agronomist E. A. Miller, of the Texas A. and M. College Extension Service.

Since the peanut has proved to be an excellent food, both for humans and livestock, Miller has outlined the steps that he believes are the basis for increased peanut yields.

A good stand is necessary for good production. Planting at least 25 to 30 pounds of shelled seed, or 45 to 60 pounds of unshelled seed per acre gives good stands.

Chemical treatment of shelled peanut seed has proved to be more worthwhile in getting good stands. The treatment protects the seed against molds and fungi from the soil. Work carried on at the Texas A. and M. College Agricultural Experiment Substation at Stephenville showed that peanuts came up to 72 percent of a perfect stand when 100 pounds of seed were treated with three ounces of two percent ceresan. Non-treated peanut seed brought only 28 percent of a perfect stand. These figures are the averages for five-year test periods. Other promising chemicals used in treating peanuts were arasan, spergon, phygon, tersan and zerlate, although the last three of these have been tested only one year. Chemical treatment for shelled seed appears to be more effective than inoculation. Unshelled seed, however, respond best to inoculation, and have not greatly benefited from the treatment.

Fertilization pays well with peanut prices as high as they are now. Recommendations are 200 pounds of 4-12-4 commercial fertilizer per acre, or 180 pounds of 20 percent superphosphate.

In its 3 and one-third ounces of weight the new high-energy flashlight battery contains enough energy to drive a polo ball seven times the length of the field of 300 yards.

Strawberry Season

COLLEGE STATION—If vitamin C is lacking in your diet, now's the time to get a fresh supply, for with strawberry season almost upon us, USDA plant scientists say that a generous serving of fresh strawberries will, on the average, supply the daily quota. Of course, the amount of Vitamin C in berries depends upon the variety and the weather conditions under which they are grown. The same bright sunlight, moderately warm days and cool nights which produce the best flavor in any variety of strawberries also produce the highest ascorbic acid or Vitamin C content.

Miss Gwendolyn Jones, Extension food preservation specialist, points out that some varieties have more Vitamin C content than others. But the average for all varieties have more than 60 milligrams for each ordinary serving, and the recommended daily intake of ascorbic acid is 75 milligrams.

There is no marked difference in ascorbic acid content of berries picked early in the season and those picked near the season's end, says Miss Jones. However, she states that it pays in Vitamin C to let picked half-red berries ripen before serving. Better still, allow the berries to ripen on the plant before picking.

Soviet Engineers are reported to be preparing to develop history's greatest water power project on the Angara River, sole outlet of Siberia's Lake Baikal, deepest lake in the world. Fully utilized, this huge reservoir is expected to yield 30,000,000 horsepower, or more than the combined output of Niagara Falls, Muscle Shoals, Wilson and Boulder dams.

Wrestling Circus Brings Fun For All

Sponsored by the Senior Class of the Lazbuddy School, two hours of fun and entertainment will be in order when the Wrestling Circus makes its appearance at the Lazbuddy High School on Tuesday, April 29th, starting at 8:30 p. m.

Popular western ballads, always

dear to the hearts of our western people will be the order of the show and played and sung as only Howard Van Deventer, and his band can bring it to you.

Good clean fun with a Blackface Comedian is something that we all can look back on and smile, and that's another feature of the big two-hour show. Sebo Britton, who traveled with Brunks Comedians, will be the Blackface attraction. His antics will keep you in stitches during the entire show.

Wrestling, the scientific way, will be explained and demonstrated from the stage by Lobo Brown, assisted by Tex Cates, powerful ex-cop wrestler. Brown has been wrestling professionally for the past 21 years, and his demonstration has the endorsement of mat experts wherever he chows.

Part of the proceeds of the show will go to the Senior Class of the Lazbuddy School.

WINNIE THE WELDER. Illustration of a woman and text about a product release.

Get your moral up—Bring that work to Lance. It's fattening to your purse.

WELDING LANCE'S MACHINERY. Text about welding and machinery services.

