

Beginning Soon— Extensive Tribune Survey Begun On Twin City Building Boom

Not for many a bygone annum have the Twin Cities experienced anything approaching the huge and lavish residential program now being experienced. Old-timers returning to the border cities from outer civilization usually profess their astonishment in glowing terms like "I've never seen anything like it!" and where do dry-land farmers get money to build homes like this?"

Well, the truth is, Old-timer, we really don't know. Whether the Panhandle people realize it or not, economic times since the war have been pretty good as a whole—as evidenced by those modern, functional homes being built by average citizens in such urban communities as Texico and Farwell.

As did the returning old-timer, The Tribune professed a mild but pleasant surprise as such prosperous goings-on, and began to inquire into the situation for the whys and where-fors. We can think of no better time to begin our survey than right now—in the year 1950, which gives us a healthy and reasonable span of five post-war years to consider.

Prospective builders were in for an unpleasant surprise at the conclusion of four terrible years of world war. The picture wasn't as rosy as it had seemed. Two things seriously interfered with the completion of plans for new homes: (1) a critical shortage of satisfactory building materials, and (2) rising costs of construction.

So Dad folded his blueprints, stuffed them back into his hopechest, and waited. Finally, after what he considered more than a reasonable waiting period, materials did loosen up somewhat. Yet costs were still high.

Oil Leasing Activity Hits New High

Eleven Candidates Offered Free Rides

\$125,000 Bond Issue Called for School Improvements in Bovina Election

Eleven district, county, and precinct officials were virtually assured free rides to re-election in November, having won automatic nominations by the Democratic party when the filing deadline passed with no opponents filed against them.

In Parmer County, as in all of Texas, nomination for public office on the Democratic ticket is tantamount to election.

Six district and county nominations are being contested with two or more candidates seeking nomination. The office of county judge is the only county-wide seat that is being contested in the forthcoming primary.

The County Democratic Executive Committee met here Monday and drew for places on the ballots as well as levying assessments against the candidates for the election expenses.

Four candidates are seeking the Democratic nomination for the congressional seat vacated by Eugene Worley, now being held by Ben Guill, Republican, who won over a

(Continued on last page)

Parmer County Down In Population Since '40

Friona represented the only favorable census report for Parmer County this year, recording 1,196 persons compared to 803 in 1940. Bovina totaled 610 this year, but no growth yardstick is available since Bovina was unincorporated and uncounted in 1940.

Over-all figures for Parmer County show a decrease of 111 residents since the last census, with 5,771 people at present as compared to 5,880 for 1940.

Farwell was not counted separately this year, because it was not incorporated at time of the census. All the above figures are unofficial, reports Walter Shaller, district census superintendent, Amarillo.

The voters of the Bovina Independent School District will vote on a bond issue in the amount of \$125,000 in a special bond election that has been called for Saturday, July 1st, it was announced here today.

If the bond issue is adopted, the funds will be used in the erection of a new and larger school gymnasium, and the remodeling of the present gym into an auditorium with a seating capacity of approximately 600, against the present capacity of 250. In addition, the funds will be used for improvements over the entire campus and buildings to facilitate a more coordinated educational program.

Supt. W. H. Willoughby of the Bovina school system, in speaking of the proposed bond issue, said here today that the present seating capacity of the gymnasium was approximately 250, but a seating capacity of around 1000 is needed.

Supt. Willoughby also added that increased aid from the State under the new educational program has helped make it possible for the Bovina School Board to call this election.

The prediction is being made that the forthcoming election will draw a large vote.

Sees Better Wheat Crop for County

Parmer County will produce wheat far in excess of the seeding requirements for the county, in the opinion of C. M. Henderson, local grain dealer, who goes so far as to predict that Parmer County growers will harvest not less than 250,000 bushels of grain in the light harvest that it now drawing to a close.

Setting the acreage for this fall's sowing at 200,000 acres, Henderson said that only 75,000 bushels of seed wheat would be required for re-seeding this fall. His estimate of the amount of wheat produced this year is far in excess of other common predictions, with most observers holding to the opinion that this season's yield would not meet the re-seeding requirements.

With few exceptions, growers who have been combining their grain the past week have been storing it on the farm, with a mere trickle of the grain finding its way to the elevators.

Yields this year, while distressingly low, are even better than predicted. Fields worth harvesting are turning out five to ten bushels to the acre on dryland farms, and one field yielded up to 15 bushels.

C. A. Whitner, living north on the state line about seven miles, gathered 15 bushels from his field, it is understood here. The Jack Dunn holdings yielded around ten bushels. But for the most part the turn-out ranged in the 5-to-8 bushel brackets.

Virtually all the wheat produced this year is excellent milling quality and will be good for seed, Henderson said.

With the dry land wheat yielding above expectations, the opposite seems to hold true with irrigated fields. Irrigated patches that were estimated to produce 20 bushels and better are turning out disappointing yields, with most of them ranging in the 12-to-18 bushel category.

Beneficial Showers Visit Region Sunday

Local showers that were beneficial to newly planted grain crops, fell over a wide area Sunday afternoon, with the measurements ranging from a mere trace to two inches and more in some localities.

Nineteen hundredths of an inch was recorded in Texico-Farwell, with farmers from this immediate section reporting about an equal amount. In widely separated sections, the rain was heavy but confined to small areas. Regions around Friona and southwest of Texico came in for the heaviest downpours with better than two inches being reported.

Most farmers in the Oklahoma Lane, Lariat and West Camp sections report a fourth to a half inch on moisture. The eastern part of Curry County came in for beneficial showers, with the rain tapering off to the west, Melrose reporting only a dust storm.

Ronald Booth, who is assistant professor of music at Breneau college in Gainesville, Ga., is home for the summer. He is now working in the county clerk's office.

Lovelace Elevator Ready to Operate

The 300,000-bushel all-steel and concrete grain elevator of Gene Lovelace, which has been under construction the past several weeks, is now ready for operation, Lovelace announced here today.

Fully equipped with the latest electrical equipment, the elevator consists of 12 concrete tubes with eighteen separate bins. Office quarters are housed in an all-concrete building, which will be modern in every detail as soon as the plumbing and electrical equipment can be installed.

The new business boasts of one of the largest Fairbank-Morse scale to be found in this part of the country with a drawing capacity of 110,000 pounds, with a 60-foot platform.

Herbert Potts, who will manage the new business, said that they had been approved and bonded for U. S. Government storage. A complete line of El Rancho feeds will be carried by the firm.

Geo. Trimble Enters Commissioner Race

Geo. Trimble, well known Bovina business man and cattleman, was the last to file for a place on the ballot in the forthcoming Democratic primary election, announcing his candidacy for county commissioner of precinct No. 2 on Saturday.

Trimble has been a resident of Parmer County for the past 25 years, making his home at Bovina all the time. He is 45 years old and well qualified for the office he seeks.

In making his announcement, Trimble authorized the following statement:

"I am now a candidate for Commissioner, Precinct No. 2, Parmer County, Texas, and if the voters of this precinct see fit to elect me, I shall use my best judgment and efforts at all times for the interest of the people of Precinct No. 2, and Parmer county."

Pioneer Ex-Resident Dies in California

Mrs. Laura Johnson of Fresno, Calif., passed away at her home June 15 after having a stroke Easter Sunday. She was a pioneer of this country, having moved to Farwell with her husband, Charlie Johnson (deceased) in 1918.

She made her home in and around Farwell and west of Texico until 1938 when they moved to California to make their home. She has many friends here.

She is survived by three sons, Russel of Texico, Jeff of Fort Worth, and Leonard of Fresno. Also, two daughters, Mrs. Bertie Skelton, and Mrs. Hattie Green of Fresno. Twenty-five grandchildren and several great-grandchildren survive.

She was 84 years old at the time of her death.

NEW COACH EXPECTED HERE
New head football and basketball coach for Farwell schools is expected here July 15, according to Jack Williams. He is Tommy Hestand formerly a coach at Dennison.

Leasing activity in Parmer and adjoining counties has taken on new activity during the past few weeks, with the result that an estimated 200 sections of land has been leased in Parmer County alone.

The increased leasing activity is believed to have been stimulated by two discovery wells brought in only recently. The Honolulu well, west of Lubbock, and the Magnolia well, near Kenna, N. M., are two deep discoveries that have been announced only recently, extending the oil play far to the north and west of any previously known production.

To date, only the Mid-Continent and Sol Simon, an independent operator of Longview, have recorded any leases in Parmer County, but it is well known that other leases have been signed up in this county which have not as yet been recorded.

So far as could be learned, all the leases are being taken at \$1 per acre for rental, plus 50 cents per acre per year for the lease.

In addition to the estimated 200 sections recently leased in Parmer County, officials said here today that leases also were being taken in Castro, Bailey, Deaf Smith, Randall, and Oldham counties in Texas, and Curry and Roosevelt counties in New Mexico. It is understood that leases are being sought as far to the northwest as Santa Rosa, N. M.

None of the leases acquired here contain drilling contracts, it was stated.

June 26 Is Final Date To File Applications

It appears that a number of Parmer County farmers are likely to be caught by the June 26 deadline for filing applications for new farm wheat acreage allotments, so warned Joe Camp, Parmer PMA secretary, this week.

Jones said a 1951 wheat acreage allotment may be determined for a farm on which there was no acreage of wheat in 1948, 1949, or 1950, provided (a) the producer filed a written request for a 1951 allotment within the time specified by calling at the local PMA office; and (b) the land for which an allotment is requested is suitable for production of wheat and the producer can establish the fact that farm operations have changed to the extent that his system of farming in 1951 will require wheat.

Speaking of "old wheat" farms, Camp added such a term is applied to a farm on which there was wheat acreage in one or more of the years listed, with the base years to be used in establishing such allotments including 1946 through 1949.

Camp said it was very important that farmers file by the deadline in order to secure their wheat allotments.

ESCAPE INJURY IN CRASH

Mrs. Tom Paul McCaun and her son, John, escaped with slight injuries Tuesday afternoon when their car rammed into the rear of another machine as they were returning home from Muleshoe.

Mrs. McCaun explained that she was traveling behind another car when the driver of the lead machine suddenly stopped to pick up two chickens, feet tied together, lying on the highway.

Cleanup Drive Begins As Alleys are Cleared

Farwell's cleanup drive to eliminate weeds and accumulated rubbish was begun last Friday evening when a group of town citizenry under the direction of Robert Morton, Farwell FFA supervisor, burned piles of trash in several southwestern parts of the city.

ANNOUNCEMENT

Mayor C. M. Henderson announced that a drive would be staged tomorrow (Thursday) night for completion of the alley cleaning campaign. He said two trucks would be stationed in the south alley entrance between First and Second and Third streets. Beginning at 6:30, the trucks will be driven up the alleys, collecting debris until they reach Main. Mayor Henderson asked all citizens who are interested in cleaning up their premises to assist men manning the trucks by directing them to unwanted material. The mayor asked that nothing of value be left in the alleys.

Morton said this was the first move in a series of actions designed to clean the city up for the summer months, and added that other drives were planned for the future. The chief objective of Friday evening's work was to clear alleys for the passage of fire trucks and weed mowers.

LEWIS TRANSFERRED

Word has been received here to the effect that Pfc. S. N. Lewis Jr. has been transferred from Briggs Field, Texas, to Castle Field, Calif.

Conservation Officials Warn of Impending Dry Weather Threat to Farm Lands

Supervisors of the Parmer County Soil Conservation District at their regular monthly meeting Monday at Friona discussed at length the solid conditions of the district with regard to possible wind erosion hazards.

Present solid conditions, they agreed, due to abnormally dry weather during the past winter and spring, leaves land within the district subject to dangerous blowing, able that unfavorable moisture continue.

