Farm To Market Roads Subject Of Discussion

AUSTIN—Success or failure of the \$30,000,000 rural road program voted by the legislature depends to a degree on county commissioners, Representative Preston E. Smith of Lubbock said today.

It is the commissioners' responsibility to survey their own area and determine where each county's allocation should be spent for farm-to-market roads, Smith pointed out.

He added that when their study was completed, the commissioners should present their findings to the district highway engineer so that he can make recommendations to the state highway department.

"The quicker this work is done, the better," Smith said. "We all know that the funds are going to run out before all the meritorious roads are built. The counties who first present their facts will be the ones to get the roads."

Farm-to-market roads will be placed on the basis of merit with respect to population and vehicle miles travelled, Smith said he had been informed by highway department authorities.

It has been estimated that 25,000 miles of farm-to-market roads will be completed under the program, Smith said, "and when you decide that by the number of counties in Texas, it's not much mileage for each county."

The Lubbock representative called on county commissioners to carry out their part of the program—including the provision of right-of-way—to insure efficient and economical use of the money provided by the legislature.

"I have always been interested in the rural road program," Smith declared, "and I have worked for it ever since I have been in the legislature."

He said that while the appropriation of \$30,000,000 for farm roads—the first of its kind—was inadequate to complete the desired rural network, "at least it is a start, and perhaps in the future more funds can be provided for this purpose."

Smith called for conscientious work on the part of all concerned in getting rural road construction under way.

"If we can make a good start in Texas," he argued, "and if we can

show that the money is being spent to the best advantage in providing roads for those who need them most, then I am confident that there will be no great difficulty in continuing the program and in expanding it from year to year."

Red Paint Put To Several Good Uses Around The Home

COLLEGE STATION—A can of red paint can be put to good use around the house, regardless of the color scheme, points out Mrs. Bernice Claytor extension home management specialist of Texas A. and M. College.

In the first place, she says, it's an eye-catching color.

In the second place, red means danger and serves as a warning.

As an eye-catcher, try painting the outdoor faucets and the handles of small garden tools red. The color shows up clearly against ground, grass or foliage.

For a warning, use the red paint to band the containers of such poisonous materials as lye prepara-

tions for cleaning drains or for insecticides.

The high shelf in the bathroom cabinet where medicines are kept out of sight and reach of curious children may be painted red as a flag to other members of the family. Anything on that shelf should be carefully handled.

The pail of sand and the fire extinguisher which many wise families keep on hand for fire control will be easier to locate if painted red. An emergency or first-aid kit in bright red can be easily found. "In fact, a can of red paint may save lives as well as time and trouble," Mrs. Claytor concludes.

Plan your vacation the easy Santa Fe way...

These special services now available to you...

Before you even think about where to go this summer—contact your courteous Santa Fe travel representative. He has new descriptive folders, rates and other information about almost any vacation spot you could wish for. Places like the Grand Canyon—Carlsbad Caverns, Land of Pueblos (both in New Mexico)—Dude Ranch Country, the Colorado Rockies, and many others, too.

Then—once you have decided where to go—avail yourself of one or more of these Santa Fe services—to make your vacation easy, more pleasant.

RAIL TRAVEL PLAN—Gives you funds for rail accommodations, other expenses for your trip. You pay later in convenient monthly installments.

TRAVEL CREDIT CARD—Enables you to charge your tickets at any Santa Fe window. Rail, parlor car or sleeping car tickets (amounting to \$5.00 or more). Bills rendered monthly.

RAIL AUTO SERVICE—Provides you with a late-model automobile at your destination. Cost is reasonable. Service now in operation in many U. S. cities.

PLAN NOW TO VISIT THE CHICAGO RAILROAD FAIR, JUNE 25 — OCTOBER 2.

Is There A Carpenter Around The House?

COLLEGE STATION—If the man of the house is handy with carpenter tools, he can do much to improve an old, inconvenient kitchen.

Mrs. Bernice Claytor, extension home management specialist of Texas A. and M. College, says that often an improvement in storage facilities and work space of an old kitchen is just a matter of simple carpentry, requiring tools and materials familiar to a farm carpenter.

"Whether remodeling or building," she says, "plan on cabinets for food preparation utensils, materials and serving. Storage space for work clothes and cleaning supplies help greatly in keeping the house more orderly."

