

New Safety Light Installed by Truckers.

A manually operated "passing light" now being installed on trucks and trailers promises to eliminate the motorist's pet gripe about being stuck at low speeds behind one of the big vans, unable to pass because he couldn't see ahead. The light, mounted at the rear of the vehicle, enables the truck driver to signal the word "Pass" to cars behind if the road ahead is clear of on-coming traffic.

Parmer Tied With Four Other Counties For New Draft Program

FROM THE HOPPER
By HOP

Bill Hubbel says he has a wonderful crop of Giant Texas weeds on his farm. But, judging from reports of other farmers, he is not the only one growing that variety here this year.

We have received several compliments for the article we had recently about the attractive premises of the Roberts Seed Co. and Mrs. Lucy Brown, Texico postmaster, wonders why we can't have more places of beauty in the Twin Cities, especially along the highway routes through the two towns. She has even agreed that the vacant lots east of the post-office could stand some improving. As we look over the 22 years we have been in Texico-Farwell, we can see a wonderful improvement that has taken place in yard beautification during that period. Aside from a few locust trees here and there, there was little attention given to any beautification plans. As we think back now, the B. O. Faville and B. S. Triplett homes in Texico, and the W. W. Vinyard home in Farwell were the only places that even boasted of a lawn. We have made great strides in the appearances of our premises since that time, but there is yet much that could and should be done. A little investment and lots of elbow grease put in on yards will yield a great deal of satisfaction in the years to come. We need only to cite you to such homes as that of Mr. and Mrs. W. H. Spurlin in Farwell, which they acquired only a few months ago. As is usually the case, the praise for this yard goes to the woman of the household.

Bess Henneman was quite concerned as she was approaching home the other day when she noticed that the engine in her car was quite hot. She finally discovered that she had driven all the way home from Clovis with the machine in second gear. She asked us not to tell her son, A. C. and we have kept that promise.

Last week we called attention to the garbage disposal program in Texico-Farwell and recommended its continuance. The Jones Brothers (Si and Frank) have agreed to haul the garbage from all residences at 50 cents per month or \$1.00 for business houses. But it certainly could not be expected of them to carry out these prices with only a handful of citizens co-operating in the program. There are 120 residences and 39 business houses in Farwell alone, and the Jones boys need every person co-operating in the program to make it worthwhile. Make your checks payable to Mr. Anderson and leave at the bank for a year's service. He will pay out the money as the service is rendered. Do it today, please.

There will be only 137 draft boards in Texas to handle the new selective service program, and Parmer County will be tied in with four other boards, according to announcement coming out of Austin.

Parmer County will be combined with Castro, Deaf Smith, Swisher and Randall, with the headquarters being maintained at Dimmitt, the Austin dispatch reveals. Each county in the area, which will be known as Board No. 18, will be represented by only one man, Parmer County's member being David Moseley of Friona, former county commissioner. Other members of the Board will be Robert Estes of Dimmitt, S. O. Wilson of Hereford, S. A. Condon of Canyon and Henry Teubel of Tulia.

There are 254 counties in Texas, and under the old draft set-up each county has at least one board—some of the more heavily populated counties having two or more—and each board was composed of three members. The new set-up has been streamlined and skeletonized to such an extent that in most cases only one man will represent an entire county. Under the present set-up, there are only 526 draft boards members in the entire state as compared to perhaps three times that number under the draft program during World War 11.

It has not been announced here as to how registration under the new act, scheduled to get under way on August 30, will be carried out, and a number of the prospective registrants are wondering if they will be required to journey to Dimmitt to register. Former draft board members are inclined to believe that registration booths will be set up in each county, but they had no authority to back up this prediction.

Board No. 4 will set up at Muleshoe, and will serve the counties of Bailey, Cochran and Lamb. George Johnson of Muleshoe, W. B. Evans of Morton and Floyd Coffman of Littlefield have been named by Gov. Jester as members of this Board.

Two Hurt When Car Flops With Family

Two persons were injured, neither of them seriously, when the family car, a 1941 Nash sedan, turned over at least two times on Highway 60-84, a mile west of Texico Monday morning. Sam Doutsch of Tuscon, Arizona, driver of the car, said the accident happened when the machine hit a pile of loose crushed rock being used in construction of the new 4-lane highway between Texico and Clovis. Mrs. Doutsch suffered injuries to the back, and their 12-year-old daughter complained of similar pains when she was questioned. Doutsch and his 1-year-old son escaped injuries. They were taken to a Clovis hospital by a Steed ambulance.

MELROSE MAN FOUND DEAD

Defer Action On Annexation Petition

Shortage Of Storage Looms In Southwest

With practically every grain elevator in the southwest filled to capacity with 1948 wheat, grain men are already becoming concerned over the possibility of a serious shortage of storage facilities when the fall grain sorghums begin to roll.

Grain men contacted here this week said that no wheat was being moved to the great grain terminals of the southwest, meaning that they had no outlet for unloading their storage space in preparation for the fall movements.

The grain sorghum crop, now rapidly approaching maturity is estimated as the biggest crop produced in recent years. Where to put the grain is already proving a headache to grain buyers.

Buyer readily agreed that farmers had better begin now making preparations to store as much of the crop as possible on their farms. "We barely have room to work the wheat now on hand," was the comment of G. D. Anderson, Jr., manager of the huge Sherley Elevator at Bovina, and similar comment was heard from J. P. Macon, also of Bovina. Both agreed that no appreciable wheat movements had been made for many weeks.

Comments of like nature were voiced in Texico-Farwell, where some storage is still available, but far inadequate to handle the grain sorghums this fall.

In the opinion of local buyers, movement to grain terminals this fall will be nil unless the situation improves rapidly. "Every warehouse in the Southwest is already full of wheat," one observer pointed out, and added his belief that there was little likelihood of it being moved out in sufficient quantities to create any appreciable storage space between now and fall harvest time.

Texico Board To Meet Thursday Nite

The Texico school board will hold a regular session tomorrow (Thursday) night at the Texico school. Several important events are scheduled to come before the board, one of the most important being the issue concerning the new gymnasium, which will be erected by the funds recently voted by the people in a \$41,000 bond decision. Supt. Rogers, Monday, informed that no plans for the building had been accepted and no bids for the project received as yet.

Architects will be present at the Thursday night session of the board with the first detailed plans for the structure. These plans were conceived in a survey made a short time ago.

Other business concerns the setting of the official date for the opening of the fall school term. Rogers revealed the possibility of an early opening—August 30, but hastened to declare that the date was not official.

One bright streak in the Texico school set-up is the announcement that all teachers carried on the staff last year were retained for the forthcoming fall term. Yet with the opening date a month away, Rogers said he was "crossing his fingers and hoping there wouldn't be any unsuspected resignations."

Elliott Offers Gas Service To Region

At a cost that has run into thousands of dollars, the C. R. Elliott Company of Bovina, has just completed the installation of the only wholesale butane and propane gas distribution system in this part of Parmer County.

