

Appreciation Day Saturday

Farwell merchants will roll out the red carpet for patrons of their trade territory during the third annual Customer Appreciation Day Saturday.

A full day of activities is planned, starting at 10 a.m. with the first of five cash drawings, and it will end at the Farwell football field with a free barbecue at 6 p.m.

Some merchants are offering special price concessions all day Saturday. Details of these can be found in advertisements on the inside pages.

Trade certificates, which will be honored by any of the participating merchants, will be awarded in the amount of \$150. The first four drawings for \$25 will be down town at the following locations.

10 a. m.--The area between Buck's Superette and 3-D Drive-

in. 12 p.m.--Vacant lot west of City Cafe.

2 p.m.--On Third Street, north of Main, between Kirkland Pump Co. and Jim's Trim.

4 p.m.--Parking lot in front of Holiday Store.

The fourth drawing of \$50 will be at the football field at 6 p.m.

To be eligible for these prizes, a person must obtain tickets from any of the participating retail merchants. A person will be eligible for only one prize.

The evening's activities at the football field begin at 5 p.m. Entertainment will be provided by the Flying Matadors, a trampoline troupe from Texas Tech, and The Inmates, a local musical group.

The Matadors are well-known throughout the West Texas area, having performed at many functions. "They do put on a fine show," says Elmer Hargrove of the entertainment committee.

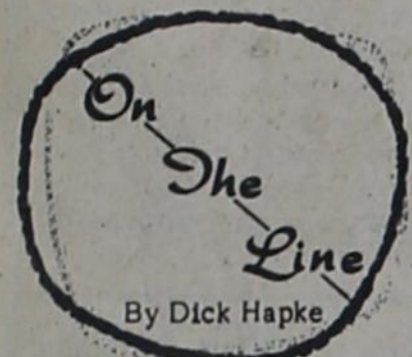

The inmates have performed at various functions throughout the Farwell area and have always been well received. Members of the musical group are Joe Hughes, Donnie Carpenter, Doug Roberts, James Ussery and Jerry Otsman.

Serving the barbecue will be Scooter Queen of Bovina. Bob Anderson, president of the Farwell Chamber of Commerce, says that everything is shaping up for a successful event. He expressed appreciation for the work of the Chamber committees who have mapped out the program.

Merchants who are participating in Appreciation Day are

Rose Drug, Southern Union Gas Company, Security State Bank, Aldridge and Aldridge, Sherley-Anderson-Pitman, Inc., Gifford-Hill-Western, City Cafe, AA Bowl, AA Bowl Cafe, Magness Real Estate, 3-D Drive-In, Watts Machine and Pump Company, Radio Station KZOL, Fern's, Hughes Auto Parts;

Buck's Superette, Paul Wurster Conoco, Watts Oil Company, Holiday, Farwell Hardware, Farwell Automotive, Ray Mears, Piggly Wiggly, Blain and Son, Graham-Magness Insurance, Ralph Humble, Jim's Trim, State Line Food Mill, Moss Texaco, Helton Oil Company, State Line Tribune, Henderson Grain and Seed Co., Lovelace Oil, Dutch Quickel Insurance, Kemp Lumber Company, Karl's Auto Clinic, Farwell Fertilizer, and Worley Grain.

Nixon Sends Regrets

Vice-President Richard M. Nixon, whom the Farwell Chamber of Commerce had sought as speaker for the annual Customer Appreciation Day, notified the group by telegram late last week that he would be unable to attend.

The vice-president, and Republican presidential nominee, said that his schedule during the weeks ahead would not permit him to attend. He did send along his best wishes for successful event.

The telegram received by the Chamber read as follows:

"I deeply regret that my schedule in the weeks ahead will not permit me to participate in the Appreciation Day program which you have tentatively scheduled for Sept. 3. Although I shall not have the pleasure of being with you, I would like to take this opportunity to express my appreciation for your thoughtfulness in inviting me and extend best wishes for a most successful event."

Notified Of Grandchild Via Radio

All grandparents eagerly await the arrival of an expected grandchild and the Rev. and Mrs. Robert Tomlinson are no exception.

Since their daughter and husband, Marine Lt. and Mrs. Robert D. Burnett, are stationed in south Cuba at Guantanamo Naval Base, the Tomlinsons had resigned themselves to the fact that word on the birth of an expected new grandchild would be slow in reaching them.

This was not the case, however. (Continued on last page)

Steers Vs. Chiefs In Season Opener

Football, with a 1960 look, gets the jump on Appreciation Day when the Farwell Steers entertain their cross-county rivals, the Friona Chiefs, Friday night at 8 p.m.

The game will be the season opener for both teams and all pre-season data points toward a bang-up game between the long-time arch foes. A capacity crowd is expected for the contest.

According to the records of last year's performances, returning lettermen and starters, the Steers would have to be listed as favorites.

But, the Chiefs do have seven returning lettermen from last year's team which finished the season strong and according to Coach Earl Smith, "The team will have a lot of fight." Both teams will be "up" for this game, and as past history shows, the favorite's role doesn't mean a thing when these two teams meet. In 1958, when the powerful Steers were drifting toward an unbeaten season, the Chiefs came from behind to deal them their lone defeat in regular season play.

Then last year when the Steers had lost much of its star-studded team from the previous year, they opened the season by shellacking the Chiefs, 24-6.

Coach Dempsey Alexander says the Steers are in good shape for the contest and spirit is running high as the season opener nears. The team has come through the first three weeks of practice without a serious injury.

Jimmy Clements, starting center, was laid up with a groin injury early this week, but he will be ready for the game Friday.

Probable offensive starters for the Steers will be as follows: Bill Owen, 142, senior, left end; Jimmy Cain, 188, junior, left tackle; Jerry McCuan, 160, senior, left guard; Jimmy Clements, 145, junior, center; Scotty Turner, 184, junior, right guard; Floyd Trantham, 190, junior, right tackle; David Lindop, 145, junior, right end; Benjy Dial, 170, quarterback; Tommy Williams, 142, senior, left halfback; Carroll Huggins, 170, senior, right halfback; Jerry Lovelace, 180, junior, fullback.

There will be three changes on defense, with Leon Lovelace, 169, freshman, and Donald Dale, 158, junior, replacing Owen

and Lindop at ends; and Bobby Atkinson, 184, sophomore, replacing McCuan in the line.

Few coaches are optimistic at the start of any season but Alexander this week was an exception. When asked just how good he thought his team would be this year, the Steer mentor said, "I think this team will be about the best Farwell has ever had."

"And, there have been some good ones," he added.

But, the coach is well aware of the fact that it will take a good team to face the rugged schedule ahead, which doesn't have a weak link in it. Only two Class B teams are on the schedule, Bovina and Lazbuddie, and they are both considered strong contenders for the Class 2-B crown.

The Steers will not be a heavy team, but the average weight for both linemen and backs is 165 pounds, about average for Class A schools. "That's just about right," Alexander says.

If the team is outweighed in any of its encounters, they will make up for it in hustle and speed.

Lovelace Is QB President

Woodrow Lovelace was elected president of the Farwell Quarterback Club when the group met last Thursday night to map out plans for the coming football season.

Lovelace succeeds Don Williams as president. Serving with him will be Pete Rundell, vice-president; and Bob Anderson, secretary-treasurer.

A committee appointed to handle the filming of Steer games includes Bob Hart, Glenn Phillips, Bob Anderson, Dale McCuan, Pete Rundell and Don Williams.

Possible purchase of a camera for use in filming was discussed at the meeting. Several members thought that over a period of years, it would be more economical and practical if the club had its own camera.

Members are checking out prices on cameras. In the past the quarterbacks have always rented a camera for their work.

Williams, the out-going president, said that the club was in good financial shape right now. However, if the club buys the camera it could be tight-run before the season is over.

"We still need some more members," Lovelace says. The club will have its next meeting Monday night at the City Hall and will meet each Monday night throughout the season.

Can Plant On Right-Of-Way

Parmer County farmers, who plan to plant wheat along the proposed right-of-way for the widening of Highway 70-84, were assured this week that construction would not start before July 1, 1961.

