United Front Urged In County Road Program

Stressing the importance of "presenting a united front" in any road matter that may be sought in Farmer County, W. L. Edelman, acting as temporary chairman of the newly revived Friona Chamber of Commerce, told about 100 interested citizens of Farmer County that "worth while programs may be accomplished when we present a solid front." State Senator Grady Hazelwood of Amarillo, was the main speaker at the gathering, held at the school auditorium in Friona last Thursday evening. Senator Hazelwood made it plain that in his opinion the Panhandle has been discriminated against in the matter of road allotments. He said that he had tried to get the Highway Commission to build roads on the basis of costs and not on miles, pointing out that road-building in this section costs much less than in other sections of the state. Calling attention to the huge Federal appropriation to be spent in Texas during the year, Hazelwood urged Chambers of Commerce and like organizations "go to work now . . . decide what you want and send a delegation to Austin while they have the money." Senator Hazelwood also took occasion to stress the importance of "being united on what you want when you go to Austin," adding that it was useless for different parts of any county to go before the Highway Commission contending for separate road objectives. "We've got the best chance we ever had to get Highway 51 opened right now, but we can't do it with contending factions pulling against each other," he declared. Representatives from Farwell, Bovina, Lariat and Lazbuddy attended the meeting, and opinion seemed to prevail that a united front must be presented in asking for road improvements in the county.

Cemetery Working Is Slated For April 26

Monday, April 26th, has been set as annual cemetery working day by the Texico Cemetery Association, and all residents of Texico are urged to be on hand at 9 o'clock, N. M. time. Edward Engram, president of the association, said that the aim for the day was to build up strings of new fence and to level the grounds, in order that the new lawn mower can be used. The annual dues of \$2 per family are also due the 26th, he added, and members who cannot attend the all-day working are asked to send their dues to Mrs. E. G. Blair, secretary-treasurer of the Association.

BOND ISSUE VOTING MAY 1

J. H. McDonald, president of the Lazbuddy school board, announced today that voters of that district would go to the polls on May 1st, to decide on a \$200,000 bond issue. If approved, bonds will be issued to purchase a building site, construct a gymnasium, and high school and grade school building. Further information on the voting will be given in the next issue of The Tribune.

Curb & Gutter Work Nearing Completion

Completion of the new curbs and gutters, being installed in Farwell by Felix Monroe, local contractor is expected within the next week, it was reported today by C. M. Henderson, of the local Chamber of Commerce. The work has been completed down the south side of Main street, and is progressing nicely along the north side of the street. When the work is finished, the state highway department will move in to pave the main street from curb to curb, in a project already approved. In some places along the street, the present sidewalks do not reach out to the new curbs, and Henderson said that property owners had indicated that they would contract Monroe to extend their walks to the curbing as soon as he finishes the present job.

Mercury Reaches 92 Here On Sunday

Although records for years past were not available for comparison, residents of Texico-Farwell expressed little doubt that one of the hottest April days in years came on Sunday, April 18th, when the thermometer hit 92 at the Santa Fe station. Saturday's high had pushed the reading up to 86, causing residents, who only a week ago were lighting fires, to look around for the air conditioners. But Sunday's heat, coupled with blistering and dust-laden winds from the south and west—assured the Twin Cities that summer had officially arrived, calendar or no calendar. Amarillo reported a high of 94 on Sunday, while Clovis reported 90.

Petit Jury Summoned For District Court

Thirty-six men have been called for the petit jury panel, to be on hand next Monday morning, April 26th, at 10 a. m., in the district court room in Farwell, District Clerk Loyde E. Brewer said today. This is the first petit jury panel that has been summoned here in some months, with the majority of civil cases being tried before District Judge C. D. Russell. The jurors selected will act on the John T. Harwell vs. Triplett & Pringle, on a damage case, it was announced. Called for duty were the following:

Four-County Singing Convention, Sunday

Singers from Roosevelt, Curry, Farmer and Bailey counties are scheduled to convene in Farwell on Sunday, April 25th, when the spring singing convention of the group will be held in the Farwell auditorium. The day's activities are slated to get underway at 10:30 a. m., it was announced by Earl Roberts, of Farwell, secretary of the association. Lloyd Vaughn, of St. Vrain, is president of the group. Notable singers from over the area are expected to take part in giving special numbers, and all residents of this area are invited to attend.

Accident Victim Is Out Of Hospital

Miss Alice McNew, of Clovis, visited friends in this city the past weekend, having been dismissed from a Portland, Oregon, hospital only two weeks ago.

Miss McNew was seriously injured in a car accident near Bend, Ore., last October 8th, when she and her father, Rev. David McNew, were vacationing. Rev. McNew was killed in the accident, and Miss McNew's condition was critical for many weeks, during which time she underwent numerous operations. She has gone on to Oklahoma for a visit with relatives, and intends to return to Clovis to her position at the air base.