Two large storage tanks, equipped with the very latest equipment, with a total capacity of 7,200 gallons, have just been erected outside the city limits of Bovina. Deliveries for irrigation and home use of the gas will be made in a large new tank truck, fully equipped with the latest devices.

Mr. and Mrs. Mark Paine announce the arrival of a 7-pound, 7-ounce boy, born at 4 a. m., July 28th.

EVANGELIST—Weldon B. Bennett of Compton, Calif., who begins a ten-day gospel meeting at the Lariat Church of Christ on Friday of this week.

REVIVAL AT LARIAT

Officials of the Lariat Church of Christ have announced a series of gospel services for a ten-day period, beginning Friday of this week. Evangelist Weldon B. Bennett of Compton, Calif., has been engaged to do the preaching.

Services will be held at 11 a. m. and 8:30 p. m. each day during the special services. The public is invited to attend.

Death Claims Former Local Stenographer

Miss Esther M. Zibell, 40, for many years employed as stenographer and abstractor in the law office of E. F. Lokey in this city, died at the home of her sister, Mrs. L. C. Mason, in Clovis, early Monday morning.

She had been ill for many months and had been confined to a Clovis hospital most of the time for the past year.

Funeral services were conducted at the Steed Memorial Chapel in Clovis Tuesday afternoon and the body was taken to Holton, Kansas, for burial.

She is survived by two sisters, Mrs. Mason, Clovis; Miss Myrtle Zibell, Topeka, Kansas; and three brothers, Frank, Robert and Gus, all of Holton, Kansas.

Twin Cities Center Of Crisp Electrical Storm

An electrical storm that has not had a parallel in recent years aroused sound sleepers here early Sunday morning when crisp flashes of lightning and keen bolts of thunder literally knocked residents from their beds.

Several near misses were reported, the closest call being in the LeRoy Faville home, where lightning jumped the safety fuse and fired a bed lamp within an arm's length of Mrs. Faville's head. No other light in the home was affected.

A good rain accompanied the electrical storm, but reports indicate that the rainfall did not extend very far. In the West Camp community, to the south, a full inch was reported, and heavy downpours, the best of the year, were recorded between Texico and Clovis. Bovina and Oklahoma Lane reported only light showers.

ALL NIGHT RAIN FALLS

A steady downpour of rain that is believed to have been general throughout a wide section of this area fell here Tuesday night. The rain began falling early in the evening and continued without let-up through the night.

At press time, reports indicated the rain was the heaviest and most general to be received here this year. An official rain gauge here registered precipitation at 2.15.

Subscribe to The Tribune!

The Parmer County School Board, meeting here in regular session Monday, deferred any definite action on a petition asking that approximately 18½ sections of land, now located in the Farwell School District, be annexed to the Bovina School District.

Judge A. D. Smith, who is secretary to the County Board, stated after the meeting that action was deferred until it was definitely determined what percent of the Farwell District was involved in the annexation move. He pointed out that should the portion of the district sought to be detached involve more than 10 percent of the acreage in the entire acreage, it would be necessary that the Farwell School Board agree to partitioning the district.

It was agreed that County Clerk Loyde Brewer of Parmer County and the County Clerk of Bailey County be named as a committee to ascertain the exact number of acres in the Farwell School District (part of the district is in Bailey County) and report back to the County Board at a later date. Judge Smith said that the Board would likely be called into a special session when these county clerks are ready to make a report.

Members of the County Board are Matt Jesko, president; W. L. Edelman, J. L. Shafer, O. W. Rhinehart, and J. I. Gober, all of whom were present for Monday's meeting except Gober, who had been called to Fort Sam Houston, to attend the reburial of his son, Lt. Claude Gober, killed in England during the recent war.

The Board acted on application to transfer 52 students from one district to another, with twenty-two applications being denied. These represented transfer applications from the Lazduvia district to the Muleshoe district.

Application transfers approved included 24 from Rhea (now Bovina by consolidation) to Friona; four from Bovina to Farwell; one from Farwell to Bovina, and one from Friona to Farwell.

Foul Play Suspected In McDaniel Death

Expressing a strong conviction that O. T. McDaniel met his death by foul play, a group of Melrose citizens, friends of the McDaniel family, were here late Tuesday afternoon conferring with local officers and asking for a rigid investigation.

J. H. Askins, Melrose banker and acquaintance of McDaniel for more than thirty years, declared tersely, "O. T. didn't kill himself and we are here to lend what aid we may in helping to clear up the case."

Others of the group were Ray Lofton, school superintendent, B. F. Acker, cattleman and former county commissioner; Tye Cobb, lumber dealer. They conferred at length with County Attorney Sam Aldridge, but had no statement to make following the conference.

Oklahoma Wheat Being Stored In Farwell

Several carloads of Oklahoma and Colorado wheat are being moved to Farwell for storage, it was revealed here today by C. M. Henderson of the Henderson Grain & Seed Co.

He said that the first few cars arrived here the first of the week and would be followed by additional carloads yet to come. "It may run to 50 cars," was his only comment when asked how much wheat would be moved here.

Previously, twelve carloads have been unloaded here from Melrose, 40 miles to the west.

Other grain men in the county were not accepting any of the out-of-state grain for storage, it was revealed in a check-up made early this week. Those contacted said that their facilities were already clogged to capacity with unmoved wheat and they were already beginning to wonder how they were going to handle the bumper grain sorghum crop now in prospect.

Henderson said that he was hopeful the wheat now being taken for storage would be moved before the feed crop begins to roll.

The home garden can be protected from insects with the use of a small hand dust gun and a small quantity of good dust material.

BULLETIN!

Just as The Tribune goes to press, officials announced here that two murder charges had been filed in connection with the death of O. T. McDaniel. The names of the parties against whom the charges were filed is being withheld, pending their apprehension.

O. T. McDaniel, age about 65, of Melrose, N. M., was found dead in his car about one mile east of Lariat, on Highway 70, southeast of this city, early Tuesday morning with a small bullet hole in his left temple.

Investigations made thus far by County Attorney Sam Aldridge and Sheriff Earl Booth indicate that the wound was probably self-inflicted.

McDaniel, a prosperous resident of Melrose, has been a resident of Curry County for many years, and served as County Commissioner of Curry County from 1927 to 1931.

He was found slumped in the front seat of his car by J. D. Span, of Plainview, Tex., and E. B. Sargent of Aztec, N. M., about 7:30 a. m. Tuesday, who in company with two Plainview women, passed the McDaniel car parked about three feet off the pavement. Span stayed with the McDaniel car while Sargent drove on to Lariat and notified the sheriff's office.

Justice of the Peace Jess Newton conducted an inquest at the courthouse in Farwell, and only two witnesses were called. No verdict was rendered as to how McDaniel met his death, and County Attorney Sam Aldridge asked that the investigation "be continued." He did not amplify on this request.

