Inflation - it's a big word denoting a big subject. Today, in the United States and in the world it's also big news. Seems sort of like the weather; every-

body talks about it but nobody does anything about it.

The daily press is full of stories about committees, sub-committees, seminars, interviews, articles and books on how to attack inflation. Most of the guff you hear and read is just that - guff. To date our eyes and ears have not heard one sensible thing put forward about the causes of, or a cure for, our spiraling economy and diminishing dollar.

Labor takes the corporations to task. The corporations speak soothingly to the labor barons. Congress points its finger at everybody and everything but Congress itself. The President calls a meeting of all the economic pobahs for late September, and this conclave has all the earmarks of a Texas Constitutional Convention.

We feel reasonably sure that out of all this hubbub will come a few ill-conceived laws that will only add to the red tape misery of the public, and in reality do nothing to halt the erosion of the economy of the country.

In our opinion, to halt inflation we must first have a spiritual rebirth of the nation. The people must return to the view that a day's work must be given for a day's pay. That a pound of cabbage is a pound of cabbage, not 15 and 9/10 ounces. That getting to your neighbor before he gets to you is not a way of life. That welfare aid does not mean a lifetime pension to loaf and produce more children.

Simply put, we think that whipping inflation means a return to moral honesty along with a respect for the money virtues of work and thrift. This rebirth cannot be legislated by a government, but a government can encourage a return to these virtues by legislation.

Make the tax system so that people do not have to cheat to live. Make fiscal prudence an example in Washington for all people to observe and emulate. Make punishment follow crime, swiftly and surely. Make the laws reward work, not slothfulness. Make the person, not society, responsible for his sins of omission or commission.

As the American Republic was founded upon the rock of the integrity of the individual, so it will continue as long as the individual has integrity.

Came across this item in the Lincoln County News published by friend Paul Peyton. Will paraphrase it for Texico-Farwell.

There are 2,500 friendly people, more or less, in Texico-Farwell. They fall into one of three categories: (1) The 25 people who are working for the growth of the community; (2) The 25 people who erroneously believe that the community can stay as it is now, and want it to; or (3) The two thousand four hundred and fifth persons who don't give a damn.

A town, like a tree, is a living thing. It grows or dies. It cannot stand still.

BOOSTER CLUB OPEN HOUSE - The Farwell Booster Club held open house at the Farwell Field House Monday evening, with approximately 100 in attendance. Highlights of the evening were the demonstration of football equipment and discussion of improvements in the Farwell athletic program. Coach Vernon Scott, left, demonstrates protective gear to part of the crowd attending the open house including, left to right, Donald Christian, Don Williams, Jack Kirkland, Doyle Ford and Jim Berry.

August Rains Fall In Area, Break Drought & Records

Record rains have fallen in the area during the month of August, quenching the sun parched west Texas Panhandle and eastern plains of New Mexico and causing several long-standing records to fall.

Perhaps the long hot summer is over. Common scenes in the area during this month have been water running over curbs, cars spraying a wide path as they travel down the roads, muddy rural roads and

children frolicking in water-filled chug holes.

A sidelight of the month-long plentiful rains has been an almost complete shut-down of irrigation systems within the county. As always, accompanying abundant moisture, weeds are sprouting and growing hourly along the roads and in town and lawnmowers are straining to keep up with tired owners and grass that has gone wild with the rain.

Rain reports from throughout Parmer County vary, according to the area, with the heaviest rainfall being reported in the Lariat area. Tommy Scaff, bookkeeper at Sherley-Anderson-Lariat, said he thought rainfall measured there during the month of August "would pretty well set a record. It is one of the wettest Augusts on record, and I don't know of anything that the rain won't benefit."

Scaff reported the following figures for August: 2 - .50; 6 - 8 - 3.3; 15 - .3; 21 - .6; 22 - 7 - 23 - 2; 24 - 1.50; and 25 - 3.80, for a total of well over 11 inches of rain during the month. "I think the 11.7 would be a record," he commented.

The "Amarillo News-Globe" in the Sunday, Aug. 25 edition, reported that the August rainfall in Amarillo records was broken at 11:50 p.m. Friday,

Aug. 23, with a measurement of .57, bringing August's total to 6.77. This tops the previous August record set in 1906 with 6.75. As of 5 p.m. Saturday, Aug. 24, the total for the month of August stood at 7.19.

Mrs. B.A. Rogers of Texico said three inches of rain had been measured since Thursday, Aug. 22, at their farm 12 miles north and two miles west of Texico. "The rain has been a great benefit to us," she said. Mrs. Rogers also stated that as of the morning of Friday, Aug. 23, irrigation wells at their place had been turned off because of the good rains.

Parmer County Agent Mack Heald said the rains had been very scattered throughout the

Football Fever Relief Kicks Off Next Week

For all football fans, fanatics and those who enter the annual football contest just for the fun of it, the time is drawing near. With the next issue of the Tribune, Sept. 6, the 16th Annual Area Merchants Football Contest kicks off with a list of 10 professional, college and high school games for which winners must be selected.

In scanning the schedule and classification changes of several high schools and with the addition of the World Football League, the contest will take on a new twist this year as schools and pro teams will be pitted against opponents which they have never faced before.

In some instances the won-lost records of longtime foes will be of help but only with skill, calculation, close observation and maybe the flip of a coin will accurate predictions be made in first-time clashes.

The contest will run for 12 weeks ending Friday, Nov. 22, during which hundreds will be trying to win the grand prizes and the weekly prizes. Rules of the game will be the same as previous years.

Ten games are listed in the Tribune each week. Entrants must circle or otherwise indicate their choice of winner for each game. A Game of the

Week will be spotlighted on the entry blank. Entrants must guess the score of this game in order to determine the weekly winners in case of a tie. This game does not count in the weekly won-lost standing.

The entry blanks must be turned in to the Tribune office by 5 p.m. Friday. Entries mailed in must be postmarked by 5 p.m. Friday in order to be accepted. Tabulation of individual entrants will be available for public inspection.

Contestants must be 12 years old or older in order to enter. Only one entry blank will be accepted from an individual each week.

Weekly prizes include \$5 for first place, \$3 for second and \$1 for third. First prize will be two tickets to the Cotton Bowl game played in Dallas on New Year's Day, 1975, plus \$50 expense money. Runner-up will be awarded two tickets to the Sun Bowl game in El Paso and \$25 expense money.

Last year the contest drew a total of 400 entrants with Becky Taylor capturing the Grand Prize.

