

**EARTHQUAKE LEAVES THOUSANDS DEAD . . .** Atom bomb or no atom bomb, mankind has yet to devise a destructive weapon that can equal the stupendous forces sometimes released by nature. When one of the worst earthquakes of modern times hit Fukui, Japan, virtually the entire city was demolished and many thousands killed. Those few buildings that were left standing were burned out by fires that raged through the area.

# Interest Lacking In Saturday's Election

## Petition Asks School District Division

### 423 Cars Wheat!

Tabulations conducted by The Tribune over the past weekend reveal that up to that time more than 400 carloads of 1948 wheat had been received by three shipping points in the county.

Checkings were made at Bovina, Friona and Texico-Farwell, with no reports available from Lariat and Black. Up to that time a total of 423 carloads (figuring 2000 bushels to the car) had been received at these three points. Friona was way out in front with the heaviest wheat receipts with a total of 220 carloads. Bovina stood second with 129 cars and Texico-Farwell accounted for 74 carloads.

This amount of grain is far in excess of the early estimates made before harvesting season got under way, and represents a fairly good yield from over the county as a whole. By odds, the best wheat of the county this year was produced in the Friona and Bovina sections, always considered the best wheat-producing sections of the county.

With government-purchased grain being the only wheat shipped out at this time, grain men said here today that the county's storage facilities were being taxed. Embargoes have been clamped on all the important terminal centers of the southwest, and the grain is beginning to pile up in the limited storage of the county.

Grain buyers in Texico-Farwell are declining to take storage from adjoining sections for fear of being unable to handle the fall row crops when it begins to move.

### Third Street Paving Costs Are All Met

Officials of the Farwell Chamber of Commerce today announced that all the costs of paving Third Street for a distance of six blocks had been met, and there remained a balance of "about \$50" with which to take care of maintenance repair.

John Aldridge, who has handled most of the working details of the project after it was launched by the CC, today released the figures on the cost of the paving, which amounted to \$1054.13. He said that the property frontage along the street was 48-20 feet, and on this basis the paving costs averaged 23 cents per foot.

The Texas Highway Department did the work, charging only for cost of material, rent on machinery and labor, with no profit. Chamber officials said this saved the property owners, who paid for the paving work, "several hundred dollars."

A number of lots fronting the street, primarily unknown ownership lots, on which taxes are not kept up, will likely be sold for taxes, it has been hinted by county officials.

### Parmer 4-H Boy Wins \$50 Award In Contest

Arlyn Kriegel, son of Mr. and Mrs. Alvin Kriegel, who reside south of Lariat, last week won the annual "Talent Club" contest, sponsored yearly by the Producers Grain Co-op in Amarillo. The contest is limited to past winners of the runner-up \$25 event. Last year Kriegel won the initial contest, which entitled him to enter and win the large award this season.

His essay was entitled "How Co-operatives Have Helped Our Community". He and a Morton, Texas, girl are the winners from this area, which comprises about fifteen counties. Arlyn is seventeen years old, and has been an active member of the 4-H Club for the past six years.

He will go to Amarillo July 26 to receive his award, and will be a special guest of the Grain Co-Op at their annual meeting.

### BAKE SALE SATURDAY

Officials of the local American Legion Auxiliary announced today that a bake sale would be held in Farwell on Saturday of this week, with cakes, pies, cookies and candy featuring the offerings. Members are urged to bring in contributions early. The sale will be held in the building just east of the City Cleaners.

### PORTER HOME

Champ Porter returned to his home here last week, and is reported to be showing satisfactory progress from his recent illness.

Porter was stricken while on a vacation at Ruidoso during the July 4th holiday period, and was rushed to Roswell, where he underwent an emergency operation for an ulcerated stomach.

John Porter has been able to be back at his place of business the past several days, following a heart attack, also suffered during the July 4th vacation period.

### Pioneer Lady Buried Here Tuesday P M

Funeral services for Mrs. Minnie Leftwich, age 83, were conducted at the Methodist Church here Tuesday afternoon by Minister Lloyd M. Greene, pastor of the First Christian Church of Las Vegas, N. M., assisted by Minister Ebb Randol of the Church of Christ, Muleshoe.

Death came to Mrs. Leftwich Sunday afternoon at the home of her son, Jimmie Leftwich, in Las Vegas, following an illness of six weeks after she had sustained a broken hip in a fall in her apartment. The remains were returned here for burial by the side of her husband, C. H. Leftwich, who predeceased her in death some 25 years, and her mother, the late Mrs. Maria Kindred, in the Farwell cemetery.

She was the only daughter of Capt. and Mrs. Jim Kindred, and was born in Madison County, Ky., August 31, 1866. With her family and husband, she came to Farwell in 1905, and resided here continuously until only in recent years when she went to Las Vegas to make her home with her only surviving son, Jimmie Leftwich, prominent cattleman of that city.

Pall bearers included six local men who had known her over a period of many years: Bob Kyker, H. Y. Overstreet, LeRoy Faville, John Armstrong, Earl Booth and E. F. Lokey.

### Texico School Bonds Sold To Clovis Banks

Supt. B. A. Rogers of the Texico schools, today announced that the bonds recently voted by the district had been sold to the Clovis National and the Citizens National Bank of Clovis, with each bank taking half the issue.

The issue was for \$41,000, and Rogers said that the bonds were now being printed and will be delivered to the purchasers around August 1st. Architects are now working on plans for the new auditorium-gymnasium building, and details are being worked out as rapidly as possible to get construction work under way at the earliest possible date.

### Over 50 Cast Ballots In Absentee Voting

County Clerk Loyde Brewer stated today that more than 50 Parmer County voters had cast absentee ballots in the Democratic primary to be held next Saturday at the time of the deadline Tuesday of this week.

Most of the Absentee voting, he said, had been done by parties who were going to be vacationing on the election date.

### BACK TO COLLEGE

John Robert Kimbrough, son of Mr. and Mrs. J. W. Kimbrough of Bovina, was here Tuesday en route to Lubbock, where he will reenter Texas Tech for the completion of his course in chemical engineering during the next six-weeks period.

### HAS OPERATION

Tom Lindop, young farmer of the Oklahoma Lane community, was taken to a Clovis hospital last Wednesday, where he underwent surgery for hernia. He is reported to be doing nicely and will likely be permitted to return home this week.

A petition bearing the names of 46 qualified electors has been filed with the County Board of Education, asking that a portion of the Farwell Independent School District be detached from the district and attached to the Bovina Independent School District.

County Judge A. D. Smith, who serves as clerk of the County Board of Education, stated that the petition was handed to Matt Jesko, president of the Board, and was turned into his office by Mr. Jesko.

The petition seeks annexation of eighteen and one-half sections of land located on the north end of the Farwell District to the Bovina District and was formerly a portion of the Oklahoma Lane district, which was recently consolidated with the Farwell district by a vote of almost two-to-one.

A counter petition, bearing the names of six voters, has also been filed asking that the district not be divided as asked for in the original petition.

Judge Smith said the County Board was scheduled for a regular meeting on August 2nd, at which time school transfers are to come up for action, and added that so far as he knew no special meeting was being called to consider the petitions. He said that a number of school transfers were up for consideration of the Board when it does meet, and there has been some intimation that some of the applications for transfer will be contested.

### Showers Of Past Week Beneficial To Crops

Recurring showers, in some localities hitting four days in succession, have brightened the feed crop prospects over most of Parmer County, reports received here early this week indicated.

The Oklahoma Lane section seems to have been the most favored area of the entire county, where heavy showers have been reported from Friday night of last week to Monday night of this week, all inclusive to bring a moisture reading of well above two inches in some instances. The showers of Friday and Saturday nights appear to have been the most general, with rain being reported from just east of Farwell to the east side of the county.

Only the extreme western side of the county seems to have missed the beneficial showers.

Feed crops, already late because of late spring rains and plantings, have been greatly benefitted by the timely moisture, farmers report.

Assured of ample moisture, irrigated crops of the county are reported to be growing rapidly and prospects for an abundant yield are good.

### Bovina School Makes Ready For Fall Term

Considerable repair and improvements are being made in the Bovina school plant in preparation for the fall school term, scheduled to open early in September.

Announcement was made this week that five class rooms on the lower floor of the building were being recovered with hardwood flooring, and weather-stripping is to be installed in all the windows of the building.

Interior paintings, including new coatings for the blackboards is on the schedule for the general face-lifting of the interior of the building, it was learned.

### American Legion Meet Scheduled July 26th

The Justice-Williams Post of Farwell will hold their regular monthly meeting at the Legion Hall on Monday, July 26th, at 8:30 p. m., it was announced the first of the week.

All members are urged to be present for this meeting at which officers for the forthcoming year will be elected.

### HOME FROM WISCONSIN

Mr. and Mrs. E. G. Blair returned home some days ago from Cudahy, Wis., where they visited in the home of their daughter, Mrs. Verne Welman and family. The Blairs report wonderful crop conditions through Illinois and Wisconsin this year.

With only one county-wide race being involved in Saturday's first primary election, voters of this county are dividing their interest with the state elections and the precinct voting.

Election officials here said today that so far as they had been advised, all voting would be done at the school houses in each precinct with two exceptions. In Farwell, the voters will cast their ballots at the

**Claude Rose of the Fox Drug Store today announced that the usual election party would be held at his store here Saturday night. County returns will be handled by telephone and state races will be watched by radio reports, he said.**

county courthouse, and in Bovina the voting will take place at the Legion Hall, due to extensive repair work now in progress at the school house.

The race for the Sheriff's office is the only county-wide race that is being contested this year, with all the other county-wide office holders being unopposed. Incumbent Sheriff Earl Booth is being opposed in his bid for re-election and this campaign has been drawing increasing interest during the final days of the campaign. Charlie Lovelace and Wilfred Quickel, both of this city, are out "shaking the bushes" this week in an effort to wrest the nomination from the incumbent.

Aside from the Sheriff's race, Parmer Countians are taking no little interest in the three County Commissioner races, with contests being staged in precincts One, Three and Four. C. L. Calaway is not being opposed in his bid for reelection in Precinct Two.

In Precinct One, W. H. Flippen, Jr., is being opposed by C. C. Veazy, Henry N. White and E. R. Day. Frank Phillips and Earl Billingsley are out to unseat T. E. Levy as Commissioner of Precinct Three, and in Precinct Four W. S. Menefee has two opponents in Alex Steinbock and Jimmie Seaton.

In the State and District races, most interest here seems to be centered in the Senatorial contest where eleven candidates appear on the ballot. It is pretty well conceded from all reports over the state that only three of the Senatorial candidates will poll much strength, with the race apparently between former Governor Coke Stevenson and Congressman Lyndon Johnson, with George Peddy, Houston attorney, running third.

Although there are eight candidates for the office of Governor, it appears certain that Governor Jester will be returned to office by safe odds.

Next in interest, so far as Parmer Countians are concerned, is the race for Associate Justice of the Court of Civil Appeals. James G. Lumpkin of Amarillo, is seeking to hold the office to which he gained by appointment. He is being opposed by Ernest O. Northcutt, also of Amarillo.

### Gospel Meeting At Church Of Christ

Officials of the Farwell Church of Christ today announced a series of gospel meetings to be held at the local church, beginning next Sunday at the morning hour, and continuing through Tuesday, August 3rd.

Evangelist Curtis Camp of Amarillo will do the preaching and the song service will be under the direction of Charles Kelly of Muskogee, Okla.

Services will be held twice daily, at 10 a. m. and 8 p. m., Texas time. A cordial invitation has been extended to the public to attend any and all the services.

### 25 4-H MEMBERS TO DISTRICT ENCAMPMENT

County Agent Ollie Liner, announced Monday that some 25 members of the local 4-H Club would go to the Annual District Encampment to be held at Lubbock August 9, 10, and 11. The group will be accompanied by sponsors tentatively announced to be Ollie Liner, Levi Johnson, and Rual Barron.

### ON FURLOUGH

Cpl. F. J. Park, Jr., arrived home the first of last week on a 20-day furlough, which he is spending with his parents here. Cpl. Park is in the Air Corps and is stationed at Briggs Field, El Paso, Texas.