Span testified that he was driving his car, traveling northwest on Highway 70, when he passed the McDaniel car, and noticed what appeared to be a gun lying beside the parked car. He turned his car around and drove back to the McDaniel machine and found McDaniel dead in the front seat of his car. He testified that a .22 single shot rifle lay on the ground on the left side of the McDaniel machine, with the print of the butt of the gun plainly visible in the earth.

Span gave it as his opinion McDaniel had been dead only a short time. "His nose was still bleeding," Span said and added that the accumulated blood by McDaniel's head had not coagulated.

Sargent, who was riding with Span, took the stand and his testimony, in substance, substantiated that of Span. The two women in the car with Span and Sargent were not questioned at the inquest.

McDaniel's body was picked up by a Steed ambulance and removed to Clovis, following an investigation on the ground where he was found dead.

He is survived by his wife and two sons, Billy and Lonnie, all of Melrose. Other survivors include his mother, Mrs. K. S. McDaniel of Clovis, and two brothers, Edd of Clovis, and Raymond of Melrose.

Highway Work To Be Finished in September

Completion of the new four-lane highway between Texico and Clovis, which has been under construction since last December, may be expected during the month of September, it was learned from officials of Bowen and McLaughlin, contractors.

Spreading of the prime coat of oil and tar has been in progress since July 28, and much of the south side of the ten-mile stretch has been completed. A 2-inch layer of this prime coat will be laid before the seal coat is applied.

Officials said that New Mexico Highway Department has a deadline of October 15 for "hot top" in any year, and "we certainly want to complete the job before that time," this official added.

Most of the preliminary work, including curbing and sidewalks in Texico are nearing completion and motorists are hoping the new road will soon be opened to the public.

SCHOOL ON VACATION

Wilfred Quicquel, instructor of the Veteran's Vocational school in Farwell, announced today that the school was closed for the summer vacation from July 28 to August 12.

Try using the tender, green leaves of spinach in a tossed green salad. Spinach leaves have both a good flavor and a crisp freshness.

Health Notes

By Texas Department of Health

AUSTIN, TEXAS.—statistical information compiled by the State Health Department shows a total of 182 cases of typhus fever so far this year. During the week between July 17—24, seven new cases were reported, one-half the seven year median of fourteen for the week of July 24. The disease reaches its peak in the month of August, Dr. Goe. W. Cox, State Health Officer, said.

Over a five year period from 1943 to 1947, typhus fever has been responsible for 273 deaths. The death rate has been reduced from sixty-three in 1943, to thirty in 1948.

"Typhus fever as we know it in

Texas is transmitted by the flea of infected rats," Dr. Goe. W. Cox, State Health Officer, said. "It can be controlled by the simple expedient of consistently maintaining a program of rat poisoning, rat trapping, and rat proofing."

Typhus fever is marked by a severe headache, chills and fever. A reddish mottling appears on the skin and a hacking cough develops. The headache is the outstanding symptom because of its severity. Illness may last from 5 to 14 days.

The greatest outbreak of typhus fever, or Brill's Disease, were in 1941, there was a total of 733 reported cases.

The Health Officer added that it was a sad commentary on our position as the most health minded nation on Earth if we allow the disease to flourish when the means for its control and eradication is right at hand.

Make Steps Count Simplify Your Work

COLLEGE STATION—When extension home management specialists of Texas A. & M. College meet with farm and ranch women over the state, the theme of their workshops is "Make Motions Count," or "More Work With Less Effort". And they prove that it's possible. "You will get more and better

work done in less time and with less effort", they tell the women, "by making the best use of manpower, materials and equipment. And the first step is to break down the job."

List all the steps of the job to be done. Include such motions as pulling, pushing, bending, walking, lifting and moving materials.

Then question every step made. Ask: Why is it necessary; what is its purpose; where should it be done, how can it be done more easily, more quickly or better?

After these questions have been

answered, the specialists point out, quite often the homemaker has found that she can eliminate a number of unnecessary steps. Rearrangement of work centers are often the results of such studies of housework.

"Leave out any part of a task you can," the specialists advise. Use the best tool for that particular job. "Sit to work whenever you can. Keep everything in easy reach. Make one job out of two or more, and finally, make both hands work. You'll be surprised at the time and energy you will save."

Why Do 8 Out of 10 Big Feeders Use Formula Feeds?

A recent, impartial survey showed that 81.9% of all feeders with 200 or more head of cattle, hogs or poultry today are depending on FORMULA FEEDS scientifically blended in modern mills to do their feeding job.

Why? Simply because they have found that dollar for dollar FORMULA FEEDS do a better job of maintaining animal and bird health and production than is possible with home-mixed feeds! There is a uniformity of proteins, vitamins and minerals in good FORMULA FEEDS that cannot possibly be obtained in home-mixed rations.

Follow the leaders... the profit-making big feeders... who have learned by experience that FORMULA FEEDS GIVE YOU MORE FOR YOUR MONEY...

Your Paper Stops When Your Time Expires

*An ALL Purpose Machine
for Dirt Moving
Land Leveling and
Seed Bed Preparation*

MODEL 9

*The Patented
EVERSMAN
AUTOMATIC
Land Levelers
and Dirt Movers*

MODEL 25—Width 12'10", length 32', cutting blade length 9'3", depth 22" requiring 38 H.P. (drawbar)

Made in 4 Sizes—a Model for Every Farm Operation

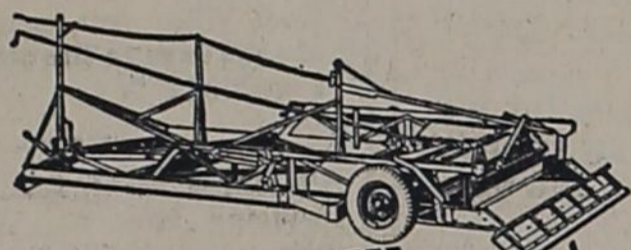

Here's an ALL PURPOSE machine that you'll use year after year. The EVERSMAN will not only do your initial job of dirt moving and leveling, leaving your fields in perfect condition for irrigation and drainage, but it is a machine you need every year for maintaining contours and preparing seed beds.

The EVERSMAN is truly an AUTOMATIC leveler. It has the patented eccentric (crank) axle—when wheels go on high place the blade AUTOMATICALLY lowers to gather a load—when wheels go into a low place the blade raises to release enough dirt to fill. Front clod buster and rear smoother blade firms the surface as the machine moves along producing a finely pulverized seed bed while AUTOMATICALLY LEVELING. Also equipped with patented wheel lift for DIRT MOVING which raises and lowers the whole machine and gathers or releases a big load of dirt wherever you wish.

One inexperienced man driving your present tractor handles this ALL PURPOSE machine. Moves fast on rubber tired wheels. Inexpensive!

MODEL 12—Width 12', length 21', cutting blade length 9'3", depth 16", 3 plow tractor. Model 9 shown at top of page slightly smaller for 2 plow tractor.

