

FROM THE HOPPER

By HOP JR.

Beginning next week, we here at The Tribune will be without the regular services of one of our most faithful employees, Richard Hapke. He is starting to college on a full-time basis, and we are delighted to see that he is interested in pursuing an education.

His departure, however, will almost surely result in a rather lengthy period of adjustment for our mechanical department, and the reason for our mentioning this to ask your assistance and understanding.

If, for the next few weeks, we are a little late, or a little skimpy on news, or slip into typographical pitfalls more often than usual, please understand our plight and exercise a little patience.

We have often wondered what we'd ever do if we had to get along without that boy, and we are fixing to find out.

Before Farwell's football game Friday night, Murlene Crooks phoned us up and said that the family had been out in the front yard looking for four-leaf clovers, and had found 20 of them.

She later phoned in to amend the first figure to 24. We submit this to Coach Smoky Cates for what it might be worth. Farwell apparently got off to a pretty fair start Friday evening, and if finding good omens in Mutt Crooks' yard has anything to do with this good fortune perhaps the coach might want to look into it.

We knew it was too good to last. The first report of a serious slip-up in our Conservation Edition has come in, and we want to help straighten out whatever confusion it may have caused.

In two one-half page gin ads, one for L. & H. Gin Company of Friona, and another for Tri-County Gin of Black and Summerfield, we failed to correctly list the owners.

Both gins are owned by Floyd Linsey and Glen Huls of Lubbock, prominent figures of the Great Plains Life Insurance Company. John W. Davis, manager of the L. & H., has finally straightened us out on this, and we appreciate it.

If these boys are interested enough to bring new industry to our part of the country, the least we can do is get their names straight.

The latest guessing game we have stumbled on to is a request from ginners to speculate on what the cotton production will amount to in Parmer County this year.

Ovid Lawlis at Bovina figures around 40,000 bales. Wright Williams, Friona, the only other ginner we've had a chance to talk with yet, is guessing about 45,000.

Sprowls Opens Shop For Electrical Work

M. F. "Mem" Sprowls, a former associate of Norris Electric in Clovis, has announced this week that he will open a business to be known as Farwell Electric, Monday of next week.

Sprowls, who will for a time live in Clovis with his family until a house can be found here, says he does all kinds of electrical work, including house wiring and electrical contracting.

His business, which will be in the Bill Garrett building east of Henderson Grain, will also accept appliance and electrical motor repairs, except for radios and refrigerators.

Sprowls and his wife have a boy, 10, and a girl, 13. He moved to Clovis from Oklahoma several years ago.

Burnett Dairy Sale Booked for Tuesday

The dairy sale of Frank Burnett, to be handled by Doshier & Francis, is booked for Tuesday, September 14, and will feature one of the better herds of this area, for public auction.

The Burnett farm is northeast of Bovina, the location being 4 miles west, one north, one west, one north, and one-half mile west of Bovina. The sale starts at 1 o'clock Texas time.

Listed for sale are 20 cows in heavy production, as well as 20 other animals and some dairying equipment. All of the herd is Holstein.

Black Grain Company Receives First Load

The first grain of the 1954 season arrived at Black Grain Company Wednesday afternoon about 5:45, reports D. C. McWhorter, manager. Glenn Roberson brought in the load, which weighed over 1500 pounds, from the M. W. Noble farm one-half mile south of Black.

McWhorter said that the yield was being estimated at "better than 80 bushels," or about 4800 pounds per acre. The grain, Martin's variety, tested 58 pounds per bushel.

The elevator manager commented that the earliest grain on record previous to this year was Sept. 26.

German Woman Comes To America To Arrange Family's Permanent Entry

Partly by design, partly by fate, Bianca Wilhelm, a native of Hamburg, Germany, has been visiting in the Rudolph Renner home this summer.

She is one of two sisters who are to gain permanent entry into the United States, and become naturalized citizens. Also, her mother, Jael, and her 7-year-old daughter, Dagmar, hope to be able to come to America under the Immigration Act.

It can be considered a freak of coincidences that Bianca was able to visit the Renners this summer, although her mother has tried in vain for many years to find a way for her to come to America.

To properly understand the story, it is necessary to know something of the family's background. Bianca and her sister, Sonja, now live with Mrs. Wilhelm in Hamburg, which is in the British sector of Western Germany.

Karl, (Mr. Wilhelm), was killed during World War II in January of 1945, near Poland. And Bianca's husband was killed in 1947 while participating in an aerial trapeze act. The framework which held the apparatus collapsed, permitting him to plunge to the ground.

Bianca and her husband had for a number of years appeared together as a dancing team, and she still follows this calling, this time her sister, Sonja, as a partner.

They have appeared in many German cities, including Frankfurt, Mannheim, Stuttgart, Baden-Baden, and others. Both have a long background of ballet training, Bianca having begun studying at eight, her sister, four.

Jael, the mother, has been resisterators.

First Milo Load To Worley Grain

The first load of 1954 grain sorghums reported in this part of the Plains came onto the scales of Worley Grain Company of Farwell on Monday.

It was brought in by J. H. Robbins of the Oklahoma Lane Community, who is farming a place owned by Ned Foster.

Herbert Potts, manager of the elevator, said Robbins brought in three loads on that day, the moisture content of which ran 14 per cent. This grain was purchased by Worley.

It was "good, heavy stuff," and tested 56 pounds a bushel. The yield, as reported by Robbins, was about 3000 pounds per acre. It was Martin's Milo.

Potts said this is "about two or three weeks early" for sorghum, compared to the normal time of first loads.

Elk Drive-In Theatre Opens in Friona

Mr. and Mrs. Bill McGlothlin announce the opening of the new Elk Drive-In Theatre, west of Friona on Highway 60.

Cinemascope projection equipment and magnetic sound has been installed for the enjoyment of the movie-going public, says McGlothlin, and a high quality run of pictures including many cinemascope pictures have been booked.

Sudden Increase In Bollworms Alarms Growers

Cotton growers of this area should keep a very watchful eye open for bollworms, warned County Agent Joe Jones this week, as he reported a sudden and large increase in bollworm activity within the past week or ten days.

"We are finding a lot of bollworm eggs, and farmers should be on the lookout for small worms," he said. "These worms can be killed while still small and in the terminals of plants," noted the county agent, but he added that control measures were usually futile when the worms bored into the bolls.

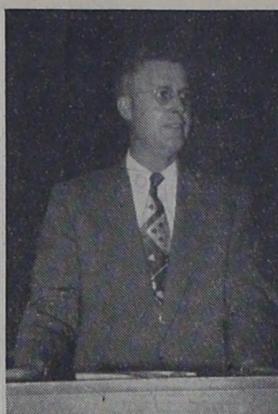

As to when to begin treatment, Jones advised, "When four or five small worms and eggs are found per one hundred terminals, this is sufficient to warrant poisoning."

The cotton crop as a whole is looking good, believes the agent.

TO GIVE PROGRAM

Olan Schleuter, local chairman, will preside at the meeting of Texico Farm Bureau Monday evening at 8:30 in the school gymnasium.

Following a business session, Mrs. James Gillean and her 4-H girls will present their achievement day program and exhibit. Refreshments will be served.

HOWARD BOSWELL

Time To Conserve, Says SCD Speaker

"Don't wait until your land starts losing its productivity before you start doing something about it," Howard Boswell, editor of Soil and Water, told a large crowd at the Parmer County Soil Conservation District annual banquet in Farwell Thursday night.

Aiming his remarks at an audience made up of farmers, business and professional men and women, the speaker put "soil and water" next to "boys and girls" in importance to the future of farming in this country.

"Not only boys and girls," he said, "but soil and water has to be safeguarded if this country is to remain strong and productive."

Boswell, who told the group that he was raised down in Comanche County in Mid-West Texas, where long ago many of that area's soil resources were depleted, said that he has stood in the back yard of his former home with his father and looked over the countryside at one abandoned farmstead after another.

'54 Parmer County Fair Starts Next Monday

In spite of the fact that preparations have been jammed into the last-minute category, it appears that the Parmer County Dairy Show & Fair is shaping up "pretty well" this week, and will open with a nice array of agricultural exhibits from most sections of the county.

The show is scheduled for Monday, Tuesday, and Wednesday of next week, the first time it has been held on a set of days other than those falling on a weekend. The reason for the shift to an earlier part of the week is to avoid conflict with other area fairs.

The main hurdle facing officers and directors the first of this week was one of finances. By Tuesday morning, Bill Sheehan, treasurer, had reported contributions totaling \$660, although he said there was reason to expect that some more would come in this week.

No personal campaign has been undertaken by the group, although

they feel that it may be necessary to do so this weekend, as it will be necessary to have around \$1500 on hand to run the fair. There is a carryover of \$197 from 1953.

Ribbons arrived Tuesday, and each day additional preparations

are being made. The fair paper, a tabloid-size brochure containing information pertaining to the event, is being printed and will be in the mails before the fair, says Sheehan.

The community exhibits, one of

the fair's more outstanding non-livestock divisions, are drawing quite a bit of interest this year, and it is Sheehan's opinion that all county communities will be represented this year.

Those businesses which have reserved booths this year include the Friona Chamber of Commerce, Allen's Jewelry, State Line Tribune, John's Farm Store, Welch Blackburn Hardware, Rockwell Bros. Lumber, Blanton Butane, Friona Wheat Growers; Buske & Magness, Parmer County Implement, Friona Consumers, Foster's Dry Goods, Southwestern Public Service, Reeve Chevrolet, White's Auto Store, Ethridge-Spring Agency, and Carl McCaslin Lumber, Inc. Outside machinery exhibitors will include Friona Motor Company, Parmer County Implement, Maurer Machinery, Herring Implement, Friona Oliver, and OF&O. Livestock judges this year include Marion Bruce, Milking (Continued on last page)

Anita Moss Suspect For Poliomyelitis

Miss Anita Moss, daughter of Mr. and Mrs. Jim Moss of Texico, had any birthday plans she might have made, interrupted this week. She was admitted to Clovis Memorial hospital late Tuesday evening as a polio suspect, and is celebrating her 13th birthday in the isolation ward today (Thursday).

The girl became ill Monday, and has symptoms of polio, although her case had not been definitely diagnosed late Wednesday.

