### Solving the world's problems

I'm in a good mood today. I was reading the morning paper and saw that the world is in a bit of turmoil. So I thought today I would solve these minor disturbances. Feel free to send this column to the State Department so they can implement these suggestions.

**Korea** - It seems that some South Korean University students are busy burning the U.S. flag and other items to protest the Olympics, the division with North Korea, the presence of U.S. military, and everything else.

This is an easy one to solve: just send those students to live in the tightly-knit dictatorship that North Korea is. A few months of life in a nation where one doesn't voice his viewpoint unless it agrees 100 percent with that of the dictator might change the students' outlook.

**Burma** - Here's a typical case of the military thinking they can solve the problems of a democracy by assuming military control. It doesn't work well unless you have total suppression. And all that does is breed more discontent.

What the military ought to do is announce the elections will be held within 3 months, then work like the dickens to get the politicians to sign up for election.

**Haiti** - What a sad nation. Papa Doc Duvalier could have been a national hero. Instead he introduced the Tonton Macoutes (secret police) and used voodoo as a national weapon. His son was no better. In fact, it's so awful that the generals have lost control of the military dictatorship to the sergeants!

This poor country ought to dissolve itself. Just declare it's no longer a nation and let the other half of the island, the Dominican Republic, take it over.

**South Africa** - I realize that the ruling Nationalist Party has made strides toward ending many disgusting aspects of apartheid. Yet there is a way to go. Until apartheid is officially eliminated, this nation will not be at peace.

What must be done here is to alter the system of government to allow all races an active - and effective - voice in governing. Power must be shared. That's a concept ruling parties have great difficulty in accepting.

**Ethiopia** - The drought combined with the Eritrean rebellion has caused so much tragedy here it's unbelievable. If I were the Ethiopian military leaders, I'd announce an end to the war by allowing Eritrea to secede and become an independent nation.

**Nicaragua** - This is an easy one. What we ought to do is secretly bypass Congress and send huge shipments of arms and funds to the contras. Yeh, I know it's illegal. But maybe we can keep it a secret.

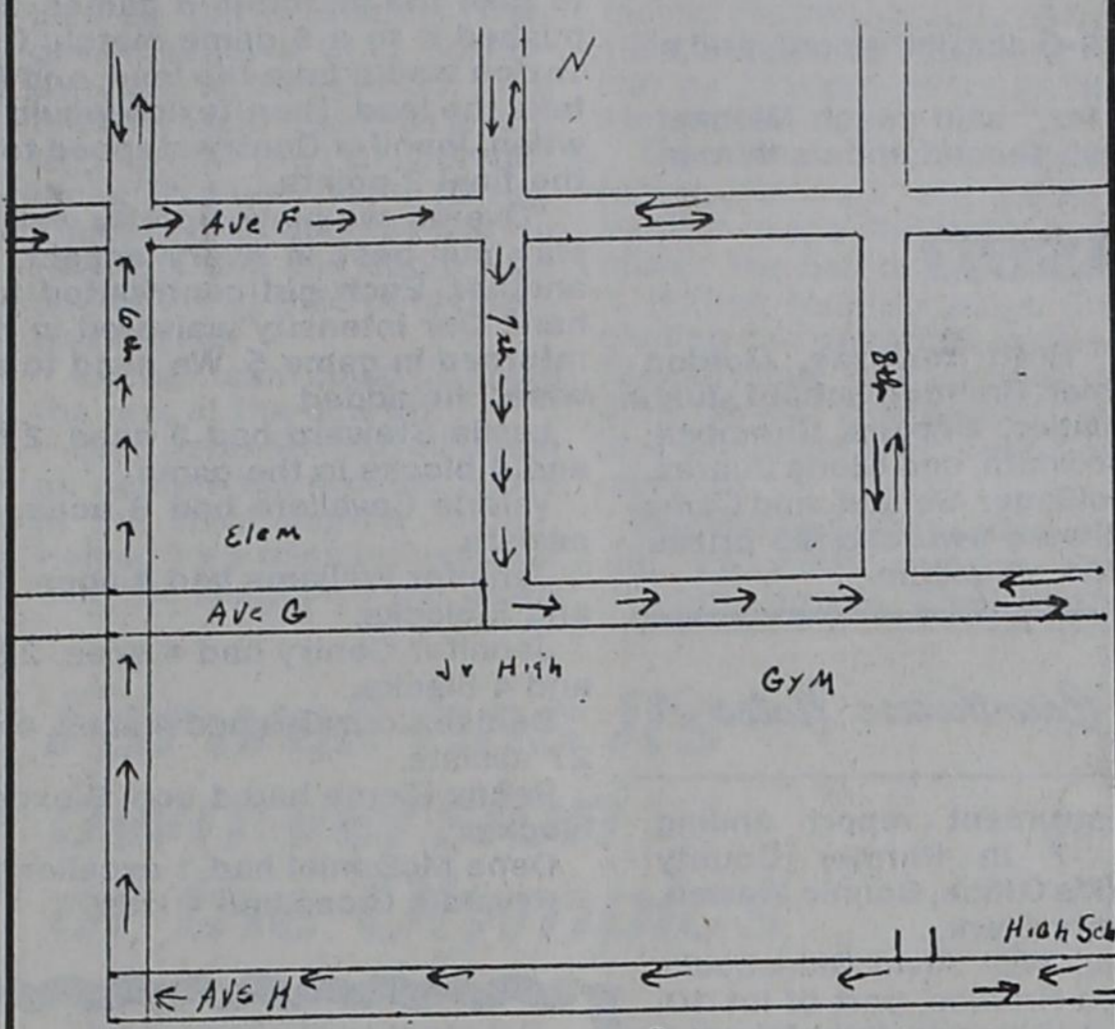

**Eastern Europe** - Another easy one: just keep out of it. These nations, under their ineffective Communist rulers, will break apart like crackers in due time. Watch for the coming explosion in Yugoslavia. And if Poland recognizes Solidarity, Gorbachev is going to get a migraine. (So much for glasnost).

**Mexico** - A textbook case of one party ruling too long. Basic reform is needed. I hope the alternative political parties keep working within the system. If so, I predict a shakeup at the top within a few years. Hang on, guys.

Well, I could go on and on, with nations like Iran, Israel, Angola, Sri Lanka, etc. But enough is enough.

If these nations would kindly implement my suggestions, then we'll continue this history lesson. Unfortunately, common sense doesn't always equate with politics.

