

For the first time in a long while, an interesting city commission race is shaping up for Farwell, and it should make for a healthy situation.

I say "healthy situation" because that's exactly what is going to exist when you have more than one group or slate of candidates seeking a political office.

Issues are going to be brought to the forefront, and people are suddenly going to take more of an interest in city affairs than they have in the past.

This can't help but make for a healthy condition, because when there is interest in public affairs, most likely people are going to be informed and concerned about activities and situations vital to all.

Three candidates, representing a group which calls itself the Progressive Citizens League, this week came out with a platform that sets forth several goals and openly points out existing conditions which they feel have retarded the city's growth and progress.

The initial effort of these candidates in regard to the upcoming city election is encouraging, I think, for several reasons.

One is that the candidates appear to be willing to get out and work for a few improvements which have long been needed for the community.

Another reason is, that the manner in which they are going about seeking the elective city positions is a marked change from the way it has been done in the past.

As far back as I can remember, few persons have ever actively sought a position on the Farwell City Commission. It has most always been a job that someone has had to do, and it has usually gone to the persons who have said, "Okay, if you insist, I'll take the job and see what I can do."

This isn't meant to be criticism of the individuals who have served on the commission in the past, but I believe that the manner in which our city has been run, and the way in which our elections have been conducted, are a reflection on the community as a whole.

Past history does tend to point up a general feeling of lethargy among far too many of our citizens.

Persons who have taken the job of running our city government out of a sense of duty, even though they didn't really want the job, should be commended for the efforts they have put forth in the city's behalf.

But by the same token, this doesn't mean that we as a community should be proud of ourselves for imposing upon these individuals—many of them who have been past the stage of wanting to exert a little initiative and enthusiasm that should go with a city office.

The community should have enough public-spirited citizens who see the need for community leadership, are willing and capable, and have ample time to devote to the duties involved.

They should be willing to get out and sell the people on their ideas and do everything within their power to make the community a better place in which to live.

Then too, all of the citizens of the community should get behind their elected officials and support any program that will be of benefit to all concerned.

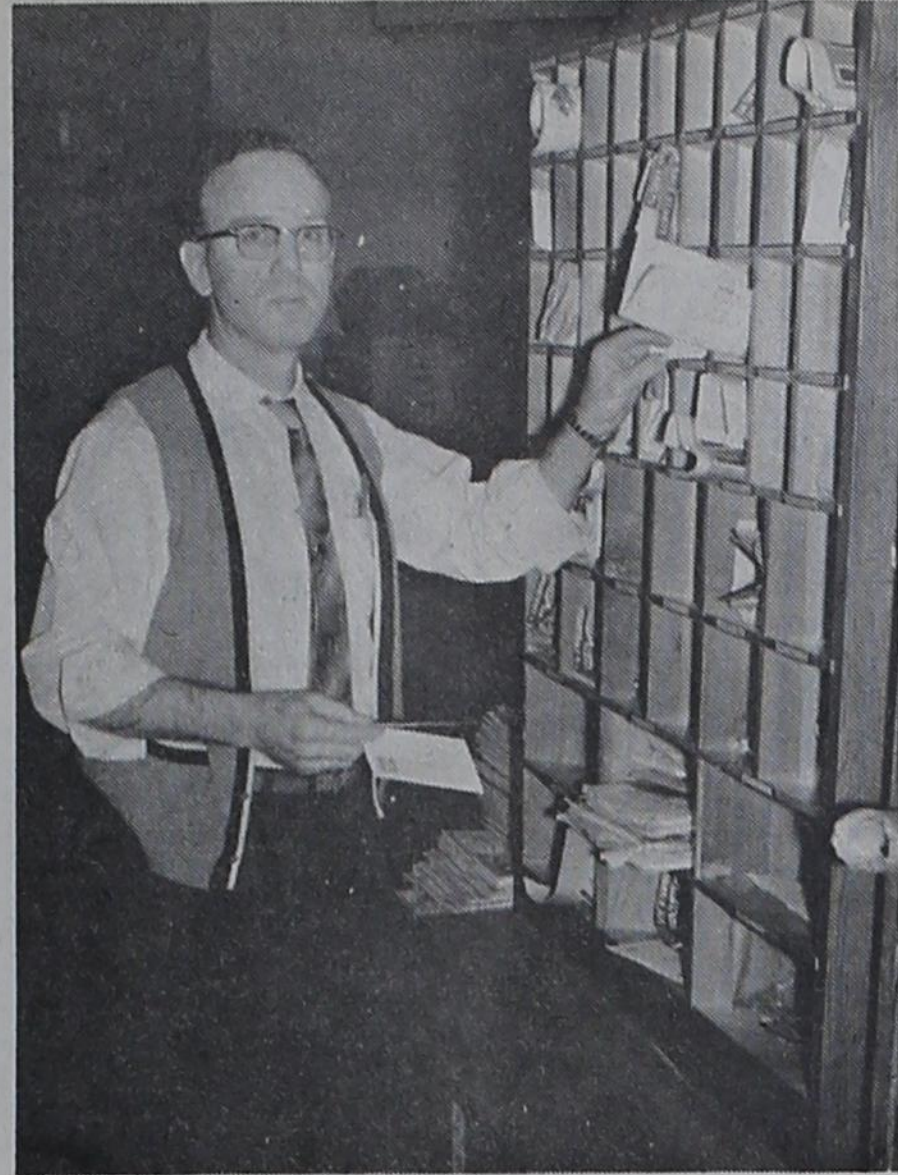

The job of a mayor or commissioner is usually a thankless position, and therefore, it is one that requires a little dedication and perseverance. Also, a man in such a position should not be afraid to take a stand on something which he thinks is best for the community, no matter how great the opposition may be.

The job certainly requires

(Continued on page 8.)

School Census Being Taken

School census is being taken at the Texico school, and the co-operation of parents in the school district is asked. Anyone in the district having children between the ages of 4 and 17 who has not been contacted is asked to call the school office. The phone number is 482-3661.

JESS LANDRUM... New Postmaster

Burglars Loot Store Again; Loss Is \$1,000

Burglars Saturday night broke into State Line Food Mill in Farwell for the third time in 40 days, and this time made off with merchandise valued at \$1,000.

The burglars backed a vehicle up to the rear entrance of the firm, broke open the door and loaded large quantities of groceries, trading stamps, and other miscellaneous items. John Porter, owner of the firm, estimates the loss in groceries at between \$600 and \$700, and he values the trading stamps at \$240. The estimated loss was based on merchandise Porter knew was missing, and it is possible that the loss could be even higher.

When Porter discovered the break-in Sunday morning, throughout the store were empty storage spaces where the burglars had cleared shelves of selected merchandise.

Reported missing were canned goods of all kinds, from 20 to 30 pounds of coffee, all of the Vienna sausage in stock, every item carrying the Franco-American brand name, all the Carnation milk in stock, two large family size boxes of soap, all of the bacon, cheese and luncheon meat in the meat counter, 60 six-pack cartons of soft drinks, two dozen packages of frozen meats and fish sticks, an electric iron, seven electric clocks, and many other items.

(Continued on page 8.)

POINTING OUT AN EMPTY SPACE on one of the display shelves in his store is John Porter, owner of State Line Food Mill. There were empty spaces like this one throughout the store following a break-in Saturday night in which burglars made off with an estimated \$1,000 worth of merchandise and trading stamps. It was the third time in 40 days that the local store had been broken into.

Womanless Wedding Next Week

The cast is almost complete for a Womanless Wedding, sponsored by Theta Rho chapter of ESA, Mrs. John Getz, president, says. Date for the comedy has been set for March 24 at Farwell auditorium and March 25 at Texico auditorium. Rehearsal is set at 3 o'clock Sunday afternoon at Texico. This is the second time that ESA has planned an entertainment of this type. The first Wedding, held nine years ago, was so successful that residents have requested at times that the Wedding be planned again, says Mrs. Getz.

Members of the immediate wedding party include Henry Haseloff, bride, and Johnny St. Clair, bridegroom. Others are Harold Carpenter, pianist; Buddy Pearce, candlelighter; vocalists, James McDorman, Fred Danforth, Cary Joe Magness; preacher, Willfred Quickel; best man, Kenneth Reid; groomsmen, Ronald King, Judge Stone, Bill Craft, John Lovelace, Dwight Sheriff and Gayle Doolittle.

Bridesmaids are Joe Jones, Charlie Christian, Glenn Phillips, Joe Camp, Jim Terrell, Dickie Adams and Richard Hapke. Flower girls are W. M. Roberts, Paul Skaggs, James Craig and T. J. Glenn; and J. B. Taylor is father of the bride. Train bearers include Gerald Wilkerson and Paul Crooks, and Kirt Crume and Guy Austin are ringbearers.

Landrum Appointed Postmaster

Jess Landrum, long-time employee of the Aldridge and Aldridge law firm of Farwell, last week was appointed acting postmaster for Farwell.

The appointment by the U. S. Postal Department was effective Saturday, March 11.

Landrum succeeds John Zahn, who has been Farwell postmaster for the past three years. Zahn resigned the post and this week became a cashier at the First National Bank of Bovina.

A long-time resident of Farwell, Landrum has been employed by Aldridge and Aldridge for the past 11 years. He was born and raised in Farwell and is a

graduate of Farwell High School.

This is the third time for Landrum to be employed by the Civil Service. Prior to entering the Army in 1941, Landrum worked for the Social Security Administration at Baltimore for 3 1/2 years.

He served in the army for six years during World War II, much of his time being spent in the European theatre. Landrum rose from private to captain during his tour with the army and was a recording secretary at the famed Nuernberg trials of war criminals.

Following his release from the service, Landrum was again employed by the Civil Service Commission, this time at the federal penitentiary at La Tuna.

He stayed there until 1947, when he returned to Farwell.

Landrum and his wife are parents of two children, Patricia and Mike, both who are students at Farwell High School.

Landrum will be classified as acting postmaster, pending a permanent appointment by Congress.

Zahn, who has been a resident of Farwell for the past 4 1/2 years, says that he and his family will continue to live in Farwell at the present time. He says that they plan to move to Bovina when housing becomes available.

FARWELL, TEXAS

THURSDAY, MARCH 16, 1961

NUMBER 24

THE STATE LINE TRIBUNE

"OFFICIAL PUBLICATION OF PARMER COUNTY"

8 PAGES

FIFTIETH YEAR

SECTION 1

Nine Men Sentenced

District Judge E. A. Bills last week tried and sentenced nine criminals who had been indicted earlier in the week by the Parmer County Grand Jury.

All nine of the persons tried pled guilty to the crime with which they had been charged. Joe Ed Brown was sentenced to four years in the state penitentiary for burglary.

Jessie Lawrence Andrews was given the stiffest penalty, 10 years, for indecent exposure to a minor.

The four men who recently robbed Williams Mercantile in Bovina were sentenced to five years in the pen. They were Billy Joe Lewis, Carl Tims, Theodore Nance and Joshua Norris.

Jessie Roscoe received a two year sentence for forgery and passing a check.

Fortunado Lopez Martinez was placed on probation for two years for forgery, and Edward Elander Adams received three years probation for theft.

All of the men sentenced to the pen have been taken to Huntsville to begin their sentences.

Texico Bond Election Called

Absentee voting for the Farwell School Trustee Election began Monday, March 13, and it will continue through Tuesday, March 28.

Because the trustee election falls on Saturday, April 1, which is the Saturday before Easter and during school holidays, there may be quite a few people who will want to vote absentee, says W. M. Roberts, school superintendent.

Absentee ballots may be obtained from the office of the county clerk.

"We would like to encourage anyone who will not be here

on Saturday, April 1, to cast their ballot by voting absentee," Roberts says.

The four names that will appear on the ballot for the three school board positions are Jess Landrum, J. T. Ford, Buck Gregory and Raymond Martin.

Roberts this week cleared up a question which arose regarding the election when Landrum was appointed Farwell postmaster. He says that Landrum's name will remain on the ballot, and if elected, he will be able to serve.

