

Tribune Football Contest to begin 27th year

For the football fanatic, it's THAT time again.

It's time for area prognosticators to probe the sports columns, read the charts and check with their favorite armchair quarterbacks.

Then you mix the stew together and make up your own mind on who is going to be in the win column of the football picks in the upcoming Tribune's Football Contest.

For the 27th consecutive year, area and local merchants are sponsoring the contest. This year it gets underway next Friday, Sept. 6, when the initial list of 12 games will appear on the contest blank in the Tribune.

Top prize for the winner of the 12-week contest will again be two tickets to see the Dallas Cowboys play at Texas Stadium, plus free overnight lodging at the Regent Hotel, free transportation to and

from Texas Stadium at Irving, and \$50 to help with expenses.

Here is the list of the merchants sponsoring this year's contest:

1. Worley Mills
2. Sherley-Anderson-Pitman (Farwell) and Sherley-Anderson Grain (Lariat)
3. Security State Bank
4. Texico branch of the Citizens Bank of Clovis

This year's winner will attend the Dec. 15 game between the Cowboys and the New York Giants. The Giants are being touted as a strong possibility to make it to the Super Bowl this year.

Rules for the 1985 contest will be

the same as in the past. A person must be at least 12 years of age to enter. Entrants must choose the 12 teams they think will win the selected contests. Games will be divided among high school, college and professional ranks. In case of a tie game, unless a tie is predicted by the entrant, that game will not be counted.

Each entrant must also remember to pick a tiebreaker score, a very important feature of the contest since many weekly winners are decided by the tiebreaker score, and several overall winners have also been determined by the tiebreakers.

The person naming the most games correctly each week will receive a check for \$10 -- up from last year's \$7.50 -- and the person choosing the second highest number correctly will receive a \$5 check.

Each week's scoring is tabulated

and kept on record at the Tribune office. The standings are posted for inspection each Monday and may be seen at anytime.

Merchant sponsors and their families may enter the contest. Tribune employees may not enter but their families are eligible for the contest.

All entry blanks should be turned in to the Tribune office by 5 p.m. CDT Fridays or, if mailed, must bear a Friday postmark.

Winner of last year's contest was Gay Goetsch, who was one point ahead of second-place finisher Diane Dannheim.

It is very important that you enter each week's contest in order to have a strong shot at being overall winner. Even if you never pick an 11 or 12 to take a weekly check, you can take the overall prize with a consistent 8 or 9 weekly tally. In last

year's 12 weeks, Mrs. Goetsch scored an even 100 points, for example.

Other persons who have been named winners in the 26 years of the annual Tribune contest include:

Bunk Phillips, Maxine Williams, Ken Horn, Jerry Dee Owen, A.D. Kirk, Thelma Alexander, Dodie Atkinson, Doris Herington, Dee Owen, Ruth Scott.

Also, C.L. Mahaney, Mrs. Roy Everett, Greg Hargrove, T.J. Kittrell, (who won twice), Terry Craft, Becky Taylor, W.M. Roberts, Sam Gonzalez (who also won twice), Jerry Roddam, Rusty McFarland, Dale Sikes and Earlene Porter.

It also was Mrs. Goetsch's second win.

Entry blanks for the first contest will be in next week's Tribune and also will be available at the Tribune office Thursday afternoon.

Border Banter

By Mike Pomper

Our first year comes to a close

It's anniversary time, folks. Judy and I started operating this weekly information sheet one year ago -- on Sept. 1, 1984.

Boy, what a year it has been.

It started with a great deal of apprehension. How would you feel trying to explain to your wife in Virginia that you wanted to settle down in a small community of 2,000 souls on the Texas-New Mexico border after you had spent a total of four hours there. And where you know no one.

Shaky. Anyway, my family agreed to the enterprise and, after taking a deep breath, we headed west. As you know, it turned out beautifully. Folks have been very kind here to accept us and we've tried to reciprocate by doing what we can to help our new community.

When I first viewed the Tribune, I thought John and Joann Getz had done an excellent job at giving their readers a comprehensive local summary, ranging from sports to social items to news reports. Our goal has been to stay on the same track. I hope the paper we put out is much like what the Getzes did.

