

Friendship Car Response Is Generous

Steers Win District Title Over Bovina

The citizenship of Texico-Farwell, Lariat and Bovina responded generously with their cash contributions and donations of wheat last weekend, to the "Friendship" carload of wheat that was shipped out of Clovis on Monday.

C. M. Henderson, president of the local Chamber of Commerce, who handled all contributions, reported today that the citizens of the communities listed above subscribed \$5100 to the fund. Donations made in wheat locally were converted into cash and used to buy wheat that went into the Clovis car.

The carload of grain shipped from Clovis was one of eleven carloads contributed to the Friendship Train from the Panhandle area. Cars from this section moved to Amarillo, where they were forwarded to Wichita, Kansas, to join the movement toward shipping ports.

The response on the part of the people of this area was very gratifying, in view of the fact that no concentrated drive was made. The gifts all came as a result of announcements made at public gatherings and over the radio.

Grain collected here and all over the nation is being shipped to Europe to aid in staving off starvation to millions of people across the Atlantic. Drew Parsons, noted columnist, originated the idea, and the response has been beyond fondest expectations.

Alice McNew Reported As Critically Low

Miss Alice McNew, daughter of the late Rev. David R. McNew, who was critically injured in an automobile accident near Bend, Oregon, six weeks ago, is reported to be in a critical condition, and little hope is held for her recovery.

Reports here say that she underwent an operation for a collapsed lung, last Saturday, and while she rallied from the operation, little hope is entertained for her recovery. Miss McNew was injured and her father instantly killed in the accident. The Rev. McNew was former pastor of the Holiness Church at Bovina. He and his daughter were en route to visit relatives in Oregon when the accident occurred.

MOVE BACK HERE

Mrs. Mable Gordon Caffey and son and her father, Gordon McCuan, who have been making their home at Canadian, Texas, the past few years, have moved back to Farwell and are occupying their old home. It will be recalled that Mrs. Caffey's husband was killed in a railroad accident near Canadian a few weeks ago.

Japanese papers which are in Navy custody have not revealed any information on the missing aviatrix, Amelia Earhart.

BRING IN BEAR—Luther Moss (left) and Olen Schleuter (right) proudly exhibit a 300-lb. brown bear they killed while on a deer hunting trip in New Mexico.

Light Rains General Over Plains Section

Light rains have fallen over the entire Plains area during the past week to bring some relief to the drought-stricken area which has been plagued with dry weather for many weeks.

While the rains of the past week are looked upon as insufficient to stimulate much activity in the dust-covered wheat fields, some farmers are reported to be preparing to start wheat sowing operations in the hope that additional moisture will come to bring germination and growth. Summer fallowed lands that have been nude for months, and are admitted to be a real wind erosion hazard, will be the first seeded.

Precipitation in Farwell registered .61 of an inch, and reports from over this immediate section indicate that the moisture was about the same. Partially cloudy skies prevailed here Wednesday morning and the forecast is for "heavy precipitation" before the close of the present week. If the forecast proves true, observers believe there is a chance to get what up to sufficient coverage to protect the lands from blowing during the winter months.

Conservation Election Comes November 22

All landowners, and their wives are this week urged to go to the polls and cast their ballots on Saturday, November 22, when county residents will decide whether or not a Soil Conservation District is to be formed in Farmer County.

County Agent Ollie Limer said today that it was necessary for a two-thirds majority to carry the election, and urged that all eligible voters make it a point to cast their decision, pro or con, this Saturday.

Polls will be open at Black, Friona, Farwell, Lazbuddy, Oklahoma Lane and Rhea, from 7 a. m. to 7 p. m. In Farwell, voters will go to the courthouse to cast their ballots, while other polling places will be in the various school buildings of the communities, Limer added.

Although it will admittedly be some months before a work unit can be organized here, Limer said that he had hopes of securing a work crew out of the Hereford office to do preliminary work, if the election carries.

With organization of such a district, farmers will be offered trained men to assist in running contours, terrace lines, and in general assisting with all types of conservation work.

CHANGE IN HOURS

Scotty Levins, of the Border Theatre, announces a slight change in his show hours, effective this week. Evening shows will begin at 6:30, and Tuesday afternoon's show will start at 4:00 o'clock, instead of 4:30.

Levins urged patrons to take more advantage of the afternoon show on Tuesday, stating that the house would not accommodate the crowds at the night show on that day.

Wounded Bear Gives Chase To Hunter

Olen Schleuter, and Luther Moss returned home the first of the week with a 300-pound brown bear they finally succeeded in bagging while on a deer hunt in western New Mexico.

While Schleuter is somewhat non-committal on the subject, Moss declares that it was a nip-and-tuck affair between Schleuter and the bear for a foot race of about 50 yards after the animal had been wounded and presumed dead.

Moss relates it in this manner: The two hunters saw the bear at the same time, and both opened fire, with rifles. The animal fell, apparently dunn with. The hunters approached their kill. Moss going to the rear of the prostrate bear and Schleuter advancing to the front to examine the bullet wounds that had taken out one of the bear's eyes.

Moss commented, "I always heard bears would chase you", and with that kicked the animal in the rump. The bear revived and cast his one eye at Schleuter—sprang to his feet and took after Schleuter, who led the way by a good margin.

Moss raised his rifle, but seeing his hunting mate in the line of fire, lowered his gun. The chase lasted for about 50 yards over rough terrain, with Schleuter gaining ground every step he took. Moss then declares that the bear saw he was making a losing race, and dropped over—dead.

Schleuter's only comment was that he felt the bear liked to smell his tracks, and "I was just making him some more".

LEGION CALLED TO MEET

Adj. Champ Porter, of the Farwell Post American Legion, has called a meeting of the local Legionnaires to be held Friday night of this week in the county court room in Farwell. Porter said matters of importance were to come up and a full attendance on the part of the membership is desired. The meeting is called for 7:30 o'clock.

ENTERS TEMPLE HOSPITAL

Mrs. M. C. Roberts, of this city entered the Scott & White Clinic at Temple early this week, and is scheduled to undergo major surgery Friday or Saturday. She was accompanied to Temple by her husband.