### FROM THE HOPPER

By HOP

Rev. J. B. Baker, Methodist pastor at Bovina, having just returned from a vacation, gives it as his opinion that the best way to enjoy a vacation is to get home about two days early and spend those two days resting up from your vacation trip.

As a general rule, country elevators and the surrounding grounds are just about the most unsightly places of business we have. Most elevator operators, like country newspapers, seem to take little or no pride in the appearance of their premises. But this definitely is not true with the Roberts Seed Company in Texico. When Mr. and Mrs. M. C. Roberts came into possession of this piece of property some years ago, a definite program of landscaping was laid out, which has been carried forward through the years with the result that the grounds at the Roberts Seed Company are known far and wide for their beauty and attractiveness. Gorgeous beds of gladioli, cannas and other bright-colored flowers are so arranged as to bring out the beauty of the lawn and shade trees of evergreen. The lawn at the rear of the office buildings is one of the prettiest to be seen anywhere and is always kept well mowed and free from unsightly rubbish. Naturally, the credit for this attractive setting goes to Mrs. Roberts, and it is not hard to detect her artistic handwork about the premises. Cut flowers in abundance are gathered daily and Mrs. Roberts takes delight in passing out lovely bouquets to her friends. Many places of business in Texico-Farwell are kept supplied with fresh cut flowers from her beds. Her flowers are just as beautiful as her thoughtfulness and noble generosity. And when the growing season is passed, she carefully gathers up her bulbs, stores them away to be passed out next spring to others that they too might enjoy some of the beauty she has so carefully matured from her parent stocks.

J. O. Ford jubilantly called The Tribune office last Friday afternoon to inform us that seven-eighths of an inch of rain had fallen at his place, and wanted to know how much had fallen in Farwell. The answer was none. Half an hour later, Mr. Ford called back to inform us that after driving around his section he discovered that all the rain must have fallen right in his front yard. "Barely laid the dust up in the field," he added with a disappointed accent.

Traveling on a bus here Tuesday, John Robert Kimbrough referred to a cardboard carton, tied with a twine string, as his Arkansas gladstone.

It's probably a good thing that the office of The Tribune doesn't contain a good thermometer lately. The editor has enough trouble getting the crew to work in the stifling atmosphere without them having to know just how hot it really is. Psychology of the thing, you know.

### Farmers Supply Now Owned By John Getz

A deal that has been pending for some weeks was finally closed last week when C. M. Henderson sold the Farmers Supply Co. in Texico to John Getz, who comes here from Peoria, Ill.

Mr. and Mrs. Getz have been here the past six weeks investigating an investment, and during that time they have had an apartment at the Ray Mears home in west Texico.

In addition to buying the local business, Getz is launching an entirely new business in the Twin Cities.

Through his former connections in Illinois, he is offering a new line to local residents with a full line of prefabricated buildings. Already one of the buildings is being completed in east Farwell and three more are to be erected in the immediate future. The first building will serve as the home for the Getz family.

With the change in ownership of the Farmers Supply, a new line of portable air conditioners and freezer locker units is being added.

### Change of Ownership In Produce Business

A change of ownership in a local business was made the latter part of last week with the announcement that Donald Watkins had purchased the Marcus Ice and Produce Co. from Andy Marcus, and took possession on Friday.

Watkins will continue the operation of his photo studio, he said, making appointments for portrait work and handling developing and printing of pictures as usual.

Marcus said that he had no announcement to make at present regarding his future plans, except to state that he and family would likely leave here.

### Aldridges Occupying New Home This Week

The new, modern brick home of Mr. and Mrs. Sam Aldridge, which has been under construction the past several weeks, is being occupied by the Aldridge family this week.

The new home, of brick veneer construction, is located at the extreme southern end of Third Street in Farwell, and is considered the nicest home built here in recent years.

### FORMER RESIDENT DIES

Word has been received here of the death of Carl Farrington at his home in Hauley, Jones County, Texas. Farrington, who, with his family lived in Farwell a number of years ago, was the father of Mrs. Cash Richards of Bovina.

Mrs. Richards was in Hauley, visiting her parents at the time of his death, which was attributed to heart failure. Cash Richards and Earl Richards, both of Bovina, went down to attend the funeral, held at Hauley on Sunday, July 11.

Mr. and Mrs. Edd McGuire of the Oklahoma Lane community left Tuesday morning for El Paso, Tex., where they will spend the next few days visiting relatives.

**Health Notes**  
By Texas Department of Health

AUSTIN—Heart disease continued in the top spot as the number one killer of Texans, according to figures released by the Texas State Department of Health.

Mortality rate figures show an increase of 255 deaths from the April, 1946 figure of 1,099, as compared to the April, 1948 total of 1,354. This represents an increase of more than 18.5 percent for the comparative period.

"So-called heart disease is usually traceable to nervousness, infections from other parts of the body such as teeth and tonsils, a disturbed function of the thyroid gland, and influenza," Dr. George W. Cox, State Health Officer, said. "And the excessive use of tobacco, coffee, tea or other heavy stimulant is often a contributing cause."

Malfunction of the heart is a correctable condition, the health officer said, insofar as the sources of infection may be located and eliminated, as in the case of bad teeth and tonsils. Insurable organic heart ailments exist only too frequent.

Strict adherence to competent medical advice will eliminate much worry about either functional or organic heart conditions, Dr. Cox said. He added that such adherence would unquestionably reduce deaths from heart disease materially.

**VETERAN'S QUESTION BOX**

Q.—What is the deadline for reinstatement of lapsed National Service Life Insurance on a comparative health basis?

A.—July 31, 1948, is the last day to make application for policies which have lapsed for more than 3 months without taking a physical examination.

Q.—Where do I get an application blank to reinstate NSLI policies?

A.—VA form 9-353A should be filled out and mailed to VA on or before July 31, 1948. Blanks can be obtained from the nearest VA office, the service officer of any veterans' organization, the American Red Cross or most insurance agents.

Q.—How much will it cost to reinstate my GI insurance?

A.—Your application for reinstatement should be accompanied by at least two monthly premiums in the amount of insurance that you had at that time. If you wish a smaller amount, reduce your premium payment accordingly. For example, if you paid \$6.50 a month for \$10,000 worth while in service and you want only \$1,000 now, you should send VA two premiums of 65 cents each, and continue to pay 65 cents every 30 days to prevent further lapse.

A small town is a place where you can take a correct census at any fire.

**POLITICAL ANNOUNCEMENTS**

The State Line Tribune is authorized to announce the following candidates for the respective offices, subject to the action of the Democratic primary election in July:

For Sheriff-Assessor-Collector:  
WILFRED QUICKEL  
EARL BOOTH  
(Re-election)  
CHARLIE LOVELACE

For County Treasurer:  
ROY B. EZELL  
(Re-election)

For County and District Clerk:  
LOYDE BREWER  
(Re-election)

For County Judge:  
A. D. SMITH  
(Re-election)

For District Attorney, 64th Judicial District:  
JOE SHARP of Plainview.

For County Commissioner, Pct. 2:  
C. L. CALAWAY.  
(Re-election)

For County Commissioner, Pct. 4:  
W. S. MENEFFEE.  
(Re-election).  
JIMMIE SEATON  
ALEX STEINBOCK

For County Commissioner, Pct. 3:  
E. F. BILLINGSLEY  
FRANK PHILLIPS  
T. E. LEVY  
(Re-election)

**SPEEDING AUTOMOBILE FLIRTING WITH DEATH**

"Can you stop in time?" Not how fast you can go, but how quickly you can stop is what Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety is asking in emphasizing speed as a factor in traffic accidents.

This activity is part of a continuing traffic safety education program directed by the Texas Highway Patrol. The year-round program, emphasizing a timely phase of traffic safety each month, is being carried on simultaneously with a nationwide campaign of the National Safety Council.

"Speed kills," said W. J. Elliott, Chief of the Texas Highway Patrol. "We are reminded of this too often by screaming newspaper headlines—'Five killed in crash at bridge-witness tells of high speed'—or some such thumblinal drama. Too late the driver identified an obstruction, swerved to avoid it, jammed on brakes, plunged to destruction. Too much speed. Sighting and avoiding danger was impossible. He was going too fast to stop."

How fast can you stop? With good brakes and on dry pavement, you can stop in about 43 feet at 20 miles an hour, according to the National Safety Council. But at 30 miles an hour it will take 80 feet, at 40 miles it will take 128 feet, and at 50 it will take 186 feet. Those measurements include thinking distance, or reaction time, and braking distance, the actual time it takes to bring your car to a stop after the brakes are applied.

"Don't speed into an accident," Captain Polk Ivy of the Amarillo Office of the Texas Highway Patrol said. "Remember, speed kills. Take it easy—and live longer."

After all is said and done, we keep on saying and doing

*To the Voters  
Of Parmer County*

Greetings: I have endeavored to visit each of you personally concerning my candidacy for Sheriff-Assessor and Tax Collector of our county, but in case I have failed to do this, I take this means of contacting you to give you the following information:

I was born at Tangier, Woodward Co., Okla., Sept. 14, 1920; moved to Parmer County in February, 1930; moved to farm SE of Bovina where my parents still reside.

I graduated from Bovina High school in May, 1936; attended W. T. S. C. 3 1/2 years prior to entering the armed services.

I was on duty in the U. S. Naval Service 4 1/2 years; served in the American Theater of Operations; European, Middle Eastern African Theater, and the China, Burma, India Theater. I received my honorable discharge in June, 1946.

I returned to W. T. S. C. in the fall of 1946; received a B. S. Degree with double major, agriculture and pre-law, in May, 1947.

I returned to Parmer County, was employed by the Parmer County Vocational School July, 1947, at which time I moved to Farwell where I still reside with my wife and two children.

I believe I am fully qualified to serve the people of Parmer County as Sheriff-Assessor-Tax Collector, and respectfully solicit the support of the voters of Parmer County. Thank you—

Wilfred Quickel

**WHAT "Stepping Down" MEANS TO YOU**

How the New Hudson, America's most streamlined car with the low silhouette, brings you roominess and comfort never before obtainable in an automobile.

You've seen them flashing by in all their sparkling color—those trim, gorgeous New Hudsons with the low, streamlined silhouette.

But have you really examined one of these amazing cars? They are the big news in the automobile world today!

Hudson, always known for great forward steps in the development of the automobile, and for efficient use of motive power, is again way out ahead with a motor car that hits a new high in efficient use of space—that makes a greater percentage of its total space actually available for your use and comfort.

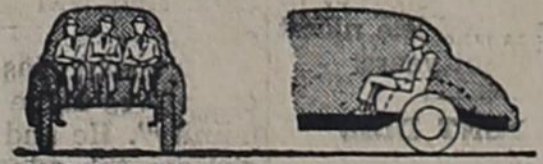

When you take a close look, you'll find that Hudson, through the use of a new, exclusive "step-down" zone, reclaims so much usually wasted space that this sensationally efficient car gives you more useful interior room than you've ever before experienced in an automobile.

This new kind of motor car has a sturdy foundation structure surrounding the passenger compartment, which permits the floor to be recessed down within the base frame so that you step down when

entering. This makes space between frame members, which is usually wasted, available for use inside the car.

Seats can thus be lowered to harmonize with the new, lower top, and by stepping down into Hudson, which is only five feet from ground to top, you get more head room than in any other mass-produced car built today!

And how about seating room? Hudson's new design reclaims space formerly taken up by wheel housings and protruding fenders. This is accomplished by placing rear seats ahead of the rear wheels, in a zone unrestricted by wheel housings. As a result, rear seats are 15 inches wider in this car that is only little more than four inches wider over-all. Both rear and front seats extend the full width of the body, giving Hudson the roomiest seats in any American-made car! Hudson's use of the "step-down" zone and unique seating arrangements are illustrated in the sketches that follow:

OTHER CARS—Passengers ride on top of a frame, as shown above, and (in the rear seat) between rear wheel housings, which occupy space that should be a part of seating room. Riding on top of a frame means that essential head room must be reduced if the roof is lowered for streamlining.

