Health Notes

By State Department of Health

AUSTIN—During the first seventeen weeks of 1948 there were only 55 cases of poliomyelitis reported to the State Health Department, while in this same period of 1949 there have been 142 cases reported from different sections of the State according to Dr. Geo. W. Cox, State Health Officer. Seven cases were reported in the past week, with three from one county.

"Poliomyelitis is one of the most dreaded of all diseases" Dr. Cox said, "and justly so. It is more often a crippler than a killer, but in either case it takes a heavy toll among young Texas citizens, and is a health menace against which our children should be carefully guarded."

Immaculate cleanliness of person and homes is urged as a precautionary measure against polio, and community hygiene assumes a place of major importance when the disease makes its appearance. Clean communities, clean homes, and strict personal hygiene all play a part in helping to prevent the spread of diseases, and Dr. Cox advises close inspection of home screens for keeping out flies, and unremitting efforts in rodent control, and the extermination of roaches.

"Until it is definitely understood just how polio is transmitted, it is well to guard against all household pests and eliminate all insanitary conditions," Dr. Cox said. "We do not know with certainty how polio may be spread, and filth, which affords a breeding place for germs, should not be tolerated."

Timely Tips For Well Groomed Yard, Lawn

COLLEGE STATION—It takes mowing, watering and fertilizing to keep a yard looking its best.

That's the word from Sadie Hatfield, extension landscape gardening specialist of Texas A. and M. College. Regular mowing with a sharp, properly adjusted mower keeps your lawn looking neat and helps the grass grow and spread.

How high the grass is mowed depends on what grass you have. Bermuda, St. Augustine or centipede grass can be mowed closely if the yard is well fertilized. The fescues and bluegrass should be mowed at one and a half inches or higher, Miss Hatfield says.

Now about watering the lawn. If you have the water supply to do this during the hot, dry weather, it's best to soak the ground thoroughly now and then—just soak long enough to keep the plants alive.

Here's a point to remember, too. Light sprinkling every day just to cool things off encourages shallow root system and helps crabgrass more than it does the better lawn grasses.

Further information on lawn grasses and fertilizing the yard can be obtained from the local county agent.

Nice green lush lawns in the summertime means taking care of your yard the year round, Miss Hatfield concludes.

Today's Home Builds Tomorrow's World

COLLEGE STATION—The theme of national home demonstration week, May 1-7, will be "Today's Home Builds Tomorrow's World" and the forty thousand members of nearly two thousand clubs in Texas will give recognition to leaders and achievements in their own communities. Maurine Hearn, state home demonstration agent and vice-director for women for the Texas A. and M. College Extension Service has announced that the Texas Home Demonstration Association and the Extension staff will join in the observance this year.

Through special events, news stories and radio the home demonstration club women will tell their friends and neighbors of the objectives and activities of home demonstration work. They will let families tell of their achievements and have group discussions of problems that affect rural families today. The relationship of the home demonstration work to the entire extension program will be clarified, and recognition given to volunteer local leaders whose services in the communities have resulted in the better understanding of public problems on a local, state, national and international scale.

Miss Hearn says that clubs are planning special skits to be presented at meetings where leaders will be honored. Regular radio programs by the agents and club members will tell the story of home demonstration achievements, and special broadcasts will dramatize these developments.

In a special message to home demonstration club women, she says, "In observing this week in various ways as each community demands, I hope that you, as well as others who are not members of home demonstration club, may realize the scope and flexibility of your organization. You are probably the largest organization of

rural women in America. Besides mastering the many phases of home living that are available to you, you work as an organized group for many things that are beneficial to your communities, such as scholarship funds, libraries, health, safety, 'exchange programs' with other countries.

"Your responsibility to your communities, to your nation, and to other nations, is to help those who are not acquainted with the demonstration club work to benefit personally through it, and that you may benefit by the growth of your organization."

Leaflets On "Chicken In Freezer" Released

COLLEGE STATION—We all want plenty of chicken on the table every season of the year, and the foods specialists for the Extension Service of Texas A. and M. College tell us that putting them in the freezer is a good way to insure this. "Chicken in the Freezer" is the name of a leaflet from the U. S. Department of Agriculture, which gives directions for freezing stewing hens as well as the younger birds. If your county home demonstration agent doesn't have an extra copy, then write to the U. S. Department of Agriculture, Washington, D. C. for this leaflet, number AIS-74.

The leaflet gives directions for handling broilers, bakers and stewers in both the home freezing unit and the commercial locker plant.

People are living longer today than formerly, and the biggest percentage of the population is in the old age group.