A ruling by the attorney general of Texas on September 23, 1939, states that, "So far as the laws of Texas are concerned, a postmaster may serve as trustee of an Independent School District."

Landrum, Ford and A. W. Gober are present members of the board whose terms are expiring this year. Gober asked that his name not be placed on the ballot for re-election.

School Absentee Voting Underway

Property owners of the Texico School District will be asked to vote "yes" or "no" April 11 on a \$165,000 bond to build a new high school building.

Date for the election was set at a meeting of the school board last week when the group met to canvas signatures on petitions requesting that the election be called.

Two petitions were submitted to the board and they had approximately 100 signatures.

It is not known just when construction of the new building would get under way, should the bond issue be approved.

The school board has postponed completing plans on the size and type of structure, pending the outcome of present legislation now pending in congress on federal aid to education, says Buck Doran, superintendent.

If congress does pass a federal aid bill which stipulates assistance in school construction, the Texico school may receive some of this aid. And, if federal aid is forthcoming, the local school board will plan the construction accordingly.

The \$165,000 bond is the maximum amount that the Texico citizens can vote on, if approved, the money will be used to build a complete new high school building.

The present building has been in use since 1918, and according to the school board, and representatives of the New Mexico Board of Education it is inadequate for the school's needs.

This will be the first bond election for property owners of the Texico School District since 1955 when bonds for a new elementary building were approved.

Sesame Meeting Is Friday Night

A special sesame meeting, complete with a free chili supper, is scheduled for Friday night at 7:30 at the Farwell School Cafeteria.

The meeting is being sponsored jointly by Henderson Grain and Seed Company and Texas Sesame Growers, Inc., and it is for area farmers who are interested in growing sesame this year.

Parmer County Agent Joe Jones will be in charge of the meeting and Robert L. Parker, executive vice-president of Texas Sesame Growers of Paris and Muleshoe, will be the principal speaker. Parker will present the 1961 color sesame movie and slides on sesame production.

Progressive Group Announces Platform

Three candidates in the race for Farwell City Commission, who represent the Progressive Citizens League, this week announced a platform which calls for an effort on the city's part to acquire the privately-owned water company serving the community.

The candidates are John Getz, who is seeking the mayor's post, and George Magness and Kark "Smoky" Gast, who are running for commissioners.

In their platform, the candidates stipulated that, "If the city can acquire the waterworks, we will endeavor to carry out the recommendations of the State Insurance Board."

Recommendations which the group made reference to have been made periodically by the insurance board in recent years as steps that the city should take if it is to have adequate water system.

Among these recommendations have been the installation of new water mains throughout the city and the construction of a new overhead water supply tank.

"By carrying out these recommendations, we can materially reduce the fire insurance premiums paid out by the citizens of Farwell," and "we can also insure that all citizens of Farwell have adequate water for all their uses," the candidates said in their platform.

"Also, a first class water system will attract more industry and more homes to Farwell," they added.

The progressive citizens also made ref-

erence to the matter of fire protection, and stipulated in their platform that all homes and businesses should be within reasonable distances of fire plugs, "so that adequate water pressure is available to fight the fires."

They said that an adequately-equipped fire department is a must for the protection of Farwell citizens, "not only for fire fighting purposes but for civil defense and local disasters."

"Adequate equipment will be a benefit to Farwell," the candidates explained, "It will enhance property values, it will attract new businesses and homes to our community and it will save lives and property."

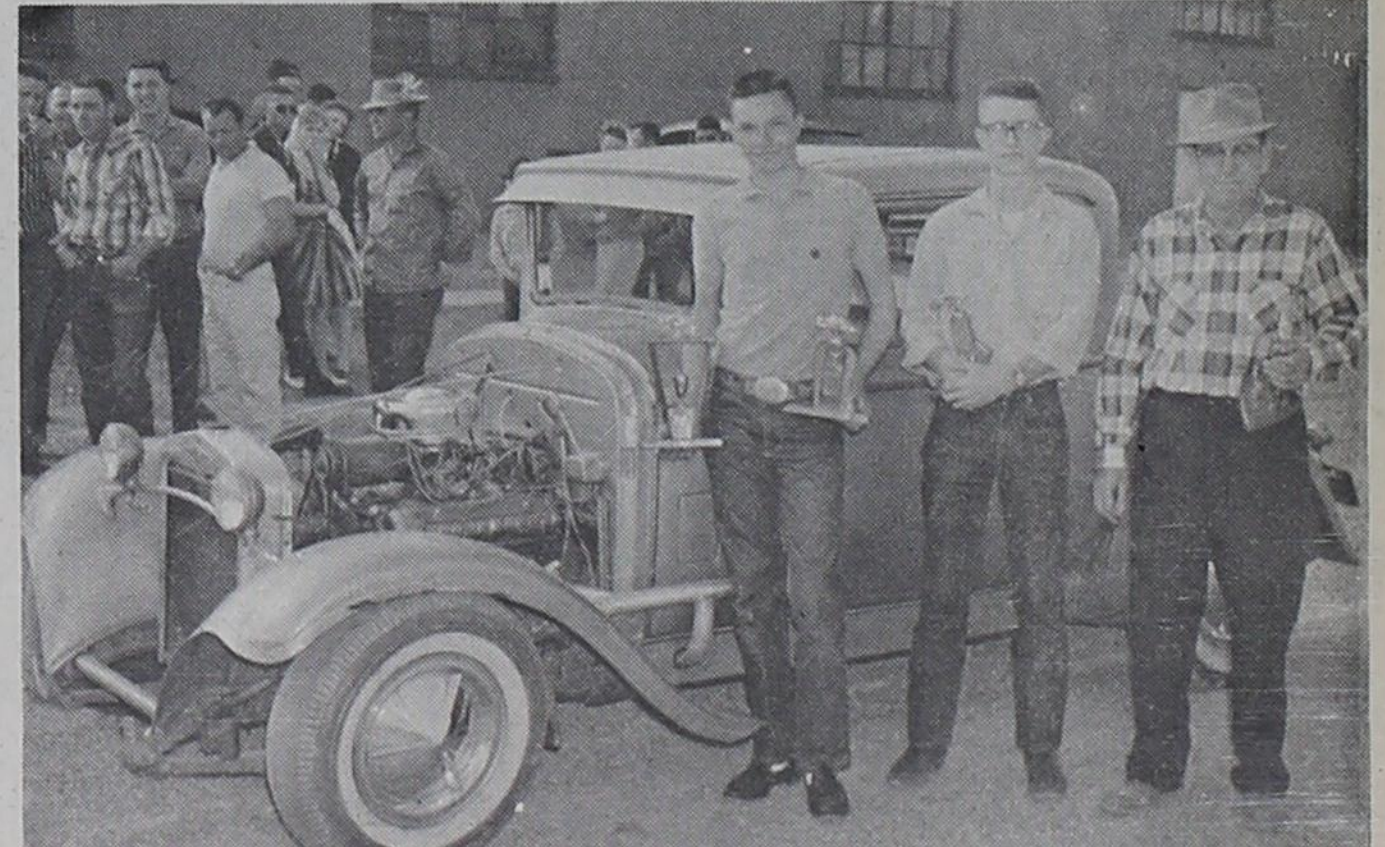

Getz, the candidate for mayor on the progressive slate, said that the group's proposals on the waterworks, as well as other parts of their platform should be looked upon as "investments that will save us money."

Other parts of the progressive citizens platform are as follows:

1) We will endeavor to provide police protection for the citizens and the businesses of Farwell. We will strive to do this in cooperation with our neighbor, Texico, so that we can have the maximum of protection with the minimum of expense.

2) We will enact an ordinance that will aid us in preserving our city paving. This will help us reduce the costs to the city for up-

(Continued on page 8.)

WINNERS OF THE GO AND WHOA, sponsored Sunday by the Texico-Farwell Dealers Hot Rod Club, display their trophies. At left is Butch Martin of Clovis who won the event by running the 1 1/2-block course three times in clockings of 11.9, 13.10 and 11.8. Martin also won the trophy for having the best appearing car, the late-model Dodge coupe with Oldsmobile engine, pictured in the background. Bud Peyton, at right, won second place in a 1960 Chevrolet. His times were 11.9, 12.9 and 13.10. Keith Engram won third with times of 12.7, 12.8, and 12.4. After the times were figured and trophies presented, an error was discovered which gave Arlin Smith an identical score as Peyton's. He was also awarded a second place trophy. There were 22 cars entered in the event and trophies were presented by Floyd Milstead of Tom Finley's service station, The Cover Shop, State Line Motor Exchange and Hughes Auto Parts.

Entered as second class matter at Farwell, Texas, under the act of March 3rd, 1879. Published every Thursday.

Steers Dominate Floydada Meet

In their first meet of the season, Farwell's fast-stepping Steers dominated the annual Floydada Relays Saturday by amassing a total of 107 points.

The surprising Farwell tracksters set two records, racked up six first places and placed in 10 events as they easily outdistanced the field of some 24 Class A and B schools of the area.

Sundown, the team which was heavily favored to win the meet, finished a distant second with 70 points.

Farwell's Huggins was high-point man of the meet with 29 points. He won first in the 100-yard dash with a time of 10.3, first in broad jump with a leap of 19 feet 8 3/4, and was anchor man on Farwell's two relay teams which won a first and a second.

Floyd Trantham was also an outstanding individual of the meet, compiling 25 points. He heaved the shot put 45 feet 9 3/4 inches to set a new meet record, tied for first in high jump with a leap of 5 feet 7 3/4 inches, and was third in the discus.

Another Farwell first was Danny Lindop in the 220, with a time of 24.2. Farwell's 440-yard relay team, made up of Lindop, Jerry Lovelace, Mike Nelson and Huggins, set a new meet record with a time of 46.2.

Other places won by Farwell thincads were as follows: Shot put--Scotty Turner, third, 120-yard high hurdles--David Lindop, fourth, Mile run--Donald Dale, third, Mile relay--Farwell, second, Broad jump--David Lindop, fifth.

The Farwell track team will have an open date this week end and then next week will go to Hale Center for a meet.

Honor Roll Released At Texico

Honor roll for the fourth six-weeks period at Texico was released from the office of Paul Frederick, High School principal, this week.

Leading the list with the most honor students is the junior class with eight including Kit Doran, Mildred Hukill, Vicki Lovett, Betty Lockhart, Carolyn Martin, Beulah McDaniel, Beth Peyton and Dwight Turner.

Following close behind with seven each are the seventh and eighth grades. From the seventh grade are David Duncan, Linda Hudson, Peggy

Hughes, Terry Lovett, Teresa Lucio, Gary Meier, and Veda Wilson; while Emmitt Autrey, Linda Hadley, Gwinette Lovett, Floyd Morris, Cynthia Spence, Sarah Beth Walker and Kathy White are from the eighth grade.

Five students from the senior class, Glendon Moss, Pauline Servatius, Gary Singleterry, Iwan Taylor and Leslie Winsper made the roll.

Two ninth graders, Terry Niece and Kathleen Smith and one tenth grader, Linda Palmateer were named.

GIVING A CAR THE STARTING FLAG in Sunday's Go and Whoa is Mike Getz. The Austin-Healy in the picture was driven by Kit Doran and was one of 22 cars entered in the event. The object of the race was to see how fast a car could start and stop on a 1 1/2-block course without spinning or sliding the wheels. Cars from Clovis, Muleshoe, Amarillo and Texico-Farwell participated in the event which was sponsored by the Dualers Hot Rod Club. The Go and Whoa was held at Texico School.

Pleasant Hill

BY MRS. BUCK TAYLOR

Mrs. H.R. Wall from Carlsbad spent last weekend in the home of her sister and family, Mr. and Mrs. D. Walton.

Mr. and Mrs. D. Walton and children visited Sunday night in the home of her brother and his family, Mr. and Mrs. Lorin Wilson.

