

# THE STATE LINE TRIBUNE

"OFFICIAL PUBLICATION OF PARMER COUNTY"

NUMBER 34

SIXTY-SECOND YEAR

15 CENTS

Politics on the local level has subsided for the nonce. In the aftermath of the local election, a fact stands out as plain as W. C. Fields at a WCTU convention. Friona wags the county. No way out of this for the rest of the county. With 1575 registered voters in their precinct this year, the rest of us might as well be resigned to their voting patterns for the next several years.

Even with the help of a dedicated group of local women in getting out the vote, the local box was only visited by about 50 percent of the local registrants. This is a sad comment on the apathy of the general public. This figure seems to be about the most that turn out for anybody's election—from President to dog catcher. This probably accounts for the great number of sorry politicians holding office at all levels of government. The "weak willies" put in by pressure groups are running the American show and their incompetence is apparent in every act.

Today, the overriding problem of this country is galloping inflation. Yet, supposedly responsible Congressmen are pressing for a tax cut. This is like putting out a fire with naphtha.

Our economic problem is not having too little money, but not having enough goods for the present supply of money.

To further add to our economic straits, our fearless Representatives, with the consent of a harried Administration, raised the minimum wage to two dollars per hour. This will immediately add more money to the buying pool and not produce any more goods for the available supply. It will immediately add to the cost of doing business from the originator to the final seller. They will inevitably have to increase prices to compensate for this added cost of production and handling.

There is no way but for prices to go up and up. In the meantime, people of low earning capacity and those on fixed incomes will continue to have less and less.

This sorry state of affairs is brought about by the venality of our politicians in conjunction with the apathy of the general voting public.

People prate about honesty, integrity, statesmanship and other morals. These qualities will not return to the political scene until considerably more than half of the people go to the polls and reject the appeals to greed and selfishness now being dished out to the public by the current crop of office holders.

The qualities of government that made this country great will return only when the people, in sufficient numbers, forsake Mammon and return to the Golden Rule.

At last—at long last, we may be developing a journalist from the ranks of the Farwell High School graduates. Will Anderson, son of Mr. and Mrs. Bob Anderson, is studying journalism at Texas A&M and is the managing editor of the university newspaper, "The Battalion." Will broke in the writing ranks several years ago as a sports writer for The Tribune and did a good job for us as a high school lad.

Texico has offered a course in journalism for a number of years and we feel that his has been a good thing for their students as the ability to communicate fluently on paper is a valuable asset whether a person actively pursues journalism or not. A semester or two in journalism would be an excellent addition to the curriculum at Farwell and should have a high priority in planning new courses to be offered locally.

## Weather Wins Ball Game

Despite all the hullabaloo which goes along with friendly rivalry, one such yearly vendetta never took place in the Texico-Farwell area last weekend. The scheduled Lions-Rotary softball game was cancelled at mid-afternoon last Saturday with the weather declared the winner.

Storm clouds moved into the

**COOKING UP SOMETHING SPECIAL** — Mrs. Arlye Crooks (Margie) gets a rest period and time to browse through a book as daughters, Gia, at stove, and Lisa, right, prepare the family meal. Mrs. Crooks is getting special treatment for Mother's Day as all mothers throughout the country will be honored on their special day, Sunday, May 12.

## Saturday Election - -

# Fortenberry, Miller And Felts Top Local Winners

Taking the spotlight during Saturday's Primary elections on a local level were three contested races. Incumbent County Judge Archie Tarter, who has served as Parmer County Judge for the past six years, lost in the primary to Paul Fortenberry of Friona. Fortenberry has been a Friona businessman for several years. In the final tally, Fortenberry had 1187 votes to 789 for Judge Tarter. Judge Tarter carried Farwell, Lazbuddie and Oklahoma Lane with Fortenberry carrying the other five boxes in the county and his largest margin being in Friona, his hometown, where he had 650 votes to 52 for the incumbent judge.

Also unseated was incumbent Commissioner Raymond Treider, Jr. of Precinct Four

at Lazbuddie. He was bested by Roy Miller, 119 to 49 for Treider. Commissioner hopeful Pete Jesko had 45 votes. Miller will face Republican Jimmy Briggs in the November general election.

Benna Felts, who was named county treasurer when incumbent Mabel Reynolds retired in September won her first victory for the post Saturday with a vote of 958 to 858 over Jenoyce Ford who also sought the treasurer's post.

Receiving a sound trouncing by Parmer County voters was a "public opinion" vote on whether or not to include pari-mutuel betting in the state with horseracing. Voters in this county vetoed the proposal, 1125-451 for nearly a three to one margin, and no voting box carried the proposal.

Incumbent Governor Dolph Briscoe won hands down in this county in his bid for re-election. He bested his closest opponent, Frances "Sissy" Farenthold, 1490-273. Briscoe won his bid for re-election in the state, and in the November general elections will face former Lubbock mayor Jim Granbury, who won the Republican Primary, also on Saturday.

Bill Clayton, incumbent State representative, won his bid for re-election in this county, when he bested Harvey Floyd of Vega, 1555-226. The representative will face no opposition from the Republicans during the fall general election.

Other unopposed local races were Pat Boone, Jr., district judge for the 154th district; Dorothy Quickel, district court clerk; Bonnie Warren, county clerk; Charles Jefferson, commissioner, Precinct Two; Ray Mears, justice of the peace, Precinct Three; Frances Euler, justice of the peace, Precinct One; Wilbur Charles, justice of the peace, Precinct Two; and Hollis Horton, Parmer County Democratic chairman.

Although a light voter turnout was noted statewide, Par-

## Beans, Cornbread On Dinner Menu

Members of the Texico Woman's Club are hosting a beans and cornbread dinner with all the fixings at the Texico Community building tonight Friday, May 10.

They promise an "ole fashioned" dinner for \$1 a plate from 6-8 p.m. Home-made pie will be extra. All proceeds from the dinner will be used to help pay off the remodeling note made by the Texico Woman's Club to complete renovation of the community building.

## Well Underway - -

# Corn May Become Major Crop In Parmer County

If a present trend continues, corn production may become the major agricultural pursuit in Parmer County, according to figures beginning to ac-

cumulate in agriculture offices scattered throughout the area.

Last year, 108,000 acres of corn were harvested in Parmer County, along with around 125,000 acres of milo. A conservative estimate thus far in 1974, indicate that approximately 130,000 acres may be planted with the fast growing crop, according to Parmer County Agent Mack Heald.

Heald said that if corn continues to dominate the crop picture, milo production could drop to around 80,000 acres and corn could possibly advance upward to around 150,000 acres within this county.

Although both corn and milo require just about the same amount of pre-plant preparation and about the same amount of water and harvest figures are comparable, corn is considered to be less of a problem crop in the interim, between planting and harvest. Also corn matures faster and is out of the field generally before bad fall and winter weather begin to dominate harvest time, also enhances it

as a potential money crop.

Agriculture experts predict that corn may become 90 percent of the crops planted in Parmer County, and this year will be the first year corn has overcome the lead held by milo production for a number of years. Long known as the grain sorghum capital of the world, the grain may lose ground and the county may be slated to become the corn capital of the world.

Cotton planting got underway last week, with some early planting underway, although Heald said it is still just a little early for cotton to be planted. Milo planting also started last week.