Relatives report that she has some stiffness in her back and neck and one of her arms is sore. However, no paralysis has been noted, and the hospital reported her condition as good Thursday morning.

Miss Moss is a student at Texico Schools.

HAS SURGERY

Mrs. Berta Chambliss, mother of Perry Crawley, underwent surgery last week and is recuperating in Clovis Memorial Hospital. She is reported to be recuperating nicely.

Reception Planned For Doctor, Wife

A reception for Dr. and Mrs. Marion F. Green, who recently have moved to this community, is scheduled for tomorrow (Friday) night at the Legion hall, from the hours of 7 until 9 o'clock.

The Farwell Chamber of Commerce is sponsoring the reception, although it is asking people from Texico-Farwell and the surrounding area to join in to give the doctor and his wife a welcome.

The local chapter of ESA is in charge of arrangements, and refreshments will be served and musical entertainment will be on hand.

Chamber president Otis Huggins said, "We hope that everyone will attend this reception and make Dr. and Mrs. Green feel at home in our community."

400,000 Gallon Tank Scheduled For Water Comp'y

Announcement was made this week that the facilities of the Texico-Farwell Waterworks will be increased 400,000 gallons in the near future, with the addition of a round surface tank of that capacity.

H. Y. Overstreet, a company stockholder, made the announcement this week, stating that a contract for construction had been entered into between the water company and the Chicago Bridge & Iron Works.

"They (the construction firm) have notified us that shipment can be made within sixty days of receipt of the order," said Overstreet, adding that it was expected that the tank would be finished about or shortly after the first of the year.

The tank will be on Waterworks property near the plant on Third Street in Farwell, and will be used in conjunction with other equipment now in use.

Two wells, of six and eight inch capacity, are being used by the Waterworks, the smaller of which is operated automatically. Overstreet said it was probable that the other pump would be placed under automatic operation when the new addition is installed.

Besides the large tank, which will give the company more than eight times its present owned storage, a "booster pump" of centrifugal design will be used to take

HAS TORN LIGAMENT

Bert Williams, son of Mr. and Mrs. Jack Williams, is walking with aid of crutches this week. The boy was injured in football practice, and has a torn ligament in his left knee.

Mr. and Mrs. Calvin Murray and boys went to Adrian to the Baptist Church homecoming Sunday.

Steer Stock Goes Up After 25-6 Win Over Groom Tigers Here Friday Night

Getting their season off to what is considered to be a good start, the Farwell Steers overran the visiting Groom Tigers 25-6 Friday night at Farwell Field.

It was a night of good cheer for Steer fans, who have found their favorite team near the bottom of the conference heap during the past few seasons, and they have great hopes that Farwell may be emerging from a period of athletic dark ages.

The Steers rolled over Groom with little apparent difficulty, and although the offensive was at times ragged, spectators were sympathetic, realizing that it was the first game of the year.

A fumble-filled first quarter found Farwell moving ahead by a single touchdown on a long left end sweep by swift halfback Don Pool. The score came from the Groom 47 yard line where the Steers had cautiously been sounding out the Tiger defense.

The ball changed hands four (Continued on last page.)

Cafes Encouraged By Performance

Farwell's head football coach, going into his second year here, is feeling cheered about the way the 1954 football team is shaping up.

The Steers easily outdistanced a District 11-B team, Groom, Friday night, and Coach Smokey Cates is well pleased with the results of the evening's game.

The Tigers, who finished in a tie with Vega for second place in their conference in 1953, were expected to be even stronger this year, and most fans were frankly surprised to see how Farwell passed them up.

"We are pretty much encouraged," Coach Cates said after the game. "The boys showed that they really want to play ball this year. We have a lot of spirit this season."

Cates was also pleased with the (Continued on last page.)

THE TRIBUNE'S EDITORIAL COMMENT

An Argument Over Roads Would Be Big Mistake

Certain misunderstandings that could result in serious complications have arisen over a recent letter dispatched to S. C. McCarty of the Texas Highway Department in Lubbock; the authors of which were listed as the county judge and three of the county commissioners.

The commissioner of Precinct No. 1 and another county newspaper apparently have misinterpreted the intent of the instrument, pertaining to county farm-to-market roads, which served solely as a written confirmation of roads orally agreed upon (with one exception, which will be explained later), by the Commissioners Court and Mr. McCarty at a meeting in Lubbock August 24.

Because several officials have been upset by comments arising over the letter, and because it is to the public's interest to determine the true evaluation of what this letter means, we feel that it would not be out of order to present a full explanation in the hope that everyone's mind will be put at ease.

First, to the letter itself:

Dear Mr. McCarty:

So that you will thoroughly understand our request for roads in Parmer County, Texas, for the next two years, we take this privilege of reducing to writing and signing our requests, and request as follows:

- 1—We request that the Lazbuddie road be completed to the County line, as the first road project in this county.
- 2—We request that the 80-foot road be paved from Bovina west to the New Mexico state line to tie in with the pavement there.
- 3—We request that the Lariat road be paved from the Oklahoma Lane pavement to the Bailey County line along such route as engineering processes dictate.
- 4—We request that a road be paved north of Farwell at some point between the State Line and three miles east of Farwell to tie Highway 60 with the 80-foot road, along such lines as engineering processes may dictate.
- 5—We request that the road be paved from Friona due north to the county line, along such lines as engineering policy dictates.

Respectfully submitted,

A. D. SMITH, county judge
C. K. JEFFERSON, (pct. 2)
E. F. BILLINGSLEY (pct. 3)
H. L. IVY (pct. 4)

Projects numbered 1, 2, 3, and 5 had been discussed at the Lubbock meeting. Number 4 was inserted, quite frankly, because certain individuals could not see why a road serving Farwell should not be given consideration as were other roads for Bovina and Friona. Commissioners of other precincts were apparently of the same mind, inasmuch as three out of four of them willingly attached their signatures to the letter.

In fact, the author of the article attacking this action was sympathetic to the attached proposal, as he said, "Now, we don't begrudge any section of the county their present or proposed roads; we welcome every mile of paving as a decided step toward progress, prosperity, and better relations with our neighbors."

The chief objection to the letter, apparently, was the misapprehension that it would relegate the road north of Friona to a place five steps down the list of the commissioners' recommendations of priority: "... listed such a road as 'Number 5' in a succession of county road projects, yes, away down the line to be considered in some future year."

Such an interpretation is far from the actual intent of the letter, although we do see how the mistake could easily happen as it did. The numerical order of the roads requested in the letter had nothing

Still in Dark On FHA Loans

Walter Johnson of the Parmer County FHA office still reported "nothing heard officially" on the much-discussed new loan program signed into law last week.

He mentioned that it might be as late as the end of this month before anything definite is channeled to his office, but added, "We'll sure let you know just as soon as we can find out about it."

Meanwhile, in unofficial circles, various interpretations were heard on just what the program would be. Some fear a "pauper's oath" clause is included, while others say that nothing of that type will be required.

In addition to drilling and equipping irrigation well units, it is believed that the program will apply to practices such as terracing, domestic water supplies, concrete irrigation tile, and other soil conservation practices, even possibly fertilization.

Farm Bureau Heads Attend Institute

Several Farm Bureau officers and members from Parmer County attended New Mexico's first Livestock and Farm Bureau Institute in Clayton last Thursday. A. J. Ellison, Earl Stevenson and Archie McCutchan of Bovina; E. T. Ford and Les Bruns, of Lazbuddie; and Bruce Parr and Raymond Euler of Friona attended.

Appearing on the program were Governor Ed Mechum, Senator Clinton Anderson, Delmar Roberts, president of New Mexico Livestock and Farm Bureau, and Allan Kline, president of American Farm Bureau Federation.

Discussions during the day were principally related to the Agricultural Act of 1954, recently signed

to do with priority. That is, they were not suggested in that order, except for the first request, which plainly stated "as the first road project" in this county.

The Commissioners Court, as a matter of fact, is not delegated with the authority to inform the Highway Department which road shall be paved first, which second, and so on. True, they can make a request, as was done in the first mentioned project, but it is not for them to decide.

Certain qualifications are taken into consideration before paved farm-to-market roads are laid down. One of these is traffic count. Another is the desirability of proposed roads fitting into an already existing system of primary thoroughfares. The Friona-to-Harrison Highway project would score heavily in both categories. So would the Bovina-to-Pleasant Hill project. It is entirely within the realm of possibility that either or both of those roads would be undertaken long before the Farwell-to-80-Ft. Road plan. In fact, such will likely be the case.

At any rate, the Court is most anxious to get along smoothly with the Highway Department. They have requested the Lazbuddie-east road be first. Nothing more is suggested that might be interpreted as requested priority. Unfortunately, the intent of the letter has been gravely misunderstood.

The commissioners have a long record of accomplishment behind them, and harmony and cooperativeness has shown through it all. They have accepted all farm-to-market roads offered them without quibbling over who comes first. Rights-of-Way have been provided immediately as requested by the State, and the county farm-to-market road program stands 64 per cent complete at this date.

About 61 miles are yet due the county, and it would be preposterous for us to fall to bickering among ourselves and delay or cause to be cancelled any of the remaining projects. Some counties have completed all of their programs. We need to be careful that the remainder of ours will be assured, regardless of the order in which roads are built.

If the State wants to build the road north of Friona first we are 100 per cent for it. If somewhere else, we are for that, too. The present program of paving is scheduled to run its course in about three years. Would it not be disgraceful for us to interfere with the State's work simply because we want a road for our own community a measly two years before some other's?

The Tribune believes in the future of Parmer County. So much so, in fact, that it bears proudly the designation, "Official Publication of Parmer County," a title ascribed by the Commissioners' Court itself. We have a future of boundless horizons if we can pull together on whatever project may present itself. Roads are important to all of us. We shall get them if we exercise a little caution and do all that is possible to prevent misunderstandings that can easily arise.

★ TRIBUNE GETS FACE LIFTING

Has The Tribune seemed a little bit easier to read this week? We hope that it has, because we have just spent a tidy sum in an effort to make this one of the easiest-to-read newspapers in the county.

The type face you are now looking at is Linotype Corona, 8 point size. The bolder face areas of news stories on this page are Linotype Erbar, in the same size.

This face is one of the newest typographic refinements available to the graphic arts, and its use will mean less eye strain with the same amount of news for you—our reader.

