

EDUCATION IS A FAMILY AFFAIR . . . On the theory that knowledge is power, the Aloys Daack family of State Center, Iowa, shifted into high gear and went off to college together. Mother, Dad and 17-year-old Jim Daack enrolled in a body at Carthage college, Carthage, Ill., for a family fling at higher education. Mother and son are freshmen, and the father, a navy veteran, is a junior. Moved by an ambition to become a doctor, Aloys is taking a pre-medical course. Here, the trio is waiting for their German class to begin.

Grain Movement In Usual Bottleneck

Democrats Balk On Brass Collar Deal

If all the democratic executive committees of Texas feel the way the Farmer County Committee feels about it, they are not going to let the State Democratic Executive Committee slap the brass collars about their necks.

On the contrary, the attitude of the committeemen who have been contacted in this county would lead the belief that the local boys are about ready to tell the State Executive Committee where it can go.

That is the impression gained by a Tribune reporter, who made a little investigation this week, when it was learned locally that the members of the County Executive Committee had been asked to sign a pledge to support the Democratic nominees from the top of the ticket down to the bottom, or resign their positions as members of the committee.

G. D. Anderson, County Democratic chairman, when interviewed on Tuesday, said that he had not talked to other members of the committee, but those whom he had contacted readily balked at the proposition.

Speaking for himself, Anderson said, "I never did vote anything but the Democratic ticket. There have been times when I simply could not swallow the nominee . . . and I just didn't vote. But to be told that I must vote for anybody is a little more than I can swallow, myself."

Chas. E. Crume, Farwell precinct committeeman, put it this way, "I don't like Truman, but as a matter of principle, I had intended to vote the Democratic ticket. Right now I am not so sure but what I'll vote for Jack Porter."

Clyde Perkins, chairman of the Oklahoma Lane precinct, felt that he had always "been pretty easy to be led, but I never did like to be pushed around." And Henry Reynolds, of the Bovina precinct, is quoted as saying that he "never did intend to vote for Henry Wallace, but I don't want anybody telling me I can't vote for him."

Other members of the County Committee had not been approached on the subject this week, but it was Chairman Anderson's opinion that the majority of members would decline to sign the pledge of loyalty to the Democratic cause.

"I think we'll just retup the pledge unsigned and see what happens," Anderson added.

Big Game Hunters Off To Colorado Hills

Quite a number of Farmer nimrod took off last week for the mountains of Colorado, in search of deer and elk. The season opened Friday.

The largest group of hunters went from the Lazbuddy section, with Garvin Thorn, Billy John Thorn, Douglas Gosner, Roy White, N. C. White and Gene White making up a party which headed for the Deloris country.

Mr. and Mrs. Reagan Looney are located near Craig, on the western slope.

Clarence Jones, Jerry Jones, Charley Ross and Chas. Ross, Jr., all of Bovina, are reported to be already home with their quota of fresh meat.

Another successful party, from Farwell, included Lester Norton, Bowden Darr and Jess Hicks, who returned the first of the week. Norton and Darr each bagged an elk.

Polishman Plans To Build For Future

Leo Potishman, president of the Transit Grain Co. of Fort Worth, owners of three grain elevators in Farmer County, was here the latter part of last week attending business matters.

Asked about his plans to increase the capacity of the local elevator, Potishman said that he was holding up all operations until he could get suitable materials for a desirable job. Potishman emphasized that he was not interested in erecting temporary structures. "When we build, we want to build for the future," he added.

The Parmerton and Progress locations are now ready to receive grain, "when we have cars to move it out in," Potishman said.

The U. S. Navy has been authorized by recent Legislation to enroll not over 6,500 women in its regular service in the next two years.

Steers Leave Town For Tahoka Game

PFC. EVERETT LOUIS GEE

Permanent Burial Held Today For Pfc. Gee

Permanent burial will be made in the Bovina cemetery today (Wednesday) for Pfc. Everett Louis Gee, whose body was returned to the Steed Mortuary in Clovis the past Tuesday. Military rites will be held at the graveside.

Gee entered the United States Marine Corps May 24, 1943, at San Diego, and was sent overseas on April 18, 1944. He lost his life in action against the Japanese on the Peliliu Island, in the Palau group, on September 28, 1944.

Immediate survivors include his wife and a daughter, Donna La Verne, of Bovina; three brothers, Cleo Gee of Perryton, Harrison Gee and Leonard Gee of Bovina; one sister, Mrs. Evelyn Jasper of Friona; and his mother, Mrs. Fern Barber of Dalhart.

Land Owners Offer Counter Proposal In Right Of Way

Some 40 land owners of Farmer County met with their attorneys at Bovina last Wednesday night and took under consideration the offer of the Southwestern Public Service Company for right of way easements across their lands to be used in erecting high tension transmission electric lines.

The Public Service Company made an offer, which was based on the actual number of poles to be placed, the type of poles to be used, and the type of land involved.

The land owners countered with an offer to grant right of way privileges on the basis of the Urbanczyk condemnation suit in Deaf Smith County, which granted the plaintiff \$375. per acre for land actually taken for right of way purposes.

TO SHOW FILM

Odis Huggins, secretary of the Texico-Farwell Fire Department, said today that the film, "Texas City Comes Back," would be shown at the regular weekly meeting of the fireboys tonight (Wednesday), and extended an invitation to the general public to attend.

The film will be shown at the Texico City Hall and there will be no admission charges. Huggins said that he was making an effort to hold the film over for the regular meeting of the Mens Club, on October 28, but at this time he was not certain the film could be retained.

TAKES PHYSICAL EXAM

Donald Watkins went to Lubbock last Wednesday, being called by the Selective Service to take his pre-induction physical examination. Watkins said there were 12 boys from the five-county area to appear at Lubbock, but so far as he knew he was the only registrant from Farmer County.

The draft office is located in Hereford, and handles registrants from Farmer, Castro, Deaf Smith, Swisher and Randall counties.

Playing their first out-of-town game in some weeks, the Farwell Steers journey to Tahoka on Friday night of this week to continue the 1948 grid season, Coach Louis Purvis reported today.

Although several injuries were sustained by the local squad the past weekend when the Steers were tossed out of the winning column by the Vega Longhorns, indications the first of the week were that the regular starters would be in operation against Tahoka.

Terry, halfback, received a sprained ankle last week but Coach Purvis said Monday that he was hopeful the fleet back would be in action again Friday.

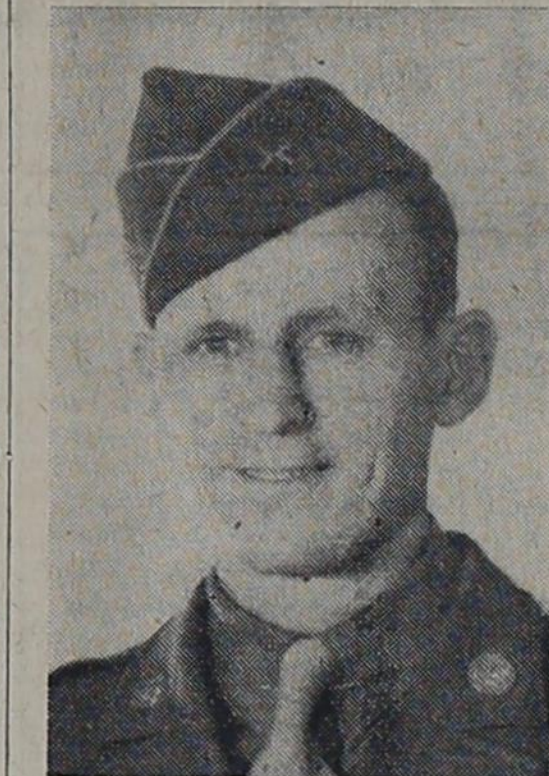

During the year, Tahoka has won only one of five games played, with two of the losses being in conference matches. Tahoka is in class 3-A, and has met Post, Slaton and Rall during the season, among others.

As has been customary most of the year, the Steers will be outweighed when they meet Tahoka. The local eleven shows a weight average of 137 pounds per man, while the opposition, as listed this week, will average a little over 152 pounds per man.

Starting for the Steers will be Thomas, Booth, Pool and Terry in the backfield; Holland and Ford at the end positions; Hughes and H. Gerie at tackle; Dollar and London at guard and Henneman at center.

McNealy and Carter will be the Tahoka end-men; Crowell and B. McNealy are listed as tackles; White and Tibbit are the guards; and Stephens will center the ball. The backfield includes Carter, quarterback; Chandler, fullback; and Small and Farr, halfbacks.

Game time will be 8 p. m.

SGT. OWEN DRAKE, son of Mr. and Mrs. A. O. Drake, of Friona, whose body has been returned to the States for permanent burial.

Drake met his death in the invasion of Normandy, near St. Lo, France on July 30, 1944, having been in uniform since November, 1943.

Mrs. Drake stated this week that the remains would be shipped to Fort Worth, from where burial arrangements will be made with the family. Plans are to have services in Friona, with interment in that cemetery.

Former Pastor Now Serving Overseas

Word has been received here that Rev. E. M. Treadwell, former pastor of the Texico-Farwell Baptist Church is now in Pernambuco, Brazil.