Although 95 percent of Parmer County is irrigated, the county agent said moisture is not good, and pre-watering is necessary throughout the county. The only wet spots are from Oklahoma Lane east to the county line and north to the draw. The southeast one third of the county is reported to be "wet" with two to three inch rains recorded during the past two weeks.

In areas where no rainfall has been recorded, pre-watering is taking longer, especially on row irrigation, where the water seeps into the bone dry ground as it starts to the end of rows.

With some vegetables planned for marketing, cabbage, onions and potatoes have been in the ground for some time, carrots have not been planted, nor have other vegetable crops which are harvested on a limited basis in this county.

Diesel is reported to be in good supply for farmers, and herbicides and insecticides are in good supply, as a shortage was foreseen and some backlog of needed supplies was noted. A threatened nationwide truck strike for this weekend is not expected to immediately affect this county, as all seeds and agriculture supplies for the spring are already in the area, and planting is expected to continue on schedule, according to agriculturists.

An increase in home gardening has been noted, with even urban dwellers planting every available space with vegetables in this locale.

## Variety Show - -

# THS Royalty To Be Crowned On May 16

Texico High School will honor Mr. and Miss THS during the annual variety show on Thursday, May 16, at 7:30 p.m. MDT in the Texico auditorium. They will be crowned by last year's runners-up Regina Kelley and Dwayne Kelley, as Miss THS, 1973, Jo Pearce, will not be available during the show.

Promising, "From kindergarten age and up talent will be on stage like you can find no other place," the annual show will feature tops in entertainment, according to Texico school officials.

All honor students from the school will be recognized, including class favorites and Who's Who in the school. Special guests at the show will include Mr. and Mrs. Ed Hargade and Doug Niece.

Also, during the show, the Texico Yearbooks will be distributed and school officials remind that yearbooks must be paid in full by May 15 in order to receive a book. The Texico journalism class will not accept any money on the night the books are distributed.

Top score was tabbed by Wallas, 152.96, second was Joaquin with 150.76 and third was Nocona with 149.24. The top three winners typed with 100 percent accuracy.

Terri was accompanied to Austin by Donna Clapp and Mrs. Frances Boling. While there, they toured the state capitol building and the LBJ library. Also, they saw part of the University of Texas campus including the observation deck of the tower which is now open to the public.

During a special called meeting of the Farwell City Commission Monday, May 6, at 5 p.m., the two city commissioners, Jim Berry and Fred Chandler, and Farwell Mayor Gil Patschke formally approved completion of and accepted the paving project for the city.

After hearing a report from engineer Bob Lydick who said he would have to compliment the work which was done by Jake Diel, contractor, in compliance with the specifications, and accept the work, the project was approved for acceptance.

According to the engineer, some limited finish-up and touch-up work still needs to be completed but the contractors are in the process of completing the work at this time and should finish within the next week to 10 days.

City Attorney Charles Aycock was also instructed to issue \$250,000 in paving bonds to go with the slightly more than \$18,000 collected to date from property owners in the paving project in order to pay the final bills of a little more than \$266,000.

The 50 paving warrants will have a total of a four year payout, with each warrant being in the amount of \$5,000 and is held by the Security State Bank in Farwell as collateral for the loan to complete payment.

The engineer also reported that several homeowners or

MELVIN A. SNIDER

## Snider Funeral Rites Saturday

Melvin A. (Dutch) Snider, a pioneer resident of this area, died early Friday morning at Clovis Memorial Hospital where he had been a patient for three weeks. Mr. Snider was born February 12, 1898, in Hollis, Okla. He was married in Hollis to Grace Williams on August 17, 1918. The Snider family moved to the West Camp community south of Farwell in 1925, then into Farwell in 1949.

Mr. Snider was a retired farmer and a member of Hamlin Memorial United Methodist Church of Farwell.

Funeral services were conducted at 3 p.m. Saturday, May 4, at Hamlin Memorial United Methodist Church with Rev. W. T. Perry, pastor officiating. Burial was in Sunset Terrace Memorial Gardens under direction of Stead-Todd Memorial Chapel of Clovis.

Pallbearers included Woodrow Lovelace, Don Williams, Bert Williams, Mark Liethen, Dwight Sherriff and Elmer Hargrove.

Survivors include his widow, Grace; one daughter, Mrs. Wilma Louise Moseley of Farwell; one son, M. A. Snider, Jr. of Farwell; seven sisters, Mrs. Ethel Husband, Mrs. Hazel Willingham and Mrs. Ruby Husband, all of Hollis, Okla.; Mrs. Lotie Johnson of Lawton, Okla.; Mrs. Bonnie Williams of Farwell, Mrs. Letha King of Portales and Mrs. Aleen Clonts of Phoenix, Ariz.; two brothers, Roscoe of Alhambra, Calif., and Elmer of Borger; and four grandchildren, Kim Snider of Lubbock, John Snider and David Snider and David Moseley, all of Farwell.

# Paving Project Is Approved By Farwell City Commission

Residents are putting dirt, refuse and cut grass in gutters and noted that the city may want to pick up the refuse before gutters in the new paving areas become clogged.

An excess of gravel now covering newly paved streets will be removed within the year after as much gravel as possible packs into the soft asphalt and becomes a permanent part of the streets.

Discussed during the meeting was the water project and it was said that the water pro-

ject now nears completion with the new pump house and clean-up work to be conducted by contractor, Sheets and Sheets of Texico. City Commissioners approved another payment of \$16,000 to the contractor with final payment contingent on completion of the project to the satisfaction of the city.

Two other items coming under brief discussion during the meeting were the new junk car ordinance, which is now effective, and the possibility of acquiring a parttime city marshal for the City of Farwell.

## Will Anderson Is Named A&M 'Battalion' Editor

Will Anderson, a sophomore journalism student at Texas A&M University has been notified he has been named managing editor of the campus newspaper, "Battalion."

He is the son of Mr. and Mrs. R. W. Anderson of Farwell, and is a 1971 graduate of Farwell High School.