Just to have new "mats" (miniature brass molds from which the characters you are now reading are cast) and a magazine to run them in cost \$530. That's quite a bit just to make it easier on our reader's eyes, but we think that in the long run it will be worth it.

And we hope you enjoy The Tribune more every week, as we are carrying more news than ever before.

ed by President Eisenhower. Anderson stated that although the bill was not exactly as proponents would like it, there are no really bad features in it. Favoring the flexible program for farm supports, Anderson also stated that farm debts have increased 63 per cent in the last 10 years, while rigid supports have prevailed.

A barbecue was served to about a thousand guests at the school cafeteria at noon, courtesy of several county Farm Bureaus and the New Mexico Farm Bureau Insurance Company.

Good Response Noted For March of Dimes

The emergency polio drive staged in Parmer County the past month, has already netted over \$500, and report for Bovina is not yet in.

"We hope to have a \$600 contribution in the county," Loyde Brewer, county chapter chairman, and Raymond Euler, emergency drive director, say.

Actual total on Tuesday was \$540.13. Friona had the top donation to the drive, with \$240 reported there. Dan Ethridge was chairman. Farwell donations netted \$69.36 with Sterlyn Billington and Leonard Watkins as chairmen; and Lazbuddie recorded \$67.40 with Mrs. Joe Jesko as chairman. County-wide donations through the mail were \$163.37, handled by Brewer.

Both March of Dime officials express their sincere appreciation to citizens of Parmer, who assisted and contributed to the emergency drive. The drive was conducted on a voluntary basis, and the workers feel that it was very successful.

Parmer County Farm Bureau directors will meet Monday night at the Legion hall in Bovina to make plans for the annual county convention, to be in October.

Senior Students Get Letter Jackets

Senior boys and girls of Farwell Schools were awarded their letter jackets in an assembly program Thursday. It is the policy of the school for students to receive only one letter jacket during high school and these are awarded at the first of the senior year, so students may wear and enjoy them while still engaged in activities, school officials say.

At the Thursday assembly, the ex-students were in charge of the remainder of the program. Rev. E. J. Keith, pastor of First Baptist Church, Farwell, gave the invocation. Miss Darlene Sprawls was mistress of ceremonies.

Jerry Poteet, delegate to Boys' State, led the pledge of allegiance, and Shirley Smith Ware led singing and presented a poem. Howard Jenkins gave a vocal solo.

Special guests recognized were Rev. Keith, and Bob Geries, former student who has recently returned from duty in Korea with the armed forces.

Chas. Phillips and a musical group then entertained with selections.

Those receiving jackets were Don Geries, Doyle Ford, Jerry Poteet, Phil Crume, Glenn Lee, Jesse Meeks, Joe Roberts, James Roberts, Don Pool, Robbie Foster, Billy Watts, Gene Hardage, Deon Branscum, Larry Pike;

Misses Gloria Dial, Ysleta Brown and Carolyn Huffaker. Miss Lavoyda Billington, who is now hospitalized, will also receive a jacket; and two jackets belonging to H. R. Billingsley and LaVon Jones had not arrived in time for the assembly.

NOTICE OF PUBLIC HEARING ON BUDGET

Superintendent Welcomes Large Enrollment

We are happy to welcome back to Texico School, the best enrollment in the history of the school. This enrollment offers a challenge to the community. We must either go up or down. It is easy to take the downhill path and thereby penalize our children by keeping them in buildings of 1920 vintage.

We do not use farm equipment thirty-five years old, neither do we drive cars that are thirty years of age. Yet, we are too often satisfied to have our children use school equipment of model T age. We feel that our people will meet the challenge of this enrollment and begin to study plans whereby we shall have rooms, seats and proper equipment for a growing concern. Parents should realize that we have added two additional teachers above last years, making a total of eighteen this year. We should continue to grow.

This is not written as a complaint, because we believe in the growth of the Texico community and school, and have faith in the people of the community. We are sure we shall be able to accept the challenge of a growing community; to do less is to invite stagnation and decay.

"Oh" Is Word Used By Senior High Girls

With many aches, pains, moans, and groans, the high school girls' softball team limped into the dressing room last week.

It seems as though Paul Frederick, their coach, gave them quite a workout the first day. Guess he was trying to get their muscles limbered up, after letting them get stiff during the summer months.

As one girl remarked, "I just ran to first base and now I am so sore I can hardly walk."

Although they are having a hard time now, in a few days they will be ready to compete against other teams.

The high school girls going out for athletics this year are as follows:

Sophomores: Mikala Faville, Susan Levins, Barbara Caldwell, Doris Harriman, Verlene Thigpen, Mary Sue Stover, Carolyn Curd, Betty Crawley, and Joyce Gillean. Juniors: Sue Reid, Sue Doolittle, D'Tanis Caldwell, Anita Tharp, and Shirley Doshier.

Seniors: Nadine Thornton, Bobbye Richardson, Patricia Morgan, and Shirley Stover.

CLASS ELECTS OFFICERS

Elected officers for the eighth grade for the year of '54 are as follows: president, David Lockhart; vice-president, Jo Martin; secretary, Anita Moss; treasurer, Monte Singletery; and reporter, Raymond Hadley.

Sponsor of this group is Mrs. Charleyrene Danforth.

New Members Are Added to Faculty

"Texico is truly a good example of western hospitality and friendliness," says Mrs. Gretchen Weisler, a new member of the Texico faculty this year.

Mrs. Weisler, with slightly graying hair and a distinguished, but friendly personality, is teaching in the grade school as a relief teacher and also does remedial work for the teachers of the first through the sixth grades.

She hails from Central Lake, Michigan, where she taught as a substitute, when there was a demand for teachers.

Mrs. Weisler has not taught since some time in the 30's, when she taught on a normal training certificate. She has decided to keep on teaching and is now working for her B. A. degree at ENMU, Portales.

Mrs. Weisler has six children in school and one who is going to attend ENMU this year as a freshman.

Two more new teachers for this year are Tom Hudson, agriculture teacher, and George Hill, band instructor. Both have taught here in previous years.

Hudson, who taught here in '47, has not been teaching for the past three years. He has attended New Mexico A&M, Colorado A&M and Long Beach City College. He has his BS degree. He has one child attending school in the sixth grade.

Hill, who has been in the army for the past two years, is now back at the old grind of pounding music into the students' heads.

Danforth Plans for Grammar School

Fred Danforth, principal of the grammar school, has big plans for the grammar school students this year. Danforth plans to have each grade to give an assembly during different parts of the year.

He also plans to keep a record of all of the students' physical abilities, such as how many times they can chin the bar and how well they participate in different sports. Danforth is keeping this record so that he can show the students how much they can develop themselves with a little practice.

Also planned are class trips to the industrial parts of Clovis such as the Round House, the Coca Cola Bottling Company and the bakery. The purpose of these trips will teach students the ways of different industries.

Danforth has also improved the play-ground by repairing the broken equipment and adding new teeter-totters. Also accomplished is the making of mail boxes for all grade teachers and for the janitor. The purpose of those mail boxes is so that different teachers can get in touch with each other through notes instead of having to look for each other.

Bobbye Richardson Heads Chorus

With thoughts of the coming Negro Minstrel in the mind of each student, the chorus has begun a new year. Chorus students are once again under the direction of Fred Danforth. Approximately forty students are enrolled.

Elected to carry out the business for the chorus club were the following officers: Bobbye Richardson, president; Jimmy Don Moss, vice-president; Patricia Morgan, secretary; and Sue Reid, reporter.

Some plans for chorus activities were discussed, and a full year is planned. First on the calendar is to be the Negro Minstrel, which will be presented sometime in the near future. Danforth stated that with proceeds from the Negro Minstrel, they hoped to be able to finish paying for the choir robes which were purchased last year.

When asked about prospects for the year, Danforth said, "Being the second year we've had an organized choir, I feel we can have a better chorus. We have a good group of boys coming out this year."

FFA Boys Have First Meeting

The FFA boys met Monday evening at the Texico Agriculture Shop for their first meeting under their new agriculture teacher, Tom Hudson. The purpose of the meeting was to elect new FFA officers. They are president, Jimmy Don Moss; vice-president, Ronald Hutson; secretary, Kenneth Reid; treasurer, Weldon Bell; sentinel, Dicky Lockhart; and reporter, Allen Lockhart.

The FFA barbecue was also discussed and president, Jimmy Don Moss, appointed a committee to find an open date for the barbecue. Also brought up at the meeting was a watermelon feast for the FFA boys and their fathers. The purpose of this meeting is so that Mr. Hudson will be able to meet the boys' fathers and also discuss some plans he has for the boys.

Coach Curtis Miller seems to have a large assortment of boys from which to pick his softball team this season. Miller states, "We have the material to be right up with the other teams of the county."

From the eighth and ninth graders, there are 33 boys out for softball this season.

FOURTH GRADERS SHOW EXHIBITS

The fourth grade has enrolled 15 boys and 16 girls, making a total of 31 students.

Shirley Huber brought a bouquet of cut flowers for the room. Lynn Doshier brought a pot plant.

Jackie Dyer has given reports of interest about his trip to England. He brought some English coins to show the class. Barbara Tucker brought some Canadian coins for the class to see. Vernon Thigpen showed a variety of old coins.

Glenn Cox visited his grandmother in Sudan during the weekend. Jean Clayton visited in Portales Saturday. Jackie Dyer spent Saturday and Sunday in Ruidoso.

Members of the class are grateful to Glenn Cox for bringing his chemistry set to school for use in science class.

Texico Band Is Organized

Texico High School band has been organized and officers have been elected. They are as follows: president, Jimmy Don Moss; vice-president, Jerry Johnson; secretary, Susan Levins; treasurer, Doris Harriman; and sergeant-at-arms, Dick Lockhart.

The band discussed plans for their trips this semester. They will march in a parade at Sudan, Sept. 11, and will attend the Tri State Fair in Amarillo, Sept. 20, and ENMU Homecoming, Nov. 7.

Band uniforms were assigned to band members last Friday. They also voted on the color of shoes to wear and decided on white. The shoes are being ordered.

Students Receive Math Certificates

Five Texico High School students were recognized in assembly Friday for having been in the top 30% of the 1558 participants in a statewide mathematics contest sponsored by the mathematical section of the New Mexico Education Association.