There's so much I could write about this past year. I've tried to cover some aspects in previous columns and I don't want to be redundant. Suffice it to say that Judy and I both feel that the past year has been the happiest in both our lives. That's a pretty strong statement to make but one that I believe is accurate. We thank you. And we thank the Lord.

What a learning experience it's been. All these years that I worked for larger papers I pretty much ignored departments that weren't my concern. Now, every other Saturday, you can find me down at the office mopping and vacuuming away. And to think I've missed that type of experience all these years...

The person I really have to compliment is Judy. For about a dozen years she taught junior high school. She was very experienced in her field and very self-assured about knowing she did a good job. So you can expect a bit of a shock when you find yourself out selling ads for a newspaper without any experience in that field whatsoever.

But if you look at our paper, I think you'll agree she has done a heckuva job at giving Texico-Farwell readers a real fine variety of ads that folks can use. Please don't forget to tell our advertisers that you "saw it in the Tribune." It sure would be appreciated. Newspapers can only survive through funds provided by advertisements.

And the kids here have been really nice to our own young'uns. Both Patty and Robbie have made good friendships in a short period of time. You can appreciate how important that was to Judy and me.

We're really looking forward to our second year. In many ways, the first 12 months were ones of trying to figure out how to do things. The second time around is usually easier. And, hopefully, I won't make some of the blunders I made the first go-round (no, I am NOT going to tell you what they were!!!).

A major part of this coming year will be spent planning ahead for the

Waste Control to start service

Waste Control of New Mexico begins its garbage pickup in Texico next week.

Area manager John Good, of Hobbs, said agreement was reached Tuesday with the Cash brothers to purchase the Trade Center building along the highway in the city to use as the firm's headquarters.

Good said: "We will be distributing the Poly-Karts to the residential and commercial customers beginning Tuesday morning. It should take us 1 1/2 days. Collection day for Poly-Kart customers in Texico will be Thurs-

days. "We remind customers that the carts must be placed at the curb of the street, not the alley, for collections.

Earlier this month, the Texico City Council signed a five-year contract with Waste Control with a five year option for renewal. The city is being charged \$6.25 per residential account.

Final decisions on the new rates the city will charge residents will be made at the council's Sept. 10 meeting, with the new rates to go into effect Oct. 1.

Neighborhood Watch proposed for Texico

Texico city marshal Fred Hamner told the City Council Tuesday that interest has been shown in initiating a Neighborhood Watch program in the community.

Hamner said the program could start if enough interest was shown in it. A kit, with enough decals for 100 people, could be purchased for \$40.

Hamner will circulate a questionnaire to see if there is enough support for a Watch program in Texico. If residents are interested in it, they should call City Hall (482-3314) between 8 a.m. and 5 p.m. weekdays to have their names placed on the list.

If insufficient interest is shown, the idea will be dropped.

Under a Watch program, neighbors are more watchful of other homes when residents are away in efforts to cut down on burglaries and vandalism.

In other business at the meeting, the council applied for its annual Emergency Medical Services grant

Meeting room to be built

The Farwell Volunteer Fire Department has decided to build a new meeting room, Fire Chief Joel White said.

The new room will be built on the site of the old one, in the process of being torn down. It's located on First Street behind the fire station. White said the old room has had roofing problems, lacks insulation and is too small for the department's needs.

White is meeting this week with contractors to get price estimates for putting up a building shell. The department raised more than \$10,000 through its GMC pickup giveaway at Border Town Days and this money will go toward the new meeting room.

After the shell is put up, the firefighters will try to complete the facility themselves, White said.

Tourism info center to be placed here

A tourist information center, where brochures for New Mexico and Texas will be placed, will be set up in Farwell.

United Drugs of Farwell pharmacist and owner Steve Breckenridge have given the Farwell Chamber of Commerce permission to use the lobby of his building for it.

In the lobby will be placed a large rack where the brochures will be available. The lobby also has a bathroom for tourists to use. The rack has been purchased from Pudge Rose.

Signs noting that the center is in Farwell tentatively will be placed at three strategic locations on the outskirts of the community: Crossroads Motel, Lunsford Auto Parts and Farwell City Hall. A sign also will be placed on the crossbar of the pole at the drug store.

"This way, visitors coming from Amarillo and Lubbock, or from Clovis, will see our signs and, hopefully, stop in Farwell for tourist

information they might need," said John Getz, Chamber president.

