

**FROM THE  
HOPPER**

BY HOP, JR.

While Frances Boling was enumerating the Grahams this week, we managed to get in a little enumerating of our own, and on account of this, I am able to report a sneak preview of sorts on the Farwell population.

She was almost through nose-counting, and Tuesday she figured the Texas side of the community would wind up with about 1000 people. That figure is going to come as a big disappointment to some folks who have been thinking the town is a lot larger.

You may recall that a couple of months back The Tribune took a little poll and came up with about 1850 as the likely total. It now looks as if that might be a wee bit high for the Twin Cities, if Farwell has only 950.

At that time I guessed 1100 for Farwell and 850 for Texico. I am going to be high for both sides, it looks like. (We haven't had a report from Texico yet.)

Old "Hard Times" Huggins, who just couldn't seem to get the chamber of commerce spirit, guessed our population at 1375. It now looks like he is going to be closer to right than I was.

Actually, a lot of towns and cities are going to be in for a big jolt about their claimed populations. In the past 10 years most folks have been a lot busier building houses than having kids. Even young families--many of them, anyway--now live in large houses. That sort of throws things out of proportion.

And you know what a thing it has gotten to be for older folks to retire to a five-bedroom and a yard a half block wide. Things have changed... just in the short space of 10 years.

Anyway, there's no use worrying about it. Knowing how many people there are (or aren't) in town doesn't make one whit of difference so far as conditions are concerned. We'll keep on eating just as much, spending just as much, and getting just as much done as we ever did.

Most of the time I'm proud to be a newspaperman. But there are times when I make exceptions to that feeling. The wife and I were in Amarillo last weekend for the annual meeting of the Panhandle Press Association, and lo and behold if the rugged individualists of the fourth estate didn't up and vote for continued government subsidies to the press.

You may not know it, but Uncle Sam mails out The Tribune (and all other papers) for less than it costs him to do it. He does this because for 88 years newspapers have been given special consideration as public servants and "disseminators of information."

Now all of this is fine, except I don't see where this entitles newspapers to any special treatment. Actually, I am proud to say that I am in business to try to make a profit. I don't always do it, but then I don't think that the government ought to help me just because I'm not smart enough to make money in my chosen field.

So Saturday morning all of these rock-ribbed newspapermen from the sovereign state of Texas stood up and were counted as being on record against paying their postage bills.

All except one guy, that is. Jeanne says he looked mighty lonesome. If you think that guy was me, you're wrong. I wasn't in the room at the time. Anyhow, hat's off to the staunch newspapermen of the Texas Panhandle, who fearlessly oppose government subsidy at all levels--nearly all, I mean.

**Road Contract  
To Be Let May 15**

Ray Bradley, resident engineer of the state highway department of Littlefield, assured commissioners of Parmer County that the contract for the Farm to Market road from Lazbuddie north to Highway 86 will be let about May 15. This report was given at the meeting Monday, according to J. H. McDonald, member of the court.

Other items of business included routine payment of bills. Also, members approved several deeds of right-of-way for the Highway 70-84 project.

TOP BUSINESS STUDENTS from Texico school are pictured above after taking part in the annual Highland's Day activities at Highlands University. Seated from left to right are Alice Gooch, Gayle Potts, Peggie Teel and D'rene Danforth, medal winners. Standing are Patricia Patterson, medal winner; Michael Trower, Sharon Hendrix and Jeannene Campbell, certificate winners; and Joanna Brown, medal winner.

**Texico Students Get  
Awards At Highlands**

Members of the Texico Business Education Department won the "excellence" pennant, 6 medals, and had a student become a member of the "400" club at the State Commerce Club convention, Highlands University, Las Vegas, this past Friday.

To win the "excellence" banner, the highest honor given, Texico Business students had to accumulate over 6000 points during the school year. Points were awarded by the state commerce club on various tests passed in typing, shorthand, and general business. Every student enrolled in typing and shorthand has received at least one award during the year and had a part in winning the pennant, plus many freshman students in general business who passed difficult standardized tests and won awards and points.

Out of 40 schools in the state belonging to the State Commerce Club with 2000 members, Texico and approximately nine other schools won the "excellence" pennant.

Medals were presented to six Texico students whose total points in typing, including SCC convention tests, fell into the highest point bracket for the year.

Students receiving these medals were Joanne Brown, Alice Gooch, Pat Patterson, Gayle Potts, Peggie Teel in Typing I; and D'rene Danforth, Typing II. There were approximately 20 students from over the state in each of these divisions.

Presentation of awards was made at the SCC banquet in the

**Grass Fire Near  
School Causes  
No Damage**

Farwell elementary students had a realistic fire drill Thursday at noon when a pasture behind the school building caught on fire.

The students filed out of the buildings in fire drill order, while local firemen kept the fire under control.

Fire chief, Otis Huggins, stated that there was no explanation as to how the fire started.

Although a large portion of the pasture was burned, no damage was done to any of the school buildings.

Wednesday afternoon the local fire department was called out to put out a grass fire near the Santa Fe tracks in Farwell. No damage was reported.

TWO LOCAL FIREMEN, Pat Patrick, left, and Cary Joe Magness, right, skirt the edge of the fire to wet the area, and keep the blaze under control.

University cafeteria Friday night where over 550 students were present.

D'rene Danforth was among approximately 25 students from the 40 schools becoming members of the "400" club. To achieve this distinction a student must be enrolled in two business courses (usually shorthand and typing) and accumulate 400 points during the year including the passing of tests on the campus at Highlands. Miss Danforth was presented a gold pin.

In addition to receiving medals, the students named above received special certificates for passing the tests at Highlands.

**Athletic  
Banquet  
April 19**

April 19 has been set as the date for the Farwell High School athletic banquet. The affair will begin at 8 p. m.

Sam Baugh, former quarterback of the Texas Christian University Horned Frogs football team, and one of the all-time greats in professional football while quarterbacking for the Washington Redskins will be guest speaker.

Baugh was formerly a coach at Hardin Simmons University in Abilene, and is now employed as coach of the New York Titans, in the American football league.

Baugh was an All-American for three years at TCU, and after graduation played professional football for the Washington Redskins for 16 years. At one time he held about all of the records in the National Football league for passing and punting and some of his records still stand.

After he began playing professional football he bought a ranch at Rotan and has maintained his home there with his wife and 5 sons.

His son Todd is following in his footsteps being named all-state quarterback in Class A football last fall. He is also an outstanding track man.

"Farwell school feels honored to have such a man speak at our athletic banquet," says W. M. Roberts, superintendent of the school.

The public is invited to attend, and tickets can be obtained for \$1.50 from the high school principal's or superintendent's office.

Sharon Hendrix received such an award in Typing I; Jeannene Campbell and Barbara Campbell in Shorthand, Mike Trower in Typing II.

Typing I tests consisted of a five-minute speed test; Typing II was to write two business letters in five minutes, the form and type of punctuation to be announced. The Shorthand students took dictation at 80 words per minute for two minutes.

Other students making the trip were Connie Tharp, Harlo Jean Wall, Leslie Dyer, Bob Gooch, and Phyllis Kelley. They were accompanied by their business teacher, Mrs. Fred Danforth, Mr. and Mrs. Roy Potts, Mr. and Mrs. Coy Gooch, and Buck Doran, school superintendent.

Students were entertained with tours of the buildings, a mixer, Panhellenic Tea for the senior girls, banquet and the musical play "Of Thee I Sing."

Special certificates of superiority or proficiency are to be mailed out this week according to Miss Lillian Rogers, sponsor of the State Commerce Club; and several other Texico students are to receive awards she said.

**Mother Of Dudley  
Hargrove Dies**

Mr. and Mrs. Dudley Hargrove and family of Texico were in Perryton Monday to attend funeral services for his mother, Mrs. Ollie Florence Hargrove, 56. Services were at First Baptist Church with Rev. Carroll Ray, pastor, officiating.

Mrs. Hargrove passed away Saturday at Perryton hospital. The local family was at her bedside.

The Hargrove family resides in Farnsworth.

**Vandals Rob  
School, Two  
Businesses**

Vandals were busy Monday night in Farwell, as they tried to break into the vault in the Farwell High School building, and also stole a car from Walter Hardage's car lot. They also hit a Bovina business, Hartwell Machinery, taking about \$60 in cash.

At Farwell school, the vandals didn't take anything although they damaged furniture, walls and ceiling in the amount of about \$100 according to Sheriff Charles Lovelace.

They gained entrance to the building through a window, and apparently used a punch and screw driver to drill a hole to the vault. Their efforts were futile however, and nothing was taken. They also tried to break into the pop box in the hall of the building.

In Bovina robbers broke into the Hartwell Machinery company taking an estimated \$60. They also broke into the pop box taking some change.

Farwell's other Monday night robbery was short lived as a car stolen from Walter Hardage's car lot was recovered early Tuesday morning in Friona before Hardage reported it missing.

**Bowlers  
Meet  
Tonight**

Bowlers for the three leagues now being organized at AA Lanes will meet tonight (Thursday) at 8 o'clock. Officers will be picked for teams.

A meeting was called Tuesday night at the alley, which was attended by about 40 bowlers and team sponsors. Don Austin from Lubbock explained team and league organization.

AA Lanes plans to be open Thursday night, April 21 at 6 o'clock, according to Partin and Guy Austin, owners of the business. It is hoped that the league organizing will be completed before that time, so that team bowling can begin immediately.

The schedule tentatively picked for leagues is: Monday night, industrial league; Tuesday night, mixed couples; and Thursday night, men.

Fees and their use in organized bowling were discussed at length at the meeting Tuesday night.

**Farwell Population  
Tops 1000 In Census**

Theories on the population of Farwell can be checked now, according to Mrs. Bill Boling, Farwell census director, who completed her count of the town's number of residents this week. She announces that the population of Farwell is 1009 and has a total of 407 housing units. This number includes trailer houses, apartments and other house types.

Mrs. Boling canvassed all houses in the city limits of the town proper. The census took about 10 days. Extensive questioning was included on 233 of the reports.

