By Mike Pomper

## My hat's in the ring

Folks, I've decided to become a politician.

What's good enough for Tom Dewey is good enough for me.

I think the most important thing is to say where I stand on the issues. If you agree with my stands, then you have no choice but to vote for me, right?

First of all, my slogan is America First. I think we need to start taking care of the needs of all Americans first before worrying about the Zimbabweans, Nepalese and Bolivians. There are a lot of Americans who are suffering and that's where the money should go first.

Also, we need to financially insure the growth of democracy in the former Soviet Union nations. Whatever the cost, we need to make sure communism doesn't rear its ugly head again. We also need to help other poverty stricken nations around the world to build up their economies.

It's time to play the defense budget trump card. We no longer need all the weapon systems and large armed services. By cutting back on these areas, we will have billions of dollars available to help in other areas.

We need to maintain the companies that will be affected by defense budget cutbacks because if they go out of business, countless Americans will be thrown out of work and small communities decimated. Also, part of our New World philosophy is for the U.S. to be the dominant military power in the world. In the longer run, it's cheaper to go this route.

Speaking of the economy, it's time to cut taxes. Lower taxes, for example, will help our senior citizens who have been hurt by the lower interest rates.

Since 75 percent of our taxes go to paying the interest on the national debt and entitlement programs - Social Security and Medicaid, being the most prominent - it's time to cut back those programs.

As for the trillion dollar national debt, this must be lowered or our children and grandchildren will groan under its yoke. To do this, we need to raise taxes.

The middle class needs help, too. For too long they have shouldered most of the tax burden. We need to help the middle class come back. One idea is to give every American family \$25.

It's unfortunate that while we talk about cutting taxes for the middle class, the federal bureaucracy and state governments have been skyrocketing their taxes, threatening to virtually destroy them. There's nothing I can do about this so it shouldn't be discussed.

I favor the trickle down effect. By giving the richest folks more money, they will spend more, creating more jobs, thus ensuring a stronger economy.

I oppose the trickle down effect, because the jobs we are talking about are minimum wage. The problem facing the U.S. is not the amount of jobs, but economic prosperity for all Americans (something George Bush can't fathom).

It's very important for me, as a Presidential candidate, to take a position on abortion. I believe a woman should have the right to make her own decisions concerning her own body; and abortions are, pure and simple, murder.

We need to cut back on government regulations and

## A look at the Adult Probation Department

Ed McPeak

"If I can turn one around, then my job is worthwhile," says Parmer County Adult Probation officer Ed McPeak of his work with convicted criminals. In the past few years, McPeak has had some very successful experiences.

For instance, one young man McPeak has worked with was tried as an adult and sent to "boot camp" as part of his probation experience. There he had several weeks of strict military style discipline, and time away from the environment that may have contributed to his problems. Following the experience, the young man returned to a high school in this area, where he became an honor student.

Not every person on probation needs anything as drastic as boot camp. Often they can be helped through counseling.

One client entered probation because he had a problem with drunk driving. The person is now in his second year of sobriety following indepth alcohol counseling. McPeak estimates that about 15 percent of the people he sees have serious problems that include alcohol or drug abuse.

Not all of McPeak's cases are successes. Nearly 60 percent of McPeak's clients return to the criminal justice system following probation. Adult criminals have a much higher rate of repeating crimes than juveniles do, according to McPeak.

McPeak sees folks who have been found guilty of many types of crimes including murder, felony DWI, theft, cattle rustling, aggravated assault, and sexual assault. Currently McPeak has a caseload of 172, but only 74 of these must be seen on a regular basis. Of these, 52 are felons.

When a client comes into the McPeak's office he is asked to fill out a report form so that the adult probation officer can help to assess the areas where the client needs help.

Often a client is referred to an agency where he is given psychiatric testing to find out the areas where he needs help.

"I use the psychiatric report to verify or repudiate my impressions," says McPeak. "If used in a proper manner, they are an effective tool," he said.

Then the client receives counseling in the areas where he needs help. It might be given through the probation officer, or through a mental health clinic or from a minister of the person's choice.

