

FROM THE HOPPER
By LITTLE HOP

The Tribune stuck out its neck last week... way out. The lead story on the front page of this paper was misleading, and in some instances, untrue. We've been called on the carpet so heavily for this that if we can straighten out what has been said, we'll be only too glad to.

For one thing, it should not be said generally that county taxes were raised. They were in some instances, but they were lowered in others. It was a simple process of adjustment and nothing else.

For instance, the Commissioners' Court drew up what it considered to be a more just formula for the assessment of taxes. It was not a formula for raising additional taxes—simply one to put taxation on a more fair basis.

Old Method Discarded
Eighteen or twenty years ago it was decided that the land valuation for Parmer county would be determined by the distance of the land from the county seat. This meant that a washed-out gulch, if two miles from Farwell, was worth (in relation to the amount of taxation) a lot more than improved and irrigated land that might be as far as 30 miles away from the county seat.

And this formula was held to until only recently, when the Court drew up a new method of assessing taxes that, from all appearances, certainly is more fair and just.

This new set of values was arrived at through an attempt to value the land at its true worth—not its distance from the county seat.

Their table goes like this:
Level, irrigable land, \$7; level farming land that is non-irrigable, \$6; rolling, non-irrigable farming land, \$5; land fit only for grazing, \$4.

Changed On Buildings, Too
Also, for about the last 20 years valuation for structures in Parmer County has been arrived at by the distance from the county seat. Now, instead of this, a plan similar in principal to the one used for land has been adopted.

For tax purposes, houses will be valued at the rate of \$1 per foot for brick, and 60 cents per foot for frame.

As one of our advisors indignantly pointed out, the county of Parmer has one of the lowest tax rates on the Plains. Because of The Tribune's misinterpretation of the new taxing arrangement, other erroneous stories have been published in pages other than The Tribune.

So, while noting that some taxes will be up, we should have pointed out that some taxes will be down—which, in these days—would have indeed made happier reading for our subscribers.

For you many, many kind people who have asked how the editor is getting along, we now have the plea of reporting that he has returned to what almost is a normal state of living.

That is, normal for people. Editors aren't classed as people, so to his way of thinking, he isn't nearly himself yet. He's up and around a little each day now, and the doc tells us that he can begin piddling with his paper again before very much longer.

If this is good news to you... all we can say is, you should be us. An un-euphonic, if not grammatically incorrect, statement, but that's just about the way we feel.

Lack Of Material May Cut REA Expansion

"Unless the material for the work is on hand, present extensions being made by the Deaf Smith County REA cooperative will be the last that can be promised," Leo Forrest, manager of the Hereford office, said this week.

Parmer county, served by the Deaf Smith REA set-up, is currently enjoying an extension of rural electric service, Forrest added. Lines are also being strung and connections made in the northwest part of Deaf Smith county.

Extension in Parmer county involves 24 single-phase consumers, with the present work expected to be completed this month. Due to the current uncertainty regarding materials for the work, the manager said that no further commitments would be made regarding extensions of the service.

However, the manager pointed out, this decision on the part of the officials does not mean that farmers wishing service should withhold their applications. "We will be glad to accept them, and they will be acted upon as rapidly as materials for power lines becomes available," he said.

Meeting last Thursday, directors of the cooperative made plans for the annual REA meeting and election of officers, which will be held on April 30 in Hereford.

Named to the nominating committee to select candidates for board posts were Wayne Evans, Hereford; Wilbur Axe, Hereford; Ross Summers, Dimmitt; Joe Warren, Nazareth; Floyd Walton, Dawn; J. I. Gober, Farwell; and Bruce Parr, Friona.

CC Meets, Names Five Committees

The first meeting of new officers for the 1951 Chamber of Commerce was held in conjunction with a meeting of the City Commission last Wednesday night at Henderson Grain Company.

Following the usual procedure of initial meetings, the C of C named 15 members to five committees for handling the year's activities. The following committees were drawn up:

- Finance and membership—Joe Helton, chairman; Felix Monroe, M. A. Snider, and Claude Rose.
- Civic Work—O. C. Sikes, chairman; and Ray Sudderth.
- Roads—John Aldridge, chairman; H. Y. Overstreet, and Bill Sherley.
- Agriculture—Joe Jones, chairman; N. L. Tharp, and Robert Morton.
- Inter-City Relations—Sam Aldridge, chairman; Jack Williams, and A. D. Smith.

Members present at the meeting favored a continuation of the present system of meetings. Directors of the C of C will meet on the second Wednesday evenings; and the last Monday night of every month will be devoted to a general meeting, at which time the public will be encouraged to attend.

Mayor Henderson pointed out that the time is at hand for membership to the Chamber. Dues are being received at the present time, he said. They are \$10 for individuals and \$25 for business houses.

Mr. and Mrs. John D. Lewis had as weekend guests, Mr. and Mrs. Paul Meyer of Mountainair, N. M.

Five-Point Modernization Program Is Drawn by Board for Farwell Schools

Parmer Red Cross Quota \$1340, Workers Named

REV. J. E. COCHRAN

Rev. J. E. Cochran To Conduct ME Revival

Rev. J. E. Cochran, of Shawnee, Oklahoma, one of the general evangelists of Methodism, will begin a series at the Oklahoma Lane church on Sunday morning, March 11th, the pastor, Rev. A. D. Moore, announces.

Services will be held nightly, during the two weeks preceding Easter Sunday, March 25th, Rev. Moore added, inviting residents of the area to be on hand at 7:30.

Singing will be in charge of local talent, the pastor announced.

"Now that we are in the midst of a unified effort to promote evangelism in our beloved Methodist Church, realizing the vast importance of it to further the progress of His cause and Kingdom, should we not strive to give to the people the most helpful instruction possible, remembering it was said of old, 'My people are destroyed for lack of knowledge,'" the minister said, in issuing a cordial invitation to the public to be on hand.

WILSON HAVING SALE

Wilson Food Store of Bovina is having its Fourth Anniversary sale this week, announce store officials. They report that the sale will continue through two days only—Friday and Saturday, and urge patrons to stop in to take advantage of some of the bargains available there.

TO HOLD FARM SALE

A farm sale will be held on the Dave Robertson farm Friday, March 16, it was announced here this week. The farm is located two miles northeast of Lariat. Consignments may be left at the Tribune or Dick or Frank Doshier may be contacted. The sale will begin at 12 o'clock.

Parmer County's 1951 corps of Red Cross workers last weekend took over the task of raising the \$1340.00 quota assigned to this county by the national organization, Allen Romich, county chairman, announced today.

Earlier, Romich had reported that he hoped to have the drive concluded within Parmer county inside of two weeks, although the campaign dates have been listed for the entire month of March.

Community chairmen, who may ask other assistance as they desire were named by Romich as follows:

- Farwell—H. Y. Overstreet, Frank Seale; Lazbuddy—Mrs. Otto Treided; Bovina—W. E. Williams; Black—Mrs. Dick Rockey; Rhea—Mrs. Paul Koeltzow, Mrs. Floyd Schlenker; Friona—G. B. Buske and Al Romich; Lakeview—Mrs. Eev Budhanaan, Mrs. Pearl Hand.

So far as known, all contributions in the county will be secured by personal solicitation, with no special programs or benefits being planned. Workers in all communities are requesting that individual donors be generous this year, with increased funds being asked nationally for relief work done by the Red Cross.

Three Muleshoe Men Hurt In Auto Wreck, Driver Fined \$100

Three men were injured, one of them seriously, last Saturday when the 1939 Chevrolet sedan in which they were riding crashed into the rear of a large truck in eastern Farwell.

The driver, Traylor "Dude" Crouch, was tried in County Court here Monday morning, and fined \$100 and costs for drunken driving. The riders were J. W. Tefteller, 58, and D. R. Tote, 21. Tote was fined \$1 and costs in Justice of the Peace B. N. Graham's court Monday.

The trio was leaving Farwell on Highway 84 about 1:45 p.m. and crashed in to the rear of a van near the Henderson Grain company. The van, driven by M. G. James of San Antonio, was on the inside lane, preparing to make a left turn. The driver of the car, apparently not seeing the slowing van, rammed the Chevrolet under the frame of the truck.

Tefteller was the most seriously injured. His left leg was crushed near the hip and he has been taken to Veterans Hospital in Amarillo, after preliminary treatment at Memorial in Clovis.

DAVIS HAS MOVE-OUT SALE

C. G. Davis announced this week that his mercantile store in Farwell is having a close-out sale in preparation for moving into new quarters. He offers large discounts on goods.

Climaxing research and investigation that has been continuing through the past several months, the school board of Farwell School District last week released an extensive, 5-point plan for modernization of the present facilities of Farwell Schools.

The measure, which will be put up for public approval or disapproval probably March 17, would afford the system a complete new high school, gymnasium, and cafeteria.

Also, it would make available the present facilities for other uses. Should the program be approved, the present gymnasium would be converted into an auditorium, and the entire old building, now on the campus, would be used exclusively for the grade school.

These things, the board feels, are necessary changes that should be made to keep pace with the growth and advancement of the school.

They point out that scholastics and teachers have considerably increased in number, and that the curriculum has been widened.

The modernization program board officials explained, would cost \$255,000. It would be paid back over a 34-year period at varying rates. Rates would be 2 percent the first five years; 2 1/2 percent the next 10; and 3 percent the next 19. However, they explained, there would be a recall clause at the end of the first 20 years so that the last 14 could be refunded at a lower rate than the 3 percent if possible.

In answer to the question of how much the program would cost the taxpayers, the board was very forthright in the answer. They said that taxes would increase at least 15 percent, but would not exceed 23 percent.

Here are the five points, taken directly from a prepared statement by the board:

1. Building of a new high school of six classrooms, offices, two rest rooms, and a study hall-library combination. (The present home economics and vocational agriculture buildings would continue to serve the same purposes.)
2. Building of a gymnasium to care for an expanded physical education program.
3. Building of a new lunchroom.
4. Conversion of the present gymnasium into a modern auditorium.
5. Remodeling the old building and converting it into a grade school.

Need Facilities Badly
The board pointed out that the need for more classrooms, visual education rooms, rest rooms, and an auditorium and additional space for physical education is being felt.

"Time for conversion is at hand," the board said. "This problem confronts all schools and communities that are growing and looking toward a better educational future for their children. The program has been thoroughly and carefully studied from every angle before its introduction to the public."

Nine classrooms for elementary schooling and ten classrooms for the high schools are now included in present facilities at Farwell. The board said the need was vital for eleven elementary rooms and twelve for the high school.

In regard to the new lunchroom, it

Youngster Snatched From Texico Streets

Local officers and interested relatives are pondering what legal steps, if any, will be taken as a result of a child-snatching that occurred about 4:45 Monday afternoon in Texico.

Mother of the child involved, Mrs. R. W. Anderson, secretary in the law firm of Aldridge & Aldridge, revealed that the four-year-old child, Bob Scott Martin, who has been in the care of his grandparents, Mr. and Mrs. Ira S. Levins in Texico while his mother was employed, had been reported safe and was in the custody of his father, Earl Martin of Kansas City, Kans.

Repeated efforts on the part of Mrs. Anderson to contact her husband and father of the child by long distance telephone have been fruitless.

Mrs. Anderson is of the belief that the child was picked up by his father while he was playing near the home of his grandparents, and taken away without the knowledge or consent of any local relatives.

"There was no occasion for the child's father to act that way," Mrs. Anderson said, adding that although she had been granted legal custody of the little fellow in her divorce judgement, the father had never been denied the right to visit the child.

Walker Grocery Store Hold Formal Opening

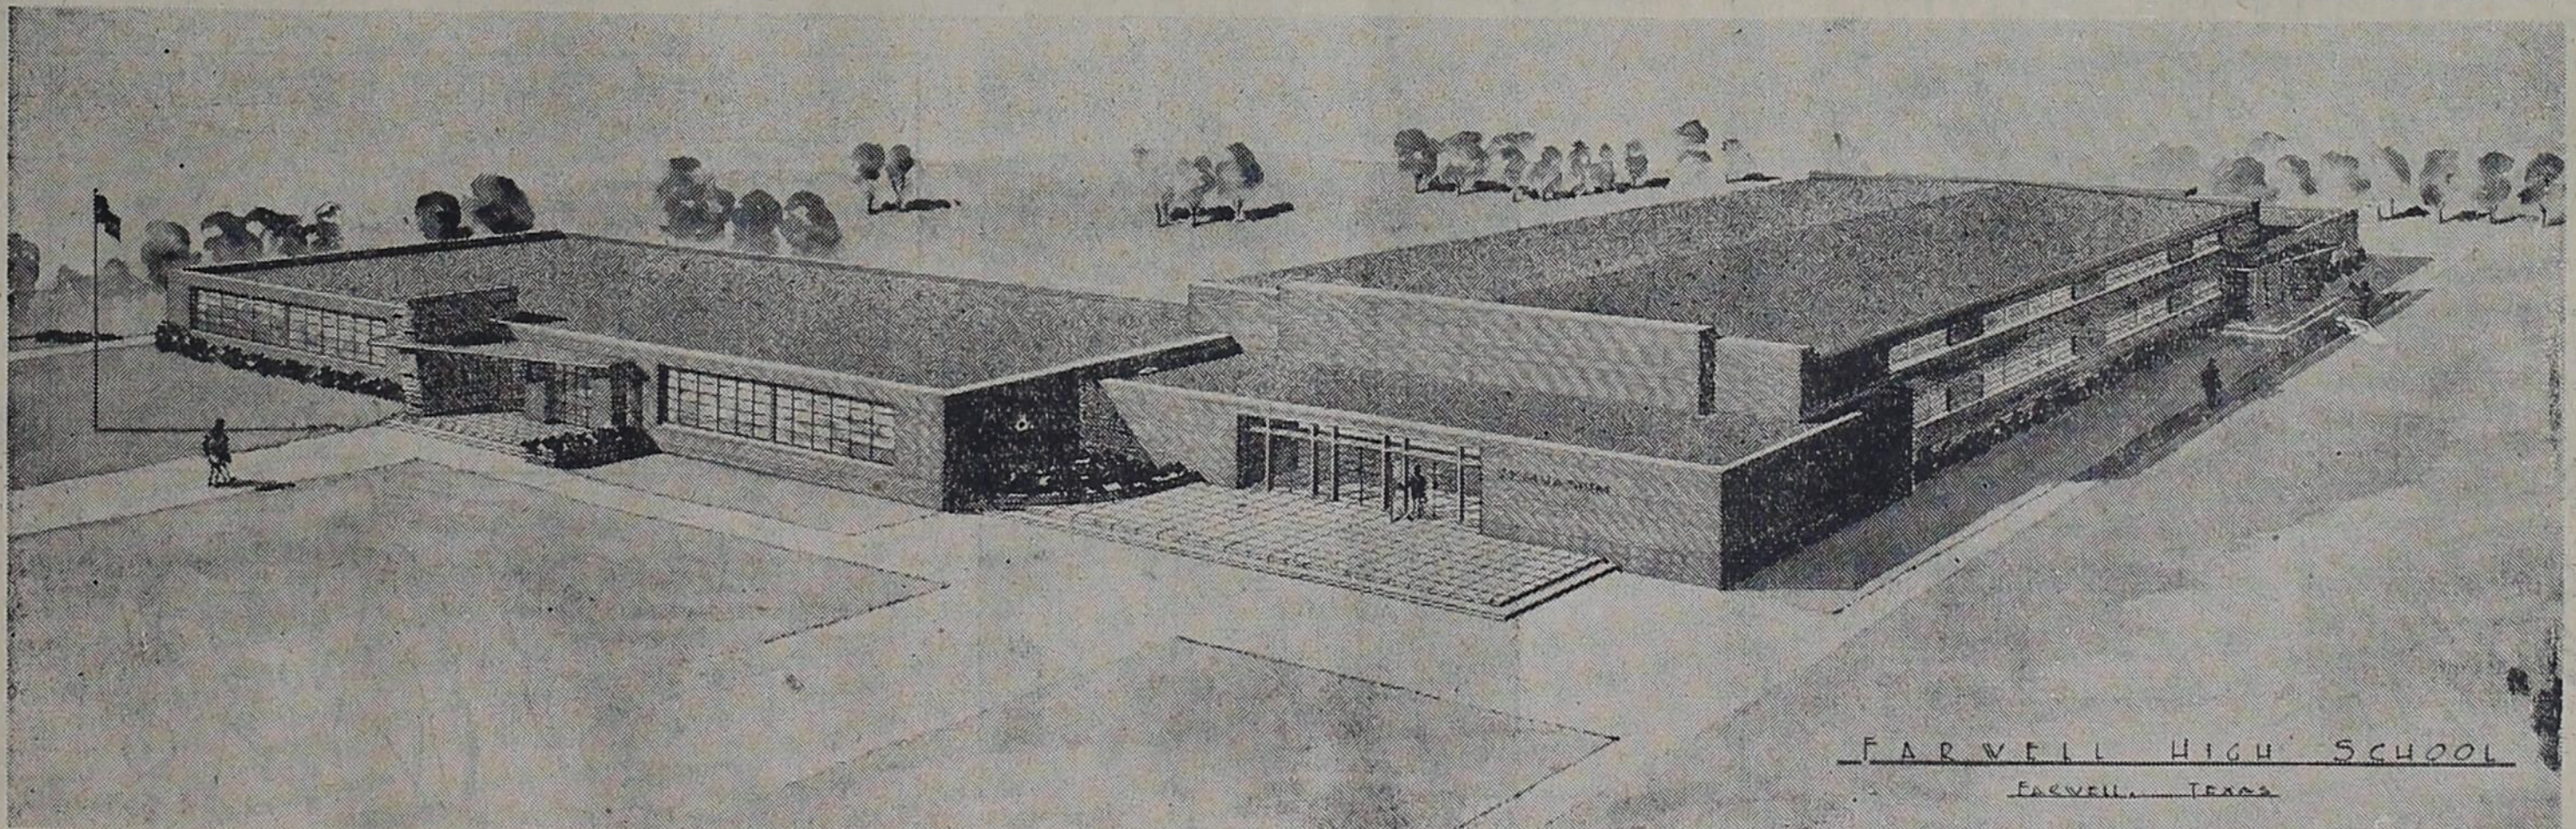

Mr. and Mrs. Ted Walker, owners of Walker Grocery in Texico, will hold their formal opening Saturday. The purchasers are successors of Dykes and Bynum, former owners of the business.

