## This rumor is true!

Yes, folks, this rumor IS true. I had a car accident on the way back from Hereford last week.

The darndest thing is that by the time I got back to Farwell about noon, three folks already had been by the paper to ask about the mishap.

Stuff sure travels fast in a small town, doesn't it.

Anyway, there were no injuries, and that's most important. But I learned that when a car and a full semi-trailer meet, the car doesn't fare very well.

Mrs. Cole's 8th grade class at Farwell sent some poems over a couple of days ago. Since some herald that pretty season, Fall, I thought I'd print a few.

*From Jill Actkinson:* Mother Nature paints landscapes, browns, reds, oranges, yellows. Sharp as knives, chills slash clear-cut air. Mist moistens murdered leaves, as Winter mumbles closer.

*From Klay Camp:* Crisp, cold ground thinly frost-laces shivers. Maples splendidly color: reds, yellows and oranges. Smells! New air rises from leaving summer. Nature's creatures prepare for algor times. Fall days shorten into dreary, dull, desolate nights.

*From Jeremy Ortiz:* Colorful leaves carpet and cushion ground while cool refreshing breezes blow. Naked trees stripped of brown, yellow, and red leaves stand bare. Footsteps crack crisp leaves into tiny pieces. Birds sing beautiful love songs to cooler and shorter days. As fall passes by, birds vanish; leaves carpet and cushion ground. Soon winter will be here.

*From April Stout:* Leaves, like children at play, run far and near: red, brown and green. Whispering, shifting back and forth like colored raindrops. Wind gusts shuffle colors like playing cards. Leaves sway skyward farther and farther into sailing seas, dancing in time to wind's orchestration.

*From Leroy Jupe:* Why does Fall come every year? Leave's backs turn, cascading groundward, inviting an algon winter to wake. Summer shall sleep soundly. Different sizes and shapes of snowflakes blanket Summer's bed. Why does Fall come every year? Who else could bed Summer down and wake Winter?

I was glad to see Farwell update its fire marshal ordinance last week.

Part of the language they eliminated from the ordinance that had been in effect noted that "Dutch Quickel, city clerk was fire marshal."

I bet that goes back a few years - more than 30?

A short followup on my column a couple of weeks ago about the need for Texico to address its zoning and cleanup problems.

I talked with Duane Hamar, city attorney for Texico. While the zoning ordinance currently in force doesn't address some of the junk problems, they can be covered by the city's safety ordinance.

I want to point that out so Texico folks know there are laws available to help.

Also, what I would like to see is a total war on these problems. I'd like to see youth and church groups "adopt a street."

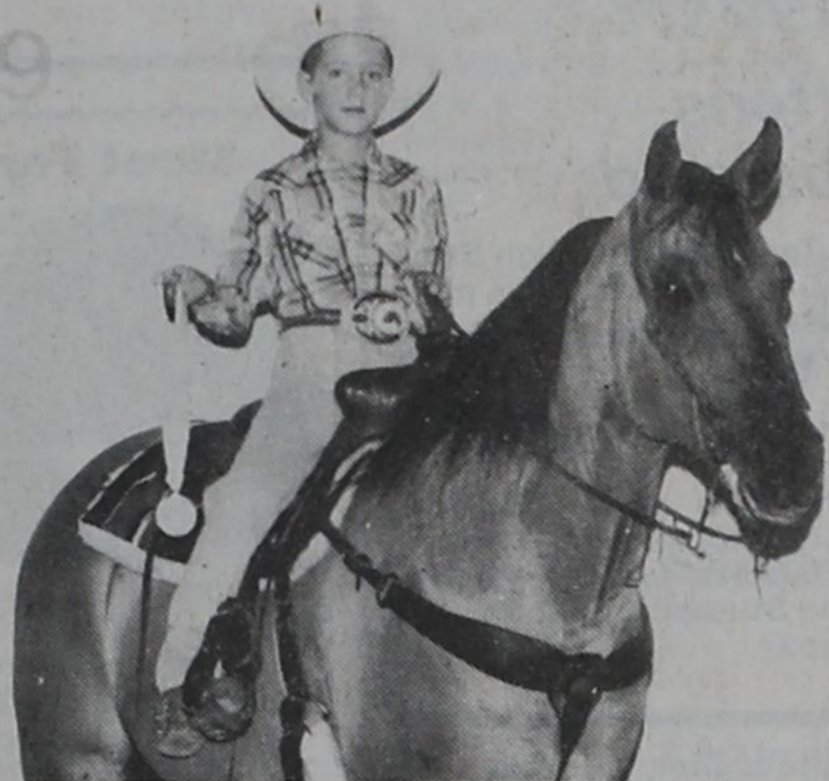

For example, a Texico school class or club could adopt Garwood. It would be responsible for talking with the residents, helping remove junk, improving the street, beautification, etc.

