Nursing Home Financing Discussed

Possible industry for Farwell took on a brighter color last Friday on a grey, wet day, as Firman Wildman of the Small Business Administration from Lubbock met with several local interested individuals.

Keeping the meeting at the Security State Bank on an informal, simple level, Wildman explained to members of the Community Development Committee qualifications of medical personnel, types of services to be provided, such as rehabilitation care, fire prevention steps as required

by recent legislation, and financing available for a proposed nursing home to be located in Farwell.

Chamber of Commerce President Charles Aycock asked the Small Business Administration official to explain some of the plans for financing a nursing home and how to approach acquiring financing for such a building.

Using the feasibility study as a starting point, Wildman explained that proper steps would be next make application for a SBA loan and said

that on corporation of a group of interested persons, who should be "25 community minded people who would form a non-profit or a profit making corporation, and agree to provide 10 percent of the

necessary cost of construction and equipping a medical facility such as has been proposed," that the possibility of acquiring the loan would be very good.

(Continued on Page 2)

LOOKING AT PLANS - Chamber of Commerce President Charles Aycock, left, and Community Development Committee President Don Williams, right, look on as Firman Wildman of the Lubbock Small Business Administration office, explains steps necessary to apply for a SBA loan to construct a nursing home facility in Farwell. A follow-up meeting will be this Friday (today) at Security State Bank to further discuss the proposed nursing home. Formation of a 25-member corporation will be the first step toward the nursing home. Aycock is presently working on papers for the preliminary stages of securing the loan.

District, County Court - -

Probation, Sentences, Fines Assessed During Court Session

Receiving two three-year concurrent sentences in District Court this week was Gene Burton, who entered a plea of guilty to both rape and theft before District Judge Pat Boone last Monday. He was taken to Lubbock Monday night to leave from there for Huntsville to begin his prison term.

Sheriff Charles Lovelace and District Attorney Jack Young said the cases of Freddie Valenzuela of Friona, charged with driving while intoxicated, subsequent offense, had been postponed until March 28, and Dennie Ray Smith, charged

with the same offense, received two years probation and ordered to pay all court costs.

Reset for January 31 was the case of malicious mischief (a felony) against Roy Drennan and Raymond Drager, both of Friona. The sheriff said Drennan had jumped bond but was picked up in Florence, Ariz., and was being returned to Farwell for trial.

Also continued was the case of William Lloyd Green of Lubbock, who is charged with forgery and passing.

The officials said Gregory Maschue and John Annen, who were picked up in Friona by former Friona City Patrolman Benny Clifton and charged with felony possession of marijuana, are expected to enter a plea on January 31.

From Bovina, Mario Espinoza and Billy Chism, both charged with burglary, received four years probation and

ordered to pay all court costs following a guilty plea in district court on Monday.

(Continued on Page 2)

All Region Band Members

Six Farwell High School band members were named to the All-Region Band in competition conducted at Hale Center on January 12.

Competing against bands from such places as Dimmitt, Friona, Sudan, and Bovina, among other towns and cities, named to the All-Region Band from Farwell were Jacquelyn Langford, oboe; Terri Boling, clarinet; Carolyn Meeks, alto clarinet; Donnie Garner, contra bass clarinet; Sheryl Woods, French horn and Bruce Kaltwasser, trombone.

Alternates chosen were Barbara Defoor, bassoon; Susan Sumcox, baritone saxophone; Lynn Blankenship, French horn and Truitt Smith, trombone.

All-Region members and alternates are in Lubbock this week practicing for the All-Region Concert scheduled for Saturday, Jan. 26, at 7:30 p.m. at Coronado High School in Lubbock.

Marshal Resigns - -

Texico City Trustees Consider Applications

"I have enjoyed working in Texico, but I guess I had better take the Clovis Police Department job," commented Texico City Marshal Willie Ronquillo in response to a request Tuesday night by Texico City Board of Trustees to reconsider his resignation.

Ronquillo presented a formal resignation to the board and told them, "If I don't take the job since it was offered, and after I have already told Clovis I would go to work for them, I might not be considered again, and it might be hard to ever find a job in law enforcement anywhere else."

He also offered to go ahead and work with the Texico Department on a partime basis at least until school is out and he decides whether to move to Clovis or not. Ronquillo indicated he plans to commute to Clovis for the next few months and said he will be working the graveyard (midnight) shift. He said he would assist with day-

time activities, including accident calls and other emergency calls outside his time at Clovis.

In response to questioning by the board, Ronquillo told them the starting pay was around \$100 more than his present salary, with time and a half for holidays, and a better training and retirement program.

Trustee Bill Christian commented, "We don't want to have to consider Willie's resignation, but it looks like we are forced to."

Following a motion by Trustee Bill Thigpen, and a second by Trustee Wes Engram, it was approved to accept the resignation of City Marshal Ronquillo.

Ronquillo had started work for the Texico Police Department on April 1, 1972. He had five years prior experience with the Santa Rosa Police Department before moving to Texico.

Two formal applications for the city marshal job were presented and considered with no action taken. A third person also picked up an application

form, indicating at the time that the prospective applicant was both qualified and certified as required by state law.

It was decided to table the decision on a replacement and present Deputy City Marshal Erasmo Rodriguez will work an additional two days a week to help fill the vacancy until further decisions are reached.

Chosen by the Trustees to act as election judges for the city official election on March 5 were Bernice Thigpen, Ophelia Billington and Mary Jones.

In other action, Trustees raised the city judge pay to \$250 per month from the present \$175 and tabled a consideration for an increase in pay to the mayor and trustees.

Discussed were repairs and replacement parts for the water department; progress on the remodeling of the Texico Community Building; new tools for the city pickup; and the prospective waste water treatment specifications and plans were studied.

The Texico Board of Trustees will meet again Tuesday, Feb. 12.

APPRECIATION EXPRESSED - Resigning Texico City Marshal Willie Ronquillo, left, was presented a certificate of appreciation by Texico Mayor Manford Turnbough during the regular meeting of the Texico City Board of Trustees last Tuesday night. Ronquillo has resigned to accept a position with the Clovis Police Department as patrolman

Reward To \$450 On Dog Poisoners

As the Farwell area becomes more disturbed about recent dog poisonings, and fear increases for the possibility of small children acquiring some of the poison while playing outside, interested persons have increased the reward for apprehension of the area dog poisoner or poisoners.

On Monday, the reward increased for the third straight week, and presently stands at \$450, for the apprehension and conviction of the person or persons who has poisoned several dogs in the Farwell area.

Any person with knowledge of the identity of the poisoner is urged to contact the Farwell Sheriff's office, or any local officer and any individual or business firm wishing to contribute to the reward fund is asked to contact Fred Curtis.

Agonizing death has been in

store for several local dogs as they go hold of the confirmed strychnine poison in Farwell. Farwell residents are becoming more concerned about the availability of poison to their youngsters who have been playing outside during the warm winter weather in the area.

The latest dog reported poisoned was a small Dachsund owned by Judge and Mrs. Ray Mears. The poisoning two weeks ago occurred when the dog went outside just before bedtime, and Judge Mears said the young dog had only been outside for approximately five minutes before coming back inside. Some hour to hour and a half later, the Dachsund went into convulsions and died shortly before reaching a veterinary clinic in Clovis. Tests showed the dog had been fed strychnine.

Services were in the First Church of God in Christ at 2:30 p.m. (MDT) W. C. Green, pastor, officiating. Burial was in Oklahoma Lane Cemetery under direction of Sherwood Mortuary of Clovis.

A veteran of World War II, Mr. Morris had been a resident of Farwell and Clovis for the past 36 years.

Survivors include his wife, Inez; three sons, Jackie Dale

One Case Cleared - -

Burglary Activity Tops Local Sheriff's Report

With the arrest of two area young men, the burglary of Kelly Green Seed late last month was cleared. Charged with burglary and released on \$1,000 bond each were Darrell Stanton, 18, of Texico and Gary Patz, 19, of Clovis. Both were bound over to grand jury during hearings conducted last week.

Stanton was the first person apprehended in the incident, and an electric motor, reported as the one taken from the seed company was found in his possession at his home west of Texico. He was picked up by former Texico City Marshal Willie Ronquillo, Sheriff Charles Lovelace and deputies Tom Atkins and Garland Freeman, of Parmer County. The Stanton youth implicated

Patz, who was surrendered to the Parmer County sheriff by a Farwell friend.

Burglaries reported during the past several days to the Parmer County Sheriff's office include Gerald Coggins who resides at the Seventh Street Trailer Park in Farwell. He reported as missing a roping dummy, which features a calf's head with horns, approximately three feet tall; three lariats approximately 30 feet in length and a gallon can with black leather handles.