Beginners Luck

For the first time on a fishing trip, there is not much a fellow can do if the fish do not bite, stated Roy White, owner of the White's Produce.

Joe White, of the Davis Mercantile, Tom Lindop, A. F. Phillips and Ray White, motored up to Buffalo Lake, the first of this week to look the situation over, just getting ready for a big haul, when they can get time to really fish.

The report is that the four caught some fish, not saying how many but with not so good luck or with the lack of cooperation on the little end of the line, Joe White let the big one get away, but knows where to go after him next time, having marked the spot.

TO SET UP BUDGET

B. A. Rogers, Supt. of the Texico School, announced that the State Budget for the schools in Curry County will be set up for the coming year, April 30th, when all school heads meet in Clovis.

Mr. R. H. Grissom, State Budget Auditor will be present in the working out of the budget.

WE REPAIR SHOES

Keep your shoes in good repair by bringing them to us regularly. Fair Prices—Prompt Service. Electric Shoe Shop. Next Door to Texico Postoffice.

Dorris Talks At Men's Meeting

The men's club met last Thursday night, in the basement of the Methodist Church, where a good feed of southern cooked beans, sandwiches, cake and coffee was enjoyed by all present.

Due to the fact that the American Legion held its meeting on the same night, caused a shortage in the turnout for the Mens Club, although there were some twenty-three or four present.

Odin Huggins, who is connected with the Southwest Public Service Co., announced that he has received the first shipment of lights, wiring and transformers for the lighting of the streets in the Twin Cities, and expects more of the equipment soon.

C. M. Henderson, chairman of the Club, gave a report on the financial standing of the Boy and Girl Scouts, stating that the Boy Scouts were in good shape, but that the Girls were in need of funds, which amounted to about one hundred dollars. The sum of \$87.00 was donated at the meeting, for the Girl Scouts, with Ray Mears selected to handle the money, and anyone who wishes to contribute to the Scout Fund, may do so by contacting Mears at the Farmers Supply.

Bob Dorris, of Clovis, was principal speaker at the meeting, using "Alcoholism" for his subject. He stressed the fact that an alcoholic is a sick person and has acquired a disease that science has not yet found a cure; but that within the past ten or twelve years a program has been set up whereby the alcoholics are being greatly benefited.

Dorris stated that it is a known fact that alcoholism is the fourth largest cause of death in this country, with heart trouble taking the lead as number one cause, and that it is not known how many deaths are caused by heart failure that might be traced back to alcoholism. About one-third of the accidental deaths in this country are caused by alcoholics, either directly or indirectly", stated Dorris.

Dorris said that after an alcoholic has been restored to normal living, that about twenty people were helped, including himself, his immediate family and often times his creditors, as well as his friends and neighbors. He also gave some very interesting facts about the state of mind and outlook on life, that befalls an alcoholic, and the kind of help that the victim needs to be restored to a normal life.

"There are over 3,000,000 Alcoholics in our country, with a cost of one billion dollars annually, not counting the cost of treatment," announced Dorris. He went on to say that alcohol is the greatest cause for so many homes to become broken up and family ties being dissolved; also that a big percent of the people who are serving time in the jails and prisons today are habitual users of alcohol.

"The Brains of Young America." —Dr. Robert A. Millikan, Nobel prize winner, tells why we must have his patent system that protects the discoveries of the inventors of tomorrow. This interesting article will appear in The American Weekly, The past ten or twelve years a program Magazine distributed with next Sunday's Los Angeles Examiner.

Bovina Happenings

Mr. and Mrs. J. O. Combs visited in the home of Mr. and Mrs. Van Bowen Tuesday evening.

The W. M. U. ladies of the Baptist Church met with Mrs. Giles on Wednesday of this week at 2:30. Mrs. Combs was teacher of the Bible study and refreshments were served to Mesdames, Williford, Combs, Tidensberg, A. T. Ray, Atwell, Bradshaw, and the hostess Mrs. Giles.