### Proposed street changes

With approval of the city commission to make the following streets one way between 8 a.m. and 4 p.m.:  
6th street one way north between Ave. H and Ave. I  
Ave. F one way east between 6th and 7th streets  
7th street one way south between Ave. F and Ave. G  
Ave. G one way east between 7th and 8th streets  
Ave. H one way west between 6th and 9th streets  
Ave. G blocked between 6th and 7th streets

This would enable parents to let their children in or out on the passenger side of the vehicle next to the curb.  
Loading and unloading zones would be marked, thus eliminating any student passing behind one car into the path of one coming from the other direction.

## School Board asks for 1-way streets

The Farwell School Board Tuesday voted to present a proposal to the City Council to change several streets near the Farwell school campus to 1-way streets between 8 a.m. and 4 p.m.

If the city accepts the proposal, parents would be able to load or unload children more safely, school officials said.

In other business, the board:  
- Heard a report from maintenance director Randy Grady on the asbestos situations. Grady said an independent study showed Farwell Schools are not in serious danger because of asbestos. "They rate the schools on a scale from 0 to 5. We had mostly 2's," said Grady.

If the asbestos plan is accepted by the state, Farwell will not need to remove the asbestos present in its buildings.

- Heard Grady say he is seeking information from local contractors about adding metal railings on the bleachers.

- Heard Principals James Craig, Jerry Dee Owen, and David Reynolds reported enrollment figures are remaining steady, and attendance is high.

- Approved a proposal made by Kay Ray to allow teachers to count up to 2 days of summer workshops in lieu of 2 designated in-service days.

- Approved an amendment to the budget to create a special fund for innovative projects that teachers might propose.

- Considered the facility management report by the principals concerning upcoming needed maintenance and

capital improvements.  
The board will plan a timetable for roof repairs, air conditioning units, and windows. It will also consider plans for the construction of additional classroom space, storage rooms, etc. Specific plans were tabled until there is more input on these projects.

- Approved the substitute teacher list. There will be a permanent file of substitutes, and two training sessions will be held for substitutes.

- Adopted the proposed changes presented by Gwen Corn in Student Council officer guidelines, and changes presented for the student handbook.

- Approved the Red Ribbon Campaign, organized by the alcohol and drug education abuse committee. Red ribbons will be provided for all students and personnel to wear Oct. 24. Everyone involved in school will be asked to wear red Oct. 26 to show support of the campaign.

The campaign's theme is "The Choice for Me... Drug Free!" Also, poster contests will be conducted and videos gotten on alcohol and drug education.

- Heard Supt. John Grigsby report on the system's insurance coverage. It is now covered by Phoenix Mutual of Hartford, Conn. The previous insurance carrier, CRC Insurance Co. is out of business. School officials said Farwell is owed \$9,500 in claims. In all, CRC has about \$8 million in outstanding claims, they said.

- Heard Grigsby report that the Knights Of Columbus had donated \$256 to the school system for special education.

## FFA's trip okayed

The Texico School Board Tuesday approved a request from the school FFA group and its officers to allow them to attend the national convention in Kansas City.

In other business, the board:  
- Agreed to buy more computers for the high school lab and more desks for the junior high.

- Accepted the resignation of cafeteria employee Lorine Salguero and hired Judy McGowan to replace her.

- Agreed to allow Kendale Burch to attend an FFA meeting in Houston.

- Received the annual audit from John Schoenberger.  
- Said it will attend the Region 5 school board meeting in Grady Oct. 19.

**Bruce honored**

Amber Bruce of Farwell has been chosen 1988 Miss Rodeo New Mexico Teen.

# Stephens first in 6th grid tilt

Kendra Stephens, an Oklahoma Lane resident, won the 5th week of the Area Merchants Football Contest by guessing 11 of the 12 games correct.

Only three entrants managed to get 11 right: Miss Stephens, Roger Robertson and the Farwell High School 5th period health class.

By virtue of being closest to the tie breaker (Springer 12, Texico 0), Miss Stephens collected the first prize of \$10. She was 21 off the tie breaker.

The health class received the second place check for \$5; they were 23 off the tie breaker. Robertson was 32 off the tie breaker.

With 10 right were: Tony Nicolas, Sharla Blanton, Todd Tigpen, Heath Dollar, Kristi Stephens, Paul Brown, Kathy Robertson, Billy Roberts, Jody Ketcherside, Cotton Robertson, Joannah Gartin and Rhonda Fitzgerald.

Game results were:  
Hart over Farwell, Lockney over Hale Center, Clovis over Albuquerque Cibola, Oklahoma over Texas, LSU over Auburn, Indiana over Ohio State, Air Force over Navy, Texas A & M over Houston, Houston over Kansas City, Washington over Dallas, Seattle over Cleveland and Cincinnati over N.Y. Jets.

Here's a look at the leader board after 5 weeks:  
45 points - Robin Gregory and T.J. Kittrell.

44 - Jim Berry, Jamie Bethel, Johnny Franse, Bill Howard, Beth Libby and Cheryl Scott.

43 - Greg Bearss, Brian Haseloff, Jody Ketcherside, Billy Roberts, Todd Thigpen and Farwell High 5th period health class.

42 - Jane Berry, Rick Castaneda, Gene Christian, Curt Cook, Dana Cook, Rex Cumpston, Jenoyce Ford, Christy Pena, Noni Pitts, Dick Pylant and Mark Williams.

41 - Jeff Atkinson, Steve Breckenridge, Terry Brigham, Lezlie Castleberry, Dana White, Steve Kittrell, Fred Libby, Gary Patterson, Cotton Robertson, Roger Robertson, Patty Rubio, Marion Rutter and Ralph Franse.

All the totals are on display at the Tribune office. Entrants must be 12 years old or older.

All entries must be turned in at the Tribune office before 5 p.m. Friday (today) or, if mailed, must bear a Friday postmark.

The grand prize of the 12-week contest will be two tickets to the Dallas Cowboys - Philadelphia Eagles game Dec. 18 in Dallas. The prize also includes lodging at the Airport Hilton, transportation to and from the game, and to and from the stadium, free brunch and \$50 spending cash. These all go to the person with the most points at the end of the 12 weeks.

## Council topic: building move

Farwell City Council met in special meeting on Oct. 6 to discuss the legality of two items of business.

One item concerned a house that was moved last week to the back of Stuart Meyer's property on Ave. D.

The council asked Meyer to present a statement in writing to the council that shows his intentions for the property.

He was asked to fix up the building so that it will always look like a house. He was also asked to state that it will be

used as a garage, and not as a dwelling for a second family on the property. And, he was asked to give the council a date when the changes will be complete.

Another item of business concerned the use of sheriff's department personnel to patrol Farwell.

The city is searching for a way to have some type of police patrol in Farwell.

The city will talk with the county commissioners about it.

