

**FROM KAMIKAZE TO THIS . . .** A former Japanese kamikaze pilot who never had to make the fatal dive was inspired to invent this toy-sized electric car which Pfc. Jackson Neeley of Hampton, Va., waves down the Ginza in front of the Tokyo P.X. The vehicle gets its power from a 30-volt battery and can hit speeds of from 25 to 30 miles an hour for six hours before recharging is necessary. It sells for \$2,400, but immediate delivery is not guaranteed.

# Rural Valuations of Parmer County Up

Farm property in Parmer County is now worth more than \$13,373,000 and rural homes here and throughout the state are in the best condition in history, according to a report just released by the Title Council of America.

More than 75 per cent of farm dwellings in Texas and the South are in excellent condition or need only such minor repairs as painting or general maintenance, the report revealed. Only 61.1 per cent were in good repair in 1940. The report was based on Bureau of Census surveys.

"The rise in farm incomes and property values since 1940 has been accompanied by a great increase in the number of rural homes equipped with such modern conveniences as electric lights, tiled baths and showers and running water," said F. B. Ortman, chairman of the Council's residential construction committee.

Electricity, for instance, has gone into hundreds of thousands of the nation's rural dwellings since 1940. Ortman noted. More than 59 per cent of all farm homes now have electric lights, in contrast to 31.3 per cent in 1940.

More than 32 per cent of rural dwellings in the United States today have running water, and 20.1 per cent have private baths. In 1940, 17.1 per cent had running water and only 10.6 per cent private baths.

**Clean-up Farm Sale Is Listed By Bynum**

L. P. Bynum who lives at Lariat, southeast of Farwell, has announced a general farm clean-up sale to be held at his place in Lariat on Monday, January 26th.

Bynum recently held his farm and is disposing of all livestock, farming equipment, and a large collection of household goods. Featured in the sale will be 14 head of cattle, most of which are Jerseys and good milking stock. Heading the farm equipment list will be a tractor with power take-off and a good wheat drill. A large list of furniture items including an electric refrigerator will also go to the highest bidder. A complete list of the offerings will be found in this issue of The Tribune.

Col. Dick Dasher, Farwell auctioneer, will be in charge of the sale, and he will be assisted by Ebb Randall as clerk. The Methodist ladies of Oklahoma Lane will serve lunch at noon, and there will be plenty of free coffee.

The sale is scheduled to get underway at 11 o'clock, Texas time.

**Practice Arranged For Outsider Ball Clubs**

Wilfred Quickel stated today that he had been named as custodian of the Farwell gymnasium on Monday night of each week, and it would now be permissible for outsider basketball clubs to use the gym for practice purposes on those evenings.

Either boys and girls clubs may use the gym by seeing Quickel and making arrangements for their hours, it was stated.

Bobby Anderson, son of Mr. and Mrs. G. D. Anderson of this city will be among the graduates of the Texas A. & M. College at mid-term, it was learned here this week. He majored in business administration.

## GRANDPA CHARLES ILL

G. W. (Granpa) Charles, father of Wilbur Charles of Bovina, is reported to be ill this week, although his condition is not reported serious. Mr. Charles, who attained his 95th birthday last September, is understood to be remaining in bed and shows no desire to get up. He merely says that he is tired and prefers to remain in bed.

Up until Christmas, Mr. Charles lived a very active life, and two years ago posed for a picture while riding a bicycle. The picture appeared in The Tribune in May, 1946.

## Local Business Houses Get The "New Look"

Contrary to the edicts of fashion, several Texico business houses this week are sporting a bare-faced "new look", instead of being covered up.

For more than twenty years, old-style porches have been hung at the front of business firms in the Cruse building in Texico, but this week the shops were facing the world minus their bonnets, and local residents look almost as surprised as the buildings when they first glance at them.

Removal of the awnings is in line with the general remodeling going on in Texico as the town prepares for the first four-lane highway in the State of New Mexico. Although there are still other awnings no business buildings down the street, all will be removed in the future, it is understood.

Sidewalks are also undergoing a change-over, with the old eight-foot ones being drilled out. In their place will come new six-foot walks, complete with curbing at the edge of the four-lane pavement.

## Davis, Gibson Will Visit In County

Jimmie Davis and T. G. Gibson, extension dairy specialists from College Station, will be in Parmer county on Wednesday, January 28th, to conduct a dairy school.

County Agent Ollie Liner announces that the school will be held at the local courthouse, in the county court room, beginning at 10 in the morning and concluding at 3 in the afternoon.

At this time Davis will discuss DHIA testing, while Gibson will take up feeding and management of the dairy herd. Any herd owner who is interested in presenting special problems will be invited to do so, Liner added.

All herd owners of the area are extended an invitation to attend.

## Ford Truck Showing Pronounced Success

The first showing of the new 1948 bonus-built Ford truck, staged here last Friday by the Sikes Motor Co., local Ford dealers, was a pronounced success. O. C. Sikes, owner-manager of the firm, stated.

Unfavorably cold weather prevailed during the day, but this did not keep near 500 visitors from the show rooms during the one-day display. Hot coffee and doughnuts were served throughout the day to visitors. "We are highly pleased with the success of the showing," Sikes said.

# Cold Weather Brings Little Moisture

## Tax Payments Keep Satisfactory Pace

### Firemen Prove Water Will Quench Oil Fire

The Texico-Farwell Fire Department put on a demonstration last Sunday afternoon which disproved a long-standing fallacy that water will not extinguish a gasoline and oil fire.

Extensive preparations were made for the demonstration that was put on just east of the Texaco bulk plant in Farwell. Trenches were rounded up around a small plot and several barrels of discarded crank case oil poured in, followed by a barrel of kerosene and 20 gallons of gasoline. Then a match was applied.

The flames and smoke boiled high into the air, and scores of bystanders began a retreat from the intense heat. Water, under some 1000 pounds pressure from the booster tank of the new fire truck, was applied in fog form . . . and the results were amazing to all spectators. The fire was out in less time than it would take to tell the story.

Repeated demonstrations of the same kind were carried out on the identical pool of oil . . . and invariably with the same results.

The local crew is fortunate in having members who received training in fire fighting at the Clovis Army Air Base during the war, and they have brought their knowledge to the other crewmen, with the result that Texico-Farwell has one of the best trained crews to be found. Practice drills and lecture courses are conducted at the fire station every Wednesday evening and the novices of the crew are receiving much valuable information and training.

An average of 20 fireboys has been in attendance at recent meetings and interest is high. "We learn something new every night" one of them commented.

## R. L. Brown, Muleshoe Land Man, Dies There

Death claimed one of Muleshoe's outstanding citizens early Tuesday morning after an illness of only a few days when R. L. Brown died at a Muleshoe hospital.

Brown, who was 74 years old at the time of his death, has been a resident of Muleshoe for the past 26 years, and most of that time he has been engaged in the real estate and loan business.

Funeral services were held Wednesday afternoon at 2:30 at the Baptist Church in Muleshoe, with the pastor, Rev. A. W. Blaine officiating. Burial was made in the Muleshoe cemetery under the direction of the Steed Funeral Home.

Survivors include two sisters, Mrs. B. H. Freeman of Garland, Texas, Mrs. W. T. McGoughy, Dallas; and two brothers, D. B. and J. B. Brown, both of Lavon, Texas.

## KIDDIES FILL HOUSE

Kiddies under 12 years of age took full advantage of the offer on the part of Texico-Farwell merchants last week and filled the Border Theatre to capacity.

Through an arrangement with local merchants, all youngsters under 12 years will be admitted to the show free each Saturday afternoon.

## Harding Will Leave Texico School, 30th

Warren G. Harding, who is currently serving as junior high instructor at the Texico school, announced this week that he would leave the position on January 30th, to enter Texas Technological College at Lubbock.

Harding tendered his resignation early in December, to take effect prior to the opening of the spring semester at Tech. He will do work on his master's degree, it is understood.

Supt. B. A. Rogers, contacted this week, said that as yet he had no successor for Harding, but added that he had some applications remaining to be checked.

To make a pound of butter, 9.77 quarts of milk are required.

## COMMENDED FOR ACTION

Santa Fe officials have written a letter commending Herschel Morgan and Lewis Cailouett for their alert thinking in removing an obstruction from the tracks in the local yards that might have caused a serious train wreck.

Morgan and Cailouett, both employees of the Farmers Supply Co., were in front of the place of business one day last week when a west-bound freight passed. Both of them observed the freight cars lunging as they passed over a certain piece of trackage. After the train had cleared the two went to investigate and found a brake shoe from one of the freight cars wedged in the "frog" of a switch, which they removed.

Santa Fe officials expressed the belief that the obstruction would have caused derailment of a train traveling east.

## Two Die In Hospital After Car Wreck

Two young people died in the Clovis Memorial Hospital the first of the week, following an automobile accident which occurred near St. Vrain, N. M., Saturday afternoon, injuring six people.

First of the wreck victims to succumb was Mrs. Joyce Peace Morris, 18, of Muleshoe, who died on Sunday morning. She had sustained a crushed chest, fractured ankle, a broken jaw and cerebral contusion.

Billy Hughes Crouch, 21, of Littlefield, passed away Monday in the hospital. Crouch, driver of the car was paralyzed as the result of vertebral fractures, and also had a brain injury.

Others injured in the accident, which occurred when the vehicle hit a soft shoulder at the edge of the roadbed, included R. A. Vestal, Sr., of Sudan; Mildred Luman, 19, Janice Thomas, 16, and Joe Younghamons, 33, all of Muleshoe. The car overturned twice and came to a stop in an upright position.