Likewise, one of the church groups - and Texico has

## Urioste is new deputy marshal

Florencio "Fry" Urioste is the new deputy marshal in Texico.

He and Marshal Brent Byrum will be splitting the town's law enforcement duties which can include anything from tranquilizing stray dogs to chasing bulls.

"You have got to be ready for anything in this job," he said. But, that is part of the attraction the job has.

"Brent has been very helpful. He has told me what to look out for," said Urioste. "I always wanted to be a state policeman."

Urioste, 27, comes to Texico with 9 years of law enforcement experience. He started to work for the Department of Transportation at the Port of Entry in Nara Vista, N.M. shortly after graduating from high school. Three years later he transferred to the Port of Entry in Texico.

His job there included checking cab cards and permits, collecting taxes, checking truck weights and driver credentials, and doing safety

checks.

Urioste has been working in Texico for three years, but he met few of the local citizens during those years since he lived in Clovis.

"The folks at Luce's and Byrum are probably the only ones who got to know me during those years," said Urioste. Just a few weeks on the job as deputy marshal has changed that. He has met many more of the local citizens.

Urioste feels that he will be valuable to the Texico marshal's office because he can speak Spanish. He will be able to communicate with some of the Texico residents who were unable to speak to any law enforcement officials in the past.

So far, Urioste has enjoyed his job in spite of getting bitten by a dog while on duty. "Everyone has been real nice to me," said Urioste.

Last June Urioste graduated from the New Mexico police academy. There were 5

## Rubio triumphs in 3rd contest

Due to some surprises - such as SMU winning its first game in quite awhile - scores were somewhat lower in the third week of the annual Merchants' Football Contest.

But 11 contestants picked 10 of the 12 games correctly.

By virtue of being closest to the tie breaker - Bovina 22, Silverton 20 - the \$10 first place prize went to David Rubio. He was 6 off the tie breaker.

Winning the second place prize of \$5 was Rob Pomper. He was 12 off the tie breaker. Others with 10 right (with the total off the tie breaker in parentheses) were:

Freddy Bermea (16), Elvis Childs (16), Lisa Geries (16), Ray Haseloff (56), Pam Monk (13), Brent Ross (37), Ronnie Warmuth (28), Sheree Montgomery (14) and the English I class at Farwell High (28).

With the contest at the one-quarter mark, here's the first look at the leader board - but there's a long way to go until the contest end:

28 points - Dutch Quickel, Rex Crompton, Dale Rubio.

27 - Brent Ross, Teresa King.

26 - William Brigham, Rhonda Grissom, Sammy Herrera, Audie Mancillas, Pam Monk, Sheree Montgomery, Amy Jo Murray, Tex Smith, Ryan Williams, Farwell English I class.

25 - Janene Berry, Harold Carpenter, Donnie Gustin, Buster Herington, Carl Parker, Champ Porter, Lynn Roberts.

24 - Cindy Castleberry, Bill Brigham, June Hunt, Lance Castleberry, Carl D. Goettsch, Randy Kelley, Roy King, Myrna Lingnau, Rick Marshall, Tori Meeks, Becky Monk, Cody Monk, Richard Montgomery, Thad Phillips, Ronnie Warmuth, Dorris White, Johnny Torres, Mark Williams.

Results of last week's contests were:

Farwell over New Deal, Eunice over Texico, Higgins over Lazbuddie, Clovis over Artesia, Texas Tech over New Mexico, SMU over Connecticut, Colorado over Illinois, Notre Dame over Michigan, Atlanta over Dallas, Philadelphia over Washington, Miami over New England and Kansas City over LA Raiders.

Richard Hadley, of Citizens Banks' branch in Texico, hands the check for winning first place in last week's Merchants' Football Contest to Patty Rubio, wife of winner David Rubio. Citizens Bank's Texico branch is one of the contest sponsors.

The Farwell Drill Team

## Drill team joins Farwell High School Band

The newest part of the Farwell High School Band is the drill team, which was started to give more students the opportunity to participate in extra-curricular activities.

The drill team performs synchronized routines during football games, pep rallies and marching competitions.

