By Mike Pomper

A tragedy

I'm writing this just hours after the Act of War was perpetrated by terrorists against the United States of America.

We don't know yet who was responsible but we all have a pretty good guess. Since information is still sketchy, I don't want to "tar" the wrong people.

I heard that one Palestinian group has taken "credit" (what a word -- "credit" for killing innocent people) for the attacks.

I sincerely hope that our nation take all means possible to find the masterminds, and their lackeys, behind this sickening tragedy and execute them all. As fast as possible.

I know that some folks don't believe in the death penalty or the eye for an eye concept. And there are times when I might agree with them. But this isn't one of those times. This is war.

It's only been a couple of weeks since I wrote about all the hatred spilling throughout the world. And now it has actively involved the U.S.

I'm sick inside over the victims, our own innocent citizens. I don't have anything good to say about the cowards who planned and carried out the attacks. They simply are cowards, perhaps misguided, perhaps evil, perhaps both.

I have always tried to accept all religious faiths. And the Muslim religion has a lot of good in it. But the one concept that I have a hard time swallowing is their belief that if you die in battle with the infidels, you automatically go to heaven.

So when you view these suicide terrorists, that is how they view it -- as a way to gain heaven. They consider killing innocent people as being in "battle."

I simply don't believe that God honors those who slaughter innocent people.

We must all pray that our Lord give our leaders good direction in dealing with this situation.

And we should all pray that our Lord keep us on his righteous path.

We must remember to not go off half-cocked and get immediate revenge. Because this is a war that we are not accustomed to.

A war against terrorism can last for years and years. It's like the Medusa monster -- you cut off one head and another grows back.

With terrorists, you have to keep cutting off those heads.

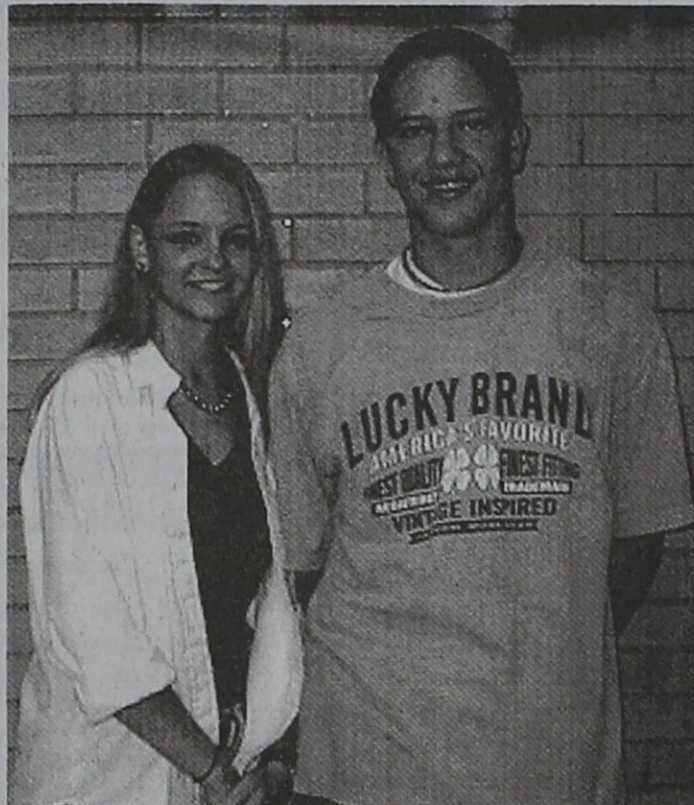

Normally, I don't like speaking in terms of revenge. It is not a concept that we are asked to embrace.

But war is war. It's a time when you have to follow a different set of rules. And we did not ask, or seek out, this type of war. It has been thrust upon us.