Much of the right-of-way for widening the highway from Bailey County to Farwell, has been purchased by the county and state, but since the construction date of the road is still sometime in the future, farmers have been planting the right-of-way into crops, Parmer County Judge Loyde Brewer says.

A letter this week from O. L. Crain, district engineer for the Texas Highway Department, revealed that the farmers, who have crops planted in this stretch of right-of-way, will be able to harvest them without highway department construction interfering.

"We should like to point out, however, that a crop may be damaged by the moving of utility lines or the adjustment of gas lines," Crain said. All of the right of way for the road should be secured by January 1 and "it is hoped that shortly thereafter the Southwestern Public Service Company will be in a position to remove their line from the new right-of-way," Crain said. This may result in slight damage to any planted crops.

At the present time there is no definite date for construction to begin on the highway. "However, as soon as all right-of-way is secured, we will make every effort to obtain funds for the construction of this project," Crain added.

TAKING OVER AS SOCIETY EDITOR of the Tribune Monday will be Mrs. Ed Baldrige. She replaces Miss Gale Hadley, who will enroll next week at New Mexico State College at Las Cruces. Mrs. Baldrige, better known as Betty, will be on the receiving end of the telephone when you call in your news tips.

Youths Charged With Forgery

Three youths were arraigned in Parmer County Court Tuesday for forgery. All three confessed to having a part in forging one check and they have been bound over to the grand jury, which is scheduled to meet in September.

Each of their bonds were set at \$1,000 by Judge Loyde A. Brewer.

Arrested and charged with forging and passing a \$50 check

Editors Named For THS Publications

Mrs. Jimmie Allman, head of the journalism department in Texico High School, has released the names of the editors of the two official publications of Texico High School. Editing "The Wolverine's Tale" will be Della Fahsholtz, and Pauline Servatius and Trudie Lambert will serve as co-editors of "The Wolverine", the school yearbook.

Eighteen students are enrolled in journalism this year compared to 26 last year.

One more duty performed by the journalism department this year will be writing of all school publicity.

578 Enroll At Farwell

School bells rang for 578 Farwell students Monday morning, according to W. M. Roberts, superintendent, indicating an increase of 27 students over the enrollment for last year.

The largest number of youngsters were entering school for the first time, with 70 first graders listed on the rolls. Second largest class is the second grade division with 64.

Breakdown of registrations is elementary, 341; junior high, 92; and high school, 145.

The large enrollment in the first grade will necessitate the hiring of another teacher for that group, says Roberts. Two teachers are now employed for beginners. A decision on the problem will probably be made this week, he adds.

Methodist Men Plan Reception For Teachers

All men teachers and members of the Texico and Farwell school boards will be guests at a special reception planned by the Methodist Men's Fellowship Group at the Hamlin Memorial Methodist Church Tuesday night at 7 p.m.

A hamburger fry is planned and the guests will hear a short talk by Dr. R. L. Williamson of the First Methodist Church in Clovis.

The past couple of weeks have been hectic for quite a number of folks hereabouts, and one fellow this week was of the opinion that there were more things going on in town than ever before.

That could well be, and when you look at what has transpired during the past several days, and what's still on tap for this week end, it's easy to see why a few fellows are gasping for breath.

In looking over the schedule of activities, you'll find that the sports-minded fellows are the ones who have been at it the hardest. The schedule got so crowded for some of the sports enthusiasts Thursday night that they had to sandwich a quarterback club meeting in between games at the city bowling tournament.

Besides catching an occasional practice session of the Steers, bowling in a two-day tournament, organizing a quarterback club, and competing in a two-day turkey shoot, many of these sportsmen are the fellows charged with planning and carrying out the Appreciation Day program.

And, there's no end in sight. Dove season opens this week, the curtain goes up on football season Friday, and the 'klegers will return to the lanes for the fall season Monday. Anyone for tennis?

The evening sun doesn't linger quite so long on the western horizon and the nights are beginning to get brisk.

Not only does this mean that the fall harvest season is drawing near, and subsequently relief for all hayfever sufferers, but of paramount importance to folks in this area is the football season. It does look like a good one.

Farwell fans have been fortunate during the past four or five years in being exposed to a top-notch brand of football. Thanks to past performances of local teams, this season should prove to be most interesting.

The schedule facing the Farwell Steers this season is without a doubt the roughest in the school's history, something that comes about only after you have built up a reputation.

Since all indications are that the team will be made up of an aggressive, talented group of individuals, who will be capable of measuring up to the formidable task ahead, everyone can get set for an action-packed season.

You can be sure it will be just that.

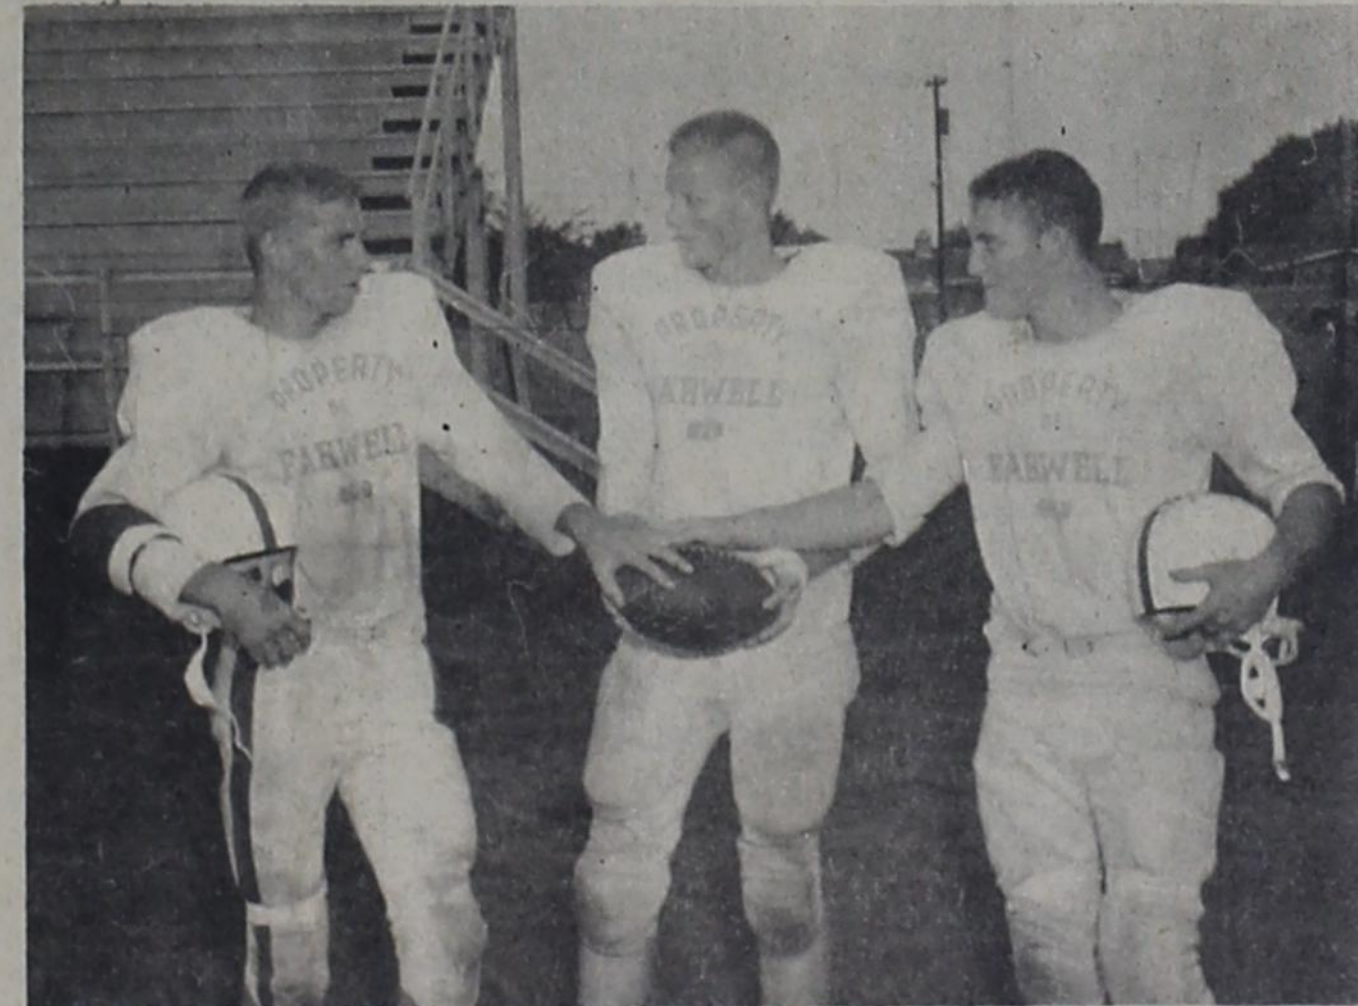

Football coaches are normally a pessimistic lot, and no matter how bright prospects might be, rarely does a coach do anything but break out the crying towel when he talks about his team's chances.