Funeral services were held Tuesday afternoon at the First Baptist Church in Muleshoe for Mrs. Morris, with the pastor, Rev. A. W. Blaine, officiating, and burial was made in that cemetery under direction of Steed Funeral Home in Clovis.

Survivors include the husband Jack Morris; a 14-months-old daughter, Jackie; the mother, Mrs. Alene Peace of Muleshoe; four sisters, Miss Maxine Peace, Miss Alene Peace, Mrs. Betty Thorne, all of Muleshoe, and Mrs. Dorothy Strickland, Louisiana; four brothers, James Peace, El Paso; Robbie, Charles and Thomas Peace, Muleshoe; two half-brothers, Alvah Lee, Lariat, and Jimmy Lee, Muleshoe.

## Tire Thieves Make Haul Monday Nite

Residents along Second Street in Farwell were hit by tire thieves Monday night, it was reported by the Sheriff's office here Tuesday morning.

Shortly after noon four mounted tires and a number of miscellaneous items had been reported stolen. Carl Davis, Sonny Garham, Bob Sudderth and Woodrow Lovelace were those reporting the loss of tires. Clifford Bosler reported the loss of a wool blanket and a pair of coveralls; Loyde Brewer, a brief case; and Ed Meeks, a 22 rifle. All items were taken from cars left out in the open. Sheriff Earl Booth expressed the belief that the property was taken by transients.

## HONEST MERCHANT FOUND

Bovina can boast of at least one honest merchant.

A customer entered the Williams Mercantile Co. in that city last Saturday and asked for a good handkerchief at a reasonable price. Pointing to a table, Willie Williams said, "Right there; a whole pile of regular five-cent handkerchiefs for 19 cents each."

Attaches at the Tax Collector's office reported today that payments for 1947 current taxes are coming in at a satisfactory rate, although the prediction was made that the usual last minute rush could be expected, and the office force was making preparations accordingly.

With Collector Earl Booth on crutches, the result of a recent accident, and the force one clerk shy, J. C. Wilkison, former deputy of Friona, is being used when his other duties will permit.

Attention was called to the approaching deadline on Jan. 31 at midnight. Payments mailed prior to that hour will be "under the line", it was stated. Unpaid 1947 taxes go on the delinquent roll on Feb. 1st.

## Poll Tax Year

Up to noon Tuesday, a total of 1209 poll tax receipts had been issued through the local office, and attaches expressed the belief that few polls would remain unpaid when the deadline arrives. Poll taxes, too, must be paid during this month if the voter is to be allowed to participate in elections during the year.

## Auto Tags Here

The new auto license plates for 1948 arrived early this week, but will not be placed on sale until March 1st, it was stated. The new plates are designed on a black background of orange numerals and lettering. The Parmer County numbers run in sequence from 4000 to 5499, with all numbers preceded by the county serial letters, AR.

## Surfacing of Farwell Farm Roads Begins

Surfacing of the Farwell to Oklahoma Lane farm-to-market road got underway here Tuesday when a large fleet of dump trucks began hauling caliche from the pit north of this city to the roadbed.

Workmen expressed the belief that it would require about two or three weeks to complete the caliche hauling, then the roadbed would be worked down and made ready for the topping. The trucks were moved here from the east side of the county, where two similar projects have just been completed.

## Irrigation School To Be Held in Friona

Ivan D. Wood, irrigation specialist who is touring artificial-watering projects under the auspices of the United States Department of Agriculture, is slated to make an appearance in Parmer County Thursday night, January 22, County Agent Ollie Liner said today.

The irrigation school will be held at the school building in Friona, beginning at 8 o'clock in the evening. Agent Liner said, in urging all farmers who have wells, or are considering them, to make it a point to be on hand to hear Wood.

"He is one of the best men I have ever heard on irrigation," Liner went on, adding, "he makes his discussion practical for anyone." Wood has been interested in irrigation development for some 25 years, and has had personal experience with the work.

Due to the recent boom in irrigation in this county, it is considered likely that a full house will be on hand to greet the speaker.

## Father-Son Barbecue At Farwell Thursday

The Father-Son barbecue staged annually by members of the vocational agriculture classes of the Farwell school will be held in the cafeteria department of the school on Thursday evening of this week, January 22nd.

Robert Morton, director of the department, announced today that no program was being planned for the evening. Following the dinner of barbecued beef, those on hand will enjoy games of dominoes and 42, he added.

Some 65 boys and their guests are expected to be seated at the dinner, which will begin at 7.30, Morton added. The department at the school this year numbers 33.

If American cropland were fenced into equal shares, the individual plot for each person would average about three acres, compared with about four at the end of the first world war.

The most severe cold weather of the winter season has held this area in its icy grip the greater part of the past week, but the cold has been accompanied by no moisture of any consequence. Light traces of snow fell on Friday and again Sunday night, which produced only traces of moisture.

While low reading records were being established in many sections of the nation, the readings in the Plains section were not unusual. Lows of 18 were registered here on Monday and Tuesday morning, which was the coldest of the winter, but not out of the ordinary.

Highways remained open throughout the Plains area and aside from being slowed down by the sharp cold the usual activity continued. Gas pressures were maintained and no undue suffering was reported from the thermometer's nose dive.

## Quarter Horse Sale Barn To Open Soon

Construction work is nearing completion on a sales barn, located west of the Texico Port of Entry, and will be ready for opening at an early date, it was learned here today.

It is understood that the business will be operated under the name of Foster Brothers, with Harvey (Red) Foster of Quanado, N. M., acting as manager and operator of the business. Foster had gone to his ranch at Quanado when a reporter called and could not be interviewed for a statement.

However, it is understood that he will deal in registered quarter horses and will conduct sales at least once each month. The date for the first sale has been tentatively set for early in March.

Foster has secured housing in Texico and expects to move his family here at an early date, it was disclosed.

## Orphan's Home Fund Amounts to \$700

The Methodist Church sent an even \$700 to the Methodist Home at Waco, Texas, as its annual contribution toward the support of the Home, which is caring for more than 400 orphans at the present time.

Church officials stated today that this amount was \$100 less than was raised locally last year but it was still one of the largest contributions made by any church in the Clovis district.

The local church has been among the leading contributors to the Home for the past several years, with last year's offering of \$800 topping all efforts.

## Benefit Ball Game To Be Played In Clovis

A benefit basketball game, with proceeds to go to the March of Dimes, has been announced for next Monday night, January 26th, in Clovis, putting the Bovina and Texico teams on the court.

From a sideline viewpoint, it would appear that the squads are pretty evenly matched, and fans of the area are looking forward to seeing the game.

The Texico girls have a nice list of victories to their credit this season, while the same holds true of the Bovina team, which features fast-moving Venable in the forward position.

Plagued recently by colds and other illness, the Texico boys had been on a losing streak until last weekend, when they dumped both Dora and Ranchvale by large margins, and are now believed to be hitting their stride. Bovina, which appeared to be unable to get going in the invitation tournament held in Farwell in December, became inspired a week ago and almost dumped the undefeated Steers, and have continued to show progress since that time.

## FORMER TRUSTEE DIES

Word was received here early this week of the passing of Frank F. Ferry, former trustee of the Capitol Freehold Land Trust, at his home near Chicago, where he had lived in retirement the past several years. Mr. Ferry retired as an active trustee of the Syndicate, owners of thousands of acres of land in West Texas, a few years ago. He was in his 70's at the time of his death.

**Health Notes**

By Texas Department of Health

AUSTIN—To minimize the danger of carbon monoxide poisoning during winter weather, motorists and commercial drivers are urged by Dr. Geo. W. Cox to check up now on the exhaust systems of their automobiles for defective connections and leaks.

He said that "warming up" a car in a closed garage is the greatest cause of carbon monoxide deaths. Leaks from manifold connections, cracked manifolds, defective mufflers, leaks from loose muffler connections and leaks from hot air heater connections are potential sources for release of carbon monoxide and should be checked.

Pay particular attention to these items and remember that proper carburetor adjustment causes minimum production of carbon monoxide and that the highest proportion of this gas is produced by an idling motor.

The State Health Officer said that headaches which occur during long drives may be an indication that carbon monoxide is leaking into the car. Sleepiness, dizziness, fatigue, and in extreme cases, paralysis are other symptoms of carbon monoxide leaking into the car. Truck drivers with long drives are particularly vulnerable, he said.

Doctor Cox described this gas as being colorless, odorless and tasteless. When in the air it gives no sign of its presence and is taken into the blood instead of oxygen. Suffering or collapse result from lack of oxygen.

**VETERAN'S QUESTION BOX**

Q. I was told that my disability which I claim was due to service cannot be service-connected because I had it before I entered service. Am I eligible for compensation?

A. If VA decides that your ailment was incurred in or aggravated by your service in the armed forces you will be entitled to receive compensation, if it exists to a compensable degree.

Q. I am a veteran of World War I and would like to know if there is any limit for filing a claim for compensation for disability caused by my war service?

A. There is no time limit set for filing claim for compensation under existing legislation.

Q. I was practically compelled to sign a statement before my discharge that my disability existed prior to enlistment. Will this prevent my receiving compensation?

A. Any statement of this nature, according to the GI Bill, which you made at discharge is considered null and void. Decision as to service connection of the disability will be made by VA based on the service medical record, excluding the statement made at time of discharge.

Q. I have been receiving readjustment allowance from VA and now would like to know if the money that has been paid to me will be deducted from any future bonus that may be authorized by Congress?

A. No.

**SKETCH IS PRESENTED**

LUBBOCK—A framed charcoal sketch of W. Albert Noyes, Jr., president of the American Chemical society, has been presented to Texas Technological College by Chancellor Weymouth of Amarillo. The portrait was made by Carleton West.