Volunteer sponsor Laurie Haseloff says, "The girls have progressed tremendously since the first of summer."

She attributes the improvement to the aid given by Leslie Scroggins, Clovis Drill Team instructor, and to the

many hours of practice by team members Lisa Geries, captain, Kathy Grantham, Lena Ortiz, Karen Aycock, Liz Galvan, Kristi Jones and Veronica Soto.

During the summer, the team practiced 3 times a week for two hours. They now practice 12 hours a week including in-school practices.

In their routines, the team uses beach balls, Steer - Blue Chairs, pompoms, colored gloves, and hoops. The team dresses in bright blue uniforms with silver lightning bolts on the front.

awards that could be earned by the 30 graduates, and Urioste took home 2 of them. He was first in his class in marksmanship and in agility.

He enjoyed the academy, but unfortunately he missed the birth of his son, Florencio, Jr. while he was away at the

## Weapons found

Hereford Police stopped a pickup truck driven by Audenago Ochoa, 26, of Hereford, at 2 a.m. Sept. 20 in Hereford and charged him with public intoxication. Police said they found more than \$9,000 worth of pistols, rifles and scopes in the back of the truck. Parmer County Sheriff's Department is helping to identify the arsenal, some of which may have been taken from Pott's Gun Shop in Friona, burglarized in February. Sheriff Rex Williams displays some of the firearms found.

### Student Council

The Farwell Junior High Student Council includes: (front) Lyndi Austin, secretary - treasurer; Amber Grigsby, president; Brea Travis, Lorri Murray, (rear) sponsor Jolynda Lusk, Eric Delgado, vice - president; Blaze Hardage, Chastity Gutierrez, and sponsor Hayley Christian.

School. "We call him 'Small Fry' " he jokes. Urioste hopes to be around in January when he and his wife, Georgia, are expecting the birth of their second child.

Urioste is glad to be in Texico. It puts him closer to several members of his family. It also gives him a chance to raise his family in a small community.

"I want my kids to go to a small school like I did in San Jon," he says. "The teachers take more time with the students in a small town."

Urioste fondly remembers competing against Texico in basketball games and track meets when he was growing up. Some of the people he meets look vaguely familiar because he competed against them during his high school days.

Urioste still enjoys playing softball, baseball, and basketball today. He also enjoys leather work, beads, welding, and woodworking. Georgia likes sewing and handcrafts in her spare time.

excellent churches - could "adopt a street."

If we split the problem up among local folks - and with the assistance of the city government, which has street patching material, trucks for helping move stuff and employees who could help - a lot could be done.

But it needs the commitment of the city fathers to work. This is a situation where the mayor, city council, school superintendent and Chamber of Commerce need to participate in. It can be done.

Farwell kindergarten teacher Ruth Anne Bennett does everything but stand on her head to teach the kindergartners about the letters of the alphabet.

Last week she brought Boomer Bunny to teach the children about the letter B.

## Higgins squeezes by Longhorns

The Lazbuddie Longhorns lost a see-saw battle that went down to the final seconds against Higgins Saturday, 49-48.

"Higgins has a good team," said coach C.W. Williams.

The first quarter saw more scoring than some entire ball games. Michael Williams threw a 54 yard pass to Kevin McGehee to put the Longhorns on the score board first.

Higgins jumped right back into the action with a TD scored by Ken Willyard on a 1 yard run. Lazbuddie's team of Williams and McGehee came back with a 53 yard pass to pull the Longhorns ahead. Then Higgins came back with a TD scored by Willyard on a 2 yard run.

Longhorns' Michael Williams scored once again on a 12 yard run to end the first quarter with the Longhorns leading 18-12.

Willyard scored on a 20 yard run to tie the game up

again in the opening seconds of the second quarter. Lazbuddie came back with a 23 yard pass from Williams to Doug Barnes who scored another Longhorn TD. Higgins returned with a TD scored on a 15 yard run by Denny Hill to end the first half with a tied score of 24 all.

Lazbuddie came back with a 48 yard pass from Williams to Kirk Jesko to score the first TD of the second half. Higgins returned with a TD on a 12 yard run by Willyard.

In the fourth quarter, Lazbuddie's Eddie Zamora opened the scoring action by making a TD on a 3 yard run. Higgins came back with a TD scored by Hill on a 2 yard run. Zamora then intercepted a pass and ran it back 60 yards to score a TD for Lazbuddie. Higgins returned with a TD on a 43 yard pass from Ken Russell to Minyard to tie the score in the final minute of play. Higgins went for the point after, and they got two tries because of penalties called on Lazbuddie. They made the one point.

a row. Both Silverton and Lazbuddie have 1-1 records. "Silverton is a big team, but not too quick," said coach Williams.