A real exception to this rule would have to be Dempsey Alexander, the likeable Steer mentor who is going into his second season at Farwell. In talking with him about the season opener this week, I asked just how good he thought his team really was.

The question was asked almost apologetically, because I knew that a query of this nature always places a coach on the spot. Not so with Dempsey, however.

He didn't squirm, scratch his scalp, paw the ground with his foot, or hesitate in the least. But, with a straight forwardness, like one might expect from a bold politician, the Steer coach said he thought this year's team would be the best Farwell has ever had.

How's that for placing oneself out on a limb?

CO-CAPTAINS FOR THE FARWELL STEERS this season are Benjy Dial, left, Floyd Trantham and Jerry Lovelace. They will be leading the team Friday night in its season opener against the Friona Chiefs.

Football Contest Begins

The Tribune this week launches its second annual football contest. Throughout the season sports fans will have an opportunity to match wits with the experts.

Weekly cash prizes will be awarded and the grand prize will again be an expense-paid trip to the Cotton Bowl football game January 1. Rules and details of the contest, which will be the same as last year, can be found in an advertisement inside.

Entries must be submitted at the Tribune not later than 7 p.m. before the Friday night

games. The weekly prizes will be \$5 for first, \$3 for second, and \$1 for third.

Results will be tabulated each Saturday morning and the winner will be announced by Saturday noon.

Businesses participating in the contest this year are McCarter Grain, Helton Oil Company, Sherley-Anderson-Pitman, Inc., Security State Bank, AA Bowl, The Texas Company and Bill's Texaco, Oklahoma Lane Farm Supply, Farwell Grain Exchange and The Tribune.

Farwell Brotherhood Elects New Officers

The Brotherhood of the First Baptist Church of Farwell met Monday night at the church.

A business meeting was conducted by Joe Reed, president, and officers for the coming year were elected.

Officers are Markham Chadwick, president; Bruce Blair, Jr., secretary treasurer; Joe Reed, food chairman; Rev. Sid-

ney Cox, song leader; Leroy McDonald, R. A. counselor, and Joe McWilliams, vice-president and membership chairman.

Serving as program chairman will be Pat Patrick and pianist will be Clarence Johnson.

Speaker of the evening was B. C. Ancira, pastor of the Spanish Baptist Mission in Texico. He spoke on "The Call of Duty".

Fifteen members and seven visitors were present and ice cream and cake were served.

Nutex Pool Closes For Season 31st

Area swimmers had a chance for their last splash of the summer season Wednesday afternoon, with the doors of the Nutex Swimming Pool in Texico, closing for the season that day, according to Claud Dyer, manager.

The pool, which was in its second season of operation, had a fair season, according to Dyer, with the swimming hampered much of the time with cold and rainy weather. The local citizens were out to beat the heat by swimming on warm days, however.

Quite a few youngsters learned to swim this year, by enrolling in classes at the pool, taught by Jimmy Starkey of Clovis. The classes continued for six weeks. Hal Ed Helton and Kit Doran were life guards and substitute guards were Jackie Dyer and Vernon Thigpen.

Best day of the year for the pool was July 1, says Dyer, with between 100 and 150 people in and out of the pool that day.

Texico Science Students Find Improvements In Lab

The 83 students enrolled in science courses at Texico High School this year have seen several changes in the department since last year. Several improvements have been made and new equipment purchased, however some of it has not arrived yet.

Some of the improvements that have been made are the five new cabinets, of which three have formica tops, a germination box, an aquarium and a microprojector. Bob Teel, science instructor explains that this projector will enable all students to see at once where only a few at a time would be able to observe through microscopes.

He also states that at the beginning of the year there was no type of physics equip-

ment but that the school has purchased some and is awaiting its arrival.

When asked how he thought the science department of Texico compared with departments of other schools the size of Texico, Teel stated that he hoped, of course, it would be stronger, but it would take a while to determine.

The physics and biology departments this year will compile their own workbooks while those enrolled in general science classes will have their workbooks furnished.

The only changes in the science curriculum this year is physics in the place of chemistry, says Teel, who is in charge of all science instruction.

Bowling Leagues Begin Monday

New bowling leagues begin Monday night.

Participants in the competition at the local lanes have signed up for leagues, according to officials at the AA Bowl.

Twelve teams will bowl in the Industrial League Monday night; and the Couples league set for Tuesday is incomplete, with 8 or 10 teams scheduled for participation.

Ten business sponsor teams in the Western League Wednesday; Thursday morning, the Earlybirds, a housewives group, will bowl. That night, six Classic teams (men) and six Gadabouts (women) will bowl.

Friday is reserved for a mixed couples league.

The tournament play runs from 34 to 36 weeks and play begins each evening at 8:30.

Also four traveling teams, two men's group and two women's groups, are scheduled

to play in Farwell at intervals. The groups will bowl in Friona, Farwell, Portales and Muleshoe, and will switch sites of competition.

Traveling bowlers will be scheduled in Farwell two Saturdays in late September, then will not bowl again here for two months.

Death Word Received

Mrs. J. A. Cox of Farwell has received word of the death of her daughter-in-law, Mrs. Fred Cox, 65, of Phoenix, Ariz. Mrs. Cox, who had been ill for some time, passed away Saturday.

Services were Tuesday in Phoenix. Mrs. Cox had visited in Farwell, and was known by many people here. Her husband had preceded her in death three years ago.

It makes good sense to pre-plant ammonia on wheat land

Prominent West Texas farmers like RAY SCHULTE use ammonia to get wheat yields up to 60 bu.

Ray Schulte of Castro County, who farms 875 acres, says: "On this soil around here, it wouldn't pay you to put in a wheat crop without ammonia." Applications of 100 pounds of Phillips 66 Ammonia per acre have given Mr. Schulte up to 60 bushel per acre wheat yields.

"On maize," he reports, "I put down 100 to 120 pounds of Phillips Ammonia per acre. I've made 8600 pounds maize per acre in the De Kalb 5-acre contest. Ammonia on cotton gives me about 1/4-bale increase per acre."

Thousands of Texas farmers are using Phillips 66 Ammonia to help assure top net profits per acre. Actual field reports prove that Phillips 66 Ammonia (1) boosts wheat and small grain yields (2) increases maize yields (3) produces more high grade cotton (4) improves forage production.

See your local Phillips 66 Ammonia Distributor now. You can depend on better ammonia service.

Lullaby Shower Honors Mrs. Raymond Hadley

Mrs. Raymond Hadley was honored with a lullaby shower Tuesday night in the basement of the Texico Baptist Church. Members of the Companion Class served as hostesses.

As guests entered, they were registered at a table laid with white lace over pink. The gifts were placed in a baby bed decorated in blue under an umbrella descending from the ceiling, which was adorned with tiny packages.

Mrs. Hadley was assisted in opening the gifts by her mother, Mrs. John Hill, and mother-in-law, Mrs. John R. Hadley.

