

BY DOLPH MOTEN

Final MOD Efforts Friday, Saturday

One of the ugliest rumors—without-basis we've ever heard was out here Monday afternoon. Most rumors, you know, have at least a little bit of truth in them -- that's ordinarily the reason for their existence. That and strong imaginations and an individual's desire to have an attentive listening audience when he's speaking.

Monday afternoon, the report hummed into Farwell via telephone lines that a Farwell school bus had been hit by a train with the driver, a high school student, and another student being killed.

As we said, it was a rumor from the start and by the time it got to town, it was admitted-rumor. A lady called Superintendent Jack Williams to see if the report was true.

Williams, of course, hadn't heard it and told the lady it was not true as far as he knew. The superintendent started doing some fast checking.

He says he didn't exactly know where nor how to start checking, but he called the home of the boy who was, according to the rumor, driving the wrecked bus. The boy's mother answered the phone. Not wanting to alarm her, Williams asked if he could speak to the boy in question. Yes, he could, and did and he learned with a relieved feeling there had been no bus wreck on that particular route.

But the checking job wasn't over. There were a couple more buses which weren't accounted for. However, they come back to school when the route is run. Williams hung up the phone, rushed to the bus barn, and in a matter of minutes knew that all Farwell's buses were safe.

That rumor was squelched, but not before several painful, worried minutes had passed for the few individuals involved.

By the time the rumor got to us, it was travelling in company with a true story which said it wasn't true.

That eliminated the horror. We've heard one story about the rumor's origin. It went like this: a group of farmers were in Oklahoma Lane Farm Supply about the time school buses were on their routes Monday afternoon. A Latin-American laborer came running into the building telling about a train-school bus wreck. Some of the farmers in the business had children riding school buses and they left hurriedly to check on the story even before the Latin-American could get it all told.

Anyway, there's nothing to it. We don't know if the rumor we heard about the rumor's origin is true.

While we're on the subject of people getting excited, we'll mention there's lots of talk going on about Farwell's Fire Department. New rules and regulations have been put into effect and there's been much coffee shop conversation concerning them. Firemen, we'll admit, are doing most of the coffee drinking and talking, but that's what's going on anyway.

Once people become accustomed to a routine, it's hard to have them change their ways of doing things.

Guess firemen are just like people in this respect.

As far as we can tell, we're not a step closer to knowing what route Highway 70-84 will take through or around Farwell than we were six months ago.

We've said before that it's probably not as important as many people think it is, but it sure would be nice to know, nonetheless.

If we're not mistaken, the highway is scheduled to be furnished from Farwell city limits to Bailey County line in 1960. That puts the Farwell proper project at least two years off, it looks like from here.

The new route, if there is one, will stimulate growth, we feel sure, and for that reason, if for no other, we'd like to see something definite on it. However, we're just one of many who has been interested in learning the same information for several months now.

MRS. HAMRICK HOME

Mrs. Marvin Hamrick was dismissed from Clovis Memorial Hospital Saturday after receiving medical treatment since last Wednesday.

In an effort to push Farwell's March of Dimes Drive over the top, local organizations have planned two projects for this weekend.

Annual Mothers' March sponsored by Epsilon Sigma Alpha sorority is to be completed Friday night and Texico-Farwell Lions Club and Farwell Fire Department will participate in a MOD telethon on KICA-TV, Channel 12, beginning at 8 p.m. Saturday.

Participants in the Mothers' March have divided the twin Cities into sections and will make a house-to-house drive to give everyone an opportunity to contribute. White gloves will designate the workers who plan to begin making calls Thursday afternoon and will complete the drive Friday night.

Local talent will be featured on the telethon, says Elmer Teel, Farwell chairman, and business men have donated prizes which will be given to contributors during the show. Each dollar donated gives the contributor one chance on the prizes. Winning once does not eliminate winning again later in the evening.

Texico-Farwell citizens may call IV6-9142 for a representative of the sponsoring organizations to pick up their contribution. Rural residents may call in the amount of their donation to get their name in the pot for prizes and then mail their check to March of

EARLY CALLERS AT A MOD benefit coffee Tuesday afternoon in the Sam Rundell home included County Judge Loyde A. Brewer, right, and County Clerk Hugh Moseley, second from right. In the center is Mrs. M. F. Green. Sam Rundell looks on as Mrs. L. R. Vincent, co-hostess, serves. The president of Farwell Study Club, Mrs. Rundell was assisted by several members of the group and turned in \$121.70 for MOD.

Dimes, Farwell. The telethon is county-wide in Curry County, N.M., and Parmer County, but Cary Joe Magness, Parmer County chairman, stresses that all money will stay in its home

FARWELL, TEXAS

community. In other activities in the Farwell - Oklahoma Lane area, a rural drive by 4-H members netted \$81.77 and coffees given by several women added \$315.55, according to figures

released by Mrs. Mitz Walling, chairman of women's activities.

Included in the women's activities figure is \$70.70 taken in Monday at Tom Paul's Beauty Shop. Mrs. John McCuan, own-

er, contributed the proceeds from all work done Monday and the amount was supplemented by contributions for coffee and rolls served by Mesdames Mark Liethen, Don Williams, and Walling.

Study Club President Gives Benefit Coffee

Climaxing a round of coffees given by individuals to benefit MOD was a Tuesday afternoon affair at the home of Mrs. Sam Rundell, president of Farwell Study Club. Proceeds were \$121.70. Co-hostesses were club members and included Mesdames M. A. Snider Sr., Bill Garrett, John Aldridge, and L. R. Vincent.

The serving table, covered with an imported cut-work cloth, featured a centerpiece of yellow jonquils backed by yellow candles in a silver candleabra. Banana bread, date nut and coconut cookies and candy were served with coffee or spiced hot cider.

Focal point in the living room was an arrangement of sweet-peas and tearoses in soft pink on the piano and a pink azalea was in full bloom on the sun porch. Over 50 persons called during the afternoon and evening.

Rolls and coffee were served by Mrs. Walling and Mrs. Bill Glenn at a morning coffee Tuesday, January 20, in the Walling home.

Attending and making contributions were Mesdames Alvin Mace, A. T. Watts, Carl Davis, Herman Gerles, Joe Jones, Everette Christian, Ray Sudderth, C. L. Mahaney, Harry Sheets, Ruby Meeks, John Getz, W. H. Graham Jr., Joe Helton, Mark Fairman, John Lovelace, Effie Kennedy, M. C. Roberts, Billy Watts, Ken Hanks, Otis Huggins, Bill Prince, Johnie

Williams, Mark Liethen, Mose Glasscock and Doyle Ford; and Miss Jimmie Lou Waincott.

Sending contributions were Mesdames Gilbert Watkins, Don Williams, Jack Williams, Joe Blair, James Spurlin, and Sam Rundell.

Mrs. Walter Kaltwasser of Oklahoma Lane turned in \$30 after a coffee in her home Wednesday, January 14.

Attending the social were Jimmie Lou Waincott, Irene Jones, Ivabelle Curtis, Velma Magness, Katherine White, Ella Kreigel, Elenora Kube, Helen Meissner, Mildred Haseloff, Pat Haseloff, Mildred Cooper, Marjorie Watkins, Martha Kreigel, Myrtle Atchley, Gusta Kube, Elizabeth Kaltwasser and Mrs. J. A. Kaltwasser.

MOD contributions totaling \$33.15 were placed on a money tree when guests entered the entertaining rooms at a coffee given by Mrs. Joe Jones and Miss Jimmie Waincott Friday, January 17, in the Jones home.

Coffee and banana bread was served with nuts, pineapple tidbits, candied crabapples, and orange triangles.

