Combat Cancer Early, Runyon Tells Public

FORT WORTH—"We can save many lives today with the knowledges we now have, through prompt diagnosis and treatment," cancer control workers were told as the Texas division of American Cancer Society concluded its fourth annual meeting here.

M. R. Runyon of New York, executive vice president of the national society, told representatives from throughout Texas about new advances in research, service to the cancer patient, and cancer education.

"I want to tell you who is going to find the answer to cancer," Runyon said. "It is you—the individual. No organization as an organization can solve a problem as varied and complex as cancer. In the problem of cancer control, individuals must accept full measure of responsibility. No matter how big our organization grows, cancer still will be a personal concern."

Previously, Frank C. Smith, president of the Texas Division, described the division's major objective as "education of the public to insure earlier diagnosis and treatment of cancer."

"We must serve, earn the support of, and improve the health conditions of more than six and a half million Texans. This can be done by a good framework or organization, functioning to suit the needs of each county, utilizing trained volunteers who have at their disposal adequate specialized tools, and conducting a successful annual campaign for the public's support, including support for the national research program."

Meetings included a teaching conference for medical representatives which demonstrated operation of cancer clinic sessions.

QUESTION BOX VETERAN'S

Q—As a World War II veteran with a bad conduct discharge, am I entitled to any benefits under the GI Bill?

A—You should contact your nearest Veterans Administration office for a decision as to whether you were discharged under conditions other than dishonorable. Or you may apply to the armed service from which you received your bad conduct discharge for a review of your discharge under Section 301 of the GI Bill.

Q—I am now receiving compensation from VA but I feel that I should be getting more. Can you advise me as to who may assist me in presenting my claim before the VA rating board?

A—Any organization accredited under P. L. 844, 74th Congress, any attorney or agent recognized by VA, or a VA contact representative may present your claim before the VA rating board. VA will recognize anyone who wants to represent you in your particular claim providing he files a proper power-of-attorney statement that no fee will be charged for the service rendered.

Q—I am taking on-the-job training under the GI Bill in a hazardous occupation. Will VA pay for hospitalization if I am injured while in training?

A—No. Any disabilities incurred while in training under the GI Bill are considered nonservice-connected. Of course, if you are a war veteran, you may be furnished such hospitalization in a VA facility if a bed is available.

Wayland Fiesta Proves Colorful

PLAINVIEW—Gaiety and color marked the Pan-American festival at Wayland College on November 19 at which Velma Umphres was crowned queen.

On prominent display were the costumes, food, music, art and fireworks of Old Mexico. Sponsors of the event were Mrs. J. P. Woodward and Jose de Arevalo of the Wayland foreign language department.

E. V. Pasqueira, Mexican consul from Amarillo, crowned the queen. Among the other contestants were Doris Jean Roe of Snyder, Margaret Green of Floydada, Omega del Castillo Litton of Littlefield, Frances Guice of Vernon, Bonnie James of Anton, Ruth Sharpley of Corsicana, Maxine Ware of Brownfield, and Lucy de Sousa of Sao Paulo Brazil. Contestants for queen who hail from Plainview are Carolyn Haithcock, Mary Watkins, Mortice Lester, and Evelyn Dean. The last two are students in Plainview High School. Miss Umphres is from Phillips.

High school students of Spanish and Latin are in Plainview were guests at the fiesta, along with their teachers, Mrs. Cecil Witt and Mrs. Fred N. Joachim.

Featured in the evening's entertainment were selections by the Wayland music department and a display of paintings from the college's summer school in Guadalajara, Mexico.

Woodrow Wilson was the first president to leave the U. S. during his term of office.

Museum Is Recipient Of Gift Of Stock

CANYON—A gift of almost \$11,000 in listed stock has been received by the Panhandle Plains Historical Museum on the campus of West Texas State College. The stock was a gift of Earl Cobb, Fort Smith, Ark., in memory of James Lowry Smith and his wife, Marie Bynum Smith, pioneer Panhandle couple now deceased.

This is the largest single gift in the 28-year history of the Museum. Revenue from the stocks is expected to be around \$400 annually.

Under the supervision of the executive committee of the Museum, income from the fund will be used annually in a Historical Essay Contest among high school students of the Plains area. Plans for the contest have been announced and prizes set, \$100 for first, \$50 for second, third, \$25, fourth, \$15, and fifth \$10. These five prizes will be awarded in both boy and girl divisions.

Directors of the contest will contact high school asking students to enter and suggesting topics about

which the students may write.

Art Exhibits Being Shown On Campus

CANYON—Two art exhibits sponsored by Alpha Rho Tau, art fraternity at West Texas State, are now being shown on the campus. One exhibit is being displayed in the main hall of the Administration Building and the other is a one-man exhibit showing in the Panhandle-Plains Historical Museum.

Oil, water color, and black prints are on show at the Administration building, the works of Bill Meadows, Amarillo senior; Bill Lockhart, Quannah senior; Frances Cooper, Crowell senior; and Jerry Freese, Vernon sophomore.

In the Museum are paintings by Maurice Bernson, an ex-student now living at Canadian.

A display of art work done by three art instructors of the college is soon to be put on display. The work was done by Miss Isabell Robinson, A. G. Kiselbach and Emilio Cabellero.

NEW SNAP FASTENERS

One of the newest and most time-saving fasteners is the new snap fastener which is hammerer rather than stitched on. They are well-suited to sport or work clothes, and the little ener which is hammered rather than with the fastener.

CONDITION / PRODUCTION

Yes, about 2000 cow years through 21 years of dairy feeding research at the Purina Research Farm have gone into building Purina Milking Chows and the Purina Dairy Program.

And this program has produced profitable results at the Purina Farm. Look at the record: From an average of 6800 lbs. milk, 238 lbs. fat to 14,167 lbs. milk, 505 lbs. fat! And the Purina herd is an all grade herd—and there have been no purchased female replacements.

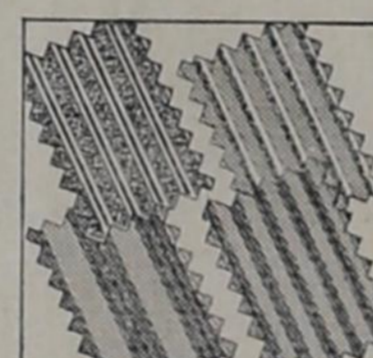

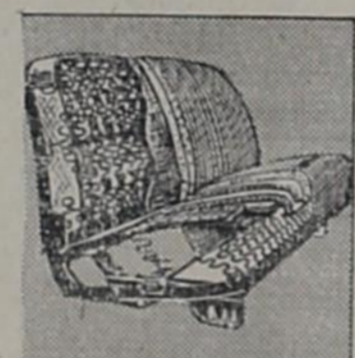

Local dairymen on the Purina Dairy Program are getting good results, too. Come in, let's talk about your herd.