After games were played, refreshments of pink punch, spudnuts iced in blue and nuts were served from a table covered with white lace over pink, and centered with a bouquet of pink and white roses. Pink tapers in milk glass holders and crystal appointments completed the decoration. Mrs. Don Fought and Mrs. Jim Pierce presided at the serving table. Plate favors were marshmallow booties tied with blue ribbons.

Those attending and sending gifts were Mesdames Arther McDonald, Albert Smith, Rada Winkles, Cassie Morgan, Mary Lyn London, Pattie and Gay, Pat Webb, Ysleta Kirtrell, Au-

drey Kirtrell, Margery Fought, Tena Roth, Flossie Watts, Allie Burris, N. W. Peyton, Ellen Daniel, Olan Schlueter, Buck Doran, Ann Francis, Ruth Doolittle, Sue Scott, Sidney Cox, H. Hill, Dee J. Nuptial Vows Unite Kay Hartzog, Jerry Strawn

Nuptial vows uniting Miss Sharon Kay Hartzog and Jerry Lynn Strawn were read August 7 at Bovina Methodist Church.

The bride is the daughter of Mr. and Mrs. A. L. Hartzog of Farwell and the groom's parents are Mr. and Mrs. Norvel Strawn of Bovina.

Rev. Davis Edens officiated at the double ring ceremony.

Traditional wedding music was furnished by Mrs. John Wilson who also accompanied Mrs. Davis Edens as she sang "True Love," "Because" and "Wedding Prayer."

Vows were exchanged before a white wrought iron archway entwined with garlands of smilax and pink roses. Candabra holding white tapers and baskets of gladioli completed altar decorations. The bridal aisle was marked with satin bows and white daisies.

Miss Arlene Clayton attended the bride as maid of honor and bridesmaids were Misses Dixie Hartzog, sister of the bride, and Vicki Strawn, sister of the groom. Cathy Suderth, niece of the bride, was flower girl. They wore identical dresses of pink silk organza over taffeta, and their half hats were lace with pink veiling. Each carried a bouquet of white gladioli.

The bride, given in marriage by her father, wore a white gown of crisptaffeta. The bodice of hand clipped Chantilly lace featured a sabrina neckline and elbow length sleeves. The bouffant skirt was paneled with Chantilly lace and fell into a chapel train. Her fingertip veil of silk illusion was attached to a demi-cap of Chantilly lace edged with seed pearls. Her bouquet was a cascade arrangement of garnet roses featuring a white orchid adorned with stephanotis topping a white Bible.

Bill Strawn attended his brother as best man and groomsmen were Ronnie Isham and Leon Richards. Ushering were Don Caldwell and Roy Charles Dodson. Roy Hartzog, brother of the bride was ring bearer.

Miss Ann Kendrick of Groom, cousin of the bride, registered wedding guests.

Following the wedding a reception was held in fellowship hall. The bride's table was laid with a white satin cloth and centered with the bridal bouquet. Presiding at the table were Mrs. John Underwood, aunt of the bride, and Misses Patsy Bagwell and Nita Beth Estes.

Glenns Return From Missouri

Dr. and Mrs. T. J. Glenn and children returned Thursday afternoon from Missouri where they visited with her parents, Mr. and Mrs. Victor Bollinger at Denton.

The Glenns also visited with her brothers and sisters while on the week trip.

Dinner Honors Miss Wainscott

Mr. and Mrs. Herman Gerles hosted a farewell dinner, honoring Miss Jimmie Lou Wainscott Saturday night in their home. Miss Wainscott has served as Home Demonstration Agent for Parmer County the past four years and has accepted a similar position in Hidalgo County.

Those present were Miss Wainscott, Mr. and Mrs. Gerald Norton and children, Mr. and Mrs. Joe Jones and children and host and hostess.

John Carsons Parents Of Son

Mr. and Mrs. John Carson of Texico are the parents of a baby boy born August 20 in the Clovis Memorial Hospital. The boy was named John Clayton and weighed eight pounds and five ounces at birth.

Paternal grandparents are Mr. and Mrs. Raymon Carson and maternal grandparents are Mr. and Mrs. Tom Stansell, all of Olton. Also Mrs. John Carson is paternal great-grandmother.

SUSAN BLAIR ENTERTAINS FRIENDS

Susan Blair, daughter of Mr. and Mrs. Bruce Blair, entertained a group of her schoolmates with a "back to school party" in the yard of her home Friday evening. Susan used the school colors of blue and white for decorations.

Games were played following a supper of grilled hamburgers.

Those attending were Edith Ann Walling, Becky Terrell, Jackie Gast, Jeanie Blair, Linda Williamson, Mary and Martha Coffey, Peggy Martin, Patty Tatum and Teresa Quickel.

Life Is Worth Your Living

By Robert O. Tomlinson

The greatest record of courage is moral courage. The greatest battles are moral battles. The greatest victories are moral victories. This courage comes from a religious faith that assures us that we have the presence of a mighty God to give us the courage needed as we live the everyday grind of life.

Christ gives us courage to follow Him and His teachings concerning different things. A man's life does not consist of the things he has, but richness toward God.

Christ gives us courage to follow Him in His teaching concerning others. We are to love others, and serve them above self. His teaching concerning self is to deny self, lose self for others, discipline self, and present one's self a living sacrifice, not dead, but holy and acceptable unto Him.

God wants us, not to die for Him, but to live for Him. It takes more moral courage to live for Christ than to be shot for Him.

Once a young man said to his sweetheart, "I love you enough to die for you," then she asked him, "Do you love me enough to live for me?" Christ says, "If you love me enough to live for me, then you will find that life is worth your living."

CLASS TO MEET

The Companion Class of the Texico Baptist Church will meet tonight (Thursday) in the home of Mrs. Raymond Hadley. Officers and a teacher for the coming year will be elected.

Jeanette Lindop Returns From Wheatheart Contest

Jeanette Lindop, who represented Farwell in the "Miss Wheatheart of the Nation" contest recently in Perryton, returned home August 21.

Jeanette was last year's "Miss Farwell" and was sponsored in the "Wheatheart" contest by the Theta Rho Chapter of ESA.

Twenty-four girls from Texas and Kansas entered the contest and rode in the parade Friday morning. At noon was the barbecue and the girls were interviewed by the judges.

The final judging was in the Perryton High School auditorium, at which time they modeled before the judges in bathing suits.

Jeanette is the daughter of Mr. and Mrs. Tom Lindop of Farwell.

Party Honors Cindy Watts

Cindy Watts, daughter of Mr. and Mrs. Billy Watts was honored with a party on her second birthday, August 25. The party was in the home of her parents, Mr. and Mrs. Billy Watts. Dena Williams, Kevin and Gerald Hardage helped Cindy celebrate.

Also present were Miss Joyce Kay Watts, and Mesdames Maxine Williams, Nell Walling, Jaunita Mace, Joy Fullton, Bessie Landrum, Thelma Watts, paternal grandmother and Mrs. Finas Jennings, maternal grandmother of the honoree. The birthday cake, decorated with Cinderella and her castle, was served with punch, coffee, cookies and ice cream and favors of hats and horns were given to the guests.

The children played in the back yard following the party.

Miss Tucker Candidate For Bowl Queen

Miss Emalee Tucker, daughter of Mr. and Mrs. R. B. Tucker, was a candidate for the title of Greenbelt Bowl Queen in connection with the Greenbelt Bowl game which was in Childress August 13.

Each player chose a girl he wished to nominate for queen and Emalee was chosen by Martin Louis of Hollis.

The game is known as the East and West game and boys from the Amarillo, Wichita Falls and Pampa areas play, as well as ones from Hollis, and Altus, Okla.

Lutheran Church News

Last Sunday, 13 young people attended the Walther League rally at Lamesa.

The All-District athletic trophy was won by Lamesa. Pat Kaltwasser won high individual trophy by winning first in broad jump, and tying for first in high jump. She also won second in the 100-yard dash.

In the boys division, Arnold Kriegel won first in the high jump, Bruce Shreeder won first in the 880 yard dash. The Lariat Church won third place in the 440 yard relay.

Kenneth and Noland Kriegel are in the Clovis Memorial Hospital and reported to be improving.