Attending the coffee were Mesdames W. H. Hardwick, Curtis Jones, Kirt Crume, Bill Meeks, Harry Sheets, Herman Gerles, C. L. Mahaney, Pat Patrick, John Getz, Walter Kaltwasser, Jim Terrell, W. H. Graham Jr., Ken Hanks; Mesdames Joe Helton, Mitz Walling, Gilbert Watkins, M. C. Roberts, Bill Prince, Claude D'eer, Joe Blair, Fred Curtis, (Cont. on Page 8)

THE STATE LINE TRIBUNE

"OFFICIAL PUBLICATION OF PARMER COUNTY"

EIGHT PAGES THURSDAY, JANUARY 29, 1959 FORTY-EIGHTH YEAR SECTION 1

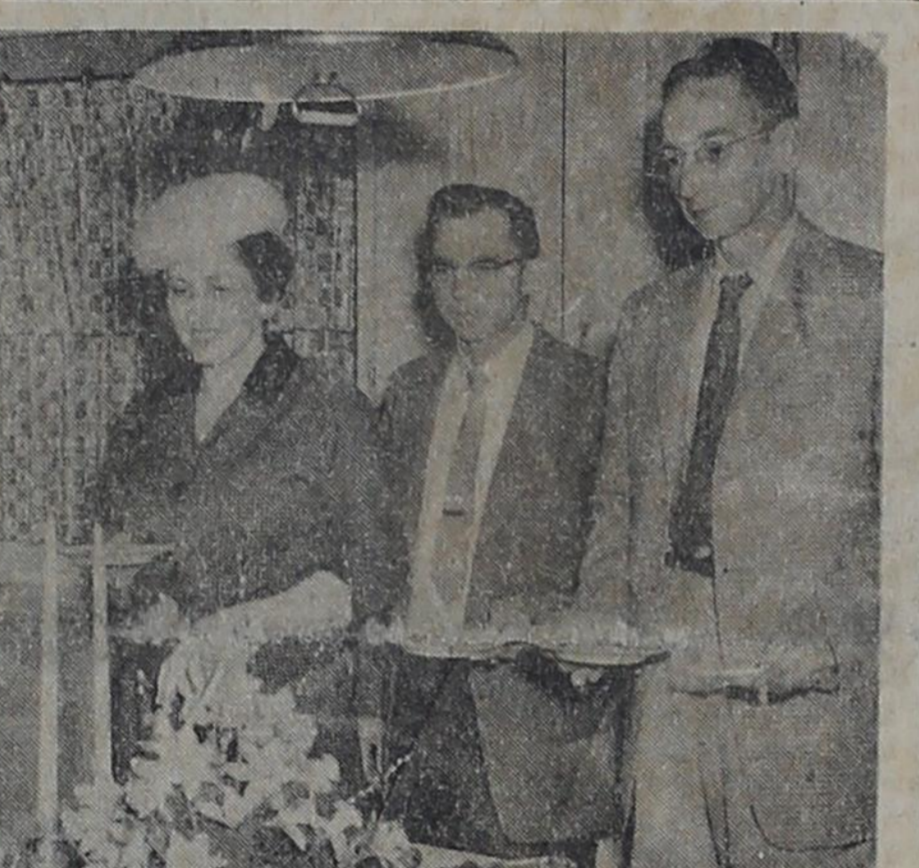

28 Footballers Earn Letters During '58

Twenty-eight players and four managers earned letters from Farwell High during the 1958 football season, Coach J. D. Atwell announces.

The Steers, who were district champions and had a 10-2 record, will have 20 of the lettermen back for the '59 season.

Senior lettermen included Johnny Lovelace, Phillip Berry, Gerald Christian, Owen Huffaker, Morris Reed, Jimmy Martin, Larry Jesko, and Dickie Williams.

Also, Coach Atwell announces the schedule for '59. District-wise, it is the same as last year. The only change made is the shifting of the Friona game from the seventh week of the season to the first week. Other games will remain in the same order they were in '58.

Sophomores lettering were Bill Owen, Robert Carthel, Jerry McCuan, Benjy Dial, Carroll Huggins, and Tommy Williams. Freshmen receiving letters were Jerry Lovelace, David Lindop, Scotty Turner, Jimmy Clements, and William Dannheim. Managers were Bobby Leslie, Larry Smith, Van Crume, and Jackie Williams.

Here's the schedule: Sept. 4 Friona there Sept. 11 Bovina there Sept. 18 Lazbuddie here Sept. 25 Morton there Oct. 2 Fort Sumner here Oct. 9 Plains here Oct. 16 Kress there Oct. 23 Anton there Oct. 30 Open Nov. 6 Suda here Nov. 13 Springlake here

OL Community House Proposed

All residents of the Oklahoma Lane community are urged to attend a special meeting next Thursday, February 12, for the purpose of discussing a proposed community building.

Oklahoma Lane Home Demonstration club is sponsoring the meeting at 7:30 p.m. in Oklahoma Lane Farm Supply Building in an effort to determine whether there is sufficient interest in a community building to warrant launching a drive to finance and construct one.

Mexican Supper To Be Tuesday

Mexican food will be served beginning at 6 p.m. Tuesday, February 3, in Texico Woman's Club Building. Sponsoring the supper is the congregation of United Pentecostal Church and proceeds are to be used for furnishing their recently completed building.

Refreshments will be served by the club and free entertainment will be a movie entitled "A Tenderfoot in Europe" shown by Cotton John of KGNC in Amarillo.

Oklahoma Lane Farm Supply is located 1 1/4 miles north of the churches on the Bovina-Lariat road.

Sheriff, Court In Accord On Teter Case

Sheriff Chas. Lovelace has stated to the Parmer County newspapers that he was in accord with the court when he removed A. C. Teter of Bovina to the state penitentiary five days after he had been convicted of theft and embezzlement and had been sentenced to two years.

It had been reported in the papers that "following the trial, the court agreed that he would begin serving the sentence after January 1. However, he was picked up by the sheriff's department before Christmas."

The sheriff reports that Teter's sentence began the day the trial ended (December 19) and that special Judge Bill Street, who was on the bench in the stead of District Judge E. A. Bills who was ill, did not agree to allow the Bovina man to remain free for any specified length of time and did not, in fact, have authority to do so.

Banquet Speaker Named

The manager of High Plains Underground Conservation District No. 1 will be the speaker at annual Farwell Chamber of Commerce banquet.

The banquet is slated for Saturday night, February 14, in the school cafeteria. Announcement that McFarland would be the speaker was made at a regular meeting of the chamber Tuesday night in city hall.

McFarland's talk will concern his experiences in a Japanese prison camp in World War II, Wilfred Quickel, chamber manager, announces. Tickets to the banquet are \$2 each and are available at the city hall or they may be obtained from chamber members.

Also discussed at the Tuesday night session was the fact that Parmer County farmers lacked several hundred acres of planting all their allotted cotton acreage in '58. It was decided that the chamber would attempt to inform farmers of this through various methods.

County Land Will Be Re-Valued

Parmer County land will be re-valued for tax purposes.

Precinct No. 1; Wilbur Charles, Billy Marshall, and R. H. Schuler, Precinct No. 2; C. C. Christian, Dick Gerles, and R. B. Rundell, Precinct No. 3; and Wesley Barnes, Elbert Nowell, and John Agee, Precinct No. 4.

In a regular session of commissioners court Monday, the change in tax values was discussed. Each of the four commissioners appointed three men in their precinct to handle the change.

No deadline was set for the men to have the new values turned in to the tax assessor's office. However, it was estimated that it would take about two weeks for the work to be completed.

The 12 men who will set the new values met with the court. They are A. W. Anthony, Sr., Jake Lamb, and D. H. Nelson.

New tax values will go into effect this year, County Judge Loyde Brewer says. The men will be paid \$1.50 an hour plus 10 cents a mile for the use of a car.

Steers Win 2, Still Undefeated

Still undefeated, That's the story on Farwell's basketball Steers in district play. They have won five games. The two latest victims were Anton Friday night and Kress Tuesday night.

Best land in the county will be valued at \$10 per acre. This value will drop as low as \$4. Reason for the change is that present valuations have been in effect since the county was founded and the court feels they are out of date and unfair in many instances. A county equalization board meeting will be in May or June, Brewer says.

At Anton, the Steers held a comfortable margin in the scoring until the final period but the Bulldogs had their visitors reeling on the ropes in that final frame. The score was 52-51.

After a lengthy discussion, the commissioners agreed that Brewer would keep the county job of veterans service officer without pay. Brewer served in this capacity prior to being elected as judge.

Farwell led at the quarters, 13-6, 29-20, and 41-29. Anton scored 22 points to Farwell's nine in the fourth quarter.

Six applications for the job, which is budgeted to pay \$100 a month, were considered before the decision was made. The present arrangement is a temporary one and is subject to change, Brewer says.

Johnny Lovelace was high scorer with 16. Dickie Williams made 12, Phillip Berry nine, Owen Huffaker seven, Freddy Magness six and Benjy Dial two.

In other business, the commissioners named Robert L. Ginsburg auditor for the county. This appointment is effective for this year.

That game left the Steers and the Bulldogs as co-favorites in the district race.

Four easements were granted to three farmers to cross county roads with natural gas lines. Receiving the easements were F. E. Kepley, R. J. Garner, and E. M. Jack, two.

At Kress Tuesday night, Farwell came out on top, 58-44. Lovelace and Williams again paced the attack with 23 and 18 points respectively, Huffaker

made eight, Magness seven, and Berry two. Farwell was ahead all the way, 6-5, 23-14, and 37-27.

MOTHERS' MARCH--Mrs. Mitz Walling, left, Parmer County chairman of women's activities for the March of Dimes, and Mrs. Wilma Liner, president of Epsilon Sigma Alpha sorority, will be among women making the annual Mothers' March in Twin Cities tomorrow night. White gloves will designate the workers and the house-to-house drive will give everyone a chance to contribute.