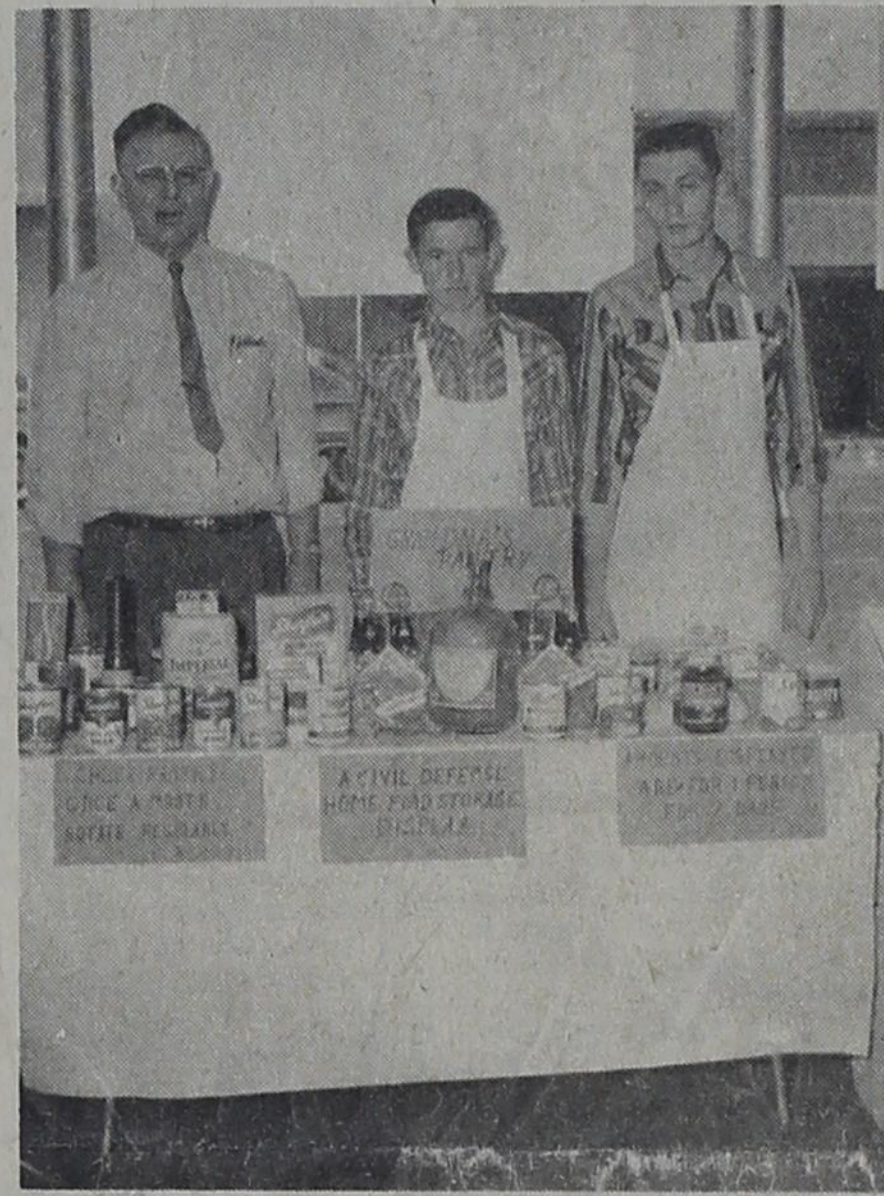

She adds that the people of the town were very cooperative. No one refused to give her the information needed. She expresses appreciation for the help given her by local citizens.

FARWELL, TEXAS THURSDAY, APRIL 14, 1960 NUMBER 28

**THE STATE LINE  
TRIBUNE**

"OFFICIAL PUBLICATION OF PARMER COUNTY"

8 PAGES FORTY-NINTH YEAR SECTION 1

A CIVIL DEFENSE FOOD DISPLAY was set up in the local Piggly Wiggly store Friday by members of Problems of Democracy class at Texico. Pictured above are Carl Davis, manager of Piggly Wiggly, and Lee Spears and Travis Taylor part of the group who set up the display.

**Start Pancake  
Ticket Sales**

"Sales are well under way and progressing rapidly on the Lions pancake breakfast," says Hurschel Harding, Lions president.

The breakfasts are scheduled for April 24 and May 8 at the Farwell school cafeteria, with serving beginning at 7. Ticket sales have been turned over to students in the local schools, with a \$5 prize being given to the class in each school that sells the most tickets.

Tickets can also be purchased from any member of the Lions club for 50 and 75 cents. Proceeds from the breakfasts will go for sight conservation and for the local summer youth recreation program.

At their regular Monday night meeting Lions heard Ed Skypalo from Hereford talk on coin collecting. Skypalo also showed coins from his own collection.

**B Team  
Football  
Schedule**

Farwell's B team football schedule has been completed, announces Coach Dempsey Alexander. For the 1960 season, the team itinerary looks like this:

- SEPT. 10--Gattis (Clovis) here, 11 a. m.
- SEPT. 15--Bovina here, 7 p. m.
- SEPT. 22--Springlake there, 7 p. m.
- OCT. 6--Springlake here, 7 p. m.
- OCT. 13--Bovina there, 7 p. m.
- OCT. 22--Gattis there, 11 a. m.
- OCT. 27--Lazbuddie there, 6 p. m.

The Gattis games are on Saturday mornings. The B team is composed mostly of freshman and sophomore boys.

**Civil Defense  
Display Set Up  
By Texico Class**

Texico's Problems of Democracy class set up a display in the local Piggly Wiggly store Friday to call attention to the need for each American family to keep a supply of foods on hand in case of emergency.

The National Civil Defense has a check list of foods that should be kept on hand for emergencies including canned goods, bottled water, powdered milk, tea and coffee and other survival items such as a battery-powered radio, flash light, and first aid kit.

The display included the food stuffs and other items that should be kept for one person for seven days.

**Farwell Track Team  
Second In District**

Farwell's thincads running a close race in points with Anton for the district track meet, met with bad luck in the closing moments to take home second place honors instead of the coveted first place.

With Larry McDorman running the high hurdles far ahead of his opponents, in the first place awards was almost in Farwell's hands, however, McDorman knocked down the next to the last hurdle and was disqualified. Had he taken even second in the race Farwell would have gained enough points to win the meet.

As it was, Farwell scored 137 1/2 points to Anton's 139 3/4. Kress was third with 91 points.

Farwell's 440 yard relay team set a new record with a 45.1 time, and took first place honors. On the team are Carroll Huggins, Jimmy Hardage, James Ussery, and Jerry Lovelace.

The mile relay team composed of Mike Nelson, Jerry Lovelace, Mickey Rundell and Carroll Huggins took second place. Carroll Huggins placed third in the 100 yard dash, with Jimmy Hardage fourth in the 220 yard dash, James Ussery fifth, and Larry McDorman sixth.

Floyd Trantham heaved the shot for the locals, taking second place honors. Benjy Dial was fourth, and Scotty Turner fifth. Trantham also threw the discus and won second. Benjy Dial was fourth.

In the pole vault, Larry McDorman placed third, with Bill Owen placing third in the

high hurdles and fourth in the low hurdles.

Floyd Trantham tied for first place in the high jump with Earl Johnson placing third and Larry McDorman fourth. In the broad jump Carroll Huggins was second and Benjy Dial fourth. Jerry Lovelace placed second in the 440 yard dash, with Jimmy Clements fourth in the 880 yard run.

Donald Dale placed first in the mile run.

Boys qualifying for the regional meet to be held in Lubbock April 22-23 are members of both the mile and 440 yard relay teams, Jerry Lovelace for the 440 yard dash, Floyd Trantham for the shot, discus and high jump, Carroll Huggins for broad jump, and Donald Dale for the mile run.

**Red Cross  
Total \$230**

With Farwell's Red Cross drive completed for this year, approximately \$230 has been collected.

Most of the money was taken in during a door to door collection campaign made by members of the Farwell Study Club along with Farwell FFA and FHA club members. However, about \$37 was raised in the elementary school for the fund.

Thirty nine per cent of the money collected in Farwell will be retained in the county fund says John Zahn, local Red Cross chairman; and the rest will go to the national fund.

**One Civil Case  
In District Court**

Only one case is on the docket for a jury list called Monday, April 18. This is a civil case in district court.

The contest has been appealed from a county court decision

that was made in December of 1958. It is titled Arthur L. Bolton et al vs. Ruth Bolton Burk. It involves the estate of George Bolton, deceased, which is a quarter section of land near Farwell.

The plaintiffs are seeking to break the will governing disposition of the estate. They were unsuccessful in County Judge A. D. Smith's court, and they now have requested trial before a jury and a probate in district court.

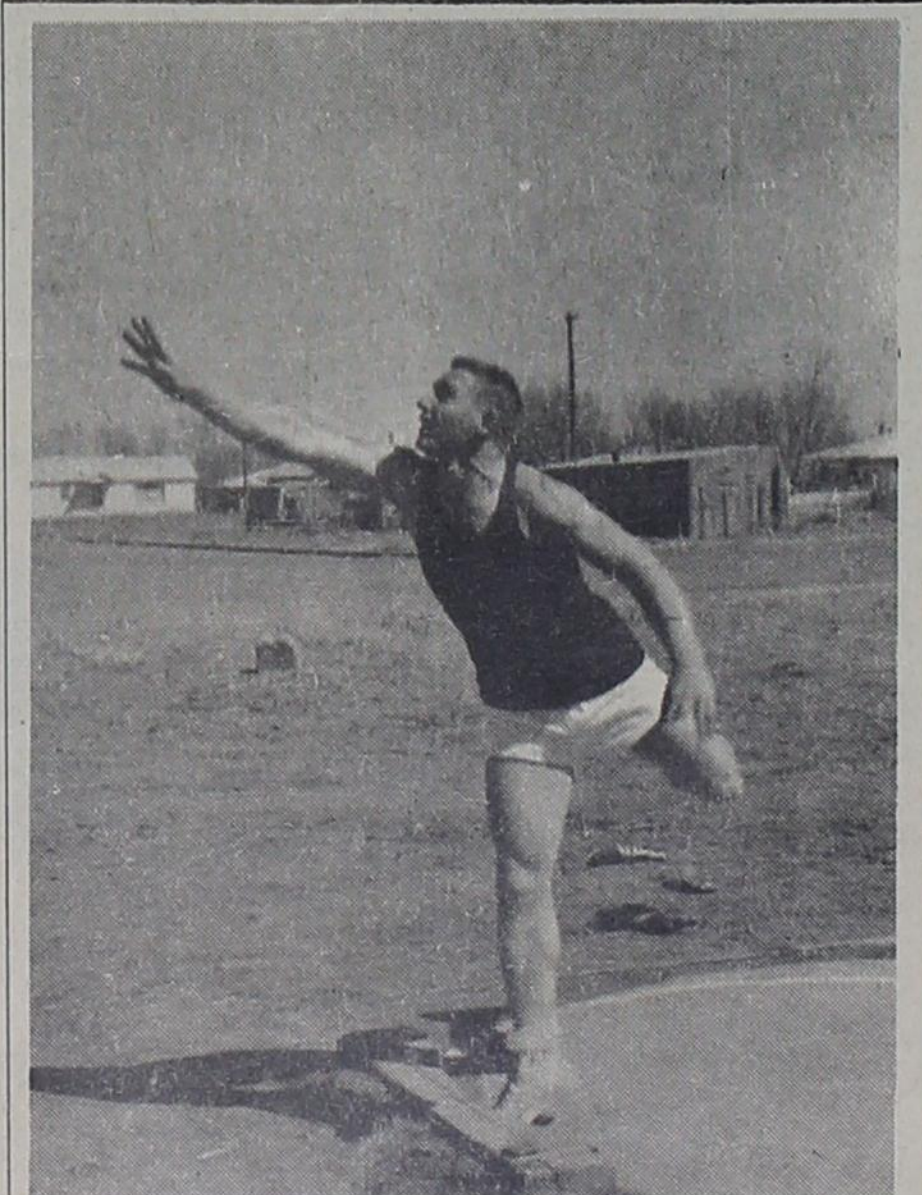

On the jury list are the following:

Mrs. Opal Bewley, Ernest Hillock, Raymond Sudderth, W. L. Blackstone, Joe Moore, John Aduddell, Doyle Elliott, L. R. Vincent, Guy Cox, Oscar Baxter, Mrs. John Armstrong, John H. Burrows;

Keith Blackburn, J. C. Blankenship, Tommy Bonds, William Gromowsky, Calvin Blain, Gene Hardage, G. T. Watkins, L. H. Bradshaw, Murrell Foster, John Getz, E. E. Landrum, Mrs. C. P. Fairchild;

Dean Blackburn, J. E. Sherrill Jr., James C. Ussery, James W. Patrick, C. A. Felts, O. J. Beene, Boone Allison, Raymond Mears, J. A. Loflin, Joe Douglas, Willie Williams, Fred Curtis;

A. O. Gast, William McKowan, Nat Reed, J. H. McDorman, Bedford Caldwell, Cary Joe Magness, Mrs. Billie Sudderth, Clay Henson, J. W. Brock, Charley Bainum, Dee Owens, and Joe Fallwell.