The Sunday School Training Class met Wednesday night.

We are happy that Mrs. Bertha Kaltwasser and Miss Alice Ramm were not injured last week when both had car accidents.

The Lutheran Woman's Missionary League will meet September 1 at 2:30. Rev. Sander will speak to the group on "Institutional Work."

Sunday, the title of the sermon will be "The Glory and Necessity of Work." Holy Communion will be celebrated.

Oklahoma Lane Methodist Mentions

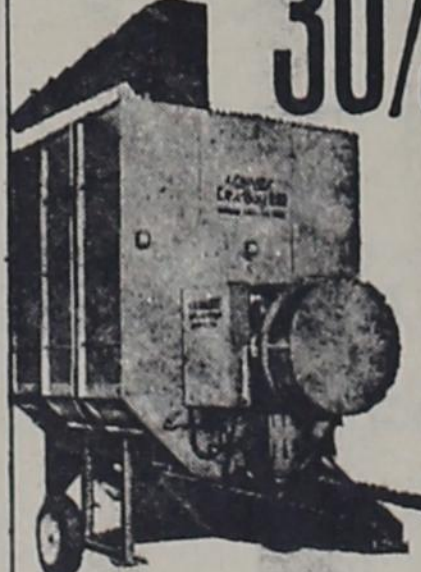

Dates for the revival have been set for Sept. 11-18 with Rev. M. Horace Brooks of the Muleshoe Methodist Church as speaker.

Attendance Sunday was 75; topic, "Using Our Gains" and special music, "Living For Jesus."

WCS circles met Monday to complete yearbooks in the home of Mrs. C. C. Christian. Present were Mesdames Lee Jones, R. A. Blankenship, George Lindop, Wendol Christian, John West and George Douglas.

Mrs. Clyde Perkins is on the sick list this week.

Sharp Shooters Net 55 Prizes

Area observers are wondering this week that at least four sharp shooters are going to do with all those hams and turkeys.

With a steady aim and a good eye for the target, four of the participants went home with a half-dozen or so each of the prize turkeys or hams that were given away by the Lions Club in their turkey shoot over the weekend. Otis Huggins says 55 of the prizes were given.

Duane Curtis was the top winner with nine prizes to his credit. Others who were top marksmen were James Patrick, six; James Foster, six; and Scotty Turner, seven.

Huggins reports the shoot as "successful" with 1072 shots fired and 685 hits and 387 misses, giving the participants better than 50 percent average.

Hospital Notes

Mrs. Mark Lethen, who had surgery on her hands Thursday, was released from the hospital the first of the week. She is the daughter of Mr. and Mrs. Johnnie Williams.

Mrs. J. H. Ford, mother of Ray Ford of Farwell, is now improving in the Amherst hospital, after having been critically ill the latter part of the week. Cards may be mailed to her at Knight's Rest Home in Amherst.

Mrs. J. W. Hardage was admitted to the hospital in Clovis Saturday night. She was some improved according to word from her physician early in the week. Mrs. Hardage has been in ill health for some time.

Cars Collide Monday A.M.

Three people escaped serious injury Monday when two automobiles collided at 7th and Ave. G in Farwell, at the beginning hour for the opening of school for the 1960 session. Occupants of both cars were headed to the school.

Mrs. Herbert Potts was driving north and David Lindop, Farwell high school student, was traveling east. Riding with Mrs. Potts was her daughter, Joan, also a high school student.

The Lindop car hit the right back wheel of the Potts auto. Both cars were damaged extensively, says Sheriff Chas. Lovelace.

The woman and her daughter were recovering from scratches and bruises.

Bowling Tourney Draws 144 Entries

Wayne Koehler of Oklahoma Lane carried away the honors as high individual for all events when the Farwell City Bowling Association closed tournament was held at the local lanes Thursday and Friday evenings.

The event drew interest from the area with 14 entries in the divisions, according to Wilfred Quickel.

Koehler was also top man in the competition in men's singles. Second place was tallied by Mark Charles of Bovina and Quickel had the third high score.

In men's doubles, Jim Terrell and Ed Combs were tops

in the divisions, followed by Billy Smith and Jerry Morton, Bovina, second; and Weldon Bell and Claud Dyer, Texico, third.

The team contest was concluded with the group from Oklahoma Lane Farm Supply making the highest record. Second was Hargrove-Williams and third was Worley Mills.

granddaughter to the Tomlinsons a few hours after the blessed event occurred. It all started at the Cuba naval base when a Marine sergeant, who is a Ham radio operator, put the message out over his radio set.

The message was picked up by a Ham operator in Amarillo last Monday. The Ham operator knew Nelson Smith of Farwell, also a Ham radioman, and knew that he would be on the air at 5:30. At that time the Amarillo man relayed the message to Smith, who in turn passed it on to the Tomlinsons.

It took five hours in all for the message to arrive and the Tomlinsons were pleased to get the message so soon. The new baby, named Tonia Elizabeth, and mother are reportedly "doing fine." The new arrival is the second child for the Burnetts and is the fourth grandchild for the Rev. and Mrs. Tomlinson.

Double Ring Ceremony Unites Laurie Cooper, Gerald Wright

MR. AND MRS. GERALD WRIGHT

Wedding vows were exchanged between Miss Laurie Cooper and Gerald Wright, both of Friona, at Central Christian Church in Portales at 4:30 p.m. Friday, August 26. Parents of the couple are Mr. and Mrs. M. M. Cooper of Portales and Ewel Wright of Byars, Okla. Glen Hull, minister of the church, read the double ring ceremony before an arch of greenery centered with red roses. White satin bows completed the decorations. Attending her sister as matron of honor was Mrs. Arthur Jones of Portales. She wore a street-length dress of blue cupioni and carried a nosegay of white carnations. Johnny Wilson of Friona was best man. Lewis Cooper of Portales, brother of the bride, and Gail Wright of Stratford, Texas, brother of the bridegroom, were ushers. Mrs. Michael Morrison, pianist, of Portales played traditional wedding marches. She also accompanied Mrs. Odie Hartwig, cousin of the bride, as she sang "Whither Thou Goest."

Escorted to the altar by her father, the bride wore a street length dress of white jacquard weave cotton styled with a full length princess panel in front. The full skirt was topped with a long fitted bodice. Her elbow length veil of white illusion was lace edged and attached to a flower shaped frame of white wired velvet. She carried a bouquet of red roses on an antique ivory fan laced with red ribbon. The fan, a family heirloom, was carried by Mrs. Jones at her wedding recently. Mrs. Cooper, mother of the bride, wore a gray dacron dress with pink accessories and a white carnation corsage. A white three tiered cake

decorated with red rosebuds and topped with a miniature bridal couple formed the centerpiece on the linen covered serving table at the reception in the church parlor.

Misses Geneva and Frieda Floyd of Friona served cake, punch from a crystal bowl, nuts and pastel colored mints.

Wedding guests were registered at a table in the foyer by Susan Floyd of Friona. A hand crocheted doily in a red rose design, which belonged to the bride's paternal grandmother, the late Mrs. H. H. Cooper of Portales, covered the table. An antique doll, dressed as a bride, which belonged to a maternal great aunt of the bride, stood beside the guest book.

For traveling to Colorado the bride wore a two piece suit of red cupioni, black accessories and the corsage from her wedding bouquet.

After September 5 Mr. and Mrs. Wright will be at home here. He is an employee of Kendrick Oil Company and she is a former employee of Plains Publishers and The Friona Star.

Mrs. Wright is a graduate of Portales High School and Eastern New Mexico University. Her husband is a graduate of Kress High School.

Out of town guests signing the register were Ewell Wright, Byars, Okla.; Mrs. Douglas Griffin and Mrs. Jewell Williams of Stratford, Okla.; Mr. and Mrs. J. B. Hamilton and Mr. and Mrs. J. H. Hamilton of Kress; and Mrs. Bobbie Sanders of Sundown, Texas.