TO LITTLEFIELD

E. A. Walker and family have moved to Littlefield. He said he intended to follow farm work and hoped to be able to rent a farm there by the first of the year.

TO FORD MEETING

Mr. and Mrs. O. C. Sikes and Miss Modelle Hammonds were in Albuquerque, the first of the week, attending a meeting of New Mexico Ford dealers.

As Ye Sow, So Shall Ye . . .

Although he has been farming for many years, it is doubtful if the Bible quotation, "As ye sow, so shall ye reap", was ever more fully appreciated by Luther Johnston. Bovina wheat farmer, than it was on Saturday when he toiled in his dust-laden field.

During wheat harvest, Johnston lost his billfold, containing \$140. It is probably too much to say that the billfold yielded a harvest of greenbacks, but Johnston was satisfied to uncover his billfold last week as he plowed his field.

Telephone Company Asks Rate Hike

L. L. Gracey, manager of the Mountain States Telephone Company which serves Texico-Farwell, returned home last Saturday from Albuquerque, with the announcement that his company had filed an application with the Corporation Commission of New Mexico, asking for an increase in exchange rates.

"We are not asking for increased rates in 14 New Mexico exchanges, including Texico-Farwell," Gracey stated in an interview, and went on to add that a plan was being worked out by the company engineers looking forward to free toll rates on calls from Texico-Farwell to Clovis.

And while Gracey did not so state, it is logical that increased rates on local service can be expected with the inauguration of free tolls between local patrons and Clovis.

"This is the first increase the company has sought for 16 years," Gracey stated, adding that the filing with the Commission asks the increase become effective December 16, 1947.

School Hours Changed For Farwell Pupils

Sput. O. T. Loyd, of the Farwell school, announced the first of the week that hours of operation at the school underwent a slight change on Monday, and advises all students and parents to make note of the change.

Starting on Monday, school classes begin at 12:30, with only 30 minutes allowed for the dinner period, and dismissal comes at 3:30 in the afternoon. The opening hour of 9 is unchanged.

Loyd said the change was made due to shorter days, which will allow bus-riding students to reach their homes at an earlier hour in the afternoon.

Mr. and Mrs. W. W. Vinyard were visitors in Portales, Sunday.

MENS' CLUB TO MEET

The Texico-Farwell Mens' Club will hold its regular monthly meeting in the basement of the Methodist Church on Thursday evening of this week, Chairman C. M. Henderson announced today.

Plans of the barbecue feed to be staged by the Farwell FFA class were cancelled when it became known that several of the boys would journey to Follett for the bi-district football game. Those attending are requested to bring their usual number of sandwiches, beans, and pies for the feed.

Henderson said that several civic matters were to be taken up at the meeting, most important of which is the arrangement for the Christmas street lighting.

Not All Hunters Come Home With Venison

With the return of the first groups of local deer hunters from the wilds of New Mexico early this week, it was very evident that all early anticipations did not materialize into realizations.

One group of hunters kept their 9-year perfect record clear by bringing in a buck each, while other groups did not fare nearly so well.

A party of seven hunters, made up of John Aldridge, Buddy Jones, G. D. Anderson, Bill Sherley, J. I. Gopher, LeRoy Faville and G. D. Anderson, Jr., came in Sunday with one measly four-pointer, taken near the New Mexico-Arizona line, with the credit going to the youngest hunter in the group, Anderson, Jr.

Another two-man party, made up of W. T. North and John Lockhart, brought in a 50 percent kill, with the honors taken by North. They hunted in the Hatchett Mountains, near the border in New Mexico.

But it remained for the last group to bring in the honors of the season. With six in the party, each succeeded in bringing down a buck. Top honors went to Jack White for the biggest kill, an 8-pointer that weighed 250 pounds. Others in the group and their kill: Arch Green, a nine-pointer; Mack Johnson, 6-pointer; Grady Pierce, Claude Thomas, LeRoy Hunton, all 8-pointers.

This group hunted in the Black Range, and this is the ninth consecutive year that this party has brought in a 100 percent kill.

TO NEW MEXICO ON HUNT

Bowden Darr and Don Fought left the first of the week for a deer hunt in New Mexico. They are hunting in the Sacramento Mountains, west of Roswell.

Buy a bond every pay day!

Animals Donated To College Herds

LUBBOCK—Four fine animals, including a Quarter horse mare, a registered Hereford bull and two purebred Aberdeen Angus steer calves, have been given to Texas Technological College recently according to Dean of Agriculture W. L. Stengel.

The six-year-old mare, Bright Eyes, was donated by R. L. Underwood of Wichita Falls, owner of an outstanding band of Quarter Horses. Bright Eyes, who is by Dexter, stallion that heads Underwood's stud, is the fifth mare to be added recently to Texas Tech's Quarter horse stud.

The bull, Carlos Domingo Anxiety, was received from Frank Carter, manager of the Combs & Worley registered Hereford ranch, Pampa. This animal which has sired most of the females in the present Combs & Worley herd, is ideal in type and outstanding in breeding and character, Stengel said.

Carlton W. Cobbin of Ada, Okla., contributed the steer calves. They will be used for class instruction and will be fitted for exhibition in the 1948 State Fair of Texas, Dallas, and the 1949 Southwest Exposition and Fat Stock Show, Fort Worth.

Agricultural Practices Due Improvement

LUBBOCK—Agricultural practices will probably be improved 75 per cent by the next generation of farmers who, in their youth, have had advantages of specialized agricultural education in colleges, and of participation in 4-H and FFA activities according to Louis Bromfield, noted author and proponent of soil conservation.

Bromfield and more than 150 other national leaders in business, finance, industry, nutrition and land saving, visited Tech recently while on a tour covering Texas agricultural and industrial centers.

Tech and other schools that teach agriculture are playing a vital part in furthering soil conservation, the author stated, pointing out that conservation does not end with preventing soil erosion, but also includes building up the soil by sound agricultural practices.

"Only about 10 per cent of today's farmers are really good farmers," he said, "with some 30 per cent more capable of being classed as fair. The remaining 60 per cent, frankly, are very poor."

"It is up to today's youth, with its improving knowledge of sound farming, to step in and save the situation," he continued.