Kenneth Reid, top scorer in Texico High School, received a medal but still lacked one problem having the required score to be in the top 105, who are eligible for college scholarships. Others receiving certificates were Allen Lockhart, Shirley Doshier, Darrell Smith, and Shirley Stover.

Doris Harriman Is New Drum Major

Doris Harriman is the newly selected drum major of the Texico School Band.

The new majorettes are Melba Doshier, D'Rene Danforth, with Connie Tharp as alternate. Others trying out were Anita Moss and Gale Hadley.

Susan Levins, the only returning majorette, will be in charge of all routines.

The selection of drum major and majorettes was made by Betty Hass and Charles Toleman, drum major and band director, respectively, from Clovis High School.

THIRD GRADE REPORTS VARIOUS ACTIVITIES

Two third grade girls have entered the Texico School for their first time. They are Joy Reed from Muleshoe, and Earleen Carroll from San Bernardino, Calif.

The children were sorry to have Carlene Harriman leave them. She moved to Portales, the second week of school.

The class has enjoyed a beautiful bouquet of pyracantha brought to the room by Hap Danforth. Hazel McDaniel, Lonnie and Ronnie Curry and Sammy Doolittle attended the circus Wednesday afternoon. The children enjoyed hearing them tell about the circus the following morning.

Sammy Doolittle has been visiting with the third grade since school started. He will soon return to California where he will be in school. Myrtle Lea, niece of Wanda Gayle Morgan, visited the third grade last Friday.

Mary Sue Walton made a trip to Arkansas last week.

Other members in the third grade are Billy Don Arnold, Millie Autrey, Morgan Billington Jr.,

Rosemary Brehm, Wayne Crawley, Oriol Curtis, Wanda Eshleman, Dorothy Hapke, Belvered Harvey, Pat Hutson, Doris Jenkins, Champ Landrum, H. W. Moore, Terry Niece, Callalya Roberts, Gary Skaggs, Kathleen Smith, Darlene Tipton, and Susie Wyrick.

FIRST ASSEMBLY GOES OVER WITH A "BANG"

Bobbye Richardson and Kenneth Reid were speakers at a recent assembly sponsored by the Student Council. They told of their activities at Boys and Girls State this past summer.

Susan Levins sang two solos, accompanied by Fred Danforth. Patricia Morgan played two piano solos.

The comedy side of the assembly was presented by Kenneth Reid, who read a story entitled "Sam Shovel." Patricia Morgan and Bobbye Richardson presented an act called "The Echo."

Perfect attendance awards for last year were presented to Phyllis Tucker and Walter Curd, seniors; Jimmy Don Moss, Kenneth Reid, and Bobbye Richardson juniors; Mary Harriman, Sue Reid, and Anita Tharp, sophomores; Barbara Caldwell, Betty Crawley, Carolyn Curd, Susan Levins and Betty Pendergrass, freshmen; Dick Adams, Karen Brehm, Melba Doshier, Bobby Patterson, Joe Spears and Nathan Tharp, eighth grade; Mack Crawley, Francis Harriman, David Lockhart and Jerry Reid, seventh grade.

SENIOR PREVIEW OF KENNETH REID

As senior prexy, he's the best! With friendly smiles and help for all. He has ability, will, and all the rest;

This guy is really "on the ball"! He's enrolled in chemistry, book-keeping, history, and trig; A guy with interest of all sorts, His duties he will not renig! His favorite past-time is to eat, Though from his size you could never tell; A cute "little" guy, just over five feet,

In sports, he does very well! As favorite sport he chose basketball; One hour a week he takes band; Just yell for "Reid", he'll answer your call,

From all viewpoints, he's a busy young man! The son of Mr. and Mrs. Levi Reid, He's a farmer now, but who knows what he'll be?

He's the kind of person who's sure to succeed; We've picked a good prexy, don't you agree?

LARGE GROUP OF JUNIOR HIGH GIRLS

It looks as though the Junior High Girls' softball team is hard working. They were out there playing hard all through that big sandstorm which descended on Texico last week.

There's a large group of Junior High girls, consisting of eighth and ninth grades, appearing on the softball roster this semester. The girls going out are:

Wilma Walton, Armelda Cox, Nelda Powers, Audrey Hapke, Melba Doshier, Carlene Seale, Janel Seale, Lynell Lovett, Ann Reid, Shirley Branson, Carlene Branson, Gloria Johnson, Fay Autrey, Lillian Pichardo, Sandra Hall, Karen Brehm, Betty Landrum, Darlene Day, Anita Moss, Dena Bess Moore, Virgie Thatcher, and Gwenette Powell.

NEW STUDENTS IN FIFTH GRADE

Mrs. N. W. Peyton, teacher, announces that there are 38 students in the fifth grade this year, including three new ones: Gail Dyer from Alpena, Ark., Wayne Martin from Center, N. M., and Erleen Carroll from San Bernardino, Calif.

New students in beginners band are Betty Ruth Lockhart, Larry Richardson, Wayne Martin, Charlotte Crawley, Leon Kelley, and Janice Adams.

Two students in senior band are Beth Ellen Peyton and Judy Lovett.

SEVEN NEW STUDENTS IN SECOND GRADE

On May 23, 35 happy youngsters entered the second grade. Mrs. Lela Stockton, teacher, reports that 27 of the 35 were enrolled at Texico last year.

The new pupils are Mary Sandoval from Villa Nueva, N. M.; Winnie Weisler, Portales, N. M.; Janice Lee, Clovis, N. M.; Lidia Garcia, Clovis, N. M.; Linda Dyer, Alpine, Arkansas; Ellen Caillouet, Farmington, N. M.; Lewis Carroll, San Bernardino, Calif.; and Gene McKee, Ripley, Calif.

They were impressed by music training given Monday and Wednesday under the direction of Fred Danforth.

LOCKHART ELECTED PRESIDENT OF CLASS

Dick Lockhart was recently elected sophomore class president. Other officers elected were Carolyn Curd, vice-president; Mikala Faville, secretary; Susan Levins, reporter; and Glenda Weisler, treasurer.

The two students who will represent the class in student council are Weldon Bell and Dick Lockhart, the class president. Alex Brown was chosen parliamentarian and Alfred Doshier, sergeant-at-arms.

Curtis Miller is the class sponsor.

SEVENTH GRADE HOBBIES UNUSUAL

The seventh grade class has found that there are many interesting and unusual hobbies in the class. Jean Runnels has a trinket collection, La Donna Stewart and Priscilla Pichardo displayed their earring collections, Christy Bowers brought her bug and insect collection, Lena Mae Steele has a marble collection, and Larry Powell collects Eversharp pencils.

The class members, under the direction of Mrs. Charleyrene Danforth, are giving short talks on their hobbies, as an English project.

SEVENTH GRADERS HOLD ELECTION

Seventh grade class had a meeting recently to elect class officers. The results were as follows: President, Wesley Ingram; vice-president, Christina Bowers; secretary-treasurer, Priscilla Pichardo, and reporter, Mary McDaniel.

These were elected from the twenty-eight students enrolled in the class. This meeting was held in the seventh grade room under the supervision of George Hill and Fred Danforth, the seventh grade home room teachers.

TWENTY-SEVEN ENROLLED

Enrolled in the sixth grade this year are twenty-seven students. Mrs. B. A. Rogers, teacher of the class, was surprised to note that there were no new students this year.

For room decoration, a new sunflower has been added.

Starting in beginners' band this year are Donald Caillouet and Bill Roth.

Mr. and Mrs. Claude Dyer were in Ruidoso over the weekend.

TINY TOTS ENROLL

E-e-e-yip-e-e-i-o-ay! and whoopee ti-yi-yo rang throughout the Texico School building on August 23, when the 34 bewildered, yet happy first graders, who were accompanied by their parents arrived for registration.

They are under the guidance of Mrs. Wanda Faville. Those starting out for the first time on this new adventure are Darlene Bell, Marlene Bell, Carolyn Jean Blair, Ella Mae Brown, Lena Mae Brown, Martha Ann Coffey, Billy Joe Curtis, Marilyn Gail Doshier, Dickie Ray Doshier, Linnelle Engram, Larry Donald Fought, Luis Jr. Garcia, Elroy Garcia, Jimmy Earl Goolsby, Linda Gail Hudson, J. C. Jenkins Jr., Barbara Jean Jolls.

Robert Stephen London, Jack Edward, Ionia McKee, John Elzey McKee, Taylor Jr. Moore, Betty Ortiz, Tula Ortiz, Keith Alan Owen, Glyn Ray, Rolan Wayne Pittman, Wesley Raulie, Ralph Leon Smith, Linda Kay Terry, Kathlene Tipton, Jane Weems, Veda Wilson, and Harvie Perry Winkles.

Music seems to carry them away on Monday and Wednesday under the direction of Fred Danforth, music director.

The youngsters also enjoy their noon play period directed by Mrs. Ed Weisler.

FRESHMEN ORGANIZE CLASS

Freshman class met Monday with their sponsor, Mrs. Jimmy Allman, to elect officers for this year.

Elected was Shirley Branson, president; Jerry King, vice-president; Gloria Johnson, secretary-treasurer and Armelda Cox, reporter.

The flower chosen was red carnation and the colors selected were red and white.

The president appointed a committee consisting of Bobby Patterson, Audrey Hapke and Gloria Johnson to select a class motto.

MAKE PLANS

Senior class met last week with their sponsor, Mrs. Elva Jones, and elected officers. The officers are president, Kenneth Reid; vice-president, Allan Lockhart; secretary, Pat Morgan; treasurer, Bobbye Richardson, and reporter, Naomi Hapke.

Plans for senior activities throughout this year were discussed.

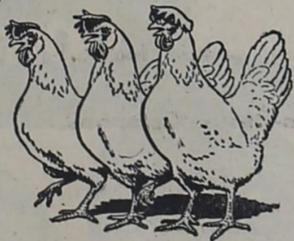

Texico Girls Lose By One Point

It took an extra inning for the Ranchvale High School girls to defeat the Texico High School girls, 3-2, in a softball game played Friday night at Ranchvale.

The lineup for the first of the game was: pitcher, D'Tanis Caldwell; catcher, Nadine Thornton; first base, Shirley Stover; second base, Sue Reid; third base, Joyce Gillean; shortstop, Sue Doolittle; right field, Carolyn Curd; left field, Barbara Caldwell; short field, Susan Levins; and center field, Anita Tharp.