Also Mr. and Mrs. Gail Wright, Carol and Barbara of Stratford, Texas; Mr. and Mrs. Larry Cooper and Royce of Abilene; Mrs. L. L. Cooper and Leslie of Farwell; Mrs. Myron Hart of El Paso; and Mr. and Mrs. Jess Richardson, Larry and Ronny of Texico;

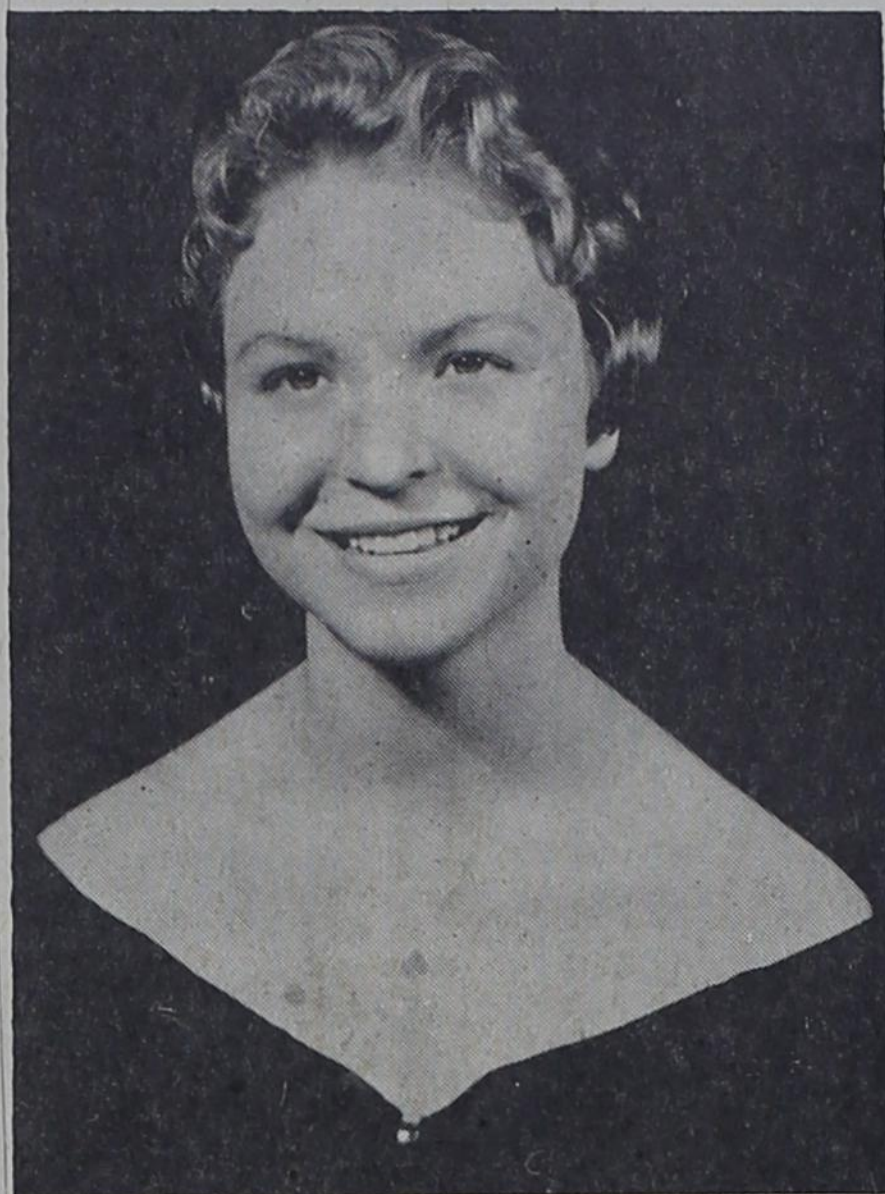

Also Mr. and Mrs. Johnny Wilson and Mike, Mrs. Tommy Parker, Mrs. Clarence Ashcraft, Clyde Woodard, F. W. Holcomb, Mr. and Mrs. Glenn Floyd, Geneva, Frieda and Susan all of Friona.

MRS. M. D. LOVVORN

Velma Martin, M. D. Lovvorn Say Wedding Vows Saturday

Miss Velma Martin and M. D. Lovvorn were married in a quiet, single ring ceremony Saturday afternoon in the Forest Heights Baptist Church in Clovis. Rev. Barto Massey performed the ceremony with only family members present.

The bride is the daughter of Mr. and Mrs. Delbert Martin of Texico and he is the son of Mr. and Mrs. Slim Lovvorn. For her wedding, Mrs. Lovvorn chose a light blue dress of chiffon which featured a short bolero over the bodice of em-

brodered chiffon. She wore a tiny blue hat with a short veil and white pumps.

In carrying out the bridal tradition, her dress was new and blue, she borrowed a pearl necklace from her sister Alice, and she wore a penny in her shoe for something old.

Carolyn Sue Martin was maid-of-honor for her sister. She wore a pale pink dress of brocade taffeta and white shoes. Windell Pike was best man.

The couple is now at home in Farwell.

Hub Farmer Hand-Feeds 82 Calves

Courthouse

IT'S FEEDING TIME at the Albert Cannon farm near the Hub community. Cannon recently received 82 Holstein heifer calves and he has had the task of feeding each of them twice a day by bottle.

As if there weren't enough things to do on the farm at this time of year, one farmer of the Hub community has taken on another sizeable chore--that of playing mother to 82 baby calves.

Albert Cannon, who farms two miles south of the Hub corner in eastern Farmer County, last week received 82 Holstein heifer calves from a breeding farm in Dorchester, Wisconsin. When they arrived, the calves were from 7 to 11 weeks old and Cannon started each of them off on the bottle.

Yep, that's right, twice each day Cannon and a hired hand have been feeding the 82 head of livestock by hand--and with a bottle. They feed four at a time and it takes about an hour morning and night.

What's the reason for all this? Cannon is getting ready to go into the dairy business at his 480-acre farm and this is just the first stage of a long-range plan. Two years from now these heifers should be calving and coming fresh for the first time. That's when Cannon plans to start producing milk for sale.

All of the calves are of artificial breeding and come from some of the best stock in the Midwest, Cannon says. Their mothers all give on the average of 10 gallons of milk per day.

The bottle-feeding process will last for only a few weeks. After the calves become 12 weeks of age, they will be weaned from the bottle and placed on a mixed feed ration. Sixteen of the calves have already been taken off the bottle.