## Farwell seeks answer to police problem

A request from the Farwell City Council dealing with Parmer County helping with police protection for the city did not meet with a great deal of enthusiasm from the Parmer County Commissioners Monday.

Councilman Martin Welling, on behalf of the city council, checked to see if the county was amenable to contracting with the city, which would pay the salary of a deputy sheriff.

No decision was made and Welling will get a sample contract of such an arrangement from Garza County, Texas.

County Judge Porter Roberts reported that it seemed the commissioners' feeling was that the city should hire its own police officer.

In other business, the commissioners approved a resolution at the second public hearing for an elevator in the courthouse. The county is seeking \$87,067 in state and federal funds for the construction.

Now the request will go before an area group this winter. It then would be prioritized and sent on to the state.

## Texico postpones naming councilman

For the second time, the Texico City Council decided to wait on picking a new councilman to fill the vacant post of Steve Chancy's.

Chancy was elected mayor last month.

When the topic came up two weeks ago, since one councilman, Butch Sharp, was absent due to illness, a decision was postponed.

Tuesday night, the absence of councilman Bryan Kube caused a second postponement.

In other business, the council:  
- Decided to put off discussion of repayment of the fire station loan until executive session. The Farmers

Home Administration wants the complete loan paid off now, while the council wants to keep to the original payoff schedule.

- Decided to put off discussion on how to purchase uniforms for the city marshal until executive session.

- Heard Chancy report on a municipal government workshop he attended in Albuquerque.

- Heard Chancy note that the Waste Control charge to the city went up 3.1 percent Sept. 1, according to the provisions in their contract. Chancy said the extra funds needed have been budgeted for and the extra cost won't be passed on to the citizens.

**Haseloff scores for Farwell JH**

Farwell Junior High was defeated by Hart 26-6 Oct. 6.

The Farwell TD was scored by Derrick Haseloff who caught a 40 yard pass from Lupito Garza.

"We beat ourselves the first half," said coach Kendall Duvault. "We played 10 times better the second half than we did the first. We just weren't ready to score on our first long roadtrip game."

"We are getting better each game. The players haven't played much, and we have been up against teams with 15 year old players. I've seen lots of improvement," said Duvault.

The Yearlings play at Abernathy at 5 p.m. on Thursday. "Abernathy will probably have 40 kids on their team, but I think we will be ready to play," said Duvault.

**Volleyballers go 5-0**

Texico Lady Wolverines' volleyball team defeated Floyd in a long, close match - 15-9, 15-13, 12-15, 11-15, 15-13 on Oct. 4.

The Lady Wolverines now have a 5-0 district record, and a 10-1 overall record with this win.

"This was our biggest match so far," said coach Michael Littlejohn. "Floyd was picked to finish second and us third in

**Drawings chosen**

Eight local students had drawings they made in art class printed on the youth page in the New Mexico REA's Enchantment Magazine. The students are studying art under Billie Cooper at Texico High School.

The students drew pictures of ghost towns; they researched their topics, and drew from references in old magazines and books. Often they added details to make the ghost towns seem more abandoned or desolate than they are in reality. After they finished their work, they were free to take them home and do what they wanted with the drawings. Several chose to enter the contest.

The magazine chose 12 entries from the state of New Mexico to print in the October issue, eight of them are from our area. Although their home addresses were listed variously as Clovis, Texico, and Farwell, they all attend Texico schools.

They are: Marsha Hamil-

ton, Ruth Terrazas, Gordon Farmer, Brandon Schauf, Justin Bollinger, Chesna Campbell, Tina Smith, and Gloria Juarez. Bollinger, Schauf, and Campbell were awarded \$5 prizes by the magazine.

the pre-season picks. The girls were ready for the task."

Texico played well the first two games, and had a chance to take the match in 3 games, but Floyd held them off and pushed it to a 5 game match. Game 5 was back and forth. Texico would take the lead, and Floyd would come back and take the lead. Then Texico would fight back. It was tied at 13 when Jennifer Gentry stepped to the service line and served the final 2 points.

"Overall, we played pretty well," said Littlejohn. "We didn't play our best in every aspect, but we made up for it in another. Each girl contributed to the win. The girls played hard. Our intensity waivered in the 3rd and 4th games, but returned in game 5. We need to serve a little better percent wise," he added.

Leslie Steward had 3 aces, 21 excellent passes, 12 kills, and 4 blocks in the game.

Valerie Cavallero had 3 aces, 11 passes, 2 kills, and 16 assists.

Jennifer Williams had 4 aces, 12 excellent passes, 4 kills, and 3 blocks.

Jennifer Gentry had 4 aces, 22 excellent passes, 20 kills, and 4 blocks.

Denise Gonzales had 4 aces, 4 excellent passes, 1 kill, and 27 assists.

Penny Pierce had 1 ace, 8 excellent passes, 5 kills, and 5 blocks.

Dena McDaniel had 1 excellent pass, and 1 assist. Krystala Cross had 4 kills.

# Steers lose toughie to Hart

The Hart Longhorns ruined the start of district play for the Farwell Steers last Friday at Robert Stadium with a 14-13 victory.

The Steers are 5-1 overall and 0-1 in district. They play Abernathy at home tonight (Friday).

The Steers got hurt by their kicking game.

The game started with Hart trying a hurry-up offense that lost 2 yards on 3 plays. Farwell got the ball at the 50 and moved downfield behind runs by Shawn Stewart, Monty Delgado and Clint Kelley. Stalled at the Hart 13, Farwell tried a field goal.

It was blocked and picked up by Hart and returned for a TD. The kick was good and

Hart led 7-0 with 2:40 left in the first quarter.

After an exchange of punts, Farwell took over on its 47 after a nifty 10-yard return by Curtis Chisom. Delgado caught a Greg Actkinson pass at the Hart 36. On a 3rd down and less than a yard to go on the Hart 27, Stewart broke off tackle for a TD run. The kick was good by Darren Haseloff and the score was tied at 7-7 at 9:36 of the second quarter.

Neither team could do much the rest of the quarter.

Both defenses played tough as neither team could score in the third quarter, either. Helped by a pass interference call, the Longhorns got down

to the Steer 15 but were stopped cold there.

In the final stanza, a Farwell interception stopped another Hart drive. The Steers moved the ball steadily downfield, capped by a 30-yard TD run by Stewart at 6:52. The kick failed.

Then Hart's Junior Washington returned the Farwell kickoff to the Steer 25. Hart moved the ball to the Farwell 7. It then took six plays (including two penalties against Farwell) but Hart scored at 4:14 to tie the game. The kick was good for the winning margin.