Visiting Sunday in the home of Mr. and Mrs. Amos Shockley were his brother and sister-in-law, Mr. and Mrs. W. J. Shockley from Ropesville. Other guests were Mr. and Mrs. Robert Servatius.

Miss Kay Watson from Clovis Air Base was an overnight guest in the home of Miss Carol Brown Sunday.

Mrs. Marlene Tipton and Deffy from Texico visited Friday morning in the home of Mrs. Robert Servatius.

Mr. and Mrs. Buck Taylor visited Sunday evening in Friona with his sister and her family, the Bub Hands.

Mrs. Buck Taylor and Mrs. Robert Servatius and Arlene were in Anton Thursday to help their mother, Mrs. Janie Anderson celebrate her eighty-fifth birthday. Several other members of the family including L.L. Anderson, Jap Anderson, Lynn Anderson and Mrs. Lucille Hargrove, Amos Shockley, Willie Coff, Homer Stacey, and Jack Grace.

Mr. and Mrs. Fred Fahsholtz recently purchased a service station in Melrose and have moved there. Helping them to move were her mother and sister, Mrs. Walter Crocker and Linda.

Artie Taylor who was admitted to Clovis Memorial Hospital Saturday is resting well.

Mr. and Mrs. W.D. Walton received word last week of the death of his father, Joe Walton, from Oklahoma. Mr. Walton was 86 at the time of his death.

Mrs. E. J. Hodges was in Dimmit on business Monday.

Mrs. Robert Servatius and Mrs. Corda Taylor visited Friday in the Rhea community with

a niece, Mrs. Tommie Anderson and children.

Pauline Servatius visited Saturday in Texico in the home of Sue and Fay Martin. Sunday she was a guest of Miss Myrtice Shockley.

Mr. and Mrs. Pearl Singleterry drove to Amarillo Sunday to meet their son-in-law, Pat Sasser from Farmington, who arrived by plane. After visiting for several hours he left by plane for Farmington.

Turner Makes All-District

Dwight Turner, Texico's leading scorer during the past basketball season, was selected this week to the All-District 6-B team.

Turner was the only Texico player being selected to the first team. Bill Reid, 5-10 senior, made the second unit, and Leon Kelley, a 6-3 junior, received honorable mention.

Turner, a 5-10 junior, received 15 votes out of a possible 18 in balloting by the district coaches. The balloting was conducted by the Clovis News-Journal.

Other members of the first team were Jerry Skinner, Dora, the only unanimous choice, Scotty Stevenson, Ft. Sumner, Clois Jefferies, Causey, and Joe Bilberry, Floyd.

Skinner was named the most valuable player of the district and Dora Coach Bob Buchanan was named coach of the year. Buchanan won over rivals Paul Frederick of Texico and Don Boulware of Causey.

News From LAZBUDDIE

BY MRS. C. A. WATSON

The Midway home demonstration club met Tuesday with Mrs. R.L. Forster. A shamrock was passed to each member with questions pertaining to household hints and the origin of St. Patrick's Day printed on them. Roll call was answered with a fashion note. Frances Kink gave a report on the council meeting. Also a discussion was held on the recommendation of the district agent that each home demonstration club support a program for the movement to provide a chapel for mental institutions in Texas.

The club voted to buy two coffee urns for the community building. Members worked on centerpieces, cup towels and aprons. The hostess used a St. Patrick's Day motif, centering the refreshment table with a Blarney stone surrounded with white candles and yellow flowers. Refreshments of lemon sponge cake, sauce, coffee and tea were served to Mesdames Francis Kink, Grace Young, Elsie Forster, Dorothy Brown, Irene Watkins, Alvada Gully, Maud Pruitt, Elsie Black and a visitor, Elsie Williams from the Progress Club.

The FFA boys and 4-H club girls and boys did well with their local stock and hog show. They also brought home several prizes from Friona.

Birthday greetings this week go to Sidney Bond, March 12; Gaylon Beavers, March 14; Maxene Steinbock, March 16; Kenneth Hall, March 17; Geraldene Broadhurst, March 17; Jerry Don Glover, March 18; and Cynthia Harvey, March 13. Mrs. John Gammon and Marianna visited in Lubbock over the weekend with her mother Mrs. W.P. Jennings.

Mr. and Mrs. Raymond McGehee are in California this week visiting friends and relatives.

Guests in the Joe Prater home last week were Mr. and Mrs.

Dial, Williams Make All-District Team

Benjy Dial and Tommy Williams, two stalwarts on the Farwell basketball team this past season, were both unanimous selections on the all-conference team of District 3-A.

Farwell, the district champion, was the only team to place two members on the squad.

Other members of the team were Chuck Saul of Kress the only other unanimous selection, and Max Lynch, Sudan, and Sandy Sanders, Springlake.

Farwell did not have a member on the girls all-district first team, but Iris Goldsmith, standout guard for Coach R.B. Tucker's squad, received honorable mention.

The teams were selected by the coaches of the district.

Along with the all-district selections, Farwell boys coach and athletic director Calvin Murray released the following boys who received letters in basketball this season:

Seniors--Bill Owen, Tommy Williams, Benjy Dial and Tommy Wurster.
Juniors--Floyd Trantham, Jerry Lovelace, Maurice Smith, Max Field, Donald Dale, Erroll Johnson, and Jimmy Walker, manager.

Freshmen--Leon Lovelace. The Steers wound up the season with a 24-6 record, the best Farwell has had during the eight years Calvin Murray has been head coach. Similar records were 27-7 in 1954-55 and 23-6 in 1955-56. In all, Murray's Farwell teams have won 151 and lost 80.

P-TA To See One-Act Play

"The Devil On Stilts," Farwell's entry in the 3-A one-act play contest will be presented at the regular Farwell P-TA meeting tonight, Thursday, at 8.

The play will be given in the contest at Kress on March 24. Cast of characters includes Cathy Bell as Glenda Craig, Jo Potts as Bernice Saunders and Emalee Tucker as Naomi Eldridge.

This is the same play that won Farwell a second place in the contest last year. Misses Potts and Tucker are playing the same parts they had last year. Cathy Bell replaces Katherine Billington, who graduated last year, as Glenda Craig.

A.W. Howerston from Spake, Mr. and Mrs. R.C. Johnson from Lubbock and Roger McQuirrie from Edmonson.

Mrs. Bob McDonald of Clays Corner is at the bedside of her father, F.M. Ford, in Clarendon this week.

Mr. and Mrs. Jess Pendergrass visited in Wolforth Sunday with Mr. and Mrs. G.A. Wingfield and Mrs. C. L. Qualls.

Stella Pendergrass attended church in Lubbock Sunday and visited the Terry Harveys.

Texico Enters Odessa Relays

Coach Paul Frederick and about five members of the Texico track team will be in Odessa this Saturday participating in the West Texas Relays.

It will be the first meet of the season for the Texico team which will pit its talents against some of the top tracksters in West Texas and Eastern New Mexico.

According to Frederick, Texico will probably be strong in the field events this year, having both talent and depth, but will be weak in some of the races.

Five boys who qualified for the state meet are back this year, and the overall picture looks pretty good for Texico this year.

The five boys are Leslie Dyer, James Halsell, Dwight Turner, Gary Singleterry and Kenneth Murdick. These boys, along with some sophomores and juniors, who could possibly show up fairly well as the season progresses, should make Texico a threat in most of its meets.

Next week the team will enter practice meet at Ft. Sumner on Friday and will then go to the Albuquerque Relays on Saturday.

She also made a black and white polka dot yoke and belt to wear with the dress. Mrs. Winkles was unable to attend the district contest.

H. M. Hoppers Celebrate 60th Wedding Anniversary

Apron Parade Is Highlight Of Club Meet

Mr. and Mrs. H.M. Hopper of the Pleasant Hill Community observed their 60th wedding anniversary Friday, March 10, with a quiet celebration in their home. Home for the occasion was their only child, Mrs. H.E. McCarty and her husband from Albuquerque, and Mr. Hopper's brother Roy and his wife from Argonia, Kansas. Roy Hopper was also at the couple's wedding 60 years ago.

Friends of the couple calling during the day at their home included Mr. and Mrs. John Spearman and family, Mr. and Mrs. Pearl Singletery, and Mesdames Mason Neeley, Glenn Singletery, Elmer Langford, Maggie Melugin and John Hightower.

The couple also received telephone calls from their oldest grandson, Jimmy Spearman who lives in Alabama, and from their granddaughter, Patty Stephens of Woodland Hills, Calif.

The Hoppers were married in Wichita, Kansas March 10, 1901 and lived there until moving to a farm west of Bovina. From Bovina they moved to Clovis in 1936 where Mr. Hopper was engaged in the building industry as a contractor.

Since 1940 they have lived at Pleasant Hill, Mr. Hopper having retired from business.

Mrs. Hopper was born in Smyrna, Iowa in 1880. Her parents were Mr. and Mrs. David Lillard. She and her mother moved to Kansas when she was 4 years old and she lived in Wichita until coming to this area.

Mr. Hopper was born in Missouri in 1875. His parents were Mr. and Mrs. Sam Hopper.

He moved to Wichita, Kansas when a young man and was a conductor on a street car. When he moved to Kansas he lived next door to Mrs. Hopper.

Mrs. Hopper said she thought their first meeting occurred one evening when she had gone to

MR. AND MRS. H. M. HOPPER

gather the eggs for her mother and found that one of his mother's hens had laid an egg in their pen. He was gathering the eggs for his mother at the time and she returned the egg to him, mainly to meet him. They were married about a year later in her home. He continued working as a street car conductor for about a year after their marriage before going into the building business and farming. Their daughter was born in Kansas.

The Hoppers are members of the Pleasant Hill Baptist Church, and she is a member of the Pleasant Hill extension club.

For their 50th anniversary in 1951 the Hoppers had a reception at the community building, however this year Mrs. Hopper was just recovering from an illness and their 60th anniversary reception was cancelled.

The Hoppers noted that two others in their family had celebrated 50th anniversaries, his brother, Roy and his wife; and a sister and her husband.

The Hoppers stated that they had had a wonderful life together and it didn't seem like they had been married for 60 years.

Local Women Win At Bridge Club

Mrs. Sam Rundell and Mrs. Ira S. Levins, both of Farwell, won the seven-table Howell Movement which was played Thursday evening by the Clovis Duplicate Bridge Club.

Earlier in the week, two other Farwell women, Mesdames Gene Lovelace and Sam Aldridge won first when the Ladies Auxillary played a four-table Howell Movement.

Bridge games conducted by the Clovis Duplicate Bridge Club on Monday at 10 a.m. and Thursday at 7:30 p.m. are open to the public.

Mrs. Sam Aldridge, and Mrs. Jerry Smith and Lisa were in Fort Worth last week to visit with the Johnny O'Neals.

Johnny Boling Has 6th Birthday

Johnny Boling, son of the Billy Bolings of Farwell, was honored with a party on his sixth birthday last week.

An Easter motif was used with the cake centering the table and being surrounded with tiny Easter bunnies. Each bunny was attached to a streamer which the guests pulled to get their plate favor.

Refreshments of hot dogs, potato chips, punch and cake were served after games were played and the honoree had opened his gifts.

Attending were Hal and Ronnie Graham, Craig and Mark Zahn, and Karen, Gay and Patti London.

Woman's Club Meeting Set For March 20

Mrs. Al Burran from Clovis will present a demonstration on table settings when the Texico Woman's Club meets Monday, March 20 for a regular session. The demonstration will feature table settings for five occasions, ranging from formal to patio service.

Hostesses for the meeting, which is scheduled for 8:00 are Mesdames Paul Crooks, Milton Henson and Johnny Green.

"Cake Decorating" Demonstration Presented

A demonstration on "cake decorating" was the featured attraction at a Tuesday morning meeting of the Texico Modern Homemakers Club.

The demonstration was presented by Mrs. Gordon Smith of Pleasant Hill. She showed the women various decorative effects, including roses, leaves and writing, which could be used on cakes. During the demonstration she decorated three cakes which were given as door prizes to Mesdames Morgan Billington, T.E. Wilman and Doris Martin.