Wolverines Win A Third Place

Texico's Wolverines brought home a third place slice of bacon from East Plains Conference Tournament at Melrose last weekend.

Monte Singleterry had eight each. Hadley and Reid had seven apiece and Bobby Stover accounted for two.

They picked up two wins and suffered one defeat in gaining the third place banner.

This was the second meeting of the year for the two clubs. Texico won the first game, which was played here, by three points.

In their opening game Thursday, the Wolverines logged Logan, 63-41, as Raymond Hadley ducked in 28 points. Jerry Reid was second high scorer with 13.

Playing for third place Saturday night, Texico whipped House, 46-38. Hadley was again high scorer with 16. Engram had 12 and Reid 10.

The win over Logan sent Coach Paul Frederick's boys into the semifinals against Melrose. This was the game that knocked them out of the championship bracket. Melrose won, after coming from behind in the last quarter, 42-40.

In the finals, Melrose won over San Jon, the team the Wolverines meet here Friday night.

Melrose, the eventual tournament winner, trailed at the end of the first quarter, 10-11. At the half, the Buffaloes were one point in front, 21-20. Texico led by four -- 32-28 -- at the fourth quarter. That lead was increased to six points before Melrose bounded in front to stay.

The San Jon-Texico game will be rated a toss-up. It will be the first meeting of the year between the clubs, but their records show they are comparable.

The Wolverines divided scoring honors evenly -- Jerry Bowers, Wesley Engram and

This will be the last home game for the Wolverines for a couple of weeks, Coach Frederick points out. In district standings, the Wolverines are second to Fort Sumner. The Whirlwinds, Texico girls team, go to Melrose Saturday night while the boys are idle.

Social Events of Interest

Hypnosis Discussed For Sorority

Dr. T. J. Glenn was guest speaker at Monday night meeting of Theta Rho Chapter of ESA. He discussed the powers of hypnosis.

Hostess for the social and brief business session was Mrs. Bill Prince. Final plans for the sorority's annual Mother's March for the March of Dimes were made. The march will take place Thursday and Friday and participants will wear white gloves.

Details for an ESA district meeting to be in Farwell Sunday, February 8, were also discussed. Program will include a luncheon at 1 p.m. in the Farwell school cafeteria to be followed by a business meeting.

Mrs. Prince served angel food cake and coffee to Dr. Glenn, Mrs. R. W. Anderson, also a guest, and the following members:

Mesdames John Getz, Joe Helton, Mark Liethen, Wilma Liner, Frank Pritchett, M. C. Roberts, Mitz Walling, Bert Williams, Bill Glenn, Don Williams and Miss Jimmie Lou Waincott.

Variety Club Sees Demonstration

Mrs. Corda Battey of Friona demonstrated making pictures by hall screen and artificial flowers at a meeting of Oklahoma Lane Variety Club with Mrs. Ed McGuire Wednesday, January 21.

The women spent the afternoon hemming cuptowels for the hostess. A brief business session was conducted.

Sandwiches, cake, coffee or tea were served to Mesdames Bessie Caldwell, Jewel Berry, Janie Sides, Pearl Grissom and Lola Jean, Carrie Christian, Ina West, Dexter Watkins; two visitors, Mrs. Earl Cole of Hereford and Mrs. Battey of Friona, and the hostess.

houseparty were Mrs. Bobbie Sanders of Whitarral, aunt of the bride, and Mesdames John Lockhart and Jesse Hudson.

The table was covered with white lace over blue and appointments were crystal. Center of attraction was the elaborate cake. Three top tiers were supported over four heart-shaped cakes arranged petalwise around the base. Tiny icing flowers were pastel orange and blue and wedding bells in graduated sizes decorated each tier. A heart-shaped wreath framed the miniature bridal couple which topped the cake. Mrs. Gordon Smith, a family friend, baked and decorated the cake.

On the wall back of the table blue streamers connected two large satin covered hearts inscribed with "Bobbye" and "Odis" in gold.

The bride, a graduate of Texico High School, is a senior music major at Eastern New Mexico University. The bridegroom was graduated from Portales High School and is also a senior at Eastern. The couple will live in Portales.

Out-of-town guests included Mr. and Mrs. M. M. Cooper, Miss Mary Ann Bryant, Mrs. Bud King, Mrs. S. G. Bridges Sr., and Mr. and Mrs. John Dougherty, all of Portales.

Walls - Cooper Vows Exchanged Sunday

Rev. B. J. Foster of Abilene read wedding vows which united Mary Ann Walls and Larry Joe Cooper Sunday afternoon in Oklahoma Lane Methodist Church.

Parents of the couple are Mr. and Mrs. A. N. Walls of Farwell and Mr. and Mrs. L. L. Cooper of Lariat.

Twin seven-branched candelabra were backed by potted fern

and baskets of gladioli and snapdragons stood on either side of the arrangement. A kneeling bench covered in white completed the setting for the double ring ceremony.

Miss Lanette Smith of Abilene, former roommate of the bride, played the organ and accompanied Miss Jeanette Hughes who sang "O Promise Me."

Attending her sister-in-law as matron of honor was Mrs. Mitchell Walls of Farmington who wore a sheath of winter pink crystalline styled with a bateau neckline and short sleeves and accented with a deep gathered flounce. She carried a bouquet of white and fuschia roses.

Donnie Carpenter served the bridegroom as best man. Ushers were Mitchell Walls of Farmington, brother of the bride, and Lewis Cooper of Portales, cousin of the bridegroom. Candelighters were Rickey Cooper, brother of the bridegroom, and Steve Foster of Abilene.

Flower girl was Leslie Cooper, sister of the bridegroom. She wore a winter pink dress styled similarly to that of the honor attendant and carried a miniature of her bouquet.

Gowned in lace over a satin sheath, the bride was given in marriage by her father. A satin band marked the top of a

MR. AND MRS. LARRY COOPER

deep gathered flounce on the skirt and the simple bateau neckline and elbow-length sleeves were complemented by short lace mitts. Tiny covered buttons extended below the waist in the back.

Lace flowers centered with rhinestones dotted her shoulder-length veil of illusion held in place by a satin bandeau. She carried a bouquet of white sweetheart roses atop a lace covered white Bible.

For something old she carried a locket given the mother of the bridegroom by her parents on her 16th birthday; something new was a diamond necklace, a gift from the bridegroom. She borrowed a handkerchief from the matron of honor and wore a blue garter belonging to her sister, Mrs. Dave Greer.

Mrs. Walls wore a rust-colored dress with orange and brown accessories while the mother of the bridegroom chose a blue sheath with blue and peccan accessories. Both wore bird of paradise corsages.

At a reception in the church's fellowship hall, Mrs. Greer and Miss Laurie Cooper, cousin of the bridegroom, served the guests after the newly weds had cut the three tiered cake decorated with roses and topped with a miniature bridal couple. Crystal appointments were used on the net-covered table. White cake and pink punch carried out the bride's color scheme.

For a wedding trip to Carlisbad Caverns, Mrs. Cooper changed to a beige novelty-weave rayon suit trimmed in white. She used dark green accessories and a corsage from her bouquet.

The couple will be at home at 1917 Estes Street in Abilene where he is a sophomore pre-med student at McMurry College and she attends a busi-

MR. AND MRS. ODIS HARTWIG

Bobbye Richardson Weds Odis Hartwig

First Baptist Church in Texico was the setting Thursday night for the wedding of Miss Bobbye Merle Richardson and Odis Hartwig of Portales.

Mr. and Mrs. Jess Richardson of Texico are parents of the bride and the bridegroom is the son of Mr. and Mrs. Ernest Hartwig of Portales.

Rev. C. C. Morgan officiated at the double ring ceremony before an altar setting lighted by gold-sprayed aqua candles in seven-branched candelabra at either side. Forming the background was a large heart covered with aqua metallic material and banded with gold

net tied in a large bow. A basket of white gladioli and snapdragons and potted palms completed the decorations.

Pianist was Mrs. W. T. Watson. She also accompanied Mrs. J. M. White who sang "Why Do I Love Thee" and "Because" before the ceremony and "Bless This House" at the close.

Candelighters were Ronnie Richardson and Jack Sanders, brother and cousin of the bride, and ushers were Larry Richardson and Seldon Sanders, another brother and cousin of the bride.

Miss Peggy Vowell, ENMU classmate of the bride, was maid of honor. She wore a blue velvet sheath with white carnation corsage. Attending the bridegroom was S. G. Bridges Jr. of Portales.

Her father gave the bride in marriage. She wore a ballerina-length dress of Chantilly lace and net styled with a fitted bodice, a low round neckline, and long sleeves pointed at the wrist. Fitted at the waist, the skirt flared to a wide sweep at the hemline. Her lace-edged veil of tulle was elbow-length and she carried a crescent bouquet of white rosebuds.