Free Matinee For Kids On Saturdays Only

The free show provided by the merchants of Texico-Farwell will be offered to children under 12 on Saturday afternoons only, beginning on Saturday April 24th, it was announced today by Scotty Levins, of the Border Theatre. Any youngster under 12 who wishes to attend the matinee on Saturday afternoon as a guest of the local merchants is cordially invited to be on hand. Levins also announced that the Saturday and Sunday matinees will run from 2 to 6 p. m., with the first night show beginning at 7:30, each evening of the week.

GOES TO ALBUQUERQUE

Reagan Looney, of Bovina, left Tuesday of this week for Albuquerque, where he is scheduled to undergo a major operation. He has had trouble with his spine for some time, and it is hoped that the operation will be corrective.

Voters of the Texico school district will decide whether or not they want to issue bonds to erect a new gymnasium at the school on Wednesday, May 12th, with a special school bond election being set for that date.

Supt. B. A. Rogers said today that approval of the election from the state board of education was received last weekend, and the local school board immediately set the date for the voting. Three judges and two clerks to handle the balloting will be named on Friday night of this week, when the official board of the school is scheduled to meet.

In conjunction with official procedure, notices will be run in both a Clovis and a Portales newspaper, since part of the school district lies in Curry county and part is located in Roosevelt county. Clude Curry, member of the board, made arrangements to that end last week, Supt. Rogers said. Also notices will be pasted in five prominent places about the district "not less than five days" before the election.

By having the election before the current term of school is dismissed, voters of the district will know whether or not to look forward to a new gym for activities as soon as possible. The present gymnasium, one of the first to be built in this area—and at that time considered very modern—has become outmoded, and has insufficient seating capacity to handle crowds for basketball games.

A majority of ballots cast by property owners in the district is required at the election, before bonds for such a building program can be issued. Supt. Rogers, asked about the voting, said "It needs only to be a majority—no two-thirds majority is required to put the plan in operation."

Edelman Is Chairman Of County SCS Board

W. L. Edelman, of Friona, has been named chairman of the Farmer County Soil Conservation board, with A. L. Black, of the South Friona district, being elected secretary.

The officers were named at a recent meeting of the five supervisors of the county, at which time Lewis Dalkins, of the state SCS office, was on hand to help organize the county board. Supervisors include W. L. Edelman, A. L. Black, Buddy Jones, Henry Reynolds and D. L. Morrison.

Other agents invited to the meeting were J. T. Gee of Friona, Weldon Jones of Bovina, Robert Morton of Farwell, Harold Carpenter of the ACA and County Agent Ollie Linder. Bill Clutter, district supervisor, of Hereford, was present.

The board agreed to hold meetings the third Monday night of each month, with a view of getting the county work plan drawn up, in order that the state office may get the conservation district in actual operation in Farmer county.

Escapes With Bruises When Pinned In Car

Mrs. Morgan Billington is nursing a bruised left leg and right side this week, the result of a peculiar accident which could have ended in tragedy, Saturday afternoon, in front of the Fox Drug in Farwell.

Driving up to meet a bus, Mrs. Billington parked by the side of a truck. As she went to step out of the car with her 15-month-old son Billy, in her arms, she was caught between the door and body of her car by the protruding bed of the truck, being backed out into the street by Mrs. Neal Hendrickson.

Cries from Mrs. Billington and some youngsters in the back of the Hendrickson truck fortunately stopped the backward movement of the truck before serious damage was inflicted to Mrs. Billington or her son. The baby was dropped into the car and had only light bruises on his right hip to show for his close brush with death.

Aluminum Awnings Go Up On Cruce Bldg.

The Cruce building, in Texico, which houses the Red Cross Pharmacy, Electric Shoe Shop and the Texico postoffice, is not quite so barefaced this week, with installation of new aluminum awnings.

The old wooden and tin awnings which had hung on the building for years were removed recently, as the sidewalks were drilled out, in preparation for the widening of the Texico-Clovis highway.

Three propositions to consolidate school districts will come before the voters of Farmer County on Friday, May 8th, County Judge A. D. Smith said today, and on one proposed merger the voters of the West Camp district in Bailey county will also express their views. Petitions recently filed for consolidation moves include that of joining the Rhea and Bovina school districts, merging the north West Camp district with the Farwell district, and consolidation of the Oklahoma Lane district with Bovina, Judge Smith reported.

No high school has been maintained at Rhea or West Camp for several years, with pupils going, respectively, to Bovina and Farwell. A recent move has been to divide the West Camp school district, with the residents of the southern section being consolidated with the Muleshoe district, while those students from the northern area will come to the Farwell school.

State school officials a short time ago advised Oklahoma Lane that, due to the lack of scholastics, no high school could be maintained in that district, and a petition was filed to consolidate Oklahoma Lane and Bovina.

Judge Smith announced that Mrs. O. B. Pipkin would serve as judge for the Farwell box in the West Camp-Farwell voting, with the ballot box in the county court room. At West Camp, voters will go to the school, with Mrs. Beulah Williams serving as judge.

Wilbur Charles has been named as judge in the Oklahoma Lane-Bovina balloting, at the Bovina school, and Sam Sides will be in charge of the voting at the Oklahoma Lane school. In the Rhea-Bovina election, voters go to the school houses in both districts. Reagan Looney is the Bovina judge and Elmo Dean will serve in that capacity at Rhea.