THIS IS AMERICA

This is freedom — many religions, many races, living in harmony together. For freedom is more than a way of life. It is a state of spirit — and our richest asset.

Under freedom of religion, Americans attend more churches than any other nation. Under freedom of speech, we have more newspapers, more radio stations than any country in the world. Under freedom of opportunity, our children attend more schools, have more chances to succeed in life.

We are only 7% of the world's people, living on 6% of the world's land. Yet we in America have the highest stand-

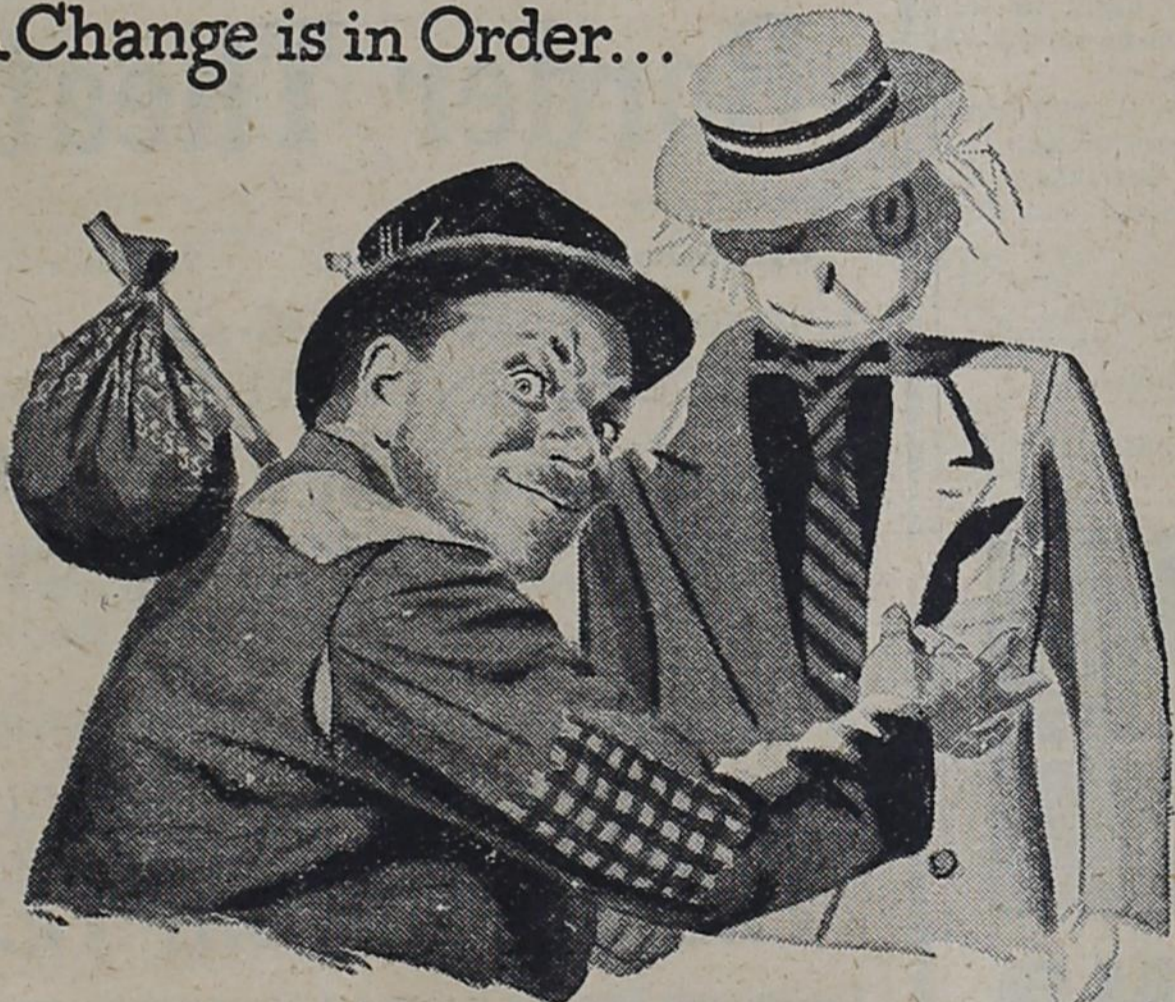

ard of living the world has ever known.

Under freedom of enterprise — you may call it Democracy, or Capitalism — we make just about one-third of the world's goods, mostly for our own use. We drive three-fourths of the world's autos, use about half the world's electricity. Our homes are unrivaled for comfort and labor-saving devices. We eat more meat, buy more clothes, see more shows, own more insurance. We even save more money.