Mrs. Everett gave the children in her room a real treat on Friday. She took them for a train ride, which really thrilled them. They went from Bovina to Hereford, where some of the mothers were there to meet them and brought them back in cars.

At the special election held last Tuesday, there was a change made in the form of the city government. The Commission form of government was adopted, the newly elected mayor is Mr. O. W. Rinehart, and the new commissioners are: Mr. John Kimbrough and Mr. J. T. Hammonds. Members of the council retiring, besides Mayor Cherry, are

PRESENT RECITAL

The Primary and intermediate students played in a Piano Recital Sunday afternoon at 3:00 o'clock at the Methodist Church. The fifth and sixth grade students were: Carolyn Wilson, Cletes Huff, Donna Smith, Margie Leak, Kathryn Jefferson, Patricia Cherry, Eurith Crook, Leon Ware, David Everett, Charles Williams, and Don Alverson, Dyalthia Bradshaw, Sandra Jefferson, Denney Ware, Murlene Crook, and Neta Beth Estes. A playlette, Peter Rabbit, was dramatized by the younger children. This was certainly enjoyed by all who heard the children.

Devon Floyd and Grady Mitchell of Bovina, and a car driven by G. P. McCrary of Portales, had a collision Friday night near Hereford. Seven were hurt in the crash and all remained in the hospital Sunday although none were hurt seriously.

Rev. and Mrs. Giles enjoyed company from Lubbock Sunday.

Mr. and Mrs. J. I. Rury were Sunday guests in the A. G. White home.

Mr. and Mrs. E. D. Ashcraft, had as their guests over Sunday, J. W. Ashcraft, Carl Kunselman, Mrs. Pearl Bagwell and children of Amarillo and Mr. and Mrs. Bill McDonald and children of Clovis.

Mr. and Mrs. G. B. Carlisle, Superintendent of the Bell and Brayden Construction Company who have lived here several months, moved to Amarillo the past week.

Mr. and Mrs. Aubrey Rhodes took Mrs. Doris Cooper and daughter of Pratt, Kansas, to Canadian, Texas to meet her husband Sunday, then they drove on over to Glazier to see the results of the storm.

Mr. and Mrs. Bedford Caldwell had as their weekend guests, Mrs. Caldwell's brother and wife of Lubbock.

Mr. and Mrs. Tom Whitehurst, and children and Mr. and Mrs. Leroy Wilkerson enjoyed an outing at Buffalo Lake Sunday.

Mr. and Mrs. Elmer Venable and children and Mr. and Mrs. Bill Venable and Rocky visited Mr. Bill Venable's sister, Mrs. Geneva Lawson in Tulia, Texas Sunday.

Leon Gee sustained very painful injuries Saturday, while trying to throw a belt from a feed grinder. He received a skull fracture.

Mr. and Mrs. Jim Kidd of Fort Worth visited friends and relatives in Bovina last week.

Will Lloyd and son visited relatives here Sunday.

Mr. and Mrs. Bass Elliott made a business trip to Plainview Saturday afternoon.

Marhurite and Glenna Barron of Amarillo spent the week with their parents.

Mr. and Mrs. I. W. Quickel and Mr. and Mrs. Lloyd Battey attended the Consumers co-op meeting Thursday in Amarillo.

Mr. and Mrs. Battey went to Lubbock Wednesday to visit Mrs. Sam Sides, who is in the hospital there.

OUR AGENT

Mrs. A. G. White, our Bovina correspondent, is also our agent, and is authorized to accept subscriptions, both new and renewals from the people of Bovina. She will accept subscriptions at the regular rate of \$2.00 per year, and will be paid a commission on each sub. she handles.—The Publisher.

Mr. and Mrs. Joe Wilson and Mr. and Mrs. Jess Walling left Sunday for El Paso where they will attend a lodge meeting.

The Trimble tailor shop had moved to its new location across the street in the new building.