Bromfield stated that Texas appears to rank above the average national level in taking care of the land.

According to an estimate by the Fish and Wildlife Service, rats are destroying grain at the rate of 200,000,000 bushels each year.

Forty-seven percent of the total area of the Philippines is covered with commercial forests.

American Farmer Becomes World's Best Neighbor

John Weaver is an example of how rural Americans are becoming the world's best neighbors. Weaver is posting a sale bill for an all-county relief auction. Proceeds will be used to ship gifts in kind which American farmers are contributing for the relief and rehabilitation of war-torn countries through the newly-organized Christian Rural Overseas Program—known as CROP.

CROP, sponsored by Church World Service and Lutheran World Relief, handles contributions of grain, soy beans, peanuts, dried fruit, wool, and raw cotton—which are distributed overseas through religious channels solely on the basis of need. Contributions here in America are accepted by local churches everywhere.

"While others debate and delay, American rural folks are proving they are good neighbors — by contribution now," declared John D. Metzler, CROP's director.

New Plan Announced for Veteran Housing

The Veterans Administration has announced a new plan for VA inspection of houses financed by GI loans while the houses are still under construction.

VA will make a pre-construction appraisal of "reasonable value" based upon complete plans and specifications. A minimum of three inspections are required as work advances to assure adherence to agreed standards. The plan is optionally available to builders, lenders and sponsors of such projects.

Builders and financing agencies thus may receive a definite commitment as to "reasonable value" in advance of construction, provided the homes are completed according to specifications.

The commitment will remain valid for a specified period—usually predicated on the probable time necessary to complete construction.

Heretofore, a definite VA commitment on the maximum price for which a house could be sold to a veteran upon completion was available only where an individual veteran asked for a construction loan.

With the new plan, VA is for the first time assuming directly the function of assuring proper construction—from plans to completion—of houses built for sale to veterans with GI loan financing.

VA inspections will not be required in connection with work supervised by the Federal Housing Administration.

The record time for building a battleship was 34½ months—the time it took to build the USS Iowa.

Farmers spent about \$800 million for new farm machinery in 1946, not counting tractors.

Here's How... in Texas!

How? Just tip up a long, cold bottle of good good Pepsi. You bet!—here's how to get the best of a thirst . . . to give yourself a super-special treat of top drinking pleasure. Pepsi's got everything—finer quality, swell flavor . . . and a big 12-oz. bottle that means plenty to enjoy. There's no better drink, no better buy. Buy one . . . buy six . . . buy plenty.

Placement Office Is Opened At Tech

LUBBOCK—School superintendents and other executives who are in need of competent employees are invited to contact Mrs. Harmon Jenkins, the former Jean Ayres, secretary to the Texas Technological College placement committee Pres. W. M. Whyburn announces.

Mrs. Jenkins, a Texas Tech graduate, has recently opened a central placement office in room 108 of the Administration building, where she will be available to arrange conferences between prospective employers and Texas Tech graduates and former students of all divisions who are seeking work.

"We are quite fortunate in having secured Mrs. Jenkins as secretary to the placement committee," Dr. Whyburn stated. "In addition to her wide acquaintance throughout the region surrounding the college, Mrs. Jenkins has a well established position on the campus through her past service in the registrar's office, dean of women's office and dean of Arts and Sciences office."

The college placement committee is composed of academic deans, Dr. R. C. Goodwin, dean of Arts and Sciences, is chairman.

Farm Elections On In New Mexico

New Mexico farmers were reminded today that they have only a few more days before farm program elections are held. Elections must be completed in the State by Nov. 28.

When the elections are held farmers participating in the ACP, sugar program, or who are in the Federal Crop Insurance program are eligible to vote. A community agricultural conservation committee will be elected and at the same time delegates to the county convention will be chosen. At the county meeting, held later, a county committee will be elected.

An improved method of killing potato vines to make crop harvesting easier has been developed by industry. The process involves the use of a powerful chemical 'frost' and another compound that greatly speeds up killing action.

Eight Crops, One Farm Is Record For West

COLLEGE STATION—Jack R. West, farmer near Monroe, Lubbock county, sounds like he might be one-man competition for the Rio Grande Valley.

West owns 550 acres of irrigated land, with six wells. He has eight crops on the land, some already harvested, some to be harvested.

Potatoes were put in 162 acres, and produced up to 200 sacks per acre. The 140 acres in cotton harvested out to 1¼ bales per acre.

Crops yet to be harvested are sugar beets, 70 acres 22 acres of tomatoes; 40 acres of peasto be combined; 29 acres of onions and 3 of bell peppers.

The surprise crop from the farm was lettuce. Some ten specialized irrigation farmers around Monroe planted a total of 230 acres of head lettuce, and West's 25 acres harvested to the tune of 300 crates per acre. County Agent D. W. Sherrill says that cool fall weather in that irrigated area is ideal for lettuce and the crop grossed about \$300 per acre.

Priorities Applied To Conservation Work

Many New Mexico PMA committees and State technical committees which work with them in selecting farm practices to meet the conservation needs of the State have taken a practical and realistic view of adjustments needed in the 1948 ACP, because of the prospective cut in funds, according to Allen W. Manchester, head of PMA's ACP branch.

To make conservation funds go as far as possible in getting the job done, many committees have listed practices on a first, second and third choice basis. Those practices most urgently needed and which will result in the greatest conservation for each dollar spent head the list. Other practices—not so urgently needed or which have been adopted rather generally—are not given as much emphasis, and funds for assistance have been cut down. In some instances, practices have been dropped.

In a number of Western States, protected summerfallow on wheat land has been left off. In others it has been incorporated as a supporting practice. For instance, in some States protected summerfallow is a part of the strip-cropping or contour seeding practices. No payment is made on the protected summerfallow but it is required as a condition to earning payment on strip-cropping.

Under the 1948 program some states will not offer assistance for the application of phosphate, not because that it is not an excellent and needed practice, but because it is believed that available funds will get more results if used on other practices. These might include erosion control dams, terraces, contour farming, reorganization of the farm irrigation system, and establishing of sod waterways.