They agreed that it is highly probable that unfavorable moisture conditions may hinder establishing, as it has in the past, successful stands of wheat in many areas early enough to protect the land against blowing through the hazardous months of early fall and winter.

Furthermore, they pointed out, there is every indication that wheat allotments are almost certain for the coming year. This will mean a certain number of acres on each farm in compliance with the PMA program.

With this in mind, the Supervisors

recommended that acres not allotted to wheat be planted to sorghums at the first opportunity in order that a cover crop might be established. If a cover is provided on those lands not seeded to wheat, the possibility of large-scale blowing can be somewhat reduced, the Supervisors pointed out.

Chisling was recommended where wheat fails to provide sufficient cover, in order to help hold the land, they said.

"Farmers of the Parmer County Soil Conservation District have the knowledge and the means to control serious damage that they did not have in the 30's... all we have to do is use them," said Buddy Jones of this city, a member of the Board.

Another highly recommended practice is the use of stubble mulch tillage on both sorghums and wheat land. This can be done with any sweep type implement, generally available on every farm in the country.

Those present for Monday's meeting were Henry Ivy, Buddy Jones, and H. T. Reynolds.

FROM THE HOPPER

By HOP

If you have ever wondered why we have those dreadful sandstorms in this country, you need only take a plane ride over the High Plains. When you are elevated a few thousand feet above the surface, affording a commanding view for miles in all directions, it is not difficult to understand why the sand blows in the New Mexico and Texas Plains country.

As far as the eye can see, field upon field of cultivated land, barren of any vegetation and natural windbreak, and as level as a dancing floor, greets your eye. When you get off the Caprock, trees, gullies, and grassland stretch in all directions to afford a cover protection to the land.

Winds blow in the lower sections just as they do here, but nature has provided the land with a protection that keeps the soil from blowing.

Fort Worth proved to be a gracious host city to the Texas Press Association meeting, held there last weekend. Entertainment and interesting sight-seeing tours had been arranged for the 450 newspaper men to such an extent that many of the older fourth-estates could not stand the gaff of taking it all in.

To this columnist, the visit to the Swift & Company plant was the highlight of the entertainment. But a large majority of the news boys voted the barbecue dinner at Amon Carter's Shady Oaks Farm as tops.

Amon Carter is recognized as the most entertaining host in the Southwest, and he certainly lived up to his reputation. The visit to the Swift plant thrilled us because as a lad of 13 years we worked on the killing floor at Swift's back in 1905.

It was a wonderful trip and Fort Worth endeared itself to the visiting publishers.

Now we've heard everything. In this week's issue of The Tribune a Methodist preacher is advertising frying-sized chickens for sale. Never thought we'd live to see that day. We never knew before that it was possible for a Methodist preacher to have more frying chickens on his premises than he could dispose of personally. Times do change!

Laws Named Coach At Lazbuddie School

Elected head coach for the 1950-51 season at Lazbuddie Schools this week is William R. Laws, announces Archie Sims, superintendent. Laws is scheduled to receive his bachelor of science degree from West Texas State College at Canyon in August.

The new coach has played and lettered on both football and basketball varsity teams, and has coached several independent teams while in attendance at West Texas.

Supt. Sims said Laws is at present associated with General Mills Company in Amarillo, but expects to assume his duties at Lazbuddie for the beginning of the coming school session.

TO GRADY—Rev. J. Terry, who has been pastor of the Oklahoma Lane Baptist Church for seven years, has resigned his pastorate and assumed new duties as Baptist pastor at Grady, N. M., June 11. He stated that he was moving his family to Grady next week. Plans for a new parsonage at Grady are already being considered, and he opined that it would be ready at an early date.

Stadium Construction To Begin Next Month

Work on the new Farwell Stadium is expected to begin next month, "around July 10," according to Jack Williams, superintendent of schools.

Supt. Williams said structural steel for the bleachers already was at hand, and concrete foundations were to be run by the school, probably next month. The school system will be responsible for the foundations and the seats. Contract for the stadium proper has been let to the Central Iron Works of Waco.

Estimated cost of the 1100-seat stadium is \$5500, plus cost of wood and concrete work by the school.

Fire Department Men Attend State Meet

Seven members of the Texico Fire Department were in attendance at the State Firemen's Association convention in Tucumcari the first of the week.

They included Otis Huggins, Perry Crawley, Willard Dykes, Jake Winkle, Rip Snodgrass, John Pace, and Orval Francis. The delegation, representing the local department, went to the convention Monday. Francis returned after that day's session, but the other six remained through Tuesday.

Francis reported that the association president said "one of the largest attendances in several years" attended the convention.

REPRESENTS TEXICO SCHOOL

Miss Jo Beth Engram, daughter of Mr. and Mrs. Edward Engram, is attending Girl's State meetings at ENMU in Portales. She is representing Texico Schools. While attending the meet, Miss Engram is being sponsored by the Furniture Mart in Texico.

Questions & Answers Given for Veterans

Q—I am receiving compensation for a 20-percent service-connected disability. I married two years ago and now have a wife and child. Am I entitled to an increase in payments because of dependents?

A—No. Only veterans whose service-connected disability is rated at 50 percent or more are entitled to increased payments for dependents.

Q—I was given a yellow discharge for my World War II service in the Army. Am I eligible for any benefits administered by Veterans Administration?

A—A yellow discharge from the U. S. Army is a dishonorable discharge, and under the law does not entitle you to any benefits administered by VA, unless it is established to the satisfaction of the Administrator that you were not sane at the time of the offense which resulted in dishonorable discharge.

Q. My NSLI premiums have been in waiver status for several months because I am totally disabled. Will VA notify me when the waiver is no longer effective and I must begin paying my premiums?

A. Your premiums will be in waiver status only as long as you are totally disabled. VA will notify you when total disability ceases.

Q. VA has been paying to lenders, on behalf of borrowers, 4 percent of the amount of the guarantee up to \$4,000 on GI loans. Will VA continue to pay the 4 percent on the new guarantees which may be as high as \$7,500?

POLITICAL ANNOUNCEMENTS

The State Line Tribune is authorized to make the following political announcements, subject to the action of the Democratic primary election in July:

For District Judge, 64th Judicial District: ROBT. (BOB) KIRK E. A. BILLS

For Sheriff, Tax Assessor-Collector: CHAS. LOVELACE (Re-Election)

For County and District Clerk: LOYDE A. BREWER (Re-Election)

For County Judge: W. L. EDELMON A. D. SMITH (Re-Election)

For Commissioner, Precinct 1: E. R. (EMMETT) DAY (Re-Election)

For County Commissioner, Pct. 2: C. H. (CHARLES) JEFFERSON GEO. TRIMBLE

For County Commissioner, Pct. 3: EARL F. BILLINGSLEY

For Commissioner, Pct. 4: H. L. IVY W. S. MENEFFEE (Re-election)

For District Attorney, 64th Judicial District: JOE SHARP

For State Representative: HAROLD M. LaFONT H. C. (Doc) BLANCHARD

For Congressman: LeROY LaMASTER

For County Treasurer: MRS. H. T. (Mabel) REYNOLDS

A. The law specifically provides that the amount paid to the lender by VA will be 4 percent of the first \$4,000 of the guarantee, or a maximum of \$160.

Thirty-three years usually constitute a generation.

FARWELL, TEXAS

Notes from the State Health Department

AUSTIN—It's a 50-50 bet that you have some sort of ringworm infection. Check to see. Chances are it will be in your scalp hair, on your groin, or on your feet—either on the soles or between the toes. If you don't find it, you're lucky, because while it isn't serious, its itching and persistence is very annoying.

A fungus—the same one that causes food to mold—causes ringworm. It's one of the world's most common ailments, with authorities estimating that half of the world's population is affected. It is more common this time of the year than at any other.

Animals get it too. As a matter of fact, cats, dogs, rabbits, mice, and fowls are frequently the source of infection in man. A child plays with an infected dog, the dog's hair brushes the child, and the child stands an excellent chance of ringworm infection.

The scales which are formed can cause new infections on the body, so an infected person has to be careful to keep it from spreading. Advanced cases exude a clear, runny fluid—it "weeps," as doctors say, and the fluid can cause breaking out wherever it touches on the body. Children are especially vulnerable to scalp ringworm. Epidemics usually are started in schools or institutions.

Swimming pools, locker rooms, and gymnasiums are potent sources of infection. Everyone has heard of "athlete's foot." It is nothing more than a type of ringworm. So is the so-called "barber's itch."

Preventive measures call for avoiding persons and animals known to be infected. Swimming pools, gyms, locker rooms, and the like can do their part toward ringworm control by boiling towels, swimming suits and their other public facilities for 30 minutes. Foot baths also are worthwhile.

The best thing to do is to keep clean at all times. But if you happen to get ringworm, or if you have it now, it will be better for all concerned if you report to your family doctor immediately. He'll recommend medication designed to shorten the course and lessen the severity of the infection.

SPUDS FOR ENERGY

Penny for penny, potatoes have more energy giving value than any other vegetable. When eaten daily, potatoes supply as much as one-fourth of the vitamin C quota as well as starch and some of the important minerals.

New Homes . . .

(Continued from Page 1)

But people became resigned to high costs. They were as inevitable as the renowned death and taxes blight. Mr. Familyman decided to build. Financially, times seemed pretty ripe, so he went ahead.

Of course, this is a hypothetical approach to the explanation of the Twin City building boom. The Texico and Farwell situation is not a great deal different from similar building programs in large cities—except for one thing. The trend in the metropolitan area is a move from the business to a more suburban area, while here we have a paradoxical farm-to-city migration.

Many Families Moved to Town

In fact, the great number of new homes being erected here are for rural families who have moved to town. The logical explanation for this situation is the machine age, where transportation to and from the farm is rapid, efficient, and convenient.

The years following the war have been prosperous ones for the agricultural businessman. Especially has this been true of the wheat and small grain farmers of the Plains area. Bumper crop after bumper crop have swelled pocketbooks and raised gleaming elevators over the Plains that are the symbols of a thriving and prosperous territory.

So we built the new homes. For the most part, they are fashioned after the popular "ranch style" pattern, and the majority of them have followed a frame and brick-veneer pattern.

So, not without considerable misgivings, soon The Tribune will begin a series of feature articles dealing with Texico-Farwell homes and their owners. These articles will be about local homes that have been built within the past two or three years, since this period, generally speaking, is the one of peak building activity.

Homes are Low Silhouette

The misgivings we mentioned will be the pictures that are to accompany the articles. These new ranch-style homes, constructed in their extremely low ground-to-eve style, present a unique and exasperating photographic situation. The problem is to include the entire structure in the picture without having to retreat two blocks to bring the outer dimensions within scope of the lenses.

TEXAS 4-H MEMBERS IN 'DEMONSTRATION'—Representatives of 4-H Clubs from all over the Lone Star State position themselves in a symmetrical pattern depicting 4-H Clubs and the 5-point Texas star at the State Roundup in College Station last week. Included in the picture are two Parmer representatives, Leon Langford, Farwell, and James Tidenbrg, Bovina.

Burkhalter Is Prexy Of Historical Society

WACO—Frank B. Burkhalter, professor-emeritus of journalism at Baylor University, was elected president of the Baylor Historical Society at its recent meeting here. Judge Royston C. Crane of Sweet-

We considered the new wide-angle lens as a possible solution, but were reminded of the fact that home owners might resent their abodes craved and distorted at the outer edges. That's the drawback to the wide-angle lens.

The new homes will be considered in alphabetical order, beginning in forthcoming editions of The Tribune.

water, son of one of the university's early presidents, was named vice-president, and Mrs. G. B. Darby of Waco, secretary-treasurer.