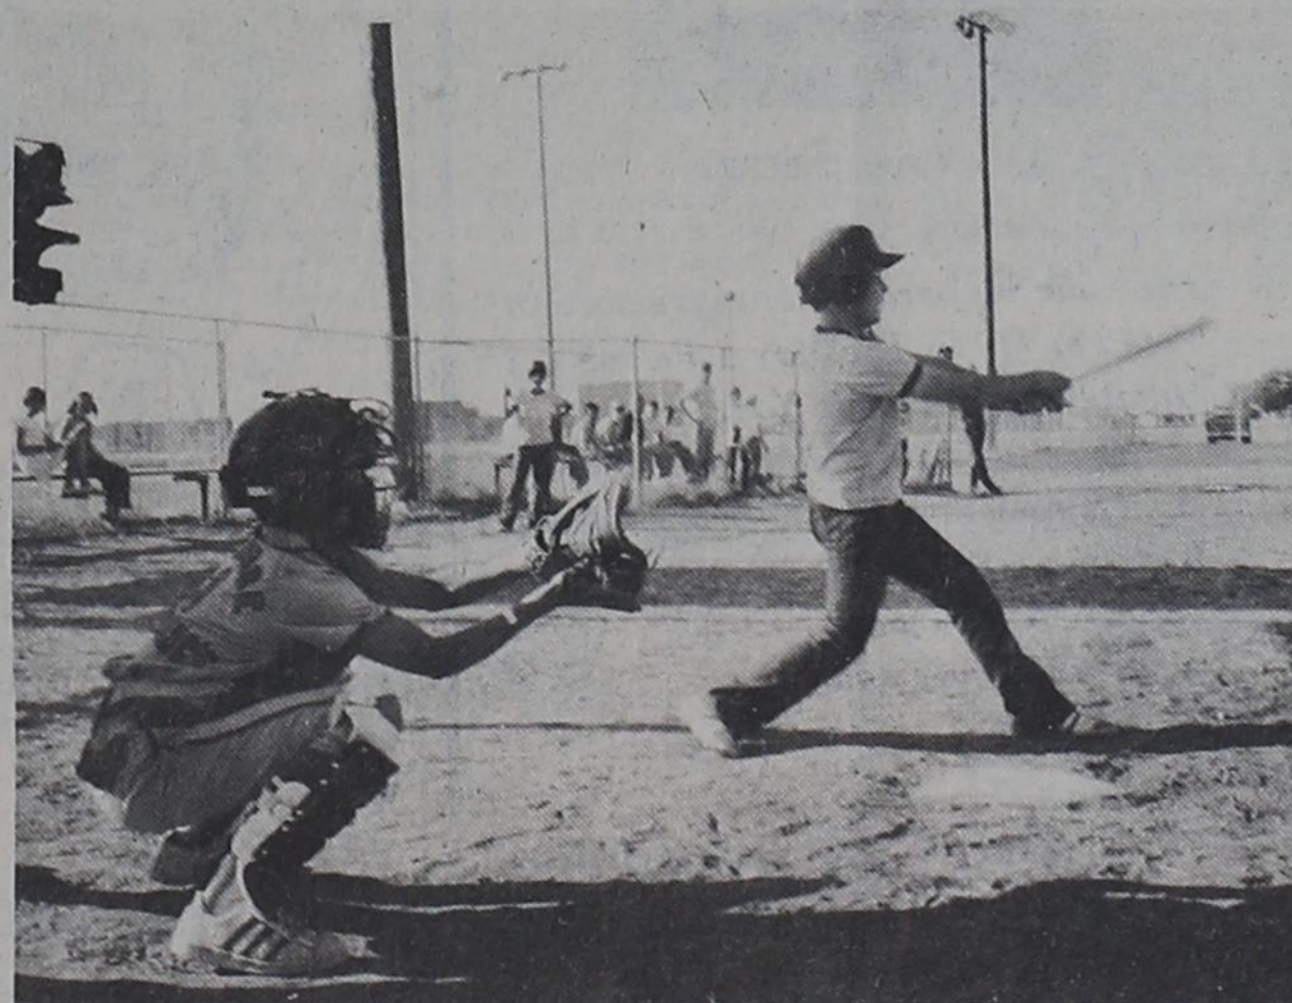

For the third year in a row, Will's military unit has been awarded the number one military award on campus, the General Moore award. It is awarded for scholastics, intramural activities and military proficiency.

The Andersons say son Will is quite proud of the accom-

plishments of the military unit of which he is a member.

WILL ANDERSON

**BATTER UP** — With the 1974 Little League season officially getting underway Monday night at the Lions Club baseball field in Texico, starting off the season with the Aldridge-Harding and Tide teams. Tide fell before the onslaught of the Aldridge-Harding team. Pictured here is Tide batter, Mac Langford as he takes a mighty swing. The Aldridge-Harding catcher is Neal Haile. Final score in the game was 16-15 for Aldridge-Harding.

### Girls Little Dribblers Play

Both the Tigerettes and the Steerettes are showing power and muscle in the Girls Little Dribbler basketball action as both teams came out winners during action in the past week.

In action on Thursday, May 2, the Tigerettes downed the Queens, 22-17. Scorers for the Tigerettes were Pam Blaine, nine; Madeline Hicks, six; Gayla Goldsmith, five; and Stella Vega, two points. For the Queens, it was Jana Berry, 10; Dondra Gerles, six; and Deana Hager, one.

In the second game, the Patriettes fell before the Steerettes, 23-19. Scoring for the

Steerettes were Lisa Hughes, 14; Terri Cole, three; and Suzanne Howard, Robin Ennen and Terri Chandler, each two points. For the Patriettes, scorers were Kim Marsh, 15; Loy Curtis, two points; and Gayle Dorrie and Sonya Rodriguez, each one point.

Monday night, the Steerettes defeated the Queens, 19-16. Robin Ennen had seven points; Lisa Howard, five; Terri Chandler, three; Tammy Hernandez and Terri Cole, each had two points.

The Patriettes fell to the Tigerettes 22-13, with Madeline Hicks, Karen Blaine and Gayla Goldsmith, each having six points; and Lisa Howard, four points.

Scoring for the Patriettes were Kim Marsh, six; Cathy Danehower, three; Donna Kalbas, two; and Josie Rodriguez, one point.

**ROTC COMMISSION** - Receiving congratulations from Lt. Col. Eldon Simpson, (right), professor in military science and corps commander at Eastern New Mexico University in Portales, is Travis Everett of Farwell. He is the son of Mr. and Mrs. Roy Everett of Dimmitt, former residents of Farwell. He has been commissioned a second lieutenant and will report to Fort Sam Houston, Tex.

### Texico Wolverines First At Tatum EPC

With a big 87½ points and their nearest competitor at 75 points, the Texico Wolverines walked off with a big win at the Tatum EPC track tournament last weekend.

In a spectacular 880 relay, the Texico team came in second after the baton was dropped and Coach Daryl Haley said Jimmy Ortiz sprained a muscle and limped

most of the way. Breaking more records as he goes along, Curtis Lindley kept up his winning ways as he was a member of the 440 relay team which broke a record with a time of 45.0. Other team members include James Steward, Tommy Galvan and Jimmy Ortiz.

Breaking another record in the broad jump, Curtis had 23 feet, four and one-quarter inches. The state record is 23 feet and seven-eighths of an inch. Fourth in broad jump was Tommy Galvan with 19 feet, 11 inches and James Steward with 19 feet, four inches was in fifth place.

The two mile relay improved for the Wolverines as they had a time of 11:25, which was an improvement of 40 seconds over other runs. Curtis was first and James Steward second in the 100-yard dash and the same combination of Curtis

and James was true in the 200-yard dash.

Texico was second in the mile medley with a team of Terry Brown, M. H. Askew, Sammy West and Spencer Turner and third in the mile relay was a team of Eugene Wallace, Berry Lindley, Tommy Galvan and Dwayne Kelley.

First with the javelin was Tommy Galvan; Eugene Wallace was third in low hurdles and Dwayne Kelley fourth in the 180-yard low hurdles. In third place in high hurdles was Dwayne Kelley and Jimmy Ortiz was third in the high jump.

### At Portales - -

### Texico Girls Track Team To State Meet

Several girls from the Texico High School track team will compete at state scheduled in Portales next week.

Competing in the 440-yard, 880-yard and medley relay will be Charlene Whitener, Carolyn Steward and Sharon Lindley, who has broken all records in the 100 and 220.