**Sales And Inventories Of State Wholesalers**

AUSTIN—Wholesalers' inventories in Texas shrank 4 per cent between September and October while sales were climbing 14 per cent to start on the road to better inventory balance, The University of Texas Bureau of Business Research reported. Watchful buying helped cut down overloaded inventories during Oct-

ober, and coupled with increased sales dropped inventories in drugs and sundries, the electrical group, hardware and tobacco products.

Only inventory gains for the month were 1 per cent climb taken by inventories of automotive supply wholesalers and the 3 per cent jump in inventories of wholesale grocers.

Sales advances reported by Texas wholesalers ranged up to the 27 per cent hike in drugs and sundries and the 26 per cent gain turned in

by electrical dealers. The only wholesalers registering decreases for the month were automotive supply dealers, recording a 5 per cent setback.

Compared with year-ago October figures, wholesalers' sales shot upward 2 percent, accompanied by a 25 percent inventory hike.

If your head feels hot and your feet cold around the house all winter, the trouble probably is that the house is unevenly heated rather than inadequately heated.

The right kind of winter tune-up service pays off in smooth operation and reliable service. No matter what model or make you drive, we're trained to service your car for trouble-free driving under all weather conditions. We have complete shop facilities, parts department and we give prompt, efficient service. Bring your car in for a winter tune-up today.

**ADD EXTRA HOURS**

**TO SHORTER DAYS**

It's easy to have more working time on a farm today.

When the sun goes down and there are still chores to be done ... just flick on the lights.

Dependable, low cost electric service goes on the job then, providing plenty of light in the yard, or in any building where it's needed.

Lighting adds extra hours to shorter days at a lower cost than ever before.

I'LL COME TO YOUR HOME OR PLACE OF BUSINESS

A Public Service Company lighting specialist will come to your home, office, or place of business to give you recommendations as to how to obtain the best in lighting. There's no obligation. Just call or write your nearest Public Service office.

We Have Nothing to Sell But Good Electric Service

**SOUTHWESTERN PUBLIC SERVICE COMPANY**

23 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

It took just one week for **10 Million** excited Americans

to say, "This time it's Hudson!"

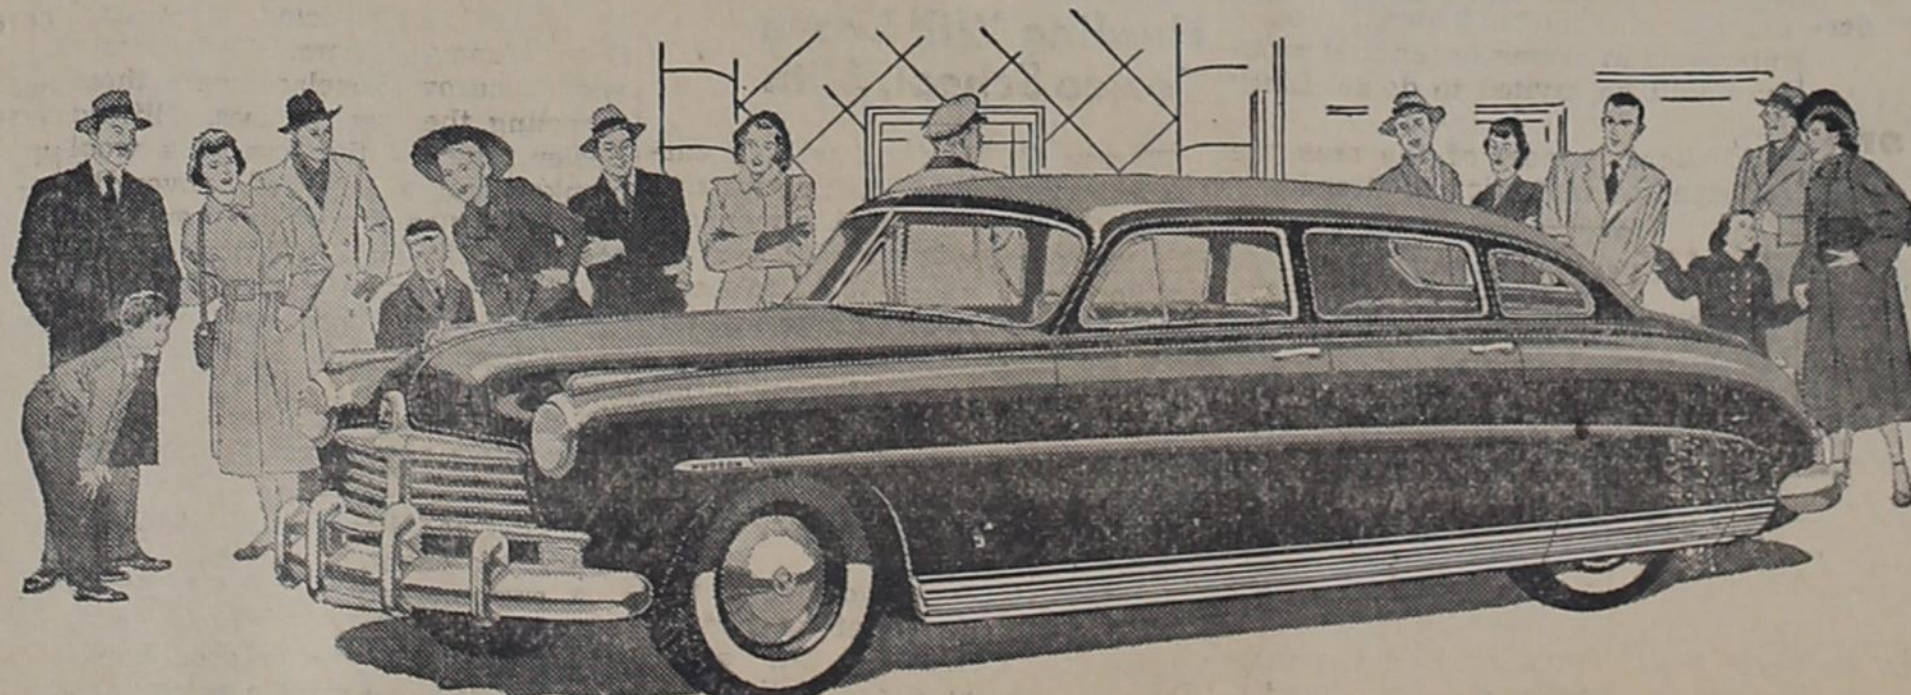

In one short week 10,000,000 people jammed showrooms to see the amazing, beautiful new Hudson—a new kind of motor car—only five feet from ground to top, but with more inside head room and roomier seats than in any other mass-produced car built today!

Hudson is the only American-built car you step down into when entering, not up on—yet it maintains road clearance.

Hudson's new, all steel Monobilt body-and-frame is the only motor-car construction that completely encircles you, even outside the rear wheels, with a rugged, box-steel foundation frame.

You ride within this frame—cradled between axles—not on top of the frame as in other cars. And as you ride, Hudson's combination of unique construction and comfort features gives you a sensation of snug safety and serene, smooth going unlike anything you've known before!

Meet the new Hudson—get all the facts about Hudson's all-new Super-Six engine, the power-packed Super-Eight engine, and Hudson's "Drive-Master" transmission that provides automatic gear shifting in forward speeds. Drop in at the nearest Hudson showroom. Find out why millions of Americans are exclaiming, "This time it's Hudson!"

**EDITORIAL**  
**MY IMPRESSIONS OF PERSONALITIES**  
 Jo Ann Williams, Guest Editor

Personalities are constantly changing. We know that we are not all so fortunate as others for some have handicaps. But this need not affect out personality, although it may. Take, for example, a crippled child who will be made fun of by other children when he is still in maturity and he will feel "dogged", so to speak. In later life, however, this cripple, because he couldn't play as others, may become a wonderful poet or musician. His personality changed.

We always know what we like about certain lessons, certain styles of dress, or a living-room suite. We also know what we like about people. Although fashions change, the foundation of qualities and taste are the same. The traits we like in a person are important factors. We like a person who is witty, quick-thinking, active; in other words, alert. A person who is always on time and who is truthful is always our friend. He is an accurate person.

The greatest of all traits, possible, is the ability to get along with people. If we only had that ability we would be sure of friends. We like a persistent person. A person who sticks to a job until the finish, a dependable person. Last, but by no means least, having a good memory is an asset. Everyone admires a person with a good memory. All these traits go to make a successful person.

When I first see someone, I notice first all of their appearance. Are they clean, neat? Do they have

good taste in clothing? What color clothes do they have on? Are they in style? What color is their hair and eyes? How tall are they? I think a first impression may be a lasting one in many cases. I then notice their voice. Is it tender and soft, low or high? Some people have a voice that makes you cringe, others have a soothing voice. I then notice their manners. Are they courteous, considerate and tactful? Do they show good breeding? All these first impressions about a person usually add up to either an "A" or "B" personality.

**FHS WHO'S WHO**

Last week's Who's Who with the girls was Aita Martin. With the boy, Toby Booth.

**THE GIRLS**

This girl is a senior and is 5'6" tall. She has dark brown hair, hazel eyes. Her favorite drink is coffee, and favorite food is peanut butter and crackers. Her favorite actress is Lana Turner, and favorite actor is Clark Gable. Favorite show is "Gone With the Wind." Her favorite sport is football. She likes for the boys she goes with to be about 6'1" tall.

Who is she????