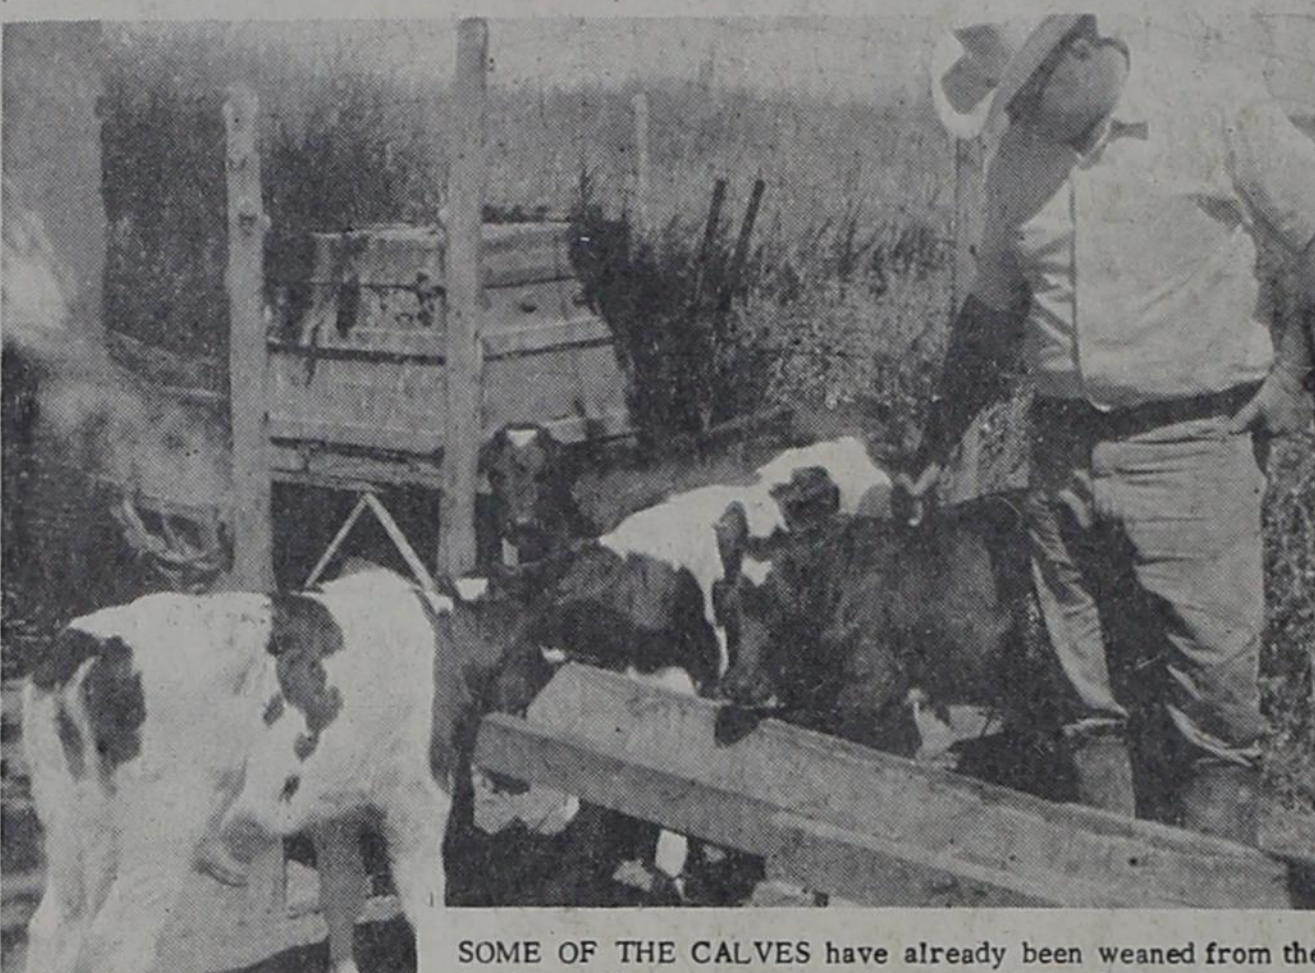

They will be fed this ration until they reach 250 pounds and then will be turned out to pasture.

All 82 of the calves arrived at the Cannon farm in fine shape. They were transported here by truck.

"They were a little tired and shaky when they arrived," Cannon says, "but they're all looking good now."

"The biggest problem right now is flies," Cannon explains, adding that three weeks from now would have been a better time to have started on his

THE HIGH PLAINS FARM AND HOME

SOME OF THE CALVES have already been weaned from the bottles and placed on mixed ration. Here, Cannon is shown with a few of the 12-week-olds, which will no longer have to be fed by hand.

program. Cannon has to spray the calves and pens several times a day.

The dairy business will be nothing new to the Hub farmer, who ran a herd of cows on his farm until 1950. Since that time, he has devoted his time to his irrigated farm, raising cotton and grain sorghums.

In choosing this method of getting back into the dairy business, Cannon explains, "I wasn't ready to get started just now, but hope to be two years from now." He plans to build a new barn and have everything ready to go by that time.

Cannon expresses the belief that dairying can be profitable, "especially right now, with feed prices so low," he says.

Once he gets started, Cannon will probably sell the milk produced by his herd to an Amarillo dairy firm.

Right now, Cannon's chief concern is getting the calves off to a good start. And, that's certainly no easy chore, since his irrigation wells are running long hours and he has to sandwich his calf-feeding in with his

irrigating chores.

The dairy business is just

like irrigation in that it is confining and demanding, Cannon points out. "But, one thing about irrigating is that you sometimes get through," he adds.

That's something you can't say when you've got a dairy herd. The business is even more confining when you're feeding a young herd twice a day by bottle.

Electric co-ops mean

ARTNERSHIP OWER FOR ROGRESS

Nearly 400,000 Texas Families are partners in a noble undertaking that celebrates its silver anniversary this year.

They are the member-owners of the electric cooperatives that serve the rural areas of the Lone Star State. They borrowed money at interest to build their own electric systems. They created a multi-billion dollar market for electric appliances with main street merchants. They brought the blessings of electricity to areas that might still be dark had it not been for the cooperative effort. They accomplished these wonderful things while repaying principal and interest on their loans...often ahead of schedule.

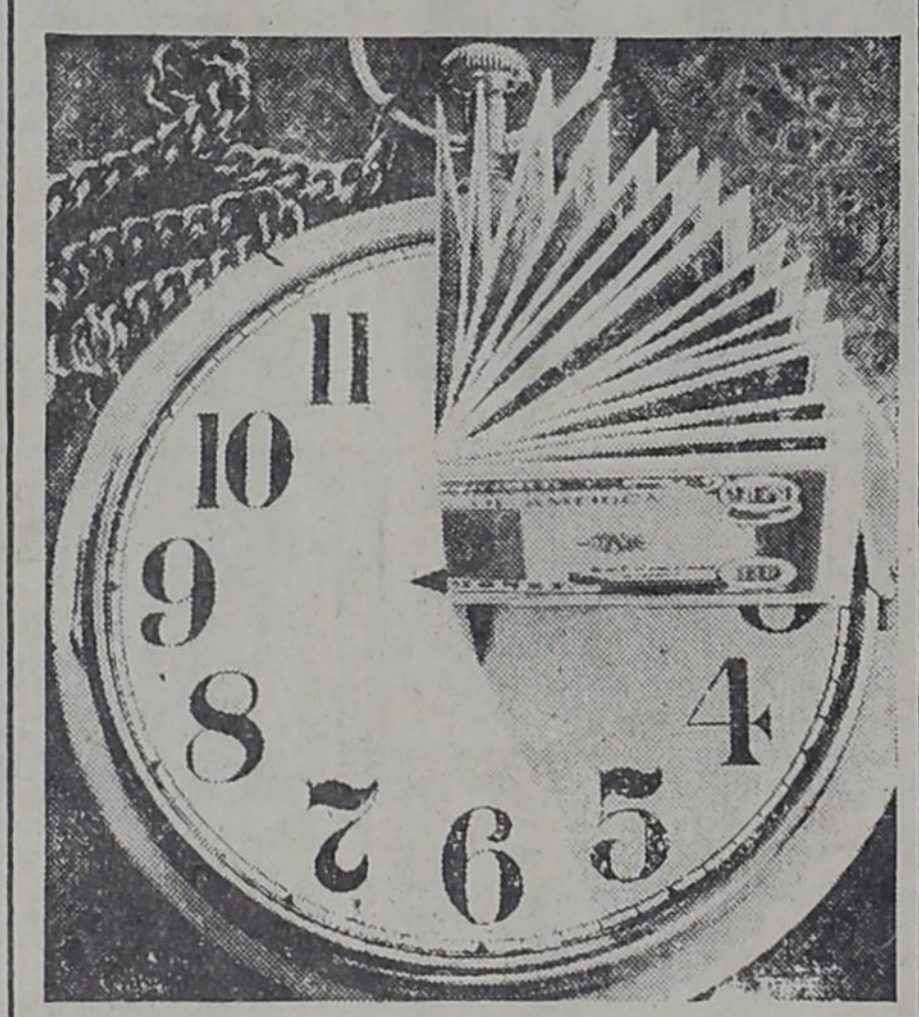

The electric cooperatives of Texas can point with pride to an efficient, dependable, electric service providing Partnership Power For Progress.

WITH THE COUNTY AGENT

JOE JONES

The cotton bollworm is beginning to show up over the county so you had better keep a close check on your cotton from now until it matures. With cotton late like it is this year the bollworm can do damage in most fields right up to frost. Forget the cotton fleahopper because squares they will knock off will not make cotton anyway. The lygus bug can also damage small bolls so be on

the look out for this pest. If the cotton leafworm shows up better control him because they can do damage in a hurry. When the leafworms begin to rag the leaves better bring them under control with the recommended insecticide. Begin treatment for the cotton bollworm when 4 or 5 small worms and eggs are found per 100 terminals.