The Farwell Chamber is spearheading the project. At Tuesday's noon meeting, the Chamber voted the funds to buy the rack and signs (including installation) for the project, expected to cost about \$400.

Also contributing toward that total is the Texico-Farwell Lions Club, which agreed Monday night to spend \$50 for it.

And on Wednesday, the Texico-Farwell Rotary Club voted to donate \$51 for the project.

In addition to the rack being placed in the lobby, Breckenridge said plaques for both the Rotary and Lions clubs, noting their meeting times, can be placed above the racks should the service clubs desire.

Placing the brochures at the drug store is the first phase of the Chamber's project. Breckenridge also has given his permission for a small park area to be placed at the

rear of his building site so tourists could picnic there.

The Chamber is discussing the possibility of moving the Texas marker one block to the new site and picnic tables to be set up over a grassy area.

Currently, the marker is along the highway where parking is not allowed. The drug store has ample parking alongside its proposed site.

The area Texas highway district engineer has told the Chamber that if the city favors moving the marker, he also would recommend to Austin that it be done by his department.

The brochures for the tourists center will be provided free by the states of New Mexico and Texas, Getz said.

The drug store is open from 9 a.m. to 7 p.m. weekdays and from 9 a.m. to 2 p.m. Saturdays; thus no personnel will be needed to "operate" the center other than drug store employees.

Parmer tax rate drops

The Parmer County Commissioners Monday adopted a tax rate for 1986 that calls for a drop just under 1 percent.

The rate dropped from .3122 to .2957. Up to \$8,000 less than this year will be received in tax funds and the overall budget was reduced \$63,000. However, carryover funds from this year will handle that budget deficit.

The county will start the new year off with a fund balance of \$536,000. This total will drop to \$473,000 by year's end -- \$63,000 less.

The commissioners were not very happy about the tax rate drop because the rate was figured due to a state formula that probably will result in a tax rate hike next year of between 4 and 8 percent.

Also, indications are that federal revenue sharing funds will be cut off. This would result in a loss of \$132,000 to the county.

In other business, the commissioners voted to pay the expenses for one year (a trial basis) for cleaning the office in Friona which houses the Justice of the Peace, highway patrol and driver's license bureau. The City of Friona has been funding the cleaning but asked the county to take it over. It will cost \$1,000. In favor were Ernest Anthony and Ray McGehee. Opposed were Robert White and Tommie Williams. Porter Roberts broke the tie in favor of the county bearing the expense.

The commissioners renewed the courthouse janitorial contract for one year with R&G Service, of Clovis.

The travel allowance and expenses for the District Attorney's investigator was raised from \$181.98 to \$287.40.

One bid was received for a used tractor for Pct. 1. The bid of Peek Tractor Parts, Amarillo, with a trade difference of \$12,000, was accepted.

Garland Kelley, center, the district Lions Club governor, visited the Texico-Farwell Lions Club Monday night. He is shown with Dutch Quickel, left, in charge of the annual

Broom & Mop Sale for the club, and club president Weldon Smith. Brooms and mops will be sold Sept. 6 and 7.

Broom, mop sale on tap

The Texico-Farwell Lions Club discussed plans Monday night for its annual Broom & Mop Sale.

The fund-raiser will take place starting at 2 p.m. Sept. 6 in front of the Farwell Post Office and also starting at 8 a.m. Sept. 7 in front of both the Texico and Farwell Post Offices.

All articles being sold are made by the blind and are fully guaranteed. Being sold are brooms, mops, brushes and other cleaning aids for the home and businesses.

In other business at the meeting, the club agreed to donate \$50 toward the Farwell Chamber of Commerce project at putting a tourist information center in the community (see story elsewhere in today's newspaper for details).

Also, Garland Kelley, district governor, attended the meeting. Kelley, a member of the Roswell Lions Club, said three projects are being emphasized this year: drug awareness, diabetes education and membership expansion.

Population skyrockets

The Texico schools reported an enrollment of 430 students for the 1985-86 school year.

The records show that 132 students are enrolled in high school, 99 students in junior high and 199 students in elementary.

This is up 54 students from last year's enrollment of 376.

This will not cause a change in their sports class division. The class would change if the amount jumped in the ninth grade and higher levels.