Linda Autrey will also compete in the 440 as will Susan Snodgrass. In third place at

the Tatum Invitational, Charlene Whitener won the 80-yard hurdles.

Also slated for state competition will be Beverly Duncan in the 440 relay and 880 relay; Kim Herrington, 100-yard dash, 880 relay and 440 relay; Carolyn Steward, 440 relay; Sharon Lindley, 880 relay; Linda Autrey, medley relay; Charlotte Smith, medley relay and Rosa Steward.

### What's Cooking Farwell School

**MONDAY** -- Fish crispies with tarter sauce, macaroni and cheese, blackeye peas, chilled tomatoes, hot rolls, butter, syrup and milk.

**TUESDAY** -- Burritos with chili, grated cheese, lettuce and tomato salad, buttered hominy, peach cobbler, bread and milk.

**WEDNESDAY** -- Porketts with catsup, potatoes and gravy, sweet peas, stuffed celery, hot rolls, butter, apple-sauce and milk.

**THURSDAY** -- Hamburgers, pickles and onions, lettuce and tomatoes, cheese slices, potato chips, buttered hominy, chocolate pudding with cream and milk.

**FRIDAY** -- Steak sandwich on toast, gravy, potato-cheese casserole, cole slaw, pears, bread and milk.

### Al Phillips Is WTSU Graduate

Al Phillips, son of Mr. and Mrs. A. F. Phillips, received a bachelor of science degree in Education from West Texas State University in Canyon.

He is a 1969 graduate of Farwell High School. While enrolled in WTSU he was active in Lambda Chi Alpha fraternity.

Graduation exercises at the university were Saturday, May 4, with 874 receiving degrees.

### If you can't get PIONEER Brand 8311 here are some excellent alternative hybrids for High Plains farmers.

Pioneer Brand 8311, the "Golden Bronze Yield Leader," has been our most popular hybrid this year — so popular, in fact, that it may be in short supply in some areas. One reason is that the demand has been so great downstate where 8311's disease tolerance is so important. Fortunately, there are several other Pioneer Brand hybrids that are proven top performers on the High Plains. If you can't get 8311, ask your dealer about these.

#### PIONEER Brand 8417

This versatile yellow endosperm sorghum is a champion yielder in the medium-late maturity class, for irrigated or non-irrigated land. It has large open heads, uniform head height, strong stalks for easy threshing, good tolerance to smut and anthracnose.

#### PIONEER Brand 820

This top-notch full-season hybrid, is a consistently high yielder. Excellent drought resistance and standability plus good roots and stalks make it a good choice for irrigated or non-irrigated farming on the plains.

#### PIONEER Brand 828

One of the highest yielding sorghums you can plant, this full-season hybrid responds well to good management on good land with plenty of water. Plains growers like it because it holds its quality and threshes well even after an early freeze. It produces sturdy stalks with semi-compact heads of dark red grain.

#### PIONEER Brand 846

Famous for its versatility and adaptability, this medium maturity hybrid yields along with the full-season varieties. Resistant to smut, rust and MDM, its outstanding hybrid vigor and excellent drought resistance help it turn in consistently high yields even under stress.

**PIONEER BRAND SEEDS**

PIONEER HI-BRED INTERNATIONAL, INC.  
Southwestern Division  
P. O. Box 788, Plainview, Texas 79072

Pioneer is a brand name. Numbers identify varieties.  
Reg. trademark of Pioneer Hi-Bred International, Inc.

Performance of seeds or the crop produced therefrom may be adversely affected by factors beyond our control including environmental conditions, insects and diseases. The limitation of warranty and remedy attached to each bag of Pioneer brand seed is a part of the terms and conditions of the sale thereof.

**ACCIDENT INJURES ONE** - Shortly after 3 p.m. MDT last Friday, Steven Christian, 15, son of Mr. and Mrs. Bill Christian of Texico, was rushed to Clovis Memorial Hospital by Texico Fire Department Emergency Service after this car attempted to make a left turn from Hamlin Street onto Anderson Street and failed to see the Christian youth headed south on Anderson on his motorcycle. Driver of the vehicle, Stanley Miller, 17, of 800 Anderson was not injured nor were his passengers, Billy Miller, Leslie Miller and Kathy Huera. Steve was hospitalized overnight for observation and treated for a head and knee injury. Texico City Marshal Mickey Fenn issued a citation to the driver of the car for careless driving.

**Report From The Sheriff's Office**

Six men were charged with felonious aggravated assault with a deadly weapon following an affray in Friona on Sunday, April 30, according to Sheriff Charles Lovelace. Released on \$2,000 bond each on Monday were Tom Frankie Estrada, 25; Walter Ortega, 45; Ismael Ortega, 17; Fermin Reyes, 21; Pedro Dimas, 27; and Rojilio Reyes, 20, all of Friona. Sheriff's officers returned Morris Livingston from Lubbock on Monday, May 6, to face a misdemeanor charge and returned Henry Martinez from Clovis for a hearing. Martinez faces a revocation of probation hearing for a four year probation sentence he received for burglary last September. He was picked up in

Clovis on Friday, May 3, on a Parmer County warrant. A car, which had been stolen in Temple on Saturday night, April 29, was recovered at Monsanto the following night. The nightwatchman drove up to one of the big trucks at the plant and found the car with a siphon hose running gasoline out onto the ground and abandoned. According to the nightwatchman, he found the car around 11 p.m. on Sunday night and notified the sheriff's office around 7 a.m. the following morning. It was later discovered through footprints in plowed fields, that one person had crossed fields to the Mitz Walling farm and apparently took a truck which was found abandoned and out of gas west of Clovis approximately two days later. The owner of the 1970 Oldsmobile found at Monsanto was notified and the vehicle was picked up late last week said the sheriff.

The first Civil War casualties were suffered in Baltimore, Maryland, where irate citizens stoned Union troops marching to Washington, D.C. (April 19, 1861.)

**HAGELGANTZ BIG COUNTRY FORD**

**On The Farm In Parmer County**

By R. MACK HEALD  
County Agent

The "secret" formula for a healthy dark green lawn calls for plenty of good management, water and fertilizer. And, as far as fertilizer is concerned, nitrogen is the key to maintaining the green color. A continuous supply of nitrogen must be available throughout the growing season. This requires top-dressing fertilizer in the early spring when the grass begins to grow and at six to eight week intervals during the growing season.

If fertilizer containing special "slow release" nitrogen materials is used, higher rates per application can be used to extend the interval between applications. Each time you fertilize, apply enough material to supply 1 1/2 to two pounds of actual nitrogen per 1000 square feet. Two pounds of nitrogen requires 15 pounds of 12-12-12, 10 pounds of ammonium sulfate or six pounds of ammonium nitrate. The amount of nitrogen needed depends on the composition of the fertilizer. The first number in the composition shown on the fertilizer bag is the percent of nitrogen.

Use fertilizer containing phosphorus and potassium in the spring and fall. After several years of fertilization, these materials will generally build up so that only maintenance amounts will be needed annually. Lack of nitrogen is the main cause of grass turning light green and yellow. Other causes are disease or insect damage, iron chlorosis or acidity.