**THE BOYS**

This boy is a Senior and is 5'11" tall with brown hair brown eyes. His favorite drink is malts and favorite food is a bog, thick, juicy T-bone steak. His favorite actor is Charles Starret and favorite actress is Dale Evans, and favorite show is "The Egg and I". His favorite sport is football. He likes for the girls he goes with to be about 5'6" tall.

**FHS SECOND GRADE**

We were sorry to lose Gerald Sanders who moved to Clovis. However, we have one new pupil: Phillip Campbell who came here from Morton. We hope he will be happy in our school. Richie Reinado is back with us after having been away for several months. Today is

Bertha Green's last day in our room. She is moving to Muleshoe. We are indeed sorry to have her go.

Jean Tarris' mother visited us Thursday. We were happy to have her.

We are glad to have Bobby Magness back after several days absence.

Larry Cooper, Frank Doug Hammonds and Earl Loflin have been absent for several days. We hope they will soon be back with us as we miss them.

**FHS THIRD GRADE**

We are sorry to lose three students from our room. Neva Jo Williams is moving to Floyd, N. M. Crispin Green to Muleshoe, and Gary Huckaby to Floydada. We hope they will be happy and enjoy their new school.

We have been studying how the Eskimos live in Alaska. We have decided it is too cold there, and we're happy we live where the sun shines more.

Loucille Carpenter is happy she has a new pet dog.

Barbara Caldwell is absent today. We hope she isn't ill.

Jimmie Williams was very sad because a car ran over his dog, but a new pet has come to live with Jimmie. It is a big collie dog. Johnnie Herington is the owner of a new pet dog.

**FHS FOURTH GRADE**

We are glad that the Mid-semester exams are over, and many of us came through with exceptionally high grades. Those making an "A" average for the semester are: Sharon Cook, Karolene Towns, Glenna Davis, Bert Williams, Marilyn Austin, Jo Elaine Magness. Those with "B" and "B-plus" average are: Eddie Smith, Gerald Hardage, Ima Jean McKillip, James Norton, Jerri Allison, Dan Hammonds.

We are sorry that Jo Elaine Magness had to be absent from school for a week. A tragic accident called her to the Rio Grande Valley. Ima Jean McKillip will be visiting in Oklahoma this weekend.

**FHS FIFTH GRADE**

Delbert Campbell enrolled in the fifth grade last Tuesday. He has been attending school in Morton, Texas, and is now living in the West Camp community.

Two new girls joined our class on Friday. They are Patty Garner and Hullett Byford from Muleshoe, Texas. These girls live in the West Camp community, also.

We are sorry to lose Barbara Jean Huckaby, who is moving to Floydada this week.

With the loss of four old pupils and gain of new ones we now have 33 pupils in the fifth grade. There are 15 girls and 18 boys.

**FHS SIXTH GRADE**

The sixth grade elected new officers. They are: President, Phillip Cassidy; Vice-President, Duane Herington; Secretary, Lola Mae Roark; Librarian, Beverly Ann Lovelace; and Reporter, Ann Whitley.

We are to have our valentine party Friday the 13th.

**FHS EIGHTH GRADE**

The 7th and 8th grade girls played Bovina last Tuesday and won 22 to 8. We seem to be getting along pretty well with our ball games. That is except for our boys. Texico beat them again last Wednesday 6 to 15.

We got our report cards yesterday.

Lueta McKillip left Friday to go to Sentemial, Oklahoma to visit her Grandfather, who is ill. We hope he gets along fine. Our teacher, Mr. Airhart, has been helping down at the Aldridge and Aldridge office with the business of income tax.

**FHS FRESHMAN NEWS**

The Freshmen class is happy to have its new member Rhilda Campbell, which makes us nine girls.

We are sorry that Leamon Stancell has been ill the last two weeks and hope he will be able to be with us again soon. Modell has also been ill and we hope she is well soon.

**FHS SENIOR NEWS**

The Seniors are very sorry to lose Nina Lee who moved to Plains, Texas. Nina served as Secretary-Reporter-Treasurer of the Senior class. We are sure that Nina will make

many friends in Plains. The Seniors elected Jo Ann Williams to take the place of Nina as the reporter and sec-treas.

**FHS SCANDAL!**

Irene wonders why Nellie and Bob were both absent Wednesday. Irene seems awfully interested!

When Jerry and Jenean go skating some girls with Jerry had left Jenean at home. Especially one girl! Who was it that was asking about Rildo the other day? Was is Gerald Norton?

Who was it that took Irene home a week from last Tuesday night? It was Bob, I think. Or was it?

**MANY PRESCRIPTIONS**

About 30,000 pharmacies throughout the country, taking part in the VA home-town pharmacy program, filled more than three-quarters of a million prescriptions for veterans during 1947, the VA estimated.

The veterans were undergoing out-patient treatment for service-connected ailments in VA clinics or with private physicians.

**PULL THE SWITCH**

**COLLEGE STATION**—The first impulse, when fire breaks out in the home, is to pour on water. But that is not always the wisest move.

Mrs. Bernice Claytor, extension home management specialist for Texas A. and M. College, says that when fire is in or around electrical equipment, water or other fire extinguishers should never be used until the electric current is cut off at the switch.

For that reason, she suggests that every member of the family know how to "throw" or "pull" the main switch to deaden the wiring system in case of a fire emergency.

After the electricity is turned off, the fire can be treated by the proper extinguisher. But it is well to remember, Mrs. Claytor says, that wires inside motors and other electrical equipment are covered with tarry material which burns much like an oily rag.

Acres of winter wheat seeded or to be seeded in Texas for harvest in 1948 is estimated at 6,980,000 acres, 48 percent greater than the 10-year average.

**WHAT A QUESTION!**

A young minister, calling on members of his congregation, came to a home in which there was a new baby.

As the proud mother exhibited the infant, the pastor sought to offer praise and felicitation.

"How old is the child?" he asked. "Just a month old today," was the reply.

"How interesting! Is it your youngest?"

**SERVES AS INSTRUCTOR**

**LUBBOCK**—Prof. L. G. Harmon, acting head of the department of dairy manufacturers at Texas Tech, will serve as an instructor at the annual Colorado A&M Dairy Manufacturers Short course Jan. 26-30, at Fort Collins, Colo. Harmon will present information on calculation of ice cream mixes, methods of manufacturing and processing ice cream, and on various types of fermented milk, including cultured and churned buttermilk.

**Homogenized Milk**

In keeping with the trend of the times Campbell's brings you Homogenized Milk. Homogenization is a process which breaks up the fat globules in cream (which contains valuable food elements) and distributes this butterfat evenly throughout the whole bottle of milk.

Homogenized Milk is the same good pasteurized milk you have always been able to obtain from CAMPBELL'S with the HOMOGENIZATION process applied.

You will find "CREAMINEVERY DROP" and a much smoother, palatable, and richer tasting milk. Try it today.

At Your Dealers or Phone 50

You are invited to visit Campbell's gleaming modern milk plant and let us explain in detail this new HOMOGENIZATION process.

**ACA News**

Harold W. Carpenter, Secretary

We hope to arrange for several cars of 20% superphosphate to be delivered to Farwell next month. This phosphate will be available to any farmer in Parmer County, and we hope to get enough to go around. It will probably cost the farmer \$35 per ton, but PMA will issue purchase orders at the rate of \$18.80 per ton, leaving the farmer's investment at \$16.20 per ton. The recommended rate of application is 200 lbs. per acre, which all adds up to a cost of \$1.62 per acre to the farmer.

Past tests in Parmer County have proven that application of phosphate on alfalfa and permanent pasture have greatly increased yields. Obe Roberson, of the Summerfield community, was in last week and turned in for enough to cover his alfalfa this year. He states that he cut 5 good crops from this land last year, after it had been phosphated in February. Farmers making application for phosphate now will be informed as to when it will be delivered and will take it directly out of the car on the siding in Farwell.

A count of the farms in the ACP program in 1947 reveals that 70% of all farms participated last year. Despite a severe cut in program funds for this year, we hope to even this mark in 1948.

**Small Lot Sale At Clovis This Week**

Major William M. Thompson, salvage officer, announces that a small lot sale is being held at the Clovis Air Field during this week, Jan. 19 through the 23rd.

A list of the items to be offered by bid during the hours of 8 a. m. to 4 p. m. (Clovis time) includes: wood lockers, wood straight chairs, oak tables, battery charger, truck tires and tubes, venetian blinds; office furniture including desk and file cabinets; bicycle, benches, steel and wood, GI cans, pillows, saws, buckets, ladders scrap lumber mattresses bunk bed, parts bins of various sizes, and gravel for approximately 100 yards of roadbed.

Dried fruits add flavor and sweetness to cereals as a breakfast food, a supper dish or a pudding.

**Chain Letter Is Declared Illegal**

The Post Office Department has received complaints that a new chain letter scheme is spreading throughout the nation. This scheme differs from those previously encountered, in that participants are warned not to forward the chain letter through the mails, but to keep the letter and send the required amount of money to the person whose name heads the list of 10 appearing thereon.

It appears that the originators of this scheme have the erroneous belief that by not sending the letter through the mail they will escape prosecution.

The Post Office Department invites attention to the fact that depositing any matter, including money, for transmission through the mails in furtherance of this scheme, is a violation of 18 United States Code 336 and 338, the postal lottery and fraud statutes, and participants are subjecting themselves to possible prosecution as well as fraud order action under 39 United States Code 259 and 732.

**CHICKEN LOSS REPORTED**

Thieves raided two chicken roosts in Farwell one night last week, making away with 26 nice fat hens. Mrs. Ruby Dixon reported the loss of six birds, while Raymond Martin suffered the loss of 20.