The organization serves to collect early history of the 105-year-old Baptist school. Among its current projects are the restoration of pillars of the original administration buildings on the Baylor campus at Independence, the publication of a picture history, and the collection of memorabilia on the school's presidents.

Santa Fe Grain Company Adds Morris to Staff

Santa Fe Grain Company announces the addition to its staff of Frank Morris. Mr. Morris will head the new seed division of the company which has been formed to serve the growers of the area, both as a source for seed and as a merchandising point for the producers.

Morris is a graduate agronomist of Texas A. and M. College, and has been employed as a seed analyst for one of the larger grain and seed companies in Fort Worth. During his years in college, he worked at the experimental station of the seed testing laboratories of the Texas State Department of Agriculture un-

Hospital Notes

Admitted to Parmer County Community hospital last week were: Mrs. Bertie Stowers, medical, Friona; Mrs. Ralph Durstine, medical, Friona; Betty Zon Ashcraft, surgery, Friona; Mrs. R. S. Johnson, medical, Bovina; Mrs. J. M. Vestal, medical, Bovina; Mrs. A. L. Carlton, O. B., Friona; Merylene Massie, medical, Friona; Mrs. J. A. Richards, medical, Bovina; and Irene Drager, medical, Friona.

Dismissed

Mrs. C. L. Mercer, Friona; Mrs. O. J. Ingram, Friona; Mrs. J. A. Tarp-ley and baby girl, Friona; W. C. Williams, Lazbuddie; Mrs. Charlie Jones, Friona; Mrs. J. M. Vestal, Bovina; Mrs. Ralph Durstine, Friona; Mrs. Annie Aragon, Friona; Mrs. George Grant and baby boy, Friona; Thurman Barnett, Friona; and Mrs. R. S. Johnson, Bovina.

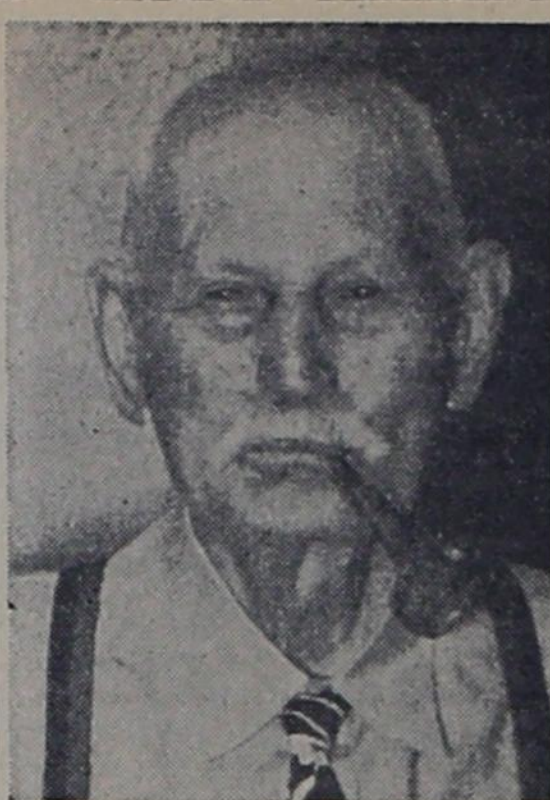

der Dr. Reynolds, and in addition to his work with grains he has also done considerable research on range grasses.

He plans to set up a complete testing laboratory for a comprehensive and thorough testing of seeds, and will make his services available to any and all producers who would like to make use of his knowledge and experience. He hopes to encourage the production of certified seed in this area, and to build up a volume of supply that will warrant extensive export into other sections of the country, in addition to serving the seed requirements of this immediate area.

In the formation of this new seed division, Leo Potishman, president of Santa Fe Grain Company, states that he has always felt that the Parmer County area had a great potential as a seed producing area, not only in field seeds but also in seed wheat. The prestige that wheat grown in this area holds in its desirability by the mills bears out his contention. Mindful of the progressive nature of the growers of this area, and their search for new outlets for their production, he hopes that the creation of this new department, and the presence of a seed specialist whose services will be available to all growers, will encourage and assist the development of this area into an important seed producing center. He said the creation of this testing service will guarantee to the growers that the seed they purchase is of the highest quality, and complies with all specifications.

Mrs. J. L. Nally went to Amarillo Wednesday to visit in the home of her son, D. H. Nally.

Mrs. Tommy Fain, Dallas, is spending the week in the home of her parents, Mr. and Mrs. Sam Randol.

NEWEST OCTOGENARIAN—That's T. J. "Uncle Tom" Randol who passed his 80th birthday Tuesday at his residence in Farwell. Uncle Tom has been a pioneer of this area since 1903.

Bakes Cake for His Own Birthday Event

J. T. (Uncle Tom) Randol was determined that his 80th birthday wouldn't pass without some kind of celebration, so on last Tuesday he got up somewhat earlier than usual and baked himself a cake, commemorating the event to his complete satisfaction.

Uncle Tom, who has lived alone since the death of his wife a few years ago, lives in his little home on the back of the premises of his son, Sam Randol, in this city. He prefers this to "imposing on the children."

Sitting in a raw-hide bottom chair, which he says is more than 100 years old, near the front of his "shack", Uncle Tom recalled some of his experiences. He said that the 100-year-old chair was one of the few household effects his mother saved when fire destroyed their home before he was born.

He is the last surviving member of his family of three brothers and two sisters. All three of his brothers met tragic deaths. His oldest brother was found dead close to his wagon near Memphis, Texas in 1902. The cause of his death was never known, but it was believed that he was crushed when he fell from his wagon.

Another brother was killed in a cyclone 7 miles east of Fort Worth, and the third was killed by an accidental gunshot, when, as a lad, he was hunting with another boy. Both his sisters died natural deaths.

With his family, Uncle Tom came to New Mexico from Taylor County, Texas, in 1903, and settled on a homestead southwest of this city, where he lived until the death of his wife. At the time of leaving his homestead, Uncle Tom had lived there for a total of 45 years.

Talma Randol Honored With Bridal Shower

Talma Randal, bride-elect of Raymond Robertson, was honored at a shower Thursday afternoon at the home of Mrs. W. E. Martin.

Hostesses were: Mrs. John Holland, Mrs. Vic Venable, Mrs. O. C. Pullam, Mrs. Ethal Thomas, Mrs. W. E. Martin, Mrs. Ted Sheets, Mrs. W. T. Meeks, and Mrs. Harry Sheets.

A pink and white color scheme was used. A floral arrangement of rosebuds and daisies formed the centerpiece. White cakes with pink icing and pink punch was served by Pauline Sheets and Dorothy Pullam. Hettye Nann Randol presided at the guest book.

Mrs. Sam Randol, the bride-elect's mother, and Mrs. R. W. Robertson, mother of the bridegroom-to-be, assisted the bride-elect in opening the gifts. Hostess gift was a pair of crystal candle holders.

Those attending the shower were: Maxine Ford, Ann Bateman, La Moin Williams, Jo Ann Williams; and Mesdames Johnnie Williams, Grayson Roberts, J. H. Stone, W. J. Matthews, Ernest Cain, B. O. Faville, E. M. Roop, W. W. Stall, J. A. Stone, Preston Martin, and V. C. Venable.

Out-of-town guests were: Mesdames L. A. Cantrell, Calvin Byars, R. W. Robertson, H. W. Jennings, B. P. Davis, Albert Magerus, Bert Reynolds, all of Clovis; Mrs. J. R. Fain of Dallas and Mrs. Frieda Locker of Muleshoe.

Many friends, who could not attend the shower, sent gifts.

Mr. and Mrs. M. L. Wood from Muleshoe spent Sunday with Mr. and Mrs. Felix Monroe in the home of Mrs. J. L. Nally.

Aubrey Brock Returns To Bovina Lumber Job

Aubrey Brock is back at his old job at Bovina after an absence of 23 months.

Brock, who was manager of the Cicero Smith Lumber Company at Bovina for a number of years, was transferred to Littlefield as manager of the company yard there twenty-three months ago, being succeeded at Bovina by R. C. Martin.

Last weekend, the Brock family returned to Bovina from Littlefield, and he is now back in charge of the Cicero Smith interests at Bovina. Martin was transferred to Level-land.

A new and greatly enlarged lumber yard at Bovina has been under construction by the Smith Company for the past several months, and Brock stated when interviewed this project was due to get underway "within the next week or ten days." The new yard will be located just east of the Sherley elevator, where the 80-foot road converges with Highway 60.

It will be one of the most modern lumber yards in this section of the country, according to plans already drawn and ready to turn over to the carpenters.

Brock said that Hubert Ellison, Bovina contractor and builder, would be in charge of the construction work.

Talma Randol Weds Raymond Robertson In Home Ceremony Sunday Afternoon

Miss Talma Randol, daughter of Mr. and Mrs. Sam Randol of Farwell, became the bride of Raymond Robertson, son of Mr. and Mrs. R. W. Robertson of Clovis, Sunday evening, at 6 o'clock in the Randol home.

Minister C. A. Lorts of the Central Church of Christ, Clovis, performed the double-ring ceremony.

Preceding the wedding march, Hettie Nann Randol, sister of the bride, sang "I Love You Truly" and "Oh, Promise Me." She was accompanied at the piano by Mrs. W. W. Vinyard, who also played the traditional wedding march for the ceremony.

An improvised arch of honeysuckle greenery and entwined roses flanked by tall cathedral tapers in floor candlebra formed the background for the altar. Baskets of white gladioli and pink shasta daisies completed the floral arrangement.

Mrs. J. R. Fain was her sister's matron-of-honor. She wore a gown of aqua net with shirred bodice and full skirt. Her corsage was of pink carnations.

Attending the bridegroom as best man was Calvin Byars. Candle lighters were Edgar Danklefs and J. D. Kirby.

Flower girls, Patsy Danklefs, niece of the groom, and Callalya Ann Roberts, niece of the bride, wore floor length dresses of blue and orchid organdy. They carried rose petals in lace net baskets. Ring bearers were Lillian Danklefs, niece of the groom, who wore a peach organdy dress identical to those worn by the flower girls, and Tommy Newt Cantrell, nephew of the bride.

Given in marriage by her father, the bride was attired in a gown of white satin designed with a silk lace yoke in front and back, fitted bodice, long sleeves extending into petal points, with small satin covered buttons on the back yoke and the sleeves.

The full skirt terminated in a court train. Her fingertip veil was attached to a crown of seed pearls. The veil, which also was worn by the bride's sister, Mrs. Fain, in her wedding, was the bride's choice for "something old."

"Something new" was the wedding

Junior Training Union Holds Party in Park

A party was held for the Junior Training Union of the Baptist church, Monday evening, at 7:30 o'clock in Farwell park.

The class had participated in a program contest with the understanding that the losers would treat the winners to a party. The group which presented the best program won.

Members of the winning group and guests for the party were: Phyllis Magness, Janet Branscum, Verlene Thigpen, Agrey Hapke, Glen Hardage and Dick Lockhart. Mrs. Joe McWilliams was sponsor.

Hosts for the party and losers of the contest were: Nadine Thornton, Naomi Hapke, Deon Branscum, Allen Lockhart, Truett Hardage, Jerry Potet, Rex Harris, James Roberts, and Mrs. John Lockhart, sponsor.

Two sponsors, who were unable to attend the party were: Mrs. Hugh Tucker and B. A. Kelley.

Members of the two groups, sponsors and one guest, Nelma Branscum, were served ice cream and cookies at the church.

Miss Venette Wood of Muleshoe spent the week end in the Felix Monroe home.