WHY CUSTARDS FAIL

Cooking at too high a temperature or for too long a time will cause custards to fail.

STORE FERTILIZERS

Fertilizers can be successfully stored on the farm. Just store in a dry, well ventilated barn or shed.

If You Are 85, 45 or 3, Hadacol Helps All Ages

HADACOL is good for all ages, bringing five of nature's B vitamins and important minerals to the young and old alike. Recently the HADACOL folks received the good news that among the countless thousands who had been benefited by HADACOL were a lady of 85, a man of 45 who felt like he was 18, and a beautiful little girl only three years old.

Mrs. Edmond Doucet, of Church Point, La., is 85 years old, helping thousands of friends in the picturesque Evangeline section of Louisiana where she was born and has spent all of her life. These friends are happy to know that Mrs. Doucet feels better now than at any time in two years and gives the credit to HADACOL.

MRS. DOUCET

"I had been sick for almost two years and was suffering with gastric disturbances and bloating. I was run down, had lost weight and had to stay in bed most of the time. I lost courage and felt that there was no hope for me."

Mrs. Doucet had tried many preparations without apparent beneficial results when she heard the glorious news about HADACOL.

"After taking several bottles of HADACOL I felt like a new person," said Mrs. Doucet. "I eat anything I want without ill effects and sleep well. I feel much stronger."

Neville Dugas, of Route 1, Box 101 B, Carencro, La., is a successful farmer who had worked early and late at all kinds of hard work and it wasn't so long ago that he wondered if he would ever be able to work that way again. He had tried many medicines, but felt no better.

"I had all kinds of stomach disturbances," said Mr. Dugas. "My stomach was so bloated that it felt like it would swell up and burst. I suffered with gastric disturbances, heartburn and was run down and nervous. I had no appetite and suffered with headaches and I couldn't sleep at night. I was so drawn and pale that my friends had difficulty in recognizing me. After the third bottle of

HADACOL I felt a real improvement and after the twelfth bottle of HADACOL I felt like I was 18 instead of 45. I am feeling perfectly well."

"My three year old daughter, Joan, had lost her appetite," said Mr. Dugas. "Her cheeks were pale and she cried often. I started giving Joan HADACOL and after three of the large economy size bottles she is now healthy, has an excellent appetite and her disposition is perfect."

All three of these people were suffering from a lack of B vitamins and the minerals which HADACOL contains. HADACOL comes to you in liquid form, easily assimilated in the blood stream so that it can go to work right away. It is easy to understand, therefore, why countless thousands have been benefited by this amazing tonic, HADACOL.

A lack of only a small amount of B vitamins and certain minerals will cause digestive disturbances. . . . Your food will not agree with you. . . . You will have an upset stomach. . . . You will suffer from heartburn, gas pains and your food will sour on your stomach and you will not be able to eat the things you like for fear of being in misery afterwards. Many people also suffer from constipation. And while these symptoms may be the results of other causes, they are surely and certainly the symptoms and signs of lack of B vitamins and minerals which HADACOL contains. And if you suffer from such a deficiency disorder, there is no known cure except the administration of the vitamins and minerals which your system lacks.

It is easy to understand, therefore, why countless thousands have been benefited by this amazing tonic, HADACOL. So it matters not how old you are or who you are. . . . it matters not where you live or if you have tried all the medicines under the sun, give this wonderful preparation, HADACOL, a trial. Don't go on suffering. Don't continue to lead a miserable life. Many persons who have suffered and waited for 10 to 20 years or even longer, are able now to live happy, comfortable lives because HADACOL supplied the vitamins and minerals which their systems needed. Be fair to yourself. Temporary relief is not enough for you. Give HADACOL a trial!—Adv.

Livestock ranges in Texas have been exploited for the past fifty years to the extent that their grazing capacity has been lowered about 50 per cent, says Young, but applied research can and is helping to correct the situation. In many instances, he says, we have ruined our stands of good grasses and they have been replaced by poor grasses, noxious weeds and shrubs. Surface and gulley erosion have also left many ugly scars on our range lands.

TWO WHO WAIT AND HOPE . . . In New York from Czechoslovakia, 15-year-old Marina Tscherschansky and her grandmother, Mrs. Olga Ovosilchev, 76, wait hopefully for the release of Marina's mother, who has been held on Ellis Island for the past 10 months. There has been no official explanation of Mrs. Tscherschansky's detention. Mother, grandmother and daughter are world-roving refugees.

Good Livestock Ranges Valuable, Says Young

COLLEGE STATION — Ninety-three million acres is a lot of land, even in Texas, and they are mighty important to the meat producers and consumers of the state and nation. Approximately 7 1/2 million cattle, 7 1/2 million sheep and 2 1/2 million goats are depending on these ranges for their livelihood, says Dr. V. A. Young, head of the range and forestry department of the Texas A. & M. College System, to say nothing about the human element.

Livestock ranges in Texas have been exploited for the past fifty years to the extent that their grazing capacity has been lowered about 50 per cent, says Young, but applied research can and is helping to correct the situation.

In many instances, he says, we have ruined our stands of good grasses and they have been replaced by poor grasses, noxious weeds and shrubs. Surface and gulley erosion have also left many ugly scars on our range lands.

In rebuilding, we must first reduce our livestock numbers to fit the grazing capacity of the ranges, says Young. This should be based on how many of the good grasses are present and consideration should be given to both year-round and seasonal grazing periods. Low producing and poor quality animals eat more than their share of the range vegetation. They should be marketed, advises Young.

Then, continues Young, we should graze so as to leave at least 50 percent of the short grasses on the range. A stubble of 2 1/2 to 3 1/2 inches should be left on the flat rolling ranges and more on the steep slopes, he says. This will keep the land from washing and will add organic matter for fertility and plant growth. Even on the best ranges, it is best to leave 40 percent of the good grasses and a 4 to 6 inch stubble of the tall grasses, depending on the species.

If the range has been severely overgrazed, he suggests a long-time deferred grazing program; no grazing for one or more years. This type of grazing is economical for it gives the best forage plants a chance to reseed, gain strength, develop a good root system and produce the leaves that are necessary for greater production and reserve food storage.

If it is not possible to follow this practice, then deferred rotation grazing system should be followed. The native grass pastures should be deferred first and grazing should be withheld long enough to give the good grasses a chance to make and mature a seed crop.