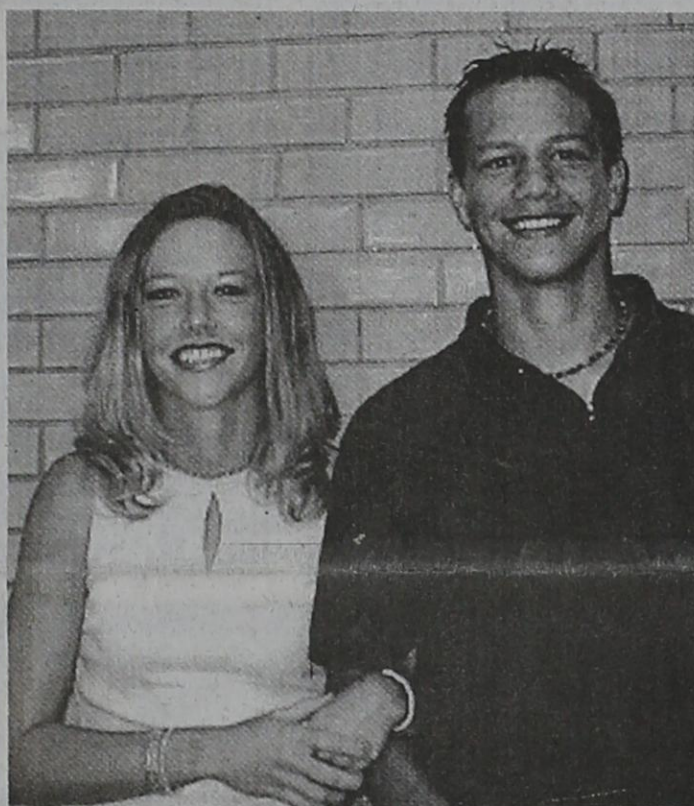

So I hope we treat the

Pool nabs 2nd football contest

Participants in the 2nd week of the Area Merchants Football Contest ran rough-shod.

Scores were ultra high, with virtually a record number of entrants getting all 12 games picked correctly.

Thirteen entrants had 12 right. By virtue of being closest to the tie breaker (Petersburg 21, Farwell 0), the winner of the first place cash prize of \$15 was Marshall Pool, a Muleshoe area farmer. He was 7 off the tie breaker.

The second place cash prize of \$7.50 went to Texico Junior High teacher Glynnna Martin, who was 10 off the tie breaker.

Others with 12 right and their totals off the tie breaker were:

Jacob Thompson, 49; Kirk Saul, 45; Lonnie C. McFarland, 19; Mack McFarland, 21; Jason Johnson, 41.

Also, Steve Gartin, 20; Ralph Franse, 24; Steve Foster, 17; Jeff Delgado, 22; Gerald Bastin, 14; and Charlie Bowers, 12.

With 11 right were: Leslie Cargile, Tara Cargile, Lois Brand, Doug Boyd, Jo Blackwell, Bill Bizzell, Chelsi Woods, Debbie Weir, Valda Walls, Jerry Stover, Max Steinbock, Ray Stanley, Dick Pylant.

Also, Shirley Prokop, Mark Owen, Kevin Owen, Edwina Owen, Rusty McFarland, Lane McFarland, Lonnie R. McFarland, Nathan Crawford, Jeremie Chandler, Martin Castillo, Lance Castleberry, Ramiro Martinez.

Also, William Martin, T.J. Kittrell, Steve Kittrell, Jack Kirkland, Weldon Killough, Marilyn Killough, Roy King's Texico School driver's education class, Carolyn Johnson.

Also, Daniel Hernandez, Dardanella Helton, Amy Hall, Gay Goettsch, Mike Goettsch, Devin Goettsch, Trevor Gartin, Henry Garcia, Kenzie Gabriel, Steve Franse, Weldon Edwards and D'Anna DeLeon.

Results of last week's contest were:

Texico over Escalante, Springlake-Earth over Dimmitt, Friona over Tulia, Clovis over Albuquerque Valley, Texas Tech over New Mexico, Nebraska over Notre Dame, TCU over SMU, ENMU over NM Highlands, Green Bay over Detroit, Oakland over Kansas City, Jacksonville over Pittsburgh, and New Orleans over Buffalo.

Next week, the Tribune will begin announcing the Leader Board, to show the overall totals, with the grand champion winning

Marshall Pool receives his check for winning last week's football contest from Yalonda McFarland, of the Sherley-Anderson grain elevator in Lariat. The Sherley-Anderson grain elevators in Farwell, Lazbuddie and Lariat are among the contest sponsors.

the Dallas Cowboys ticket package.

Rules for the contest are the same as in the past. A person must be at least 12 years of age to enter.

Each entrant must remember to pick a tie breaker score since many weekly winners -- and some overall grand prize winners -- have been determined by that method.

Each week's scoring is tabulated and kept on public view at the Tribune

office. Standings are posted each Monday and may be seen during regular business hours.

Ballots are kept throughout the length of the contest so that any entrant with a question can look back at them.

The overall winner of the 12-week contest will win two tickets to the Dallas Cowboys -- New York Giants game at Texas Stadium, plus overnight lodging for 2 at a Dallas hotel, \$50 in cash and other goodies.

D.C. put in a state of emergency

To say it was a scary situation on Tuesday was an understatement for Patty Brown, who works two blocks from the White House in Washington, D.C.

Patty, a 1985 Farwell High graduate, is the daughter of Mike Pomper, of Farwell.

She was at work in her American Society of Civil Engineers office when the terrorists struck targets in New York City, Pennsylvania and the Pentagon.

Rumors started flying immediately about other prominent D.C. landmarks, such as the Executive Building, and the USA Today building (which is near where Patty lives in Arlington, Va.).

She called her dad early in the morning -- and the call went through. Shortly afterward, the lines were so tied up you couldn't call in or out of D.C. or New York City.

She said that everyone was obviously very upset over the tragedies and that people were fearful of what else might happen.