During a short business meeting members voted to send delegates to a straw bag workshop to be held later in the month. Mrs. J.E. King gave a report on the cookbook project. Other business included plans for an all-day sewing meeting being held in the home of Mrs. Paul Skaggs today, Thursday.

Refreshments of rolls and coffee were served by the hostess to Mesdames Bill Dudley, Leroy Williams, Paul Skaggs, Melvin Burns, J.E. King, Morgan Billington, Perry Winkles, Preston Martin, W.E. Martin and visitors, Mesdames Harry Sheets, Russell Johnson, Joan Martin, Elaine Williams, Peral Thompson and T. E. Wilman. Mrs. Wilman joined the club during the morning.

Baby Shower Given Mrs. Herman Gerles

Mrs. Herman Gerles and daughter, Tina Pauline, were feted with a baby shower Tuesday afternoon at the Farwell Baptist Church.

The church was decorated in pink and white for the event, with a sign bearing the words "Gerles Land" centered behind the gift table.

The refreshment table was covered with a white cloth and centered with a bouquet of miniature roses in a silver dish. Silver appointments were used on the table. Refreshments of punch and dainty cookies with pink booties on top were served to the guests.

Mrs. Gerles was given a unique corsage fashioned from baby soap for the occasion. Helping her open gifts were her mother, Mrs. L.L. Norton and her husband's mother, Mrs. Dick Gerles.

Hostesses for the social event were Mesdames Clay Henson, Clarence Johnson, Gene Hardage, Melborne Jones, Troy Christian, Donald Christian, Duane Herington, Cary Joe Magness, Orle Jones, Lavon Jones and W.O. Chadwick Jr. Attending were Mesdames

Preston Martin, Dean Jones, R. S. Smalts, Jewel Thomas, Wilma Limer, M. A. Snyder, D.W. Carpenter, Harold Carpenter, Billie Blain, Grady Herington, Audie McManigal, Ernest Ramm, Capitola Crume, Lee Jones, Paula Martin, Don Gerles, Vernie Towns, Elmer Scott and Bob Gerles.

Also Mesdames Bobbie McFarland, Curtis Parker, Pauline Scott, E.W. Sheets, Edd Ramm, Ernest Foster Jr., Bert Williams, Charley Hromas, Dorothy Quickel, Bonnie Warren, Fred Ramm, Vernon Jamison, Jerry Meeks, Jimmy Norton, Buster Cochran, Carrie Christian, JoAnn Branscum, Dora Johnson, Joe Reed, Sterlyn Billington, Bruce Blair, and Johnnie Williams.

Also Mesdames Joe McWilliams, Mose Glasscock, Mable Martin, Gertrude Potts, Clytie Dial, J.B. Huckabay, Pauline McDonald, Elsie Hardage, Howard Garner, Delbert Garner, Dickie Magness, Ernest Kube, Linda Robinson, Gladys Kaltwasser, Liz Kaltwasser, Barto Massey, Derrill Norton, Pauline Williams, Hattie Coffey, Amos Tatum, Hattie Boling, Harry Sheets, Mark Leithenam, Misses Darlene Hromas, and Lori and Lesley Norton.

Delta Xi Chapter Meets In Friona

The Delta Xi Chapter of Delta Kappa Gamma met at Friona Sunday, March 6, with the Friona members as hostesses.

Rev. Hugh Blaylock, Methodist pastor at Dimmitt gave the invocation, and Mrs. Leta Kaul From Hereford led the group in singing "Onward Christian Soldiers." Special music was provided by Mrs. Fawn Welker of Dimmitt.

Mrs. Margaret Ann Durham of Hereford recognized and honored the pioneer teachers, and Mrs. Eloise McDougal of Hereford introduced the speaker, Dr. Floyd D. Golden, who delivered a challenging message on "Religion In The Soviet Union." Mrs. Hattie Boling gave the benediction.

Members attending from Farwell were Hattie Boling, Hattie Coffey, Marye Whitely, Alice Williams, JoAnn Zahn and special guests, John Zahn and Dr. and Mrs. T. J. Glenn, Ted Jr. and Debbie.

"Guest Night" Is Monday For Study Club

Mrs. Alice Williams will be in charge of the program Monday night, March 20, when members of the Farwell Study Club meet in the Farwell home-making cottage. Members of the social committee will be hostesses for the occasion.

The evening has been designated as "guest night" for women of the community who are interested in membership. Mrs. Hattie Boling, club counselor, will give a special report during the meeting.

Mrs. Lucille Brittain, who had charge of the club scrapbook, reported that it has been completed and is being mailed to Lamesa this week for entry in a contest with other books from towns of similar size.

ESA Meets In Williams Home

Mrs. Bert Williams was hostess when members of the ESA met in her home Monday evening. A buffet dinner was served.

During the business meeting plans were made for the Womanless Wedding which is scheduled for March 24 and 25. Other routine business was taken care of, and a discussion was held on the next meeting which will be in the home of Mrs. Mark Lietman in Clovis on March 27.

Judging, New Riding Club Among 4-H Pals Activities

Two boys from the Pleasant Hill 4-H Pals club were in Ft. Sumner Saturday to participate in the area land judging contest. The boys, Wayne Fahsholtz and Johnny Pierce will also attend the state judging contest at Las Cruces in April. The contest is for FFA and 4-H boys and is sponsored by the Soil Conservation Association.

Another activity club members are participating in is the riding club recently organized in Curry county. Gale Pierce, who is a member of the local 4-H club, was elected vice-president of the riding club, with his father, Dewey Pierce, serving as one of the adult leaders.

Other members of the Pleasant Hill 4-H Pals club who have joined the riding organization are Johnny and Terry Pierce, Bettye and Janine Clark and Wayne Fahsholtz. Training will begin Saturday at the Mounted Patrol Areen in Clovis. The club will meet twice a month.

Junior and senior 4-H girls interested in home economics judging are reminded of the workshop to be held on April 15 at the Southwestern Public Service Auditorium in Clovis. Reba Smith, extension home management specialist will conduct the school.

Methodist News

Sunday evening Grady McCullough, director of the Wesley Foundation at Eastern New Mexico University in Portales will be guest speaker at the MYF meeting. The meeting is scheduled for 6:00 and all members are urged to attend.

For the evening worship program, a group of students from the ENMU Wesley Foundation will present a religious play. Allen and Peggy Teel, members of the local church, will be in the cast.

An MYF St. Patrick's Day party is scheduled for Friday, March 17, from 8 to 10 in the Joe Helton home.

Women of the church were in charge of the morning service Sunday, with Mrs. Frank Smith from Clovis as guest speaker.

Mrs. James Craig took a group of boys to Carlsbad Friday to attend a meeting on alcohol and drugs.

Church Of Christ News

Several church members attended an area-wide meeting in Portales Monday evening. Dinner was served to the guests at the Portales Children's Home, after which Grover C. Ross, superintendent of the home, gave a talk on "Benevolence." A round-table discussion followed the talk.

Attending from Farwell were Mr. and Mrs. C.M. Meeks, Bro. and Mrs. Ebb Randol, Kirt Crume and Mrs. Lee Meeks.

Rabies Shots Scheduled At Oklahoma Lane

Dr. B. L. Russell, Clovis veterinarian, will be at the Oklahoma Lane Community building March 21 from 1:00 to 4:00 to give rabies shots to dogs and cats in the community. Cost of the shot is \$2 per animal.

Visitors in the Lawrence Cooper home over the weekend were Mr. and Mrs. Larry Cooper. The Coopers also visited with her parents, the A.N. Walls.

Patsy Sprows, a student at West Texas State College, visited in the home of her parents, the Mem Sprows, over the weekend.

Life Is Worth Your Living

By Robert O. Tomlinson

All who follow Christ's way of love share His creative purpose in shaping human life and destiny. The destiny of the nations and all people is the responsibility of Christians.

No wonder that Jesus said, "You are my witnesses." This is His method of spreading His Kingdom and gathering His straying lambs.

To witness for Christ, and be an instrument in His hands, one must have the conviction that his whole life must belong to God for Him to do with as He desires. This transfers the center of one's life from self to Christ, but it brings to that one, life abundant.

The basic principle of the Kingdom is: "The more one gives of his love, talents, time, substances, and service to others, the more God increases that one's ability and power to give." "Take from him that hath not, and give to him that has."

You can't outgive God. The more you give, the more He gives. Christ said, "Whosoever will save his life will lose it, and whosoever loses his life for My sake will find it."

This truth is the only one of Jesus' teachings given six times in the four gospels. Anyone who obeys this truth will know he has found life worth his living.

ENSIGN ALLEN C. LOCKHART

Lockhart Receives Naval Commission

Ensign Allen C. Lockhart left Wednesday morning for Port Hueneme, Calif., where he is to attend an eight-week civil engineers school.

Lockhart recently received his Navy commission after completing a 16-week officer candidate school at New Port, Rhode Island.

He has been visiting during the past week in the home of his parents, Mr. and Mrs. John Lockhart of Texico.

Ensign Lockhart is a 1960 graduate of New Mexico University. He was graduated from Texico High School in 1955.

Lutheran Church

The choir met at 10 o'clock on Tuesday, and the teachers' training class was held at 8 p.m. on Tuesday.

At the Wednesday evening Lenten service, the choir sang, "I Walk Today Where Jesus Walked."

Station KZOL will again present, "Journey to Calvary" on Sunday, March 19, at 2:00 p.m. This recording was made at the radio station KFUO, which is owned and operated by the Lutheran Church, Missouri Synod. The local St. John Lutheran Church wishes to thank station KZOL for this presentation.

The Sunday morning sermon theme for March 19 will be "He Saved Others."

Last Thursday Mrs. Ernest Ramm gave birth to an eight pound baby boy at Clovis Memorial Hospital; both have returned home and are doing fine.

Last Sunday afternoon at 3 o'clock the Rev. Sander with Otto Lingnau, Wilbert Kalbas and Calvin Meissner attended a district stewardship meeting at Littlefield.

Last Sunday evening, Miss Patricia Kaltwasser was hostess to the Walthor League. She served punch, a dip, and cupcakes decorated in Easter colors. The centerpiece was a white cake bunny in a nest of green coconut.

Lawrence Kriegel of Bovina gave the topic on money. Nolan Kriegel of Farwell gave the opening devotion and Melvin Lingnau the closing devotion. Plans were made to visit several shutins for Easter, with the young folks giving scripture reading, hymns and devotions.

The recreation was led by Calvin Meissner. Kenneth Kriegel of Farwell was able to attend and left for the Air Force Monday morning.

613 Counted In School Census

A total of 613 scholastics were counted in the Farwell School District census for 1961-62. Of this number 52 were 6 year olds who will be in the first grade next year. This was an increase of 44 over the count for 1960-61.

Enrollment in the Farwell Schools at the end of the last reporting period was 583.

A.H. Ross Rites Held

Funeral services for Amos H. Ross were conducted at 2:30 Saturday at the Farwell Baptist Church, Rev. Orvel Brantley, pastor of the Texico Baptist Church, officiated.

Mr. Ross passed away at the home of his daughter, Mrs. James Patrick, Thursday, March 9, after a lengthy illness.

He was born at Madisonville, Texas on March 23, 1878 and spent the early part of his life cowboying over several states and territories. He was married to Miss Pansy Wolf of Nampa, Idaho on April 13, 1918.

They lived at Granite, Oklahoma before moving to Farwell to live with their daughter.

Mr. Ross is survived by his wife, Pansy, three daughters, Mrs. J. W. Patrick of Farwell; Mrs. Jack Rennels of Klamath Falls, Oregon; and Mrs. Chester Plerson of La Punte, Calif.; and one son, Lt. Col. Amos H. Ross Jr. of Hawaii.

A brother, John M. Ross of Pampa, and a sister, Mrs. Sadie McMahan of Hobert, Okla., also survive as well as ten grandchildren.