Free coffee and doughnuts will be served all day Saturday, and a drawing will be held at 5 o'clock for two \$5 grocery boxes to be given away. Citizens may register for the drawing any time between now and Saturday, Walker pointed out.

The store operator also points out that recipients will not have to be present at the drawing to be awarded the groceries.

The Walkers moved to Texico from Sudan where they had been in the grocery business for 13 years. Mrs. Walker is the daughter of Mr. and Mrs. H. L. Dykes.

The new owners invite everyone to visit their store during their formal opening.

PROPOSED MODERNIZATION PROGRAM—Above is the architect's drawing of what the buildings would look like for Farwell School's proposed modernization program. Here you see the new high school, cafeteria, and gymnasium. All one-story buildings, they would be located directly east of the present school site, and arranged so that facilities contained in each could be most efficiently utilized by students. All buildings, as designed, are fireproof throughout, are warmed by a central hot-air heating system, and would be constructed of tile and brick. The expense of the proposed building has been named at \$225,000. Architects are Butler and Brasher of Lubbock.

SURVEY LISTS TOP 25 RECORDS OF ALL TIME

Surveys made among music publishers, composers, bandleaders, disc jockeys and music stores showed that records made by Bing Crosby, Artie Shaw and Glenn Miller lead a list of "The Top Records of All Time."

Results of the poll, which are published in the February issue of Cosmopolitan magazine, list three of Bing's records among the top 25, with Shaw and Guy Lombardo winning two places each.

Crosby's "White Christmas," which sold over eight million copies, was named most popular in the survey, and his "Jingle Bells" was runner-up.

The next four platters, listed in order of their popularity, are: Glenn Miller's "In the Mood"; "Begin the Beguine"; Les Brown's "Sentimental Journey"; and Artie Shaw's "Stardust."

Guy Lombardo's "Winter Wonderland" and "Humoresque" were in 17th and 24th places, respectively. The oldest record on the list is Gene Austin's "My Blue Heaven," made in 1927.

"The all-time hits," says radio and TV columnist Jack O'Brian, who reports the survey, "as a rule, are not flash favorites. The recordings that endure are those people genuinely like to listen to—not the bizarre or novel."

"It's been so long we just don't think much about it," Mr. and Mrs. J. H. Birchfield responded the past weekend, when queried as to their reaction about the occasion of their golden wedding anniversary, which the couple noted on Saturday, March 3.

Although Viola French and J. H. Birchfield had planned a quiet ceremony at the home of his parents, back in 1901, things didn't turn out quite that way. Seems Viola was pretty much of a youngster, and while her parents approved of her beau, the young couple thought it would be simpler "just to get married" without any fuss. The older Birchfields, however, had different ideas—and when Viola and J. H. appeared for their "quiet" ceremony, they found the house overflowing with friends come to wish them well.

Mrs. Birchfield vividly remembers what she wore on that memorable day, reporting that she wore a pink cashmere dress with a full skirt and huge sleeves, but neither of the couple can recall, fifty years later, the name of the justice of the peace who performed the rites for them.

The beginning of a fifty-year marriage goes back to school days, when both the couple lived with their families in the vicinity of Glenrose, Texas, and attended neighboring schools.

House Calls
Day or Night

Laughing about their school days, Mrs. Birchfield recalls that the school sported one teacher for a roomful of pupils, sometimes 60 in all grades.

Reminiscences also brought forth the fact that at Viola's school, right on the creek, the pupils waded in the water one day and then carried up a bucket of water to drink, from the same creek, the next day. She also laughs when she remembers that the bucket leaked, and consequently, had to be kept on the steps of the school.

Looking back over their early-married life, the couple recalled that they resided in Glenrose until 1914, when they moved to Motley County, near Flomot. In 1933, they moved to their present location, some five miles southeast of Farwell, and have resided at that place since.

"We were so busy trying to make a living that time just passed," Mrs. Birchfield says of those early years. The couple had for their first home "just a house", at a time when one big room and a side room was considered sufficient and two rooms considered spacious. "We had three rooms before we left Flomot, so we really progressed," she added.

Both of them were busy with farm work, with Mrs. Birchfield helping when things got too heavy for her husband. Their first farm consisted of some 40 acres, with Mr. Birchfield remarking that he "started farming with an old walking turning plow pulled by two horses".

Comparing their situation nowadays on the farm, both agreed that working conditions had improved and complimented the labor-saving devices, although Mrs. Birchfield added, "We seemed to get just as much done before, although I don't see how."

Eleven children were born to the couple, eight of whom survived. They lost a youngster in the flu epidemic of 1918, and two others passed away after the family moved to Parmer County. All eight of the surviving children are married, and the Birchfields also have 18 grandchildren and six great-grandchildren. As a memento of the occasion, the couple received an anniversary letter from a grandson-in-law, now in Japan.

The children include Jerry Birchfield, of Eureka, California; Roy Birchfield, of Eureka; Jess Birchfield, of Dimmit; Rada Abott, of Pasadena, Texas; Clarie Roper, Sikes, California; Dessie Winters, Houston; Lenora McDermitt and Ruth Meeks, both of Farwell.

Of the immediate family, four were on hand for the anniversary reception held in the home of Mrs. Ruth Meeks on Sunday. They included Mrs. Meeks, Mrs. McDermitt, Roy and Jess Birchfield.

The table for the occasion featured a floral arrangement of yellow jonquils and snap dragons which was centered with the gold stand-up

letters "50". The three-tiered cake was topped with the words, "50th anniversary".

Guests for the occasion included Mr. and Mrs. E. H. Meeks, Mr. and Mrs. Lee Osborn, Mr. and Mrs. D. M. Whitley, Mr. and Mrs. H. S. Curtis, Mrs. J. C. Banks, Mrs. C. A. Cassidy, Mrs. Cason, Miss Maggie Tate, W. S. McDaniel;

Mr. and Mrs. G. W. Atchley, Mr. and Mrs. Billy Meeks and Kandance, Mrs. Milton Walling, Nelson C. Smith, Mr. and Mrs. B. N. Graham, Mr. and Mrs. G. W. Magness, Mr. and Mrs. D. O. Rolland, all of Texico-Farwell;

Also Mr. and Mrs. A. L. LaRue, Carrol and Darrell of Clovis; and two nephews and their families, Mr. and Mrs. Wayman Birchfield and Mr. and Mrs. Leon Birchfield, both of Amarillo.

Those sending regrets were Mr. and Mrs. J. D. McMillian, Mr. and Mrs. Lee Meeks; also Mr. and Mrs. Fred Barker of Friona, and Mr. and Mrs. C. L. Gunn of Forrest, N. M.

Disciplinary Grades Included in Farwell Six-Weeks Average

In a special meeting Monday night, Farwell Student Council set up a discipline plan which will enable instructors to average discipline grades with regular classroom grades to determine the six-weeks average for students, Jesse Coburn, reporter for the Student Council, says.

The plan revolves around a point system. At the beginning of each six weeks, each pupil is given one hundred points in a class. A minus two is subtracted for misbehavior of any nature, the council member explained.

"The student can make the 100 points work for him and bring up his grade or it can lower it," Coburn adds. The council is now discussing how pupils may bring up the minus

grades if they wish.

In the final six-weeks grade, the daily grade is added twice, test scores are included once, and the discipline grade is added once, to compute the final six-weeks average.

"The student council believes that if the students will cooperate with the teachers and the council that the point system will be a success," Coburn says.

"DAD CROSBY AND THE BOYS"
"Dad" Crosby once said that his seven children might never have wealth, but they would have each other—and music. Meet the man who was the vital factor in the story of Bing and Bob Crosby! Read the colorful story in The American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

"THE LOWEST OPERATING COST IN 12 YEARS in the Yellow Cab business—that's what we got when we changed to new Conoco Super Motor Oil," reports J. O. Jackson, Owner-Manager, Tyler, Texas. "Our operations are day and night the year around—a tough job for a motor oil. I recommend Conoco Super."

"AFTER AN OVERHAUL JOB, MY CUSTOMERS who change to Conoco Super Motor Oil have no difficulty driving their cars 50,000 miles without any more work on them," writes R. K. Comstock, Garage Owner, Oklahoma City, Oklahoma. "Conoco Super keeps engines clean and cuts way down on wear."

"50,000 MILES-NO WEAR!"—PROVED HERE:

After a punishing 50,000-mile road test, with proper crankcase drains and regular care, engines lubricated with new Conoco Super Motor Oil showed no wear of any consequence . . . in fact, an average of less than one one-thousandth inch on cylinders and crankshafts.

AND gasoline mileage for the last 5,000 miles was actually 99.77% as good as for the first 5,000! This test proved that new Conoco Super, with OIL-PLATING, can make your car last longer, use less gasoline and oil.

HEALTH SERVICES NEED ORGANIZATION DURING COMMUNITY DISASTERS

"It is hoped that we may achieve orderly thinking and make concrete suggestions for use by local and state committees in planning the medical phase of civil defense and disaster relief in the very near future," says Dr. Geo. W. Cox, State Health Officer and State Medical Defense Director.

No community can prepare itself to provide these additional health services that will be essential for civilians subjected to disaster, without a great deal of forethought, prolonged training and development of systematic performances, drills, tests, etc. When the average community prepares itself for disaster, the

effort of each citizen and every profession must be fitted into a coordinated system.

There is no easy way to prepare for disaster, it is all hard work. There are two opinions as to local disaster planning. One maintains that no local planning should be done until the central agency prescribes a uniform pattern for each locality. Such a regimented approach would result in a speedy realization of the desired total readiness. Certain elements of local plans would depend upon such a system if mutual support between communities is to be achieved with a maximum of economy and efficiency. Such a system is the only one likely to survive national disaster.

A second group maintains that each community should proceed immediately with its own preparations

for meeting disaster. Such a plan would not interfere with a national program. Each team can lay the necessary ground work in plans and at the same time improve its own and others' readiness to meet any problems that may require community participation. Above all, much time and effort can be saved because such planning will be required with or without a universal national pattern.

WILDCATTERS TO DRILL FOR OIL ON MOUNTAIN TOP

The never-ending search for oil has carried wildcatters to the top of a 6,880-foot mountain in California. To bring equipment to their lofty drilling site, the company has constructed an 8½ mile road at a cost of \$80,000. Water for the operation will be pumped up through a six-mile pipe from a water well drilled 3,000 feet down the mountain. Because winter storms often close the roads in the mountainous territory, sleeping and cooking facilities are being installed at the rig.

GUSHERS ALL WASHED UP

At one time considered a symbol of America's booming oil industry, the gusher which ran wild and flooded the countryside with oil is practically a thing of the past. By studying petroleum reservoirs and developing equipment to control nature's

subterranean gas pressures, producers now regulate production from the moment a well is completed. Only through a mishap can a gusher occur today.

LUBE OIL DEMAND UP

The demand for automotive lubricating oils increased from a little over five million barrels in 1920 to about 22 million barrels in 1949. Industrial lubricating oil demand advanced from some 10 million to about 17 million barrels during the same period.

PIPE LINE GROWTH

From mid-1941 to the start of 1950, the nation's petroleum industry con-

structed 25,463 miles of crude oil and petroleum products pipe lines. These additions brought the nation's total pipe line mileage to 152,814 miles by January 1, 1950.

X-RAY PROBES WOODS

The X-ray can now be used to find defects in logs and heavy timbers which are hidden from the naked eyes by the bark or outer wood. Once the defects are located, the sawmill operator can use the log to best advantage.

NO COMPLIMENT

Some women talk to their husbands positively awful; others awfully positive.

When Nasty Colds Leave You WEAK AND RUNDOWN HADACOL CAN HELP

If Your System Lacks Vitamins B₁, B₂, Niacin and Iron, Which HADACOL Contains

When a nasty cold leaves you in a weakened and run-down condition, HADACOL can help build you up if your system is lacking in Vitamins B₁, B₂, Niacin and Iron, important elements contained in HADACOL. Many folks have found that this fine family formula helps overcome these deficiencies and soon they feel good again.

Mrs. A. Jiminez, 141 East 13th St., Port Arthur, Texas, gave HADACOL to her young son, Floyd, after he had recovered from a bad cold when she heard how HADACOL was helping folks suffering from deficiencies of Vitamins B₁, B₂, Niacin and Iron. It helped him so much in regaining his strength and energy that Mrs. Jiminez says she is always going to have HADACOL on hand for Floyd.

recovering from a siege of a bad cold.

He was very run-down, lacked an appetite, and I started giving him HADACOL. After about a bottle and a half I could notice an improvement. His appetite picked up and he had increased strength. I think HADACOL has done wonders for Floyd, and can't praise it enough. I have continued to give him HADACOL and intend to always have it on hand for Floyd."

Here is Mrs. Jiminez's statement: "My son Floyd was very subject to colds. He's eleven years old, and he was run-down, didn't seem to have an appetite at all, and just simply lacked energy. I heard about HADACOL on the radio, and it was about this time that Floyd was just

Men, women and children of all ages are praising HADACOL for supplying Vitamins B₁, B₂, Niacin and Iron which their systems lacked. Don't let that "After-Cold Run-down Feeling" drag you down—HADACOL can help you, too, if you suffer such deficiencies. Sold on a strict money-back guarantee. You'll feel great after the first few bottles you take or your money back. Trial size, \$1.25; large family economy size, \$3.50.

Porter Gets Call To Fort Bragg

JeDon Porter, son of Mr. and Mrs. John Porter of this city, visited briefly with his parents over the weekend, enroute to Fort Bragg, North Carolina, where he was ordered to report on Tuesday, March 6th.

Porter, a reservist in the 82nd airborne infantry, received his orders while in school at New Mexico Military Institute, in Roswell. He goes into uniform as a lieutenant. Mrs. Porter said today.

WHITE AND ENGRAM OUT OF HOSPITAL

John White, son of Mr. and Mrs. Jack White, and Patsy Engram, daughter of Mr. and Mrs. Edward Engram, both of whom were hospitalized after an automobile accident last week have been released from the hospital.

Mrs. White reports that John was released Monday afternoon, and returned to classes at New Mexico A. M. She added that he received a recurrent shoulder injury and is receiving treatment.

Miss Engram returned to her home in Texico Tuesday, according to her sister, Jo Beth Engram. She is recovering from facial and head lacerations.

CHILD RECUPERATES

John Gordon McCuan, who sustained an appendectomy at the Parmer County Community Hospital last week, returned to his school work at Farwell on Monday, his father, Dale McCuan, reported. The youngster is 12 years old and a grammar student at the local school.

Hurshel Harding, son of Mr. and Mrs. N. R. Harding Sr., of Texico, left Tuesday for Waco, Texas, where he enrolled in Law School at Baylor University.

Mr. and Mrs. Harold Dixon of Albuquerque returned home Sunday after a short visit in Farwell. Their two daughters, Sharon and Pat, remained to visit with their grandmother, Mrs. Ruby Dixon, and their great-grandmother, Mrs. J. C. Temple.

Mrs. Joe Helton reminds local women that the Auxiliary is still saving margarine flaps featuring Mrs. Tucker's picture. They hope to collect all the flaps by April 1.

Mr. and Mrs. Bill Ellis and his mother, all of Lubbock, visited in the home of Mr. and Mrs. Morgan Billington Sunday.

Mr. and Mrs. Bob Anderson and Marilyn Anderson spent the weekend of last week in Santa Fe on a skiing trip.

Mr. and Mrs. D. L. Klepper of Earth, Texas, visited her brother, Roy Threet and his family, Friday afternoon.

FRIONA MAN JAILED

Robert Pierce, Friona, the first of the week was placed in Parmer County jail here after being picked up for drunken driving. He was brought to Farwell by Charles Jones, deputy, and was bound over for grand jury action, as this was not his first offense. Monday afternoon he had failed to make bail of \$100.

HOME ON LEAVE

Truman Kitrell, son of Mr. and Mrs. T. L. Kitrell, is home on a 14 day leave from the navy. Kitrell will be stationed at San Francisco when he returns to his base.

SHERIFF IN HOSPITAL

Sheriff Charles Lovelace has been ill with a throat ailment through the past week. He was taken ill last Wednesday, and it was necessary for him to be taken to Memorial Hospital in Clovis. His condition improved enough for him to go home the first of this week, however.

To do his job right the surgeon must have the very latest inside information.