O. E. S. Has Obligation Program Thursday

An impressive obligation program by Woody McDermitt, worthy patron, was given at the Order of Eastern Star meeting Thursday evening at the Masonic Hall in Bovina.

Punch and cookies were served to 25 members and one guest by Janie Sides, Jewel Barry, and Nettie Rhineheart. The table was laid with a lace cloth with a centerpiece of flowers and candles.

The worthy patron sang "Faith of Our Fathers" at the end of the program.

All the officers wore new formal dresses.

Young People Attend Methodist Rally Sunday

Nine local young people attended the Methodist sub-district rally at Ranchvale Sunday afternoon.

A meeting of the young people in this sub-district is held the third Sunday of every month. A banner is given each year to the group with the highest attendance record. Floyd was given the banner for this year.

Those attending the rally from the Texico-Farwell church included Jerry and Rex Pool, Rosamond Booth, Jane Claire Overstreet, Sandra Bateman, Beth Thorpe, George Duncan, Nancy Aldridge, and T. W. Parton. Rev. Murphy Duncan accompanied the delegation.

The next rally will be at Floyd.

Returns Home

Mrs. Ann Overstreet returned home last week from a seven-weeks visit with Mr. and Mrs. Norman Glickman of West Orange, N. J. While here, she also visited New York and Atlantic City, stopping en route home for a visit with friends in Pennsylvania.

In Lewis Home

Visitors in the J. D. Lewis home in Texico this past week included his aunt, Mrs. A. T. Hough, Rio Hondo, Texas; and her daughter, Mrs. George Brown. The visitors were enroute to Mountainair, N. M.

On Vacation

Miss Evelyn Brown, daughter of Mr. and Mrs. D. J. Brown, is here for the final week of her 5-week vacation before resuming her studies at Baylor School of Nursing at Dallas. Miss Brown will receive her diploma after another 13 weeks of training.

Mr. and Mrs. Henry Montgomery of Littlefield spent the weekend in the home of his aunt, Mrs. J. C. Temple.

Mrs. J. C. Banks, Sr. and Mrs. Clyde Magness and daughter, Phyllis are in Lubbock visiting Mrs. Jean Partlow. Mrs. Partlow had a major operation Saturday and is reported to be getting along nicely.

THE TRIBUNE'S POLICY

The State Line Tribune will gladly use pictures of weddings on this page, providing participants are willing to pay cost of photography and engraving, which is normally \$4.50. Stories, of course, are free of charge, but the Tribune finds it necessary to finance pictures of this nature due to the high cost of engraving. Arrangements for a staff photographer should be made in advance, or the picture may be furnished by interested parties if desired.

TEXICO, N. M.

WED IN HOME CEREMONY—Talma Randol, daughter of Mr. and Mrs. Sam Randol of Farwell, was married Sunday afternoon to Raymond Robertson, Clovis, in a ceremony in the Randol home. Mr. and Mrs. Robertson are pictured here in the decorated living room immediately after the wedding.

Together for First Time in 33 Years

Mr. and Mrs. T. J. Massongill had as visitors in their home the past weekend, Gib Holder, Albert Holder, and John Finch, of Havana, Ark.

The Holders are brothers of Mr. Massongill and Finch is Mrs. Massongill's brother. The past weekend was the first time the brothers and sisters had been together in 33 years.

Party in Means Home

A birthday party for Mrs. H. Ross was given Father's Day in the Les Means home in Texico. Present at the affair, which was a combination birthday and Father's Day celebration for the dads present, were Mr. and Mrs. Jess Coburn of Farwell, and Mr. and Mrs. A. C. Green of San Jon, N. M.

Back to Camp

Raymond D. Lewis has returned to his camp at Moses Lake, Wash., after a 15-day furlough spent here visiting in the home of his parents, Mr. and Mrs. Sam Lewis in Texico.

Aubrey Sprawls and daughter, Darlene Kay, spent the weekend at Temple, Texas, visiting his son, Lt. Duane Sprawls who is attending an O. R. C. training course for two weeks at Camp Hood, Texas. Duane is an agricultural service representative of the Gulf States Utilities company of Beaumont.

C. S. Beiler and daughter, Barbara Sue, were visiting his daughter, Mrs. Marty Ezell, in Portales Sunday afternoon.

Family Picnic Held

The Magness family held a family picnic Sunday at Farwell park, in honor of Muggs Magness of Mancos, Colo.

Those attending were: Mr. and Mrs. G. W. Magness, Mr. and Mrs. J. W. Magness, Mr. and Mrs. Chester Magness and family, Mr. and Mrs. Tom Foster and family, Mr. and Mrs. S. O. Billington, W. T. Magness and daughter, Mr. and Mrs. Leon Magness, Mr. and Mrs. George Magness Bro. Sol Morgan, and Muggs Magness.

Visit in Vincent Home

Visiting in the home of L. R. Vincent in Farwell this week is his father, E. V. Vincent, and sister, Mr. and Mrs. Weldon Cross and son, all of Dallas. Joe Lindsey and son, also of Dallas, were visitors in the Vincent home Sunday.

Visitors Here

Mrs. Dessie Claiborne and daughters, Barbara Ann and Martha Rae of Fort Smith, Ark., are spending the week here as guests of Mrs. N. W. Peyton and daughters, Beth Ellen and Sharon Kay.

Mrs. Edna Paul of Carthage, Mo., was a breakfast guest of Mrs. Russell Johnson last Thursday morning.

Mr. and Mrs. Russell Johnson and family spent Sunday with Mr. and Mrs. Claude Curry who live north west of Texico. Mr. and Mrs. Frank Curry also visited in their home Sunday.

Miss Lorraine Dykes of Lubbock spent Father's Day here with her parents, Mr. and Mrs. Homer Dykes.

Miss Frankie Harris visited her parents, Mr. and Mrs. A. W. Harris, over the week end. Frankie is attending Draughn's Business College in Lubbock.

Organize Choir

The young people of the Texico-Farwell Methodist church have organized a choir. They sang in regular church services Sunday morning.

Choir practice is held every Wednesday evening at 8 o'clock at the church. Peggy Rogers is pianist for the newly formed choir.

Finally, a Boy

Mr. and Mrs. Othor Weingarth announce the arrival of their first son, born in a Clovis hospital Monday of this week. They have three daughters, and the young man is the first baby boy born to the couple.

License Issued

According to records in the county clerk's office, a marriage license was issued to Raymond Edgar Robertson of Clovis and Talma Lee Randol Thursday, June 15.

Mr. and Mrs. R. D. James of Los Alamos, N. M., visited last week in the home of Mr. and Mrs. Perry Crawley. Donna Crawley returned home with them for a visit.

Mr. and Mrs. Travis Brown, Miss Ysleta Brown, Mrs. Ray Ford and son, Butch, returned Friday from a week outing at Cows, N. M. They joined a number of other friends for a house party for a week.

Mrs. Fred Sheets is visiting Portales with her daughter, Fred Erwin.

Mrs. A. R. Bateman and Ann attended the wedding of Helen Aker and Austin Rose in Hereford Sunday.

Mr. and Mrs. J. T. Terrill of Lubbock visited in the home of her mother, Mrs. Willie Lovelace, over the week end.

Dispirited Vacationist Deplores Tire Changes

Editor's Note: The following blow-by-blow account of a bout with a flat tire was written by a Tribune staff member, who, being a benevolent soul, deemed it advisable that he warn car owners of the hardships and horrors of grappling with a new, streamlined, ultra-unfunctional automobile. He says he wishes he had an old Model T with detachable rims.

A Study in Self-Control: THE NOBLE ART OF CHANGING A TIRE

Among the many developing 20th Century cultures is the new and intriguing one becoming familiar to every owner of a four-wheeled vehicle boasting pneumatic casings—the noble and refined art of changing a tire. "Change a tire?" you laugh. "Simple as A-B-C, boy!"

Oh yea? And when was the last time you changed one? Come on now, tell us how you take the easy way out by phoning an S. O. S. to the nearest garage when you discover a deflated shock soaker (probably after noticing a decided left-hand pull in the wheel for three blocks), and tell us how you duck into the nearest ice cream parlor and survey a uniformed mechanic sweating with your flat under the mid-afternoon sun while you sip chocolate sodas.

As simple as A-B-C? Delusions of the grandest order, my good fellow! Just wait, for instance, until the next time you take that shiny 1950 monster with the wrap-around fenders, bumpers, et al, on your vacation to Arizona.

There you are, swishing down the road just as the page ad promised you would, with not a worry in the world. Your radio is soothing those tattered business nerves like an S. P. C. A. patron strokes a Maltese cat, you are breathing deeply of a 25 cent Havana special; you, your wife, and the kids are all comfortable thanks to the \$200 Little Ice Cube air conditioner, and the Arizona wasteland is whisking by at an unbelievable speed in the neighborhood of 70 miles an hour.

Feeling pretty good already, aren't you? Ah yes, it is indeed a wonderful car—but suddenly something seems amiss . . . the wheel loses its wonderful Built-in-Liveliness it med for.

The rear end begins uncontrollable gyrations from bar pit to bar pit—definitely as not advertised in the new Blurb.

"Gad, something's wrong here—better stop and take a look," you mumble to your wife as you effect as dignified a halt as possible. "Probably just this tricky Arizona wind," you consolingly assure yourself as you step out into a wall of shimmering heat.

Nope, nothing up front. Now how's about the back . . . oh, oh. A flat. Well, nothing to do but change it, I suppose. "Won't take but a jiffy, dear," you say to the little lady. "Hand me the keys. No, don't let Junior out. We'll be leaving in a minute."

Gad, but it's hot out here. Let's see. Where are those blasted tools? You smile. There they are—all neatly tied in a bundle, ready for use. Ah, instructions, too! This modern age thinks of everything.

(Reading the instructions): "Since the Snuperonic eight has a special transmission designed for maximum practicability, it has been equipped with a special locking device which prevents rolling on downgrades or while changing a tire. Scotchlocks are not necessary! Merely place the shift lever in "park" position, and proceed with changing the tire."

That's good, you agree, gazing out at the rockless terrain. "Darling, put the car in park position, will you? Gad, but it's hot out here! Le'see now, "First, remove the fender skirts. You will find these easily detachable on your Snuperonic Eight. Merely reach under the bottom edge and you will feel the eight Snuperonic screws designed for your convenience."

Sounds simple enough. Now reach under here . . . ugh . . . like this . . . good heavens! What's this horrible black stuff? Road tar! That new strip of pavement a mile back! Now . . . where are those knobs . . . ah yes, just as it said. Le'see—"Twist gently but firmly to the left . . ." My thumb! Look at that bloodblister. Nearly pinched it off. Gad but it's hot out here.

"How are you coming, Darling?" the little lady calls.

"Oh, no trouble at all, Honey. Be with you in a jiffy. These Snuperonics have everything down pat."

Darn such a contraption. Ah, there it comes. Now the entire wheel is out. Convenient, that's what I call it. Le'see now. "Place the new and improved Snuperonic bumper jack nearest the side desired to raise, insert handle, and . . ." Boy they give explicit instructions for everything an idiot could change a flat on a Snuperonic.

Oh, there she is. "Now adjust the slip Snuperonic bumper hook proceed with elevation until at red height." Oh, oh. What now? Bumper's too low. Maybe it'll fit if we shove it over off the pavement like . . . ah, just right.

Now . . . up she goes . . . one, two, one, two. Just like the exercises at rest camp. Gad, but it's hot.

"Darling, the car is tipping up in the back end. Is everything all right?"

"Sure, sure. Practically through, Honey."