Grain producers throughout Texas now have up-to-date market news at their fingertips. By simply placing a long distance telephone call to any one of four locations, they can obtain daily grain price information. The statewide telephone recording system is being provided by the Texas Department of

Agriculture and is directed to the four major grain producing areas of the state - the High Plains, Rolling Plains, Central Texas and South Texas. Recorder locations and numbers are Amarillo -- (806) 352-7411; Lubbock -- (806) 763-3285; Vernon -- (806) 552-7541; and Corpus Christi -- (512) 884-0911.

Producers can call the location and number nearest their county for a three-minute recording which will contain a brief summary of the market for that day, including prices being paid to the farmer, elevator selling prices and futures market prices. Additional items of interest such as crop production reports and the world agricultural situation will also be included as reports are received.

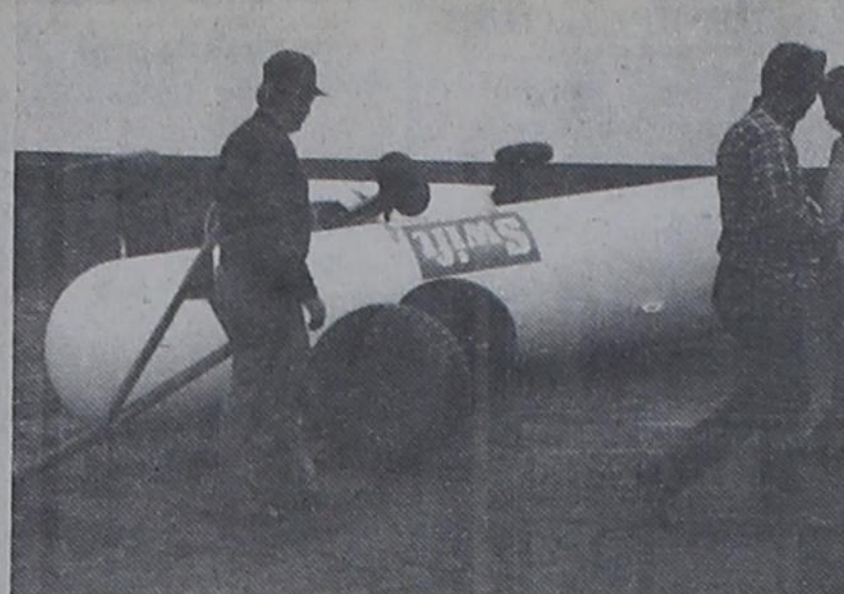

**Fire Calls**

Reports from both the Texico and Farwell Volunteer Fire Departments and Emergency Service units indicate no fire calls during the past week.

However, the Texico ambulance took an accident victim to Clovis Memorial Hospital last Friday afternoon. Both units were on weather watches Saturday afternoon and the Farwell ambulance took a heart attack victim to Clovis Memorial Hospital Sunday morning.

**Bookmobile Schedule**

Thursday, May 16: Okla. Lane, 9:00 - 10:00; Rhea Community, 10:45 - 11:45; Friona #1, 1:00 - 1:30; and Black, 1:45 - 2:45. Friday, May 17: Hub, 9:00 - 10:00; White's Elevator, 10:00 - 11:00; Lazbuddie, 12:00 - 1:00; and Clay's Corner, 1:15 - 2:15. Saturday, May 18: Farwell, 8:55 - 11:50; and Friona #11, 1:00-4:00.

**TANKS FLIPPED** - Two fertilizer tanks flipped last week southwest of Texico. Garland Wellman, who farms southwest of Texico, said the trailer hitch broke on the pickup causing the two loaded tanks to flip. No damage was sustained by the pickup and no injury resulted to the driver in the Thursday morning crash.

**Meeks In Lubbock Cardiac Hospital**

Lee Edward Meeks, who suffered an apparent heart attack during services at the Farwell Church of Christ Sunday morning was taken to Lubbock Methodist Hospital early Monday morning for treatment. He had been first taken to Clovis Memorial Hospital by

members of the Farwell Fire Department and Emergency service, and later transferred to Lubbock by a Clovis Fire Department ambulance.

At presstime, Meeks was reported to be showing some slight improvement.

**DOES YOUR FERTILIZER CONTAIN SULPHUR?**

**Smith Douglass Pelleform does!**

You used to take sulfur for granted. You can't afford to anymore. Environmental controls have reduced the amount of sulfur in the air. You don't get carry-over you once did from sulfur dust insecticides and fungicides. How can you economically furnish sulfur to your crop? Use Smith-Douglass Pelleform.® It gives you not only nitrogen, phosphorus and potash but sulfur...plus Trel.® Smith-Douglass' exclusive formula of trace elements. And it's all combined in every clean, green pellet. Pelleform's easy handling, even spreading. Rely on Pelleform Bermuda Booster® to produce high-yielding pasture. The sulfur in Bermuda Booster is important to cattle. The Texas Plant Food Institute Newsletter reports that sulfur helps control nitrate accumulation to minimize losses from grass tetany and nitrate poisoning. Pelleform comes in a special analysis for peanuts. Extra amounts of calcium and potash help produce good yields of firm, heavy, high-quality nuts. You'll like Pelleform. It's the kind of complete and balanced fertilizer you need to make money from farming today. Talk to your Smith-Douglass man! Smith-Douglass makes the growing greater!

**TWO MINUTES WITH THE BIBLE**

BY CORNELIUS R. STAM, PRES. BEREAH BIBLE SOCIETY, CHICAGO, ILLINOIS 60635

**THE BLESSING OF CRISIS**

The Apostle Paul, who had been through one desperate crisis after another, wrote the following:

"And we know that all things work together for good to them that love God, to them that are the called according to His purpose" (Romans 8:28).

How many people have found life going along smoothly for years when, all of a sudden, they have found themselves in the middle of serious crises!

Perhaps the sudden death of a loved one changed life completely and presented serious problems wholly unanticipated. Perhaps it was the sudden loss of wealth, so that life had to be completely readjusted. There are hundreds of unexpected incidents that can suddenly bring one face to face with stark and stern reality.

For believers in the Lord Jesus Christ such crises can prove great spiritual blessings. They tend to draw us closer to our heavenly Father, to cause us to pray more and lean harder upon Him. They show us the insecurity of all that is temporal and give us a greater appreciation of our eternal security in Christ. They give deeper meaning to the Scriptures we study and even to the hymns we sing. They sanctify and enrich our fellowships.

To those - and only those - who truly love God and are "the called according to His purpose," all things do indeed "work together for good" - or, to render this passage more correctly, they "are wrought together for good" - by God.

This is why God's Word to the Christian is:

"Be careful (full of care) for nothing; but in everything by prayer and supplication, with thanksgiving, let your requests be made known unto God.

"And the peace of God, which passeth all understanding, shall keep your hearts and minds through Christ Jesus" (Phil. 4:6,7).