Teachers Attend District Meeting

Teachers in Parmer County school systems will attend the Northwest Texas Conference for Education for District 9 of the Texas State Teachers' Association, which will be held Friday at Amarillo.

Twenty-six counties in the district will be represented at the meeting, which will feature addresses by Dr. Ethel J. Alpenfels of New York University; Dr. Andrew D. Holt, of the University of Tennessee; and Dr. H. Roe Bartle, Boy Scout Executive, Kansas City, Missouri.

General sessions of the meeting will be held in the municipal auditorium, and the 25 sectional meetings are scheduled in various schools and churches in Amarillo.

Sectional meetings include administrators, business managers and tax collectors, classroom teachers, commercial, elementary language arts, English—high school and college, foreign language, guidance.

Homemaking, industrial arts, library, mathematics, music—band and orchestra, music—vocal, physical education and health, primary, school board, school lunchroom, science, social studies, special education, speech, trade, industrial, and distributive education, and vocational agriculture.

Chamber Of Commerce Annual Dues Payable

Officials of the Farwell Chamber of Commerce today called attention to the fact that membership fees for the year 1951 are now due and payable.

R. W. Anderson, secretary of the local organization, stated early this week that a goodly number of local citizens had already paid their membership fees for the year, and hoped to complete the list at an early date.

Membership fees in the local chamber are the same since the organization was formed, \$25.00 per year for business establishments and \$10.00 for individuals.

Auxiliary Collects 60 Books For Vets

Tommy Thompson headed the committee to collect pocket size novels to send to the Veterans' hospital in Amarillo recently. The campaign was sponsored by the Auxiliary.

Sixty books were donated during the drive, and Mrs. Dardanella Helton, president of the organization, expressed appreciation to the community for their cooperation.

CARD OF THANKS

I am taking this means of thanking the many wonderful friends who have been so kind in remembering me while I was in the hospital. Especially do I want to thank those who sent cards, letters, flowers and visited me while I was ill. Thank you very much.

Mr. Harry Jesko

Visiting in the home of Mr. and Mrs. Sam Lewis in Texico Sunday were Mr. and Mrs. Grady Lewis and children of Oklahoma City; Mr. and Mrs. L. B. Lewis, Oklahoma City; Mrs. W. H. Lewis, Oklahoma City; Johnnie Lewis, Dimmitt; Jack Hawkins, Lubbock; Mrs. Maudie Exline, Canyon, Lula and Pete Haynes, Texico, and Patsy Doshier, Texico.

Dinner guests in the C. D. Houghtling home Sunday, were Mr. and Mrs. Louis Caillouet, Mr. and Mrs. Johnnie Lewis, Mr. and Mrs. Bobby Joe Winegeart, Mr. and Mrs. Paul Meyer, Mrs. C. C. Bowen, and Les Means. Afternoon callers were Mr. and Mrs. R. C. Vinyard and Mr. and Mrs. Paul Clark of Clovis.

Mr. and Mrs. David Russell had as dinner guests Saturday night, Mrs. Ross Calvin of Clovis, and Mr. and Mrs. Bob Anderson.

Rev. and Mrs. Benton Allen of Oklahoma City are visiting with her sister and family, the Roy Thorn-ton.

Randol Children Honor Parents

The Randol children honored their parents, Mr. and Mrs. Tom Randol with a surprise dinner feting their thirty-third anniversary, which was March 3. The dinner was held Sunday.

When Mr. and Mrs. Randol returned home from church Sunday, the children sang "Happy Anniversary" to them as they entered the door. The table was set with china, a gift from the children to their parents.

Attending the anniversary celebration were Mr. and Mrs. Leon Cantrell and children, Tommy Lou and Nancy, and Mr. and Mrs. Raymond Robertson, all of Clovis; Mr. and Mrs. Grayson Roberts, Calalye Ann and Pamela of Texico.

Children who couldn't be present were Mr. and Mrs. J. R. Fain and son, Sam Randol of Dallas, and Hettye Nann Randol of Abilene.

Roxie Henson Gives Informal Party

Roxie Henson entertained guests in her home Tuesday evening February 27, with an informal party.

Games were played and refreshments of cakes and cookies were served by the hostess, Roxie, to Margie Reid, Clodine Allen, Charlene Allen, Darlene Rhoten, Marsha Peterson Jo Hannah;

Jimmy Horton, Terry Horton, Jerry Jester, Andre Palmateer, Wayne Breeze, Arlye Crooks, and W. O. Reid.

Brotherhood Meets At Baptist Church

The Brotherhood of the Baptist church met Monday night with Rev. J. J. Terry of Grady, N. M. as principal speaker. His subject was "Challenge To Men—When God Touches Men's Hearts." Fourteen men were present.

Included were Barney Kelley, Joe McWilliams, Walter and Willie Hardage, Tom Atchinson, Jack White, Luther Pearce, Harry Donahay, Sterlyn Billington, Bob Douglas, John Lockhart, Rev. Fields, Rev. Terry and Mr. Shaver of Grady.

Wesleyan Guild Meets Wednesday

The Wesleyan Guild of the Methodist church will hold its regular meeting Wednesday night, March 14, Mary Lou Cason, president, says, at the home of Mrs. W. W. Vinyard.

The meeting will begin at 8:15; Mrs. John Armour will be in charge of the program.

Mrs. H. N. Aldrich, of Cleveland, Ohio, is a house guest for the next several days in the home of Mr. and Mrs. A. D. Smith.

Party Honors Wayne Tucker

Wayne Tucker was honored with a surprise birthday party Tuesday evening in the home of his parents; Mr. and Mrs. Hugh Tucker on his eighteenth birthday. Mrs. Tucker, assisted by Mrs. Joe McWilliams and T. E. Roth, directed several games—among them Quaker School, Honeymoon, Poison, Hikey-Pikey Hokey-Pokey, and Winkum.

Refreshments of cake and ice cream were served to the following guests: Bobbie Allred, Stephen Stone, W. O. Reid, Melvin Curry, Jo Beth Engram, Arlye Crooks, Donal Engram, Violet Curry, Marsha Peterson, Margie Reid, Phyllis Tucker, Robert Tucker, Patsy Engram, Carmen Roth, the honoree, Wayne, and Tedde and Billy Roth and Barbara Tucker.

Variety Club Meets In Shelley Home

Mrs. Prather Shelley was hostess to the Variety club Tuesday afternoon. A textile demonstration was given by Mrs. Larry Winkles.

The group members spent the afternoon stenciling quilt blocks for the hostess.

Attending the meeting were Mesdames Scotty Berry, J. R. Caldwell, Sam Sides, Thad Watkins, Clyde Perkins, Clyde Magness, Fred Kepley, Mayo Carpenter and Marilyn Ann, Ed McGuire, H. T. Edwards, Sam Shelley, John West, J. M. Pruitt, A. D. Moore, Walter Verner, J. I. Gober, Doyn Merriman, and two guests, Mrs. Winkles and Mrs. Ed Hardage.

Next meeting will be in the home of Sam Sides April 9.

Forty-Five People Attend Game Night

Approximately 45 people attended "game night" sponsored Tuesday night of last week by the American Legion Auxiliary, Mrs. Joe Helton, president of the organization, reports.

"We hope to have the same type of entertainment again some time next month," Mrs. Helton reports, but a definite date has not been set. The organization expressed her appreciation to all those who helped to make the affair a success.

Door prize was won by Charlie Beeler, who held the lucky ticket. Ten tables of games were featured during the evening entertainment. Included were canasta, "42" and dominoes.

Money taken in at the "game night" entertainment will be placed in the general fund of the organization.

Mr. and Mrs. Sterlyn Billington and children were Sunday dinner guests in the home of Rev. and Mrs. C. M. Fields.

Area Students Will Play In Hereford

The National Federated Music Festival will convene in the First Methodist Church of Hereford next Saturday, March 10, beginning at 9:45 in the morning.

The following students of Mrs. W. W. Vinyard will play solos at the festival. Included are Nita Beth and Verha Marie Estes, Joy Redden, Sondra Rhinehart, Gail McFarlin, Kay Collins, and Donna Smith of Bovina; also Don Lewis and Sally Osborn of Friona.

Entering in piano duo numbers are Vera Jones of Friona and Barbara Meyer of Clovis.

The Texico-Farwell and Clovis pupils of Mrs. Vinyard will play in the Federated Festival to be held in Portales March 31.

Woman's Club To Meet At School, March 13

Mrs. Mose Glasscock, president of the recently-organized Texico-Farwell Woman's Club, today issued a cordial invitation to all members and prospective members of this community to be on hand at the home economics building of the Farwell school next Thursday night, March 13th, for a club gathering.

Definite program plans could not be announced the first of the week, but Mrs. Glasscock stated that an interesting program would be presented.

The meeting will begin at 7:30.

Susannah Wesley Bible Class Meets Tuesday

The Susannah Wesley Bible class of the Methodist church met in the home of Mrs. Ralph Humble Tuesday afternoon with 15 regular members and five visitors present.

A lovely plate lunch was served to Mesdames B. N. Graham, A. D. Smith, Anne Overstreet, J. C. Temple, Lust, E. G. Blair, A. B. Pipkin, Albert Thomas, W. W. Engram, Len Yoder, F. J. Parks, Ralph Humble; G. W. Atchley, Jess Newton, Miss Laura Temple, and five visitors, Mesdames Aldrich, Faville, W. H. Graham, Justice and Booth.

Friona Church Gives Sermon Subject

"Mercy's Far Horizon" is the sermon subject of the Rev. George E. Meyer for the morning worship hour of March 11, known as Passion Sunday on the Christian calendar. There will be special music.

The altar servers scheduled are Freya Robinson, Peggy Jean Wildner and Jimmie Ray Bainum; "Chilly" Sanders is to be the reader; and the greeters and ushers are to be Gaylord Maurer and Bob Conway.

The pastor's sermon is a continuation sermon in the series—"The Ladder of Light," beauty centered.

AND, FOR GROWN-UPS, TOO!

Safe food . . . healthful food . . . tasty food is vital to our very existence. We must have it to survive. But there must be a means of keeping food safe . . . healthful and tasty. Electric refrigeration provides the means . . . proven by years of faultless service to thousands of Panhandle-Plains-Pecos Valley-Eastern New Mexico residents. Today, proper refrigeration is a necessity . . . something you can't afford to do without. If you are not now refrigerating your food the safe, healthful electrical way you're missing something. Why not talk it over with your electric appliance dealer.

Seniors To Be Honored, Officers Elected At Farwell PTA Meeting

Farwell's 1951 graduating class will be honored during the social hour, and new officers will be elected at the business meeting, when the Farwell Parent-Teachers Association holds its regular gathering at the school building Thursday evening of this week.

Miss Nell Cunningham is to direct the program for the evening, with a theme "Shall the High School Educate for Marriage and Family Relations?" Musical numbers will be presented by Doyle Vaughn and Rex Pool, and Mrs. Erma Jobs will accompany at the piano.

Highlighting the social hour will be the annual reception tendered the seniors by the PTA group. Members of the 1951 class include Robert Armstrong, John Christian, Billy Don Crume, Gerald Curtis, Harold Doshier, Nickie Foster, Bob Gertes, Buster Ham, Pete Hughes, Orle Jones, Beryl Nix, Gerald Norton, Jerry Pool, Glen Smith, Roy Threet, Sandra Bateman, Nelma Branscum, Bobby Christian, Wynema Cochran, Bettie Foster, Caryetta Grissom, Irene Hardage, Dot Kent, Sue Medley, Ann Stores, and Lila Gardner.

Legion Zone Meeting Planned At Dimmitt

Regular Legion Zone meeting, which was postponed last month because of bad weather, will be held Tuesday night in Dimmitt, Loyde Brewer, zone commander, says.

Tentative plans are to have a special program in observance of the American Legion birthday, March 15.

Two speakers will be used for the program. One will be a World War I veteran, the other a World War II veteran. Brewer says that the WW I speaker will come out of the 18th District from Amarillo, but at present his name is not known. The other will be Russell Moran of Dimmitt.

The meeting is slated to begin at 8 o'clock at the Legion hall. Zone members include Farwell, Bovina, Friona, Dimmitt, Hereford, Vega, which are included in a four-county area.

Methodist Church Has Evangelism Campaign

Texico-Farwell Methodist Church used the first three nights of this week for work on a visitation evangelism campaign, according to Rev. Lance Hurst, pastor.

He said that two other visiting pastors were here to help eight church laymen in the evangelistic work. Rev. H. H. Allen of Trinity Methodist Church in Clovis, and Rev. Robert Houston of First Methodist Church of Lovington were the visiting preachers.

They worked with the following laymen: John Hadley, Paul Wurster, Joe Blair, Lenton Pool, C. M. Henderson, Loyde Brewer, and Woody McDermitt.

Attend Study Club

Mrs. W. E. Thornton and Mrs. Billy Sudderth of Bovina and Mrs. B. N. Graham of Farwell are attending a meeting of the Morton Study Club as special guests today (Wednesday). The special program is to feature a book review.

DAC Holds Sixth State Assembly, At Portales, 3rd

The Sixth State Assembly of the Daughters of the American Colonists met in Portales N. M. on Saturday, March 3rd.

The Regent, Mrs. B. B. Wilson of Roswell gave a breakfast for the State Board at 9 A. M. in the student Union building after which the board met for a business session.

The Assembly opened at ten A. M. in the music hall. The bugler, Larry Stone called the Assembly to order and the pages carried in the National and State flags.

Miss Buchanan's string trio rendered a medley of Patriotic air after which the regent declared the 6th State Assembly opened.

Mrs. A. D. Smith, Regent of the Zia chapter which was the hostess chapter gave the address of welcome and the response was given by Mrs. David Hill Jameson of Albuquerque, vice Regent.

The Civic club of Portales welcomed the Assembly after which the Organizing Regent, Mrs. John Dennis Brown of Clovis gave an interesting and inspiring talk to the daughters.

Dean Cole of E. N. M. U. gave a most interesting address on "Freedom".

At twelve o'clock the Assembly had a no hostess luncheon in the Student Union building.

Ray Ann Allen opened the afternoon session by giving a beautiful piano solo after which Dr. Ira Ihde of E. N. M. U. reviewed the book "The Man of Independence" by Johnathan Daniels.

Committee and chapter reports were heard during the business session and the state D. A. C. voted a gift of \$25 dollars to the National D. A. C. for the coming National Assembly making the gift in honor of the outgoing Regent, Mrs. B. B. Wilson was presented with a Past Regent's pin, and she presented the Assembly a gavel made of solid oak taken from her ancestral home in Kentucky.

Mrs. Pierce publicity chairman for the Pacific coast section gave a report on the number of members in each section of the country. There are eighty-one members in the State of New Mexico and the chapters are three in number and are Zia chapter 1, Albuquerque Chapter 2, Pecos Valley Chapter 3. Special delegates from Zia chapter were Dr. Leone McNeff of Farwell, Mrs. Douglas B. Stone of Portales, and Mrs. Roy Pierce of Clovis.

Mrs. R. B. Allen, Mrs. Douglas B. Stone, and Mrs. R. E. White had charge of arrangements and planning the program for the assembly.

Three members of the Zia Chapter are of Farwell. They are Mrs. A. D. Smith, Mrs. Fred E. Kepley, and Dr. Mary Leone McNeff. Mrs. John D. Brown organizing Regent installed the newly elected state officers at the close of the program. The newly elected Regent is Mrs. David Hill Jameson of Albuquerque and the vice Regent is Mrs. Douglas B. Stone of Portales. The 1952 Assembly will be held in Roswell next March.

'Family Night'
 "Family Night" at the Congregational Church, Friona held Sunday night March 4th, was well attended, the food, the fellowship and the feature picture all were enjoyed. The next Family Night is scheduled for April 1st, with a special program according to the Rev. Mr. Meyer, pastor.

Mrs. Art Mast and little daughter, Carol, of Bovina, left Thursday for California where they will visit with Sgt. Art Mast who is stationed at Camp Cooke. Sgt. Mast is attached to the 40th Division and is scheduled to leave for Japan some time this month.

Joint PTA Program Held At Texico

Members of Farwell Parent-Teachers association were guests at the regular meeting of the Texico group last week. Mrs. Albert Rice, president of the Texico group, announces.

The rhythm band, composed of students from the first to the fourth grades, presented several numbers for the guests. They were directed by Mrs. John Armour. Mrs. Annie Lee Chumley, who works with the Red Cross out of Clovis, discussed the current drive for funds which began March 1.

A business session was presided over by Mrs. Rice, president of the Texico association. Several committees were appointed by the president.

Nominating committee includes John Adams, Mrs. John Moss, and Mrs. Jess Richardson. Election of new officers will be held at the next meeting, scheduled for the latter part of March.

A family night picnic is also scheduled on the social agenda for the association later in the year. Planning committee includes LeRoy Faville, Bud Peyton, and Mrs. E. U. Scott.

A joint committee, composed of members of both Texico and Farwell PTA associations, was appointed to discuss a summer playground program for Twin Cities. Selected on this group were Mrs. E. R. Tharp, Mrs. Lenton Pool, Agrie Jones, Jack Williams, and Rev. C. M. Fields.

Impromptu speeches on recreation for Texico-Farwell young people were made by Supt. Williams, Supt. Jones, Mayor C. M. Henderson of Farwell, Les Means, Rev. Fields, and Lenton Pool. Mrs. Rice discussed the results of a survey given in Texico high school on the project, stating that students expressed a desire for a recreation center.