Winners of the previous years' contests have included Bunk Phillips, Maxine Williams, Jerry Dee Owen, A. D. Kirk, Thelma Alexander, Dodie Actkinson, Doris Herington, Dee Owen, C. L. Mahaney, Mrs. Roy Everett, Greg Hargrove, T. J. Kittrell, Terry Craft and W. M. Roberts.

Men's Club Golf Tourney Re-Set

The Farwell Country Club Men's Club Championship, originally scheduled for Aug. 24 and 25, was rained out, and has been re-scheduled for Sept. 7-8, according to a spokesman at the club.

Competition in the tournament is open to club members. Members desiring to enter may contact Joe Lamberson, golf professional at the club. Prizes will be gift certificates, redeemable at the club.

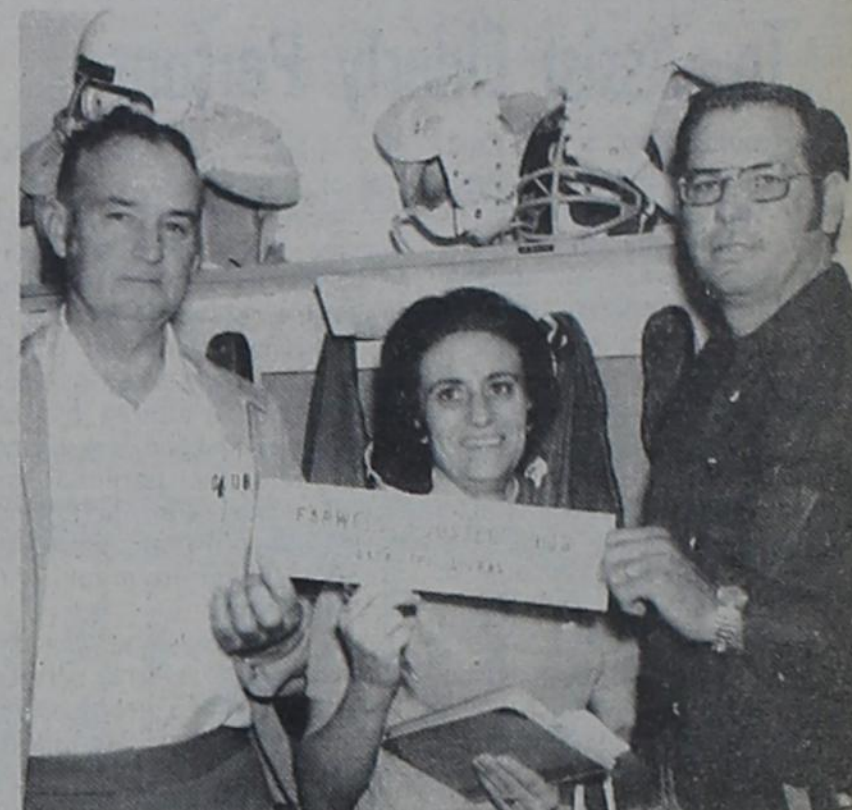

Farwell School Board Plans Meeting Sept. 9

The School Board of the Farwell Independent School District will meet for the Board's regular meeting on Monday, Sept. 9, at 8 p.m. in the office of Superintendent W. M. Roberts.

At this meeting the School Board will call for a bond issue in the amount of \$260,000 for school improvements. Included

in the proposed package will be a new band hall, improvements to the junior high gymnasium and improvements to the wood shop located in the gymnasium, improvements to the lighting at the football field, moving the bleachers to a new location at the track, air conditioning of the dining area of the cafeteria, repairing of parking lots and bus loading area and possibly a new concession stand at the football field, according to Roberts.

The bond issue is scheduled to be held on Sept. 24. Registered voters in the Farwell School District will be eligible to vote at the Parmer County Court Room between the hours of 8 a.m. and 7 p.m. Absentee voting will be conducted in the office of school tax assessor-collector Dorothy Eason.

NEW OFFICERS - New officers of the Farwell Booster Club are, left to right, Joe Jones, president; Irene Woods, secretary; and Troy Christian, vice president. The officers are displaying bumper stickers which will be given with each \$10.00 membership in the Booster Club. They were among a large group which attended open house Monday evening at the Farwell Field House. Punch and cookies were served.

School Board Will Sell Parking Spaces

Farwell School Board has decided to again sell reserved parking spaces for all varsity, junior varsity and junior high football games this football season.

These spaces are to be sold at the school superintendent's office Tuesday morning, Sept. 3, beginning at 10 o'clock. Spaces will be sold on a first come, first served basis. Consideration will be given to those people who, for health reasons, need a place to park,

according to Superintendent W. M. Roberts. After Tuesday morning, any spaces which remain may be purchased either at the office or at the gate Friday, Sept. 6, at the Friona-Farwell clash.

Numbered tickets will be issued and this number will correspond to numbers on the fences designating the parking

spaces. Fans must purchase a parking space at one cost of \$10 for all junior high, junior varsity and varsity games before being allowed to park their cars inside the field.

Fans must always use only the space which they have purchased. These spaces will always be reserved.

Two Propositions Set For Texico Voters Sat.

Qualified registered Texico voters will go to the polls Saturday, Aug. 31, to cast ballots on two separate propositions. Polling place is the Texico City Hall and the hours are from 8 a.m. to 7 p.m. MDT.

Two separate issues totaling \$36,000 will be presented to voters. To be voted on are improvements to the sewage disposal facility in the amount of \$12,500 and the resurfacing

project in the amount of \$22,500.

If residents of Texico approve the City's portion for improvements to the sewage disposal plant, the Federal government will make up the difference between \$12,500 and the total cost of the project which is \$89,977.50. The resurfacing project will call for an issuance of General Obligation Bonds.

Lazbuddie Enrollment Totals 532 At First Day Of School

Lazbuddie Independent School District has enrolled a total of 532 students in Kinder-

garten through twelfth grade as of the first day of school, Monday, Aug. 26, according to Janie Johns, secretary to Superintendent Sam P. Barnes.

"The enrollment is down just a little from last year, but we are expecting some more students to enroll," stated Mrs. Johns. Exact figures from last year's enrollment are unavailable.

A total of 227 students registered for grades Kindergarten through eighth, with 305 registering for ninth through twelfth grades as of Monday.

Several new teachers have been employed in the Lazbuddie School District for the 1974-75 school year.