McPeak estimates that 90 percent of the criminals he sees have no church affiliation. A religious background helps a person to learn right from wrong. But the probation office does not force the clients to see clergy members because the office must, of course, keep a separation of church and state.

McPeak also estimates that 90 percent of the clients he sees are from dysfunctional families. Problems includes broken homes, one parent families, and homes where drugs or alcohol are abused. In some cases, clients are sent to drug rehabilitation clinics or hospitals for residential treatment for their drug problems.

Once a person has been evaluated, he begins the probation process. He is told that for the period of probation (normally 2-10 years), he may not use any alcohol or drugs. He may not associate with criminals. He must support his dependents and he must not violate any laws.

Probation clients have to undergo urinalysis on a random basis to check on their ability to avoid alcohol and drugs.

"The biggest thing we don't have here is a very large job market," says McPeak. Some probation clients have to leave the Farwell area to find employment. They are served by probation officers in the area to which they move.

In cases where there is a violation of probation, the person is returned to jail when he is caught. According to McPeak, there is no statute of limitations on a probation violation warrant even if there is a statute of limitations on the crime that the person was convicted of in the first place. Normally there is no bond set in violation of probation cases, although it may be set if the judge decides to.

"Once in jail on probation violation, the probation officer cannot get them out," said McPeak. Clients must "request a speedy trial in writing," and then it may take 20 days to get it.

In one case it took more than 3 years to locate a person who had violated his parole here. They still locked him up.

## Easter services set

The annual Community Sunrise Easter Service will be held in the Farwell City Park at 7 a.m. on April 19.

## Theme: 'Recycle America'

# BTD planning starts anew

"Recycle America" was chosen as the theme for this year's Border Town Days celebration when the BTD committee met for its organizational meeting Monday at the Spur Restaurant.

The planning for the 26th annual BTD is now under way. As usual, the event - which drew close to 4,000 folks last year - will be held the last Saturday in July. That means the Day in the Park and Parade are scheduled for Saturday, July 25.

Officers were re-elected: Mike Pomper, president; Shandra McIntosh, vice president, and Ann Cooper, secretary - treasurer.

Committee assignments were made:

Arts and crafts fair, Lynn Mahaney; merchants giveaway, Tom Shumate; concessions at the park, Cynthia Thigpen; BTD buttons, Rick Sullivan; queen's contest, Shandra McIntosh; parade, Jack Allen Kirkland and Leigh Ann Woods; decorated bike contest, Rhonda Qualls.

The committee voted to keep the fees for the arts and craft concessions at the same price as last year. The fee for park concessions also remains the same.

As last year, the committee will sell BTD buttons as a giveaway. Each of the 500 BTD buttons will have a number on the back. A number will be drawn from a hat and the winner - if they are present at BTD - gets \$50.

The committee voted to keep the scholarship money for the queen's contest winner at \$300. Last year, this total was raised from \$200 to \$300.

And, again, the committee voted to give tickets, worth a free ride on the train, to all children who enter the decorated bicycle contest but don't win any money.

Mrs. Cooper gave a detailed financial report, which was accepted.

Last year's proceeds totaled \$3,294.35. Expenses totaled \$2,832.53. Since the committee keeps a \$2,000 bank balance (for emergencies), the current total in the savings account is at \$2,181.74 (including interest).

In addition, there are two separate accounts for past queen's contest winners, totaling \$500. They are eligible to receive the money if they attend an institution of higher learning within 3 years of high school graduation.

Frances Kube attended the meeting to announce that Charlie Phillips will have another concert in Clovis to help raise funds for the Farwell Convalescent Center. In past years, he performed on Friday night, before BTD. This year, he will perform at 9:30 p.m. Saturday, July 25.

At last year's BTD, after the pickup giveaway drawing, Phillips performed a few selections at BTD, drawing a rapt audience. Mrs. Kube will invite him and his band to play at BTD this year. He hasn't wanted to be on the

program in the past because he would perform in Clovis Friday night and wasn't sure if his band members would still be around on Saturday.

Also, Mrs. Kube will invite Phil Elliott, a former Texico resident, and his bluegrass band from Dallas to play at BTD. She said he has indicated he would like to perform here.