Sudan Seed Crop Is Short Again

COLLEGE STATION—About this time last year, E. A. Miller, extension agronomist for A. & M., warned Texas farmers that the sudan seed crop supply was lower than it had ever been before.

It's worse this year. Production of sudan grass seed for 1947 in Texas is estimated at 24 million pounds. That's the lowest crop on record and just about two-thirds of what it was last year.

The next low was in Texas. The total production for the United States in 1947 was just below the small 1946 crop.

The harvested seed is reported by the BAE as being a little cleaner than last year and the yield per acre average is 34 pounds higher than the 10-year average. The small crop is caused by the record small acreage.

It all boils down to one thing: farmers want sudan grass seed they better line it up now, instead of waiting for spring. The current supply for the U. S., including production and carry-over, is 33,358,000 lbs. of clean seed, 22 per cent smaller than last year and 45 per cent below the last 5-year average. So there's liable to be trouble in getting the seed when planting times comes.

STOP FEEDING RATS

A good way to increase the supply of grain available for human food is to stop feeding so much of it to rats, grain weevils, and other insect pests says the USDA. And a good place to start preventing such losses is on the farms, where 97 percent of the corn, 60 percent of the wheat, and 94 percent of the oats are normally stored.

According to USDA estimates, insects cause the loss of at least 5 percent of stored grain and cereal products every year. Rats destroy another 4 percent. Translated into grain and money—at 1945 prices—insects destroy over \$350 million worth of stored grains annually, and rats and mice account for another \$200 million worth.

A study in Texas shows that cost of producing cotton in the state range all the way from 19.3 cents to less than 4 cents a pound.

Collegians Approve

Gene Rossides, Columbia football star (right of model) was among the college students jury at the Cosmopolitan male-tested fashion show at the Stork Club in New York who unanimously voted approval of the bright blue crepe dress shown above as pictured in the November issue of Cosmopolitan magazine. Other collegians on the jury included Paul Stessel, University of Missouri; Dick Littauer, Cornell; and Seth Baker, Amherst. Winning dress is by Frank Starr Inc.

LESS STEWS FOR GI'S

WASHINGTON, D. C.—Stews are about to appear less frequently on Army menus. Food Service School, Fort Sam Houston, has a new meat-cutting class learning, among other things, how to cut up beef carcasses

in such a way that not over 15 per cent will necessarily end up as stew or hamburger.

Cost of training these specialists is justified by the fact that approximately 40 to 50 per cent of the cost of feeding a soldier is spent for meat, fish and poultry items in his diet.

Freeze The Fowls And Save Grain Waste

COLLEGE STATION—With the emphasis on better management of the poultry flock to save money and grain, there will be a lot of roosters and poor layers lined up for the freezer locker this year.

For Snyder, extension poultry marketing specialist, says that home preparation of poultry for the locker is comparatively easy. The main thing to remember is that no time should be lost between killing and freezing.

It is very important that the birds be well-bled. The temperature of the scalding water should be 128 deg. F. Pierce the brain, just as though the bird was going to be dry-picked. The feathers will pull a little easier and the skin will be in better condition for storage. Tie the wings and legs down on birds for roasting or baking, to make a more compact package. If the bird is to be stewed or fried, cut it for the pan. It is more easily done before packaging than after freezing.

Snyder says that good packaging of poultry for the locker is essential. Many users have found that sealed cellophane bags or tight cartons are the best ways to preserve quality.

If the temperature of the freezer is maintained at zero, well-packaged poultry can be kept 6 to 12 months.

COTTON CROP LARGER

World cotton production for 1947-48 is estimated at 25.1 million bales, the USDA reports. This is 21 per cent more than the preceding year's exceptionally small crop of 21.5 million bales. Nearly all the increase is due to larger crops in the United States and the Soviet Union, in the Northern Hemisphere, and expected increases in Brazil, Argentina, and Peru, where 1947-48 crops are still being planted.

Harold W. Carpenter, Secretary

Don't forget the election to create a Soil Conservation District in Parmer County, Saturday. Voting may be done at your community center, and it won't take but a few minutes of your time. Whether or not a district is established depends on your interest. Every farmer in the county can benefit from such an organization.

It's right out on my farm and your farm that erosion and wearing out of the soil is going on. And it's right on these farms that conservation practices have to be carried out if we keep our soil in condition to continue producing as it has done. The technical assistance this service can give us, coupled with the service rendered by the County Agent and our office should offer you the maximum in soil and water conservation.

The Parmer County Community and County Committees will meet in

joint session Monday, November 24. The purpose of the meeting will be to plan the 1948 conservation program for Parmer County and to select a nominating committee for the December 8 committee elections.

The deadline for applying for payment for leaving a 10-inch grain sorghum stubble is December 1. The Texas State Committee set this deadline and it has to be strictly adhered to. Any requests we receive after that date cannot be granted.

PROGRAM SLOWS DOWN

The job training program for GI's has passed its peak under the present laws and conditions, VA believes. The peak apparently was reached last January when 532,690 veterans were training or the ob. steady decreases since then cut the total to 564,000 by September 30.

VA said principal factors in the decline were the ceilings on income plus subsistence allowance and the two-year limits on job training other than apprenticeship training.

Veterans training on-the-job in the Dallas Branch Area as of Sept. 30 included: Texas, 41,000; Louisiana 9,000; and Mississippi, 11,500.

Men Prefer This Coat

Questions, Answers For Former GI's

Q. Is VA doing anything to keep abreast of improvements in prosthetic equipment so that we veterans may get the benefit of them?

A. VA employees who aid disabled veterans in selecting and fitting artificial arms, legs, eyes and other devices are going to school to learn the latest developments and improvements in the prosthetic field.

Q. I received an overpayment in subsistence allowance after I left school. Will I have to refund the amount I received to the government?

A. Yes. Q. I am being rehabilitated under Public Law 16 and would like to know what medical treatment is available to me.

A. Under the vocational rehabilitation act you are entitled to any kind of medical treatment needed, hospital or out-patient, to prevent interruption of your training.

Q. How and where do I apply for hospitalization for a service-connected disability?

A. See your nearest VA contact representative or apply at a VA regional office or hospital. A letter addressed to the nearest VA office will suffice. In case of emergency, you can telephone the nearest VA office collect.