HIGH POINT MAN in the Menual meet, James Halsell, is pictured above taking a practice throw with the shot. Beside him being high point man in the meet, Halsell set a new shot record by heaving the iron ball 48' 2 1/4".

Foreign Aid

In a space of less than three centuries the United States of America has established itself as the greatest humanitarian force the world has ever known. The United States has never been defeated in war and it has thrown away the age old philosophy of "to the victor go the spoils" and substituted the revolutionary concept in international relations that it is the duty and responsibility of a conquering nation to restore and nurse to health the peoples it has defeated.

For this extraordinarily generous attitude, which has been without parallel in the world's history, the United States is sure to be accorded a glowing page in the storybooks of the nations. It is a tribute to our Christian heritage that we have always maintained this generosity to our fellow man.

Is there a point at which a nation's generous acts may be harmful to the generosity of the benevolent nation? We believe that there may be.

Since the end of the second great world conflict, America has sent a part of men, money and material to conquered nations to rebuild their economies which were ravished by a terrible war. This national bread upon the water has returned to us in some unexpected ways. We now find that the patients of our international doctoring have responded so well to our prescription that their health now challenges even that of our own nation. We find that the people who once purchased our goods are now selling us theirs and that, in addition, they are selling goods to neighbor nations who also once purchased our own products.

While we subscribe to the principle of reconstruction and rehabilitation, and are very proud that our nation is one which has believed in restoring conquered nations, we can see no moral obligation, much less economic sense, in continuing to render aid to countries which are now well enough recovered to be able to even outstrip the mighty United States in certain fields of endeavor. It is all right to give your luckless buddy a few tips on successful courtship, but when he begins to date your own best girl, then we think that is the time to quit giving him any assistance.

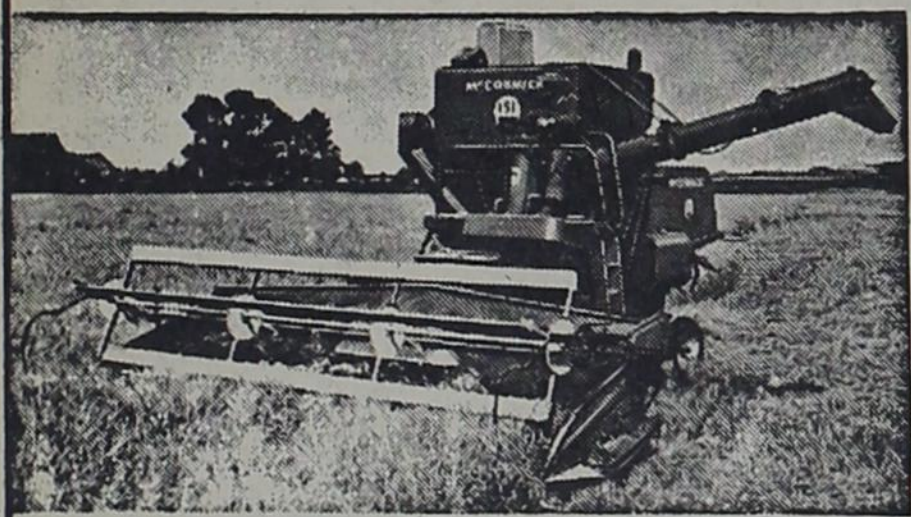

President Eisenhower is one of the most vigorous proponents of foreign aid. He is a well travelled, well read and well informed man and we have a high regard for his judgment which in most cases has proved to be mature. However, our chief executive's position on foreign aid is completely shortsighted. Very probably he is thinking of foreign aid in forms of its value as anti-communist government activity. However, a man such as Eisenhower should have learned a long time ago that friendship cannot be purchased at any price.

The three to five billion dollars, which our president is urging us to spend aiding other countries, would be an unnecessary, ineffective and expensive depletion of this nation's resources.

There are many ways of cementing the bonds of international friendship other than by the dole method.

News From **LAZBUDDIE**

BY MRS. C. A. WATSON

LAZBUDDIE WINS MEET WITH 212 1/2 POINTS

Students placing in the meet at Happy recently were Pat Chitwood third in grade school declamation and John Gulley second in boys declamation. Toni Smith and Debra Bullock were fifth in spelling with Linda Lesley and Marsella Mayfield fourth in spelling. Kelley Mimms tied for first in number sense.

A team of five students placed first in picture memory. They were Marsella Mayfield, Ann Collins, Danny Miller, Susan Pendergrass and Sherry Robinson. Bill Hardage was first in senior boys declamation, and Penny Grusendorf was third in senior girls declamation.

Terry Darling was second and Gale Robinson fourth in junior boys and girls declamation. The spelling team of Glenda Robinson and Lora Meyers placed first, with Janice Darling placing fourth in poetry reading. Jim Broadhurst was first in boys poetry reading.

Glenda Robinson and Cooper Young placed first in senior girls and boys extemporaneous speaking.

In the track and field events Derrel Jennings placed first in 120 yard dash, with Clyde Redwine placing third. Second in 100 yard dash was Fred Savage. Odie Bradshaw was sixth.

Don Watson placed third in the mile run with David Tarter coming in fourth. Derrel Jennings was second in 180 low hurdles with R. L. Porter third in 220 yard dash and Jerry Weaver fifth.

In 440 yard dash Lazbuddie won a first, second and third place, with Bill Hardage first, David Smith second, and Cooper Young third. Jimmie Seaton was first in 880 yard run and Jimmie Broadhurst fifth.

In the mile relay the Lazbuddie team composed of Cooper Young, Fred Savage, Bill Hardage and David Smith was first. The 440 yard relay team composed of James Weaver, Fred Savage, R. L. Porter and Odie Bradshaw also placed first.

David Koelzer was second in the pole vault with Don Smith getting fourth and Jimmie Broadhurst getting fifth.

Odie Bradshaw was first and Fred Savage second in the running broad jump. Derrel Jennings tied for first in the high jump with Jerry Glover. Clyde Redwine was third. Jerry Koelzer was first, Odie Bradshaw fourth, and Gerald McGehee sixth in the shot.

Jerry Koelzer was second and Gerald McGehee third in the discus.

In the junior high division Glendale King was third in the 50 yard dash, and also third in the 75 yard dash. In the 100 yard dash Jerry Englekling was fourth. The 440 yard relay team composed of Calvin Mason, Terry Darling, G. King, and J. Englekling placed second. Connie White was fourth in the pull up with Carol Redwine third and Harold Redwine second. Jerry Englekling placed fourth in the high jump.

In the grade school division Gary Brown placed third in the 75 yard dash. Richard Gordon was second in the 75 yard dash. Kenneth McGehee was third in the 100 yard Dash, and San Megual was second. Benny Watson placed second in the high jump, with Gary Coker third in the chinning.

LAZBUDDIE BIRTHDAYS  
Happy Birthday this week goes to Janette Slayton, Jimmy Dale Seaton and Daryl Foster, April 10; Troy Steinbock, April 12; Eddie Morris and Jerry Koelzer, April 14; and Bobby

Joe Jones, April 15.

Mrs. Troy Sharrock was honored with a "pink and blue" shower in the Lazbuddie Fellowship hall Thursday. Refreshments of pink punch and cookies were served. Hostesses were Mesdames Chuck Smith, Barney Floyd, Ernest Nowell, Don Lumpkin, Roy Daniel, John Gammon, Glen Scott, Dan Cargille and Dwain Menefee.

A stork shower in the home of Mrs. Eva Dean Ivy Tuesday honored Mrs. Albert Clark.

Hostesses were the home economics girls. A stork theme was carried out in the decorations. Guests registered on a large stuffed stork which was presented to the honoree after the event.

Refreshments of pink and blue iced angel food cake decorated with baby booties were served after the gifts were opened.

Congratulations to Mr. and Mrs. Walter Hansins on the birth of a boy April 6 in West Plains Hospital in Muleshoe. He has been named James Oliver.

Rev. and Mrs. Bill Curry welcomed the birth of a son Saturday in West Plains Hospital in Muleshoe. The baby weighed 6 pounds 12 1/2 ounces and has been named Larry Franklin.

Members of the Home Demonstration Club met in the home of Mrs. Jack Brown Tuesday. The program on freezing foods was presented by Mesdames Mildred Redwine and Dee Chitwood. The next meeting will be April 19. The program will be on the heart and diabetic treatment.

A party was given Sunday evening in the Glen Annex home to entertain the young married couples. Lemonade, spiced tea and cookies were served.

Among those going to Portales Thursday to work in the New Mexico children's home were Jesse Annears, Dorothy Weir, Barbara Hugg, Skeet Bradshaw and Barbara Mimms.

Mr. and Mrs. R. L. Foerster attended funeral services for their brother-in-law, Verna Gesler, 63, at Vernon Wednesday. Gesler passed away Monday at his home. Services were conducted in the Zion Lutheran Church.

Sandra Haley, daughter of the Allen Halesys, was dismissed from West Plains Hospital over the weekend.

Carrol Littlefield and Myrtle Steinbock were among those showing paintings at Leigons Cafe in Muleshoe Sunday afternoon.

Wynster Ray, Judy, Odessa and Fern Harrison visited Danny and Dwlene McCoy of Muleshoe Sunday.

Home for the Easter holidays are Jim Roy Daniels and Johnnie Gammon, students at Oklahoma State College.

Mr. and Mrs. Luther Ham accompanied by Mrs. Carrie Withroe made a recent trip touring the south in Louisiana and Mississippi.