Discussing problems from last year's BTD, the main one centered on some elderly handicapped persons feel-

ing they couldn't park close enough to the Day in the Park activities. Pomper will see if a closer area can be roped off for the handicapped, such as adjacent to the old jail.

Also, it was stressed that folks need to bring their own lawn chairs to BTD.

And Mrs. Kube said the Convalescent Center Auxiliary will sell popcorn at the Day in the Park activities this year. They bought a commercial popcorn popper last year.

Curt Brummett

## Cowboy poet to highlight Texico banquet

Curt Brummett, a cowboy poet from Malgemar, N.M., will be featured at the Texico Chamber of Commerce annual banquet at 7 p.m. mst April 28 at the Texico old gym.

Tickets cost \$8 and are available from Chamber members, including the State Line Tribune.

The meal will feature steak, baked potato, salad, beans, hot rolls and dessert.

Brummett was born in Clovis and reared on an Eastern New Mexico farm and ranch. He graduated Clovis High in 1966.

After high school, he worked on ranches throughout the West plus feed yards, sale barns and the oil field. Meanwhile, he embarked on a writing career, having his stories published in periodicals such as "The Livestock Weekly", "Team Ropers

Times", "Horse and Ride" and "Country Magazine."

He has participated in the Cowboy Symposium and Celebration in Lubbock, as well as the Staked Plains Roundup in Hobbs, the Cowboy Gathering in Goodwell, Okla., the Eastern New Mexico Cowboy Poetry Gathering in Roswell and others.

He was the banquet speaker at the 75th annual meeting of the Texas Folklore Society. He has appeared at the Cowboy Hall of Fame in Oklahoma City.

Brummett has had three books published - "A Snake in the Bathtub", "My Dog's A Democrat" and "Roping Can Be Hazardous to Your Health."

The stories he writes and tells are about "heroes who are just common everyday ranch kids or grownups that are just trying to survive."

## Chadwick, McIntosh file 'write-in's'

Two local candidates filed to be write-in candidates before the April 2 deadline.

Both signed up to run for the Farwell city council: James Chadwick and Shandra McIntosh.

That means four folks are seeking three city council posts - Chadwick, Mrs. McIntosh, Pat Howard and incumbent Martin Kube.

red tape. We're a nation that supports free enterprise. Capitalism has helped make America the strongest nation in the world. Look at Sam Walton!

Citizens need government intervention to make sure they don't get ripped off by Big Business. The environment must be protected. It's a damned good thing we saved the snail darter, for example. I know many of you would wake up in the middle of the night in a cold sweat, worrying about the darter.

Folks, there's lots more issues I should take a stand on but this column should suffice for now.

Some of you may think I'm being facetious in this column. No more so than Bush, Clinton, Brown, Buchanan et al.

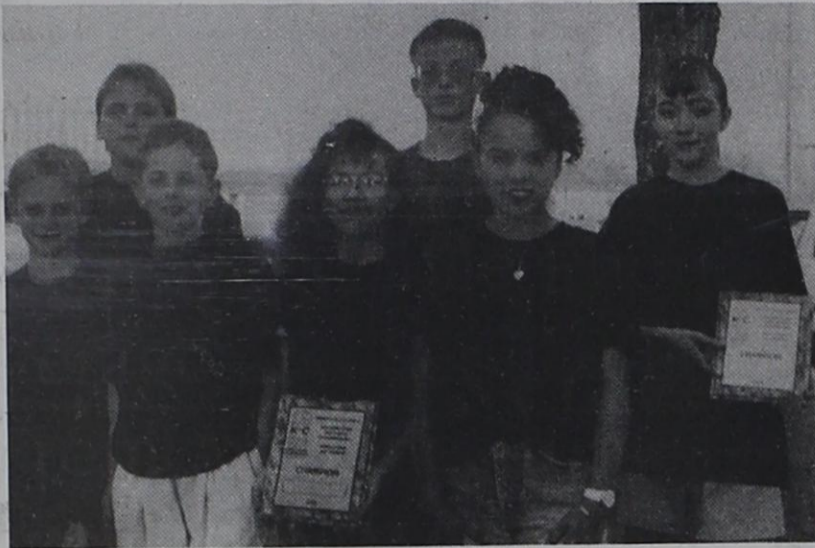

A clarification of the tornado story in last week's Tribune:

The siren in Farwell is sounded once a month - every 2nd Thursday. If Farwell were to be found in the path of a tornado, firefighters would sound the siren, stop and then give it a minute-long 2nd cycle.