**Scout Council Meet Is Held Monday**

Girl Scout troop leaders of Texico-Farwell met Monday afternoon in the home of Mrs. John Aldridge for a Council assembly, with Miss Rosemary Head, district supervisor, attending.

At the meeting plans were discussed to secure badly needed leaders for some of the troops, Mrs. Aldridge said, adding, "We have one group of Brownies and one intermediate troop without leaders. These girls are not having meetings and will not be able to continue their Scout work unless new leaders are secured immediately. We are anxious that any one who will help with the work volunteer their services."

Along this line, Miss Head is laying plans to hold an instruction school for Scout leaders from Friona, Muleshoe, and Farwell, on February 26th, probably in Farwell. It is hoped that some recruits will be on hand to learn about Scout leadership, Mrs. Aldridge said today.

Mrs. John Lovelace was a guest at the meeting.

Revised BAE report on U. S. farm mortgage debt shows \$4.7 billions for 1947, in comparison with \$6.5 billions in 1940. Texas, California, Iowa, Minnesota and Wisconsin are top states in volume.

**Largest Enrollment At San Marcos**

SAN MARCOS—One student from Parmer County is among the 1,700 now enrolled at Southwest Texas State College in San Marcos.

This, the largest long-term enrollment in the history of the school, is expected to be exceeded in the coming weeks as students enroll for the next semester. To take care of this increase, College authorities have planned a greater college building program. Already one new women's dormitory and a number of smaller structures have been added. The student enrolled from Parmer County is Cecil Dykes of Farwell.

**HOME FROM HOSPITAL**

Rev. George D. York, pastor of the Methodist Church at Bovina, who has been receiving treatment in a Clovis hospital following a major operation, was permitted to return to his home in Bovina last Saturday, and is reported to be making satisfactory progress.

**GETS FINGER CLIPPED**

Bobby, 16-year-old son of Mr. and Mrs. M. H. Poteet, lost the first joint of his index finger on his left hand last Saturday while working on his jalopy. The finger became caught in the fan belt while the engine was running.

Hot stewed apricots spread over plain or coffee cake increases appetite appeal.

# Local Happenings

## Miss Birchfield Weds Clarence Meeks, 17th

Miss Ruth Birchfield, daughter of Mr. and Mrs. J. H. Birchfield of Farwell, and Clarence Meeks, son of Mr. and Mrs. L. H. Meeks of Farwell, were united in matrimony Saturday night, January 17th, at 8 o'clock, with Rev. Virgil Hunton performing the double ring ceremony at the First Baptist Church in Clovis.

Attendants to the couple were the bride's sister and brother-in-law, Mr. and Mrs. Woodie McDermitt, of Farwell. Mrs. McDermitt was dressed in black crepe with matching accessories, and had a shoulder corsage of Talisman roses.

The bride wore a white wool suit complimented with black accessories, and had a gardenia corsage. Carrying out tradition, she carried an old handkerchief belonging to her deceased grandmother, wore earrings borrowed from her sister, and had blue garters and a good luck dime in her shoe.

Following her graduation at the Farwell school in 1946, Mrs. Meeks has been employed at the local City Cleaners, and will continue her work there.

Meeks graduated from the Oklahoma Lane high school, and was in service for some time. He is now employed at the Hardage Tire Company in Farwell, and the couple will reside here.

Following the nuptials, Mr. and Mrs. McDermitt honored the newlyweds with a wedding dinner at La Vista, in Clovis. Guests were Mr. and Mrs. John Porter, Mr. and Mrs. Bill Banks, Mr. and Mrs. Clyde Magness, Mr. and Mrs. John Lovelace, Miss Helen McDaniel, Mrs. Hayden Cason and Don Watkins.

## Post-Nuptial Shower Is Given On Friday

Mrs. Travis Poteet, the former Goldie Sutton, was honored with a post-nuptial shower, the past Friday afternoon, when Mrs. Henry Lewis and Miss Vera Morgan were hostesses. The social was held in the home-making department of the Texico school.

A refreshment plate was served to Mesdames C. L. Crume, Ira S. Levins, M. H. Poteet, B. A. Rogers, R. L. Magness, Harry Baker, D. J. Brown, James Gillean, Mertie Hildreth and Clyde Magness; the honoree and the hostesses.

Regrets were received from Mesdames Johnson, Edd Blaine, LeRoy Faville, Bill Hall, Elmer Bridges and daughters, S. C. Hunter, Harris, J. B. Maupin Lila Dotson, Levi Johnson, Cordia Sutton Jamse Sutton, Raymond Sutton, Willie Smith and Perry Crawley; Misses Ruby Ham and Delphine Johnson.

## Family Reunion Is Held In California

Mr. and Mrs. Henry Burnett, with their five sons and seven daughters, recently had a family reunion at the Burnett home in San Ysidro, California.

Three of the attendants were from this area, Frank R. Burnett of Bovina, Mrs. Ellen Atwell of Clovis, and Don C. Burnett, of Friona. Other children present included Mrs. Evelyn Dyle of Spring Valley; Mrs. Ora Davis, Palm City; Kenneth Burnett, Corona; Mrs. Minnie Callaway, Corona; Mrs. Laura Greenson, Santee; Mrs. Jessie Marker, San Ysidro; Victor Burnett, San Ysidro; Eugene L. Burnett, Santee; and Miss Nina Burnett, residing with her parents. Victor and Eugene served for three years with the armed forces.

Mr. and Mrs. Burnett have resided in San Ysidro for the past 12 years.

## King-Potter Nuptials Read In Muleshoe

Wedding rites for Mrs. Frances Newton King and H. H. Potter were held in Muleshoe, Friday evening at 8 o'clock. The single ring ceremony was performed by Rev. Crafts, Methodist minister, in the parsonage of the Methodist church.

Mrs. Potter was dressed in a beige street dress, with black accessories. The daughter of Mr. and Mrs. Jess Newton of Farwell, Mrs. Potter finished high school here, and has been employed for the past several years as stenographer in the office of the Capitol Freehold Land Trust here.

Potter, son of Beck Potter of Portales, was formerly a local resident, being a utilities company linesman, and is now serving in that capacity in Muleshoe. He was in service for several years, spending some three years in the European theatre as an Army linesman.

Honoring the couple, Mr. and Mrs. Newton entertained at their home in Farwell, Sunday, with a lovely dinner. Seated at the table were Mr. and Mrs. Potter, Bobby King, Mrs. Bess Mansfield and Tom Adkins, of Farwell; Beck Potter and son, Buck, and daughter, Billie, and Eric Smith, all of Portales; Mrs. Buck Hawkins and children, Dean and Katherine, of Clovis; Mr. and Mrs. Orville London, of Amarillo; the host and hostesses.

Mr. and Mrs. Potter will make their home in Muleshoe.

## Mexican Supper Held Monday at Church

Warren G. Harding entertained members of the BTU of the local Baptist church, Monday night, preparing and serving a Mexican supper to the young people, at the church.

At the conclusion of a social hour the young people presented Harding with an electric clock as a farewell gift. He serves as sponsor, and plans to leave the last of this month for Lubbock to enter Texas Tech.

Attendants at the affair included Peggy Schleuter, Helen and Grace McDaniel, Theda Branscum, Donald and Leonard Watkins, J. D. Kelly, Margie Whitener, Mary Harding, Frank Cornelius, Buddy Pearce, Aileen May, Kenneth Willis, Willie Joe Carpenter, Carey Joe Magness; Mrs. N. G. Harding, Mrs. B. L. Harding and Mrs. W. J. Matthews.

## Arts And Crafts Are Studied By Scouts

Members of Troops 1 and 2 of the local Girl Scouts have selected arts and crafts as their major project at this time and are working for first-class badges Mrs. John Aldridge, local Scout leader, said today.

The groups are learning tube weaving this week, and Mrs. Aldridge asked that any local person who is talented along these lines offer assistance to the girls.

## Attend Meetings

Mrs. B. A. Rogers, Mrs. R. E. Walker and Mrs. John Aldridge were in Clovis, last week, attending an instruction school for leaders in Girl Scout work. Different projects for Scouts were taken up at the various meetings, and the new subjects will be handled in regular work in the local troops, Mrs. Aldridge said.

## License Issued

Records at the office of County Clerk Loyde Brewer show that a marriage license was issued the past Friday, January 16th, to Miss Wynona Thorne and Douglas Gosner, both of the Lazbuddy community.

## Friona Couple Wed On January 15th

The wedding of Miss Jean Turner, daughter of Mr. and Mrs. C. A. Turner of Friona, and Bob Coker, of Summerfield, took place in the Friona Baptist Church, Thursday at 11:00 a. m., with Rev. Thomas Allen performing the double ring ceremony.

The altar was banked with baskets of pink and white flowers. Miss Grace Jo Moody gave a program of instrumental music before the ceremony and played the traditional wedding marches.

The bride, given in marriage by her father, was beautifully gowned in white satin. The gown was a floor length model, with shirred hoop above the hem. The waist was hooped with a deep round yoke and long sleeves. She carried an arm bouquet of white sweetheart roses and lilies of the valley.

Matron of honor was the bride's sister, Mrs. Virginia Dilger, of Los Animas, Colo., who wore a floor length gown of baby blue taffeta and carried a bouquet of blue cornflowers and sweet peas. The bride's nieces, Jo Anne Turner and Betty Dilger, acted as flower girls and were gowned in identical dresses of yellow net and carried baskets of daffodils.

Mrs. Turner, mother of the bride, wore black with blue accessories and had a white gardenia corsage. Mrs. Coker, mother of the groom, wore a black moire suit with white gardenias as a corsage.