The vacation Bible school workers of the Methodist Church went to Hereford Friday. Each attended the unit in which they will sponsor in the Bible school to be held in Bovina in June. Those attending were: Rev. York, Mrs. Earl Ware, Mrs. Charles Ross, Mrs. Howard Crook, Mrs. Bob Blalock, Mrs. Earl Richards.

Mr. and Mrs. Will Parker went to Roswell Saturday for a week's visit with their children who live there.

Mr. and Mrs. Steve Calhoun and son, returned home Monday from

Las Cruces, New Mexico and Winslow Arizona, where they visited their two sons, Jake and Austin.

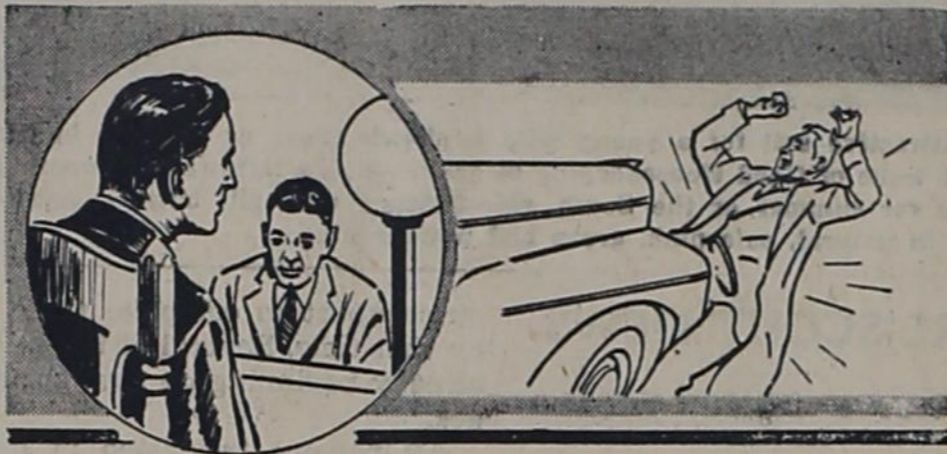

Mr. and Mrs. Fred Payne left Wednesday morning for Nokona, Texas. Mr. Payne's father is very ill.

Mr. Lee Gunn returned to his home in Flomot, Texas last Tuesday. He had been visiting his son Mell Gunn and family for some time.

Mr. Glover and Amos Steelman are spending the week in Hot Springs.

Mr. and Mrs. Shelby Bishop and children from Jacksonville are visiting their parents and other relatives in Bovina this week.

Mr. and Mrs. Roy Hawkins are enjoying a visit from their niece, Mrs. Ralph Hickman from San Antonio.

IT PAYS

to keep your BARNs well painted with

BPS BARN PAINT RED

A rich, full-bodied exterior paint that dries with a good gloss. Can be liberally reduced with linseed oil... also reducing the cost. Holds its bright red color... does not fade out like so many of the cheaper barn paints often do. Spreads on easily... covers well. Use it on barns, silos, outbuildings, bridges, warehouses and all wood, brick or metal surfaces.

ALSO FOR METAL ROOFS—

BPS BARN PAINT RED is the ideal paint to use on galvanized iron or tin roofs.

The tough protective coating resists all kinds of weather conditions.

THE MAVERICK

First Grade—

On Thursday of last week Mrs. H. E. Carrell had a party for our room. It was to celebrate Horace Lynn's seventh birthday. We had cake with candles and cold pops, cookies and suckers. Our teacher was absent that day so Mrs. Brewer helped Mrs. Carrell. We would like for Horace Lynn to have a lot of birthdays.

We have been working on number work for a popcorn party. Now every one has learned to count as far as we go so we will have that party on Tuesday. We are going to play bingo.

Bobby Magness was absent Thursday. He attended the Stock Show in Lubbock.

Gary Lance is sick. We wonder if Gary has the measles. Hurry back to school. We miss you, Gary.