NEW HUDSON—You ride cradled down within Hudson's base frame, as shown above, and also ahead of the rear wheels. Seats can therefore extend full width of the car. Due to the use of the "step-down" zone, roof is lowered for streamlining, yet ample head room is provided.

The New Hudson even reclaims the unused space in doors by providing gorgeously tailored, recessed compartments where interior door handles, window cranks, ash receivers, and generous arm rests are placed out of the way to allow increased elbow room for passengers.

This development of Hudson's exclusive, all steel Monobilt body-and-frame with its "step-down" zone required years of engineering work, the perfection of new production techniques and millions of dollars in highly specialized new plant investment. This may be why Hudson, and Hudson alone, offers this important advance today!

"Stepping down" is so important to motor-car beauty, riding qualities and safety—as well as roominess and comfort—that the nearest Hudson dealer has a booklet—yours without obligation—fully explaining this design principle. Hudson Motor Car Company, Detroit 14.

**To the Voters**

OF PRECINCT NO. 3:

Come next Saturday, July 24, the voters of this precinct will select a man to serve them for the next two years as County Commissioner.

In presenting myself as a candidate for this office, I do so with a firm conviction that I am qualified to attend the duties of this important office.

I will appreciate your consideration when you go to the polls next Saturday.

If nominated and elected, it will be my constant aim to serve ALL the people of the district to the very best of my ability.

**Frank Phillips**

FARWELL, TEXAS

## New Beauty for Bungalow

From tasteless stucco bungalow to virtually a complete new home of a radically different design. That's the story of this house remodeling job.

The old porch came off and in its place went a stone-faced fireplace and wing. The stucco was covered with clapboards. The roof line was raised to a sharper angle,

and the roof surface was recovered with colorful, economical asphalt shingles.

Featured by Better Homes and Gardens magazine in its "Remodeling Ideas" book, the new design makes the house harmonize with neighboring two-story dwellings. The Williamsburg fence and lamppost add a deft touch.

## Insects Do Damage in Farm Bins

COLLEGE STATION.—The insects in the farm grain bin may be small but the amount of damage they can do is tremendous, according to the USDA Bureau of Entomology and Plant Quarantine. The place to start in getting rid of these insects is right in the grain bin.

By doing a good job of bin cleaning and afterwards spraying with 5 per cent DDT before the newly harvested grain has been put in, you can kill out the hold-over infestation, and give the new grain a chance to escape damage.

C. A. King, associate extension entomologist of Texas A. and M. College, says that these tiny insects get one out of every eight bushels of farm stored grain in Texas. Further north, it's not that bad. Missouri loses one in ten, and the national average is one in twenty. So you can see Texas is at the top of the "high loss" list.

Entomologists point out that grain losses can be lowered greatly by harvesting grain as soon as it is dry enough for safe storage and by storing it in weather-tight bins that have been made insect-free by a thorough cleaning and spraying. After the grain is stored, check it now and then to see if the bugs are getting into it. If they are, fumigate with a mixture of ethylene dichloride and carbon tetrachloride at the rate of 6 gallons per 1000 bushels.

Stored grain insects get 300 million bushels of the nation's total production every year, worth over \$600

million at today's prices. Since Texas insects get one in every eight bushels, this state can go a long way in cutting down that 300 million bushel grain loss, says King.

## Navy's Six-Car Power Plant To Be Returned

NEW ORLEANS—One of the Navy's two six-car, railway-mounted, mobile power plants, which has provided emergency power to relieve an industry-crippling electrical shortage in the Guanajuato region of Mexico since February 22, 1947, will be returned to the Naval Shipyard, Philadelphia, Penn., about August 1, Eighth Naval District headquarters here announced today.

Mexico has been able to relieve the region's power shortage, caused by drought conditions, by the construction of a 10,000-kilowatt steam power plant near Celaya, where the mobile Navy plant was operated.

A four-man crew from the Navy Shipyard, Philadelphia, has been sent to Celaya to take inventory, inspect the train, and supervise preparations for its return to Philadelphia. Under terms of the loan contract, the Mexican Government will pay for any needed repairs to the equipment.

The other navy mobile power plant is now in Arizona providing similar emergency service. It is supplying current for the Salt Creek Water

Users Corporation as a result of the area's hydroelectric power system been crippled by severe drought conditions in 1946. It will remain there until October 1, 1949.

Both trains were built for the navy Bureau of Yards and Docks in 1941 to provide emergency power in event of wartime damage to Navy plants.

It pays to provide fattening hogs with plenty of shade in warm weather. The shed should be high enough and open enough to permit a good draft of air during the summer months.

## WHY LABOR BOSSES ENDORSE THE OPPONENT OF . . . JUDGE JOHN A. RAWLINS

Candidate for Associate Justice  
**Supreme Court of Texas**

JUDGE JOHN A. RAWLINS

★ It is recorded May 9, 1945, in 188 S.W. Reporter 2d series, page 276, that James P. Hart, opponent of Judge Rawlins, was one of the attorneys for the labor unions in their unsuccessful and ill-advised attempt to enjoin the State Officials from enforcing the Texas law regulating labor unions, which was passed with the view of protecting public interest.

★ The Appellate Court, in upholding the law forbidding the unions from collecting work permit fees from non-union employees, reorganized the policy expressed by the Legislature in the preamble to the Act: "The right to work is the right to live."

★ Judge John Rawlins is under no obligation to either labor or capital. He is now completing 20 years of service as a State Trial Judge. He is a family man, a World War veteran, and a church worker. He has the endorsement of the Dallas Bar Association and is interested only in administering the law fairly and impartially in the interest of the public at large. He is a graduate of Texas University and Texas Christian University.

(Pol. Adv. Paid for by Friends of John Rawlins)

Pat and Mike were working on a new building. Pat was laying bricks and Mike was carrying the hod. Mike had just come up to the fourth floor when the whistle blew. "I hate to walk down," he said.  
"Take hold of this rope," Pat said, "and I'll let you down." Pat let him down half way and then let go of the rope. Mike landed in a mortar bed, not much hurt but angry.  
"And why did you let go of the rope?" he demanded.  
"I thought it was going to break," said Pat, "and I had presence of mind enough to let it go."

**LEGAL NOTICES**  
H. J. R. No. 7  
**HOUSE JOINT RESOLUTION** proposing an Amendment to Article

IV, of the Constitution of the State of Texas, by adding a new Section to be known as Section 3a, so as to provide for succession to the office of Governor in the event the Governor-elect dies, or becomes disabled, or fails to qualify, before taking his oath of office as Governor; and providing for the issuance of the necessary proclamation and publication by the Governor.  
Be it resolved by the Legislature of the State of Texas:  
Section 1. That Article IV of the Constitution of the State of Texas, be and the same is hereby amended, by adding another Section to follow Section 3, and be designated Section 3a, to read as follows:  
"Section 3a. If, at the time the Legislature shall canvass the election returns for the offices of Governor and Lieutenant Governor, the person receiving the highest number of votes for the office of Governor, as declared by the Speaker, has died, then the person having the highest number of votes for the office of Lieutenant Governor shall act as Governor until after the next general

election. It is further provided that in the event the person with the highest number of votes for the office of Governor, as declared by the Speaker, shall become disabled, or fail to qualify, then the Lieutenant Governor shall act as Governor until a person has qualified for the office of Governor, or until after the next general election. Any succession to the Governorship not otherwise provided for in this Constitution, may be provided for by law; provided, however, that any person succeeding to the office of Governor shall be qualified as otherwise provided in this Constitution, and shall, during the entire term to which he may succeed, be under all the restrictions and inhibitions imposed in this Constitution on the Governor."  
Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at a General Election to be held throughout the State on the date provided by law in the month of November, A. D., 1948, at which election all ballots shall have printed thereon:  
"FOR the Constitutional Amendment providing for gubernatorial succession in the event the Governor-elect dies, or becomes disabled, before qualifying and for such succession in other contingencies."  
"AGAINST the Constitutional Amendment providing for gubernatorial succession in the event the Governor-elect dies, or becomes disabled, before qualifying and for such succession in other contingencies."  
Each voter at such election shall mark out one of such clauses on

the ballot, leaving the clause expressing his vote on the proposed amendment.  
Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election and shall have the same published as required by the Constitution and Laws of this State.  
H. J. R. No. 13  
**HOUSE JOINT RESOLUTION** amending Section 15 of Article XVI of the Constitution of the State of Texas, by adding thereto a provision that the husband and wife from time to time may in writing partition between themselves in severalty or into undivided interests all or any part of their community property, whereupon without prejudice to the right of existing creditors the portion or interest set aside to each spouse shall be and constitute a part of the separate property of such spouse; further providing that such Constitutional Amendment if adopted shall be self-operative and self-executing; providing for the submission of this Amendment to the voters of this State; prescribing the form of ballot; providing for the proclamation and publication thereof.  
Be it resolved by the Legislature of the State of Texas:  
Section 1. That Section 15 of Article XVI of the Constitution of the State of Texas be amended so as to read as follows:  
"Section 15. All property, both real and personal, of the wife, owned or claimed by her before marriage, and that acquired afterward by gift, devise or descent, shall be the sep-

arate property of the wife; and laws shall be passed more clearly defining the rights of the wife, in relation as well to her separate property as that held in common with her husband; provided that husband and wife, without prejudice to pre-existing creditors, may from time to time by written instrument as if the wife were a feme sole partition between themselves in severalty or into equal undivided interests all or any part of their existing community property, or exchange between themselves the community interest of one spouse in any property for the community interest of the other spouse in other community property, whereupon the portion or interest set aside to each spouse shall be and constitute a part of the separate property of such spouse.  
This Amendment is self-operative, but laws may be passed prescribing requirements as to the form and manner of execution of such instruments, and providing for their recordation, and for such other reasonable requirements not inconsistent herewith as the Legislature may from time to time consider proper with relation to the subject of this Amendment. Should the Legislature pass an Act dealing with the subject of this Amendment and prescribing requirements as to the form and manner of the execution of such instruments and providing for their recordation and other reasonable requirements not inconsistent herewith and anticipatory hereto, such Act shall not be invalid by reason of its anticipatory character and shall take effect just as though this Con-

stitutional Amendment was in effect when the Act was passed."  
Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State of Texas at an election to be held throughout the State on the second day of November, 1948, at which election all voters favoring said proposed Amendment shall write or have printed on their ballots the words:  
"FOR the Amendment to the Constitution of the State of Texas providing that husband and wife from time to time may in writing partition between themselves in severalty or into undivided interests community property existing at the time of partition so as to convert same into separate property of the respective spouses without prejudice to the rights of pre-existing creditors."  
Those opposing said proposed Amendment shall write or have printed on their ballots the words:  
"AGAINST the Amendment to the Constitution of the State of Texas providing that husband and wife from time to time may in writing partition between themselves in severalty or into undivided interests community property existing at the time of partition so as to convert same into separate property of the respective spouses without prejudice to the rights of pre-existing creditors."  
Sec. 3. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said election and have same published as required by the Constitution for amendments thereto.

# FARM Auction SALE

As I am leaving the farm, I will sell at public auction at my farm, located 19 miles north and 6 east of Melrose; or 6 miles south and 4 east of Forrest, at the old George Cowan Place, on—

## Tuesday, July 27

Starting at 10:30 New Mex. Time

### Farming Implements

- 1—1944 Model M—International Tractor with 4-row lister and planters. A-1 shape.

## To the Voters

OF PRECINCT NO. 3:

In presenting myself as a candidate for re-election to the office of county commissioner I first want to assure the voters that I am humbly grateful for the support given me in the past.

You have been good to me, and I want you to know that I sincerely appreciate every favor extended in my behalf.

If you can see your way clear to give me your support in the primary election on next Saturday, I will be most grateful to you.

**T. E. LEVY**

### VETERAN'S NEWS

Thousands of World War II veterans may lose the opportunity to reinstate National Service Life Insurance worth many million of dollars unless they act before August 1, the Veterans Administration says.

After July 31, veterans whose NS-LI term policies have been lapsed more than three months must take physical examinations to qualify as insurable risks. Before August 1, veterans have only to sign a comparative health statement.