Pallbearers were Murray White, Bud Pearce, Jim Grisham, Wilfred Quickel, Otis Huggins and Fred Curtis. Interment was in the Bovina cemetery.

Garden Club Meets At Oklahoma Lane

The Oklahoma Lane Community Center was the scene of Friday's meeting of the West Plains Garden Club. The opening exercise was a game directed by Mrs. Edmond Kitten.

Mrs. J. M. Pruitt gave the program on "Ground Covers," after which a report on the community center landscaping program was given. Mrs. Grady King stated that the plans had been approved and a few cedar trees had been donated.

Mesdames Windbourn Hardege and Conrad Nelson, co-hostesses served refreshments from a lace covered table which was centered with two leopards in a boat filled with shamrocks and bells of Ireland.

Seven members attended the meeting. Mrs. Thomas Young will be hostess for the March 24th meet.

Local Woman's Parents Die

Mrs. E.W. Sheets returned recently from Wayne, Oklahoma where she had been at the bedside of her parents, Mr. and Mrs. H.L. Hanes, since February 26. Her mother passed away on February 27 and her father died on March 8.

Services for her mother, who was 86 at the time of her death, were conducted on February 28. Her father was buried on March 10 after passing away on March 8 at 82 years of age.

He Hanes had lived in Wayne, Oklahoma for 45 years and he was engaged in farming until retiring in 1939.

Attending the services from here were Mr. and Mrs. W.E. Sheets, Pauline Scott and Mr. and Mrs. Harry Sheets.

Community Sale Next Wednesday

A community auction is planned for next Wednesday, March 22, at the quarterhorse barn one-fourth mile west of Texico.

Anyone in the area with something to sell is invited to make consignments to the sale, says Mrs. Dick Doshier, who will be the clerk. Col. Dick Doshier will be the auctioneer. The sale gets under way at 11 a. m.

Farwell Women Attend Coffee For John Tower

Three Farwell women were in Lubbock Tuesday afternoon to attend a coffee given for John Tower, candidate for the U.S. Senate, which was held in the home of Mrs. Raymond S. Tapp.

Mrs. Tapp is the daughter of Mr. and Mrs. G.D. Anderson of Farwell. Another of the hostesses, Mrs. Jack Dunn Jr., is the wife of a former resident.

Women attending from Farwell were Marilyn Edwards, Mrs. R.W. Anderson and Mrs. W.H. Graham.

Mexican Dinner Set For Tonight

The United Pentecostal Church of Texico will sponsor a Mexican dinner at the Texico Woman's Club building tonight, Thursday. Serving will begin at 6 o'clock.

The dinner, including drink and dessert, will be \$1.25 per plate.

Lions Club Enters Volleyball Team In Bovina Tourney

The Texico-Farwell Lions Club will enter a team in the Bovina Invitational Volleyball tournament scheduled this Thursday, Friday and Saturday.

The club voted at its regular meeting Monday night to enter the tourney, and at the same time started making plans for a similar tournament at Farwell.

No date was set for the Farwell tournament, but anyone interested in sponsoring a team should contact either Calvin Murray, John Zahn or Cecil Dykes.

Further details on the tournament will be announced later. At the Monday meeting, the Lions also made plans to invite members of the Dualers Hot Rod Club to their next meeting, March 27.

Hospital Notes

Mrs. Fred Barker Sr. from Texico, was admitted to the Methodist Hospital in Lubbock Wednesday for medical treatment.

A. L. Tandy was released from Clovis Memorial Hospital Saturday following a lengthy stay. He is now at the home of his daughter in Dumas.

Mrs. A. D. Smith is still confined to Clovis Memorial Hospital after being admitted earlier in the week.

Johnny Williams was admitted to the hospital Tuesday evening for medical attention.

Will Wilson

a winner for Texas

STRENGTH IN EXPERIENCE
District Attorney, Dallas County, two terms, 1946-50; Associate Justice, Supreme Court of Texas, 1950-56; Attorney General of Texas, 1956 and now serving.

ACCOMPLISHMENT
Won in 1960 for Texas school children clear title to their two million acres of Tidelands; Chosen the outstanding attorney general of the nation in 1960 by National Association of Attorneys General; Received nationwide acclaim for his war against loan sharks, quack doctors and syndicated gambling, anti-trust violation and organized crime.

BACKGROUND
In combat during World War II commended field artillery battalion in the Philippines; decorated for leading volunteer patrols behind enemy lines; accepted surrender of General Yamashita's forces.

for U.S. SENATOR

(Pol. Adv.—Paid for by the State Committee for Will Wilson, Wayland Rivers, Chairman)

Public School Week Attracts Visitors

An estimated 250 to 300 persons visited the Farwell Schools during Public School week. Of this number, about 175 ate in the school cafeteria. Thursday 25 members of the Texico-Farwell Lions club ate at the school.

A capacity crowd of between 375 and 400 persons saw the talent show Friday night. The show, sponsored by the senior class, was the only activity of the week.

Wednesday, visitors in the elementary building were served refreshments of cookies, punch and coffee. Visitors in the junior high grades were also served refreshments.

Visiting in Lubbock Sunday with their daughter and son-in-law, the Bill Glens and their son, Al, were Mr. and Mrs. Elmer Teel.

"I hear your son is studying dentistry, didn't he say he wanted to be an ear specialist?" "Yes, but I reminded him that man has 32 teeth, but only two ears."

Moved

Mr. and Mrs. T.J. Smith moved into the Nadine Paine rent house on Second Street.

Mr. and Mrs. James Tuggle moved to the Cain apartment on First street.

Mr. and Mrs. Dwayne Star-tevant moved from the Cain apartment on First Street to Washington.

Mrs. G.E. Redwine moved to the Louis Pierce rent house in Texico.

David Lockhart, a student at Baylor University visited with his parents, Mr. and Mrs. J.T. Lockhart of Texico, over the weekend. Also home for a visit was their oldest son, Allen, who recently received his commission in the Navy and was on his way to California where he will be stationed.

Sunday dinner guest in the home of her daughter and family, Mr. and Mrs. Ed Baldrige, was Mrs. Sadie Gerber of Clovis. Also visiting in their home during the day were Mr. and Mrs. Bill Fickle and children from Clovis.

Visiting in Lubbock over the weekend with friends and relatives was Dianne Baldrige of Texico.

THE HIGH PLAINS FARM AND HOME

Time To Water Wheat

RATE OF WATER USE BY WINTER WHEAT UNDER OPTIMUM IRRIGATION CONDITIONS WITH TIME AND AMOUNTS OF SPRING IRRIGATIONS SHOWN. AMARILLO EXPERIMENT STATION, 1956.

(FIGURE 1)

PERCENT OF TOTAL SOIL MOISTURE EXTRACTED BY IRRIGATED WINTER WHEAT PER FOOT OF DEPTH IN THE FALL AND SPRING ON THE BEST IRRIGATION TREATMENT. AMARILLO EXPERIMENT STATION, 1956.

(FIGURE 2)

If a farmer isn't already doing so, right now is the time that he should be irrigating his wheat, it was advised this week by Parmer County Agent Joe Jones.

The wheat is now high enough that it is beginning to use a lot of water, Jones explained.

Because the wheat is now starting to draw moisture out of the soil so rapidly, farmers will be hard-pressed during the next couple of months to keep adequate water on the crop.

That's why farmers should now be irrigating, the county agent pointed out.

A survey conducted at the Texas Experiment Station at Bushland in 1956 showed just how fast water is taken from the soil.

The two graphs accompanying this story show how much water was used during each month of the growing season (Figure 1) and the depth of the soil from which the moisture was drawn (Figure 2) in the experiment.

The extraction pattern, as shown in Figure 2, is divided into two seasons, Nov. 4-Jan. 11 and March 8-Jan. 22.

And, as Figure 1 shows, it was the months of March, April and May that the wheat needed more water than at any other time.

SOIL CONSERVATION DISTRICT NEWS

The game management association will begin their meetings March 20. The meetings will continue for two weeks at different locations over the county.

The Parmer County Game Management Association was organized one year ago. This association was organized to increase our game in Parmer County and also to introduce more game into the county. The association released nearly 600 Bobwhite quail over the county last year.

The quail were released to members of the association and the number of quail was determined by the amount of cover that was available.

The first of these meetings will be held Monday, March 20, at the Friona State Bank in Friona. This meeting will be conducted by Jack Patterson. The second meeting will be held in Lazbuddie on Tuesday, March 21. This meeting will be held in the vocational agriculture room at the Lazbuddie school and will be conducted by Joe Jones.

The third meeting will be held at the Oklahoma Lane community building Thursday, March 23. This meeting will be conducted by Gilbert Kaltwasser.

The fourth meeting will be held in Bovina. This is the annual meeting and a very good program is being planned. There will be a wildlife film shown at each meeting and a shooting exhibition is planned for the annual meeting at Bovina.

The Soil Conservation Service staff will be present at these meetings to show the film on wildlife.

Everybody is welcome and encouraged to attend any one or all of these meetings. Everyone that is interested in hunting and wildlife will enjoy these meetings. There will be no admission charge.

Just 20 years ago the average American ate only 1.97 pounds of broiler annually. Ten years ago the figure stood at 8.65 pounds per capita, but today, says Marshall Miller, extension poultry marketing specialist, the figure stands at 23.65 pounds. A remarkable growth, he adds, because of widespread and popular acceptance of broilers by consumers.

WITH THE COUNTY AGENT

JOE JONES

Seedling diseases of cotton cost us thousands of bales of cotton in 1959 and again in 1960. The 1960 crop was hit harder than the 1959 crop, but, the 61 crop is our chief concern at present. I am listing 10 steps that will help prevent this seedling disease complex that has been giving us trouble since the drouth has ended and we are getting some spring moisture and cool temperatures along with it.

1. SOIL TEMPERATURE -- Wait until the soil warms up in the spring before planting cotton. Cotton seed germinate and emerge from the soil and grows off slowly when the soil temperature is much lower than 65 degrees F. The minimum recommended soil temperature is a 10 day average of 60 degrees taken from a depth of 8 inches at 8:00 a. m. Seed will not be placed at this depth, but the lower depths fluctuate less and tend to control the soil temperature and is the guide to use. This temperature is reached on the average date of May 3rd, at the Lubbock Station. The earliest it ever occurred was April 23 in 1955 and the latest was May 16th in 1957.

2. ROTATION -- We have enough good land so it is strongly recommended that you consider rotating your cotton with your wheat and grain sorghum acreage. This practice alone will greatly reduce disease in seedling cotton.

3. VARIETIES -- For diseases such as bacterial blight, select a variety which has resistance. Because of the build-up of certain races or strains of disease organisms, certain varieties may become less disease resistant over a period of years.

ASCOCHYTA BLIGHT: The empire variety types have some tolerance to Ascochyta blight. Some of these are Empire W.R., Austin and Rex.

BACTERIAL BLIGHT: Acala 1517 BR-1 is resistant to race 1 of the bacterial blight organism, however, it is highly susceptible to race 2. Blightmaster, Austin and Rex are highly resistant to race 1. Blightmaster is susceptible to race 2 while Austin and Rex are only slightly susceptible. Gregg and Mebane B-1 are resistant to races 1 and 2.

FUSARIUM WILT -NEMATODE COMPLEX: Austin 56, Plains, and All In One have a high degree of Fusarium wilt and nematode resistance. Austin, Rex, Empire WR, Coker 100 WR and Dixie King have some tolerance to Fusarium wilt and nematodes.

PSEUDOMONAS WILT: Early maturing varieties are more susceptible to Pseudomonas wilt than intermediate and late maturing.

VERTICILLIUM WILT: The long staple Pima type varieties are resistant and most of the short staple upland varieties are susceptible to Verticillium wilt. Empire WR, Austin, Rex and Dixie King have some tolerance to Verticillium wilt. Acala 1517 D is less susceptible than Acala 1517 BR-1.