Judge Smith reminded that a majority in each box, favoring the proposed consolidations, was necessary before any merger could be approved.

Street Light Charges Added To April Bills

Odus Huggins, manager of the Southwestern Public Service Company office in Farwell, said the first of the week that the 50c charges for street lights would go in the bills of Farwell residents this month.

At the beginning of the street lighting program, residents were asked if they would pay the upkeep charge of 50c per month in addition to their regular utility bill, with the majority okaying the proposition. This is the only charge that the town or residents is assessed for the new street lights, which were turned on in Farwell some three weeks ago, and which are a notable addition to the city.

Some residents have moved into the town since the program was inaugurated, and it is possible they have not been contacted regarding the 50c charge, Huggins said. Cooperation of such individuals is asked by the local Chamber of Commerce, with officials pointing out that "a half-dollar is a small charge to pay for the advantage of residential street lighting."

Luther G. Roberts Is Visiting Evangelist

Luther G. Roberts, well known evangelist of the Church of Christ, will be in Farwell on April 26, 27, 28 and 29, to conduct a series of services at the local Church of Christ, it was announced the first of the week by Lewis C. Cox, pastor.

Services will be held at 8:00 each evening, Texas time. Subjects to be taken up include "The Duties of the Elders", on Monday; "The Duties of Members to the Elders", on Tuesday; and "The Work of Women in the Church", on Wednesday and Thursday evenings.

"We extend a cordial invitation to all our neighbors and friends to be with us in this special series," Minister Cox said, in announcing the coming meetings. Anita, Jerry and Jimmy Moss, children of Mr. and Mrs. Jim Moss, spent the weekend in Friona with their grandparents, Mr. and Mrs. Fred Barker.

SHOWS LITTLE CHANGE

Mrs. Leona Osborne, former Texico resident, who sustained a paralytic stroke on April 4th at her home in Lynnwood, California, is reported to be showing little improvement. Mrs. Osborne is to be moved from the hospital to a rest home, it is understood. Mr. and Mrs. Ebb Randol, of Muleshoe, and T. J. Randol, of Farwell, who went to California to be with Mrs. Osborne, plan to return to their homes this weekend.

Health Notes
 By Texas Department of Health

AUSTIN—The ordinary housefly is an enemy to health, and is one of the agents most commonly responsible for the spread of disease over the nation, according to Dr. Geo. W. Cox, State Health Officer. Typhoid fever, dysentery, and many other intestinal diseases can often be traced to the common housefly as the carrier of infection.

Speaking in this connection, Dr. Cox advised "Be sure that your windows and doors are tightly screened so that stray flies will not endanger the health of your family. Keep flies away from food, drink, and utensils used in the preparation of food. Make sure, if you live in rural districts, that outside privy vaults are tightly covered so as not to permit entrance of flies. Infections from this source can be picked up by flies and spread to human beings through contact with food, drink, and utensils. Keep all garbage covered until collected or buried. Eliminate all breeding places for flies and you will be helping your community in its work of controlling communicable diseases and preventing unnecessary illness."

Dr. Cox said that the State Health Department would furnish upon request a pamphlet outlining safe and practical methods recommended for use in fly control.

Texas Business Drops Some, Bureau Says

AUSTIN—The volume of Texas business decreased slightly from January to February, the University of Texas Bureau of Business Research reported. The Bureau's composite index of business activity was 214 per cent of the prewar base period, 1935-39, or 1 per cent above January.

Gains made by three components—electric power consumption, 3 per cent; crude runs to stills, 4 per cent; and pay rolls, 2 per cent—pushed the composite index within 10 per cent of the wartime peak in January, 1945. However, three components showed declines from January to February: employment, 1 per cent; department and apparel store sales, 4 per cent; and miscellaneous freight carloadings, 1 per cent. These divergent trends, resulting in a 1 per cent monthly change in the composite index, indicate that the level of activity has probably about reached its peak.

According to Dr. John R. Stockton, professor of business statistics, if no new inflationary force becomes important, it would seem likely that a turnaround could be expected before many months. The present unsettled state of the world, and the possibility that the United States may embark on an extensive program of rearmament make any forecast highly uncertain. A strong originating force, such as greatly increased expenditures for rearmament, would create sufficient inflationary pressure to push activity back up to the high levels of the war period, and in effect offset the possibilities of a decline from the unbalance that has developed in the present business situation.

Compared to February 1947, the business situation in Texas showed a higher level of activity in all phases. All components of the index of business activity were higher in February than a year earlier as the composite index rose 11 per cent.

For the second consecutive month, total volume of retail trade declined. February sales, adjusted for seasonal variation, were 5 per cent below January, however, sales gained 10 per cent from February 1947. Dr. Stockton said, "Two successive monthly decreases lend support to the theory that a rather general weakness is developing in the business situation, as this is the first time since the end of the war that the Bureau's index of retail sales registered two consecutive declines."