Cabinet units can be grouped or built individually between doors and windows that so often break up wall space in an old-fashioned kitchen. The most difficult construction program in good cabinets may be the drawers; if the farm shop does not have a routing plane for cutting grooves in drawers. Mrs. Claytor suggests that this work usually can be done at a local lumber yard.

"Sliding trays are more convenient for base cabinets than shelves," she says. "Such trays will save a great deal of tiresome stooping and reaching to the back of a space nearly two feet deep. Adjustable shelves are most essential if cabinets are to be of the service we expect them to be."

Many families in Texas have the problem of remodeling old farm-houses, but the large number of new homes which are being built means that a great deal of thought needs to be given to the planning for new kitchens, too, Mrs. Claytor concludes. Check your kitchen plans before the house is built to be sure that all time- and work-saving features are included.

Rail Shipments of Fruits And Vegetables Given

AUSTIN—Rail shipments of fruits and vegetables in Texas gained 17 per cent from March to April, the University of Texas Bureau of Business Research reported.

Sizable increases over the previous month were registered by cabbage, lettuce, and onion movements, while sharp declines were presented by mixed vegetables, parsley, beets, and carrots.

April shipments of fruits and vegetables totaled 3,803 carloads, falling 67 per cent from the like month in 1948. For the only increase over a year earlier, carrot shipments stepped up 29 per cent. Onion shipments dropped 70 per cent under April 1948 levels; cabbage, 63 per cent; beets, 62 per cent; parsley, 50 per cent; and mixed vegetables, 30 per cent.

MOVE BACK HERE
Mr. and Mrs. Ray Stone and baby have moved back here, where he will be connected with the Variety Store. He has been employed by the Santa Fe the past several months. With his last location at Clarendon. Inability to get a permanent location with the Santa Fe was given as his reason for giving up the position.

Purnia's Profit Pair For The Progressive Dairyman

SHE NEEDS A Special RATION WHEN DRY...

TO DROP A BIG, STRONG CALF FOR EASY CALVING FOR LOTS OF MILK NEXT LACTATION

The dry cow has a job to do. She's building her calf—actually builds 2/3 the calf in the last two months. That's why she needs a body-building ration to keep up condition for calving and for her next milking period.

PURINA DRY and FRESHENING CHOW

IT'S MILK PER BAG OF FEED THAT COUNTS!

Yes, it's the milk in the bag that pays off in this dairy business. You can't fool the cow, because she produces the right quantity and quality only if she's fed the right quantity and quality. On the Purina dairy plan feed-

ing Milk Chow and roughage you're assured of putting the right ingredients into your cows. Milk Chow is first, last, and always a milk-maker. Ask us about Milk Chow. It's a real milk-maker.

Bovina Happenings

BY MARIE VENABLE

STUDY CLUB ENTERTAINED

Yellow and green was the color scheme used by Mrs. Bob Wilson and co-hostess Mrs. Wm. Thornton when they entertained the Bovina Woman's Study Club.

"Better English" was the subject for the study, with Mrs. Chas. Ross as leader.

Mrs. Bedford Caldwell gave a very interesting talk on the most common errors in English usage today. This was followed by a "Better English" quiz, led by Mrs. Webb Guber. Mrs. Tom Caldwell conducted an old-fashioned spelling bee. The program was greatly enjoyed and the members enjoyed seeing Mrs. Wilson's beautiful new home.

Refreshments were served to Mesdames Webb Guber, Arnold Hromas, Bill Kyle, Reagan Looney, Clarence Jones, Bedford Caldwell, Tom Caldwell, David Carson, J. P. Maccon, Chas. Ross, Billie Sudderth, G. D. Anderson, Lloyd Battey, Wm. Thornton and Bob Wilson.

BIRTHDAY SUPPER HELD

A birthday supper honoring Mrs. Mel Gunn was held Friday night. Cake and ice cream was served to Mr. and Mrs. Bert of Friona, Mr. and Mrs. Ward Thompson, Mr. and Mrs. Bob Williford, Mr. and Mrs. Lee Thompson and son, Mr. and Mrs. W. J. Parker, Miss Carrie Smith and Miss Lula Smith. All enjoyed the social.

Miss Katherine Jefferson spent the past weekend with her grandparents, in Clovis.

Mr. and Mrs. Oscar Venable and daughter visited in the Vester Venable home in Farwell, Sunday.

Fred Langer received medical care in Friona, Monday.