Reported as taken from Raymond Jones Welding Shop in Farwell, with entry reported as being by some individual or individuals using a key, were a hoist, drills, tools, welding regulators, hose for a welder,

boomers, cable, a 3/16 to 1/2 inch tap and die set, tools from an arc.

Hitting twice at Big T Grain and Cattle Co. at Summerfield, burglars broke a window and entered the company the first time on January 10. Missing from the first time the company was burglarized was a 12 inch GE television and a small radio. On the second burglary, January 14, the burglars took what Sheriff Lovelace termed "an enormous amount of money."

Also reported during the past week was a gasoline theft from the Gene Smith farm at Laz-budde.

The sheriff said investigation continues into the recent rash of county burglaries.

CURBS AND GUTTERS IN - Bundled against a bitter north wind, an employee of Jake Diel Dirt Movers and Paving Contractors smoothes new curb and gutter installed in Farwell. The paving project is one Farwell improvement project underway at this time.

PURELY PERSONAL
 by John

It's not spring and the sap hasn't riz, but a recurring problem seems to have re-occurred. Namely, the condition of alleys in Farwell. From a cursory examination of alleyways, there seems to be an improvement over last sally through the alley, but there are some spots that could be improved upon.

This isn't to carp from a purely ascetic standpoint, but to reiterate the necessity of keeping adequate freeway to accommodate sanitary and the emergency vehicles in the performance of their regular duties. There is a local ordinance requiring that the property owner keep his trees and shrubbery within the bounds of his property and to keep it from interfering with the public use of the alley.

Recently, in answering a fire call, there was a tree that did hang over the alley right-of-way sufficiently to interfere with a fire truck that had to go down the alley. This was in violation of the alley ordinance, but the local fire department thereupon chopped the offending branches off the tree in such manner as to seriously jeopardize the future growth of the tree. This, we feel, was an error in judgement and the matter should have been handled by a formal complaint to the city clerk and then turned over to city employees for correction. This would have saved a lot of ruffled feelings on both sides of the situation and left no doubt as to correctness of the action.

This, of course, brings us to the problem of Farwell properly enforcing its city ordinances. Local ordinances have to be enforced properly unless law enforcement on the local level is to become a farce. To properly administer ordinances, a community must have a local, city-paid officer, and municipal court. Farwell, at the present time, has neither.

Our city dads have done a good job in the past 11 months in getting a water improvement project and a paving project off the ground and into the realm of reality. Next, major changes in the way of Farwell's civic life must come through revision of zoning ordinances and the institution of methods to enforce laws to keep them from being ignored by the public.

In review, the next year of civic growth in Farwell may not be as spectacular as the past, but it could be every bit as necessary to long term community prosperity.

The Texas Constitutional Convention of 1974 is underway in Austin. You may have gathered that fact from the daily headlines in the news. As we mentioned several weeks ago, the Constitutional Convention is composed of the members of the Texas Legislature. For a change, they appear anxious to hear from the "peepul" about their views on a new constitution for the state.

To this end, there has been established a "hot line" to Austin. The toll free number is 1-800-292-9600. You can use this number to put your thoughts before the proper committee of the convention. You will also receive some sort of an answer to or upon your thoughts. In the event you feel your communication is too lengthy for a phone call, you may write to Box 13286, Austin, Tex. 78711, and be assured of a hearing and an answer.

This is an opportunity for all citizens of Texas to be heard on this vital subject. This proposed constitution is something everybody will have to live with for the next several generations, at least.

As responsible citizens, everybody should be familiar with the body of law that will compose the basic document of law in their state. Now, not later, is the time to be an informed person. Hollering about the law several years from now will be a rather futile gesture considering the opportunity being given to participate in the formulation of the law today.

Talk today--not complain later.

Court Session ...

(Continued from Page 1)

Patrolman Davis said that when Constancio started to get out of his vehicle, a small "Band-Aid" can fell from the vehicle to the pavement and the marijuana was in the can. Also from Friona, Manuel Barba, 18, was charged with molesting a minor in Friona. He was also charged by Patrolman Davis. Judge Tarter charged Barba \$202.50 on Barba's conviction in the case. The vandalism cases and burglary charges on Frank Lopez, Willie Lopez and Willie Davila will be scheduled for January 31, when the trio is expected to appear for arraignment. The vandalism cases involve schools in both Friona and Lazbuddie and burglaries in Bovina. In county court, Joe Constancio, 19, was convicted of possession of less than one ounce of marijuana. County Judge Archie Tarter ordered Constancio, who lists his home address as Friona, to pay \$100 and court costs and spend 10 days in jail. Constancio, who is presently serving with the U. S. Army, is still in custody in Farwell. He was stopped by Friona City Patrolman Bob Davis last Friday night on a traffic violation.

Nursing Home...

(Continued from Page 1)

Wildman told the group that SBA would assist in financing 90 percent of the necessary cost, and would aid a local bank by guaranteeing 90 percent of the total project cost. He emphasized that time for pay-out of the loan would be vitally important, as up to 25 years could be arranged to pay out the loan on land, building, machinery and other necessary supplies. "If it (the nursing home proposal) looks sound and looks successful, we will try to have an answer for you on financing within a matter of two weeks to a month. We don't believe in letting it hang undecided for a matter of months," continued the official. Emphatically, Wildman then said, "Once a corporation is established in Farwell, that could be a base then for any legitimate expansion of business or as an inducement to bring industry to Farwell." In order to establish an industry in Farwell through SBA, he added that it must not have assets over seven and a half million dollars, or a net worth of over two and a half million, not exceeding an income, net, over the past two years of more than \$250,000. He explained that up to \$700,000 could be advanced by SBA for construction, equipment, inventory and operating cost of a facility and a local development company would actually own the facility and would make arrangements for

Farwell B Girls Winning Ways

Continuing as an unbeaten team in district to date, the Farwell B team girls defeated both Olton and Bovina during the past week.

Last Friday in Olton, the girls downed the Olton girls 35-30 after being 8-8 in the first, holding a slim 15-12 lead at halftime and an equally slim 23-30 at the end of the third quarter.

Lee Ann Williams had 18 points, Missy Taylor, 13; Kathy White, four points to maintain scoring for the game.

Coach Gayle Nicholas said, "The Olton game was real good for the B team, and they played real good."

Tuesday night of this week after a two point spread at the end of the first, 6-4, the B team girls slammed back to a 14-7 lead at halftime and a 28-7 lead at the end of the third to down Bovina in Farwell, 38-24.

Scoring were Kathy White, 18; Lee Ann Williams, 10; Karroll Rhodes, six and Missy Taylor, four points.

TOURNAMENT CHAMPIONS - Named champions of the Springlake Basketball Tournament last week were members of the Eighth Grade Boys Basketball team of Farwell. Pictured here are the champions; top row, left to right: Coach Larry McDorman, Clay Roberts, Russ Jones, Dan Geuther, Richard Yruegas and Terry Miller; middle row: Rusty McFarland, Carlos Lucio, Charlie Costillo, Vick Christian and Josh Ensor; bottom row: David Deel, Stanley Goldsmith, Tim Norton, Daren Sudderth and Steve Hargrove. The players maintain a 9-0 season record as of this week.

Eighth Grade Boys Have 9-0 Record

Maintaining a 9-0 season record, the eighth grade boys basketball players maintain wins of 27-17 over Springlake; 27-23, Boy's Ranch; 37-30, Bovina; 38-32, Sudan; 26-16

Vega; 40-27, Sudan; 35-15, Bovina; 30-27, Muleshoe and 40-26, Kress.

In the Springlake tournament last week, the Eighth grade boys won the championship with a 30-27 win over Muleshoe in overtime.

"During the Springlake tournament," said Coach Larry McDorman, "Russ Jones led the team with an average of 15 points per game. Plus, he is the team's leading rebounder."

"Helping with team scoring was Charlie Castillo, Josh Ensor, and Stanley Goldsmith. Richard Yruegas is another leading rebounder," he added.

Coach McDorman continued, "Muleshoe's game was a heart stopper. Tim Norton sank a free shot with 10 seconds left in overtime and Russ Jones stole the ball and scored two more to end the game."

"We played real good ball all during the tournament," he concluded.

Leading scorers for the season are Russ Jones, 103 points; Josh Ensor, 47; Charlie Costillo, 51 points and Richard Yruegas and Stanley Goldsmith, each 27 points.

Texico Girls Fall To Fort Sumner

The Texico Junior High Girls were defeated by Ft. Sumner last Tuesday night by a score of 18-17. Charlene Whitner was the high point for Texico with 11 points.

Senior High girls also fell to Ft. Sumner by a score of 43-19. High point scorer was Cheri Tharp with 9 points. The games were played in the Texico Gym.