For something old, she wore a bracelet that had been given her grandmother, Mrs. Oscar Stoddard of Truth or Consequences, on her 18th birthday and passed on to her daughter, the mother of the bride. Her wedding gown was new; she borrowed a watch from her bridesmaid and wore a blue garter made for her by her aunt, Mrs. M. M. Cooper of Portales.

The mother of the bride wore a navy blue suit trimmed in white and a carnation corsage.

Miss Audrey Hapke registered guests at the wedding and reception in the basement of the church. Miss Lillian Cooper of Portales and Miss Laurie Cooper, cousins of the bride, served. Other members of the

TWC Changes February Meeting

Regular meeting of Texico Woman's Club has been moved up from the third Monday night to the second for February.

Reason for the change, announces Mrs. Ruby Doran, president, is a conflict with Curry County's annual "42" tournament which will be at Texico February 16. In order that they may serve sandwiches at the tournament, club members will have their guest night February 9 and plan to entertain their husbands.

HALLS RETURN

Mr. and Mrs. Bill Hall returned Friday night from an eight-day trip to Dallas, Denton, and McKinney. They visited Mrs. Hall's brother who has been ill and other friends and relatives. The local man says they ran into some of the worst weather he has ever seen.

FORMER RESIDENTS VISIT HERE SUNDAY

Rev. and Mrs. Ansel Lynn of Dallas were Sunday guests of Mr. and Mrs. W. N. Foster. Rev. Lynn, a former pastor of Oklahoma Lane Methodist Church, was guest speaker there Sunday morning. The couple also visited other friends in the area.

Mrs. Robert Morton returned Sunday night from Shallowater where she had been at the bedside of her father, M. E. Herron, who suffered a heart attack recently.

Returning Sunday from a month's-long stay in parts of Texas was Mrs. N. R. Harding. She had visited her son, Warren G. Harding at Galveston, and with other relatives in Houston, San Antonio, and Sabinas since Christmas.

Weekend guests of Mr. and Mrs. George Storey were their son and family, Mr. and Mrs. Everett Storey and children of Amarillo. Also a recent guest in the home was her brother-in-law, Britt Clark of Summerfield.

Mrs. Doshier Gives Devotion

Topic of a devotion given by Mrs. Frank Doshier at a Tuesday night meeting of Ruth Class of Texico Baptist Church was "How to Handle Criticism."

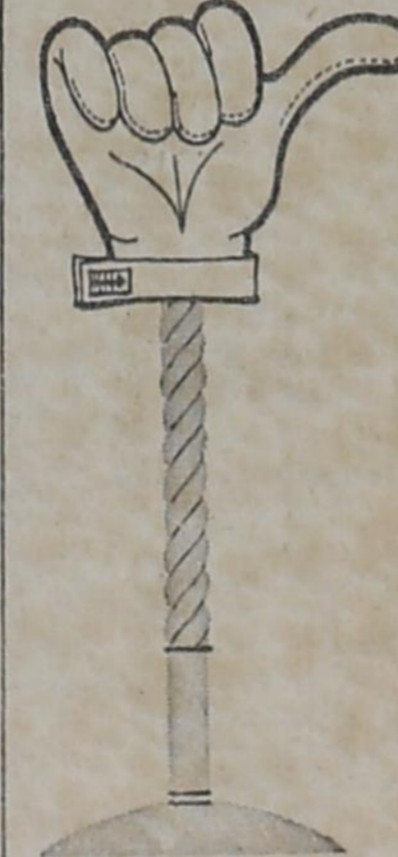

Hostess to the group was Mrs. M. H. Poteet. Mrs. Olan Schlueter directed the program. Mrs. D. J. Brown gave the opening prayer and Mrs. Guy Cox gave a treasurer's report.

Mrs. Poteet served angel food cake with pineapple sauce and fruit punch to those mentioned above and Mesdames Judge Stone, Nora Day, and a visitor, Mrs. J. O. Landon.

WILKERSON BABY BORN IN GERMANY

Word has been received here of the birth of a daughter to Sp-4 and Mrs. Jimmy Wilkerson of Frankfurt, Germany. Lori Rene was born January 14, and weighed 5 pounds, 14 ounces. Mrs. Wilkerson is a sister of Mrs. Joe Jones and the daughter of R. A. Shanks of Muleshoe. Paternal grandparents are Mr. and Mrs. Troy Wilkerson of Muleshoe.

Mrs. O. M. Dudley of Silverton and Mrs. Carol Davis of Hart visited Monday with their daughter and sister, Mrs. W. H. Graham Jr., and their new grandson and nephew, John Dudley Graham.

Mrs. Billington Presents Lesson

Mrs. S. G. Billington taught the lesson from the book of Habakuk at a Tuesday morning meeting of the Young Women's W.M.U. of Texico Baptist Church.

Attending were Mesdames Don Faught, Ken Stone, C. H. Webb, W. T. Watson, Perry Winkles, and Mary Dell Brown. The group considers the semi-weekly meetings time well spent and urges other young women to attend. Mrs. Joe Morgan keeps the nursery during the sessions.

Guests this week in the home of Mr. and Mrs. A. N. Walls are his parents, Mr. and Mrs. Jack Walls of Sand Springs, Okla. Their daughter, Mrs. J. C. Heathington of Clarendon brought them to Farwell last Thursday to attend the Sunday wedding of Miss Mary Ann Walls and Larry Cooper.

Unique Decoration Highlights Shower For Mary Ann Walls

A conversation piece at a Friday afternoon shower honoring Miss Mary Ann Walls, who was married to Larry Cooper Sunday, was the unique decoration on the registration table.

A miniature bridal couple in a large crystal ball formed the base for an arrangement of snapdragons and red roses. Fall colors were featured on the refreshments table. Chrysanthemums and berries nestled in an arrangement of dried material. Yellow candles and crystal appointments completed the decor and cake squares were served with hot spiced punch and coffee.

Soloist for the affair in the fellowship hall of Oklahoma Lane Methodist Church was Mrs. Troy Christian who sang "Whither Thou Goest." Hostesses included Mrs. B. J. Foster of Abilene and Mesdames

Mrs. Medlin of Amarillo; Mr. and Mrs. Buck Medlin of Bula; and Mr. and Mrs. Fred Terry of Meadow.

Also Mesdames Vernon Jamison, Leldon Phillips, Sam White, Vernon C. Willard, Asa Smith, Dick Gerles, George Douglas, L. L. Norton, Lewis Scoggin, D. O. Burlesmith, Norman Head, and W. N. Foster; Also Mesdames Myron Hillcock, W. H. Graham Sr., Martin Kriegel, James McDorman, D. O. Rolland, Floyd Embry, Leon Grissom, C. C. Christian, Paul Crooks, Hugh Alexander, R. B. Tucker, and Charlie Nix;

Assisting the honoree in opening the gifts were her mother, Mrs. A. N. Walls, and the mother of her fiance, Mrs. L. L. Cooper. Mrs. Dave Greer, sister of the honoree, registered gifts. All were presented carnation corsages.

Attending and sending gifts were Mesdames Jesse Range, and Dave Daniel of Lubbock; Mrs. John Heathington of Clarendon; Mr. and Mrs. Mitchell Walls and Mr. and Mrs. Lee Walls of Farmington; Mr. and Mrs. A. I. Smith and family of Stamford; Miss Lanette Smith of Abilene; Mr. and Mrs. M. M. Cooper of Portales; Mr. and

New Course Offered

Farm management is a new course offered without credit this semester at Lubbock school to senior boys who plan to begin farming after graduation. The program is designed to help students plan their farming operations for the first five years. Jack Black is instructor.

of Muleshoe, began at 10. Mrs. Bishop is sub-district chairman. Theme of the meeting was "A Commandment to Keep."

A devotional, group singing and quiet meditation featured the morning meeting. Mrs. Leon Ware of Bovina read the song, "Living for Jesus," against a background of organ music. Ways in which members of WSCS may serve Christianity were points of discussion by the program committee.

A film, depicting the progress of a village in Egypt after educational facilities were provided, was shown by Mrs. Warren Morton and Mrs. Billie Sudderth. Mrs. Morton managed the slide projector and Mrs. Sudderth narrated.

Approximately 60 women from the area were present. Attending from Bovina were Mrs. Ware, Mrs. Morton, Mrs. Sudderth, Mrs. Della Ezell, Mrs. L. M. Grissom and Mrs. Jimmie Clements.

METHODISTS MEET AT OKLAHOMA LANE

Six members of Bovina Methodist Church attended a sub-district Woman's Society of Christian Service meeting Tuesday of last week. Registration started at 9 a. m. and the program, under the direction of Mrs. Nina Bishop

FHA Agenda Varied

Members of the FHA of Farwell Schools have several important meeting dates on the agenda before the end of school.

