

Border Banter

By Mike Pomper

Flying the flag

The Texico-Farwell Lions Club is conducting its annual sign-up of local businessmen and individuals to have U.S. flags flying in front of their businesses and homes at holidays throughout the year.

Last year, Lions members put up flags at about 65 homes and businesses at holidays such as the Fourth of July, Presidents' Day, Thanksgiving, Border Town Days, etc.

Funds collected from this project go for local activities, such as buying eye glasses for disadvantaged youths, sending students to be in the band at the international meeting, and helping start the Quest adolescent skill and McGruff anti-crime programs in our schools.

Although most of the participants are businesses, the list of home owners is growing. If you would like to be in this program, and have the Lions Club put up and take down U.S. flags in front of your home at the holidays, just call Hal Helton at 481-3222. The cost is \$30 per year.

Carol Huggins called to remind folks that the local veterans' groups will place flags at the graves of veterans at the Farwell, Texico and Oklahoma Lane cemeteries May 28, in honor of Memorial Day. Carol said some graves don't have headstones and they may have missed these vets. Also, there may be some vets the groups don't know about.

If you have a loved one buried in one of those three cemeteries who was a veteran, and who the veterans' groups may have missed, please call Carol at 763-3346. Huggins also said that deceased veterans qualify for free headstones. He has the information on how to seek them, too.

Hal Helton, who is the New Mexico Lions 3rd District Governor, attended a meeting in Artesia last week and brought back an interesting story.

Internationally, the Lions Clubs recently ran a poster contest, offering \$500 for the best "peace poster."

Well, the winner was a 13-year-old boy from Lebanon, a nation without much recent history of peace. And here's the background on this boy:

Since he was a good artist, one of his teachers suggested he enter the contest and draw a "peace" poster.

"What is peace?" the boy asked, since all he has known was fighting in his homeland.

After the teacher explained that "war" was not the norm, the boy went to the dictionary and learned what "peace" meant. He then drew a poster which showed ways to achieve peace.

The Parmer County Extension Office has information about the Texas outstanding rural minister of the year contest.

Anyone interested in nominating someone should contact Rochelle White.

Oops Dept.: Although our banner headline last week pointed out that the Texas elections were Saturday and although the lead in that story noted that the Texas elections were Saturday, our other story on the school board candidates said the elections were Tuesday.

We apologize for any inconveniences we may have caused.

Did you notice that last week's Tribune, when it arrived in your mail box, was not quarter - folded as usual? This is due to new U.S.

(Continued on Page 2)

Texico may hire a deputy

More police protection may be in the works for Texico.

At Texico's City Council meeting Tuesday, Mayor Steve Chancy said that three residents have suggested that if the city has money available it should use it for more police protection.

Chancy said folks were happy with the job that City Marshal Brent Byrum is doing but noted he cannot be on duty 24 hours a day.

The mayor presented statistics showing that Texico has fewer employees than others in New Mexico its size: Texico, 6; Tatum, 12; Dexter, 11, and Hatch 21.

Byrum said burglaries and bicycle thefts are on the increase and he supported any assistance the city might enable him to have.

The council okayed further study into this. Chancy and Byrum will meet, then report back.

In other business, the council called an executive session after receiving a request for a house trailer at 519 State. Councilman Bryan Kube opposed it, saying too many trailers were being moved into Texico. He suggested having a restricted zone for them.

After the executive session, the variance was approved.

The council also:
- Received three bids for audit work and accepted the bid of De'Aun Willoughby for \$2,200.

Garbage rate hikes approved

The Farwell City Council Tuesday approved an ordinance raising its utility rate.

Once the ordinance takes effect, the garbage rate will go from \$4.50 a month to \$8 a month for residential users, and from \$5.50 a month to \$9 a month for commercial users.

The decision was unanimous, with newly-elected councilmen Gloria Hutchins and Prentice Mills in favor.

At the beginning of the meeting, Mayor Chris Gikas presented a proclamation to outgoing councilman Curtis Smith, who had served four years on the council. Coffee and pie also were served in his honor.

In other business, the council:

- Heard Gikas say he would ask Willie Dannheim to serve as municipal judge.

- Adopted an ordinance approving the SPS rate decrease that was announced earlier this month.

- Agreed to send water Supt. Dee Hammit to Amarillo for three days to attend a water short course.

- Decided to personally survey the city streets immediately so that bids can be sought on chip sealing streets that needed repairs.

Motor grader purchased

The Parmer County Commissioners Monday received only one bid for a motor grader for Pct. 3, the Farwell area.

It came from Yellowhouse Machinery, for a trade-in difference of \$83,000. It was accepted.

In other business, the commissioners:

- Agreed to get new carpet for the tax assessor's office.

- Gave Sheriff Rex Williams the go-ahead to begin the process of placing a radio aerial north of Hub. This will allow the sheriff's department to have radio hookup throughout the county. Currently, the aerial is in Farwell and the radio doesn't

- Discussed SPS proposals to have more street lights along the highway. SPS suggested using sodium, instead of the current mercury vapor, and adding more lights. One SPS proposal would mean an extra \$150 cost a month.

The SPS proposals were tabled but are expected to be returned for consideration soon.

- Discussed with Lewis Cooper, representing the Texico Chamber of Commerce, fixing up the Community Center. Cooper said volunteers will begin working on the inside walls - stripping, insulating and paneling. The city will take care of the outside wall work.

- Approved a contract for swimming pool operation.

- Agreed to keep its current insurance carrier, Nationwide, after a study into its group insurance rates. A professional reviewed the city's coverage and comparisons with other groups, then recommended staying with Nationwide.

- Approved its annual dues to the Eastern Plains Council of Governments. The dues were hiked from \$287 a year to \$332 after the state cut back funds to EPCOG.

- Approved a request by Clovis Insurance Center to quote prices for certain insurance coverages now provided by the state carrier to Texico. If CIC can provide cheaper coverage, Texico has the option of turning to it.

- Discussed the request of Jerry and Shondra McIntosh to have a wooden garage on their property on Second Street. The property is in a fire zone. The council will check with the state fire board to see if the fire zone line near the property can be changed without having the city's insurance rate raised.

- Received four bids for a new water department building on Third Street. Accepted was Dura Bilt's bid of \$12,466

- Discussed buying a used bulldozer. Bids will be asked. After Aug. 30, open burning will be prohibited and the landfill must be kept covered - thus necessitating a bulldozer.

- Agreed to ask the city of Texico to share the \$160 cost for providing four portable toilets for Border Town Days.

- Discussed a problem of a city resident who allegedly brought concrete from his farm to the city landfill. City residents pay \$5; non-residents pay \$100. The council felt that this would qualify for a non-resident fee and the resident will be asked to either remove the concrete or pay another \$95.

- Approved a building permit - a fence at 605 Fifth St for Gilbert Gilliam.

reach into the Black community. The radio remote will stay in Farwell.