Visiting the Dan Cargiles over the weekend were his sisters and their families, Mr. and Mrs. George Jones and son; and Mr. and Mrs. L. V. Basham from Strathmore, Calif.

Mrs. Glen Annears and Mrs. G. W. Mimms left Monday to visit friends and relatives in Denton and Ft. Worth.

Mrs. Lee Kimbrough left the first of the week to visit her mother at Winters and to get their children Nancy and Kyle who have been visiting there the past week.

Lee Kimbrough together with a group of bowlers from Bovina attended the bowling tournament in Alamogordo Sunday.

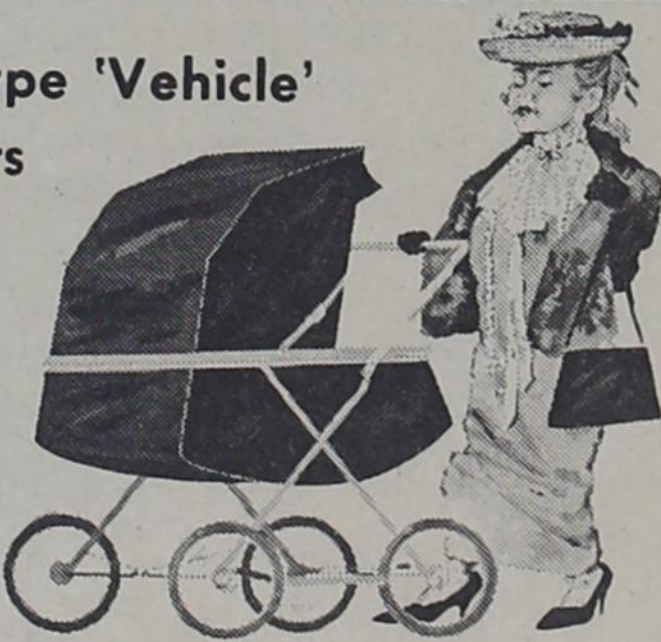

The Joe Scott Menefees returned home last week after visiting here with his mother and other relatives.

Let the people know the facts and the country will be saved.

Standefer High Point In State Livestock Judging

Tommy Standefer, Texico senior, was high point individual among the 147 boys in the State Livestock Judging Contest at New Mexico State University, Las Cruces, over the weekend, according to James Pierce, Texico agriculture teacher.

TOMMY STANDEFER

Standefer and Engram have been active in the local chapter of the Future Farmers of America, holding office as secretary and president respectively. Standefer also is parliamentarian in the district FFA. He has been in 4H about six years, and won many honors and trips in that work, including a trip to the national 4H club congress in Chicago. The boys are the sons of Mr. and Mrs. Ralph Standefer and Mr. and Mrs. Wes Engram.

"Our six teams that entered state competition in Las Cruces were competing with teams from schools all over the state," the agriculture teacher explained. "There is no division among the sizes of the schools."

With Standefer on the Livestock Judging team were Bill Roth and Leon Kelley. They placed fourth in the state. These boys had to judge sheep, hogs, and beef cattle in both breeding and fat stock classes.

The Poultry Judging team composed of Terry Miller, Engram and Standefer placed 11th. These boys judged market birds, laying hens, candled eggs, and judged dressed poultry.

Helping Engram on the Dairy Judging team were Freddie Taylor and Richard Ridings.

Three other teams entered the state contests. They were Farm Mechanics, Tractor Driving and Meat Judging.

The Farm Mechanics team was composed of Alfred Stover, Terry Miller and Jerry Walker, who had to run a farm level, weld, identify tools and figure bills of material.

Freddie Taylor, Richard Ridings, and Jerry Walker were on the Tractor Driving team and had to drive a tractor through an obstacle course. Maneuvering farm equipment effectively and efficiently is quite a skill this team learned.

Judging meat was performed

Lovelace Among WT Footballers

Tom Lovelace, a West Texas State freshman from Farwell, is participating in the Buffaloes' spring football drills.

Lovelace is one of 62 footballers to greet the Buff's new coaching staff, headed by Joe Kerbel. New assistants in the West Texas football rebuilding program are Joe Moss, Jack Harris and Billy Willingham.

Area football fans are invited to attend the Buff's weekly Saturday afternoon scrimmages during spring training. They will start at 2 p.m. with the final wind-up game booked for April 22 or 23. All weekend scrimmages will be played in the Buff's new 20,000 seat stadium.

Lovelace, who is majoring in physical education, is the son of Mr. and Mrs. Gene Lovelace of Farwell.

Teachers Receive Prizes

Two Texico teachers have received letters this week from the John Gunther's High Road Teachers Award Program that they are among the 300 in the nation to be awarded a year's subscription to the Holiday magazine. Out of four in the state of New Mexico, Mrs. Fred Danforth and John Adams, both from the local school were among the winners.

In a letter from Elaine Nahman of the Awards Department of the Ralston Purina Company she said "... we wish to congratulate you on your splendid entry form and hope you enjoy traveling through the pages of this exciting, colorful magazine."

John Gunther's High Road is a weekly after-school documentary film series presented by the Ralston Purina Company over the television network of the American Broadcasting Company.

All-expense paid trips to various parts of the world were the top winners' awards.

Oklahoma Lane Methodist Mentions

Wednesday five women from the church were in Plainville to attend a Bible School training meeting. Those going were Mesdames Donald Christian, Teachers Melborn Jones, C. C. Christian, Don McMahan, Lee Jones and Wayne Foster. Others attending were Mesdames George Douglas, Sam Billingsley, Claude Primrose, George Lindop and one visitor, Quinton Trulock.

Seventy were present for morning worship services Sunday and heard Rev. J. R. Wood speak on "Humility In The Kingdom."

Sunday night the revival began with Rev. Hugh Blaylock from Friona bringing the message. Davis Edens from Bovina is song leader. Services are held at 10 a.m. and 8 p.m. daily and will continue through Saturday.

Monday afternoon members of the WSCS met to continue their study of "Luke."

Helping with the program were Mesdames Melborn Jones, C. C. Christian, Don McMahan, Lee Jones and Wayne Foster. Others attending were Mesdames George Douglas, Sam Billingsley, Claude Primrose, George Lindop and one visitor, Quinton Trulock.

Teachers Rehired; Haseloff Heads Board

Farwell school board has been reorganized with Adolph Haseloff to serve as president; Walter Kaltwasser as vice-president and Jess Landrum as secretary.

Four members of the school personnel have indicated that they do not plan to teach next year, says W. M. Roberts, superintendent. Openings are available in first grade, possibly the third grade, in junior high and in a teacher-librarian combination position.

Mrs. Jan Ross, who began her duties as first grade teacher in the middle of the year, does not plan to return. She had assumed her position when Mrs. A. D. Daniel moved away. Mrs. Exa Hopkins did not wish to teach again, says Roberts. She is on the second grade faculty. Because of the larger number of students, the opening for next year will probably be in the third grade.

Mrs. Thelma Alexander has indicated that she will not teach in junior high. Present plans are to hire a person to serve as teacher and principal in junior high. Mrs. Gene Dew, librarian, plans to attend school next year. Board members hope to employ a combination teacher-librarian as a replacement.

Teachers who have been rehired are: W. M. Roberts, superintendent; Amos Tatum, high school principal; Jack Williams, elementary principal; Mrs. Elsie Cain, first grade; Mrs. Lauretta Pool and Miss Clara Florence, second; Mrs. Lenora Tatum and Mrs. Isla Rhea Huffaker, third; Mrs. Hattie Coffey and Mrs. Oleta Ford, fourth; Mrs. Hat-

tye Boling and Mrs. Margaret Kennedy, fifth; Miss Maude Hicks and Mrs. Lucile Britain, sixth; Mrs. Karoline Inman and Don Denny, junior high;

Robert Morton, agriculture; Mrs. Lola Smith, homemaking; Mrs. Winnie Bradley and Mrs. Mary McWilliams, English; Eugene Dew, science; Mrs. Norma Engman, commercial; Calvin Murray, math and athletic director;

Dempsey Alexander, social studies and coach; R. B. Tucker, biology and girls coach; Bill Bradley, band; Mrs. Georgia Lee Rundell, secretary; Mrs. Gladys Hromas, lunchroom supervisor; H. R. Crook, bus foreman.

In the Monday board meeting, returns of the recent election were canvassed and the senior trip for this year was approved. Members agreed to meet April 25 to work out plans for getting new property on tax rolls. Reports were approved and bills paid.

Patient: Doctor, I feel so miserable I could almost kill myself.

Doctor: Tut, tut. You just leave that to me.

### Farwell Hosts District Junior High Track Meet

Farwell seventh, eighth and ninth grade track teams placed first, second and fourth in the district junior high track meet held at the Farwell track field Tuesday.

The Eighth grade team took first place honors by making 31 1/2 points. In the 50 yard dash Danny Lindop was third, and Roy Donaldson placed second in the 100 yard dash. Donaldson also placed second in the 75 yard dash.

Jerry Herington from Farwell was first in the chinning competition, with Bob Green and Ronny Henson tying for third. Leon Lovelace was first in the high jump with a 4' 11" leap.

The seventh grade team placed second in their meet by making 14 2/3 points. Kress, winner of the meet, had 41 1/3 points. Winners from Farwell included the 440 yard relay team fourth place, Larry Donaldson a tie for first in chinning with Bob Scott Anderson and Richard Haseloff tied for fourth in the

event.

Danny Huffaker was first in the high jump and Wayne Kersey placed second in the shot put. Johnny Actkinson was fourth.

Farwell's ninth grade team didn't fare as well as their junior teams, and took fourth place. Joe Tom Reed placed third in the high jump, and Danny Johnson was first in the shot put with a 43' 7" throw. Kerry Hubbell from Farwell tied for fourth in the broad jump.

Five teams, Kress, Sudan, Anton, Springlake and Farwell, were entered in the meet.

**SOCIAL SECURITY REPRESENTATIVE TO BE IN FARWELL**

A social security representative will be at the Farmer County Courthouse Thursday morning at 8 a.m.

Persons with questions concerning social security are asked to come by and talk with the representative.

### Texico 3rd In Menaul Meet, Halsell High Point Man

(See Picture on Page 1)

James Halsell, Texico, tied for high point man honors at the Menaul track meet in Albuquerque Saturday, and won his ribbon on the flip of a coin.

The husky junior won first place in the shot put with a throw of 48' 2 1/4", surpassing the record mark set last year by another Texico track ace, Raymond Hadley. He also won first in the pole vault with a 10' 9" leap that surpassed the old record set by Jerry Bowers of Texico last year.

Halsell also took first place in the discus with a 117' 6" leap.

In winning high-point man honor, Halsell racked up 211/2 individual points.

Leslie Dyer won first in the broad jump with an 18' 11" leap. He still holds the broad

jump record set at the meet last year, although this year's leap was not as far, since he has been suffering from a pulled leg muscle.