Vester Joiner is the industrial arts teacher and assistant coach. A native of Seagraves, Tex., Joiner is a graduate of Sul Ross State University. He and his wife, Sandra, have two children, Dusty and Susanna. Jimmy Campbell, social

Band Parents Plan Sept. Meet

Members of the Farwell Band Parents Club will meet Wednesday, Sept. 4, at 3:30 p.m. in the Band Hall for the purpose of making plans and scheduling trips for the new school year.

Lynn Burton, Farwell band director, is planning to attend the meeting. All interested persons are invited to attend this organizational meeting.

New officers of the club are Mona Hargade, president; Betty Jean Castleberry, vice president; Mary Lynn London, secretary; and Peggy Snider, treasurer.

WOLVERINE WARRIORS - Caught in a moment of relaxation during the pre-season workouts for the Texico Wolverines were Steve Harrington, left, and Tommy Galvan. Both Harrington, who plays end, and Galvan, quarterback, will see action when Texico hosts its first opponents of the season, the Hagerman Bobcats at 7:30 p.m. MDT on Friday, Sept. 6.

Chamber Of Commerce Discusses Nursing Home, Cardiac Monitor

Farwell Chamber of Commerce members met Tuesday at noon at Clara's restaurant for their regular meeting. Don Williams, second vice president, presided at the meeting, in the absence of president, W.T. Perry, and first vice president, Gil Patschke.

Fred Chandler was designated to represent the Chamber at a meeting Tuesday evening of the Border Town Days Committee. I.W. Quickel discussed a letter from a dental supply company indicating the interest of a dentist locating in

Farwell. Several persons stated they had responded to the letter, but had received no answer so far.

Don Williams reported on several meetings conducted by the Farwell Development Commission with various representatives of nursing homes regarding the construction and operation of a nursing home in Farwell. He said the Commission had met with representatives from the Good Samaritan Society, and Jewell Brothers and a bondsman.

Bob Anderson stated that in

the meeting with the bondsman, the possibility of setting up a hospital district in Farwell had been discussed. Fred Chandler proposed that the Chamber endorse the backing of establishment of a hospital district. Anderson also said that the Commission would be meeting with a nursing home representative of Austin at a later date.

Dr. Jerry Don Gregory discussed the benefits of obtaining a portable piece of equipment called a cardiac monitor. "This type of equipment possibly could save the life of a heart attack patient," he said. He stated he had looked at several pieces of equipment and favors one model costing \$3,200. Williams and Dr. Gregory will meet with the Farwell City Commission to discuss the possibility of purchasing or lease-purchasing this piece of equipment.

Dr. Gregory said the equipment could ideally be used in the emergency vehicle and he also discussed the direct hook-up to heart specialists in Lubbock using the cardiac monitor and the telephone to relay instantaneous information.

Interest was expressed in obtaining this piece of equipment and two pledges were received before the meeting concluded.

591 Students Enroll At Farwell Schools

Figures released from the office of Farwell School Superintendent W.M. Roberts show enrollment in Farwell schools as of Monday, Aug. 26, down some 64 students from the 655 that had enrolled at this time last year. This year's total is 591. Enrollment in 1972 showed a total of 634 students.

In the elementary school, a total of 241 students have been enrolled, as compared with last year's enrollment of 295. Divided into classes, enrollment is as follows: Kinder-

garten, 33; First, 37; Second, 40; Third, 36; Fourth, 34; Fifth, 53; and Special Education, eight.

Junior high enrollment for 1974 totals 162, as compared with 172 enrolled at this time in 1973. Sixth grade enrollment is 53; Seventh, 59; and Eighth, 50.

Farwell High School has a total of 178 students enrolled, compared with 195 last year. Class totals are: Ninth, 42; Tenth, 50; Eleventh, 46; and Twelfth, 40.

'Senior Hot-Line' Service To Assist Elderly Persons

Beginning Sept. 3 the Eastern Plains Area-wide Agency on Aging will activate the "Senior Hot-Line" to disseminate a wide array of information to senior citizens residing within the seven-county planning and service area covered by the Agency.

This service will be available to residents in Texico, Farwell and Clovis by dialing the Agency's local number, 762-7714. The Agency is located in the basement of the Curry County Court House.

Persons residing in Curry (not Clovis), De Baca, Guadalupe, Harding, Quay, Roosevelt and Union counties may contact the "Senior Hot-Line" by dialing a toll-free direct line to an information specialist. The toll free number is 1-800-432-3863.

"Any older citizen in the seven-county area needing any information is urged to call this free number," according to W.E. (Bill) Taylor, program director. Mrs. Ellen Gentry will serve as information and referral specialist for this unique service.

Currently, the Eastern Plains Area-wide Agency on Aging has on file such agencies and services as will be found throughout the state of New Mexico, plus some parts of Texas and Colorado, who serve or can serve the senior citizens.

"We feel that this is indeed a breakthrough, for there are many hot-lines geared to youth, drug related problems, alcoholics, runaways, etc., but none available where the senior citizens can get information tailored to their needs, or if necessary, just someone to talk to regarding problems

they may face," commented Taylor.

Although basically a referral service, the information specialist will do some counseling regarding personal problems or situations facing the senior citizens. Among the referral services to be offered by the "Senior Hot-Line" will be transportation, personal or social, leisure time activities, legal, home help, housing, financial, employment and miscellaneous.

The most encompassing information and referral service is in the field of health care. Information on Medicaid, Medicare, dental, therapy, physicians, nursing care and all supportive services will be available.

Following a referral, the Agency will also conduct follow-up inquiries to ascertain that the caller has actually been contacted by the appropriate agency to which he has been referred, according to Mrs. Gentry.

Marriage Licenses

Seven marriage licenses were issued during the past week by the County Clerk's office.

Licenses issued went to Kenneth Dale Welle and Mary Heather McMakin, Nick Saiz and Linda Su Pena, Randall James Stovall and Nickie Lynn Richardson, Jose T. Muniz and Vilola Irene Garcia.

Also, Dennis Gaylon Chapman and Pamela Rose Sudderth, Randy Lee Kirkpatrick and Brenda Kay Garbison, and Alvis Leon Smith and Dorothy Maxine Smith.

county, with 3.4 measured in Farwell as of Sunday, and the northern part of the county getting slow soaking rains. "The cotton crop will be hurt if it keeps on raining into the fall," Heald stated.

"As far as row crops, the best benefit is to late corn and late milo," Heald continued. "The rain soaking into wheatland for fall planting will provide good underground moisture." Grazing grasslands will also benefit greatly from the rains, the county agent said. "In most parts of the county, the moisture has been soaking in until Monday," Heald said.