She told of a co-worker who had stopped at the Pentagon that morning to make a business call. He had just made his call when he saw the bombing. Fortunately, he was in the parking lot and uninjured, but his car shook from the blast.

A state of emergency was declared in Washington, and workers were encouraged to go home early. In fact, traffic could not enter the city, with roadblocks set up.

Normally, Patty would have taken the Metro subway home. But it goes under the Potomac River, and folks were not much in favor of taking that risk, not knowing if there would be further terroristic attacks.

The work day ended late in the morning, and Patty and several of her co-workers walked the 1 1/2 miles to her condo in Arlington. One co-worker, who lives near Capital Hill in D.C., planned to stay the night at Patty's place.

Patty was scheduled to take an airline flight to Dallas on Wednesday, but her boss gave her the okay to cancel it.

The family suggests memorials to a favorite charity.

Farwell.

In other business, the commissioners:

-- Received one bid for the sale of 2 barns in Friona, in commissioner Kirk Frye's precinct.

David Grimsley bid \$9,280. The bid was rejected as too low. For now, it looks like Frye will hold on to the barns.

-- Received a bid from Donald Copley to buy a John Deere bucket and a truck bed. He bid \$25.10 and \$251.77, respectively. His bids were accepted. Both items were from Frye's precinct.

-- Began discussions on dealing with jail improvements. Money will be set aside in the new budget. A major decision will be whether to expand the jail, or make the necessary federally-mandated changes within the current facility.

-- Changed the exact site for foreclosure sales from the courthouse's west door to the south door. The west door is no longer used (due to elevator being built).

Lady Spikers 2nd at Cloudcroft Tourney

The Texico Lady Spikers are now 4-1 on the season after finishing 2nd at the Cloudcroft Tournament last weekend. Named to the All-Tourney team were Elizabeth Richards, Jennifer Roberts and Ashlie Loven.

"This was a very good tournament in that we ran into some good competition," said Coach Michael Littlejohn. "Animas and Dexter are two of the top three teams in Classes A and AA volleyball. We beat both in pool play, then we beat Loving in the first round, followed by a win against Animas in the semi-finals -- by far, our best match of the year.

"We then lost to Dexter in the finals in a hard fought, 1 hour and 45 minute match. Both teams were exhausted.

"The Lady Spikers have the potential to be the best team I have ever coached. They are committed to each other and the team. We are doing things with this team that we have never done before!

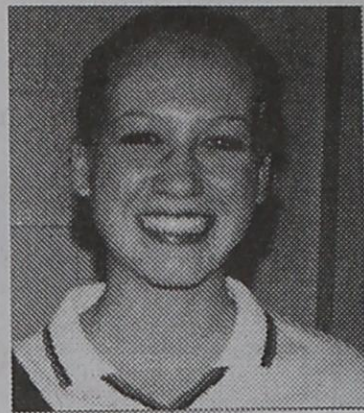

"In the match against Animas, everything worked to perfection and we just completely demolished them. In the Dexter match, against one of the state's best teams, we didn't click quite as well but we fought for every point and almost pulled out a win.

"We go to Cimarron this weekend for their tourney. And our JV has been invited to replace a varsity team that pulled out at the last minute. So this should be a very good opportunity for them to get some varsity experience!"

In the opening pool round at the tourney, with Dexter, Eunice and Animas, Texico outscored them 67-49. Elizabeth Richards had 17 kills, and Michele Littlejohn 9. Richards led in blocks with 7. Littlejohn had 5 aces and Richards 3. Jennifer Roberts had 47 assists.

In the 1st round, Texico beat Loving, 15-9, 15-2, 14-16, 15-1. Richards had 12 kills, Dru Mayfield, 5; Littlejohn 10, and Ashlie Loven 7. Littlejohn had 8 aces and Roberts 3. Roberts had 26 assists.

Then, Texico smashed Animas, 15-2, 15-8, 15-0. Richards had 18 kills and Brittany Autrey 6. Autrey had 8 blocks. Loven had 7 aces. Roberts had 33 assists and 4 saves.

ALL-TOURNEY

Named to the Cloudcroft All-Tournament Team were, clockwise from left, Texico's Ashlie Loven, Jennifer Roberts and Elizabeth Richards.

In the finals, Texico fell to Dexter, 5-15, 12-15, 15-9, 15-17. Richards had 19 kills and Littlejohn 16. Autrey had 8 blocks and Loven 7. Littlejohn and Loven had 3 aces. Roberts had 40 assists.

On Sept. 4, Texico put away Ft. Sumner with ease, 15-4, 15-12, 15-10.

Richards had 12 kills and Littlejohn 8. Roberts had 5 aces and 32 assists.

Bank announces it will locate in Friona

The First National Bank of Hereford has made application to establish a location in Friona on West U.S. Highway 60. The application has been made to the Comptroller of Currency, thus setting the wheels in motion for the bank's expansion.

"We're really looking forward to being a part of Parmer County," said Wade Easley, president of First National Bank of Hereford.