Rev. and Mrs. Treadwell, both of whom volunteered for missionary work, were accepted some months ago and forwarded to begin training for their new work.

Their current address is Caixa 178, Recife, Pernambuco, Brazil, according to a current issue of "The Commission", Baptist information publication on missionary assignments.

TO ATTEND FAIR

Mr. and Mrs. Oris Branscum and children plan to go to Dallas this weekend, where they will attend the Texas State Fair for a few days.

Overcast skies, a gentle shower of rain, with forecast from the Weatherman that showers would probably continue throughout the day combined to bring smiles to local residents as The Tribune was preparing to go to press Wednesday morning. The rain will be especially beneficial to the wheat, but will retard feed crop harvest.

Movement of the fall grain crop from the farms to the market centers, has run into the usual bottleneck, with practically all storage space filled to the brims and the usual lack of railcars to move the grain.

At noon Tuesday, the Roberts Seed Company was the only local firm having storage available to the growers of the area. The Hendersons Seed & Grain Company, which boasts of an abundance of storage in flat warehouses, stated that they were "in a bottleneck" and it would likely be the latter part of the week before they would be able to accept any more grain for storage. Ray Ford, at the Farwell Elevator, merely said that he would be "out of storage before you get the paper cut."

Similar reports have been received here from Lariat and Bovina.

Local grain men were blaming the lack of railcars as the principal cause of the congestion, and one buyer added, "We are getting plenty tired of it." He went on to say that all grain dealers were content to "string along" with the railroads during the war—"but the war's been over five years and we still don't have any cars". He said that his firm could use ten cars "right now", adding that they had received only two cars this week.

Practically all harvesting operations have been held up over the area this fall, waiting for the grain to dry out sufficiently to be acceptable for storage. Grain buyers have insisted this year that the grain show a moisture content of not more than 12%, as compared to 16% to 18% in previous years, the reason being that most storage this year will be in flat warehouses, where there is no way of keeping the grain worked to avoid heating.

While farmers were waiting for the grain to dry sufficiently, killing freezes and frosts have hit this section, causing some fields to fall down and complicating combine operations. Despite the unusually damaging hot weather that hit this section in mid-August, practically all growers are reporting a very satisfactory yield. Fields that were considered worth cutting are turning out upwards of 1,000 pounds to the acre. The better fields, estimated to yield as much as 1000 pounds, are producing 1400 pounds and more.

While the fall season has been exceptionally good for harvesting operations, farmers say that wheat fields are needing rain.

SCS Supervisors Will Be Elected, Nov. 3

Notice of an election to be held in the Lazbuddy community on November 3 was made today by County Agent Ollie Liner, who said that at that time a supervisor of Subdivision 5 of the Farmer County Soil Conservation District would be named.

Under the SCS set-up, the county is divided into five subdivisions, each of which had a supervisor, Liner explained. Each year one election is held, to name a new supervisor, or re-elect the former, and in this instance, the Lazbuddy community, as Subdivision 5, is first on the list. The retiring supervisor is D. L. Morrison.

The election will be held convention style, at 2:30 p. m., in the Lazbuddy school, and all individuals holding title to farm or ranch land lying within the subdivision limits are eligible to participate.

HOME FROM MISSOURI

Mr. and Mrs. E. F. Lokey returned home the first of the week from Lexington, Mo., where they visited their son, Ernest, who is a student at Wentworth Military Academy. O. L. Thompson, of Clovis, also was there last week for the observance of Dad's Day at the school, where his son is a second-year student.

ATTEND MEETING

Representatives of the Texico school were in Clovis the past Thursday night, attending a four-county gathering of faculty members at which time the results of a two-year survey on school conditions in New Mexico were discussed.

FROM THE HOPPER

By HOP

As the time draws near, quite a number of people are wondering how to vote on the eight proposed amendments to the State Constitution. I have been giving these amendments some thought, and, while I would not want to be placed in the position of dictating anybody's vote, it appears to me that all of the proposed amendments should be adopted with the possible exception of the eighth, which is the last one appearing on the official ballot. This amendment would provide for the retirement and compensation of judges and commissioners of the appellate courts and judges of the district and criminal district courts. Our opposition to this measure is simply this: More than eighty percent of the Texas legislators are lawyers, most of whom likely have their eyes on a judgeship some day in the future. It would be mighty nice for them to know that they had a retirement fund awaiting them, which they made provisions for as members of the legislature.

We all agree that Odis Huggins is the most spectacular player on the Farwell squad. All players just stand in their tracks and let Odis run the full length of the field at every game.

Died in the wool Democrats are having a good deal to say about the fight that is being made against Lyndon Johnson in his attempt to be elected U. S. Senator from Texas. Johnson claims he is the nominee by a majority of 87 votes, but he is unwilling to consent to a recount of the votes in four counties in south Texas, where every indication points to a steal of several hundred ballots. Johnson made the race, subject to the will of a majority of the Democratic voters, and nobody believes that Johnson got a majority of the votes; therefore, he is not entitled to the nomination. If Johnson goes to the Senate in the November election, he will go there clothed in a tainted garb, and there is little likelihood that he would be seated. The only way for Texas to have unquestionable representation in the U. S. Senate is to send Jack Porter to Washington to work with our worthy statesman, Tom Connally.

TO ATTEND MEETING

County Agent Ollie Liner reported today that he would be out of town on Thursday, Friday and Saturday, attending a tri-district meeting of Extension workers in Big Spring. Mrs. Bert Williams, secretary, will be in the local office.

White Sparrow Reported Seen

A rather unusual freak of nature was reported the first of the week by E. E. Booth, who said that a white sparrow had been seen on several occasions about his place during the past few weeks.

Booth said that the bird associated with other sparrows and had the same kind of a chirp as his (or her) associates. The unusual bird was reported by Booth to be "as white all over as a Leghorn chicken".

Since the plumage was all white, he was not able to tell whether it was a hen or a rooster.

Aldridge Named As Farmer Chairman

Sam Aldridge, county attorney, has been named Farmer County chairman of the Texas Committee for Redistricting, according to an announcement by state chairman John Ben Sheppard.

Sheppard, Sedewater attorney and former national president of the United States Junior Chamber of Commerce, heads the non-political committee organized to insure fair representation in the Texas Legislature for all counties through regular redistricting.

"Texas has not been redistricted in 27 years," Sheppard pointed out in announcing the local appointment. "The state constitution, however, directs that it shall be done every ten years by the Legislature, based on each new Federal census."

Failure of the legislature to redistrict following the 1930 and 40 census has resulted in many counties with increased population being denied fair representation. To correct this situation, the Texas Committee for Redistricting is enlisting popular support for passage of Amendment Two on the general election ballot, November 2nd.

Amendment Two provides for a board of five to redistrict the state after every Federal census, should the legislature fail to do so. This will protect the right of each county to representation, according to population, Sheppard declared.

If Amendment Two is approved, Farmer County, with an estimated increase of 3,301 in population since the state was last redistricted, will be among those counties to benefit from increased representation in the legislature according to Sheppard.

Cattle Being Moved Here From Dry Spots

Several hundred head of cattle from the drouth-stricken sections of the southwest have been moved into Farmer County during the past two weeks. Most of the herds are coming from the Springer country, in New Mexico, and from below the caprock in West Texas.

All cattle are being placed on stalk fields at the present, with the hope that sufficient rains will be forthcoming soon to insure pasturage on wheat fields of the county. Most of the shipments received in the county have been unloaded at Bovina.

Heady Farm Sale Is Set For Nov. 9th

M. E. Heady, who lives six miles west of Lazbuddy, has booked a general farm clean-up sale with Dasher & Francis of this city, to be held on Tuesday, Nov. 9, starting in the forenoon.

A large collection of farm tools and an even larger assortment of blacksmithing tools are listed as the principal items to be sold at auction. The sale bills will be in circulation the latter part of the week.

"FOREVER AMBER" COMES HERE, REGULAR PRICES

Scotty Levins, of the Border Theatre, today called attention to the outstanding picture, "Forever Amber", to be shown at the local theatre on Thursday and Friday of this week.

The film is being returned here by special request, Levins said, and will be shown with the regular admission prices prevailing.

Health Notes
By Texas Department of Health

AUSTIN.—In an effort to familiarize every person in Texas with the services offered by the crippled Children's Division of the State Health Department, Dr. Geo. W. Cox, State Health Officer has released the following statement:

Every crippled child in Texas, under 21 years of age, and of normal mentality whose parents are unable to pay for needed care, is entitled to assistance from this Division.

Crippling conditions which may be treated are infantile paralysis, osteomyelitis, club feet, harelip and cleft palate, burns, curvature of the spine, arthritis, bow legs, rickets, tuberculosis of the bone, flat feet, congenitally dislocated hip, muscular dystrophy, supernumerary fingers and toes, wry neck, elephantiasis, spina bifida, brachial palsy, Pott's Disease, congenital anomalies, spondylolisthesis, amputation, webb fingers, epiphitis, and sarcoma.