Howard Whitener, who lives six and one-half miles north of Texico, measured 5.45 since Aug. 22 at his home and reported .45 inches of rain fell Sunday evening. For the month of August, he has totaled 6.05. "This month's rain has been ideal; it has fallen slowly and there hasn't been too much run-off," Whitener commented.

Whitener said the dirt roads in the area are "pretty soft," and pointed out that the recent rains have saved tremendously on the use of irrigation wells. "The rain will make the grass come out in the pastures and will provide good underground moisture for the 1975 wheat crop," Whitener said.

"There is no need for irrigation at the present time," stated Bud Pearce, who lives near Clovis Municipal Airport. "This good soaking rain is of more benefit than a hard rain, Pearce said as he reported 4.4 inches at his place since the night of Wednesday, Aug. 21.

Fred Chandler of Sherley-Anderson-Pitman in Farwell measured 4.60 during the past week, with 6.80 as of Monday for an August total. "If you have a lot of land, the rain is worth a million dollars," Chandler said. Citing the additional benefits of the recent rains, Chandler stated that he knows of no irrigation right now and the rain topped off crops watered during the summer.

"The rain probably washed off and drowned some green bugs, so the economic value of the moisture is great," he concluded.

Herb Evans, SWCD in Friona, reported five inches of rain for the month and said Friona had received between four and five inches in town. Spotted rain throughout the county is totaling between three and five inches, he commented. Rhea had received 3.50 inches of rain as of Monday. "The dirt roads were

muddy Sunday morning so some people didn't try to get out and go to church," Evans said.

Judge Archie Tarter said if the rains stopped now, it would be of great benefit to the cotton crop. He measured 3.90 inches of rain in Farwell this past week and reported a total of 6.20 for the month, as of Monday.

A spokesman for Detachment 11, Fifth Weather Wing at Cannon Air Force Base, said the August rainfall is "pretty close to a record," with 4.44 measured through Aug. 26 at the Cannon rain gauge. The maximum ever recorded in Cannon's gauge for the month of August was 5.67 in 1966; with the mean average for August being 1.91. "We are well above the mean average this August," the spokesman said.

In other reports from around the area, John Hadley, south of Texico, measured six inches during the month of August as of Monday. Mrs. Vernon Symcox, Oklahoma Lane, reported between six and seven inches of rain for the month; and Mrs. W.D. Hukill, north of West Camp said they had received five inches since Aug. 22 and approximately 10 inches for the month.

Mrs. Elmer Langford, who lives eight miles north of Texico, said they had received 4.25 inches of rain during the past week and she estimates approximately six inches for the month. "Some of our neighbors have had more rain than we have," she commented. "This rain will greatly benefit the farmers and ranchers and it will make the grass grow," she said. She also said that they are not running their irrigation wells.

The Sunday, Aug. 25, edition of the "Lubbock Avalanche-Journal" reported that a total of 4.40 had been measured by 7 p.m. Saturday, Aug. 24, making this month the fifth wettest August since record-keeping began in Lubbock in 1911.

Mrs. Ted Magness, near the West Camp community, reported between five and six inches since Wednesday, Aug. 21.

Governor's Committee Allocates Park Funds

A fund allocation of \$9,314 for the Texico Municipal Park was one of seven allocations made for projects in Planning District IV of New Mexico by the Governor's Recreation Priorities Advisory Committee during a meeting last week in Santa Fe.

The Texico allocation received a Priority I rating during the meeting when the committee decided to assign Priority I and II ratings to the list of new projects. Priority I projects, on a first come, first served basis, will be allowed top priority when Congress acts on the

apportionment made to New Mexico through the Land and Water Conservation Fund program.

State Planning Officer David W. King announced that the Governor's Committee allocated approximately \$2 1/2 million for funding outdoor recreation projects throughout the state. King stated, "Over \$6 million worth of new projects from 58 state agency, local municipal and Indian community project sponsors were heard in request of 85 outdoor recreation projects."

Entries Now Open For Little Buckaroo Rodeo

A Little Buckaroo Rodeo is on tap for Saturday, Sept. 14, at the Bovina Roping Arena. The rodeo is being sponsored by the Bovina CowBelles.

Events open to entrants, ages 12 years and under, include nine horseback and 11 foot events. Entry fee per event has been set at 50 cents. Entries will close at 5 p.m. Friday, Sept. 13, with events to get underway at 4 p.m. Saturday. Events will be limited to 25 contestants and entry fees must accompany entry blank.

Events include goat ribbon race and stick horse race, both foot events, for ages 3 years and under. Those entering the stick horse race must bring their own "steed."

In the 4 to 6 years age group, participants are invited to compete in egg and spoon race, goat ribbon race, waterbucket obstacle and stick horse race (bring own steed). All events are foot events except the egg and spoon race competition.

Ages 7 years and under events are boot scramble, calf scramble and greased pig scramble. Calf scramble prizes are six money ribbons and in greased pig scramble, winner gets to keep the pig.

Contestants 7 through 9

years may enter goat ribbon, father/son relay, mother/daughter relay or egg/spoon race, all horse events, or the waterbucket obstacle, a foot event.

Competition open to those 8 through 12 includes boot scramble, calf scramble (six money ribbons) and greased pig scramble (winner keeps pig). Ages 10 through 12 years are eligible for goat ribbon, father/son relay, mother/daughter relay and egg/spoon race, all horse events; and waterbucket obstacle, foot event. It has been indicated that rugged little buckaroos ages six and under who have stout-hearted parents may also enter the scrambles listed for seven through 12 years of age. It is also to be noted that a parent may be adopted for any of the relay events.

A spokesman for the Bovina CowBelles related there will be a concession stand where rodeers and fans may purchase barbecue beef sandwiches, tamales, tacos, hot sauce, soft drinks, coffee, tea or candy.

Entry blanks are available in the Texico and Farwell area at the Tribune office, Holiday Store, Capitol Food and Rip's Western-Wear.

Farwell Commissioners Conduct Monday Meeting

Farwell City Commissioners met Monday at 5 p.m. in regular session at City Hall with all Commissioners present, including Mayor Gil Patschke, Jim Berry and Fred Chandler.

Commissioners discussed lack of payment on the paving project by some individuals and City attorney Charles Aycock was to send out letters to persons delinquent in payments giving notice of legal action.

Following discussion of the Municipal Retirement System, Commissioners decided to hold an executive session and conduct action on the item at the next regular meeting on Sept. 30.