HOSPITAL NOTES

Wesley May, son of Mr. and Mrs. R. L. May of Farwell, was admitted to Clovis Memorial Hospital last Thursday for medical treatment. He is reported to be in good condition.

Seventh, Eighth Grade Girls In Tournament

"The eighth grade continues to show improvement," said Coach Gayle Nicholas of her eighth grade basketball team.

The girls participated in the Springlake Tournament last week and held a slim 23-22 victory over Sudan for the first day of play on Thursday.

Scoring were Jamie Berry, 17 points; Dana Ennen, five and Peggy White, one point.

A decisive defeat of Bovina on Friday, 39-23, took the girls into the Saturday finals. Scoring in the Bovina game were Dana Ennen, 16; Jamie Berry, 17 and Peggy White, five points.

They narrowly lost in the finals to Springlake, 25-23 to lose first place. Scorers in the final tournament game were Dana Ennen, 13; Peggy White, seven and Jamie Berry, three points.

Monday night, the eighth grade girls downed Kress, 38-22. Scorers were Dana Ennen, 17; Jamie Berry, 17 and Peggy White, four points.

Also on Monday night, the seventh grade girls defeated the Kress seventh grade girls, 14-8. Scoring were Paula Christian, 10 points and April Coffman, four points.

Texico Junior High Hosted Dora

Texico seventh, eighth and ninth grade basketball teams hosted the Dora Junior High Monday night with the seventh graders being the only Junior Wolves to chalk up a victory.

The ninth grade team lost to Dora, 45-39, in a "very tough game", as stated by Coach Darryl Haley. "The ninth grade team played real good basketball all the way to the last second," stated coach Haley.

Billy White was high point man with 18 points.

Wolverine eighth grade team also fell to the hands of the Coyote's, 24-23. "We had possession of the ball in the last

few seconds of the game but we failed to make the last shot to win the game," added Haley.

The seventh grade team was victorious over Dora with a 38-24 victory. Steve Doolittle was high point man with 18 points, followed by Keith Hadley who had ten points.

"We had command all the way in this game," continued the coach. "The seventh graders play very fast basketball and for seventh graders, they have the fastest break I have ever seen," commented Coach Haley.

Coach Haley gave the seventh grade roster, and comm-

mented on individual players. "Steve Doolittle is a good shooter and he is the play maker for the team. Ronnie Pace is a fine shooter. Keith Hadley is an all around player and Tim Askew is a fine defensive player," Coach Haley also mentioned Greg Howard who is one of the better shooters on the team. "Jimmy Reid is another fine player who has a very good hook shot," said the coach. Other seventh grade team members include: Romaldo Martinez, Mike Scott, Jesse Rivas, Eloy Ortiz, Clint Tharp and Jerry Bradley.

The seventh grade season record now stands at six wins and one loss.

Texico Varsity Downs Dora, B Team Loses

by Domingo Rojas

Texico High School Varsity and Junior Varsity split victories with the Dora Coyotes last Friday night at Wolverine gym, with the B-team being out-scored by the Dora B-team, 56-50. The Varsity won over Dora 82-75.

"The B-team played a very strong game against Dora but they were still able to beat us," said Coach Bucky Walters.

Barry Lindley was high point man for the JV with 11 points. Spencer Turner had nine and Tommy Galvan and Rusty Rucker each had eight points.

Texico Varsity had to hustle in their game, as the Coyotes trailed them in the first half 38-36.

By the end of the third quarter, the Wolverines had extended their two-point lead to eight points, 61-53. After a hard fought fourth quarter by the Wolves and the Coyotes, the final score was Texico 82, Dora 75.

"We made 47% of our shots in the first half, and 42% in the second half," stated Wolverine Head Coach Darryl Haley.

Roger Pace scored 21 points for the Wolverines, for high-point honors. Craig Chumley had 18 points, followed by Randy Harrison, who had 12 points.

Curtis Lindley grabbed 18 rebounds in the game. "This is Lindley's fourth time this year to have 15 or more rebounds during a game," commented Coach Haley.

Coach Haley also added "the team is really shaping up and we're looking better in every game we play."

Players and their scoring average thusfar in the season was released by Coach Haley and are as follows: Dusty Leatherwood, 3.08; Craig Chumley, 8.02; Curtis Lindley, 9.03; Dwayne Kelley, 4.08; Eugene Wallace, 1.02; Oran Jay Autrey, 2.01; Steve Harrington, 10.01; Jimmy Ortiz, 5.08; Roger Pace, 13.02; and Randy Harrison, 7.00 points.

Texico Varsity basketball team was to enter the E.P.A.C. tournament Wednesday, Jan. 23, at Portales High School Gym.

The Wolverines were scheduled to play Tatum, who defeated the Dora Coyotes in the first round of the tourney Tuesday evening.

Coach Darryl Haley stated, "Texico is seated in the number two spot in the tournament because our E.P.A.C. record is four wins and one loss coming into the tournament."

The tournament is scheduled until Saturday, Jan. 26, when the championship and consolation games will be played.

Attends Services

Tommy Daniel of Tulia, an old time resident of Farwell, attended funeral services for Mrs. Nannie Clark at Clovis last Saturday.

School Lunch Schedule At Texico

MONDAY - Hamburger on bun, pickles, onions, lettuce, orange juice, cookie and milk.

TUESDAY - Fish sticks, macaroni and cheese, green beans, cornbread, fruit gelatin and milk.

WEDNESDAY - Vegetable stew, toasted cheese sandwiches, celery stick, apple cobbler and milk.

THURSDAY - Burritos, chili and cheese, buttered corn, lettuce and tomato salad, fruit cup and milk.

FRIDAY - Corn dogs, tater tots, catsup, carrot stick, coconut cake and chocolate milk.

Mabry Dr. - Clovis

Girls Varsity, B Team Play Olton, Bovina

Olton won a 53-50 close game where the lead changed hands several times and the Farwell girls' varsity team led at the end of the third quarter, 46-43. Trailing 9-13 at the end of the first, the Farwell varsity stretched a 26-29 deficit at halftime to the third quarter lead before losing out at the end of the game. Sharon Booth made 8/13 field goal attempts and 6/7 free throw attempts to lead the scoring with 22; Joyce White hit on 6/11 field goals and 2/2 free throws for 14 points; Kathy Booth had 3/11 field goals and 6/10 attempted free throws for 12 points. Sharon also had one rebound, as did Joyce. Guards rebounding included Jamey Craig, six; Lori Norton, five; Terri Boling, three and Pam Irwin, two. In action Tuesday night against Bovina, who had a bad night according to Coach Nicholas, the final score was 69-28, as the Farwell varsity girls hit 33 field goals and three free throws. At the end of the first, the varsity girls led 10-5 and widened the score to 26-13 at halftime before getting 'hot' in

the third and leaving the Bovina team behind at the end of the third 50-19. Kathy Booth was high scorer with 32 points, hitting 16/25 field goals and her sister, Sharon, had 20 points, shooting 10/24 field goal attempts; Sheryl Woods scored eight points on 3/12 field goals and 2/4 free throws; Bonnie Foster had seven points, hitting 3/6 field goals and 1/3 free throw attempts and Tami Haseloff had two points, hitting one of one field goals. Rebounds were 12 for Jamey Craig, Lori Norton, four; Kathy Booth, three; Sharon Booth, two; and Sheryl Woods and Joyce White each two rebounds. "The guards have really been great this season," commented Coach Gayle Nicholas. "The forwards are certainly good, but the guards have worked hard and are terrific. We scared them in the Olton game, and since that is a team from a larger school, I was proud of the way the girls played. This Friday night, we play Springlake, and it is a real important game for us," she concluded.

What's Cooking At Farwell School

MONDAY - Hot dogs with chili, whole buttered potatoes, lettuce and tomato salad, peanut butter cookies, pears and milk.
TUESDAY - Spaghetti and meatballs, buttered corn, peanut butter and crackers, celery sticks, pineapple cake, bread and milk.
WEDNESDAY - Corn chip pie, sweet potatoes, lettuce and tomatoes, lime gelatin with pineapple and carrots, hot rolls, butter and milk.
THURSDAY - Hamburgers, lettuce, tomatoes, pickles, onions, cheese slices, potato chips, baked beans, vanilla pudding and milk.
FRIDAY - Roast beef with gravy, mashed potatoes, green beans, green salad, hot rolls, butter, syrup and milk.