February 21 is the date for an area in-service home economics teacher's meeting in Pampa and the area FHA meeting in Amarillo is scheduled for March 7.

An open house and special activities at the home economics department at Tech is slated for April 17-18; state FHA meeting in Dallas is set for April 23-25; and the national session in Chicago will be July 13-17.

GOLDEN WEST SEEDS
By PAT

We were planning to offer congratulations to Sonny Graham for being the first in Farwell to get up his Christmas lights for 1959, but guess we'll just have to say he was a little later than some of his neighbors in getting them down.

In talking to a representative of one of the largest textile mills in the United States, he gave us some very startling facts about the cotton industry. It is now possible to buy cotton cloth from Japan, ship it to Houston, Texas, make it into a cotton bag, ship the bag to Cuba and sell it at half the price of a bag made from cotton grown in the United States, manufactured in the United States. Any solution to this problem?

If you are thinking about putting nitrogen on wheat this spring, you had best be getting in gear. Best results from anhydrous ammonia, ammonium nitrate, or ammonium sulfate are obtained in late January or February. Golden West Seed Co. is your authorized dealer for Mathieson, International, Armour, Caprock, Ark-Mo, and many other brands. We can give you bulk delivery and save you money. It isn't too early to be getting phosphates on your alfalfa and cotton land. Phosphate fertilizers do not leach out of the soil and can be applied any time with the assurance that the fertilizer will be available for the plant when it is ready to use it. You might use this as a guide when planning your fertilizer needs---one and a third bales will use about 60 pounds of nitrogen, 30 pounds of phosphorous, and 20 pounds of potash.

Do you think you would like to grow certified or hybrid seeds during 1959? We would like to talk to you if you are interested.

The best story yet on Sorghum Almon----on 44 acres 317 cattle were run during the summer and the total pounds of beef produced was 80,000. At 20 cents a pound that beats growing turnips and you don't have to dig 'em.

Come see us. And you women try some Golden West Flour. The wheat it was milled from may have been grown on your own farm.

Mr. and Mrs. Jerry Don Bell and son of Black were visitors in the home of her parents, Mr. and Mrs. W. N. Foster Monday.

Farmers Setting the Stage

1959 Big Year For Fertilizer

Parmer County area farmers are setting the stage for another big show this fall, with the biggest display of land preparation in history. Their winter and "early spring" land preparation activities are breaking records on every hand.

The reason is not so much that area farmers just happen to have started to believing in thorough land preparation practices this year. It's mostly because of a very uncooperative after-harvest season in 1957 and early 1958 which discouraged -- or outright prevented -- normal farm work.

Many farmers do not stick with what could be called really full-scale land work year in and year out. Some deep break for instance, this year and then skip breaking the following year in favor of chiseling or some less time and money consuming technique.

Lots of farmers have lots of different formulas for keeping their land in top shape and the way they want it for the farming they want to do. The weather of last year, though, has lined nearly all of them up in favor of an early and thorough start on this crop year, since normal activity has reduced to such a great extent for the previous year.

That's the reason so many tractors are laboring around the clock to get the soil tilled the way farmers want it for what they hope -- and plan -- will be -- another big crop year.

Each year that crops are grown under irrigation on the High Plains, more and more farmers are converted to the idea of better land preparation as a means of helping increase yields under these intense farming methods.

As a general rule, land working has been satisfactory, since the weather has been open (comparatively speaking) and sufficient moisture has been left in the soil from last fall to make the soil work well.

It appears that the 1959 crop year will set another record in the Parmer County area in use of commercial fertilizers.

Farmers have discovered that each year their land is under irrigation the high withdrawals of soil nutrients with such heavy cropping practices increases the need for supplementing natural plant foods.

Fertilizing takes its place along with plowing so far as getting ready for a crop is concerned. Most often, it is begun just after the crop from the previous year has been taken off and the stubble shredded or plowed in. Then, fertilizer is often applied before planting time to make sure the food is available or the plants when they come up.

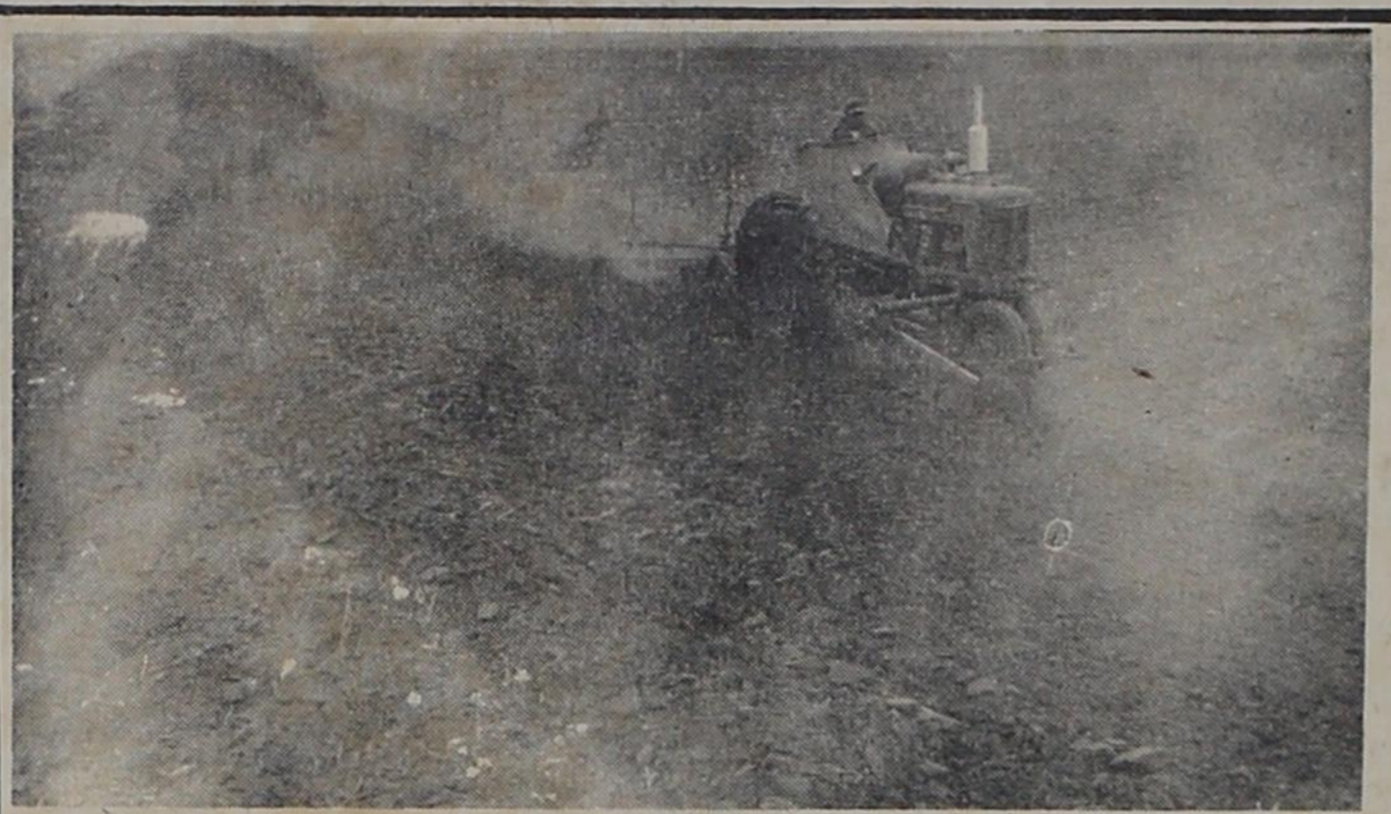

Nitrogen is the most commonly used fertilizer, because it is the one that crops use the most of in growing. Nitrogen alone has been the fertilizer standby of many a farmer on the High Plains in years past.

However, other needs are being felt now, including the now almost-universal practice of combining phosphorus with nitrogen when fertilizing cotton. In the case of applying fertilizer in advance of planting, the county agent, Joe Jones, has this suggestion:

"If you are planning to use nitrogen and phosphorus on your cotton land, use markers when putting the fertilizer on so that when you come along later and do your listing the lister ridges

On the subject of breaking, County Agent Joe Jones comments, "It is certainly beneficial in some years. It is one of the best ways there is to loosen up the ground down to nine or 10 inches."

THE HIGH PLAINS FARM AND HOME

Day in and day out the work grinds forward on farms in the Parmer County area, as farmers undertake probably the greatest land preparation project in the history of the High Plains. Much early tillage was postponed because of poor weather conditions last season, and nearly all operators are out to make this a "catch up" year. This is a farm near Bovina.