Bobby Walker placed second in the high hurdles and fourth in the low hurdles, and Bobby Gooch placed second in the 440-yard run, fifth in the 220-yard dash, and third in the 100 yard dash.

Ursel Doran placed fourth in the javelin, and Kenneth Murdick was fifth in the discus. The 880 yard relay team came in fifth.

As a team, the Wolverines scored 50 3/4 points for third place. Albuquerque Indian School with 90 3/4 points was first, and Menaul with 74 3/4 points was second.

**By Pat**

Golden West Seed Co. is headquarters for Hybrid Sorghums. We have been growers of Texas Hybrids ever since the hybrid seed program originated. Our hybrids have won the international show in Chicago and are all pre-tested in Old Mexico. We handle all Texas numbers and also Amak, Watson H-59 and Gar-Tex, PAG, and, yes, even Dekalb on special order. You can pay more money, but you can't buy better hybrids than those at Golden West. For instance, where can you buy Hybrid 620 at \$8.00 per cwt. This seed is double treated test grown in Old Mexico and guaranteed to be top quality in every respect. Let us show you our complete line, no order too small or too large for us to handle.

### Farwell Intermediate Band Gets 26 Awards At Contest

Farwell's intermediate band and chorus came home from Plainview's music contest Saturday with 26 various awards.

The band placed II or excellent in both concert playing and sight reading, while the chorus placed I or superior in concert reading. They did no sight reading.

Individual awards were presented to 11 band members including: Jeannie Blair a I rating for a clarinet solo; Susan Blair a I rating for a clarinet solo; Kenney Ford received a I rating for a clarinet solo and Diane Lovelace also took a I rating for a clarinet solo.

Two boys David McDonald and Scotty Rundell took I ratings for their cornet solos. Martha Coffey had a I rating for a tenor sax solo, and Larry Gregory received a I rating with a trombone solo.

Receiving 2 ratings were Teresa Quickel for a flute solo, Charles Kitten for a clarinet solo, and Larry Flowers for an alto sax solo.

In the chorus division, Lana Gay Mahaney and Sheri Roberts received I ratings for vocal solos.

Second place or excellent ratings went to Jeannie Blair, Linda Williamson, Gail Barkley, Melissa Pruitt and Susan Blair; with third place or good ratings going to Julie Routon, Martha Coffey, Maria Castillo, Debbie Morphew and Joyce Watts. Susan Patrick received a fourth place or fair rating for her vocal solo.

Accompanying the group to Plainview were Mesdames Mitzi Walling, Leon Billingsley, C. L. Mahaney, Alvin Mace, Joe Camp, Woodrow Lovelace, Wilfred Quickel, and Mr. and Mrs. Amos Tatum, Mr. and Mrs. J. H. McDonald, and Mr. and Mrs. Buck Gregory.

Texas Certified Sweet Sudan-\$12.00 per cwt. If you plan to plant sudan don't wait too long to get your seed. The supply is limited.

I liked this one: "You say that your husband thinks he's a refrigerator?" inquired the psychiatrist. "Yes", replied the distraught woman, "and it's most annoying. He sleeps with his mouth open and the light keeps me awake."

If you have an acreage of wheat that you think would be suitable for seed we would like to talk to you. We are especially interested in Early Triumph, Comanche, Crockett, and other good milling varieties. Be sure to check with us before you sell. We are the only flour mill within a hundred miles of here. All wheat stored in our elevators for the past two years has been purchased by us at a premium. Come see us.

### Farwell Juniors Take Merit Tests

Nine Farwell juniors recently took the National Merit Tests. These tests cover five areas of achievement, English, mathematics, science, government and vocabulary.

Scholarships are awarded to individuals throughout the United States who rate high on the tests.

Taking the tests were Benjy Dial, Jerald Gober, Tommy Williams, Tommy Wurster, Cathy Bell, Judy Billingsley, Darlene Hromas, Jean Reed and Emalee Tucker.

### Porter Stationed In Germany

Army Captain, Edward J. Porter, son of Mr. and Mrs. John Porter of Farwell, recently arrived in Germany and is now a member of the 8th infantry division.

Captain Porter, an army aviator with the division's 8th aviation company, entered the Army in 1951.

The captain was graduated from New Mexico Military Institute High School in 1946 and attended New Mexico Military Institute College.

### Dr. Golden Will Speak Sunday At Church

Dr. Floyd D. Golden, president of Eastern New Mexico University, will be guest speaker at the Hamlin Memorial Methodist Church Sunday night.

Services will begin at 7:30, and Dr. Golden will speak on "Religion and Russia." He recently returned from a tour of the Soviet Union.

### Farwell PTA Set For Thursday

Persons in Farwell school district are reminded of the P-TA meeting at the school Thursday, April 21.

Featured speaker will be Dr. T. J. Glenn, who will speak on "Mental Health."

New officers will be installed at the meeting, the last for this school year.

# USE UP TO 45% LESS WATER!

## ... with portable irrigation and Alcoa Aluminum Pipe!

Save again on leveling, installation and care with a sprinkler or gated system tailor-made of Alcoa Aluminum Irrigation Pipe!

You get *bonus* benefits when you deliver the right amount of water to your crops—as it's needed throughout the growing season—with portable irrigation using Alcoa® Aluminum Pipe. You'll find it uses only about 55 per cent as much water as flood irrigation; is more economical to install, easy to move; eliminates most leveling and ditching.

**There's an Alcoa Irrigation Pipe for every need!**

Alcoa Standard Class 150—tough enough for rough handling, strong enough for high pressures over long hauls—comes in eight diameters from 2 in. through 10 in. Alcoa Lite-Line comes extruded—light weight and low cost for most average uses; and welded—alclad inside for maximum corrosion resistance. It's available in nine sizes from 6 in. through 12 in. for high-volume sources. Both Alcoa Standard Class 150 and Alcoa Lite-Line come in lengths of 20, 30 and 40 ft; larger sizes of Alcoa Lite-Line, Welded, in 50-ft lengths.

Ask your irrigation supply dealer about Alcoa's 48-Month Irrigation System Finance Plan!

Provisions of this finance plan allow your new irrigation system to serve as collateral against your loan. There's no red tape . . . you get immediate action on application for a loan. Irrigate while you pay for your system out of increased profits.

Your Irrigation Dealer has quality Alcoa Irrigation Pipe available for immediate delivery from local stocks. He is an expert on irrigation engineering and can provide local service on a complete irrigation system tailored to your needs.

# THE HIGH PLAINS FARM AND HOME

## Sprayplane Business Oldest, Largest

The largest sprayplane business in the Parmer County area has been operating for 13 years.

Owner operator of Bengier Air Park airport and spraying business is Elvie Jennings, who came to Parmer County with his parents while only a boy and grew up near Lazbuddie.

Jennings says his business is named for the first Parmer County boy killed during World War II while serving as a pilot for the army.

Among the equipment Jennings uses in his spraying business are nine specially equipped planes which include two Stearman dusters, three P-18 sprayers, one combination that

can spray or dust, two Stearman sprayers and one new PA-24 agricultural airplane.

"I have tried to make it a policy to put one new sprayer on a year or to replace one piece of equipment," the flier-business man says.

Mixing equipment Jennings uses to prepare spraying chemicals include two 1000-gallon tanks with pumps and seven 500-gallon tanks with pumps.

Jennings has two 1 1/2 ton trucks with tanks and four pickups. Included in the physical layout of his airport are 214 acres, the shop and office, two large hangers and 16 T-hangers.

"During the spraying season, I generally have 3 pilots working beside myself and 3 flagmen," Jennings has a mechanic who works full time throughout the year. During the summer months he usually employs a field man who checks fields, makes contacts and collects.

Jennings explains that a flagman serves as a guide to the pilot of a sprayplane to show him what strip of the field to spray next.

"The spraying season usually starts about the first of May and runs until the first frost or about Oct. 15." While the season is on, Jennings says he and his other pilots usually average a total of 3000 to 3500

acres a month or about 100 to 150 acres a day of spraying.

On an average working day, the pilots try to start as soon as it is light enough to see. They dust early in the morning before the wind gets up and spray during the day, Jennings says.

"The chemicals have to be mixed at a certain rate to be applied. Too much will burn the plants; not enough will not kill the bugs," he says.

He has around \$50,000 tied up in equipment. To keep planes and equipment up it takes an average of \$16,000 a year.

"On an average, spraying costs the farmer from \$2 to \$2.50 an acre," Jennings largest expense is keeping up with improvements on spray equipment. \*\*\*\*\*

Along with his spray business, Jennings runs a regular airport, gives student instruction, and offers plane rental and charter

the last year or so.

Hog prices have taken a definite upturn since the first of the year and the experts figure they will continue to gain in strength until July and August this summer. We have often heard it said a man shouldn't pay too much attention to market fluctuations in the hog business or for that matter in the cow or sheep business. The argument is that the "in and outers" are never smart enough to be able always to buy low and sell high and that the only sensible plan is to make up your mind about what you are going to produce and get in and produce it the best way you know how year after year.

Just the same there are a lot of people exploring the possibilities of getting into the hog business, particularly in this part of the country. I'm sure they'll agree when we say it's a lot easier to convince yourself of the advisability of getting into a business when the immediate prospects are looking good than to sell yourself on the idea of getting into the

SPRAYPLANES A-PLENTY fill the hangers at Bengier Air Park. Elvie Jennings, owner, is standing by one of his bi-wing Stearman. In the background is a Piper P-18 high-wing sprayplane. Both types have advantages.

work.

Jennings first got into the airport business in 1946 when he and Carl C. Maurer began the Bengier Air Park.

"I leased the land from him and built the main hanger. He and I operated a flying school in partnership until 1948.

"My brother bought his interest and he and I ran a partnership until 1954 and I bought my brother's interest and I have been running it by myself since that time."