We like Maxine Ford for a teacher. She taught us one morning while Mrs. Whitley was away. Mrs. Brewer was nice too.

We have 2 new pupils, Ray and Kay Fluker from Portales. This makes twenty seven in first grade. They are twins.

Sophomore News—

We are certainly proud of Mary Ruth and we know you were too if you saw the Senior play.

Tommie Meeks gets married over the Easter holidays. We certainly hope she has a happy marriage and

good luck.

We sophomore girls especially are proud of the new ice box we got out in the homemaking department.

Senior News —

We wish to thank everyone who helped us to make our play a success. With the money we make we are going to use it on our Junior-Senior trip which will be to Ruidoso at the end of school.

We are beginning to look for our annuals back, as they are supposed to be here by the time school is out.

Our last three weeks of schools are on the way, then no more school. (some of us hope to pass!)

Scandal—

Well!!!! Can't Hazel be satisfied with A. C.? She seems to be looking at Dwight with that gleam again. Better watch her A. C.

Seems as though play practice interferes with Wanda's romance! Bet now that the play is over maybe she can make another start at it.

Valarie seems to be getting along with Ray all right. Poor boy!!!

Carv Joe must really like Rosie and Ione to get up in the middle of class and sit right between them. Bet Mrs. Booth didn't have anything to say about it though.

We wonder if Joan had a good time the night of the Football Banquet?? Eh Bobby and Junior.

What's happened to Mary Ruth and all the Farwell boys? Could it be that she left them to chase the Okies???

Bet Wanda doesn't mind being kissed. What about it? Specially by Max!!

Alta seems to be doing alright in Algebra. Eh Warlick??

Wonder why Theda gets so worried when Leonard waits until the last minute to ask her to go anywhere with him. Sometime she is going to surprise him and have other plans. We're dishing out helpful advice; better take it Leonard!!!

Who is Alvah's girl friend, Joan? Inez? Irene? or Ione?

Wonder who called Mary Ruth this morning and said that he was C. W.?

We wonder why some of the Seniors will be proud when school is out???

Wonder why Earl is sending pictures of Joe to Reba instead of pictures of himself?

BOVINA NEWS

(Continued from Preceding Page)

They saw "Song of the South". The mothers helping to take the children there; Mrs. Ware, Mrs. Earl Richards, Mrs. Cash Richards and Mrs. Isham.

Mrs. D. W. Horton took Mr. Horton to Dallas the first of the week for medical care.

Lillie Ann Ellison was taken to the hospital in Clovis Monday Morning. She and her mother were not doing so well on Saturday, the last report before sending the news in.

Mrs. Andrew Moorman and Mr. and Mrs. Dick Martin, went to Roswell Thursday to spend the week end with Mr. and Mrs. Lawrence Rhodes.

Several from Bovina attended the consumers co-op meeting in Amarillo Thursday and Friday.

Mr. and Mrs. Levi Johnson spent Thursday in Plainview attending a stock show and banquet.

Mr. and Mrs. Bill Kyle have returned from a trip to San Antonio where they went by plane to visit Mr. Kyle's sister.

The Boxford family returned from Woodward, Oklahoma, Wednesday where they went after the storm. One of their folks was killed and some injured.

Mrs. Barnett and Jackie left for Oklahoma, Friday night, to visit relatives, and Jackie is to purchase a new truck while there.

Mr. and Mrs. Arthur Moorman and children, went to Roswell, New Mexico Saturday night, to stay overnight and Sunday.

SENIOR PLAY

The play presented by the Senior class at Bovina on Friday, April 18 was shown to a full house. The title of the play was "The Darling Brats"

The characters in the play were as follows:

Junebug Johnston, the negro cook; Howard Ellison; Cynthia Darling, the oldest darling, Martha Williams; Jack Henry, the gardener, D. C. Looney; Barbara Darling, the youngest darling, Loyce Trimble; Harold Darling, the darling boy; Robert Read; Theresa Darling, Bobbie Edwards; Agatha Briscoe, the darling aunt, Mary Alice England; Rod Vinton, Cyn's fiancée, Charles Ross; Spike Sperleng, Tess's boy friend, Gene Hawkins; A. Appleton; Agatha's Suitor, Durward Bell; Mrs. Vinton, Rod's Mother, Louise Fuller.