I'll be darned! The jack's pushing into the ground. Just a little more to go, though. It said the Snuperonic jack was guaranteed to raise 24 inches. Ah, there we have it, the wheel's coming clear of the ground . . . just a little more . . . "Alice! Good heavens! Step on the brake quick!"

"Now look what's happened! I thought you put the car in "park." Why did you leave it in "drive?" No wonder is rolled forward. Your carelessness may have cost us a tire!"

Well, we'll get it right this time. Make sure the transmission is locked. There, that will hold. Now . . . I've about mastered the jack. It shouldn't take long the second time. Ah, she's going up already. Now then, a little more . . . just right. Where's the lug wrench?

"There. That wasn't hard at all, Alice. Now all I have to do is let down the jack and we'll be away. I'll sure be glad to get rolling again. It's awful hot out here. No, don't let him out now. I'm practically done."

Le'see. "Turn the dial to 'down' position and the new Snuperonic will automatically lower itself gently to the earth." Ah . . . there we go. Down she comes. What a relief. Gad, it's still going down! And down! Oh no!

"Alice! Our spare's flat! What will we do?"

Yes, as simple as A-B-C.

QUESTIONS POUR IN

PLAINVIEW—From as far as Burma come questions about Bill Ebbs' siphon tube.

Ebbs, a former student at Wayland College, invented this siphon tube, an improvement to aid irrigation farmers. Profits from the invention will go to the college.

A. C. Munro, of Burma, Rangoon, wrote for further particulars on the invention after reading about it in The Reclamation Ear.

Happenings at Friona

ABIE CRUME, correspondent. Phone contributions to 2791.

Special Meeting Is Planned By WSCS

A special meeting of the WSCS of the Friona Methodist Church is to be Tuesday, June 27, when representatives from the Bovina society will be guests at a meeting commemorating the 10th anniversary of the WSCS.

Prior to merging of the North and South branches of Methodism, the ladies' society was known as the "Missionary Society," and 1950 denotes the 10th year of the organization of the Woman's Society for Christian Service.

The Bovina society is to furnish the birthday cake, which will bear ten small candles and one large one, which will be lighted by Mrs. Jake Lamb, leader of the day's activities, as she speaks on "And One to Grow On." The meeting is to begin at 2:30.

"You Are the Light of the World" is the topic to be discussed by Mrs. J. T. Gee, while Mrs. Johnnie Blackburn will have charge of the meditation, taking the scriptures from Ph. 1. 2:13, and speaking on "Who Lives In You."

Locals Will Attend Song Festival June 23

Delegates from all Baptist Churches in the Tierra Blanca Association will assemble in Friona Thursday of this week, June 22, for a workers' conference, the meeting being scheduled to get underway at 10 a. m. and continue through the afternoon.

"Growing In the Graces of God" is the theme for the meeting. The local church will serve the visitors at the noon hour.

Friona Church Will Be Host Thursday

Representatives of the Friona Baptist Church will be in Plainview Friday night of this week, June 23, when the district song festival is to be staged, it was announced Monday by Rev. T. B. Allen, local pastor.

The various contestants will be

entered in vocal solos, trios, and quartets, along with hymn piano selections, and winners will be announced at the conclusion of the activities, which get underway at 3:30 in the afternoon.

Tentatively planning to represent Friona are Mrs. Roy Miller, Mary Lou Miller, Deann Buske, Denice Magness, Joyce Ann Miller, Sandra Brock, Betty Agee and Beverly Sue Jones.

Remodeling Started On Grade School

Nelson Construction Company, contractors, last week began remodeling work on the Friona grade school, which, when complete, will give the grammar department four additional classrooms.

Supt. Dalton Caffey said this week that the old auditorium in the building was to be converted into badly needed classrooms, and in addition, new floors will be added throughout the building, stairways will be revamped, and other improvements made. The work, he added, is due to be completed by time school opens in September for the 1950-51 term.

On the other hand, construction work on the building which will house the new high school auditorium and gymnasium has not been started, due to the fact that structural steel has not arrived, Caffey said.

The BMFP Company of Lubbock holds the contract for erection of the new building, which will be situated between the current grade and high school plants. A separate auditorium and gymnasium is listed on the blueprints, connected by a lobby, with both departments under one roof. The new gym will seat some 1500 fans, while the seating capacity for the auditorium has been listed at 1021, the superintendent explained.

The contract for the gym-auditorium building calls for a period of 320 days from the time the contract is let, and Caffey added that it was hoped that the auditorium would be completed in time for graduation festivities next spring. The gymnasium will not likely be in use before the 1951-52 term.

Work Progressing On New Baptist Church

Construction work on the new Friona Baptist Church is progressing "slowly but surely," with the basement being complete and the foundation practically finished the first of this week.

G. G. Gilliland is contractor for the edifice to be added to the list of new churches over Parmer County, and the building is to be 52x133 feet. A large auditorium, with seating capacity of around 500, will occupy the major space, with some educational facilities and offices at one end of the church, Rev. T. B. Allen, pastor, reported today.

The structure is tile and brick, he added, with the basement to be used for the installation of central heating and air condition units. The old church building will be converted into rooms for Sunday school work.

SUPERINTENDENT SPEAKS

Dr. Earl G. Hamlett, newly appointed superintendent of the Amarillo district of the Methodist churches, was a special Father's Day speaker on Sunday at the Friona Methodist Church. During the afternoon, Dr. Hamlett was in charge of quarterly conference. This is the superintendent's first visit to the local church since his recent appointment.

HERE WITH RELATIVES

Mr. and Mrs. Byran Hughes and Mrs. Townley Redfern and daughters, Mary Jo and Betty Jane, arrived here Saturday from their respective homes in San Bernardino, Calif. The Hughes continued their trip to Oklahoma City Monday while Mrs. Redfern and children plan to spend a month visiting her parents, Mr. and Mrs. T. B. Armstrong, and her sister, Mrs. E. R. Day.

Other visitors in the Day home during the weekend were Emmitt Jr., who is employed in Skellytown; and Miss Tila Rue Day, who is employed as nurse's aide at the Deaf Smith County Hospital in Hereford.

IN ANTHONY HOME

Mrs. Mae Gourley and Mrs. Mary Steinkovitch, both of Los Angeles, Calif., were overnight guests Thursday in the home of Mr. and Mrs. J. K. Anthony, north of town. The two visitors were on a month-long vacation, having gone by boat from Seattle to Vancouver, Canada, before coming back through the States. They planned a visit in East Texas and New Mexico as they continued their trek back to California.

REVIVAL DATE SET

The summer revival services at the Friona Baptist Church are slated to begin Sunday, August 13, continuing through a two-week period, Rev. T. B. Allen, pastor, said today. The evangelist for the meeting has not been named to date, but will be selected shortly, the minister added.

Mr. and Mrs. Wesley Cunningham and family visited in Hereford Sunday afternoon.

Robason Brings In First Wheat

Dudley Robason received a premium price for the first load of wheat brought into Friona from the 1950 harvest, G. Cranfill, manager of the Santa Fe Grain Company, reports.

Robason's initial load tested 57 pounds with 14 percent moisture content. The grain was sold at \$2.25 per bushel, Cranfill said, adding that Robason estimated his average yield this year at around six bushels per acre on dry-land wheat.

Little wheat will be harvested this year in the Friona area, with Cranfill wryly admitting that he didn't expect to see trucks waiting in line this season. J. H. Boyles estimated his yield on irrigated wheat at "around 10 bushels," while Calvin Tally expected to run from "10 to 12 bushels," also on irrigated land, Cranfill said.

Some irrigated fields have shown initial cuts of around 18 bushels per acre, but there is not sufficient acreage of wheat-under-water to give the country even an average yield this year, grain men believe.

High Winds, Rain, Hail, Hit Friona

High winds and hail which did some damage, along with almost an inch of rain, hit the Friona area shortly before dark Sunday evening.

Farmers in general over the vicinity report an inch or more of moisture, which fell rapidly and reports of a small twister have also been heard, although no serious damage appears to have been sustained.

A small funnel was seen north of town, which apparently never dipped to the ground in the area, and residents in town reported strong twisting winds which ripped limbs from trees. At the Eric Rushing farm west of town wind damage to small outbuildings was reported.

Oscar Pope reported an apparent small twister, when tin sheeting was

ripped from his barn and twisted out of shape.

Scattered hail also fell over the area, but little damage was listed other than to young garden crops. Wheat fields—what few there are—suffered some damage from the high wind and blowing rain, but harvest in most cases was resumed early in the week.

FROM WASHINGTON

Mrs. Everett Harry and daughters and Mrs. Bill Guyer, all of Spokane, Wash., are visiting in the home of Mr. and Mrs. C. M. Jones.

Estes Bass and son Charles left

the past Wednesday for Missouri, where they will visit in the home of his parents, Mr. and Mrs. W. A. Bass, for several days.

Mr. and Mrs. Lee Renner and son, Dickie Lee, visited relatives and friends in Friona during the weekend. The Renners, formerly of this city, now reside in Farwell.

FAILURE CAUSES

Improper roof and ground drainage are cited causes for failure in farm buildings. Keep water away from the foundations and parts of the buildings near the ground.

Storage and More of It At Friona, Black

There will be no lack of storage facilities for wheat and grain crops at Black and Friona, according to present indications.

With the new elevator at Black, owned by Black Grain Company, already in the throes of expansion, and a new 18-tube addition to the Friona Wheat Growers elevator at Friona, no trouble is anticipated in handling grains for storage.

G. B. Buske, of the Black Grain Company, said Sunday that a 250,000-bushel unit is being added to the elevator there, which was recently completed with a storage space of 200,000 bushels. The first unit received its first loads of wheat the past week, with Bruce Parr trucking in several loads on Wednesday, Buske added.

Pete Braxton is manager of the Black elevator, and Johnson and Sampson, of Salina, Kans., hold the contract for the entire work, with the new tubes to be ready to receive grain in about the time harvest gets underway this fall. The two sections of the elevator will be operated by a single set of machinery, officials explained.

At Friona, work is in the final stages on the 6,000,000-bushel addition to the Friona Wheat Growers plant, which will boost the total capacity of the elevator, in both concrete and metal units, to 1,300,000 bushels, officials reported.

Last year, a 1,000,000-bushel concrete addition was made to the elevator, and is currently full of grain on storage. The remaining storage was available in the original units on the property. Arthur Drake is manager of the elevator.

Sub-District Meeting Held Thursday Night

A regular sub-district meeting was held in the Friona Methodist church the past Thursday evening, and the 75 attendants included representatives from Methodist Youth Fellowship groups at Oklahoma Lane, YL, Progress, Muleshoe, Bovina, Lazbuddie, and Friona.

Games were played after a short business meeting and the specialty of the evening was the "Womanless Wedding" presented by the entertaining group. Refreshments were served at the conclusion of the evening.

Mr. and Mrs. Forrest Osborne are sponsors of the Friona fellowship.

BAYLOR ADDS TEACHERS

WACO—Two additions to the Baylor University Spanish department faculty have been announced by President W. R. White. They are Miss Mildred Boyer, a member of the summer faculty of the University of Puerto Rico, and Thomas F. Walker, a member of the Spanish staff at the University of Texas.

Both received their bachelors and masters degrees from Baylor and have been working on the doctorate degree at University of Texas.

DOUBLE-DECKER BED

A double-decker bed may be the answer to your problem of providing an extra bed for the son's bedroom or for the summer cottage.