Assistance may be obtained by applying to the Crippled Children's Division, Texas State Department of Health, Austin, or by placing an application through an established city or county health unit.

Full information about local groups and organizations throughout

RAIL PRETTY—Miss Kathleen Duffy, 21, "Miss North Western," was selected queen of the Chicago Railroad Fair in competition with beautiful entrants representing other railroads.

the state who are anxious to assist crippled children to establish their eligibility and receive proper care, may be had by writing for a pamphlet, "Handbook on Agencies." Address Crippled Children's Division, State Department of Health, Austin, 2 Texas.

Currents Singe Phone Operator's Watches

ALICE.—A "shocking" situation was revealed here last week. Telephone operators at the local office received slight shock when they attempted to plug in their connections. This was attributed to the hot, humid weather. The only serious affect was on the girl's wrist watches, which refused to run as the result of the electric currents passing through them.

TEAMS REPRESENT TECH AT LIVESTOCK SHOW

LUBBOCK—Two teams from the animal husbandry department at Texas Technological college are representing the college at the American Royal Livestock Show, at Kansas City, and will participate in collegiate judging.

Members of the meat judging team include Woodrow Allen of Lubbock, Robert Mendenhall of Wichita Falls,

Curtis Kemp of Lubbock and Glenn Quattlebaum of Amarillo. Stanley E. Anderson, associate professor of animal husbandry and coach of the team, is accompanying them.

Livestock judging team members are Robert D. Cox of Lubbock, Clinton Ritter of Lawn, Edd C. McLeroy of Brownfield, W. D. Hancock of Jayton, and Robert Mims of San Angelo. Prof. Ray C. Mowery, assistant head of the animal husbandry department, is with them.

Here it is! A long look ahead!
The modern design for '49
new Hudson

Come in and see the new Hudson—the lowest-built car on the highway, with beauty, riding qualities, comfort and safety only possible because of a new "step-down" design, offered by no other automobile!

Only once in a blue moon does a car step so far ahead that it is a protected investment in motor-car value! You are invited to see just such a car—the New Hudson with "The modern design for '49"—and for years to come!

Here is truly streamlined beauty—a stunning combination of free-flowing, low-built lines that develop naturally out of a recessed floor which is the key to a basically new and exclusive design principle. The New Hudson is the only car you step down into.

The development of a "step-down" zone in an exclusive, all steel Monobilt body-and-frame* permits Hudson to build the lowest car on the highway—only five feet from ground to top—while maintaining more interior head room than in any mass-produced car built today!

But streamlined beauty isn't the whole story of Hudson's modern design.

Hudson has a hug-the-road way of going on every conceivable kind of highway. The way in which this car takes even the sharpest curves makes it a "stand-out" for roadability in any year!

These remarkable riding qualities are largely due to the fact that the New Hudson provides the lowest center of gravity in any American stock car—yet road clearance is ample! It is a widely recognized fact that the lower to the ground a car can be built, the more stability it will have and the safer it will be.

Such a delightful conformity to the road, coupled with the protection of riding encircled by a sturdy box-section steel frame, gives to everyone who rides in a New Hudson a grand feeling of safe well-being! This feeling is further enhanced by the ease with which this car is operated, and by the restful quiet with which Hudson glides along—thanks to the superb sound control engineered into this advanced automobile.

See "The modern design for '49" today! Come in and let us show you the many advantages of Hudson's fabulous "step-down" design principle.

HUDSON FLOORS are recessed down within the frame (as shown above), full-height seats are lowered, so you get ample head room in this car with the new, lower center of gravity.

YOU RIDE down within a base frame (as shown above), and rear seats are positioned ahead of the rear wheels so that full body width becomes available for wonderfully roomy seats. Box-section steel girders completely encircle and protect the passenger compartment.

TRY AUTOMATIC gear shifting in forward speeds as provided by Hudson's Drive-Master transmission—by far the easiest of all ways to drive. You can accelerate as long and as fast as you like in pickup gear, then lift your toe momentarily, and you're in high. The shift into high comes only when you are ready! Button control on the instrument panel provides instant change to conventional driving if ever desired. Drive-Master transmission is optional on all New Hudsons at small extra cost.

*Trade-mark and patents pending.

The only car you step down into **NEW Hudson**

HARDAGE HUDSON COMPANY

FARWELL, TEXAS

Sheep Production Lowest In 75 Years

COLLEGE STATION.—The lamb situation looks a little different for the coming year. During recent years, and especially since the war, sheep raisers have

been sending a bigger share of the lamb crop to the slaughter houses than they used to. At the same time they have kept back a smaller number for breeding purposes—to use in flock replacements.

C. H. Bates, extension farm management specialist of Texas A. and M. College, says that with the prospec-

tive winter wheat acreages high and with a good supply of moisture in the sheep raising areas, lambs will be in pretty strong demand to put on the wheat pastures. And most ranchmen expect to hold back more ewe lambs than usual this coming year.

A relatively higher price for both mutton lambs and wool than was received a year ago along with lower feed costs point toward a big in-

crease in the last quarter of a century. Farmers and ranchmen have averaged about the same amount of wool per fleece as usual, but they just didn't have as many sheep to shear. Sheep numbers can only increase if more lambs are kept for stock purposes. With the high prices of meat, farmers and ranchmen have sent more of their lambs to market than in past years, and have kept fewer for breeding stock.

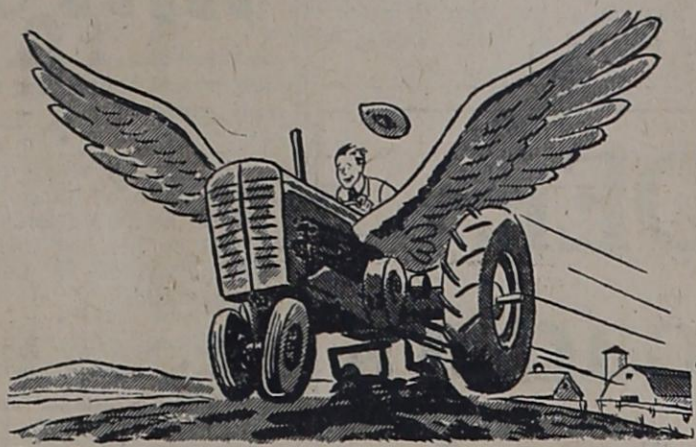

Lamb prices have tended to go up right along with other meat prices, say the economists, but the sheep busi-

ness depends on the profits from both wool and lambs. And the rise in wool prices has not been as much as the meat price rise during the past several years.

This is why the sheep raisers have kept so few lambs for flock replacements, says Bates, and sheep num-

bers are now the lowest in 75 years of record.

Serve all salads very cold, and garnish with crisp, fresh lettuce or shredded cabbage, tomato wedges, slices of quarters of hard-cooked eggs.

Feels Like It Has Wings!

Your farm machinery will work better, with fewer breakdowns when you let us keep it in top repair for you.

We spot the trouble spots that cause breakdowns, and repair or replace them before they have a chance to cause you a serious delay.

Come in today and make arrangements for that tractor or truck overhaul, and get our estimate on the costs.

Teachers Meeting Will Be Held, Albuquerque

The annual meeting of the New Mexico Education Association will begin in Albuquerque next Wednesday night, October 27th, Supt. B. A. Rogers, of Texico, reported today, with the final sessions to be held on Friday night. Supt. Rogers stated that he planned to attend the meeting, but added that scarcity of rooms in the convention city had discouraged most of the local teachers.

Due to this fact, classes at the school will not be dismissed, and regular work will go on at the school.

School Bus Barn Nears Completion, Farwell

A new bus barn which will house eight vehicles is nearing completion at the Farwell school, Supt. Jack Williams said today, adding that the building should be finished by next week.

The ag department as moved some weeks ago from its former quarters into rooms in the new barn, but classes were held in the school building proper this week, due both to the weather and activity of plasterers.

Doors are on hand to be hung, and the heating set-up is expected to be completed this week. The new building, 60x100, is located on the southeast corner of the school campus.

While Ford Motor Company expects to make more than a million cars and trucks in 1948, the backlog of orders still totals about 2 million.

4000 Acres of Land Going at Auction

Two thousand prospective buyers representing 20 states will gather next Thursday, Friday and Saturday October 21 to 23, near Tulia, to bid on the 4,000 acre I. C. Little farms in Castro and Swisher Counties. Chief auctioneer will be Col. A. W. Thompson, Ft. Worth, who will be assisted by Mason King of the Amarillo Globe-News.

The rich irrigated land has been divided into 160 acre units. Two thousand acres are in growing wheat and 180 acres have alfalfa in production. In addition to the land, complete machinery-including eight tractors, four truck balers and similar equipment—will be sold. Three large modern houses and one semi-modern house are included in the sale.

Sale will begin at 2 o'clock October 21 and will continue at 2 o'clock each afternoon until everything is sold. A barbecue prepared by Chas. C. Lawe, Amarillo, will be served at one o'clock each sale day. Rip Ramsey and his Western Ramblers will furnish entertainment.

I. C. Little, owner of the farms, has large ranch interests at Childress and is selling his Castro and Swisher Co. farms to further develop his 43,000 acre ranch properties. Mr. Little is a pipeline contractor who during the

war helped build the "Little Inch" and the "Big Inch" pipelines.