- Agreed to have Brown - Graham do the annual audit.

- Agreed to pay the room costs for nine county youths planning to attend the annual 4-H Roundup at Texas A & M.

- Was told the Lazbuddie dump site has been cleaned up. The check of \$9,999 won't be given the firm, though, until the state officially approves the work.

- Agreed to apply for \$1,000 in matching federal funds to help pay heating bills of indigent residents.

- Approved a resolution backing having the state agricultural commissioner elected.

77TH YEAR 25 CENTS

12 PAGES

Both bands may perform at BTD

The Border Town Days Committee Monday was told that the ever-popular Texico School Band will march in the BTD parade July 29.

Committee Chairman Mike Pomper again thanked Texico Schools for having its band participate.

And Band Director Craig Zinck told the Farwell School Board Tuesday night he hopes to have the Farwell band in the parade.

This year's BTD appears to be expanding.

Jack Allen Kirkland said plans are in the works for Friona Motors to sponsor a golf tournament at the Farwell County Club for the preceding weekend - July 22 and 23.

This tourney will include several special contests. More details will be announced later.

Also, the Farwell Convalescent Center Auxiliary is in the process of planning a Charlie Phillips concert, perhaps for July 27. Frances Kube is spearheading this.

Phillips, a well-known musician, is a Farwell native. In other business, the committee voted for a change of pace in its past fund-raising efforts.

Previously, the committee has sold shave permits to raise the funds to defray BTB costs. This year, it will sell commemorative buttons. Rick Sullivan is in charge of the project.

The committee is non-profit and merely raises funds to pay for expenses.

Pomper reported that he has talked with Bill Roberts, of Farwell Body Shop, and Floyd Coates, of Farwell Farm Supply. The two businesses have sponsored the Ugly Pickup and Ugly Car contests.

Due to declining interest in these two contests, it was decided to cancel them for awhile.

Pomper said Farwell School has agreed to loan the committee a bicycle rack for BTB. It will be placed just to the east of the city park on property owned by the First Baptist Church of Farwell.

Randy Grady, of Farwell School, said he will ask for city employees to help him move it from the elementary school on BTB. The committee has wanted a bicycle rack set up for kids to put their bikes after the parade.

The committee voted not to ask for entry fees for parade participants. At the last meeting, one member had noted that other parades charge fees.

Other meeting highlights were:

- Shot's Train is scheduled to return for BTB.

- Willie Dannheim will be at the end of the parade route to show participants where to park.

- The first parade signups are: Oklahoma Lane Class of 1939 and the West Texas State University buffalo. To sign up, call the State Line Tribune at 481-3681.

- The first signups for the Day in the Park are: Texico PTO, United Pentecostal Church of Texico, Beta Sigma Phi and Pleasant Hill 4-H. To sign up, call Cynthia Thigpen at 481-3600.

- Tory Meeks will chair the queen's contest.

- To sign up for the arts and crafts fair, persons may call Lynne Mahaney at 481-3601.

Winds destroyed tree

High winds on May 4 split this beautiful old willow tree behind the Farwell Convalescent Center. Glen Shot of Shot's Tree Trimming is shown cutting down the remains of the tree.

Byrd, Christian elected to Farwell School Board

Here are the results of Saturday's local elections:

Farwell City Council

There were 88 ballots cast in the Farwell city election.

Mayor Chris Gikas won reelection with 80 votes. He was unopposed.

Elected to the two-year City Council posts were Ysleta Kittrell, 74 votes, and Prentice Mills, 65.

Named to the one-year City Council post, which was vacated by Martin Welling, was Gloria Hutchins with 58 votes. She defeated William Dannheim, who had 27.

Farwell School Board

Ronald Byrd and Vick Christian were elected to the two Farwell School Board positions in a heavy voter turnout. Ballots were cast by 223 district residents.

The two posts were vacated by Richard Haseloff and Wayne Pierson.

Vote totals were:
Ronald Byrd, 162; Vick Chris-

tian, 101; Pat Halverson, 91; Virginia Rojas-Loera, 70.

There were also write in ballots cast for Pam Halverson (1) and Joe Jones (2).

Lazbuddie School Board

Rick Seaton and Mike Miller were elected to the two 3-year Lazbuddie School Board posts.

Vote totals included:
Seaton, 83; Miller, 67; John Jones, 51; Doug Rice, 40; Donnie McDonald, 28.

Farwell Hospital District

Elected to the four Farwell Hospital District Board posts were:

Martha Curtis, Jack Allen Kirkland, Steve Breckenridge, and Jerry Monk.

Vote totals were: Curtis, 186; Kirkland, 177; Breckenridge, 182; and Monk, 180.

Getting write-in votes were Joel White, Steve Kaltwasser, Donald Watkins, Joe Jones, Neil Stewart, Nan Preston (2), and Richard Carpenter.

Hospital District election slated

The temporary board of directors of the new Muleshoe Area Hospital District set June 20 as the date for the election to officially establish the hospital district.

The new district, if approved by voters in the Muleshoe and Lazbuddie areas, will provide medical and nursing home facilities. It will also have the legal right to tax the people in the affected areas.

There will be two separate elections to set up the hospital district: one in the Muleshoe area, and one in the Lazbuddie area.

The hospital district will be responsible for the operations of the West Plains Medical Center and the Muleshoe Nursing Home. These facilities, like many rural hospitals, have had severe financial problems in the past. The

establishment of a hospital district will enable the board to tax area residents in order to raise money for the project.

Because the new district includes residents of two separate counties, there must be two separate elections. These elections are not cumulative. A simple majority will not automatically ratify the hospital district plan in both counties. That way the voters in each area affected can express their own feelings in the election.

The temporary members of the Muleshoe Area Hospital District are: Neal Caswell, Vance Wagon, Tim 'Buck' Campbell, Bob Finney, and Darrell Jennings. Jennings is the Lazbuddie representative on the board.

Lynn Roberts to retire from Farwell

The Farwell School Board Tuesday welcomed new members Ronald Byrd and Vick Christian at their first meeting.

They were sworn in and the election results were certified.

Much of the meeting, which lasted until 3 a.m., consisted of background explanations of procedures and regulations concerning the school system.

The board met in executive session to discuss several groups of personnel and their salaries. They later passed

salary increases for some groups of personnel, but not for others. A complete salary schedule will be announced at a later time.

Also in executive session, the board accepted the resignation of Lynn Roberts who will retire after 21 years of teaching here.

The board also:
- Allocated money for the career ladder.

- Voted to purchase a new computer and software from the Region XVI Service Center to manage the PIEMS system which will collect and house and transmit data about each person in the Farwell Independent School. This data can be easily transferred from one school to another. Eventually every public school in the state will be linked to the same system.

