

5 Million Bushel Wheat Crop Evident

THEY STARTED THE WHOLE AFFAIR. . . Co-authors of the much-debated labor bill which occasioned one of the hottest battles in modern congressional history are Rep. Fred A. Hartley (Rep., N. J.) (left) and Sen. Robert A. Taft (Rep., O.). Sponsors of the labor reform measure are shown here as they met on the senate side of the capitol to discuss the final showdown on the bill which took place in the senate.

Has Anybody Seen Any Flying Discs?

No doubt the repeatedly reported story of persons seeing flying discs coursing through the skies at unbelievable speeds is fast growing to be a somewhat dull tale to many people. Well, deconnit, we still think there is something behind all this baloney; as surely one person out of all the thousands claiming to have seen the objects should have actually seen ONE.

We've heard varying stories about individuals seeing some of these mystifying dodads with a radius of one-hundred miles, but as yet no one has claimed the distinction of sighting one in this county—that is, so far as we know.

Tell you what we're gonna do. For every flying disc that is brought to this office, we'll see that the fortun-

ate finder gets his facial features pasted on P-1. (Page one to youse non-printer guys). But wait; you haven't heard the half of it yet. A reward in the lump sum of \$1.13 (all I've got) will be thrown in for the heck of it.

But remember—we will not pay one red cent for a phoney. We don't care whether the real McCoy happens to be the size of a saucer from a siesta set or as big as a five-room house—we're not particular. But the object must possess (or has possessed) means for locomotion at tremendous speeds through space; resemble a disc in shape; and naturally, all rights governing ownership turned over to us.

Sounds like a good way to get rich quick.

Alleged Forger Is Nabbed At Friona

S. P. Reynolds, who is said to have been living under the name of James P. Peth, was nabbed by Deputy Sheriff C. M. Jones at Friona, last weekend and brought here, where he was charged with forgery. Waiving his preliminary hearing, he is being held in the county jail to await the action of the Grand Jury.

According to officials, Reynolds is alleged to have forged the name of Roscoe Parr to three checks in the amount of \$96.70 each, and to have cashed them with Friona business men after banking hours. Becoming suspicious of his actions, one of the holders of the alleged forged instruments contacted Parr to learn that he (Parr) had not issued the checks. Deputy Jones had Reynolds under arrest in a short time, and all but \$2.00 of the money was recovered, officials said.

Reynolds, according to his own statement, officers said, is a deserter from the U. S. Marines. An investigation of his claim is being made.

Texico Man Injured In Motorcycle Accident

John Lesley of Texico, received a crushed ankle, Monday morning about 8 o'clock, East of Clovis, when he was involved in an accident with a car and trailer.

Lesley was returning to his home from Clovis when the accident happened. It is understood that Lesley had passed a car and met another car and trailer and didn't have room to pass and was caught by the trailer, causing him to lose control of his motorcycle.

The rider was caught under the vehicle by his left foot, which was badly crushed. A passerby took Lesley to the Memorial Hospital in Clovis, where he was given treatment.

It was first thought, by the attending physicians, that the foot would have to be amputated, but later reports revealed that unless complications set in, the limb could be saved.

Sister-in-Law Of Buck Bradshaw Killed

Mrs. Floyd Dunn Bradshaw, of Los Angeles and sister-in-law to L. H. (Buck) Bradshaw, of this city, was killed last Saturday afternoon, in a car accident, in Arizona.

Mr. and Mrs. Floyd Bradshaw were enroute to Dallas from California, and planned to stop here with Floyd's brother, Buck Bradshaw.

The particulars of the accident were not learned, other than the car in which the Bradshaws were riding, was sidwiped by a large truck, killing Mrs. Bradshaw instantly. The exact place of the disaster was not learned at the time of this writing.

BRICK ARRIVES

The first car of brick to be used in facing the new Methodist Church in Bovina, arrived there last Friday and has been placed on the ground. Church officials said that another car of brick was scheduled to arrive at an early date and the work of completing the exterior of the new building will go forward.

Mrs. Emely Joyner Of Okla. Lane Passes

Mrs. Emely Joyner, 79, died Tuesday, July 8th, in the home of her daughter, Mrs. Jack Roach of the Oklahoma Lane community.

The aged lady had been ill for several years, spending most of the past four years in bed.

Mrs. Joyner was born February 10, 1869, in the state of Missouri, and was married to Thomas Joyner.

To this union was born ten children, five of them having preceded her in death along with her husband. The five surviving are Mrs. Jack Roach and Mrs. Geo. Patton, Farwell, T. J. Joyner, Mrs. H. C. Simms, of Durant, Oklahoma, Mrs. Bill Bliss, Colman, Okal., and a number of grandchildren.

Mrs. Joyner was converted at the age of 18, and had been a faithful Christian to her death.

Burial services were held at Chillicothe, Texas, Thursday afternoon at 3 o'clock, with Rev. Jess Terry, pastor of the Oklahoma Lane Baptist Church, officiating. The Steed Funeral Home of Clovis was in charge of the arrangements.

Those attending the funeral from here and Oklahoma Lane were: Jim and Mrs. Joe Miller, Mr. and Mrs. Johnnie Jennings, Mrs. Joe Donaldson, Mrs. Tom Massongill, Mrs. Harold Carpenter, Earl Roberts and Rev. and Mrs. Terry.

Child Escapes Injury In Freak Accident

The 18-months-old daughter of Mr. and Mrs. Fred Gallman, of the Lazbuddy community, is recuperating following her miraculous escape from death recently, when she was run over by a tractor driven by her father.

Gallman, according to reports, drove his machine up and stopped to open a gate, after which he mounted the tractor and started off. Mrs. Gallman, in the yard, saw the youngster run in front of the machine, but was unable to make her husband hear her cries. However, Gallman did glance around in time to see his wife cover her face with her hands, and immediately jumped on his brakes.

Leaping to the ground, he rushed to the front of the tractor, to see the baby caught between the "pig-geon-toed" front tires of the tractor, with the machine stopped just at her throat. He remounted his machine, backed off the child and put her in the family car, only to have the car die. He then took the baby in his arms and ran across a field to the home of a neighbor, to get transportation, and the child was rushed to a doctor—who, after exhaustive X-ray checkup, pronounced the child as unharmed, and added that the jostling the babe received while her father raced across the field has shaken her organs back in order, with no harm resulting.

SHOE SHOP TO CLOSE

Mr. and Mrs. Rip Snodgrass announced today that their Electric Shoe Shop in Texico will be closed the next three weeks, while they are in Hot Springs, taking a badly needed rest and enjoying the mineral water baths. They plan to leave shortly after closing hours on Saturday, July 19th.

GRANDMOTHER DIES

Mrs. Mary Chigman, age 83, grandmother of Mrs. Mose Glasscock of this city, died at her home in Augusta, Kansas, on July 3rd, and was buried there on July 5th. Mr. and Mrs. Glasscock and James Bruce drove there for the funeral services. Mrs. Chigman was well known here, having visited in the Glasscock home several times the past few years.

Paralysis Victim Sees Little Hope For Improvement

After being bedridden for twenty years, 33-year-old Marshall Deaton, sees little hope for any permanent improvement from the physical handicap that has held him so long.

Through the efforts of the Shriner's Club of Hereford, Deaton was sent to the Baylor Hospital in Dallas recently, where he spent nine weeks. "I can't see that any good was accomplished," he told a Tribune reporter last Friday from his propped-up position in the front bedroom of his home at Black, 40 miles northeast of this city.

Deaton said that the only hope held out for him was through an operation on his badly drawn and wasted legs "that might enable me to use a wheeled chair."

Discouraged by his trip to Dallas, Deaton expressed the hope that he might "muster up enough courage" to re-enter some hospital this Fall for an operation.