Mr. and Mrs. N. E. Bond and family had as dinner guests Sunday some forty relatives from parts of Texas and New Mexico.

Mr. and Mrs. Gay Morgan from Plainview visited in the home of Mr. and Mrs. Frank Wilson, Sunday.

Mr. and Mrs. Leo Hoffman and children of Hereford visited in the Troy Armstrong home, Sunday.

Mr. and Mrs. Elton Venable and children made a business trip to Lubbock, Thursday.

Mr. and Mrs. R. S. Johnston Sr. and family of Lubbock, visited in the Bob Johnston, Jr., home Sunday.

The Bovina high school seniors left Saturday for their trip to Galveston, San Antonio and other places of interest. They plan to be gone a week.

Mr. and Mrs. Garland White returned Sunday from a week's trip to Oklahoma.

Mrs. Jimmie Horton spent the past weekend visiting her daughter Mrs. Alvin Gaines, in Friona.

DINNER HELD ON SUNDAY

A birthday dinner was enjoyed at the N. E. Bonds home, Sunday, honoring Mr. Bonds. Featuring the meal was a white three-tiered cake with 51 pink candles.

Those present were Messrs. and Mesdames G. J. Bonds and family, W. F. Bonds and daughter, T. J. Bonds and son, Ray McDonald, H. P. Bonds, T. T. Bonds and Mr. Bob Chambly, all of Happy, Tex.; Mr.

and Mrs. R. S. Bonds and Ann of Tullia; Mrs. Jim Westfall of Canyon Mr. and Mrs. P. M. Elrod of W. rado; Mr. and Mrs. Payne Dalton and family and Mr. and Mrs. Buster McWilliams of Plainview; Mr. and Mrs. J. C. Bonds Sr. of Vigo, Tex.; Mr. and Mrs. J. C. Bonds, Jr., and family of Tullia; Graham Thornton of Farwell; and the family. The honoree received many lovely gifts.

Stuart Condron Talks To Bovina Grads

Delivering an unusual and unique address, Stuart Condron, of Radio Station KGNC, Amarillo, Friday night, at 8:15, in the school auditorium, at Bovina, told fourteen seniors a college education would be a great help in securing a position in life.

In an informal and personal manner, Condron singled out each graduate, discussing with them their ambitions, and offering counseling on each field.

Condron reminded the group that progress in the last ten years had made world life a complex and dynamic thing. "There will always be a demand for good people, but you have got to be good," he said.

Since a number of boys were interested in farming, he dealt with that field in particular, still insisting that it was going to "be as rough as any other," and reminding the ambitious that "it will be hard going if you want to be successful."

Condron commended the students by saying that it was seldom that a student ever made up his mind for his life's work before the second year of college. All the graduates had indicated their hopes Friday night.

Mrs. Edith Cherry played the processional; Mrs. J. O. Glover, Pastor of the Pentecostal Holiness church gave the invocation; special music was presented by the high school chorus; Jimmy Ray issued the welcome address and Supt. W. O. Chery introduced the speaker.

Following the address, Jerry Jones, sang a solo, "The House I Live In"; Supt. W. O. Chery gave a resume of the school's activities during the year and thanked the people for their cooperation during the fourteen years he has been there. Then he presented the diplomas.

Patsy Ellison gave the farewell address; the seniors sang the school song; Rev. J. B. Baker, pastor of the Methodist Church gave the benediction, and Mrs. Cherry played the recessional as the 1949 graduates of Bovina high school filed out.

The class was composed of the following: Don Tabor, Jimmy Ray, Jerry Jones, Fred Hoffer, Janee Taylor, Patsy Ellison, Delores Wilson, James McKinney, Bobby Englant, Billie Don Read, Lera Dell Cherry, Clinton Tidenberg, Frances Whitesides and Nancy Lou Willfams.

SCHAFFER ONE-WAY PLOWS

THE EASIEST PULLING PLOWS EVER BUILT

These Features

- Timken Roller Bearing throughout. Protected from dirt and dust with permanent seals.
- 26" disc blades, high alloy steel.
- 4" concavity discs.
- Made in the following sizes: 4 ft., 6 ft., 8 ft., 9 ft., 12 ft., 14 ft., and 18 ft.
- No rear or side levers. Raise disc out of ground with a screw system. A 10-year-old child can easily raise a 14 ft. plow.
- All electric welded frame. Made from drill stem . . . strongest pipe there is for weight.
- Can be converted to hydraulic or electric lift in place of screw.
- Easily set to plow in all kinds of ground.
- Easy to set for any cut within plow range.
- Lubricate disc and wheel bearings but once a season.
- Plows any depth from 0" to 10".
- Easily adjustable for road travel.