Health Notes

By Texas Department of Health

AUSTIN—According to Dr. Geo. W. Cox, State Health Officer, there are to many persons who approach the choice of a family physician casually. Viewing the doctor, much as a fireman, whose services are required only in an emergency, such families wait until an illness strikes and then get hold of the first doctor who can respond to the call. While such an attitude reasonably assures one of satisfactory medical services, it can handicap the physician somewhat and in the long run does not permit the supervision and close personal contact which can exist only by having a regular family doctor.

"Knowing his patients enables a physician to give advice on maintaining health and preventing disease, based on his intimate knowledge of the physical and mental make-up of members of the family," Dr. Cox stated. "The casual, sum-monev physician plainly cannot have this background or opportunity. It is well known to students of medical science that no one procedure or drug can be applied to the cure of every disease. It would indeed be fine if we could have some panacea for all diseases, but unfortunately, the healing art is not as simple as that.

"People are far from being alike," he continued. "Bodily and mental characteristics markedly differ in members of the same family. Reactions to medicines of various types, the habits of the individual, environmental influences, and personal factors vary widely. Armed with an intelligent appreciation of these facts, as applied to members of the family, a physician possesses the maximum opportunity to render his best advice not only in curing disease, but as medical counselor to the family as a whole."

NAMED ON SCOUT BOARD

Edward Engram has been named on the Boy Scout executive board in Texico, succeeding Rupert Paul, who recently moved from the area. Other members of the board are Jack White, chairman; B. A. Rogers, Walter Freeman and L. A. Pearce.

A bumper rice crop of 75.5 million bushels is expected from U. S. rice growers this year. Such a crop would exceed last year's record crop by 4 million bushels.

Local Happenings

PTA Dinner Enjoyed By Large Crowd

Approximately 200 persons were on hand at the annual Thanksgiving dinner held by the Farwell Parent Teacher Association, last Thursday evening. The banquet was spread in the cafeteria department of the school.

Unusual decorations were arranged on the tables, with small figurines portraying the first Thanksgiving. Bouquets of bright flowers were placed at intervals. Mrs. Clyde Magness was in charge of table decorations.

Music was given during the evening by Mrs. C. M. Henderson, Don Summers and Woodie McDermitt.

Contributions to the "Food For Freedom" train were asked of local patrons, with L. C. Cox and W. H. Graham presenting the request.

Association Meeting Comes For Baptists

Representatives from Baptist congregations in this area will meet in Texico on Thursday evening of this week, November 20th, when the local Mens' Brotherhood acts as hosts to the Association gathering.

O. T. Loyd, president of the local Brotherhood, and Rev. E. M. Treadwell, Baptist minister, will offer the welcome to the visitors, with a good program being arranged.

A banquet will be spread at 8 o'clock, Texas time, and those in charge announced that venison and bear meat would be served along with customary meat dishes.

Local officers are urging that all Brotherhood members attend.

Public Invited To Bazaar Saturday

Local people are extended an invitation to visit the bazaar sponsored by the women of the Methodist Church, which will be held on Saturday, November 22nd, in the undercroft of the local church.

The bazaar will get underway at 2 o'clock in the afternoon and doors will be closed at 7, officials announced today.

All types of various handwork will be on display for sale, and in addition, homemade pie, sandwiches, salad and coffee will be sold.

Mrs. B. N. Graham, president of the WSSC, asked that all women who have donations for the bazaar have them on hand at the church at 10 a. m.

PTA To Be Organized At Texico, Thursday

All patrons of the Texico school who are interested in the formation of a Parent Teacher Association are invited to meet at the auditorium on Thursday, November 20th.

Supt. B. A. Rogers stated today that a number of patrons are anxious to have a PTA chapter in Texico, and urged that all who will be on hand at the school at 3:30, Texas time.

There has been no PTA at the school for some time, and a complete organization setup will be required.

Food Sale Success

Mrs. Sterlyn Billington and Mrs. Morgan Billington, sponsors of the Legion Auxiliary food sale held in Farwell last Saturday, reported today that more than \$50 was realized from the sale. They expressed the appreciation of the Auxiliary to both contributors and patrons for their generous support.

Mr. and Mrs. Theda Myers, of Clovis, were dinner guests in the Hubert Beatty home, Sunday.

Flag Presentation To Be Made on Monday

Presentation of an American flag to the Texico-Farwell Girl Scouts will be made by the local Woodmen next Monday night, when a special program will be held in the auditorium of the Farwell school.

C. M. Henderson will act as master of ceremonies, and a "Pageant of Flags", tracing the history of the American flag, is to be given by members of the local Girl Scout troops Mrs. John Aldridge reported today.

Miss Joan Spurlin will receive the flag for the Scouts.

All local people are invited to attend the program, which begins at 8 o'clock.

Workers Conference To Meet At Okla. Lane

A worker's conference will be held on November 25th for Baptists, at the Oklahoma Lane church, it was announced today. The day-long program will get underway at 10 a. m., Texas time.

Theme of the day is "Stewardship". Rev. C. G. Sewell, of Tulsa, is to speak on "Stewardship of Time"; Rev. Bruce Giles of Bovina will address the group on "Stewardship of Talents"; and President J. W. Marshall of Wayland College and Rev. A. A. Buan of Brownfield, will speak on "Stewardship and Wayland College".

The group will then enjoy lunch, given by the host church, followed by board and WMU meetings at 1:15. Rev. E. M. Treadwell, pastor of the Texico-Farwell church, will deliver the afternoon sermon at 2 o'clock, and adjournment is set for 2:30.

The Oklahoma Lane congregation cordially invites all persons interested to attend the conference.

Silver Wedding Tea Slated For Sunday

Mr. and Mrs. L. C. Cox will be honored on Sunday, November 23, when members of Minister Cox's Bible Class will act as hostesses at a silver wedding tea.

The anniversary celebration will be held at the parsonage of the local Church of Christ, between the hours of three and six o'clock, and all friends of the local minister and his wife are invited to attend.