## Reception Is Held

After the wedding, a reception was held in the Turner home for relatives and close friends.

The serving table, beautiful with a lace cloth and flowers, was presided over by Mesdames Billy Turner, Edward Turner, Virginia Dilger and Wesley Hardesty. The bride cut the lovely three-tiered cake, after which refreshments were served to about 50 guests.

For her traveling costume, Mrs. Coker chose a striped grey wool gabardine suit with green topcoat and green and brown accessories.

Mrs. Coker has resided in Farwell for the past six months, being employed as stenographer in the office of the county agent. She is a graduate of the Friona high school and has taken special courses in music and art during the past year.

Mr. Coker is a graduate of Hereford high school and has been associated in business with his brother in Summerfield. After a trip to El Paso and Old Mexico the young couple will be at home in Hereford.

Attending the wedding from Farwell were Mrs. Loyde Brewer, Mrs. A. D. Smith and Mrs. Roy B. Ezell.

Mrs. G. F. Green of Texico visited in the home of Mr. and Mrs. A. C. Green in San Jon, N. M., Friday.

Mr. and Mrs. Everett Burns of Portales were Sunday visitors in the home of Mr. and Mrs. Hubert Beaty.

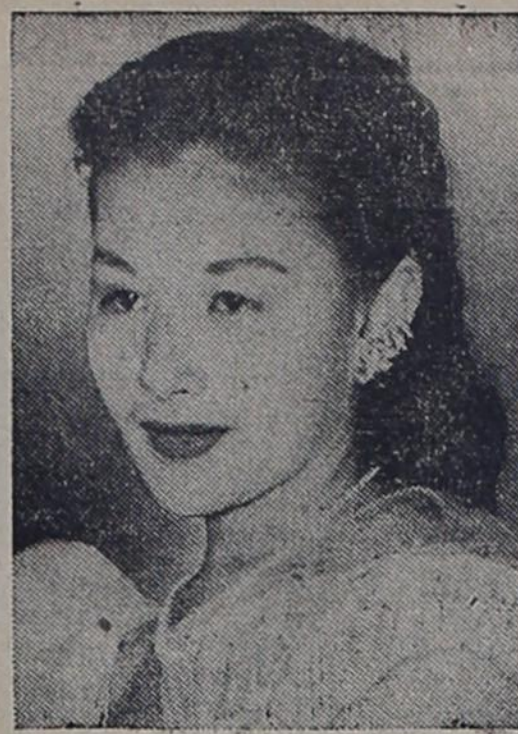

Mr. and Mrs. H. D. Mayfield and daughter, Peggy, of Friona, visited Sunday with Mr. and Mrs. Woodrow Lovelace and daughter, Dianne, in Farwell.

County Clerk Loyde Brewer was a business visitor in Lubbock, Tuesday. He was accompanied by Mrs. Brewer.

Mr. and Mrs. Jim Shipman and Mr. and Mrs. Gus Priboth and son, Kenneth, all of Muleshoe, visited Sunday in the home of Mr. and Mrs. Harry Jesko, in Farwell.

Mrs. Noble Green, of Pomona, Calif., niece of A. D. Smith of this city, is a guest in the home of Mr. and Mrs. Smith.

Subscribe to The Tribune!

IVORY TOWER . . . Evangeline de Castro, 17, "Miss Philippines," who was an added starter in the Miss America contest, announced that she would turn her back on mundane affairs to enter a convent. "I am bored with social life," she said.

## Youth Rally Will Be Held Here, Jan. 27th

A youth rally which includes the young people's departments from 19 Baptist Churches in this area will be held in Texico next Tuesday evening, January 27th, with the program slated to begin at 7:30.

The theme of the meeting, it is announced, will be especially directed at the youth, "Tomorrow Is Yours". Opening the evening session, the welcome to visitors will be extended by Warren G. Harding, local sponsor.

Mrs. Barney Kelly will conduct the devotional, with Mrs. Clyde Magness reading "Have Thine Own Way". The sermon will be given by Rev. E. M. Treadwell, local pastor, and the meeting will close with prayer, following which a social hour will be enjoyed.

Special music is also to be provided during the worship service, it was reported.

Mr. and Mrs. Charles Gustin and sons of Lazbuddy, visited Monday in the home of Mr. and Mrs. Harry Jesko in Farwell.

## VISIT IN OKLAHOMA

Mr. and Mrs. L. E. McKillip and family returned home Monday night from a trip to Sentinel, Okla., where they visited in the home of Mr. McKillip's parents for a few days. McKillip says it has been dry in that section, but most wheat is farther advanced than that in this area.

A new way to cook artichokes is to tuck chopped parsley or onion into their leaves before steaming or boiling them.

In-Type Antifreeze 1.75 Gallon

ATKINS & HARDAGE GARAGE

## OKLAHOMA LANE

Mrs. Earl Billingsley, who spent several days in the Memorial hospital in Clovis, is at home and showing rapid improvement.

Mrs. Bob Barkley and daughter, Miss Eunice Barkley, of Gastonia, North Carolina, are visiting their brother and uncle, W. D. Carpenter, and family.

Mr. and Mrs. Mart Payne of McAlister, N. M., visited in the J. M. Payne home over the weekend.

Mr. and Mrs. Leon Billingsley and family, Mr. and Mrs. Billy Frank Billingsley and son spent Sunday in the Earl Billingsley home.

Mr. and Mrs. Charles Felts of Lariat, spent the weekend in Dumas, Tex.

Mr. and Mrs. Harold Carpenter and son spent Sunday in the Lester Norton home.

Mr. and Mrs. O. C. Petree have been visiting in different points in New Mexico.

Rev. Jesse Terry attended special training services in Hereford Thursday night.

Miss Vashti Fowler and Earl Roberts visited friends in Muleshoe, Sunday evening.

MRS. JESSIE McSPADEN

## WMU MEETS JAN. 14TH

The WMU met at the church on January 14th for regular Bible study. Mrs. J. R. Glover led the group in the opening prayer, with Mrs. J. O. Combs giving a very interesting lesson on "Blessings". The closing prayer was given by Mrs. Ray. Present were Mmes. Combs, Glover, Free, Ray, Gray, Tidenberg, Sands, Whitehurst, and Williford.

## HAS BIRTHDAY DINNER

Mr. and Mrs. H. L. Tidenberg, Mrs. R. N. Williford and Mrs. John Stagner went to Portales, Friday, for a birthday dinner with Mary Elizabeth Stagner McClusky.

## ALL-DAY MEETING HELD BY BIBLE CLASS

The Ladies Bible Class of the local Church of Christ had an all-day meeting last week in the home of Mrs. Tom Rhodes. An interesting talk, "Life in the Tipton Orphans Home", was given by Mrs. Dan Jones, and two quilts were quilted, one to be sent to the orphans' home.

Members present were Mmes. Will Parker, Shelby Sanders, Mel Gunn, Ward Thompson, Lee Thompson, Hubert McKinney, Comdy Billingsley, Levi Johnson, Shelton, Elmer Venable, Oscar Venable, Cash Richards, Jim Ellison, Misses Lula and Carrie Smith, and the hostess. Guests included Mmes. Hubert Ellison, J. F. Barnett, Edna Scott, Bob Williford, C. R. Elliott, and Dan Jones.

## LEGION-AUXILIARY MEET

The American Legion and Auxiliary of Post 518 of Bovina met Jan. 12th and made plans to have a box supper on Jan. 31st, at 8 o'clock, at the Legion Hall. The public is invited to attend. A cake will be presented to the prettiest girl and ugliest man.

## MOTHER DIES

Weldon Jones, vocational agriculture instructor here, received word last Wednesday of the death of his mother, Mrs. Bessie Jones, of Lubbock. Funeral services were held in the Broadway Church of Christ, Lubbock. Other survivors are Jack Jones, student at ACC, and two daughters, Margaret of Crosbyton, and Mrs. Delvin Smith of Lubbock.

## TEACHERS ARE HONORED

Local teachers were honored with a 42 party, last Monday night, in the home of Buck Ellison. Troy Fuller and Mrs. Otie Ellison were high with Aubrey Ellison and Mrs. Williams low point. Refreshments of coffee and doughnuts were served to R. E. Everett, R. W. Jones, Mr. and Mrs. Troy Fuller, Mr. and Mrs. A. Ellison, Mr. and Mrs. Bill Thornton, Mrs. June Rhodes, Mrs. W. O. Cherry and Mrs. W. E. Williams.

## FAREWELL PARTY GIVEN

A surprise farewell party honoring Audrey Boxford and Almeda Huff was given at the Legion Hall Saturday night by Gladys Hopingardner and Roberta Boatman. Refreshments were served to Patsy Loflin, Lonetta Thompson, Mary Rose Brito, Sara Venable, Midgie Gritsch, Ella Bradshaw, Elizabeth Berggren, Jimmy Ware, Clinton Tidenberg, Mrs. Bill Thornton, Loren Thompson, Welsey Ayres, Gene Brito and Weldon Moody.

## FOUR SQUARE CLUB MEETS

Thursday evening the Four Square Dance Club held a regular meeting

at the American Legion Hall, with Mr. and Mrs. Bill Kyle and Mr. and Mrs. Leagan Looney as hosts.

Refreshments were served to Messrs. and Mmes. Emmitt Tabor, George Trimble, Bedford Caldwell, Tom Caldwell, J. C. Denney, Aubrey Ellison, Billy Sudderth, Aubrey Rhodes, Lloyd Battey, Carl Ray, Bob Wilson, A. M. Wilson, Tom Griffith, Glenroy Davies, Vernon Estes; Mrs. W. O. Cherry, Lera Dell Cherry, June Gay Looney, Loyce Marie Trimble, and Jimmy Charles.