A film was shown on "Youth In Crisis" which centered around recreation for young people. Topic of the complete program was "The Child and His Community."

Coffee or punch and doughnuts were served to association members of both schools.

Corsage Class Takes In \$30

Approximately \$30 was netted from the special class on "how to make corsages," sponsored by the Wesleyan Guild of the Methodist church Wednesday night, Mary Lou Cason, president of the organization, says.

Mrs. M. C. Roberts demonstrated the process of making corsages, using gladiolas, iris, carnations and other flowers. About 30 people attended the class. Corsages were auctioned off to the guests following the demonstration.

The Guild is contemplating another class before Easter, if flowers may be obtained from local yards, Mrs. Cason says. Mrs. Roberts says that she will give personal instruction for the class if attendants purchase their own ribbon, wire, tape and other articles.

Mrs. Roberts will instruct a similar class in Clovis sometime in June, sponsored by the Garden club.

A 50c admission charge was made for the instruction and money from the project will be used to pay for floor covering for the basement rooms of the church, Mrs. Cason says.

Just Received...

1696 School Still Stands

"The Voorlezer's House" in Richmond, Staten Island, N. Y., is the oldest known elementary school building in the United States. It was erected before 1696. "Voorlezer" was the title given by the early Reformed Dutch congregation to a church employee, whose main duties were to ring the bell, lead the singing, keep records, and admonish noisy church members. In the dominie's absence, he read church services. The voorlezer conducted a school, teaching reading, writing, arithmetic and religious studies. In most settlements like the one on Staten Island, he also served as court clerk, court messenger and public scrivener. In this last capacity, one of his functions was to compose love letters for less

fluent members of the community. The Voorlezer's House is a two-story, frame, clapboard structure. The exterior is painted a deep red. Trim and window shutters are white.

The building rises two feet higher in the front than in the rear, giving the roof an unequal pitch. The original roof has been replaced with green asphalt shingles, the same kind of fire-resistant roof material used on most modern homes.

Foundation walls are of undressed fieldstone, with mud as mortar. Timbers of the building are of locally cut oak and white wood. The white pine floor boards, varying in width from 14 to 16 inches, have been worn uneven by the more than two-and-a-half centuries of use.

1st. The morning services will be at 10:00 and the evening services will be at 7:45. The pastor, Rev. M. D. Jurnam will do the preaching and Mrs. Vernon Ward and Mrs. R. E. Everett will have charge of the music.

On Easter Sunday morning there will be a special sunrise Easter service at the church at 6:30 A. M. Easter music and message for this service.

The W. M. U. met Wednesday afternoon Feb. 28th in the home of Mrs. J. F. Barnett for their regular monthly social. After a brief business session the group played several games and enjoyed delicious refreshments. There were 15 present.

Last Sunday's attendance record is as follows—Sunday-121—morning worship 132—training union-69—evening worship 114.

The young married couples training union class had charge of the assembly program in training union

last Sunday night. A story titled, "I thought about God," was read with slide pictures accompanying the story.

The W. M. U. this week is observing the Annie Armstrong week of prayer holding session two days. An offering will be taken each day for home missions. The pastor will climax the season of prayer with a sermon on missions next Sunday night.

The church welcomed into its membership this past Sunday morning, Mr. and Mrs. Clovis Ratliff as candidates for baptism.

A cordial welcome awaits you at the Bovina Baptist Church.

VETERAN'S QUESTION BOX

Q—I am a World War I veteran, and I had a U. S. Government Life Insurance permanent policy which lapsed but which was extended automatically as term insurance. The term insurance extension has expired and now I have no coverage at all. May I apply for new U. S. Government Life Insurance?

A—Yes, so long as you meet the health requirements for insurability.

Q—I took out a National Service Life Insurance policy when I entered service in February, 1942, and I allowed it to lapse when I was discharged in March, 1948. Am I eligible for the second special NSLI dividend to be paid in 1951?

A—No. The policy must have been in force at least three months between its anniversary date in 1948 and the date in 1951. Your policy was not in force for three months during that period.

Q—I was discharged from the Navy in 1946, and I was recalled to active duty in the naval reserves for six weeks in February and March, 1947. May I count those six weeks in computing my entitlement for GI Bill education?

A—Yes. All members of the organized reserve called back to active duty for 30 days or more on or before July 25, 1947 (official termination of World War II for

GI Bill purposes) may count that duty in computing GI Bill entitlement.

Q—I am taking full-time on-the-job training under the GI Bill, and I am required to take a correspondence course along with my job training. Will that correspondence course be charged against my entitlement?

A—No. Veterans in full-time training required to take correspondence courses as well, will not be charged additional entitlement.

AREA TEAMS MAKE GOOD SHOWING AT TOURNAMENT; CANYON, HAPPY WIN

The area teams which were entered in the Bovina Junior tournament last weekend, made a good showing, though out-of-county teams carried home championship trophies.

The Canyon junior boys out-classed area teams and coasted through three games Saturday to top all contenders for the championship award. In the girl's division, the Happy sextette, demonstrated steady playing ability as they won over Bovina, Lazbuddie and Texico to come out on top for the winning award.

Both Texico boys and girls placed in competition, however, with the boys quintet chalking up a consolation win; and the girls winning second place. The Bovina boys took the second place trophy in their division and the Farwell girls carried home a consolation award.

All Tournament Teams

Two Happy team members, two from Texico, and girls from Friona and Lazbuddie made up the all-tournament team in the girl's bracket. Listed for the honor were McDaniel of Texico, Francis of Happy, Steinbock of Lazbuddie, Patsy Reed of Friona, Margie Reid of Texico, and Betty Vaughn of Happy. Three players receiving honorable mention were Haws of Friona, Wilson of Bovina and Jesko of Farwell.

In the boy's division, seven players were named to the all-tournament team. Both Bovina and Texico placed two men on the selected team. Members included Ruthart of Canyon, Strume of Hereford, Ware of Bovina, Horton of Texico, Sudderth of Bovina, Tucker of Texico, and Jesko of Lazbuddie.

The junior tournament was sponsored by a group of organizations of Bovina schools; Loren Thompson, president of the Student Council made trophy presentations.

BOYS GAMES

In the opening games of the tournament in the boy's bracket, Bovina met Texico; Bovina gained the lead in the first quarter and maintained a heavy margin during the remainder of the tilt. With a six-point lead at the end of the first period, the top quint had doubled their opponent's score 25-11 by halftime.

The green and white clads seemed to get on their feet in the third period, but they couldn't overcome the top-heavy lead, and Bovina won 34-25. Top man on scoring was Ware of Bovina, with Horton starring for Texico with eight. Tucker of Texico followed closely, making five out of six free shots, for five of seven points.

Canyon-Hereford

The Canyon team, playing their first tilt of the session with Hereford, began their winning spree with a 35-28 victory. Hereford held the top team to a low score the first half, but lost their rabbit's foot in the last period, to allow the Canyon five to rack up the winning points.

With only a three point lead the first quarter, Canyon dropped behind, giving the Hereford contenders a close 16-15 lead by halftime. Moving into the third round, however, the Canyonites couldn't be stopped and racked up 14 points, allowing their opponents only five. The last period told the story as the Hereford group bowed to the Can-

yon quintet by a seven point loss. Money of the winner's team was high with 11 counters; Hereford's Woodford and Hembree made 10 and 9 points, respectively.

Bovina-Lazbuddie

Beginning Friday's session, Bovina and Lazbuddie were pitted against each other for a close hard-fought battle, with the Bovinaites taking the Lazbuddians by a slight one point.

The score rocked back and forth from the beginning whistle; Lazbuddie led one point at the end of first period; and Bovina was top team at the half. Final count was 31-30. Jesko of Lazbuddie made a smashing 16 points, and Reed of Bovina hit 10 counters.

Friona-Farwell

Friona's junior team won over the Farwell quintet by a top-heavy score, doubling the locals 33-14. Farwell trailed 10 points by the end of the first period, and halftime score was 18-7. Friona allowed the locals only one point during the third, as they racked up 10 counters.

Fangman and Rogers, both of Friona, made 9 points each and Robason chalked up six. Harbage of Farwell hit eight for the locals.

Bovina-Friona

Two Parmer County teams began the second round of play Saturday morning; Bovina took a win over the Friona team. The host team maintained a steady lead from the beginning, holding a 22-15 score over their opponents by halftime. The Frionians didn't come out from under during the entire session and lagged 10 points the remainder of the game. Sudderth of Bovina was outstanding point maker with a record 19 counts; Rogers starred for Friona with 11.

Canyon-Bovina "B"

In their second game of the tournament, Canyon topped the Bovina "B" quintet 44-32, doubling the Parmer Countians 16-8 the first period.

The Bovina quint stayed with their opponents during the second quarter, but began a fast lag in the third.

Miller and Ruthart paced the Canyon team, making 14 and 11 points, respectively; and Read racked up 14 counters for the losing team.

Texico-Farwell

The Twin Cities teams played Saturday afternoon, both of them having been slated in the loser's bracket. The Wolverines surged ahead in the first minutes of play, racking up 13 points to Farwell's three; and maintaining a scoring spree the remainder of the tilt.

The New Mexico five topped the Texas quintet 45-36. Farwell's Harbage was top scorer with 17 baskets; with Horton making 11 points for the winners.

Canyon-Happy

The Happy boys drew a bye in the first round of play, pitting them against the winning Canyon quintet in the second. Allowing their opponents only eight points in the first half, Canyon scored 28 counters. Moving into the second half, the top team kept their fast tempo to top Happy 42-22.

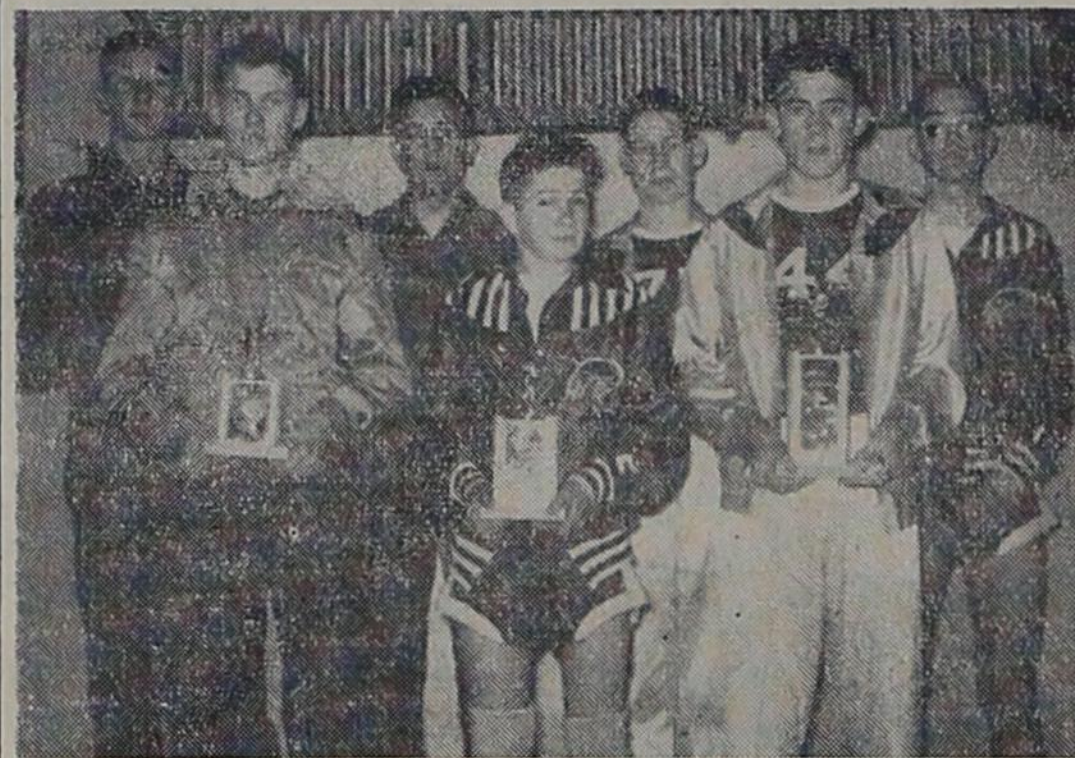

Boling of Canyon chalked up 16 points, with scoring for Happy evenly distributed among players.

Hereford-Lazbuddie

In the last tilt of the second round,

Included in the group above are members of the all-tournament basketball team selected at the Bovina Junior tournament last weekend in the girl's division. They are Vaughn and Francey of Happy; Reed of Friona; Reid and McDaniel of Texico; and Steinbock of Lazbuddie.

Seven boys were selected as members of the all-tournament team at Bovina Junior tournament last weekend. Pictured above are six of the group, and the co-captain of the winning Canyon team. They are, first row, left to right, Tucker, Terico; Sudderth, Bovina; Ruthart, Canyon; back row, left to right, Strume, Hereford; Horton, Texico; Miller, co-captain of the Canyon team; and Ware of Bovina. Not pictured is Jesko of Lazbuddie.

Lazbuddie was out-classed by the Hereford group for a chance to play consolation. Hereford doubled the score over the Parmer County boys during the first quarter and didn't slow down the remainder of the game. Final count was 44-23.

Thirteen points were accredited to Strawn of Hereford; Lazbuddie's Jesko made 11.

Consolation Tilt

Hereford and Texico, slated for the consolation tilt, were neck and neck at the beginning of the game, with Texico leading 11-9 at the end of the first period, and Hereford in the lead 21-20 at halftime. The New Mexico team surged ahead in the last half and gained a 46-37 win.

Texico's Crooks and Horton made 14 and 12 points, respectively; Woodford was high point man for Hereford with 11 counters.

Championship Game

In the championship game of the tournament in the boy's bracket, Canyon, playing their third game for the day, completely outclassed the Bovina quintet.

The visiting team held an eight point lead at the end of the first period and led 31-8 at the half. Final score was 45-32.

Ruthart hit 14 counters for Canyon followed closely by Money with 13. Bovina's Sudderth made 14, and Pounds chalked up 11.

GIRL'S GAMES

In the girl's bracket, Texico girls won the first match topping the Friona team 38-22. Scoring was slight during the first period for both teams, but the New Mexico sextette began rolling in the last half to lead their opponents 26-18 by the end of the third quarter.

McDaniel of Texico chalked up a record 16 points; with scoring evenly distributed between forwards on the Friona team.

Happy-Bovina

Happy was top team over Bovina Thursday night in last half game. Both teams were slow the first period with Bovina hitting only two points during the first half, and Happy making 13. The visiting team began hitting in the fourth quarter and topped the Parmer County sextette 29-15.

Lemmons led Happy with 11 points, with no outstanding records listed for the Bovinaites.

Lazbuddie-Farwell

The Lazbuddie sextette was top team over the Farwell group in a tight low-scoring game Friday afternoon. Though the Farwellites couldn't grasp a lead in the entire session, they held their opponents to a 22 count as they racked up 17. Both teams made the maximum points in the last quarter.

Dosher was high point maker with 11 counts for Farwell and Steinbock topped her one with 12 points for Lazbuddie.

Texico-Bovina

Beginning the second round of play Friday afternoon, the Texico girl's racked up a win over Bovina for a chance at championship play.

The Bovina lassies surged ahead the first period, gaining a three point lead, which they lost by halftime, after only a three point gain in the second quarter. It was Texico's game the rest of the way, as they wrapped

ROSE DRUG & GIFT SHOP

Modernization-

(Continued from Page 1)

was stated that an average of 300 students were being fed in the lunchroom now, not including teachers. The board said that the present facilities were not adequate for this large a number. In addition, it was felt that the lunchroom should not be located in a basement, but above ground for sanitation and other reasons.

The board felt that for a long time the community has needed an auditorium as a gathering place for such events as plays, literary, cultural, and other type programs.

The present gymnasium, they say, can be converted into a modern auditorium with a seating capacity of near 600.

Shy Physical Plant

At present, only three dressing rooms are available for all students, 5th through 12th grades, who are taking physical education. The board cited the need for more floor space for PE activities, more dressing rooms, and a larger seating capacity. The proposed new gymnasium would seat 1250; the present one 600.

In conclusion, the board's statement read:

"The board certainly would not recommend such measures if they thought it was too heavy a burden. The building and remodeling program is not one to bankrupt the paying facilities of our tax payers."

The board stressed that interested

persons are urged to examine the program, and suggested that they were ready to talk with these persons at any time regarding any phase of the proposals.

Steers Start Early, Have 2-Way Track Meet Here Thursday

The Farwell thinclads, after only about two weeks of training, are to move into their first track meet tomorrow (Thursday) afternoon, announces Coach Tommy Hestand.

It will be a two-way affair, officials announced, between Farwell, and Hereford. Little dope is available on the Deaf Smith team.

The Bovina track team was originally scheduled to attend the meet for three-way competition, but Hestand announces that the Mustangs have sent word that they cannot enter the meet.

In any event, it will be the first meeting of thinclads in this part of the country, and athletic fans wearying of basketball probably will find it a welcome relief to get outside to watch the ancient sport.

Farwell officials announce that all events will be staged, including hurdles, sprints, distance runs, relays, weights, and whatnot. The meet is scheduled to begin at 1:30, and will be held on Farwell field. No admission will be charged.