He suggests that you talk your range problems over with your local county agent, because he can give you a lot of suggestions that are based on local situations.

MURPHY-ECHOLS TIRE CO.
CLOVIS, NEW MEXICO

BUTANE Gas Users PROPANE Gas Users

For Your PROTECTION

The Law of the State of Texas REQUIRES that EVERY PERSON or FIRM who installs Butane or Propane (liquefied petroleum) Gas systems, piping and/or appliances MUST PASS AN EXAMINATION to PROVE his knowledge and experience in dealing with these gases, and MUST BE LICENSED by the Gas Utilities Division of the State Railroad Commission to perform such work. This is a separate, distinct and specific license. A Sanitary Plumber's License, or a Master Plumber's License does NOT permit the holder to install butane or propane equipment. The fact that a store SELLS butane and propane appliances DOES NOT permit the storekeeper to INSTALL such equipment.

Some plumbers, and some merchants and their employes have taken the Gas Utilities Division examinations and have qualified and ARE LICENSED by the Gas Utilities Division to make such installations. BUT ALL HAVE NOT.

When any person, lacking this specific and distinct license, installs butane or propane equipment or piping THAT PERSON IS VIOLATING THE LAW OF TEXAS. This law was made for YOUR protection. Please DO NOT be a party to its violation.

For Your Information

Be SURE that ANY person working on your butane or propane equipment, or making installations of piping or connections of such equipment, is LEGALLY AND PROPERLY LICENSED to DO THIS WORK—licensed by the Gas Utilities Division of the Texas Railroad Commission.

If you are not POSITIVELY CERTAIN that an installer is so licensed DON'T TAKE A CHANCE—FIND OUT! You are invited to ASK the undersigned Association (the statewide organization of LICENSED and QUALIFIED BUTANE AND PROPANE DEALERS). A post card will bring you the answer to your question and the name of a PROPERLY LICENSED MAN near you—a man trained, qualified and LICENSED for YOUR protection.

Don't be a party to the violation of this Law that was passed for YOUR protection.

FOR SALE—Elegant home writing desk, 7 drawers, 1/4 inch plate glass top, with matching chair, in good condition. Mrs. R. T. Jenkins, Lariat. 7-3tp

FOR SALE—25 weaning pigs, blacks and reds. Euel Hart, 20 miles north Texico. 7-3tc

FOR SALE—One-quarter block, located half block off pavement. Good location for building home. Priced reasonable. See June Watkins, Bovina Beauty Shop, Bovina. 5-3tc

FOR SALE—5-room modern home, located on 3 acres of land. Felix Monroe, Phone 3081, Farwell. 5-3tp

LOST—Brindle Brahma heifer, will weigh around 400 lbs., slight lump on right jaw. Notify Gene Ezell, Bovina, Texas. 6-3tc

Visit In Vernon
Mr. and Mrs. Dale McCuan and family of Farwell, accompanied by their son, John Gordon, who is undergoing polio therapy at the Plainview clinic, spent Thanksgiving Day in the home of Mr. and Mrs. Gordon McCuan in Vernon. This was Johnnie's first outing from the hospital since he was stricken with polio, some weeks ago.

Rays Have Dinner
Mr. and Mrs. Carl Ray, who live 3 miles south of Bovina, entertained with a post-Thanksgiving dinner at their home last Friday. Visitors in the home for the occasion were Mr. and Mrs. Roy Aldridge and Mrs. J. Ray of Elk City, Okla.; Mr. and Mrs. Delbert Aldridge and family of Lockney.

Enjoy Weekend Trip
Mr. and Mrs. Murray Dial and family, of Farwell, accompanied by A. C. Henneman, student at WT in Canyon, spent Thanksgiving Day in Memphis, Texas, and then journeyed to various points in and around Colorado Springs, returning home Sunday night.

Family Gathers 24th
Mr. and Mrs. W. H. Graham entertained with a family dinner, Thanksgiving Day, at which time all their children were present. Enjoying the occasion were Mr. and Mrs. Vance Crume and Judy of Friona, Sonny Graham, a student at ENMU, in Portales; the host and hostess and daughter, Sammie.

To Mineral Wells
Tom Adkins, of this city, spent the past weekend in Mineral Wells, visiting his father and brother. The brother, Phillip Adkins, returned with Tom to Farwell for an extended visit. He recently returned to the States from Europe, where he had served with the Army.

Married Recently
Miss Selma Vinice Barnes, daughter of Mr. and Mrs. T. O. Barnes, formerly of Farwell and now of Roswell, became the bride of Robert Carrol, of Roswell, on October 31. Mr. and Mrs. Carrol are making their home on a ranch near Roswell.
Mrs. Euga Engram of Sunray, Texas, spent several days here the past week attending to business matters.

LOCAL PEOPLE ATTEND WSCS ZONE MEET
Rev. Murphy Duncan, pastor of the local Methodist Church, was the principal speaker of the morning services, Tuesday, when a WSCS zone meeting was held in Elida. Theme of the gathering was "Go Ye Therefore", and Rev. Duncan reported that 105 were present from over the district.
Attending from here were Rev. and Mrs. Duncan, Mrs. G. W. Atchley and Mrs. B. N. Graham.

Are Dinner Guests
Dinner guests in the home of Mr. and Mrs. Joe Crume, in Farwell, on Thanksgiving Day included Mr. and Mrs. Dick Crume of Lubbock, Mr. and Mrs. Kirt Crume and son of Hereford, Mr. and Mrs. Hayden Cannon and son, C. E. Crume and Bill Crume, all of Farwell.

Home For Holidays
Al E. Jennings spent Thanksgiving holidays home from school at West Texas State College, with his parents and sister, Mr. and Mrs. Finis Jennings and Mina Margaret, of the Lazbuddy community.

Attend Football Game
Mr. and Mrs. Finis Jennings, Al and Mina Margaret, attended the Texas Tech-Hardin-Simmons football game in Lubbock last Saturday, while spending the weekend in the home of Mrs. Jennings' sister, Mr. and Mrs. John Hughes.

Here From California
Mr. and Mrs. Randal White and Misses Alta and Oleta White, of Lynnwood, California, were here the past weekend to attend the funeral of their father, Joe White. He was buried in the Clovis cemetery last week. The California visitors plan an extended visit before returning to their homes.

"Messiah" Will Be Given at Hereford
Handel's "Messiah" will be presented in Hereford on Sunday evening, in the First Baptist Church, beginning at 8 o'clock, according to an announcement from Miss Mattie Mae Swisher, director.
Singers from Bovina, Friona, Dimmitt, Tulia, Plainview, Amarillo, Pampa and Borger will assist in the annual presentation of the oratorio. Emil F. Myers, Amarillo, will be the guest conductor.
The general public is cordially invited to this outstanding musical program, a Christmas tradition.