Road Bond Election Comes Saturday, May 28

On Saturday, May 28, the voters of Parmer County will go to the polls and approve or reject the efforts of the county road committee, which has been at work for more than a year, in getting all the details worked out for the county-wide road program to be built as rapidly as engineering and construction problems can be met. The issue which the voters will decide on the above date is:

Whether or not bonds of Parmer County shall be issued in the amount of \$1,500,000.00 with interest not to exceed 3½% and for a time not to exceed 30 years from date, for the purpose of constructing, maintaining and operating Macadamized or paved roads throughout the county.

The election was called by an order passed by the Commissioners Court on April 26, as a result of a petition, signed by more than fifty qualified electors residing throughout the county. The election will be held at all the regular election precincts of the county.

The election boxes and officers are as follows:

Black—School house.
Bill Edelson, presiding judge
Fern Barnett, judge
Bruce Parr, Clyde Hays, clerks.

Friona—School house
J. T. Crawford
C. V. Goodwine
F. W. Reeve, Elmer Euler.

Bovina—School house
C. R. Elliott
Nat Reed
Edd Ross, I. W. Quickel.

Farwell—Court house
J. W. Magness
Albert Smith.
Chas. Lunsford, Mrs. O. B. Pipkin.

Lazbuddy—School House
Roy Daniel
Geo. Crain
C. C. Mathews, Joe Jesko.

Oklahoma Lane—School house
Sam Sides
C. C. Christian
L. M. Grissom, G. H. Lindop.

Rhea—Teacherage
Melvin Sachs
T. F. Taylor
Jack Waltmon, J. D. Stevens.

Lakeview—Otho Whitefield home
Otho Whitefield
Fred Barker
Pearl Hand, Claude Miller.

Absentee Voting Now Available

According to Loyde Brewer, County Clerk of Parmer County, qualified electors of the county who expect to be absent from their voting precincts on May 28, may secure absentee ballots at his office. "All absentee ballots must be in my office by May 25 to be counted, however," he said in discussing the matter.

After an absentee ballot has been secured from the clerk's office, it can be voted before any notary public and then returned to the office of the County Clerk, in order that it can be included in the supplies for the proper voting precinct.

165 Miles of Pavement Included In Proposed Building Program

In addition to the 105 miles of paved roads now in Parmer County—and the ten miles now under construction from Oklahoma Lane to the twin houses — the proposed county-wide program will provide an additional 165 miles, which will make a total of 280 miles of paved roads in the county network.

Of the 165 miles to be added to the county network, each precinct will share as nearly as possible on the basis of the acreage in the precinct as compared with the other three precincts.

The County Planning Committee was unanimous in the opinion that the distribution of the proposed roads, as shown on the map, was fair and equitable to the different parts of the county. As shown on the map, the proposed road-improvement program will provide three roads north and south across the county, and three roads east and west across the county, in addition to the US Highways 60 and 70.

The road program, as outlined, places a paved road within five miles of every point within the entire county.

Culminates Year Of Planning

The decision of the voters on May 28 will culminate more than a year's work on the part of the Parmer County Road Committee, composed of representatives from every part of the county. Working with the County Committee were the committees from the four precincts and from the organized Chambers of Commerce in Bovina, Farwell and Friona.

The work of the committee was divided into several phases — preparation for the the overall program; selecting the specific roads to be improved; and determining the amount of bonds needed to complete the entire program. The overall program was planned to distribute the proposed roads fairly equal over the entire county, while five guiding principles were used in making the selections of the specified roads:

1. Serving large groups of people in the county;
2. Providing outlets to a choice of markets;
3. Following mail routes;
4. Aiding school bus routes; and,
5. Providing connecting links between communities, between already established highways, and in general fitting into the State Highway Department's plan for a network of roads in this county.

The size of the bond issue was determined on the basis that it should be sufficient to complete the entire program, even though the State and Federal aid might not be continued; while if the farm-to-market program should continue, it would not be necessary for the Commissioners Court to issue all the bonds voted, and thus reduce the cost to the county in like proportion.