Anniversary

Tribune's 75th anniversary edition. It will be coming out the first week in September 1986 and will be part of the Texas Sesquicentennial events that Farwell is planning. We hope to make that a real special issue.

Looking back on our first year, I hope the Tribune has been of service to its readers. I hope the information reported has been as factual as possible. I hope the ads helped save you some money through their sales. And I hope that our little weekly has brought some joy into your homes each week.

(Continued from Page 1)

You know, we get so much bad news all the time, through national TV and daily newspapers. Bombings, wrecks, plane crashes, deficits, etc., seem to dominate the news. I hope the Tribune gives you a little respite each week from that. I think it's needed.

Supper planned

The Lazbuddie Longhorns will have a watermelon supper following the scrimmage with Hereford Aug. 30.

Lady Spikers scrimmage

The Texico Lady Spikers scrimmaged Aug. 24.

"I felt like we accomplished a lot. We had a few weak spots but for the most part I thought we played well. We held our own against everyone we played. We discovered a few areas where we need to spend a little extra time," said Coach Michael Littlejohn.

The varsity volleyball team includes: Helen Jo Boarman, senior, a four year starter. First team all state hitter, first team all district hitter and named to two all tournament teams. "She is an excellent player, exceptional quickness, excellent in all phases of the game. A hard worker to whom we are looking for some leadership."

Loretta Gonzales, senior, a four year starter. First team all state setter, first team all district setter, and captain of 1985. "She is one of the hardest workers I've ever coached. An excellent setter, passer and server. Another to whom we are looking for leadership."

Coy Jo Burk, senior, a second year starter. Honorable mention all state hitter. "A bread and butter player, nothing real fancy, just gets on the floor and does whatever it takes to get the job done. Excellent server and passer. A leader on and off the court. She is a hard worker."

Kelly Lynn, senior, a second year starter. Second team all state hitter and second team all district hitter. Named to one all tournament team. "She is an excellent server and passer and a dominating player at the net. She has an excellent jumping ability. Another senior to whom we will look for leadership. She works hard."

Tracey McDonald, junior, first year starter. "Tracey does a great job passing and can do a good job of spiking when called upon. We are looking for some fast improvement from Tracey. She played some varsity last year, now she will play even more."

Twilla Longo, sophomore, and a first year starter. "Twilla has shown some vast improvement in her net game. She is working hard to become an excellent player. She played some varsity action last year as a freshman. She is a good server."

Geneva Garcia, sophomore. "Geneva will be one of our backup setters and will sometimes be called upon to do some serving and as a defensive player. Much improved over last year."

Robin Pierce, sophomore, "Robin is our other backup setter and will also be used as a defensive player

White resigns

She is moving to Grady with her husband and will teach in Grady High School.

Operation Motorcade set

Major V.J. Cawthon, Regional Commander of the Texas Department of Public Safety, is optimistic for a safer Labor Day weekend in 1985. The increased emphasis on Driving While Intoxicated has influenced many people to decide that drinking and driving is just not worth it.

Cawthon said, "The drinking driver is still a problem in Texas. During this Labor Day weekend, the last holiday of the summer, the drinking driver will be very visible around recreational areas such as lakes and camp grounds." He urges all drivers to be alert for the drunk driver and report all infractions of the law to your area enforcement agency.

The Texas Department of Public Safety will have all available Troopers working around the clock to make Labor Day Operation Motorcade a safer time for all who will be using the highways.

from time to time. She is improving every day."

Combest: Agriculture in a crisis

More than 20 folks attended a town hall meeting in Farwell Aug. 22 to hear 19th District Cong. Larry Combest say that agriculture was in a crisis state.

Combest could offer no glowing predictions, and noted how farmers' representation was in the minority in Congress. He said next year's Farm Bill would be written in conference since the Senate and House have different views on what to do. He hoped it would be written in December.

Other points Combest made were: -He expects Farmers Home Administration to be lenient in their policies and doesn't expect a large number of foreclosures.

"The U.S. doesn't have a trade policy." The strength of the dollar is the real reason for the import-export problem. "Our farmers compete with foreign governments and our government has to take a stronger role and get the problem off the farmers' backs."

-His office in Lubbock handles

specific problems for folks here. But the Privacy Act mandates that before the office can check into a person's problem with the government, a letter is needed from that person giving Combest approval to do so.