Honor Society To Induct Members

The Farwell Chapter of National Honor Society met in regular session during class meetings conducted at Farwell High School last Wednesday. Main item on the agenda was setting an induction date for new members of FHS, with the induction date set for Feb. 20. Named to a committee to make arrangements for the induction ceremony were Lynn Blankenship, Pam Nance, Lesley Curtis, Karla Smart and Paula Martin. Security State Bank, through courtesy of Robert Anderson, will fetter the society with a dinner. The induction ceremony will be a public installation and interested individuals are cordially invited to attend the ceremonies.

Near Loss Saved - Varsity Downs Olton In Narrow Overtime

Trailing all the way in regulation play, the Farwell Varsity Steers narrowly pulled their tenth straight win from a heartbreaking loss in overtime. Showing a deficit of 8-11 at the end of the first quarter and continuing to trail at halftime, 20-21, the Olton Mustangs

Farwell B Steers Win Hart Lose Olton

Stretching out to a 4-4 district record for the season, on Tuesday Jan. 15, the Farwell B Steers downed the Hart team here 56-49. Billy Roberts maintained his high scoring with 16 points and was also high rebounder with 16. Clint Robertson was second high scorer with 13 and had 14 rebounds. On Friday, Jan. 18, the B Steers fell to Olton 51-42 in overtime. Scoring was again headed by Billy Roberts with

widened the margin to only a three point lead at the end of the third, 28-31. "We had a poor shooting night, hitting only 30 percent of the field goal attempts and 56 percent of free throws, our 51 rebounds probably helped regain what was beginning to look like a loss," said Coach Vernon Scott of his Steers. "This makes us two for two in overtime wins," he added, "although we didn't get many good shots." With five minutes left in the game, Farwell trailed by 41-31, but with nine seconds to go in regulation game play, Kevin Hargrove hit an 18 foot jump shot to send the game into overtime. Only 15 seconds were left in overtime play when Kevin Hargrove cinched the narrow win with a 15 foot jumper. Hargrove made eight of 21 field goals and was 1/1 on free throws for 17 points; followed by Hargrove with 4/16 field goals and 4/6 free throws, to add an additional 12 points. Hargrove had seven rebounds and Hargrove, 15.

Other scorers in the game included Leslie Curtis, seven; Brad Jones, four, with 12 rebounds; Kent Armstrong, three points and Gene Christian, two points. Never seriously threatened, the Steers defeated the Bovina Mustangs, 81-55, Tuesday night in Farwell gym. Stretching a 17-10 lead at the end of the first quarter to 36-27 at halftime, the Steers maintained a 58-35 lead at the end of the third and took the final win. This brought the team out to a 17-8 season record to date, with the team standing 8-0 in district play and sitting on an 11-game winning streak. Kevin Hargrove had 12 points; hitting 5/11 and 2/3 on field goals with high pointer Kevin Hargrove rolling up 16 points on 7/17 field goals and 2/3 free throws.

Also with twelve points each were Mike Woods, hitting 6/6 and Gene Christian hitting 6/11. Brad Jones was 3/4 in field goals and 1/2 at the free throw line for seven points. Also with seven points was Carl Kirkland who hit 2/5 and 3/4 free throws. Leslie Curtis made four of nine attempted field goals while Kent Armstrong hit 3/9 field goals. With one point was Greg Taylor who hit on a free shot. High rebounder was Kevin Hargrove with 14, followed by Brad Jones, who had 12. Coach Scott also said there is a change in location for the basketball playoffs. All games will be played in the Friona gym on Feb. 8-9. Teams three and two will play at 7 p.m., followed by teams one and four at 8:30 p.m. Finals will be at 8 p.m. on February 9.

The Consumer Alert

by John L. Hill
Attorney General

AUSTIN - Concern over the possibility of gas cutbacks or electrical brown-outs during Texas' current four-weather months of January and February have prompted many people to look around for an alternate source of heat for homes. And what many think of first in a cozy blaze in a fireplace. Although it may be debatable how much good a fireplace does in actually heating a house, there's no doubt that it can provide warmth and comfort around the hearth on a cold winter night. That is, if it's installed correctly and proper materials are used. Otherwise, some of those considering adding a fireplace could find the problems that could result would be much more upsetting than comforting. The Attorney General's Consumer Protection Division had had several reports of fireplace difficulties. In one instance, the purchasers of a new \$50,000 house attempted to enjoy a fire in their fireplace only to find that the builders had installed a false one. Before they could put out the fire, their new home suffered smoke damage. Another incident involved a woman who hired two intendant contractors to build a fireplace for her. When it was finished, she was puzzled to find that she couldn't light a fire in it. The contractors had built the flue and chimney straight up, and had not installed a damper to regulate air flow. The resulting draft blew out every fire the woman tried to start. To avoid problems after a fireplace is built, give plenty of advance thought to what you want, and take certain precautions before hiring a contractor for the job. The initial step is to decide on the type and size of fireplace desired. Three kinds are available. The best-known is the traditional version with firebrick interior and brick or stone chimney. Another is a preassembled built-in unit with metal firebox and flue. This kind can be installed to look like the traditional version, even to the

point of enclosing the metal flue within a chimney. The third is a freestanding prefabricated unit that can be placed anywhere in a room. Any of these types, if properly installed and made of quality materials, should be satisfactory and safe. Various sizes of fireplaces are available. The size you select will determine the maximum size of the logs you can burn. You should also decide whether to include options in a fireplace, such as gas or butane starter or an outside door or special drawer for ash removal. After these decisions are made, it is advisable to get several bids before selecting the firm or individual to build or install the fireplace. Ask to see other fireplaces they have worked on or talk to persons who have employed them. Reputable companies or individuals will be happy to show examples of their work. When you have decided on a contractor, discuss with him exactly what you want. After you've reached agreement on the work to be done, the price, and a timetable for completion, draw up a contract. Some companies or individuals will have their own contract. If you don't draw up a contract, at least write down what has been agreed upon and give a copy to the contractor. If there is any misunderstanding, it can be ironed out before the job is begun. If not, you both will have guidelines by which to judge the completed job. When contracting for a fireplace, be wary of paying too much money before the work is finished. Our Consumer Protection lawyers say a good rule of thumb is to hold back a substantial portion of the price until the job is completed to your satisfaction. By doing a little advance planning and by being cautious, you should be able to avoid any problems when building a fireplace. If you do have a complaint, however, contact the Attorney General's Consumer Protection Division, your county or district attorney, or your local Better Business Bureau.

NOTE: The Bookmobile will be parking back on the Holiday parking lot at Farwell February 2.

Bookmobile Schedule

Wednesday, January 30	Needmore - 9:00 - 10:00, Stegall - 10:30 - 11:30, Threeway - 12:00 - 1:00 and Enochs - 1:30 - 2:30.

Friday, February 1	Hub - 8:45 - 9:45, White's Elevator - 10:00 - 11:00, Lazbuddie - 12:00 - 1:00 and Clay's Corner - 1:15 - 2:15.
Saturday, February 2	Farwell - 8:55 - 11:50 and Friona #II - 1:00 - 4:00.

By Water District - Depletion Maps Made Available

High Plains Underground Water Conservation District No. One has made available the 1973 depletion maps, to be used by landowners and their accountants to calculate their possible deductions on their income tax statements. The maps are available at the District's Lubbock office, 1628-15th Street. The maps depict the decline of the water table in the Ogallala Formation, and are available to persons owning property lying within the 15 county boundary of the Water District at a cost of \$7.50 per map. The guideline maps are a result of the cost-in-water depletion, income - tax - allowance, program carried on each year by the district's Lubbock office. In their January 15 meeting, the district's board of directors voted to charge a fee of \$5 per parcel for all claimants in Bailey, Parmer, Lamb and Castro Counties. This means the \$7.50 maps will not be furnished for these counties - the landowner or his accountant must supply the district with the data necessary to compute their decline - at the \$5-per-claim fee. Data necessary to determine the decline for Parmer, Bailey, Lamb and Castro Counties is as follows: taxpayer's agents name and address; landowner's name, address and social security number; account number and legal description. The correct legal description includes the number of acres, quarter, section or labor, block or league, survey, township and range. A new method for determining saturated thickness for any new claims for depletion allowance in Parmer County

was also adopted by the board on January 15. In the past, Parmer County decline maps for 1963 through 1970 were sold for one dollar each. In 1971, they were raised to \$7.50 and in 1972 the county was automated and the charge was set at \$5 per parcel. Saturated thickness, therefore, for those years, would have been determined at a cost to the claimant of \$31.50. However, to figure saturated thickness in this way would require the district to reprint outdated maps - therefore, the board voted to provide to individual claimants the information necessary to determine the base saturated thickness at the time of the purchase at a fee of \$25. This cost would also include the decline to the time of purchase. For example, a Parmer County landowner purchasing land in 1970 and making a claim for the first time in 1973 would receive the saturated thickness information and the 1970 to 1973 decline information for the \$25 fee. This information should be available upon request. Also, the board announced that the Internal Revenue Service had accepted the results of a district survey of cost-in-water values for land changing hands in 1973. This information will be supplied free of charge to claimants. An audit of the ten major cities participating in the government's summer lunch program revealed that false reimbursement claims were submitted for more than half the meals they served, according to the Agriculture Department.