Hats off to the folks at Texico Schools for the terrific track meet that they put on Saturday. There were teams

from all over the area including both Texas and New Mexico. The events were well supervised and well run thanks to lots of volunteer hours by coaches, staff members and members of the community. It was truly a job well done.

\*\*\*  
When you see Ronald Byrd, ask him about that great quip he made when Gary Patterson noted that last week's tornado skimmed by Ronald's stock trailer but nabbed Patterson's stock trailers.

**Free throw contest**

The Texico-Farwell students who participated in the Knights of Columbus Free Throw Contest in Roswell for the southern half of the state of New Mexico include: (front) Eric Stanley, Logan Nichols, Stephanie Olivarez, Veronica Vidaurri, (rear) Aaron Stanley, Jon Ausburn, Blanca Saenz and (not pictured) Candace Travis. Saenz and Olivarez each received first place awards.

**'The Lord's Prayer' Is program topic**

Jeannie Heacock presented the program, "The Lord's Prayer," at the monthly salad luncheon of the members of the Hamlin Memorial United Methodist Church on April 6.

She presented each member with a copy of the prayer and space after each phrase so that each of the ladies could analyze her own thoughts about the prayer. Each person also received a plastic egg filled with uplifting thoughts for the Easter season.

The group received a thank you note from McCurdy School,

the Methodist school to which Hamlin Memorial had sent Campbell's Soup can labels.

Plans were made for the annual pot luck supper for graduating seniors of the congregation.

Attending the luncheon were: Dardanella Helton, Katherine White, Velma Magness, Peggy Goettsch, Joyce Ketcherside, Judy Pomper, Aileen Teel, Larry Heacock, Jeannie Heacock, Maureen Caywood, Dorothy Quicquel, Linnie Mae Crook.

**Yardages KO Strikers**

The Yardages beat the Strikers, 8-1, Saturday.

Scoring were: Jaime Maldonado, 1; Bret Curtis, 1; Tyler Chadwick, 1; Jourdan Nichols, 3; Kelsey Monk, 1;

Trevor Herington, 1.

Grant Oppliger had an assist and Brett Curtis had several assists. Jourdan Nichols was quoted as saying, "I couldn't have missed Brett's pass if I would have tried."

Brandon Thomason, Tobe Diaz, Clint Corn, and Jason Crawford played excellent defense.

The Mavericks lost 3-0. The Steers lost 2-1. Kristopher Norton scored the Steers' goal. The Hurricanes got beat 2-1.

and Gloria Hutchins didn't seek re-election.

There is only one line for write-in candidates on the ballot. This was because two folks had filed before the regular filing deadline for the three posts.

Under a new Texas law, candidates had to file by April 2 to be write-in candidates. In the past, write-in votes were automatically tallied on election day. Now, unless the candidate filed by April 2, any write-in votes he receives will be thrown out.

There were no write-in candidates for any of the other local elections.

This means the four incumbents will be re-elected to the Farwell Hospital District Board - Bert Williams, Tom Nichols, Troy Christian and Frances Kube.

Elected to the Lazbuddie School Board will be its two candidates - Scott Brown and Rick Seaton.

There is a race for the two posts on the Farwell School Board. The three candidates are Maria Lopez and incumbents Tom Nichols and Ronald Byrd.

Breast cancer cannot be prevented, but early detection can save many lives. Breast cancer will strike one in nine American women. The American Cancer Society predicts about 44,000 women will die of breast cancer this year.

Experts estimate that if every woman had regular mammograms according to guidelines established by the American Cancer Society, nearly a third of the women who die of breast cancer would survive. The guidelines are:

- \* Begin mammography by age 40
- \* Age 40-49 - mammogram every 1 - 2 years
- \* Over age 50 - annual mammogram
- \* Monthly breast self-examination (BSE)
- \* Regular breast exams by a physician

CALL 481-9100 FOR APPOINTMENT

According to the American Cancer Society, one out of ten women in the United States will develop breast cancer sometime in her lifetime. It is currently estimated that over 37,000 women die each year as the result of breast cancer.