In Billington Home
Dinner guests in the home of Mrs. S. G. Billington, in Texico, Thanksgiving Day, were two of her sons and their families, Mr. and Mrs. Victor Billington of Lubbock, and Mr. and Mrs. Sterlyn Billington and children of Farwell.

Miss Viola Barnes, of Roswell, is visiting her sisters, Mrs. Lawrence Ham and Mrs. S. L. Meeks, in Farwell.

Mr. and Mrs. P. J. Reeves, of Plainview, spent the past weekend in the home of Mrs. Reeve's sister and family, Mr. and Mrs. C. A. Cassidy, in Farwell.

Bovina Happenings

BY MARIE VENABLE

Several people from Bovina attended the funeral of Mrs. Hubert White in Hereford on Friday, Nov. 23.

Mrs. Frank P. Wilson's sister, of Amarillo, visited here the past weekend.

Vester Venable, his father-in-law and brother-in-law, all of Lamesa, visited here last Sunday.

Mr. and Mrs. B. P. Elliott returned the past weekend from a business trip to El Paso.

Mrs. Herman Estes returned the past week from a visit with her parents, in Fort Worth.

Mr. and Mrs. Pete Frazier and daughter, of Amarillo, Mrs. Alvin Gaines and sons, of Friona, visited in the Tommie Horton home, last weekend.

Mr. and Mrs. R. L. Cervantez and daughter of Portales, visited the past weekend in the home of her parents, Mr. and Mrs. S. A. Brito.

Mrs. H. J. Charles made a business trip to Amarillo, Friday.

Mrs. T. J. Hopingardner is now employed at the Jefferson Laundry.

Mrs. Jerry Pate, who was injured in a car accident near Friona a few weeks ago, is at the home of her parents, Mr. and Mrs. Pounds, and reported as doing fine.

Mr. and Mrs. N. E. Bonds and son spent the Thanksgiving holidays in Tulia, attending a family gathering.

Mr. and Mrs. Harry J. Charles moved into their new home last weekend.

The Young Married Class of the local Baptist Church presented their stewardship play at Dimmitt, Monday night, at the association meeting. Bovina was well represented at the meeting and brought home the attendance banner.

Mr. and Mrs. Gene Hawkins and Mr. and Mrs. Charles Hawkins entertained relatives Thursday with a turkey dinner. Present were Mr. and Mrs. Ralph Hickman of Oklahoma City, Mr. and Mrs. Roy Hawkins and son, Mrs. Willie Smith, all of Clovis; Mr. and Mrs. Glenroy Davies and children, Mr. and Mrs. E. H. Moody and children, Mr. and Mrs. Frank Pesch, all of Bovina.

Rev. and Mrs. Weldon Franks and children visited in Lubbock Thanksgiving.

Mr. and Mrs. Clyde Copeland and children and her brother, of Farmington, N. M., spent Wednesday night with Mr. and Mrs. Ezra Englam and daughter. Mr. Copeland is a nephew of Mrs. Englam's.

Mr. and Mrs. J. O. Combs spent Thanksgiving in Lubbock with their daughter, Mr. and Mrs. Gene Guyer.

Dinner guests in the Oscar Venable home on Thanksgiving were Mr. and Mrs. Vester Venable and sons, of Farwell; Mr. and Mrs. Elmer Venable and children, Mr. and Mrs. Elton R. Venable and children, Rev. and Mrs. Lee and daughter and the Smith sisters, all of Bovina.

Mr. and Mrs. T. J. Hopingardner entertained with a big Thanksgiving dinner in their home for relatives, Thursday. Those present were Mrs. C. L. Buster and daughter of Clovis; Mr. and Mrs. H. C. Cox and daughter of Clovis, and Mrs. Otis Floyd and family of Bovina.

Mr. and Mrs. Roscoe Fredrick and family, of Carlsbad, Mrs. George Fredrick and Paul Fredrick of Rosedale, and Mr. and Mrs. A. D. Compton and family of Grier, visited Saturday in the home of Mr. and Mrs. Al Kirby. Mrs. George Fredrick is Mrs. Kirby's mother, Roscoe and Paul are her brothers, and Mrs. Compton is a sister.

Rev. and Mrs. Franks and family were showered with an old-fashioned pounding, Wednesday evening at the Baptist Church.

Mr. and Mrs. R. L. Green spent Thanksgiving with their son, Rev. and Mrs. Gaston Green, of Borger.

Mr. and Mrs. J. W. Gooch had as Thanksgiving visitors her sister and family, from Dimmitt.

Mrs. Jeanne Kirby and Paula Kay spent the past weekend in Grier, N. M., visiting her sister, Mrs. A. D. Compton.

Elton Venable made a business trip to Fort Sumner, Monday. Mr. and Mrs. Lester Rhinehart moved into their new home last week.

U. B. Wheeler's brother and wife, of Tulia, spent the weekend here.

BIRTHDAY PARTY HELD

Miss Sherri Lynn Langer, daughter of Mr. and Mrs. Fred Langer, was honored in her home with a birthday party on Saturday, Nov. 26, celebrating her sixth birthday.

Games of all kinds were enjoyed and favors of balloons and small packages of gum were distributed.

Cake and ice cream were served to Patsy Richards, Janice Richards, Verna Marie Estes, Marcia Leake, Darrell Crook, Gary Lynn Crook, Kay Looney, Lynn Looney, Roger Ezell, Carolyn Bruce, all of Bovina, Mrs. Ernest Burton, Larry and Jerry, Mrs. R. E. Brian and Darlene and Tommy Harlan, all of Clovis; Mrs. Howard Looney and Mrs. Joe Langer. Sending gifts were Radford Venable, Ronnie Sudderth, Carol Lynn Hammonds and Mrs. Alvin Burk.

LEGION, AUXILIARY HAVE SOCIAL MONDAY NIGHT

A social at the Legion Hall, Monday night, Nov. 21, was a big success with a very enjoyable time by all. Bingo was the main entertainment, with surprise prizes being drawn from a box.