Water District Names Gober As New Officer

A. W. "Webb" Gober of Farwell was recently elected secretary-treasurer of the board of directors of the High Plains Underground Water Conservation District No. One for 1974-1975.

In the January 15 meeting of the board, the other four board members elected Gober to his first year as an officer, at the outset of his second year on the board.

Also elected by the board members was Billy Wayne Sisson of Hereford, president, and Ray Kitten, Slaton, vice-president.

In other action, the directors canvassed the votes from the January 9 election and officially declared three directors and 16 county committeemen as winners in Crosby, Lubbock, Lynn, Cochran, Hockley, Lamb, Floyd and Hale Counties.

Elected as directors from these counties were Kitten, Selmer Schoenrock of Levelland and Chester Mitchell of

At Home In Parmer County

By Jana Pronger
County HD Agent

I've had requests for soybean recipes in the past, so I thought this might interest some of you!

For a tasty, nutritious-but different-snack, fix some salted soybeans. Homemakers can prepare them at home for use as salted nuts.

Either of two preparation methods is acceptable. For the first method, soak dry soybeans overnight or until completely swollen. Dry surfaces of the beans between towels, and fry in deep fat. Cook a few soybeans at a time, for five to eight minutes depending on size. When slightly brown and crisp, drain, salt and use like salted peanuts.

The second method also requires washed beans to soak overnight. After soaking, boil soybeans in salted water for one hour. Then spread in a shallow pan and roast in a moderate oven until browned. Sprinkle with salt while still warm. For best results, set oven-or fat-temperature at 350 degrees F.

Here's some tips on shoe and boot care that could also apply later in the year when we get rain.

Winter rain, slush and snow are hard on boots, but consumers can avoid much wear-and-tear-with care. Generally, winter boots are constructed of synthetics, leather or suede. Of these, synthetics require the least care. They're waterproof, washable and don't need polish.

To "spruce them up," simply spray on furniture polish. Should the lining get wet, dry them upside-down over a heat source. However, synthetics can't "breathe" or let air circulate.

As a result, feet perspire-involving possible bacteria growth, so it's advisable to use foot spray in these boots. Leather boots, on the other hand, require special care to prevent cracking. When they're new, polish these boots with paste wax and/or silicone treatment. Repeat treatment periodically to keep leather soft and pliable.

If stained, wipe boots with a damp cloth. Wash with saddle soap if badly discolored-using lots of suds and minimum of

water. Then, rinse, air-dry at room temperature-away from heat-and apply paste wax to lubricate the leather. Silicone spray also protects suede boots. If soiled-or if salt gets into the grain-use spray cleaner and a brush, or a dry plastic sponge.

Never use paste wax, leather cream or shoe polish on suede. These products can harm its finish.

When boots get wet, remove them and stuff with tissue paper or paper towels, because wearing wet leather or suede footwear can stretch it out of shape. Also, improper storage causes knee-high boots to bend and crack-forming creases where salt can collect. To hold boots upright-and prevent such damage-place cardboard rolls (such as from paper toweling) inside the boot tops (uppers). When zippers stick, lubricate them with spray-on silicone.

Blairs Named To School Honor List

Steven J. Blair was named to the president's list and his wife, Nancy R. Blair, named on the dean's honor list at Southwestern State College at Weatherford, Okla. for the last semester.

In order to be on the president's list, undergraduate students must have a straight A grade point average of 4.0. The dean's list has students with a 3.0 grade point average.

Beverly Roberts Enrolled At LCC

Beverly Jan Roberts, daughter of Mr. and Mrs. Bill Roberts of Farwell, has enrolled in Lubbock Christian College (LCC) for the spring semester as a freshman Medical Assistant major.

Miss Roberts is a 1973 graduate of Farwell High School.

LCC is now a fully accredited senior college offering liberal arts and pre-professional programs.

County Youths Enter Livestock Exhibition

Among Parmer county 4-H youth participating in the 1974 Amarillo Livestock Show, January 16-19, were Roy Hartzog, Galen Carson and Joan Carson of Bovina; and Todd Gregory, Sharon Spencer, Jalayne Collins, Sherrie Seaton, Mike Windham and Russell Windham, all of Lazbuddie.

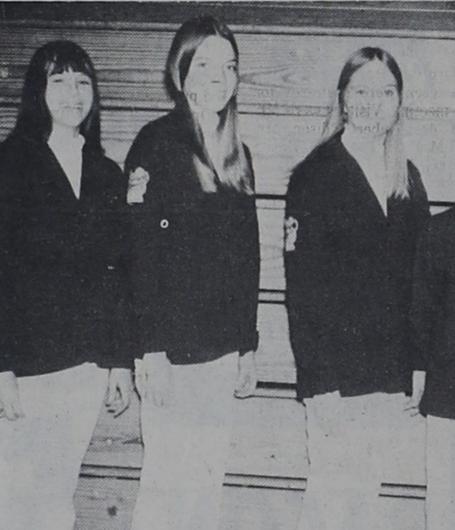

Steers and lambs were shown on Thursday, Jan. 18. Roy Hartzog placed sixth with his lightweight Angus. In the middleweight cross class, out of 70 steers shown, Roy also placed ninth and Galen placed twenty-sixth.

In the lamb show, Russell Windham showed the twelfth and twentieth place lightweight Finewool lambs. His older brother, Mike, showed the fourteenth place heavyweight Dorset and the fortieth place

heavyweight Finewool. Todd Gregory's medium wool placed thirty-fourth.

The barrow show was conducted on Saturday, Jan. 19. Sherrie Seaton won first place with her lightweight Poland China. This barrow was later named the Reserve Champion Poland. Sherrie's lightweight Hampshire placed third. Mike Windham won first with his lightweight Duroc and first place with his lightweight Hampshire.

Russell placed second with a heavyweight Hampshire and ninth with a mediumweight Duroc. Jalayne Collins showed her mediumweight cross for sixth place and a lightweight spot for seventh place. Sharon Spencer placed twelfth with a lightweight cross.

FJH ALL-REGION BAND MEMBERS - Named Farwell Junior High School All-Region Band members for the Class C Junior High School All-Region Band were from left, Penny Hughes, Dana Ennen, Peggy White and Dwayne Shults, with Keith Herington named alternate. The Farwell students will perform in concert in Lubbock Saturday, Jan. 26.

MR. AND MRS. G. A. BANDY

Bandys To Celebrate Fiftieth Anniversary

Mr. and Mrs. George Alvan Bandy of Bovina will be honored with open house on their 50th wedding anniversary on Sunday, Jan. 27, from 2-5 p.m.

A reception will be in the couple's home at 1101 Avenue K in Bovina and will be hosted by children and grandchildren.

They were married on January 23, 1924 in Abilene, Tex. by the Rev. W. M. Lain, a Methodist minister.

Mrs. Bandy, the former Allie Belle Roberts, daughter of the late Mr. and Mrs. J. J. Roberts, was born August 2, 1905 at Oleta, Tex. and Mr. Bandy was born September 15, 1898 in Mills County, Tex. His parents were the late Mr. and Mrs. J. A. Bandy.

Mr. Bandy traveled to Jones County in the fall of 1922 in a covered wagon and worked on a farm east of Anson. It was in this community that he met his

future bride. Following their marriage, the couple farmed in the Funston community of Jones County until 1947 when they moved to Olton, Tex. After two years in the Olton community, they moved to Farwell and later to Bovina. He continued to be active in farming and raising livestock.

They are members of the First United Methodist Church of Bovina. Mrs. Bandy is active in church and club work.

The couple has four children, seventeen grandchildren and two great-grandchildren. Their children include Mrs. Arnold (Estellene) Langford of Anson; Dencil Bandy of Medford, Ore.; Jean Bandy of Gila Bend, Ariz. and Don Bandy of Bovina.

The children of Mr. and Mrs. George Bandy invite all friends and relatives of the couple to attend the reception.

Oklahoma Lane 4-H Hosts Meet

Oklahoma Lane 4-H Club met at the Community Center January 21. Meeting was opened with the Pledge to the Flag led by Ted Mesman. Tom Mesman led the 4-H Motto.

Robert Johnson reported that Diann McKillip and Lucretia and Polly Turner were first on the list to take fruit or baked goods to a rest home in Clovis. Jana Pronger reported that she has some leathercraft kits and some rounds and strips to practice on. She also reported selling a load of newspapers.