Farwell had 186 yards rushing, 25 yards passing, and 12 first downs. They had 6

penalties for a loss of 45 yards. Their 6 punts averaged 36 yards.

Hart had 129 yards rushing, 11 yards passing, and 12 first downs. They had 11 penalties for a loss of 80 yards. They averaged 31 yards on their 6 punts.

"We beat ourselves," said coach Rex Cumpton. "Our critical plays were all in the kicking game."

## 1,400 trees, shrubs sold

The Parmer County Soil and Water Conservation District No. 140 reports that two watershed structures on the Running Water Draw are located in Parmer County.

These structures are two of a series built for flood control along the draw. On Memorial Day this past year, these structures worked as they were designed to. The heavy runoff from thunderstorms was successfully contained, preventing possible damage and loss of life.

The district also reports this year it sold over 1400 trees and shrubs. These included Colorado Blue Spruce, Eastern Red Cedar, Ponderosa Pine, Rocky Mountain Juniper, Arizona Cypress, Ash, Cottonwood, Oak, Willow, Hackberry, Russian Olive, Poplar, Walnut, and Pecan.

This year they also offered packets for wildlife - quail and pheasant, deer, turkey, and squirrel. Each included 100 trees. These were broken up into four different species adapted to the kind of wildlife in the area.

For more information on the Wildlife packets or the Windbreak Tree Program, call the Parmer County Soil and Water Conservation District in Friona.

## Farwell has its own version of the Olympics

The Farwell Elementary P.E. classes, grades 2-5, held their own version of the Summer Olympics during the weeks of the real Olympics in Seoul, Korea.

Each class was divided into 8 teams, representing imaginary countries. They competed in events such as track and field, wrestling, basketball, cycling, and volleyball. Lots of fun and imagination went into the events of swimming, canoeing, (using gym scooter boards) and equestrian events (using stick horses).

This activity provided the students an opportunity to develop team work and sportsmanship and discussion on the abuse and dangers of drugs in the sports world.

Each even winner received the traditional gold, silver or

bronze medals. The medals were tallied, and the winning country was recognized.

Tuesday afternoon was perfect for a trip to Oasis State Park. Viola James, Jo Sheehan, Florence Clark, Ruth McCoy, Elbert Kelley, Nancy Thompson, Noel Teague and Ollie Graves and I put on oatmeal cookies and lemonade in a picnic basket and away we went.

The ride was lovely. There were sights and new developments that several hadn't seen, like the overpass construction and the way we now have to go to get around Clovis to the west side. "My, my's" were heard and "look out there, that's new."

Oasis was lovely and clean. The pond was deserted except for one young man fishing and to our surprise about 20 ducks of various species. There were white ducks with bright orange bills and feet, white and brown ones, reddish brown ones, dark brown with beautiful bright colors on the head and wings. Awesome!

After we had our snack, we checked and couldn't find a sign saying we couldn't feed the ducks so we shared our oatmeal cookies. Ruth McCoy almost joined the ducks when she tried to throw the cookie about 10 feet and put more energy into the toss than she thought she possessed.

Jo Sheehan missed the ducks but hit poor Kelley upside the head with her cookie. Kelley decided each for himself and ate half the cookie and shared the rest with a huge, white duck that came right up to within two feet of us.

It was an exciting trip. Rest assured, we will go again. That much fun we won't pass by.

### Meals on Wheels

Noon meals can be delivered to your door. For further information, contact the Farwell Convalescent Center at 481-9027. This program is for elderly, handicapped and temporary illnesses.

### Tele-Care

To join our Tele-Care reassurance program created to provide a sense of security and protection, please call Linda Winegeart at 481-9027 weekdays from 8:30 - 5.

"Most of our players maintained similar statistics to the other games they played this year," said Cumpton.

Stewart made 68 yards on 17 carries.

Kelley made 65 yards on 13 carries.

Delgado made 33 yards on 12 carries. He had 1 reception for 10 yards.

Greg Actkinson was 2 for 8 in passing.

Darren Haseloff had 1 reception for 18 yards.

"We played good defense. We held them under control, but our kicking game gave them good position during the game. We held Junior Washington to 52 yards - he had averaged 130 yards a game before he played us,"

said Cumpton.

The defensive player of the week was Monty Delgado. He had 9 tackles, 4 of them unassisted, and 3 for negative yardage. "He played his best game all year," said Cumpton.

Clint Kelley and Shawn Stewart were the offensive players of the week. "They carried the ball well and maintained their seasonal average on yards per carry," said Cumpton.

"This loss does not put us out of district. We need to win our next four games to finish district as the No. 1 team, but I hope we can do it," said Cumpton.

The standings are: Falcons 4-0, Roughriders 2-2, Ponies 2-2, Bears 2-2, Hawks 2-2, Bulldogs 0-4.

## Invitation given

Farwell School Board member Roberta Johnson asked that this message from the board be published:

"The Farwell ISD Board of Trustees would like to extend an invitation to the community to become familiar with board meeting procedures. As an interested citizen, you are encouraged to attend meetings of your school board. These sessions are open to the public so that you may observe your school board in action.

"If you wish to address the board, the open forum and audience segments of the meeting provide that opportunity. Trustees invite you to share with them your ideas, concerns, suggestions and insights through letters, tele-

phone calls, or personal visits.

"Whenever you have a concern about your school, the board asks that you first talk with the teachers and school officials closest to the situation. The board believes that these educators have the information at hand to answer your questions, work out solutions, and resolve your concerns. However, after having explored all avenues of recourse, you may bring your concerns - other than personnel - before the board in open session.

"The board believes that an informed community is a vital support team to excellent in education at Farwell Independent Schools!"

## Texico student's drawing to be printed on poster

Fabian Garcia, eighth grade student at Texico Junior High, has been notified that a drawing he did in art class last year will be printed on a poster advertising next year's New Mexico State Fair Student Art Display.

More than 2,500 pieces of art from 49 schools and districts in the state of New Mexico were displayed at the exhibit. Of them, only 13 were chosen to appear on the poster.

Garcia is the son of Lupe Garcia of Texico, and the grandson of Nora Ortiz of Texico. He is a student of Mrs. Billie Cooper.

The pencil drawing that will appear on the poster was drawn when he was in 7th grade. It is a picture of an old work shoe.

Copies of the poster which feature a picture from each grade level will be distributed to every school in the state of New Mexico, and to all of the members of the state legislature. It will also be used to draw advertise the Art Exhibit.

## Here's how to control unwanted weeds

If you are among the numerous people who had a nice crop of winter weeds in your lawn last year, now is the time to begin preparations for control of these unwanted weeds.