"It will enable them to compile a complete dossier on every student, teacher, aide, and administrator in the state," said Supt. John Grigsby. "When this thing

is done, they will be able to tell how many teachers are teaching science second period each day in the entire state of Texas. Or, they can do a desk audit on a school system by pressing a few buttons on the computer.

"It can provide the data so that they can say 'Here is what it costs to educate a kid in the state of Texas.'"

- Voted to renew several contracts with Region XVI Service Center for several services that small schools cannot provide for themselves.

- Approved the request by athletic director Rex Cumpston to use the buildings for several summer athletic programs including:

* A no contact football

clinic for students going into grades 4-9 to be held June 19-23.

* A girls' basketball clinic for students in grades 4-9 to be held June 26-30. It will be taught in 2 sessions.

* A boys' basketball clinic for students in grades 3-9 will be held June 12-16.

* An AAU Basketball Tournament will be held June 4-6.

* A high school summer basketball league will be held June 19-29 for boys entering grades 9-12.

- Voted to accept the settlement which had been worked out on the EGHT insurance bankruptcy case which came into effect when the insurance carrier for Farwell and many other school districts filed bankruptcy.

Farwell has already paid the \$9,270 in outstanding

medical claims filed by local personnel and a 3 1/2% fee to the bankruptcy court. Now the court may reimburse Farwell if there are any funds left after the company's bankruptcy.

- Voted to accept the tentative budget for Farwell High School as presented by principal David Reynolds.

- Gwen Corn reported that the results of the TEAMS test were very good, and the board would receive a more complete result later.

- Randy Grady reported that the asbestos removal plan had been re-submitted to the state of Texas. "We will probably have to test for Radon and lead in the water next," he said.

- Principal Jerry Owen asked for school board members to distribute diplomas at the ju-

nior high graduation. Katherine White and Vick Christian will do it.

- Teachers Nelle Craig and Candy Dyer reported on the Developmental first grade. "We are sending more children on grade level to second grade than we have at any time in the past eight years," said Mrs. Craig. The program gives additional mat-
- urational time to those chil-

dren who are not ready to progress from kindergarten to first grade.

The board will meet May 15 with an architect to discuss the proposed addition to the junior high. They have received a \$27,000 grant to help pay for this.

They will also go to Canyon May 16 for board training. New members must get 20 hours of board training.

Inserts

(Continued from Page 1)

Postal Service regulations that don't allow inserts to stick out of a newspaper.

Since inserts - and we had two last week - often stick out an inch or so when a newspaper is quarter-folded, that means it has to be delivered half-folded when it has inserts.

What this also does is create a problem for our local postmasters who prefer the newspaper quarter-folded because it fits into postal boxes more easily that way.

Let's hear it for the government.

We got a note from Lorene Hodges Cunningham the other day that said that Larry Ezell, a native of Bovina, was recently featured in a business story in the Lubbock newspaper.

Ezell and Charlie Young founded Potato Specialty Co. of Lubbock 25 years ago. The distributor logged sales near the \$8 million mark in 1988.

The article noted how Ezell and Young began the business by preparing fresh-cut french fries in their garage, then driving around to restaurants to tell their product from the Volkswagens. Later, they added other foods and began selling to schools and hospitals, in addition to their restaurant accounts.

I guess it's that time of the year for me to predict who will win the World Series this year.

Yes, I know that I said the Cubbies would win - just as I have been predicting for the past 36 years. And someday it may happen!

But, realistically, I have to go with the Oakland A's, just as I did last year. They have solid pitching and a heavy-hitting lineup. In 1988, they made it to the Series before falling to the underdog Dodgers. This year, I predict that McGwire, Canseco, Parker, Lansford & Co. will take it all.

Hats off to Judy Howard, "the biggest clown of all."

Farwell Elementary School's "Circus, Circus, Greatest Kids on Earth," show drew a standing room only crowd on May 4. There were tigers, prancing ponies, California raisins, elephants, strongmen, tight rope walkers, clowns, fancy jump ropers, three kinds of dancers, acrobats, and Indians this year.

It was a real class act.

Phillips and his Band to be invited here

There will be an ice cream party at 3:30 p.m. May 12 in the Farwell Convalescent Center.

Eleanora Kube, Lucille Barnes, Ruby Craft, Martha Curtis, Nan Preston, Mary Mesman, Dixie Jesko, and Esther Sach will bring ice cream.

The group heard a report on the volunteer banquet which was held last month. Sixty-one people attended. Frances Kube was the volunteer of the year, and each volunteer received brass book marks.

May 15 will be a cookout in honor of National Nursing Home Week at 4:30 p.m.

On May 31 there will be a trip to Mesman dairy for the residents.

On June 19 there will be a Father's Day cookout at 4:30 p.m. Volunteers will be asked to bring strawberries and bananas.

It was reported that 30 new hymnals are being bought for the center.

A fundraiser was discussed. It was agreed to invite Charlie Phillips and his band to play during Border Town Days.

Two new members were present - Mildred Haseloff and Nancy Stephens.

The next meeting will be on July 10.

Redwine named president

The Lazbuddie School Board Tuesday welcomed the two newly elected members of the school board - Rick Seaton and Mike Miller.

Miller is a returning incumbent. The votes were canvassed, and the election results were certified. Then the new members were sworn in. Bobby Redwine was elected

the president of the board, and Nicky Nichols was elected vice president. Melvin Morris was elected secretary.

Bobby Redwine discussed service hours that each member had and told each what they were required to earn this year.

The board discussed the plans for a new bus barn with a representative of Joe Grimes and Associates of Lubbock. He will make some changes in the plans that the board requested.

In other business, the board: - Adopted a new school calendar for 1989-90. It calls for school to start before Labor Day, if it is approved by the state.

- Approved rules for the senior trip.

- Discussed a possible capital investment program with the TASB so that the schools will be able to purchase some computers.

- Approved contracts with

the Region XVI Service Center.

- Approved a resolution on settlement of the school insurance bankruptcy suit that has affected several school districts in the state.

- Moved to advertise for bids for banks, gas, and student health insurance.

- Accepted reports from school counselor Anne Farris on the results from the TEAMS test and the CAT test. In depth reports will be made available later, but in the preliminary report Mrs. Farris indicated that Lazbuddie students had done very well in the tests.

- Hired teachers Dianne Hernandez and Debbie Hall and aide Teresa Valencia to

teach migrant summer school.

- Re-employed employees for next year to work in the cafeteria, maintenance dept., as bus drivers and as the bus mechanic.

Texico tables resignation

The Texico School board Tuesday accepted federal monies to fund the Chapter I and Chapter II programs.

They also discussed the possible resignation of school nurse Mrs. Kriegshauser. The board tabled her request.

They approved the purchase of athletic supplies, janitorial supplies, and cafeteria supplies.

They voted to allow the National Guard to use Texico School as a collecting point in case of a national emergency.