The paralysis victim said that this was the first treatment he had received since he was stricken. At the time he became afflicted, the attending physician recommended that he be left alone. The patient said that up to this time, his case had never been taken up by the March of Dimes program and that all the assistance he had received had been by the Hereford Shriners, whose attention was called to the case by publicity on the part of the State Line Tribune.

Donations To Hedrick Family Insufficient

The appeal sent out by The Tribune last week for aid to the destitute Hedrick family has met with "only fair" response, it was reported today by Mrs. J. C. Temple, who is handling the contributions.

The Hedrick family—man and wife and two small boys, ages 4 and 6—lost all its possessions two weeks ago when a fire completely destroyed their small home in south Farwell, while the family was away.

Mrs. Temple said that the need for clothing and bedding has been only partially met, and now the items most needed are items of furniture such as dressers, tables, chairs, and the like. All such contributions should be brought to Mrs. Temple. So far as had been reported here, no cash has been donated.

Showers Fall In Small Area Thursday Night

Beneficial showers fell over widely scattered areas of Parker County last Wednesday and Thursday evening, bringing a measure of relief to feed crops which are badly in need of moisture.

The most favored section of the county seemed to be north of the Oklahoma Lane school, where as much as two inches fell on the Levi Johnson farm. Other nearby farmers received showers amounting to a quarter- to a half-inch.

Harold Carpenter, secretary of the Parker County ACA, stated Tuesday that most of the row crops in the county were showing promise of a good yield, but admitted that all crops are in need of rain. He predicted that if rain comes within the next two weeks, the feed crops of the county would come through in good shape.

BOVINA VISITORS

M. D. Richards of Abilene, brother of J. A. Richards, and Capt. George Richards, son of Mr. and Mrs. J. A. Richards, were visitors in the home of the latter, at Bovina, last week. Capt. Richards has been in the Army for the past 20 years and is now stationed at Houston, where he is connected with the recruiting service.

882 Cars In Elevators

Estimates that had been made the past few weeks of a wheat yield that would range between 5 and 6 million bushels in Parker County were pretty well justified last weekend, with completion of a survey made of all elevators in the county.

A Tribune reporter interviewed every elevator operator in Parker County in order to arrive at some definite figures concerning the yield in the county this year. Tabulations reveal that up to that time a grand total of 603 carloads had already been shipped from the county elevators, and an estimated 882 carloads was in storage in elevators, awaiting shipment.

No one would even hazard a guess as to the amount of wheat being held in farm storage and piled out in the open. The most critical bottleneck appears to be in the Black section, where one wheat grower, Willis Edelman, was reported to have 25 carloads on the ground, and R. E. Barnett was understood to have a full section of threshed grain out in the open. Roy Eastep, another grower in the Black area, was said to have been unable to market or store a single load of his new crop.

Cleaned Up Locally

C. M. Henderson, local elevator operator, said today that most of the grain that had been piled outside in the Texico-Farwell section had been "pretty well cleaned up". A similar report also comes from the Lazbuddy section, where Roy White is about the only growers left with a large amount of grain on the ground.

Grain buyers at Friona and Bovina, however, said that a considerable amount of the grain in these areas is still in outside heaps, with little indication that it will be moved for several weeks, at the rate railcars are being received.

Thousands of bushels of Parker County wheat have been trucked out as far as Lubbock, Morton, Levelland and Amarillo, it was reported by grain men contacted.

At the time the survey was made last Friday and Saturday, every elevator in the county, with the exception of the Henderson Warehouse in Farwell, was filled to capacity and many buyers were purchasing grain at slightly under market figures and piling it out in the open. Friona led the shipping points in the number of carloads, with 204, while Bovina was leading in the number of carloads on hand.

Here is the standing as of last Saturday:

	Cars Shpd.	Cars On Hand
Texico-Farwell	100	235
Black	52	60
Friona	204	260
Lariat	75	53
Bovina	172	275
	603	882

Additional Receipts Here

Since the above figures were compiled, additional receipts at the Henderson Warehouse in Farwell will hike the total grain on hand to at least 265 carloads. Receipts at the other four elevators were not expected to increase the "on hand" figure, since all of them were filled to capacity at the time of the survey.

Henderson said today that his warehouse had been filled, but he was making an effort to "maneuver some more storage" within the next few days.

The survey made last week also revealed that Parker County shippers were provided with 203 railcars during the period of June 25 to July 5, which was about 100 less cars than had been furnished Curry County shippers in the same period of time. Protests of this apparent discrimination in the distribution of cars have been repeatedly filed with Santa Fe officials, and it was learned here today that the railcar situation is showing slight improvement in Parker. A check-up here today showed that cars were being furnished local shippers every day, whereas until this week, cars were being placed on local sidings about every second and third day.

Even with this increase in the number of cars, shipping facilities are still inadequate and local Santa Fe officials expressed little hope that

(Continued on Last Page)

Larger Membership Needed In Local Fire Department

Otis Huggins, secretary of the Texico-Farwell Fire Dept., received a letter from Marvin Hall, fire insurance commissioner, at Austin, Texas, in reply to the drill report sent in for the month of June, stating that the number of members present for these drill practices will not meet the requirements of the commissioners.

The Department now has only 13 members, while the required number is a minimum of 20, with the majority attending each drill practice. Until the membership of the local dept. has at least twenty members, it will not be recognized by the insurance commissioners.

It is to the advantage of all business men to see that the department becomes recognized by the commissioners, as this will help to secure a lower rate of fire protection on property.

The firemen meet each Wednesday night at 8 o'clock for drill practices and to attend to business and would like to have a larger attendance at these meetings.

"Not A Chicken", Visitor Learns

It appears that in the future, restaurants will have to elaborate on their menus, or else drive visitors into a complete frustration.

Coming to Farwell from Portales, Sunday, via bus, Mrs. Kirt Crume happened to be riding next to a lady from Boston, who was describing her visit in Carlsbad with her father. Recounting her experiences, the Bostonian told of ordering a "chicken-fried" steak in a Carlsbad restaurant, and with an air of complete bewilderment, suddenly turned on Mrs. Crume and demanded "What part of the chicken is that?"

Needless to say, the Eastern traveler was relieved to learn that her dinner wasn't chicken at all, only steak masquerading in fancy clothes.

4-H Club Encampment August 11, 12, 13

The District No. 2 4-H Club members will hold their annual encampment August 11, 12 and 13th, at the McKenzie Park in Lubbock, it was announced early this week by County Agent Ollie Liner.

There will be 12 members of Parker county selected to attend this encampment, with about 300 members expected from the District, which consists of 18 counties.

There will be courses taught at the encampment, such as first aid and rifle practice. One leader will be selected to go on the trip from this county, stated Liner.

Election Judges Listed By Commissioners

Election judges who will have charge of precinct arrangements for the special constitutional amendment election on August 23 were named Monday of this week, when the Parker County Commissioners Court held a regular meeting.

As named on the court minutes, the judges are:

- Black—Bill Edelman.
- Friona—T. J. Crawford.
- Bovina—C. R. Elliott.
- Farwell—Willis Magness.
- Lazbuddy—John Gammon.
- Oklahoma Lane—Sam Sides.
- Rhea—Melvin Sachs.
- Lakeview—Fred Barker.

The commissioners also accepted the bid of R. B. George Co., on a D-12 motor grader, to be used for road maintenance to the county in sum of \$9829.50. The minutes reveal that \$3829.50 is to be paid in cash, with the balance falling due in warrants of \$1000.00, annually. The machine is purchased for Precinct 4.

Other business included approval of current bills presented the court, and authorization of their payment.

Irrigation Schools To Be Held In This Area

County agent Ollie Liner announced that there will be a number of irrigation schools held in the Extension Service District No. Two, which includes the Plains and Panhandle countries, during the month of July.

Two of the schools will be held at Amherst and Olton, on Friday July 18, during the day and night respectively, the Olton school beginning about 8:30 p. m.