Unwanted grasses are the most common winter weed problems occurring in area bermudagrass lawns, according to Dr. John Abernathy, weed and herbicide scientist and Resident Director of Research at the Texas Agricultural Experiment Station in Lubbock.

Several pre-emergence herbicides are available to help control the weed problems. Abernathy says herbicides such as Surflan, Balan, and Dachal should be applied during the late fall or early spring before the weed seed can germinate. He reminds homeowners that these herbicides should be uniformly applied to the lawn and thoroughly watered into the sod.

Surflan provides the best winter weed control when it is applied to a healthy, well covered bermudagrass lawn. This herbicide should last through the following summer,"he says. If the bermuda grass has blank areas without grass runner cover, Abernathy says Surflan may inhibit runner growth. Roundup is another herbicide which may be used to control

winter weeds, Roundup should be applied postemergence to the weeds in late winter or early spring before the bermudagrass begins to turn green. If the bermudagrass has any green runners, Roundup can cause injury to them.

Other pre-emergence chemicals such as Atrazine and Simazine are labeled for use on bermudagrass in East and Central Texas. However, Abernathy advises against their use on the Texas High Plains. "Because of sandy soils with low organic matter and high pH values in this area, atrazine and simazine can cause serious injury to bermudagrass lawns,"he notes.

Abernathy also reminds homeowners to exercise caution when using fertilizers that contain weed control materials. "It is very important to make accurate applications of the granular material since overlapping application areas and high fertilizer application rates will result in severe injury to the bermudagrass," he explains.

Additional information may be obtained from the Texas Agricultural Extension Service, local nurseries or other lawn and garden stores. Commercial lawn care services in the Lubbock and Amarillo areas can help homeowners with their winter weed problems as well.

# Producers await harvest results

Agricultural Stabilization and Conservation Service (ASCS) offices are now accepting applications for payments under the new drought relief law and will continue to do so through March 1989.

Interest in the program on the High Plains is developing slowly as most producers await harvest results. But producers with crops that won't pay to harvest, notes Donald Johnson, Executive Vice President of Lubbock-based Plains Cotton Growers, Inc., would do well to apply for payment now. With an appraisal from the Federal Crop Insurance Corporation (FCIC) or ASCS, Johnson points out, the producer is allowed to destroy their food supply.

In that regard, ASCS has recently announced that crops yielding eight percent or less of the farm's program payment yield can be appraised for disaster program payment purposes at zero production. Yields above the eight percent level, whether assessed or harvested, will be deducted from the pounds eligible for disaster payment.

The only losses covered by the program are those caused in 1988 by drought, hail, excessive moisture or "related conditions as determined by the Secretary." Loss claims resulting from sand, wind, heat, a freeze, or other factor not directly related to drought, hail or excessive moisture will be disallowed, ASCS officials state.

PGC, High Plains legislators and others mounted an all-out push to get relief for 1987 crop hail losses, but the effort failed when Senate conferees refused to accept a House-passed proposal to that effect.

The program offers assistance to qualifying producers at three levels only to which are meaningful to cotton producers. The first level, covering losses below 35 percent of program yield, guarantees that producers will not be required to repay any advance deficiency payments that market prices may render unearned when final calculations are made after December 31. There's no doubt about the 6.4-cent cotton advance being earned, but advance payments on wheat and corn are said to be at risk.

A second level of losses, from 35-75 percent of expected yield, will qualify for payment at 65 percent of the crop's target price—49.34 cents per pound on cotton, \$1.90 and \$2.75 per bushel, respectively, on corn and wheat.

Eligible losses above 75 percent, on corn and wheat, by payments at 90 percent of target, which comes to 68.31 cents per pound for cotton, \$2.64 per bushel on corn and \$3.81 per bushel on wheat.

A cotton example prepared by PCG uses a 500-pound yield and assumes actual production, whether harvested or not, a 40 pounds per acre. PCG's calculations show no compensation for the first 35 percent of loss (175 pounds); a payment of 49.34 cents per pound times 40 percent of the loss (20 pounds x .4934 = \$98.68); and, since the 40 pounds or 20 percent actual production permits the field to be "zeroed out," a payment of 68.31 cents per pound times the remaining 25 percent (125 pounds x .6831 = \$85.39). Total disaster payment thus comes to \$184.07 per acre.

There is a "no double-dipping" clause under which a deficiency payment won't be made on any pound earning a disaster payment. But the producer in this instance still would be due a deficiency payment on the 35 percent of loss for which he receives no disaster payment. Using PCG's most recent guess of 20 cents for the total 1988 deficiency payment, this would give the producer additional income of \$35 per acre (175 pounds x .20). The total, \$219.07, represents a gain of \$119.07 over the \$100 deficiency payment the producer would have collected without the disaster program.

A producer with FCIC insurance will collect earned benefits in addition to disaster and deficiency payments, except that total receipts can't exceed what he would have made had he grown a normal crop.

One side effect will make the disaster program less attractive to some producers. Any producer collecting a disaster payment for 1988 losses above 35 percent will be required to purchase FCIC insurance on his crop for 1989 unless his 1989 premium is (1) 125 percent or more of the average premium for the county or (2) 25 percent or more of his 1988 disaster payment.

## Pleasant Hill Pals plan Halloween party

The Pleasant Hill Pals 4-H Club met Sept. 26 at the Pleasant Hill Community Center.

Terry Whitner, president, opened the meeting. Ryan Null led the pledge of allegiance and Chad Barnes led the 4-H pledge.

During a brief business meeting, the club voted to have its next meeting on Oct. 17 at the home of Dara and Clyde Jenkins. The group will have a Halloween party with costumes, pumpkin carving, and a dance.

Demonstrations were given by Karen Williams and her mother, Cindy Williams.

## Day care center topic

Tracy Clift and Darissa Sudderth presented a program to Alpha Rho Lambda Chapter of Beta Sigma Phi on Sept. 27 on the plans being made for a day care center in Farwell. Mrs. Clift plans to renovate the old ASCS office to make a facility for child care.

A brief business meeting preceded the program. During the meeting, the members discussed their plans for a rush party, and for the Pheasant Hunters Breakfast.

Members enjoyed refreshments prepared by hostess, Colleen Stover, and Anne Norton won the door prize. Those present were: Anne Norton, Colleen Stover, Leigh Ann Woods, Jennifer Bearss,

Sheree Montgomery, Peggy Goettsch, Joyce Ketcherside, Lynne Mahaney, Rhonda Kirkland, Cynthia Thigpen, and Debbie Phillips.

## Carnival planned

Farwell Elementary School PTA will sponsor a Halloween Carnival Oct. 29 at the Farwell Community Center from 6 to 11 p.m.