-Persons with questions dealing with farming topics should ask for Frank Morrison in Combest's Washington, D.C., office. Morrison is his aide specializing in those topics.

-Revenue-sharing has one year to go and is then gone.

Joe and Eunice Schilling will celebrate their 25th anniversary on Saturday, Sept. 7 at St. Ann's Church in Bovina.

A Mass will be at 4 p.m. followed by a reception hosted by their children: Judith of Amarillo and Stephen, Jason and Trent of Farwell.

Friends and relatives are invited to attend.

Joe and Eunice were married on Oct. 4, 1960 in Slaton, Texas.

ANNA LISSA URIOSTE

Tradition gains popularity

Anna Lissa Urioste will be celebrating her 15th birthday Aug. 31.

A tradition that is gaining popularity in the Mexican-American community in honor of a seniorita is the celebration of her 15th birthday called a "Quinceanera." One significance of a "Quinceanera" is the seniorita's religious responsibilities. Another is introducing the seniorita into the social culture.

Anna Lissa is the daughter of Paul and Delia Margot from Albuquerque. She will be celebrating her

Quinceanos Aug. 31 beginning with Mass at 2 p.m. MDT at the San Jose Parish in Texico.

This will be followed by a reception at the Knights of Columbus Hall in Clovis and a dance at 8 p.m., also at the Knights of Columbus Hall.

Grandparents are Merced and Lola Rojas of Texico and James and Hermine Urioste of Dilia, N.M.

All friends and relatives are invited.

Burgess does missionary work

Missionary Lauri Burgess, daughter of Mr. and Mrs. Jim Burgess of Muleshoe, has arrived in the African nation of Togo where she will be teaching the children of missionaries there. The missionaries were sent under the auspices of the Southern Baptist Convention.

One of the major projects these missionaries are working on is well drilling. Currently, about 50% of the Togo children do not live to see their fifth birthdays because the nation lacks adequate drinking water. The children die of illnesses from drink-

ing contaminated water from ditches during the rainy season.

Other missionaries in Togo are teaching the Togo people to read and write their native languages. Others are building roads and bridges.

Miss Burgess, who recently graduated from West Texas State University, is very excited about her new teaching position.

Her parents are anxiously awaiting news about Lauri's experiences. "She's not ordinary—she never has been," says her dad.

Doolittle, Cary united in candlelight ceremony

Teresa Annette Doolittle and Ronald Ray Cary exchanged wedding vows on June 1 in a candlelight double-ring ceremony at the First Baptist Church in Texico, with Rev. Joel Horne officiating.

Parents of the couple are Mr. and Mrs. Doyal G. LaRue of Texico and Mr. and Mrs. Kenneth Cary of Bovina.

Vows were exchanged before an altar centered with a brass archway entwined with rose and white flowers and English ivy. At the top of the arch rested two white doves. The arch was flanked by two brass pedestals on which two silk ferns were placed. On either side stood two heart candleabras that each held seventeen rose tapers, and were accented with rose bows. A white unity candle set between two rose tapers on a brass stand decorated with rose and white flowers and rose bows completed the decorations.

The traditional wedding music was played by Cindy Bradburn at the organ. Terri Boling at the piano accompanied Rhonda Hill as she sang "You're The Inspiration" as the candles were being lit. After the mothers of the couple were seated she sang "Turn Around." Larry Cloud sang "God, A Woman And A Man" after the bride was given in marriage and "My Only Love" as the couple lit the unity candle.

Presiding at the register table was Elizabeth Pierce, close friend of the bride.

Escorted by her father and given in marriage by her parents, the bride wore a white formal length gown of chiffon with a fitted bodice

featuring simulated pearls and sparkling rhinestones and a high lace neck. The dress featured delicate Chantilly style lace ruffles and Schiffl embroidery. Three layers of Chantilly lace formed the cape like effect sleeves of the gown. Lovely Chantilly style lace ruffles cascaded from the waist to the graceful sway of the hem and the semi cathedral length train. She also wore lace mitts.

The bridal hat was covered with white Chantilly lace and simulated pearls to match her dress. A short blusher veil completed the ensemble.

The bride carried a cascade arrangement of silk flowers in shades of rose and white consisting of roses, daisies, azalea, and stephanotis, complimented with strands of pearls, lace and picot streamers. This was carried atop a white Bible which was presented her by First Baptist Church in a white Bible ceremony.