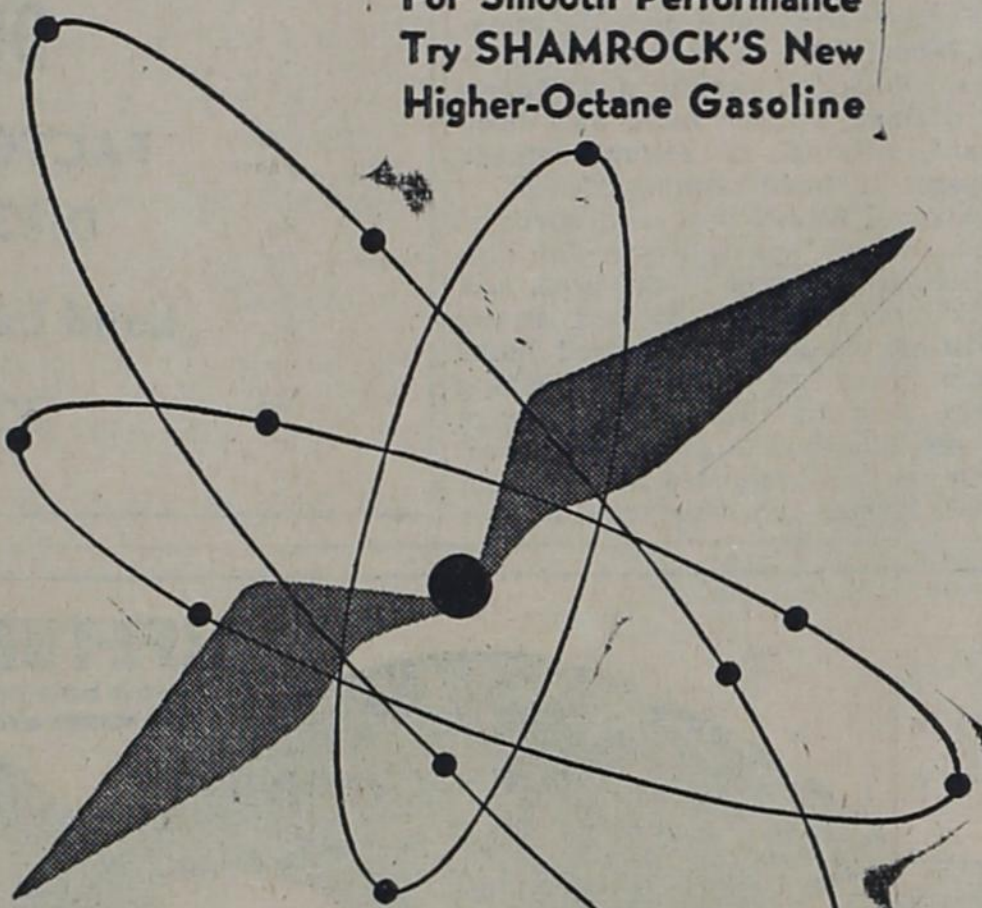

Judging from those personal income questions the census-takers will ask, they'll be known as counter spies.

The word "tax," the dictionary says, is taken from the Latin "taxare," meaning "to touch sharply"—Any comment?

The poinsettia can be planted in the yard after danger of frost is past. Better protect from the sun by planting in a semi- or shady area.

LEGAL NOTICE

**CITATION BY PUBLICATION
IN DELINQUENT TAX SUITS
THE STATE OF TEXAS
COUNTY OF FARMER**

In the name and by the authority of
The State of Texas.

Benjamin A. Crane, Mrs. Benjamin A. Crane, Jennie M. Pettyjohn and her husband, Mr. Pettyjohn; whose residences are unknown, the heirs and legal representatives of all of the aforesaid parties, deceased, whose name and residence are unknown, and the respective unknown heirs and legal representatives of all the above named parties, defendant, and their heirs and legal representatives, the unknown owner or owners of the hereinafter described property and their heirs and legal representatives, whose names and places of residence are unknown, and any and all other persons, including adverse claimants, owning, or having, or claiming any legal or equitable interest in or lien upon the hereinafter described property delinquent to plaintiff herein for taxes.

YOU ARE HEREBY NOTIFIED that suit has been brought and is now pending in the Honorable District Court, 64th Judicial District, Farmer County, Texas, wherein the State of Texas, County of Farmer, and Farwell Consolidated Independent School District is/are plaintiff; City of Farwell is/are impleaded party defendant; and Benjamin A. Crane, Mrs. Benjamin A. Crane, Jennie M. Pettyjohn and her husband, Mr. Pettyjohn is/are defendants, by the filing by said plaintiff of a petition on the 16th day of June, 1950 and the file number of said suit being No. 1219 and the nature of which is a suit to collect delinquent ad valorem taxes on the following described property, to-wit:

Lots 1 to 3, Block 34, Original Town of Farwell, Farmer County, Texas, together with interest, penalties, costs, charges, and expenses of suit which have accrued and which may legally accrue thereon.

The amount of taxes due each plaintiff, exclusive of interest, penalties and costs is as follows:

State of Texas	\$7.79
County of Farmer	10.05
Farwell Consolidated	22.58
Independent School District	
TOTAL	\$40.42

The names of all taxing units which assess and collect taxes on said property not made party to this suit are City of Farwell, which is made party plaintiff. Plaintiff and all other taxing units who

may set up their tax claims herein seek recovery of delinquent ad valorem taxes on the property hereinabove described, and in addition to the taxes all interest, penalties, and costs allowed by law thereon up to and including the day of judgment herein, and the establishment and foreclosure of liens, if any, securing the payment of same, as provided by law.

All parties to this suit, including plaintiff, defendants, and intervenors, shall take notice that claims not only for any taxes which were delinquent on said property at the time this suit was filed but all taxes becoming delinquent thereon at any time thereafter up to the day of judgment including all interest, penalties, and costs allowed by law thereon, may, upon request therefor, be recovered herein without further citation or notice to any parties herein, and all said parties shall take notice of and plead and answer to all claims and pleadings now on file and which may hereafter be filed in said cause by all other parties herein, and all of those taxing units above named who may intervene herein and set up their respective tax claims against said property.

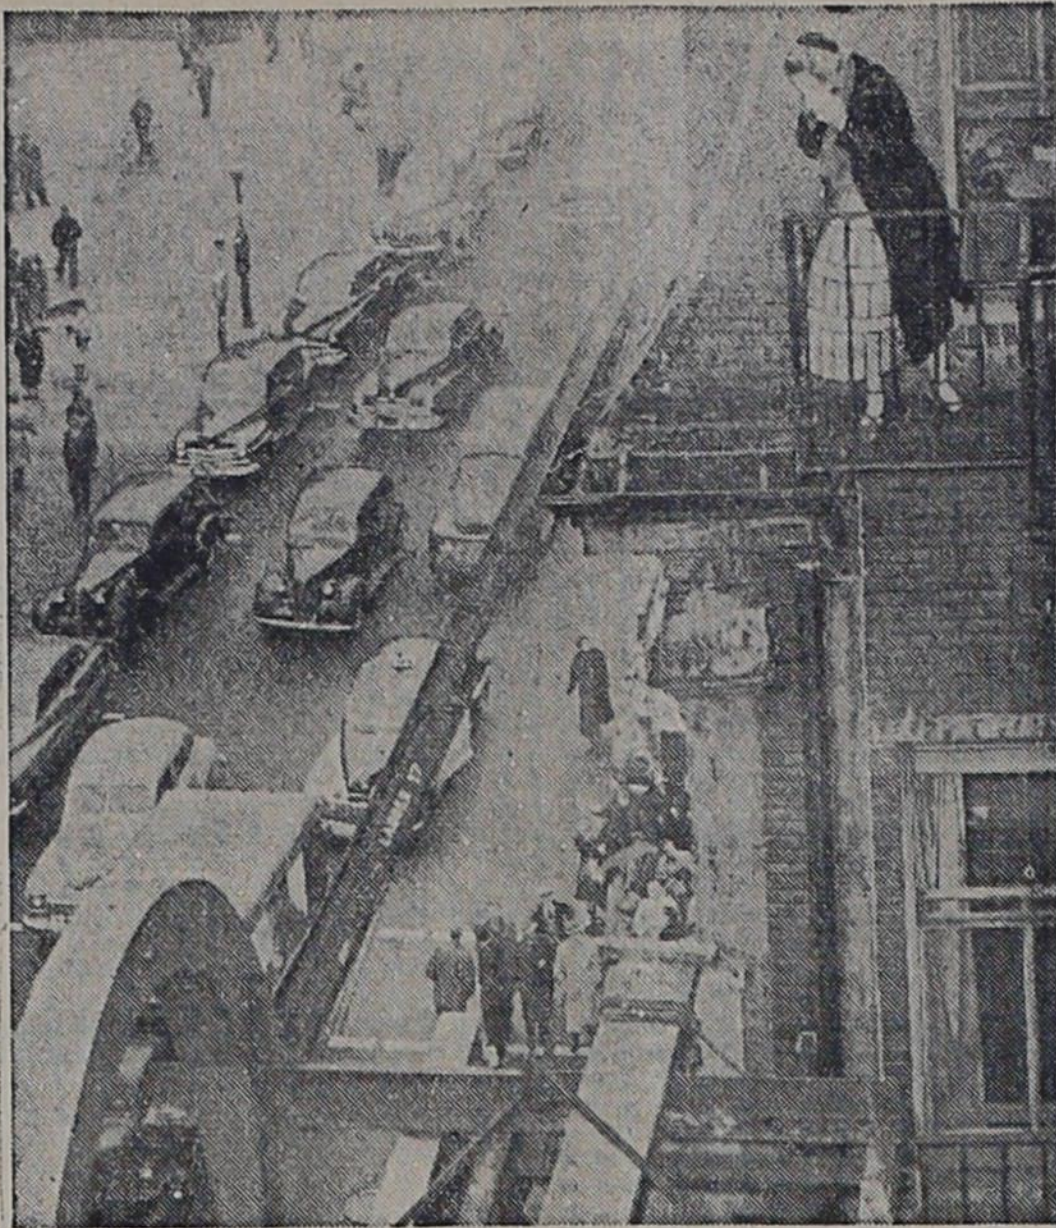

You are hereby commanded to appear and defend such suit on the first Monday after the expiration of forty-two (42) days from and after the date of issuance hereof, the same being the 31st day of July A. D. 1950 (which is the return day of such citation) before the honorable District Court of Farmer County, Texas, to be held at the courthouse thereof, then and there to show cause why judgment shall not be rendered for such taxes, penalties, interest and costs, and condemning said property and ordering foreclosure of the constitutional and statutory tax liens thereon for taxes due the plaintiff and the taxing units parties hereto, and those who may intervene herein, together with all interest, penalties, and costs allowed by law up to and including the day of judgment herein, and all costs of this suit.

Issued and given under my hand and seal of said court in the City of Farwell, Farmer County, Texas, this 16th day of June, A. D. 1950.

LOYDE A. BREWER
Clerk of the District Court.
(Seal) Farmer County, Texas
64th Judicial District.

If this citation is not served within 90 days after its issuance, it shall be returned unserved.

Dates for the State 4-H Judging and Demonstration Team contests and Round-up, June 12-14. Annual Agricultural Extension Service conference, June 15-16. Both will be held at Texas A&M college.

PANIC STRICKEN . . . Panic stricken in fleeing from a fire which routed 60 persons in Boston, a woman stands on a fire escape pleading for aid from firemen below. Firemen led occupants from six stories of the building down into the street. The woman is an employee of a beauty salon in the building which was located on Avery street. Fire fighters believed that the conflagration started in a ventilating shaft on the third floor.

**Notice of Meeting of
Board of Equalization**

THE COMMISSIONERS COURT OF FARMER COUNTY, TEXAS, will convene as a Board of Equalization at the Courthouse in Farwell, Texas, on the 26 day of June 1950, at 10:00 o'clock A. M. All persons who are interested are invited to be present at this meeting of the Com-

missioners Court as a board of equalization.