In other business, Commissioners authorized the purchase of \$295.00 Unicom Calculator from State Line Office Supply and the purchase of a riding Roof Mower for \$2,400 from J&D Lawnmower Repair, Inc.

TRIBUNE from across the RIVIA desk of Joann Getz

Our county agent "let off steam" and took the Tribune to task last week in his column. He probably was justified as the Tribune erred in running an outdated article which he had written.

However, his reasoning for the Tribune's error was incorrect. First of all, the Tribune had not run the article before and, secondly, the reason that the article had not appeared on time is that for the last several weeks the paper has been extremely overset. This means that we have too much news to get it all inserted in any given issue.

The agent's article was very timely and interesting, but it was also unusually long. Consequently, it wouldn't fit in the space available so it was put back in the overset folder and it became "buried." On any given week we usually have enough local news and interesting releases to put out another 8-page section. However, the size of each issue is governed by the percentage of advertising that is available.

We are not criticizing our county agent for his remarks, as the Tribune was definitely in error for not reading all

overset copy before inserting to make sure it is timely.

We offer the above explanation only because there may be other persons from time to time who have wondered or will wonder why their articles do not appear at a particular time.

We are one newspaper serving two towns, even though we are one community. We serve two school systems, two city governments, two chambers of commerce, many churches and Sunday School classes, two women's clubs, numerous other civic clubs, as well as the county courthouse due to being located in the county seat. Actually, we try to cover three school systems as we include Lazbuddie as part of our area.

Also, our small weekly newspaper tried to carry a variety of stories and features about local people. This is the main reason the Tribune has won the press associations' "general excellence" awards throughout the years.

We appreciate you criticism as well as your favorable comments. Both help to make the State Line Tribune a better newspaper.

Texico Trustees Board Hears Zone Discussion

Members of the Texico Board of Trustees met Tuesday evening at the Texico City Hall to continue its discussion of the mobile home zoning ordinance, which had been continued from the previous meeting.

Several residents protesting the zoning ordinance were present, represented by Jean Gossett. Mayor Manford Turnbough asked for more time to conduct the discussion, and it was decided to devote the next Trustee meeting to a mobile home ordinance hearing. The next meeting will be held on Sept. 10 at 6:30 p.m.

Members of the Extra Territorial Zoning Commission, Joe Caywood, Jim Pierce, Paul Skaggs, Truman Kittrell and Bill Stone, chairman, met with the Commission to present zoning recommendations. They reported that Leon Meeks objected to zoning his land south of town and that John Dreager objected to zoning his land west of town on the highway.

Commissioner Bill Thigpen made a motion to accept the recommendations of the Commission and it was seconded by Vane Doshier. Also meeting with the Commission was Troy Ramsey of the Eastern Plains Planning Council in Clovis, who assisted in explaining the zoning ordinance.

The Trustees decided that Mayor Turnbough and Commissioners Bill Thigpen and Bill Christian would attend Eastern New Mexico University's Water Supply Project at Portales on Thursday, Aug. 29.

Texico City Marshal Mickey Fenn presented a demonstration on dangerous drugs to those present. This demonstration is available to organizations, clubs, schools or any other interested persons. Those desiring information should contact Marshal Fenn at Texico City Hall.

In other action, Commissioners approved bills for payment.

Present for the meeting were

Commissioners Turnbough, Thigpen, Vane Doshier and Ruby Goforth. City employees present were Billy Hammit, Mickey Fenn and City attorney Dan Buzzard.

Financial Report Given At BTD Committee Meet

The Border Town Days Committee met Tuesday evening to discuss a wrap-up of the annual celebration, which took place in July.

A financial report was presented which listed a loss of \$181.43 on this past month's celebration. Activities and monies taken in include: entry fees, \$774.00; barbecue, 642.80; gate and program sales, 1,639.95; program advance, 2,212.15; total Border Town Days income \$5,268.90. Expenditures were noted at \$5,450.33, with several bills still owing.

Present at the meeting were Walter Hughes, Tommie Snodgrass, Omata Scott, Linda Gerles, Bill Christian, Fred Chandler, Pike Jordan, Carrie Christian, Johnnie Curtis and Darrell Norton.

It was the sentiment of all members that the Border Town Days celebration of 1974 was a successful event and worthy of continuation next year. Suggestions were made

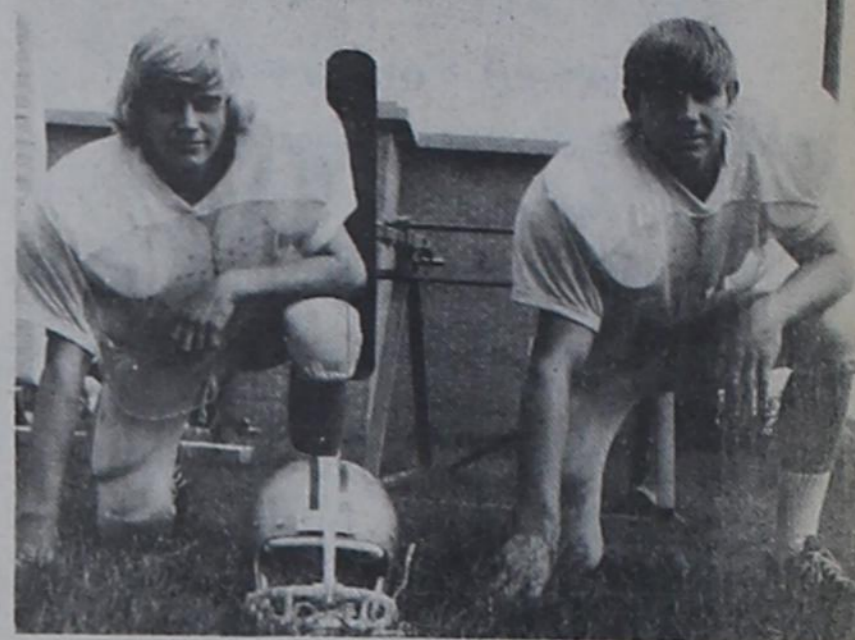

that planning and appointment of committees be begun earlier, and that any eventual monies be left on deposit for next year's program, July 31 - Aug. 1, 2.

The next meeting of the Border Town Days Committee will be on Tuesday, Sept. 24 at 8 p.m.

Sheriff's Report

Parmer County Sheriff Charles Lovelace reported a burglary at the Bonds Oil Company in Bovina the evening of Aug. 20. Tom Bond, owner of the business, reported the incident. Entry was gained by breaking in the glass in the front door, according to Sheriff Lovelace.