Eligible veterans may reinstate any amount of term insurance up to \$10,000 in multiples of \$500 regardless of the length of time it has been lapsed under present liberal regulations if they apply before August 1.

They need only fill out a simple application form, in which they certify that their health is as good as when the policy lapsed, and pay premiums for two months.

Authority of the Veterans Administration to provide automobiles or other conveyances for veterans of World War II who in service lost, or lost the use of, one or both legs at or above the ankle, has been extended until June 30, 1949.

The law granting vehicles to such disabled veterans had been scheduled to expire June 30, 1948. The extension and an appropriation of \$1,500,000 for the program were contained in the Second Deficiency Appropriation Act for 1948.

A veteran who qualifies is entitled to an automobile or other conveyance costing not more than \$1,000, including such special equipment or appliance as may be necessary to enable him to operate the vehicle safely.

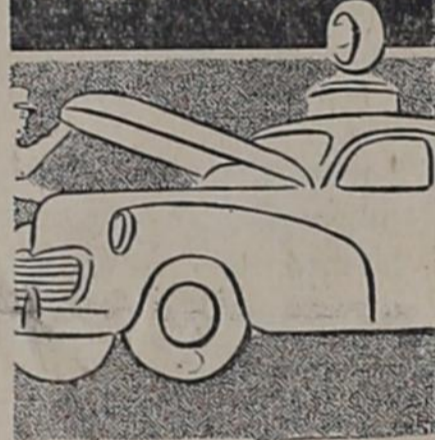

### WHOOPEE!

The scene was a Hollywood film studio. Thousands of "extras," attired as French revolutionist storming the Bastille, filled the middle distance.

In the foreground, on a rostrum, was the director, bawling through a megaphone:—

"We're going to do this over and over again—until the guy shouting 'whoopie' decides to co-operate."

### FREE AIR!

HOWDY FOLKS: Checks'll be popular next fall—and you can guess who will wear 'em and who will write 'em.

A white collar man is one who carries his lunch in his brief case instead of a pail.

Lots of wives prefer cooking—up an excuse to dine out.

Confidence means going coatless while wearing a shirt whose buttons the laundry sewed on.

Try our friendlier, faster, one-stop gas and oil service. You and your car'll like it.

Harold Stassen is not to be offered a Cabinet job by Governor Dewey in event of his election to the Presidency. Mr. Stassen might be offered an important post in the United Nations, although it is far from certain that he would accept.

Many a flaming heart is disclosed by the the flicker of an eyelash.

## A FINAL WORD

TO THE VOTERS OF PARMER COUNTY:

On next Saturday the voters of this county will go to the polls for the purpose of electing officials who will serve them in the offices of trust for the next two years. This is a privilege you have that many people of the world have been denied by the rise of dictators.

I have tried honestly and earnestly to conduct and prepare myself to be able to ask you when you come to electing the man who will be your sheriff, tax collector and assessor, for the next two years, to give my candidacy your earnest consideration.

By your vote, you are going to give this job to one of the three men in the race—all good men and true—and I shall consider it a great favor and honor if you see fit to award me this position.

I will serve you in the best manner of which I am capable if you see fit to so honor me as your servant.

**Charlie Lovelace**

## To the Voters

OF PRECINCT NO. 3:

Although I failed to get my name on the official ballots which will be used in Saturday's primary election, I want to ask my friends to please write in my name in the blank space for the office of County Commissioner of Precinct No. 3.

This is the first time I have ever sought public office but my many years experience as road maintainer operator in this precinct qualifies me for one of the most important tasks of your county commissioner.

I will appreciate your consideration at the polls next Saturday and promise you the best of my ability in fulfilling the office if you see fit to elect me.

**Earl Billingsley**

## Announcing

Permit me to use this means of announcing to the people of the Texico-Farwell trade territory, and the public in general that I have acquired the Marcus Ice & Produce in Farwell, and assumed charge of this business, which in the future will be operated in the same location by me.

In the future, the business will be operated under the name of Watkins Ice, Feed & Produce, carrying on with the same lines of merchandise.

My photo studio shop will remain open and I will also be in charge of that business. Photos will be made by appointment and developing and printing service will be handled as usual by leaving your work at the produce house.

Sunstroke, which results from being out in the sun too long, may be avoided by keeping the head covered with a broad-brimmed hat and by covering the body with loose-fitting comfortable clothing.

**SANTA FE CARLOADINGS**  
Santa Fe System carloadings for week ending July 17, 1948 were 30,731 compared with 33,148 for same week in 1947. Cars received from connections totaled 10,322 compared with 9,495 for same week in 1947. Total cars moved were 41,053 compared with 42,643 for same week in 1947. Santa Fe handled a total of 39,275 cars in preceding week of this year.

Soils don't wear out like a pair of shoes. They can be used and made better at the same time. They can become poor through use and can be rebuilt, says Dr. C. E. Kellogg, in charge of the USDA Division of Soil Survey.

Angels are always pictured as women, because it doesn't embarrass a woman to flit around with nothing on but a pair of wings.

In a Los Angeles paper: My wife left my bed and board, leaving me with a beautifully furnished five-room apartment. Whooooooppeeee!

**Why Not Get Rid Of Useless Gadgets**

COLLEGE STATION,—Are you a collector of gadgets for your kitchen? Are there many utensils on your shelves that you seldom use? Then maybe the study and recommendations of the extension home management specialist for Texas A. and M. College, Mrs. Bernice Claytor, will help you.

She says in selecting kitchen utensils and small equipment the homemaker should guard against too many gadgets which do not have real value. Those utensils never used should be discarded and the ones seldom used stored in the less convenient places.

In thinking through the utensils used in cooking on top of the stove, the homemaker can select the frying pans, double boilers, large pans with lids and sauce pans varying in size to suit the amount of cooking done. A double boiler of 1 1/2 quart size, 2 frying pans, an 8 quart kettle with a lid, and three sauce pans holding 1 quart, 3 quarts and 4 quarts will suit the needs of the average size Texas farm and ranch family.

The utensils used for baking will include a 10 by 14 inch baking pan with a trivet, at least 1 baking sheet, several bread pans if bread is baked at home, cake pans of desired size and shape, casserole with a lid, cooling rack, custard cups or molds, pudding pan, muffin pan, and several pie pans.

Checking the utensils used at the sink the average family will find use for the dish draining rack and a pan to fit, dish pan, sink strainer and vegetable brush.

**IN LUBBOCK HOSPITAL**

B. O. Faville, pioneer Texico durgist, was taken to Lubbock the latter part of last week, where he remained under treatment since that time. Family members revealed that he was scheduled to undergo an operation today (Wednesday).

**FIGHT PICTURES**

Scotty Levins of the Border Theatre, calls attention to the Louis-Walcott fight pictures that will be shown at the local theatre on Thursday and Friday of this week. The entire 11 rounds will be shown, giving show-goers a blow-by-blow account of the championship contest.

**"TRAGEDIES OF THE STAGE"**

\*\*\*\*The curtain is going up on an absorbing series of true-life dramas starring some of the theatrical world's most colorful personalities. You'll thrill to every scene of these stranger-than-fiction stories. Read this colorful series in THE AMERICAN WEEKLY, that great magazine distributed with next Sunday's Los Angeles Examiner.

The mixing center will need the pint, quart, and cup measuring pieces, with mixing bowls from 1 to 4 pint sizes. If bread is made at home, the bread mixing pan and lid will be a larger piece than other mixing equipment.

There will be other equipment needed according to individual family requirements. There are many small things which may be accumulated too fast if the homemaker does not ask herself if she will actually use the article and if it will be satisfactory for her needs.

**Miss Barker is Bride Of Robert Widner**

On Sunday, July 13, at 3:30 p. m., Miss Bobbie J. Barker, daughter of Mr. and Mrs. Fred Barker, Sr., of Friona, and formerly of Farwell, became the bride of Mr. Robert Widner of Melrose, N. M. in the lovely country home of her sister, Mr. and Mrs. Elmer Langford north of Farwell.

The bride was attired in a white suit with white accessories and carried a gardenia corsage on a white Bible with blue and white streamers. She was attended by Irma Woods as bridesmaid and a sister, Mrs. Lester Harrelson as matron of honor. The groom was attended by Rutherford Widner and Don Carter. They were married by Rev. Cecil Roach of Portales, N. M. She was given in marriage by her only brother, Fred Barker, Jr. A reception was held following the wedding with Mrs. Jim Moss presiding at the punch bowl and Miss Mildred Widner serving the cake. The wedding cake was cut by the newlyweds.

About 50 relatives and friends of the couple attended. They left immediately for a honeymoon trip which will include Carlsbad Caverns.

**CARD OF THANKS**

The many kindnesses tendered us by our many friends during the illness and burial of our beloved mother, Mrs. Minnie Leftwich, will always be cherished among our fondest memories, and we want to use this means of extending our most grateful thanks to each and all of you.—Mr. and Mrs. James H. Leftwich.

Compared with the British inch, the American inch is two millionths of an inch too long; which is the least we Americans have ever stretched anything.

**To the Voters**

**OF PARMER COUNTY:**

To be returned to the office of County and District Clerk for a second term without opposition, is indeed a pleasure and an honor to me.

I want the people of Parmer County to know that I appreciate their past favors, and I shall be trying my best to merit the confidences they have bestowed upon me as their public servant.

Again . . . may I say THANK YOU for all considerations of the past, and at the same time pledge to you my best efforts in the administration of the office with which you have honored me.

**Loyde A. Brewer**

**To the Voters Of Parmer County:**

I have attempted to see every voter in Parmer County, but some I have missed. In the meantime, I want to use this method of expressing my appreciation to each and every voter who has supported me in any way in the past.

I feel that the experience I have had in the office as Sheriff and in assessing and collecting taxes and in registering and transferring your automobiles, has qualified me for further efficient service in the office. I shall greatly appreciate your consideration at the polls next Saturday.

**EARL BOOTH**

**Change of Ownership**

We are taking this means of announcing a change of ownership of The Farmers Supply Company, which is now under the ownership of John L. Getz, having taken over the business the latter part of the past week.

There will be no change in the policy nor the personnel of the establishment, with Ray Mears and Herschel Morgan being retained and the same line of merchandise being offered to the public.

Expansions of the line of merchandise are being contemplated, which will be announced at a later date. For the present, however, the same lines will be featured.

We invite a continuation of your patronage and hope to be of service to you and this community. Come in and see us. Thank you.

## Surprise Birthday Party Honors Grandma Park

A surprise birthday party was held in the home of Mr. and Mrs. Bunk Park honoring Mr. Park's mother, "Grandma Park", on her 88th birthday. Mrs. Iva Beesinger, daughter of Grandma Park's and Mrs. Bunk Park acted as co-hostesses for the occasion.

A number of lovely gifts were presented to "Grandma Park" and Mr. Ira Hanna took pictures of her with her birthday cake and surrounded by the gifts.

After Grandma Park cut the first piece of birthday cake, refreshments of cake and punch were served to Mrs. H. Ross, Mrs. C. L. Purselley, Mrs. S. C. Hunter, Mr. and Mrs. T. T. Doolittle and daughter; Mrs. Ruby Dixon, Mrs. J. C. Temple and daughter, Laura; Mrs. Grace Sanders, Mrs. Anne Overstreet, Mrs. C. E. Pendergrass, Mrs. Harvey Carrell, Mrs. Chas. Lovelace, Mrs. John Aldridge, Mrs. G. W. Atchley, Mrs. Albert Thomas, Mrs. Roy B. Ezell, Mrs. A. D. Smith, Mrs. B. N. Graham, Mrs. Gabe Anderson, Mr. Ira Hanna, and Mrs. Beesinger and Mr. and Mrs. Bunk Park.

## Approaching Wedding Announcement Made

Mrs. Nell Bobst of Yakima, Washington, announces the approaching marriage of her daughter, Miss Mary Elizabeth, to Mr. Ralph Joseph Desgoreillier, on Tuesday, August 3rd at 9 o'clock, p. m. Nuptials will be read at the St. Joseph's Catholic Church in Yakima, Washington.