### Sheriff's Report

Here is the weekly report from Parmer County Sheriff Rex Williams:

On Aug. 13, Daniel Perez, 40, Hereford, was arrested by the Texas Highway Patrol on a charge of DWI. He pled guilty before County Judge Porter Roberts and was fined \$250, court cost, and 3 days in jail.

On Aug. 16, Jack D. Teague, 62, Dexter, NM, was arrested by the Texas Highway Patrol on a charge of DWI. He pled guilty before Roberts, and was fined \$250, court cost, and 3 days in jail.

Lazbuddie made an attempt to score in the final 12 seconds of the game, but the intended TD it was called back.

The Longhorns will travel to Silverton tonight (Friday) - their fourth road game in

# Steers roll

by RANDY KELLEY

The Farwell Steers kept their record spotless with a 40-13 win over New Deal last Friday in an away game.

The 2-0 Steers meet Gruver at 7:30 tonight (Friday) at Amarillo.

Shawn Stewart took the opening kick 18 yards to the Steer 26. Farwell was held and punted to the New Deal 38.

New Deal used a series of good runs and a 15-yard pass play to move the ball all the way to the Farwell 6. During this drive, tackles were made by Bruce White, Trent Schilling, Darren Haseloff and Shawn Stewart.

With 5:25 left in the first quarter New Deal scored a TD. The kick was good.

Chad Byrd took the kickoff to the 26 yard line. But the Lions defense was tough and Farwell again had to punt.

New Deal took over on its 30. After good stops by White, Haseloff and Monty Delgado, New Deal tried a third down and long pass situation. But Haseloff intercepted and returned it for a 34 yard touchdown with 1:43 remaining in the first quarter. The Steers missed the extra point and New Deal lead 7-6.

On the ensuing kickoff New Deal was swarmed by Farwell and a fumble was forced at the 30 yard line, recovered by Byrd.

The Steers moved the ball on the ground. Clint Kelley picked up 8, then Stewart ran for 11 and Delgado 10. The quarter ended with Farwell on the 1.

On the first play of the 2nd quarter, Stewart scooted over for a TD. He also ran in the two point conversion. Farwell now led, 14 to 7.

Haseloff kicked off to New Deal, which was stopped by Byrd at the 25. Tackles were made by Greg Actkinson, and Haseloff sacked the quarterback for a 7 yard loss and New Deal was forced to punt.

New Deal got the ball back but the defense, led by White and Heath Dollar tackles, forced another punt.

The punt was returned to the 20 by Stewart. Actkinson passed to Haseloff who ran the ball to the 35. Actkinson then ran the ball to the 18. Stewart scored from there.

The Haseloff kick was good and with 6:27 remaining in the 2nd quarter and Farwell was up 21-7.

New Deal got a first down by running for three yards on a 4th down situation. But Farwell stopped them quickly after that.

Farwell took over at the Steer 32. A New Deal interception halted this drive.

New Deal was stopped cold by a tackle by Arce for minus four yards and two incomplete passes as the

half ended. Farwell kicking off to open the second half. Sammy Herrera had a good tackle at the 30. New Deal got a first down while running from a punt position. But Haseloff recovered a fumble at the 47.

Actkinson passed to Delgado to the 22. Stewart ran to the 14. After a penalty, Stewart rolled for 9 yards for the TD. The kick was good by Haseloff and with 6:43 in the third quarter Farwell lead 28-7.

Haseloff's kick was returned to the 26. A good tackle was made by Lance Castleberry and Byrd. New Deal was forced to punt.

Farwell lost the ball on a fumble and New Deal recovered at the 22 yard line. Actkinson recovered a New Deal fumble and the ball was brought out to the 20. Farwell then moved the ball on down the field on various runs and passes by Actkinson, Haseloff and Stewart as the quarter ended.

Actkinson connected with Haseloff for a 48 yard touchdown pass. The kick attempt failed and Farwell lead 34-7.

Farwell kicked off to New Deal which was stopped by Clint Cole at the 28 yard line. After 3 first downs New Deal pulled a trick play by hiding the short man behind the big guys at the 18 and scored with 7:26 remaining in the fourth period. The extra point pass was knocked down and Farwell lead 34-13.