The level of manufacturing activity in February stood substantially above the same period in 1947. The index of industrial electric power consumption gained 9 per cent above a year earlier. Man-hours worked rose 3 per cent, and manufacturing employment increased 4 per cent. The activity of the petroleum refining industry was 21 per cent higher than February 1947, as measured by crude runs to stills, while the daily average production of crude petroleum was 18 per cent greater.

An immediate result of the drop in farm prices in February was the 26 per cent fall in the Bureau's index of farm cash income. The Bureau's index of farm cash income was 222

True Stories of West Texans

(By N. H. KINCAID)

GUARD DUTY IN WEST TEXAS, 1878

Young W. P. Moore had his Sharps buffalo gun at hand as he paced his sentry's tower, at the corner of Rath City's earthen corral, but his foot kept perfect time to the distant strains of "Turkey in the Straw". Guard duty in frontier West Texas was bad enough at any time, but on the one night when girls were visiting their bachelors' headquarters, it was tragedy indeed.

For Rath City was definitely a buffalo hunters' town. It was established in the early fall of 1876 by Charley Rath of Dodge City, in partnership with Robert M. Wright of Fort Supply and the Lee and Reynolds firm.

This group of merchants had brought their stock from old Mobeetie in the Texas Panhandle, having to build their own road as they came. They located just south of the Double Mountain fork of the Brazos River.

The buildings of Rath City were constructed of adobe and cedar, and the main one erected was the store; it not only supplied the hunters with goods but in turn, bought their buffalo hides and did a most thriving business. Other buildings were the George Akins saloon and dance hall; the Hopkins restaurant and hotel, with a barbe shop; a blacksmith shop; Siroky Thompson's wagon yard, and Charlie Sing's Chinese laundry, probably in the rear of Rath's store. There was also a magazine house for the ammunition and, about 200 feet to the south, the large sod corral, with its sentry tower at one corner.

Unwritten History To Be Related At Meet

AUSTIN—Unwritten Texas history will be related at the Texas State Historical Association annual meeting here, April 30-May 1, a tentative program released by University of Texas professor H. Bailey Carroll, Association director, discloses.

Evidences of an unrecorded battle between Spaniards and Indians in present Wood county will be told by Albert Woldert, Tyler author, and Curtis B. Dall of San Antonio will reveal informal anecdotes of Mary Austin Holley from her unpublished diary and sketches. Other papers will discuss early Texas personalities.

The newly-organized history society of the University of Texas, Phi Alpha Theta, and Junior Historians will have special programs during the two-day meeting.

Any person interested in Texas history is eligible to affiliate with the Association and attend meetings, Dr. Carroll said.

And it was here that young Moore paced on that Christmas night in 1878 while he longed to join the merry-makers. Girls had arrived from Fort Griffin, all bedecked in full ruffled skirts and an ample aroma of Hoyts cologne; and the men had immediately gone calico-minded. All day they had stampeded the barber shop; while Charlie Sing had threatened to skin the next one who tried bathing in his laundry tubs.

By dark, Cadmus Brown had begun tuning up his fiddle, and soon the caller was chanting his do-se-do. "Hang up your coat, spit on the wall

Swing your partner and promenade all . . ."

Quicker and livelier beat the tempo and faster the men swung the ladies. "Why, we were swingin' 'em so fast we got dust in our pockets!" one recalled, years later.

But yonder, etched against the dark backdrop of the Double Mountain breaks, the lonely sentinel stood guard. He watched the flitting shadows as they formed their lively quadrilles; and sighed at the fate that was his.

He had no way of knowing that in less than two years' time those same buildings would be silent, deserted things with the buffalo all killed from the ranges. In their stead would be the advancing herds of the cattlemen; and he himself would be one of the chief of them.

COLLECTIONS ADDED

AUSTIN—Two archaeological collections have been added to the University of Texas anthropology department. Historical objects from a 17th century Spanish presidio were donated by Franklin Fenenga of the University of California anthropology department, and a collection of pottery has been loaned indefinitely by Harvard University's Peabody Museum. Both collections will be valuable in research projects.

And so it goes—right around the nation! Men who have "seen everything" in automobiles go for the New Hudson.

It is the only American-built motor car you step down into when entering, not up on! This new development brings you sensational advantages—among them, newly streamlined beauty that would otherwise be impractical.

This new kind of motor car is only five feet from ground to top, yet by stepping down, you get more head room and roomier seats than in any other mass-produced car built today—and there's good road clearance, too!

Because you step down, Hudson's new, all steel Monobilt body-and-frame* completely

encircles you, even outside the rear wheels, with a rugged, box-steel foundation frame—and this brings you a new measure of added safety.

You ride within this frame—cradled between axles—not on top of a frame as in the past. Hudson's new, lower center of gravity and rugged basic structure give this car delightful roadability—a hug-the-road way of going, especially on curves, that is so safe, so serene, so smooth, it is unlike anything you've known before!

See the new motor car the experts cheer. The nearest Hudson dealer will show it to you now! Hudson Motor Car Company, Detroit 14.

Farwell Classes Plan Spring Outing Trip

Members of the Farwell junior and senior classes, with their sponsors, have made plans to leave here on May 18th for a six-day spring outing. Jack Williams, senior sponsor, said today.