MODEL 35—Larger, longer, more dirt capacity than Model 25. Both 25 and 35 have main frame spliced for converting in field to maneuverable DIRT MOVER. Shown above in shortened form.

Premium List Hiked At Lubbock Showing

LUBBOCK—Farm, ranch and home exhibits will be featured more than ever before in Panhandle South Plains Fair in Lubbock next September 27 through October 2, Directors announced this week.

They have increased cash premium more than 40 per cent and have approved a new Beef Department for Registered Herefords.

The new premium total is \$9,163, compared with \$6,482 last year, the bulk of the increases going to Cattle, Swine and Agriculture Departments. The largest proportion increase is in Women's Departments, where the total of awards has been doubled and premium lists have been revised greatly. Extensive revisions in individual farm exhibits also have been approved.

In livestock, Dual Purpose Milking Shorthorns and Jersey and Holstein Dairy Cattle will compete, additional to Hereford Beef classes.

In swine, Poland China, Duroc Jersey, Hampshire and Spotted Poland China divisions will be shown. Chester Whites were discontinued, since none were entered in either of the last two Fairs.

In agriculture, Community Exhibits, which were confined to Lubbock County, were dropped and a new Veterans Vocational Agriculture Department created. Prizes in Vocational Agriculture were reduced in number from 17 to 12, but with total amount unchanged and the average of cash prizes increased from \$32.50 to more than \$40.

Top prizes in cattle classes have been raised from \$12.50 to \$15, and for swine from \$7.50 to \$10. These figures are above average for better Fairs in the nation and compare favorably with the biggest Fairs.

D. W. Sherrill, Lubbock County Farm Agent, heads the Agriculture Department, Jason Gordon the Live-

stock Department and Coleman Cowan the Swine Department. Mrs. O. R. Copeland of Lubbock, is Director of Women's Departments. The complete list of officials will be announced soon.

"Built-In Safety" Right In Your Own Home

COLLEGE STATION.—Safety can be built right into the home to help reduce accidents. New homes can and should be made far safer than houses built in the past because better materials and more advanced ideas are always being developed for greater home safety.

This built-in safety business is really two angles in one, says W. S. Allen, extension agricultural buildings engineer of Texas A. and M. College. It deals with the dangers of fire as well as the personal injury angle.

Builders and architects are giving quite a bit of thought to ways and means of getting rid of home accident causes in both the new and old structures.

Safety studies show that most accidents in the home occur on the stairs, so architects are recommending a certain step height, width and steepness that will still be the safest. Handrails should be provided every place there are more than two steps. Also lights at the top and bottom steps are recommended.

Basements are often dangerous places when there are overhead water pipes, air ducts and low hanging objects. Where it is not possible to remove them, they should be painted brightly so they will be easily seen. Windows are now on the market which can be cleaned from the inside of the house. More and more of this kind are being built into the new homes.

Toys, tools, brooms and mops make dangerous enemies if left laying around. Keep them in a special place

so they won't be tipped over. Kitchen hazards are reduced by sliding cabinet doors or the narrow hinged type which do not swing far out into the room. Rounded corners on kitchen equipment along with more built-in facilities also lower your chances of being injured right in your own home.

Flat bottom tubs and grab bars to assist in getting in and out of the tub match nicely with any bathroom design. Non-slip flooring is not only available, but a little healthier too. And there is the old story of bathtub electrocutions. Keep light switches and radio controls—if you have a radio in the bathroom—out of tub or shower reach.

None of these safety measures are costly. In fact, many times it has proved to be more costly not to have them. If the homeowner gives as much attention to safety in his home as he does to some of the other things, advises Allen, his chances of becoming a hospital patient will be much less.

"EASY ANNULMENTS"***Among the reasons for marriages being annulled—one husband said his father-in-law went back on his promise to send him to college. An irate wife asked for an annulment when she discovered her husband wasn't related to England's royal family. Don't miss this expose in The American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

PROF. MOWERY ATTENDS SHOW

LUBBOCK.—Prof. Ray C. Mowery from the Texas Technological college animal husbandry department will attend the annual Rambouillet Breeders Show and ram sale at San Angelo July 27 and 28.

While attending the show, Professor Mowery will discuss with leading breeders the 1948-49 wool program planned at the college.

THREE EXTRA-SPECIAL BAR-GAINS IN FARM HOMES 320 ACRE FARM Two and one-half

miles west of Clovis, very light improvements. 220 acres in cultivation. 100 acres in good grass. Cultivated land all in row crop which is looking very promising and should produce top yield. Buyer gets two-thirds of crop and possession at only \$50.00 per acre.

160 ACRES TOP QUALITY FARM. Seven miles north of Bovina. Very nice but small improvements. All in cultivation. All smooth and level, would be a beauty to irrigate. All planted to row crop and looking good. Buyer gets two-thirds of crop. This is an outstanding bargain at \$100.00 per acre.

90 ACRES IRRIGATED FARM. One quarter mile south of town, highly improved. Seven room modern home, new grade A dairy barn. Lots of out buildings. City lights and gas, new electric irrigation well, and all goes for only \$20.00. The improvements alone would cost more than the price asked.

A GOOD LISTING OF BUSINESS PROPERTY, HOMES, RANCHES, FARMS, AND PERSONAL PROPERTY. 42-3TC.

O. W. RHINEHART Next door to Hotel Bovina, Texas

FIRST LT. CARTHON P. PHILLIPS Phillips Now Schooling In Florida

First Lt. Carthon P. Phillips, son of Mr. and Mrs. Frank Phillips, is now attending the fifth class of the Air Tactical School, Tyndall Air Force Base, Panama City, Florida. Lt. Phillips attended Texas Tech College, Lubbock, Tex., prior to his entering the service in Sept. 1940 After receiving extensive training he was commissioned and sent over-

seas for 13 months. He returned to the states in December 1942 and has since been assigned to Lowry AFB, Colorado, his present assignment, and where he will return upon completion of the 16 weeks course.

The Air Tactical School is the basic school of the Air University System. Its purpose and aim is to teach the fundamentals and basic principles required for officers to most successfully handle the responsibilities of Squadron Commanders and for staff duties commensurate with their rank. A broad academic course covers instruction in Leadership, Tactics, Intelligence, Communications, Administration, Supply, Personnel Management, Public Information, Civil Affairs and New Developments. The academic course is supplemented by a flying program utilizing the latest types of Air Force aircraft. The regular curriculum is supplemented by lectures given by civilian specialists, Ground Force Officers, Naval Officers and faculty members of the Command and Staff School at Maxwell Air Force Base, Alabama.

GET LESS RETURN

The railroads earned a smaller rate of return in 1946 than in 1921.—Santa Fe Almanac.

The head always starts swelling about the same the mind stops growing.

NOLAN C. RHODES

Rhodes Attending ROTC Summer Camp

FORT MONMOUTH, N. J.—Nolan C. Rhodes, son of Mr. and Mrs. A. G. White of Bovina, Tex., is attending the Signal Corps ROTC Summer Camp. The ROTC Cadets are progressing rapidly towards the final training which will be a forty-eight hour divisional problem at Ft. Dix, N. J.