Coffee, punch, and doughnuts were served to Mrs. Mable Newberry, Mr. and Mrs. Lester Rhinehart, A. V. Warren, Joe Moore, J. T. Hammonds, Lee Hopingardner, Leonard Gee, Mr. and Mrs. Fred Langer, Otis White, Mr. and Mrs. Earl Richards and children, Mr. and Mrs. Bass Elliott, Mr. and Mrs. Bill Thornton, Mr. and Mrs. Billie Sudderth and boys, Mr. and Mrs. Gene Ezell and family, Mr. and Mrs. Jimmie Charles, R. T. Harbor, Mr. and Mrs. Marion Carson and sons, G. B. White, Mr. and Mrs. Ernest Woelfel and children.

Mr. and Mrs. Elliott and Mr. and Mrs. Rhinehart were on the entertainment committee, and Mr. and Mrs. Elton R. Venable and Mr. and Mrs. Carson were on the refreshment committee.

The next regular meeting will be Monday night, Dec. 5. All members of the Legion and Auxiliary are urged to come. The Legion sponsored a Thanksgiving Eve dance, Wednesday night.

Mr. and Mrs. Glenroy Davis entertained in their home, Tuesday, with a social. They have just finished remodeling and adding several rooms to their home. Cake topped with whipped cream, and coffee, was served to Mr. and Mrs. Byron Turner and children, Mr. and Mrs. T. G. Hudson, Mr. and Mrs. Elton R. Venable, Mrs. Lillian Mahan and others (Continued on Following Page)

Letters To Santa:

Dear Santa Claus:

I'm a girl 8 years old and in the fourth grade. I want a big 29-inch doll, a baton, a large book set for older children, and candy, nuts, and fruit. My baby sister is two and can't write, so bring her a colored doll, a rocking chair and tricycle. Thank you.

Toni Billingsley

Dear Santa Claus:

I'm a boy 6 years old and I go to school in the first grade. I want a Joe Palooka punching bag set, a holster set with two guns, a miniature pool table, and lots of candy, fruit and nuts. With love,

DAV Returns Set Of Lost Keys To Farwell Man

The Disabled American Veterans has returned a set of lost keys to B. J. Jester, at Farwell.

Attached to the keys was a DAV Identio-Tag, miniature license tag for keyrings, which is distributed to 30,000,000 motorists each year and the replica of their state license plates enables the DAV to return 5,000 keys a month from its national headquarters in Cincinnati.

In addition to key-loss insurance, the Identio-Tag through contributions enables the DAV to maintain its free rehabilitation service for disabled veterans and their dependents.

Last year the DAV obtained more than \$18,000,000 in benefits for disabled veterans and their families. The organization has the largest staff of national service officers of any veterans organization.

Keys are returned to owners from all over the world. One of the most unusual key losses and returns saw a Cincinnati grainery employee lose his

set in a sack of oats. The keys were found when the sack was opened aboard a freighter in the English Channel enroute to Poland and they made their way back via the DAV.

Tags even brought back keys from the war zones.

For the motorists who wish extra Identio-Tags for extra sets of keys, the DAV has established a special order department, which handles more than 100,000 requests each year.

The DAV Identio-Tag plant is owned and operated by the DAV in the interests of disabled veterans and employs disabled veterans in their manufacture.

"CHEMICAL FEVER FOR HIGH BLOOD PRESSURE" * * * Bill's case was hopeless. He had the most serious kind of high blood pressure, was already blind, and his blood vessels had begun to degenerate. Yet, thanks to "chemical fever", he is completely cured. Read this amazing article in The American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

PMA NEWS

By JOE CAMP, Secretary

Grain sorghum loans are currently holding the spotlight in work at the PMA office with 975 warehouse storage loans being completed and 113 farm storage loan applications taken with ten completions to date.

In securing a loan on grain stored on the farm, about 40 days are needed from date grain is stored until the loan is completed.

The Cottonseed Purchase program has brought some relief to cotton farmers in the county. The loan rate on cottonseed at the gin is \$46.50 per ton with all three gins in the county signed up to cooperate in the program. We have only purchased 199 tons of seed through the county office but have several hundred tons outstanding at the gins.

There are several farmers in the county taking advantage of the granary loan program, with some 40 loans in the process of completion.

SOUTHWESTERN PUBLIC SERVICE COMPANY

25 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

The LeBlanc Corp. has purchased a \$250,000 steel and concrete building with 35,000 square feet of floor space in Lafayette, La., and will remodel it at a cost of more than \$50,000 for the national headquarters of Hadacol, famous B vitamin and mineral preparation.

Dudley J. LeBlanc, Founder and President of the LeBlanc Corp., announced the purchase of the building. The small building which now houses the Hadacol factory will be converted into a garage for the fleet of Hadacol trucks and for storage space. The office headquarters of Hadacol, which now occupies a building in downtown Lafayette, will be moved to the new building.

The new Hadacol building was built in 1945 and is of excellent construction. Remodeling work already has begun and the LeBlanc Corp. plans to move into the new headquarters early next year. Mr. LeBlanc and officials of his organization already have begun making plans for a gala opening of the new headquarters.

"The office and manufacturing facilities will be the most modern possible," said Mr. LeBlanc. "The building will be air conditioned and will have many other features. It is just another forward step in the remarkable progress of Hadacol."

Watch For Danger Signals In Electrical Wiring On Farms

COLLEGE STATION—The electrical wiring on many farms is obsolete so far as safety and economical use of power is concerned. Farmsteads that were wired a number of years ago just weren't wired to handle the modern-day electrical loads, says W. S. Allen, agricultural engineer-buildings of Texas A. and M. College.

A few years ago the chief uses of electricity on the farms were for lights, perhaps an electric pump motor and a few household appliances. It is different today. Farmers are using large motors to elevate grain, to operate pressure water systems, and

literally dozens of smaller motors and appliances to make their work faster and easier around the farmstead, says Allen. There're chicken and pig brooders, cream separators, milking machines and milk coolers, lights all over the place and in the home many new appliances and machines have been added with little thought given to modernizing the wiring system.

Allen suggests that you make a few simple checks for the purpose of determining whether or not some new wiring on your farm would be in order. The lights and electrical equipment are good indicators—just watch them. Lights dim when the refrigerator or pump motor kicks on. The fluorescent light in the kitchen may go completely out. Radio volume decreases when other equipment is on; the cream separator motor doesn't seem to have its usual pep; the elec-

tric range doesn't heat as fast at chore time and electric motors stall and get hot. These are danger signals.

If these situations exist on your farm, says Allen, chances are very good that your farmstead wiring is inadequate. For the equipment you are using, the wires from the transformer to the equipment are too long, too small or both.

In addition to the low voltage which causes dim lights, loss of power and loss of time in waiting for electrical elements to heat, electricity furnished by inadequate wiring costs the farmer.