Yes, freedom pays — in the coin of tolerance and understanding, and in the coin of progress and prosperity.

CHAMPION GROUND GRIP

Tractor Tire

OUTPULLS THEM ALL . . . BECAUSE IT TAKES A CLEAN, FULL TRACTOR BITE

OUTCLEANS—No tractor tire can pull unless it cleans. Firestone Champions outpull because they outclean. The full-traction tread bars flare outward like the moldboard of a plow and channel the soil out as the tire rotates and flexes. There are no trash-catching "bar-stubs".

OUTPULLS—The real test of a tractor tire is how it pulls when the going is tough. You can depend on Firestone Champions to outpull because their traction bars are built higher for a deeper bite, longer for a bigger bite. Triple-braced for a stronger bite, and connected at the center for a full traction bite—all the way across the tread.

OUTLASTS—Firestone Champions outlast because their Triple-braced bars cannot wobble and wear, cannot punch their way through the cord body like unbraced bars. The higher, longer, stronger bars of the Champion ride smoother, last longer. It's easy to see why Champions continue to give full-traction tread life long after other tires have worn smooth.

Continental Oil Co. Starts New Safety Driving Measure

PONCA CITY—Newest offensive against traffic accidents—the Defensive Drivers' Club.

Continental Oil Company has begun enrolling its employees in a newly formed organization that pledges its members to defensive driving—allowing for the other drivers' mistakes. Launched by the company's safety division, which is directed by J. S. Boylan, the Defensive Drivers' Club offers as its creed:

"I will be a defensive driver. I will make allowance for the other fellow's carelessness lack of skill and knowledge. I recognize that I have no control over the unpredictable actions of other drivers and pedestrians, nor over conditions of weather and roads; therefore, I will develop a defense against these hazards. I will concede my right-of-way and make other concessions to avoid collision. I will

be careful to commit no driving errors myself and will be defensively alert to avoid all accident traps."

Bronze lapel pins in the shape of an owl—for wisdom—and windshield stickers bearing the "Defensive Drivers' Club" creed along with defensive driving, will identify the members. Continental Oil Company in enrolling its employees from coast to coast, hopes the idea will catch on nationally.

Make Your Contribution To The American Cancer Society Now

DALLAS—Can you afford seven cents a year to fight cancer in Texas?

That's what it would cost each Texan, if all Texans contributed to the 1949 membership and fund-raising drive of the American Cancer Society, Texas Division according to Karl Hohlitzelle of Dallas, state campaign chairman.

The American Cancer Society's

Texas goal is \$450,000—money to be used for education service, and research in cancer control.

"In addition to the seven cents per Texan, the number seven has other significance in Texas Cancer Control work," Mr. Hohlitzelle pointed out: "There are about seven needless deaths from cancer every day of the year in this state."

"In 1947 a total of 6770 Texans died of cancer. Last year's figures will prove to be higher. This year the total will be close to 7000. This in spite of the fact that between one-third and one-half of these deaths could be prevented with what we now know about the disease."

Mr. Hohlitzelle urged every Texan to contribute to the lagging drive of the American Cancer Society.

"Curtailed cancer control activities in this state is in sight unless more is contributed," he said.

Recent livestock price declines should not confuse livestock producers. The prospects for making a profit feeding livestock are brighter than one year ago.

Take Your Family To Sunday School

There has never been a period in the world's history when we have greater need for religious training and spiritual strength than today. Everybody believes in physical training for the development of the body and in mental instruction for the improvement of the mind, and yet neither is more imperative than religious culture of the spiritual nature.

The Sunday school aids tremendously in providing the culture for the whole family. We cannot afford to neglect church attendance for old and young, and by the same token we should not fail to avail ourselves of the golden opportunity of Sunday school attendance, and this applies to every members of the family.

The Sunday school is not just for women and children although it is the literal handmaiden of the church in this respect, but it offers just what men of the church need—spiritual training and development, a recurrence to the fundamental facts in basic Christian virtues and a realization that world problems can only be solved by individuals who have solved their own problems of living in the light of Christian ideals and practices. The Sunday school offers the largest field of activity for the whole family in spiritual training and is the most potential agency for the development of a sustained reservoir for church membership and service.

Drink Milk To Look Young And Feel Younger

CHICAGO—How to look young and feel younger received a few significant glances from science today.

It came about through research supported by the National Dairy Council and the American Dairy Association, Chicago, on nutritional requirements of persons growing older.

It puts its finger on good nutrition as one of the most important factors in adding more zest and vitality as well as years of life, and recommended to the 50 million adults, 45 years and older in the United States, that they regularly consume liberal amounts of milk and its products. This is essential, because, according to the study, persons growing old need proteins for body tissue building as much as younger persons.