Miss Bridges Marries Clovis Boy Recently

In an informal ceremony read August 28 in Clovis, Miss Betty Bridges, daughter of Mr. and Mrs. Elmer Bridges, became the bride of Stanley Williams, son of Mr. and Mrs. Bud Williams of Clovis.

Rev. Virgil Hunton, Baptist minister, read the single-ring service at his home in Clovis.

Miss Claudean Bridges, sister of the bride, was attendant and wore an ensemble of pink and brown, fashioned with a scoop neckline, fitted bodice, cuff sleeves and full skirt. Her accessories were pink and she wore a corsage of pink roses. Sherman Williams served his brother as best man.

The bride was attired in a two-piece dress of blue taffeta, with a scoop neckline, elbow-length sleeves, fitted bodice and full skirt. She carried an orchid atop a white Bible, and chose navy accessories.

For something old, she carried a handkerchief which the bridegroom's grandmother had given his mother, on the wedding day of his mother and father; new was her dress; borrowed were earrings from Mrs. Ruby Hedrick; and blue was her dress. She wore a penny in her shoe for luck.

The young couple left immediately following the ceremony for a brief honeymoon in Colorado. They will be at home in Clovis.

Mrs. Williams is a 1953 graduate of Texico Schools and has completed her training as a beautician. She is now employed in Clovis. The bridegroom is a graduate of Clovis High School and attended a Colorado college.

Shower Given Monday

Mrs. Williams was honored with a bridal shower Monday evening in the home of Mrs. Joe Helton, with Mrs. Milton Walling as assistant hostess. Mrs. Bud Williams, mother of the bridegroom, and Mrs. Elmer Bridges, mother of the bride, assisted her in receiving guests and opening the gifts. Each mother was given a corsage of white gladioli, and the bride wore a white orchid.

Carmen Roth registered the guests as they arrived for the shower.

Mrs. William's chosen colors of blue and white were used in the decorative scheme. The serving table featured a centerpiece of blue and white daisies and napkins were complimentary colors.

Those who remembered the bride with a gift were Mesdames C. K. Caldwell, Stanton Thigpen and Verlene, John Hightower, D. J. Brown, Neil Weems, Russell Johnson, L. J. Spears, Jimmy Morgan, Avis Patterson, B. A. Rogers, Alfred Hapke, Leroy Faville, Walter Freeman, Agrie Jones, Homer Dykes;

Also Mesdames W. L. Freeman, N. W. Peyton, P. F. Thornton and Nadine, James Spurlin, Guy Cox, Orris Eshleman, B. O. Faville, Leona Bailey, John Rea, J. H. Winegart, A. B. Bell and Catherine, Jim Moore, Chas. Stockton, Ruby Stone, Ruby Adams, Ted Engram, J. H. Leavell, Billy Crain, Henry Jacks, and Perry Crawley;

Mesdames Bill Irby, Jack Silcott, Geneva Lovelace, Pete Wallace and Tommy Stephens of Clovis; Claudean Bridges of Clinton, Okla.; J. B. Mitchell of Carlsbad, N. M.; and Mrs. J. E. Whatley of Amarillo.

What Happened to Last Year's Exes?

By Darral Harris

It's fun to be back in school greeting old friends and meeting new students, but there's something lacking. What is it that causes one to keep looking and searching for something? It's a certain feeling of loneliness for the seniors of '54.

Then the realization comes that these students are already following their chosen fields of work and a little reminiscing reveals that J. B. Taylor is attending ENMU and his major is agriculture while Roy Snodgrass is going to the same college and is majoring in business education.

Catherine Bell is spending her time working as secretary in the Clovis National Bank. Roxie Henson Crooks works at Clovis News Journal as secretary to Charles Fischer, editor.

There is a painter from the class, Paul Crooks, who resides with his wife, Roxie, at 604 Lee, Clovis.

Farming seems to hold the spotlight in the choice of occupations, for out of the '54 class, Carlton Kyle, Kenneth Doolittle, Jerrell Doshier, Bobby Joe Pendergrass, Mel Bakkerud, and Wayne Hagler are pursuing this line of work.

Darral Harris is back at school doing some post-graduate work, while Jimmy L. Moss is venturing from home as he has plans to attend the Sacramento Junior College at Sacramento, Calif.

Barbara Templeman is with her parents, Mr. and Mrs. Tom Templeman at 909 Hickory, Clovis.

Walter Cud is at home at the present time.

Alma Palmateer is now Mrs. Walton and is busy keeping things in order at the Walton home. Marvin, her husband, is working at Roy Walker's Packard House at Clovis.

Another student, Phyllis Tucker, has plans to go to ENMU at Portales.

Madge Richardson Bradshaw, is helping her husband, Jerry Bradshaw, manage the Super Save Grocery Store in Bovina.

EDITORIAL

JANUARY IN SEPTEMBER

By Bobbye Richardson

Perhaps you've heard the song that starts out with these words, "When It's June in January." In moving about among the students in Texico High School, one would think it were January in September. Even though it isn't New Year's, resolutions are being made everywhere—to study harder, learn more, and consequently become better citizens. These resolutions, however, will be of little use unless they are carried out.

There are two resolutions which I think students of Texico High School should make. The first one is make the classrooms clean. It isn't altogether the janitor's job, but yours as an individual. You can help by putting things where they belong, including waste paper.

Secondly, it is of utmost importance to keep the enthusiasm with which the school term has started and make this school year the best ever.

Come on students, don't let your school down and remember that one of the most important things is this: good resolutions are made to be kept, not broken.

Homemakers Move Into New Department

Students of Texico High School are very proud of their new five room modern homemaking cottage.

The cooking laboratory consists of divided units which are conveniently arranged. These units are to accommodate two girls at each unit. The laboratory has four gas ranges, one electric range, a new sink unit and desk, and one new refrigerator.

A storeroom has been added to take care of supplies and large equipment. A desk and folding blackboard make the room even more convenient.

The sewing laboratory is equipped with two electric and two treadle machines. A desk, work tables, and a storage cabinet together with thirty-six note trays for individual use is a feature of the laboratory.

IMPROVEMENTS ADDED TO GYMNASIUM

Two new dressing rooms have been added to the Texico High School athletic department. What used to be just locker rooms has been changed over into dressing rooms consisting of two showers, a lavatory and lockers. They are located in the west end of the new gymnasium.

The baseball diamond has had some work done on it. Principal Paul Frederick, and Marvin Pendergrass spent several days on the diamond. They leveled it and re-wired the back-stops. The field, which will accommodate two teams and their opponents, is located on the north side of the school grounds.

SWING BAND HAS FIRST REHEARSAL

The Swing Band had its first rehearsal Monday night in the music hall. Sponsors of this band session will be Fred Danforth, and George Hill, music directors.

"This organization will be available for any school and community programs," says Hill. They will be playing popular music.

Membership in the band will be selected from the following list of students who are trying out for positions: Jerry Johnson, Rex Harris, Susan Levins, Bobby Patterson, Dicky Lockhart, Allen Lockhart, Darral Harris, J. B. Taylor, Dicky Adams, Doris Harriman, Mikala Faville, and Jimmie Don Moss.

First Farwell PTA Meeting Is Sept. 14

First Farwell Parent-Teachers meeting for the year will be September 14 at the school, and will be a get-acquainted social for parents and teachers, Mrs. John Getz, president, announces.

In an executive and committee meeting last week, PTA officials decided to send out monthly bulletins this year, in preference to yearbooks. The bulletins will give necessary information, as well as list hostesses for each meeting.

Time of the first meeting is 8 o'clock. All parents are invited and urged to attend this meeting.

FARWELL BAPTIST NEWS

Rev. E. J. Keith, pastor of First Baptist Church, Farwell, will leave tomorrow, Friday, for his former church, Hart, where he will assist Rev. A. C. Hamilton in a revival meeting.

Delegates from the church will be in Tulia tonight (Thursday) to attend a church rally. Number of persons to attend from this city, was not known early in the week.

Members of the church honored the new pastor and his family with a "pounding" Sunday night, and also presented a farewell gift to Mr. and Mrs. Nathan Harding who are leaving for Ft. Worth soon, where both are entered in college.

Between 75 and 100 church members attended the social. Refreshments of cookies, coffee and punch were served. The pastor and his wife express appreciation for the thoughtfulness shown them.

1/2 cup sugar
1 cup brown sugar
1 cup milk
1 cup vegetable shortening
2 eggs
1/4 tsp. maple flavoring
1/3 cup finely chopped walnuts
Sift together flour, baking powder, salt and sugar into bowl. Add brown sugar, shortening, and 3/4 cup milk. Mix enough to dampen flour. Beat two minutes. Add eggs, 1/4 cup milk, flavoring and nuts. Beat one minute. If using electric mixer, use low speed. Bake in two greased 8-inch layer cake pans at 375 F. for 25 minutes.

FROSTING
Cream two tablespoons of vegetable shortening, and 2 tablespoons butter. Add 1/8 tsp. salt. Beat in one egg yolk. Add 3/4 cups confectioners sugar and 5 tablespoons warm milk alternately to give spreading texture. Add 1 tsp. maple or vanilla flavoring. May add nuts to icing if desired.

We understand that Don Pool is in the doghouse at the Pool residence. It seems that he remembered to tell his mother that the Methodist Youth Fellowship was having a hamburger fry Sunday night, but he failed to tell her where.

She didn't know that she was entertaining the group until Sunday morning when she read about it in the church bulletin. So she did have an opportunity to make some preparations.

Thanks to Rev. M. H. Stroup, the Grahams had delicious rabbit for dinner Wednesday, and it was the best. Our husband was shushed before he could say anything, and we found that we liked rabbit very much.

When the head of the household begins his usual story of "how can you stand to eat that poor little innocent bunny"—he usually succeeds in getting a larger serving for himself. This time, "Grandma" had a word to say about it, and so we ate and enjoyed the little and fore-

without any comments from the third member of the family.

Longer hair will be in vogue for ladies this fall. The new hats are styled to cover up the short, shaggy cuts while the locks grow out again.—CHANGING TIMES.

We have decided that we're too busy, after an incident last week. Our husband informed us that if we want him to baby sit so we can have a free evening, to please make an appointment at least three days ahead of time.

How about that? Sure enough, we checked up and he had a meeting every night that week. It might be a good idea that that.