Mr. Ivan D. Wood, connected with the United States Department of Agriculture, will be the main speaker at these meetings. Mr. Wood has had a number of years of experience in the irrigation field, having spent 15 years as an irrigation specialist in the watered sections of Nebraska, prior to that time he held the position of county agent for several years.

The subjects of discussion at the schools will be irrigation ditches, borders, laterals and gates; also irrigation of permanent pastures and other uses of irrigation farming.

All farmers who are interested in irrigation, are invited to attend one or both of these schools.

Mr. and Mrs. H. D. Mayfield, of Friona, visited and attended business matters in Farwell Tuesday morning.

The County Clerk's books reveal that marriage licenses were issued to Hubert Louis Ray Wilson and Miss Virginia Mae Bouldin, on July 11th.

Health Notes

By Texas Department of Health

AUSTIN—The fact that dental decay may occur in the mouth of the average person, despite proper home care given teeth, does not lessen the importance of brushing the teeth and massaging the gums daily, nor does it minimize the need for a cleaning and inspection of the teeth twice a year by the family dentist. Dr. Geo. W. Cox, State Health officer, says that the lack of these measures gives added power to the germs that attack the enamel of the teeth and gum tissues.

"If, despite the practice of proper oral hygiene, decay is suspected or teeth are injured in any way, the thoughtful person will seek the dentist's office promptly for the necessary corrective work," Dr. Cox said.

"It is surprising, though, even in these days of comparatively painless dentistry, that so many persons neglect to have their dental effects corrected, because they foolishly fear the discomfort they might experience in the dentist's chair," said the State Health Officer. "There are others who having lost a tooth they or several teeth make no effort to obtain replacements. Apparently they believe they can get along without them. Reduced masticating power, the annoyance and sometimes actual discomforts of chewing hard substances on the exposed gums, and crooked teeth are some of the possible consequences of gaps in the teeth."

Dr. Cox advised those who are interested in experiencing the best dental and bodily health possible, to give daily attention to their mouth and visit the dentist twice a year, and promptly seek the dentist's services should decay or other suspicious conditions arise between the periodic visits.

"In short," Dr. Cox declared, "successful mouth hygiene means not only intelligent personal daily application of prophylaxis but complete and timely cooperation with the family dentist as well."

VACANCIES ARE FILLED

WASHINGTON—The War Department announced today that all position vacancies for commissioned personnel to serve as war crimes investigators have been filled. Consequently, applications from persons desiring either direct appointment in the Army of the United States or recall to active duty as war crimes investigators are no longer being accepted.

Questions and Answers For Discharged Vets

Q—Does my right to obtain a guaranteed loan continue indefinitely?

A—No, but you have until 10 years after the official termination of World War II.

Q—Are there any charges for guaranteeing or insuring a G-I Loan?

A—No Commission, brokerage and similar charges may not be legally made against the veteran for securing a guaranteed or insured loan. Of course, customary out-of-pocket fees usually borne by the borrower, such as appraisal, title examination fees and other costs and expenses incident thereto, may be charged against the veteran by the lender, the same as against all borrowers.

Q—What will happen if I do not

make my loan payments?

A—That depends upon the terms of your loan, the attitude of the lender and the laws of the State where the veteran and security are located. If payments are not made when due, the loan is in default and the lender may take such action as is provided in the loan agreement and is permitted by the state law and by the regulations for guaranty and insurance of loans.

Q—Does Veterans Administration make loans or find a lender for me?

A—Veterans Administration does not make loans, nor does it find a lender for the veteran. VA is not permitted to make loans. Within the limitations established by law, it guarantees or insures the repayment of a part of the loans made by the lenders to veterans. In addition, Veterans Administration pays the lender as a credit on the loan 4 per cent of

LEGAL NOTICES

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: George G. Wright whose residence and address is unknown and the unknown heirs, assigns and legal representatives of the aforesaid defendant, whose names, residences and addresses are unknown GREETING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock a. m. of the first Monday after the expiration of 45 days from the date of issuance of this Citation, the same being Monday the 18th day of August, A. D. 1947, at or before 10 o'clock A. M. before the Honorable District Court of Parmer County, at the Court House in Farwell, Texas.

Said plaintiff's petition was filed on the 5 day of July, 1947.

The file number of said suit being No. 1403.

The names of the parties in said suit are: E. B. Whitefield as Plaintiff, and George G. Wright and the unknown heirs, assigns, and legal representatives of George G. Wright as Defendant.

The nature of said suit being substantially as follows to wit:

Plaintiff brings this suit in trespass to try title alleging that on June 1, 1947, he was the owner in fee simple of Lots 5 and 6, Block 31, of the original town of Friona, Parmer County, Texas, and that on the second day of June A. D. 1947 the defendants and all of them, un-

lawfully entered upon said land and withhold from his possession thereof, to his damage in the sum of \$100. Plaintiff pleads the ten year statute of limitations in the alternative. Plaintiff prays for title and possession of the above described land. If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the fifth day of July A. D. 1947. Given under my hand and seal of said Court, at office in Farwell, Texas, this the fifth day of July A. D., 1947.

(seal)

Loyde A. Brewer, Clerk District Court, Parmer County Texas.

OUR WHEAT CROP COMES OF AGE

A QUARTER CENTURY OF PROGRESS

About 25 years ago, wheat came into its own in the territory we serve. Last year alone wheat farmers here harvested about 40 million bushels of high protein wheat... in fact almost four-fifths of that produced in Texas is grown in our area.

Today, good bread from our wheat helps keep a healthy America healthy.

We have so much confidence in the wheat industry—and all other industries we serve, that we are investing 35 million dollars in a building program. This expansion program in our territory will bring more dependable electric service to industry and farms and better living—electrically—to everyone!

of operation in World War II, the 34 year old Captain will serve as Intelligence Officer for the 2nd Battalion, 142nd Infantry, 36th Division of the Texas National Guard. He resides at 4014 Hayden Street, Amarillo, with his wife and mother.

True Stories of West Texans

(By N. H. KINCAID)

THE WALLET AND THE COW

The men about the chuckwagon were relaxed but their faces still bore signs of fatigue. Their mission had been completed and the 3,000 steers marketed in Abilene, Kansas; the badlands had again been traversed and they were back on Texas soil. From here on they could take it easier.

As they refilled their coffee cups and grouped themselves in a casual semi-circle about the low fire, the new look-out rode off to his post.

The conversation turned, as usual, to their own northern drive. Its full favor unappreciated in the midst of the sweat and dust and stampedes, was now mulled over.

But gradually quiet prevailed, and their thoughts swerved homeward. It would be good to be back again with some hard cash in their pockets! This was in 1870; money could surely be used in war depleted Texas.

The boss of the outfit patted his pocket fondly. This trip meant much to him. He had come out of the Civil war a captain and with a shoulder wounded at Chickamauga. And no money nor business. All that Texas had was cattle—and no home market. So he had talked several friends into trusting him with some of their beeves and another into staking him with purchasing some of his own, and had them set out for the railroad in Kansas. And his gamble had paid off well.

The hand on the pocket suddenly contracted and dived inside. Other pockets were searched frantically but to no avail. Each cowhand took up the search, but it was finally agreed that the wallet, with the hopes of a man's future tucked inside, was surely lost.

"When do you remember having had it last?" someone asked, and the young captain sat down to collect his whirling thoughts.

"I know that I had it this morning just before we broke camp," he decided; and he hadn't had it since. Already he was starting for remuda and a few seconds later he rode off in the moonlight.

In the murky light of dawning he rode up to the charred remains of last night's cookfire. An old cow stood nearby chewing her cud at that time of morning. As he looked, she lowered her head. And there at her feet lay his lost wallet.