Science also spoke wisely for the calcium needs of persons growing older. It said milk and its products are the only foods that can supply enough calcium in daily meals. A glass of milk at each meal with frequent servings of cheese and ice cream will do the trick. An inadequate calcium diet shows up around the age of 50 and may lead to broken bones and the familiar stooped shoulders.

The study showed us that persons in good health, despite age, consumed more milk and its products, ate more fruits and vegetables, whole grain cereals and eggs than those in poor health.

The study is being carried on at Michigan State College under the direction of Dr. Margaret Ohlson, head of the Department of Foods and Nutrition in the School of Home Economics.

Bacteria Can Be Helpful And Also Destructive

SAN ANTONIO—Some kinds of bacteria cause disease. Some kinds don't. Some kinds are tremendously helpful to human life—the kind that turns cream to cheese, for instance. And some kinds combat disease. Molds revolutionized the treatment of infectious diseases.

Dr. John B. Loefer of the Foundation of Applied Research here has been experimenting with a type of bacterium, the products of which have caused some remarkable regressions in tumors.

He points out that his findings are by no means a cancer cure and that, under an American Cancer Society grant, considerable work must be done on laboratory animals before application of the discovery can even be considered.

When Your Back Hurts -

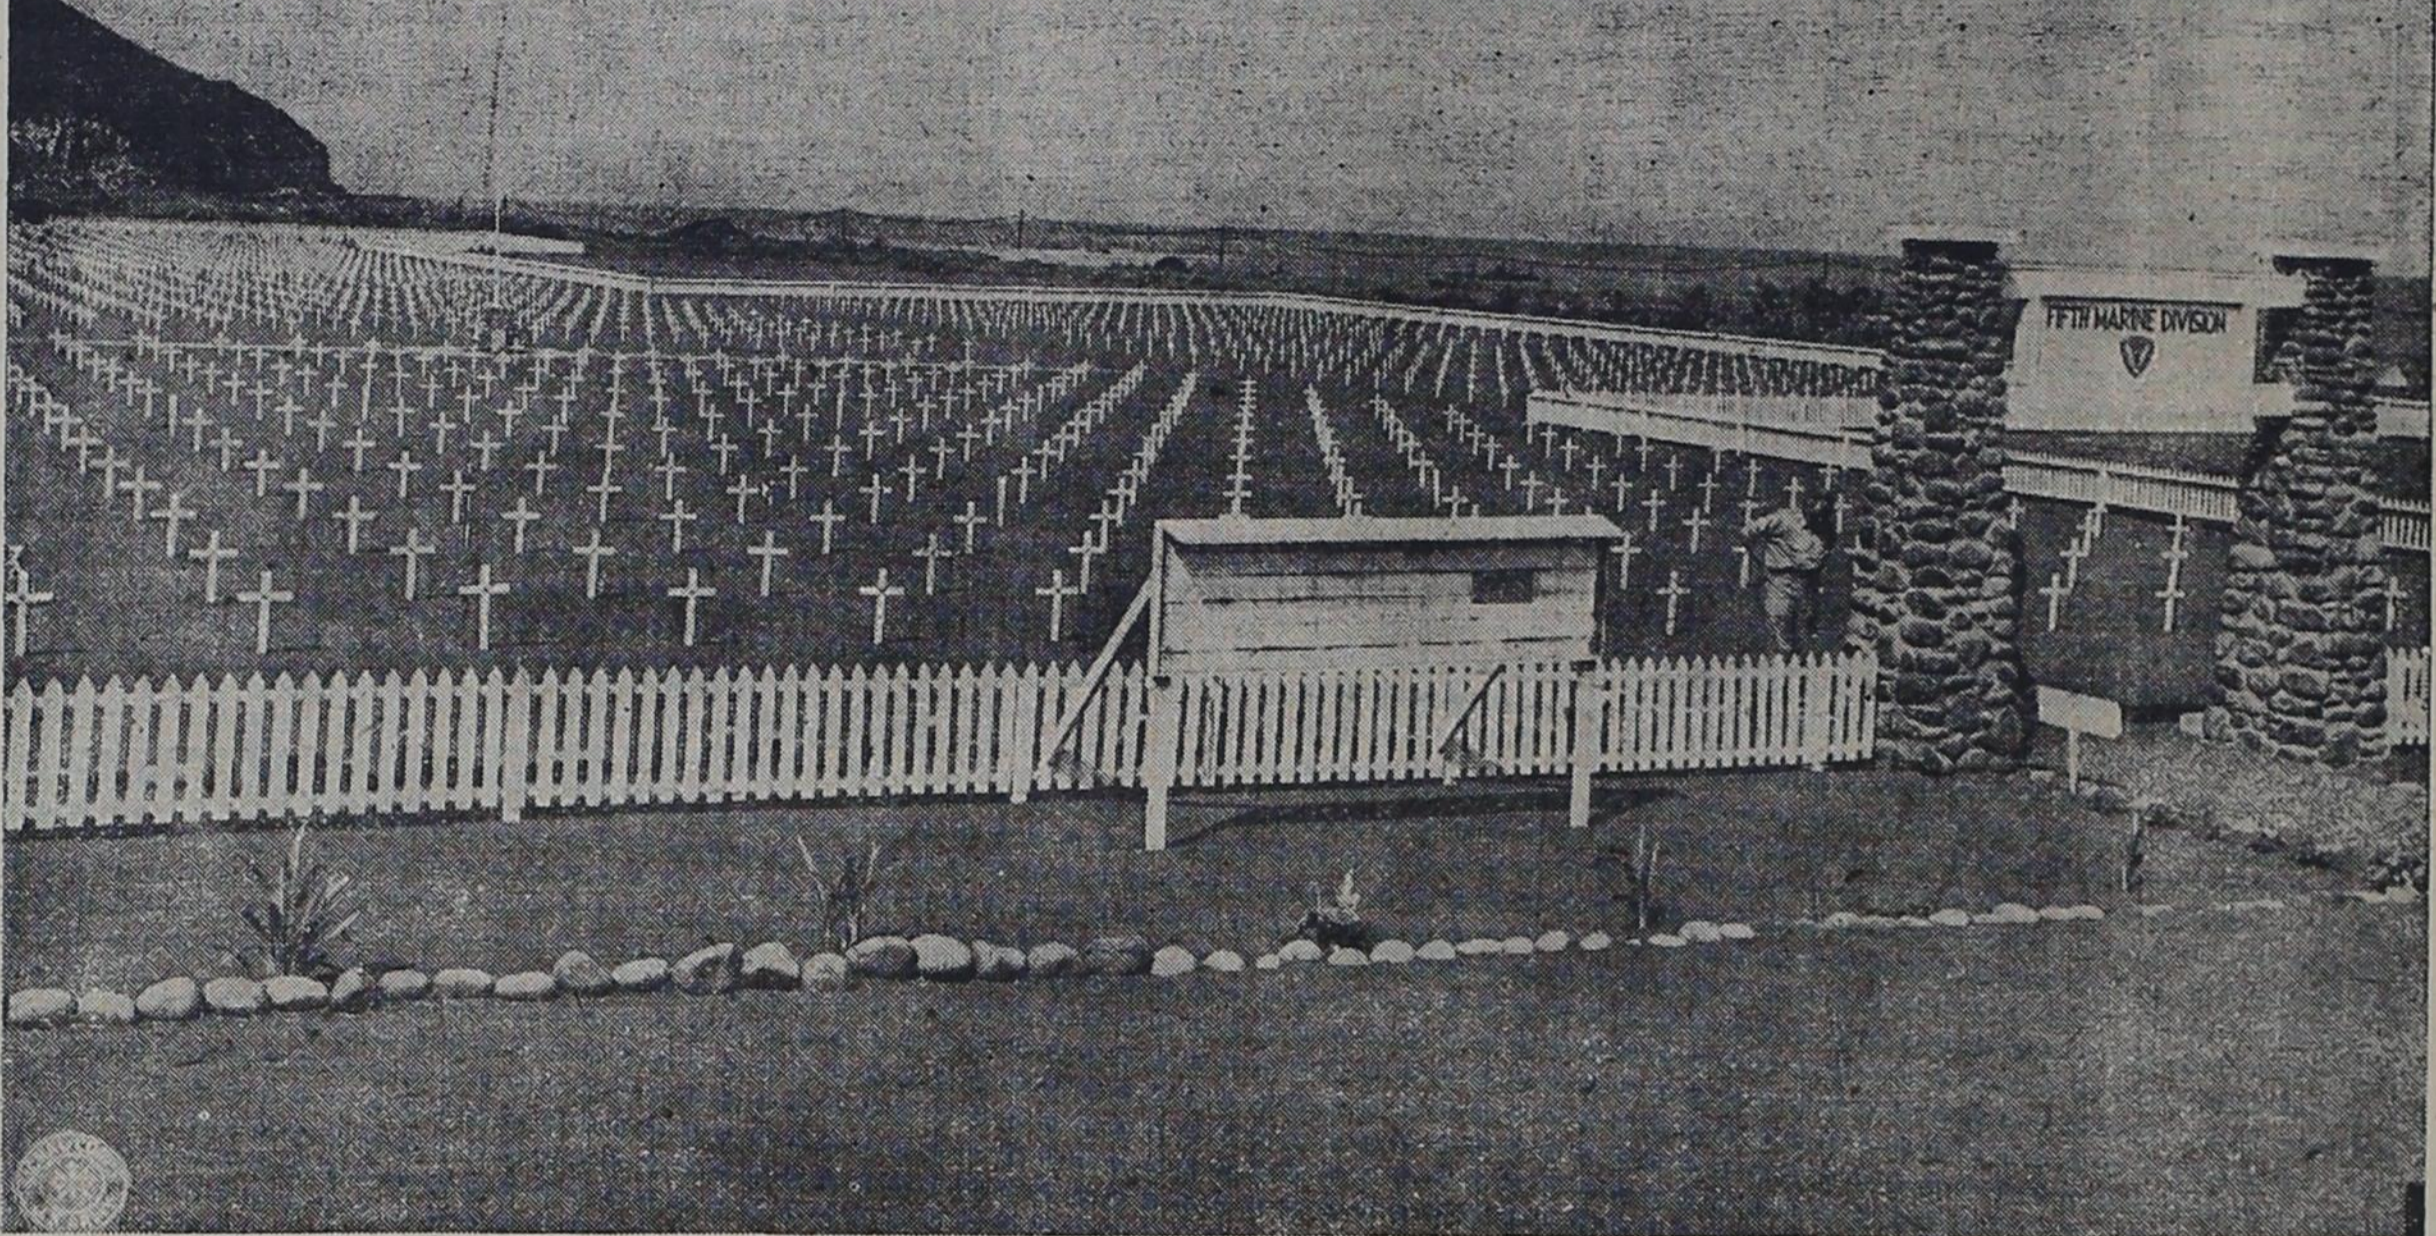

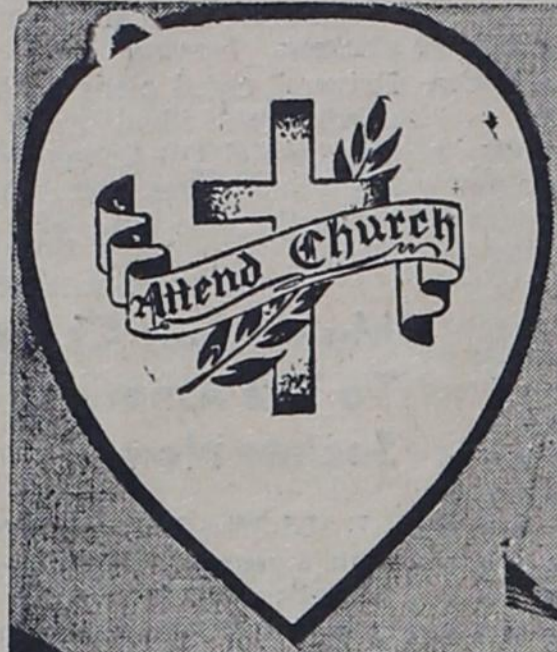

And Your Strength and Energy Is Below Par

It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.

You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.

There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

THE PRICE OF PEACE

We sent our finest manhood to pay the price of war on land and sea and in the air; and it was a great price as many of us shall always know. But war is a terrible tragedy unless peace lies beyond its sacrifice and death. We have all had a share in paying for the war, though for many of us it was only a few additional dollars in taxes. In fact some have profited greatly by the sufferings and heroism of the dead. Never have we had so much money to spend on ourselves and on our families. But we need to look at the cemeteries of the world to know the supreme sacrifice that was called for, that we might be secure and comfortable. It required the giving of life itself for many a man; and it called for sorrow and heartache for many a mother and father around the globe. The war cost enough for some of us.

The time has come for heroism in the cause of Peace; and it must be shown by every woman and man in our country. We must oppose with all our might the antagonisms that are growing between peoples; we can substitute understanding and good will if we will dare to say the truth when we know men are telling falsehoods about other fellow men. We must become ambassadors of tolerance and spokesmen for kindness and generous treatment of every man. Peace calls for more than money; it calls for courage and well informed effort for making the world into the Kingdom of God. We must see all men everywhere as our brothers; we must practice democracy which allows every other man the freedom that we demand for ourselves; we must be Christian in thought and in speech and in deed; for Jesus of Nazareth is the Prince of Peace. They who enroll under His leading and join Him in pleading for the Good Time of world friendship; they who are willing to suffer for goodness and truth and love; these are the makers of peace. "Blessed are the peacemakers; for they shall be called the children of God."