Miss Bobst is a former resident of this city, graduating from the Farwell High School with the class of 1945. Her father, deceased, was manager of the Kemp Lumber Company for several years in this city.

## Attending Reunion

Ex-Captain G. D. Anderson, Jr., now manager of the Shirley Grain Co. at Bovina, was scheduled to return home Tuesday from Louisville, Ky., where he attended the first reunion of the members of the First Armored Division of World War II. He was accompanied by Ex-Lt. Robert Stone of Portales.

The distinction of being the first and the last outfit to fire upon the Germans in the recent war is claimed by the First Armored Division, which opened its offensive in northern Africa and wound up in northern Italy, after taking Sicily and establishing a beachhead at Salerno.

Mr. and Mrs. Johnnie Williams entertained Mrs. J. H. Stone with a birthday dinner in their home Sunday. Those present included Mr. and Mrs. Bert Williams, Mrs. Gabe Anderson, Jr., and son, Mr. and Mrs. J. H. Stone and Mr. and Mrs. Johnnie Williams and family.

## Guest In Thomas Home

Miss Edna Ruth Thomas, daughter of Mr. and Mrs. Claude Thomas of the Field community, spent last week visiting in the home of her grandmother, Mrs. Albert Thomas of this city. Miss Thomas graduated from the Field High School last spring, and is making plans to enter Wayland College at Plainview this fall.

Mr. and Mrs. Elton Wallace and daughter, Kathy Lane, returned to their home in New Summerfield, Texas after a three weeks visit with their daughter and family, Mrs. Woodrow Brown, and Mrs. Wallace's sister and family, Mrs. Percy Tip-ton.

## American Legion Auxiliary Elects New Officers, July 13th

The American Legion Auxiliary of the Farwell chapter held its regular meeting Tuesday night, July 13, at which time new officers were elected for the coming year, and will be installed in late August or early September, it was announced today.

Officers elected to serve in the forthcoming year are as follows: President—Mrs. Bess Henneman; 1st Vice-President, Mrs. Charlie Thompson; 2nd Vice-President, Mrs. A. F. Phillips, Jr.; Secretary-Treasurer, Miss Iris Thornton; Corresponding Secretary, Mrs. Ruth Meeks; Historian, Mrs. Jerry Meeks; Chaplain, Mrs. Johnnie Crawley; Sergeant-at-Arms, Mrs. Claude Dyer; and Assistant Flag Bearer, Mrs. Edith Henderson.

Present for the meeting were: Mesdames Marjorie Meeks, Ophelia Billington, Bess Henneman, Jerry Meeks, Marie Ham, Estellene Billington, Mary Lou Cason, Edith Wurster, Johnnie Crawley, Edith Henderson and Velma Seale, and Miss Iris Thornton.

## Attends Reunion

Mr. and Mrs. C. E. Pendergrass, Jr., of Texico and Mrs. C. E. Pendergrass, Sr., of Dallas, attended a family reunion Sunday July 18, in the home of Mr. and Mrs. Robert Brock. Others present were Mr. and Mrs. Marion Hanley and Rev. J. B. Kirk of Fieldton.

## To Pala Dura Sunday

Mr. and Mrs. Joe Crume and family of Farwell, Mr. and Mrs. Kirt Crume of Portales, Capt. and Mrs. Buster Crume and young Bill Crume of Farwell went to Pala Dura Canyon Sunday where they enjoyed an all day picnic.

Ken Hunter, little son of Mr. and Mrs. Vernon Hunter from Dallas, Tex., is visiting in the home of his grandparents, Mr. and Mrs. S. C. Hunter, of Texico.

Mr. and Mrs. Jud Stone of Texico and Mr. and Mrs. Hal Stone of Clovis spent Sunday in Pampa, Tex., visiting Mr. and Mrs. Ray Stone. They enjoyed an outing at McCulland Lake.

Mrs. D. L. Parker and daughter Carol of Amarillo visited in the home of her parents, Mr. and Mrs. Roy B. Ezell, Sunday. Mr. Parker visited his parents in Bovina, Sunday.

Mr. and Mrs. Jim Cleve Dixon of Lubbock, visited with his mother, Mrs. Ruby Dixon, and grandmother, Mrs. J. C. Temple, Sunday. They were enroute to Ruidoso, New Mexico where they plan to spend a short vacation.

Miss Dorothy Cassidy left the past Thursday for Quintman, Arkansas, where she will spend the next two weeks visiting her sister and brother-in-law, Mr. and Mrs. Doyle Cummings.

Mrs. Jonnie O'Neal, the former Miss Jean Hart of Lubbock, spent the weekend in the home of her parents Mr. and Mrs. Sam Aldridge.

Mr. and Mrs. J. R. Fain of Abilene, Texas, are visiting in the Sam Randall home.

Mr. and Mrs. Jim Moore and Miss Mona Lynn Drace journeyed to Hale Center, Tex., Friday on business.

## Watkins Family Enjoy Picnic, Weiner Roast

Mr. and Mrs. James Watkins of Bovina entertained members of Mr. Watkins' family with a picnic and weiner roast in the Bovina park the past Friday night. All the family with the exception of one son and one daughter was present for the occasion.

Attending were, The parents, Mr. and Mrs. W. C. Watkins of Clovis, Mr. and Mrs. Ernest Carpenter and girls, Minnie Marie, Mary Lou and Anna Mae, of Covis; Mrs. Clayton Taylor and son, Dayton of Los Angeles, California, Mr. and Mrs. LeRoy Chever, Miss Winnie Mae Martin, and Bill Watkins of Clovis, and the host and hostess, Mr. and Mrs. James Watkins.

Mrs. Taylor and Dayton have been visiting with relatives and friends in Clovis, Bovina, and Farwell for the past three weeks and they left Clovis Monday to return to their home in Los Angeles.

## HERE FROM ARIZONA

Mr. and Mrs. Frank Klingbill and daughter, Miss Virginia, of Chandler, Ariz., were guests in the Ted Sheets home during the past week.

Mr. and Mrs. James R. Smart visited with relatives and friends in Portales, Sunday.

Mr. and Mrs. L. K. Bolten and family of Canyon, are guests in the J. W. Billingsley home this week.

Jerry Dean and Lenetta Cain are visiting their cousin, Mikla Ann, in the home of Mr. and Mrs. LeRoy Faville.

Bud Dennis from Albuquerque was a Sunday dinner guest in the home of his sister and family, Mr. and Mrs. Fred Cornelius.

Mr. H. H. Beiler, from Eureka, Kan., visited in the home of his brother, Chas. Beiler Monday. Mr. H. H. Beiler was en route to California.

Miss Twila Mae Strickland, from Lubbock, is in the home of her grandparents, Mr. and Mrs. Ralph Humble.

Mr. and Mrs. Harry Jesko and son, Raymond, and Mrs. Theresa Kayser from Pueblo, Colo., spent Sunday in Muleshoe visiting relatives.

Miss Belva Park has returned home from Los Angeles, Calif., where she had been visiting relatives.

Mr. and Mrs. B. N. Graham spent Sunday visiting with relatives in Lamesa, Texas.

Dick Palmer of Duncan, Oklahoma is visiting in the Ira S. Levins home this week.

Mrs. W. L. Robards of Abilene is visiting in the home of her parents, Mr. and Mrs. J. A. Richards in Bovina.

## Surprise Birthday Party Honors Albert Kube

Albert Kube was honored with a surprise birthday party given by his wife, Sunday, July 18th. Many nice gifts were received by the honoree.

The afternoon was spent playing games of 42 and Rook, with several musical selections rendered by Miss Frances Daude, Raymond Evand and Martin Kube.

An afternoon snack consisting of sandwiches, cake, cookies and punch was served to the following: Mrs. Ernest Kalbas, Mr. and Mrs. Otto Lingnau and family, Mr. and Mrs. Ernest Kube and girls, Mr. and Mrs. F. B. Stovall, Raymond Evans, Martin Kube, Mr. and Mrs. Martin Kriegel and family, Mr. and Mrs. Edd Ramm and family, Mr. and Mrs. Geo. Dannheim and family, Mr. and Mrs. Ben Kube and son, Mrs. Mary Kube and son, Mr. and Mrs. Alvin Daude and family, Mr. and Mrs. Alvin Kriegel and family, Mr. and Mrs. G. P. Meissner and family, Mr. and Mrs. Paul Kaeltzow and sons, Mrs. Max Wagner, Mr. and Mrs. W. James and family, and the hostess and honoree, Mr. and Mrs. Albert Kube.

Everyone reported a good time and wished Mr. Kube many more happy birthdays to come.

Mrs. Bettie Smart and Miss Hazel Dishman visited in the home of Mr. and Mrs. Ernest Carpenter in Clovis, Sunday.

Miss Thelma Gravelle spent the weekend in Plainview visiting in the home of her parents, Mr. and Mrs. C. H. Gravelle.

Mrs. Fred Gilbert and son, of Plainview, spent Sunday in the home of her brother, Rev. Harvey Carrell and family.

Misses Aylce McNew and Modene Minton of Clovis attended to business matters in Farwell, Friday afternoon.

Mr. and Mrs. Lee McDaniel and daughter, Tracy Lee, from Lubbock, were weekend visitors in the home of Mr. and Mrs. Ralph Humble of this city.

Robert D. Williams attended to business matters for The Furniture Mart in Clovis, Friday.

Marilyn Anderson is visiting this week in Lubbock with friends.

Mr. and Mrs. J. H. Farquhar and daughter, Martha Ruth, from Houston, Tex., are visiting this week in the Ralph Humble home.

Mr. and Mrs. Tom Pyle of San Antonio visited in the home of Mr. and Mrs. Aubrey Sprawls over the past weekend.

Mitch Bell, father of Mrs. Conda Jones, was here from Clarendon, Tex., the past week, visiting in the home of his daughter.

## HOSPITAL NOTES

Patients admitted to the Farmer County Community Hospital:

Mrs. Otis Floyd, Bovina, Maternity; Gail Anne Dilger, Friona, Surgical; Lou Anne Rule, Friona, Surgical; Mrs. Johnnie Mars, Friona, Maternity; Mrs. J. C. Stanton, Summerfield, Maternity; Neil Floyd, Friona, Surgery; Floyd Stowers, Friona, Surgical; Bryon Turner, Bovina, Medical; and Roscoe Parr, who was given emergency treatment when run over by a tractor.

Dismissed: Bethel Hicks, Mrs. L. R. Whitten and baby, Mrs. Otis Floyd and baby, Gail Anne Dilger, Lou Anne Rule, Mrs. Johnnie Mars and baby, Mrs. J. C. Stanton and baby, and Bryon Turner.

Jessie McSpadden

Dr. and Mrs. Robert Stokes made a business trip to Denver this weekend. Walker Stokes spent the weekend with his grand parents in Amarillo.

Mrs. Bill Moore, is vacationing this week at various points in Texas. Mr. and Mrs. Alton Lookinghill of Hereford spent Sunday in the home of her parents, Mr. and Mrs. Harry

Jackson. Mrs. Harry Jackson received word Monday of the accidental drowning of her brother, Richard Rowe, in the Beach at San Diego, California. Mr. Rowe will be buried Wednesday at McKinney, Texas.

Mrs. Norma Plummer and daughter, Frankie, left Monday for Valley Mills, Texas, after visiting with her mother Mrs. Lucy Wilson for several weeks.

## Mildew Can Do Much Damage in Summer

COLLEGE STATION.—In order to keep leather shoes in shipshape condition, Mary Routh, extension clothing specialist of Texas A. and M. College, advises protective measures during the hot summer months against mildew.

With a little humid weather to get a start, mildew can do quite a bit of damage to a good pair of shoes in the closet, especially if they are on the floor. That brings up the first mildew preventive measure: keep the shoes on high shelves or racks in the closet. Such places are drier and safer against mildew than on the floor or low shoe racks. Because the damp air is heavy, it settles along the floor and makes things easier for mildew.

The heat from an electric light bulb kept burning in the close will keep the air dry enough to prevent mildew on clothes and shoes. And you can turn the electric fan into the closet to blow the stale, moist air out of the closet.

