

Another Score to Charge Against Axis

Survivors from a torpedoed freighter wave joyfully as a coast guard surfboat pulls alongside to take them to the shore station, off New York. Even as the victim slid to the bottom of the sea off our East coast, the coast guard patrol circled about looking for the undersea killer. They then turned back to rescue the crew. Large Number Finish Courses in First Aid

The number of persons in this county to whom Standard and Junior First Aid cards were issued through the local chapter of the American Red Cross was swelled considerably this week with the issuance of 45 Standard Certificates and eleven Junior Certificates.

In addition to the issuance of these certificates, Red Cross officials revealed that 17 Farwell persons had been recommended for Advance Certificates in first aid. These will be issued from the St. Louis office through the local chapter officials.

Miss Elsie Cunningham and Clarence O. Smith were the instructors of the Standard and Advanced classes, with Jewell T. Tate handling the Junior class at Oklahoma Lane.

Get Standard Certificates

Those receiving Standard Certificates are: Joan Reynolds, Earl Roberts, Alta Roberson, Mrs. C. F. Summers, Oleta Thompson, Velva Trutt, Mrs. G. T. Watkins, Mrs. A. B. Wilkinson, Mrs. Dee Brown, Mrs. J. W. Billingsley, Mrs. C. C. Christian, Mrs. J. R. Caldwell, Harold Carpenter, Mrs. H. W. Carpenter, Alpha Doshier, Ruth Ronaldson, Mrs. Roy Finley, Mrs. J. I. Gober, Mrs. R. L. Henson, Mrs. H. H. Henson, Mrs. Joe Jesko, Alice Morris Mrs. Ed McGuire, Mrs. Clyde Perkins, Clyde Perkins, Mrs. Keith Pigg, Mrs. J. M. Pruitt.

Mrs. Florence Wallace, J. L. Wallace, Max A. Wallace, Mrs. Ethel Thomas, Herbert McDaniel, Blanche McDaniel, Mrs. W. J. Matthews, Mrs. Gertrude Sprawls, Claude Rose, Lester Rogers, Mrs. S. C. Hunter, Mrs. Leona Pipkin, Mrs. Creta Hunter, LeRoy Faville, Marty Ezell, L. H. Bradshaw, Mrs. Nell Bobst, Mrs. L. H. Bradshaw.

Junior Certificates have been issued to Bessie Ruth Caldwell, Wendell Christian, Barbara Ruth Foster, Billy Joe Foster, Dora Dean Perkins, Sue Roberson, Glenna Roberson, Kenneth Thompson, Geraldine Verner, Eugene Verner, Donald Watkins.

Demo Council Elects Delegates For State

The Farmer County Home Demonstration Council met the past Saturday in Friona, at which time delegates were named for the State Convention, to be held in July.

Mrs. C. A. Guinn of Lakeview, Mrs. Lee Thompson of Oklahoma Lane and Mrs. James Collier were named by the women.

Attending the meeting were: Mesdames Ellis Barry, Lee Thompson, Chester Warren, Charles Turner, Joe Jesko, Ralph Durstine, Joe Pittman, E. L. Fairchild, G. A. Collier, James Collier, A. H. Postman, Will Nittler, Dave Mosely, Miss Margaret Jesko and Miss Elsie Cunningham.

Ceylon is as large as the state of West Virginia.

CONDUCTING SERVICES at the Church of Christ in Bovina is Roy Foutz, shown above, from Idalou, Texas. Special meetings are being held each evening at 9:30.

Seniors Will Have Program Thursday

Members of the Oklahoma Lane high school graduating class will present their own commencement program on Thursday evening, May 28, with the exercises to be held in the auditorium of the school.

The program, which will begin at 9:45, is as follows:

- Processional, Mrs. Lula Evans. Invocation, Rev. Pike. Class Song, "Memories". Address, Lloyd Gober. Quartet, Ida Gene Berry, Oleta Thompson, Ruth Donaldson, Paula Jenkins. Class History, Edwin Foster. Piano number, Mary D. Christian, Frankie Hammonds. Class Will, Austin Young. Piano solo, Frances Roach. Class Prophecy, J. W. Hromas. Class Song, "Till We Meet Again". Presentation of diplomas, Supt. Curtis L. Evans. Benediction, E. C. Brown. Recessional, Mrs. Evans.

Baccalaureate Sunday

Rev. E. J. Sloan of the local Methodist church, delivered the baccalaureate address to the seniors on Sunday morning, with Rev. Bishop and L. M. Grissom assisting in bringing the invocation and benediction.