Scotty Gilliam gave a progress report on the public speaking project which is being led by Mrs. Walter Kaltwasser.

Weekend Guests

Mr. and Mrs. Pete Blackshear of Levelland spent the weekend visiting in the home of Mr. and Mrs. Joe Magness of Farwell.

Visiting with the group on Saturday was Mrs. Cleo Banks of Clovis.

Fred Kepley Feted On 86th Birthday

Fred E. Kepley was honored with a special birthday party and dinner on his 86th birthday this month.

The party was in the Kepley home and included in the celebration was Oscar Hubbell, whose birthday is also on January 2.

Special guests included the three Kepley daughters, Mr. and Mrs. Turner Paine, Farwell; Mr. and Mrs. J. W. Herington, Muleshoe and Mrs. Ora Smith, Clovis; five grandchildren and three great-grandchildren.

Among other guests were Mrs. Robert Gallman of Lazbuddie and Mr. and Mrs. Tommy Paine, Mr. and Mrs. Bob Roberts, Kim Rundell and Nancy Hutto, all of Bovina.

Lockhart And Hutchison Exchange Wedding Vows

In a candlelight setting in the First Baptist Church of Texico, Miss Kathy Lockhart and Weldon Hutchison were united in marriage on Saturday, Jan. 5, by Rev. Harvey Hudnall. The bride is the daughter of Mr. and Mrs. J. T. Lockhart of Texico and parents of the bridegroom are Mr. and Mrs. W. L. Hutchison of Waco, Tex.

The double ring ceremony was performed before an altar centered with a large bouquet of white gladioli and blue carnations featuring an arch of blue tapers flanked by tropical palms and branches of blue tapers.

Escorted to the altar by her father, the bride wore a floor length gown of soft cotton and dacron lightly gathered at the waistline and encircled by a soft waistband ending in a large back bow. A square lace yoke outlined with a ruffle of the dress material was accented by matching lace and ruffle forming cuffs of the long, softly shirred sleeves, also featured in the full flounce around the bottom of the skirt.

Her cathedral veil of bridal illusion was attached to a caplet of lace accented with pearls and narrow lace ruffle. She carried a cascade arrangement of white and blue carnations with baby's breath and white streamers atop a white Bible, which was a gift from Rev. Hudnall.

Carrying out tradition, Kathy carried a handkerchief used by her mother in her wedding for something old. Her wedding dress was new; something borrowed was a bracelet from a classmate, Sherri Riddle; and she wore the traditional garter, as well carrying blue flowers in her wedding bouquet. She also had pennies minted in the years of the birth of her and the bridegroom.

Wedding selections were presented by Mrs. Glenda Powell at the organ and Clyde Powell, soloist, who sang "The Lord's Prayer" after the mothers were seated and "Bless This House" to close the wedding.

Attending the bride was her sister, Mrs. Betty Schroeder of Houseon, Tex., serving as

matron of honor. Bridesmaids were Baylor classmates of the bride, Miss Paula Vercher of Gonzales, Tex., and Miss Linda Hill of San Antonio, Tex. Attendants wore floor length, scoop neck dresses of white with small woven flowers of aqua blue. Accenting the high waistlines were blue velvet ribbons with back streamers. Each attendant carried an arrangement of a single long stemmed blue carnation with baby's breath and long blue streamers. Serving as best man was the bridegroom's father, W. L. Hutchison of Waco. Groomsmen were Dr. David Lockhart, brother of the bride, of Forrest City, Ark., and Marty White of Texico.

Mrs. Johnny Autrey, high school classmate of the bride, attended the guest book. Marty White and Mitchell Turnbough, also of Texico, seated guests.

A reception followed the ceremony in the Fellowship Hall of the church. Hostesses were Mrs. Harvey Hudnall, Mrs. Ann Schloss, Mrs. Allie Burris, Mrs. Charles Bourlon and Mrs. John R. Hadley. Mrs. Larry Benton and Miss Diane Kelley, both high school classmates of the bride, served cake and punch and Sherri Riddle, a Baylor classmate of the bride, from Italy, Tex., served coffee.

The bride's table was laid with white tulle outlined with applied white felt scallops and a large flower, over a cloth of blue floral print. The table was centered with a low white mum arrangement and blue candles. One end of the table featured a wedding cake decorated with blue roses and topped with a bride and groom which had been used by the bride's sister on her wedding cake in 1965. The other end of the table featured punch and coffee which were served from a silver service.

Out of town guests at the wedding included the bridegroom's parents from Waco; the bride's attendants; Dr. David Lockhart of Forrest City, Ark.; Miss Sherri Riddle of Italy, Tex.; Mr. and Mrs. W. Schroeder of Plainview, Tex.; Mr. and Mrs. Peyton Ramey, Katie and Donald of Hereford, Tex.; Mrs. Crystal Moss of Levelland, Tex. and several Clovis friends.

Following a short wedding trip, the couple is at home at 500 E. Craven, Waco, Tex.

The bride is a graduate of Texico High School and is presently attending Baylor University in Waco. The bridegroom is a 1973 graduate of Baylor and is currently employed in Waco.

"Divine" Female Born In Colo.

Mr. and Mrs. Jim Devine of Loveland, Colo., are parents of their first child, a daughter named Anna Christine, born Jan. 11 in a Loveland hospital. The new infant weighed six pounds, 10 1/2 ounces at birth.

Maternal grandparents are Mr. and Mrs. Murray White of Texico and paternal grandmother is Mrs. Dickie Devine of Denver. Great-grandparents are Mrs. Edna Martin and Mr. and Mrs. Jack White, all of Clovis.

Mrs. Murray White spent a week in Loveland taking care of her new granddaughter and her daughter Kathy. Murray White went to Loveland on Saturday to visit with his new granddaughter and family and Mr. and Mrs. White returned to Texico Sunday evening.

In commenting on her second grandchild, Mrs. White said that "truer words were never spoken" than the words on the name tag of the new infant which read "Devine Female".

Study Club Hosts THP, Special Guests

The Farwell Study Club met Monday, Jan. 21 at their club room. Members and several visitors enjoyed a program brought by Jim Bishop, local highway patrolman, who spoke on new road signs.

Virginia Perry and Nina Glasscock were hostesses for the meeting. Visitors were Mr. and Mrs. Hubert Ellison, Mr. and Mrs. Gil Patschke, Donna Clapp, Jana Pronger, Verna Towns and Elmer Scott.

Members present were Dorothy Quickel, Hattie Coffey, Jewel Scott, Lillian Aldridge, Edith Crawford, Eunice Crume, Wilma Towns, Sal Vincent, Carrie Christian, Virginia Perry, and Nina Glasscock.

Party Honors Birthday Duo

Stanley Don Cross and Rae Lynn Longo of Texico were honored on their sixth birthday Sunday with a party hosted by their parents, Mr. and Mrs. Don Cross and Mr. and Mrs. Sonny Longo all of Texico.

The party went to a restaurant in Clovis where they enjoyed hamburgers and soft drinks and topped off with a chocolate birthday cake decorated with blue and yellow candles and "Bugs Bunny" and the "Roadrunner." Guests were Dawn and Wix Caillouet, Buck Autrey and Twila Longo.

Melissa Jo Born To Bobby Cooks

Airman First Class and Mrs. Bobby Joe Cook welcomed their first child, a daughter, named Melissa Jo, at 3:11 p.m. MDT at Clovis Air Force Base Hospital last Friday, Jan. 18.

The red-haired infant weighed seven pounds, 10 ounces and was 19 and one-half inches long.

A1/C and Mrs. Cook reside at 1120 Dusk Street in Clovis. Texico grandparents are Mr. and Mrs. C. E. Goforth and paternal grandparents are Rev. and Mrs. L. O. Cook of Iron City, Tenn. Mrs. Bobby Joe Cook is the former Karol Ann Goforth of Texico.

At Red River

Among local residents skiing at Red River over the weekend were Mr. and Mrs. M. A. Snider Jr. and David, Mr. and Mrs. Jack Williams, and Mr. and Mrs. Bert Williams, Lee Ann, Tracy and Eric.

Also, Mark Liethen and Nicky, Mr. and Mrs. Don Williams, Deana and Clay, and Kristi Magness, Cindy Watts and Vickie Snodgrass.

In Ruidoso

Mr. and Mrs. Joe Helton of Texico, Hal Helton of Clovis and Mrs. J. E. Whitley of Amarillo spent the weekend in Ruidoso at the Helton home in Alto Village.

The group returned to Texico Sunday evening and Mrs. Whitley returned to her home in Amarillo Monday morning.