Admission is free. Any group wishing to have a booth at the carnival should call Cindy Patterson at 825-2094, Leslie Lunsford at 481-9336 or Pam Halverson at 481-9041 by Oct. 24.

# Have a nose for safety.

If you have a nose and a normal sense of smell, you have all the equipment you need to detect odorized natural gas leaks.

Here are some simple, common sense steps to take if you ever smell gas:

- Don't use the phone, flip any electrical switches or strike a match.

- If you smell the odor of gas indoors, quickly check to see if a pilot light has gone out or if a burner valve is partially turned on. If you cannot readily locate the source of gas, leave the house immediately. Don't light a match

or switch anything on or off. Call us from a neighbor's telephone at once.

- If you happen to smell gas outdoors, keep your distance from the area, don't smoke, and don't start up your car.

It's simple: Just use your nose first. Then use your head. A safety message from the people at Southern Union Gas.

Mr. and Mrs. Bedford Caldwell

## Anniversary set

Mr. and Mrs. Bedford Caldwell will be honored with a reception to celebrate their 50th wedding anniversary on Oct. 16 from 3-5 p.m.

The reception will be held in the First United Methodist Church Fellowship Hall in Bovina. It will be hosted by their four sons and their wives, Dr. and Mrs. Philip Caldwell of Duncanville, Texas; Mr. and Mrs. Don Caldwell of Boston; Mr. and Mrs. Bill Caldwell and Bruce Caldwell, all of Lubbock.

Mrs. Caldwell is the former Pauline Phillips. The couple was married in Lubbock on Oct. 16, 1938, and have four sons and 11 grandchildren. All friends are invited to the reception. They request no gifts, please.

## Lazbuddie tells what's happening

On Monday, Oct. 3, Patsy Britting presented a drug and alcohol awareness program for the parents of the Lazbuddie community.

Britting is the drug education specialist from Region XVI Educational Service Center in Amarillo. The purpose of this program is to assist school districts in providing a drug and alcohol education prevention program in grades K-12.

Mrs. Britting noted that there are four components in having a drug and alcohol free school system. The first of these is decision-making, the second self-responsibility, the third self-esteem, and the fourth, communication skills. A special emphasis is to be placed on the self-esteem of the students.

Principal Anne Farris said, "In order for our students to develop self-esteem, the teachers must be trained in this area. We are proud to announce that our Lazbuddie teachers are."

Have you ever held a python? Well, the Lazbuddie eighth grade class members did when they traveled to Portales on a field trip. The students traveled with their history teacher, Richard Luscombe, on Sept. 27.

They visited three different museums, the Black Water Draw, the Roosevelt County, and the Museum of Natural History. At these museums, the students learned more about animal habitats, Indians, dinosaurs, and the livelihood of early man.

Many students agreed that it was interesting and exciting. One student even stated, "It was a blast!"

Lazbuddie Cub Scouts began their activities during the spring. They had a campaign on Aug. 3 to pick up the litter around the school. On Aug. 20, the Cub Scouts had

a very exciting day - they had a picnic at the wildlife reserve near Muleshoe. They also went on a hike. On Sept. 26, they watched a movie and had refreshments.

Mrs. Gay Williams is the Den leader, and she has arranged for the meetings to be held on Wednesdays at 5 p.m. Carl Bodiford is responsible for teaching the scouts how to raise the American flag. He is hoping that the Cub Scouts will raise the flag at one of the upcoming Lazbuddie High School games.

Carl Bodiford, Spanish and history teacher, is sponsoring the Lazbuddie pep squad. Many names were suggested for the squad, but most students thought that the Orange and Black Pack would be the best name.

Bodiford is hoping that the pep squad will be going to the football games every Friday. The pep squad will be helping the cheerleaders with the cheers and will give their support to cheer the Longhorns to victory. Bodiford hopes that the pep squad will keep going during the basketball season, too.

## Lazbuddie JH blasts Texline by 40 points

The Lazbuddie Junior High Longhorns upped their record to 3-1 in an impressive 60-20 victory over Texline Oct. 6.

Matt Cozbey, Chris Cozbey, and Paul Williams each ran for two TDs. Leland Brockman and Chris Cozbey caught TD passes, and Eric Williams intercepted a pass and ran it in for a score.

Coach Mark Scission remarked, "The kids played really well. I was pleased with them. If they had played this well last week, they would have won."

The Lazbuddie Junior High Football team experienced its first loss after 12 straight wins on Sept. 29.

Matt Cozbey ran in one touchdown, and Paul Williams returned a kickoff a spectacular 65 yards for the score. Leland Brockman scored a conversion point. With only 1:20 left in the game, the Longhorns fumbled. Witharral's recovery led to its victory over Lazbuddie 18-15.

"Witharral was good," said Coach Mark Scission, "but we shouldn't have lost the game."

Hilton Hassell

## Hassell seeks post

Hilton Hassell is seeking the office of Curry County Commissioner District 1.

He is district supervisor for ARCO Pipe Line Company. In his 22 years of employment with ARCO, his jobs have ranged from laborer in a pipeline gang to his present position.

Hilton and his wife, Mary, have been married for 25 years, and have 2 children, Douglas and Stacey.

Hilton's goals are to improve the roads in Curry County with special emphasis on those heavily traveled by farmers, school buses and mail carriers; to improve drainage systems in order to alleviate the flooding problem and effectively manage the taxpayers' money by getting a dollar's worth for each dollar spent. Hilton also realizes the importance of making himself available to the people of the county to listen to their concerns.

## School Board lists goals

Here are the Farwell School Board goals for 1988-89:

1. Implement a plan for better communication: Advocate needs of the district to legislators; community (civic groups, etc.), and district-wide (internal).
2. Provide facilities for the instructional program and support staff: design/implement planned preventative maintenance program; continue study of feasibility study of facilities for future renovation and/or new construction.
3. Provide a curriculum/instruction delivery system for all students: initiate implementation of Farwell Outcomes Driven Model; infuse/incorporate 5 correlates of Effective Schools; and implement plan for teacher collaboration
4. Provide its personnel with opportunities for professional growth: design alternative systems for rewarding and encouraging innovative teaching practices or techniques; support a compensation and career development program; devise salary schedule for all personnel; create and expand professional library; continue efforts for reduced paperwork for teachers; and continue efforts to maintain high staff morale.
5. Continue its commitment to educate the whole student: increase participation in co-curricular and extra-curricular activities; increase emphasis on lifetime sports or activities in extra curriculum, co-curricular and P.E. activities, and continue efforts for improved student self-esteem.
6. Continue to carefully manage the financial resources of the District: continue efforts to work with the Appraisal districts to increase the ratio of local values to 95% when compared to State Property Tax Board values for all categories.