According to the itinerary set up, the group will leave here the morning of May 18th for Carlsbad, where they will spend the night and make the trip through the Caverns the next morning. They will then continue to El Paso, where they will make a tour of that city and of Juarez, Old Mexico, with special guides being furnished for the inspection trip.

Leaving El Paso on the morning of the 21st, the trippers will go to Alamogordo and out to visit the famous White Sands, after which they will head for Ruidoso, to spend the weekend, returning home Monday. Some 25 students and sponsors will make the trip, in one of the Farwell school buses.

REA recently approved a loan of \$150,000 for 136 miles of electric line for Hidalgo county, Texas.

Texico Scout Troop Third In Contests

The Texico Scout Troop No. 30 participated in activities at a district Camp-O-See held at Alamogordo Lake near Ft. Sumner the past Saturday, and placed third in rating of activities during the day.

Assistant Scoutmaster Robert May and Scout patrol leader Bobb Poteet were in charge of the local Scouts, with Hollis Lessly, Donald Ray Engram, Junior Poteet, Bobby Poteet, H. D. Robertson, Turk Monk, T. A. Autrey, Kennard and Darrel Harris, Hoard Hudson and Billy Meredith taking part. The boys made the trip in a truck belonging to C. M. Henderson.

For their winning, the troop was presented with an American flag and compass by the WOW. The boys were handicapped in their contests by the absence of some members, who were attending the Fox Relays at Ft. Sumner.

One out of every three World War II veterans has taken some form of education or training under the GI Bill or Public Law 16 since both laws went into effect, VA says.

To Attend Furniture Market in Dallas

Ben Smart, operator of The Furniture Mart, in Texico, will go this weekend to Dallas, where he plans to attend a special furniture market during April 25-26-27.

He will make the trip in company with J. B. Sudbery and John McCarty, of Amarillo, partners with Smart in the local business, and in an Amarillo store.

Local Yards Bright With Spring Blooms

Yards around Texico-Farwell are bright this week with spring blossoms, with lilacs, tulips, and forsythia and spirea competing for attention with flowering cherry trees.

Spirea began to make its appearance on Sunday, and by Tuesday many a yard showed snowy waves of the tiny white flowers. Lolac blossoms are out in full array, and tulips are making a brave stand against the wind—and against the ravages of children, several home owners report.

AT VARIETY STORE

Mrs. J. H. Stone, who has been employed at Levine's in Clovis for the past several months, has become a member of the personnel at the Stone Variety Store, operated by Jud Stone and wife, in Texico. Mrs. Stone is doing sewing.

BROTHER DIES IN HOUSTON

L. O. Levy, 66, brother of T. E. Levy of Farwell, died at his home in Houston, Texas, on March 31st. Funeral services were conducted in Houston, with interment made in that city. Levy, a railroad man, was injured some three years ago, the local man reported.

BOARD MEETS FRIDAY

Supt. B. A. Rogers today called attention of the members to the fact that the regular meeting of the official board of the school would be held Friday night, at the school building. Particular business at this time will be preparation of the budget, which is to be submitted to the auditor on April 27th.

Farwell Seniors To Visit At Colleges

The Eastern New Mexico College, at Portales, and Texas Technological College, at Lubbock, are on the visiting itinerary of the Farwell seniors this week, sponsor Jack Williams announced on Tuesday.

Today (Wednesday), the seniors are guests at ENMC in Portales, along with graduating classes from other high schools of the area. The students have been invited to spend the day at the college, looking over the facilities and getting a taste of college life.

Tentative plans Tuesday were for those who wished to go to attend the engineering show and home economics open house at Tech, on Friday. The engineering show is one of the high spots at the college just now, and girls of the group expect also to enjoy the open house offered by the home economics department of the college.

HOME FROM MAYOS

O. C. Sikes, local Ford dealer, returned home last Friday night from Rochester, Minn., where he and Mrs. Sikes had both gone through the Mayo Clinic. Mrs. Sikes stopped off on the return trip at Wichita, Kan., where she is spending this week with her sister.

VETERAN'S QUESTION BOX

Q. I have added total disability income coverage to my 20-payment National Service Life Insurance policy. Does the disability coverage continue after my policy is paid up?

A. Yes, provided you have not reached the age of 60. You continue to pay the additional premium for disability protection to the end of the 20-year period when it, too, becomes paid up. All disability income protection ceases when the insured reaches age 60, but payments are continued to those who are totally disabled at the time they reach 60.

Q. I have been discharged from the service for over a year. What is the latest date on which I can enter school or take training under the GI Bill?

A. You have until July 25, 1951 to start to school or training under the provisions of Public Law 346, and all schooling or training must be completed by July 25, 1956.

Q. I converted my SLI to 20-payment life. Is it possible to convert this policy once again to a cheaper plan of insurance, such as ordinary life?

A. You may, provided you are able to pass the physical examination, and the effective date of the converted policy is not more than five years ago.