STUDENTS SEE FILMS

Chemistry and sociology students, under the direction of F. D. Stout and John Adams, viewed movies dealing with research and electronics Monday afternoon.

"Adventures in Research," by the Westinghouse Corp. explained radar and electronics to the students, while "The Banshee" by the McDonnell Aircraft Corp. presented the new jet plane, "The Banshee," and showed how it is produced.

Students who viewed the films were Jo Beth Engram, Carmen Roth, Wayne Tucker, Stephen Stone, Jeriel Doolittle, Dee J. Brown, Buddy Sparks, Wayne Breeze, Darryl Harris, Richard Hapke, Donald Clark, Andre Palmateer, and Bobby Christian.

SENIORS DISCUSS TRIP

Texico senior class met Tuesday to discuss plans and arrangements for the seniors on "What to Expect on a Senior Trip."

President Jimmy Horton then appointed two committees to investigate various places the seniors

might visit.

Wayne Tucker, Buddy Sparks, and Wayne Breeze were appointed to investigate the possibilities of Texas, including San Antonio and Austin. Jerry Jester, Stephen Stone, Violet Curry and Bobbie Allred were appointed to secure information on a trip to Colorado Springs and Denver, Colorado.

HONOR ROLL

Twenty-three junior and senior high school students have maintained a 3.5 average in their grades for the past six weeks to attain the honor roll.

The seventh and eighth grades led the parade in numbers placing eleven students—Leon McDaniel, Anita Tharp, Roy Thorton, Kathryn Curd, Patricia Hatcher, Kenneth Reid, Bobbie Richardson, Shirley Stover, Dora Vigil, Charlotte Wilmeth and Darlene Rhoten.

The sophomores were next with James King, Jo Sondra Magerus, Robert Tucker, Ronny Ferguson, Gene Armstrong, and Mary Lou Hatcher.

Senior, junior and freshman classes tied with two each. The seniors who maintained the average were Carmen Roth and Dee J. Brown; while the juniors and freshman were represented by two girls—Alva Jane Moss and Bobbie Williams, juniors, and Roxie Henson and Phyllis Tucker, freshman.

HOME EC DEPARTMENT RECEIVE NEW EQUIPMENT

Texico home ec. department received four new gas ranges and a refrigerator last week. One of the Roper ranges is fully automatic and the other three have time clocks. The refrigerator is a late Servel model.

The home ec. department received this equipment through the advertising plan with the Southern Union Gas Company. They will be furnished with new model stoves and refrigerator every two or three years according to Mrs. Jimmy Allman, home ec. instructor.

SEVENTH GRADE HAS NEW STUDENT

Adrian Loflin, son of Mr. and Mrs. Wesley Loflin of Clovis, has enrolled in the seventh grade. He is now residing with his grandmother, Mrs. G. C. Houston in Texico.

Adrian is enrolled in the following subjects, math, spelling, P. E., English, social science, and reading.

THIRD GRADE NEWS

Third grade perfect attendance for this six weeks was announced today by Mrs. Frank Seale, teacher. Those who had perfect attendance were: Donna Crawley, Wendell Doshier, Gale Hadley, Glendon Harvey, Don Johnson, Dewey Smith, Connie Tharp, Warner Walker, and Sue Fields.

Lee Roy Allen missed two days last week with the mumps. Charles Stockton, Colene Landrum and Donald Blair have also missed because of illness.

SECOND GRADE NEWS

Texico second grade students have made kites and lions to border their blackboards. The students have put a sweet potato in a bowl of water and are going to see if it will bloom before school is out. Eddie White from Childress, Texas, has joined the class.

Students with a perfect attendance record for the past six weeks are Leslie Dyer, Lee Spears, Homer Lowrey, and Alfred Stover.

4th GRADE NEWS

Fourth grade girls are making doll dresses out of washable materials as a health project. Each gave a talk on why they chose the particular material they did.

The class is making jonquil flowers, and rabbits to decorate their room for Easter. An Easter program is being planned for the class.

Jerry Walker of Sudan, Texas, has joined the fourth grade class, but they are losing another, Etnia Lou Allen, who is moving to Albuquerque.

The class received a globe for their room from Station K. G. N. C. in Amarillo, Texas, as runner-ups in the quiz-down program.

PERFECT ATTENDANCE IN THE FIRST GRADE

Mrs. Leroy Faville announced today, that four first graders have perfect attendance records for the entire year. They are Melcena Allen, Jan Jack, Audrilla Lowery, and Jean Hadley.

Students who have perfect attendance for the past six weeks period are: Bobby Curtis, Joe Harvey, Beulah McDaniel, Beth Ellen Peyton, and Larry Richardson.

SEVENTH GRADE PARTY

Seventh graders had a weiner

roast at the sand hills, Tuesday February 20. Hot dogs and cold pop were enjoyed by the following students, Lester McDaniel, Leon McDaniel, Marvin Pendergrass, Delbert Parton, Bobby Spears, W. E. Harvey Jr., Allen Lockhart, Ruth Winkles, Wanua Griffin, Mary Harriman, D'Tanis Caldwell, Betty Stelzig, Billy White, Sue Doolittle, Anita Tharp, and Jackie Wilmeth.

F. H. A. GIRLS SEE PICTURE SHOW

"Beauty That Lives Forever," a movie, was shown to the F. H. A. girls in their regular meeting Wednesday afternoon.

Mrs. Jimmy Allman, sponsor, said, "Different patterns of silverware and how it is made was viewed on the screen by the girls."

FIRST GRADE NEWS

First Grade has started a new book, "The Wishing Well." They made little houses by the sea shore and fixed a wishing well by the house. Beth Ellen Peyton and Audrilla Lowrey made the houses. David Watkins brought three shells that came from the Pacific island of Iwo Jima. Pat Burford brought some toy turtles and Mrs. Albert Rice sent some large shells so the children can hear the sound of the sea. They also made little plants out of construction paper and added flowers to the plants by sewing different buttons for the blossoms.

FIFTH GRADE RECEIVES NEW BOOK

Members of the fifth grade have completed work in their geography book, "The American Continents", and have started work in a history book, "The Story of our Country." All the members of the fifth grade are enrolled in this course, which is to be taught by E. U. Scott, grade school principal.

UNITED STATES GEOGRAPHY IS NEW SUBJECT

United States geography is now being studied by eighth graders in place of world geography reported John Adams, instructor, today.

The world book, which was completed last week was replaced by "United States and Western World" Monday.

SIXTH GRADERS TAKE TYPING

The sixth graders have begun a course in typing under the instruction of Mrs. Agrie Jones. At the beginning of the semester it was necessary to bring the social science class to the typing room; thus, Mrs. Jones decided to give the group a course in typing to encourage the students to take typing when they enter high school.

The first 30 minutes of the period are spent on social science and the next 15 minutes on typing—provided the class has had a good lesson the day before.

Next week the group will be advanced enough to start on typing exercises. Mrs. Jones states, "The only difference in teaching this group and high school pupils is that you have to give more instructions, but the younger group is much more enthusiastic."

5TH AND 6TH GRADE NEWS

New reader, "The Firelight Book", and a new history book, "A World Background of the United States," have been received this week by the sixth grade.

Those who have been absent from the room this week because of illness are Wilford Thatcher, Roy Lee Allen, and Lucille Carpenter.

The room cleaned its book closet and took an inventory of the books. In connection with their health course the room is taking sitting-up exercises under the direction of Susan Levins and Barbara Caldwell.

The room won a world globe as runner-up in the Quiz-Down at Amarillo, Texas.

SENIOR OF THE WEEK

Jimmy Don Horton, son of Mr. and Mrs. Horton of Pleasant Hill, was born March 2, 1933.

Jimmy started to school at Pleasant Hill and went through the tenth grade there. In his junior year he came to Texico, where he is now a senior.

Horton is taking algebra II, English IV, Art, and typing I. He is president of the senior class, a member of dramatics club, and played first base on the softball team. Jim-

my has been a guard on the basketball team for the past two years and on the track squad as well.

Jimmy's favorite foods are Mexican foods; blue is the color he likes best, and "Poison Love" is his favorite song.

SPEECHES MADE

"To be able to stand up before an audience, think clearly as one speaks, and express one's thoughts in an interesting manner are the aim of formal speeches which were given in our English IV class," stated Mrs. Jimmy Allman, teacher in an interview today.

The speeches were given on Wednesday and Thursday before an audience of class-mates. Stephen Stone spoke on "Communism" and Wayne Tucker talked on "Socialism versus Communism". Bobbie Allred gave "Whats wrong with the Army"; Jo Beth Engram talked about "The Life of Horatio Alger"; and Violet Curry reported on "Carlsbad Caverns." Dee J. Brown discussed "His trip to Boys' State"; Ronald King reported on "The Habits and Customs of Russia"; and Carmen Roth explained "Rain-making in New Mexico."

STYLE SHOW GIVEN BY HOME EC GIRLS

The Texico home ec club girls presented a style show of sports, street, and evening dresses in assembly Monday afternoon. McCall's Pattern Corporation furnished the dresses. The patterns for the dresses can be found in the McCall pattern book.

Modeling for the show were Margie Ried, Norma Jean Jacks, June Breeze, Mary Lou Hatcher, Doris Leavell, Bettye Bridges, Roxie Henson, Esther McDaniel, and Jo Sondra Magerus. Phyllis Tucker was narrator and Marjorie Brown played the part of the clock.

TEXICO 4-H MEETS

Barbara Ann Caldwell was elected President of Texico 4-H Club in a regular meeting Tuesday, February 27. Joyce Ann Gillean was chosen Vice President; Susan Levins, Treasurer-Secretary; Mary Sue Stover, Reporter; and Mikala Ann Faville, recreation leader.

Pins will be presented March 10, at eleven A. M. in the Clovis High School Auditorium to the following who have finished project books for the year: Mikala Ann Faville, Suzanne Walker, Joyce Gillean, Baking; Susan Levins, Carolyn Curd, Betty Crawley, Sewing.

SENIORS RE-DO GYM

Minor remodeling in the new gymnasium has been undertaken by three senior boys in an effort to construct a place for storage of cases of pop and empty bottles.

The boys—Wayne Tucker, T. W. Parton, and Frank Hapke are building a small door in the end of the north bleacher where they plan to store the bottles.

All candy and pop machines have been moved to the lobby of the gymnasium, and the new storage place is being constructed as a matter of convenience in the filling and servicing of the machines.

PETERSON AND REID FREE SHOT CHAMPIONS

Marsha Peterson and W. O. Reid received gold basketballs in an award assembly Wednesday for their first place performances on free shots in practice. Margie Reid and Jerry Jester were second and were awarded silver ones, while Esther McDaniel and Dee J. Brown received bronze basketballs for third place.

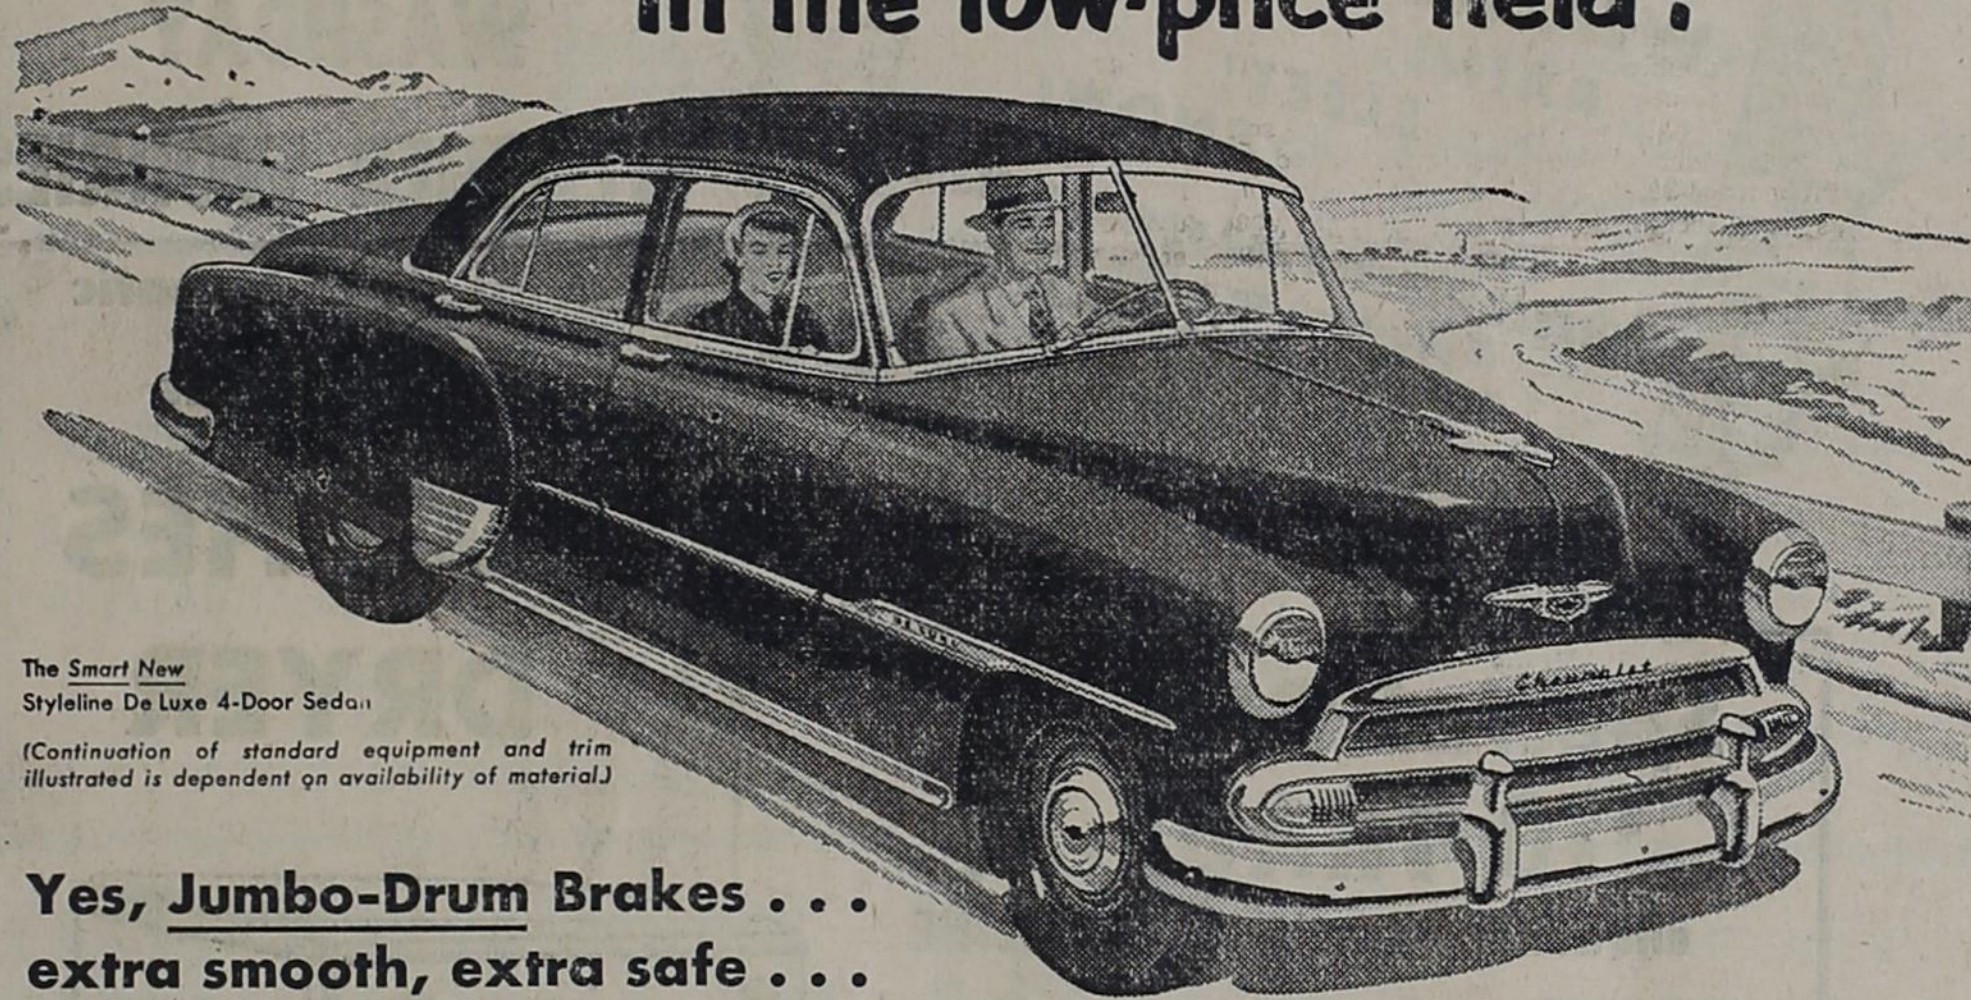

F. D. Stout, girls' coach, presented the trophies. Stout stated that fifteen free shots were taken by each player in practice each day and a record kept of those made and the trophies went to those with the highest percentage.

TUCKER IS BUSINESS MANAGER OF PROJECT

Wayne Tucker was chosen business manager of the senior coke machine project at a senior meeting Friday. His business will be to buy and sell for the senior class at all times and for the county volleyball tournament, where the seniors will have all concessions except candy, which the juniors will sponsor.

Frank Hapke and T. W. Parton were appointed by the president, Jimmy Horton, to keep the coke machine serviced and filled.