Grain Dealers Get Stringent Wet Grain Orders

Three different grain dealers of the area have come to The Tribune office within the past two weeks and requested notice to farmers that they have been placed under stringent control by the Commodity Stabilization Service not to accept grain sorghums for government storage when the moisture content is over 13 percent.

Elevator men are explaining that they have no choice in the matter, as it would leave them liable for the government to call the loans on stored grain, if they are found to have accepted grain over the maximum permissible moisture content.

A communication from C. H. Moseley, director of SCS office in Dallas, very plainly set down regulations concerning the high moisture grain sorghum.

"We have received numerous notifications that grain sorghums stored in country warehouses have deteriorated to sample grade, and in most cases these conditions were caused by excessive moisture. As a result, warehousemen have in some cases suffered substantial losses in settlements for quality deficiencies," said Moseley.

Elevators accepting grain that is too wet will do so "on their own hook." That is, they will buy it themselves instead of placing it in government storage. The amount of this type business is probably limited.

Fire Damages Norton Home

Texico-Farwell Fire Department was called to the home of Mr. and Mrs. Lester Norton Friday morning to extinguish a blaze which started in the living room of the family home.

The Nortons were away from home, but a son who was there, applied a garden hose to a pressure pump and put out the fire before the fire truck arrived. Damage to the inside of the house, the living room and furniture was estimated at over \$2000.

Origin of the fire was unknown.

Board of Equalization To Meet September 20

The Board of Equalization for the City of Farwell will be in session on Monday, Sept. 20, in the office of the secretary, Wilfred Quickel, in the courthouse.

Any interested persons are welcome to attend, Quickel reported the city council to have said. Notices will be sent as reminders of the meeting.

Hospital Campaign To Forge Ahead

Plans to reorganize the drive for funds to construct a new fireproof building for Parmer County Hospital in Friona are due to get underway this fall, says Jimmy Baxter, hospital manager.

In a statement released this week, he said, "Anyone who may have been sick this summer knows how crowded the conditions have been, and we all wonder just what will happen this winter."

An emergency, said Baxter "might have been the straw that broke the camel's back."

About 58 percent of the total amount needed toward the project is on hand, and Baxter says there will be "no expected difficulty" toward raising the remainder.

Gins and elevators over the county are being asked to cooperate, and farmers may donate grain or cotton at the time they bring it in to these points. Free ginning is offered donated cotton.

Cash on hand is \$18,344.07, pledges total \$10,223, says Baxter, making a total of over \$28,000.

CATES—

(Continued from page 1.)

Steers' defensive performance, which he thought "especially good." The entire defensive line showed up well Friday night, felt Cates, and is deserving of mention.

He listed the forward defensive wall as H. R. Billingsley, and Jerry Poteet, ends; Troy Christian and Harvey Leslie, tackles; Jerry Owens and James Norton, guards; Billy Watts, center; and Gene Hardage, line backer.

"This opposition was out-weighted

by its competition from Groom," said Cates.

Of Melrose, which is up for play Friday night there, Cates says he is "a little fearful of the split T formation" which the Buffs are using this year.

Under a new coach, the Buffalos may throw up spread formations or other unusual offensive patterns to which the Steers will be unfamiliar.

For this reason, Coach Cates is not taking Melrose lightly, even though Milton Barron, fullback terror who ran over Farwell last season, is now playing for Clovis.

HOPPERS—

(Continued From Page 1)

With a cotton allotment of about 56,000 acres, nearly all of which is irrigated, these figures do not sound far off, especially when taking into consideration (says Wright) that a pretty sizeable acreage was roughed up by weather earlier this year.

Total irrigated acreage is between 48-50,000 this year, so our guess would be a bale to the acre, or 50,000. Yes, we know there is cotton that won't make it, but there is a lot more than you suspect that will do a bale and a lot better.

Joe Jones says we shouldn't be popping off with optimistic forecasts, on the theory that general talk of good yields tends to depress cotton markets and eventually brings about more stringent planting restrictions.

Joe is pretty level headed on things like this, and he probably is right. However, we think that it'll be quite a day when the U. S. Department of Agriculture and Anderson-Clayton start paying attention to what this newspaperman thinks cotton will make!

As for Ovid, we have heard recently that the Bovina Chamber of Commerce has been re-activated, and if this guy has anything to do with it, the CC has sure got the wrong man.

The yield beat everybody's expectations last year, and we figure that it will do it again. Along this line, we might make mention of the fact that we are participating in a jointly-sponsored canvass to determine, if possible, just how much cotton WAS raised in the county last year.

The county agent, the Parmer County Cotton Improvement Association, North Plains Gin, and others are sending out cards to every cotton grower, asking that he tell them how much cotton was produced on his place last year.

There will be no means of determining the identity of those sending back the cards, so those who cooperate will be assured of complete confidence in the poll.

We sincerely hope that you growers take this matter seriously, as there is no other means of determining with any degree of accuracy how much cotton was raised in 1953 in Parmer County. This information is badly needed.

As a businessman, O. W. Rhinehart at Bovina is too successful for his own health. A number of years ago he was in the wholesale oil business, and doing pretty well, too.

Then his doctor told him that if he wanted to enjoy good health he was going to have to lay off of doing so much work. "Get into something slow and easy—like insurance and real estate," said his physician.

So he did. And the first of this month he was told by his doctor to again sell all or part of his business interests because he was doing too much.

Business has sure been good, says Rhiney, who is now concentrating on real estate after dropping his insurance lines. If somebody is interested in the real estate business, we suggest that they hold on for about five years, and Rhiney will probably be in the mood for selling.

He's too successful for his own

good.

John Abbott was in to renew his subscription last week, and said things up at Espanola (in New Mexico) are sure pretty this year. A lot of the apples, he said, are making 50 bushels per tree.

Fall is upon us, and we are beginning to get that itchy trigger finger again. As we drive through the countryside each week, we watch with hopeful eyes every lake in search of the first bunch of ducks.

There's plenty of water and plenty of good feed in the county this year, and if we don't have a good season for us duck hunters, we'll wonder how come.

Apparently, this feeling has been spreading. Two other nimrods have wandered into the office within the past couple of weeks, remarking on the same subject.

We have always been able to keep a restraining leash on the temptations of smoking, drinking, swearing, and chasing after loose women, but when a greenhead Mallard sails overhead there is nothing that can keep us from the great out-of-doors—no, not even a Thursday deadline or an irate wife.

GERMAN—

was ended.

Then, Bianca, who can speak broken English, was sent to America to visit with the family and find ways and means of complying with immigration regulations.

It will be necessary for the women to have "sponsors" in America who will take the responsibility of seeing after the immigrants, so Billy Dean Baxter, and John and Rudolph Renner have volunteered to help sponsor the family.

Bianca's mother is Rudolph's first cousin.

As both Bianca and Sonja are professional dancers, they hope to obtain employment in the field in some of the northern and eastern large cities, where they have some professional friends. They do not plan to live with any of their "sponsors."

Mrs. Wilhelm is a seamstress, and has made for the girls many beautiful costumes which they use in many of their dancing acts. She herself is a former teacher of ballet.

Bianca was scheduled to have left Saturday for Shattuck, Okla., to visit other relatives, after which she will return to Germany and her family. She will sail next month on the Italia.

Of the United States, Bianca is visibly impressed. She vows that she "loves it—everything: the country, the climate, the people."

She is jestingly critical of some American traits, however, notably the one of over-indulgence at the dinner table. "You Americans eat too much," she laughed, with her hands on her waist.

When she came into the U. S., she weighed 118. Now, she blushing admits 127. It would appear that Mrs. Renner's farm cooking has made its mark upon the slim, professionally trained figure of Bianca, and she says that "her sister will work her over" when she sees her again.

Bianca has been a welcome guest at the Renner home southeast of Friona since July 28, and she and Mrs. Renner have a great time. Since Mrs. Renner has a German background, and still can rattle off the language at a frightening clip, she and Bianca are great friends.

However, sometimes the two women misunderstand one another because their use of the language does not exactly conform. Bianca speaks "high German," while Mrs. Renner, as Bianca jibes, "slaughters it." This, Mrs. Renner is willing to admit.

Anyway, Bianca is happy to know that she will be welcome back for a much longer stay in the United States, when returning with her mother and family in the spring of next year.

SCD BANQUET—

another. "The boys and girls are leaving this part of the country," he remembered his father as having said. "They don't come back here after they have grown up."

Boswell said his father did not understand why at the time, but it later proved to be because the soil of that area was being terribly abused—so abused, in fact, that it had reached a point where it would not support farming and the dependent communities.

Boswell reminded farmers of the District that they are living in a virtual Promised Land—an area

blessed not only with a good agricultural climate, but with good soil "and what many farmers of Texas would define as a super-abundance of water."

"Sometime when you are taking a trip," said Boswell, "look out the window of your car and read what the land will say to you."

The land, says the writer, a former assistant state conservationist, "talks" to its visitors with evidence of its fertility or sterility.

Country that normally would have a setting of natural beauty has been rendered undesirable because the land has been badly abused. The land will "tell" you these things, says Boswell.

To open the program, the attendants were fed a banquet dinner in the high school cafeteria, afterward adjourning to the gym for the evening's program.

Joe Blair, chairman of the Board of Supervisors, welcomed the audience, and introduced Charles Phillips, James Norton, Dudley Hughes and Jimmy Schell who entertained with western-hillbilly musical numbers.

Guests present at the banquet included H. M. Knapp and Carl Kramer, Clovis; M. C. Pennington, Ben Chapman, B. D. Black, and Rep. and Mrs. Jesse Osborn, all of Muleshoe;

Mr. and Mrs. Jim Wyman, Mr. and Mrs. Luther Lesley, and Mr. and Mrs. Thurlio Branscum, all of Hereford.

A. L. Black gave a summary of conservation work done in the District during the past year.

STEERS—

times in the first quarter by virtue of fumbles. At one time, Farwell was as near as the Groom 22 yard line, but suffered a pass interception. The Tigers had to punt out from their 41, and seven plays later, Pool broke loose for the score.

Second Quarter Early in the second quarter, the Steers got another scoring chance when an attempted punt was blocked by the charging Farwell line. The ball bounced to the Groom 18

where H. R. Billingsley pounced upon it for a blue and white possession.