Many prospective buyers will attend the sale by plane, as landing facilities are available near the head-quarter site where the auction will be held. The sale is estimated to bring over \$500,000 in sales.

Carrington to Speak At WTCC Meeting

ABILENE—Paul Carrington, Dallas attorney and former president of the Texas Association of Commerce, will be the principal speaker at the luncheon of the West Texas Cham-

ber of Commerce annual meeting, here, November 8.

Carrington will discuss revision of the Texas constitution, a project under study of the TAC, which is a federation of the three regional chambers in Texas.

The West Texas chamber represents 132 counties of West Texas and this year will present a continuation of its work program to the annual directors' meeting, according to General Manager D. A. Bandeen.

Principal item on the agenda is a continuation of the fight to protect water interests of West Texas, he said.

1 1/2 Billion Dollar Road Block!

RAILROADS MUST OPERATE around the clock every day and night of the year.

Although they know this, leaders of 16 railroad unions are demanding a five-day, Monday through Friday, week for one million railroad employees.

They want 48 hours pay for 40 hours work — in itself a 20% wage increase.

They also demand a minimum of 12 hours pay for any work performed on Saturdays, and 16 hours pay for any work performed on Sundays and holidays.

On top of all this they want an additional increase of 25c an hour for every employe!

You'd Pay the Bill!

Summing up these demands, they mean that these union leaders seek to force the railroads to give one million employes an annual raise which would average \$1500 per employe!

The total cost of this would be no less than 1 1/2 billion dollars per year, which is more than twice the expected net income of the railroads this year.

You'd pay the bill, because if these increased costs are forced on the railroads,

they must have still further rate and fare increases.

Demands Unreasonable

These employes have had substantial raises during and since the war. Their average weekly earnings are higher than the average weekly earnings of workers in manufacturing industries. They have more job security than the average worker in American industry. They also enjoy paid vacations, a retirement system and other advantages more generous than the average worker receives.

In contrast with the demands of these 16 unions, which add up to the equivalent of 48c an hour, the Conductors and Trainmen recently settled their wage request for an increase of 10c an hour.

Railroads Run for Everybody—Not Employes Alone

The railroad industry must serve not one but many groups—producers, businessmen, shippers, passengers and the general public—night and day, every day of the year. These unions are proceeding in utter disregard of this important difference between railroads and other industries. Industrial plants can be shut down over weekends and holidays, but freight, mail, express and passengers must continue to move. *Everybody who enters railroad employment knows this.*

Strike Threat

On September 18, 1948, the leaders of these 16 unions began taking a strike vote. But the threat of a strike will not alter the opposition of the railroads to such unreasonable demands!

Prof. McMillian Speaks At Farwell PTA Meet

Professor McMillian, head of journalism at Wayland College in Plainview, was guest speaker at the Farwell Parent Teacher meeting last Thursday evening, in the absence of President Bill Marshall, who was unable to make his appearance.

The meeting was held in the home economics department of the high school, with the men in charge of the program.

Supt. Jack Williams acted as spokesman, introducing the members and the guest speaker. Vocal numbers were presented by Myron Hillcock, Walter Hardage and James McDormand, accompanied by Mrs. Shelby Jobs at the piano.

McMillian chose "Christian Education, Learning and Religion" as his subject, stating that Christianity and religion could not be separated. Using Japan as an example, he said that former President Grant had advised Japan to build a strong Christian education system, "but not heeding, corruption was the result."

No greater character can be built than to combine knowledge and Christianity, the speaker said, and quoted Acts 4-13, "the fear of God is the beginning of wisdom." He admonished his hearers not to misuse the passage "They perceived that they were ignorant and unlearned and marveled."

In closing, he illustrated points of lost opportunity, and went on to say that the condition of the world today was caused "by its people missing the bus". McMillian gave several interesting points concerning the activities of Wayland College.

During the business meeting, presided over by Mrs. Ethel Thomas, president, it was decided that the PTA would sponsor a booth at the Hallowe'en carnival on October 29, with pie and coffee to be sold. Appointed to take charge were Mrs. Lovd Cain, chairman; Mrs. Lee Jones, Mrs. Cecil Atchley, Mrs. Robert Rundell and Mrs. Alpha Doshier.

"Father's Night" proved a great success, with refreshments of coffee and doughnuts being served by S. O. Billington and O. B. Pipkin in the school cafeteria.

The sixth grade won the picture again this month for having the most parents in attendance, with the first grade in second place.

Missionary Program Enjoyed by Ladies

Mrs. B. N. Graham was in charge of a program on missionary work in Alaska, the past Wednesday, when the regular meeting of the WSCS was held in the Methodist Church.

Mrs. Albert Thomas, Mrs. G. W. Atchley and Mrs. A. D. Smith assisted Mrs. Graham in presenting an extremely interesting study.

During the business session, the ladies made plans for the annual Week of Prayer program, to be held next Wednesday, October 27th, and laid plans for their winter bazaar, which will be staged in November.

Turkey Dinner Honors Fred Curtis, Sunday

Mr. and Mrs. Ray Mears entertained with a turkey dinner, Sunday, honoring their son, Fred Curtis, who is home on a ten-day leave from Fort Ord, California. Curtis will leave next Sunday for a three-year assignment in Japan.

Attending the dinner were Mr. and Mrs. Russell Johnson, Delphine, Jerry, Gloria and Don; Jimmie Cain, Mr. and Mrs. Mears and Georgia Lee and the honoree, Fred Curtis.

Tribune job printing is best.

Royal Candidates Listed For Hallowe'en Fiesta

Candidates for King and Queen of the annual Hallowe'en carnival have been named by the Farwell classes, it was announced this week, and supporters of the various nominees are already out soliciting votes—at one cent each—for their favorites.

Bonnie Foster and Toby Booth carry the senior colors, with Betty Jo Gulley and R. A. Cassidy nominated as princess and prince.

The juniors selected Alta Norton as their representative, with Nickie Foster as her escort, June Christian as princess and Ray Magness as prince.

Representing the sophomores will be Bobbie Christian, queen; Gerald Norton, king; Dot Kent, princess; and Billy Don Crume, prince.

Loueta McKillip is the freshman choice for queen, with George Webb as her king; Rose Hines as the princess and Charles Phillips as the prince.

Grade school candidates have also been selected, with separate coronation ceremonies to be held.

The fifth graders chose Jo Elaine Magness and Jerry Owens, while Mona McDormand and Robby Foster are the sixth graders choice. Seventh grade nominees are Mary Joyce Rowland and Clarence Kube, and Jo Anna Hanna and Buddy Gulley represent the eighth grade.

The yearly fun-fest will be held in the auditorium of the school on Friday night of next week, October 29th, at which time the coronation ceremonies for the elected royalty will be held.

Texico Students Slate Stunt Nite Program

Preparations for the annual stunt night program sponsored by the Texico seniors are going forward full pace at the school this week, with the event to be held in the Texico auditorium on Tuesday night, October 26.

Mrs. Gladys Prescott reported that two divisions of competition would be set up for the stunts, dividing the acts into those presented by classes and by clubs. Prizes will be awarded in both divisions.

Highlight of the evening will be the crowning of the grade and high school kings and queens, with candidates being selected from each class in the school.

The seniors will be represented by Alta Wyrick and Ansell Doolittle; the junior choices are Coeta Roth and James Harding; Carmen Roth and Jeral Doolittle are the sophomore candidates; and Jane Moss and Kennard Harris are the freshmen.

Grade school candidates are: Jo Ann Wheeler and Don Gill, first grade; Ann Spies and Gray Deatheridge, second; Melba Doshier and Jerry King, third; Joyce Gilean and Alexander Brown, fourth; Mary Harriman and Jackie Wilmeth, fifth; Charlotte Wilmeth and Kenneth Reid, sixth; Phyllis Tucker and Kenneth Doolittle, seventh; and Esther McDaniel and Billy Goldsmith, eighth.

The program will begin at 7:30 and the public is urged to attend.

Visit With Mother

Mr. and Mrs. Gene Owens and children, of Los Angeles, California, are here visiting in the home of his mother, Mrs. Dave Whitley. During the past weekend Mrs. Whitley accompanied the California visitors to Pampa, where they met old friends and relatives.

S. A. Calhoun, of Bovina, was attending business matters in Farwell on Monday.

Schoolmasters Meet At Grady, Thursday

The Curry County Schoolmasters Club will hold its regular meeting at Grady, on Thursday evening of this week, Supt. B. A. Rogers, of Texico, said today.

At this time, various business matters will be taken up by the members, including working out final details on the senior softball tournament, which comes this weekend.

The group will enjoy a dinner and social hour, in addition to the business meeting.

Honor Roll Given

The first six-weeks honor roll for the Texico high school was released Tuesday by Supt. B. A. Rogers, as follows: freshman, Margie Reid; sophomores, Carmen Roth and D. J. Brown; juniors, Coeta Roth and Nicolas Mendoza; senior, Claudine Bridges.