Allen says you should remember that you pay for the energy lost in all wires on your side of the transformer. You don't pay directly for the energy lost in heating the wires between the transformer and the meter, but you make up for it in the inefficiencies of your lighting, heating and power equipment.

Allen points out that it is possible that some of the trouble might be caused from low voltage carried in the distribution line and if this is the case rewiring wouldn't help. New equipment has come along so far that most electric users just haven't stopped to think about what is happening to their wiring system, but Allen says, if you have observed the danger signals, it's time to find the cause.

The distinguishing feature of Gothic architecture is the pointed arch.

Howdy, folks: Home is a place where a man is free to say anything he pleases, because no one will pay the slightest attention to him.

Teacher: "Give me a sentence with a direct object."
Pupil: "You are beautiful."
Teacher: "What's the direct object?"
Pupil: "A good report card!"

Shield Ranch Growing Grass On Waste Land

COLLEGE STATION — Making good grass grow where nothing but cedars and brush grew eleven years ago is being done on the 7,300 acre Shield Ranch in the Bee Cave community of Travis County, says Travis county agent Elmo Cook.

In 1938 when the range improvement program started, ranch manager Horace Eckols says the ranch was carrying 1,000 goats, 30 cattle and 200 sheep—none were too thrifty. Today 2,000 goats, 200 beef cows,

1,500 sheep and 25 to 35 head of horses are cared for with grass to spare.

Here is what Eckols told Cook happened. A brush eradication program was started in 1938 and was completed in 1947 when 1,500 acres, mostly cedar, was bull-dozed.

With conservative stocking, natural re-seeding of native tall and short grasses made good headway but Eckols helped nature by sowing 2,000 acres in 1946-'47-'48. He used a cyclone seeder and planted sideoats gramma, big and little bluestem, dallis, buffalo and bermuda grass. All of these except dallis can now be found in abundance in the areas

where they were originally planted.

A jeep and trailer were used finally to get out a mixture of seed, superphosphate and barnyard manure during rainy weather. The mixture was placed in stump holes and other depressions.

Cook says the ranch is owned by Fred W. Shields of San Antonio and cites this ranch as an example of what can be done to improve range vegetation when a well planned improvement program is carried out.

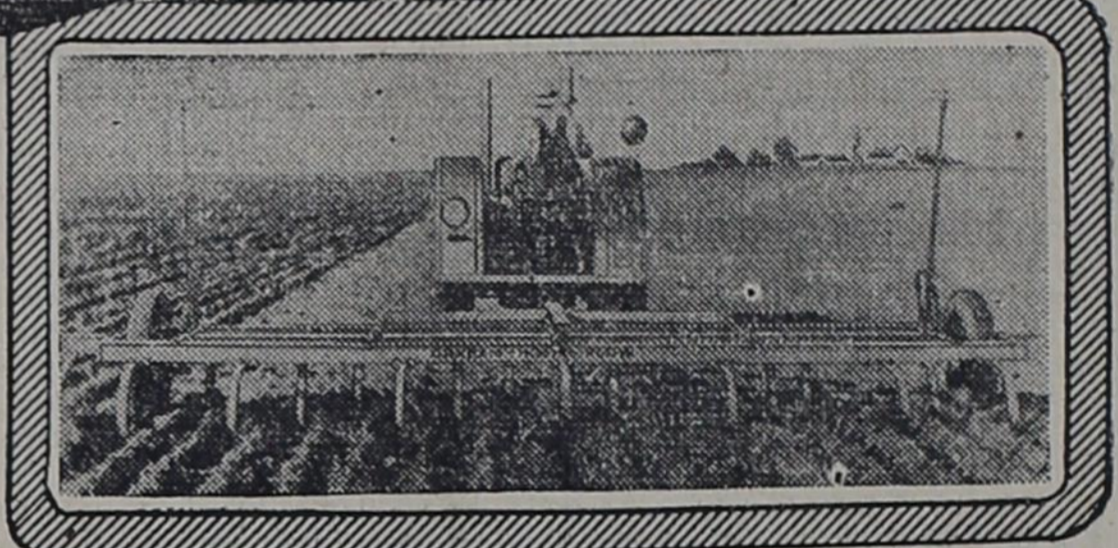

Cheese is rich in high quality protein, and is also a good source of vitamin A, riboflavin and calcium.

The GRAHAM-HOEME PLOW

Self Sharpening Points • No Side Draft
Extra Light Draft • Nothing to Grease
Plows All Types of Land Without Adjustments
Prevents Erosion by Wind and Water
Cuts Plowing Cost in Half
Doubles Sub-Soil Moisture
BUILT TO LAST A LIFETIME
KEEP VEGETATION ON TOP

Nature's own method is to keep vegetation on top. That cuts down evaporation, keeps the soil in place in spite of heavy winds. The Graham-Hoeme Plowing Method with the two-inch chisel, as shown in illustration, permits water to by-pass the top soil into the sub-soil. It's a moisture storage center.

WE HAVE 'EM ON HAND

Manufactured by GRAHAM-HOEME PLOW CO., INC. AMARILLO, TEXAS

PROVEN FACTS

On the average, enough rain falls on your farm every year to make fine crops. But, after the first few minutes of rain a smooth surface seals itself, causing run-off. It has been scientifically proven that the same field will NOT seal itself when plowed with the Graham-Hoeme All Purpose Plow with a 2-inch chisel furrow every 12 inches. This method by-passes the rainfall through the top soil and keeps a straw mulch on TOP. Upwards of three times the moisture enters the ground.

If the next day is fair and hot, the bare soil would soon be steaming and losing its moisture rapidly. BUT NOT IF THAT GROUND IS COVERED. The Graham-

Hoeme Plow leaves vegetation on top to shade and protect, and moisture stays in the soil longer to bridge between rains.

These are not just opinions, but proven facts. A covered corrugated field in a good, brisk rain, will absorb 200 per cent more moisture than a bare field and 60 per cent more than a field with vegetable matter plowed into the surface. To supply this covering for the soil without the expense of artificial cover, and to place the soil in a condition to by-pass the moisture through the top soil is the purpose and achievement of the Graham-Hoeme Plow.

Girls Take Two In Practice Sessions

The Farwell girls took two basketball games over the Texico squads, last week, when practice sessions were held, Coach Jack Williams reported today.

Dial led the Farwell "A" string, scoring 10, in a game which saw the Blues winning, 23-16. Engram paced the losers with a total of 8. In the second match, the Farwell "B" team won out, 32-14, with Hardage taking 16—an even half—of the winner's points, and Caldwell ranking Texico with 6.

Coach Williams reported that his girls, although admittedly not in top condition, showed some improvement from previous sessions.