Ninety percent of breast cancers are diagnosed by women or their physicians finding a lump in the breast. Women who are diagnosed with a lump large enough to feel have a 50 percent five year survival rate. A woman who is diagnosed as having breast cancer by mammography, before a lump can be felt, has a 97% five year survival rate and a 90% 10 year survival rate.

A mammogram can detect a cancer this small, even before it can be felt.

**Guidelines For Screening Mammography Established by the American Cancer Society.**

- I. 35-40 years of age - One baseline mammogram.
- II. 40-50 years of age - A mammogram every 1-2 years depending on breast type and risk factor.
- III. 50 years of age and over - An annual physical examination and annual mammogram.
- IV. Asymptomatic women under 50 years of age with significant high risk factors should be examined at appropriate intervals. These risk factors include previous breast cancer and family history of cancer.

V. A symptomatic woman should have a mammogram at any age when she experiences a mass, nipple discharge, skin changes or unexplained breast pain.

A screening mammogram is an x-ray of the breast using extremely low dosages of radiation (usually comparable to dental x-rays) and is designed to find very early cancers.

A female technologist who is highly trained in mammography will perform the examination.

The charge for the screening mammogram is \$65.00. The Unit accepts cash, check, Visa, Mastercard and American Express.

# Extension Homemakers meet

The Parmer County Extension Homemakers' Council met March 24 to plan upcoming events.

The council organizes and coordinates the activities of the various Extension Homemakers' groups in the county. It is made up of ladies from each of the Extension Home Economics Clubs.

This year Cecelia Schueler, of Rhea is the Chairman. Attending were: Debbie Pollard, Home Economics Agent, Glenda Sifford, Friona; Donna Schueler, Rhea; and Carla Mann, from Friona. Mary Evelyn Steelman of Bovina was elected as Council Treasurer for 1992.

The group voted to postpone the Open House they had planned due to the renovation of the second floor of the county courthouse. The Extension Homemakers normally meet in Extension Office on the third floor of the courthouse, and the renovation project will force them to postpone or change some of their planned activities.

Several upcoming events were discussed. Pollard announced that the Quilting Club has been organized with 12 members. They meet on the third Thursday of each month at 7:30 p.m. in the county courthouse. Call Debbie at 481-3619 if you are interested in joining.

She also announced that a gardening club is being organized, and interested parties may join by calling the Extension office.

The council discussed the annual Christmas in November Bazaar in Friona Nov. 13 and 14. Council members will work on the cleanup and setting up booths on Nov. 12.

The 4-H Clubs have indicated that they will not be able to be in charge of the concession stand in the fall. The Council discussed the situation, and they will seek other groups to handle the concession stand.

The Council also decided that they will meet at least twice this year with the county home economics agent and Linda Black to plan the Bazaar programs and to work out other details.

The Parmer County Home Economics Committee will sponsor new programs for the county.

The Council members complimented Pollard on the work that she and her office staff did on the new 1992 Club

Yearbooks.

The group also discussed the Parmer County Fair which will be held in conjunction with Maize Days at Friona.

Pictures were taken of the cultural arts to be entered at the District II T.E.H.A. meeting at Snyder so Pollard could take the pictures and the entries to their meeting April 1.

# Aldridge, Actkinson wedding vows spoken

Alyson Aldridge and Greg Actkinson were united in marriage on March 21 at the First Baptist Church in Abernathy. The Rev. Dennis Teeters officiated.

Parents of the couple are Larry and Bitsy Aldridge of Abernathy and Johnny and Diane Actkinson of Farwell.

Musical selections were presented by organist Missy Cunningham and soloist Susie Ellis. Solos included, "Love Will Be Our Home," "Parent's Prayer," and "The Lord's Prayer."

Given in marriage by her father, the bride wore a gown of chiffonet and embroidered bridal net over taffeta by Carol gowns of Chicago. The bodice, covered with embroidered Alencon lace appliques, featured a dropped v-waistline in back and an open scalloped neckline. A wide band of matching embroidered Alencon lace covered net cuffed the full chiffonet sleeves. The full skirt, encircled at the bottom with a single roll of matching Alencon lace, fell into a chapel-length train.