Thanksgiving Program Will Be Presented

A special Thanksgiving program will be presented at the Texico auditorium Wednesday afternoon, Nov. 26, at 2:30, Supt. B. A. Rogers said today.

Speake, for the occasion will be Rev. Thurman Harris, of Portales. Patrons of the school are invited to attend.

Attends Meeting

Mrs. John Aldridge was in Clovis the past Friday, attending a meeting of intermediate and senior Girl Scout workers, which was held at the Girl Scout Little House.

In naming leaders of local troops last week, the names of Mrs. B. A. Rogers, Mrs. J. M. Richardson and Mrs. Higgins were unintentionally omitted.

Meeting Tonight

The members of the Farwell American Legion Auxiliary are asked to meet tonight (Wednesday) for a call meeting, in the home of Mrs. Ed Meeks. The meeting will get underway at 7:30, and all members are urged to be present.

Bridge, 42 Tournament Slated For Wednesday

Bridge and "42" players of Texico-Farwell and community are invited to meet at the Texico school on Wednesday evening, November 26th, when a tournament of games will be staged.

Admission to the tournament will be 50c per adult, and all proceeds will go toward purchasing a movie projector for the Texico school, officials said today.

Homemade pie and coffee will be sold during the evening, and prizes will be offered in both divisions. Play will begin at 8 o'clock, Texas time.

Girl Scout Workers To Meet November 25

Local Girl Scout leaders, council members and committee mothers are to assemble for the regular six-weeks meeting of adult workers, to be held at the Texico school on Tuesday, November 25th.

Mrs. John Aldridge, in announcing the meeting, urged the attendance of all members, due to the fact that Miss Rosemary Head, new supervisor of the Coronado Area Association, will be a special visitor.

The meeting is scheduled to begin at 2 o'clock.

Training Class Has Social, Thursday

The GI Vocational Training Class, which is receiving training at the Farwell school under the direction of Wilfred Quickel, enjoyed a social in the home economics building last Thursday evening.

Twenty members and their wives were present for the occasion, and enjoyed various games during the evening.

Cake, cocoa and doughnuts were served as the social gathering concluded.

Announce Son

Mr. and Mrs. R. W. Pace announce the arrival of an 8 pound, 11 oz. boy on Thursday evening of last week, at a Clovis hospital.

Mrs. Anne Overstreet spent Wednesday in Amarillo, visiting a friend, Mrs. Bess Moffett, who was there from Dallas to join her son, attending the Baptist convention.

Mr. and Mrs. Jack Smith and Mr. and Mrs. Roy Smith, all of Hale Center, Texas, were Sunday visitors in the J. C. More home, Sunday.

Cochran Home Scene Of Housewarming

Mr. and Mrs. E. L. Cochran and girls were honored Sunday afternoon from 2 to 5, with a surprise housewarming shower, in their lovely new home northeast of Farwell.

The dining table was covered with a white cloth and centered with a bouquet of fall flowers. Delicious refreshments of spiced punch, sandwiches and white cake were served the guests.

Enjoying the affair were Mr. and Mrs. M. M. Cochran, Mr. and Mrs. Arvil Walls, Mr. and Mrs. A. B. Wilkinson and Rita, Mr. and Mrs. G. T. Watkins, Mrs. J. I. Gober and Marie; Mr. and Mrs. Carl Rea; Mr. and Mrs. Gene Rea, Mr. and Mrs. Webb Gober, Mr. and Mrs. Arnold Hromas, Mr. and Mrs. Lloyd Gober, Mr. and Mrs. J. T. Jones, Mr. and Mrs. Alton Berry; Mr. and Mrs. C. R. Elliott, Mr. and Mrs. Roy Hawkins and Roylene; Mr. and Mrs. Sam Sides, Mrs. E. R. Barry, Mr. and Mrs. Clyde Perkins, Mr. and Mrs. W. E. McCuan, Mr. and Mrs. Tom Caldwell, Mr. and Mrs. D. W. Carpenter, Mr. and Mrs. L. L. Norton, Mr. and Mrs. Bedford Caldwell, Mr. and Mrs. J. R. Caldwell, Mrs. E. A. Hromas, Mr. and Mrs. Lee Sudderth, Mr. and Mrs. D. H. Carson.

Regrets were received from Mrs. J. B. Stocks, Mr. and Mrs. Chas. Hawkins, Mr. and Mrs. W. E. Verner, Mrs. Joe Donaldson, Mrs. Fred Carson, Mr. and Mrs. Al Wheaton.

Hostesses for the afternoon were Mrs. G. T. Watkins, J. I. Gober, Carl Rea, Gene Rea, Webb Gober, A. B. Wilkinson, D. H. Carson.

Area Meeting Thursday

Girl Scout workers of this area are invited to the meeting of the Coronado Area Association, which will be held Thursday, November 20, at Fort Sumner, Miss Rosemary Head, supervisor of the district, will be the special speaker of the day.

Mr. and Mrs. John Taylor and family are on vacation this week to Ohio, where they will visit their son.

Mr. and Mrs. Joe Shields and Mrs. H. C. Holman, all of Amarillo, were here Sunday, visiting in the home of Mr. and Mrs. C. M. Henderson.

Mr. and Mrs. Sterlyn Billington and family were visitors in Lubbock, Sunday.

Miss Glenna Ruth Davis spent last weekend in Muleshoe with her grandparents, Mr. and Mrs. Ebb Randall.

Junior Play Provides A Laugh A Minute

Enthusiastically acclaimed by a full house of local play lovers, "The Adorable Imp", stage production of the Texico junior class, was presented and howling laughter last Friday in the Texico school auditorium.

The guarantee extended by the class of a "laugh a minute" was more than fulfilled by all members of the cast, Star performance honors went to Jean Rogers, who portrayed the part of Peggy Lou Gordon, "The Adorable Imp".

The play was concerned with the attempts of Pamela Gordon, a widow, played by Peggy Rogers, to get herself another husband, with prospective victims being Bryan Barclay (Vernon Blain), and Ross Waldron (Buddy Pearce).