New Deal attempted an on-side kick and Delgado recovered it on the 44. Farwell fumbled the ball back to New Deal. After a series of no gains a broken up pass by Arce and a quarterback sack by Haseloff for minus 10 yards Farwell took over at the 29.

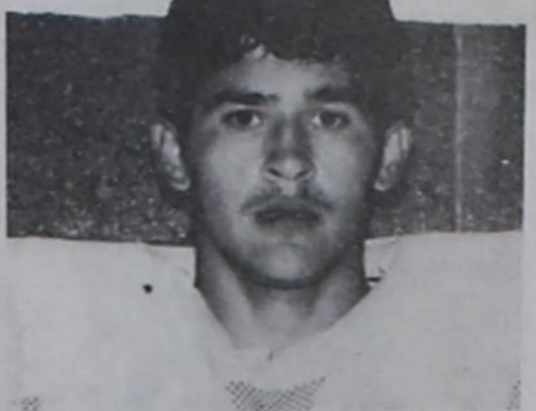

Kelley carried for a 20 yard gain and Stewart carried the ball in for a touchdown from 40 yards out with 3:42 left in the game. The two point pass attempt failed.

Farwell had 19 first downs, 180 yards rushing, and 134 yards passing. They had 2 penalties for 20 yards, and punted twice for a 35-yard average.

New Deal had 12 first downs, 93 yards rushing, 70 yards passing, and 4 penalties for 35 yards. They punted twice for 35 yard average.

Stewart had 103 yards rushing on 10 carries and 4 TDs. Kelley had 30 yards of rushing on 6 carries. Delgado earned 15 yards on 4 carries. Actkinson gained 20 yards on 5 carries. Joel Smith rushed 15 yards on 4 carries.

Darren Haseloff caught 3 passes for 104 yards. He scored 1 TD on a reception and 1 on an interception

return. Shawn Stewart caught 2 passes for 6 yards, and Monty Delgado caught 1 for 22 yards gained.

"We had a pretty good offensive game, but we weren't able to make a lot of yardage between the tackles. They made us run on the perimeter. That's where we made our yards," said Coach Rex Cumpton. "For the most part our offensive line did a good job on blocking. We need to work on pass blocking."

Farwell had 38 snaps and averaged 9 yards per play. New Deal had 72 snaps and averaged 2 1/2 yards per play. "We didn't take as many

plays to score as they did," said Cumpton.

Farwell meets Gruver at Amarillo River Road on Saturday night.

You go north on the Dumas Highway (287) 3 to 4 miles out of downtown Amarillo to Mobley St. The exit is on the east side of the highway, but the school is on the west side. You have to go over the bridge to get there.

The Amarillo newspaper named Darren Haseloff as the area Class 2A Player of the Week.

Texico's Lady Spikers finished second to Clovis in the Hobbs Tournament; the scores were: 15-10, 5-15; 15-6; 11-15 and 12-15.

"The kids played their hearts out, but we were over matched," said coach Michael Littlejohn. "They had super athletes."

The Clovis squad included players 6' 2", 5' 11", and 5' 9" but it still took two hours and 5 games to beat the ladies from Texico.

Texico was 93 percent in serving effectiveness, 93 percent in serve reception, 90 percent in attacking, and 95 percent in setting. "I was proud of the girls," said Littlejohn.

the part of the scrimmage when the Farwell first string was playing the score was tied 2-2.

The most exciting play of the game was a 60 yard pass from Eric Delgado to Dereck Haseloff. And, according to coach Devault, Brent Harrison had the best game overall. He had one TD and 100 yards rushing.

House Joint Resolution 102 proposes a constitutional amendment that would increase the salary of members of the legislature to one-fourth of the Governor's salary and increase the salary of the Lieutenant Governor and the Speaker of the House of Representatives to one-half of the Governor's salary. The annual salary of members of the legislature, the Lieutenant Governor, and the Speaker of the House of Representatives is currently \$7,200. Under this provision, the annual salary of the Lieutenant Governor and the Speaker would be \$46,716, and the annual salary of members of the legislature would be \$23,358, based on the Governor's current annual salary of \$93,432. The increase for the Speaker and the members of the legislature would take effect when the legislature convenes for its regular session in January 1991. The increase for the Lieutenant Governor would take effect when the term of that office begins in 1991. The salary increase for the Lieutenant Governor would not make members of the legislature ineligible to run for the office of Lieutenant Governor.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to limit the salary of the lieutenant governor and the speaker of the house of representatives to not more than one-half of the governor's salary and to limit the salary of a member of the legislature to not more than one-fourth of the governor's salary."