They voted to allow Michael Littlejohn to teach a volleyball clinic at Texico Schools this summer.

They hired John Schonberger as the school's auditor for next year.

Banquet set

The annual Farwell Athletic Banquet. Dinner begins at 7 p.m. May 16 at the Farwell Community Center.

Tickets are on sale at the high school office. They cost \$5 each.

The banquet is designed to honor all of Farwell High School athletes.

Sheriff's Report

Here is the weekly report from Parmer County Sheriff Rex Williams:

On May 5, William A. Sanger, 31, Texico, was arrested on a charge of theft. He appeared before County Judge Porter Roberts on May 8 and pled not guilty. Bond was set at \$500. Case is pending in County Court.

On May 6, David Orazco, 27, Friona was arrested by the Texas Highway Patrol on a charge of DWI 2nd. He appeared before Roberts, and on a plea of guilty was fined \$500, court cost, and 15 days in jail.

Mike Blanton:

County entomologist

By Judy Pomper
(Second in a Series)

Parmer County has three Extension Agents: Rochelle White, home economics; Gary Patterson, agriculture, and Mike Blanton, entomology. They share office space and secretarial services on the second floor of the Parmer County Courthouse.

The three work closely with producers and homemakers in our area, and with their children through the 4-H Club program.

Blanton, 25, is a graduate of Texas Technical University. He is working on a master's degree from Tech while he works as a county agent-entomologist. He and his wife, Sharla, live in Farwell. She is working on a master's degree in speech pathology at ENMU.

According to Blanton, he is one of only 22 entomology agents in the state of Texas. The positions were created in the early 1970's to help producers with pest management. They teach producers about the Integrated Pest Management System which uses cultural, biological, and mechanical means to supplement chemical treatment of insects.

Blanton pointed out one study that showed chemical usage on cotton in the Rio Grande Valley was reduced by 650,000 pounds a year by supplementing chemical use. This represents significant reduction in potential contamination of water resources, and an increase of profits for the producers. Also, in the High Plains, an integrated program to suppress boll weevils has reduced insecticide use by 8-20 million pounds per year for cotton farmers.

"We teach producers about when and how to apply chemicals properly," said Blanton. "We also tell producers about new varieties of plants that are resistant to insects," he added.

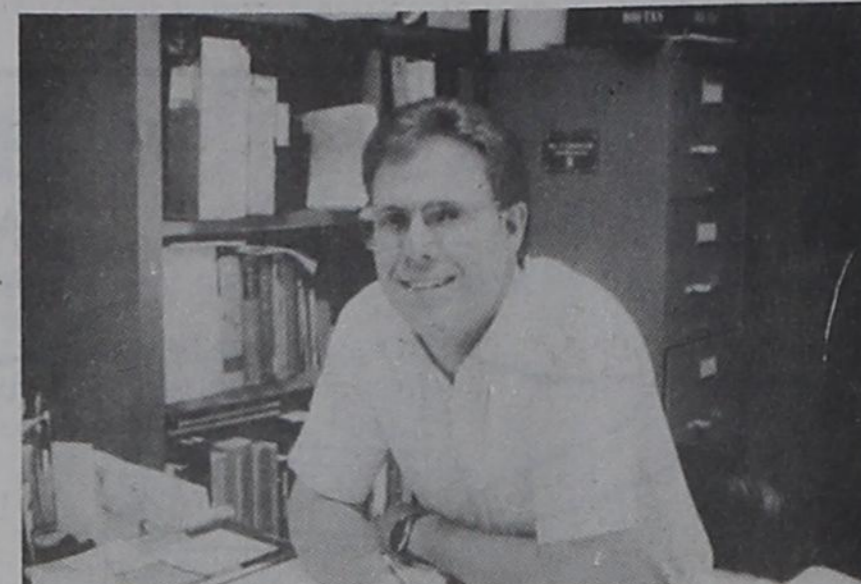

Sometimes Blanton even tells farmers to get some insects to solve their insect problems. Lady bugs, wasps, praying mantises can help control some insect infestations naturally without chemicals.

At other times, Blanton advises farmers to change the timing of operations for better results. "If corn farmers plow their corn stubble under in January, the corn borers in the stalks will probably freeze before winter is over. If they wait until April, the corn borers will come out of the stubble and attack the corn they plant in the spring," he explained.

Much of what Blanton teaches local producers is based on research done by Texas A&M and at research experiment stations around the state. They test the ideas before the agents pass information along to the producers.

Blanton passes information along in several ways. He writes a newsletter that he mails to producers here so that they will know when to apply insecticides most effectively, and when to do certain mechanical operations to get the best results. He also does demonstrations to show producers what he is talking about. In addition, he teaches what he knows about insects to 4-H club members who can help to spread the word.

"I like it a lot when I get to work one on one with a producer. Showing him how to make money and cut back on chemical operations is really great," said Blanton.

Mike Blanton

"Right now we don't have the technology to produce without chemicals," said Blanton. "The public isn't going to buy apples with worms or lettuce that has bugs in it." Blanton indicated that research is being done to supplement and replace chemicals wherever possible.

"Right now pesticides are the only thing to kill Russian Aphids, but research is being done on 14-20 species of Turkish wasps to kill these aphids. This kind of technology takes time," said Blanton.

Blanton's position is funded with state and federal funds, although the county does provide office space.

Bucket Calf program under way

The 1989 4-H "Bucket Calf" program starts this month in Parmer County.

The project allows youths ages 5-12 to raise a newborn calf. Monthly project meetings are held through the summer to learn about health, nutrition and other aspects of cattle production. The project ends in September with the fourth annual Bucket Calf Show.

The project allows youths

to learn responsibility in taking care of a young animal. Record keeping is an important part. Participants learn to record expenses, growth and labor involved with their project.

Persons interested in participating may call Dr. Dale Schueler in Friona at 295-3635 or Gary Patterson at 481-3619 in Farwell. In Lazbuddie, call Doyle Weir at 965-2302.

Letter To The Editor

Appointed agricultural commission supported

Dear Editor:
 Much space has been devoted to discussions, not always rational or informed, regarding the Texas Agricultural Commissioner. Rather than involve personalities, we should be focusing on a situation that threatens to become a serious problem for all Texans.

Texas needs leadership in the Texas Department of Agriculture that understands that the economic health of rural Texas is based on the ability of agriculture to change and adapt to new technology. We derive about \$9.09 billion from agricultural enterprises collectively within Texas, but only 1.5 percent of our population are working farmers and ranchers. We are losing our young people in agriculture. Our rural population continues to decline and along with it the economic infrastructure based, in large part, on agricultural production.

Recently, 37 farm and ranch organizations, representing all types and sizes of agricultural enterprises from across the state, took the unusual step of forming a grassroots movement to deliver a simple message. We need a "change in state government that will help rebuild rural Texas through strong agricultural leadership."