## Texico City Marshal Fenn Outlines Future Plans

by Cleta Williams  
 "I like young people and plan to work with them in any way I can," says Mickey Fenn, who just assumed duties as city marshal for the City of Texico. He made the reply in response to a question as to what rapport he has with young people, especially teenagers. "As the father of a large family," he added, "I think I can see many of the problems they face as they are growing up."  
 There are seven children in the Fenn family, and an eighth child is due this month. Fenn and his wife, Phyllis, are the

parents of Becky, Brian, Jimmy, Jody, Terri, Jodi and Tracy, and they spent Monday of this week in Texico in an attempt to find a house to purchase.  
 The officer has a philosophy which he says works for him, and he has never really had any trouble. "I treat everybody just exactly like they treat me," he comments. "This philosophy has really worked for me."  
 A certified officer as required by New Mexico legislation, Fenn has had training in search and seizure, stolen motor vehicles, latent finger-

print and classification, narcotics and has attended around 20 firearm schools, and is a qualified expert with both the handgun and shotgun. He has also had special training in criminal investigation and motor vehicle accident investigation.  
 During his first month on duty, Fenn explained that he would be working rather irregular hours as he would be on duty at different times in an attempt to see what would be the most feasible hours to be on patrol and when he would be needed the most. "However," he smiled, "I will be

around, and no one will know exactly when I will be on duty, except they will look up and see me there." He is assisted on patrol on weekends and during his days off by Erasmo Rodriguez, who has also served as deputy marshal under Willie Ronquillo and Butch Foster.  
 Fenn is a New Mexico native and grew up in Clovis. His reason for moving to Texico after six years experience with the Clovis Police Department, both as patrolman and detective, was to get his children into a small town and in a smaller school system.

**UIL REGIONAL WINNERS** - Saturday, May 4, the Farwell Elementary and Cadet Bands competed at Friona in a UIL Regional contest. The Elementary Band received a III in concert and sight-reading. The Cadet Band received a III in concert and a I in sight-reading. Bandmaster Lynn Burton said, "I felt the bands did an exceptional job considering they have only been playing 20 weeks for the elementary band and the cadet band has had only a year and 29 weeks." Events left for the school year are the Pops Concert on May 23 and the elementary program on May 29. Pictured here are 10 first chair sixth graders, representative of the group who competed in Friona. Back row, from left, Michael Boling, Jeanette Gilliam, Gayla Goldsmith and Lisa Hughes. Center, from left are Ruth Whitesides, Jana Berry and Donna Kalbas. Holding the trophy, kneeling from left are Mark Owen, Dondra Geries and Darin Avara.

## Caution Urged For Pesticide Use

The use of pesticides in agriculture has grown by leaps and bounds in Farmer County during the past few years. It is recognized that pesticides have become a necessity in operating efficiently. All pesticides are potentially dangerous and must be treated with respect. In case of exposure always get the victim to a doctor. Until medical aid is secured, however, a first aid kit is valuable.  
 According to a recent article in "Agrichemical Age" written by Dr. J. E. Dewey of Cornell University you can make your own first aid kit. Dr. Dewey suggested that the container have a tight fitting lid that will not come open or let pesticides leak in. It should be labeled clearly. It should contain:

1. A small plastic bottle of a common detergent to wash pesticides off the skin.
2. A small plastic container of salt, used with water to induce vomiting or aid a person in shock.
3. A box or plastic container of baking soda or a bottle of Milk of Magnesia. Mixed with water, these will neutralize acidic chemicals that have been swallowed.
4. A plastic bottle of lemon juice or vinegar. They are used with water to neutralize basic or alkali chemicals which have been swallowed.
5. A small bag of activated charcoal. Mixed with water and swallowed, this acts as an absorber of all pesticides.
6. A shaped plastic airway for mouth-to-mouth resuscitation.
7. A thermos or large plastic bottle (at least one pint) of clean water. If there is no clean water in an emergency use lake or irrigation ditch water.
8. Simple band aids, bandages, and tape. All cuts and scrapes should be covered to prevent pesticide entry.
9. A blanket is very useful, but keep it from becoming contaminated.
10. Tape a dime to the inside cover of the kit for emergen-

cy phone calls.  
 11. A small plastic jar with a tight fitting lid for drinking or collecting vomitus to take to the doctor.

## Texas Grain-Fed Beef Promotion Gets Going

AUSTIN--Texas Department of Agriculture (TDA) home economists and members of the Texas Cowbelles will distribute educational kits on Texas Grain-Fed Beef to primary and secondary schools as part of a TAP (Texas Agricultural Products) promotion during March and April.

According to Agriculture Commissioner John C. White, a new beef cookbook and recipe folders will be printed as part of the annual campaign to encourage sales of Texas beef.  
 "Texas is the biggest cattle-raising state in the country, and we're proud of the high quality of our beef," White said. "Despite rising prices, Texas Grain-Fed Beef is a good buy in terms of nutrition and just plain good eating."  
 A chuckwagon motif will be used in food stores and on billboards and television. There will also be radio spots.  
 TDA is sponsoring the campaign in cooperation with the Texas Cattle Feeders Association, the Texas Grain Sorghum Producers Board and the Texas and Southwestern Cattle Raisers Association.

The Texas Cowbelles are affiliated with the National Cowbelles, an auxiliary of the American National Cattleman's Association.  
 Eight years ago White originated TAP to promote Texas food and fiber. Since then it has attracted out-of-state attention and has drawn frequent visitors who wish to learn more about it. One of the most recent was Kent Redfern, of

Remember, get the victim to a doctor as quickly as possible. For further information on pesticide safety contact the Soil Conservation Service.

the Illinois Department of Agriculture. Redfern called TDA's marketing program "the best in the country." He spent four days in Dallas, Austin and Houston studying aspects of TAP and TDA's market news.  
 TAP promotions of Texas commodities continue year-round. A two-week turkey campaign will be held before Easter.  
 Other promotions scheduled are: Dairy, eggs, watermelons and lamb, May and June; summertime turkey, July and August; pork, honey, peanuts, forestry and wheat, September and October.

### Beverly Roberts Chosen LCC Cheerleader

Beverly Roberts, daughter of Mr. and Mrs. Bill Roberts of Farwell, has been elected to serve as Varsity Cheerleader at Lubbock Christian College for the 1974-75 school year.  
 Sponsored by the College's Student Senate, Varsity Cheerleaders are elected to coordinate the spirit activities of the student body in its support of varsity athletics.  
 Miss Roberts is a 1973 graduate of Farwell High School. At LCC, she is a member of the Royal Blue Band and Alpha Epsilon Chi women's social club. She is a freshman medical assistant major.  
 Lubbock Christian College is a fully accredited senior college offering liberal arts and pre-professional programs.

FATHERS ARE NICE, BUT . . . Mothers are special, as depicted here by the three Berry daughters helping get mother ready for church on Mother's Day. As Jamye combs her mother's hair, Jana prepares to spray a little perfume while Jeanine helps put on a pair of shoes. They are the daughters of Mr. and Mrs. Jim Berry and representative of all the youngsters everywhere who help make Mother's Day a very special day.

## Making Dewberry, Blackberry Jelly

Jelly from some of spring's earliest fruits -- dewberries and blackberries -- is an all-time Texas favorite, according to one nutritionist.

She's Frances Reasonover, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

"If you can buy these berries at a reasonably low price -- or have them growing in a garden, turn them into home-made jelly," she suggested.

"It's a treat for your family -- and friends love it as a gift." To successfully prepare jelly at home, the specialist gave the following instructions.