Largest brakes in the low-price field!

The Smart New Styleline De Luxe 4-Door Sedan

(Continuation of standard equipment and trim illustrated is dependent on availability of material.)

Yes, Jumbo-Drum Brakes . . . extra smooth, extra safe . . .

...another reason why more people buy Chevrolets than any other car!

You and your family will enjoy special safety in Chevrolet for '51—America's largest and finest low-priced car.

You'll know this the minute you test its new, more powerful Jumbo-Drum Brakes—largest in the low-price field!

They're extra smooth, positive and safe; they provide maximum stopping power with up to 25% less driver effort; they combine with many other Chevrolet safety factors to give you the fullest measure of motoring protection.

And you'll enjoy a special kind of performance and driving ease in this car, too. For it's the only low-priced car that offers you your choice of a mighty 105-h.p. Valve-in-Head engine, teamed with the time-proved Powerglide Automatic Transmission,* for finest no-shift driving at lowest cost. Or the brilliant standard Chevrolet Valve-in-Head engine, teamed with Silent Synchro-Mesh Transmission, for finest standard driving at lowest cost. Come in, see and drive it!

AMERICA'S LARGEST AND FINEST LOW-PRICED CAR!

*Combination of Powerglide Automatic Transmission and 105-h.p. engine optional on De Luxe models at extra cost.

Happenings at Friona

ABIE CRUME, correspondent. Phone contributions to 2791.

'The Club Clinic' Is Theme of Meeting

A unique playlet entitled "The Club Clinic" was presented on the program at the regular meeting of the Friona Woman's Club, last Wednesday afternoon at the club house. Participating in the play were Mesdames George Meyer, L. F. Lillard, Wesley Hardesty, V. R. Jordan, Frank Reed, J. D. Sanders, J. C. Wilkison and S. L. McLellan.

Mrs. Pearl Kinsley, who is the only living charter member of the club, gave the history of the organization from its origin in 1909 to the present time, and pictures of club members and of Friona taken during past years were displayed and enjoyed by those attending.

Two talented young musicians, Miss Gaye Ann McFarland and Miss Joyce Miller, rendered two piano duets for musical entertainment.

During the business session, handled by Mrs. Wesley Hardesty, president, the club voted \$5 to the Heart Fund, and one new member, Mrs. W. B. Stark, was accepted by the membership.

At the conclusion of the afternoon a delicious salad course was served by the hostesses, Mrs. J. L. Shaffer and Mrs. J. C. Wilkison, to the 25 members and one guest, Mrs. Lloyd Hume, of Paynes Creek, California.

Mrs. Opal Mears Is Buried on Friday

Mrs. Opal Fay Mears, 41 years old, was buried in the Friona cemetery the past Friday afternoon, March 2nd, following funeral services conducted in the Friona Methodist Church. Rev. James Tidwell, pastor, officiated at the funeral rites, assisted by Rev. H. V. Fields, of the Avenue Baptist Church, of Hereford.

Mrs. Mears passed away at the home of her mother, Mrs. Pearl Hand, on the last day of February, shortly following the family's return from Dallas, where she had been taken a few days earlier for medical attention. Her condition had been critical for some several weeks, following an operation performed at the Deaf Smith County Hospital in Hereford. She was born in Oklahoma, married to J. H. Mears in Dimmitt in 1928.

The family has resided near Friona since 1927. Survivors include her husband, J. H. Mears; two sons, J. C. and Sam, of Friona; her mother, Mrs. Pearl Hand, of Friona; three brothers, D. O., L. R. and Sam Hand, and a sister, Mrs. Reaford Shirley, all of Friona.

Pallbearers were Aubrey Carlton, Emmett Day, Dudley Robason, G. B. Buske, Elroy Wilson and George Jones. Steed Funeral home, of Clovis was in charge.

Breakfast Planned For March 13th

Rev. James Tidwell, pastor of the Friona Methodist Church, reminded today that another of the men's breakfasts will be held on March 13th.

These affairs are held in the church annex, with serving beginning at 6:45 and all men of Friona are invited to participate in the social and short devotional period.

Topographic Maps Made for Farmers

Topographic maps were made last week by the Soil Conservation Service in Parmer County, Bill Kennedy, supervisor of the county office, which is located in Friona, reported today.

Maps were drawn up for Leo H. Bails and Joe S. Menefee, while K. W. Neill brought another place of his under a conservation plan, Kennedy added. Also, on the Bails farm, ditch lines were run for irrigating wheat. L. E. McKillip, 11 miles north of Farwell, made application during the week for assistance from the Parmer Soil County district. McKillip, Kennedy said is interested in a complete conservation program with all the trimmings. Some applications, he added, are made by farmers who are interested in only one or two practices.

The county board of supervisors, Kennedy went on, may refuse to approve any bona-fide applications. The program, as adopted by the local board, holds that SCS technicians can give assistance only to farmers who fully intend to carry out a complete program.

Mrs. Thornton Is Now Improving

Mrs. Nancy Thornton, Parmer County's centenarian, who recently sustained a broken hip and other abrasions and bruises when she fell at the family home north of Friona, is reported to be showing improvement at the Parmer County community hospital.

The aged lady, who celebrated her 100th birthday in fine spirit back in January, was in serious condition for some time following her accident, when she had an attack of pneumonia, but hospital attaches said the first of this week that her condition seems to be improving.

Public School Week Is Noted at School

Public school week is being observed at the Friona schools this week, along with all other institutions in Texas, Supt. Dalton Caffey remarked on Monday.

A special assembly program was held this (Wednesday) morning at 11 o'clock, to which all patrons of the school were invited, and high school choir, under the direction of Glenn Cunningham, presented a 30-minute program.

Patrons are being invited to visit over the school and check on the work being conducted in various classes, Supt. Caffey added.

School will be dismissed on Friday as members of the faculty take part in a district teachers meeting, to be held in Amarillo.

German Student To Speak Here, 8th

Ulrich Hundsberg, a German exchange student who is residing and attending school in Amarillo, will be the guest speaker at the regular meeting of the Friona Lions Club, on Thursday evening of this week, March 8th.

Wesley Foster, of the Lions, said in making the announcement that "We are anxious for all local members to be on hand at this time, as we feel that hearing young Hundsberg speak will be an interesting and novel experience."

The meeting will begin at 7:30 in the Friona Woman's Club House.

Friona Team Will Go To State FFA Meet

The Friona FFA farm skill demonstration squad, which won district and area honors recently in contests held in Hereford and Amarillo, is grooming to go to the state meet at Huntsville, on March 17th, it was reported today by J. T. Gee, ag instructor at the school.

The boys and their instructor plan to leave here on Friday, the 16th, in order to be on hand for the competition on Saturday. Twelve teams will be represented at the state meet, and preliminaries will be divided into two groups of six teams each, with the two high squads from each division competing in the finals for the four high state honors, Gee explained.

The locals will present their demonstration on immunization of swine for cholera, and will transport their own animals to the state meet for their demonstration, the ag man said.

Members of the team include Keith Brock, Ralph Reed, J. Vonne Fulks, M. C. Osborn, Jr., and one boy yet to be named. Jimmie Gore was a member of the team which won the area honors, but Gee explained that state rules did not allow

him to use a boy that had been on the winning squad the year before—and Gore was a member of Friona's championship team in 1950.

Ohio Farmer Is Visiting Here

M. F. Bails, of Ashland, Ohio, is visiting Mr. and Mrs. Leo H. Bails, who live four miles south of Friona. Bails, who runs a butcher shop in Ashland, also has farming interests, only a few miles from Louis Bromfield's famed Malabar Farm, which is the nation's top in conservation application.

Asked by local SCS supervisor Bill Kennedy if they had green bugs and cut worms in Ohio, Bails replied in the negative, but added that a kind of wheat fly similar to the feared Hessian fly gives some trouble.

FFA Boys to Put on Farm Skill Showing

Representatives of the Future Farmers of America chapter of the Friona school will be in Tulia this Saturday, where they have been asked to present a farm skill demonstration, J. T. Gee, supervisor, said on Monday.

The Saturday gathering is the Area 11 teachers meeting, Gee explained, adding that he was responsible for taking a team for the demonstration. The boys will demonstrate treating a cow for lumpy jaw, showing the method of throwing the animal and giving intravenous shots.

Texas Day Program Given for Club

The annual "Texas Day" program was enjoyed by members of the Modern Study Club on Tuesday night of this week, when a regular meeting was held in the Club House.

Ten-minute reports were featured on Texas history. Mrs. Fay Reeve reported on John Nance Garner, Mrs. Katherine Blackburn discussed "Anson Jones, Last President of

Texas"; Irene McFarland outlined various Texas collections; and the musical special was a quartet, "Beautiful Texas", sung by Phila Gaye and Lila Mae Buske, Betty Agee and Gay Ann McFarland.

Large Crowd on Hand For Senior Play

A good crowd was on hand both Friday and Saturday nights at the Friona Methodist Church, when nine seniors of the local high school presented their annual play, "Sunrise By Request."

Sponsors of the group reported the first of the week that the class realized some \$200 from the presentation, and expressed their appreciation to the public for its patronage.

Due to the fact that the school is currently without an auditorium, all such activities this year are being held in the church sanctuary.

Choral Group to Sing At Hereford, 8th

The Friona high school choir, under the direction of Glenn Cunningham, will make an appearance at the Hereford high school on Thursday of this week, March 8th.

Officials announced Monday that the local singers would appear at the Hereford assembly gathering at 11 o'clock Thursday morning.

In looking toward participation in the district musical festival, to be held April 13-14 in Canyon, the choir is taking part in a number of public appearances preceding the Canyon affair.

Training Class Is Planned by Pastor

A training class for church membership is being considered by Rev. J. E. Tidwell, pastor of the Friona Methodist Church, it was announced the first of this week.

Training classes will likely be held three times weekly in the two weeks preceding Easter Sunday, the

pastor added, stating that he had made no definite plans on Monday.

Some Flu Cases Are Being Reported

Several "old fashioned flu" cases have been reported at the local hospital during the past ten days, Dr. Paul Spring says, adding that a general spread of influenza over the state has been noted for some time.

In most instances, patients coming to Dr. Paul for treatment are those who have been visiting downstate or out of the state recently, it is added.

STILL OFF DUTY

Mrs. Glenn Harrelson, nee Dorothy Kelly, who underwent surgery at the local hospital a week ago, has been released to her home, but will not be back on duty at the hospital for some time, it is understood. She serves as office nurse to Dr. Paul Spring, at the hospital.

Visits Here

Mrs. Billie Joe Brown and baby, of Midland, Texas, has been here visiting in the home of Mrs. F. N. Welch. She is the former Melba Jo Welch.

WSCS Meeting Held

The regular meeting of the WSCS of the Friona Methodist church was held the past Tuesday afternoon, with Mrs. John Gaede and Mrs. Joe Moyer in charge of the program on an Indian topic. A good attendance was reported.

Return Home

Mr. and Mrs. Jake Lamb and Mrs. Bertie Stowers, who had spent the past several days at Truth or Consequences, N. M., returned to their respective homes in Friona, the latter part of the week.

Pete Guinn, O. B. Moyer, Raymond Adams, and Vance Crume, were business visitors in Amarillo on Saturday.

We Hate To Do This!

That's what we overhead Woody McDermitt, of the City Cleaners, saying the first of the week.

When questioned, Woody explained that he MUST ask his customers to bring their own hangers—or just return his—if they want their cleaning on hangers when they are ready for you to take out of the shop.

As everyone knows steel has been allocated, and the hanger manufacturers are 'way down on the priority list. So we must ask you to bring your own hangers.

THANK YOU, for your cooperation in this necessity.

Farwell Cafeteria Serves 300 Pupils

Farwell cafeteria serves an average of 300 pupils each day, according to Jack Williams, superintendent of schools. The number served has remained reasonably constant since the beginning of school.

Including teachers and other personnel of the school who eat daily in the school lunch room, the number of people who are served each day would increase the total to an average of 325 to 340 persons a day.

The cafeteria staff includes five women. Mrs. Travis Brown, head dietician, is assisted by Mrs. James McDorman, Mrs. Hazel Petree, Mrs. Willie Hardage, and Mrs. Charles Hromas. Since the illness of Mrs. Brown's husband, Mrs. M. H. Potett has substituted in her absence.

All menus are kept on file, in fact, a record is available on everything that has been served in the lunch room since Sept. 1. A charge of 25c is made for each meal, and the school receives 7c and 5c state reimbursement, the sum dependent on whether or not a student drinks milk.

The lunch room also receives surplus commodities out of Amarillo from the government.

Charles Rogers handles the disbursement. A few of the items received by the school this year include potatoes, butter, ham, turkey, grapefruit, orange juice, apples, peas, honey, powdered milk, powdered eggs, canned peaches and canned peas.

Menus are usually planned two weeks in advance.

The lunch room began several years ago under the auspices of the Parent-Teachers association, Supt. Williams says. Outside of the help from its original benefactor, the cafeteria has made its own way. With the money obtained from the 25c charge made to students, and the money obtained from the state, staff salaries are paid and menus financed.

The Texas Education association now lists the cafeteria as the Farwell lunch room, and the system is sponsored by the Board of Trustees.

Jones Advises Farmers To Use Certified Seed

Those Parmer County farmers who plant poor quality seed are likely to harvest poor crops, warns Joe Jones, County agent. Careful examination of the tag on each sack of seed will help the farmer determine the quality of the seed he is getting.

L. C. Coffey associate agronomist for Texas A & M Extension Service, states that, certified seed comes from fields that have been inspected during the growing season, and have been properly handled at harvest time, cleaned, tested for purity and germination, and properly stored.

Blue tags attached to each sack of certified seed carry accurate information about the quality of the planting seed Coffey states. These blue tags are issued by the State Department of Agriculture for use on seed which have met certain high standards of purity and germination. In 1950, blue tags were issued for 96 varieties of 12 different crops grown in Texas.

Although certified seed may cost slightly more than seed that is not certified, the added expense is offset by the assurance of purity and percentage of germination, says Coffey. Seed of questionable germination and purity may not be cheap at any price.

When farmers buy certified seed, they know what they are getting. Coffey reminds farmers that the certification tags are an excellent source of valuable information when they are buying planting seed.

Essay Contest Nets \$100 First Prize

CANYON (WTNS)—Plans for the annual Panhandle-Plains Historical Essay Contest, sponsored by the Panhandle-Plains Historical Society of Canyon, have been announced.

Deadline for all essay material has been set for midnight, April 20, with a first prize of \$100 and a second award of \$50. Dr. L. F. Sheffy, West Texas State history professor and Society secretary, made the announcement.

The contest is held each year for the purpose of stimulating greater interest in collecting, research and writing of the history of the Southwestern Plains. The contest is open to everyone, but it has been announced that slight preference will be given amateurs.

Papers may be written upon any historical subject dealing with any phase of West Texas and the Southwest. Reminiscences, diaries, biographies, letters, town and county histories, or the history of institutional development of any kind will be acceptable. Emphasis will be placed on human interest and general historical value. All research papers should be documented with bibliography attached.

Papers should be written on one side only, double-spaced, and on 8 1/2 x 11 paper. Entries should be addressed to the Panhandle-Plains Historical Society, Canyon.

Chasing a woman is fun. The trouble begins when you catch her.

Defense Strategy Planned By Scouts

The Boy Scouts of the Plains District are cooperating with the National Defense efforts by engaging in a series of training courses to organize themselves into emergency service corps, according to J. D. Jackson, Health and Safety Committee Chairman for the district and who will head up the training.

Jackson has secured the hut of Scout 14 of the Central Baptist Church for the meetings began Monday night March 5 at 7 o'clock, and will continue each Monday night during the month of March. This training is opened for all scouts but only those who have reached the age of 14 will be active members of the corp.

Those taking the course but not 14 will be designated as apprentices and will become full members on his 14th birthday according to Jackson.

Helping Jackson in the training are Walter Leichty taking the scouts in whipping the ends of a rope and tying 9 specified knots;

F. O. McVey will instruct in the Personal and public health merit badges; Raymond Robertson will have the pathfinding merit badge.

Those taking the course will present the program at a District Court of Honor on Monday April 2. They will also receive an arm band which will identify them as emergency service corp members.

Public Service Co. To Erect \$6,000,000 Plant Near Earth

The contract for construction of the Southwestern Public Service Company's new \$6,000,000 power plant near Earth has been awarded to the Missouri Valley Constructors, it has been announced by H. O. Dodson, vice president and operating manager of the electric light and power company.

Missouri Valley Constructors is currently completing an addition to the Southwestern Public Service Company plant at Amarillo. The construction company's home office is located at Leavenworth, Kansas,

with a branch at Amarillo, which is under the supervision of Mr. Frank Harrison, vice President.

The new plant, located on portions of the Halsell Ranch, 4 miles south of Earth and 9.5 miles north of Amherst, will be the 11th base load plant in the Southwestern Public Service Company's interconnected system. The first unit in the plant, a 50,000 kilowatt turbo-generator, is scheduled to go "on the line" in the Spring of 1952.

AREA MEN LISTED FOR PHYSICALS, INDUCTION

Eighteen men were scheduled to leave for induction and 41 for physical examinations yesterday morning from the selective service board in Hereford, which serves the four-county area of Deaf Smith, Randall, Castro and Parmer.