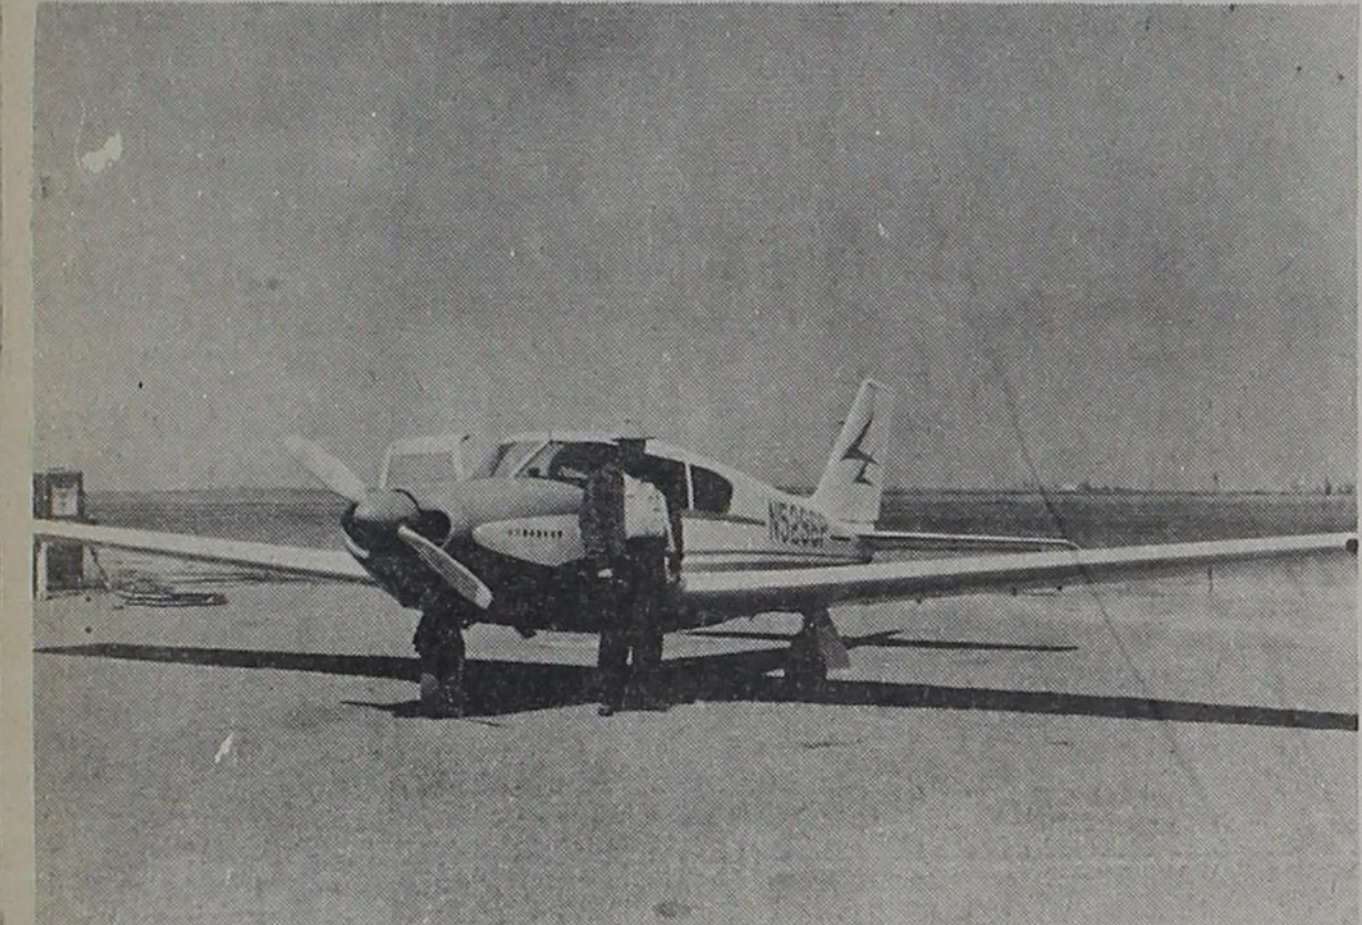

Jennings was an Army primary instructor for 2 1/2 years during World War II.

"I first became interested in flying when I was just a small

same business if it looked like tough sledding for a year or two.

A new water-repellency treatment for cotton, developed by USDA chemists, produces an unusual finish that keeps water out but lets air through. Instead of coating the fabric and thus sealing off the tiny open spaces in the weave, as some waterproof finishes do, the chemicals in the new finish penetrate the fibers and make them so highly water-repellent that the fabric sheds rain. Although the treatment is not yet being used commercially, it looks promising because it is not costly and can be applied with the same equipment used in applying other textile finishes. It can also be applied along with flame-resistant and crease-resistant treatments.

### THE PARMER FARMER

By W. H. Graham, Jr.

A few months ago Farm Journal, the nationwide agricultural magazine began publishing a special monthly bulletin called "Hog Cast." Since quite a few Parmer County area farmers have been trying to get back into the hog business, but have been having a pretty rough go of it market-wise during the past year or two, we have read this special service with interest and have tried to keep abreast of developments in the hog business.

Happily, hog prices appear on the rebound and the Farm Journal's Hog Cast says, "All signs show the hog cycle has turned the corner." This is good news to all Parmer County farmers who are interested in feeding grain sorghum to hogs as a means of increasing their income. It is particularly good news to the farmers who got into the hog business within

# THE HAPPY HOMEMAKER

BY JUNE FLOYD

One of the most enjoyable things about being a homemaker is the fact that you are never bored by being in a rut from doing the same thing over and over again.

True, there are dishes to every day. Then there are weekly chores such as laundry, cleaning, mending and other odd jobs that we do not particularly enjoy. It is imperative that we learn to do these without being concerned because they are menial tasks.

In the long run there's a bigger job to be done. This is the overseeing of the health, wealth and happiness of every person in our families in such a manner that we will have time and energy to help those about us who are less fortunate than we are.

\*\*\*\*\*  
Vacation time is almost here again. One of the big problems every vacationing family faces is that of reaching our destination and arriving home safely.

In the April Texas Health Bulletin there was an article entitled "Wide Awake Driving." Because of its nature, we feel

# Efficiency Important In Irrigating Cotton

"Irrigation efficiency is one of the answers to profitable cotton production," James Valiant, Assistant Water Engineer at the High Plains Research Foundation, stated in the 1959 research reports just released to supporters of the Foundation.

Irrigation applied preplant and at peak bloom produced the best grade and highest income in 1959. Production from this irrigation method ranged from 85.3 to 94.3 pounds of lint per acre inch of supplemental water applied.

The return from the preplant,

that it should be shared with our readers. It would be well for each homemaker to read it, then clip it and re-read it aloud to her husband before vacation time arrives.

"One of the chief problems is sleepiness--especially on the long, straight controlled-access highways now being built.

Fifty per cent of fatalities on the busier turnpikes occur in rear-end collisions--mostly in broad daylight and seldom with any skid marks on the highway to indicate that the drivers had applied their brakes.

Everyday drivers who are accustomed to the bustle and constant stop-go shuffle of commuter traffic day after day, find themselves in a new world when taking to the modern high-speed highways. Thinking in terms of 30 to 40 miles per hour, drivers are apt to forget that they are hurtling down a

peak bloom method of irrigation ranged from \$161.00 to \$181.00 per acre. Pumping costs were figured at \$6.00 per acre foot at Halfway. Some authorities, however, report this cost as high as \$9.00 per acre foot.

These results indicate that the time of application, not the total amount of irrigation water applied, controls dollar returns from irrigated cotton.

Cotton irrigated at a total of 17.2 and 21.5 inches returned less income in 1959 than the 8.6 inches applied in the preplant, peak bloom method.

turnpike at 60 or more. It takes longer to stop! Everything happens quicker! Skids come easier! And other cars are rocketing at high speeds also!

In addition, city drivers fall prey to the rhythmic hum of powerful engines mile after mile. The soft rumble of tires can produce a decided hypnotic effect. Driving seems to take less effort resulting in a lessening of attention.

The responsibility of staying alert and awake is up to each individual driver. It is a full-time job--one at which you have to work all the while you are on the road.

A series of hints on super-highway driving in common use by truck drivers, salesmen and seasoned travelers well acquainted with turnpike driving, can prove useful to average drivers who take to the highways only occasionally.

Keep a look-out for police. Never let a car pass in either direction without noting if it is a police car. This is the best method of keeping aware of everything that's going on around you.

Chewing gum is a good habit while driving. Chewing a full pack at a time requires conscious effort, which is exactly the idea.

Singing aloud is an old standby of the long-haul truckers or listening to the radio slightly louder than comfortable. But don't listen to soft soothing melodies.

Try driving a while in your stocking feet. The strange feel of the gas pedal on a bare foot is stimulating.

Wet your eyelids. Lick your finger, then moisten your eyelids.

Even when driving alone,

From these results it is evident that a more profitable cotton crop can be grown with less water, less labor, and less pumping costs in a year like 1959. Time of irrigation and fertility level are two of the major controlling factors in irrigated cotton profits.

"This experiment will be conducted over a period of several years before definite conclusions can be made regarding the recommended irrigation methods and fertility levels needed for most efficient cotton production," Mr. Valiant said.

"talk out" the situation ahead. Whenever the traffic pattern changes down the road, report it to yourself out loud.

Sitting on something hard occasionally is a big help. Try a couple of thick magazines or a square of plywood, for a refreshing change.

Smelling salts are a quick awakener. It may be surprising to find this favorite of Victorian maidens in many a truck cab today. Other truckers carry a half lemon, one suck of which achieves the same end.

But both are strictly emergency measures to keep you going until you reach an area where you can take a cat nap. The only real antidote to sleepiness is sleep!

Try "co-pilot" checks. Make it a rule that, every 15 minutes, the passenger in the right front seat calls out "Speedometer," whereupon the driver glances at it and replies, "Speed, 62," or whatever. This prevents the common error of letting speed creep up unnoticed.

Keep the eyes moving. The quickest way to hypnotize yourself is to stare straight ahead. Professional drivers keep their eyes moving constantly.

Use the mirrors. Good drivers glance in their rearview mirrors about every five seconds.

Eyes should be protected from glare. On bright days, good sunglasses should be worn.

Don't overeat. Many vacationing drivers encourage drowsiness by eating too much on a trip.

A good practice, especially in winter or air-conditioned cars is to check the car's exhaust system. Carbon monoxide causes sleepiness. Be sure the exhaust system is tight and free from corrosion.

Make periodic stops. Take a five-or-ten minute break every hour after the third hour of driv-

ing, whether you feel fatigued or not.

Trying to lick fatigue through the use of various habit forming preparations has proven disastrous on many occasions. Such stimulants may be used legitimately in dire emergencies, but they may have dangerous effects on drivers suffering from cardiac ailments or hypertension. Persons taking tranquilizers are cautioned about driving while using these drugs, since they are known to cause drowsiness in many cases and tend to impair both reaction time and physical coordination.

The same precautions apply to antihistamines also. (Air Force pilots are grounded 24 hours

Guy Cox  
J. H. McDonald (Re-Election)  
Duane Curtis

Poultry diagnostic laboratories are maintained and operated by the Texas Agricultural Experiment Station at College Station, Center and Gonzales. A fourth is scheduled to open in Stephenville in October. Poultrymen with disease problems may secure assistance by contacting one of the laboratories.

Pesticides are dangerous to have around the house if they are not properly labeled and stored. Extension entomologists warn that such materials be stored where children, pets and irresponsible persons can't get to them. Also, to keep them in their original, labeled containers and dispose of the empty container where it cannot harm humans, plants or animals.

following the last dose of an antihistamine.)

Most important--don't fall for that old saw about "never getting sleepy on the road." There is always a first time!

The shield-shaped USDA grade mark on a carton of eggs is a valuable quality guide. This mark on the carton or the sealing tape means the eggs inside have been carefully selected for quality on the basis of official standards and under supervision of a Government grader. The grades AA, A, B and C are guides to quality. The weight classes--Extra Large, Large, Medium and Small are guides to size. Pick the quality and size best suited for a particular need.