His spring from the horse was instantaneous and he reached the wallet just as her grasping tongue was encircling it. But a sad looking object it was! Only half of it was there it had been bitten in two, and the other half swallowed.

Claiborne W. Merchant, future

baron and "father" of both Abilene and Amarillo, Texas, stood looking at those sawed-off halves of many hundred dollar bills, and a smile wreathed his face. Their serial numbers were intact.

More & More Combines

COLLEGE STATION—The amount of the nation's wheat harvested with combines rose from 49 percent in 1938 to 78 percent in 1945.

A total of 62 percent of the 1945 crop of 125 million acres of small grains was harvested with combines; the remaining 38 percent was threshed with stationary separators or else cut and fed unthreshed.

These figures—based on material gathered by voluntary crop reporters—were released by the USDA Bureau of Agricultural Economics in a recent report.

Percentages of other small grain crops harvested with combines in 1945 were oats, 33 percent; barley, 64; rye, 50; flaxseed, 62; and rice, 42 percent.

LEGAL NOTICE

NOTICE OF ELECTION
STATE OF TEXAS
COUNTY OF FARMER
CITY OF BOVINA
TO THE RESIDENT, QUALIFIED ELECTORS OF THE CITY OF BOVINA, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:
TAKE NOTICE that an election will be held in the City of Bovina, Texas, on the 31 day of July, 1947, on the propositions and at the place more particularly set forth in the election order adopted by the Board of Commissioners on the 15 day of July, 1947, which is as follows:

RESOLUTION
BY THE BOARD OF COMMISSIONERS OF THE CITY OF BOVINA, TEXAS, CALLING AN ELECTION ON THE QUESTION OF THE ISSUANCE OF \$25000.00 WATER SYSTEM BONDS AND ON THE QUESTION OF THE ISSUANCE OF \$40000.00 WATER REVENUE BONDS.

WHEREAS, The Board of Commissioners of the City of Bovina, Texas, deems it advisable to issue the bonds of the said City for the purposes hereinafter mentioned:

BE IT RESOLVED BY THE BOARD OF COMMISSIONERS OF THE CITY OF BOVINA, TEXAS:

1. That an election be held in said City of Bovina, Texas, on the 31 day of July, 1947, at which election the following propositions shall be submitted:

PROPOSITION NO. 1
Shall the Board of Commissioners of the City of Bovina, Texas, be authorized to issue the bonds of said City in the amount of \$25000.00, maturing serially in such installments as may be fixed by the Board of Commissioners, the maximum maturity date being not more than Twenty Five (25) years from their date, and bearing interest at a rate not to exceed Three (3%) per cent per annum, payable semi-annually, and to levy a tax sufficient to pay interest as it accrues and the principal as it matures on said issue of bonds, for the purpose of constructing a Water System in and for said City, as authorized by the Constitution and laws of the State of Texas.

PROPOSITION NO. 2
Shall the Board of Commissioners of the City of Bovina, Texas, be authorized to issue the bonds of said city in the sum of \$40000.00 maturing serially in such installments as may be fixed by the Board of Commissioners, the maximum maturity being not more than Twenty Five (25) years from their date, bearing interest at a rate not to exceed Three (3%) per cent per annum, for the purpose of constructing a water system in and for said City, to be issued in accordance with and secured in the manner provided in Articles 1111-1118, both inclusive, of the Revised Civil Statutes of Texas, 1925, as amended each bond to be conditioned that the holder thereof shall never have the right to demand payment of said obligation out of funds raised or to be raised by taxation, secured by a pledge of the net revenues from the operation of said water system and from the operation of the waterworks system of the City, and by a deed of trust on said water system and the grant of a franchise to operate said system for a term of not exceeding twenty years in the event of sale after default as provided in the power of sale contained in said deed of trust.

2. The said election shall be held at the American Legion Hall within said City, and the following named persons are hereby appointed directors of said election, to-wit:
W. E. Williams, Presiding Judge, Dodson Caldwell, Judge.
Troy Armstrong, Clerk.
Vernon Estes, Clerk.
3. The said election shall be held under the provisions of Chapter 1, Title 29 of the Revised Civil Statutes of 1925, as amended, including the provisions of Article 704, as amended, by Chapter 382, passed at the First Called Session of the Forty Fourth Legislature, and only legally qualified electors who own taxable property in the City and who have duly rendered the same for taxation shall be qualified to vote.

4. The ballots for said election shall have written or printed thereon the following:

PROPOSITION NO. 1
FOR THE ISSUANCE OF WATER SYSTEM BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF
AGAINST THE ISSUANCE OF WATER SYSTEM BONDS AND THE LEVY OF A TAX IN PAYMENT THEREOF.

PROPOSITION NO. 2
FOR THE ISSUANCE OF WATER REVENUE BONDS AND SECURING THE SAME AS PROVIDED IN ARTICLES 1111-1118, BOTH INCLUSIVE, AGAINST THE ISSUANCE OF WATER REVENUE BONDS AND SECURING THE SAME AS PROVIDED IN ARTICLES 1111-1118, BOTH INCLUSIVE.

Concerning each of said propositions, each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote on the proposition.

5. A substantial copy of this resolution signed by the Mayor of said City and attested by the City Clerk shall serve as proper notice of said election. Notice shall be given in accordance with Article 704, Revised Civil Statutes of 1925, as amended by Chapter 382, passed at the First Called Session of the Forty-Fourth Legislature, supra. The Mayor is authorized and directed to have a copy of said notice posted at the American Legion Hall and at two other public places within said City not less than fifteen days prior to the date fixed for holding said election. He shall also cause said notice to be published on the same day in each of two successive weeks in a news paper of general circulation published within said County, the date of the first publication to be not less than fourteen days prior to the date set for said election. Except as otherwise provided in Article 704, as amended, the manner of holding said election shall be governed by the laws governing general elections.

ADOPTED AND APPROVED this the 15 day of July, 1947.

O. W. RHINEHART,
Mayor, City of Bovina, Texas.
ATTEST:
W. O. CHERRY,
City Clerk, City of Bovina, Texas.

Worming Hogs

LUBBOCK—Most effective and practical method of worming hogs is by feeding a mixture of one pound sodium flouride per 99 pounds of dry feed, according to John H. Baumgardner, assistant professor of animal husbandry at Texas Technological College.

Feeding hogs this mixture exclusively for one day proves about 95 per cent effective, much higher than any other method, he said. If pigs are used to slop feeding, they should be given plain dry feed three or four days previous to treatment to get them used to it, he suggested.

The treatment, developed recently by the USDA, is suitable for any class hogs of any age after weaning. Baumgardner recommends that market pigs be treated twice, first immediately after weaning and again when about four months old. He cautioned that sodium flouride is very toxic and the feed mixture should not be left where it will be accessible to children or livestock.

NEW ARTIC TROOP SHELTER

WASHINGTON, D. C.—A pre-fabricated temporary Artic shelter for troops, capable of providing an interior temperature of 70 degrees Fahrenheit while the outside thermometer reads 70 degrees below zero, and also capable of withstanding the impact of 125-mile-an-hour wind, is being designed by the Corps of Engineers. Present plans call for a building light enough in weight to be transported by airplane or glider and so simple in construction that it can be erected quickly by unskilled men wearing Artic clothing, including gloves.

In High-diving or Gasoline . . .

IT'S Control THAT COUNTS!

Phillips 66 is CONTROLLED*
For Uniform,
All-Season Performance!

Executing a perfect swan-dive like this from a 15-foot board takes some control! And it takes plenty of control to give you a gasoline as well-suited to all-season driving as Phillips 66!

Phillips does it by the careful selective blending of high-quality gasoline components. The result is a gasoline designed to give smooth performance every season of the year.

Try "controlled" gasoline in your car. Get it at your Phillips 66 Dealer! See the difference for yourself.