Chemicals are also handy for taking the moisture out of damp closets. The old stand-by is a jar of calcium chloride. However, calcium chloride can soon "drink" its fill and has to be replaced by another supply. Silica gel crystals, developed during the war, absorb moisture easily, and after a time, can be heated to drive off the moisture and reused again.

And, if you have tried these and find that mildew still gets on your leather shoes when stored in the closet, wash it off right away with a cloth dipped in mild, pure soapsuds or saddle soap, and wipe dry. When the leather is thoroughly dry, polish them with a good wax shoe polish, says Miss Routh.

## AUGUST 1&15 DEADLINE FOR SMITH-DOXEY SERVICE

COLLEGE STATION.—Texas cotton farmers who want to receive classification and market news service on their 1948 crop should get their group applications in within a few days.

Deadline date for the eastern part of the state is August 1 and for the western part, August 15. John L. McCollum, manager, southwest area cotton branch, USDA's Production and Marketing Administration, Dallas, announced.

August 1 deadline takes in all counties lying entirely or for the most part east of the 100th Meridian and the August 15 closing date all counties lying entirely or for the most part west of the 100th Meridian.

Both services are provided without charge under the Smith-Doxey Act to organized cotton improvement groups.

Group applications may be filed at

the Dallas cotton office, 1104 South Ervay, or at PMA's classing offices located in Austin, Abilene, Galveston, Lubbock and El Paso.

Texas had more than 1,000 organized improvement groups last year consisting of nearly 100,000 farmers who had over a million and a half bales classed. This represents about one-half of the 1947 crop, McCollum explained.

Dial-type gauges on pressure canners need accurate checking. The weighted type gauges don't need checking, but should be given a thorough cleaning.

## RE-ELECT

**BASCOM GILES**  
Commissioner  
**GENERAL LAND OFFICE**

## The GRAHAM-HOEME PLOW

- Self Sharpening Points • No Side Draft
- Extra Light Draft • Nothing to Grease
- Plows All Types of Land Without Adjustments
- Prevents Erosion by Wind and Water
- Cuts Plowing Cost in Half
- Doubles Sub-Soil Moisture
- BUILT TO LAST A LIFETIME**
- KEEP VEGETATION ON TOP

Nature's own method is to keep vegetation on top. That cuts down evaporation, keeps the soil in place in spite of heavy winds. The Graham-Hoeme Plowing Method with the two-inch chisel, as shown in illustration, permits water to by-pass the top soil into the sub-soil. It's a moisture storage center.

WE  
HAVE  
'EM  
ON  
HAND

Manufactured by **GRAHAM-HOEME PLOW CO., Inc.** AMARILLO, TEXAS

### PROVEN FACTS

On the average, enough rain falls on your farm every year to make fine crops. But, after the first few minutes of rain a smooth surface seals itself, causing run-off. It has been scientifically proven that the same field will NOT seal itself when plowed with the Graham-Hoeme All Purpose Plow with a 2-inch chisel furrow every 12 inches. This method by-passes the rainfall through the top soil and keeps a straw mulch on TOP. Upwards of three times the moisture enters the ground.

If the next day is fair and hot, the bare soil would soon be steaming and losing its moisture rapidly. BUT NOT IF THAT GROUND IS COVERED. The Graham-

Hoeme Plow leaves vegetation on top to shade and protect, and moisture stays in the soil longer to bridge between rains.

These are not just opinions, but proven facts. A covered corrugated field in a good, brisk rain, will absorb 200 per cent more moisture than a bare field and 60 per cent more than a field with vegetable matter plowed into the surface. To supply this covering for the soil without the expense of artificial cover, and to place the soil in a condition to by-pass the moisture through the top soil is the purpose and achievement of the Graham-Hoeme Plow.

### Steeplejack and Bridge Painter Invents Time-Saving Paint Brush

New Device Tested on New York's Triborough Bridge

A new dipless paint brush was recently demonstrated on the world-famous Triborough Bridge in New York City. This brush was demonstrated by its inventor, Russell C. Engren, steeplejack and bridge painter, who proved he could eliminate much of the time, energy and material wasted in painting.

This new brush (Air Flow Paint Flow) puts gravity to work! The paint flows from a gravity-feed bucket through a light, flexible hose directly to bristles of the brush; a simple

shut-off clip on hose gives complete control of the paint-flow.

Actual tests in homes, farms, factories, under every working condition where paint is used, show an average saving of 38% in time and paint. These tests were made by housewives as well as professional painters and contractors.

The inventor claims that not only does the brush save time, but also saves wear and tear caused by cleaning of ordinary paint brushes.

This dipless brush is now in production and is being placed

on the market in the near future.

The Air Flow Brush Company (57 West 35 Street, New York 1, New York, manufacturers and distributors) are planning an advertising campaign to make the Air Flow Brush a painting "must" in every home, farm and industry throughout the United States and Canada.

### Texas Has Old-Age Recipient Record

The first 12 years of old-age assistance in Texas are reviewing in a comprehensive report issued this week by the Texas Research Institute, statistical agency sponsored by the South Texas Chamber of Commerce.

In July, 1936, the first old-age assistance grant was paid in Texas. A great deal of tinkering has been done with assistance laws during the ensuing 12 years, the Institute report says, but the trend in the number of aged Texans receiving aid has been steadily upward. For the first 10 months of the current fiscal year the average monthly number of recipients of old-age assistance was 200,733, and in the month of June 204,221 Texans received aid.

Payments from State funds to the needy aged amounted to \$785,463 per month, on the average, for the first year of the assistance program's operation, the Institute reports. That was in the fiscal year ended Aug. 31, 1937, when economic conditions were only fairly good. For the first 10 months of the current fiscal year, in a time of record-breaking prosperity, old-age assistance payments made from State funds averaged \$2,567,736 per month.

"Texas has more old-age recipients than any other State," says the report. "Texas is second highest in the percentage of people over 65 receiving assistance. Texas has more than twice as many recipients of old-age assistance per thousand of population 65 years of age or over as the average for the nation as a whole."

The Institute report calls attention to the fact that approximately \$31,000,000 being spent from State funds for old-age assistance is only about \$2,500,000 less than expenditures of the State Government for all purposes as recently as 1920.

"The shift from old-age assistance to old-age pensions has caused the average Texan to have to assume a

### LIGHTED WATERFALLS

The lighting of Seven Falls and the mile-long canyon at Colorado Springs, Colorado, has now been completed and will be open to the public at night this summer. This is the only completely lighted canyon and waterfalls in the world and the lighting effects are quite spectacular.

heavier burden of taxes," reports the statistical agency.

Pick up and destroy all peaches that drop from the trees especially in April and early May to help control the plum curculio.

### LEGAL NOTICES

H. J. R. No. 24  
**HOUSE JOINT RESOLUTION** proposing an Amendment of Section 1-a of Article VIII of the Constitution of Texas to provide that no ad valorem tax shall be levied for State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes for certain purposes, providing for a Three Thousand Dollar (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax

donations; providing for submission to the qualified electors and for the necessary proclamation by the Governor.

Be it resolved by the Legislature of The State of Texas:

Section 1. That Section 1-a of Article VIII of the Constitution be amended so as to be read as follows:

"Section 1-a. From and after January 1, 1951, no State ad valorem tax shall be levied upon any property within this State for general revenue purposes. From and after January 1, 1951, the several counties of the State are authorized to levy ad valorem taxes upon all property within their respective boundaries for county purposes, except the first Three Thousand Dollars (\$3,000) value of residential homesteads, not to exceed thirty cents (30c) on each One Hundred Dollars (\$100) valuation, in addition to all other ad valorem taxes authorized by the Constitution of this State, provided the revenue derived therefrom shall be used for construction and maintenance of Farm to Market Roads or for Flood Control, except as herein otherwise provided.

"Provided that in those counties or political subdivisions or areas of the State from which tax donations have heretofore been granted, the State Automatic Tax Board shall continue to levy the full amount of the State ad valorem tax for the duration of such donation, or until all legal obligations heretofore authorized by the law granting such donation or donations shall have been fully discharged, whichever shall first occur; provided that if such donation to any such county or political subdivision is for less than the full amount of State ad valorem taxes so levied, the portion of such taxes remaining over and above such donation shall be retained by said county or subdivision."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the General Election in November, A. D. 1948, at which all ballots shall have printed thereon "FOR the Constitutional Amendment of Section 1-a of Article VIII of the Constitution of the State of Texas to provide that no ad valorem tax shall be levied for the State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes, providing for a Three Thousand Dollars (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax donations," and "AGAINST the Constitutional Amendment of Section 1-a of Article VIII of the Constitution of the State of Texas to provide that no ad valorem tax shall be levied for the State general revenue purposes after January 1, 1951, and authorizing the several counties to levy additional ad valorem taxes, providing for a Three Thousand Dollars (\$3,000) residential homestead exemption, and providing for tax levies in counties having tax donations." Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of the State.

another Section following Section 59, to be designated "Section 60" to read as follows:

"Section 60. The Legislature shall have the power to pass such laws as may be necessary to enable all counties of this State to provide Workman's Compensation Insurance, including the right to provide its own insurance risk, for all county employees as in its judgment is necessary or required; and the Legislature shall provide suitable laws for the administration of such insurance in the counties of this State and for the payment of the costs, charges and premiums on such policies of insurance and the benefits to be paid thereunder."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the General Election in November, A. D. 1948, at which all ballots shall have printed thereon "FOR the Constitutional Amendment providing Workman's Compensation Insurance for county employees," and "AGAINST the Constitutional Amendment providing Workman's Compensation Insurance for county employees." Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine in such a manner that each voter may vote on such machine for or against the Constitutional Amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

H. J. R. No. 36

### HOUSE JOINT RESOLUTION

proposing an Amendment to Section 61, Article XVI of the Constitution of the State of Texas so as to provide that all sheriffs, deputy sheriffs, county law enforcement officers including sheriffs who also perform the duties of assessor and collector of taxes, and their deputies, constables, deputy constables, and precinct law enforcement officers shall be compensated on a salary basis in all of the counties in this State beginning January 1, 1949; providing for submission of this Amendment to the vote of the people of Texas; providing the time, means and manner thereof.

Be it resolved by the Legislature of The State of Texas:

Section 1. That Section 61, Article XVI of the Constitution of the State of Texas be amended so as to read as follows:

"Section 61. All district officers in the State of Texas and all county officers in counties having a population of twenty thousand (20,000) or more, according to the then last preceding Federal Census, shall be compensated on a salary basis. In all counties in this State, the Commissioners Courts shall be authorized to determine whether precinct officers shall be compensated on a fee basis or on a salary basis, with the exception that it shall be mandatory upon the Commissioners Courts, to compensate all constables, deputy constables and precinct law enforcement officers on a salary basis beginning January 1, 1949; and in counties having a population of less than twenty thousand (20,000), according to the then last preceding Federal Census, the Commissioners Courts shall also have the authority to determine whether county officers shall be compensated on a fee basis or on a salary basis, with the exception that it shall be mandatory upon the Commissioners Courts to com-

pensate all sheriffs, deputy sheriffs, county law enforcement officers including sheriffs who also perform the duties of assessors and collector of taxes, and their deputies, on a salary basis beginning January 1, 1949.

"All fees earned by district, county and precinct officers shall be paid into the county treasury where earned for the account of the proper fund, provided that fees incurred by the State, county and any municipality, or in case where a pauper's oath is filed, shall be paid into the county treasury when collected and provided that where any officer is compensated wholly on a fee basis such fees may be retained by such officer or paid into the treasury of the county as the Commissioners Court may direct. All Notaries Public, county surveyors and public weighers shall continue to be compensated on a fee basis."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the General Election in November, A. D. 1948, at which all ballots shall have printed thereon:

"FOR the Constitutional Amendment of Section 61, Article XVI of the Texas Constitution providing that all sheriffs, deputy sheriffs, constables, deputy constables and other law enforcement officers shall be compensated on a salary basis"; and

"AGAINST the Constitutional Amendment of Section 61, Article XVI of the Texas Constitution providing that all sheriffs, deputy sheriffs, constables, deputy constables and other law enforcement officers shall be compensated on a salary basis."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties or other subdivisions using voting machines, the above provision for voting for and against this Constitutional Amendment shall be placed on said machine and each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and laws of this State.