## High Moisture Grain Produces Better Gains

Steers gained more when fed sorghum grain containing a high moisture level than steers fed dry grain of the same quality in a test conducted by the Texas Agricultural Experiment Station.

Steers fed the wet ground grain at 23 per cent moisture, made gains of 2.42 pounds per day compared with gains of only 2.29 pounds for those fed dry grain.

It was also found that unground grain sorghum containing 23 per cent moisture would not produce as high gains as either ground grain at 23 per cent moisture or ground dry grain.

The sorghum grain, RS 610, was harvested successfully at an average moisture level of 25 to 30 per cent with a standard self-propelled combine. This was accomplished by slowing the ground speed and maintaining the cylinder speed at that used for threshing small grains. The moist grain was then stored successfully without spoilage or loss in an air-tight, glass-lined silo.

Steers fed the moist grain

required 18 per cent less dry matter from the grain and 12 per cent less total dry matter per 100 pounds of gain than the steers fed ground dry grain. Additional work is now being conducted at A&M to determine if cattle consistently will perform more efficiently on high moisture sorghum grain.

Both types of ground grain were palatable and intake was essentially the same. No difficulty was encountered in grinding the grain or keeping the steers on feed. Selling price was the same for both groups of steers fed ground grain and dressing percentages and carcass grades did not differ significantly.

However, when cost tabulations were made after the steers were sold, the ones fed moist grain were found to have made a profit of \$18.86 per head compared with a profit of only \$8.78 per head for the ones fed dry grain.

This test does not warrant definite conclusions, says J. K. Riggs, professor, Department of Animal Husbandry, Texas A&M, but some calculations re-

garding the application of moist grain storage and feeding should be worthwhile, since Texas generally has a bumper crop of grain sorghum.

Progress Report 2103, a release of the Texas Agricultural Experiment Station, carries complete results of the tests, and is available from the Agricultural Information Office, College Station, Texas.

## H. D. AGENT'S CORNER

Jimmie Lou Waincott

### CLEANING UPHOLSTERY ON FOAM RUBBER

Much of the newer furniture is cushioned with foam rubber and upholstered with fabric. Women are asking if the fabric can be cleaned at home without damage to the foam rubber.

Extension home management specialists of the A&M College System say, Yes! Just be sure to use a SAFE cleaning agent.

Select your cleaning agent by considering first, the nature of the stain, next the type of fabric, and lastly the effect of the cleaning agent on foam rubber.

Soaps, detergents, glycerine, denatured alcohol, benzene, carbon tetrachloride, sodium hydrosulfite, sodium thiosulphate and a weak solution of ammonia are acceptable cleaning agents as far as the foam rubber is concerned.

Specialists warn that carbon tetrachloride should be used very sparingly. It is a rubber solvent. Normal rubbing of the outside covering on right or fixed seats will not harm the foam rubber cushion. Foam rubber is tender when wet but its normal strength returns when dry.

Cleaning agents that DO have

a harmful effect on foam rubber are of the bleaching and oxidizing types. The following ARE NOT recommended: vinegar, turpentine, acetone, chlorine, hydrogen peroxide, oxalic acid and sodium perborate.

If the nature of the stain or the type of the fabric calls for the use of one of the above cleaning agents, specialists suggest that the fabric be removed from the foam rubber and cleaned separately.

### TIPS ON COOKING FOR "WEIGHT WATCHERS"

Any weight watchers in your family? - If so, you, the cook, can be a big help by planning and preparing foods to cut calories.

Here are some suggestions offered by extension foods and nutrition specialists of the A&M College System.

Use non-fat, dry mild solids for cooking. Reconstituted dry milk solids heated and combined with vegetable liquors are good in soups.

Keep desserts simple . . . Serve fresh fruits or canned and frozen fruits packed in water or juice -- not syrup.

Roast or oven or pan-broil meats, poultry and fish instead of frying in fat. Avoid "bread-ing" and use of egg batters on foods. Trim extra fat from the meat.

Serve salad materials plain -- or use low-calorie seasonings or salad dressings. These can be made with tomato juice, herbs and lemon juice or vinegar.

Prepare food without added fat, sugar or flour whenever possible.

Tempt appetites with herbs and spices instead of rich seasonings, sauces and gravies. Serve low-calorie items for nibbling or appetizers. Try celery, cabbage wedges, carrot sticks, or other low-calorie vegetables or fruits.

Avoid high fat foods such as cream, butter, gravies, sauces, nuts, potato chips, oil, pastries, rich salad dressing; sweet foods, such as cakes and cookies; rich puddings, candies, fountain drinks and sundaes, carbonated drinks and alcoholic beverages; and starchy foods, such as macaroni, dry peas and beans.

### GET THE MOST FROM YOUR AUTOMATIC WASHER

Re-check the instruction book when your washer falls, suggests Wanda Barkley, extension home management specialist of the A&M College System. Often the source of washer trouble is not mechanical, but human.

Carelessness, usually about little things, and failure to stick to the rules given in your instruction book are often responsible. Here are suggestions from the specialist.

WEIGH THE LOAD CAREFULLY. Smaller loads are easier on your washer, and garments come out cleaner.

CHECK ALL POCKETS AND CUFFS before loading the washer. Sharp-pointed things--like needles, pins, nails and hairpins--can tear up an expensive pump.

PUT SMALL THINGS IN A NYLON-MESH BAG or a pillow slip before placing them in the washer. These small articles sometimes are whirled over the spin tub and get so tangled in the pump that the pump may be damaged. Loading the washer with the small articles at the

## SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Coupled with other conservation practices tree windbreaks are proving effective for protection of people, soil, crops and livestock.

They shelter and protect homes from hot drying winds, dusty spring gales and cold winter blasts. A good windbreak is excellent protection for gardens and orchards, barns and feedlots, and livestock and wildlife on rangeland.

Where natural protection is lacking, tree windbreaks give welcome shelter in addition to beauty and a homelike setting.

Now is the time to order your trees for windbreaks. We have had some inquiries on trees and on planting arrangements and hope to have more.

The Soil Conservation District is making potted Arizona Cypress seedlings available to you again this year. Cost per seedling is 30 cents. Applications must be received by April 22 for delivery on or about May 2. Information concerning the trees may be obtained at the SCS office, Steve Messenger's office in Friona or at the county agent's office in Farwell.

bottom helps to a certain extent, but the bag is safer.

JUDGE THE SAFE AMOUNT OF DETERGENT by the softness of the water. The harder the water, the more detergent you will need.

HOME GROWN WINDBREAK-Although it hasn't been many years since T. O. Lesly planted Arizona Cypress seedlings around his farm home south of Friona, he and his family are now enjoying the benefits of a windbreak.

# Of Interest To THE WOMEN

FARWELL CHEERLEADERS FOR THE 1960-61 school term were elected Thursday at the school. From left to right they are Dianne Barnes, sophomore; Dorris Donaldson, sophomore; Carolyn Routon, junior; Jo Potts, senior; Bonnie Cochran, sophomore; and Joan Potts, junior.

## Farwell Cheerleaders Elected Thursday

Six Farwell High School girls were elected cheerleaders for the 1960-61 school term Thursday afternoon. Cheerleaders from Eastern New Mexico University judged the girls on

personality, walk, neatness, and ability.

Eleven girls tried out for the position, with two new leaders—Dianne Barnes and Dorris Donaldson being elected.

Three of the girls who tried out were cheerleaders this year and were re-elected. They were Jo Potts, Joan Potts and Bonnie Cochran. Carolyn Routon, who has been a cheerleader for two years was automatically the other leader.

Blue princess style suits with fur trim and three quarter length sleeves will be worn by the leaders next year.

## Woman's Club Meets

Food for health and happiness will be used as the program when members of the Texico Woman's Club meet at the club building Monday night for a monthly meeting. Mrs. Lucian Madole from Clovis will present the program.

Hostesses will be Mesdames Milton Henson, Leroy Faville, Jesse Hudson and Jerry Stallings.

## Study Club To Meet Tuesday

Members of the Farwell Study Club will meet in the home of Mrs. Jack Williams Tuesday night for their monthly meeting.

A panel discussion, with Mrs. Johnie Williams as moderator, will be held. A garden talk on planting annuals will be given by Mrs. Mose Glasscock.

## Mrs. Getz Named ESA President

President of Theta Rho chapter of ESA in Texico-Farwell during the coming year will be Mrs. John Getz. She was elected to the office Monday night when the group met in her home for a business session.

Other officers are Mesdames Bill Prince, vice president; Bill Glenn, treasurer; and Ted Magness, treasurer. Mrs. Bert Williams, outgoing president, will serve as parliamentarian.

## County Delegates Attend District THDA Meeting

Mrs. Truitt Hardage from Farwell and Mrs. Rene Snead from Friona were delegates to the District I THDA meeting April 7 in Claude. Mrs. Windborn Hardage and Mrs. Vernon Symcox both from Farwell were guests at the meet.

Mrs. T. J. Parsons, president of District I, conducted the meeting which was opened with a prayer by Rev. J. J. Allison. A greeting was extended by Judge J. D. Johnson, with the welcome by John Dameron. Mrs. Gilbert Wynn gave the response.

Home Demonstration agents were introduced by Mrs. Edith L. Wilson, district agent, and

state representative Granger McIlhoney brought some legislative facts.

Others participating on the program were Rev. C. C. Hardaway, Mrs. Lee Goodin, Mrs. Melton McGeehee, Dr. Leta Boswell, Karon Breeding and the Claude High School girls' chorus.

One of the highlights of the session was a talk by an exchange student from Finland. During the business meeting members voted to plan the district meetings two years ahead of time, and to give \$100 to the 4H club fund.

Two hundred and seventy one persons were present for the meeting. Moore county invited the next district meeting to Dumas.

The program was concluded with a summary by Mrs. Bonnie Cox.

## Parmer County H D Council Has Meeting

Members of Parmer County Home Demonstration council met at the courthouse on March 28.

Nine clubs were represented with 18 members and two visitors attending.

Mrs. Truitt Hardage was elected delegate for the district meeting at Claude on April 7.

## Public Relations Dinner Held By Delta Kappa

Area Delta Kappa Gamma members held their annual Public Relations Reception in the Hereford Community Building at 8 p.m. Saturday night.

Miss Mildred Hulsey of Tulia was guest speaker, and spoke on "Together We Can Strengthen Our Educational Program."

Farwell members of Delta Kappa Gamma are Mesdames Harry Whitley, R. B. Tucker, John Bolling, John Zahn, Margaret Kennedy, and Amos Tatum.

## Tuggles Have Daughter

Mr. and Mrs. James Tuggle of Farwell welcomed the birth of a daughter in Clovis Memorial Hospital Wednesday morning. The little girl weighed 6 pounds 13 1/2 ounces at birth, and was named Laura Ann. She is the first child for the Tuggles.