*PHILLIPS 66 IS SELECTIVELY BLENDED FOR HIGH-LEVEL PERFORMANCE ALL YEAR 'ROUND!

GENERAL WAINWRIGHT TO RETIRE

FORT SAM HOUSTON—General Thomas T. Handy, Deputy Chief of Staff to General Eisenhower, will succeed General Johnathan M. Wainwright, hero of Corregidor, as Commander of the Fourth Army, Fort Sam Houston, Texas, when General Wainwright retires.

The War Department has announced that General Wainwright will drop his uniform on August 31, 1947 and General Handy will assume command the following day.

Mr. and Mrs. Charles Roberson, of Amarillo, were weekend guests in the home of E. W. McGuire and family, of Oklahoma Lane.

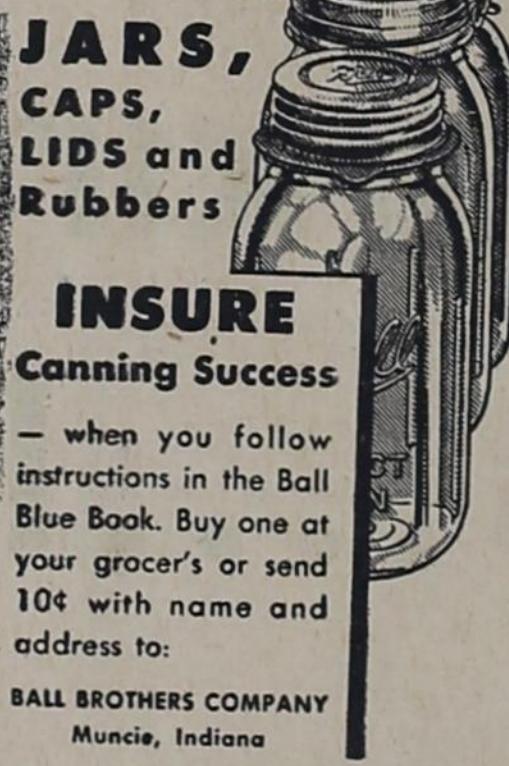

Most of the gold used in the jewelry industries is mined in the United States.

Tour Mexico

LUBBOCK—A motor caravan carrying 20 students of Texas Technological College will leave Lubbock July 22 for Mexico City for a six-week field course in Spanish civilization. Dr. T. Earle Hamilton, associate professor of foreign languages, will be in charge of the course.

Seeking first hand information on the history, arts, language and literature of Hispanic culture, the group will make their headquarters in the capital city and will take excursions to Amecameca and the volcanoes, Teotihuacan and the pyramids, Cholula, Puebla, Cuernavaca and Taxco. They will return here Aug. 29th.

Mrs. Lee Renner and Mrs. Ardean Fallwell, both of Friona, visited in Farwell and Clovis, Monday afternoon.

Farewell Party Honors W. M. Roberts Family

The Oklahoma Lane School Board members and their wives were hosts for a chicken fry held in the school's lunchroom Thursday night honoring Mr. and Mrs. W. M. Roberts and sons who will depart for their new home at McAadoo, Tex., Tuesday, where Mr. Roberts was elected superintendent for the coming school term. 42 was enjoyed by the men until a very late hour, while the ladies cleaned the dishes and chatted. Those enjoying the occasion were Mr. and Mrs. Clarence Christian, Troy Lynn and Phyllis Kay, Mr. and Mrs. Lee Jones and Lavon, Mr. and Mrs. Truman Kent and Doris, Mr. and Mrs. Webb Guber, and Mrs. A. B. Wilkinson and the honorees.

Mr. and Mrs. Roberts are going to be greatly missed in our community, where they have made many friends.

Watermelon Feast Enjoyed

The B. T. U. of the Texico-Farwell Baptist Church, enjoyed a watermelon feast at the Clovis Park, Thursday night.

After the young people's regular weekly skating session, at the Hillcrest Rink, they gathered at the park and enjoyed eating iced watermelon. About 50 were present for the skating party and feast.

Vacation Bible School To Close Friday

The Vacation Bible School, of the Hamlin Memorial Methodist Church of Texico-Farwell, will come to a close Friday of this week, with an open house at 8:30 Friday night.

Rev. Harvey E. Carrell, pastor of the local church, announced that for the first week, the average attendance was 49.

The children who have completed the school, will present a program for the parents and church members at the close of school, pertaining to subjects they were taught during the ten day term.

Birthday Party

Sonny Spurlin, son of Mr. and Mrs. W. H. Spurlin, was honored with a birthday party, given in the home of his parents, last Friday night.

Sonny celebrated his 13th birthday with a group of young people as his guest. The party gathered at the Spurlin home where they were served cake and pop, after which they attended a picture show at the Border Theatre.

Many nice gifts were presented to the honoree, and some sent gifts, who were unable to attend.

Those present for the occasion were: Rose Hines, Bobby Joe and Phillip Ray Crume, Jerry and Rex Pool, Bob Geris, Harold Dean Doshier, Bobby King, Buster Ham, Donald Joe Pipkin, Darlene Sprawles, Charles Phillips, Sharon Guth, of Clovis, Glendon and Ronney Sudderth and Mrs. Billie Sudderth of Bovina, Joan Spurlin and honoree, Sonny Spurlin.

Leaves For Army

Hugh L. (Buster) Crume, son of C. E. Crume of this city, left Tuesday for Fort Mason, California, where he will be inducted. Crume has previously served, attaining the rank of captain before his discharge a few months ago. Honoring him, members of the family gathered at the Joe Crume home in Farwell, this Sunday, for a visit and dinner. Out-of-town guests included Mr. and Mrs. Dick Crume of Lubbock, Mr. and Mrs. Kirt Crume and son of Portales, Mr. and Mrs. Junior Crume of Clovis, Mrs. Kater Crume of Friona. Also present were Mr. and Mrs. Hayden Cason and son and C. E. Crume and son of Farwell.

Mr. and Mrs. Homer Dykes of Texico are in Boom, Colorado visiting with Mr. Dyke's brother.

Returns To Mississippi

Miss Peggy Caillouet returned to Greenville, Miss., Thursday, having spent two weeks vacationing with her grandparents, Mr. and Mrs. C. D. Houghtling. Miss Caillouet is a student nurse at King's Daughter's Hospital in Greenville, having completed her freshman year. She is an outstanding member of her class, secretary-treasurer of the Student Council, vice president of the freshman class, and an honor student, making an "A" average. She will go to New Orleans for a 6-months affiliation period at Charity Hospital after her vacation.

Birthday Celebrated

Mr. and Mrs. F. J. Park entertained Sunday with a dinner, honoring Mrs. Park, mother of F. J. Park. The occasion was the celebration of Mrs. Park's 97th birthday, which came on July 14. Other than the immediate family, guests included Mr. and Mrs. T. T. Doolittle.

Leave Wednesday

Robert Armstrong, son of Mr. and John Armstrong, will leave today (Wednesday) for a visit to the lower part of Texas. He will visit Horace Nichols at San Antonio, and with Fowler Nichols at Beeville, in addition to stops at Corpus Christi and other coastal Texas points.

Are Visitors Here

Mrs. Lynn Davis and mother, Mrs. Dougherty, both of Dallas, visited the past weekend in the home of Mrs. Davis' aunt, Mrs. Willis Magness, in Farwell. The ladies are on a vacation trip, planning to visit scenic spots through the Western States, and continuing their outing into Canada.

A farewell party was given in the home of Miss Mary Harding last Friday night honoring Mr. and Mrs. Marvin Doolittle. The couple left for California Saturday morning.

Mrs. Buelah Moeller, of Muleshoe, was visiting with friends and relatives in Farwell Tuesday.

Mr. and Mrs. Ray Nicewarner and daughter arrived here from Abilene the first of the week to spend a few days visiting in the G. L. Nicewarner home. Ray says it has been plenty hot and dry in Taylor County this summer.