The audience participated in the singing, with a bass solo by Wiley Baker. Mrs. Evans was at the piano. Members of the class include Edwin Foster, Austin Young, Paula Jenkins, Oleta Thompson, Ida Gene Berry, Frances Roach, J. W. Hromas, Ruth Donaldson, Lloyd Gober, Mary D. Christian and Frankie Hammonds.

Muster rolls of the U. S. Marine Corps in Washington, D. C., are continuous from 1798 to the present day.

Storage space for wheat in the Southwest will be extremely short this season, in the opinion of Leo Potishman, Fort Worth grain dealer, who was here attending business last week.

Mr. Potishman says there is very little available storage space left in the terminal elevators at Fort Worth at this time and the wheat section of the Southwest is faced with one of the biggest crops in recent years. An effort is being made to relieve the storage situation by milling up large quantities of the wheat, Mr. Potishman says, but predicts that this move will not afford great relief.

"The thing that is in our favor," Potishman said, "is that the storage will be available on the first-come-first-served basis, which eliminates the leasing of storage space in advance of harvest." He explained that most of the wheat in the Southwest would be the first to reach the terminal elevators and get first choice on the storage facilities.

But even with this in the farmer favor, he strongly recommended the building of farm storage where at all possible.

Name Selectees To Fill June Army Call

Officials at the Selective Service office today released the names of eleven of the 13 selectees who are scheduled to be inducted into the services on June 15. The two additional men will be added to the quota within the next few days, it was stated.

Those scheduled to leave in the June call are: Hilton Terry, Herman Malachi Moss, Hugh L. Crume, Carl Hadley, Christo Charley Hughes, Troy Alton Page, Edwin Franklin Williams, Jessie Wayne Hodges, Nicolas Martinez, John Roland Silvertooth, Wm. Thomas Fleming. The last two named have been transferred to other local boards for induction.

Canning Sugar Now Available To Users

Miss Irene Sachs, clerk of the Farmer County Rationing Board, today announced that certificates for sugar to be used for canning purposes are being issued at the local office.

Under the present regulation, she said, no canning sugar can be issued to persons who do not have rationing cards, denied them on the grounds of having a surplus of sugar on hand at the time of registration.

Five pounds per person may be purchased for canning purposes. This amount, she explained, is the allotment for the year.

Persons wishing canning certificates must apply at the office of the Rationing Board on the third floor of the courthouse. Plans are under consideration for establishing a branch office at Friona for such applicants, but the details of this plan have not as yet been completed.

WHEAT NEEDS RAIN

Wheat farmers of this area would welcome a good rain just at this time. The rains of a week ago proved to be only local showers in their scope, and a large portion of the fields of the county were missed. Rain during the next few days would increase the yield materially, farmers say.

A bushmaster is an extremely venomous South American snake.

Mrs. D. K. Roberts Is Buried at Sherman

Mrs. D. K. Roberts, 43, wife of County and District Clerk Roberts was buried at Sherman, Texas, Sunday afternoon at four o'clock, following services held at the Daniel-Scott chapel with Dr. Neal W. Cannon, pastor of the Travis Street (Sherman) Methodist church, officiating.

Mrs. Roberts died in a Sherman hospital early Saturday morning, where she was removed from Farwell some two weeks previous to her passing. She had been in ill health for more than a year and had been failing rapidly since early last fall.

Coming here with her family in November of 1933, Mrs. Roberts had made her home in Farwell since that time. She was truly one of Farmer county's most beloved women, always cheerful and active wherever duty called her. She kept her grief to herself and insisted up to the last that she was going to recover from her illness.

She is survived by her husband; a son, D. K. Roberts, Jr., of the U. S. Navy; a daughter, Mrs. R. K. Green of Lamesa; four brothers, the Rev. Frank Richardson, Galveston; Lee Richardson, Sherman; Hunter Richardson, Lubbock and J. Edward Richardson, of Tyler.

MEMORIAL SERVICE

The Friona Post of the American Legion is sponsoring a county-wide Memorial service, to be held at the Methodist church in Friona on Sunday evening, May 31st.

Details of the services have not been received here. The Legion is hoping to have a full house for this occasion.

FREE GARBAGE HAUL OFFERED CITIZENS

County Commissioner Ed McGuire today stated that arrangements had been made to haul garbage from Farwell on Friday and Saturday of this week, free of charge to the citizens.