Texas is not now, nor will it ever be again, the same as it was 10, 20 or 30 years ago. Texas will never again have the rural population as we once had, but we cannot afford as a society to write off the interests of rural Texas.

As Texas becomes more and more urban, peoples in big and small cities will become further removed from the problems occurring on farms and ranches. The distance, in miles and philosophy, separating rural Texans from their urban brethren invites misfortune. The legitimate attempts to regain some self-directions by those whose lives are invested in food and fiber production often are deliberately distorted and therein lies the real tragedy.

Sadly, certain politicians and media representatives have contributed to the deterioration in this meaningful dialogue by their fixation on personalities. They have falsely labeled the intentions of our rural, agricultural based citizenry as detrimental to the well-being of everyone else. It is time to set the record straight.

What these working farmers and ranchers are asking of the Texas Legislature, the governor and city dwellers is reasonable. Change in state government is inevitable and productive. Thirty-seven states, including seven of the top 10 ag-producing states, appoint their agricultural leadership. These states have recognized what Texas is trying to grasp; the election of a politician to dictate state ag policy and direction no longer works in urban-oriented societies. Production agriculture is too complex in this day and age to be judged on emotion and uninformed, uneducated rhetoric. If mainstream agriculture is to continue providing this nation and much of the world with the most wholesome and abundant food at the lowest possible cost, we must have the support of our government agencies.

As a cattle producer and president of a group of cattle people whose organization has worked for better government and strong agriculture for more than a century, I believe a change in the way our state determines agricultural policy will benefit farmers and ranchers, small town businesses and rural communities. Overall, the state and its citizens, will be better off. It's the right thing to do.

The Legislature and the Governor have to make some serious decisions in the next few weeks. They must decide on the real facts provided by we, the people, not on politically motivated perceptions. They need direction from all of us on this serious matter.

Please write or call Gov. Bill Clements and your state senator (Teel Bivins - Amarillo) and state representative (Pete Laney - Hale Center) and let them know you want them to do the right thing right now. For now and the future, we must have an appointed agricultural commission motivated by what is truly best for all of agriculture and its ultimate beneficiaries.

50's Day

A "50's Day" was held at Texico School. Above, Mrs. Turnbough's class turned out appropriately dressed for the occasion. Below, Evelyn Warmuth wears a poodle skirt as she stands in front of a 50's Chevy owned by the McIntoshes.

Special honors explained

The Texico High School Student Council sponsored a program May 9 to honor students who have had special honors or special achievements this school year.

Each student spoke about the special honor he had earned. He explained what it meant to be a delegate to Boys and Girls State, Camp Ryla, National FFA Convention, or Regional FFA Convention. Each told about Business Awareness Week, the DAR Award, FFA Electric Workshop, the Hugh O' Brien Leadership Workshop, and the State Track Meet that he had participated in.

After hearing the speeches, the students at the assembly were able to vote for next year's Student Council Representatives.

Eighth grade students who will be attending the high school were invited to the assembly. The program gave them an overview of some of the activities in the high school. It also served to give recognition to those who had earned awards, and to motivate younger students to strive for high achievement.

Athletes earn awards

Three Lazbuddie athletes earned awards at the State 6-Man Track Meet in Stevensville on May 6.

Chad Waddell was first in the high jump, and Scott Miller was second in the 300 intermediate hurdles. Mia Jennings placed 4th in both the mile and in the high jump.

A fourth Lazbuddie athlete, Michael Williams, qualified for the state meet, but he was

unable to participate because of illness.

Recipe of Week

Kathy Rypkema of Bedford won the \$3,000 top prize at the 1989 Texas Beef Cook-off with this winning Cajun Sunshine Beef Salad recipe. The contest is sponsored each year by the Texas Cattle Women.

- 1 1/2 pounds beef top sirloin, 1 - inch thick
- 1 tsp. cajun blackening seasoning
- 3 Tbs. olive oil, divided
- 2 large cloves garlic, divided
- 4- 5 thin strips of fresh lemon peel
- 1/4 c. each chopped green, red, and yellow bell pepper
- 2 tsp. fresh lemon juice
- 2 Tbs. minced fresh parsley
- 1/4 tsp. crushed red pepper
- 3 c. cooked converted rice salt
- leaf lettuce
- 6 each green, red, and yellow bell pepper rings sliced 1/4 inch thick
- parsley sprigs
- dressing:
 - 1/2 c. dairy sour cream (may substitute yogurt)
 - 1/2 tsp. freshly grated lemon peel
 - 1/8 tsp. crushed red pepper
 - 1 Tbs. minced fresh parsley

Trim beef well and rub cajun seasoning on both sides. In large skillet heat 1 Tbs. olive oil over medium heat. Add 1 clove garlic, sliced and strips of lemon peel. Saute for about 1 minute until garlic begins to brown. Remove garlic and lemon with slotted spoon and discard. Sear beef in remaining hot oil on both sides until browned. Reduce heat to low and continue on both sides until browned. Reduce heat to low and continue pan-frying until beef is cooked but still pink in the center (3-5 minutes per side).

Remove beef to plate and wipe pan with paper towel to remove residue. Add remaining 2 tablespoons oil to pan over low heat. Mince remaining garlic clove, and add to oil along with chopped bell peppers. Saute 2 minutes. Add lemon juice, parsley, crushed red pepper, cooked rice, and desired salt. Continue sauteeing 2- 3 minutes more, stirring until warmed through.

Line 6 salad plates with leaf lettuce. Overlap 1 each green, red, and yellow pepper on lettuce. Top with rice mixture, dividing evenly among plates. Slice beef thinly on diagonal and mound in center of rice. In small mixing bowl combine dressing with additional parsley sprigs and serve warm or cold. Makes 6 servings.

Dinner cancelled

The Freshman Mother's Day Dinner has been cancelled.

There were three reasons why we needed to cancel, said class sponsor Marion Hudson. The reasons she cited were: it was a three day weekend, and some people would be out of town; the band will be gone on their trip to San Antonio, and some people had already planned family reunions for Mother's Day.

"We just couldn't estimate how many people we would have," said Mrs. Hudson.

Farmers to be surveyed

Starting June 1, representatives from the Texas Agricultural Statistics Service will be contacting farmers and ranchers across the state to help set the 1989 planted acreage estimates and mid-year livestock inventories.

"Information from these surveys will provide Texas producers with solid facts and figures they can use when making their production and marketing plans for 1989," said state statistician Dennis Findley. "The continued dry weather this spring and the changes in the national farm program may have altered producers' plans for 1989, and this survey will be the first accurate measure of mid-year livestock inventories and acreage estimates."

Individual reports will be combined with other reports to set state estimates. Results of the confidential interviews, conducted by telephone or in person by field enumerators, will be published in July.

"Love one another warmly as Christian brothers and sisters, and be eager to show respect for one another."