Q. I am the beneficiary of a \$10,000 NSLI policy. Are the payments I am receiving subject to taxation?

A. No. The payments of NSLI as such are wholly exempt from Federal taxation. Except that they must be included as a part of the estate for Federal estate tax purposes.

When Your Back Hurts -

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

Howdy, Folks: Let's rehash some of the good old stories that folks tell on the farmers.

It was a moonlight night—the farm boy and the girl from town were leaning on the pasture bars and watching the calf and its mother rub noses.

"Gee," said the boy, "I'd like to be doing that."
"Go ahead," said the girl, "It's your cow."

Sign in a store window:
"LADIES READY TO WEAR CLOTHING"
"About time," said farmer Ned.

EDITORIAL
SENIORS
Charles Felts, Editor

A Senior is something you get to be if you manage to slide through eleven other grades, fool scores of teachers, and even fool yourself.

Seniors never study. They're sure to graduate, because the same teachers just couldn't take THAT again.

Seniors are supposed to be dignified—but are you? Don't you throw biscuits during banquets? Don't you lord it over all the other classes, because you had it loded over you once before? Don't you pity nearly everyone for not being right where you are, at the age you are—poor chumps? Aren't all the teachers just too, too—? Aren't you smarter than you ever were before before or ever will be again?

Being a senior during the last weeks of the term is the prelude to the jumping off place. In a few weeks, you are to be just an ordinary citizen. If you get to go to college, remember, there are sophs, juniors, AND seniors above you, and you start the last years of your schooling as a fish—a cold, slimey, fish, and as nothing beneath the feet of an upperclassman.

So BE a Senior and enjoy the limelight while you may. After all, school is nearly over, and isn't it a grand feeling?

SCANDAL
Seems as though Duane Curtis and Ivy Dell are coming along just perfect, right Ivy Dell? Love is still in bloom with Harry and Alta. Oh, well, "In the Spring a young man's fancy lightly turns to thoughts of love."

Talma's heart has been jumping and playing tricks on her after the Home Economics party. Alva Lee!

Everyone's teasing Valarie about her love affair. Well, Valarie, it's just fate taking its course. In case you wondering which course, it leads to Earnest.

We haven't hard much from Alta N. about Herman, except she's still sweet on him.

From the look that Warlick is going around with, you'd think Pauline had charmed the world out from under him.

What would anyone expect of spring except new romances? Hollis and Alta W. have contined just fine.

The Oklahoma Lane boys think Mary Ruth is really a cute girl. Especially one!

All the guys and gals donned their best bib and tucker for the annual Jr.-Sr. banquet. Along with the best bib and tucker, we saw a lot of pretty flowers for which some date or Dad had forked over his hard-earned money.

WHO'S WHO
Last week's Who's Who were Earnest Foreman and Avy Dell Evans. **With The Girls . . .**

This girl is a sophomore, with blue eyes and brown hair. She is 5'6" tall and likes for the boys she goes with to be 5'8½" tall. Her favorite food is ice cream, favorite drink is Pepsi Cola, favorite sport is football; actor, Bing Crosby; actress, June Allyson.

With The Boys . . .

This boy is a junior with blue-green eyes and blonde hair. He is 5'10" and likes for the girls he goes with to be 5'2½". His favorite food is fried chicken, drink is vanilla malt, sport is football, actor is Spencer Tracy; actress is Veronica Lake.

Who Is It? ? ?

FHA NEWS

Where are the sandhills? The sandhills! Just ask some of the kids that went on the FHA party. They are only ground covered with sage, beargrass, sandburrs, grassburrs, etc.

Regardless of bad luck everyone had a nice time. Those attending were Mr. and Mrs. O. T. Loyd, Mrs. I. L. Norton, Alta Martin, Harry Sheets, Toby Booth, Jo Ann Williams, Maxine Ford, Junior Robertson, Pauline Sheets, Warlick Thomas, Wanda Sheets, Cary Joe Magness, Hazel Petree, Don Ford, Hettye Nann Randol, A. C. Henneman, Alta Norton, Herman Gerries, Talma Randol, Alva Lee Allison, Jorn Allison, Jimmy Booth, Jeanean Lunsford, Jerry Pool, Valerie Dial, Ernest Loey, Frieda Mooneyham and Gerald Norton.

THIRD GRADE NEWS
We are working very hard on our operetta. It will be given April 29. We have added some new pets to our aquarium, 3 mystery snails and 3 red snails.

We want to thank Roland for the pretty apple blossoms and Sam for the pretty cherry blossoms. Phyllis also brought us a very pretty bouquet of mixed flowers.

Betty is quite disturbed. Her kitty has moved the baby kittens and she can't find them. Ben says he has some baby kittens at his house, too, and Barbara says her baby kittens have disappeared, but I bet their Momma knows where they are.

SIXTH GRADE NEWS
The sixth grade had six-weeks tests last week. We had no one to make a straight A card. Making A's and B's were Ann Whitley, Mary Joyce Roland, Darlene Sprawls, and Lola Mae Roark.