School Sets Meeting Series For Farmers

First in a series of meetings of interest to farmers will be Thursday, February 5, at 8 p.m. in Lazbuddie School Auditorium.

Subsequent sessions will be February 12 and February 26-28. The former will be a soils management program and the latter will be a welding school in the school shop.

Topic for the initial meeting will be water conservation and a representative from High Plains Underground Water District will be on hand to discuss methods of conserving water. Also a topic for consideration will possible legislation for the control of well

put down and what farmers can do to avoid such legislation that might lead to a type of water rationing.

Jack Black, vocational agriculture instructor at Lazbuddie, has arranged the meetings and urges all interested county farmers to attend.

"I was making big money," one prison inmate boasted to another, "about half an inch too big."

THE PARMER COUNTY IMPLEMENT CO. NEWS

"The Place Where Most People Trade" Frona, Texas Wednesday, January 28, 1959

Mr. Farmer, if you are in need of any farm equipment, new or used, you will find one of the largest selections in the Southwest at Parmer County Implement Company. PCICN

23,000 feet. The drilling rig is owned by the Phillips Company. PCICN

A Southern soldier passed away and arrived at the gates of eternity. "Gee," he gasped, "I didn't know Heaven would look so much like Texas." "Son," said the gatekeeper, "this isn't Heaven." PCICN

It seems that two little youngsters in the first grade were let out of school at recess time. The bell rang and they dashed out in the yard and played around, and some planes went overhead, and one said to the other, "What kind of a plane was that?" The other fellow said, "That is a 102-F, it has one of those new J-79 engines in it, and it can go 900 miles per hour." And the other fellow said, "Well, there is a better one coming out, it has a different kind of engine in it," and they got into a big discussion about these planes. This went on all through the recess period, and then the bell rang again and one kid said to the other, "Now we have to go in and string those damned beads." PCICN

It's very difficult to stick to a light diet. It takes about a ton of will power to take off ten pounds of excess weight. PCICN

With the International 350 Utility you can put more horsepower in the harness, more power control on every job with the new International 350 Utility tractor! See how it paves the way to peak-power profits with faster, easier, all-job performance. PCICN

Conversation at our house as school starts; David: "John Bill, I wish we were twins." John Bill: "What for?" David: "Then I could go to school one day and you the next." PCICN

Need to trade for a late model car? We have a very good selection of late model cars that are exceptionally clean and ready to go. Come by and we will make you a deal you can't afford to miss. PCICN

Turn on full power. Tackle toughest soil. McCormick trail type and fast hitch disk plows can take it. See us today for size and model to match your plowing jobs and be sure to ask for the special "Dry Weather" price on all disk plows. PCICN

Texas also has the world's deepest well, located 13 miles east of Fort Stockton in Pecos County. The well is now over 3,000 feet deep. PCICN

Grandfather: When I was your age I thought nothing of getting up at 5 a.m.
Grandson: I don't think much of it, either. PCICN

Disk deep in toughest conditions -- disk accurately in light, loose soils -- the torsion frame permits uniform disking in uneven, hard or rocky fields. See the new McCormick #37 wheel controlled tandem disk harrow today. PCICN

The College freshman had pestered his father for a new car. On a visit, his father pointed out the ancient vintage cars in the parking lot. "But, Dad," the lad protested, "those cars belong to the faculty." PCICN

Ph.2341 Frona

Lazbuddians On Bus Trip

member from Dimmitt. He told us that the board has recently approved a re-seal plan for grain sorghum. This will give farmers an opportunity to hold their grain longer for a possible increase in market price.

DENTON--Alex Dickie, Jr., president, Texas Farmers Union, announced today that the annual Texas Farmers Union Washington bus trip will leave from the Marchmont Hotel in Wichita Falls, Friday morning, January 23 and will arrive in Washington Sunday evening, January 25.

Farmers Union delegates will call on members of the senate, house of representatives, and the Department of Agriculture in an effort to pass a "realistic bargaining power farm bill for family farmers."

The legislation sought by Farmers Union will be along the line of realistic production control to enable farmers to demand and get a fair price for what they do produce, says Dickey.

Another proposal would be for a nation-wide, low interest, REA type loan for farmer owned cooperative marketing and processing plants which would enable the farmer to hang on to his product further along the line. Another approach advocated by Farmers Union is direct payment approach on farm commodities.

They will be in Washington for a period of four days and return to Texas on February 1. The list of delegates include Mr. and Mrs. C. C. Matthews, and Mr. and Mrs. C. C. Graef, Lazbuddie; Mr. and Mrs. Clyde Weatherly, Frona.

Bug Survey Favorable

Unlike some portions of the eastern part of the High Plains which three weeks ago had reported a buildup in greenbug activity in wheat fields, Parmer County's condition is reported good this week after a survey.

Jim Hawkins, survey entomologist from Texas A & M, who checked six fields in the county last weekend, reports low infestations. In three fields only one 'bug per linear foot was spotted. In three others the count was one to two. "These checks were made in

mid-morning when the temperature was low and there was no insect activity. Therefore, it is felt that some were overlooked," he says to slightly qualify his survey. However, he and the county agent note that their findings are certainly less than alarming.

Farmers in the area had been asked to keep a close watch on their fields for possible buildup and subsequent damage to young wheat crops. During cold weather greenbugs continue to multiply although their natural enemies are at a standstill. As a consequence, when warm weather returns and insect activity begins in earnest, the greenbugs seem to take command suddenly.

Many farmers are now winter irrigating wheat, and in this connection County Agent Joe Jones points out that it is a mistake to assume that flooding water down the rows drowns or washes out greenbugs. It doesn't.

Not only does watering have little control on the 'bug population, but even application of fertilizers and other non-insecticide farm chemicals doesn't either.

Control is most effective on warm days when conditions are ideal for greenbug activity. At that time the spray which is applied can get a good kill.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

There are many many wonderful recipes for congealed pies, cakes and salads. Many of us have difficulty getting the mixtures to turn out of the containers without tearing at the edges.

If you have this trouble, try unmolding any congealed dish by loosening the edges with a grapefruit knife with a curved blade. This kind of knife is also handy for loosening muffins from baking tins.

The newest congealed recipe we have tried is

LEMON CHEESE CAKE
2 tablespoons unflavored gelatin
1/4 cup cold water
2 eggs, separated
1/4 cup milk
1 teaspoon salt
1/2 cup sugar
2 cups (1 lb.) cottage cheese, sieved
1 6 oz. can fresh-frozen lemonade
1 teaspoon vanilla
1/2 cup heavy cream, whipped

Blend gelatin and water; melt over low heat, then cool slightly. Combine slightly beaten egg yolks, milk, salt, and sugar. Stir over hot water until thickened; do not boil.

Remove from heat, stir in gelatin; mix well. Cool in bowl of cold water, stirring constantly. Remove and add cottage cheese, thawed and undiluted lemonade, and vanilla.

Fold in whipped cream, then egg whites, beaten until stiff but not dry. Pour into crust. Sprinkle with crumbs which have been reserved from the crust. Refrigerate at least 2 hours.

GRAHAM CRACKER CRUST:
Blend 1 cup graham cracker crumbs and 1/4 cup butter, melted. Press 2/3 of this mixture into the bottom of an 8 inch pan or dish. Reserve the other 1/3 to sprinkle on top of the dish.

Cobblers always make easy to make easy to serve desserts and are generally welcomed by the men in your family. One that we especially like is:

HEARTY PEACH COBBLER
1 No. 2 1/2 can cling peach slices
1/3 cup sugar
1 1/2 tablespoons cornstarch
1 1/2 cups sifted all-purpose flour

3 teaspoons baking powder
3/4 teaspoon salt
1/4 cup shortening
1/2 cup plus 2 tablespoons milk

1 tablespoon melted butter
1/2 cup brown sugar (packed)
1 teaspoon cinnamon
1/2 cup chopped walnuts
Turn peach slices into a 6x10 inch baking dish. Blend sugar and cornstarch together and stir into the fruit. Sift together flour, baking powder, and salt. Cut in shortening. Blend in milk. Turn dough out onto a floured board and roll to 6x9 inch rectangle.

Spread with butter and sprinkle with brown sugar, cinnamon, and chopped walnuts. Roll as for jelly roll, and cut into 1 inch slices. Flatten slices with a broad spatula. Place over peaches. Bake in a moderately hot oven for 35 to 40 minutes or until well browned. Serve warm.

COUNTY 4-H CLUB NEWS

FARWELL SR. 4-H Club News by Jimmy Armstrong

The meeting was called to order and we elected a committee to work on the display for National 4-H Club Week. Jimmy Terrell gave a demonstration on how to make an electric extension. Billy Field gave a demonstration on how to build an electro magnet. We talked about the Tractor Maintenance Program. The maintenance program will begin about February 15 and ends sometime in May. Joe issued cards to the ones who wanted to be in the tractor program. Mr. Donaldson met with us. Barry McCuan is going to give a demonstration on how to kill rats on a farm. Bill Quicquel and Jimmie Curtis are going

to give a demonstration on farm safety.