Texico Women's Club Plans Future Dinner

Plans for a future appreciation dinner for persons who have contributed money, time and other services to the Texico Women's Club for use in remodeling the Texico Community Building were discussed during the regular monthly meeting of the club Monday night at the bank in Texico.

During the meeting, members toured the Community building and checked progress of the remodeling project.

Marcia Leavell, president, said members are still soliciting contributions and told The State Line Tribune that several individuals had recently signed a bank note for \$3,000 to finish the project.

One guest attending the meeting was Beverly Rogers.

Pledges Sorority

Caroline Anderson, daughter of Mr. and Mrs. R. W. Anderson of Farwell, has pledged Kappa Alpha Theta Sorority at Southern Methodist University.

She is a freshman student and made a grade point of 3.3 the first semester at SMU.

Members were Teresa Curry, Loretta Summers, Audrey Kittrell, Aileen Teel, Vera Walters, Louise Engram, Maurine Baker, Marsha Reid, Margie Crooks, Evelyn Hadley, Tommie Snodgrass, Gale Engram, Edith Chandler, Marie Christian and Mrs. Leavell.

Hostess for the meeting was Gale Engram.

Wide Ranging Community Loans Become Available

Small rural communities will soon have increased federal support to update or develop needed facilities, according to an announcement this week by J. Lynn Futch, director of the U. S. Department of Agriculture's Farmers Home Administration programs in Texas.

State Director Futch said FHA can make credit available to small rural towns for a wide range of community facilities such as industrial parks, streets, fire fighting equipment, ambulance services, community centers and even for community recreation.

The new program authorized under provisions of the 1972 Rural Development Act, supplements the Farmers Home Administration's water and waste disposal loan program.

"We are constantly striving to improve the quality of life in our state's small towns and outlying communities," Futch said. "Our water and sewer loan program has financed over 763 systems with more than \$134 million and benefited 532,000 rural people since the start of the program. Now we are in position to assist with more diverse projects."

Most of the loans are expected to be made to public bodies such as towns up to 10,000 population, counties and some special purpose districts, Futch continued. Some assistance may go to nonprofit corporations, provided they prepare plans for adequate repayment.

Futch pointed out that priority will be given to municipal borrowers in communities smaller than 5,500 people to improve a deteriorating water supply or to enlarge or modify a water system or an inadequate sewer system. Proposed plans must be consistent with areawide development plans.

Borrowers may use funds to acquire land and/or water rights, to construct buildings of modest design, size and cost essential to the operation of the community facility, and to provide for a large variety of other needs.

Additional information is available through any of Texas' 143 FHA offices, usually located in county seat towns.

Farwell's FHA office is located on Third Street in Farwell, across the street west of the Parmer County Courthouse.

Microwave Oven - Easy On Energy

In a stew over the energy squeeze affecting home cooking?

"Today, many consumers turn to microwave ovens—one of the greatest energy-savers around," Lynn Bourland said.

The home management specialist, Texas Agricultural Extension Service, Texas A&M University System, pointed out that electronic ovens cook foods in about one-fourth the time of conventional methods.

"In addition, a homemaker needs fewer utensils to prepare and serve foods. As an added bonus, the kitchen doesn't over-heat from cooking, and cleaning is cut to almost nothing."

However, like any other appliance, the microwave oven is only as efficient as the homemaker operating it. So, before buying a microwave oven, read its instructions carefully—and make sure you can follow them, Miss Bourland advised.

Consider several factors when selecting a microwave oven.

—First, determine how much space is available for the appliance.

"This dictates the outer measurement limits—or the need for a model with a portable stand," the specialist added.

—Next, what electrical power is available?

"Portables use 110-120 volts while free-standing models require a separate 220-volt line," she said.

—Does the consumer want a browning tray or unit?

"Special browning trays double as serving trays that keep food warm. Usually, browning units are available in the home's regular range."

—Will the oven be used frequently for defrosting?

Automatic defrost cycles free the homemaker's time for other jobs by cutting "on" and "off" automatically, Miss Bourland said.

"For ovens without these defrost cycles, homemakers can set the timer for a few seconds, wait awhile and then manually reset the timer for a few seconds more. These short-time cycles and waiting periods defrost—rather than cook—foods."

—Make sure the magnetron tube—the most expensive replaceable part—has a guarantee.

"Usually it's guaranteed for two years and should last about 10 years. Ownership becomes very expensive if this tube is replaced within the first

few years," the specialist emphasized.

—Is the dealer competent to service microwave equipment?

"A reliable dealer will make competent repair service available either through trained repairmen or by paying the cost to return the oven to the manufacturer," she concluded.

Boy Scouts - -

'Mulligan Stew' To Celebrate Birthday

The 14th annual "Mulligan Stew" to celebrate the birthday of the Boy Scouts, for all units, Explorers, Scouts, Cubs and leaders, will be Saturday, Feb. 16, at Oasis State Park. The "Mulligan," according to District Executive Jim Cowman, will take place regardless of weather conditions, so all are asked to plan to attend.

Each Explorer, Scout and Cub must provide the following food items for stew preparation: Meat, 1/2 pound per individual. Bring boneless cubed stew meat, no hamburger or corn beef. Potatoes, two large ones per individual, onions, one per individual; carrots, two per individual; tomatoes, one can of whole tomatoes per den, patrol or post; and celery, one stalk per troop, post or pack. Each individual must bring a plate, spoon, and drink of his choice.

Clovis, Farwell, Texico, Bovina, Melrose and Fort Sumner units are to bring their food to Westbrook Glass at 2nd and Pile in Clovis. The phone number there is 762-0113.

Portales and Elida units are to bring their food to Boothe Insurance Agency, 113 W. 2nd, Portales, phone number 356-5971.

The food is to be delivered by 9 a.m. Feb. 16. The stew will be served about 4:30 the same day.

Each unit must have one Dad per unit to meet at the "Mulligan" cooking site by 10:30 a.m. Saturday, to assist in the stew preparation. The cooking site will be hard to find at Oasis State Park, Cowman said.

Registration fee will be 25 cents per individual, to pay for the 1974 Mulligan patch portion of the growing ring.

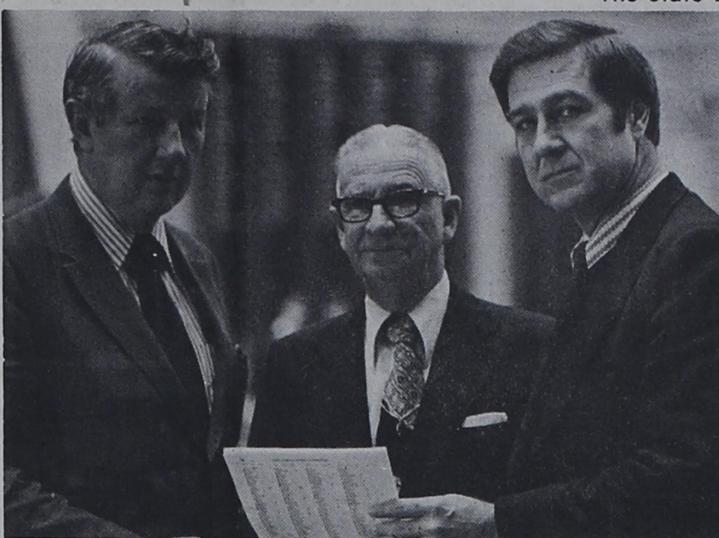

Posts, troops and Webelos are encouraged to stay overnight Saturday night. Cowman advises that units electing to stay over must be completely self-sufficient. Firewood is scarce and water is plentiful.

Unit leaders are requested to have a list of participants to hand in at the registration desk, along with their fees. They are also asked to have correct change. The 1974 Mulligan patches will be distributed at the registration desk, and District patches will be available for 60 cents at the same time.

District activities personnel will have fun events set up for all participants to try, regardless of size or sex. Immediately following the "Mulligan," a brief awards ceremony will take place with an award going to the first place winner in each event from Explorers, Scouts, and Cubs. District activity personnel will supervise each event.

Fun events will be selected from crazy race, softball throw, football punting, rope climbing, BB gun accuracy, archery accuracy, foot race, pull up contest, three-legged race, egg toss, bait casting, javelin throw, tug of war and perhaps some unscheduled events.

Cowman emphasized that all fathers of scouts are most welcome and encouraged to come. Anyone needing additional information is invited to call Cowman at 762-3066 or Pete Wilt at 763-6935.

DISCUSS APPOINTMENT - Chairman Jack Hightower of Vernon, Convention Vice President A. M. Aikin of Paris, and Chairman Max Sherman of Amarillo go over Committee assignments for the Constitutional Convention.