Plans are for a 3,500 sq. ft. building to be built across the highway from Western Chevrolet. This will be completed in about 6 to 7 months. However, a temporary building will be brought in to the site to house the new location until the building is completed.

The manager of the proposed bank will be Ab Hendley, Jr., who has served as vice president of Friona State Bank.

Texico crunches Escalante

The Texico Wolverines moved to 2-1 on the season last Friday with a 32-6 crunching of Escalante at home. The Wolverines are off this weekend before hosting Loving on Sept. 21 for Homecoming. It will be the start of their district play. Also in the district are Jal and Hagerman. The teams play each other twice this season -- a round robin district.

The Wolverines rushing defense was super, with Escalante having a minus 11 yards on the ground.

Texico started at its 30 and Adrian Loera set the tempo for the game with a run for 17 yards on the first offensive play. But two plays later, Escalante intercepted at its 29.

On Escalante's first play, they lost a fumble at their 30. Adrian Loera then ran for 9, then for 19 more to the 1. MQB Marcos Loera kept for a 1-yard TD. The kick by Tony Clements was blocked and the Wolverines led, 6-0.

On the kickoff, Joe Zaikowski recovered a fumble at the enemy 41. The fumble was caused by hard hits by Clements and John Soliz.

A penalty stopped Texico, which punted. Escalante couldn't move, and punted. Tim Hutton ran for 26 yards. The drive stalled and Texico punted. But Jason Zaikowski recovered a fumble at the Escalante 19. A penalty put the ball on the 9. On 4th and 4, Escalante intercepted in its 2nd zone.

Adrian Loera returned the favor, intercepting an Escalante pass near midfield. Then Adrian Loera had a 45-yard TD run, shaking off five tacklers along the way. The

run for extra points failed and it was 12-0 at 3:09 of the first quarter.

Escalante started at its 10. Tyrell Garrett had a strong tackle and Escalante punted. Adrian Loera ran for 25 yards, but Texico lost a fumble at the Escalante 11 as the first quarter ended.

Escalante punted to midfield. Johnny Serrano ran for 8. Hutton took a swing pass for big yardage. Adrian Loera ran for 10. But Texico lost a fumble at the 32.

On defense, Clements, Serrano and Jason Zaikowski had hard tackles. Escalante punted and Garrett had a great runback to the Escalante 20. At 1:11, Texico scored when Marcos Loera hit Braden Vaughn with a 21-yard pass. A Loera to Garrett pass added 2 extra points and it was 20-0.

At the end of the half, Marcos Loera intercepted. And Hutton had a 12-yard run.

In the 3rd quarter, Escalante began using a trick play, called "polecat" or "swinging gate." This is where the offensive line lines up at one side, while the QB and center are virtually by themselves in the middle of the field. This play didn't work out well, except for a couple of completed passes.

Escalante got the ball deep in Texico territory after a short punt, and scored at 1:05 on a 1-yard run. The kick was wide and it was 20-6.

Jesse Barclay had a good kick return of 26 yards as the 3rd quarter ended. Adrian Loera ran for 13 but Escalante had another interception. Marcos Loera knocked down a pass and Serrano had a good tackle on defense.

Texico got the ball at the Escalante 35 after a bad snap on 4th down. Hutton ran for 17 tot he 4, but Texico

Wolverines of the Week

Coach Mike Prokop named as his Wolverines of the Week for their play against Escalante: offense -- Adrian Loera, left, and defense -- Eric Kirby. He said the offensive line also did a good job.

lost a fumble. After a short punt, Texico got the ball at the Escalante 39. Hutton ran for 12 and Adrian Loera for 10. With 1:47 left, Clements scored from the 4. The run for extra points failed and it was 26-6.

With 29 seconds left, Clements intercepted and ran 95 yards for the final Texico score.

Team stats: 1st downs, Texico 13, Escalante, 8; rushing, Texico 306, Escalante minus 11; passing, Texico 37, Escalante, 120; punts, Texico 30.7 average, Escalante, 33.3 average; and penalties, Texico 11 for 85 yards, Escalante, 5 for 45.

Individually, Adrian Loera rushed for 206 yards; Hutton, 88. Marcos Loera hit 3 of 10 passes.

Texico gym construction speeded up

The Texico Schools gym construction project is about to be speeded up.

The Texico School Board held a special meeting on Sept. 5 to accept the low bid of Newt & Butch, of Clovis, of \$216,000 for plumbing, and heating and air conditioning work.

The school bidding process had been protested by W.T. Denton, of Clovis. So the school board voted to seek bids again.

But Denton withdrew its protest, allowing the awarding of the bid.

