BTD attendance tops 2,000 mark

The 18th annual Border Town Days was the "greatest ever" with the Twin Cities celebration breaking all attendance records. Members of the Texico-Farwell Rotary Club served 1244 barbecue meals, and most believe that another 800 to 1200 persons patronized the concession stands eating hot dogs, hamburgers, burritos, tamales, and the like.

By any estimate, more than 2,000 persons gathered in Farwell City Park and on the courthouse lawn to participate in and view the many activities Saturday afternoon.

Kicking off the BTD funfest on Saturday morning was the big parade, said to be one of the longest, with more floats entered than ever before and more old cars. Spectators were lined solidly along the parade route all the way to the city park.

Float winners were Texico-Farwell Senior Citizens, first place, winning \$75; and tying for second and third places were J.B. Sudderth Realty and the two-unit Brownie and Girl Scouts, splitting the \$50 and \$30 prize money. Farwell Chamber of Commerce and the BTD Committee furnished the prize money.

Judging the floats were Perry Mills, Wendol Cox, Walter Bradley, and Jack Carrasco, all of Clovis.

Old car winners were: Judges' Choice, Dale Gober of Clovis with a 1934 Studebaker; Oldest Car, Keith Terry of Portales with a 1925 Model T truck; and Longest Distance Traveled, S.E. Bruton of Hereford with a 1926 Model T coupe. Texico Chamber of Commerce furnished the monetary prizes for the old cars.

Forty-five bikes were entered in the Kids' Decorated Bike contest and rode in the parade. Winners were: Division A (ages 7-12): 1st place tie, Mike Robinson and Clay Corn; 2nd place, Anthony Garcia; 3rd tie, Rochelle Parks and Tasha Cochran; 4th tie, Chad Cochran and Steven Horner; honorable mention, Jackie Sides and Oscar Sainz.

Division B: (ages 6 and under): 1st tie, Brandon Autrey and Jody Foley; 2nd, Kevin Gates; 3rd tie, Jim Bob Sides and Logan Nichols; 4th tie, Joshua Lynn and Caleb Cloud; honorable mention, Charla Corn and Carissa Jennings.

Following the parade, attendants made their way to Farwell City Park where the Rotarians served the meal of barbecued meat, potato salad, and beans to 1244 persons. The meal was prepared by Walter Hughes and the Cook Shack Crew.

Throughout the afternoon, attendees enjoyed themselves browsing about the courthouse lawn viewing the many arts and crafts display. In the park, local clubs and organizations had concession booths for food and drink, and there were break dancing exhibitions and water polo, to the delight of many.

Ed and Juanita Hardage, Truman Welch, and Fred Chandler, along with fiddler and recording artist Caesare Masse entertained with music and song throughout the afternoon and emcee Chandler kept everyone advised of the upcoming events and contest.

Following the opening ceremony and welcome by BTD Chairman John Getz and Texico Mayor John Hadley, Cheryl Burton of Farwell sang several patriotic songs.

Five Farwell High School graduating classes gathering for their reunions were the 1934, 1944, 1954, 1974, and 1979 classes. The 1944 class won the traveling plaque for having the most living members present; 15 out of 17 for 88.4 percent.

Merchants drawings were held throughout the afternoon for each of the 54 participating businesses and individuals.

One of the highlights of the afternoon was the crowning of the 1984 Border Queen, Elayne Horner of Texico.

Winners in the Beard Contest were Craig Chumley, Best Looking; Caesare Masse, Most Unique; and Roger Menning, Ugliest beard. Judging the beards were Miss New Mexico-USA Mona Bryant of Clovis and the newly-crowned BTD Queen, Elayne Horner.

Climaxing the afternoon festivities was the event that most everyone was waiting for, Texico Volunteer Fire Department's giveaway of the 1984 GMC Sierra pickup. The lucky winner was Floyd Trantham of Farwell.

The fire department also gave away several other prizes, including half of beef cut and wrapped, and a color television set.

After the last event of the day's activities was over, friends, relatives, and visitors remained in the park listening to lots more music.

The final performance of the High Plains Junior Rodeo's two-night schedule capped a long but fulfilled celebration in the Twin Cities.

This year, the contestants were not required to perform a talent, but they were still judged on personality and poise by five out-of-town judges at a luncheon Friday noon in Clovis. Following the meal where they visited with the judges, the girls introduced themselves telling their background, hobbies or interests, and their future plans.

After the introductions, the girls surprised the judges, as well as the contest chairman and her assistants, with an original skit titled "What we would be if we were 16 queen contestants." The judges were so entertained that they suggested that the girls perform the skit for the crowd at the park festivities Saturday afternoon, which they did, to the delight of the many spectators.