Mrs. Buck Bradshaw has been in the home of her parents, Mr. and Mrs. Carter, of Lazbuddy for the past several days while Mr. Carter has been in the Amherst hospital undergoing treatment.

Mrs. Leonard Levy and three small sons of California are visiting in the home of Leonard's parents, Mr. and Mrs. T. E. Levy, here.

J. R. Fain, a student of the Abilene C. C., spent the weekend in the home of Mr. and Mrs. Sam Randol.

Miss Reba Keele of Temple, visited here with her sister, Mrs. Preston Martin over the weekend.

Mrs. Modena Mardberger of Muleshoe, visited here with friends last Saturday and Sunday.

Mrs. Dee Robinson of Clovis visited in the home of Minister and Mrs. L. C. Cox, of this city, Monday and Tuesday.

Mr. and Mrs. Manzy Simms and her father, all of Clovis, attended services at the local Church of Christ Sunday.

Misses Carolyn and Pat Parker, who have been visiting in the home of their grandparents, Mr. and Mrs. Roy B. Perry, returned to their home in Amarillo, Sunday.

Guests Of Vinyards

Mr. and Mrs. Leon Brandenbourg and sons, Kenneth and Victor, of Duncanville, Texas, arrived here Friday for a visit in the home of Mr. and Mrs. W. W. Vinyard. The Brandenbours were enroute to the mountain scenic spots of New Mexico, and left here Monday morning to continue their vacation tour.

Visit Caverns

John Aldridge and family and Mrs. Edd S. Orr, mother of Mrs. Aldridge, who is a guest here from Moberly, Mo., visited the Carlsbad Caverns last weekend. They report a very delightful trip.

Mr. and Mrs. Bud Whitley, of Eric, Oklahoma, arrived Monday for a visit in the Dave Whitley home in Farwell.

Mrs. Woodrow Lovelace spent the weekend visiting with her parents, Mr. and Mrs. H. D. Mayfield, near Friona.

Mr. and Mrs. Loyde Brewer were visitors in Lubbock (Tex), past weekend.

Mrs. Bob Stover and children of Texico and Miss Mary Lou Beeckham of Bovina spent the weekend in the home of Mr. and Mrs. R. T. Thomas at Whiteface, Texas. They visited with relatives which was there from Prineville, Oregon.

Mr. J. E. Stover and son, Jim Ed, from Bledsoe, Texas, was up to see his brother, Bob Stover.

Mr. and Mrs. Ed Landers and son, Truman. Mr. and Mrs. Allen Landers and daughter, Sheron, from Prineville, Oregon, was visiting in the home of Mr. and Mrs. Bob Stover the first of last week.

Mrs. Caroline Martin and house-guest, Miss Jene Love of Stillwater, Oklahoma, spent the past weekend enjoying an outing to Ruidoso, N. M.

J. R. Ellison, of Bovina, was a weekend visitor in the home of Mr. and Mrs. Roy B. Ezell.

Here From Angelo

Mrs. J. D. Harding and sons, Derry Don and Herby Kay, were visitors the past weekend in the home of Mrs. Harding's sister, Mrs. Frank Seale, in Farwell. The youngsters are spending this week with their grandparents, Mr. and Mrs. N. R. Harding.

Here With Parents

Mrs. Kater Crume and young daughter, Judy Lynn, are here from Friona visiting in the home of Mr. and Mrs. W. H. Graham, while Crume is on a business trip to Denver.

Ralph I. Farwell, Chicago, grandson of John Farwell Sr., for whom the city of Farwell was named, was visiting here for several days, week before last, attending to business and looking after interest in connection with the Capitol Freehold Land Trust.

Mr. and Mrs. R. B. Perrin and family left last Saturday morning for Corpus Christi, Texas, where they will spend a ten day vacation, visiting with their son, Buck Perrin, of that city.

Mr. and Mrs. Alva Richardson and daughter, of Orange, Texas, were guest in the home of their Aunt and Uncle, Mr. and Mrs. W. H. Spurlin, Tuesday night of last week. From here the Richardsons went to the Carlsbad Caverns.

Mr. and Mrs. Richard Crume, of Lubbock, spent the week-end here, visiting relatives.

Mrs. Roy Cook and children returned home Sunday afternoon from an extended vacation in Southeast Texas, where they have been visiting relatives for the past several weeks. Mr. Cook joined them about ten days ago and returned with them.

Mr. and Mrs. Robert Hines and little daughter, Donnie Ray, of Tomball, Texas, were visiting in the home of Roberts parents, Mr. and Mrs. R. S. Hines, of this city, last week.

Bovina Happenings

Mrs. J. T. Hammonds had as her guest the past week her sister, the former Lillie Hester.

Mrs. J. Sam Gaines spent the past week in Amarillo, visiting her daughters and her little granddaughter. Lady Roberta came home with her for a few days.

Mrs. Benton Niece and daughter, Betty, went to Clinton, Okla., Wednesday, to spend the next few months.

Mrs. Leonard Levy and sons, from Santa Maria, California, visited Mr. and Mrs. James Watkins the past week. Mrs. Levy is a sister of Mr. Watkins.

Cash Richards and James Watkins are attending to business in Melrose, N. M., this week.

Billy Wayne and Dorothy Wilkerson and Mrs. Jess Vestal and grandchildren spent Sunday at Buffalo Lake.

Fred Carson and T. G. Hudson went to Ruidoso, Thursday, for a few days.

Mrs. Ernest Woelfel was able to come to town last week after a long illness.

Mrs. Aubrey Rhodes and Mrs. Buck McCuan moved to Clarendon on Thursday. They took Doris Jean Young, the niece of Mrs. McCuan, and she left by train to visit Mr. and Mrs. Ray Spoth in Cleveland, Ohio, for the rest of the summer. Later Mrs. McCuan will go to Cleveland to return with Doris Jean.

Mr. and Mrs. J. M. King returned to Fort Worth, Thursday, after spending a few months visiting here.

Mrs. Bingham sustained an injury to one of her legs the past week, when she fell, sticking a pitchfork in her leg between the knee and ankle. The spot became infected and blood poisoning set up and she had to spend several days at a Clovis hospital.

Mr. and Mrs. Austin Calhoun and family from Las Cruces are visiting his parents, Mr. and Mrs. S. A. Calhoun.

Hubert McKinney is receiving medical attention at the Friona hospital.

Miss Betty Jo White, from Crane, Texas, is a guest in the home of Mr. and Mrs. A. G. White this week.

Rev. and Mrs. Giles and children visited his parents in Lubbock, last week.

Fred Carson and T. G. Hudson went to Ruidoso, Thursday, for a few days.

Ross Goforth, of Lubbock, visited in the Buck McCuan home this week.

Ike Quickel spent several days in the hospital in Friona the past week being treated for a leg infection.

Mr. and Mrs. Shelby Sanders and children and Mr. and Mrs. Arthur

Moorman and children spent Monday evening in the A. G. White home. Mr. Moorman brought his picture projector and showed some pictures of the family and friends, also different scenes over the country. Mr. Sanders also had some films, taken in various parts of the country, including California, Chicago, and others. Mrs. White served ice cream and cookies later in the evening.

ELLISONS ENTERTAIN WITH DINNER

Mr. and Mrs. Buck Ellison entertained with a dinner in their home Sunday, featuring chicken with all the trimmings. Tables were placed under the trees in the front yard. Enjoying the occasion were Minister R. R. Rhodes and son, Walter, of Fort Worth; Minister Orland Rury of San Antonio; Charley Rury and Jimmie Rury, Mrs. Jessie Latham and baby daughter, Tony Jo; Mrs. Jess Stowers, Mr. and Mrs. Frank Ayres and Wesley, Miss Betty Jo White of Crane, Tex.; Nolan and Lilvius Rhodes, Mrs. A. G. White, Mr. and Mrs. Byron Turner and children and Miss Audrey Boxford.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending July 12, 1947, were 31,697 compared with 29,276 for same week in 1946. Cars received from connections totaled 9,176 compared with 9,157 for same week in 1946. Total cars moved were 40,855 compared with 38,435 for same week in 1946. Santa Fe handled a total of 41,789 cars in preceding week of this year.