The original bids for the plumbing, and heating and air conditioning had been rejected by the board due to being too high. So a second round of bids were taken.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS Special Election NOVEMBER 6, 2001

PROPOSITION 1 (HJR 52)

Proposition 1 would amend the constitution to relinquish the state's claim to certain disputed land in Bastrop County. The amendment would confirm legal title to that land, excluding any mineral interests, to the individuals who hold a disputed title to the land. The amendment would prevent a loss of title by people who bought and paid for property that was never transferred by the state because of faulty surveys.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the clearing of land titles by the release of a state claim of its interest to the owners of certain land in Bastrop County."

PROPOSITION 2 (SJR 37)

Proposition 2 would amend the constitution to establish the process for issuing up to \$175 million of state general obligation bonds and notes to provide aid to counties for access road projects to serve border colonias. Generally, a colonia is an economically distressed geographic area with inadequate public services (such as water supplies, sewer services, or paved roads) in a county without adequate resources to provide such services. These projects could include the construction of access roads, the acquisition of materials used in maintaining those roads, and projects related to the construction of those roads, such as road drainage. The Texas Transportation Commission, in consultation with the Governor, would be authorized to determine what constitutes a border colonia for purposes of selecting the counties and projects that would receive assistance.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of state general obligation bonds and notes to provide financial assistance to counties for roadway projects to serve border colonias."

PROPOSITION 3 (SJR 47)

Proposition 3 would amend the constitution to authorize the legislature to exempt green coffee and raw cocoa held in Harris County from property taxes in order to qualify Harris County as an exchange port for coffee by the New York Board of Trade. The authorization of exemption would not apply to any other county.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to exempt from ad valorem taxation raw cocoa and green coffee that is held in Harris County."

PROPOSITION 4 (HJR 1)

Proposition 4 would amend the constitution by setting the term of the fire fighters' pension commissioner at four years. The constitution currently provides that the duration of all offices not otherwise fixed by the constitution may not exceed two years.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for a four-year term of office for the fire fighters' pension commissioner."

PROPOSITION 5 (SJR 32)

Proposition 5 would amend the constitution to allow a municipality to donate outdated or surplus equipment, supplies, or other materials used in fighting fires to an underdeveloped country. Current state law does not allow anything of value belonging to the state or its political subdivisions to be donated to another nation.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing municipalities to donate outdated or surplus firefighting equipment or supplies to underdeveloped countries."

PROPOSITION 6 (HJR 45)

Proposition 6 would amend the constitution to require the governor to call a special session of the legislature so that the legislature can appoint presidential electors when the governor determines that it is reasonably likely that the outcome of the election for a presidential candidate's electors will not be clearly determined in time for the appropriate electors to meet before the federal deadline to cast their votes. Under current law, when the people vote for a particular candidate for president, in reality they are voting for that candidate's electors who will meet to cast their votes for president. If the electors are not determined by the certification date, no electoral votes may be cast for the state. The proposed amendment ensures that the state's electoral votes will be cast.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment requiring the governor to call a special session for the appointment of presidential electors under certain circumstances."

PROPOSITION 7 (HJR 82)

Proposition 7 would amend the constitution to authorize the Veterans' Land Board to issue and sell up to \$500 million of additional general obligation bonds to finance additional home mortgage loans to veterans. Additionally, the proposed amendment would authorize the Veterans' Land Board to use assets from the land and housing assistance funds to create, operate, and improve veterans' cemeteries.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the Veterans' Land Board to issue up to \$500 million in general obligation bonds payable from the general revenues of the state for veterans' housing assistance and to use assets in certain veterans' land and veterans' housing assistance funds to provide for veterans cemeteries."

PROPOSITION 8 (HJR 97)

Proposition 8 would amend the constitution to allow the legislature to authorize the Texas Public Finance Authority to issue and sell up to \$850 million of general obligation bonds. The proceeds of the sale of the bonds would pay for construction and repair projects or for the purchase of needed equipment by the General Services Commission, the Texas Youth Commission, the Texas Department of Criminal Justice, the

Texas Department of Mental Health and Mental Retardation, the Parks and Wildlife Department, the adjunct general's department, the Texas School for the Deaf, the Department of Agriculture, the Department of Public Safety, the State Preservation Board, the Texas Department of Health, the Texas Historical Commission, or the Texas School for the Blind and Visually Impaired.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the issuance of up to \$850 million in bonds payable from the general revenues of the state for construction and repair projects and for the purchase of needed equipment."

PROPOSITION 9 (HJR 47)

Proposition 9 would amend the constitution to authorize the legislature to provide for filling vacancies in the legislature without an election if only one person is a qualified candidate in the election to fill the vacancy. Under current law, a special election must be held to fill a vacancy in the legislature even if there is only one qualified candidate.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the filling of a vacancy in the legislature without an election if a candidate is running unopposed in an election to fill a vacancy."