Romans 12:10

Since 1949, nursing homes throughout our country have observed National Nursing Home Week as a means of honoring those who live and work in nursing homes - the residents as well as the staff members, volunteers, advisory board members, and families who assist in providing care.

This year an estimated 19,000 nursing homes with over 1.5 million residents will join in the celebration. The theme of this year's observance, "Respect: The Heart of Caring", underscores the importance of revering these special persons.

Your local Good Samaritan center invites you to join in this special celebration - by offering your prayers and words of encouragement, by taking time to visit our facility and talk with residents and staff members, and by sharing in the special activities which will take place throughout the week.

By sharing an hour or an afternoon, a smile, a prayer or a warm word, you'll help brighten the day for our residents and help us make real our motto, "In Christ's Love, Everyone Is Someone."

Of course, visitors are welcome and encouraged year round at our facility, but during Nursing Home Week, May 14-20, your visit will be of special importance.

We invite you to join with us as we show love and respect for members of our nursing home "family."

Respect: The Heart of Caring

Student gives his view of Farwell

The Best Thing About Our Community

by Cody Monk

(Close your eyes and think.)

How would it feel to be living in a small community where everybody knows everybody and everyone helps everyone? I live in a community like that. That community's name is Farwell, Texas.

Farwell is not a big town (1,354) but in heart we are as big as any town in Texas. We support our school and each other with the greatest enthusiasm. The best thing about the community of Farwell is the support of the school and each other.

One example of closeness is the way the citizens of Farwell

support the school. For example, when the boys' varsity basketball team experienced the thrill, excitement, and joy of playing in the 15,000 seat Erwin Center, almost every Farwell resident made the LONG trip to Austin to root the fellows on. When playing against Edgewood in the semi-final game, the Steers had about 13,000 - 14,000 fans rooting for them. By warming the hearts of the fans, the Steers were the REAL Class 2A Texas State Champions.

I can give a personal account of ways the citizens of Farwell had supported me as an individual. Just last week,

I was creating a pizza, and I extinguished all of my tomato sauce. But, by knowing the residents of Farwell support me, I casually strolled over to the neighbor's and was generously loaned a jar of tomato sauce. Now, to some this may not seem like a great example of support. To me, though, it meant a lot. This incident showed me that the citizens of Farwell as well as my neighbors, support me in everything I do.

One last example of support is the financial help the citizens of Farwell have set up to help the youth of the community. The fund is called the Farwell Youth Commission and the money is earned by long, hard hours of work from the last of June to mid-July selling fireworks. This fund goes to help our youth go places. It has helped the varsity boys basketball team fly to the state basketball tournament, and it has also sent the AAU basketball girls to the national tournament in Roanoke, Virginia a few years ago.

In conclusion, I would say Farwell is one of the greatest places to live because of the support given to the school and just to the residents of the community. I love living here, and I would not trade living here for anything. The best thing about Farwell is the support given to the school and to just the regular citizens.

On the trail with state Sen. Bivins

AUSTIN - The Third Biennial Hobby Trail Ride is now history. The trail ride and camp-out is a tradition that has developed in the Senate. It provides a needed break before the last pressure filled six weeks of the legislative session.

In December, I attended a meeting of the Legislative Budget Board in Austin. During a break in the meeting, I had occasion to visit with Senator Montford who told me about the trail ride. He told me that he had hosted it in recent years, but the ranch where it had been held was no longer available. It took me less than a second to cure that problem. I convinced Senator Montford that I had a fantastic ranch in Senate District 31 that I was sure we could use. My certainty stemmed from the fact that the ranch was, of course, my family ranch.

It developed that the date that fit most senators schedules was April 13. When Lieutenant Governor Hobby asked me if that date would be okay, I said "Sure", though I knew full well that a date that early in the Spring was fraught with a risk of bad weather.

During Spring break, Lieutenant Governor Hobby broke his leg in a skiing accident. At that point, we had sixteen Senators signed up to go on the trail ride. Senator Montford and I were concerned that Hobby might decide not to go on the trail ride because of his broken leg. We knew that if that occurred we would probably lose a good many of the Senators that we had signed up. We talked to him and at first, Lieutenant Governor Hobby indicated that he felt that he ought not to go. But I was able to convince him to come along assuring him that we would have a horse drawn wagon for him. Much to our relief he agreed to come. Sure enough the week of the trail ride the weather turned cold and wet in the Panhandle, but I figured that if it took getting half of the Senate to the North Plains to get some much needed rain then so be it.

It was cold and windy when we landed and got out of the plane, but by the time we arrived at the ranch the sun had broken through. The little rain that had fallen mercifully settled the dust.

As we were driving north out of Amarillo I found myself wishing that I had my colleagues come at a different time of the year. Our country is at its best in the Summer, Fall and early Winter. But then I decided that it was probably only me who would notice it.

Once at the ranch we mounted up and had a beautiful sunset ride to the campsite. Even though we had a wagon for him, Lieutenant Governor Hobby, a very accomplished horseman, couldn't resist riding even though his leg was still in a cast.

Even though the sun had come out, the weather was still chilly. When the sun went down it was just plain cold. I offered everyone the comfort of a warm nearby house. But only about half accepted my offer. The rest of the "machos"

Teel Bivins

Senators wanted to sleep out under the stars as planned. We did. We froze!

The next day was perfect Panhandle weather. The morning ride had some momentary excitement when a wild turkey flushed right underneath Senator Ted Lyon's horse. Though his and several other horses bolted, no one was thrown. In fact, I was told by some veterans that this was the first trail ride in memory when not a single Senator had bitten the dust.

The rest of the day was spent fishing, shooting trap and taking siestas. (Especially those who slept out the night before!)

All in all the Third Biennial Hobby Trail Ride came off without a hitch. All had a peaceful, unhurried, relaxed time with very little discussion of pressing state issues. It was truly a time for relaxation and camaraderie.

For me, it was especially satisfying because I got to relax and come to better know my peers, while affording them the chance to experience some of the best country in Texas.

Curtis honored

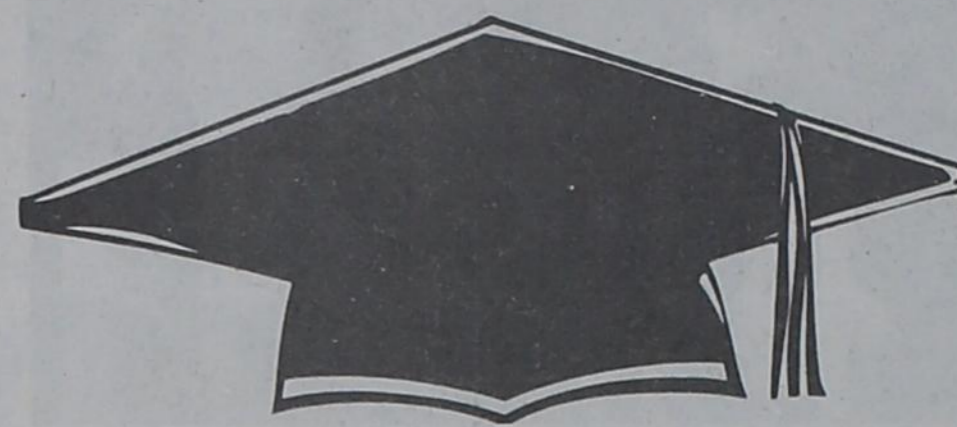

Deann Curtis, daughter of Mr. and Mrs. Jimmy Curtis of Farwell, was honored at the 1989 awards ceremony of the School of Pharmacy at Southwestern Oklahoma State University at Wethersford, Okla. She received the Behrens Annual Scholarship Award.