4. DEPTH OF PLANTING-- Cotton seed should, normally, never be planted more than 2 inches deep and in as shallow a furrow as possible. This will aid seedling cotton in growing off rapidly and give it increased vigor with which to resist disease organisms.

5. SEED TREATMENT -- Many of the disease organisms causing seedling disease are seed-borne. The bacterial blight organism is particularly easy to transmit through infected seed. Acid delinting and the use of a good fungicide will assist greatly in reducing the amount of infection.

6. DISEASE-FREE SEED-- Know something about the source of the seed which you plant. When possible, plant seed which were produced in a disease-free field. Buy seed which not only germinate good at a temperature of 80 degrees F but also germinate good at 65 degree F. You will hear more about cold germination in years ahead.

7. FERTILITY--Practice a balanced fertility program. This will allow your cotton seedling plants to have a balanced diet from the very beginning just like a baby boy or a young calf. This will enable them to start growing vigorously and help to ward off diseases.

8. SAND AND INSECTS-- When at all possible protect young seedling cotton from blowing sand. Sand damage opens up wounds in the cotton for disease organisms to gain entry. Insects feeding on cotton can also puncture the tissues and allow entry of disease organism.

9. FIRST IRRIGATION -- When at all possible, never water seedling cotton down the row. Try to apply the first

Farwell Sesame Meet Friday P.M.

The second Parmer County Sesame meeting for 1961 will be at Farwell Friday night, at the school cafeteria starting at 7:30.

This meeting will be sponsored by Henderson Grain & Seed Co. and the Texas Sesame Seed Association. All farmers and others interested in sesame production are invited.

A chili supper will be served, and bakery specialties featuring sesame seed will "spruce up" the fare.

Robert Parker of the Texas

Sesame Growers will be the principal speaker. He will show the 1961 color sesame movie and slides on sesame production.

Improved sesame markets which resulted in a record-breaking price to farmers for No. 1 seed of 10 1/2 cents a pound last year will be discussed.

The first meeting was in Friona Tuesday night. Seed dealers report an increased interest in sesame production this year.

Game Management Meetings Slated

Three meetings on game management are scheduled for next week in Parmer County. The meeting will be as follows:

Monday, March 20--Friona State Bank, 8 p. m. Bill Nichols will be in charge of the meeting.

Tuesday, March 21--Lazbuddie Vocational Agriculture Building, 8 p. m. In charge of the meeting will be Jack Smith.

Thursday, March 23--Oklahoma Lane Community Center, 8 p. m. Gilbert Kaltwasser will

be in charge of this meeting. Bob Crozier of the Parmer County Soil Conservation Service will be present at each of the meetings and will show a film on the Bob White quail.

These meetings are a part of the 1961 Game Management Association's plan of operations. The annual meeting will be at the Bovina Cafeteria on Thursday night, March 30, reports Al Kirby, president of the association.

SCD Supervisors Seek Outstanding Texas Farmers

Supervisors of the 181 soil conservation district in Texas are pushing one of the biggest man hunts in the history of the state.

Objects of the big search are the two Texas farmers who will be recipients next spring of the Hoblitzelle Awards for the Advancement of Texas Rural Life.

Each of the two winners will receive an award consisting of \$5,000 in cash and a gold medal in recognition of his outstanding service to agriculture during the period of January 1, 1957, through December, 31, 1960.

One of the winners must be a senior, a farmer who has passed

his thirty-sixth birthday. The other must be thirty-five years of age, or younger.

Public presentation of the two \$5,000 checks and gold medals will be the highlight of Texas Research Foundation's Annual Field Day and Awards Dinner at Renner on May 17, 1961.

The Foundation is administrator of the awards, which are donated by the Hoblitzelle Foundation of Dallas. Purpose of the awards is to encourage young men in agriculture to work more diligently and to recognize older farmers for their outstanding accomplishments.

Texas soil conservation districts constitute the machinery

for selecting farmers who are eligible for the 1961 awards.

District supervisors currently are searching every area of the state for those farmers and ranchmen who are performing outstanding service in their respective fields.

All nominations for the honors must be forwarded by March 15 to Texas Research Foundation at Renner.

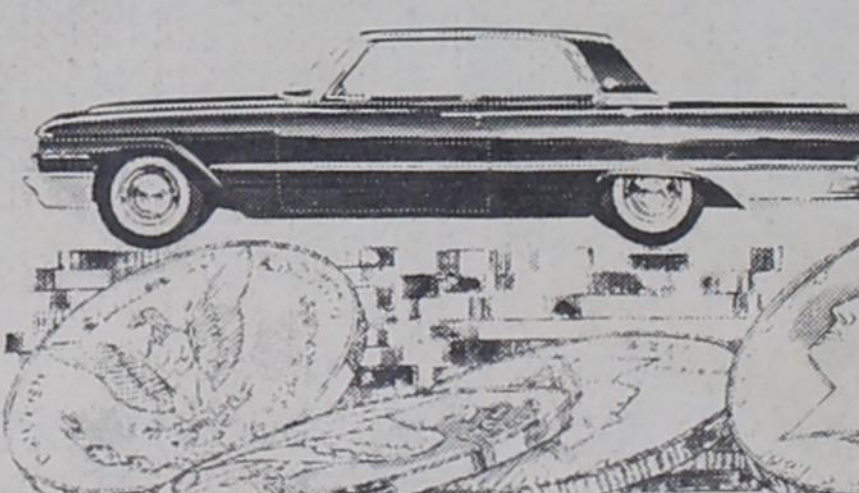

The awards are presented biennially at Renner by the Karl Hoblitzelle Agricultural Laboratory of Texas Research Foundation.

Presentation of two awards this year instead of the customary, single \$5,000 award marks a revision of the Hoblitzelle Award for the Advancement of Texas Rural Life as it has existed since its beginning in 1951.

Recipient of the single Hoblitzelle Award for the Advancement of Texas Rural Life in 1959 was T. A. Kincaid, Jr., of Ozona.

L.S.D. @ .05 = 1,000 pounds

- 1/ Difference in yield between any two treatments must be 1,000 pounds or more to be significant.
- 2/ Figures refer to pounds per acre of nitrogen (N), phosphate (P₂O₅), and potash (K₂O).
- 3/ Yields are in pounds per acre of 13% moisture grain.
- 4/ Fertilizer cost calculated as anhydrous ammonia at \$120 per ton applied and 45% super phosphate at \$80 per ton.
- 5/ Net return equals value of increased yield less fertilizer cost with grain sorghum valued at \$1.41 cwt.

Producers Grain Corporation in Amarillo for complete feed analysis.

RESULTS AND DISCUSSION

All rates of nitrogen increased the yield of grain sorghum significantly above the non-fertilized; but in no case did the phosphate applications, Table 1. The highest yield, however, was produced with 80-80-0, making 7,272 pounds per acre. This was 1,942 pounds above the check which yielded 5,330 pounds. Yet, this yield increase was not as profitable as that of the 80-0-0 treatment, which produced the highest net return of \$17.32 per acre above the fertilizer cost.

It should be pointed out also that the smallest investment in fertilizer (\$2.96 for 40 pounds of nitrogen) made the second highest net profit of \$17.15 per acre.

Table 2 shows that protein content of the grain increased as nitrogen was increased. Higher protein content not only enhances the feeding value of grain, but in the future it may very well increase the market price of grain delivered to the elevator.

Phosphate again had little effect. Combinations of nitrogen with phosphate gave slightly higher percentages of protein than nitrogen alone. But phosphate alone seemed to have a detrimental effect on protein content.

Ash percentage was very erratic. These data show that neither nitrogen nor phosphate greatly altered ash content, Table 2.

Yield data in Table 3 show no real differences between preplant and sidedressed applica-

tions of nitrogen. There was no consistent yield increase with one application time over the other, nor did the split applications seem more advantageous in every case. This agrees with the results of previous tests comparing time of nitrogen application on grain sorghum.

Regardless of application time, all rates increased yield significantly over the check. The most profitable application in this test was the 80-pound rate applied 40 pounds preplant and 40 sidedressed, giving a net return of \$14.69 above fertilizer cost.

Table 4 shows a trendward higher protein content with the sidedressed application over the preplant. The difference becomes smaller as total nitrogen applied increases.

The estimated 1961 meat production will provide U.S. consumers the largest supply of meat in history, both in total and per capita. Lloyd Bergsma, extension livestock marketing specialist, says consumption of red and poultry meats could reach or exceed 200 pounds per person for the first time.

FOOTSAVING EDUCATION

By James E. Edwards
Do All Measuring Devices Give The Same Size For The Same Feet?

Measuring devices are the cause of endless arguments among shoemen. Some add a half size, others subtract; some have the children stand, others measure them sitting down. There is no one right way because shoe sizes vary. 9C from one company may be as big as 9 1/2D from another. It is a good idea to remember that a measuring device is used to save the shoeman's feet, not the customer's. Experienced shoemen can guess the size of eight out of ten feet without measuring them but if they guess wrong they have to make an extra walk to the stock. When they learn how the measuring device can be adjusted to the make of shoes they fit they get the right size the first time and have fewer complaints from their buns.

One thing that no measurer measures is the depth of the foot and that is very important. Nor is their any marking in the shoe to indicate whether it is shallow or deep. Again, the best answer is the old one—there is no substitute for the experience of man who is doing the fitting.

Edwards' Shoe Store (Formerly Oliver's) 512 Main-Clovis

Electronic Records Popular

Central processing of DHIA records on electronic data processing machines has been underway in Texas for one year, and J.W. Davis, extension dairy husbandman, reports that this new program has met with good acceptance by DHIA members. As a measure of this acceptance, more than one-third of the Texas DHIA herds are now on DHIA-EDPM test.

Several DHIA members with herds on EDPM have expressed an interest in the method used to calculate concentrate requirements for each cow each month. In response to these inquiries, Davis offers the following explanation: "The requirements for each cow are based on body weight, daily milk production and butterfat test. The test used is for the lactation-to-date rather than for each monthly test since the monthly tests show much greater variation. A low monthly test, for example, might not be indicative of the entire month and therefore the grain recommendation would be too low. A high monthly test would result in the recommendation being too high, but the average test tends to minimize these extremes."

"Roughage quantities reported by the supervisor are allocated to each cow in the herd according to body weight. This method is superior to the one which would assign an equal quantity to each cow. Roughage quality is also reported, and this plus the quantity fed determines the nutrients supplied from this source. The difference between the cow's requirements and the nutrients supplied by roughages determine the concentrates required."

"Grain recommendations in the monthly DHIA-EDPM report are based on each cow's needs and are more efficient than the use of a thumb rule or an arbitrary feeding rate. These guides can go far toward increasing production since there is a general tendency to under-feed the higher producing cows during the first three or four months of the lactation period."

Also, Davis concludes, it is still important for herd owners to use good judgment in feeding concentrates to individual cows. For example, if a cow is unduly thin, the herd owner is justified in feeding her more concentrates than is indicated on the monthly DHIA-EDPM report.

It's not too late to make that 1961 resolution covering farm and home safety, reminds the Texas Farm and Ranch Safety Council.

General Agricultural Outlook Favorable

Domestic demands for agricultural products in Texas are expected to be good in 1961, says John McHaney, extension agricultural economist. Even if there should be a small change in consumer incomes, it will not affect the domestic market for farm products to any great extent.

Gas Users To Meet Thursday

A meeting of all Farmer County irrigation natural gas users is scheduled for Thursday, March 16, at 8 p. m. in the Bovina School Cafeteria. The meeting has been called by Bruce Parr and A. L. Hartzog, who represented Farmer County at two recent organizational meetings of the West Texas Gas Users Association. The organization has been formed as result of repeated increases in gas price, Hartzog says. Farmers in the past have not had any group to speak for them in regard to price negotiations, such as municipalities have, Hartzog points out.

Unused Allotments Community Concern

Cotton is a commodity which creates a good "multiplier" effect in the economy, says Cecil Parker, extension economist, because most of the cotton farmer's dollar is usually dropped into the money stream of the community. Though the dollar's identity may be quickly lost, it tends to circulate through all the avenues of trade and commerce. The loss of cotton income, on the other hand, can adversely effect a community's whole economy, points out Parker. For that reason, he adds, unused cotton allotments are a matter of community concern.