STATE HELPS TO MAINTAIN

Although the State Highway Department does not follow a policy of taking over all paved roads for maintenance, it has been the policy of that branch of government to assume the expense of maintenance on all roads which they designate as "eligible roads." According to Mr. McCarty, district highway engineer, there are several ways whereby roads become eligible for state participation in both construction and maintenance; namely: 1. roads with a daily traffic count of 100 or more; 2. roads connecting towns or communities at strategic points; and 4. roads which fit into the state network of roads as determined by the State Planning Board.

At the present time, Parmer County has 62 miles of road (exclusive of Highways 60 and 70) the state would help to build and maintain, if the county had its part of the construction cost. Additional miles of road

would become eligible for aid as rapidly as they meet the standards set up by the state.

CONSTRUCTION COST DOWN

According to Mr. McCarty, district engineer of the State Highway Department, the construction costs of roads at the present time are on the downward trend. "This is a reflection of lowering costs of materials and labor as shown by lower bidding on recent contract lettings throughout the state," Mr. McCarty explained. "Both caliche and asphalt, as well as contract hauling, have been secured at lower prices in the last few months," he added.

This trend toward lower costs is expected to make it possible to complete the program in Parmer County without the necessity of selling the entire issue. Costs of construction in Bailey County is reported at \$5000.00, while former costs were from seven to eight thousand dollars per mile.

FARM ROAD NO. 299 ALREADY GIVEN STATE DESIGNATION

On April 18, the Commissioners Court, in conference with Mr. McCarty, district highway engineer at Lubbock, was assured that construction on Farm Road No. 299, south from the end of the pavement towards Muleshoe, would be paved from the \$15,000-000.00 appropriation passed by the present legislature in its recent action. This action by the Highway Department will reduce the cost of the proposed road program to the ex-

tent of 60 to 80 thousand dollars. It will also be maintained by the state, relieving the county of that expense.

The completion of Farm Road No. 299 to the Bailey County line will leave only 155 miles of the present proposed county-wide road program to be built, should the bond issue be voted on May 28. As further state and federal funds become available in the future, the cost to the county will be reduced in like manner.

For Better Butter, Buy A U. S. Graded Product

COLLEGE STATION—"You'll get a better buy in butter if you'll look for a U. S. graded product," Myrtle Murray, extension home marketing specialist of Texas A. and M. College points out.

Today's packaged butter cannot be tasted for quality, as grandmother used to do before buying by the crock or in the bulk. The modern homemaker, however, has an even more reliable guide to quality—and that is the U. S. grade.

"The letters U. S. in front of the grade on the carton or label mean that the butter has been graded by an authorized grader, under the continuous inspection of the U. S. Department of Agriculture," Miss Murray explains. "These graders are highly trained experts, with special training for the job and keen senses of taste and smell."

The highest grade under U. S. standards is U. S. Grade AA or 93 score butter, which is tops in quality and has a fine, highly pleasing flavor. Ranking next is U. S. Grade A or 92 score, which is good quality with a pleasing flavor. U. S. B or 90 score is satisfactory table butter but lacks some of the finer characteristics of the two top grades.

"U. S. graders also carefully examine butter for body, color and salt before giving it an official grade," Miss Murray concludes. "If the homemaker buys either of the two top grades, she can be sure that the butter will be delicious, warm or cold, served as a sauce, melted on waffles or spread on a slice of bread."

Some people wake up and find themselves famous; others remain out nights and become notorious.

LEGAL NOTICES

ROAD NOTICE TO NON-RESIDENT LAND OWNERS THE STATE OF TEXAS COUNTY OF PARMER

We, the undersigned Jury of Freeholders, citizens of said Parmer County, Texas, duly appointed by the Commissioners' Court of Parmer County, Texas, at its May Term,

1949, to view and establish a First class Road from NE Corner of Section 18, Rhea Bros. Block "B" Parmer County, Texas, to the North West Corner of Section 6, Township 1 North, Range 2 East, Parmer County, Texas, and having been duly sworn as the law directs, hereby give notice that we will on the 10th day of June 1949, assemble on the land and thence proceed to survey, locate, view, mark out and establish said road, beginning at the North East corner of Section 18, Rhea Brothers Subdivision, Block "B", Parmer County, Texas, thence West along the North lines of Sections 18 and 17, Rhea, Block "B", and along the South lines of Sections 5 & 6, Township 1 North, Range 2 East of Parmer County, Texas, to the South West Corner of Section 6, Township 1 North, Range 2 East; Thence North along the East line of Section 1, Township 1 North, Range 2 East, and along the West line of Section 6, Township 1 North, Range 2 East, and ending at the North West corner of Section 6 and the North East corner of Section 1, in Township 1 North, Rang 2 East, all in Precinct No. 2, in Parmer

County, Texas.