After sorting three quarts of dewberries or blackberries, wash them and remove any stems or caps. Expect about four cups of juice from three quarts of berries.

Very ripe berries can be crushed and juice pressed out without heating. Otherwise, add a small amount of water and bring to a boil on high heat.

Place prepared fruit in a clean, white cloth bag -- then twist and press to remove

juice. Pour four cups of juice in a large pan.

Add seven and one-half cups sugar and place on high heat. Stirring constantly, bring quickly to a full, rolling boil that cannot be stirred down.

Add one bottle liquid pectin and return to a full, rolling boil. Boil hard for one minute. Remove from heat and skim off foam quickly.

Pour jelly immediately into hot, dry, sterilized jars or glasses.

Seal immediately with a lid, according to manufacturer's directions. Or, fill glasses to within one-half inch of top and cover with melted paraffin. Add enough paraffin to make a layer one-eighth inch thick. Prick air bubbles.

### LWML Chooses New Officers

During the regular monthly meeting of St. John's LWML of Lariat on May 2 in the Parish Hall of the church, Mrs. Ernest Ramm was elected president and Mrs. Wilbert Kalbas, treasurer, for the next two years.

Mrs. Melbourn Jones presented "A Word of Blessing."

Bazaar items for the "Christmas In May" sale scheduled for Friday, May 10, and Saturday, May 11, at the Friona Community Showbarn were asked to be priced and brought to the church by 9 a.m. today (Friday). Or, as an alternative, the bazaar items may be taken directly to the Friona showbarn.

It was announced that family night will be at 7 p.m. on Sunday, May 19, and persons having an ice cream freezer are asked to bring ice cream and for the other persons to bring a cake or cookies.

### Local Resident's Mother Buried

Funeral services were conducted Wednesday, May 8, in Tucumcari for Mrs. Bessie Hodges, 80, mother of Mrs. Bill (Betsy) Stone of Texico.

Mrs. Hodges died at her home in Tucumcari Saturday night following a sudden illness. Services were conducted at the Tucumcari First Assembly of God Church.

Other survivors include three more daughters and seven sons, several grandchildren and great-grandchildren.

### Busbice Rites In Muleshoe

Funeral services for Mrs. Mae Busbice, 81, who died at 4 a.m. Thursday, May 2, at University Hospital in Lubbock, were at 2 p.m. Saturday in the First Baptist Church at Muleshoe, with Rev. Glen Harlan, pastor of the West Camp Baptist Church officiating. Interment was Bailey County Memorial Park under direction of Singleton-Ellis Funeral Home.

Mrs. Busbice was born February 12, 1893 in Jonesboro, La., and moved to Bailey County in 1945 from Castro County, Tex. She was a member of the First Baptist Church of Muleshoe and the Friendship Club.

Survivors include one son, Pershing, of Farwell; one daughter, Lucille Weatherly, of Tucson, Ariz.; six grandchildren and five great-grandchildren.

### Texico Resident Returns Home

Mrs. J. B. Benderman of Texico has returned to her home from a visit in Lubbock and Dallas.

She left Texico on April 20 and spent the night with her sister, Mr. and Mrs. Olan Herriage in Lubbock, before driving on to Dallas the following morning.

In Dallas, she visited her son, J. B. Benderman, Jr., and his sons, Weston and Sean until May 3. The night of May 3 was spent in the home of her sister in Lubbock before returning to her home the following day.

"Worst thing that happened to me on the trip," bubbled Mrs. Benderman, "was eating out. Sure didn't do my diet any good. But I made it just fine, didn't have any trouble or an accident of any type. I think that's pretty good for someone my age who drives somewhere like that alone."

## How To Make Dewberry, Blackberry Jam

Dewberry and blackberry crops, now blushing with ripeness, promise lots of home-made taste treats, one authority points out.

"With little effort, these berries turn into tasty home-made jams," says Frances Reasonover, foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

The specialist offered the following procedure for making jam.

First, sort and wash three quarts of fully ripe berries -- which will make six cups juice. Remove stems or caps, and

crush berries

If they're very seedy, put part -- or all -- of them through a sieve or food mill. Add one package of powdered pectin to the six cups crushed berries. Stir well.

Place on high heat. Stirring constantly, bring quickly to a full boil with bubbles over the entire surface.

Add eight and one-half cups sugar. Continue stirring and return to a full bubbling boil. Boil hard for one minute, stirring constantly. Remove jam from heat, and skim.

Fill hot, dry, sterilized jars to within one-eighth inch of the top with boiling jam. To pre-

vent contamination, seal jars quickly.

When using standard jars with lids, follow manufacturer's directions for sealing.

Fill glasses, on the other hand, to one-half inch of the top. Then pour one-eighth inch layer of melted paraffin over the jam.

"To sterilize jars and glasses before using them place in boiling water for 15 minutes. Also sterilize spoons, jar fillers and other equipment," she added.

You can scratch mahogany scratches from your woodwork woes by following this method. Paint the scratches with iodine. Later go over the entire surface with furniture polish. This will eliminate any noticeable defects. For ebony furniture, use black liquid shoe polish or black eyebrow pencil. Wipe with a furniture polish cloth.

# Portraying Area Homemakers

by Clea Williams

There are all kinds of transplants these days, and transplanted people are no exception. Our featured homemaker is a transplant, first from her home at San Jon, to Clovis, and from Clovis to her present home in Texico. Her husband is also a transplant - but is a transplanted Texan. Bill and Marie Christian met while both were employed in Clovis, he was a young man working in Citizens Bank and Marie was out of high school and working for El Rancho Milling.

Bill had grown up in the Oklahoma Lane community, southeast of Farwell, and many of his relatives and family members still live in the same community. Although Bill formerly commuted to his job as a vice president with Citizens Bank and manager of the Texico branch bank, they built a home in north Texico and moved to Texico around six years ago.

They are the parents of three sons, Steve, 15, a freshman at Texico High School; Jeff, 13, a seventh grader at Texico; and Jason, who will be two years of age in August.

"There are very few things I don't enjoy," commented Marie Christian. "I enjoy almost anything you do with your hands. I guess part of it is because of the way I grew up. My mother never had her hands still, and anytime she sat down, she had some type of handwork in her hand."

Sewing is the most consistent hobby, or pastime, Marie enjoys, according to the homemaker. She makes all of her own clothing, young son, Jason's suits, and even makes some of Bill's clothing. Presently, she is in the process of completing a dark blue, double-breasted suit for her husband, and from the appearance of the suit, it is definitely of professional quality.

"If I see someone else do something, I think I can do it too," she smilingly added, "I plan to construct a planter in front of the house sometime this summer. I watched the bricklayers and know what they did, so I plan to do it, too."

Except for one year since her marriage, the summer Jason was born Marie has had a full garden, and this year is no exception. From her garden behind the house on the spacious lot where they reside, Marie will put up vegetables in both the freezer and by canning. Bordering the back lawn are apricot, peach and cherry trees, of which Marie proudly proclaims, "I started each one from seed."

Although both Bill and Marie are very busy, she with the Texico Woman's Club, where she is incoming president; and Bill as a member of the Texico City Board of Trustees, immediate past president of the Texico Chamber of Commerce, member of Rotary Club and treasurer of the Border Town Days Committee, they enjoy as a family group traveling, the mountains, sightseeing and camping.