Quarterback Doyle Ford moved to the 15, but a fumble cost the Steers their chance. Later, after another Groom punt, Farwell returned to score with Fullback Gene Hardage going over from the four, but this was marked out because of an offside penalty.

Two plays later, Hardage passed to Jerry Poteet in the end zone to redo the scoring. Farwell failed the second time to convert and the score was 12-0.

Returning the Steer kick-off, Groom moved up to its own 37 where they found it necessary to kick out. For the first time during the entire quarter, the ball sailed over the 50-yard marker and into the Steer end of the field, during the punt. Only three plays, were run before the half ended.

Steer end of the field, during the punt. Only three plays were run before the half ended.

Third Quarter Groom looked as though it might stiffen during the start of the second half, as it received Farwell's kick and ground downfield 60 yards before being stopped. Three consecutive first downs were rolled up on steady, sure ground gains.

After the Steers stymied the Groom offense, the quarter was pretty evenly matched. That is, until Don Gerles speared a Groom punt on the Farwell 40 and returned it the length of the field for another Steer score. This put Farwell in the lead 18-0, and they kicked their first and only point after of the evening to cap it off.

Last Quarter

The final round proved to be the most spectacular for grandstands, as it featured several long runs. Gerald Heresmyer set up the only Tiger TD with a 58-yard run that began on his own 19. Austin Burgin slipped through from the 14 a few plays later to score for Groom. They did not convert.

However, before the Tiger score came, Gene Hardage got in another lick for the Steers with a crushing 59-yard run using not only his down-field finesse, but his companion blockers to good advantage.

Chiefs Start Season at Vega Tomorrow, While "B" Squad Meets Farwell Tonight

Football season will open with a bang for Friona this week, as games are scheduled with Farwell and Vega. The "B" team will play Farwell here tonight (Thursday) at 7:30.

A short pep rally in front of the school will start at 7 o'clock, and the group will march down town for a brief demonstration, also.

Coach Raymond Cook said the lineup for both the "B" and varsity games this week would be substantially the same as was carried

in last week's paper. He reported "no injuries," and that the boys were shaping up fairly well.

Friday night's game with Vega is expected to be a "toughie." The Longhorns finished second in their conference last year, and have not suffered greatly through graduation.

They are a pretty heavy team, says Cook, with ample experience, and should prove to be a rugged opponent for the Chiefs, who are doing quite a bit of rebuilding this year.

The Chiefs scrimmaged Muleshoe Friday in Friona, and Coach Cook said that more work was needed in quite a few departments. The Friona defense is looking better, he said.

Phyllis Fairchild Head Cheerleader

Phyllis Fairchild was elected head cheerleader for the 1954 Friona Pep Squad last week. Co-leaders include Eugenia Landrum, Mary Tatum and Cleta Stowers.

Squad officers are Deann Buske, president; Miss Fairchild, vice-president; and Sara Baldwin, secretary-treasurer. Mrs. Mary White is sponsor.

The squad is being outfitted with new uniforms composed of red skirts and white sweaters, and the 35 members of the group are scheduled to go to Vega tomorrow (Friday) night to cheer the Chiefs on.

Members of the squad include Ruby Latham, Barbara Deaton, Maldean Stowers, Marilyn Fairchild, Mary Tatum, Jerry Belle Norwood, Ann McKee, Letha Fay Day, Iva Brooks, Sara Baldwin, Peggy Taylor, LuEllen McClain, Barbara O'Brian, Patsy Anthony, Geraldine Phipps, Phyllis Fairchild, Cleta Stowers, Billie Rae McKee, Eugenia Landrum, Deloris Fleming, Bennie Riley, Zelma Beaty, Ruth Biles, Floyce Baldwin, Judy Bruns, Sue Cranfill, and Betty Hartis.

Grandma Schlenker of Friona has spent a week with her daughter and family, Mr. and Mrs. Cordie Potts.

City Commission Meets Monday Night

Members of the Friona City Commission met Monday night, and passed on several phases of city business.

They granted an easement to the Friona School for the system's expanded building program, temporarily closed Cleveland from 8th to 9th as a safety measure (that is the block between the gradeschool and the playground) and overhauled the "peddler's ordinance."

The latter, formerly a flat \$2.50 a month for a license, has been changed to from \$5 to \$150 per year for a permit to do business in the city, depending upon the type of business involved. Also, bonds are required for certain businesses which take out licenses.

The possibility of fencing the city's water and sewer plants was discussed at the meeting, but no formal action was taken, according to Roy Wilson, city manager.

A figure of about \$3800 was submitted as the probable cost of a chain-link type steel fence. The possibility of enclosing the two units in small buildings was also discussed.

If the two plants are fenced or covered in some manner, it will be for purposes of safety, as Wilson says there are several areas where it is possible for a child to be in danger.

Enrollment Reaches 767 in Friona Schools

Enrollment in Friona grade and high schools totaled 767 on Tuesday morning of this week, according to Dillie Kelley, principal.

High school scholastics totaled 175, 592 were in the grades. He said that the system expected "about 180" in high school before the semester ended.

New Bookkeeper At Friona State

Mrs. Loraine Wright is a new bookkeeper at Friona State Bank, where she took up her duties effective the first of last week.

Mrs. Wright replaces Ann Dukes who is getting married and will no longer work for the bank. Mrs. Wright, who formerly was employed by First National Bank in Amarillo, is now living in Friona.

6TH ST. CHURCH OF CHRIST

Lt. Bainum Receives Jet Pilot Training

WILLIAMS AIR FORCE BASE—Chandler, Ariz.—Lieutenant Kenneth W. Bainum, son of Mr. and Mrs. Charles S. Bainum, Friona, is receiving jet pilot training here.

During his training at the nation's first jet fighter school, he will fly the North American T-28 dual-seat, conventional-type trainer, and the Lockheed T-33, only

dual-seat jet trainer.

As a member of "America's most select group"—the jet student pilots—he will receive 80 hours of flight training in jet aircraft, in addition to 50 hours in the T-28 and approximately 200 hours of highly technical academic studies.

Upon successful completion of a gruelling five months of intensive flying, academic training, this pilot trainee will earn his wings to take his place as a defender of

Pete Buske, who attended the SCS banquet last Thursday evening, was heard to remark that as he passed by the Bovina stockyards near Highway 60 (there was a light southern breeze blowing), he thought he smelled barbecue cooking.

You can sure tell those old cowpunchers from the modern city slickers, even if they both dress the same today. Nobody but a cowboy could ever have an imagination like that.

Sunday dinner proved to be a very enjoyable affair for about 91 hungry relatives and friends who piled into, or onto, we should say, the place of the Fred Barkers southeast of town.

Fred is getting up in his years whether he likes to admit it or not, shin-digs like Sunday's will sure help keep him young if laughs mean anything.

Fred had to build a bunch of benches and tables to feed his guests, there were so many. Getting everybody inside was out of the question, so they were just sort of scattered about the place.

When we were there, there were about 30 women in the kitchen,

about 40 kids climbing around the barn and corral, and a couple of dozen men sitting around quietly talking while resting their full tummies.

You couldn't tell the family from the neighbors the way everybody was mixing together and enjoying themselves, and we might have missed old Fred himself except that he had a black bow tie. First one we ever saw on him.

Needless to say, there was plenty to eat, and it was just like those old-time get-togethers that we used to hear our folks talk about.

Here were a bunch of people who were enjoying a good meal, a good rest, and a good visit, and they needed no other diversions such as picture shows, television, or games to keep them entertained.

Sometimes we think that Americans tend to forget just how much fun it can be to take time to be together once in a while like that.

Sam Williams proved that he really caught that 48 pound fish that he had been bragging about.

The boys didn't give him any rest until he staged his fish fry the other night for the bunch at Consumers and the kinfolks. Sam says that sure took in a lot of people, but that 48-pounder was enough for all. Didn't even touch the 33-pound fish that he says he also brought back.

Buddy Lloyd was feeling pretty bad the other day. Seems his pet parakeet decided to try the wide-open spaces and Buddy hasn't been able to find it. Buddy says he wouldn't give two cents for another one, but he'd give ten dollars to get this one back.

Friona Band Gets New Uniforms

Sixty-four members of the Friona High School band were measured for new uniforms the past week, and the suits should be ready within six weeks, reports J. D. Fry, director.

He has put the band through two rehearsals (a third was scheduled for Tuesday night) and commented that they sounded "pretty good." The band and pep squad will make the trip to Vega Friday night to raise the spirits of the Friona team, and Fry said there will be 62 members in the marching band.

The drum major this year is again Sally Osborn. Majorettes include Bennie Grubbs, Betty Zon Ashcraft, Nelda May, and Kathryn Dunn. Flag bearers are Evelyn Ray, Ann Whitten, and Betty Dukes.

Fry also reported that work on the 22-member girl's choir had gotten underway the past week.

New Equipment For Lunchroom

Several new pieces of equipment have been placed in the Friona school lunchroom this year. Included are two new stoves, a deep fat fryer, a new cafeteria-size refrigerator, two dozen new chairs, hat and coat racks, and the building has been repainted.

Mrs. Howard Mayfield is in charge of the hot lunch program, and Principal Dillie Kelley reports that about 500 students are fed daily in the school lunchroom.

Springlake Considered Stout Opponent For Opener Against Bovina Mustangs

The Bovina Mustangs, who last year narrowly missed a conference championship, launch their 1954 grid season Friday night at Springlake, where they take on a team considered to be one of the stronger in the area.

The non-conference game (Springlake is class "A"), is expected to test the mettle of the Mustangs early in the season, as the hosts are listed alongside Dimmit as the teams to beat in their own conference.

Coach Clovis Ratliff is fortunate in being able to start 10 lettermen Friday night, but he is worried about experienced reserves, which are in short supply.

In fact, he reports that the boys have met with some difficulty in their practice sessions, because the squad was not large enough to field two teams to run plays against one another.

At any rate, the Mustangs will find out what their possibilities are Friday night. "It'll be a rough game," says Ratliff, "and we don't know whether we'll win it or not."

Coach Ratliff's tentative starting lineup:

Don Owens, 144, senior, and Erith Hawkins, 144, junior, ends; Lynn Isham, 234, junior; and Don Sudderth, 209, junior, tackles; Jerry Newton, 140, senior, and Don

First Meeting Date Is September 20 for Bovina PTA

Date set for the first meeting of the Bovina PTA is Sept. 20 at 8 p. m. in the school cafeteria.