Going for induction from Parmer County were Billy D. Wigley and Raymond Schlabs, both of Friona. Reporting for physical examinations were Doyle Talmadge Busby and Thomas Edwin Jones of Friona, and Billy Wayne Wilkerson of Bovina.

MATERIAL FOR FARWELL ANNUAL IS COMPLETE

All material for Farwell high

school annual has been completed and mailed to the engravers, it was announced today. Deadline was March 1.

Annuals are slated for completion by the latter part of April.

TEXAS POSTAL RECEIPTS GIVEN

January postal receipts in Texas declined 26 per cent from December, but remained 14 per cent above January, 1950, the University of Texas Bureau of Business Research reported.

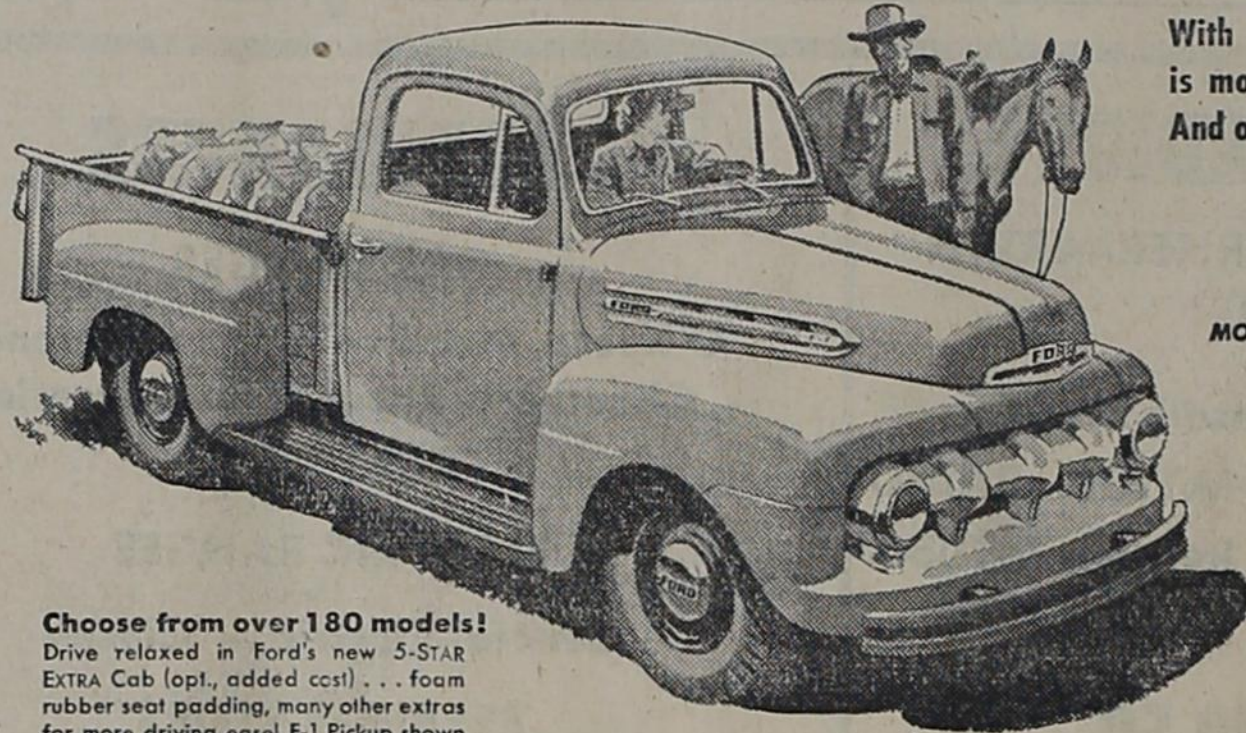

January receipts for 41 smaller Texas cities totaled \$4,388,319. Drops from the December level ranged from 5 to 48 per cent, but no city reported a decrease greater than 19 per cent from January, 1950, receipts.

MILITARY OIL NEEDS HIGH

Military petroleum requirements are an important factor in total demand. For the fiscal year ending June 30, 1950, these requirements were estimated at 101,887,000 barrels. While considerably below those for 1945, they were more than eight times 1941 needs, which amounted to 12 million barrels.

Clovis

The Comfort of Religion

WE live in an Age of Comfort... physical comfort, that is, and we like it. In fact, we demand comfort. Our homes must be comfortable... warm in winter, cool in summer, equipped with electrical conveniences and good plumbing. Our furniture must be comfortable. Our clothes must be comfortable. Our automobiles, trains, airplanes must give comfort in every detail. Even the style of our architecture has changed to reflect this modern trend toward, above all else... COMFORT.

YET, are we indulging ourselves in the Supreme Comfort, the COMFORT of RELIGION? A man with folded hands; that means a soul in fellowship with the Almighty. See what aids he has summoned in his hour of great need! As our nerves are torn ragged each day from the wear and tear that must come in every routine, do we restore our souls in the BLESSED PEACE OF OUR RELIGIOUS PROMISES? When a crisis comes, when someone dear to our hearts lies sick beyond reach of medicine or skill, when we must stand by helpless and watch death take away our sweetest treasure, or when we find that we must live daily with tragedy, do we experience the Comfort of a Divine Presence ever with us, to give us stout hearts and strong courage? Read Psalms 103:2-4.

THE HOLY COMFORTER brings joy, peace, patience, loving-kindness. As you walk down a busy street, notice how few faces reflect this Spirit within. Harried, cross, impatient, unkind faces betray a pitiful need for Spiritual Comfort. The strain and stress of complicated modern life are more than any human can bear alone. Psychiatrists are stampeded; mental institutions are overflowing. Our nerves simply can't take it. Why not turn to the COMFORT of RELIGION? The man with folded hands and open Bible; we do not know just where he is reading... But he is in company with noble souls of all the ages. FOR MAN, IN HIS DARKEST HOURS OF SORROW, SEEKS THE COMFORTS OUR CHRISTIAN RELIGION OFFERS. There's room, there's welcome, there's COMFORT waiting for you in your church.

**YOU IN THE CHURCH
THE CHURCH IN YOU**

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial and a stranger give character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good. Be a regular CHURCH-GOER and a daily BIBLE READER.

JOJON'S PIANO-PLAYER TELLS OF AL'S TRIUMPHS AND HEARTACHES

Al Jolson, whose real personality was known to very few people, was a man of baffling moods. A hypochondriac, sentimentalist, and incurable worrier, he was also the only man ever to kick General Eisenhower in the pants — and make him laugh at it.

In an exclusive interview in the February issue of Cosmopolitan magazine, Harry Akst Jolson's accompanist and confidante, recounts the triumphs and heart-aches of the man who has been called the greatest entertainer of all time.

"Even to the end," says Akst, "Al had to keep proving to himself that he was good. Despite the bravado, the magnificent air of self-confidence, the fact that the American public obviously recognized Jolson as just about the greatest one-man show in history — Al had some

bad times when he was unsure of himself, when he felt that he was only as good as his next performance."

According to Jolson's friend of 42 years, it was in Algiers in 1943 that the USO-touring Al delivered to Eisenhower a letter from the general's wife. "Al will give you for me," said the letter, "a kick in the pants for not writing more often." The Supreme Commander turned and lifted the skirt of his jacket. Then Al delivered the message.

Akst was with Jolson when Al was courting Ruby Keller and a gangster phoned to threaten him if he didn't stay away from her. Jolson cursed the caller, gave him his exact walking route to the stage door, and defied him to "Take your best shot." The gangster never shot at Al married Ruby.

The article cites examples of Jolson's private vocabulary.

Anything that was bad he called, "mogo on the gogo." If he liked someone, that person was "a mouse's ear." Someone extra-special was "a marmoset's niece." And whenever his closest friend asked Al why he behaved stangely at times, Jolson answered, "Because you're beautiful."

When Al launched his Korean war zone tour, says Akst, an Army doctor looked at Jolson's infected throat and said, "This man can't sing." But Al went ahead to give 42 performances in the Far East, gargling medicine, sweating in steam cabinets and scribbling messages to save his voice between shows.

In one hospital, a GI with both hands wired and splinted started to applaud Jolson's act. A nurse warned the soldier to keep his hands quiet. "I don't care if they fall off," said the patient. "This guy is good."

Akst recalls one of Jolson's most sentimental moments. They had just returned from a USO tour of

three continents during World War II. Akst was talking to his wife on the phone when he heard Al crying in the next room. He asked the divorced Jolson what was the matter. "You've got someone to come back to," Al sobbed. "Who've I got? Not a soul in the world cares whether I live or die." Later during another hospital tour, Jolson met X-ray technician Erle Galoraitn, who became his wife.

The article recounts many little known incidents and foibles in Jolson's life and personality, including his fistfight and reconciliation with Walter Winchell, his life-long fear of tuberculosis and devotion to miracle drugs and sunshine, his love of being spotted in a crowd and refusal ever to exploit his fame.

Akst ends his interview with a significant commentary. He recalls that Jolson's last record was a song they wrote together. Its name is "No Sad Songs for Me."

BLEACH CLEANS SINK

If your sink has a general yellowish cast and has lost that gleaming white look, you can restore its sparkle. Soak paper towels in a bottle of laundry bleach and press them flat against the sink.

Good Housekeeping suggests leaving them overnight to insure getting that white look back again. If the yellow rust still persists, use a powdered product made for rust stains.

Pure bleach is very powerful, so be sure to handle it carefully and not splash any on your clothes.

LUMBER \$5 MILLION BETTER

Jess Osborn First Parmer County Bench Leveller

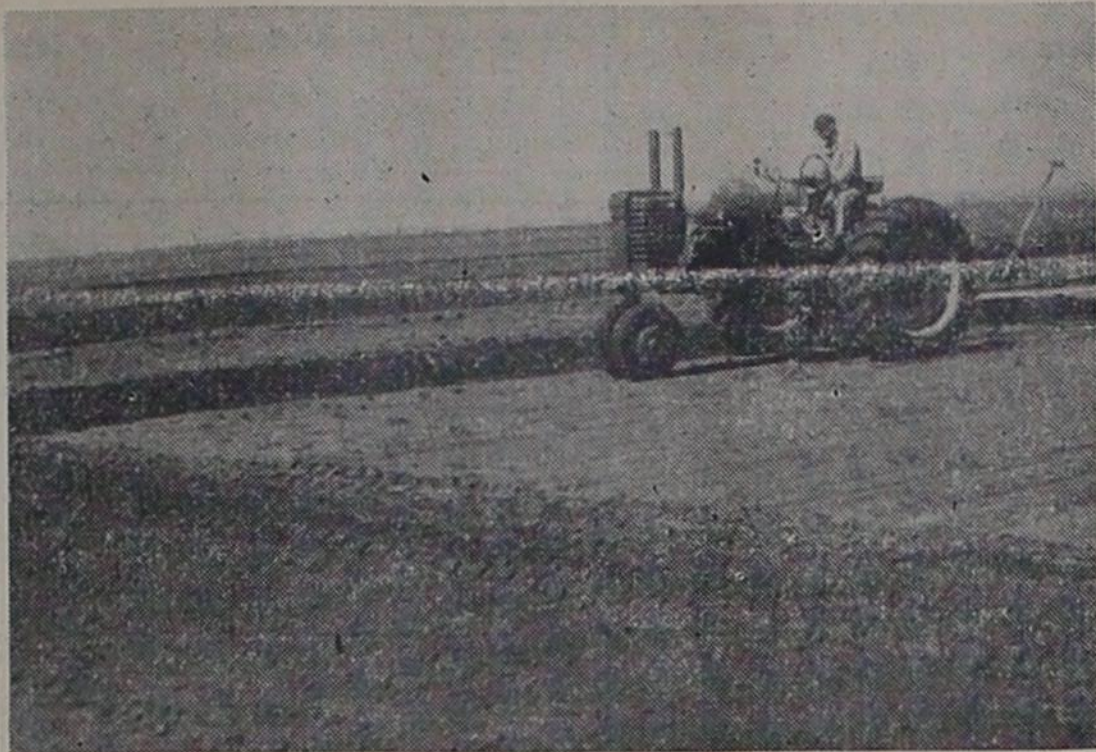

Jess Osborn, Parmer County Soil Conservation District cooperator, is bench leveling his land in preparation for irrigation; and he is the first and only person in Parmer County who has already observed this practice as far as Bill Kennedy, supervisor of Soil Conservation, knows.

Bench leveling is a new thing in this section of the county according to the supervisor, yet he thinks that the system will be used more because "it's the way to water." But development of the practice will be slow; it takes time, Kennedy adds.

The Osborn farm, located 4 miles east and two miles south of Oklahoma Lane schoolhouse, features 20 acres of bench leveling. Purpose of the practice, emphasized by Kennedy, is that farmers save water, increase yield, decrease erosion on irrigated land, and improved water application results are given.

Asked to explain the steps in setting up bench levels, Kennedy listed six phases. First, a detailed topographic map is made which shows the elevation in different spots in the field. Then the width of the borders must be determined.

Borders may be any width, Kennedy says, as long as the soil is deep enough. Engineers don't like to take over three inches top soil. He emphasizes that "the wider the border, the greater the cost because more

Pictured above is Mr. Redwine who is chiseling between the borders on the Jess Osborn farm, in preparing for planting oats. The land has recently been bench leveled with assistance of the Soil Conservation Service Engineers, and is the first and only land in Parmer County to be bench leveled. The light strips in the picture are the borders.

yardage must be moved."

Borders on the Osborn farm are 80 feet; it was planned this way so that as the land is seeded in row

crop, the rounds will come out even with no point rows. A table is used to correlate the average slope with the width of the border and obtain

the yardage to be moved, Kennedy adds.

On the Osborn farm, yardage moved was 2,695 yards, with contractors charging approximately 20c per yard.