Bob Kelley, who injured his ankle in the Bovina-Vega basketball game Friday night, accompanied by his mother, Mrs. Otis White, went to Hereford Saturday, for medical attention.

Mrs. Ernest Woelfel was operated in the Deaf Smith County Hospital in Hereford, last week. She is reported as doing nicely.

T. J. Hopmgardner is in Clovis Memorial Hospital, suffering with blood poisoning in his hands.

J. A. Quickel, of Hollywood, Cal., stopped in Bovina to visit his brother, I. W. Quickel, and family, last Tuesday, as he was returning home from a visit with his mother in Woodward, Okla. Quickel spent a few days in Bovina, leaving the last of the week by train from Clovis, where he had been accompanied by Mr. and Mrs. I. W. Quickel.

Mrs. Emmitt Tabor, Mrs. Aubrey Rhodes, Mrs. Ray Davies and Mrs. Bill Kyle shopped in Clovis, Saturday.

Mr. and Mrs. Aulcar Ellison had business in Clovis, Saturday afternoon.

Johnny and Jo Ann Byler have been in the Clovis Memorial Hospital the past few days for medical attention.

Mrs. Alma Vassey returned home from Vernon, Wednesday, after a visit with her brother and family.

Mr. and Mrs. Lloyd Battey were in Clovis, Saturday.

Rev. George York, who has been a patient in the Clovis Memorial Hospital for several days, returned to his home in Bovina, Saturday afternoon. He is greatly improved, following a serious operation.

Mrs. Bruce Giles is in Lubbock, where she underwent surgery Tuesday.

Mr. and Mrs. I. W. Quickel were Clovis business visitors, Saturday.

Mr. and Mrs. Bill Thornton spent Sunday in Farwell with her parents, Mr. and Mrs. B. N. Graham. Mrs. Graham has been ill, but is improved.

Mr. and Mrs. Reagan Looney returned home from a trip to Fort

**'CHRIST ABOVE ALL. THEIR THEME . . .** More than 10,000 young people from all parts of the U. S. and many foreign countries attended the Methodist youth conference, sponsored by board of education of the Methodist church, at Cleveland. Posing before huge globe surmounted by a cross are young representatives of eight nations: Norway, China, Korea, Brazil, Switzerland, the Philippines, India and the United States.

Worth and other points; Wednesday, Inelle Elliott, of Canyon, visited Sunday with her parents, Mr. and Mrs. C. R. Elliott.

Mr. and Mrs. Bass Elliott had business in Amarillo, Thursday. Bass left Friday for Lubbock, where they will move as soon as their new home is completed.

Aubrey Brock and George Trimble made a trip to Dallas last week,

returning home Thursday.

Mrs. W. C. Byrant returned to her home in Amarillo, Saturday evening after spending a few days with her mother, Mrs. J. Sam Gaines.

Garland Ray Dalton arrived in Bovina last week from South Texas, where he has been attending school. He will make his home with his mother, Mrs. Dan Jones.

Mrs. Trimble, of Amarillo, spent

## When Your Back Hurts—

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

**DOAN'S PILLS**

**NO HANDICAP . . .** Gordon Taylor of Cuyahoga Falls, Ohio, demonstrates his ability to bowl with the use of artificial limbs. He and other disabled members of a group known as "Possibilities Unlimited" took part in a sports round-up sponsored by American Medical association and the office of vocational rehabilitation. Many sports events termed impossible for amputees were presented in connection with AMA's mid winter convention at Cleveland.

daily! This was in January, 1918.

Andy settled in his adopted West Texas, where he still lives today. "I have seen a lot of improvement in the oil field work during these past 30 years," he muses. "Drilling has now become a science and wildcatting is no longer such a gamble. Waste has been reduced to a minimum and the old days of flowing wide open, as well as those of the open earthen tanks, are gone. Why," he concluded, "there have been so many changes that I wouldn't even know how to handle a rig now! And I owned a string for 50 years!"

**PRODUCERS URGED NOT TO LET UP**

**COLLEGE STATION**—Although "Eggless Thursdays" are no longer a part of the Voluntary Food Conservation Program, it doesn't mean that poultry producers should let up on the grain conservation drive.

Ted Martin, extension poultry husbandman for Texas A. and M. College, says that January usually is the beginning of the normal increased production period for laying hens and for that reason, it is believed that "Eggless Thursdays" can be dropped from the food conservation program. However, there are still too many unproductive hens in Texas flocks, and unproductive hens mean wasted grain.

In a recent letter to all county extension agents, Martin pointed out that a 200-egg hen will produce a dozen eggs on five pounds of feed, while it requires 11 pounds of feed to produce a dozen eggs from a 80-egg hen. "It's a waste of time and money, as well as grain," he said, "to continue feeding hens that don't pay off in eggs."

The National Poultry Coordinating Committee recently reported that the flock culling program is behind schedule in the United States with approximately 35 million inefficient hens still on a diet of scarce grain.

Martin says that although the hen population in Texas has dropped considerably, due in part to the culling program, poultry producers are urged to continue culling their flocks in order to get the most efficient use of the grain that is fed.

**LEGAL NOTICE**

**CITATION BY PUBLICATION THE STATE OF TEXAS**

TO: Alta Bolton, the unknown husband of Alta Bolton, and the unknown heirs, assigns, and legal representatives of said Alta Bolton, their unknown heirs and assigns, GREENING:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 1st day of March A. D. 1948, at or before 10 o'clock A. M., before the Honorable District Court of Farmer County, at the Court House in Farwell, Texas.

Said plaintiff's petition was filed on the 15th day of January 1943. The file number of said suit being No. 1425. The names of the parties in said suit are:

Rochelle Christian as Plaintiff, and Alta Bolton, and if married, the unknown husband of Alta Bolton, and if deceased, the unknown heirs assigns and legal representatives of said Alta Bolton their unknown heirs and assigns; as Defendants.

The nature of said suit being substantially as follows, to wit:

Suit in Trespass to Try Title plaintiff alleges that on Jan. 2nd, 1948, he was and still is the owner in fee simple of 160 acres of land out of Capitol League Number 551, described as the N. E. 1/4 of Section No. 1, Twp. 16 South, Range 1 East, of a Capitol Syndicate subdivision of Farmer County, Texas, as shown by Plat of Such Subdivision of Record in the Deed Records of Farmer County Texas, Vol 3, at page 558, and that he was also on such day in possession of same and that on January 3rd, 1948 the defendants unlawfully entered upon and disposed him of such premises and withheld from him the possession thereof. Plaintiff alleges damages for such unlawful use in the sum of \$75.00, and prays that the defendants be cited to answer this petition, and that he have judgement for title and possession of said land, for his damages and costs of suit, and for such other and further relief to which he may be entitled either at law or in equity, and plaintiff's petition is endorsed "This action is brought as well to try title as for damages".

If this Citation is not served with in 90 days after the date of its issuance it shall be returned unserved.

Issued this 15th day of January A. D. 1948. Given under my hand and seal of said Court at office in Farwell, Texas, this 15th day of January, A. D., 1948.

Loyde A. Brewer, Clerk District Court, Farmer County, Texas

**NOTICE OF COUNTY'S INTENTION TO RECEIVE BIDS FOR THE PURCHASE OF CERTAIN ROAD MACHINERY AND TO ISSUE TIME WARRANTS THEREFOR**

SEALED PROPOSALS, addressed to A. D. Smith, County Judge of Farmer County, at Farwell, Texas, will be received at the office of the County Judge until 10:00 o'clock A. M., on the 31 day of January, 1948, for the purchase of the following road machinery for the maintenance and improvement of the roads in and for said county, to-wit:

One Motor Grader, all steer cab, Scarifier attachment 13x24, tires front and rear, right and left mold-board extensions, rear wheel electric brakes and mechanical parking brake, three section seat, twelve volt electric generator, battery, starter, two white headlights.

SUCH PROPOSALS will at said time be publicly opened and read before the Commissioners' Court of said County.

IT IS THE INTENTION OF THE COMMISSIONERS' COURT to pay for such road machinery by the issuance and delivery to the proper contractor of the legally issued time warrants of said county, bearing interest at a rate not to exceed 4 per cent per annum, payable semi-annually, which said warrants shall not exceed the principal sum of \$6,000.00, and the principal of said warrants shall be payable serially, the maximum maturity date being not later than April 15, 1960.

THE COMMISSIONERS' COURT reserves the right to reject any and all bids.

(SEAL) A. D. SMITH, County Judge, Farmer Co., Tex. Jan. 15-22-c

(By N. H. KINCAID)

**WILDCATS ARE UNPREDICTABLE**

The man on the tower heard it first, on that warm, still night in July, 1917, and yelled to one of the groundmen. "Hey, Bill! she's coming' in! I'm getting down from here!"

And his decision was none too soon. The low rumbling noise had become a snarl and the earth itself seemed vibrating with emotion as though it were doubled up with pain and about to begin retching any moment.

And then it happened. Almost immediately the packing, black and all, came hurtling upward and a stream of natural gas shot skyward. The little wildcat, Nannie Walker No 1, had blown herself in at 3400 feet. She was to be the first of many in the Ranger field of Eastland county, and this field was destined to startle the oil-producing world.

So mused Andy Urban, the driller, as he hurried onto the field at dawn the next morning. Born in Findley, Ohio, June 18, 1869, he had been following the oil business most of his life. He got his first rig in Indiana; but he was a wildcatter and he followed his nose westward. He drilled for himself and he drilled

for others.