A. D. Smith, County Judge

Bovina Happenings

BY MARIE VENABLE

Congratulations to Mr. and Mrs. Bill Denny on the birth of a daughter Friday in the Clovis Memorial Hospital.

Mr. and Mrs. Jack McCutchin are the parents of a son, born Thursday in Clovis Memorial Hospital.

Joe Langer and Frank Moore returned Sunday from a few days visit in Hot Springs, N. M.

Mr. and Mrs. Ray Davies are driving a new 1950 Plymouth they purchased the past week.

Mr. and Mrs. Tom Hudson are driving a 1950 Studebaker.

Mrs. Bob Johnston, Jr. was in the Friona hospital the past few days receiving medical care from a lung ailment. She is now at her home and is reported to be doing fine.

Mr. and Mrs. R. L. Hurford and family of Las Vegas, N. M. are visiting in the Mr. and Mrs. Claude Barker home this week. Mrs. Hurford is the daughter of the Barker's.

Mrs. Ross Terry and son of Friona and Mrs. J. D. Robards of Clovis visited in the Charlie Jefferson home Thursday.

Mrs. J. A. Loflin took her son, Jerry, to Amarillo Wednesday for medical treatment.

Mr. and Mrs. Earl Rauder and son of Stockton, California visited in the Mr. and Mrs. Duard Lee home Wednesday night. Mr. Rauder also preached at the Church of Christ Wednesday night.

Mrs. Elton Rhodes and family of Odessa, Texas is visiting in the Mr. and Mrs. A. G. White home this week.

Mr. and Mrs. Barney McKenney bought the J. W. Parker home the past week. Ray Davies bought the McKenney home and is remodeling it.

Perry Looney is building a new home in the south part of Bovina.

Mr. and Mrs. Edd Meeks visited in the L. C. Moore home Saturday afternoon.

CELEBRATING FATHER'S DAY

Those celebrating Father's day in the home of Mr. and Mrs. L. C. Moore, Sr. of Bovina were: Mozelle Moore, Joe Moore, Mr. and Mrs. James Berry of Clovis, Mr. and Mrs. L. C. Moore, Jr. of Amarillo; Mr. and Mrs. Marcell Tindel, Childress; Mrs. Joan Miller, Odessa; Mr. and Mrs. S. E. Ketchum and Mr. and Mrs. W. H. Ketchum and son, Bobbie of Iowa Park.

Mr. Moore received several nice gifts.

Oklahoma Lane Social Notes

By MRS. TURNER PAINE

Lieutenant and Mrs. Malcolm (Pete) Hanna and daughter are visiting in the community this week. Lt. Hanna has been transferred from Indiana to the Waco airbase, where he will be an instructor. His mother, Mrs. Icy Hanna, plans to accompany them to Waco. She will spend part of the time visiting another son, Earl, who lives there also.

Mrs. D. K. Lindop's aunt from Portales has been a guest here this week.

Bobby Ann Christian and Carryetta Grissom left by bus Tuesday night to attend Girls' State at Austin. They will be gone a week.

Earl Roberts has returned from Dallas where he went to receive treatment and visit in the home of Rev. Hubert Foust. He reported the temperature to be around 110 degrees there.

Mr. and Mrs. George Lindop accompanied by Carolyn and Jeanette Lindop have been to Childress recently to visit Mr. Lindop's mother, Mrs. G. W. Lindop.

Mr. and Mrs. Shelby Jobs are attending summer school at ENMU in Portales. They are staying here and driving to classes each day.

A farewell party was given in the gymnasium Tuesday night for Rev. J. J. Terry and family. Rev. Terry has assumed the pastorate at Grady,

N. M. Baptist Church. A new parsonage is being built there, so they are waiting a few days before moving. Many nice gifts were given them by their friends here.

Daria and Harold Dean Doshier are visiting Mr. and Mrs. Jimmie McGuire in Tucumcari.

Mrs. A. D. Moore has been to Levelland recently where she went to visit her grand-daughter, Mrs. De Armond.

The Methodist meeting will begin July 27. Rev. Frank Beechum of Littlefield will be the visiting evangelist.

Mr. and Mrs. George Harold Trimble of Bovina were visitors in the community Friday night.

Mr. and Mrs. Frank Foster, Mr. and Mrs. C. C. Christian and family, were among those enjoying a Father's Day dinner in the home of Mr. and Mrs. Bill Foster, Sunday.

Mr. and Mrs. Gene Ray made a hurried trip to Oklahoma Wednesday. Mrs. Ray received word of the death of her father, Mr. Tom Labeth, at Clinton, Okla. He was buried at Ardmore, Okla.

Mr. and Mrs. Luther Grissom and family and Mr. and Mrs. Kenneth Grissom and family were guests of the Leon Grissoms Sunday. Leon was graduated from Texas Tech in May and we are glad to have him, his wife, and baby back in our community.

Hazel Petree of Farwell attended church here Sunday as a guest of Joe Caillouet, who was a guest of Joe Caillouet who was a guest of Wilma Deli Doshier.

Bowden McGuire of Seymour visited in the community Sunday.

The J. T. Jones who have been living in the Thompson house, moved this weekend. They have purchased a farm near Muleshoe.

third-year agricultural class.

Morton said several class members have virtually completed long-range plans for the school typography as their project. So far, work is in the primary stage.

It is planned to seed new grass on the north lawns, but the south

playground probably will be hard surfaced. Morton explained that cost of water might be prohibitive for playground grass.

Make a dessert spoon work in the mornings, too, as a cereal spoon.

Landscaping Project Started At School

Largescale landscaping on the Farwell High School campus was well underway this week, as surrounding terrain was leveled and temporary watering facilities installed. Robert R. Morton, FFA advisor, said this week that the work was the project of the high school

HUSKY, Dependable Power

THE POWER AND ECONOMY LEADER OF THE 3-4 PLOW CLASS

THE MASSEY-HARRIS 3-4 PLOW "44"

Here's a 4-cylinder husky that's built for more than just average conditions... a tough, versatile, dependable tractor, the "44" walks away with the most stubborn 3-4 plow jobs on your farm. It's out on a tough field job that you really get to know the "44." That you really discover its lugging ability and economy. You take heavy plowing and discing jobs in stride... plant, cultivate, haul seemingly with no effort.

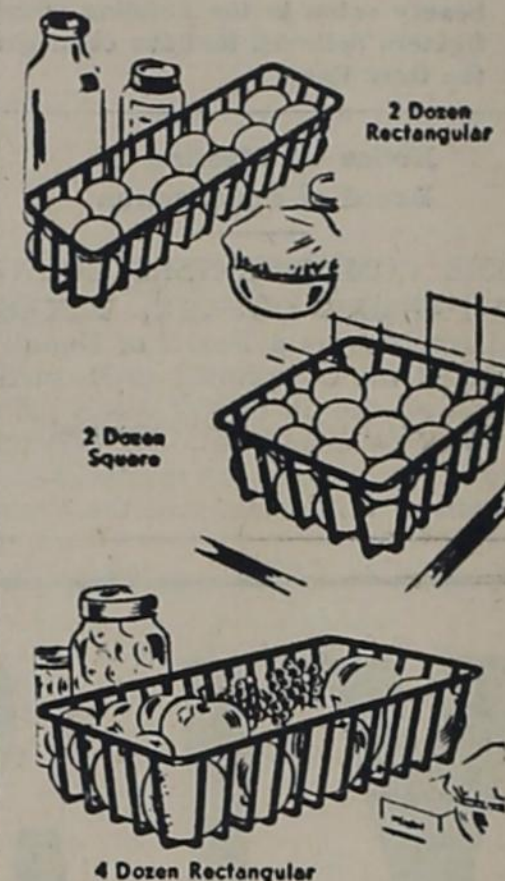

And you do it on less fuel!

There are more acres of work in every tank of gas with the "44." More furrows plowed, more rows planted, more dollars and cents savings in every operation. See us soon for complete details on the Massey-Harris 3-4 Plow "44." Get the power and economy leader for your farm.

Now on display at our store complete with 4-row planting attachments. Ready to go.

IN SERIOUS STUDY . . . Owen Lattimore gives his side of the story at a Washington news conference. He has been accused by Sen. Joseph McCarthy of being top Soviet spy in the United States. He denies all accusations under oath.

Hockley County Asks For Water District

LEVELLAND — Hockley County has asked the State Board of Water Engineers to define boundaries of an underground water reservoir for the purpose of forming an Un-

derground Water Conservation District.

Bert Eads and Burnett Roberts of the Hockley County Farm Bureau announced that petitions bearing the signatures of 87 property-owning, tax-paying voters in Hockley County have been mailed to the State Board of Water Engineers.

The petitions request formation of a district "for Hockley County and such additional territory as the board sees fit."

Boundaries of the district, under provisions of House Bill 162, must coincide with those of an underground water reservoir or subdivis-

ion thereof, as defined by the Board. The Board must hold a hearing in Hockley County before announcing the boundaries, giving land owners who wish to be included or excluded from the district an opportunity to appear.

Hockley County is the second High Plains county to take the step. Dal-

lam County expects to call a hearing in June at Texline to announce boundaries of a reservoir there. Lamb County is circulating a petition for designation of a reservoir, and reportedly has about 200 signers.

Co. Agent Discusses Means For Control Of Wireworms

Since wireworms are the most common soil insect for Farmer and surrounding counties, County Agent Joe Jones has advised farmers of a new and effective insecticide against these pests.

Jones said the chief method now being used was a wettable powder formula containing 25 percent gamma isomer of B. H. C. Farmers will recognize this chemical formula by its trade name of Lindane. It can be secured at drugstores.

Jones advised farmers attempting treatment of seed to dust at the rate of three or four ounces for each 10 pounds of seed. He said a sufficient amount of the insecticide would adhere to the seed without the use of water.

Chief reason for the effectiveness of this control is the fact that 55 to 75 percent of the larger wireworms feed on the poisoned seed after it has been sown. However, the agent warned that the treatment would not affect wireworms that were deep in the soil. He said these worms remained in the earth until later in the season, probably after the crop is harvested.

Recommended crops for this treatment include beans, peas, and milo, using four ounces of 25 percent Lindane for every 10 pounds of seed. Cucumber, wheat, and corn may be treated with a formula using only eight ounces of the Lindane.

Success Ingredients Experience, Ability,

Experience in the selection, cooking and serving of food is a valuable asset to the prospective owner of a catering establishment but a sufficient business background and administrative ability are necessary to the successful operation of the business, according to a pamphlet just released by the Department of Commerce in El Paso.

T. U. Purcell, district manager in El Paso, says that the leaflet offers suggestions concerning the diversified operations involved in the catering business, the services expected by customers, types of entertainment offering business opportunities, and the personal qualifications needed to succeed in the field.

One of a series of Small Business Aids to help new businessmen solve management problems, the leaflet also covers such basic factors as choice of a community in which to start a catering service, capital and equipment required, personnel needed, advertising and promotion problems to be faced, and state and local regulations which might affect the caterer. Sources of more detailed information on specific phases of the business are also listed.

Copies of "Catering Services" may be obtained free of charge at the El Paso District Office of the U. S. Department of Commerce, 206 U. S. Court House, El Paso.

FAST AND FAIR . . . The fast, Capt. Richard Creighton, receives a kiss from the fair, Mrs. Creighton, after he broke the San Francisco-Los Angeles flight record in a jet Sabre fighter. He flew 341 miles in 31 minutes, 56 seconds, averaging 649 m. p. h.