## Hernandez tallies twice

Texico Junior High tied Santa Rosa 14-14 on Oct. 8. Rick Hernandez scored both of Texico's TD's. He scored on runs of 8 and 10 yards. Greg Akers ran the ball in to score a 2 point conversion. Santa Rosa scored in the second quarter on a reverse. The half ended with Texico ahead 14-8. Santa Rosa got the ball back with about 12 seconds on the board. They threw a "Hail Mary" pass as the game

ended. Texico deflected the ball, but then Santa Rosa caught it in the end zone as the time ran out. "It was a good team effort," said coach Curt Cook. He noted that Kenny Shaw was injured in the game badly enough that he had to spend the night in the hospital in Santa Rosa. "Nash Armstrong stepped in as quarterback and did a good job," said Cook.

## Holly tells payment level

Holly Sugar announced its initial payment level for beets currently being harvested for the Hereford plant. The payment level is up 11% from last year, and "Returns per acre for the 1988 crop could reach over \$800 per acre," said Dennis Printz, Hereford's agricultural manager. Harvest proceeded last week with factory operations beginning Oct. 1. It should be complete by late November with processing to continue into January 1989. Printz indicated the average grower in the Panhandle produces sugar to satisfy the needs of approximately 74 people. This is significant, as well as, the thousands of

jobs the local industry supplies generating many dollars into the area economy. Truck driving jobs to seasonal processing help the Hereford factory are only a portion of the employment

enabled by this industry as harvest crews in the fields perform the actual "digging" of the crop. Many others still are involved in transporting the finished product - sugar - to the market place.

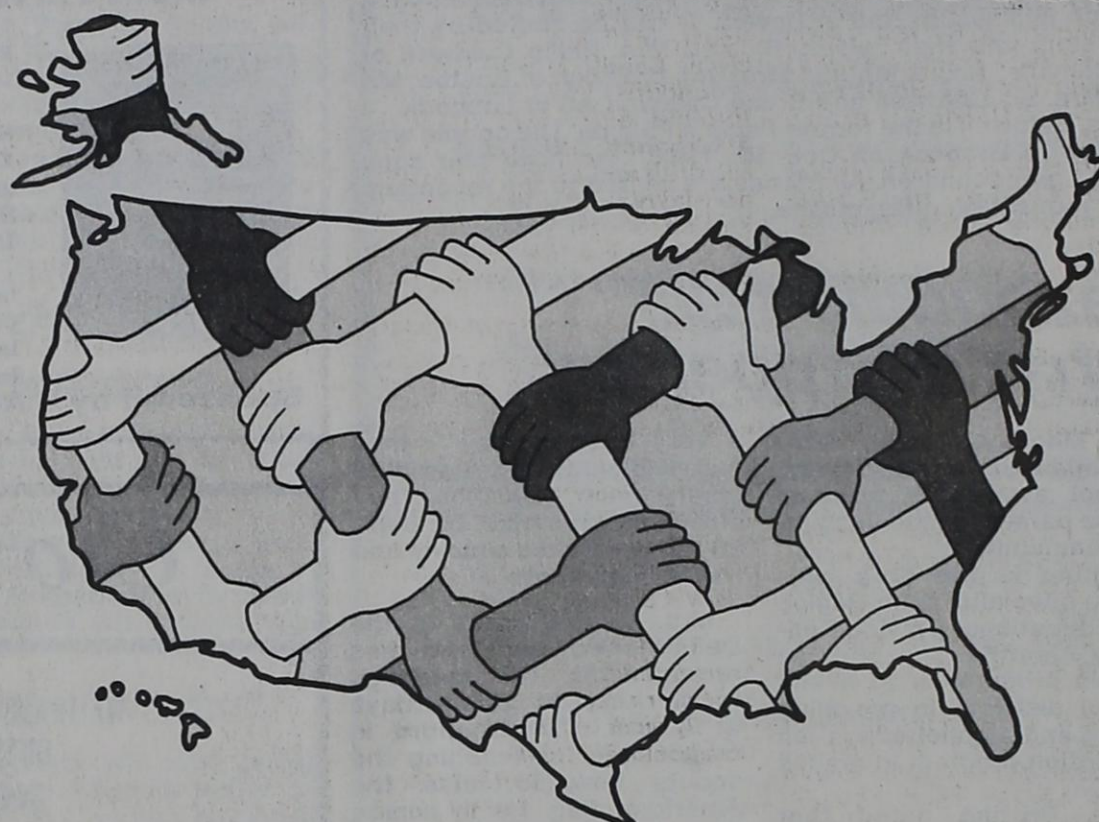

## Smith paces Farwell win

The Farwell JV team beat Hart 16-6 Oct. 6.

### Marshal's Report

Texico Marshal Brent Byrum reports that he has arrested some speeders, and also some teens who had beer in the car this week.

Joel Smith scored the first Farwell TD on a 25 yard pass from Chad Byrd. Then Smith scored 2 points on a reverse. Smith also had an 85 yard kick off return to score the second TD. The JV team has a 2-1-1 record for the season. "All the kids played to win," said coach Larry Gregory. "They did a good job."

# HOWDY, PARTNER!

Repeat that greeting 60,000,000 times to that many cooperative consumer-owners throughout the entire nation, and you come up with one of the greatest networks of partnerships in existence. Cooperatives, owned and operated by their members, provide an array of goods and services for their friends, neighbors and communities. Co-ops are found in big cities, small towns, rural areas — anywhere people need to get things done efficiently and economically.

There are co-ops for electric and telephone service, farm credit, credit unions, farm marketing and farm supply, insurance, food, and health and day care. 40,000 co-ops have made their mark on their communities with a 50-year-plus track record of helping their communities thrive. That's a lot of progress for a lot of people. So look for the people in partnership in your community. They're working hard for you and for the nation.

# Injured Wolverines fall

By Janice Jenkins

Texico fell to Hagerman, 12-0, last Friday in an away game. Hagerman's Mike Olivas scored in the first quarter with 4:33 left. The PAT run attempt was no good. In the second quarter of play, neither team was able to score.

Texico quarterback Larry Powell went out with a knee injury. He was replaced by Benji McDaniel, who played with a broken wrist.

Both teams came back out the second half showing strong defense. Again neither team was able to score and the third quarter of play ended with Hagerman on top 6-0.

It looked like the only score was going to be the touchdown in the 1st quarter, but with 1:05 left in the game Hagerman's Robert Dunnahan ran in 24 yards for a touchdown. They passed for the PAT, but it was no good.