Urban was in Bartlesville, Okla., in 1905, with the first indication of oil interest in the Indian territory; in 1911 he moved down to Wichita Falls. But now, in the edge of the Cross Timber section of West Texas, he felt that he was helping to usher in his biggest and best strike. "And if so, here is where I quit roaming and stay put," he had mused on the way over this morning. The children's schooling was being hindered too much, as things were.

But the well was still blowing off gas when he arrived—8,000,000 cubic feet of it daily, it proved. And it continued to do so, as the days slipped into weeks and the weeks into months. Some of the gas was used, but most of it was allowed to escape into the air. It was piped 200 feet away from the well with four inch pipe.

In the meantime another wildcat had been brought in on the nearby McClesley farm at 3,435 feet, and it was a producer. All the oil world was acclaiming it and it was more than fulfilling Urban's prophecy. And just when he was becoming reconciled to his own bitter disappointment in his gasser, it blew into the oil sand and yielded 1000 barrels

Having sold my farm, I will conduct a general cleanup sale at my place in Lariat, Texas, on

### Five Teams Dropped By Texico Over Weekend

Five different teams were victims of the Texico cagers the past weekend, when games were matched with two Dora boys' squads, here, on Friday evening, and with the senior teams and grade boys at Ranchvale on Saturday night.

In the home games, the rampaging Wolverines came to life and soundly cleaned house on the visiting Dora quintet, taking a 61-39 decision over their opponents, while the "B" squad also won the opener, 30-24.

Coach C. E. Sanders reported today that the senior team from Dora was paced by Victor with 11, but Baldock of Texico was the high scorer of the evening, hitting the bucket for a total of 33 points. The Wolverines led at the first quarter 13-4, had pushed on to 25-16 at half time, and were out in front 40-23 when the third period ended.

White led the local "B" string by netting 12 points, while Harp, with eight, was high for the losers.

#### Play at Ranchvale

The local girls took the hardest-fought game at Ranchvale on Saturday night, finally edging out of a nip-and-tuck battle, 28-24, coaches at the school said today, listing the game as one of the best played this year by the girls, with P. Engram starring in the forward division.

In the opening game of the evening the grade boys counted up 31 while the Ranchvalers came out with only 13, and finishing up the string of wins for the weekend, the Wolverines bounced the Trojans, 35-20. Gant, of Texico, scored 18 in the grade boys' game.

Scoring in the senior tussle ran close throughout, with Texico leading 8-5 at the first quarter, 14-11 at the half, and 25-20 at the third period stop. Baldock was again high man, with a total of 23, while Bailey hooped 11 for the Trojans.

Cracks in patent leather shoes often are caused by putting on shoes while they are cold and stiff.

### Steers Maul Longhorns; Girls Win By One Point

With the main string checking out of the game at half-time, the subbers for the Farwell Steers went ahead to win over the Lazbuddy Longhorns, 39-7. Farwell jumped to the lead in offense by tacking up a score of 20-2 at the half. Harry Sheets and Warlick (Froggy) Thomas managed to hoop in 8 points each before they were "jerked" to spend the remainder of the game in the bleachers. Stenbock, Smith and Cantrell got two each to pace the Longhorns.

#### GIRLS' A HAIR-RAISER

Many a Farwell girl's heart skipped a beat before the locals downed their opponents, 16-15. They also jumped into an early lead in the first round by setting the tally at 8-3. At half-time score stood 10-7. Lazbuddy pulled up beside the Farwell girls in the third quarter however, 15-11. Farwell's guards did a very commendable job by refusing to let the opposing cagers score a single point, while the Farwell forwards made a free-toss to win the battle 16-15.

D. Gosner was high with 8 for Lazbuddy, and Mary Ruth Petree and Valarie Dial each racked up 6 for Farwell.

### Local Bakery Team Entered In Meet

The Crawley's Bakers outsiders cage team, playing in an invitation tournament, defeated the McCullough squad 33-29 in their first game Friday night, with Gray hitting the hoop for 16 points.

Members of the squad reported today that the Bakery players would face the winners of the Maulden Lumber-Hester Motor conflict on Thursday night at 6:15, continuing tournament activities.

The locals play with Clovis outsiders in matched games each Tuesday night, in Clovis, and Texico-Farwell fans are invited to attend. Members of the Bakers squad are

Roop, A. Martin, Winkles, May, Gray, P. Martin, Drace and Lewis.

### Tournament Dates Are Set By School Men

Dates for the Curry county senior and grade teams tournaments, as well as the district tournament, have been set, and were discussed at the meeting of the Curry County Schoolmasters Club, held in Texico last Thursday evening.

The Curry tourney for senior boys and girls will be held on February 12, 13 and 14, with the district meet following in two weeks, February 26, 27 and 28. A tourney for grade school boys and girls, and second string boys, is slated for March 4-5-6. No decision as to where the meets will be held has been reached, although it is believed that Clovis will be the scene of the county contests, with district play in either Clovis or Portales.

For a change, basketball fans in this part of the country will have the opportunity to see the annual state tournament, which will be held in Roswell the second weekend in March, Supt. B. A. Rogers said today.

Some twenty-five men were present for the club meeting, representing every school in the county, and County Superintendent E. R. Metcalf of Clovis, was also on hand. Following a dinner and business meeting, the group enjoyed games of 42.

### Farwell Takes Non-Con. Match From Ranchvale

Coach Jack Williams' Farwell Steers had another scalp to add to their collection of 14 unbeaten contests last Friday night in their home gymnasium when they defeated Ranchvale, 39-20. Every sub on the bench for Farwell took the court at one time or another, and several played the most of the game, doing quite well for themselves.

Farwell got the jump on the visiting cagers early in the first period, 11-3. The score at half-time stood 22-5, and three-quarter score was 31-13.

Sophomore Don Ford proved his basket eye during the game when he made several beautiful shots from out front, which, coupled with some follow shots close to the hoop, netted him 12 points and made him high-point scorer of the game. Moore led Ranchvale with 9.

Farwell's scrappy girls held a very powerful Ranchvale sextette to a close 26-32 decision. Quarter scores showed that Ranchvale only ob-

tained her winning lead in the closing minutes: 1st, 6-9; 2nd, 15-14; 3rd, 23-24.

Petree led Farwell with 12, but Grant of Ranchvale outscored the little forward by netting 14.

McDowell of Clovis officiated both games.

### Friena-Farwell Meet There Friday Night

Hostilities with the Friena Squaws and Chiefs will be renewed by the Farwell cage teams on Friday night of this week, with the girls playing a conference game, while the boys' match is non-conference. The games will be played at Friena, beginning at 7:30.

The Steers have previously dumped Friena, in the invitation tournament held here, but rivalry between the two teams always guarantees a good battle, and it would definitely be a scalp for the Chiefs if they succeeded in breaking the perfect record of the Steers this season.

The Farwell girls, although they have made seven-league improvement in their past few games, are rated a very small chance of upsetting the high-stepping Squaws, who likewise boast a perfect record for the season.

### Farwell Teams Enter Whiteface Tourney

Gunning for another title, the Farwell Steers will enter competition with ten other squads at Whiteface this weekend, in an invitation tournament which opens on Thursday. Coach Jack Williams said today.

Having taken tournament crowns at both Bovina and Farwell invitation meets this season, the Steers are hoping to continue their string of unbroken victories.

Slated to play Morton on Thursday night at 7 o'clock, Coach Williams said today that he did not know what sort of opposition his boys would encounter. "I just don't know anything about Morton," he said today.

If the Steers pass Morton, they advance into the semi-final game which will be played Saturday afternoon at 3, against the winner of the Bula-Anton-Three Way round. If they drop their opener, the Steers go into the consolation bracket, facing the loser of the Bula-Anton game at 11 o'clock Friday morning.

#### Girls Meet Bula

The Farwell girls, who have shown unusual improvement during their past two games, are also enter-

### FOR YOUR VALENTINE

A delicious box of sweets for that special person is a nice thought for Valentine, which is just around the corner.

The smart shopper will come in now for those Valentine remembrances of candy and cards. We have an unusually good assortment on hand at this time.

FOX DRUG STORE

ing the meet, and have drawn Bula as their first opponent, playing on Thursday afternoon at 1 o'clock.

If victorious, they will meet Stanton, in on a first-round bye, at 2 Friday afternoon, while if they lose their first match, they will face the loser of the Morton-Meadow game at 1 o'clock Saturday afternoon. Eleven girls teams are entered.

Finals for the tournament come on Saturday night.

### Field Teams Come To Texico Friday Night

Home games will be played on the Texico court Friday night, January 23rd, when boys and girls from Field are on hand to contest the Texico squads, Coach C. E. Sanders reports.

The girls' game is expected to be the best contest of the evening. Field is understood to have met about the same opponents as those faced by the Whirlwinds this season, and statistics indicate that the squads will be closely matched.

On the other hand, the Texico boys are believed to have a fairly easy task before them in downing Field. "However," Coach Sanders said today, "that is the team that always beats you . . . the kind you don't expect to do much."

With most of the Texico ball players back in the lineup following a series of colds, Sanders expects to have his team in good running order this weekend.

The first game will start at 8 p. m., Texas time, with David Covington, of Clovis, as official.

EXPANDING SERVICE IN 1948

• Telephone users throughout the territory served by this Company made in the neighborhood of 1,800,000,000 local telephone calls in 1947, as well as many millions of long distance calls.

Through the past year telephone equipment of all kinds was added as fast as it became available; new switchboards, cable, wire and poles were put to use in record quantities.

In 1948 we will continue adding to our telephone plant, to provide service for those who are waiting and to give present customers the type of service they want.