#### PROPOSITION NO. 2 ON THE BALLOT

Senate Joint Resolution 5 proposes a constitutional amendment that would authorize the Texas Water Development Board to issue an additional \$500 million of Texas water development bonds. The additional bonds are to be used as follows: \$250 million of the bonds are to be used for water supply loans and facilities acquisition; \$200 million of the bonds are to be used for water quality enhancement projects; and \$50 million of the bonds are to be used for flood control. The legislature may provide that \$100 million be used for subsidized loans and grants to economically distressed areas of the state for water and wastewater facilities.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to authorize the issuance of an additional \$500 million of Texas water development bonds for water supply, water quality, and flood control purposes."

#### PROPOSITION NO. 3 ON THE BALLOT

House Joint Resolution 51 proposes a constitutional amendment that would authorize the legislature to provide for the issuance of general obligation bonds to provide money to establish a Texas agricultural fund, a rural microenterprise development fund, a Texas product development fund, and a Texas small business incubator fund in the state treasury. The Texas agricultural fund would be used to provide financial assistance to develop, increase, improve, or expand the production, processing, marketing, or export of crops or products grown or produced in Texas by Texas agricultural businesses. The rural microenterprise development fund would be used to stimulate the creation and expansion of small businesses in rural areas. The Texas product development fund would be used to aid in the development and production of new or improved products in this state. The Texas small business incubator fund would be used to stimulate the development of small businesses in the State.

The principal amount of bonds outstanding at one time could not exceed \$25 million for the Texas agricultural fund and \$5 million for the rural microenterprise develop-

ment fund. The financial assistance offered by both funds could include loan guarantees, insurance, co-insurance, loans, and indirect loans or purchases or acceptances of assignments of loans or other obligations. To carry out the Texas product development fund, the legislature could authorize loans, loan guarantees, and equity investments, and the issuance of up to \$25 million of general obligation bonds for initial funding. To carry out the Texas small business incubator fund, the legislature could authorize loans and grants of money, and the issuance of up to \$20 million of general obligation bonds for initial funding.

Bonds authorized under this amendment would be paid out of the first money coming into the treasury in each fiscal year that is not otherwise appropriated by the constitution, less any amount in any interest and sinking account at the end of the preceding fiscal year that is pledged to payment of the bonds or interest.

The proposed amendment will appear on the ballot as follows:

The proposed amendment would authorize the governing body of a county, municipality, school district, or junior college district to prevent the exemption of this tangible personal property from taxation by taking official action before April 1, 1990. In addition, each elected and appointed officer would be required to sign a sworn statement that he or she had not paid, offered, or promised anything of value for a vote or to secure appointment to an office, as applicable. The written, sworn statement would be filed with the secretary of state. The information in the statement is currently contained in the oaths of office taken by elected and appointed officials.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to require that a member of the legislature, the secretary of state, and an elected or appointed officer, before assuming office, sign a written oath stating that the member, the secretary of state, or the officer did not engage in bribery to obtain the office."

#### PROPOSITION NO. 8 ON THE BALLOT

The proceeds of the bonds could be used to acquire, construct, or equip new corrections institutions, mental health and mental retardation institutions, youth corrections institutions, and statewide law enforcement facilities and to repair and renovate existing facilities of those institutions. The bonds would constitute a general obligation of the state. If the permanent school fund were required to make payment as a result of its guarantee of bonds issued by the state, the fund would have to be reimbursed immediately from the state treasury. The amount of bonds guaranteed by the permanent school fund could not exceed \$750 million unless a higher amount was authorized by a two-thirds vote of both houses of the legislature. If a school district were to become delinquent on a loan, the amount of the delinquency would be offset against other aid to which the district was entitled.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for using the permanent school fund and its income to guarantee bonds issued by the state for the purpose of aiding school districts."

In the process of growing to maturity, the individual who takes risks to become fully functioning (or realize their full potential) must "move toward" or "attack" the forces of life that would keep them down, mediocre and unfulfilled as a person.

This isn't easy. Society is heavily invested in your maintaining the status quo! But can you live with the status quo? That's the big question.

A big issue that is tied in with this choice is responsibility. Women have been discouraged from taking responsibility for solving our own problems, determining our own choices and taking control of the quality and direction of our own lives.

As we relinquish responsibility for our self, we are prone to blame others for failing us or to provide our happiness - which is not their job. At the same time, we may feel responsible for just about everything that goes on around us. We are quick to be blamed for others' problems and pain and also, sadly, quick to accept the verdict of guilty. In the process, we develop the belief that "if only we try hard enough, we can avert the problems."