The law under which cotton farmers are now operating contains provisions for the voluntary release and reallocation of 1961 cotton allotments. Where the release is made, the released acreage is retained on the releasing farm as history and used in figuring future allotments. But, Parker points out, it will not qualify a farm for an old farm allotment as having planted cotton in one of the three previous years. If all the farm allotment is released for three consecutive years, the farm loses its eligibility for an old farm allotment.

"Good" Sweetpotato Seed May Carry Internal Cork

Internal cork is a virus and is probably the most common of all sweetpotato diseases. A survey has shown it to be common in all varieties. It causes brown to black, hard corky spots of varying size in the flesh of infected potatoes. The spots are not usually found in infected roots at harvest but make their appearance after the potatoes have been in storage. This often causes the disease to go unnoticed.

After several months in storage, roots of susceptible varieties stored above 65-70 degrees frequently are unmarketable. Those stored at 55 to 60 degrees show few symptoms of the disease. Proper storage, however, does not cure the diseased roots and slips produced from such seed stock will transmit the disease.

A Nacogdoches county 4-H boy, Benny Goodman of Douglass, topped all competitors in the 1960 statewide Texas Hybrid Corn Program. His yield was 139.5 bushels from his acre of Texas 30 and was made under irrigation. The top dryland yield was made by Victor Degner of Hill county, 129.2 bushels from an acre of Texas 28.

Just 20 years ago the average American ate only 1.97 pounds of broiler annually. Ten years ago the figure stood at 8.65 pounds per capita, but today, says Marshall Miller, extension poultry marketing specialist, the figure stands at 23.65 pounds. A remarkable growth, he adds, because of widespread and popular acceptance of broilers by consumers.

HD Club Organized At Lazbuddie

The Lazbuddie Home Demonstration Club was organized Thursday afternoon, March 9 in the home of Mrs. Joe Briggs in the Lazbuddie community. The purpose of the first meeting was to elect officers and appoint committees, leaders, and demonstrators. Regular meeting days were set as second and fourth Thursday of each month.

Miss Ette Musil, Farmer County Home Demonstration Agent, stated, "The main purpose of home demonstration clubs is learning new improved methods and practices in home economics. This information is designed so that people can help themselves to have more comfort, profit, culture, and convenience. Leadership development is also an important purpose of home demonstration clubs."

Officers elected are president, Mrs. Raymond McGehee; vice president, Mrs. Joe Briggs; secretary, Mrs. Don McGuire; treasurer, Mrs. Everett McBroom; reporter, Mrs. Demp Foster; and council delegate, Mrs. C.A. Weir.

Other members besides the officers are Mesdames Harvey Blackstone, Andrew Brown, Ralph Broyles, Albert Clark, Bill McAlister, Dean Powell, and Scotty Windham.

Next meeting of the young homemakers will be Thursday, March 23 at 2:00 p.m. in the home of Mrs. Don McGuire.

Supply and demand are still the major determining factors in egg prices. F. Z. Beambloom, extension poultry marketing specialist, says the demand for eggs in 1961 should remain near the 1960 level and the price to consumers relatively low compared with other foods.

Friday Last Day For Feed Signing

"This could be the most important legislation ever enacted, as far as farmers of this area are concerned," Prentice Mills, manager of the Farmer County ASC office said this week.

The ASC manager was referring to the feed grain bill which is currently pending in Congress, and he urged every farmer who hasn't already visited the ASC office to do so immediately.

Deadline for farmers to sign up and thus be eligible for any emergency feed bill is this Friday, March 17.

Both the House and Senate on Tuesday had already passed separate versions of the proposed bill and it is quite likely that legislation in some form will be passed this week.

If the emergency feed grain bill is enacted, acreage allotments will be adopted in the

same manner that they have been on wheat and cotton, Mills said.

Therefore, it is very important that every farmer appear

at the ASC office and give a report on how his land was used during the past two years.

If a farmer does not report before Friday, his acreage al-

lotment will have to be guessed at by the ASC committee, Mills said.

Mills urged all landowners to contact their tenants and make sure that they have reported their crop history to the ASC office.

On Monday, 1200 farmers had already reported at the ASC office, but there was still about 300 to go, according to Mills.

The bill, which Congress is about to adopt, will give the farmer the option of laying out 20 per cent of his grain sorghum crop, based on what he has grown in past years, and thus becoming eligible for a price support which will be set by the Secretary of Agriculture.

Because much of the land in Farmer County is normally planted to grain sorghum, the bill currently pending is quite important to area farmers, Mills explained.

HD Agent's Gossip

BY MISS ETTIE MUSIL

Spring is almost here. In fact, next Tuesday is the first day of Spring. Can you imagine it seems that many of the trees began greening out last weekend. Daffodils, violets, and hyacinths have been welcoming Spring for a few days with their yellows, violets, whites, and pinks.

I've noticed a few melon colored flowering quince and summer flowering jasmine in bloom. Maybe you know the flowering quince as the common name of japonica. Both of these shrubs are very good as plants to be planted under windows. In the early spring the shrubs would bring color to the landscape of the home and later add greenery. Prune flowering shrubs and trees after blooming.

Just a few pointers to consider when planning your landscape design. The main point is save yourself time and work by really planning your landscaping before buying and planting shrubs. You will save yourself lots of money, too. You might ask yourself these questions. Does the design add to my home? Does it add comfort and convenience, or will I have to constantly prune the shrubs. And does the landscape really add beauty to my home?

Do you have a barn, tractor implement shed, or wide open field that you would like to screen off from your house?

The HAPPY HOMEMAKER

BY JUNE FLOYD

Currently the trend toward simple meals seems to be gaining ground. One dish meals are getting more and more popular for family gatherings or company affairs. A tasty meat and vegetable dish combined with a salad, drink and dessert makes a very satisfactory meal. This week our one dish meals are being built around ground beef, which may be purchased as hamburger meat or steak, which the butcher grinds for you.

ONE-DISH MEAL

- 1 pound ground beef
 - 1 large onion, chopped
 - 1 green pepper, chopped
 - 2 cups cooked rice
 - 1 cup canned tomatoes
 - Salt and pepper to taste
 - 1 teaspoon Worcestershire sauce
 - 1/4 pound fresh or 3 oz. can mushrooms (if desired)
 - 2 tablespoons butter
- Cook beef until tender in sufficient water to cover; drain, saving liquid. Discard all bone and gristle. Grind beef fine. Mix beef and vegetables, add liquid, cooked rice, and season. This mixture should pour easily. Bake at 350 degrees for 1 hour. Add fresh or canned mushrooms sauteed in butter during last 30 minutes of cooking, if desired. Makes 6 to 8 servings.

shire sauce, tabasco, red peppers, chili powder, salt and black pepper.

Cook beef in mushroom juice--not fat. Cook spaghetti separately. Brown onion, garlic, mushrooms and green pepper in hot vegetable oil. Add this mixture to tomato soup, tomato paste and corn.

Add seasonings. Add sliced limes and let simmer for a few minutes. Layer beef mixture and spaghetti alternately in casserole, pour sauce evenly over dish, and garnish with grated cheese.

Bake at 350 degrees for 1 1/2 hours. Makes 8 servings.

Another ground beef dish that will make a hit almost any day is

QUICK MONDAY CHILI BURGERS

- 1 pound ground beef
 - 2 tablespoons cooking oil
 - 1 1/2 cups chopped onion
 - 1 1/2 cups chopped celery
 - 1 can condensed tomato soup
 - 2 teaspoons chili powder
 - 1/2 cup catsup
 - 1 teaspoon salt
 - dash pepper
 - 1/2 dozen hamburger buns, split and toasted
- Brown ground beef in hot fat. Add finely chopped onion and

SPAGHETTI TALAGARINA

- 1 pound ground beef
- 1 cup canned whole kernel corn
- 1 can tomato soup
- 1/2 can tomato paste
- 1/2 green pepper, chopped
- 1 medium onion, chopped
- 1-4 oz. can mushrooms
- 1 small lime, sliced 1/4 inch thick
- 1 to 2 pods garlic, crushed
- 1 box spaghetti, cooked
- 2 tablespoons vegetable oil
- 1 cup grated American cheese
- 1 tablespoon Worcestershire

Participate In Conservation Program

celery; cook until tender but not brown. Add tomato soup, catsup, chili powder, salt and pepper.

Simmer uncovered about 20 minutes or until mixture reaches desired consistency. Spoon over toasted buns. Makes 5 to 6 servings.

Those of us who do not have modern up-to-date closets can improve the storage value of our old closets by buying some of the newly developed gadgets now available. Plastic storage units for shoes, bags and other items can be bought at any department store.

Twelve unit shoe bags which hang over closet rods provide ample shoe storage and the unit for bags and other items has a number of shelf like partitions.

For something different in fruit pies or cobblers, try using canned fruit cocktail for filling.

The annual Texas 4-H Club Roundup will be held June 6 and 7 at Texas A&M College. Program details are not yet available but will be announced well in advance of the June meeting, according to Extension Service officials.

More than 2,000 farmers and ranchers in 352 counties in the 10 Great Plains States made contracts with the U. S. Department of Agriculture to develop soil and water conservation plans for their lands during the fiscal year of 1960. These contracts covered more than 5 1/2 million acres, the USDA said.