Tax queries?

A representative of the Texas state comptroller's office will be at the Parmer County Courthouse in Farwell from 1 to 3 p.m. May 25 to answer any questions about Texas taxes and assist taxpayers with paperwork and problems.

The public is welcome; there is no charge.

Number of cattle nearly reached record year

The number of cattle fed in feedlots within the area served by Southwestern Public Service Company (SPS) during 1988 nearly reached the record 1987 total, according to SPS's annual Fed Cattle Survey.

Feedlots in the SPS service area fed 5,335,603 head of cattle, a decrease of less than 1% from the 1987 total of 5,406,975. However, the one-time total capacity of the feedlots surveyed in 1988 was 2,734,987 head, up from the one-time total capacity of 2,728,255 head in 1987.

"The 1988 study shows how important cattle feeding is to the area's economy," said Dave Krupnick, manager of agricultural and wholesale marketing. "With higher prices for feeder cattle and the uncertainty of replacement heifers for herd rebuilding, 1988 still turned out to be the second highest year for cattle fed in our area."

SPS annually prepares a Fed Cattle Survey covering feedlots in its service area. The electric utility serves a 52,000 - square-mile area comprising the Texas and Oklahoma panhandles, the Texas South Plains, eastern and southeastern New Mexico, and southwestern Kansas.

Additionally, the survey found that 4,674,210 cattle were slaughtered last year at 12 beef-packing plants in the SPS service area, Krupnick said, noting the facilities have an annual slaughter capacity of 4,785,773 head.

"Throughout the years of the Fed Cattle Survey, feedlots and packing plants have been extremely cooperative in supplying information for the survey," Krupnick said. "We would like to thank them again for their assistance in documenting what agriculture means to the region. Requests come in from all parts of the nation, so by publishing this report we hope to stimulate further development in the agriculture and food-processing sector."

The report showed that the total number of feedlots in the area has grown to 113, and the one-time capacity of these lots is still on the increase. The report also includes charts that reflect the 16-year history of the number of feedlots surveyed, number of feedlots with 1,000 head capacity or above, and a county breakdown of lot capacity and number fed.

Hayden Smith

Receives degree

George Hayden Smith received the master of divinity degree from Southwestern Baptist Theological Seminary May 12.

Smith is the son of J. W. Luce of Portales, and Opal Luce of Portales.

Smith's wife, Cheryl, is the daughter of Bill and Frances Boling of Farwell.

First Baptist Church of Texico is Smith's home church.

Southwestern, one of 6 seminaries affiliated with the Southern Baptist Convention, is the largest theological school in the world. Each year more than 5,000 men, and women train for the ministry at Southwestern.

Pals plan a BTD stand

The Pleasant Hill Pals met on April 17 at the Pleasant Hill Community Center.

The Pals were active in 4-H week. This year they had a window display in Woody's Department Store. It placed second in the competition. The scrapbook also placed second, giving the club \$10 to go into their fund.

The Pals plan to participate in Border Town Days by

setting up a hot dog and lemonade stand. This was discussed at the meeting and all were in favor.

Dara Jenkins was elected reporter.

Ryan Null gave a county report and Kristen Null reported on the potluck supper. Various members who are enrolled in projects dealing with guns were asked to attend the meeting to organize a shooting club. All mem-

bers participated in a record book workshop. The meeting was adjourned and refreshments were served by the Miller family.

 Jerry Davis is home from the hospital.

Lady Wolverines state runner-up

Texico's Lady Wolverines won first places in shot put, 100 m. hurdles, 300 m. hurdles, and the 800 m. relay at the New Mexico Class A State Track Meet last weekend.
 The team as a whole finished as the state runner-up to Capitan.
 "They did better in everything than we thought was possible," said coach Roy King of his team. "Capitan just had more people."
 Krystala Cross was the state shot put champion with a throw of 34'11 1/2". She was also on the 800 m. relay team which won the state championship with a time of 1:49.00. The team also included Leslie Steward, Amy Chadwick, and Penny Pierce.
 Penny Pierce was the state champion in the 100 m. high hurdles. She ran them in a time of 16.50.
 Teammate Amy Chadwick was the other Lady Wolverine to win a state championship. She ran the 300 m. intermediate hurdles in 47.06. Leslie Steward was right behind her in that event with a time of 47.64, and Penny Pierce placed fourth at 49.36.
 Tracey Askew was second in the state in the high jump with a jump of 5'3".
 Amy Chadwick was third in the 200 m. dash with a time of 27.59.
 The 1600 m. Medley Relay team of Regina Isaac, Krystala Cross, Leslie Steward, and Penny Pierce finished second in the state with a time of 4:34.84, and the 400 m. Relay team of Regina Isaac, Krystala Cross, Leslie Steward, and Amy Chadwick also finished second with a time of 41.74.
 Jennifer Gentry threw the discus 89'10" to place 6th in the meet.
 The 1600 m. relay team of Andrea Rathbun, Denise Gonzales, Krystala Cross and Tracey Askew completed the race in 4:34.67.

Harrison wins 2 state firsts

Texico's Keith Harrison successfully defended his state hurdles title by placing first in the 110 and the 330 hurdles, and led his team to 5th place out of 28 teams in the New Mexico State Track Tournament.
 Harrison ran the 110 hurdles in 15.34. In the prelims Harrison came close to the state record of 15.10 when he qualified with a 15.18. He also broke a school record when he came in first in the 330 intermediate hurdles with a 40.58.
 Harrison also added points to his team's score when he placed 5th in the 200 m. dash with a time of 23.81.
 "Our goal was to get 20 points, and we did it," said coach Curt Cook. Texico finished behind Hagerman, 58; Capitan, 56; Springer, 44; and Melrose, 39, but ahead of the other teams.
 The Mile Relay team finished 5th with a time of 3:35.81. Team members included Keith Harrison, Joel Pierce, Gerald Krivanek, and Brett Patrick.
 The Mile Medley Relay team finished 4th with a time of 3:53.27. The team members were: Byron Martin, Joel Pierce, Brett Patrick, and Mark Holmes.
 Jaime Estrada finished 5th in the 2 mile run with a time of 11:09.37. He also finished the 1 mile in 4:59.37.
 Others participating in the state meet included: Warren Martin, who ran the 300 intermediate hurdles in 43.70; Brett Patrick, who jumped 5'8" in the high jump; Darrell Krivanek, who threw the javelin 125'7" and Gerald Krivanek, who threw it 122'7".