PROPOSITION 10 (SJR 6)

Proposition 10 would amend the constitution to authorize the legislature to exempt certain items of personal property from property taxation by political subdivisions of the state if the property is warehoused temporarily in a location in Texas to be assembled, stored, manufactured, processed, fabricated, or repaired and then forwarded to another location inside or outside Texas. The proposed amendment would authorize a political subdivision that imposes ad valorem taxes, at its option, to tax this type of property after a local public hearing on the matter.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to promote equal tax treatment for products produced, acquired, and distributed in the State of Texas by authorizing the legislature to exempt from ad valorem taxation tangible personal property held at certain locations only temporarily for assembling, manufacturing, processing, or other commercial purposes."

PROPOSITION 11 (HJR 85)

Proposition 11 would amend the constitution to allow a schoolteacher, a retired schoolteacher, or a retired school administrator who serves as a member of a governing body of a school district, city, town, or other local governmental district, including a water district, to receive compensation for serving on such a governing body. Currently, state employees or other individuals who are compensated directly or indirectly from state funds are barred from receiving a salary for such service.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to allow current and retired public school teachers and retired public school administrators to receive compensation for serving on the governing bodies of school districts, cities, towns, or other local governmental districts, including water districts."

PROPOSITION 12 (HJR 75)

Proposition 12 would amend, repeal, or relocate several sections of the current

constitution to improve the clarity, organization, and consistency of the constitution.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to eliminate obsolete, archaic, redundant, and unnecessary provisions and to clarify, update, and harmonize certain provisions of the Texas Constitution."

PROPOSITION 13 (SJR 2)

Proposition 13 would amend the constitution to allow the legislature to authorize a board of trustees of an independent school district to donate real property and improvements formerly used as a school campus in order to preserve that property. The board may make the donation if the board determines that the property has historical significance, that the donation will help to preserve the property, and that the school district no longer needs the property for educational purposes.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to authorize the board of trustees of an independent school district to donate certain surplus district property of historical significance in order to preserve the property."

PROPOSITION 14 (HJR 44)

Proposition 14 would amend the constitution to allow the legislature to authorize a taxing unit, other than a school district, to exempt travel trailers from property taxation as long as the travel trailers are lawfully registered with the state and are not held or used for the production of income.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to authorize the legislature to authorize taxing units other than school districts to exempt from ad valorem taxation travel trailers that are not held or used for the production of income."

PROPOSITION 15 (SJR 16)

Proposition 15 would amend the constitution to create the Texas Mobility Fund, which would be administered by the Texas Transportation Commission. The Fund would finance the construction, acquisition, and expansion of state highways and would pay a portion of the costs of public toll roads and other public transportation projects. The legislature may reserve specific sources of state revenue for the Fund and may authorize the Commission to guarantee the payment of any obligations or credit agreements with the full faith and credit of the state. The attorney general shall determine the legality of any such obligations or credit agreements.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment creating the Texas Mobility Fund and authorizing grants and loans of money and issuance of obligations for financing the construction, reconstruction, acquisition, operation, and expansion of state highways, turnpikes, toll roads, toll bridges, and other mobility projects."

PROPOSITION 16 (HJR 5)

Proposition 16 would amend the constitution to reduce the waiting period required for a valid home improvement lien on a homestead from 12 days to 5 days. Currently, a lien may not attach to a homestead for a home improvement loan if the homeowner executed a contract for the improvements less than 12 days after applying for the loan. In addition, the proposed amendment would

authorize the conversion and refinancing of a personal property lien secured by a manufactured home to a lien on a home-stead.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment prescribing requirements for imposing a lien for work and material used in the construction, repair, or renovation of improvements on residential homestead property and including the conversion and refinancing of a personal property lien secured by a manufactured home to a lien on real property as a debt on homestead property protected from a forced sale."

PROPOSITION 17 (HJR 53)

Proposition 17 would amend the constitution to allow the state to relinquish claim to certain state land and to clear title defects for persons who claim title to those lands. The proposed amendment would apply to land whose owners have disputed title to the land, but for which no patent from the state, giving clear title to the land, was ever issued. Among other requirements, all of the taxes due on the land must have been paid. Under current law, there is no procedure allowing the state to settle title disputes without a constitutional amendment for each piece of land in dispute.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment authorizing the legislature to settle land title disputes between the state and a private party."

PROPOSITION 18 (SJR 49)

Proposition 18 would amend the constitution to authorize the legislature to create a program to consolidate and standardize the collection, deposit, reporting, and payment of criminal and civil court fees. If the legislature creates such a program, any new fees imposed by the legislature may not take effect before January 1 of the following year, unless an earlier effective date is approved by a vote of two-thirds of the members of each house of the legislature.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment to promote uniformity in the collection, deposit, reporting, and remitting of civil and criminal fees."

PROPOSITION 19 (HJR 81)

Proposition 19 would amend the constitution to allow the Texas Water Development Board to issue up to \$2 billion of additional general obligation bonds. The Board issues bonds to pay for water supply projects, water quality enhancement projects, flood control projects, state participation in water and wastewater facilities, and projects for economically distressed areas. Current law limits the amount of bonds that the Board can issue.