Grandparents are Mr. and Mrs. Percy Tipton of Farwell, and Mrs. Wanda Gray of Huntington, Indiana.

Mrs. Buck Burns and children from Long Beach, Calif., arrived here over the weekend for a visit with her mother, Mrs. Ola Moore. The day after arriving little Milton Burns came down with the mumps.

Doug Tucker, son of Mr. and Mrs. R. B. Tucker of Farwell, was listed on the Dean's honor roll at Southwestern State College, Weatherford, Oklahoma. Tucker is a graduate of Farwell High School, and is majoring in science.

## Hughes-Jackman Vows Exchanged April 3

In an informal ceremony in the Amarillo Paramount Terrace Christian Church on April 3, Miss Mykell Jackman, daughter of Mr. and Mrs. Louis Jackman of Clovis, became the bride of Dudley Hughes, son of Mr. and Mrs. B. V. Hughes of Farwell.

Rev. Tom Posey performed the simple double ring ceremony.

The bride, given in marriage by her father, was attired in a street length shirtwaist dress of white silk organza. The dress was designed with a large collar, and elbow length sleeves.

Her bouquet of gardenias and stephanotis was carried atop a white Bible. She wore white pearlized leather shoes, and her hat was of white satin with lily of the valley streamers.

In carrying out tradition Miss Jackman wore a cameo ring which was borrowed from her grandmother. Her dress was new and she wore a blue garter. Something old was a penny which she carried in her shoe for luck.

Linda Armstrong of Clovis was maid of honor. She was attired in a pink faille street length dress and wore white

accessories.

Charles Phillips of Amarillo, former schoolmate of the groom, served as best man.

For her daughter's wedding Mrs. Jackman chose a light gray silk dress worn with black and white accessories.

Mrs. Hughes wore a beige two piece suit with bone accessories.

For a wedding trip to New Orleans, La., and Mississippi Mrs. Hughes changed to an olive green suit worn with black accessories.

Mrs. Hughes is a 1959 graduate of Clovis High School, and was formerly employed at Jackman's in Clovis. She also worked for Mountain States Telephone Company.

Hughes graduated from Farwell High School in 1954, and attended school at Draughn's Business College in Lubbock, and Eastern New Mexico University in Portales. He now runs an electronics shop in Farwell.

The couple is planning to make their home in Farwell.

Mr. and Mrs. W. H. Graham Jr., were in Amarillo over the weekend to attend the Panhandle Press Association meeting.

## Senior Planning Committee Meets In Teel Home

Members of the planning committee of the Texico senior class met in the home of Mr. and Mrs. Elmer Teel Monday night to make plans for the senior trip and class party.

The group made plans to tour the Carlsbad Caverns, White Sands, the Alamogordo missile range, and also stay in Cloudcroft and Ruidoso.

For their class party they plan to go swimming in Portales at the Eastern New Mexico University natatorium some time in the near future.

Refreshments of pops, cookies and potato chips were served after the meeting.

Those attending were Tommy Standefer, class president; Peggie Teel, secretary; Christy Bowers, student council president; Wesley Engram, class student council representative; and Bobby Walker. Also attending was Fred Danforth, class sponsor.

Visiting in the C. A. White home for the past week were Mr. and Mrs. N. P. Rowe from Santa Anna, Tex. The two women are sisters.

Mr. and Mrs. Jim Moss and Glendon, and Mr. and Mrs. Fred Barker were in Ft. Sumner Sunday to visit with Mr. and Mrs. Lester Harrelson and sons.

## Golden Circle Class Meets

Members of the Golden Circle Sunday School class of the Texico Baptist Church met in the home of Mrs. John Hadley for their monthly meeting recently.

The meeting was opened and closed with prayer, and the devotional was given by Mrs. Willie Wall.

Refreshments were served at the close of the meeting to Mesdames Jessie Hudson, Letha Morris, Willie Wall, Johnny Chappell and John Hadley.

**Texico School Paper Takes 2nd At PHSP**

Texico's high school newspaper, The Wolverines, took second place honors Saturday at a meeting of the Panhandle High School Press Association held on the campus of West Texas State College.

The editorial and sports pages of the paper received 93 out of 100 possible points, while the entire paper received 282 points for a "good" rating.

I. E. Clark, Sponsor of publications at Schulenburg High School, judged the papers. Those attending from Texico were Gale Hadley, Koleta Doshier, Pauline Servatius, Christy Bowers, Trudy Lambert, and Mrs. Jimmy Allman, sponsor.

Donnie Barnes, son of Mr. and Mrs. Dick Barnes of Farwell, arrived here April 1 for a 30-day leave. He received an emergency leave to be at the bedside of his father who is in the Amarillo Veterans Hospital following an operation. Barnes is in Ward 3B room 337, and will probably be confined to the hospital for another four weeks according to his wife.

PATRICIA PATTERSON

GARY SINGLETERRY

**Texico Boys, Girls State Delegates Are Announced**

Recently named to attend New Mexico Boys and Girls State from Texico are Gary Singletery and Patricia Patterson. Alternates are Glendon Moss and Betty Westberry.

Singletery is the son of Mr. and Mrs. Glenn Singletery, and has been active in various phases of school activities. He is a member of the FFA, and was named Who's Who in Agriculture last year. He is in band, is active in sports, and is a member of the student council, recently attending the state convention at Alamogordo. He is president of the junior class, and had one of the leading parts in the class play.

He will attend Boys State on the campus of the New Mexico Institute of Mining and Technology at Socorro, from June 4 to June 11.

If he is unable to attend for any reason, Moss, as an alternate, will be the delegate. He is the son of Mr. and Mrs. Jim Moss, and is active in various school functions. He is a member of the school band, and is active in student council, holding the offices of treasurer and reporter, and recently attended the state convention. He is vice-president of the safety education club, and a member of the science club. He also had a part in the junior play. Moss ranked highest schoolically in his class at the close of last school year, and was named Who's Who in English.

Miss Patterson will attend Girls State on the University of New Mexico campus from June 12-19. She is the daughter of Mrs. Avis Patterson, Texico teacher.

She is serving as treasurer of the business education club, and is a member of the high school chorus, home economics club, and is active in sports. She is student teacher for a grade school physical education class one period, and in her spare time works at Rose Drug. She also was a member of the junior play cast.

Alternate for Miss Patterson is Betty Westberry, daughter of Mr. and Mrs. J. Westberry. She is a member of the press club and science club, and is active in student council, having attended the state convention recently. She also had a leading part in the junior play.

Miss Westberry moved to Texico from Dimmitt this year.

**Speaker To Tell Experiences At Program Tonight**

Miss Delane Adams, who is an instructor at Santo Domingo School near Algodones, N. M., will be featured in a special program at the Methodist Church tonight (Thursday) at 8 o'clock. Miss Adams, whose primary job is to teach Indian children to speak English so they can attend public school, will be speaking on her travels in Japan.

She has traveled around the world, and has taught school in Japan and in Germany. Her travels also have included India and the Holy Land.

She will show slides of the places of interest in Japan and will also wear the Japanese costume. She is a 1950 graduate of Texas Tech and grew up in Olton.

The public is invited.

**Leon McDaniel Serves Aboard Atomic Sub**

Leon McDaniel, electrician's mate second class, USN, son of Mr. and Mrs. Charles McDaniel of Route 1, Texico, is serving with pre-commissioning crew of the nuclear powered attack submarine USS Shark which was launched March 16, at Newport News, Va.

The Shark is the second atomic submarine to be launched at Newport News.

**LEGAL NOTICE**

No. 842

**THE STATE OF TEXAS VS CARRIE KATE HUGLIN JONES, ET AL: IN THE COUNTY COURT OF PARMER COUNTY, TEXAS**

**NOTICE IN CONDEMNATION THE STATE OF TEXAS, AS PETITIONER**

To Frank Martin Huglin, Carl August Huglin, Jr. and Lydia Laura Imboden and her unknown husband or husbands, and the unknown wives of the above named parties, and should any of said persons be deceased, then their unknown heirs or legal representatives, and all unknown claimants, all of whose residence are unknown.

You are hereby commanded and directed to appear and answer in the County Court Room in the Parmer County Court House in Farwell, Texas, at 10 o'clock A. M., on the 22nd day of April, A. D. 1960, being a Friday in which suit the State of Texas is Plaintiff and the following named persons are defendants: Lydia Laura Huglin Imboden and her unknown husband, Frank Martin Huglin, Carl August Huglin, Jr., Carrie Kate Huglin Jones and her husband, S. F. Jones, Annie Margaret Huglin Pugh and her husband W. E. Pugh, and should any of such persons be deceased, their unknown heirs and legal representatives, and all unknown claimants, are defendants.

The cause of action alleged by Plaintiff is for condemnation of certain property situated in Parmer County, Texas, more fully described in the original petition for condemnation filed in said cause, such property being adjacent to Highway No. FM 1172, and to assess the damages accruing to said defendants, if any, by reason of the taking and appropriating of said land; that such construction upon said highway is surveyed through, across, upon and will cross and run through and upon the following described property, the fee simple title to which is vested in the defendants, to-wit:

Being two (2) tracts of land off the West side of Section 55, Block "H," Kelly Subdivision, Parmer County, Texas, described as follows:

**TRACT 1:** Being a 50 ft. strip of land off the West side of Section 55, described by metes and bounds, as follows:

**BEGINNING** at the NW corner of Section 55;

**THENCE** East along the North line of Section 55, 50 ft. to a point;

**THENCE** S 1 deg. 43 min W, parallel to and 50 ft. from the West line of Section 55, 5,281.8 ft. to a point in the South line of Section 55;

**THENCE** West along the South line of Section 55, 50 ft. to the SW corner of Section 55;

**THENCE** N 1 deg. 43 min E along the West line of Section 55 and the centerline of FM Highway 1172, 5,281.8 ft. to the place of beginning. Containing 6.06 acres.

**TRACT 2:**

**BEGINNING** at a point in the North line of Section 55, 50 ft. East of the NW corner of Section 55;

**THENCE** East along the North line of Section 55, 25 ft. to a point;

**THENCE** S 1 deg. 43 min W, parallel to and 75 ft. from the West line of Section 55, 50 ft. to a point;

**THENCE** S 46 deg. 43 min W, 35.4 ft. to a point;

**THENCE** N 1 deg. 43 min E., parallel to and 50 ft. from the West line of Section 55, 75 ft. to the place of beginning. Containing 0.04 acre.

The two (2) tracts containing 6.10 acres.

That all of the above more fully appears in a certain written petition for condemnation filed with the County Judge of Parmer County, Texas, on the 29th day of February A. D. 1960.

This notice and citation shall be served by the Sheriff upon the above named defendants by publishing the same once each week for four consecutive weeks in the State Line Tribune, a newspaper published in Farwell, Parmer County, Texas, the first publication to be at least 28 days before the return day and date of hearing above fixed.

Herein fall not, but have you before the undersigned commissioners on or before the 22d day of April, A. D. 1960, this