The sixth grade will present "Tang Teachers Place" in the auditorium on May 7, at 7:00 p. m. Characters are: Ruth, Mary Kriegel; Donald, Billie Reese; Doris, Beverly Lovelace; Paul, Phillip Cassidy; Anna, Ann Whitley; Edgar, Duane Herington; Victor, Bobby Joe Wyrick; Flossie, Mary Joyce Rolland; Katy, Lola Mae Roark.

SEVENTH GRADE NEWS

We were happy that the Boy Scouts went to camp last Friday. Just four more weeks until school is out. Then we can play for three months!

We are working on a pantomime that will be given some time in May.

EIGHTH GRADE NEWS

The eighth grade had a skating party April 16. We went to Hillcrest Roller Rink in Clovis and really enjoyed ourselves.

The boys seem to be getting along pretty well in baseball. They beat Oklahoma Lane 34 to 31. The girls aren't doing so well in volleyball.

There seems to be a pretty tight race between the class for salutatorian, but we know who the valedictorian will be.

FRESHMAN NEWS

Well we have finished taking our six-weeks tests. We are REALLY glad that they are over.

Most of the Freshman boys went on a Scouting trip last Friday. We think the Boy Scouts is a fine organization.

JUNIOR NEWS

We Juniors are very excited because we are going to go on the trip with the Seniors. We're looking forward to a wonderful time.

We are glad that the annual Jr.-Sr. banquet is over. We hope everyone enjoyed it as much as we enjoyed preparing it. We would like to take this opportunity to thank the speakers who helped us out at our banquet: Mr. Loyd and Mr. Overstreet.

SENIOR NEWS

The junior-senior banquet was really nice. We would like to take this opportunity to thank the junior class for the banquet.

Did you know we had three champions in the Senior Class? No? Well, we have. Bobby, Harry, Sonny (and Junior as manager) went down to Portales to box. Manager Junior managed 'em wrong, however, for they got boxed, and I don't mean maybe. (Really, they didn't do so bad—for no practice!)

The Seniors invited the Juniors to go with them on the class trip. We plan to go to El Paso and over to Old Mexico, Carlsbad Caverns, White Sands, and then Ruidoso. Now comes the time of year when the girls start opening beans and spam.

Just three more weeks of school for the seniors. Hooray!! (We hope, for there are still the finals.)

The seniors went to ENMC today as a reception was held for the seniors from different schools. We tried to catch a glimpse of college life.

Spring is here again. For proof, just look at the light in Talma's eyes.

RANGE KEEPER ADDED
AUSTIN—A \$50,000 range keeper has been added to the University of Texas Naval ROTC training equipment, Capt. H. Y. McCown announces. It is being used for instructor in gunfire control.

WORKSHOP FOR TEACHERS

AUSTIN—For the third consecutive summer, a workshop will be held at the University of Texas for teachers of special education. Courses in speech and hearing disorders will be given both terms, June 3-July 13, July 16-August 28.

The workshop is sponsored by the University speech and educational psychology departments, and the State Department of Education.

MOVE TO ARKANSAS
Following a clean-up sale of Camp Bowie buildings, WAA's record-breaking war housing sales crew will move their operations into Arkansas for the first time. In the past 8 months, the crew from the Grand Prairie office of real property disposal has marketed approximately 30,000 camp buildings in the southwest. On March 9, 10, 11 the crew will stage another location sale at Camp Robinson, near Little Rock. More than 4,000 Camp Robinson structures, mostly hutments, will be offered to the public in three days of bidding.

WASHINGTON, D. C.—Col. Kenneth D. Nichols, former engineer of the Manhattan District, original atomic project, has been appointed head of the Armed Forces Special Weapons Projects. He succeeds Lt. Gen. Leslie R. Groves, who retired March 1.

Whether You Bake a Pie

or Do the Family Wash . . .

You won't find a fuel as flexible, as adaptable to any purpose as Natural Gas. Bake a pie, broil a steak, or fry an egg! Natural Gas is the ideal fuel for cooking. At the same time, your laundry requires plenty of hot water and an automatic gas water heater will provide all the pure hot water you want . . . for bathing, dishwashing, and cleaning, too. Two other major household "musts"—house heating and refrigeration—are done best with the aid of Natural Gas. And to these we add the fifth BIG JOB performed by Natural Gas—all-year air conditioning.

Curry Track And Field Meet Comes Saturday

The annual Curry County track and field meet, probably accompanied with gales of wind and gusts of sand, will be staged this Saturday, April 24th, on the track at Clovis, with representatives from both Junior and senior divisions of all schools of the county expected to take part.

Coach C. E. Sanders today listed the probable entries from the Texico senior division as follows:

100-yd dash—M. Doolittle, Blain, 220—M. Doolittle, Blain, 440—A. Doolittle, Houghteling, 880—M. Doolittle, Tucker, Mile—A. and M. Doolittle, Relay—Blain, Pearce, Baldock, M. Doolittle, Broad jump—M. Doolittle, Pearce Baldock, High jump—M. and A. Doolittle, Baldock, Low hurdles—A. Doolittle, Blain, Tucker, High hurdles—M. Doolittle, Blain or White, and Houghteling, Javelin—Pearce, May, Baldock, Shot—Blain, Pearce, Baldock, Discus—Potet, Pearce, Baldock or May, Vault—A. and M. Doolittle, Baldock.