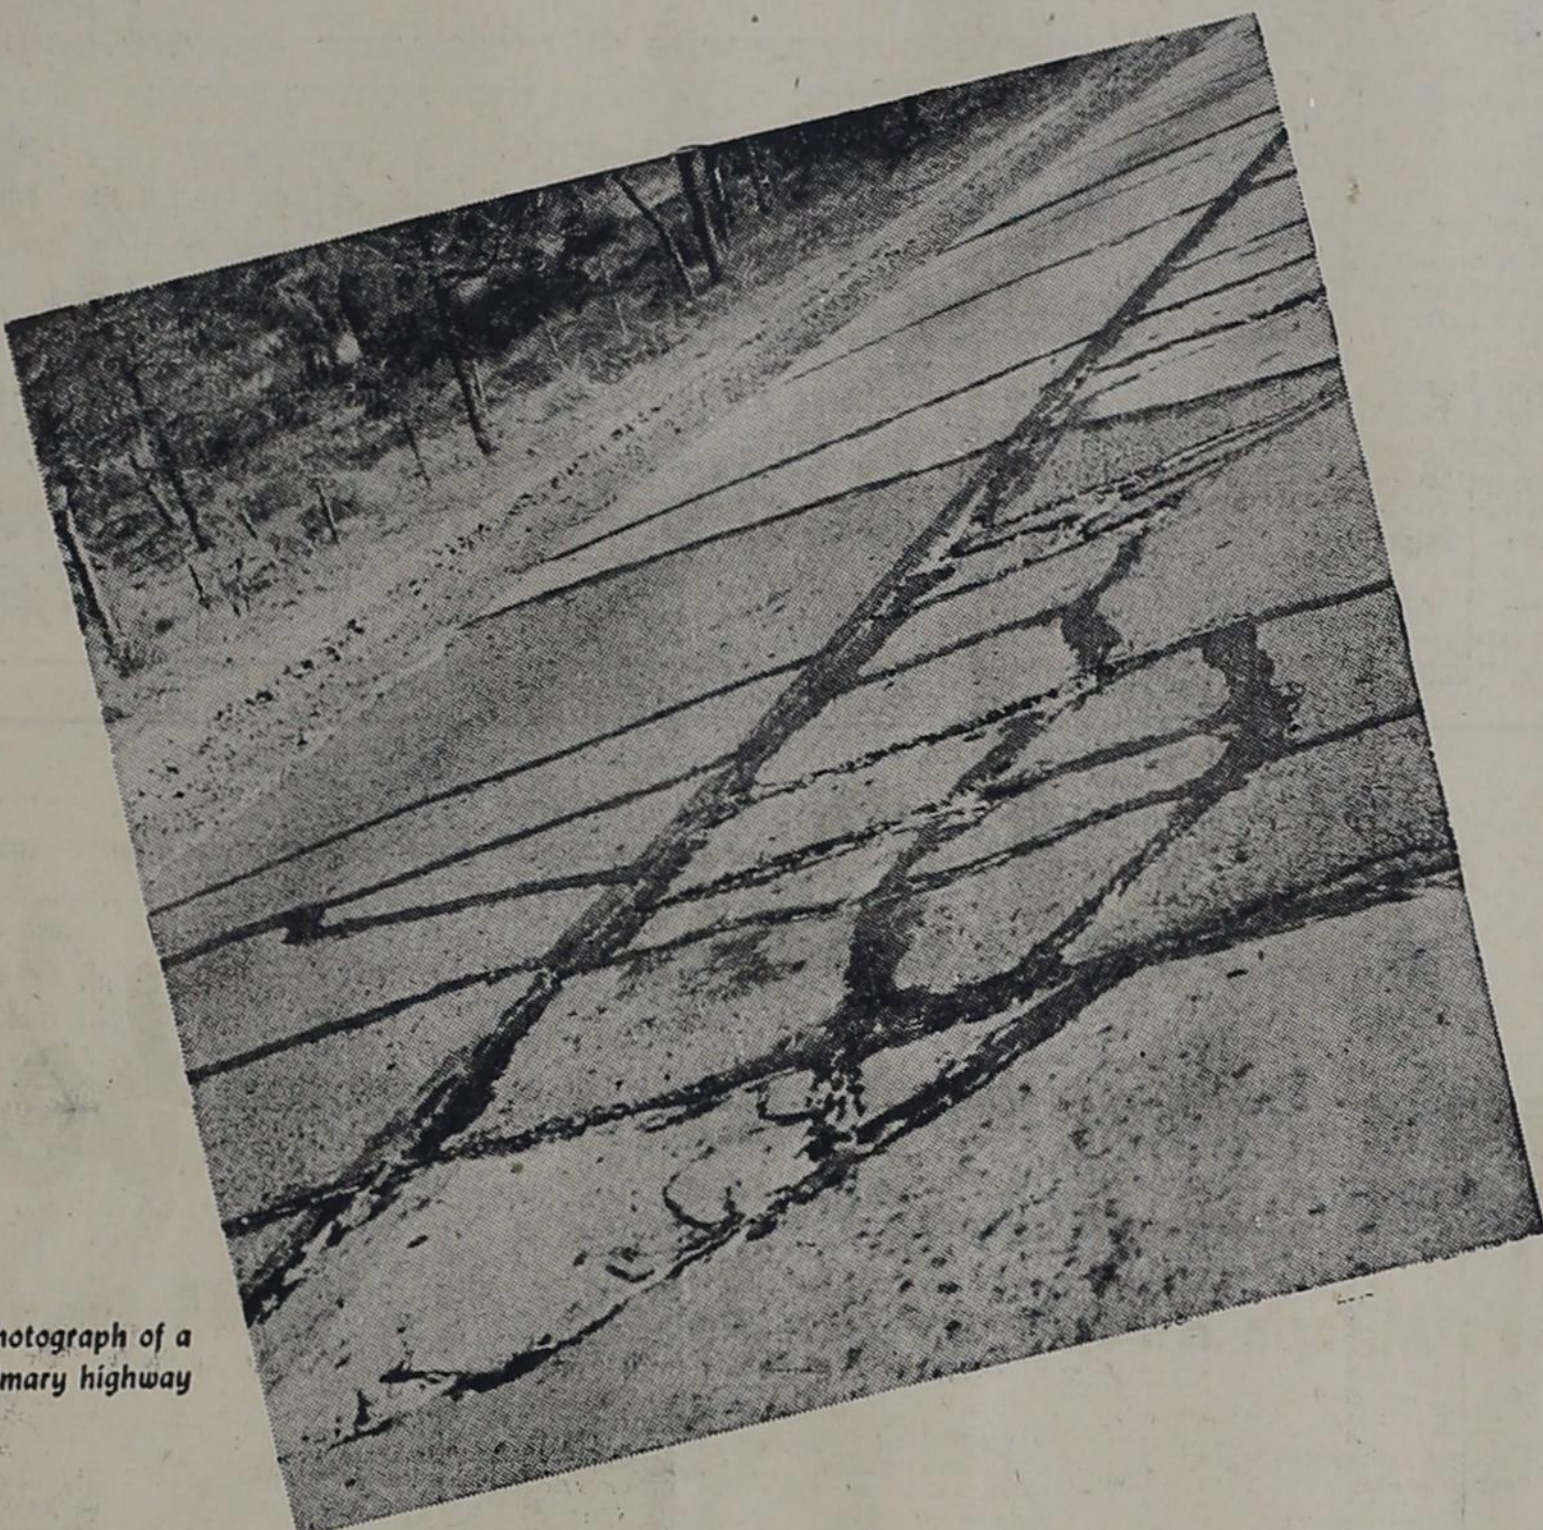

After width is determined, engineers lay out the key guide lines for borders, then construct a diversion terrace above the area to be bench leveled, thus protecting the area. On the Osborn place, the diversion places the excessive water on native pasture.

The engineers then stake out the borders by using key lines. A survey is made by the Soil Conservation, before the work is begun and after it is finished, Kennedy relates.

Discussing the cost, Kennedy says that the PMA payment on bench leveling is half of the cost up to \$15 per acre. The Osborn job ran around \$25 per acre, so it actually cost Mr. Osborn \$12.50 an acre.

The irrigation well must have been in for three years before the PMA will pay on it, the supervisor also pointed out. Kennedy stressed how important it was to have a man who knows his job, when discussing the maintainer operation. Wallace and Byrd were contractors on the Osborn job, and Mr. Roberson of Hereford who operated the machine was commended on his expert maintainer work.

After the maintainer floats the

Recent photograph of a Texas primary highway

\$115,282,344

Damaged highways, such as the Texas highway shown in this picture, are a hazard to the safe operation of automobiles, farm trucks and other motor vehicles.

It costs three times as much to build roads that will withstand the loads of big trucks now being operated over them than it does for the smaller trucks and automobiles.

Latest records show \$115,282,344 was spent on Texas highways for the year ending August 31, 1950.

A bill sponsored by the big truck operators is before the Texas Legislature. This bill proposes . . .

- (1) to increase the load limit from the present 48,000 pounds to 72,000 pounds, and
- (2) to increase the maximum truck length from 45 feet to 50 feet.

Recent official highway tests at La Plata, Md., sponsored by the U. S. Bureau of Public Roads, the highway departments of eleven states and the District of Columbia, effectively demonstrated that as trucks increased in size and loads, roads cracked up and "died" more quickly.

We need to safeguard our highways for Civilian and Military use. "Increased heavy loading might seriously disrupt the effectiveness of essential routes in the event of an all-out war," according to T. J. Kauer, director of the Ohio Highway Department and Chairman of the La Plata road test committee.

The big truckers want the taxpayers to continue providing expensive highways for them to use as "rights-of-way" for their own, selfish, personal gain.

THIS IS A TUG-OF-WAR BETWEEN THE BIG TRUCKERS AND THE TAXPAYERS OF TEXAS!

Automobiles and small trucks do not require extra strong, extra costly highways. The truth is, that the big truckers are putting the "pinch" on the pocketbooks of the Texas taxpayers.

Get the facts. Mail the coupon below for your copy of "The Case of the One Per Centers," and for a reprint of the article published in TIME, January 22, 1951, about the La Plata highway tests.

Wintertime Supper for Teen-Age Cooks

ALONG about now, what's more fun than getting the gang together for a big whiff of the great outdoors? Might be a sleighride if there's snow. Or it might be ice skating if there's ice. Might even be skiing if you happen to have a white-capped mountain handy. And in case all these fall, you can always take to bicycles or roller skates!

No doubt about it, the outdoors is really fine these late-winter days. But, good as it is, it can't quite match up with the warmth and cheer of home when you bring everybody back to your house for supper. No fair coming in, though, until all of you are pink-cheeked and chilled to the bone! That's when food tastes its very best and the smell of steaming coffee seems like a breath of paradise.

How about homemade spaghetti and meatballs for supper? Serve it with a zesty grapefruit and avocado salad, plenty of warm garlic bread and a big pot full of the best coffee you know how to make. It's a wonderful meal for a gang, and, best of all, you can make it all yourself. That is, you can have the spaghetti sauce and the meat balls made, the bread ready to be heated in the oven and the salad complete except for the last-minute dressing.

If your mother really wants to help a bit, it would be fine if she'd have the coffee steaming and fragrant when you come in out of the

cold. (Not, of course, that you can't make just as good coffee yourself!) She might have a kettle of boiling water all set for the spaghetti, too. Mothers are nice people to have around the house, aren't they?

Here's an all-your-own recipe for spaghetti with meat balls and tomato sauce. This is enough to serve eight generously.

Meat Balls

2 lbs. ground beef 1 tsp. pure mono-sodium glutamate
3/4 tsp. salt 1/2 tsp. pepper
1/2 tsp. garlic or onion salt 3 tbsps. tomato catchup

Combine all ingredients, mix thoroughly. Roll in balls about one inch in diameter and saute in olive or salad oil until brown.

Quick Tomato Sauce

2 garlic cloves, 1/2 tsp. oregano
slashed 1 tsp. olive or salad oil
1/2 cup grated onion Salt and pepper
4 8-oz. cans tomato sauce

Cook garlic and onion in oil five minutes over low heat or until onion is soft, but not brown. Add tomato sauce and simmer 20 minutes. Add seasonings and simmer 10 minutes longer. Remove garlic cloves.

To serve, mix sauce gently with hot, freshly cooked spaghetti. Place meat balls on top. If sauce and meat balls are prepared in advance, be sure to re-heat thoroughly before serving.

yardage from the high side to the low side, and the land is checked off as being level, then a prewatering is done to bring out the areas that can not be seen with the engineer's level. After the watering, the farmers themselves float down the high spots, which can be determined by water marks. The farmer can drag dirt on the spots, then the field should be perfectly level and ready for seeding.

The land can be seeded to any crop desired, according to the soil conservation man. Mr. Osborn is now putting in oats and plans to seed an irrigated pasture early next fall.

Asked about bad points of the bench leveling system, Kennedy added that it was very important to seed the ridges, which might have to be done by hand. Otherwise, ridges will be covered with weeds. This is one of the problems that have not been worked out, he added.

Another big hazard is the wind when the work is done on the spring of the year. While the land is being floated, it is subject to blowing he says, in fact, the Soil Conservation engineers would rather postpone any jobs until after the critical blowing season. In some counties, the PMA won't pay on a job unless it is installed after March.

Kennedy says that a system such as has been explained is very adaptable with underground concrete

pipe, also. Osborn uses open ditch land waters with tubes.

Two other bench leveling jobs are scheduled in Parmer county, on the Roy Euler and K. W. Neill farms, both located in Black community.

In older irrigation districts, the supervisor explains, bench leveling has been in use for a long time. Farmers have learned that "the most efficient way to apply water is on a level." Instead of graded irrigation, it is hydraulic grade or "water pushing itself."

A ditch runs through the center of the Osborn field, and if the head of the water is large enough, the two borders can be watered at once, according to Kennedy. Our purpose, Kennedy again explains, is to avoid pooling of water, and to maintain level distribution.

OIL EQUIPMENT AIDS ICE STUDY

Test hole drilling equipment, generally used by oil geologists in exploring and probing possible oil-bearing territory, is being used by a geographical expedition which wants to measure the rate of flow of an Arctic ice cap. The polar explorer will drill a hole in the ice and measure the holes deviation from the vertical. A re-survey in 1951 will disclose the direction and rate of flow of the ice cap at different levels.

NEW ITEMS NOW ON DISPLAY AT OUR STORE:-

Summer styles in Western Shirts and Trousers for both ladies and men.

All wool Western suits, (pants and jacket) for ladies and men, or can special order them to suits your needs. Also large selection of Western ties and hats, and dress hats.

New Mexico Cattle Growers Meet In Albuquerque Soon

Serious problems today confronting the livestock industry will be assigned to standing committees for action at the 37th Annual Convention of the New Mexico Cattle Growers Association in Albuquerque on March 26 and 27, according to Roy Forehand, Carlsbad, president.

"The organizations 5600 members are being invited to participate in whichever committee meeting they are particularly interested. Monday afternoon, March 26, will be devoted entirely to committee meetings," Forehand said.

State lands will be considered by a committee headed by Albert K. Mitchell. Guy Shepard, State Land Commissioner and other land authorities will be invited to participate in the discussions.

Public Domain and Forest Lands in New Mexico will receive attention of committees headed by A. D. Brownfield, Deming, and Walter Hanna of San Antonio. F. R. Carpenter, Hayden, Colo., and Forrest E. Cooper, Lakeview, Ore., have been invited to lead discussions in these committees. Carpenter is recognized as "Father of the Taylor Grazing Act", and Cooper is attorney for the National Association of Public Land Counties.

Frank Boice, Sonoita, Arizona, chairman of the National Livestock Tax Committee; Robert Asplund, director of the State Taxpayers Association, and Fred Moxey, chairman of the New Mexico State Tax Commission have been invited to take part in the State Tax Committee session. Lee S. Evans, Marquez, is chairman.

F. E. Mollin, Denver, executive secretary of the American National Cattleman's Association will lead a discussion on international trade matters confronting the industry in a meeting of the Association Tariff Committee. W. R. Thompson, Santa Rosa, is chairman.

Charles E. Blaine, Phoenix, traffic manager for the Association, and Edward Mahoney, Santa Fe, freight manager for the EDC, have been invited to discuss freight rates in New Mexico at the Tariff Committee meeting, which will be headed by John B. Wooten of Clayton.

Predatory Animals and game problems will be discussed by L. H. Laney, U. S. Fish & Wildlife Service, Albuquerque, and Elliott Barker, State game warden of Santa Fe, in a committee meeting which will be headed by G. W. Evans of Magdalena.

The Junior Livestock Committee has invited L. S. Kurtz, state 4-H club leader, Las Cruces, and Hap

Dalton, state vocational agriculture instructor, State College, to discuss matters of interest to this committee, according to Roy Stovall, Cutter, chairman.

Cattle theft in New Mexico will be dealt with by a committee headed by A. G. Seis, chairman, New Mexico Cattle Sanitary Board, Albuquerque, and Jess L. York, of Albuquerque. Representatives of the New Mexico State Police and other law enforcement agencies will be on hand to review work done during the past year on this matter, Forehand said.

W. R. Thompson, Santa Rosa, vice president of the Association, has been named to serve as chairman of the 96-man general resolutions committee. Forehand pointed out that all standing committee reports would be sifted through this committee before presentation to the convention for final action.

Area Scouts Plan Coming Activities

The Boy Scouts, Cub Scouts and Explorer Scouts of the Plains District will stage a 10-ring circus during the first week of May according to Ralph Balfanz, chairman for the district.

This is only one of several outstanding events for the scouts of the district which was planned at the recent scouters meeting which was held at the Central Baptist church in Clovis.

Scheduled is Emergency Service Training for all Scouts, which began Monday, March 5, at the Central Baptist church under the direction of J. D. Jackson, chairman of the Health and Safety committee. These scouts will form into a Service corps which will function in case of any disaster.

Clyde Lee, chairman of the Board of Review will preside at the regular meeting Wednesday, March 7, and also there will be a Board of Review Wednesday March 28 in preparation of a Court of Honor on Monday, April 2. There will be no Board of Review in April.

The Court of Honor will have the members of the Emergency Service Corp putting on the program when it convenes Monday April 2 under the supervision of C. A. Lorts.

The weekend of April 13 and 14 will see two scout events in action. An Explorer Fish Derby will be held at Lake Conchas near Tucumcari under the direction of Field Executive John Clardy. Also there will be a Boy Scout Camporee at Lake Almodigo under the supervision of Jack Eichenberger, district Camping and Activities chairman.

The circus in May will be an eight event affair with 10 rings going at one time. The director of the circus will be selected within a few days according to Balfanz and the circus plans will get underway. The next

meeting of the Plains District committee will be March 15.

Jones Gives Facts On Cottonseed

The amount of desirable cottonseed in many communities is sufficient only for the initial planting of intended acreage, Joe Jones, county agent, says, and on many farms it will be impossible this year to replant cotton with quality seed.

If a stand is not obtained from the first planting, acreage may have to be replanted with inferior seed or perhaps reduced, the agent continues. He emphasizes that low germination is a common cause of poor stands, and growers should insist on seed with a germination test of at least 80 per cent.

Another cause of loss of stand is adverse weather conditions; also disease such as soreskin, angular leafspot, and seed rot. Diseases should be controlled by proper seed treatments; for strong, healthy seedlings will help eliminate some of the destruction caused by bad weather, Jones adds.

The county agent released information derived from tests at the Agricultural Experiment Sub-station at Temple, Texas, which show that cottonseed treated with 2 to 5 per cent Ceresan gave from 25 to 30 per cent better stands and 50 more pounds of lint cotton per acre than untreated plantings.

At current prices, this is a return of more than 20 on an investment of 10 cents, it is emphasized.

According to Jones, treating cottonseed is a simple process and consists mainly of covering each seed thoroughly with an organic mercury disinfectant. Jones asks that farmers not familiar with the procedure should consult him or a seed dealer for details.

Many growers may prefer to have the seed treated by the seed dealer or gin, but they should make sure that the correct material has been used and that the seeds have been covered completely, the county agent concludes.

Intelligence is like a river—the deeper it is, the less noise it makes.

LOCAL GRASS JUDGING TEAM ENTERS CONTEST

A local grass judging team, composed of Jimmie Bateman, Leon Langford, and Don Owens, entered in competition at the Amarillo Fat Stock show Thursday.

They were accompanied by County Agent Joe Jones and Donald Bar-

ton. Hall County won first place in the contest. Of the locals, Leon Langford was sixth high individual, and won an award ribbon.

REPORT GIVEN FROM HEREFORD BOARD

Twenty men from this area served by the Hereford draft board have enlisted, and two reservists have

been called back to duty in recent weeks, according to Mrs. A. Peterson, clerk of selective service board number 18.

Bass P. Elliot of Bovina was one of the reservists called into active service; the other was from Hereford. Men who enlisted include Jimmie B. Hughes of Friona and O. D. Gulley of Farwell.