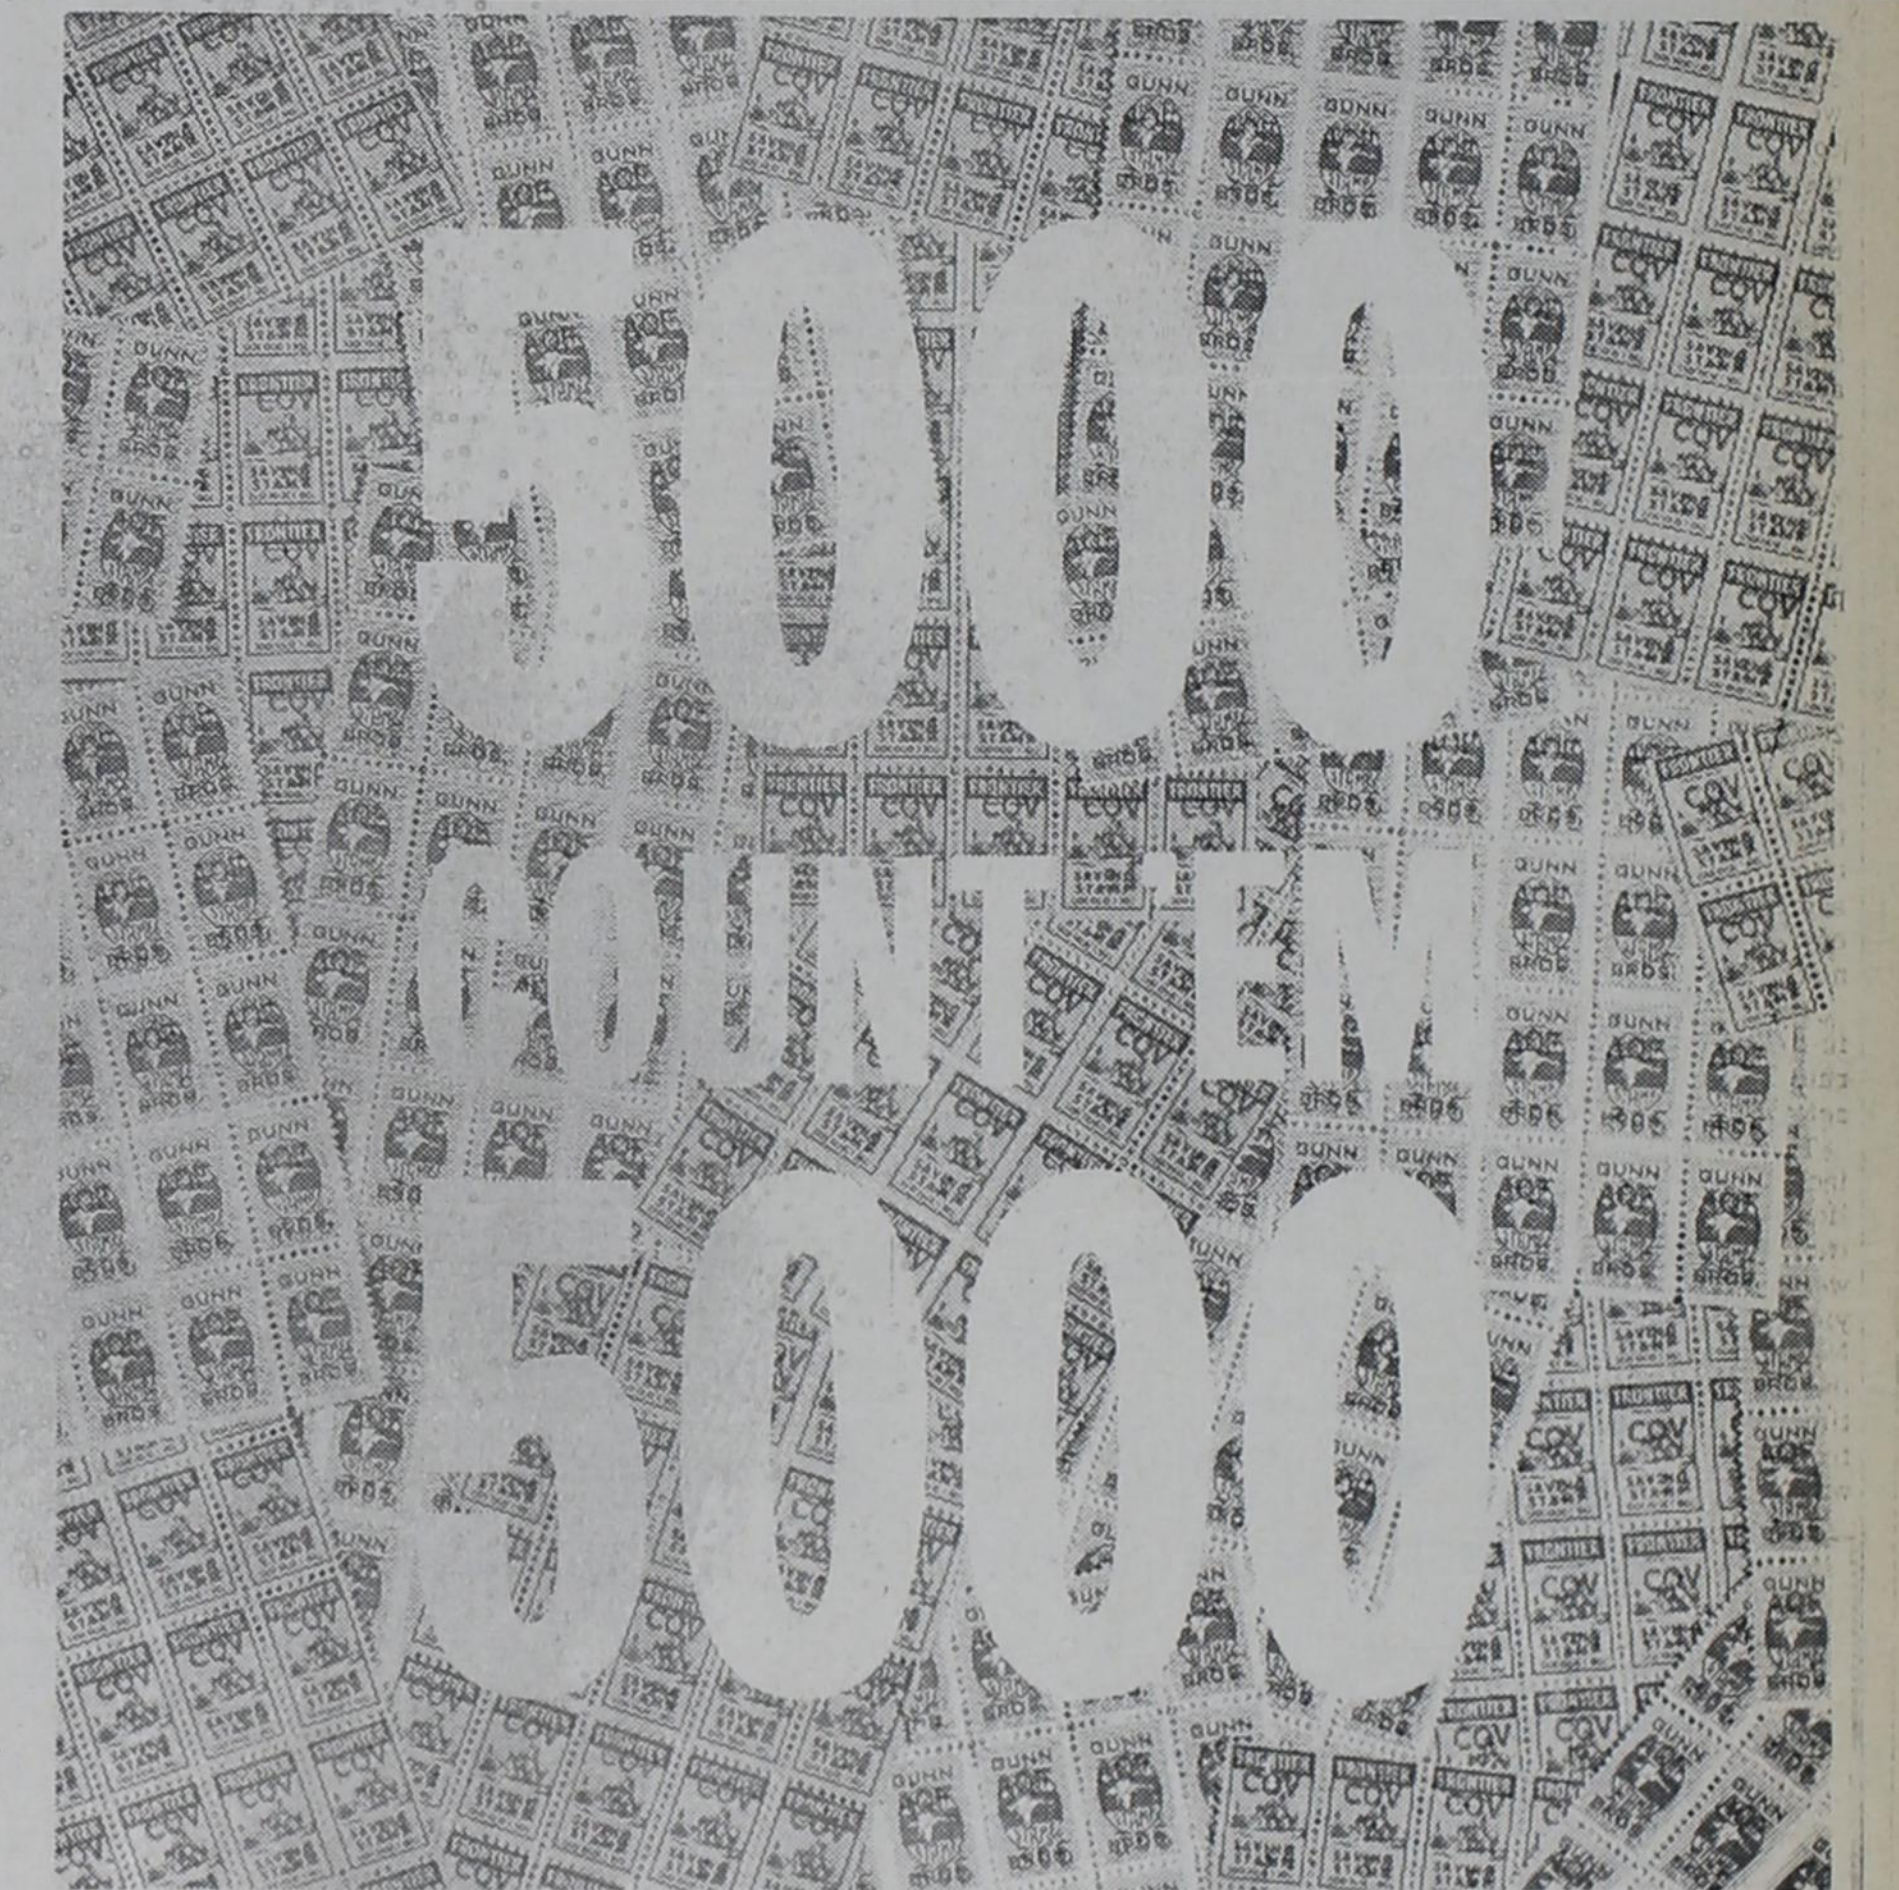

This brought the number of plans and contracts to almost 4,900 covering over 13 million acres at the end of the fiscal year. An additional 3,084 applications covering nearly 2 million acres, had been filed at year's end.

The program is designed to speed-up soil and water conservation measures, through a complete farm or ranch plan of operations, that will bring about a greater degree of agricultural stability in the Great Plains where drought, high winds, blizzards, hail and hard rains are not infrequent.

Attend FU Convention

National Farmers Union Annual Convention convenes in Washington, this week, and runs through March 16th. More than 200 members of Texas Farmers Union from Dalhart to Edinburg will be in attendance.

153 members of the Texas delegation left Texas Friday morning, by chartered buses and 62 other members are flying or driving through by auto to Washington.

The theme of the convention is "Crusading for Agricultural New Frontier," with President Kennedy and Vice President Johnson addressing the convention.

The convention will hear addresses by three cabinet officials which includes secretary of agriculture, secretary of state and secretary of labor. The convention will also hear an address by the Food for Peace Administrator, George McGovern.

Local farmers attending from this area are:

Mr. and Mrs. Luther Ham, Muleshoe; Mr. and Mrs. W.E. Stringer, Friona; J. R. Harris, Friona; Glen Lesly, Friona; riona; Glen Lesly, Friona;

Mr. and Mrs. W.H. Long, Friona; Mr. and Mrs. Wyle Bullock, Muleshoe; W.L. Edelman, Friona; and T.O. Lesly, Friona.

Americans ate well in 1960. The U. S. Department of Agriculture said food consumption in 1960 averaged 1,488 pounds per person. Consumption of dairy products led, with 414 pounds per person. Fruits and vegetables were second, and meats were third. Plentiful supplies are forecast for 1961.

In tests conducted by Texas Agricultural Experiment Station workers, range ewes flushed before and during breeding averaged 7.5 per cent more lambs than those not flushed. Too, flush-fed ewes in 6 or 7 groups studied showed an increase in wool staple length and 5 groups showed higher condition scores.

Burglars Loot--

There were 59 books of trading stamps taken along with nine pads of stamps which had not yet been used.

The Saturday night break-in occurred exactly two weeks from the day that the store had previously been broken into.

Three weeks before the second break-in, on January 20 the store was also visited by burglars.

Both Porter and the sheriff are convinced that all three break-ins have been committed by the same persons.

Porter says that last Saturday's break-in occurred somewhere between 3 and 5 a.m.

Considering the large quantity of merchandise taken from the store, Porter says that the burglars must have been on the scene at least 45 minutes.

IT COULD HAPPEN TO YOU! BETTER INSURE!

THE UNEXPECTED CAN WIPE OUT YOUR SAVINGS See Us Today! ALDRIDGE Insurance Agency Ph. 481-3442 -Farwell

Uncle Ray's "Hot Air" "New clothes are great promoters of piety. The young lady with a new bonnet or dress would not miss going to church for all the world." "Income tax collectors, in checking over returns, often make one deduction: This guy is lying." "Everything comes to him who hustles while he waits." When you trade with Uncle Ray, you profit in two ways-- you get a price that's always right and Uncle Ray's own trade coupons.