5 win firsts

The following Farwell students won first place at the Greater Southwest Music Festival in Amarillo on April 27:
 Christopher Reynolds, Rob Pomper, Christie Phillips, Eric Chadwick, Karen Aycock, and Jeremy Ortiz.
 The music festival draws participants from schools from a wide geographical area.

Booster Club sponsors lift-a-thon

The Texico Wolverine Booster Club is sponsoring a Lift-a-Thon May 15 at 7 p.m. MDT at Texico football field.
 Athletes who have been participating in the weight-lifting program are taking pledges and will exercise their weight-lifting skills. Most donors pledge a specified amount of their own choosing to an athlete, and the total amount of the contribution will be determined by the actual amount the athlete lifts on Monday evening. Following the Lift-A-Thon, Booster Club members will call the donors to collect the pledges.
 "Anyone can lift and anyone can pledge," commented Coach David Lynn. "Schools in other areas have had Lift-A-Thons before, and they have reported fun-filled evenings.
 There is no admission charge and everyone is urged to attend and cheer the weight-lifters on. Weight-lifters are not restricted to those enrolled in Texico's athletic program so anyone who would like to demonstrate his ability may participate.
 Booster Club members will sell homemade ice cream, cake, Cokes and coffee during the evening. All proceeds will be used by the Booster Club to support Texico programs. In the event of bad weather, the Lift-A-Thon will be moved indoors.

Pals finish in 2nd

The Pleasant Hill Pals received \$10 and a certificate for winning second place in the scrapbook contest held during 4-H Week.
 Eight window displays were placed in various businesses' during 4-H Week. Second place went to the Pleasant Hill Pals, and Texico 4-H was third.

Roslyn Bennett won first place in Ready Writing, and second place in Oral Reading, Russell Williams won third place in Oral Reading, and Corby White won second place in Number Sense in the Regional UIL contest.

Bennett wins first in Ready Writing

Farwell Elementary School's UIL contestants found the competition very tough in the Class 2A regional UIL literary contests on May 2, but they managed to win a first, 2 seconds, and a third place.

Roslyn Bennett won the first place in Ready Writing, and one second in Oral Reading. Russell Williams won a third in Oral Reading, and Corby White won a second place in Number Sense.

Brea Travis received a 100% certificate in Picture Memory, but her team did not place in the competition.

Those participating in the UIL Contest are listed below by event.

Picture Memory: Fourth Grade- Maria Lucio, Mandy Roach, Kasey McIntosh, Logan Nichols, Russell Williams, Jacob Fiske, alternate, Brandi Norvell; Fifth Grade- Brea Travis, Andi Kirkland, Rhae McGuire, Courtney Herington, Aaron Dyer, Jim Bob Sides, alternate, Kathy Coronado.

Number Sense: Fourth Grade- Adam Smith, Tracy Fry, Brett Norvell, alternate, Daniel Vidaurri; Fifth Grade- Jerry Landrum, Corby White, John Ausburn, alternate, Laura Jimenez.

Spelling: Fourth Grade- Luke Diaz, Roslyn Bennett, Dorothy Ortega, alternate, Magdalena Almanza; Fifth Grade - Veronica Almanza, Lyndi Austin, Robert Johnson, alternate, Alma Alcalá.

Oral Reading: Fourth Grade- Roslyn Bennett, Russell Williams, Quinn Byrd, alternate, Sarah Street; Fifth Grade- Caleb Fiske, Veronica Vidaurri, Brea Travis, alternate, Robert Johnson.

Ready Writing: Fourth Grade- Magdalena Almanza, Dorothy Ortega, Roslyn Bennett, alternate, Monica Galvan.

Band to perform at San Antonio

The Farwell High School Band will participate in the Yellow Rose Classic Invitational Music Festival in San Antonio this weekend.

They will leave Farwell at about 5 a.m. on May 12. That evening they will perform in the music festival.

The next morning is packed with sight seeing plans including the Alamo, the Riverwalk, and Sea World. The participants in the music festival will enjoy a Sea World as part of the cost of participating in

the music festival, and they will see a special show at Sea World that evening. The group will return to Farwell on Sunday.

"We are all looking forward to having a good time," said band director Craig Zinck.

The Farwell Junior High Band will take a trip to Wonderland Park in Amarillo May 20.

1st birthday

Tyrel Gast, son of Kent and Janis Gast of Farwell, celebrated his first birthday April 7.

Ty has a sister, Kacey, 6. He is the grandson of Dwain and Joann Thomas of Belen, N.M., Marilyn Chavez, of Albuquerque, and Smokey and Clara Gast of Farwell.

He is the great-grandson of Mrs. Weldon Fulgham of Friona and Mr. and Mrs. Wayne Smith of Belen.

Tyrel Gast

Conservation advice given

The High Plains Underground Water Conservation District reports that drier than normal conditions have caused more farmers to apply pre-plant irrigation this year than in the previous three years. The amount of tailwater escaping from the fields has increased accordingly.

They remind irrigators that tailwater waste is not only costly in terms of water and energy, but it is also against

the law. Tailwater return systems may be installed in an excavated pit, or a modified playa lake, to store runoff water. With a lake pump in place, irrigators can transport the reclaimed water from the pit for re-use in the field. This helps lower the cost of pumping groundwater and also reduces the dependence upon groundwater.

By Lynne Gann
Activity Director

Debra Looper, our administrator, is now home from Lubbock Methodist Hospital recuperating from surgery. We wish her a speedy recovery and look forward to her return to work in 3 to 4 weeks. Please remember Debra in your thoughts and prayers.

In her absence, the Good Samaritan Society has sent us Janet Teeple, an interim administrator. She came from Greeley, Colo., where was is on special assignment. Janet was born in Ottawa, Ontario, Canada. She received her bachelor's degree from the University of Michigan and her master's degree from Penn State University.

She was a university professor for 11 years in physical education. Among Janet's many achievements are 8 to 10 research journal publications. She has written a text book and had 20 or more speeches and presentations in "growth and development" all over the country. She spent the summer of 1977 in Sao Paulo, Brazil, where she taught at the University of Sao Paulo, worked in the physiology or exercise laboratory and consulted with researchers in Sao Caetano. For Janet, this summer was one of great enjoyment and a learning experience about the cultures in Brazil.

We would like to extend a cheery welcome to Janet and extend our thanks for her assistance in Debra's absence. Please do come by to show our Farwell hospitality.