Items stolen in the burglary include three television sets, cigarettes, tape decks, tape players, stereo speakers and several pair of work gloves. No estimate of loss was available.

STEER STRATEGY -- Barry Goldsmith, left, and Joe Haseloff will be two of the Steers opponents who will be facing when they meet Farwell during regular season play. Steer strategy includes plays in which both Goldsmith and Haseloff are key men. First opponents of the 1974 season are the Friona Chieftains who will venture into Steer territory Friday, Sept. 6, with kick off set for 8 p.m.

Commission Has Routine Session

Parmer County Commissioners met in routine session Monday at 11 a.m. at the Court House.

All commissioners were present for the meeting including County Judge Archie Tarter, Raymond Treider, Cecil Atchley, Charlie Jefferson and Tom Lewellen.

WITH THE BIBLE BY CORNELIUS R. STAM, PRES. BEREAH BIBLE SOCIETY CHICAGO, ILLINOIS 60635

GOD NO RESPECTER OF PERSONS

In Romans 2:11 we read that "there is no respect of persons with God," and these very words, with slight variations, are found many times in the Bible.

How wonderful! No "big shots" with Him! Rather all stand on the same footing before His bar of justice.

Do you know why the kings in Israel's history were - and were meant to be - so rich? This was so that they might rule with true justice, beholden only to God. The rich could not bribe the king, nor could the powerful intimidate him, for he was far richer and more powerful than they. There was only one person over the king - spiritually, the prophet, who kept reminding him of the Word and the claims of God.

Well, God is infinitely richer than all the wealthy rulers, barons and magnates of this world put together, thus there is "no respect of persons with Him."

But now a question: If God is

no respecter of persons, why did He favor one nation, Israel, above all the rest and for many centuries bless them above all others?

The answer: God made a difference to show that "there is no difference" (Rom. 3:22,23). He made an artificial difference, a dispensational difference, to show that there was no essential difference, no moral difference. He erected a "middle wall of partition between us" to show that that wall must be broken down (Eph. 2:14-16).

And thus it is that the same God who once said to Israel: "Ye are the children of the prophets, and of the covenant... Unto you first..." (Acts 3:25,26) - this same God now says:

"There is no difference between the Jew and the Greek (Gentile), for the same Lord over all is rich unto all that call upon Him."

"For WHOSOEVER shall call upon the name of the Lord shall be saved" (Rom. 10:12,13).

Area Fishermen Enjoy Trip To Canada

A group of five men from the Texico-Farwell area have returned from a six-day fishing trip to La Ronge Saskatchewan, Canada. Participating in the fishing excursion were Ray Tharp, Bill Roberts, Bob Howard, Bob Johnson and Dub Howard.

The group drove to Scott City, Kansas, and then flew to Canada. They were headquartered at Red's Camp Resort and fished in the head waters of the Hudson River at Lake Besnard. Their fishing area was full of small islands.

The men enjoyed three days of fishing for wall-eyed and northern pike. Tharp reported they caught about 100 fish, but threw over half of them back into the water. He said the fish had to be at least 18 inches long before they could keep them. They were allowed to bring out 35 pounds of filleted fish.

Several kinds of lures in different colors were used by the fishermen, with yellow and red the most popular. Tharp stated and he also pointed out that the men used no bait. Fish were biting in rapid succession, Tharp said, and he caught two fish in less than 30 seconds. The men fished from boats.

The largest fish caught during the trip was snared by a young man whose prize fish weighed 11½ pounds. This young man was in a group of fishermen at the area.

The area of the camp, Tharp stated, was quite green and the temperature was cool most of the time. He said the nights were about five hours long, with the sun shining around 18-10 hours per day.

GOOD CATCH - Ray Tharp is holding two northern pike which he caught on a fishing trip to Canada. The fish at left is approximately 30 inches long and the one on the right is 27 inches long. Tharp stated he caught two fish in less than 30 seconds, conditions were so good.

Coach Says - -

Steers Are 'Looking Good' After Friday's Scrimmage

"We were fairly well pleased with everyone's performance," stated Farwell Steers Head Coach Eugene Jennings in reference to the first pre-season scrimmage of the local footballers against White Deer in action Friday evening. "But, we were not well pleased with how they hit."

In further comments on Friday's scrimmage, Jennings said that he and Farwell's other coaches were well pleased with the blocking of the line. "We were not satisfied with the way the offensive backs ran. They are capable of running harder."

The pre-season clash gave the coaching staff an insight as to what areas are weakest and need the most work by the Steers before the opening game with Friona. "Our passing was not up to par and it must be improved. Defensively, we are working on our basic fundamentals. Our techniques are coming along pretty good. The boys are learning slow, but they are learning. In 10 plays we drove the field length against White Deer. We really moved the ball well."

Jennings stated that the scrimmage was rained out and he had hoped scrimmage play could be continued. "The teams were pretty well matched on the field," he stated, continuing, "And we are very pleased with the B team boys. They did a good job against White Deer."

The Steers will face Morton Friday (today) in their second pre-season scrimmage of the year. Jennings related that a few position changes are being considered for tonight's clash.

Gene Christian will be filling the slot at center and Jay Alana will be serving as fullback. Clint Robertson will be shifted from tackle to nose guard and Joe Haseloff will see action as tackle. According to the coach, Kent Gast will be back in action as split end after being out with a minor injury. Jack Foster, who is suffering a pulled back muscle and bruised ribs resulting from the White Deer scrimmage, will see no action against Morton but should be back in the line-up for the opening season clash with Friona Friday, Sept. 6, in Steer Stadium.

Texico School Board Sets \$150,000 Bond Election

The Board of Education of the Texico Municipal School District will submit to voters on Tuesday, Sept. 3, a proposition for the issuance of general obligation bonds in the amount of \$150,000.

Qualified registered voters in the school district will be eligible to cast ballots at the Texico City Hall between the hours of 8 a.m. and 7 p.m. on Sept. 3.

The \$150,000 will be earmarked for the construction of a new junior high school, including six classrooms, restrooms and a music room. Quinn and Company of Albuquerque are financial consultants and Randall Kilmer of Clovis will be the architect for the project.

The district has been allotted

\$125,000 from the Capital Outlay Fund that does not have to be refunded, according to Texico School Superintendent A. D. McDonald. Therefore, the district, if the bond issue passes, will have available \$275,000 to build the building, but will only have bonded indebtedness increased by \$150,000.