Others in the cast included Delphine Johnson, as Hortense Hostetter, the maid; Vera Lee Morgan as Grandmother Simpkins; Norma Lee Sanders as Barclay's daughter; Claudine Bridges as Imogene Van Rinson, ward of Winston Pickrel (Delmar May); Fred Curtis as Dilworth Pickrel, grandson of Winston. Mrs. Jimmie Allman, who directed the play, stated today that approximately \$100 was realized at the door.

HOME FROM ABILENE

H. Y. Overstreet, past president, and C. M. Henderson of this city returned home last Wednesday from Abilene, where they attended the annual meeting of the West Texas Chamber of Commerce, held in that city early in the week.

Mr. and Mrs. Wilbert White, of Pasadena, Calif., announce the arrival of Patricia Ann, on November 11. Proud grandparents are Mr. and Mrs. A. D. White of this city.

Mr. and Mrs. Ray Terrell of Santa Fe, spent Saturday night in the D. J. Brown home southwest of Texico.

RED + PHARMACY

Mrs. O. C. Sikes was called to Roswell last week by the illness of her brother, who underwent an operation for appendicitis.

"You'll Be Sorry" . . . Psychologists say there's little difference between an adult's fake suicide attempt and a youngster's threat to run away from home. Both dramatize the "You'll be sorry when I'm gone" attitude of self-pity. Read this fascinating report in THE AMERICAN WEEKLY, that great magazine distributed with next Sunday's Los Angeles Examiner.

True Stories of West Texans

(By N. H. KINCAID)

THE MISSING FENCE POST

Bill Elliott, top cowhand for the Spurs, was numb with cold as he again pulled up before the half dugout. As he tried to let himself down from the buggy in the teeth of the shrieking wind, Joe Stokes, his boss, hurried out.

"Here Bill," he said quietly, "I'll take over now. There's a pot of coffee waiting for you," and helping him through the doorway Joe then turned in front of the seat and the posts from under it. Joe began splitting stove wood.

Inside the dugout, Bill gulped down the hot, black coffee that was handed him and felt the numbness begin to recede from his body. He wondered how Joe had got it so hot; the stove was certainly sending out little enough heat.

For a moment he had forgotten the woman and her three children; they had drawn back, allowing him full possession of the meager stove.

But as the door burst open and Joe stumbled in with a load of wood, her gasp jerked him back to the present. The little tin cracker box stove began radiating heat again and Bill noticed the tears of gratitude slipping down her face. Why, she was young; too young to be alone on the plains with three little children. And eating her heart out with the fear of what might have happened to her husband. Certainly there was no food on those shelves and the cow chips, their only source of heat, had been buried under six inches of snow last night.

That had been the thing that had sent him out again directly after he and Joe had stumbled in on them a while back. This was the first part of December, 1890, and they had been on a business trip to Amarillo for the Spurs, when the blizzard struck. This lonely little half dugout, not far from Floydada and just outside the Matador's line fence, had seem-

ed a good stopping place to warm up and drink a cup of coffee.

As Bill Elliott and his boss Joe Stokes drove on their way again, Bill swallowed hard as he suddenly thought of the source of that firewood. Being a cattleman himself, he knew what the Matadors could do should they discover the miscreant—and the missing fence posts.

NOTE: W. J. Elliott never mentioned this story until many years later when he recounted it in his book, *The Spurs*.

Lease Form Protects All Concerned

COLLEGE STATION—It's farm lease signing time for landlords and tenants and chances are they'll find Texas A. & M.'s "General Farm Lease Form", helpful in getting together on their agreement.

Thousands of the lease forms have been used since they were first issued in July of 1946.

The instrument contains 13 major headings and provides for some 50 questions which might arise. Points on conservation practices, rental rates and agreements, livestock share agreements, improvements and repairs are covered.

The form was drawn up by an A. & M. committee consisting of L. P. Gabbard, chief of the division of farm and ranch economics of the Agricultural Experiment Station; J. L. Matthews, extension specialist in agricultural planning; and J. Wheeler Berger, head of the department of agricultural economics.

Barger says that, on the basis of its 18 months' trial to date, the "lease form is a protection for both parties and will save time and money". He added that the principal concern of the committee was "not to produce something useful in court but rather something to keep people out of court."

A Houston bank issued a reprint of the lease form in addition to the thousands of copies so far distributed by the Extension Service. Copies of B-144 can be secured at the offices of county agents. It's free.

MAY END STATE GUARD

WASHINGTON, D. C.—Secretary of Defense Forrestal has appointed a committee to begin a study of the possibility of removing the National Guard from control of state governors. Also the Secretary directed the committee to consider the feasibility of merging the National Guard and Organized Reserves.

Harold E. Stassen

A major event in the 1948 presidential campaign will occur at Milwaukee, Wisconsin, November 24th, when Harold E. Stassen launches his campaign for the Republican nomination with a mammoth rally in the Milwaukee Auditorium.

His speech will be broadcast over American Broadcasting Company stations at 8:30 p. m. central time.

Elaborate plans for the major performance are being made by the Wisconsin committee, and friends of Stassen throughout the country are developing Coffee Parties to bring in listeners to hear the broadcast.

This unusual step of going into Milwaukee for the opening campaign speech has been taken because Wisconsin has an early presidential primary in April which is generally regarded as very significant in the presidential drive. Mr. Stassen is, of course, speaking in many states, including Texas, in carrying his campaign to the people.

BOVINA NEWS

FOOTBALL, QUEEN CROWNED
Prior to the Bovina-Farwell football game, Friday, Miss Patsy Ellison was crowned Sweetheart of the football squad. The Mustangs lost the game, 22-0, for their second defeat of the year, to wind up the season.

BAPTIST WMU MEETS

Thursday, the Baptist ladies met at the church for the Royal Service Program, which was given by the young woman's circle.

Mrs. J. H. Steelman led the opening prayer, with the devotional by Mrs. Hilary Tidenberg and a prayer by Mrs. Combs. The Royal Service devotional was led by Mrs. Arnold Hromas, with discussions by Mrs. J. W. Gouch, Mr. Otho Hammonds, Mrs. Bruce Giles, Mrs. Harold Whitehurst and Mrs. Roy Wilkerson.

The meeting closed with sentence prayers.