After the ceremony the groom presented a rose silk rose and a kiss to the bride's mother as the bride presented a rose and a kiss to the groom's mother.

In keeping with tradition the bride carried a rhinestone pin which had belonged to her great grandmother Morris as something old. This was placed in her bridal bouquet. Something new was her wedding attire. Something borrowed was an emethyst lavalier belonging to her grandmother May LaRue. Something blue was her blue lace garter. She also wore pennies minted in the years of birth of the bride and

groom in her shoes.

Maid of honor was Sherilyn Thigpen from Farwell. Bridesmaids were Sonya Thigpen, of Texico and Stephanie Trower of Andrews, Texas. All of the attendants are cousins of the bride. They wore formal length gowns of suede rose polyester and cotton veil. The gowns were styled with flounced drop shoulders and fitted waists. The skirts featured a wide ruffle at the hemline. At the back of the skirt, the ruffle pulled up to the waist forming a bustle effect. They wore picture hats in the color of their dresses, adorned with a rose flower and nylon tulle trim. They each wore a single strand of pearls which was a gift from the bride. The bridesmaids carried white lace baskets containing roses, stephanotis and baby breath and accented with Queen Anne lace and tied with white and rose ribbon steamers.

The groom wore a white tuxedo with a white pleated shirt and a rose tie and cummerbund. His boutonniere was made up of three rose buds.

Best man was Gary Cox, of Muleshoe. Groomsmen were Greg Harper of Sudan, and Kyle Sager of Santa Fe, N.M. All of the attendants are cousins of the groom. They wore black classic tuxedos with white pleated shirts, rose bow ties and cummerbunds. Their boutonnieres were roses.

Ushers were Stephen Doolittle, brother of the bride and Doug Harrison, friend of the couple. They also served as candlelighters. They wore black tuxedos, white pleated shirts and black bow ties and cummerbunds as did the bride's father.

The bride's mother wore a formal length gown of mauve polyester with a ruffled neckline. The groom's mother wore a formal length gown of mauve with a sheer flowered jacket.

Their corsages were silk roses and white lilies.

The reception was held in the fellowship hall of the church.

MR. AND MRS. RONALD CARY

The bride's table was decorated with a rose cover overlaid with a white lace cloth. The centerpiece was an arrangement of rose and white flowers in a rose ceramic bowl. This was set in front of a brass candleholder holding lighted rose candles. Rose fruit punch was served from a crystal punch bowl, Rose colored bell and rose shaped mints and nuts were also served. The four tiered octagon shaped wedding cake was decorated with rose and white roses and was topped with white satin wedding bells which had flowers of rose and white cascading from the centers. The cake was made and decorated by Mrs. Cheryl Whitener.

Serving at the bride's table were Schree Thigpen, Cheree Bilberry and Kelly Dobbs.

The grooms table was covered with a rose cloth and featured silver appointments. German chocolate cake and coffee were served from this table by Karen Cary, Mary

The Texico High School's class of 1965 held its 20 year reunion on July 27 during Bordertown Days. There were 14 of the 25 graduates present.

Sorghum farmers OK plan

Texas grain sorghum farmers have approved a plan to finance a program of market development, research and education through an assessment on their grain. A mail referendum and election which concluded on Aug. 15, authorized a statewide program to be known as Texas Grain Sorghum Producers Board.

A grain sorghum assessment program has been in effect in 29 counties of the Texas High Plains since 1969. This referendum, conducted in all other counties of the state, was on the proposition to expand the existing program statewide. It passed with almost 69 percent of the voters favoring the expansion. At the same time, farmers in the 29-county High Plains area voted on a proposal to raise the maximum limit of their assessment to be consistent with that approved by the rest of the state. This proposition was approved by more than 80 percent of the voters.

With the same ballots, farmers elected seven directors to serve with the eight who are filling unexpired terms on the current board.

The new directors are Richard Perry of Robstown, Dennis Anthony of Friona, Weldon Shelton of Lamesa, J.W. "Chato" Bauer of Refugio, Albert Scheele of Lockney, James Dyer of Weslaco and Howard Salge of Skidmore.

This vote unifies Texas Sorghum producers and processors in a checkoff on grain sorghum at the time of its first sales transaction or when it enters the government loan program. Payment of the assessment is voluntary because any producer who does not wish to participate may have his money refunded upon request.