The proposed amendment will appear on the ballot as follows: "The constitutional amendment providing for the issuance of additional general obligation bonds by the Texas Water Development Board in an amount not to exceed \$2 billion."

aftermath of Tuesday's tragedy as the first act of a war -- and deal with it appropriately.

I served three years in the U.S. Army during the Vietnam War.

I didn't ask myself at that time whether it was right or wrong. It was war, and you do what your country expects of you. Simple as that.

Now a new war has begun. And it's simple. We must defeat the persons who have killed our citizens. And we should not rest until that happens.

That was some outstanding news in last week's Tribune about the Texico School Board's decision to put extra emphasis on academics, at the expense of sports.

Previously, school officials would wait until the 9-week grading period ended to see if students were academically eligible for extra-curricular events, such as sports.

But now, students' grades will be checked on a weekly basis to ensure they can stay in extra-curricular activities.

Well done, Texico School Board!

Too often over the years, I have watched some outstanding high school athletes -- only to see them forced to skip college because they were ill-prepared for academics.

That has bothered me greatly. And I have spoken with school officials about it.

Yes, I know that the student-athlete's success in academics usually results from a combined effort of youth, family and teachers.

(Continued from Page 1)

And that is the way it should be.

But it is important that the school send a message to its athletes -- academics comes first. And that is being done for the benefit of the athlete, not to hurt him or her.

Because I want to be able to write about high school athletic stars who go on to college, and excel. And that will only happen if high schools demand that academic excellence, also.

And, yes, I know about the argument that it's important to have sports because that's sometimes the only thing that keeps a youngster in school.

But I have come to believe that should not be the main criteria. Academics should. And youngsters, with the help of their parents and teachers, must be made to understand that concept.

Farwell Photo Day on tap

Picture day for Farwell Schools will be on Monday, Sept. 17, for all students -- grades pre-k through 12th.

Seniors will begin at 8 a.m. They need to pay a \$10.75 sitting fee at this time, which covers the cost of printing each senior's photo on the school picture panel.

These photos can also be used for the 2002 Roundup, or students may bring their own photos.

Other groups being photographed are junior high and high school girls cross country teams, junior high and high school cheerleaders, and junior high and high school football teams. All students in these groups need to have proper athletic outfits at school on

this day.

Students are reminded to dress appropriately for the pictures.

Scott plans parent session

Farwell Coach Steve Scott has scheduled the annual parent meeting for Sept. 18 at 6 p.m. in the high school gym.

He will have basketball and cross country schedules for parents at that meeting.

If parents have any questions or concerns about his programs, they are asked to call him at any time.

Buffaloes defeat Farwell JV

The Farwell JV Steers opened the season at home on Sept. 6, falling to the Petersburg Buffaloes, 34-13.

After falling behind 14-0, Rowdy Mitchell scored on a 9-yard run around left end, following key blocks from Fermin Reyes, Logan Clemmer and Jeremy Hernandez.

Martin Marquez added the extra point to pull the Steers within 14-7, which was the halftime score.

Petersburg opened the second half with a scoring drive, pushing the lead to 21-7.

Later in the 3rd quarter, Robbie Tabb connected with Daniel Kaltwasser for a 42-yard touchdown pass. The extra point kick was blocked and the score was 21-13.

Petersburg tacked on two 4th quarter touchdowns.

Texico Police Report

Here is the weekly report from Texico Police Chief Kelley Brophy:

Senior trip okayed

About 16 parents and students attended Tuesday's Lazbuddie School Board meeting to support continuing the tradition of a senior trip.

A rumor had floated around that the board would cancel it this year.

The board affirmed it would continue the tradition, with a boat cruise to Mexico planned this year.

In other business, the board:

-- Set the date for the Harvest Festival -- Nov. 3.

-- Approved the faculty handbook.

-- Named the streets adjacent to the school as Longhorn Drive and Texas Lane. They just have to make sure no one else in the county has those names.

-- Accepted two transfer students (who already had been attending Lazbuddie School but who had moved out of the district).

-- Approved two substitute teachers -- Rosara Montelongo and Maria Abeyta.

-- Officially hired Terri Louder as a teacher's aide, and Martha Godinez as a cafeteria employee.

-- Set three early release dates for the school year -- Oct. 3, Feb. 20 and March 21.

giate Scholars and will be honored during a campus ceremony on Sept. 24 at Texas A&M University.

The society recognizes first and second year undergraduate students who excel academically.

Something nifty to see: The Texico cheerleaders this season are doing pushups each time the Wolverines score.

The pushups accumulate, meaning that if Texico scores 30 points, it

means 30 pushups. Whew! That's hard work!

The Farwell School Board on Tuesday received the resignation of elementary school teacher Nancy Miller.

School officials will seek a replacement.

In other business, Supt. Larry Gregory said that current enrollment is at 482 -- up from the 479 on the first day of school.