PURELY PERSONAL
 by John

Last weekend's Border Town Days bash was a huge success by any measurement. Folks came from the forks of the creek to attend the parade and the park activities. While any accurate count is not possible, we feel that the 2,000 mark was in sight.

Saturday morning was the beginning of the converging of literally dozens of apportioned tasks. Your BTD Committee had made the plans, but it took the dedicated efforts of a host of people to put the plans into action and have each job done by the appointed time.

In addition to those with apportioned jobs, a large group of folks just came up and volunteered to help. Without this assistance, the programs would not have run off with the exactitude and dispatch that marked the day's activities.

This yearly celebration proves beyond cavil that the Twin Cities can work together in harmony and produce any desired results. Texico and Farwell are by location tied together as one community. Each will wax or wane as the other does, and this fact must be recognized by all citizens.

In the continuing search for economic development, the combined strength of both towns must be fully utilized, and the talents of all the people taken into account. Border Town Days does this, and is successful. Other projects must be approached in the same manner, and they too will have successful endings.

We can use our BTD experience as a model for other projects that will strengthen the Twin Cities as we pull together toward economic development in the years ahead.

If your mind is made up, these facts won't bother you. Several days ago we overheard a remark to the effect that Geraldine Ferraro was as qualified to be named as a vice-presidential candidate in 1984 as George Bush was when Reagan picked him in 1980.

In 1980, George Bush was already a very successful businessman and a former congressman. He had been a candidate for the U.S. Senate, he had been chairman of the National Republican Party, he had been the United States Ambassador to the United Nations, he had been our envoy to the Peoples Republic of China, he had been a former Director of the Central Intelligence Agency.

He had just waged a very close race for the presidential nomination against Reagan. In sum total, the man had been around the track several times.

In contrast, Geraldine Ferraro, whose husband's name is Zaccaro, has been an assistant district attorney from the borough of Queens in New York City and a congresswoman for six years. Not really a lot of worldly experience, so to get a better clue to her qualifications, let's look at her congressional voting record and then you be the judge as to whether she is qualified to be a "heartbeat" away from the Presidency.

As a Congresswoman, Ferraro has voted for almost every spending scheme to bust the federal budget, she has voted to increase taxes, she has voted in favor of the ERA, and she voted for a "nuclear freeze," she has supported federal funding of abortions, she has voted for federal "make work" job programs, and she has voted for weaker controls of technology transfer to Communist Bloc countries. These are some of her "for" votes.

Some of her "against" votes include: against school prayer, against tax indexing, against the B-1 bomber, against the MX missile, against production of chemical weapons, against sanctions on the Soviet pipeline construction, and against support for the freedom fighters in Nicaragua while calling for a "negotiated" settlement with the communists in El Salvador.

This gives her a near perfect voting record as assessed by the liberal left, and a near zilch as assessed by the conservative right.

According to the report from Parmer County Sheriff's Department, Mrs. Dollie Roberson of Farwell reported that on July 26 at about 8:40 p.m., as she was locking the door of her service station in Farwell, that a black female grabbed her bank bag and ran off with it. The case is still under investigation.

J.W. Eubank of Farwell reported that sometime within the last week, four mag wheels were taken from the back yard of his residence. Approximate value was listed at \$270.

In other law action, the following arrests were made by Texas Highway Patrol officers:

Plans need to be made for this year's activities, says Smith.

Texico junior class workday is Monday

Members of this year's Texico junior class will have a "mowing and clean-up" day Monday, Aug. 6, at the Texico cemetery.

All Texico juniors need to show up at 7:30 a.m. MDT, says Ronnie Warmuth, class sponsor. "Bring a hoe, rake, or lawn mower if you have one" advises Warmuth, "and

the more students we can get to show up, the less time it will take to complete the clean-up."

Warmuth encourages all class members to show up and says that parents are welcome to assist.

The "clean-up" day is being held to raise funds for next year's Junior-Senior banquet.

Workouts, physicals set at Texico

Football and volleyball workouts for Texico athletes have been set for the 1984-85 season.

Littlejohn, and Roy King.