Liethen, Fontanilla set course record

During their victory in the 16th annual Penny Anderson Golf Tournament two weeks ago at the Farwell Country Club, Nic Liethen of Farwell and Jeff Fontanilla of Clovis set a course record.

Their "best ball" total of 27 for nine holes was a course record, club manager Mike Martin said.

Overall, the duo had a 129 to win the tourney.

The Texico varsity cheerleaders are, from top, Cheri Gillean, sophomore; Michelle Verner, sophomore and Head Cheerleader, and Shelly Chavez, sophomore. Not shown are Judith Gonzales, sophomore and Leslie Akens, junior.

Cheerleaders preparing

The Texico Varsity Cheerleaders are busy getting ready for their first game away from home.

They have been busy working on cheers, selling buttons, cushions, license plates and winter caps.

The varsity cheerleaders are Cheri Gillean, Michelle Verner, Shelly Chavez, Judith Gonzales and Leslie Akens.

The Wolverines' first season game will be at Estancia Aug. 31 at 7:30 p.m. (MDT).

Field day planned at TAES research facility

Research which can help Farmer County farmers reduce irrigation costs and make more efficient use of the water supply, as well as the latest scientific information on crop production and control of weeds and insect pests will be featured during the 76th annual field day of the Texas Agricultural Experiment Station at Lubbock/Halfway on Sept. 10th.

The TAES/High Plains Research Facility is at Halfway, 14 miles west of Plainview on U.S. Hwy. 70. Tours will begin at 1 p.m. and conclude at 5 p.m.

Five major displays are planned on the motorized tours of the research plots and facilities. Dr. Doug Owen, research scientist at Halfway and chairman of the program, said these will feature reports and demonstrations on farming systems research, irrigation, weed control, cotton breeding and cotton insect control.

An additional stop, which can be reached by a short walk, will focus upon research being done in the production of grapes, an increasingly popular diversification crop for this area.

Suggestions made to help 'Latch Key' children cope

Millions of children in the U.S. are "latchkey kids." They let themselves into their homes with their own key after school and stay alone until their parents arrive home from work. These kids must regularly contend with fear, boredom, loneliness, household mishaps, and emergencies.

No child should be left alone until the parents determine whether he or she is ready for it. Parents who decide their child can cope should review and discuss the following instructions:

--"Keep your key out of sight." Displaying a key alerts people that the child is alone after school. Give a reliable neighbor a spare key and plan in case the child loses his key.

--"Never talk to strangers or get in their car or go anywhere with them." If someone tries to insist, the child should run to a neighbor if possible. If a child comes home and something seems out of order, such as a door ajar, he shouldn't go in, but go to a neighbor and call home to see whether a family member has come home early. If nobody answers, he should call the police. Once home, your child should lock the door and call you.

--"Never tell anyone on the phone you're home alone." Have a list of important phone numbers (parents, police, fire department, neighbors) by the phone.

--"Don't open the door to anyone unless it's okay with me." You might draw up a list of approved visitors, and alert the child to anticipated visits. Make sure the child can first see who is at the door.

--"Know how to call an ambulance and explain an injury quickly." Teach children what to do in case of an emergency and how and when to call police, fire department and local ambulance service.

--Set up a routine with children to help them feel secure and responsible. Decide on a time for play, homework and/or household chores. A checklist of chores will help children to remember what is supposed to be done. Establish clear rules, especially for phone, kitchen and TV use. You might make a list of friends who may visit, or whom your kids may visit. Your child should always leave a note saying where he or she is going.

--Be punctual. Children seem to cope fairly well until the time a parent is expected to arrive. Parents can decrease anxiety by telling children exactly when they are coming home and trying to be home at the appointed time.

Some excellent books you can send for are: "The Handbook for Latchkey Children and their Par-

ents" by Lynette and Thomas Long (Priam Books) \$7.95 paperback; "School's Out--Now What," by Joan Bergstrom (Ten Speed Press; \$9.95 paperback); and "Official Kids Survival Kit: How to Do Things on Your Own," by Elaine Chaback and Pat Fortunato (Little, Brown; \$9.70 paperback).