Indeed, guilt and self-blame are a "woman's problem" of epidemic proportions. A colleague tells the story of pausing on a ski slope to admire the view, only to be knocked down by a careless skier who apparently didn't notice her. "I'm s-o-r-r-y," she reflexively yelled after him from her prone position, as he whizzed by.

# Wolverines fall

By JANICE JENKINS

Texico's Wolverines were blanked by Eunice, 22-0, last Friday.

It was their first on-field loss of the season. Texico has a 2-2 record, due to the first game it had to forfeit.

Texico kicked off and Eunice's Heath Boatman caught the ball at the 15 and raced back 85 yards for a touchdown. Craig Hughes ran in the 2-point conversion for a quick 8-0 Eunice lead.

Texico started moving the ball well and it looked as they would tie the score after a big run by David Johnson and a 8-yard pass completion from Larry Powell to Mark Holmes.

This drive brought the Wolverines to the Eunice 21. But Powell's next pass was picked off by Allen Worley in the end zone to end the Texico threat.

With 11:20 left in the first half, Eunice scored a second time when Colvin connected with Juan Gayton on a 67-yard TD heave. Then Shawn Luster put the Cardinals on top 15-0 with a conversion kick.

Texico was forced to change its plans at halftime because their two fullbacks got hurt and were not able to move the ball effectively. But the Wolverines came back out in the second half with the defense playing tough.

Levon McClelland of the Wolverines and Tim Clements of the Cardinals had their big plays in the third quarter. Neither team was able to gain field position as the quarter was dominated by defensive plays.

The defenses continued to dominate in the final period.

Then with just seconds left on the clock and the final play of the game, Eunice scored. Colvin had the ball and was running toward the end zone when Texico's defense converged on him.

Just before being tackled, he made a lateral pass to Eric Naverette, to up the score to 22-0.

The Wolverines travel to Jal tonight (Friday).

## Wolverine of the Week

Wolverine of the Week is Levon McClelland who filled in for David Johnson. McClelland led the team in tackles.

"We played harder against Eunice than either one of the other two teams we've played," said coach Richard Luscombe.

"They had a real big, real good team," he said of the Class 2A School. "We held them to the least amount of points of any team this year."

Texico had 2 first downs, 67 yards rushing, 10 yards passing for a total of 77 yards gained. They attempted 15 passes and completed 2 of them. They intercepted 1 pass. The Wolverines punted 5 times for an average of 22 yards gained per punt. They recovered 2 fumbles. They had 3 penalties which lost them 50 yards.

Texico had 6 first downs, 99 yards rushing, 33 yards passing, for a total of 132 yards gained. They attempted 9 passes and completed 3 of them. They intercepted 4 passes, and punted twice for an average of 37 yards gained. They recovered 3 fumbles. They had 6 penalties for 50 yards of penalty.

## Farwell to field test new exam

Farwell schools will help to field test a new examination which will eventually take the place of the TEAMS test.

Students in 5th and 11th grades will take a practice test of the new TAAS test which will one day be given instead of TEAMS.

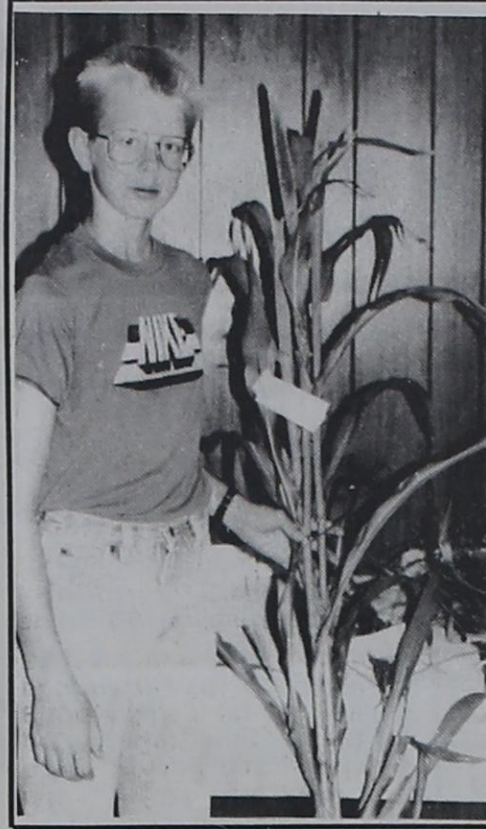

Currently, students in odd numbered grades must pass the TEAMS - a test of minimum achievement - to show that they have mastered most of the basic points taught for that grade level.