With the boys growing older and becoming more and more involved in school activities and sports at school, and even filling in Saturdays, Marie says that Sunday has become almost the only "family day" at the Christian home.

Being a busy wife, mother,

homemaker, and civic booster, Marie said she likes to have recipes that are easy to prepare for her "meat and potatoes" family, and has agreed to share some of her time-saver recipes with readers of The State Line Tribune.

## SMOTHERED HAMBURGERS

- 1 lb. ground beef
- 1 egg
- 1/2 c. sweet milk
- 2 slices white bread
- 1 small onion (chopped)
- 1 T. poultry seasoning
- 1 tsp. salt
- 1/2 tsp. black pepper

Add seasoning to meat. Then add chopped onion and two slices of bread which has been soaked in the 1/2 c. milk. Stir in well beaten egg.

Form into patties and fry in a small amount of fat until golden brown. Place patties in baking dish.

Make a sauce of 1 can cream of chicken soup and 1/2 cup water. Pour over hamburgers and heat through in hot oven for approximately 15 minutes.

(Note: As a time saver, increase amounts shown in the recipe and freeze patties ahead

for quick meals. Thaw and cook as shown.)

## MAYONNAISE CAKE

- Sift and mix:
- 3 c. flour
- 1 1/2 c. sugar
- 2 1/4 tsp. baking powder
- 2 1/4 tsp. soda
- 3 T. cocoa
- Add:
- 1 1/2 c. cold water
- 1 1/2 c. mayonnaise
- 3 tsp. vanilla

Mix and bake for 30 minutes at 375 degrees.

## MOCHA FROSTING

- 1 c. powdered sugar
- 1 heaping T. butter or oleo
- 2 T. boiling coffee
- 2 T. dry cocoa
- Small amount vanilla
- Cream butter and sugar, add other ingredients. Beat well.

## CHEESE DIP

- 1-12 oz. pkg. cream cheese
- 1-10 oz. can Mountain Pass tomatoes and chilies
- 1/2 small onion
- Combine ingredients in blender. Blend well. Serve with tortilla chips or corn chips.

ESA AWARD WINNERS - Lillie Christian, left, and Patsy Berry were recipients of awards at the ESA Founders Day luncheon last week. Lillie Christian received the "Outstanding Girl of the Year" and Patsy Berry received the Jo Ann Liethen award for outstanding philanthropic work.

# ESA Founders Day Luncheon, Awards

by Faye Parr

Theta Rho Chapter of Epsilon Sigma Alpha celebrated Founders Day on Sunday, May 5, with a lovely salad luncheon held in the Fellowship Hall of the Hamlin Memorial United Methodist Church. Guests of honor were mothers and special friends of the ESA members. Meat, fruit, and vegetable salads or casseroles, relishes, hot rolls and butter, iced tea and coffee were served to approximately 37 people.

Delightfully colorful decorations of huge butterflies and flowers made the room look like spring. Little rocks painted to resemble insects had been made by Kathy Weem's kindergarten children, and were used to help decorate the tables. A Maypole was used as a centerpiece on the head table and a large paper punch bowl filled with crepe paper flowers adorned the serving table. When guests signed the Guest Book, they were presented with a flower name tag.

Lillie Christian, accompanied on the piano by Dot Christian, sang "I'll Walk with God." Karen Lovelace read several humorous excerpts from an old recipe book which was copyrighted in 1887, which enlightened the ladies as to "How to tell when eggs are fresh," "How to tell when the oven is hot enough," etc.

Rosa Roberts presented Patsy Berry with the Jo Ann Liethen Award for outstanding philanthropic work this year, and Lillie Christian with a trophy for being chosen as "Outstanding Girl of the Year" by her fellow sorority members. Ometa Scott presented

From Faye's Phone

by Faye Parr

Visiting with the Dean Avara family this weekend were Mrs. Avara's parents, Mr. and Mrs. Wade Coulson, and her sister and brother-in-law, Mr. and Mrs. Dwight Flowers, all of Colorado Springs, Colo.

Mr. and Mrs. Wendell Christian and Loy, and Mrs. Carrie Christian travelled recently to Austin, where they visited in the home of Mr. and Mrs. Bill Polley and baby daughter. The baby is nicknamed "J.J." and she celebrated her first birthday while they were there.

Mr. and Mrs. Joe Helton spent the weekend breathing the cool mountain air at Ruidoso. Now doesn't that make you want to take a vacation?

Mr. and Mrs. F. M. Sanders, Omaha, Neb., spent the weekend with Dorothy and Wilfred Quickel. The two gentlemen are foster brothers. They all attended church at the Hamlin Memorial United Methodist Church Sunday. They were joined for lunch by Mr. and Mrs. I. W. Quickel, Bovina, then all returned to Bovina to finish visiting.

Trumi Christian and a friend, Dickie Cumming, El Paso, were weekend guests in the home of Trumi's parents, Mr. and Mrs. Donald Christian, and brother Charles. The girls are students at McMurry College, Abilene. They arrived here Friday just in time to enjoy a birthday dinner that Mrs. Christian had cooked for her sister, Mrs. B. J. Foster, Anton. Other guests for the evening were Rev. B. J. Foster and Cindy, Mr. and Mrs. Dan Foster, and Mr. and Mrs. T. L. Kent, Muleshoe.

Mr. and Mrs. Pike Jordan, Mr. and Mrs. Roy Snodgrass

**INTERSTATE FERTILIZER**

**GS 61Y MID-SEASON**

An outstanding yellow endosperm hybrid -- developed from GS 60 blood lines. Very good standability, medium height, large fast drying heads frequently out-yields much later maturing hybrids. Successful on both dryland or under irrigation, produces large plump seed. Classed as a medium maturing hybrid in Kansas -- early in the Texas panhandle.

**GS 76Y FULL SEASON**

This yellow endosperm hybrid has the potential yield factor for tremendous production. Large plump seed carried on big semi-open heads, rapid drying, medium tall plant with very satisfactory standing ability for such high production. A very popular hybrid with live-stock feeders. Ideal for the farmer that wants the absolute tops in yield capacity, classed as a full season maturity hybrid in the Northern Texas panhandle.

**GS 66Y MID-SEASON**

Bred for the farmers who like the high yields of GS 76Y and the standability of 61Y. Medium in plant height - rich full yellow berries, highly palatable, sweet forage for grazing or baling. Very responsive to high fertility levels and water supply. A money maker for the good farmer in the medium maturity range. A fast starter in cold soil.

**Texico Senior Center Host Pot Luck Dinner**

More than 25 persons attended the regular first Thursday meeting of the newly organized Community Senior Center group. The meeting included both a pot luck dinner and a game session, with the members playing games of '42' and Wahoo following the dinner and business session.

In the absence of President Joe Caywood, vice-president Alma Hendrix conducted the business meeting and named Mrs. A. D. McDonald and Alvenia Cox to the telephone

committee and Mrs. Bob Lebow and Mrs. W. N. Foster to the program committee.

A program to be initiated by the Community Senior Center will be a program to telephone to check on persons who are generally confined to their home.

It was announced that Cecil Rundell has contributed 28 chairs to the center and several other items to complete the newly remodeled Center are still needed.