Mrs. E. G. Snodgrass, program chairman, reports that the program committee has been meeting during the summer and that the year's program is complete and the yearbooks are being printed.

The committee has spent a lot of time planning and preparing interesting programs and it hopes to have good attendance throughout the year.

"Last year we had 111 members, but we want to do better this year. PTA is the organization that brings parents and teachers closer together and through which many things can be accomplished for our children, says a spokesman for the PTA.

The program theme for the year is "We, the People." The first program is as follows:

Theme—"We, the People"—In order to form a more perfect union (Between home and school); leader—Mrs. E. G. Snodgrass; contribution of the home—Mrs. Virgil Goodwin; contribution of the school—R. E. Everett; short business session. Introduction of teachers and new families of the community. Entertainment by music committee. Hostesses for social hour—officers.

City Park Is Community Asset

Many people have been working with the Woman's Club this summer in order to see that our city park has better care.

The civic committee from the Woman's Club of which Mrs. Ovid Lawlis is chairman met with the city mayor and commissioners. At this meeting the city replenished the clubs park fund with a nice contribution, but asked that the Woman's Club oversee and supervise the care of the park.

This same committee from the club also met with the Lions Club and they agreed to take care of the mowing.

Hodge Rigdon has been employed caretaker through the month of September and he certainly is doing a fine job.

The rose arbors are being painted, the fireplace is to be repaired soon and the Woman's Club hopes to add new improvements this fall.

"Our park belongs to all of us. It is surprising at the number of people who use it. Lets all help take care of it. Some of the things we can do are to take care of the swings and not break the chains and seats. Be sure and put all watermelon rinds and food scraps that cannot be burned into the barrel provided for that purpose. Pick up all scraps of paper and burn them. Last but not least, help take care of the trees, flowers and shrubs," a spokesman says.

PLAN FIRST MEETING

Mrs. Bill Whitesides and Mrs. Earl Riley, leaders of Girl Scouts troop 3, plan their first meeting this fall for Wednesday, Sept. 15, at the home of Mrs. Whitesides. The leaders ask that the girls meet in front of the gym at 3:00 p. m. The meeting will only last an hour.

Mr. and Mrs. Johnny Glover of Hatch, N. M., visited in Bovina Friday.

Barron, 146, senior, guards; Alfred Moody, 170, senior, center.

At quarterback will be Neil Smith, 128, sophomore; Edmund Hobdy, 160, senior, and Darrell Read, 156, junior, halfbacks; and Larry Ezell, 168, junior, fullback.

All of the above, except Hobdy, are lettermen. Isham and Ezell are co-captains.

Reserves include Don Lloyd, Sonny Brito, Junior Williams, George Baca, James Stevens, Julius Bradshaw, Dickie Steelman, Charles Haney, Billy Richards, and Donnie Springs.

Youth Group Has Guest Leader

Last Sunday, Miss Marilyn Boydston of Tulia, youth leader at the summer camp, at Ceta Canyon camping grounds near Canyon, was guest leader of the youth at the Bovina Methodist Church. Miss Boydston, who is a very capable leader, is a sophomore at McMurry College at Abilene.

Beginning at 5 o'clock she met with the Intermediates. At 7:00 she met with the senior Methodist Youth Fellowship and lead a panel discussion on "Family As a Unit." Others appearing on the panel were Mrs. E. B. Caldwell, Hubert Ellison, Arlin Hartzog, Donald Barron, Neil Smith and Janie Alverson.

Mrs. Ware Honored With Bridal Shower

Bridal Shower for Mrs. Leon Ware, nee Shirley Smith, was held in Bovina Thursday. Miss Darlene Sprawls entertained with soft piano music. Hostess gift to the bride was an electric steam iron and ironing board.

Hostesses were Mrs. Billie Sudderth, Bovina; Mrs. W. E. Williams, Bovina; Mrs. John Porter, Farwell; Mrs. Dick Gerles, Farwell; Miss LaVerna Christian, Farwell; Miss Darlene Sprawls, Farwell; Miss Ann Whitley, Farwell; Mrs. Vernon Jamison, Farwell; Mrs. Keneva Turner, Farwell; Mrs. Bedford Caldwell, Bovina; Mrs. Rouel Barron, Bovina; and Mrs. Bill Thornton, Bovina.

The bride, her mother-in-law and mother, Mrs. E. M. Ware and Mrs. Asa Smith were given corsages of pink carnations.

Colors for the decorative motif were pink and green. Centerpiece of pink mums was accented by pink candles. Refreshments of white cake and green punch were served and napkins were pink and green.

The table was laid with a lace cloth.

Dorcas Circle Studies Alcohol

Dorcas Circle of the Methodist Church met Sept. 1 with Mrs. Lloyd Battey. After a covered-dish luncheon, the president presided, prayer was by Mrs. Mae Hopingardner.

Mrs. Mable Newberry gave a devotional. Her subject was "Happiness."

Mrs. Ona Pesch presented part of the book on alcoholism telling how many people in this world drink. She also told how much money was spent each year for liquor, \$9,150,000. Mother Quickel of Woodward, Okla., was a visitor.

Next meeting will be October 6, with Mrs. Mae Hopingardner. Those present were Mesdames Battey, Hopingardner, Kunselman, Newberry, Pesch, Quickel, Doris Wilson and Ruby Wilson.

"Just a simple twist of the wrist washes and dries our clothes!"

says: MRS. WARREN M. BARTON
1814 Boyd St. • Borger, Texas

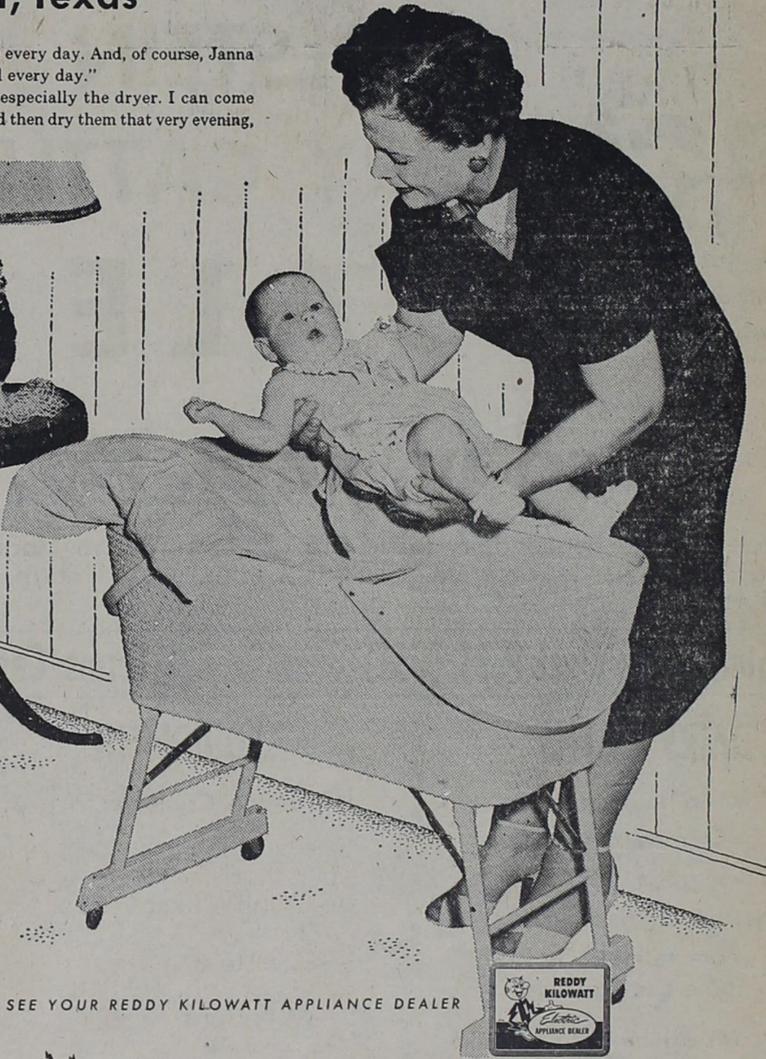

"My husband is a mechanic, and has dirty, greasy clothes every day. And, of course, Janna Lynn, my five-months-old daughter, has to have clothes washed every day."
"It's so easy with an automatic washer and a dryer—especially the dryer. I can come home from work, and throw the dirty clothes in the washer, and then dry them that very evening, ready to be worn the next day."

"We have our washer and dryer in our garage now. Sometime soon, we'll have a laundry room. But I just had to have a dryer, and it works out fine in the garage."

"Convenience is important to me—time, too—as I am also employed outside the home. I have plenty of time to spend with Janna Lynn in the evening, after washing and drying my clothes with a simple twist of the wrist."

Because of this reasonable and considerate method of operation, which naturally suits the average farm operator, due and considerate respect is paid suggestions our state and national representatives present. Congressmen and other legislative members know there are to be no "steam roller" tactics employed, but that sensible, workable suggestions have been derived from this grass roots deliberation system. These are some of the basic reasons why very few important programs originated and sponsored by Farm Bureau are brushed off.

There is no denying that these programs do not always exactly suit every member to a "T". Neither is there any denying that the majority is well pleased, for that is the truly democratic way every Farm Bureau program has gained its support. State presidents and national presidents speak for or against farm programs only when they have authority from their members, recorded in state or national resolution books. This is the way your voice effectively reaches the right ears. We believe this is a reasonable way of working in the interest of the most farmers and ranchers and every other economic segment of America.

From last year's resolutions, Parmer County has seen one of its bills written into state law, and another written into national law. We know of no equal to this from the county through any other organization. Do you belong?

NEWS FROM THE
FARM BUREAU

By RAYMOND EULER

Since its inception in 1919, the Farm Bureau has consistently fought to promote, protect and represent the business, economic, social and educational interests of American farmers and ranchers. Hundreds of bills have been promoted and supported by Farm Bureau that have tended to improve the farm and ranch home and family. Peculiarly, none of these advantages has been gained or sought on the radically "demanding" basis. Farm Bureau has not sent "delegations" to Washington demanding certain advantages "or else". Beginning on the county level and going on up through district, state and national channels, agreement has been reached, sometimes on a compromising basis, until the whole organization