The ROTC Cadets assembled here represent fifty-two colleges and universities throughout the nation from as far away as the University of Hawaii. During the six weeks of Summer Camp the cadets are receiving valuable experience in operating Signal Corps equipment as well as visiting neighboring installations such as Signal Corps Laboratories, The American Telegraph and Telephone Company in New York City, and the First Army Headquarters in New York City. The Cadets will depart from the six weeks of Summer Camp about the first of August.

HOWDY FOLKS: The only business that makes money without advertising is the mint.

Before the war Japan sent a spy into this country. He was instructed to investigate internal conditions. After a few days he filed a report for secret transmission to Tokyo. It read: Conditions bad over here. Everybody very hungry all the time. When two men meet, one always says to the other, 'What's cooking?' "

All joking aside, folks, we enjoy servicing your car. We like to keep it full of that good Phillips gas and oil. Try us next time. You and your car'll like it.

We Specialize in Irrigation Loans If It is a Good Loan We Can Make It

ETHRIDGE-SPRING AGENCY

Dan Ethridge Dial 2121 Frank A. Spring FRIONA, TEXAS

Dear graduates and former teachers of Oklahoma Lane, West Camp and Farwell:

You are cordially invited to attend a get-together and home-coming banquet at the Farwell School gymnasium on Sunday, August 22, 1948 at 1:00 p. m. (Tex. time.)

We sincerely hope you will attend this meeting for we know you will cherish the memory of meeting new friends and renewing old acquaintances. Since we are now one fine school, let's become the best of classmates.

The price of the banquet will be \$1.75 per plate. We are asking you to send this amount with your reservation, if at all possible, before the 16 of August. You may bring a guest if you desire.

It is our endeavor to make this a grand get-together and it will not be complete without you. Address acceptances to Cary Joe Magness, Pres. Junior Class, Farwell High School.

PROMOTED

MARVIN "BAKE" BAKER

ADDED

EMIL "MOOSE" MEIS

We are happy to announce to our friends, two important changes in our organization, the promotion of Marvin "Bake" Baker, to Buick—Chevrolet Truck Manager and the addition of Emil F. "Moose" Meis as Chevrolet Manager.

Baker has been associated with this firm for many years as car and truck salesman and has made a host of friends and compiled an outstanding record in this business. We are proud to announce this deserved promotion for Marvin.

Meis, a 5-year World War II Veteran, comes to us from Motors Insurance Division of General Motors Corporation, having been stationed in Amarillo as Branch Manager of this Division the past two years. He has been connected with the automobile business the past 12 years, with time out for War service.

We believe you will like to do business with these men and that they will serve you well as an addition to our post-war organization.

Mrs. Brand Honored At Shower

A pink and blue shower honoring Mrs. Frankye Brand was given the past Saturday afternoon, July 31, in the home of Mrs. R. S. Hines, with Mrs. Woodrow Brown, Wilma Nell Smith and Delores Goldsmith acting as co-hostesses for the occasion.

Several games were enjoyed after which delicious refreshments of punch and cookies were served to the following: Mesdames John Gant, N. H. Goldsmith, Jim Young, Odum Smith, W. G. Goldsmith, M. E. Tipton, R. S. Hines, W. C. Harden, Woodrow Lovelace, Roy B. Ezell, Bessie Landrum, and Woodrow Brown.

Misses Wilma Nell Smith, Delores Goldsmith, and Rose Hines and the honoree, Mrs. Frankye Brand.

Sending regrets were Mesdames Kate Phillips, Felix Monroe, Ruby Stone, J. D. Thomas, Harry Whitley, E. E. Landrum, Geo. Magness, W. W. Hall, Willis Magness, Ruby Meeks, Janie Brand, and Miss Norma Jean Thomas.

Vacation Tour

Rev. and Mrs. Harvey Carrell and family departed the first of the week for points downstate, where they will visit with relatives and friends for the next several days. They plan to visit in Snyder, Abilene and Seminole before returning home.

Before leaving, Rev. Carrell announced that B. N. Graham, local layman, will occupy the pulpit at the Methodist church next Sunday morning.

Called To California

Mr. and Mrs. T. E. Levy and son, Keith, left here the latter part of last week for Pala, Calif., where they were called by the illness of their daughter, Mrs. Seth Rollins. Mr. and Mrs. Rollins recently visited relatives in this county and upon their return home, Mrs. Rollins was stricken with pneumonia. She apparently recovered from that illness, but was taken suddenly ill again and removed to a hospital the middle of last week.

Here From Earth

Rev. Bruce Giles, former pastor of the Baptist Church at Bovina, was here the latter part of last week from Earth, where he recently accepted the pastorate of the Baptist Church. Rev. Giles said he was well pleased with his new field and was looking forward to a great work there.

Home From Hospital

Mr. John Lockhart who has been ill in the Santa Fe Hospital in Albuquerque for the past week, returned to his home in Texico the first of this week much improved. Mr. Lockhart expects to return to the Albuquerque hospital in a few days to undergo a series of tests and medical examinations before returning to his job at the Santa Fe superintendents office in Clovis.

Landon Family Holds Reunion At Ruidoso

Mr. and Mrs. J. O. Landon of southwest of Texico, returned home the latter part of last week from the summer resort of Ruidoso, N. M., where they were in attendance at a reunion of all surviving members of the Landon family. They spent three days there, enjoying a family get-together for the first time in many years, some of whom they not seen in 26 years.

Following the reunion, they journeyed in a group to the Carlsbad Caverns for a trip through the caves.

Those attending the family get-together were: Mr. and Mrs. J. O. Landon, Texico; Mr. and Mrs. R. R. Landon, Los Angeles; Mr. and Mrs. T. L. Landon, Los Angeles; Mr. and Mrs. F. B. Landon, Duncan, Okla.; Mr. and Mrs. R. H. Landon, Tulsa, Okla.; Mrs. George Riley, a sister of Berkeley, Calif.; Mrs. Bell Landon, a sister-in-law of Long Beach, California.

DeMolay Chapter To Be Reinstated Aug. 13

The Plainview Chapter of DeMolay will be reinstated on August 13, and the Parmer County Chapter will confer the degrees at a supper to be held at 6:30 that afternoon.

All members of the DeMolay Chapter in Parmer County are urged to be present at that meeting. A special bus will be provided by Nelson C. Smith for all DeMolay boys' transportation. All interested parties should contact Mr. Smith at the earliest possible time for further information.

Returns Home

Miss Dorothy Cassidy, who for the past two weeks has been visiting with her sister and brother-in-law, Mr. and Mrs. Doyle Cummings, at Quitman, Ark., returned home Saturday afternoon. Miss Cassidy will return to her position at the E. N. Graham office this week.