YOU IN THE CHURCH
THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you" form a combination for good.

Make Plans For 4-H Dairy Foods Demonstrations

Plans for the 1949 National 4-H Dairy Foods Demonstration program are under way in Texas, according to the State Extension Service. This is the only nationally sponsored 4-H Club program devoted entirely to demonstrations. Members enrolled in a 4-H Foods project may participate.

Last year Texas named the following county winners: Melba Boeker, Atascosa; Mary Jo Gattis, Tommie Ruth Gattis, of Grayson; Ynell Egger and Helen Hasley of Mills. Based on a survey of 41 states conducting the 1948 program, an average of 32 persons attended the 3,758 dairy foods demonstration given by 4-H'ers. The Cooperative Extension Service supervises the program.

The program seeks to show the value of daily produce to general health. Uses of dairy foods and skill in preparing tasty dishes are demonstrated. Subject relate to the preparation, manufacture or use of dairy products including fresh or evaporated milk, malted milk and ice cream.

Eight new awards based on demonstration records and general achievement are offered by the Carnation company this year. They are trips to the National 4-H Club Congress in Chicago, November 27 to December 1. County winners will again receive a gold filled medal, while individual and team champions in each state will get a 17-jewel watch.

LEGAL NOTICES
CITATION BY PUBLICATION
THE STATE OF TEXAS
TO: Joseph C. Huffman, J. C. Huffman, Herman Schutte, G. H. Hunter, and all parties owning or having or claiming any interest in the land or lots hereinafter described, and the unknown heirs, wife or wives, assigns and legal representatives of the said Joseph C. Huffman, J. C. Huffman, Herman Schutte, G. H. Hunter, and the unknown owner or owners thereof, defendants, greeting:
You are hereby commanded to appear before the Honorable District Court of Farmer County at the

Court House thereof, in Farwell Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 13 day of June A. D. 1949, then and there to answer Plaintiff's Petition filed in said Court, on the 26 day of April A. D. 1949, in this cause, numbered 1472 on the docket of said court and styled T. J. Crawford, Plaintiff, vs. Joseph C. Huffman, et al, Defendants.

A brief statement of the nature of this suit is as follows, to-wit:

Suit by plaintiff in Trespass to Try Title against said Defendants, Plaintiff alleging that on April 1st, 1949, he was and still is the owner in fee simple of Lot Six (6) in Block Number Nineteen (19) of the Original Town of Friona, Farmer County, Texas, and that he was also on such day in possession of the same and that on April 2nd, 1949, the defendants unlawfully entered upon and dispossessed him of such premises and withhold from him the possession thereof. Plaintiff alleges damages for such unlawful use in the sum of \$75.00 and prays that defendants be cited to answer this petition, and that he have judgment for title and possession of said land, for his damages and costs of suit, and for such other and further relief to which he may be entitled either at law or in equity. Plaintiff pleads the three, five, and ten years' statute of limitation in the alternate without waiving other parts of the pleading, as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and Seal of said Court, at office in Farwell, Texas, this 26 day of April A. D. 1949.

Attest:
LOYDE A. BREWER, Clerk,
District Court, Farmer County, Tex (SEAL) 28-41c

NOTICE OF ELECTION
THE STATE OF TEXAS
COUNTY OF FARMER
TO THE RESIDENT, QUALIFIED ELECTORS OF FARMER COUNTY, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID COUNTY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:
TAKE NOTICE that an election will be held in Farmer County, Texas, on the 28th day of May, 1949, on the proposition and at the places more particularly set forth in the election order passed by the Commissioners' Court of said County on the 26th day of April, 1949, which is as follows:
"AN ORDER CALLING AN

ELECTION ON THE PROPOSITION OF THE ISSUANCE OF \$1,150,000.00 OF ROAD BONDS AND THE LEVY OF AN AD VALOREM TAX IN PAYMENT THEREOF.