And we do hereby notify the Morris Korgan Estate and any and all persons owning lands through which said road may run, that we will at the same time proceed to assess the damages incidental to the opening and establishment of said road, when they may, either in person or by agent or attorney, present to us a

written statement of the amount of damages, if any, claimed by them. Witness our hands this 16 day of May A. D. 1949.

Texico, N. M.

To the Property Owners of Parmer County

A DELEGATION REPRESENTING EACH OF THE FOUR PRECINCTS OF PARMER COUNTY HAD AN INFORMAL HEARING WITH MR. FRED WEMPLE, CHAIRMAN OF THE STATE HIGHWAY COMMISSION AND MR. D. C. GREER, STATE HIGHWAY ENGINEER, IN AUSTIN, TEXAS, ON TUESDAY, MAY 17, 1949, TO DISCUSS THE FARM-TO-MARKET ROAD PROGRAM AND TO ASCERTAIN WHAT PARMER COUNTY MIGHT REASONABLY EXPECT FROM THE OVER-ALL ROAD PROGRAM AS OUTLINED BY THE PLANNING BOARD OF THE STATE HIGHWAY DEPARTMENT. THE DELEGATION FELT THAT THE VOTERS WERE ENTITLED TO THIS INFORMATION BEFORE VOTING ON THE PROPOSED BOND ISSUE OF \$1,150,000.00 FOR THE PURPOSE OF BUILDING FARM-TO-MARKET ROADS.

AT THE REQUEST OF A MEMBER OF THE DELEGATION, MR. FRED WEMPLE, CHAIRMAN, WAS ASKED TO WRITE A LETTER, ADDRESSED TO COUNTY JUDGE A. D. SMITH, OUTLINING THE DEPARTMENT'S POLICIES AND INTENTIONS INSOFAR AS IT AFFECTED PARMER COUTY. MR. WEMPLE'S LETTER FOLLOWS:

State Highway Department

Midland, Texas

May 21, 1949

Honorable A. D. Smith
County Judge
Parmer County
Farwell, Texas

Subject: Farm-To-Market Roads
Parmer County

Dear Judge Smith.

Due to the fact that several citizens and officials of your County have discussed with the Highway Department the program of Secondary or Farm-to-Market Roads in Parmer County, I consider it advisable to give to you this letter representing the policy views of the Highway Department concerning your Farm-to-Market Road problems.

In the first place, I am sure it is needless to point out to you the progress that has been made on the road system of Parmer County in recent years, and particularly on the Farm-to-Market Road system since the close of World War II. It is apparent that considerable progress has been made and with the funds now in sight it is entirely logical that we will be able to complete our FM 299 from Friona to Muleshoe extending north and south across your County, as well as the completion of FM 690 extending from Farwell to FM 299 which covers the east-west section of your County out as far as FM 299. It appears from this projected program that in the not distant future we will complete and place under State maintenance a total of about 40 miles of Farm-to-Market Roads in Parmer County which shall have been completed since V-J Day. If current revenues to the Department are not disturbed it is logical that about the same rate of development may be evident in the future years, which would indicate that a substantial program of Farm-to-Market Road development will be forthcoming from State sources in Parmer County over a period of the next three to four years.

Should Parmer County feel that the rate of progress on Farm-to-Market Roads is not fast enough to keep pace with the development of Parmer County, then there is another possibility that might be utilized based solely upon the option of the people of your County in the development of additional Farm-to-Market Roads. We have a plan of operation that contemplates the utilization of State funds that may be assigned to work in the County to be used as matching funds for local funds on a 75-25 matching basis to form an overall program. This would work out approximately as follows. We have obligated ourselves to build an additional 10 miles on FM 690, using State and Federal funds in the amount of \$82,000.00 and we are contemplating the possibility of building about 11 miles on FM 299, at a cost of \$85,000.00. We could combine the \$85,000.00 of Senate Bill 287 funds with the \$41,000.00 State funds in the Federal project and add \$25,000.00 additional State funds, making a total of \$151,000.00 State funds which we could utilize to match \$453,000.00 of County funds, making a total program of \$604,000.00 on Parmer County which, of course, would include the 21 miles of work heretofore mentioned. It is roughly estimated that the \$604,000.00 program would build approximately 75 miles of roads which, after subtracting the 21 miles previously mentioned, would mean about 54 miles of new roads which would almost exactly take up the full quota Parmer County might expect of State operated roads for some years to come. The State would not be in position to accept more than \$453,000.00 of County money for such a road development program.