H. J. R. No. 35

### HOUSE JOINT RESOLUTION

proposing an Amendment to Article VIII of the Constitution of the State of Texas to provide that Three Thousand Dollars (\$3,000) of the assessed taxable value of all residence homesteads as now defined by law shall be exempt from all taxation for all State purposes; providing the effective date; providing for the submission of said amendment to a vote of the qualified voters at an election and providing for necessary proclamation and publication.

Be it resolved by the Legislature of The State of Texas:

Section 1. That Sections 1-b and 1-c be added to Article VIII of the Constitution of the State of Texas to read as follows:

"Section 1-b. Three Thousand Dollars (\$3,000) of the assessed taxable value of all residence homesteads as now defined by law shall be exempt from all taxation for all State purposes.

"Section 1-c. Provided, however, the terms of this Resolution shall not be effective unless House Joint Resolution No. 24 is adopted by the people and in no event shall this Resolution go into effect until January 1, 1951."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of this State at an election to be held on the date fixed by law for the General Election in November, A. D. 19-

48, at which all ballots shall have printed thereon the following words:

"FOR the Constitutional Amendment exempting Three Thousand Dollars (\$3,000) of the assessed taxable value of all residence homesteads from all State taxes," and

"AGAINST the Constitutional Amendment exempting Three Thousand Dollars (\$3,000) of the assessed taxable value of all residence homesteads from all State taxes."

Each voter shall scratch out one of said clauses on the ballot, leaving the one expressing his vote on the proposed Amendment. In counties and other subdivisions using voting machines, the above provisions for voting for and against this Constitutional Amendment shall be placed on said machine in such manner that each voter shall vote on such machine for or against the Constitutional Amendment.

Sec. 3. The Governor shall issue the necessary proclamation for said election and have the same published as required by the Constitution and Laws of this State.

H. J. R. No. 39

### HOUSE JOINT RESOLUTION

proposing an Amendment to Article 5 of the Constitution of the State of Texas by adding a new Section thereto to be known as Section 1-a, authorizing the Legislature to provide for the retirement and compensation of Judges and Commissioners of Appellate Courts and Judges of District and Criminal District Courts, on account of length of service, age or disability, and for their reassignment to active duty where and when needed; providing for the submission of the Amendment to the voters of this State; and providing for the necessary proclamation and publication.

Be it resolved by the Legislature of The State of Texas:

Section 1. That Article 5 of the Constitution of the State of Texas be amended by adding thereto a new Section to be known as "Section 1-a," which shall read as follows:

"Section 1-a. The Legislature shall provide for the retirement and compensation of Judges and Commissioners of the Appellate Courts and Judges of the District and Criminal District Courts of this State on account of length of service, age or disability, and for their reassignment to active duty where and when needed."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to the qualified voters of the State of Texas at an election to be held on the second day of November, 1948, at which election all voters favoring such proposed Amendment shall write or have printed on their ballots the words:

"FOR the Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the retirement and compensation of Judges and Commissioners of the Appellate Courts and Judges of the District and Criminal District Courts of this State on account of length of service, age or disability and for their reassignment to active duty where and when needed."

Those voters opposing said Amendment shall write or have printed on their ballots the words: "AGAINST the Amendment to the Constitution of the State of Texas authorizing the Legislature to provide for the retirement and compensation of Judges and Commissioners of the Appellate Courts and Judges of the District and Criminal District Courts of this State on account of length of service, age or disability and for their reassignment to active duty where and when needed."

Sec. 3. The Governor of the State is hereby directed to issue the necessary proclamation for said election and have the same published as required by the Constitution and existing laws of the State.

### HOUSE JOINT RESOLUTION

proposing an amendment to Article III of the Constitution of the State of Texas by adding thereto another Section to be designated as "Section 60" to authorize counties of this State to provide insurance for county employees; providing for the Governor's proclamation; and submission to the electorate.

Be it resolved by the Legislature of The State of Texas:

Section 1. That Article III of the State Constitution be and the same is hereby amended by adding there-

**Flying "L" Rodeo To Be In Dallas Oct. 9-24**

DALLAS — Arrangements were completed here today to bring the streamlined, fast-paced, star-studded "Flying L" rodeo to the 19-55 State Fair of Texas for its grandstand attraction Oct. 9-24.

Governor Roy J. Turner of Oklahoma was master of ceremonies Friday afternoon in the offices of R. L. Thornton, State Fair president, when the contract was signed calling for a "new, modern and different" type of rodeo to be presented at the sixty-third annual edition of the "world's greatest state fair."

The Oklahoma governor's interest in the State Fair of Texas stems from his close personal friendship with two of the principal owners of the rodeo, V. B. Likins, wealthy oilman and owner of the "Flying L" ranch near Davis, Okla., and H. D. Binns, Oklahoma state senator from Colgate.

The "Flying L" is the ranch where Republic Studios famed Roy Rogers' "Home in Oklahoma," and where he and Miss Dale Evans were married and spent their honeymoon this year.

**Shrubby, Trees Require Dry Weather Care**

COLLEGE STATION — "Native shrubs and trees which have been set out within the past two years will need extra moisture until they have grown good roots, so give them water during the hot, dry summer months."

This advice comes from Sadie Hatfield, extension landscape gardening specialist of the Texas A. & M. College. She says that experience with the transplanting of native shrubbery has shown that the first two years after setting out the plants is the most critical period—after that, they are hardy enough to withstand normal weather conditions.

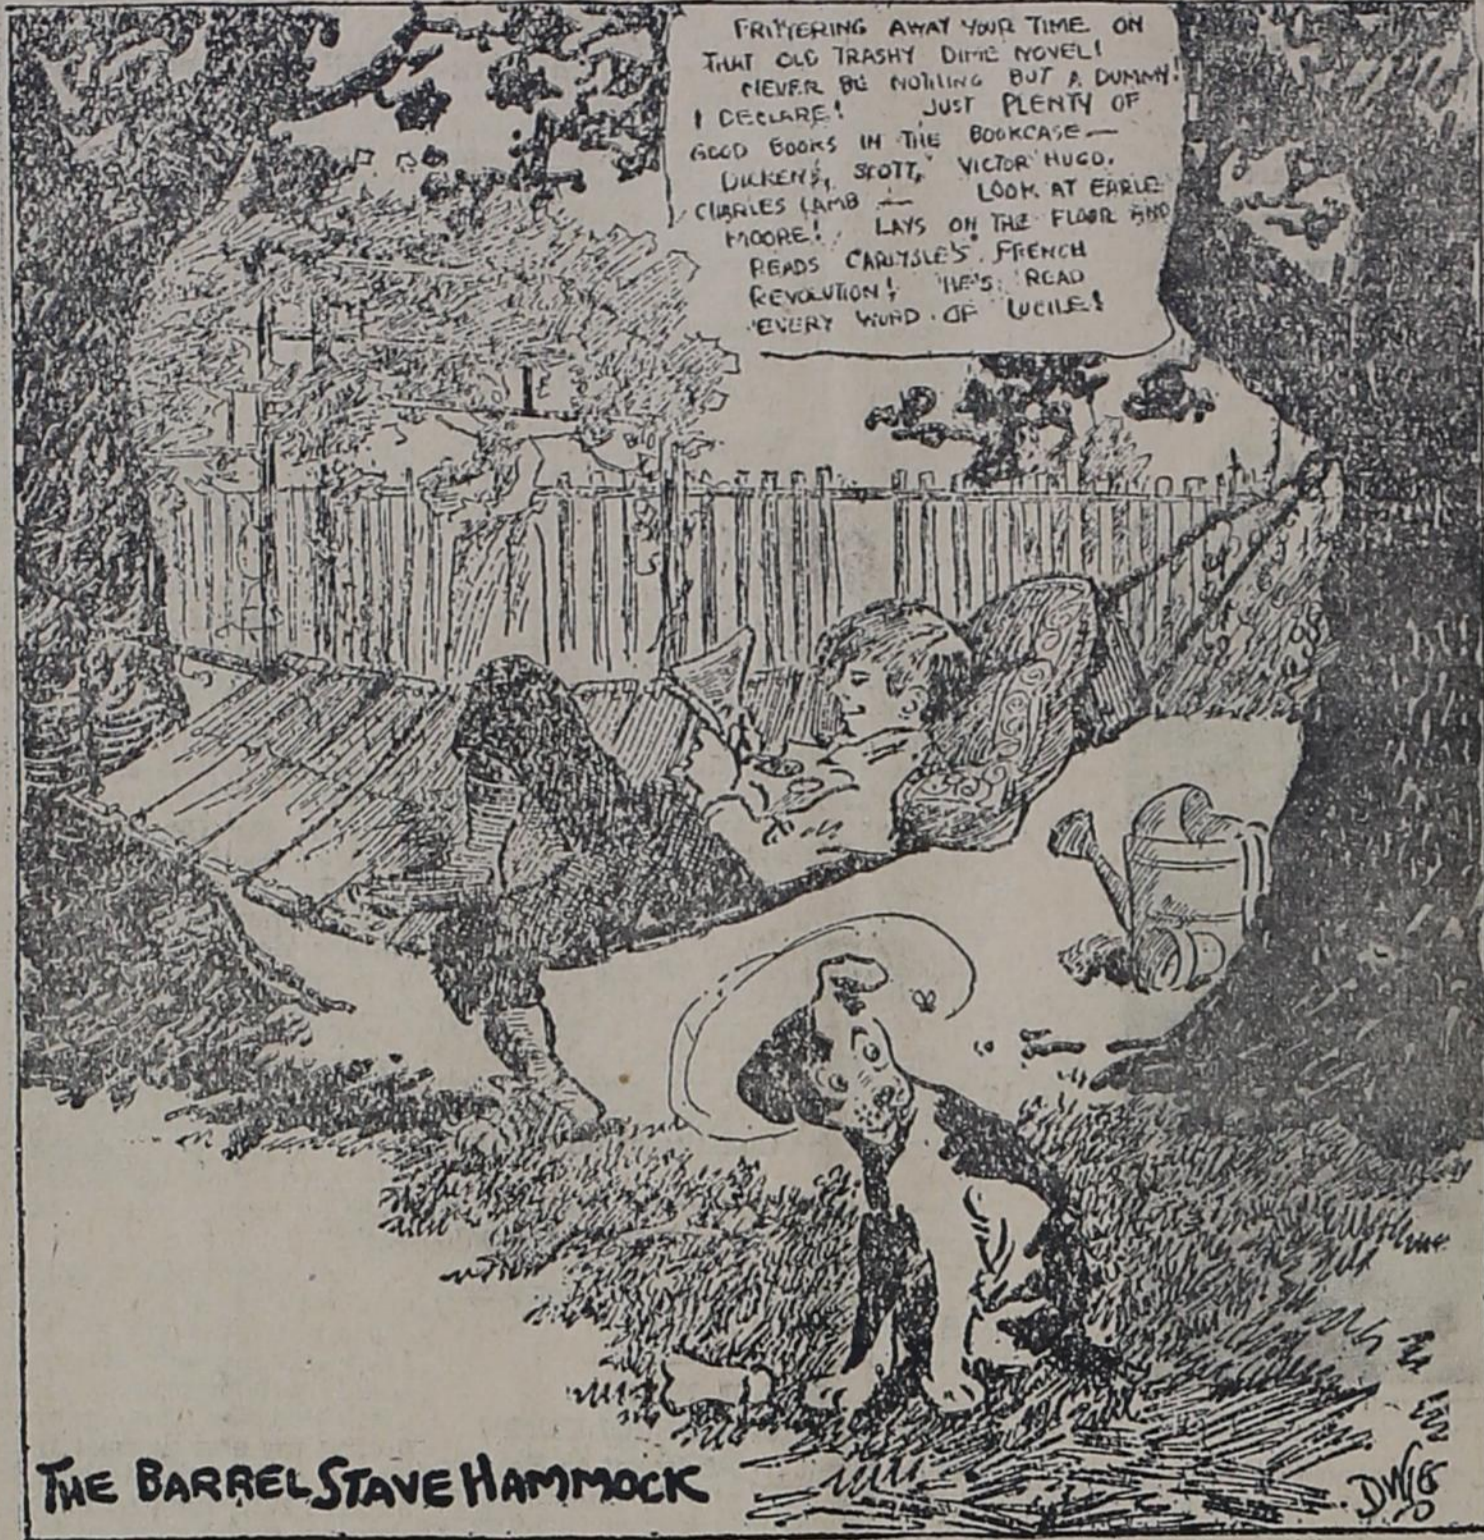

Contours and small terraces to catch and hold water after every rain will help to keep the soil moist. Shallow cultivation will also help. The use of mulch is an excellent way to hold moisture around trees and shrubs.