Cotton's Competitors

COLLEGE STATION—The production of synthetic fibers, as opposed to the "natural" fibers—cotton, wool, mohair, silk, and flax—is showing a big increase.

Up until around 1935, according to the USDA Southern Regional Research Laboratory at New Orleans, rayon was the only manufactured fiber in commercial production in the United States. It is made of cellulose. After a couple of false starts rayon production got under way in 1911 and has increased so rapidly that today it runs second only to cotton as a textile fiber. Production is still climbing: 482 million pounds in 1940 to 875 million in 1946.

Before 1940 the consumption of synthetic fibers other than rayon was very small, and even in 1940 totaled only 4.5 million pounds and outranked silk and flax.

Some of the man-made fibers that are coming up fast in the synthetic field are:

Glass fiber commercial production began in 1936 but the output was very limited during the first three or four years.

Vinyon, a fiber made of synthetic first made in 1938. Production is still small.

Nylon; commercial production began in 1939, after a short period of experimental operations.

Aralac and saran, casein fibers, were introduced commercially around 1940.

And a synthetic fiber made of soybeans is coming up.

Need letterheads? Dial 2131

Safety or Death

COLLEGE STATION—One out of every ten farmers in the United States will be disabled by injuries during 1947, unless they give safety on the farm more attention.

That prediction is made by the National Safety Council, which has announced the week beginning July 20 as National Farm Safety Week.

Every day of 1947, 52 farm people will die as a result of accidents, the council also predicts on a basis of past years' figures. Two farm residents will be killed accidentally and 205 injured during the noon hour every day, unless better safety precautions are taken.

The safety council urges farm families to look for the hazards that endanger lives at home, at work and on the highway; to eliminate as many of these hazards as possible; and to remember that carelessness on the part of any family member can mean unhappiness and even death to the entire family.

By calling attention to farm safety, the council hopes to see a big reduction in such figures as these: four farm buildings destroyed by fire every hour; 4,500 farm workers killed and 300,000 injured in 1946; 186 workers injured by some type of farm machinery, 193 hurt by falls, 104 injured by livestock, and 92 crippled from cuts, falling trees, burns and other smaller accidents.

Placement Office

LUBBOCK—Future graduates of Texas Technological College will be assisted in finding work by an official placement office established by the college to serve students in all divisions.

Dr. W. M. Whyburn, president, has announced that the service will begin operation Sept. 1. Previously placement work has been handled informally by deans, department heads interested teachers and the education department's teacher placement office.

The new service is not designed to eliminate this informal assistance to students by staff members who may have personal contacts with prospective employers, but is expected to prove helpful in preventing teachers from becoming overburdened with such activity, Dr. Whyburn said. Further, the office will provide a central channel where information

may be provided to students on available jobs and to employers on qualified persons seeking work in a particular field. A full-time placement secretary will be in charge of the service, working under supervision of the college committee on placement, composed of deans of Tech's five undergraduate divisions.

At present prices of cotton and cottonseed, no grower can afford to lose one bale-out-of-seven which cotton insects normally steal.

Prince Albert gave Victoria a golden ring fashioned as a snake composed of fourteen hinged joints, twelve of them set with diamonds.

When Your Back Hurts -
 And Your Strength and Energy Is Below Par?

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging headache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

World Plant Food Supplies

If we take more out of our soils than we put back, ultimately we'll come to the end of the plant foods in the soil. The plant foods usually exhausted first are nitrogen, phosphorus, and potash.

If the tremendous supplies in croplands can be exhausted, how long will replacement supplies last? R. M. Salter, Chief of the Bureau of Plant Industry, Soils and Agricultural Engineering gives an encouraging answer.

He says that the amount of nitrogen-bearing fertilizer is limited only by the capacity of the plants to reclaim nitrogen from the atmosphere. Therefore, if we want more nitrogen-bearing fertilizer, all we need to do is to build more plants to reclaim it.

In figuring the amounts of phosphate and potash, he assumed that these fertilizers would be applied to an acreage of land large enough to produce an adequate diet for mankind—that the phosphate would be applied at an average rate 8 times present average applications—and potash would be applied at nearly 18 times the present rate.

At those rates of application the present known reserves of phosphate would last 2 thousand years; known reserves of potash would last 500 years.

Flood Prevention Begins At Home

Present floods in the Midwest have brought out in a spectacular way the fact that erosion is continuing in this country.

Estimates are that we are losing around 500 thousand acres of our farm land through erosion every year.

More and more farmers and other are realizing that erosion-controlling measure in the uplands where the rains first-fall on the ground are among the first steps to take in flood control. Farmers and others in Mills County, Iowa, observed the effect of these measures in two small watersheds. In one of those watersheds the farmers had worked together in terracing their lands, grassing the waterways, farming on the contour. In the other, none of those conservation practices had yet been adopted. Soil losses were nine times as much where no conservation measures were used.

Practically all of the conservation practices of the ACP program help in controlling the water where it falls—contour tillage and cultivation, terracing, strip cropping, grassed waterways, trashy fallow, cover crops, range improvement, pasture renovation, construction of small dams, reforestation of steep and gullied land—so that the water will be led into the soil reservoirs instead of flowing off the land.

SECOND TERM OPENS

LUBBOCK—Registration for the second term of summer school at Texas Technological College is scheduled July 21, with classes to begin the following day.

Enrollment for the six-weeks session is expected to be high, although lighter than the record breaking 2705 figure for the first term.

Support your local Chamber of Commerce.

Early Tomatoes

COLLEGE STATION—Early harvesting of tomatoes maturing in the home garden now is assurance against sun blister, say Extension horticulturists of Texas A. and M. College.

Many gardeners, the horticulturists say, are harvesting sun blistered, low quality tomatoes now because they are leaving the vegetables on the vine to ripen. Early harvesting is especially wise when tomatoes have been staked and pruned, leaving much of the fruit exposed directly to the sun's rays.

Growers have found that a faithful harvest sign to keep an eye out for is the small pink area which shows on the blossom end of the tomato. If harvested when this pink sign shows up, and placed inside a cool, shady spot, the fruit ripen

in two to four days, ready to be used fresh or for canning. Tomatoes handled in this manner seem to ripen better on the inside than when left on the plant to mature, the horticulturists say.

Early harvesting is a good practice with many other fruits, especially peaches and figs, which attract birds when they begin to take on color. Ripening in the house can prevent a good part of this bird damage.

Wages paid to farm workers during 1946 averaged \$88.40 per month with board, \$106 per month without board, \$4.15 per day with board, and \$4.83 per day without board.

During the month of May, almost 13,000 farm workers were placed by the Texas A. and M. College Extension Service farm labor program.

GOOD PLANNING

Requires **PLANNED HEATING**

The well-planned home or building has a heating system planned with the building—not added when the building is completed. Wasted fuel and discomfort are the usual results of guesswork in installing a heating system. The size of the building, materials used for construction and location—all are important factors to consider when installing heating equipment.