In the junior division, Coach B. A. Rogers gave his tentative lineup as follows:

50, 100, 220 and 440 yard dashes—Tucker, J. Doolittle, E. Hale, Relay—Tucker, Doolittle, Hale, Broad jump—Tucker, High jump—Sparks, Hale, Tucker, Vault—E. Hale, Crooks, J. Doolittle, Javelin, shot, discus—Gant, Crooks, Breeze.

Trophies will be awarded to high teams in each division, and in addition medals will be presented individual winners, Coach Sanders said. The days' activities will start in the forenoon, and prizes will be awarded at the conclusion of the events in the afternoon.

The ideal laundry center is a space on the main floor of the house that is convenient to the clothesline, and with plenty of hot and cold running water.

Oklahoma Lane Places First In Volleyball

In the district volleyball meet, held the past Friday night at Bovina, the girls from Oklahoma Lane took the crown, while Bovina placed second, Farwell rated third and Lazbuddy was in fourth position.

Supt. O. T. Loyd, he coaches the Farwell girls, said the meet was held in round-robin style, with Oklahoma Lane having a clean sweep in their matches. The Laners are now eligible to attend the regional meet, to be held this Friday and Saturday at Lubbock, he added.

All sets were played on the "two out of three" game series, with Farwell dumping Lazbuddy, Oklahoma Lane making a clean sweep over Bovina, who in turn edged Farwell in two close ones. The Laners then ousted Lazbuddy, and edged past, two games to one, in the matches against Farwell. Bovina took a close two to one count over Lazbuddy.

Players for Farwell were Mary Ruth and Hazel Petree, Hettye Randol, Jeanine Lunsford, Irene Harage, and Valerie Dial.

ATTEND FOX RELAYS

Boys of the Texico track teams who attended the Fox Relays in Ft. Summer last Saturday failed to place in the upper brackets in the senior division, Coach C. E. Sanders reported, with competition being keen. Some 25 schools were represented, with Albuquerque and Carlsbad first and second, respectively, in the senior bracket. Blain placed fifth in the 440, May took sixth in javelin, and the relay team was fifth.

In the junior division, Tucker placed second in the 220, the 100, and broad jump, being third high individual. The championship went to Portales, with Melrose in the second place position.

PORTALES—Beryl Brown, daughter of Mr. and Mrs. D. J. Brown of Texico, is captain of the winning team playing in the intramural basketball tournaments at Eastern New Mexico college. Miss Brown, a sophomore majoring in secretarial science, led her team against four other squads in competition to win the honors.

Eight Pigs Will Be Given Away in May

Eight registered Chester-White gilts will be presented by the Sears Foundation to Parmer County 4-H clubbers during May, it has been announced by County Agent Ollie Limer, in the annual Sears contest.

Boys interested in winning the gilts—who have the facilities to take care of them—are invited to submit an essay on "Why I Chose Swine for a Demonstration". The essays must be in Limer's office by May 1st for judging.

Four of the pigs will be on hand the first week of May, with the other four to be awarded later. In addition, a registered boar of the same breed will be assigned the county.

CHICKENS AWARDED

Three boys active in 4-H club work in Parmer County have been awarded 300 chickens each, in the spring Sears Foundation contest. Those winning the chicks are Billy Johnson and George Young, both of the Oklahoma Lane club, and Jerry Gleasoner, of the Lazbuddy community, County Agent Ollie Limer said today.

ANGUS CLASS ADDED

Announcement has been made that a special class for Angus calves will be made at the Lubbock Fat Stock Show next year, and these animals will not compete with the Hereford entries in grand champion judging. Boys who are planning to feed out stuff for shows next spring are reminded of this new addition to the Fair classes.

Weed Control Meeting In Amarillo, Apr. 22

A meeting of considerable interest to Parmer farmers will be held in Amarillo on Thursday, April 22 when the West Texas Weed Control Exhibit and Conference is held at the city auditorium.

The meeting will open around 9 in the morning, and will conclude at 4 in the afternoon. Special spraying and dusting equipment, chemicals and hormones will be on exhibit. C. E. Fisher, of the Spur experiment station, R. R. Lancaster of the A. & M. experiment station, and Ted Yost, head of the Kansas weed control program, will speak.

County Agent Ollie Limer said that Kansas has the best weed control and eradication program in this area, and Panhandle farmers are hoping to obtain some up-to-the-minute information from Yost. Those planning to attend from here include Agent Limer, Robert Morton, Dale McCuan, Buddy Jones, and B. E. Roberson of Summerfield, who is on the board of directors of the association.

MOVE TO BOVINA

Mr. and Mrs. J. P. Macon, who for 25 years have made their home in Texico, moved last week to Bovina. Macon has been active in the grain business in Bovina for the past several years. Orval Francis has purchased the Macon home in Texico, and has taken possession.

The tops and bottoms of all door and window sashes should have at least one coat of paint. This keeps out moisture and prevents warping.