The TEAMS test does not compare how students in one district fare in comparison with other students across the U.S. It simply shows whether a student has or has not mastered a skill.

The new test will be designed to show how well students achieve compared to their contemporaries across the nation.

"This is supposed to be a more rigorous test than the TEAMS test," said counselor Carol Sullivan.

Students will take the TAAS on Oct. 3 and 4. This test will not exempt them from taking the TEAMS test later on. They

## Pools spark JV

The Farwell High School JV team soundly defeated New Deal 26-8 Sept. 14.

The scoring opened when Shannon Pool passed the ball to his brother Brady for Farwell's first TD. Brady Pool also scored the PAT to bring the score to 8-0.

New Deal fought back, and almost scored in the second quarter, but Roger Billingsley intercepted a pass on the goal line to keep them off the scoreboard. Shannon Pool then threw the ball to Brian Johnson to move the ball to the Steer 25 yard line.

With 28 seconds left in the first half, Ray Haseloff caught a pass and moved the ball 25 yards closer to New Deal's goal. Shannon Pool ran the ball to the 5 yard line, and then Brady Pool carried it over the line for Farwell's second TD. The PAT attempt failed, leaving the score at 14-0 at the half.

In the third quarter, New Deal carried the ball into the end zone, but the TD was nullified because holding was called.

With 6:57 seconds left in the game, Brian Johnson nabbed a long pass for Farwell to move the ball about 15 yards. Ray Haseloff caught a second long pass to move the ball into scoring range. Shannon Pool gave the ball to Brady Pool on an option play, and Brady scored again. The point after pass intended for Clint Austin failed.

With 4:30 left, Brady Pool ran in another TD from the 15 yard line.

New Deal ran the kickoff ball back 60 yards to score their team's TD. The point after succeeded, bringing the score to 26-8.

The game ended with Farwell pressing for yet another TD. Kirk Lingnau and Brandon Kirkland made runs of more than 20 yards each, but the clock ran out.

"They are playing as a group," said coach Larry Gregory of the JV team. "They are enjoying football more,

and they are having a good time. These young kids have come a long way."

## Farwell School cafeteria to have promotion

The Farwell school cafeteria will have a special promotion to help Muscular Dystrophy.

One of the food suppliers for the school system, Bee Bee Que Foods will give an iron-on transfer to each child who eats lunch at the Farwell Cafeteria on Oct. 5.

The children can take the transfers home where they can get help ironing the trans-

fers onto an article of clothing or some item. Children then return the backing from the iron-on transfers to the school cafeteria. For each backing returned, Bee Bee Que Foods will donate 5 cents to muscular dystrophy.

The transfers say "I Am Special" on them. Each letter in the word "special" starts another work or phrase. "S" begins the words Seat Belt

Safe. "P" starts Planning for the Future. "E" begins Educated. "C" starts Careful. "I" is at the start of Intelligent. "A" begins Alcohol Free. "L" begins Living Without Drugs.

The transfers help to reinforce several positive health and safety goals.

The menu for the special day was designed to feature products from the Bee Bee Que Foods company, and

be appealing to the students. The cafeteria plans to serve mini pizzas, Searching for a Cure Salad, Potential Peas, Just Say No Jello, and Fighting M.D. milk that day.

Our thanks to the F.C.C. Auxillary for the treat of the week. I'm referring to the watermelon party given by the Auxillary the 18th.

The Kalbases donated the melons and the ladies helped serve. There were many who enjoyed several servings and if "we hadn't been so full" would have had more. Each time we have one of our fruit parties, our thoughts are "this is the best so far," yet the next is even better.

Our thanks to the Kalbases for the watermelons. We have enough melons left to enjoy another feast!

Rev. Gary Warren, of Pleasant Hill Baptist Church, has consented to be our assistant chaplain. We would like to extend our appreciation for the generous gift of his time and services.

We have been blessed by having Rev. Bobby Atwell and now Rev. Gary Warren to minister to our residents. The peace and joy they bring with their services and one on one visitations are well received.

Sept. 10-16 was National Housekeeping Week. We celebrated by having a surprise party for our housekeeping staff. Corsages and a lovely cake were given to express our thanks for all the hard work they do.

They are responsible for the many compliments we receive on the cleanliness of our facility. Girls, you're extra special! Thanks for all your hard work! We appreciate you!