Superintendent McDonald stated, "The district really needs a music room since the building where it is now housed is inadequate for the total music program, especially since our band is growing in numbers and quality."

In addition, the district needs six classrooms to facilitate the removal of the seventh and eighth graders from the high school building and the sixth graders from the elementary school.

"It is the opinion of the Board of Education and the Administration that the passage of the bond issue would take care of the growth of the Texico School District for a period of eight to 10 years," according to McDonald. "Therefore, the support of the

community and the passage of the bonds is most important."

Lewis Cooper, president of the Texico Chamber of Commerce, stated: "The Texico Chamber of Commerce urges the community's support for the Texico School bond issue."

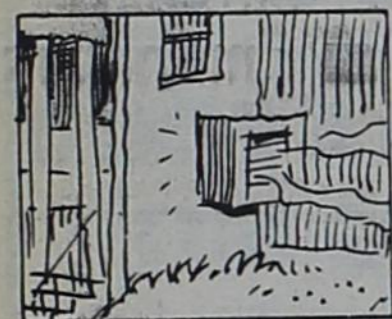

To Minnesota

Dr. and Mrs. Mike Getz and sons, Bryan and Mark, left Aug. 22 for Rochester, Minn., after spending a month in Texico-Farwell visiting in the homes of their parents, Mr. and Mrs. Ray Tharp and Mr. and Mrs. John Getz, and with other relatives.

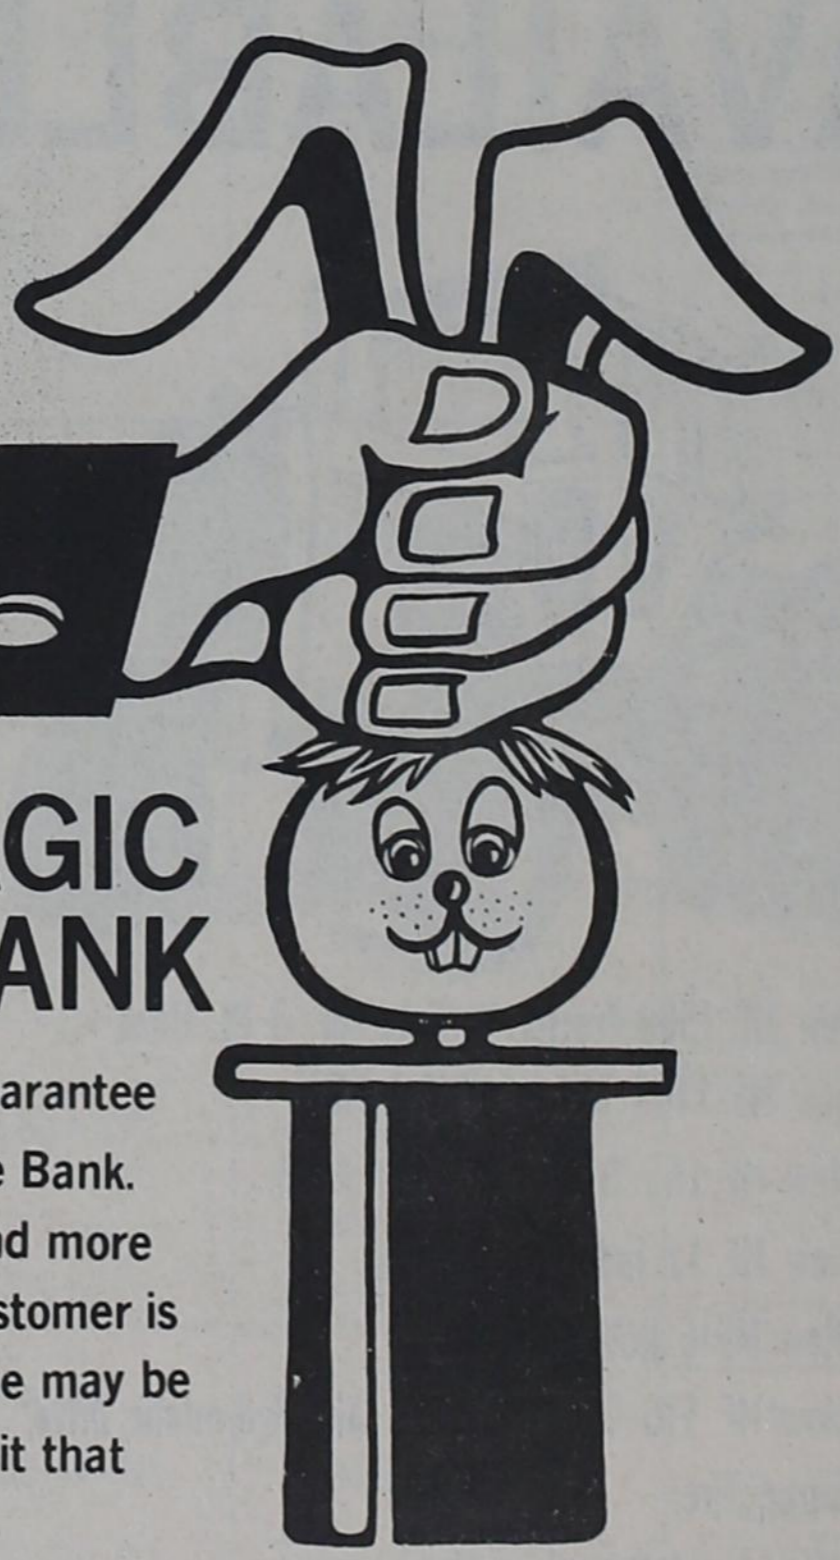

The family returned to the states after spending two years in Glasgow, Scotland, where Dr. Getz worked in cancer research at the hospital there!

They will now make their home in Rochester where Getz will be working in the same field of cancer research at Mayo Clinic.

Accompanying them to Rochester to help them move and get settled was Mrs. Getz's sister and husband, Mr. and Mrs. Phill Elliott of Texico.

A.I.C. AND MRS. LARRY DARNELL JONES

Garden Ceremony Unites Karen Foster, Larry Jones

Karen Sue Foster of Farwell and Airman First Class Larry Darnell Jones of Cannon Air Force Base exchanged marriage vows at 4:30 p.m. July 27 in a garden ceremony at the home of the bride's parents, Mr. and Mrs. Lewis Foster.

The bridegroom is the son of Mr. and Mrs. Tyree Jones of Springfield, Mass.

Officiating at the double ring ceremony was Dr. Jerry D. Gregory. The couple was married under an archway decorated with flowers.