Texico Council has short session

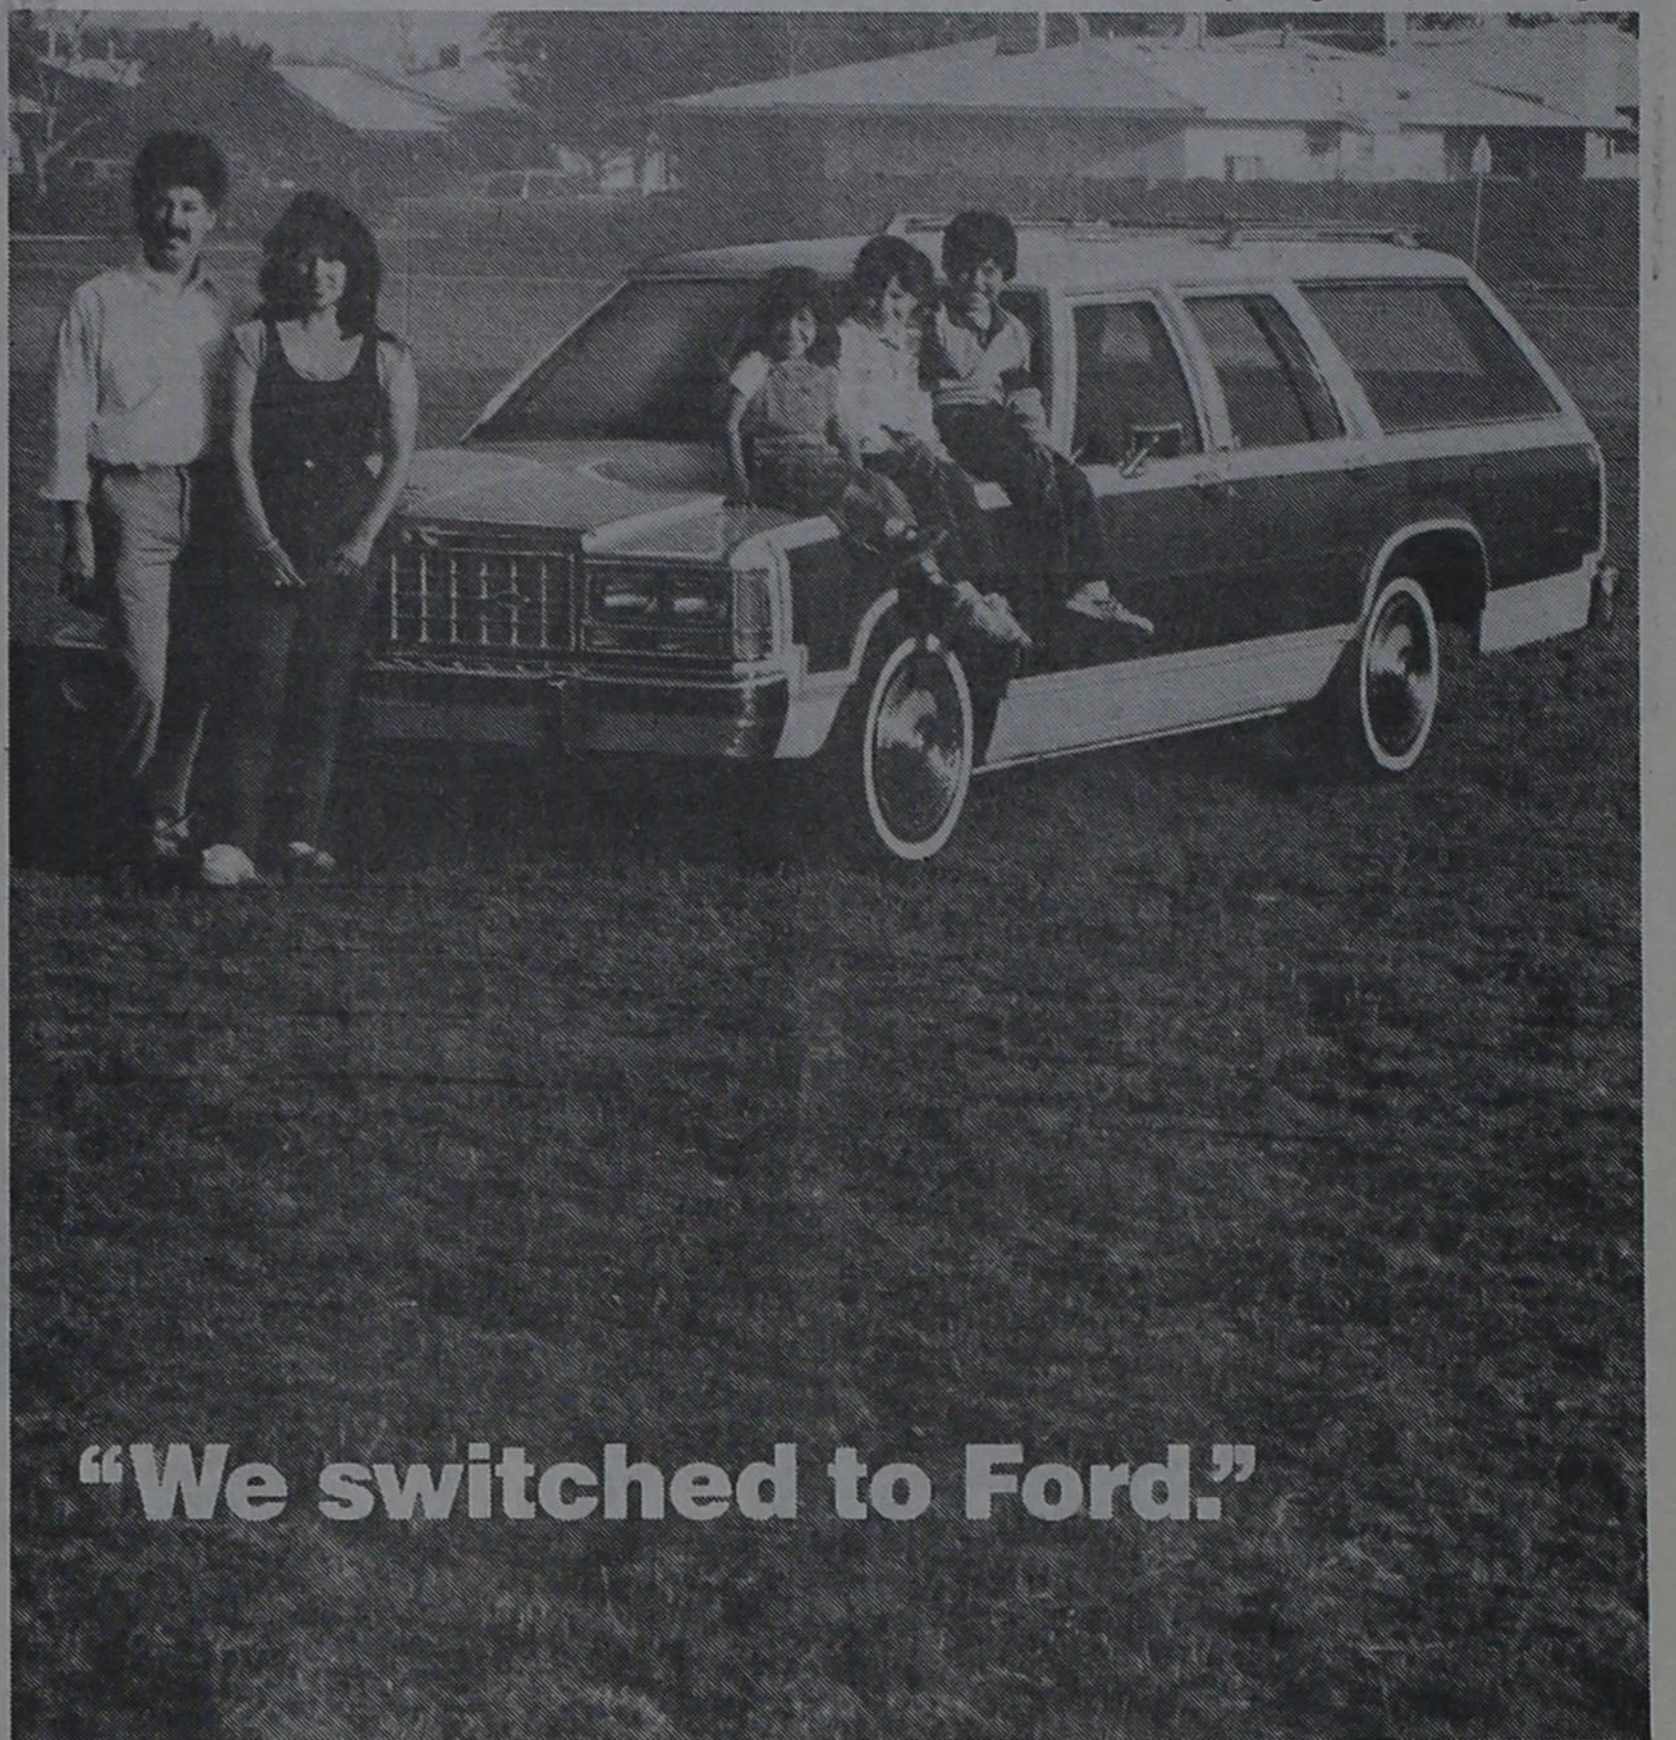

Texico City Council met in regular session Tuesday, July 24, for a short business agenda.