She also wore a point-d'esprit and shiny Venice small-brimmed hat with pearl trim. A poof bow and streamers edged in Venice lace created the veil.

The bride carried a cascading bouquet with gardenias, moonlight roses alstroemerias, enchantment lilies, and stephanotis.

Angela Aldridge of Lubbock, sister of the bride, served as her maid of honor. Her bridesmaid was Jill Actkinson of Farwell, sister of the groom. They wore identical tea-length dresses of purple moire taffeta. The dress featured a large cascading bow in the back. They carried purple irises with ivory pearl essence ribbon and a poof tulle bow.

The groom wore a long formal black tuxedo with a white bow tie, vest and cummerbund. Jeff Actkinson of Lubbock, the groom's brother, was his best man. Groomsman was Brett Pylant of Muleshoe. They wore black tuxedos with black bow ties and cummerbunds.

Ushers were Chris Aycock, Robby Dyer, Marcus Sullivan, and Darren Haseloff.

Candle lighters were Kerry Aldridge of Decatur, cousin of the bride, and Darren Haseloff.

Attending the guest register was Robbi Fly of Lubbock. Programs were distributed by Alexi Woodul of Lubbock.

Special guests were grandparents of the bride, Mr. and Mrs. Earl Boler of Granbury and Mrs. Ozane Aldridge of Lawn. Grandparents of the groom were Mrs. Peggy Vineyard of San Antonio and Mr. and Mrs. Russell Bryant of Las Cruces, New

Mexico. The reception by the parents of the bride and groom was held at the Fellowship Hall of the church.

The bride's table was laid with an ivory cloth edged with an ivory lace cloth. The traditional three-tiered cake was ivory with gardenias, moonlight roses, purple irises, astroemerias and a flair of genestra. Greenery adorned the crystal punch bowl and table. Serving at the bride's table were Mandi Mouser of Denton and Kim Kemp of Abernathy.

The groom's ivory table featured a strawberry book cake, a fruit tray, and brass appointments. Attending the groom's table were Tiffany Pope and Kristi Galloway, both of Lubbock.

Rice bags were distributed by Lacey Actkinson, Leslie Stark, and Melissa Boeler.

House party members for the reception were Martha Stark, Karen Thomas, Liz Spradling, Dora McBee, Donna Adams, Malena Gough, and Sharon Fair. Susie Teeters was wedding coordinator.

A rehearsal dinner hosted by the grooms parents was held at the 50 Yard Line Restaurant in Lubbock.

Bridal showers for the couple were hosted by Jan Woodul of Abernathy, and a lingerie shower was hosted by Jayne Titsworth, Jonna Cunningham, Betty Guerrant, Susan Mouser, Barbara Webb, and Gail Stanton.

The bridal luncheon at the Lubbock Country Club was hosted by Debbie Hurt of Lubbock and Kim Shelton of San Antonio, aunts of the groom. She was also honored with a spice-n-rice shower hosted by Connie Dipprey of Abernathy.

A come and go bridal shower is planned for the couple at 10 a.m. on April 4 at Hamlin Memorial United Methodist Church. A group of 18 ladies from Farwell will be the hostesses.

*Letter To The Editor*

**'Abolish abortions'**

Dear Editor:  
 Abortion is a large issue in Americans' lives today. I believe that abortion should be abolished from the United States. Life is being destroyed before birth, and every person should get a chance to live. What I mean by killing innocent babies is that the fetus is alive when it enters the mother's womb. The baby starts developing all of its organs at 12 weeks. Babies are not asked to be born or even to be destroyed, they do not know the difference between being destroyed or even being born.  
 No matter how you look at this, it is the killing of an innocent child by painful means. Abortion is murder.  
 Abortion is a major surgical procedure which can result in serious complications. It is not as "safe" as we are led to believe. Statistics show that after a legal abortion, a woman faces increased possibilities of future miscarriages, tubal pregnancies, premature births, sterility, and severe and lasting emotional disturbances.  
 Another dangerous hazard is the death of a woman from abortion. If the tools weren't sterilized, the woman could die or she could hemorrhage and die.  
 Now I hope you know how abortion affects the lives of citizens today. I hope you consider abolishing abortion from the United States. Thank you for taking time out to read this, I really appreciate it.  
 Sincerely,

Leane Stout  
 Farwell Junior High student

**'All is blamed on Congress'**

Dear Mike,  
 It has always behoved me why a Democratic President is blamed for everything, not Congress. Yet a Republican President is blameless, excused of all and found faultless.