Cage Season Opens On Saturday, Ranchvale

Although the official opening of the 1949-50 cage season is only a few days in the offing, Coaches Louis Purvis and Jack Williams, at the Farwell school, grinned and shook their heads on Tuesday when questioned about prospective lineups for the first game.

On Saturday night of this week, December 3, both boys and girls will be in action on the Ranchvale court, in the season's "feeler-outer" and coaches will not hazard a guess regarding the outcome of the games.

Customarily, the New Mexico institution turns out good cage squads, with an especially strong girls' team during recent years, and the belief is expressed that the Farwellites will have to be up and going if they plan to come home with victories.

There are a number of lettered players returning to each of the Farwell squads, and both coaches have been trying out different combinations of players in the old scramble to find the best-working outfit.

The locals will go away from home again next Tuesday night, December 6, playing two games at Three Way.

Junior High Teams Take Two Matches

Playing at Pleasant Hill last week, the junior high teams representing the Texico school came home with victories in their initial cage matches of the season, Coach John Armour said today.

The local girls were on the long end of a 30-17 count, leading all the way. Facing a tight zone defense, the boys did less scoring but won their game, 21-14.

Ranchvale Here, 6th Boys To Elida, 2nd

Cage schedules at the Texico school reveal games for this Friday night and next Tuesday night. On Friday, boys from the school are to go to Elida. Coach C. B. Stockton reported, and next Tuesday night, December 6th, both boys and girls from Ranchvale will play at Texico.

Due to the fact that the season is just getting underway, neither Coach Stockton nor Coach Fern Stout, of the girls' division, would go out on a limb in predicting the games slated. Rivalry has always been strong between Texico and Ranchvale, and this alone should be one of the deciding factors of the skirmishes here next week.

Coach Stout said that his girls would be inactive this weekend, as Elida does not put out a girls' team

Texico Teams Win Over Field Squads

The Texico cagers took two easy matches over the visiting Field aggregations, Tuesday night, with both Coach C. B. Stockton and Fern Stout employing subs liberally.

The girls' count stood at 25-9, with P. Engram leading Texico at 9. Reed, Doshier, Alfred and B. Donahay also did a good deal of scoring.

John White paced the boys in their 44-28 win, Coach Stockton said.

Farwell Girls Take Three From Bula

The Farwell girls took all three practice games staged at the local gym, Tuesday night, when they entertained the cage teams from Bula. Score for the "A" game stood 41-24, with Dial leading the local scoring at 15 and J. Christian a close second with 12. Angel was high for the visitors, bagging 14.

Hardage hooped 24 points to give the B squad a long 36-9 decision over Bula. Foster followed with 12 for Farwell, and Green led Bula with 4.

The junior high team polished off the visitors to the tune of 24-5, officials reported.

Gruver Wins--

(Continued from Page 1)
 ver got a 5-yard penalty. Hart missed a pass try over center on the 30, but Fletcher to Hart was good for a touchdown, with Thompson missing the tackle. Hart's kick hit the uprights, and the score was 12-0.

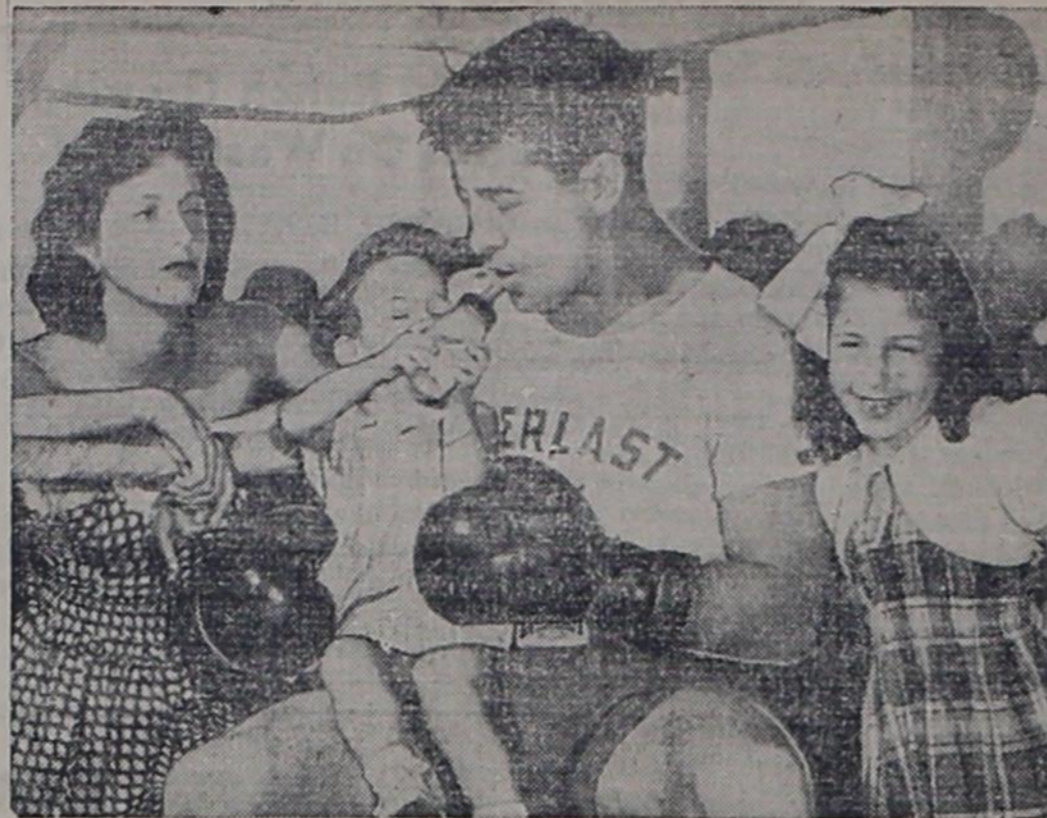

Gruver's kick reached the 10, Ayres went back to the 24 where Andrews hit him, K. Lowrie lost five as he was pushed back by Shrader, and Ayres' pass to H. Lowrie was incomplete. Derrick to Ware was no good, and Bovina kicked over Gruver's head, with the ball dying on the 15.

Fletcher came for a yard, then was hit by Thompson and H. Lowrie for nothing, Gruver drew a 5-yard penalty, Hart drew back to pass, found no receiver, and was hit by H. Lowrie. Gruver kicked and Bovina had possession on the 40 as the half ended. Score, 12-0.