Check all the '59 wagons and you'll agree...
WE'VE GOT THE WORLD'S MOST BEAUTIFULLY PROPORTIONED WAGONS NOW IN PARMER COUNTY

For the first time... Hardtop Styling in the longest, lowest, roomiest wagons Ford has ever offered!

We feel certain you'll agree with us: you've never had it so new as our 1959 Ford wagons. For here are wagons with Ford's exclusive hardtop styling... with more glamour and glass area than ever before!
The wagons themselves are over 5 inches longer. There's a whopping 92 cubic feet of loadspace. In fact, everything about these Ford wagons of ours is new... right down to the new cooler-running, longer-lasting Tyrex cord tires.
NEW! A Limousine Ride... thanks to Ford's exclusive front and rear suspensions you ride "limousine level." There's less rock or rattle, regardless of road or load. And all seats face forward. Come on in this week and let us prove it!

Farmers Union Report

There are men in America today who advocate that the Government keep hands off agriculture and offer no help whatsoever regardless of the disasters which may prevail. They sneer at any help that might be given as a handout, or brand it as some attempt to attach the farm vote, but labor is organized and maintains fair wages for millions of American workers through organizations for this purpose.

The investors in public utilities, railroads, power companies, airplane companies, shipping lines, etc., are protected by the government either by a guarantee of fair returns of capital through rates charged or by outright subsidies. Manufacturers are largely protected by "administered prices", or by shutting down production when the demand for its products is low. The farmer, on the other hand has not as yet been able to come up with an organization or system for maintaining farm prices. Nor is there such a few farmers yet that their leaders may fit production to market needs and hold up profits.

If the farmer cannot use unions, government regulations, or administered prices, what must he do? When improved machinery and modern know how make unlimited production a price beyond anything ever known before, something should be done.

Some people look at our big crops and surpluses and say that production controls have failed, but who knows what our surplus would have been without the controls. Except for cotton, tobacco, and possibly one or two other crops, there has never been a real effort to control production. Wheat controls have been haphazard and the corn program has been a farce. Farmers Union stands for a strong program for all farmers which will assure a parity of income.--Bill Woolley

Wash-and-wear cottons do not need to be separated from other cotton garments when machine laundered. They can be washed and tumble dried at the normal setting and temperature for cotton.

COUNTY 4-H CLUB NEWS

Lazbuddie 4-H Club News by Gary Brown

The meeting was in room 11 in the High School building. The meeting was called to order by President Harrol Redwine. Eugene Houston read the minutes of the last meeting. The Pledge Leader led the Pledge. Calvin Mason gave a demonstration on care of hogs before a show. The meeting was then turned over to Joe Jones and he talked to us about the March of Dimes Drive we are to have. Also J. B. Young talked to us about the Tractor Maintenance Program that is going to start.

FARWELL JR. 4-H Club News by Mike McKown

The 4-H meeting was called to order by Dale Gober, president. Doyle Johnson led the 4-H Pledge. We are to raise money for the March of Dimes on January 24. There will be an Achievement Program at the Hub Community Center February 21. Cotton John will be the speaker. Doyle Johnson and Larry Donaldson are to give a demonstration on the care of baby pigs at our next meeting.

These two-year-old Arizona Cypress evergreens on the Leo Balls place south of Friona are doing fine. Part of the reason for their good growth is protection afforded by old tire casings. County Agent Joe Jones is removing a casing to check condition of one of the trees.

H. D. AGENT'S CORNER

Jimmie Lou Wainscott

SETTING OR RE-SETTING SHRUBS

This is a good time to organize shrubs into screen or foundation plantings around the home, according to Miss Sadie Hatfield, extension homestead improvement specialist. Any shrubs that dot the lawn and complicate mowing may be reset at this time.

To save work later, consider the potential size of the tree or shrub, when choosing a location for setting or re-setting. Large growing plants are not suited for planting around the wells or foundation of the average home. They do make excellent screen plantings to give privacy to the work or recreation area of the landscape. Some large plants that require very little water are the althea, ligustrums, Arizona cypress, cherry laurel, crape myrtle, evergreen sumac and others. Nearly all of the

holies should be used in screen planting rather than placed around the house.

Keep the size of your house in mind when you choose foundation plantings. For the low, ranch type house, which is popular in some areas of the State, true shrubs, that is shrubs that will not grow over 8 to 10 feet, are best suited. There are many that are drought and insect resistant. Among these are rosemary, lavender, the dwarf junipers, spirea, dwarf pyracantha, nandina, abelia, native agarita and others.

For more information on planning your landscape, and choosing shrubs adapted to your area, visit your local county extension agent's office.

When to prune shrubs is a problem which concerns many gardeners, says Miss Hatfield. An easy rule to remember is this: if shrubs bloom early, prune them early. The reason is fairly obvious. Early blooming shrubs start forming buds for next year's flowers right after their petals fall in the spring.

SOIL CONSERVATION DISTRICT NEWS

For the first quarter of this year the Soil Conservation Service has received 221 referrals to date requesting assistance under the ACP program. All of the referrals are for the construction of pipelines for irrigation water with the exception of five. Four of these five are for land leveling and the other for diversion construction.

Servicing these referrals so that everything is in order for construction to begin will take considerable time. We realize that many of you need the lines to water your wheat. Therefore, the SCS will approve these

referrals as soon as time and weather conditions will permit. Your patience and understanding will be greatly appreciated.

For those who are planning to establish grass this spring on your soil bank land or under the Great Plains Conservation Program there are a few important things to remember in order to get a good stand of grass.

First, there should be a good dead sorghum residue standing in which to seed grass. This residue should be in 24-inch rows or less and in a good dense stand in order to get a good stand of grass.

Another factor in establishing grass is to plant the grass at the right depth and in a firm seedbed. Grass seed can easily be buried too deep.

Planting time is also important. For the grasses to be planted in Parmer County, plantings should not be made after February 15 and not later than May 15 for best results. Exceeding these dates either way will decrease your chances of securing a good stand of grass.

School Board Takes Census At Lazbuddie

Lazbuddie School Board members are conducting the annual school census this week.

Any family not contacted by Friday is asked to call or come by the school or see a member of the board in order that officials may complete the survey. Children who will be six years old on or before September 1, 1959, should be included, says Superintendent J. G. Ward. Children born before September 1, 1941, are not to be included.

Since school funds are allocated on a basis determined by the census results and average daily attendance, says the superintendent, the importance of including all the children in the district cannot be over emphasized.

Final deadline for the information is January 31. Members of the board are Frank Hinkson, E. T. Ford, Robert L. Jones, Harold Wilson, J. T. Mayfield, Joe B. Jennings, E. A. Parham.

Blair Infant Better

Jubal Shan Blair, nine-month-old son of Mr. and Mrs. Bobby Blair, is recuperating at home after being hospitalized from Friday through Tuesday. He was suffering from asthma and pneumonia.

Poll Tax Sales Slow In County

Saturday is the deadline for paying poll taxes in Parmer County and all of Texas. Locally at least, folks don't seem to be too excited about prospects.

Sales are down in this "off-election" year, according to Lee Thompson, county assessor-collector. Only slightly more than 1,000 citizens have

qualified themselves to vote this year, so far. That's less than half of the number who would otherwise be eligible to vote.

What's there to vote on? It's anybody's guess. Right now, the only prospects are school board elections, which are pretty routine. But a vote could be called on almost any issue -- from a city or school tax bond question to a statewide election on constitutional amendments. There's not much telling.

Most folks are familiar with the "first vote exemption," which is allowed all turning 21. They have to get an exemption to maintain their eligibility.

More confusing is the "60 or over" exemption, which eliminates the poll tax entirely. That is, it is not required to obtain an exemption: Just show up at the polls and vote away. The age limit was recently reduced from 65 to 60. A person to be exempt because of the riper ages must have been 60 before the first of January of 1958.

That's where some of the confusion enters in. Poll taxes are always a year behind and it will actually be the 1958 tax that'll be paid to vote this year.

Poll taxes can be paid at the courthouse in Farwell, or Ethridge-Spring Agency in Friona. Applications are taken at the Bovina city offices.

Farwell Wins Four of Five From Texico

Farwell teams won four of five non-varsity basketball games from Texico Monday night.

Three boys games were played in Farwell gym and two girls games were played at Texico. Farwell won the eighth grade boys game, 21-20, and the B team game, 38-37. Texico took the freshman boys game, 26-24.

Farwell's eighth grade girls won, 26-13, and the freshman girls were victorious, 39-10.