This community education article is presented by the GFWC Farwell Study Club. The welfare of children is one of the adopted programs of the Federation of Women's Clubs both on national and state level.

Farwell's Steers scrimmage against Plains last Friday.

No scoring in scrimmage

The Farwell Steers met the Plains Cowboys last Friday night in a scrimmage. Neither scored. Coach Monte Barnes said, "We played well on defense and the offensive line played pretty good in spots. The main problem was the tackling in the defensive secondary."

The junior varsity looked real good on defense. "They need to improve on blocking and throw the football more. They threw very little," said Barnes. "This week's scrimmage with

Dimmitt, a Class AAA team, will be a pretty good test," said Barnes. The Steers will scrimmage the Dimmitt Bobcats at Steer Stadium Aug. 30 at 6:30 p.m. The Farwell Steers will meet Wilson for their first regular season game Sept. 6 at Steer Stadium at 8 p.m.

Bartosh pleased with Lazbuddie scrimmages

The Lazbuddie Longhorns met Anton Aug. 22 in a scrimmage game.

Coach James Bartosh was very pleased how his teams performed. The varsity Longhorns won 2-0 and the JV won 1-0.

Paul Gonzales caught a 35 yard touchdown pass and had five receptions in all. Guy Brockman had two recep-

tions and a freshman Amos Nail ran 70 yards for the JV.

David Schacher ran 65 yards. Omar Sanchez had nearly 80 yards rushing. Sanchez plays varsity as well as JV.

"We need to do a better job blocking," said Coach Bartosh.

Wolverines scrimmage

The Texico Wolverines scrimmaged with Clovis sophomores and Clayton Aug. 24.

"This was a learning and personal evaluation of offense and defense play," said Coach David Lynn.

There will be a few minor changes such as a guard might be moved to a tackle and more work done on the passing game, he said.

Lynn said, "The key is to control the line of scrimmage. If you do, you can control the football and the tempo of the game."

The backfield starters will be John Thomas as quarterback; fullback, Stan Cross; tailback, Charlie Bibbs, and slotback, Kyle Snipes.

Lynn said, "We will have a real good football team at the end of year."

Headed north

Mr. and Mrs. Fred Chandler recently vacationed in British Columbia.

They saw Mt. Rainier, the glaciers and the Snake River.

Also, the Turner Paines and their daughter, Val Jolly, all of Farwell and Mrs. Paine's sister, Ora Smith of Clovis, vacationed in Longview, Wash.

Satellite TV systems offered

Curtis Smith, owner of the office supply firm in Farwell bearing his name, announced this week he is adding a satellite TV business.

Called "Satellite Systems," it will offer customers "dishes" ranging in size from 5 to 10 feet and be available in Fibreglas or wire mesh. Smith has been in retailing for 15 years and became involved with satellite TV systems two years ago.

The new company will offer complete service for the systems it sells.

Also, Smith is offering a program whereby customers can literally make the system pay for itself. He will give persons who buy systems a coupon book with 100 coupons, each worth \$25. It's called "Preferred Customer Referral."

A customer gives a coupon to potential new customers. If the potential customer also buys a system, both the new customer and the referring person get \$25 each from Smith.

Obscene calls being made

Several residents in the Farwell area have been getting obscene phone calls late at night.

Sheriff Bill Morgan said, "They need to report the calls to my office as soon as possible."

Then residents should contact the phone company and get a form to fill out. The form will be signed by

the resident and the law enforcement agency.

This will be for prosecution when the person or persons are caught.

The phone company will put a trap on your phone free of charge. They will explain what you will need to do.

NEW 2157 2165

Superior grain yields with a good grazing bonus. Excellent straw strength, too!

Our researchers were impressed by the tremendous pasture production and grain yields from these new varieties during testing. And now that the varieties have stood the test of actual production on many farms under many conditions, the proof is in!

They grow off well and show strong resistance to SBMV, leaf rusts, fungal leaf blights, and the Hessian fly.

• New 2157 gives you good, early grazing, then stays with you through the winter. And the grain yields are right up there with anything you care to compare it against. Choose 2157 for dryland or limited water production.

• New 2165 works with your irrigation program to make the most of all you put into the crop. Pasture comes on strong in the fall and grain yields are among the best you'll find, bar none.

See your Pioneer dealer right away. He'll show you yield results and interesting new facts about the advantages of pure seed.