CARD OF THANKS

We wish to express our heartfelt thanks to our many friends and neighbors of Bovina and the community for their thoughtfulness, help and the very beautiful flowers in the illness and death of our dear husband, father, and grandfather. If sorrow ever comes your way we pray that you will be among such friends as we were. Mrs. J. G. White, Mr. and Mrs. Hubert White, Mr. and Mrs. Otis White and Bobby, Mr. and Mrs. H. H. Turner and Don.

Student Records Are Checked by Tech

LUBBOCK—In an effort to see if high school graduation is the best criteria for predicting success in college, a nation-wide study of records of students who entered college without completing high school in comparison with records of students of the same age group who received high school diplomas is being conducted, according to W. P. Clement, Texas Technological College registrar.

The study is made possible on a large scale because many war veterans who did not complete high school are now attending colleges after passing general education development tests, Clement explained.

The Tech registrar, who is chairman of the committee on special projects for the American Association of Collegiate Registrars, is directing the study for the association.

When Your Back Hurts

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won country-wide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

Ranchvale Comes Here Friday For Matches

Boys and girls of the Ranchvale school will take the court opposite the Texico players for the first game of the 1947-48 cage season, Friday night of this week, with the opening game to start at 7 o'clock, Texas time.

Coach C. E. Sanders said that he was expecting lively competition in both games, although play will likely be rough, due to the start of the season.

Possible starters for the boys include Baldock and Pearce at guard, Curtis at center, Blain and May at forward. Stewart may go to guard with Baldock shifting to forward, and Poteet and White are also listed as possible forwards.

A tentative lineup for the girls puts Patsy Engram, McDaniel and Jean Rogers in at forward, with May, Bridges and Peggy Rogers at the guard positions. Slated to see play also are Morgan and J. Engvam, forwards; Curry, Sanders and Johnson, guards.

Admission to the game will be 25c and 35c. Officials will be Comer, who formerly starred with the tall WT teams at Canyon, and Tipton, member of a Forrest state championship team some years ago.

On Saturday night, two boys' teams from the school will go to Rogers for games, Coach Sanders added. Little dope was available, but fans remember that Rogers usually turns out one of the strongest senior teams in the district, and a fast game is expected.

Steers Go To Follett For Bi-District Game

The Farwell Steers will wind up their 1947 grid season on Friday of this week when, for the second consecutive year, they will be in the play-off for bi-district honors in six-man football.

Winners of district 2-B, the Steers will play Follett, winners of 1-B, at Follett on Friday, to decide the title holders. The game will begin at 2 o'clock.

On paper, it looks like the Steers might be runners-up for the championship. Follett boasts a record of eight wins this season, and has not scored less than 39 points against any comer, it was understood here.

Farwell has a total of seven victories this year, scoring 255 as compared to 54 racked up by the opposition. Their largest score was 52-6, over Wilson, the smallest 22-0, over Bovina.

Judging by pre-game dope, the Farwell backfield will be definitely outweighed, with the local lineup averaging 152 pound per man, while Follett's three tip the scales at a 173 average. In the line, however, the Steers may have the edge, holding an average of 153 compared to that of 150 for Follett.

Coach Williams said today that he and twelve boys would leave here at 9 o'clock Thursday morning for Follett, spending the night there and giving the field a once-over before game time. A large number of fans have announced their intentions of making the 270-mile drive to lend moral support to the Steers.

Listed to make the trip as Farwell players are Ford, Thomas, Hart, Robertson, Sheets, Booth, Graham, Holland, Henneman, Hughes and Pool. Of this group four will play their last high school football on Friday, with Graham, Robertson, Hart and Sheets as the seniors on the squad.

Coach Williams had hopes of bringing the game to Farwell again this year—it will be remembered that the Steers played Gruver for the bi-district title here in 1946—but the Follett bid was higher, and was accepted.

Steers Win—

(Continued From Page 1)

next try over the midfield marker as he was somersaulted and McKinney covered. Apparently, Dame Luck was having a field day, for as McKinney attempted to pass on his first play he loosed the ball prematurely and it dropped into the hands of Hart, who was on the ground, with Farwell again in possession as the period ended.

Fourth Quarter
Robertson carried for the first Steer play and after being cleared he turned on the speed and raced into the end zone untouched. Sheets made his second placement of the day, and Farwell led 16-0.

That seemed to break the Mustangs for they were unable to get out of their own territory after taking the ball. Their defense held, though, for Farwell had banged and slashed to the 20 in the middle of the period before losing the ball on downs. Bovina kicked out again, and Farwell started the last touchdown drive of the day from their own 30. Sheets went to the Bovina 39, then carried on to the 30 for a first down. On the next play he lost 10, then retaliated by carrying to the 25. After a time-out, Hart broke loose and crossed into paydirt, with Sheets missing his placement. Bovina received, but three plays later were still on their own 33 as the game ended.

Edelmon, England and Renner, all of Friona, served as officials.

Farwell Cage Season Opens December 2nd

Following close on the heels of the final football game, the 1947-48 cage season gets underway at Farwell on the night of December 2nd, at which time the local teams are slated to play hosts to squads from Lazbuddy.

The girls, under the direction of O. T. Loyd, have been practicing for some three weeks, while the boys allowed for the dinner period, and shoes for the first time next Monday, with Jack Williams in charge.

Two games are slated for the opening week of the season, Lazbuddy on Tuesday night, and the Friona teams as visitors here on Friday, December 5th.

The complete schedule will be announced next week.

ACC Students Help In College Jobs

Abilene Christian College will pay a total of \$60,000 to approximately 300 of its students this year. The students, part-time employees of the college, are hired on their ability to do the job and their need for the work. Supervisor of the hiring program is vice president W. R. Smith.

Duties performed by the student workers include work in the college dining hall, students' exchange, library, the various administrative offices, and in dormitories. More students work in the dining hall than any other one place on the campus.

Most of the ACC faculty members have student secretaries and graders. Other students work in the ACC maintenance department, in the print shop, and at jobs ranging from laboratory assistants in the science departments to information girls.

Among the student helpers in the speech department is Mrs. Tommie Fain, daughter of Mr. and Mrs. Sam Randol of Farwell.