Given in marriage by her father, Lewis Foster, the bride wore a satin dress with a scooped neckline and Empire waist. The long sleeves and bodice were made of lace in the shape of hearts. She carried a bouquet of blue and white carnations with a spray of baby's breath.

For "something old," the bride wore a pearl necklace given to her by her grandmother. "Something new" was her wedding dress, "something borrowed" was a slip, and "something blue" was the traditional wedding garter.

Vickie and Karla Smart sang "The Twelfth of Never" and

"The Lord's Prayer" as wedding selections, accompanied by pianist Sandra Watkins.

Jamye Lynne Craig of Farwell was maid of honor. Bridesmaids were Wyvonne Foster, sister of the bride, and Mary Jones, sister of the bridegroom, of Springfield, Mass. Flower girl was Stephanie Foster, sister of the bride.

The maid of honor wore a long powder blue dress with a scooped neckline and short sleeves. The attendants wore powder blue dresses with short sleeves, collars and ruffles around the hems. The flower girl wore a blue flowered style dress.

Airman First Class Carl Edward Pollard of Portales was best man. Groomsmen were Airmen First Class Gregory Sterling, Kirby Brooks and Pollard, Wednell Carter of Dallas, cousin of the bridegroom was ring bearer.

For her daughter's wedding, Mrs. Foster chose a long blue dress with a cape collar. She wore a corsage of blue and white carnations. Mrs. Jones wore a beige dress, with a white carnation corsage.

The reception was held in the

garden of the Fosters home. The wedding cake had four tiers topped by figurines of a bride and groom in a gazebo. Four cake surrounding the tiers formed a cloverleaf pattern.

A number of out-of-town guests were present for the wedding, including some of the bridegroom's aunts, uncles and cousins from Dallas, his mother-grandmother and sister from Springfield, Mass. The bride's aunts and uncles from Waco and her maternal grandparents from Amherst, Tex., attended the wedding.

For her wedding trip to Santa Fe, the bride wore a red and white wrap around blouse with a matching skirt. The bridegroom is presently stationed at Cannon Air Force Base. The couple will make their home in Clovis.

Clark Billingsleys Enjoy Two Week European Visit

Mr. and Mrs. Clark Billingsley have returned from a two-week trip to Germany and France.

The Billingsleys departed from Lubbock on Aug. 12 and flew to Dallas, Chicago and Frankfurt, Germany, where they were met by their daughter and her family, Mr. and Mrs. Robert Betty, and two children, Bob and Jeff.

Betty is stationed with the U.S. Army in Babenhausen, Germany. The family has been abroad for two years.

During their visit in Germany, the Billingsleys saw several castles and toured many small towns. They enjoyed boat rides, walking tours, shopping and touring the countryside with their daughter and family.

Fire Calls

The Farwell Fire Department answered one call during the past week. The truck went out at 3 a.m. Friday, Aug. 23, to check a fire reported at All-sup's 7-11; however, it was a false alarm.

Texico Fire Department reported one fire call early the morning of Aug. 25 to 323 Turner where a couch was on fire. By the time firemen had arrived, the fire had been extinguished.

The group also toured the Texico school building to see the changes that have occurred during the last 34 years.

Mrs. John Hadley was chairman for the reunion, with Mrs. Florene Bright Hawkins, assisting. Mrs. Paul Skaggs assisted in planning the menu.

Mrs. Vernon Symcox Ends 23 Years' Membership In Club

When the Farwell Band Parents Club meets on Wednesday, Sept. 4, at 3:30 p.m. in the Band Hall, a familiar face

will be absent from the meeting -- Mrs. Vernon (Julia) Symcox.

Mrs. Symcox is a charter member of the Band Parents Club, and has been active in the organization as her seven children have progressed through Farwell schools. Her last child graduated in May 1974, thus marking the end of Mrs. Symcox 23 years' participation in Band Parents activities.

All of her seven children have been in the band at one time or another, and during one period of time, Mrs. Symcox had four children in the band at one time.

Oklahoma Lane 4-H Group Has Excursion

Members of the Oklahoma Lane 4-H Bicycle Club met for their final summer meeting Aug. 17 at 3 p.m. The group rode bicycles from the home of Gilbert Kaltwasser to a roadside park on Highway 84 near Lariat.

Participating were Yalonda and William Martin, Charles and Roger Johnson, Ted, Tom, Johanna and Bery Mesman, Polly Turner, Linda and Cheryl Gohlke, Scotty and Jeanette Gilliam and Craig Kaltwasser.

On their way to the roadside park the group picked up cans along the way, as this is the club's project for the year. Following a short meeting at the park, club members honored Scotty and Jeanette Gilliam with an ice cream party. Scotty and Jeanette are moving to Hub.

Mrs. Bill Martin, Mrs. Ben Mesman and Mrs. Herbert Gohlke served ice cream and cake.

During this meeting and excursion, the bicycle club and leaders chose Scotty Gilliam and Johanna Mesman the "safest bicycle riders."

Ensilage harvest is in full swing; corn headers are being mounted on combines, and other combines are being made ready for grain sorghum harvest. This means that irrigation is at a minimum. Now is a good time to install your waterways.

Joe Jones, Fred Chandler and Walter Hughes, all of Farwell, are in the process of having waterways shaped and established to grass. Their first step was to make application for cost share assistance from the ASCS county committee in Farwell.

The second step was to get together with the SCS in Friona, define the drainage area and design the waterway to carry the run-off.

The third step will be to get a contractor to construct the waterway. The final step will be to establish the waterway to a permanent grass.

DOES YOUR FERTILIZER CONTAIN SULPHUR?

You used to take sulfur for granted. You can't afford to anymore. Environmental controls have reduced the amount of sulfur in the air. You don't get carry-over you once did from sulfur dust insecticides and fungicides.

How can you economically furnish sulfur to your crop? Use Smith-Douglass Pelleform.® It gives you not only nitrogen, phosphorus and potash but sulfur...plus Trel,® Smith-Douglass' exclusive formula of trace elements. And it's all combined in every clean, green pellet. Pelleform's easy handling, even spreading.

Rely on Pelleform Bermuda Booster® to produce high-yielding pasture. The sulfur in Ber-

muda Booster is important to cattle. The Texas Plant Food Institute Newsletter reports that sulfur helps control nitrate accumulation to minimize losses from grass tetany and nitrate poisoning.

Pelleform comes in a special analysis for peanuts. Extra amounts of calcium and potash help produce good yields of firm, heavy, high-quality nuts.