Buy Furniture at Your Own Price

BEGINNING MONDAY, JUNE 19th, we will have displayed in our window at the Furniture Mart store building, Texico, a full display of living room furniture—which you can buy at your own price. We will take written bids on this furniture, and all furniture displayed in the window will be sold to the highest bidder on Saturday afternoon, June 24th. If you want to buy furniture at your own price, don't miss this.

THE SWAPPINGEST, TRADINGEST STORE IN THE COUNTRY

Eleven Candidates . . .

(Continued from page 1.)
field of ten Democrats in a special election May 6.
The Democratic Executive Committee, in session here Monday, accepted the resignations of C. E. Crume and H. T. Reynolds, precinct committeemen of Farwell and Bovina precincts, respectively, and authorized the names of Albert H. Smith and O. W. Rhineheart to go on the ballots in their steads.

Drawing for places on the ticket for state offices was deferred by the County Executive Committee due to the fact that the placing of J. E. McDonald's name on the ballot is being contested.
The candidates certified by the Executive Committee and their places on the ballots were given as follows:

For Associate Justice, Court of Civil Appeals, Seventh Supreme Judicial District—Herbert C. Martin, Littlefield; W. N. Stokes, Amarillo.
For Congress, 18th Congressional District—Walter Rogers, Pampa; Alvarene Clark, Amarillo; LeRoy (Pete) LeMaster, Perryton; J. Blake Timmons, Amarillo.

For Representative, 120th Legislative District—H. J. (Dock) Blanchard, Lockney; Harold M. LaFont, Plainview.

State Board of Education—A. R. Bivins, Amarillo.

District Judge, 64th Judicial District—Robert Kirk, Littlefield; E. A. Bills, Littlefield.

District Attorney, 64th Judicial District—Joe Sharp, Plainview.

County Judge—A. D. Smith, Farwell; W. L. Edelman, Friona.

County Sheriff—C. B. Lovelace, Farwell.

County Attorney—Sam Aldridge, Farwell.

County Clerk—Loyde Brewer, Farwell.

County Treasurer—Mrs. H. T. (Mabel) Reynolds, Bovina.

County Commissioner, Precinct 1—E. R. Day, Friona.

County Commissioner, Precinct 2—C. H. Jefferson, Bovina; G. F. Trimble, Bovina.

County Commissioner, Precinct 3—E. F. Billingsley, Farwell.

County Commissioner, Precinct 4—H. L. Ivey, Friona; W. S. Menefee, Muleshoe.

Justice of the Peace—Farwell Precinct—Jess Newton.

Justice of the Peace, Friona Precinct—J. D. Hamlin.

For Constable, Friona Precinct—T. N. Jawper.

Chairman Democratic Executive Committee—G. D. Anderson, Farwell.

County Committeeman, Precinct 1—O. B. Roberson, Black.

County Committeeman, Precinct 2—Nelson Welch, Friona.

County Committeeman, Precinct 3—O. W. Rhineheart, Bovina.

County Committeeman, Precinct 4—Albert H. Smith, Farwell.

County Committeeman, Precinct 5—Clyde Perkins, Oklahoma Lane.

County Committeeman, Precinct 6—Roy White, Lazbuddie.

County Committeeman, Precinct 7—Louis Hoffman, Rhea.

County Committeeman, Precinct 8—Otho Whitefield, Lakeview.

WORKING ON M. A.

Jack Williams, superintendent of Farwell schools, is completing work on his master's thesis, dealing with school transportation. His work is being done in the graduate field of Eastern New Mexico University in Portales. Williams has just returned from a one-week personnel workshop at the University, where he studied the use of counselors and supervisors.

Lions Install New Officers Thursday

With District Governor Doc Conover acting as installing officer, the newly-elected officers of the Texico-Farwell Lions Club were duly installed Tuesday evening.

Some 50 Lions and their wives were on hand for the occasion, which was observed as Ladies Night. The WSCS of the Oklahoma Lane Methodist Church prepared a bountiful fried chicken dinner.

Jack Williams, the newly elected president, announced that the Texico and Farwell delegates to Boys and Girls State in Texas and New Mexico, would be asked to appear before the Club and give their reports at the next regular meeting.

The new officers, installed Tuesday night, were: Jack Williams, president; F. D. Stout, 1st vice president; O. C. Sikes, 2nd vice president; O. W. Francis, 3rd vice president; Otis Huggins, secretary; O. O. Holladay, treasurer; Aggie Jones, tail twister; Sam Randol, tamer; Joe Blair and M. A. Snider, directors.

Six Texico Teachers Attend Summer School

Six instructors in the Texico schools are attending school this summer, Aggie Jones, superintendent, said Monday.

Mrs. John Armour, music instructor, is attending Kent College in Ohio. Charles Paschal, who teaches band; Mrs. Jimmy Allman, home economics and English teacher; and Mrs. Charles Stockton, second grade instructor, are attending Eastern New Mexico University.

John Adams, who teaches history and government, and Charles Stockton, coach, are doing graduate work at Eastern New Mexico University.

Texico Teachers Attend Las Vegas Meeting

Supt. and Mrs. Aggie Jones and Mrs. N. W. Peyton attended a school meeting in Las Vegas Saturday.

Mrs. Jones was listed on a panel originally, but she did not arrive in time to serve. The Texico instructors attended the shorthand and typing sections and some of the accounting panels, Jones said.

Jones stated that during the meeting, they watched the former world champion typist type 232 words in one minute. She then typed 143 words a minute while carrying on a conversation with three persons. After the meeting in Las Vegas, Mr. and Mrs. Jones drove to Santa Fe for a school business meeting. They returned to Texico Saturday night.

SKATING AT LUZBUDDIE

Archie Sims, superintendent of Lazbuddie schools, announces that skating parties will be held in the school every Friday afternoon and evening. He said parents and children 13 or under will skate in the afternoon from 3 to 5. Anyone may skate during the night session, which is from 8:30 to 10:15. Admission for each session will be 50 cents, skates furnished, or 40 cents if the patrons have their own skates.

NEW UNIT ADDED

Johnnie Lewis of the Home Grocery and Market in Texico has added a new open-top electric refrigeration unit at his place of business. It is being used to display fresh milk, fruits and vegetables.

Weasel Invades Service Station; Evicts Manager, Hound, Et Al

Business hadn't been especially rushing for the Gulf-Service Station crew Monday morning, but a displaced weasel who didn't like men, dogs, or being cooped up livened the morning's activities somewhat.

Manager O. C. Pullam; his brother-in-law, E. F. Chapman of Texas City; and Bill Crume, station employee; were passing a middy uneventful a.m. when suddenly there appeared across the street a long, brown animal bearing down on the station.

Pullam rallied his station defenders, enlisted the services of the family hound, 'Butch', to ward off the invader. The four counter-attacked, chasing the animal (they later decided it was a weasel) around the building, and back again to the driveway, brandishing whatever weapon handy presented itself.

After considerable pursuit, the

weasel was penned in the station building. Doors were closed, and the escapade was turned over to Butch, who proceeded to resume hostilities in the confines of the wash room.

Butch thoroughly enjoyed the wash room festivities until the weasel suddenly turned and nipped the canine hero on the nose. The weasel hung on determinedly, and Butch shook himself in an effort to lose the brown-haired pest.

Finally, the weasel was repulsed and the men again entered the performance, exterminating Mr. Weasel. The corpse was placed on display outside where it enjoyed considerable attention from curious passers-by, and Crume set about the task of tidying up the blitzkreiged wash room—itsself no small undertaking.

This week Butch is wearing battle scars for his action, and is no doubt a wiser hound for his experience.

Langford, Tidenberg Return from Roundup

Leon Langford, Farwell, and James Tidenberg, Bovina, are back from a state 4-H Roundup in College Station where they represented the Parmer County chapter. County Agent Joe Jones accompanied the Parmer representatives.

The Roundup, held on the campus of Texas A and M. College, was attended by boys and girls from every county in Texas. Langford estimated attendance at "between 1500 and 2000."

Monday, the boys made a tour of the A. & M. campus; Tuesday they attended a 4-H discussion group; Wednesday morning they heard the president of the college make an address stressing education; and Tuesday afternoon they visited the veterinary building. On the return trip, they had lunch at Abilene Christian College Thursday.

The party left last Saturday for Lubbock, where they joined other Texas representatives on chartered buses for the Roundup. The 4-H members returned last Thursday, but Agent Jones is remaining until this weekend, as he is in attendance at a gathering of Texas county agents.

Covered Dish Supper To be Given by C of C

President C. M. Henderson announced early this week that the Farwell Chamber of Commerce would sponsor a covered dish supper Monday evening, June 26, in the Legion Hall.

Henderson said this would be the regularly scheduled meeting time for the C of C, but added that the organization was interested in coming in contact with as many citizens as possible, and that they had decided to hold a covered dish supper which would be open to all the people who were interested in civic welfare.

The supper begins at 7:45, Henderson said.

Courthouse System Nearing Completion

A complete watering system for the Farwell Courthouse lawn now undergoing a facelifting is nearing completion, and officials expect work to be finished by this week. Installation of the extensive system necessitated a new 4-inch pipe addition from the Courthouse to the water tower. The pipe was cut in

to a water main last Wednesday evening, but lack of "T" fittings at the north end of the line stopped work temporarily.

V. C. Venable of the Farwell Water Company said the fittings were being ordered from Dallas, and expected them here by the middle of the week.

As soon as piping connections can be made, the system will be installed in a ditch pattern already set up on the lawn. Nobel Goldsmith, Courthouse custodian who is supervising the project, reportedly will then continue with plans for a new lawn seeding.

Shrine Hospital Planned For Panhandle Location

A new Shriner's crippled children hospital is to be built in the Panhandle, Nelson C. Smith, president of the Parmer County Shrine Club, announced this week. Smith, who is ambassador to Khiva Temple of Amarillo, reported that he had been informed that a Shriner board of trustees in Los Angeles, Calif., has approved Khiva Temple's application for permission to raise funds for the hospital.

The planned hospital will be located somewhere in Khiva's Panhandle jurisdiction, said Smith, which includes 40 Texas counties. It is planned for the hospital to serve Texas, Oklahoma, and Kansas, as well as parts of Colorado, Arizona, and Nebraska.

Texas' representative on the board of trustees approving Khiva Temple's application was Past Imperial Potentate Calloway Calhoun of Tyler. Calhoun is a former Farwell resident.

The first Shrine hospital was erected in Shreveport, La. in 1923. There are now 17 such hospitals located in the United States, Canada, Mexico, and Hawaii.

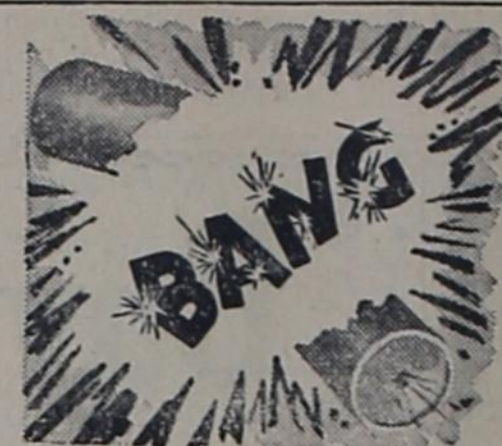

Parallel Regulations May be Called Unless Operators Volunteer

Parallel parking regulations on Farwell's Main Street may have to be imposed unless drivers undertake a voluntary program of action, Mayor C. M. Henderson warned today.

Henderson said it might be necessary to pass a city ordinance on Main Street parking restrictions because it was felt that sooner or later the state would require parallel enforcement.

However, Mayor Henderson had hopes that such a regulation might not be necessary, provided drivers begin parking their cars along the curb so that more room would be available for Main, which is so named to be Highway 70-84, and therefore is subject to traffic regulation by the state.