Here From Arizona

Mrs. D. K. Roberts, former resident of this city, and now of Seba, Arizona, visited briefly in the home of Mr. and Mrs. B. N. Graham, Sunday afternoon. She was enroute to Lubbock to visit with her daughter and son-in-law, Mr. and Mrs. Kenneth Green, and to congratulate them on the birth of a new son.

Here From Missouri

Mrs. Rupert Paul and daughters, Nita Nell and Eva Ann, are here this week visiting with relatives and friends. The Paul family formerly lived west of Texico, and are now located on a farm near Carthage, Mo.

On Vacation

Mr. and Mrs. Joe Crume and family left here Tuesday for a two weeks vacation trip to the mountains of northern New Mexico, and may extend their trip into Colorado before returning home.

To Santa Fe

H. Y. Overstreet left here the first of the week for Santa Fe, N. M., here he will join his wife, who has been spending the summer there. Overstreet indicated that they will likely journey on to Yellowstone National Park for a vacation before returning home.

Miss Milkala Faville, young daughter of Mr. and Mrs. LeRoy Faville, returned home the latter part of the week from Tahoka, where she spent a few days visiting in the home of relatives.

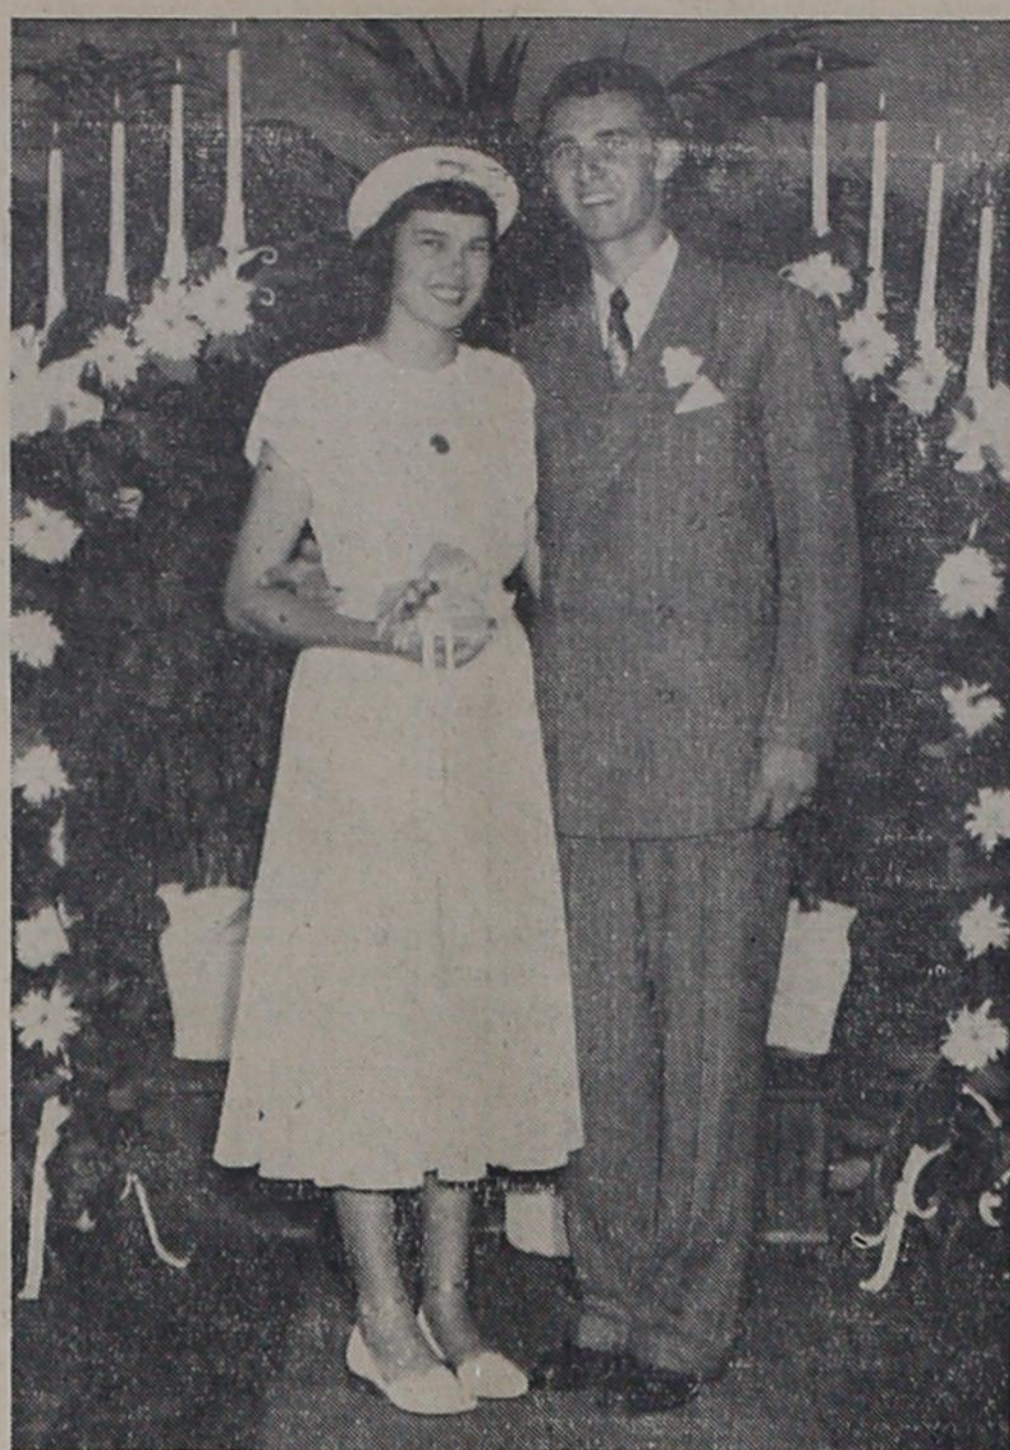

Photo WATKINS, Farwell

MR. AND MRS. BOB ALEXANDER

Mrs. Thornton Hostess To Wesley Bible Class

The Wesley Bible Class met in the home of Mrs. Roy Thornton, on Tuesday afternoon with sixteen present. Mrs. Jess Newton acted as hostess for the occasion.

Members present were: Mesdames Ralph Humble, Grace Sanders, Anne Overstreet, A. D. Smith, O. B. Pipkin, Albert Thomas, Roy B. Ezell, Alice Cleary, Lena Yoder, G. W. Atchley, and the hostesses, Mrs. Roy Thornton and Mrs. Jess Newton.

Visitors present were: Miss Rose May Cleary, Mrs. J. C. Temple, Miss Lara Temple, and Mrs. W. H. Graham.

Refreshments of ice cream, cake, and lemonade were enjoyed by all after the class meeting.

Mrs. Bess Henneman and son A. C., journeyed to Amarillo Sunday afternoon where they visited with relatives.

Houseguest in the home of Mr. and Mrs. B. N. Graham for the past several days was Mrs. C. R. Austin of Mankato, Minnesota. She returned to her home the past Thursday. The ladies are sister-in-laws.