Third Quarter
 Bovina kicked off, with Fletcher receiving. He reached the Bovina 25, where he was downed by K. Lowrie. Shrader broke loose to reach the Bovina 13, as K. Lowrie got in to play. Fletcher lost three as K. Lowrie dumped him, Fletcher tried an incomplete pass as he was rushed by Ayres and H. Lowrie, but Fletcher then passed 10 yards to Hart for a touchdown. Hart's kick was good, and Gruver led, 20-0.

Gruver booted to the goal line, with Brito coming up to the 18. Brito passed to Ayres on the 25, then Ayres fired to Ware on the 34. Ayres passed to Brito on the 40, and Brito neatly sidestepped Fletcher to go on for the Mustang's first score. Brito's kick was good, and the score stood 20-8.

Bovina kicked, and Fox received on the 25, where he was hit by Thompson. Fox lost 10 as he was rushed by H. Lowrie, Fletcher drew back to pass and then was forced to run, carrying the ball to the 35. Fletcher to Dahl reached the Bovina 39, Fletcher added another 7, then passed to Cator on the 9-yard line. Shrader went to the five, Fletcher reached the two, where Ayres and Thompson

FIGHTER AND FAMILY . . . Training for his fight with Charles Fusari at the Polo Grounds, New York, Rocky Graziano rests with wife, Norma, and his children, five-year-old Audrey and infant Roxie at Summit, N. J., training camp. Passing up the usual drink of water, Graziano allows Roxie to feed him from her bottle of milk. Graziano usually would not stay in a training camp for more than a few days, because he missed his family. This helped, and he KO'ed Fusari in the 10th.

rode him down. Shrader lost one when the same pair collaborated on a tackle; but Fletcher's pass to Kauffman was true for a touchdown. The kick was good and Gruver led, 28-8.

Gruver's kick went to the 10, Derrick returned to the 25, Ayres to H. Lowrie was incomplete, but interference was ruled, and Bovina had a first down on the 40. Ayres to Young was good for 8, Ayres' next try was almost intercepted by Hart, Derrick reached the 28, Ware got nothing as he was dumped by Fletcher, and the ball went over on Gruver's 30.

Bovina bounced back on the first Gruver try, though, with Hart's pass being intercepted by Ware on the 30, from where Ware went for a touchdown. Cator and Fletcher smothered the kick try. Score, 28-14.

Fourth Quarter
 Bovina booted to the 20, Cator returned to the 34, then put two more yards on. Hart went to the Bovina 38, Fletcher lost one as Ayres smothered him, Fletcher's pass was touched and dropped, and Bovina had the ball on the Gruver 35.

Derrick's try to Young was slapped down by Shrader, Ware went to the 8 where Hart and Cator bore him down, Derrick bored on to the 2 with Broadhurst and Fox stopping the play, and Fox drove H. Lowrie back to the 8. Brito fumbled and recovered to lose six more, Denny's pass to Brito was good but the receiver was driven out of bounds on the 5 and Gruver took over.

Shrader made a yard, Fletcher reached the 28, Shrader got nothing as Thompson and Ayres smacked him, Shrader gained four, then two, but Fletcher's try was stopped cold by Thompson. Ayres and Bovina took over.

Brito gained four, Ware to Thompson reached the 28, Ayres to Brito hit the 15, and Ayres' pass to Tidenberg, standing clear in the end zone, put the count at 28-20. Fox and Shrader blocked the conversion try.

Bovina kicked downfield, with Cator returning to the Gruver 31. Shrader gained two yards, but Gruver got a penalty for too much time. Fletcher evaded everybody when he seemed doomed for a big loss and made back the five yards. Brito's pass to Shrader was knocked down by Brito, and Hart kicked out of bounds on the Bovina 32.

Ware hit down the line to the Gruver 35, Ayres fired one to H. Lowrie on the 18, and another pass, Ayres to Brito, reached the 15 as the game died.

BROTHER DIES IN OKLA.

Mr. and Mrs. Charlie Gray of Bovina, were called to Duncan, Okla., on Tuesday of last week to attend the funeral of Mr. Gray's brother, Walter Gray, 70, who died there. He had been a resident of Duncan for 25 years. Burial took place at Duncan at 2 p. m. last Thursday.

PEBBLES BREAK GLASS

Bouncing pebbles were responsible for breakage of two plate glass windows in Texico-Farwell the past week. Large-sized gravel, spilled from passing trucks, pelted the glass and broke a door glass at the Security State Bank on Saturday, and shattered a large window at Stone's Variety Store sometime during the night, Sunday.

NEW STORAGE OPEN

George Houser, manager of the Progress Grain Co. at Progress, just called in to inform The Tribune that he had opened some new storage there and was in a position to handle 20 carloads of government loan Milo at Progress.

Mr. and Mrs. Ben O. Smart and children were Thanksgiving guests in the home of her parents, Mr. and Mrs. Bob Lietner, in Amarillo.

Mrs. Ewell Smith and daughter, Bette Jo, of Snyder, Okla., were here over the past weekend visiting with relatives.

Mr. and Mrs. Chas. Lovelace and family were visitors in Friona, Sunday.

Publication Issued Concerning Mohair

AUSTIN—Lack of material on the mohair industry has prompted the University of Texas Bureau of Business Research to issue a publication intended to assist Texas mohair growers and marketers.

The monograph "Production and Marketing of Mohair in Texas", is by Dr. Stella Traweck, assistant professor of business services and a native of the West Texas goat country.

The brochure recounts the industry's history, deals with its marketing problems and mechanism, and discusses the future of the industry and its attendant problems.

Copies of the new publication may be obtained for two dollars each from the Bureau of Business Research, University of Texas, Austin, 12, Texas.

Misses Jean and Peggy Rogers, students at ENMU in Portales, were holiday visitors in the home of their parents, Mr. and Mrs. B. A. Rogers.

FRONTIER RECORDS ARE ADDED AT TEXAS

AUSTIN—Almost 500 pounds of detailed Texas frontier records are a recent addition to the University of Texas Archives.

"Major W. A. Wainwright's 186-1870 quartermaster records are the most complete known account of western outpost daily life," Dr. H. Bailey Carroll, Texas State Historical Association director, said.

Presented to the Association by an Indianapolis industrialist, grandson of Major Wainwright, the records were made at Fort Brown, near Brownsville.

Lawrence Overstreet, of Oklahoma City, was here for Thanksgiving Day to visit his mother, Mrs. Anne Overstreet.

Mr. and Mrs. Harry Jesko and son, Raymond, visited in Laverne, Okla., during the past weekend.

Mr. and Mrs. O. C. Sikes spent Thanksgiving Day with Mr. and Mrs. Joe Spiko in Tucumcari.