Among the good mulches to be found around farm and ranch homes, Miss Hatfield says, are decayed leaves, grass clippings, decayed wheat or oat straw, decayed or barnyard fertilizer. Place the mulch two or more inches deep.

An inch or two of sand is some-

**SCHOOL DAYS**

By DWIG

times used on tight soils. When the sand or mulch, or both, are working into the soil next year, they will improve the soil's water-holding capacity.

The growth of favorite flowers, shrubs and trees often can be helped by removing other plants which take up the moisture.

Miss Hatfield points out that a light watering does more harm than good, as it causes roots to grow near the top of the soil. A good, slow watering once a week, giving the moisture a chance to soak several inches into the ground, is much better than a light watering every day.

Many a flaming hart is disclosed by the flicker of an eyelash.

**A TWIG IS BENT**

"That's a fine youngster," said the talkative old man to the young mother sitting opposite him on the train. "I hope you will bring him up to be honest, upright American. And who knows? Maybe someday he will be a second George Washington."

"Yes," smiled the proud mother, "but in this day and time I'm afraid that is going to be somewhat difficult, since—"

"Oh nonsense," continued the man. "As the twig is bent so is the tree inclined." Sparing the steering rod never spoiled any child.

"I know," agreed the mother, "but this twig is bent on being a girl and we are inclined to let it go at that."

Men put off things they ought to do, and women put off things they ought to wear.

*Why Do 8 Out of 10 Big Feeders Use Formula Feeds?*

A recent, impartial survey showed that 81.9% of all feeders with 200 or more head of cattle, hogs or poultry today are depending on FORMULA FEEDS scientifically blended in modern mills to do their feeding job.

Why? Simply because they have found that dollar for dollar FORMULA FEEDS do a better job of maintaining animal and bird health and production than is possible with home-mixed feeds! There is a uniformity of proteins, vitamins and minerals in good FORMULA FEEDS that cannot possibly be obtained in home-mixed rations.

Follow the leaders... the profit-making big feeders... who have learned by experienced that FORMULA FEEDS GIVE YOU MORE FOR YOUR MONEY...

S. J. R. No. 2  
**A JOINT RESOLUTION**  
 proposing an amendment to Section 28 of Article III of the Constitution of the State of Texas, so as to provide for a Board for apportioning the state into senatorial districts and representing districts in the event the Legislature fails to make such apportionment; providing for the issuance of the necessary proclamation by the Governor; and making an appropriation.  
 Be it resolved by the Legislature of the State of Texas:  
 Section 1. That Section 28 or Article III of the Constitution of the State of Texas be amended so as hereafter to read as follows:  
 "Section 28. The Legislature shall, at its first regular session after the publication of each United States decennial census, apportion the state into senatorial representative districts, agreeable to the provisions of Sections 25, 26, and 26-a of this Article. In the event the Legislature shall at any such first regular session following the publication of a United States decennial census, fail to make such apportionment, same shall be done by the Legislative Redistricting Board of Texas, which is hereby created, and shall be composed of five (5) members, as follows: The Lieutenant Governor, the Speaker of the House of Representatives, the Attorney General, the Comptroller of Public Accounts and the Commissioner of the General Land Office, a majority of whom shall constitute a quorum. Said Board shall assemble in the City of Austin within ninety (90) days after the final adjournment of such regular session. The Board shall, within sixty (60) days after assembling, apportion the state into senatorial and representative districts, or into senatorial or representative districts, as the failure of action of such Legislature may make necessary. Such apportionment shall be in writing and signed by three (3) or more of the members of the Board duly acknowledged as the act and deed of such Board and, when so executed and filed with the Secretary of State, shall have force and effect of law. Such apportionment shall become effective at the next succeeding statewide general election. The Supreme Court of Texas shall have jurisdiction to compel such Commission to perform its duties in accordance with the provisions of this section by writ of mandamus or other extraordinary writs conformable to the usages of

law. The Legislature shall provide necessary funds for clerical and technical aid and for other expenses incidental to the work of the Board, and the Lieutenant Governor and the Speaker of the House of Representatives shall be entitled to receive per diem and travel expense during the Board's session in the same manner and amount as they would receive while attending a special session of the Legislature. This amendment shall become effective January 1, 1951."

Sec. 2. The foregoing Constitutional amendment shall be submitted to a vote of the qualified electors of this state at an election to be held throughout the state on the first Tuesday after the first Monday in November, A. D. 1948, at which all ballots shall have printed thereon:  
 "For the amendment to Section 28, Article III of the Constitution of Texas providing for a Board for apportionment of the state into senatorial districts and representative districts in the event the Legislature fails to make such apportionment."  
 "Against the amendment to Section 28, Article III of the Constitution of Texas providing for a Board

**To the Voters**

**OF PARMER COUNTY:**

It is indeed a great honor to be able to present my candidacy to the voters for the office of County Judge and Ex-Officio County Superintendent of Schools.

To be presented this office again without opposition this year creates within me a very deep sense of gratitude.

I want each and every one of the voters to know that I am deeply grateful for past favors and I trust I shall be able to merit the confidence you have extended in my behalf.

**A. D. Smith**

**We Thank You..**

After four years of business in Farwell, during which time we operated the Marcus Ice and Produce Company, we have sold our business to Donald Watkins, who assumed charge immediately and will operate the business in the future.

We are grateful to the people of Texico-Farwell for the valued business they have accorded us during this four-year period. Without your loyal support we would have merely been "in business" during this period. But our association here has been more than that... our business has been very successful, all made possible by your loyal patronage for which we again say thanks a million.

**Andy and Irene Marcus**

for apportionment of the state into senatorial districts and representative districts in the event the Legislature fails to make such apportionment."

Each voter at such election shall mark out one of such clauses on the ballot, leaving the clause expressing his vote on the proposed amendment.

Sec. 3. The Governor of the State of Texas shall issue the necessary proclamation for said election, and shall have the same published as required by the Constitution and laws of this state.

Sec. 4. The sum of Ten Thousand

(\$10,000.00) Dollars or so much thereof as may be necessary, is hereby appropriated out of any funds in the treasury of this state not otherwise appropriated, to pay the expenses of such publication and election.

Monthly benefits are payable to eligible retired workers and to their survivors under the Federal old-age and survivors insurance system. The benefits must be applied for. The office of the Social Security Administration which services this area is located at Amarillo, Tex.

### Arizona Landscaping Moved To Chicago For Indian Village

Transplanted to Chicago, a bit of Arizona provides colorful landscaping for the Santa Fe Indian village, one of the top attractions at Chicago first Railroad Fair which opens July 20.

Four carloads of cacti and two of flagstones from the Arizona desert add authenticity to the aboriginal village in which 100 Arizona and New Mexico tribesmen will live during the Fair. Eighteenfoot Saguara cacti greet visitors as they enter the village. A dozen other varieties of thorny desert shrubs dot the grounds around Apache wickiups, Navajo hogans and communal three-story pueblo.

The village includes a trading post which will serve Navajo, Zuni, Hopi, Jemez, Apaches and San Juan tribesmen's daily needs and sell Indian handiwork which is produced at the Art and Crafts building. This building also houses a valuable exhibit of ancient and modern native handicrafts loaned by the Museum of New Mexico. Handiwork produced by the Indians includes pottery, basketry, silver and turquoise jewelry, blankets and rugs.

Occupying 50 acres of Lake Michigan waterfront, the Railroad Fair is located on the site of the Century of Progress exposition. Dramatizing 100 years of railway progress, a pageant will be presented daily with trains dating back to Chicago's Pioneer locomotive and ranging up to the luxurious Super Chief will participate. The pageant will be presented on a 450-foot stage which utilizes Lake Michigan as a backdrop. Two-hundred and fifty colorfully costumed characters are included in the pageant cast.

#### BROTHER DIES IN MO.

Mrs. G. F. (Ma) Green was called to Missouri Tuesday night by the death of her brother.

### Bigger Texas Wheat Crop Results From Better Varieties

"The upward trend in the acreage of better yielding varieties of wheat" was credited by V. C. Childs, agricultural statistician of the U. S. D. A. for Texas in his July crop report as one of the contributing factors to the better than expected out-turn of the 1948 wheat crop in Texas.

"A comparison of the harvested acreages of acceptable million and baking varieties in 1947 with 1948, county by county shows a total of 386,800 acres switched to these better varieties. This in an increase of approximately 6 percent in acceptable types of wheat" states Keats Soder, Director of the Texas-Oklahoma wheat Improvement Program, whose job is to plug these new wheats.

Texas wheat growers were not able to kill their volunteer planting season, so did not do as well as Oklahoma farmers who came up with 990,500 acres of additional improved varieties for a total improvement of 14 percent, according to Mr. Soder. The total of 1,377,000 acres in the two states is almost exactly a 10 average improvement and means over 15 million bushels of additional good types for millers and bakers in the next few months. Wheat growers boosted their income at least 5 bushels on every one of these acres for a total of \$10 extra for every acre. "No wonder demand for seed of the Comanche, Westar, Wichita and Triumph varieties is in such strong demand today," concludes Mr. Soder.

#### HERE FOR FUNERAL

A number of out-of-town people from Clovis, Hereford and Amarillo were here Tuesday afternoon attending the funeral of Mrs. Minnie Leftwich. Among them was Carl Hill of Buchland, a lifetime acquaintance of the Leftwich family.

### ELECTION PARTY SATURDAY NITE

As usual, we will stage our election party Saturday night and we invite you to be here to get the returns from the county and state elections.

FOX DRUG STORE

#### HOME FROM VISIT

Mrs. W. R. Minter of near Friona, returned home last Saturday from a visit in the home of her daughter, Emely, who now lives with her family in East Orange, N. J. She made the trip by plane.

#### HERE FROM L. A.

Mr. and Mrs. Tracey Turner and Mr. and Mrs. Wilbert Stebbins of Los Angeles were guests in the I. W. Quichel home near Bovina last week. They returned home by way of the Carlsbad Caverns.

### 1949 Models Due For Car Orders Now On File

DETROIT—If you placed a new car order since last January you will probably get a 1949 model.

Most orders placed between now and next January will be filled with 1950 models.

That's about the way the car delivery prospect looks now. If you have any idea of getting a new car within the next eighteen months you will do well to get the order on file.

Another thing: Don't feel too flattered if a dealer accepts the order and tells you no deposit will be necessary. Dealerships frequently change hands and the no-deposit orders are often washed out in the change.

There are exceptions to the 18-months-for-delivery outlook, but there are not many. If you have a good used car to trade in at a price satisfactory to the dealer you might do a little better than eighteen months. Then there are models that are not in as great demand as others, either new or used vehicles.

But to get early delivery of a popular make you have to have influence with your dealer or at the factory—or pay a premium price to a used car merchant.

## How About A New Electric Refrigerator?

For the first time since the shortage occasioned by the war, we are getting a very few extra electric refrigerators that we are able to offer. This does not mean that we are overstocked by any means and we do not expect such a condition in the near future.

But if you have been contemplating a new refrigerator, it is quite likely that we can take care of you now or in the immediate future. These are not off-brand boxes, but Norge, Gibson and other standard makes, all carrying written guarantees.

Drop in and let's talk refrigerators if you are at all interested.