Visit With Relatives

Mr. and Mrs. D. W. Leonard from Corpus Christi, visited in the homes of Mrs. J. H. Ross, Mr. and Mrs. Bob Drape, and Mr. and Mrs. Jess Coburn over the weekend. Mrs. Leonard is the former Clona Ross, daughter of Mrs. J. H. Ross.

Leave For Farmington

Mr. and Mrs. Keith Blackburn and daughter, Jill, who had been visiting for several days in the home of her sister, Mrs. Woodrow Lovelace, in Farwell, left for their home in Farmington, New Mexico, the last Tuesday.

Attend State Fair

Mr. and Mrs. B. N. Graham left Monday morning for Dallas, where they attended the State Fair. They will also visit in Abilene with their son, Howard, a student at McMurry college. They plan to return home the first part of next week.

Working on Play

Members of the Texico junior class, under the direction of Mrs. Jimmie Allman, have started work on their play, "Boarding House Reach", which will be presented in the auditorium of the school on Friday, November 12th.

G. W. Dyer, of this city, returned home the first of the week from Roby, Texas, where he had been visiting his daughter and son-in-law, Mr. and Mrs. Dogie Rutherford.

DEMOCRATS . . . STATES' RIGHTERS . . . REPUBLICANS

We All Want To Vote For JACK PORTER! We Can!

Article 2981 of the Laws of Texas (Enacted 1905) specifically provides for the voting of a split ticket in a GENERAL ELECTION.

Scratch all candidates for U. S. Senator except the name of JACK PORTER. Your vote will be counted, and your choice for Senator, JACK PORTER, will be seated.

The so-called loyalty pledge does not apply to the election on November 2. It is a GENERAL ELECTION all over the United STATES. It is NOT a state primary. This has been so held by our courts and by the Texas Attorney General's Department for years past.

(Pol. Adv. paid for by Porter for Senate Committee, Lloyd Wheelock, Chairman.)

Are Dinner Guests

Mr. and Mrs. Jess Coburn had as their dinner guests, Sunday, Mr. and Mrs. Billy Bob Drape and Mona Lynn, Mrs. J. H. Ross, and Mr. and Mrs. D. W. Leonard from Corpus Christi.

Return To Home

Mrs. Bob Lietner and son, Bobbie, returned to their home in Amarillo the past Friday, after having spent three days visiting in the home of Mr. and Mrs. Ben O. Smart. Mrs. Lietner is the mother of Mrs. Smart.

Here From Amarillo

Mr. and Mrs. Johnny Johnson, of Amarillo, spent Sunday in the home of Mr. Johnson's mother, Mrs. Bettie Smart, in Farwell. They visited other relatives and friends while here.

Malvin Curry was here from Borgerville over the weekend, visiting in the home of his parents, Mr. and Mrs. C. C. Curry.

Mr. and Mrs. Floyd D. Golden, of Portales, were weekend visitors in the home of Mr. and Mrs. Lenton Pool in Farwell.

Miss Hazel Dishman and Mrs. Bettie Smart visited in the home of Rev. and Mrs. J. V. Pace in Portales, Sunday night. Rev. Pace is Miss Dishman's uncle.

Mrs. W. J. Stover and daughter, Betty Jean, from Ashdown, Arkansas, are guests of her son and family, Mr. and Mrs. Bob Stover.

Mr. and Mrs. Claude Barker have been enjoying a visit with their son and wife, Mr. and Mrs. Roy Barker, of Sacramento, California. Mr. Barker is a blockman for the Oliver Co.

Mrs. F. W. McElroy, former local resident who now resides in California, is here for a visit in the home of her daughter, Mrs. Homer McCoy.

CARD OF THANKS

Our friends of Texico-Farwell were very gracious to us with their floral offerings and expressions of sympathy on the occasion of the death of Mr. McDermitt's mother, Mrs. Ed Curtsinger of Hereford, and we use this means of expressing our sincere appreciation for all your many kindnesses.

Mr. and Mrs. Woody McDermitt.

"Inspection Invited"

Capt. Laurin Hardage Awarded Certificate

Captain Laurin R. Hardage, resident of Texico, who has been engaged in seventy-two combat missions, has been awarded a "Certificate of Valor" by the United States Air Force, an army press release received here states.

By his "unflinching courage," Hardage has earned the gratitude and praise of his fellow countrymen as well as his commander, the release reads. Further details were not given.

ATTEND MARKET WEEK

Mr. and Mrs. J. E. Stone, of Stone's Variety Store, were in Lubbock the first of the week attending Western Market Week, and buying new stock for their store. Most of their purchases consisted of Christmas goods, Mrs. Stone said.

Mr. and Mrs. Mancel McNew of Clayton, N. M., and Misses Alyce McNew and Modene Minton of Clovis visited briefly in the home of Mrs. Bettie Smart, Saturday night.

Mr. and Mrs. Ernest Stewart returned to their home in Texico this week after a few days' visit with her parents in Waco, Texas.

Mr. and Mrs. J. E. Stone, of Lockney, Tex., visited Mr. and Mrs. Bob Stover over the weekend.

Mrs. Elmer Bridges who has been visiting with her father, Mr. K. W. Walton and other relatives in various points in Oklahoma, returned to her home in Texico, Monday.

BOVINA PARENT TEACHERS MEET ON MONDAY

"Safety in the School and Home" was the topic discussed by Supt. W. O. Cherry at the meeting of the Bovina Parent Teachers Association on Monday evening, Oct. 11, at the high school. In connection with this topic, Mr. Cherry explained a project for an eye screening test for school children, to be held soon.

Other features of the program included group singing, and a demonstration of first aid rules by Boy Scouts Allan Wassom and Ellison Glover.

Mrs. Buck Ellison presided over the business session. One of the projects for the year, erection of a campus fence, was discussed and a committee appointed to investigate possible materials to be used. It was voted to sponsor a refreshment booth at the Halloween school carnival.

The next regular meeting of the PTA is scheduled for Nov. 8, at 7:30.

Peace And Harmony Begins In The Home

COLLEGE STATION.—Peace and harmony—like charity—begin at home. Family harmony is the foundation of world harmony and peace.

Mrs. Eloise Johnson, extension family life education specialist of Texas A. and M. College, says that living together is like singing together, and family members are like members of a choir. A good choir achieves harmony through continued cooperation and practice. Each member of the choir has his own part and each blends with the others to make real harmony.

The family voices differ in pitch and volume, she points out. Each one must learn how to make the most pleasing tones possible and to sing with the rest of the family.

"You can measure your own signs of happy home living", she says. "Take stock of your family and home harmony occasionally. You may be surprised at the results."

Questions by which home harmony can be checked include: All family members have a share in making decisions and plans; all members of the family share in the work of the home; the family has a plan for spending that helps each member learn the wise use of money; the family knows the importance of religion and attend Sunday school and church regularly, and the family is interested in community affairs and accepts responsibilities in the community.

"Through practice in cooperative planning, working, playing and praying together, the family can achieve harmony in home living, which is the strongest hope for individual and world peace," Mrs. Johnson concludes.

VETERAN'S QUESTION BOX

Q.—On what priority basis is a World War I veteran admitted to a Veterans Administration hospital?

A.—Emergency cases have first priority; those suffering from injuries incurred in or aggravated by war-time service are next on the priority list, and those who swear they are unable to pay hospital charges for nonservice-connected disabilities or illness are third. The latter must wait until a bed is available.

Q.—Are dependents of a World War I veteran, who died of causes not due to service, entitled to death pension?

Q.—I am a World War I veteran and was discharged from the U. S. Army in 1938. I would like to know if I am eligible for the education, readjustment allowance and guaranty

loan provisions of the G-I Bill?

A.—No. Benefits of the G-I Bill are available only to World War II veterans.

A.—In most cases, they are entitled to death pension benefits. The widow is disqualified if her annual income exceeds \$1,000, or \$2,500 if she has a child or children. A child is ineligible if his or her income exceeds \$1,000 per year. A widow loses entitlement upon remarriage, and children normally become ineligible when they reach age 18.

SS NO. IS INSURANCE POLICY

Your social security number is your insurance policy. Do not lose it. Your employer must have a record of your name and social security account. You must produce your social security account number when the time arrives to file a claim for benefits.

PLAINS FAVORED FOR TEXTILE GROWTH

ABILENE—West Texas is in an especially favored spot to acquire a large part of the nation's textile growth, according to a cotton textile industry survey for the area, just issued from Texas Tech. This bulletin was prepared by Mark E. Wood, research associate of the Cotton Research Committee of Texas, for the West Texas Chamber of Commerce-Santa Fe industrial committee.

Wood points to growing western markets as requiring a greater expansion of the textile industry. The area already has five cotton mills within its boundaries and the only textile engineering school west of the Mississippi, where the "know-how" of cotton textile manufacturing is taught.

History of the cotton textile industry in the United States is fully

traced in the report, with tables and charts giving comparison of the West Texas area with cotton textile manufacturing centers.

"There is some evidence that Eastern capital already is interested in West Texas as a potential center of cotton textile manufacturing," the report says.

Advantages of location in West Texas are then listed, although the report points to the necessity of ample water for the industry.