"We switched to Ford."

The Pacheco family, Paul, Mary Ann, Kelly, Sonya and Raul, with their Ford Crown Victoria station wagon.

"We traded in our Chevrolet for this Ford Crown Victoria station wagon," says Paul Pacheco.

And that decision delighted his wife, Mary Ann. "When Paul showed me the Crown Victoria, I was really pleased. I had a Ford wagon myself . . . a Ford Fairmont, so I've always been pleased with Fords.

"It was the smooth ride of the Crown Victoria that sold me. When I'm in it, I feel I'm in a big luxury car. It's so graceful."

What impresses Paul is "the comfort, the smooth ride, and the way it's styled."

And, one more thing: his Ford Dealer. "He went out of his way to help us. He treated me right."

Keeping in Touch with the 19th District

It was hot and sunny last August 30th, when my wife, Sharon, and I made our trip across the 19th Congressional District. We began at dawn and it was late that night when we got back home.

Our congressional district covers a large part of West Texas. There are fifteen counties: Ector, Deaf Smith, Parmer, Castro, Bailey, Lamb, Hale, Cochran, Hockley, Lubbock, Yoakum, Dawson, Terry, Gaines, and Andrews counties.

The people of the 19th District have much in common. We share a growing concern for the future of our family, our community and our country. And we share one voice and one vote in the United States Congress.

I'd visited people across the district many times, but my trip last August was different. This time I was announcing my candidacy for the office of Congress. This time I was asking for the opportunity to represent you in Washington.

As I made my announcement at each county courthouse, I made a promise to stay in touch

with you, the people of the 19th district. That's why I chose to announce my candidacy in every county in our district. That's why I'm writing this column.

Since I began my campaign last year, I've met and talked with thousands of people. But it's impossible to talk with each of the more than 200,000 voters in the 19th district personally.

Television and radio ads aren't necessarily bad. However the best they can do in thirty seconds is give a brief summary.

So, I've decided to use this newspaper space to discuss the problems facing our district and our country and to tell you what I, as your representative, would do to help solve them.

The Founding Fathers were very clear what they wanted the House of Representatives to be. They made it much larger than the Senate so each representative could spend more time with his constituents. And they made house members face the voters every other year so they would be more responsible to the people. From the beginning the

House was intended to be the branch of government that most represented the will of the people.

The office of Congress belongs to you, the people of the 19th district. Let me know how you feel on the issues discussed in these columns. If you agree or disagree with my position, let me know. You can write me at 1606 Avenue X, Lubbock, 79401, or call me at (806) 762-1984. If your club or association is planning a meeting and would like to discuss your concerns, please let me know.

Last August I asked a farmer what his Representative could do that would help him the most. He smiled and said, "Could you get us a little more rain?" I told him my dad always said not to make promises you can't keep. So, I will make you this promise: I'll work hard to serve the people of West Texas and I'll always keep in touch with the 19th District.

I thank all the people who worked so hard with me in the primary election campaign. I'll never forget your kind words, your encouragement, and your support.

Larry Combest is a fourth generation West Texan. He has worked as a farmer, teacher, for the A.S.C.S. and for Senator John Tower as legislative assistant for agricultural policy and constituent services. He is a candidate for U. S. Congress, 19th District.

New Wheat Variety 2157
Superior Yield • Excellent Standability • Outstanding Grazing

"I was surprised how quick the variety was ready to graze."
"In fact, some of my neighbors tried to rent my pasture when they saw how much better established it was than others all around us."
Pioneer® variety 2157 gets off to a fast start, quickly establishing the kind of healthy, vigorous growing stand so necessary for good pasture. Its upright growth habit helps provide maximum available grazing.
And because 2157 has proven to be such a good yielder, you can count on it to deliver top-quality wheat at season's end. If pasture is part of your wheat program, new 2157 should be, too.

"When I pulled my combine into the field, I knew for sure this wasn't an ordinary wheat crop."
"That 2157 was standing out there good and straight. And when I moved down the rows, I could hear the cylinders running full."
Farmers who've seen this impressive new high yielding variety like its standability and tolerance to dry growing periods and severe weather. It has excellent resistance to leaf rust, fungal leaf blights, soil borne mosaic virus and the Hessian fly.
In side-by-side comparisons, Pioneer® brand 2157 wheat has consistently out-yielded other popular varieties. And it has shown consistently high test weights.