Petersburg tops Steers

The Farwell Steers lost their season opener to Petersburg last Friday in an away game, 21-0. The Steers next host Portales at 8 p.m. on Sept. 14.

The first quarter was scoreless. On their first offensive possession, Taylor Nichols had runs of 13 and 14 yards. Good offensive blocks were made by Thomas Ortiz and Shelby Telschik.

On defense, there was a hard hit made by Casey Meeks, and Ortiz had a strong stop on 3rd down for a loss of 9 yards. Brice Hunt made an important tackle, halting a Petersburg drive. Landon Meeks and Randy Armstrong combined on a QB pressure.

In the second quarter, Petersburg took a 3-0 lead on a 20-yard field goal with 4 seconds left. The Steers played some good defense. Highlights included a strong tackle by Carlos Garcia, a tackle at the goal line by Hunt.

On offense, Ortiz gained a first down behind a great block by Hunt. Fidel Ruiz caught a pass from Taylor Nichols for 8 yards, and Lonnie McFarland grabbed one for 15 yards.

Garcia broke loose for 14 yards and a first down deep in Petersburg territory before a penalty hurt. Ortiz ran for 13 behind blocks by Cale Stevenson and Casey Meeks. The Farwell drive ran for 7 minutes and gained 65 yards. Stopped on the 2 yard line, they tried a fake field

goal but couldn't score.

Petersburg scored two TDs in the 3rd quarter, on runs of 53 and 9 yards. Both kicks failed so their lead was extended to 15-0.

The offensive Steers highlight in this quarter was a 55-yard scamper by Nichols. Also, Sergio Vasquez had a good kick return. Defensively, Ortiz and Ruiz had good hits, and Randy Armstrong had a good stop. More tough tackles were made by Gaby Garcia and Luke Schwertner.

The final period found Petersburg scoring another TD, on a 21-yard run; the run for extra points failed.

On defense, Casey Meeks had a good tackle while Ortiz had a strong stop. Landon Meeks had a fumble recovery. Armstrong had a great stop, while Juan Sanchez and Ben Opplier had good hits. Kason Gabriel had a great hit on a punt.

Offensively, Stevenson had a good kick return. McFarland passed to Ruiz for 12 yards.

Team stats: first downs, Farwell 10, Petersburg 14;

Your electric water heater may be giving you the cold shoulder.

It typically takes an electric water heater longer to heat up water than it takes an LP-gas heater with the same size tank. Sometimes a lot longer.

So while others are enjoying a nice, hot shower, your electric water heater may be giving you the cold shoulder.

Of course, speed is only one advantage. Because Philgas is a very efficient way to heat water, it can cost you less than electricity. Shower after shower. Month after month.

LP-gas also uses considerably less natural energy than electricity. And conserving energy is something we are all concerned about.

So when you've got a job to do around the house or farm, give us a call. Because if Philgas will heat water better, imagine how well it can do a multitude of things better than you're doing them now with electricity. **PHILGAS 66**

Lazbuddie beats up on Wilson

The Lazbuddie Longhorns evened their season record at 1-1 with a 60-40 victory over Wilson in a home game last Friday.

The Longhorns host Jayton on Sept. 14 for Homecoming.

Coach Mark Scisson said his offense looked pretty good but the team defense is still struggling.

"Big runs by Wilson almost killed us," he said.

Lazbuddie fell behind 18-6 at the end of the first quarter. The 'Horns score came on an 18-yard pass from Lucas DeLeon to Robbie Martin.

But Lazbuddie put together a big second quarter to take a 36-24 halftime leader.

The Lazbuddie scores came on a 5-yard run by Michael Martinez; a 12 yard pass from DeLeon to Jake Louder, a 6-yard run by Louder, and a 35-yard pass from DeLeon to Martin. Louder added 6

Lazbuddie gained 362 yards overall, 176 via the airways, and 186 on the ground.

Rushing leaders were Martinez, 40; DeLeon, 68, and Wilkerson, 47.

T-yield update considered

From Plains Cotton Growers Inc.:

The USDA Risk Management Agency is considering an update to the county transitional yields, commonly referred to as T-yields, for Upland cotton and many growers may be big losers if the changes are implemented as initially proposed.

The past ten years have been an anomaly in terms of crop losses and duration of drought conditions on the Texas High Plains and Rolling Plains.

Many dryland cotton producers, caught in the fallout from this extended period of dry weather, have seen their Actual Production History (APH) yields drop significantly, and had to absorb the added consequences of

increased premium rates for crop insurance and lowered coverage levels.

It appears that RMA's decision to update T-yields in Texas after having left them in place since at least 1997 will create a sudden and significant hardship to many growers.

While providing a modest level of protection, the yield floor and associated coverage available to growers does not provide enough protection to cover a full season of expenses.

The proposed changes will reduce coverage levels to a point where many growers will not be able to adequately insure these early season costs in the future.