**Curry County 4-H info given**

Here's some news from the Curry County Extension Service:  
 - It has videos available for use by 4-H'ers that explain the requirements for the 4-H Rodeo. Rodeo identification cards can be issued to 4-H'ers when their waiver forms are returned to the Extension Office.  
 - Any senior 4-H member interested in serving as a camp counselor for 4-H Electric Energy Camp June 10-12 should pick up application forms at the office. The deadline for turning the form in to the state is May 28.  
 - It has information about several state camps coming up in New Mexico this summer. Interested 4-H'ers should sign up at the Extension office.  
 - The Curry County 4-H Parent - Leader Association has tickets available from leaders for the 4-H Dinner and Dance which will be held at 7 p.m. April 24 at the Eagles Bingo Hall. The cost of the evening is \$25 per couple.  
 - There will be a workshop for Curry County 4-H'ers who wish to learn the basics about judging. It will be held at 7 p.m. on April 21 in the Extension Building at the fairgrounds.  
 - Curry County 4-H'ers are invited to participate in two clothing workshops- May 11 and May 21. Each will be held in the Extension Building at 6 p.m. mst. At one, participants will make totebags, and at another they will make popover skirts.

**All is blamed on Congress.**

Enclosed is a letter written by J. D. Taylor, Lubbock, Texas, to the editor of the Lubbock Avalanche Journal printed 4/2/92. I would appreciate your sharing it with your readers. Especially for those always blaming Congress, not knowing the facts. I think Mr. Taylor has an excellent idea in the last paragraph of his letter, suggesting we should clean both houses.

*(Editor's note: Mr. Taylor's letter noted what the executive branch of government is responsible for, such as proposing budgets, setting prime interest rates, vetoing bills, regulating or de-regulating businesses and banks, directing the armed services and their budgets, submitting plans for education and energy, giving defense contracts and controlling a "black budget" that Congress doesn't know what it contains. In his last paragraph, he suggests that all incumbents be defeated.)*

Instead of worrying about our young folks if Clinton is elected, we should be apologizing for the past two administrations we have elected. We were a creditor nation until they went into office. Our young folks' great-grandchildren will probably be paying their federal deficit.  
 Bush cannot solve his own country's woes he helped create, so he sends billions of our tax dollars to foreign countries to solve their economic problems. Seems to me the U.S.A. needs to help their own first with their tax dollars!  
 Mike, you speak of morals: if selling illegal arms to the Contras, trying to bribe a foreign country to hold our hostages until he went into office, getting all those Marines killed, just

**The next generation FARMER**

*It has never been easy for young people to start farming on their own. Today, just as in the past, young people are turning to their Land Bank Association for financing.*

Dependable long-term financing — generation after generation.

That's the Land Bank way.