Mr. and Mrs. Benton Graham left for Albuquerque, New Mexico, Monday morning where their daughter, Miss Sandra will have a cast removed from her leg she obtained following an operation a few weeks ago.

Mrs. Ralph Humble and Twila Mae Strickland returned home Wednesday night from Iowa Park, Texas where they have been visiting with Mrs. Humble's son and family, Mr. and Mrs. Hershel Price.

Miss Glenna Ruth Davis, daughter of Mr. and Mrs. Carl Davis, returned home Sunday from an extended visit with her Grandmother Davis in Portales, N. M.

Mr. and Mrs. Bobby Gene Alexander, who were united in marriage at the Church of Christ in Farwell, on Friday evening, July 23rd, are shown above. Mrs. Alexander is the former Miss Sybil Ham, daughter of Mr. and Mrs. R. V. Ham, and Mr. Alexander is the son of Mr. and Mrs. Hulan Alexander, of Clovis.

Dinner guests in the home of Mr. and Mrs. Ernest Carpenter at Clovis Sunday included Mr. and Mrs. Ben O. Smart and children, of Farwell, Mr. and Mrs. W. C. Watkins and Bill of Clovis, and Misses Peggy Williams and Hazel Dishman of Farwell. Mr. and Mrs. James R. Smart and Miss Winnie Mae Martin called during the afternoon.

Mrs. W. C. Harden of Crosbyton, Tex., is spending an extended vacation with her daughter and family, Mr. and Mrs. Bob Hines. Mrs. Hines has been on the sick list for the past week and was reported slightly improved the first of this week.

Visitors in the home of Mr. and Mrs. L. S. Pool, Sunday were Mr. Fool's sister, Miss Winnie Pool, and his mother, Mrs. W. S. Pool both of Portales, and a brother, Mr. Johnny Pool and family from Vaughn, New Mexico.

Mrs. Kater Crume and daughter Judy, Mrs. Lee Renner and son Dickie Lee of Friona spent the past Friday evening in the home of Mrs. W. H. Graham in Farwell.

Mr. and Mrs. Jim Cleve Dixon of Lubbock spent the weekend visiting in the home of his mother, Mrs. Ruby Dixon, and grandmother, Mrs. J. C. Temple in Farwell.

Mr. and Mrs. S. E. Magness from Edinberg, Tex., and Mr. and Mrs. Geo. Magness from Friona were Sunday afternoon visitors in the home of Mr. and Mrs. J. W. Magness in Farwell.

CPL. STOUT WITH THE EIGHT ARMY IN SENDIA, JAPAN

Corporal Charles M. Stout, son of Mrs. Effie Thatcher of Texico, New Mexico, is now serving with the Yamagata Military Government Team, located on Northern Honshu island.

Entering the Army on December 22, 1945, Corporal Stout received his basic training at Sheppard Field, Texas. He sailed for overseas duty in this theater on January 31, 1947 and upon arrival in Japan, he volunteered for duty with the 11th Airborne Division, serving with the 511 Airborne Signal Company, later transferred to his present unit.

Mr. and Mrs. Hazel Petree and family returned home Saturday from Uvalde, Texas, after spending the past several days visiting with relatives.

Clyde Magness underwent a nose operation last Tuesday, at a Clovis Hospital performed by Dr. Curry. He returned to his home Thursday and is reported to be doing nicely.

D. C. Haynes of Tucumcari, N. M. is visiting in the home of his grandmother, Mrs. Lula Haynes in Texico for the next several days.

Jerald McDaniel, who has been visiting in the E. E. Booth home for the past several weeks, returned to his home in Riverside, Calif., last Thursday.

Mr. and Mrs. Benton Graham were Sunday visitors in the home of Mr. and Mrs. William Thornton in Bovina.

Mr. and Mrs. Maurice Early from San Antonio, Tex., is visiting H. B. Baker and family. Mrs. Early is a sister of Mrs. Baker.

Mr. and Mrs. Jack White and son John, left Friday morning for Red River, N. M., where they will spend a few days vacationing.

Fred Curtis, son of Mr. and Mrs. Ray Mears, left Tuesday for the Army Air Corps. Curtis will be stationed at San Antonio, Tex.

Mrs. W. J. Wade had business in Farwell, Monday.

Mr. and Mrs. Pete Vestal moved to Sunray, Texas, the first of the week.

Mr. and Mrs. Harry J. Charles are vacationing in Colorado this week.

Davis King is in the Santa Fe hospital in Clovis for medical care.

VETERAN'S NEWS

The Veterans Administration has prohibited the expenditure of any government funds for veterans' training courses of a recreational or a vocational character after July 1, 1948.

The new VA policy is in compliance with the Independent Officer Appropriation Act for 1949 in which Congress directed that VA provide no further payments for courses of this type.

These include, generally, such courses as photography, dancing, gliding, personality development, entertainment courses, sports and

athletics, bar-tending, and certain music courses.

Training veterans to fly or related aviation courses will be paid for by VA only where the veteran establishes that the training is in connection with his present or contemplated business or occupation and can pass required medical examinations.

Veterans presently enrolled in courses of this type will be allowed to finish.

But no future enrollments will be authorized by VA unless veterans completely justify that such training is in connection with their present or contemplated business or occupation.

Courses of education in approved public or private elementary or secondary schools or institutions of higher learning are not affected by the new VA policy. Neither has there been any change in the status of recognized vocational training, institutional on-the-farm training or other training-on-the-job.

"The prohibition of the Appropriation Act of 1949 is in accord with and reemphasizes the underlying spirit and intent of the educational and training provisions of the Servicemen's Readjustment Act," a VA spokesman pointed out.

"Therefore, veterans should not seek to pursue courses for avocational or recreational purposes, but only courses which will contribute to the veterans' vocational or occupational advancement of educational objective."

Heat from an electric light bulb kept burning in the closet will often keep the air dry enough to prevent mildew on shoes and clothes. Frequent airing with an electric fan also helps.

MRS. WALKER JOINS STAFF

LUBBOCK.—Mrs. Margarette Wible Walker, newly appointed dean of women at Texas Technological college, arrived at the college this week for pre-school counseling on the social supervisory program to be instituted this fall.

Mrs. Walker will succeed Mrs. Johnnie Langford as dean of women in September.

AUTHORS OF RECENT BOOKS

AUSTIN.—Two University of Texas faculty members are authors of recently-published books. Earl M. Bowler, teacher trainer in the Bureau of Business and Extension Training has written "Counseling Employees," a book on industrial counseling. Dr. D.

K. Brace, chairman of the Physical and Health Education department, has revised a State Department of Education bulletin into a book, "Health and Physical Education for Junior and Senior High Schools."

High quality trees grow best in unpastured woods.