I trust that this information may be of some value to you and your people in clarifying the State Highway Department's position in this matter.

Sincerely yours,
FRED A. WEMPLE
Fred A. Wemple, Chairman
State Highway Commission.

Friena Seniors Hear Supt. Martin Speak

Prefacing his subject with "I've been teaching school for 32 years," Supt. L. L. Martin, of Crain, Texas, addressed the Friena seniors on "The World of My Generation and Yours," the past Thursday night, when commencement exercises were held in the school auditorium.

"My generation is without the ability to comprehend your world," he told the graduates, adding "My generation has lived through more world progress than all preceding generations."

"I can look at you young people and see the change in appearance... in my youth we had buggies and you have cars... they are two different worlds." In comparison, he cited the

Big Bertha's of World War I as contrasted to the guided missiles the army is now developing.

Continuing his theme, the speaker said "The thinking of my generation is inadequate and antiquated for the needs of today, it needs new life," and then challenged the seniors "How are you going to meet your world?" He went on, "In my day, aviation was in its infancy... have you seen a B-36 of today? That is your age, that is your heritage, and it carries responsibility with it... you have your duty to perform to the world of the atomic age."

Pointing out the differences in the two generations, Supt. Martin added "My generation is bound by too many prejudices—racial and religious—to meet the challenge of the new age," and added "To survive man must accept in reality the

fatherhood of God along with the brotherhood of man"... you must come to understand and accept each other as brothers of the human family and lose the desire to exploit."

In conclusion he admonished the seniors, "Look at life... analyze it—meet its changing conditions in a manner to solve the problems... for I would have you know that life is marvelously worth living in any age."

Special awards were presented by Leslie Hinds to Lunell McFarland and Pat Deaton, as the outstanding "activities" members of the senior class. Other special awards went to Joyce Ann Miller, who held the highest scholastic rating; in the entire high school to Betty McLellan, for girls' athletics; Richard London for boys' athletics; Joe Osborn for journalism; Vera Ann Jones, music; Treva Rolan, typing; Roy V. Miller, vocation.

Mrs. Roy Miller was at the piano for the professional, with the invocation given by Rev. C. C. Hardaway, Pat Deaton delivered the salutatory address, and Miss Edd Url Talbot sang a vocal number, with the valedictory being given by Lunell McFarland. Arnold Schueler played a piano number, with J. G. McFarland, of the board of education, presenting the diplomas and Leslie Hinds giving special awards. Rev. W. H. North pronounced the benediction.

Members of the class included Kenneth Bainum, Wayne Banium, Eugene Bandy, Doyle Busby, G. A. Collier, Lee Cranfill, Pat Deaton, Jennell Dukes, Joe Fallwell, Dorothy Guinn, Lucille Hoffman, Gladys Laceywell, Lunell McFarland, Betty McLellan, Alleene McGlothlin, Peggy Mayfield, Wayne Massey, Roy V. Miller, June Phipps, Wanda Robason, Edd Url Talbot, Haywood Vaughn, Murna Welch, Treva Rolan and Waymon Wilkins.

To Graduate From Wayland College

A news release received this week from Wayland Baptist College at Plainview listed two Parmer county students among the 1949 graduates who will receive degrees.

Commencement exercises will be held on May 30th at 10 a. m. in the First Baptist Church with O. K. Armstrong as the speaker. Harvey Hudnall of Lazbuddy, will receive a BA in Bible at that time.

At the August exercises, J. R. Glover of Bovina, majoring in Bible and religious education, will be among the group to receive Bachelor of Science degrees.

GUEST PREACHER

Rev. Range Morgan, pastor of a Fort Worth Baptist Church, was a guest speaker at the local Baptist Church last Sunday morning. Rev. Morgan and Rev. O. O. Holladay, local pastor, have been friends for a number of years. This was the first time Rev. Morgan had ever delivered a sermon in New Mexico.