Texico made 8 first downs to Hagerman's 11, but Hagerman dominated in net rushing yardage having 41-213 net yards rushing to Texico's 35-100 yards. Texico made 107 total yards to Hagerman's 234 yards.

Texico has had more than its share of injuries this year. They are a young, small team, but they are learning every game. On the injured list this year, Texico has had: Mike Williams, broken foot; Larry Powell, knee injury; Benji McDaniel, broken wrist; Keith Harrison, dislocated hip.

The injuries have caused several changes in the lineup. Each change means that everyone has to adjust his playing.

## Auction scheduled

Texico Schools will hold an auction Oct. 15 at 10 a.m. MDT in the old bus barn.

"We'll have desks and chairs,

tables and old mixers, and all sorts of things," said Supt. James Pierce.

## Nationwide exam slated

The PSAT/ NMSQT will be given on Oct. 15 in room 101 of Farwell High School from 10 a.m. - 12:30 p.m.

This test is the first step in entering the National Merit Scholarship Corp.'s scholarship program. It is for 11th graders.

The cost to take the nationwide exam is \$5.25. Those juniors who want to take the exam must register and pay the fee by Oct. 14.

The Texas Education Agency has mandated that students pass the TEAMS Exit level test before they graduate from high school. The test is administered to all juniors and any seniors that failed any or all of the test last year. It is also available to any person out of school who must take this test to get his diploma.

The TEAMS Exit level exam will be given by Farwell School on Oct. 25 and 26 from 8:30 - 10:30 a.m. Anyone who is interested in taking the test should contact Carol Sullivan at Farwell High School.

# 'Parents in Partnership' launched

Lazbuddie ISD launched its new "Parents in Partnership" program with a "Back to School" night for parents on Thursday, Sept. 9. According to fourth grade teacher Barbara Hall, the purpose of this "open house" was for the parents to meet the teachers and find out about the program and the expectations for the year for their children.

Prizes were awarded to the elementary and high school classes that had the largest percentage of parents in attendance. The fourth grade won a pizza party with 84% of all parents in attendance. Cindy Furr's second grade (100%), the third grade (83%), and the pre-kindergarten (100%) all won free soft drinks. The elementary was visited by 77% of all parents.

The winning high school class was the Seventh Grade which had 77% of children's parents attend. They won a Coke party.

The high school was visited by 67% of all parents. Thursday evening, parents were welcomed by LISD Superintendent Joe A. Hall who outlined the goals for this year. Principals Anne Farris and Roy Willingham also welcomed parents and outlined the evening's agenda. Instructors Cindy Furr, Barbara Hall, Becky Jones, and Carl Bodiford then discussed the specifics of the "Parents in Partnership" program.

Parents of elementary students then went to visit their child's classroom to meet with the teacher. Elementary teachers made three presentations during the evening. This was arranged so that parents of more than one school-age child could meet more than one teacher.

High School parent received their child's class schedule and visited each of their child's classes in succession. Tardy slips were not given to late parents.

During the evening, parents received a survey form on which they listed their interests, experiences, and skills in specific areas. The result is a file of parents who can come to

school to talk to the students about a variety of subjects. Carl Bodiford noted: "although Lazbuddie parents have always been supportive of the school, we have not been using the parents as a resource."

Principal Anne Farris felt the evening was a great success. She said, "It surpassed our expectations. We felt that the community members better understood our goals and our desire to include them in the educational process."

Bodiford added, "It encourages you as a teacher to be more willing to work and do your job efficiently if the people in the community care."

## Longhorns keep rolling

The Lazbuddie Longhorns rolled over Bethel Christian Academy 64-16 last Friday night.

They completed the game with 7:01 minutes of the third quarter left on the clock by pulling more than 50 points ahead of their opponent.

"We have some real good receivers this year," said coach C.W. Williams of the win. "We scored very quickly. We play 10 minute quarters, and we had scored twice by 9:31 in the first quarter. It might have been too easy, but we play Amherst at Amherst Friday night, and they will be tougher."

Wes Jarman caught a 65-yarder from Michael Williams to score the first TD for Lazbuddie. Brian Glover kicked the extra point.

A few seconds later Eddie Zamora ran 15 yards to score the second TD for the Longhorns, and Glover kicked his second extra point. Kevin McGehee caught a pass from Michael Williams to score Lazbuddie's third TD of the quarter. It ended with Lazbuddie ahead 22-0.

Zamora opened the second quarter by catching a 50 yard pass from Williams. Glover kicked another extra point. Then Glover caught an 11 yard pass from Williams to score another TD. He followed that by making the extra point kick. The half ended with Lazbuddie ahead 38-0.

Bethel Christian's J. R. Martinez opened the second half with a 9 yard run that ended in a TD. Kirk Norrid kicked the extra point.

Wes Jarman caught a 40 yard pass from Michael Williams to make a TD; Glover kicked the extra point. Then Glover scored a 35 yard field goal.

Bethel Christian's John Caloway ran 40 yards to score, and Norrid kicked the extra point.

Scott Miller caught a 40 yard pass from Williams to score another TD. Glover kicked the extra point. Zamora caught a 20 yard pass from Williams to pull Lazbuddie more than 50 points ahead.

Lazbuddie plays at Amherst this Friday night for its first district game. They will celebrate homecoming by hosting Three Way on Oct. 21. These district games will be held at 7:30 p.m.

## Lazbuddie offers prizes

Lazbuddie School is offering prizes this year for those students who had perfect attendance during the fall accounting period which runs from Oct. 3 - 28.

The names of those students who attend class for entire week are collected and put into boxes. Every Friday during the pep rally, a winner is drawn for kindergarten through 2nd, 3rd - 5th, 6th - 8th, and 9th - 12th.

Grand prizes will be awarded in each division to the students who have attended for the entire month. The grand prize for K-2 will be a scooter, and the prize for 3-5 will be a bicycle. Two stereo systems will be awarded to the grand prize winners of both the 6-8 and 9-12 divisions.

The first week's winners are Gabriel Reyes, Gary Hodges, Matthew Elliot, and Michael Williams. All four won Walkman radios.

## Want to watch band play?

The Farwell Steer Band will be rehearsing for the UIL Marching Contest set Oct. 18 at Jones Stadium in Lubbock.

full uniform Oct. 17 from 8 to 9 p.m. The public is invited to watch; there's no cost.

"Even though you have seen the band perform at football games, this will be much different. We will include our band members who are also varsity football players. There are 12 varsity players in the band. Please come and watch us perform for you," said band director Craig Zinck.

The public is also invited to travel with the band to Lubbock to attend the marching contest. Please call Zinck at 481-3351 if you wish to ride the bus. Call anytime during school hours; leave your name and how many will be going.