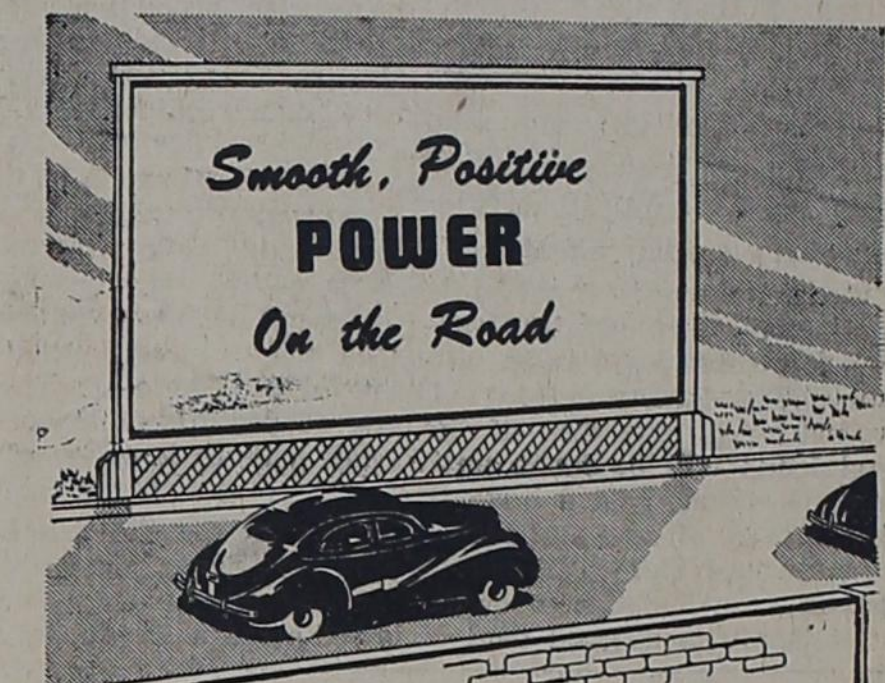

Southern Union Gas Company personnel will be glad to advise you as to the heating system appropriate for your building. Call on us before the building is constructed; build the heating system along with the building.

ACA News

Harold W. Carpenter, Secretary

As the harvest nears completion in Parmer County, we are receiving more and more applications for loans on farm stored wheat. We would like to take this opportunity to ask all farmers to get their applications for wheat loans in as soon as possible. The loan program will be in effect until the first of the year, and loans will be made until that time. However, as we have to make inspections of bins and secure samples we would like to get as many as possible our first time over the county as there is a good deal of

trouble and expense involved.

The Macon and Sherley elevators of Bovina are now eligible to issue warehouse receipts on wheat that has been delivered to them. We are also receiving our first terminal warehouse receipts from Lubbock.

Robert Kimbrough of the Lazbudy community will have a few hundred pounds of crested wheat grass for sale. Anyone interested in securing some of this permanent pasture seed may contact either Robert or this office. There is an acute shortage of pasture grass seed and this small amount is expected to go fast.

July 31st is the deadline for reporting performance of contour farming row crops and summer fallowed acreage. Producers were issued

prior approvals for payment several weeks ago and have only to mail them back stating that the work has been completed to qualify for payment.

In view of the almost completed harvest and the \$2.12 per cwt. loan on grain sorghum, we can start watching the clouds a little more wishfully. For the last month it has been dangerous to verbally hope for a rain for fear of being slugged by some wheat farmer.

WHEAT HARVEST

(Continued From Page 1)
The acute situation would show any improvement in the near future.

Shippers interviewed said that the congested condition would be relieved if the railroad would furnish larger capacity cars. Most of the cars have been of the 80,000-pound type, instead of the 100,000-pound capacity most generally used in the movement of threshed grain.

To Leave For Annual Encampment, 21st

The intermediate class of the Methodist Youth Fellowship of the Texico-Farwell Methodist Church, will leave Monday for the Sacramento Mountains on their annual encampment.

Members of the Clovis and surrounding churches will go as a group in buses from Clovis.

The encampment will begin Monday and conclude on the following Saturday. Parents and families of the group are invited to attend part or all of the week.

Softballers To Practice Thursday Evening

Cecil Rudell, manager of the Henderson Softball Club, announces that there will be a practice game at the local ball diamond Thursday evening. Starting time is set for 6:30.

All players are urged to be present for the practice game to get a work-out as a preliminary to the coming league games.

RECRUITER IN BOVINA

The Army recruiting sergeant, Tsgt Leon A. Reynolds, from Clovis N. M., will be in town on the 24th (Thursday) July. He will interview anyone interested in the Army at the Post Office. Seniors take advantages of the Army today.

Toady, working closely with business and industry in scientific research and development, the regular Army is continuing its long tradition of peacetime accomplishment and contribution to the welfare of all of us.

A point which is not always generally understood, and which is by no means the least of the Army's responsibilities, the peacetime regular Army is not set up just as a strictly military machine. It is, on the contrary, an organization with a long record of constructive contributions to the purely peacetime progress and welfare of our country. The Army's contributions were, and are, great in such fields as medicine, aviation, meteorology, communication, chemical warfare etc.

GOES TO BROWNFIELD

Miss Dora Dean Perkins, who has served as secretary in the office of County Agent Ollie Limer, has tendered her resignation, effective August 1. Miss Perkins announced today that she was moving to Brownfield, Texas, to be secretary to County Agent Lee McElroy, formerly of Parmer County. Succeeding her in the local office will be Miss Jean Turner, of Friona, it is learned.

Mrs. J. R. Thornton returned home Tuesday morning from an extended visit with a sister in Oklahoma City.

Robert Rundell, of Oklahoma Lane, was attending to business in Albuquerque, Monday of this week.

American Auxiliary Elects Officers

The American Legion Auxiliary, Post No. 516, held its regular meeting Monday night of this week, in the county court room.

Regular business matters were disposed of, aside from the election of officers for the coming year, and presentation of the laws and by-laws for approval.

The officers elected were: president, Mrs. Hayden Cason; vice president, Mrs. Ray Sudderth; second vice president, Mrs. Ed Meeks; secretary, Mrs. Sterlyn Billington; treasurer, Mrs. Lawrence Ham; sergeant-at-arms, Mrs. Paul Wurster; historian, Mrs. Morgan Billington; chaplain, Mrs. John Porter.

The above-named officers will be installed at the next meeting, which will be held on the second Monday in August.

OLD FRIENDS MEET

It was a case of old friends getting together after a long separation last week when Lee Anderson, of E. Centro, Calif., stopped off here for a visit with the Harding families and the W. J. Matthews, south of here. This was their first meeting in about 40 years. They were old acquaintances in Comanche County, Texas. Anderson will visit the old home and other Texas points before returning to California.

GRASS FIRE OUSTS FIREMEN

The local fire department was called to extinguish a grass fire last Wednesday noon on the vacant block South of the Henderson Grain Co., after the grass had burned almost to the highway.

The fire was started from an overflow of a trash barrel at the back of the Buster Gast home. The blaze was soon brought under control with no damages resulting.

CATTLE TO TENNESSEE

G. T. Watkins, breeder of registered Milking Shorthorns of the Oklahoma Lane community, accompanied by his son, Donald, left here early Wednesday morning for a farm near Memphis, Tenn., to deliver six head of his choice breedings to a buyer. The trip is being made by truck. Watkins, owner of one of the best herds of Milking Shorthorns in this part of the state, has been closing out his herd the past few weeks.

WATERMELON FEED

After the business meeting of the fire department members, last Wednesday night a watermelon feast was in order, with two large cold melons enjoyed by the group.

A case of cold cokes were sent to the fire boys, by Mr. and Mrs. Leavell, with compliments on destroying the grass fire which started on their place a week ago last Saturday.

Mrs. Mona Hobbs, daughter of Mrs. J. H. Ross, Texico, left Satur-

day for Corpus Christi, Texas, where she will visit her sister.

TAILOR SHOP TO CLOSE

Mr. and Mrs. Woody McDermitt have announced the closing of their place of business, the City Cleaners, for one week, beginning Saturday afternoon of this week. Accompanied by Miss Ruth Birchfield, they will go to Houston and Galveston where they will spend their annual vacation dipping in the surf and enjoying some deep sea fishing.