Texico Students Home From Vacation Tour

Members of the Texico junior and senior classes returned home the past Friday from a six-day vacation tour, which took them as far away as San Antonio, Texas.

Most of the time was spent in the Alamo City, where they visited historic places, including the Alamo, and spent two days in Brackenridge Park, considered among the outstanding parks of the nation. On the return, the group took a day seeing the sight in and around San Angelo. Five seniors and an equal number of juniors made the trip.

Accompanied by Barney Harding and Edward Engram, the seniors were Vernon Blain, Beale Stewart, Ansel Doolittle, Claudine Bridges and Buddy Pearce. Juniors included Frankie Harris, Coeta Roth, Patsy Engram, John White and James Harding. The trip was made in a specially equipped truck, driven by Mike Edwards.

Members of the party all report an enjoyable time, but were in agreement that it was good to be back home.

Farwell Seniors Leave On Colorado Outing

Members of the Farwell senior class accompanied by their sponsors, left here the past Friday morning on the spring trip and are visiting scenic points in Colorado.

The first stop was Friday night at Trinidad with the group visiting Royal Gorge on Saturday, spending that night in Canon City. The first of the week they spent at Colorado Springs, seeing the Garden of the Gods, Seven Falls, and other points of interest.

The return trip will be broken by an overnight stop at Raton, with the trippers arriving here on Friday.

Liner Returns From Irrigation School

County Agent Ollie Liner was back on duty Monday, following a two-week absence during which he attended an irrigation school for agents of District 2, held at Tech college in Lubbock.

Dr. Ivan Wood, of the Soil Conservation Service, was present from Denver to conduct the school, which took up all phases of irrigation work, Liner said.

Topics included geology, soil type and characteristics, use of fertilizer, efficiency of various types of pumps, fuels and motors water application, and measuring wells and water flow.

INJURED IN FALL

Les Means was injured Saturday, when he fell as the saddle on a horse he was riding turned with him. The extent of his injuries was not considered serious, however, he received a broken rib and numerous severe bruises.

A GOOD INVESTMENT

Growers have proved long ago that it pays to treat planting seed before sowing. Ceresan and Copper Carb are the acceptable treatments. We have both.

FOX DRUG STORE

Farwell Students Will Get College Degrees

Norma Jean Thomas, Joan and Pete Booth and Duane Sprawls will receive degrees at various colleges during the spring and summer graduation exercises.

Miss Thomas will complete her work for a bachelor's degree at the University of Texas, in Austin, in July. She is the daughter of Mrs. J. D. Thomas of Farwell.

One June 2nd, Duane Sprawls, son of Mr. and Mrs. Aubrey Sprawls of Farwell, will receive his bachelor degree at Texas A. & M.

Mr. and Mrs. Earl Booth have two college graduates in their family this spring. Miss Joan is to receive her bachelor degree at Texas Tech in Lubbock while Pete will attain his master's degree in music at the University of Indiana.

Hog Cholera Noted In Parmer County

Hog cholera has been noted to a considerable extent, particularly in the southeastern part of Parmer county, Agent Ollie Liner said today.

Asked about the symptoms Liner said that cholera is hard to determine because of a similarity to other hog disorders, and advised "the best thing to do when you notice a sick hog is to call a veterinarian."

Vaccination will produce a short immunity, while a serum is available to weaken the disease in animals known to be suffering from cholera.

Tumblers Fail To Place At Meet

Tumblers representing the Farwell FFA department competed in an area entertainment meet in Lubbock last weekend, but failed to rate among the top placements.

The tumblers included Jerry Pool, Don Ford, Bobby Poteet and Leon London, with Cary Joe Magness as emcee. Robert Morton is sponsor of the ag department.

GRADUATE AT CANYON

Two Friena students will receive college degrees this spring at West Texas State College in Canyon. They are Wilton E. Lillard and Denham Lloyd Smith, both candidates for Bachelor of Science. The baccalaureate sermon will be delivered May 29 by Rev. H. I. Robinson, pastor of the First Methodist Church, Lubbock, with commencement on June 2 at 10 p. m. with Hon. Pat M. Neff of Waco as the principal speaker.

BUYING FALL TOYS

J. E. Stone and Ray Stone were in Lubbock the first of the week, attending a showing of toys and making purchases for fall shipment of goods for the local store.