WHEREAS, there has been presented for the consideration of the Court a petition signed by C. W. Dixon and more than fifty other persons praying that an election be held in Farmer County on the proposition of the issuance of Road Bonds of said County in the amount of \$1,150,000.00 and the levy of an ad valorem tax in payment thereof; and

WHEREAS, the Court has found that said petition is signed by more than fifty of the resident, qualified property taxing electors of Farmer County owning taxable property in said County and who have duly rendered the same for taxation and

WHEREAS, the amount of bonds to be issued will not exceed one fourth of the assessed valuation of the real property of said Farmer County;

IT IS THEREFORE ORDERED, ADJUDGED AND DECREED BY THE COMMISSIONERS' COURT OF FARMER COUNTY, TEXAS:

1. That an election be held in said County on the 28th day of May, 1949, which is not less than thirty (30) days from the date of this order, to determine:

"Whether or not the bonds of said Farmer County shall be issued in an amount of \$1,150,000.00 bearing interest at a rate not to exceed 3 1/2% per annum, payable annually or semi-annually, and maturing at such time as may be fixed by the Commissioners' Court, serially or otherwise, in not to exceed Thirty (30) years from the date thereof, for the purpose of the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout Farmer County, Texas; and whether or not ad valorem taxes shall be levied annually on all taxable property in said County sufficient to pay the annual interest on said bonds and provide a sinking fund sufficient to pay the bonds at their maturity."

2. That the proceeds of such bonds if authorized, shall be expended in the construction, maintenance and operation of macadamized, graveled or paved roads and turnpikes or in aid thereof throughout Farmer County, Texas.

3. That said election shall be held under the provisions of Chapter 3 Title 22 Revised Civil Statutes of 1925, as amended by Chapter 16 Acts of the First Called Session of the 39th Legislature.

4. All persons who are legally qualified electors of this State and of this County, and who are resident, qualified property taxing electors of this County, owning taxable property in said County and who have duly rendered the same for taxation, shall be entitled to vote at said election, and all electors shall vote in the election precinct of their residence.

5. The ballots of said election shall have written or printed thereon the following:

"FOR THE ISSUANCE OF ROAD BONDS AND THE LEVYING OF AN AD VALOREM TAX IN PAYMENT THEREOF";
"AGAINST THE ISSUANCE OF ROAD BONDS AND THE LEVYING OF AN AD VALOREM TAX

IN PAYMENT THEREOF".
Each voter shall draw a line through one of the above expressions, thus leaving the other as indicating his vote.

6. The said election shall be held at the several polling places in Farmer County, Texas, and the following named persons are hereby appointed as officers of said election at the several voting precincts as follows:

In Precinct No. 1 at Black, in school house, with the following election officers: Bill Edelman, Presiding Judge; Fern Barnett, Judge; Bruce Parr, Clerk; Clyde Hays, Clerk.

In Precinct No. 2 at Friona, in school house, with the following election officers: T. J. Crawford, Presiding Judge; C. V. Goodwine, Judge; F. W. Reeve, Clerk; Elmer Euler, Clerk.

In Precinct No. 3 at Bovina, in school house, with the following election officers: C. R. Elliott, Presiding Judge; Nat Read, Judge; Edd Ross, Clerk; I. W. Quickel, Clerk.

In Precinct No. 4, at Farwell, in court house, with the following election officers: J. W. Magness, Presiding Judge; Albert Smith, Judge; Chas. Lunsford, Clerk; Mrs. O. B. Pipkin, Clerk.

In Precinct No. 5 at Lazbuddy, in school house, with the following election officers: Roy Daniel, Presiding Judge; Geo. Crain, Judge; C. C. Matthews, Clerk; Joe Jesko, Clerk.

In Precinct No. 6 at Oklahoma Lane, in school house, with the following election officers: Sam Sides, Presiding Judge; C. C. Christian, Judge; L. M. Grissom, Clerk; G. F. Lindoo, Clerk.

In Precinct No. 7 at Rhea, in teacherage, with the following election officers: Melvin Sachs, Presiding Judge; T. F. Taylor, Judge; Jack Woltmon, Clerk; I. D. Stevens, Clerk.

In Precinct No. 8 at Lakeview, in Otho Whitefield home, with the following election officers: Otho Whitefield, Presiding Judge; Fred Barker, Judge; Pearl Hand, Clerk; Claude Miller, Clerk.

7. The manner of holding said election shall be governed by the General Laws of the State of Texas, regulating general elections, when not in conflict with the provisions of the Statutes hereinabove cited.

8. Notice of said election shall be given by publication of a copy of this order in the "State Line Tribune", a newspaper published in the County, for three (3) consecutive weeks before the date fixed for holding said election. In addition thereto, there shall be posted other copies of this order at four public places in the County, one of which shall be at the Courthouse door for three (3) weeks prior to said election.

9. The County Clerk is hereby directed to publish and post the same as hereinabove directed, and further orders are reserved until the returns of said election are made by the duly authorized election officers and received by the Court.

PASSED AND APPROVED this the 26th day of April 1949.
A. D. SMITH, County Judge,
Farmer County, Texas.