Federal Land Bank Association of Muleshoe

316 Main, Muleshoe Ph: 272-3010

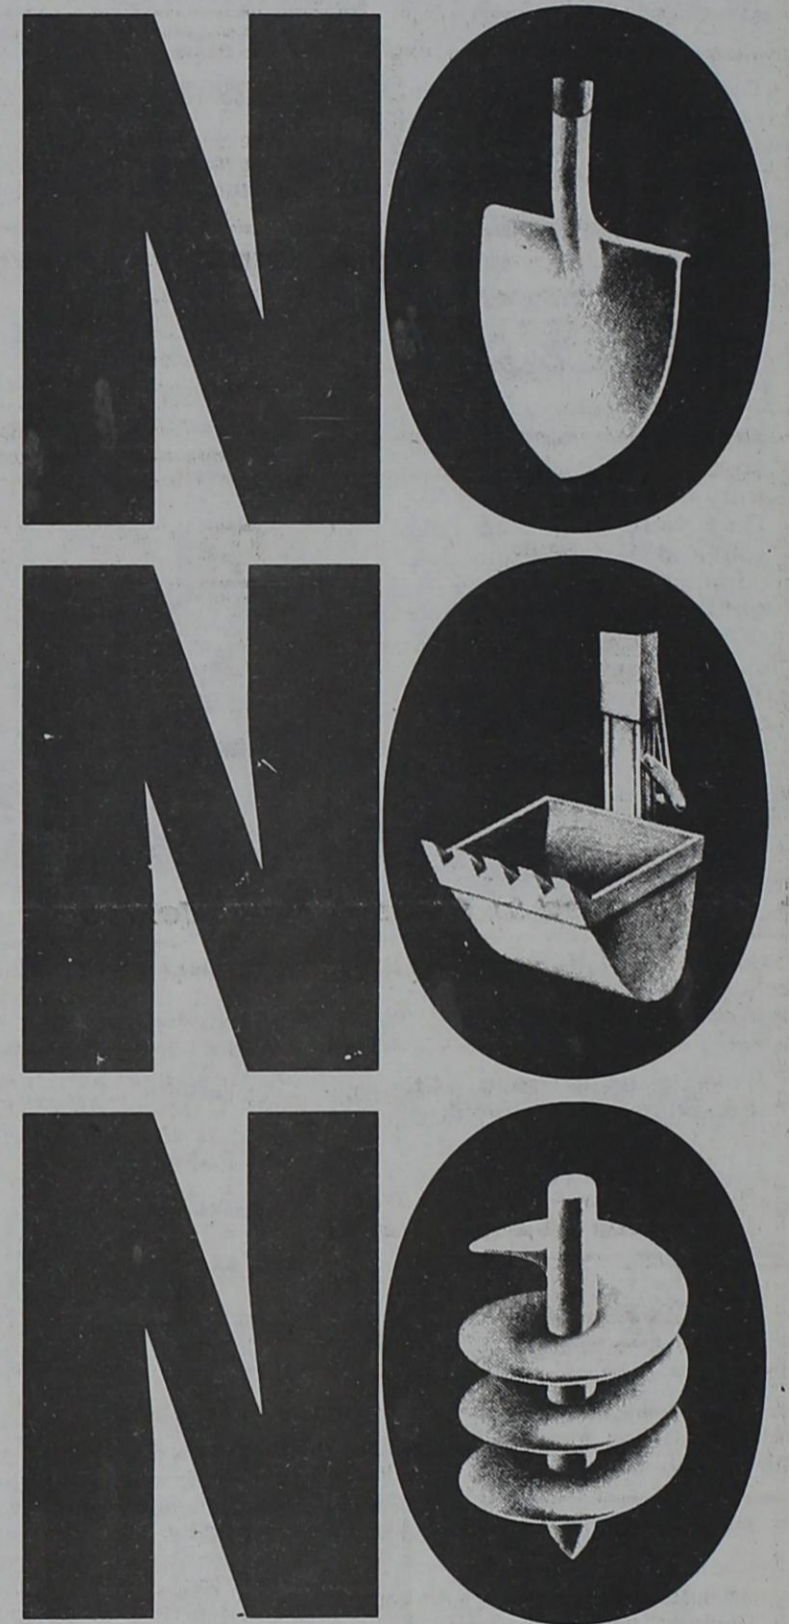

to name a few. Of course he had a lapse of memory, so he was white-washed, excused, and forgiven to let others take the blame.

Bush "override" Congress to sell highly military technology to Saddam, only to be used four months later on our Americans. He "override" Congress to send money to the war infested Israel - and wants to send more!

If these are considered good morals by these two presidents, and good examples to our young folks, then I have a different set of moral values.  
 Sincerely,

Gloria Mahaney

**WHAT'S THE FASTEST WAY TO DIG YOURSELF INTO A HOLE?**

Digging into a gas line can put a big hole in your pocketbook, shut off gas to the entire area and delay your project. It doesn't matter if you're a homeowner or a contractor, always call before you dig. It's easy. It's free. And it's the safest way to avoid a costly mistake.