The WTCC has passed copies of the report on to its local directors and local Chambers of Commerce, urging them to apply it to local conditions.

BE WARM THIS WINTER

Do you dread that first frosty fall night when you may have to get out of bed at two in the morning to find an extra blanket? Remember last winter's nights when you worried about whether an extra blanket would be enough? You don't have to go through that inconvenience this winter.

Electric blankets make "just right" sleeping comfort all through the winter a sure thing. One feather-light blanket on your bed... and the convenient electric warmth regulator makes it equally suitable for the coldest northers... or brisk fall nights.

See the new electric blankets now... so economical... so attractive... so light. You'll want an electric blanket on every bed in your home... low-cost electric service makes them a better buy now than ever.

See your favorite dealer soon about "feather-light" electrical warmth this winter.

SOUTHWESTERN PUBLIC SERVICE COMPANY

24 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

What Can You and Your Children Gain When You Vote for . . .

LYNDON JOHNSON

JACK PORTER

For United States Senator?

1—Backed by President Truman, who on his recent Texas tour as the politician of the Kansas City Pen-dergast Machine, asked Texans to vote for Johnson, the man supported by the Parr Machine of Duval County.

2—Pledged to support Truman, Johnson would be called on to vote for so-called Civil Rights Bill and F. E. P. C. This law would destroy the rights of the states to segregate the Negroes and White People. It means your children would sit next to Negro children in school! It means you would have to eat in cafes with Negroes, even though neither you nor the Negroes want this sort of thing.

3—Supported by Truman and himself supporting Truman it is possible to assume that Johnson would take the same position as Truman does—to take from Texas its valuable tidelands. That means less money for the Free Schools of Texas. It means MORE TAXES against you!

4—A Lyndon Johnson vote is a vote of uncertainty. The highest courts agree that his seating will be up to the Senate. Will the Senate seat a man who was a principal in the charges made in open court of the greatest ballot scandal in Texas history?

5—Lyndon Johnson must go down the line with Truman. He has pre-election orders! He knows when and where to jump when the ADMINISTRATION says so. That dates back to when he got on the public payroll in the days of the alphabetic dole that cost the taxpayers millions!

6—Duval County's vote of persons who do not speak the English language—a mass vote of ignorant masses—put him on the ticket. Do you believe that AS DUVAL GOES, SO GOES TEXAS? How about the missing Precinct 13? How will Lyndon Johnson explain that to a Republican Senate? He, as a chronic officeholder, has not attempted to explain it to you Why?

7—Johnson got a court injunction to stop a fair and impartial recount of the votes of Jim Wells County. Why?

8—A Lyndon Johnson vote will be a stand against states rights. It will be for the high taxes made necessary by the hundreds of needless bureaus maintained at Washington where the Truman voters reap rich harvests and then go to the polls to perpetuate Truman in power. It will be a vote against a reduction in your too-high income taxes!

1—Dominated by no one. Endorsed by Gov. Coke Stevenson. A native-born Texan and life-long Democrat who is running on the Republican ticket because he could not stomach the policies of the Big City Bosses and CIO organizers who are now running the national Democratic party.

2—His platform promise is clear. He will vigorously oppose the F. E. P. C. and Civil Rights Bill. He believes about this matter like most other native-born Texans believe. He is a friend of the Negro, but he is sure that any law which would force the Negro into the white schools would not be welcome by either. He believes that such laws are proper questions for the states to decide for themselves.

3—Jack Porter knows Texas owns the Tidelands. He knows millions of dollars can be realized from this source for Texas free children. He is against Federal encroachment as threatened by the Truman-Johnson team.

4—A Jack Porter vote will be a vote for a man who, although never before sought public office, has never had his honesty questioned at the polls or elsewhere! The Senate would seat Jack Porter.

5—Jack Porter, born at Weatherford, is ready to serve Texas, to go to Washington unchained politically. . . to fight for states rights! His principles are far more Democratic than the bureaucratic dominations believed in by his opponent!

6—There is no missing Precinct 13 of Jim Wells County to mar the record of Jack Porter. There will be none in the Nov. 2 election. There won't be any hide-outs for returns that go for him. Elect Porter, he will not have to account to the U. S. Senate for vote charges such as Lyndon Johnson has faced in this land's highest courts!

7—Governor Stevenson, now supporting Porter, did all within his power to get a fair and impartial recount of the votes in Jim Wells and Duval Counties, under the supervision of the Federal Court.

8—A Jack Porter vote will help put a man in high office who will go down the line against wasting federal funds that come out of your paycheck. When Justice Hugo Black put Jack Porter's opponent's name on the ballot it was concrete evidence that all federal power is lined up for the Truman-dominated candidate!

Voters Did NOT Take the "Pledge"

There is a movement in the so-called Democratic machinery of Texas to deny the right of voters to cast a ballot for the man of their choice in the general election.

Persons who voted in the Democratic Primary TOOK NO PLEDGE. THEY MERELY VOTED! At the top of the ticket was a so-called "pledge" just like the words "Official Ballot" was there. That wasn't a pledge!

The Democratic Primary voters made no promise. They were not sworn. They are obligated, if anything to support only real Democrats—not those who are seeking public office on principals that attack the

foundation of Democracy!

What if a Democratic nominee should become a horse thief? Would Democrats still be morally bound to vote for him? The so-called loyalist Democrats think so! What if a nominee became embroiled in the greatest ballot scandal in Texas history? Would Democrats still be morally bound to support him?

Your ballot Nov. 2 is so arranged that you can cast your ballot, if you so desire, for all nominees that meet the Democratic principals of Democracy, and still cast an honest vote for an honest man. Scratch Lyndon Johnson. VOTE FOR JACK PORTER FOR THE UNITED STATES SENATE!

Democrats for Jack Porter

Pastry-Crust Meat Pies

A hearty meat mixture hides under the flaky crusts of these individual meat pies. Served with a crisp slaw, there's a complete meal, wanting only a fruit dessert.

Stews and similar meat mixtures have always been favorites with the family. Although they taste good and are high in food value, they seldom appear before guests. There's no good reason for this favoritism, for stews can be dressed up to meet company standards.

Flaky pastry crusts, covering the top of the large or individual casseroles in which the meat and vegetable mixture is baked, will really put the lid on the entree. These crusts will puff and brown so enticingly that everyone will want to be first with the fork that uncovers the filling.

Pastry tops are made just as for dessert pies. Roll out tenderly and cut into fitting circle, using an overturned casserole cover as a guide. Crimp or prick the edges when the circles are fitted to the ramekins and cut a few slashes in the top so steam can escape while the pie bakes.

In this recipe, there's a further surprise as the contents of the casserole disappear. There's a bottom crust, too, as flaky and good as the top covering.

PASTRY-CRUST MEAT PIES STANDARD PIE PASTRY

2½ cups sifted enriched flour
10 tablespoons fat

1 teaspoon salt
7 tablespoons cold water

Sift together flour and salt. Cut or rub in shortening until consistency of small peas. Add water gradually to form a very dry dough. Toss on lightly floured pastry cloth. Roll one-fourth inch

thick. Cut and line individual casseroles with pastry. Fill two-thirds full of meat mixture. Cover with pastry. Bake in moderately hot oven (400 degrees F.) about 40 minutes.

MEAT MIXTURE

3 cups diced cooked meat
1 cup diced cooked celery
¼ cup enriched flour

Salt and Pepper
2 cups broth or milk
3 diced hard cooked eggs

Combine meat and celery. Dredge with flour and seasonings. Add milk and eggs. Mix well. Fill pastry-lined casseroles and cover with crust.

Makes six individual casseroles, four inches by one and one-half inches, or one large pie to serve six.

Wheat Farmers Have Variety of Choice

COLLEGE STATION.—Used to be, Texas farmers had this choice—they could grow wheat that gave high yields, or they could grow wheat that had good baking quality.

Now they have a different choice. It's a choice between several varieties, all of which have both yields and good baking qualities, E. A. Miller, extension agronomist for the Texas A. and M. College, has pointed out.

The new varieties were developed by the Texas Agricultural Experiment Station and private breeders. Most Texas wheat is used by commercial bakeries, and they demand flour that will make the kind of bread their customers want.

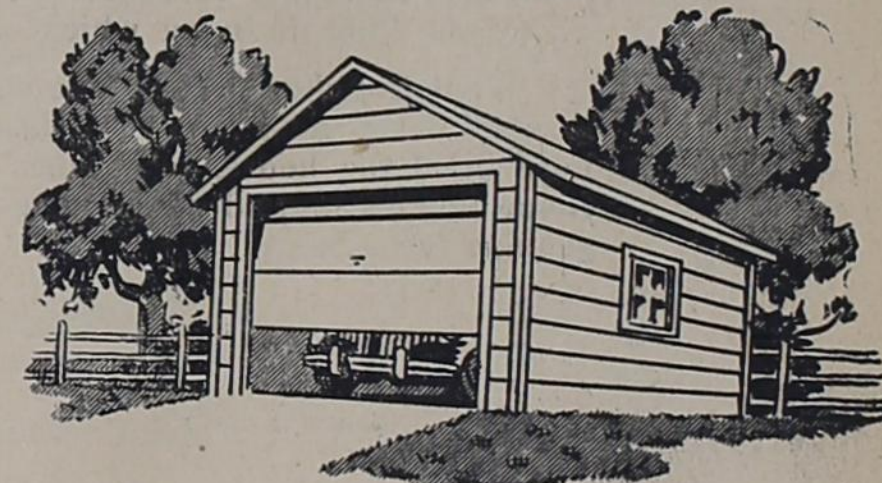

In past years, Texas had a good reputation for growing fine quality wheat that was in demand because

it was nearly all of good baking qualities. Then other states began shipping in low quality wheat, and Texas lost its reputation. As a result, northern mills cornered the market on high quality baking wheat and shipped it into Texas.