COLLEGE STATION.—Agricultural economists estimate that today there are some four hundred thousand and less beef cattle in the United States than on hand at the close of World War I in 1918. Dairy bulls are

included in the beef cattle total because the separate figures aren't available, says T. R. Timm, extension economist in farm management of Texas A. and M. College. But when total figures are used in this case, the real story is covered.

Although total beef numbers are lower between the two periods, cow numbers are up. There are nearly 50

Prized specimens of Southwestern Indian culture from the Museum of New Mexico are exhibited in the Santa Fe Indian village of Chicago's Railroad Fair, opening July 20. Arranging the display here are Bertha P. Dutton and Stanley A. Stubbs of the School of American Research, both from Santa Fe, New Mexico. Indian handicraft dating back to A. D. 400 as well as modern work are contained in the village's Arts & Crafts building.

thousand more cows of two years and over, and about four hundred thousand more heifers one to two years old. Calves and steers, in about equal numbers, account mainly for the general decrease. Estimates are made as of the first of the year, says Timm.

"Compared to World War I, we now have in supply fewer beef cattle but we can increase beef production quicker in view of a higher percentage of cows and heifers," Timm points out.

Right after the first World War, there were 400 head of cattle for every 1,000 persons in America. Today this picture is a little different.

At the present count there are only 284 head for the same number of people. Even the number of beef cows and heifers, when related to population, lost ground instead of gaining, as did the total number of cows and heifers.

Another interesting fact about the beef cattle trends, says Timm, is that the number of pounds of beef hasn't gone down as much as the cattle numbers. All in all, it looks as if the cowmen have a pretty good outlook "price-wise".

Calcium and riboflavin are the two nutrients most often left out in American diets.

Permanent Burial To Be Made August 4th

According to a letter received the first of the week from Mrs. E. J. Reiser, the body of her son, Lloyd David Reiser will arrive at the M. W. Lemmons Funeral Home in Plainview on Tuesday, Aug. 3rd, at 11 o'clock a. m., and burial will be made on Wednesday, Aug. 4th, in the Plainview Cemetery.

Sgt. Reiser entered the Army Air Force on December 28, 1941, and had served two years and four months and eighteen days before he met his death on May 14, 1944. He lost his life when three C-47 transport planes, one of which he was crewman, collided in midair while flying in formation. Thirteen other men were killed in the same accident.

22 Parmer County Boys Attend 4H Encampment

County Agent Ollie Liner announced the first of the week that a group of twenty-two Parmer County 4-H Club boys have made arrangements to attend the 4-H encampment to be held at Lubbock, beginning on Monday, August 9th, and continuing through Wednesday, August 11th.

A well rounded-out program has been planned for the boys with the schedule calling for swimming, base ball games, rifle range, movies and various other games. This is an annual affair, however, this is the first time that most of the boys have been able to make the trip.

The group of boys with their sponsors will leave the Courthouse here on Monday morning at 8 o'clock a. m., and will return here at 5 o'clock the following Wednesday.

The following boys were selected to go on achievements made in their 4-H Club work: Donald Barren, Jessie Coburn, Jerry Gleason, Clyde Hay, Glenn Hromas, Billie Johnson, Tommie Johnson, Marvin Massey, Wayne Massey, Ross Miller, Ronnie Dial, Charles Phillips, Darrell Norton, Darrell Robinson, D. O. Robason, Jimmie Norton, Ray Strickland, Jimmie Robason, Glendon Suddereth, Bilhe John Thorn, James Tidenerg, and J. B. Suddereth.

The sponsors include Levi Johnson Rouel Barren, and County Agent Ollie Liner.

Rogers To Conference in Portales

B. A. Rogers, superintendent of the Texico schools, attended the annual Teachers Conference held in Portales Monday, Tuesday and Wednesday of this week.

Guest speakers at the conference included State Superintendent Charley Rose, and J. R. Mullins, Executive Secretary of the N. M. E. A. office in Santa Fe. Several other educational representatives from Santa Fe were present. The conference is comprised of superintendents, teachers, and administrators of New Mexico.

"SAGE OF SARAWAK'S WHITE RAJAS."***The exciting adventures of James Brooke, the world's first white rajah—and his descendent's equally adventurous careers in love and marriage. Don't miss this colorful story in THE AMERICAN WEEKLY, that great magazine distributed with next Sunday's Los Angeles Examiner.

A recent analysis of U. S. Navy Personnel figures shows that over 45 percent of the present Regular Navy officers are former enlisted men.

Volunteers Might Make Drafting Unnecessary

WASHINGTON—Lieutenant General Willard S. Paul, Army personnel and administration chief, said today that an increase in volunteers might make it unnecessary to draft men in the Army.

Paul disclosed that 18,085 men volunteered for the Army and Air Force in the first two weeks of July. Of these, the Army got 12,898 and the Air Force 5187.

There were about 32,000 volunteers in June.

The Army personnel chief also revealed that a total of 759 18-year-olds volunteered for one year's service in the first three days that such enlistments were taken, starting July 21.

Obviously pleased at the success of the Army's campaign for volunteers, Paul said that the recruiting effort will be continued.

He added: "If we get enough volunteers we won't have to draft anybody."

Pay Boost For Curry Teachers

Supt. B. A. Rogers of the Texico Schools, Monday announced that he had received word that teachers working in Curry County had been granted a substantial raise of \$300.

Revival Meeting At Bovina This Week

District Superintendent D. E. Landreth of the Amarillo district, is conducting a series of revival services at the Bovina Methodist Church this week.

Rev. J. B. Baker, pastor, announced today that services were being conducted twice daily, at 10 a. m. and 8:30 p. m., with the concluding service scheduled for Sunday night. Mrs. Berford Caldwell and W. E. Williams are directing the song services.

An invitation has been extended to the public to attend.

SELLS FARM

Mr. and Mrs. Geo. Magness, who have been making their home on one of their farms near Friona the past few months, have sold this place and announced they would return to Farwell in the near future.

Teachers Complete ENMC Course

Two Texico teachers, Mrs. B. A. Rogers and Mrs. Regina Neil; and Mrs. L. S. Pool, Farwell school teacher, have completed summer studies at Eastern New Mexico College in Portales. Mrs. Neil expects to receive her degree this year.

BUSINESS CHANGES HANDS

The Beatty Grocery and Service Station in Texico changed hands on Tuesday of this week when the concern was sold to T. E. Roth, who comes here from Steigler, Okla. The Roth family are at present quartered in the apartment at the rear of the place of business.

Mr. Beatty said that he had no definite plans in view, except that the family would likely move to Clovis or Albuquerque.

TO WEST COAST

Mansel Cranfill and Mark Level left here Tuesday for points of interest to the vacationist along the West Coast. They went from here to northern California, and will probably visit Catalina Island before returning home. They plan to be gone two weeks.

Your social security card is the key to Government insurance payment after you are 65 and retired, or for your family when you die. Be sure to take care of it, and show the card to your employer at every place that you work.

Just for fun, check up on the next bushel of wheat you buy. There are 556,000 seeds in a bushel.