Everyone really enjoyed this play and got a good laugh out of it. Each one certainly played his part well.

Mrs. Gaines and Mrs. Williford visited Mrs. Rhineheart Friday afternoon. Mrs. Rhineheart has been ill. She is some improved at this time.

Troy Armstrong is visiting his mother in Arkansas and son in Tennessee this week.

Mr. and Mrs. Hillary Tidenberg were shopping in Clovis Wednesday.

ATTEND MEET

Ten from Bovina made a trip to Dawn on Thursday of the past week to attend an associational W. M. U. meeting to be held there. Those going from here were; Rev. and Mrs. Giles and children, Mrs.

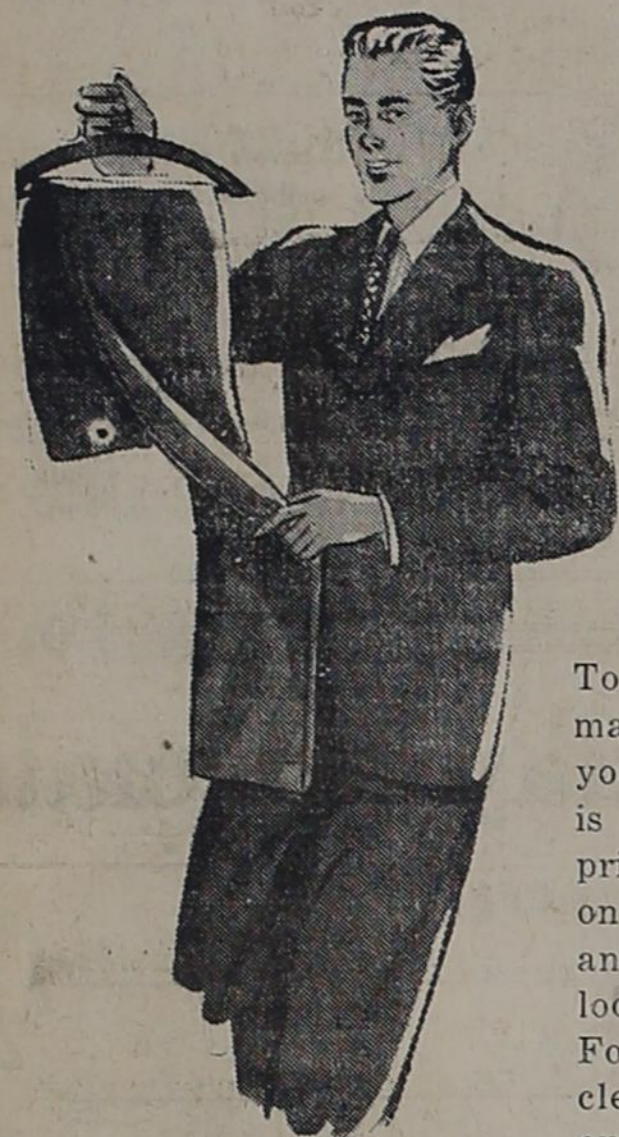

Combs, Mrs. Free, Mrs. R. A. Kelley, Mrs. Looney, Mrs. Ward, Mrs. Williford. A very nice time was reported by all who attended.

doing needlework. Delicious refreshments were served to the following members; Mrs. Fred Carson, T. G. Hudson, Robert Calaway, Paul Jones, Jess Walling, John Byler Jr., and the hostess.

IN REGULAR MEETING

The Sew and Chatter Club met in the home of Mrs. Joe Wilson on last Thursday. The afternoon was spent

Next Thursday the club will meet with Mrs. Fred Carson. Each bring a covered dish.