But Texas wheat growers want it the other way around so they can make the money—not the northern mills. And it looks like this is what's going to happen according to a recent wheat survey.

In the main wheat areas of Texas, Westar and Commanche are recommended for the bakers, and Wichita and Triumph for family trade flour. Tenmarq and Turkey are good baking varieties, but not as high yielders as Westar and Commanche. So they are being replaced by these latter varieties, says Miller.

Do CHURCH PEOPLE Live Here?

When we view this beautiful little home with its elegant architectural lines, situated in such lovely surroundings—we are compelled to wonder whose home it is.

It has been well said, "It takes a heap of living in a house to make it home." We might add that God is only interested in the kind of living it shelters . . . wholesome living if you please. The Almighty wants all houses to be a shelter in the time of storm—a haven of happiness and a peace where His will is supreme . . . where love abounds and greedy selfishness is not known.

Architects design houses. Builders put them together. But only the church of the living God builds homes. Through its teaching the church challenges humanity to drink of its waters of life and live . . . live the wholesome kind of living which only is pleasing in His sight.

What the church does. The church pictures to humanity the world's greatest designer of living . . . Jesus Christ, the Son of God. "Except the Lord build the house, they labor in vain that build it," Psalms 127:1. Home implies mutual affection, gentleness, meekness, refinement, and a genuine forbearance.

**YOU IN THE CHURCH
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

Pirate Treasure

No! You've never seen her in the movies—she's Corky Crowley alias "Miss Texas," "International Beauty of 1948" and a number of other beauty titles. Corky's latest is "Queen of the Keys" for the "Palmolive Treasure Chest." When the chest is open, you may win \$100 a month for life (or \$25,000 in one lump sum) or one of over two thousand other prizes. Who wins Corky? . . . Well, Hollywood should if they are on their toes.

LEGAL NOTICES

CITATION BY PUBLICATION THE STATE OF TEXAS

TO: John P. Johnson, James B. Stewart, the unknown wife or wives of John P. Johnson and of James B. Stewart, and the unknown heirs, assigns and legal representatives of John P. Johnson, James B. Stewart, and the unknown heirs, assigns, and legal representatives of the unknown wife or wives of John P. Johnson and of James B. Stewart:

You are commanded to appear and answer the plaintiff's petition at or before 10 o'clock A. M. of the first Monday after the expiration of 42 days from the date of issuance of this Citation, the same being Monday the 22nd day of November, A. D., 1948, at or before 10 o'clock A. M., before the Honorable District Court of Parmer County, at the Court House in Farwell, Texas.

Said plaintiff's petition was filed on the 9th day of October, 1948. The file number of said suit being No. 1449.

The names of the parties in said suit are: Alvin K. Garies, as Plaintiff, and John P. Johnson, James B. Stewart, the unknown wife or wives of John P. Johnson and of James B. Stewart, and the unknown heirs, assigns and legal representatives of John P. Johnson, James B. Stewart, and the unknown heirs, assigns and legal representatives of the unknown wife or wives of John P. Johnson and of James B. Stewart, as Defendants.

The nature of said suit being substantially as follows, to wit:

Trespass to Try Title, plaintiff alleging that on October 1st, 1948, he was and still is the owner in fee simple of lot 2, Block 18, of the original town of Bovina, Parmer County, Texas, and on the same day defendants entered thereon and disposed him thereof, that the daily rental value thereof is \$2.00 per day, and that such actions by defendants were unlawful, and that defendants are justly indebted to plaintiff in the sum of \$16.00 but, although demanded, have failed and refused to pay same or any part thereof.

In the alternative plaintiff pleads and invokes the ten year statute of limitation as same applies to land titles in the State of Texas.

Plaintiff prays that defendants be cited, and that he have judgment for his damages and for title to and possession of the above described real property.

If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 9th day of October, A. D., 1948.

Given under my hand and seal of said Court, at office in Farwell, Texas, this the 9th day of October, A. D., 1948.

Loyde A. Brewer, Clerk, District Court, Parmer County, Texas. (SEAL) 1-4c.

RAT-PROOF CONSTRUCTION

Only rat-proof construction and sanitary environment keeps rats out permanently. Sporadic killing is not enough. Use rat baits regularly. Spread phosphorus-based rat paste on slices of food attractive to rats and place it near rat runways. Hobson's Rat and Roach paste is a sure kill poison for the rodents.

When Your Back Hurts—

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

ACA News

Roy Camp, Secretary

We have some good news for you grain producers this week. Last week we were having to tell you that you would have to take a \$2.25 loan rate on Parmer county grain, if stored at Roberts Seed Co., because it was in Curry county. Ordinarily, grain takes the loan rate of the county in which it is stored but the exception in this case is because all of Roberts' freight takes the Farwell freight rate. So you can store at Roberts and still receive \$2.27 for your grain.

There is being offered again this year the purchase agreement plan, whereby the producer can sign an agreement with the Government assuring himself of a support price for his grain, based on the county loan rate. You will not receive any money on this agreement until next May, but if you do not have room to put it inside, you can dump it on the ground. It is up to you what grade of grain you get paid for, because the care of the grain is entirely up to you until you deliver it to the railroad when the Government calls for it.

Don't be too disappointed when you get your prior approval on leaving grain sorghum stubble and seeding your wheat on the contour. They are going to be small, but we did the best we could. There was so much acreage turned in that we did not have enough money to pay for all of it, so the best we could do was to issue it on a percentage basis. Right now, we are practically out of money, but we may have some in December for anyone wanting to build terraces or any practice for which you can receive payment.

We have received some informa-

tion from the State office about next year's program. It will be just about the same as this year, the main difference being that you can earn \$750 instead of \$500. That should enable us to participate in a few more of the soil building practices here in Parmer County.

Do Your Trees Have "Live-Oak" Disease?

COLLEGE STATION.—If you notice a peculiar light green color about the leaves on your live-oaks that later turns grey, take heed. The trees have "live-oak disease." After the leaves turn grey, the small twigs die, and the disease spreads on to the larger limbs until finally the whole tree is dead.

Sadie Hatfield, extension landscape gardening specialist of Texas A. and M. College, says "live-oak disease" is killing quite a large number of trees in Central Texas and may move in to other areas, but there's not much we can do about it since the cause of this disease is not known. The only thing we can do is prune back the dead part of the tree.

The disease spreads slowly from one tree to the next. Drying may start at the edge of a grove and spread slowly through it, leaving all dead trees. It may take a whole season to kill a tree after the first signs of the disease are found. This gives the owner time to prune away the diseased part.

At the first sign of "live-oak disease", prune back the outer limbs three to four feet or more. Make all cuts on a slant and flat against the larger limb from which the smaller one grew. This way, no dead studs of wood will be left to injure the tree.

Many large and small trees have been saved by topping or severe pruning. The new growth does not seem to be affected by the disease.

It's a good idea to burn all the dead limbs that are cut off, and sterilize the saw and shears by dipping in gasoline or alcohol.

Wait until after the first hard freeze to prune the healthy trees, but the diseased one should be cut back at once, says Miss Hatfield.

Rats are natural diggers, their burrows go down about 18 inches. Black rats are natural climbers and can scale walls, pipes, wires. Rats are excellent swimmers. Rats can jump almost two feet high.

Old-age and survivors insurance benefits are paid as a matter of right for which the wage earner has paid, and should not be confused with welfare or charity grants. You are earning these insurance benefits. Become familiar with the facts about your Federal insurance—facts which may mean money to you at age 65 or to your survivors in the event of your death.

Vega Trounces Steers In Vengeance Game

The Farwell Steers got just what Vega had in store for them, Friday night, when the visiting Longhorns bounced the Steers out of the winning column by handing them a sound 19-7 defeat. This was the first loss of the season for the locals—and the first win of the year for Vega—and it was decisive on both counts.

Vega not only outscored the Steers, they out-blocked, out-ran and out-guessed them repeatedly, in addition to taking advantage of every break of the game. The Longhorns drew only one bad break during the evening, late in the opening quarter, when Richardson intercepted a pass shot by quarterback Thomas, of the Steers, and intended for Ford. Richardson broke behind beautiful opposition, to carry the ball from his own 20 into paydirt at the other end of the field, only to have the entire action nullified because Vega drew a clipping penalty, which set them back on their own 1-yard marker.