Bus Drivers Attend Training Meeting

Texico bus drivers were among drivers from Clovis and Curry County who attended a training school conducted by the state of New Mexico in Clovis Tuesday.

Among the local drivers who participated were Mrs. B. J. Trower, Mrs. Jimmie Allman, Russell Herrington, Taft Turner, Bud Peyton, and Paul Crooks.

Harrison Trustee Nominee

One candidate, Paul Harrison of Rosedale community, has filed for the single position open on Texico School Board. Election will be next Tuesday, February 3.

Murray White, a member of the board for the past six years, declined to run again, feeling that the newly-consolidated area in the district should have a representative on the board. White's term was the only one which expired this year, says Agrie Jones, superintendent.

Holdover board members are T. T. Doolittle, Claude Curry, John Hadley, and Glenn Singleterry.

Letters to the Editor

Maquoketa, Iowa
Dec. 29, 1958
The State Line Tribune
Farwell, Texas

Dear Sir:
I'm sending check for two years subscription to your fine paper. Myself and family enjoy the paper; of course, the part that interests us most is the farming and weather conditions. Your Christmas edition was most interesting. I'm hoping this finds all well and a Happy New Year to all.
Respectfully yours,
T. Fred Orr
By Minnie Orr

Chapter Has Map Project

Lazbuddie FFA members are maintaining maps of irrigation wells and bindweed in Lazbuddie school district, according to Jack Black, vocational agriculture instructor.

They ask cooperation of farmers in the area in pinpointing new wells and bindweed infested areas.
In other vo-ag activities, students are learning arc welding and rafter cutting.

Frank Pritchett;
Also Ronny and Hal Graham, Mike Travis, Virginia and John Pritchett, Brad Jones and the hostesses.

Home of Mrs. Ernest Kube was scene of benefit coffee also given January 20. Guests contributed \$20.
Attending were Mesdames Mary Kube, Walter Kaltwasser, Joe McWilliams, Martin Krieger, Stanley Williams, G. P. Meisner, Dick Gerles, Ed Ramon, and Ben Kube.

Another Arrested For Burglary

A second person was arrested in connection with the burglary of Bovina Implement Co. last week. Monday, Amarillo officers picked up and held for DeWitt County officers J. D. Lewis of that city.
Chas. Loyance returned here the next day, and will face charges of burglarizing the Bovina firm. Loyance is already on probation for a bank robbery in Oklahoma City some time ago.

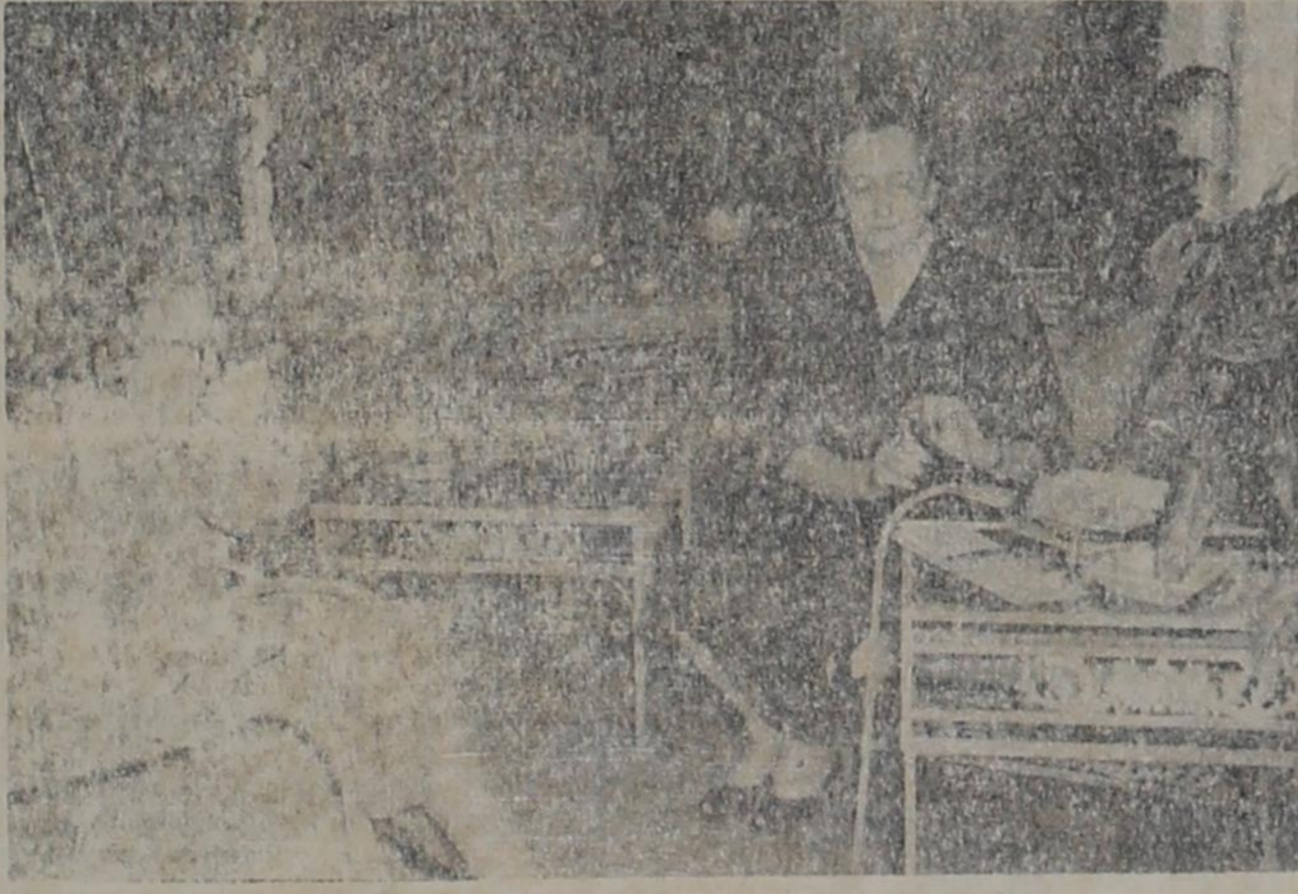

Renew your subscription before it expires!

There's no "end" to the quality of our products. Our GOOD gasoline, our top-quality oil, our lubrication and our washing service are designed to please YOU and protect your car.

COUNTY CHAIRMAN OF WOMEN'S activities, Mrs. Mitz Walling, is given a warm-up on her cup of coffee at a MOD benefit social at the home of Mrs. Sam Rundell, center, Tuesday afternoon. Mrs. Jim Terrell, left, was among more than 50 persons who attended and contributed over \$120 to the March of Dimes.

TOTALING UP--Mrs. John Aldridge, one of the co-hostesses at a Tuesday afternoon March of Dimes coffee given by Mrs. Sam Rundell and members of Farwell Study Club, adds up the contributions of some 50 persons who attended. She and Mrs. M. C. Roberts are seated on the sunporch of the gracious Rundell home.

4-H Girls See Demonstration

Farwell junior 4-H girls saw two demonstrations at a meeting last Thursday at the school.

Members of the club, Phyllis Christian and Linda Christian showed how to make chocolate cookies and Home Demonstration agent, Miss Jimmie Lou Wainwright, demonstrated layered cheese casserole.

Across the Street from the Courthouse

Sally Lewis says...

Wash-and-Wear garments are evidently here to stay. But with the convenience and time-saving advantages of these new fabrics also comes some problems.

To give garments their wrinkle-proof quality, manufacturers impregnate them with resins. All is well until the garment is washed in water containing a bleach and then exposed to heat. Heat releases the chlorine and often causes a sparkling white shirt or blouse to turn any number of colors and the fabric loses strength. The culprit is not the bleach, but the type of resin used.

To retain the original color of your wash-and-wear garments, observe the following tips:

- 1-Whenever possible, use cold or cool water for washing and rinsing.
- 2-For heavily soiled children's and sports clothing, use hot or warm water, but keep the washing time short—not more than 5 minutes.
- 3-If you wash these garments in your washer, do not pack it too full.
- 4-Be selective in choosing the things you wash together.
- 5-Do not allow cleaned or dried wash-and-wear clothing to remain in the washer or dryer too long.
- 6-If you have a dryer, a welcome appliance for wash-and-wear fabrics, don't overdry. If your dryer has a wash-and-wear setting, use it. If not, use a medium heat or a short-dry setting.

Recently a reader inquired as to how she can remove or control the scale which forms on the side of her washer.

The use of synthetic detergent will help to a certain extent. A very effective solution is treating the wash water with 1 teaspoon of household lye to every 5 gallons of water. By softening the water you will use less soap, prevent build-up of scale, and prolong the life of your washing machine and plumbing. Do not use on aluminum parts.