Hightower, Sherman Named Chairmen

AUSTIN - Northwest Texas got two chairmanships out of only 13 available when officials of the 1974 Constitutional Convention were announced by Convention President Price Daniel, Jr., and Vice-President A. M. Aikin, Jr.

Sen. Max Sherman of Amarillo was named chairman of the Committee on Style and Drafting, and Sen. Jack Hightower of Vernon was selected to head the Convention Administration Committee.

In addition, Sherman will serve on the Executive Branch Committee while Hightower was appointed to the Education Committee. Delegates to the convention are the 181 members of the Texas Legislature.

With the exception of Sen. Tati Santiesteban of El Paso, Sherman and Hightower were

the only West Texans named to play key roles in the convention.

The Committee on Style and Drafting, which Sherman will chair, is charged with the responsibility of putting the language of the proposed Constitution in final form, and will perhaps be one of the hardest working panels during the convention.

Hightower, a member of the Board of Regents at Baylor University and former Regent of Midwestern University, was chosen for the Education Committee because of his

expertise in the field of education.

Sherman said his assignment as chairman for style and drafting "is one of the greatest challenges a public official can have, because the language of the Constitution will have much to do with its acceptance by the people as a lasting document."

Hightower commented that "because of the critical situation facing funding of public school education in Texas, I am especially pleased to have been assigned to help author the proposed new Constitution's language on education."

Thoughts

From The Living Bible

For I will pass through the land of Egypt tonight and kill all the oldest sons and firstborn male animals in all the land of Egypt, and execute judgment upon all the gods of Egypt—for I am Jehovah. The blood you have placed on the doorposts will be proof that you obey me, and when I see the blood I will pass over you and I will not destroy your firstborn children when I smite the land of Egypt. "You shall celebrate this event each year (this is a permanent law) to remind you of this fatal night. The celebration shall last seven days.

Texico's Mayor - -

Manford Turnbough, Sons Find Hunting 'Challenge'

DOGS READY TO HUNT - David and Manford Turnbough proudly show off two of their prize hunting dogs, Blue and Tick, who are trained to hunt bear, lion, bobcat and raccoons. The two dogs are from a pack of nine owned and used as hunting dogs by the Turnboughs.

The excitement of yelping, baying dogs, riding through brush country, the snarl of mountain lions and the sound of battle between dogs and a bear, serve up excitement to Texico Mayor Manford Turnbough and his sons, Mitchell and David.

"Hunting without dogs is not hunting at all," is the thought of 16-year-old David, who is a junior at Texico High School.

David and Mitchell have accompanied their father, and several friends, on hunting trips since they were young boys, and continue to enjoy the excursions into the rough country of New Mexico and Colorado. Mitchell says he doesn't have as much time to hunt anymore as the 20-year-old is employed by Gifford-Hill and does not have the opportunity to make as many trips as he once did.

Let's take a hunting trip with

the Turnboughs, and friend Dan Savage, of Portales.

First, take a remote ranch in western New Mexico, between Reserve and the Arizona border. Unload dogs, one riding horse, and a "green-broke" horse. Let the dogs sniff out fresh bear tracks, and turn them loose.

The dogs shoot up the mountain, circling and baying in their excitement and after about four hours of hard riding through whipping brush and through "some of the roughest country you ever saw," there is the bear in a tree three feet in diameter and about 150 feet high. The unhappy, snarling bear sits about 90 feet from the ground and exhibits marks from where the snapping dogs got close as the bear scrambled into the tree.

The five dogs, including only one bear dog, Dixie, were prancing around the tree, attempting to entice the bear back down, but the bear wanted no more of the howling pack circling the tree. Perched in his tree, the bear, which was a New Mexico black bear thought to be around seven years old, weighing about 500 pounds, may have thought he was safe from the dogs. But, unlimbering a 30.06, the hunters shot the bear from the tree.

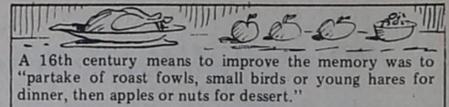

Around 9 p.m., the tired hunters still had not managed to get the bear down from the mountainside, so went back to the ranch to wait for morning. The following morning, the one trained horse wanted no part of the bear, and shied away from hauling the carcass from the mountainside, so the "green-broke" horse, who exhibited no fear of the dead animal was utilized to carry the bear back down the mountain.

Several days later, Turnbough served barbecued bear, donkey and raccoon to employees of Swift and Co. of Clovis, where he works. Of the barbecue, hosted at Oasis State Park,

take one nine day hunting trip last year. At this time, they plan another nine day trip to the Gila Wilderness in July when they will take nine dogs and pack in for the extended trip. Turnbough said one of his dogs, Tick, was in on 51 lions captured or shot during 1973, and was on 17 lion hunts in 1972.

Mrs. Turnbough, who is a teacher at Texico Schools, does not join the three males members of the family in their hunting, and leaves most of that up to Manford, Mitchell and David, who vividly express their pleasure with their favorite hobby.

Turnbough, whose term as mayor expires this year, said he has not entirely decided whether or not to seek an additional term in office, however, indicated he may run again, even though he said he would like to devote more time to his family, his work and his hobby... hunting.

Synanon Visits The Southwest

Six representatives from Synanon, the highly successful re-education center for drug addicts and alcoholics, will be in Texas, Oklahoma and New

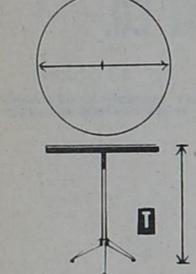

INGENUITY
IN HOME DECOR

ROUND TABLES ARE ESPECIALLY POPULAR TODAY AND FASHION CALLS FOR THEM TO BE COVERED WITH FLOOR-LENGTH CLOTHS.

THE TRICK IS TO ORDER THE RIGHT AMOUNT OF MATERIAL AND CUT IT TO THE PROPER SHAPE. HERE, FROM THE MAKERS OF LUKIN TAPE MEASURES, IS THE EASY WAY TO DETERMINE THE EXACT AMOUNT OF CLOTH YOU NEED.

IF YOU'RE GOING TO DRAPE THE COVER OVER A ROUND TABLE, MEASURE THE DIAMETER OF THE TABLE TOP, TAKE ONE-HALF OF THIS FIGURE, AND ADD THE HEIGHT OF THE TABLE. THE RESULT IS THE RADIUS OF THE CIRCLE YOU NEED FOR YOUR PATTERN.

Mexico during the month of January. The representatives are presently in the immediate area.

What they are selling is not a tangible hard good or even a direct service, but a solution to one of the most dreaded social problems in our country today—drug addiction.

The cost of the solution comes in many forms. One is the donation of beef on the hoof to feed the approximately 1,600 men, women and children now living in Synanon.

Last year local cattlemen donated 175 head of beef to help Synanon in fighting drug abuse and addiction. This year Synanon members will again be contacting cattle feeders, hoping to procure part of their yearly need of 500 head of beef.

Synanon is a non-profit, tax-exempt organization, founded in 1958. It is now nationally recognized for its work in rehabilitating drug addicts, alcoholics and people with similar character disorders.

Headquartered in California, Synanon offers help to people from all over the country. Some 16,000 men and women have come to Synanon, and many are now leading responsible lives.

Arlene Heede, 26, is a native Californian. She began smoking marijuana in college, then went on to pills and finally heroin. Four years ago she came to Synanon after spending time in hospitals and jails trying to end her addiction. Today she lives on Synanon's ranch in Northern California, and is one of the team members for Synanon's Supply Department, the department with the responsibility of seeing that Synanon obtains the food and other needs necessary to keep it operation.

Fred Wells, 26, became addicted to drugs when he was 14. Efforts at rehabilitation through psychotherapy and hospitalization failed, and at 18 he faced a jail sentence in New York. Instead, he was given

the alternative of entering Synanon. During the past seven years at Synanon, Fred has remained free of drugs and is now manager of the Food Services Department in Synanon's Santa Monica, California facility where he lives with his wife, Ellen, and two-year old son.

While in the Southwest, Synanon representatives will be contacting judges, probation officers, police officials and others to make known Synanon's availability to as many people as possible.

Anyone can enter Synanon free of charge as long as they have a sincere desire to work hard and help themselves. Those who are interested in participating in Synanon's program should contact Synanon Foundation, Inc., 1215 Clay Street, Oakland, California 94612. Telephone: (415) 444-3624.

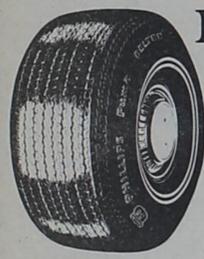

BEARSKIN TROPHY - David, left, Mitchell, center and Manford Turnbough of Texico, exhibit a trophy from one hunting excursion. The more than five foot cinnamon bearskin is from a bear hunt in western New Mexico last year.