Except for that instance, the Steers got the worst end of the usual fumbles and penalties. On several occasions they started drives which appeared touchdown bound, only to have a pass backfire into Vega's hands, or to fumble the ball, with the Longhorns recovering. In addition, they lost the valuable services of Terry, halfback, early in the game, who sustained a sprained ankle. Scooting Jerry Pool was also out for more than a period with a bruised running gear, and Holland took a hard blow during the last quarter sending him out of the game.

Primed for Harris and Richardson, the Steers were caught napping by the quick get-offs of both McNabb and Murphy. Harris passed the first touchdown to McNabb, and Murphy did a steal over center for the extra in the second period, for the first scores of the game. Midway in the third period Vega scored again, with

Richardson tossing a beauty to Scott, in the end zone, but Ford dumped Harris before he crossed the final line, to keep the score down to 13-0. The first play of the fourth quarter saw Murphy plunging around end and over Thomas for the last Vega counter, with Harris' kick being to the right of the uprights.

A desperation pass, Booth to Ford, counted the only Steer touchdown of the evening with only two minutes left in the game, and then Thomas followed up by shooting one to Ford for an extra point. Final count, 19-7.

First Quarter Slow

Vega opened the game by booting the ball to Pool who went to the 38, and on two tries added only two yards. A pass from Thomas to Booth was incomplete, and Farwell kicked to the Vega 20, where Richardson grabbed the pigskin and came back to the 35, being dumped by Pool. Harris made only one yard, then added a first down which was called back and Vega penalized five yards. Montgomery went for two. McNabb added four more, and Vega kicked. Thomas received on the 20 and was dumped, then made five yards, while on the next try Pool was dumped by McNabb for a minus-two.

Terry made six, and Farwell kicked to midfield. McNabb touched the ball but let it get away, and Ford covered on the 40 for Farwell. Pool made three, Booth added seven, and a three-way working, Thomas to Ford to Terry sent the ball on to the Vega 45. The locals got an incomplete pass, Thomas made five and Booth plowed over left end down to the 25, being stopped by Richardson. Pool gained one, and Thomas shot a pass which was grabbed by Richardson, who ran 80 yards for a counter, only to have it called back. Vega was penalized to the 1-yard line and

kicked out to midfield as the quarter ended.

Vega Counts in Second

Pool made two and Booth added six, after which Booth dropped a pass and Farwell kicked out to the Vega 35. The ball was called back and Farwell lost five on a penalty, with Booth kicking out of bounds on the Vega 30. McNabb made five, being stopped by Pool, then hit it again to count a first down on the 45. Harris added five, with Murphy being nailed for no gain. McNabb made two, being halted by Dollar and Harris was stopped cold by Ford and McKilip, with Farwell taking over. Booth made nine and Thomas added enough for a first down. Thomas shot a beauty to Ford in the 25, with Ford halted by Richardson, then added two on a line plunge. Thomas to Booth was incomplete, and then Thomas fumbled the ball, losing 15. Thomas shot one to Booth which lacked inches of the vital yardage for a first down, and Vega took over on their own 17.

Harris made a yard, but Richardson met Dollar for no gain, and Vega kicked out to the Farwell 40. Booth made five, Thomas shot another pass which was intercepted by Richardson, who advanced to the Farwell 35. Harris shot a short one to McNabb, who eluded Foster and Thomas and scored. A quick line plunge over center by Murphy added the extra, and Vega was ahead, 7-0.

Vega kicked, with Booth returning to the 35. Thomas fired an incomplete pass and then shot a long one to Ford who juggled it on one hand and finally landed it, advancing to the 44. Thomas made a beautiful gallop around end to the Vega 20 but was left stranded as he tried to pass and lost five as the half ended.

Attack Works Again

Opening the third period, the locals kicked off, with Richardson breaking loose to the 45. On two tries, he went on to the Farwell 14, while Harris added five before being downed by Pool. McNabb fumbled and was downed for a five-yard loss by Booth, but retaliated by carrying to the 10. Vega drew a five-yard penalty. Richardson was stopped cold, Booth dumped Harris for five, and it looked as though the Steers had stopped the drive. On the next play, however, Richardson fired a long one to Montgomery, who was open in the end zone and received for a touchdown. Harris was nailed by Ford on his try for an end-sweep and the count was 13-0.

Farwell received, with Thomas going to the 40. Booth carried for five, Thomas added two and Farwell got a 15-yard fine, putting them back on their 30. Pool was left alone and lost five, then got it back, while Booth was grounded by Cotton for nothing and Farwell kicked out. Harris ran it back to the Farwell 34, and McNabb broke through into the clear, only to be nailed by a shoe-string tackle by Pool (already on the ground) on the 20-yard marker. Murphy went on to the 10 as the quarter stopped play.

First Play Scores

The first play of the final period racked up Vega's last counter, with Murphy showing his heels to the opposition and being downed squarely on the goal line by Thomas. Harris kick was no good. Score, 19-0.

Booth returned the kickoff to the 40 and Thomas added six, with Pool putting on a yard and Ford plunged to the Vega 43. Thomas made a long run but was hit so hard the ball squirted from his hands, with Scott covering for Vega on the 20. McNabb was nailed by Booth and Dollar for no gain, Harris got eight, then two. Richardson went on to midfield, got another five, but Vega drew two successive five-yard penalties, then an incomplete pass, and kicked out. Thomas taking it back to midfield. Thomas shot a long one to Ford and then fired a pass into the end zone, where Vega's Harris was on hand to do the receiving. Vega kicked out again but Thomas fumbled the ball at the 40 with Loyd recovering for

Vega. Harris plunged to the 43 with Pool dumping him, and then wound up a pass which was touchdown-bound, only to have Booth grab it out of the air on the 40 and carry it back to the Vega 24.

Thomas showed Vega his heels and made it to the 23, and on the next play southpaw Booth did his first passing assignment of the evening, shooting one to Ford in the end zone for the solitary Steer counter. Thomas added another point by putting a short pass into Ford's hands, and the score stood 19-7.

Farwell booted off again, and Harris ran over everybody until he hit midfield, where Pool was in the way. Murphy made eight and Richardson carried on for a first down. Dillehay failed to gain, but Harris broke loose and the ball was on the Farwell 24 when the final gun sounded.

Brackets Are Drawn For Softball Tournament

Brackets for the senior softball tournament featuring Curry county teams were issued this week to participating squads, Coach C. E. Sanders, of Texico, reported. The meet will be held Friday and Saturday, October 22 and 23, in Clovis.

Ranchvale was seeded top team in both the boys' and girls' ranks, with Rosedale seeded second for the boys and Grady third. On the girls' side, Grady took the second-place seeding with Texico third.

The boys' bracket pits Ranchvale against Pleasant Hill at 6:30, Friday, while Grady drew a bye in the upper half. At 8 Friday night, Rosedale will meet Field, and Texico is in on a pass. Semi-finals start at 11:30 Saturday morning. Grady meeting the Ranchvale-Pleasant Hill winner, and Texico takes on the Rosedale-Field champ at 3:30 that afternoon. The final game is slated for 8:30, Saturday night.

The Ranchvale girls meet Pleasant Hill at 3:30 Friday, in the first game of the girls' division, with Rosedale getting a bye. Grady and Field play at 5 Friday afternoon, and Texico again drew a free game, going through the first round unchallenged. At 10 Saturday morning the Ranchvale-Pleasant Hill winner faces Rosedale in the semi-final, with the Grady-Field top team playing Texico at 2 in the afternoon. The last round comes at 7 Saturday night.

All time given in the above brackets is Mountain Standard, which means that local fans should figure it one hour later, on Texas time.

Trophies for first and second place winners in both divisions will be presented at the conclusion of play.

Grade Teams Are Third In County Tourney

The Curry county grade softball tournament was held the past Saturday, with Grady, Rosedale and Texico taking first, second and third places in both the boys' and girls' divisions, respectively.

The local boys first met Ranchvale and downed them by a good score, but were ousted in their second round of play by Grady, in a tight 9-11 battle which featured the Grady pitcher.

Taking the same route as the boys, the Texico girls defeated Ranchvale in their opener, and then went to a downfall before the strong Grady team, in the following game.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending October 16 were 26,447 compared with 30,825 for same week in 1947. Cars received from connections totaled 14,157 compared with 12,962 for same week in 1947. Total cars moved were 42,604 compared with 43,797 for same week in 1947. Santa Fe handled a total of 41,592 cars in preceding week of this year.

Candidates To Speak Tonight at Texico

Various candidates for Curry county offices, subject to the general election on November 2, will be at the Texico school auditorium tonight (Wednesday), for a political rally sponsored by local Democrats.

Musical numbers have also been arranged, and the public is cordially invited to be on hand at 8 o'clock, Texas time.

SPLIT GAMES ON FRIDAY

The Texico softballers split a series of two games with Pleasant Hill the past Friday, the girls taking the afternoon's loss in a hard-fought 8-9 skirmish. Errors were charged as responsible for the local downfall. The boys' game, which did not go the full number of innings, was halted when the Texico squad had run up a 29-5 rout over Pleasant Hill. The boys played some of the best ball of the year, Coach C. E. Sanders reported on Tuesday.