The addition of phosphate to wheat on sands, loams, and sandy loams is likely to pay good returns on the money invested. If you have not had a soil analysis run on your 1961 wheat land and want to guess at the amount of phosphate that might be needed it looks like 40 to 60 P2O5 is a good guess. This has proven to increase yields in most demonstrations from 6 bu. to 12 bu. per acre. Remember phosphate should be placed in bands at seeding time or prior to seeding wheat. Phosphate can be placed in the drill furrow with wheat seed but nitrogen or potassium cannot, so be sure you don't try putting nitrogen fertilizer with or too near the seed.

To date phosphate has not been profitable when applied to wheat on clays or clay loam

soils. Research conducted at the Southwestern Great Plains Field Station at Bushland and work conducted at Hereford and Tulla has shown little or no benefit from the use of phosphate when applied to the clay type soils, for wheat production. It would be a good idea if each of you would do a little checking on your own each year to see just when phosphate may be needed on your farm. If we continue to take big crop yields off year after year the addition of plant food elements other than nitrogen is sure to be needed. The important thing is to know when this time has arrived so these elements can be added. Generally speaking the South one third of Parmer County and a few sandy spots over the county can use phosphate to an advantage on wheat according to research work and demonstrations conducted to date.

Rotation of crops must be planned ahead and now is the time to decide just where you will put your 1961 cotton crop. 1960 wheat land would be ideal. Grain sorghum stubble with a little nitrogen added and turned under while green this fall would also provide a good place. At any rate you had better give consideration to Rotating your cotton from cotton land that has been in cotton the past year or so.

It does not hold true in all instances but generally speaking the 1960 cotton crop following cotton had disease worse than cotton on land that was not in cotton in 1959. Now is the time to plan where the 1961 crop will be seeded on your farm.

HELPING OUT WITH THE FEEDING is Cannon's small son, Glenn, who was at first a little hesitant about getting into the pen with the calves. But, once they got a hold of the bottle nipples everything was all right.

H. D. AGENT'S CORNER

Jimmie Lou Waincott

Since this is my last column in Parmer County I would like to say it has been a pleasant experience working and living in Parmer County. I would like to express my thanks to each Home Demonstration Club member, 4-H member and their parents for their cooperation through the years that I have been in Parmer County.

Appetites may lag a bit on these hot summer days . . . It's easy to overlook the need for balanced nutritious meals and simply "fill the family" with an assortment of this and that.

To solve this situation, try some of the hearty, nutritious salads suggested in a NEW

important virtues, and public debt as the greatest of dangers to be feared. To preserve our independence we must not let our rulers load us with perpetual debt. If we run into such debts, we must be taxed in our meat and drink, in our necessities and in our comforts, in our labor and on our amusements. If we can prevent the government from wasting the labor of the people, under the pretense of caring for them, they will be happy."

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

Neil Davis, office secretary, says she would appreciate it if you would file for gas tax exemptions soon, so that there will not be carry-overs between now and January, in which case some of the invoices would have expired. Also, if you do not plan to file, she would appreciate your returning the post card you receive, so that dealers will cease pulling out and sending invoices for her to file needlessly. Thank you.

Think this one over: An employee gives you trouble and wants more pay than you think you are able to pay him. You don't agree, so he quits and pickets your business. . . . Another man asks for the job, so you hire him and he proves to be as good as the quitter and easier to get along with. You give him a raise . . . Six years later, the federal government tells you to fire the worker you like, move him out of the house you furnish him and move the quitter back into the house and onto the job.

The above is precisely what happened at Kohler Company in Wisconsin. Unless we, the people, stand up for what is right, it will be happening on the farms of Parmer County in a few years. Please don't dismiss the idea with a placid "impossible." Twenty years ago, would you have believed you would someday pay a percentage of your income for a retirement plan that guarantees you nothing? (Social Security).

ESOL CONSERVATION DISTRICT NEWS

Water, in the form of irrigation, played a big role in last year's bumper crops on the Texas High Plains, topping all past records in grain sorghum production. And we produced a cotton crop of 1.8 million bales, second only to the 2 million bales ginned in 1958. Irrigation was applied to 1-1/2 million acres of cotton, 2 million acres of grain sorghum, 686,000 acres of wheat, and 89,000 acres of corn.

More figures on what irrigation has done, or helped to do: High Plains farm cash income rose from \$215 million in 1943 to \$719 million in 1958. This increase in income closely parallels growth in irrigation. Here are figures for the South Plains:

YEAR	NUMBER OF WELLS
1911	1
1934	300
1945	4,300
1958	34,000

In the entire high Plains farmers have 47,275 wells on 19,667 farms, irrigating 4,778,000 acres. They have 6,404 miles of underground irrigation pipe to conserve water. Some 7,814 farms are using underground pipe to irrigate 1,738,283 acres. Underground pipe cuts water use by about one-third by eliminating seepage and evaporation losses from open ditches.

And we have about 130 recharge wells on the Plains to drain lake water to recharge the underground water. Silt has been the biggest problem in this method of recharge. Also, water is pumped from some 2,500 lakes directly onto crops. This is good irrigation water and cost is low. Only disadvantage is the water loss from evaporation.

Geologists say the water sands known as Ogallala formation are 20 to 200 feet thick and lie 100 to 300 feet below the surface. They estimate the plains people have used 20% to 25% of their underground water. How long will it last? A lot depends on conserving the remaining supply.

We know that in 1948 only 26% of our wells pumped under 700 gallons per minute. Today, 61% pump under 700 gallons per minute. In 1948, only 17% of the wells had a lift of over 125 feet--today, it's 76%. Taken from Progressive Farmer, April 1960.

The HAPPY HOMEMAKER

BY JUNE FLOYD

With the opening of school many homemakers are busy sewing. Whether you have a son who is entering the first grade or a daughter that will be a senior in college, making school clothing can be a rewarding experience.

There are so many types of fabric to choose from that it is oftentimes very difficult to decide which one to buy. For smaller children there is no better choice than cotton. Besides being beautiful, it is durable, washable and most practical.

If you are sewing silk or any other slippery material and have difficulty keeping it on the machine, just pin a turkish towel over the table end of the machine. Then the material will not slip off while you are stitching it.

After reading endless hints on how to keep sewing supplies neatly stored, pins, needles, rick rack, braid, buttons, zippers and various other articles at the Floyd home are generally jumbled up.

Somehow or other we have never mastered the art of keeping such things in order. There must be a fool proof system, but the one we use just doesn't work.

If you, like most other home sewers, are guilty of lifting ideas for dresses, blouses, shirts, aprons, etc. from magazines and newspapers, here is an idea that sounds very good.

Take an ordinary looseleaf notebook and fill it with plastic sheet protectors centered with black paper. As you collect ideas, slip the pictures into the sheet for further reference.

Soil Test Now

Efficient farming methods are prerequisites to maximum profits, and failure to determine the soil's need for fertilizer is not efficiency. Dr. W. F. Bennett, extension soil chemist, says that the best place to determine the amount of fertilizer a field needs is in the laboratory.

"A farmer gets more return on the money spent for testing and then applying recommended treatment to his soil than he does on any other money spent for crop production," Dr. Bennett points out.

Improper nutrient balance, coupled with a lack of weed insect and disease control, greatly reduces the potential effectiveness of fertilizer.

WEST TEXANS SAY OF P-A-G MAN... that's sorghum!

The way P. A. G. Sorghums look in the field makes everybody who sees them exclaim "Man, That's Sorghum!"

P. A. G. has earned the confidence which farmers have in this sorghum. Each exclusive variety is researched, tested, and proved before it is offered for sale. Then when you plant P. A. G. you can be confident that not only will it look good in the field, but it will provide top yields. Careful quality control through triple isolation on seed production pays off in your field when you plant P. A. G. Sorghums. Hundreds of tests have proved it.

Now is the time to book your P. A. G. seed.