He recommended that all garbage be piled in convenient places for the truckers who will make the rounds on those days. Refuse matter that can be burned on the premises should be disposed of in this manner, he suggested, as a means of reducing the expense of hauling.

Jess Mitchell Talks To Local Men's Club

Declaring that "the world cannot live half slave and half free," Jess Mitchell, former editor of the Muleshoe Journal and one of the foremost thinkers in this section, predicted "a mighty conflict before we see democracy enthroned" in an address before the local men's club at the Methodist church last Thursday evening.

Rev. W. C. Wright, pastor of the Baptist church, told of a recent visit to San Antonio, and declared that "Whiskey, lewd women, and communism is rampant" on the streets where "many of our boys are in camp". He warned that "we ought to be doing something about it."

Raymond Ross, representative of the International Harvester company, showed two interesting films, along patriotic lines.

To make house-to-house collections of waste, garbage men of Tumbleton, England, gave up their Saturday holidays for a month.

504 Oldsters Are Listed in Fourth Registration

A total of 504 Farmer county registrants are listed in the fourth registration in the completed list released for publication today by Mrs. Bessie Lee Henneman, clerk of the local board.

Registrations in the county totaled 552, but a number of the registrants were transferred to other local boards. Most of the transfers were from the Santa Fe extra gang employed on railroad work in this county and were registered at Friona.

Selective Service regulations provide that none of those signing up in the fourth registration—those from 45 to 65—will be eligible for military service. All of the group will be mailed occupational questionnaires, however, which they will be required to fill out and return to the office of the local board.

The Farmer county list follows:

- U- 1 Jack H. Dunn
U- 2 Gabriel David Anderson
U- 3 Chris Fry
U- 4 John Marion Taylor
U- 5 Rufus Carter
U- 6 Eugene Arthur Seaton

- U- 7 Devere Knox Roberts

New York's Gas Rationing Begins

A little less than one-third of New York city's 900,000 motorists registered for gasoline rationing on the first day of the three-day registration period. Registration in the city took place in 753 public schools, and was particularly for motorists whose last names begin with A to L. Photo shows a clerk registering an applicant.

24	25	26	29	30

Don't tell me there's a THIRD Thanksgiving!

CALM YOUR FEARS. All's well with Thanksgiving, even though you didn't expect to meet this bird... in the ads... until November.

The turkey is pictured here in advance of the season to dramatize the performance-facts about a great gasoline which is never in advance of the season!

Of course, as always, Phillips 66 Poly Gas is high test without higher price. But more than that, it is the right high test (volatility) for the month in which you buy and use it. Definitely changed every thirty days to match the monthly changes in temperature in your locality.

In December, Phillips 66 Poly Gas is a fast starting motor fuel. In August, it is a cooler summer gas. In May, it's right for between-season weather... always custom-tailored

to deliver high mileage and pace-making performance.

Scientific laboratory and field surveys prove that no other gasoline—not a single one—is so completely and accurately matched, all year 'round, to the monthly variations in your weather.

If you wonder what this means in pep and power... in zip and pick-up... find out the facts in your own motor. Try just one tankful and judge for yourself.

Remember, the Orange and Black 66 Shield is High Test Headquarters for car owners... because Phillips is **WORLD'S LARGEST PRODUCER** of Natural high test gasoline.

Care For Your Car... For Your Country

Phill-up with Phillips for Greater Mileage

KILL THE RATS

COLLEGE STATION—Successful control of rats is a mixture of determination to get rid of them and observation of their feeding and nesting habits, according to R. B. Hickerson, district field assistant of the rodent control service.

From this position the next step is to choose bait rats will take readily, because no poison—however destructive—will be effective unless the rats

eat it. On that account, Hickerson says, at least three types of fresh, attractive poisoned bait should be exposed at the same time. Small pieces should be placed in rat runways, and around the wall line of buildings, in attics and basements. Baits may be laid on squares of paper to make removal easier, and to check results.

Extreme care should be taken to keep poisoned bait out of the reach of children and livestock.

Similar care should be taken in choosing bait for traps. When common snap traps are used, bait should be tied securely to the trigger and the baited end set to the wall, in runways, near holes, and where rats feed. Nut meats, sliced apple, bread-crust, salt pork, or bacon rind make good bait.

"Plenty of traps should be used. Rather 50 traps to catch one rat than one trap to catch 50 rats," Hickerson advises

Build Your Granary Now
SAY, FOLKS,

We still have plenty of kiln dried yellow pine dimension lumber... ship-lap and center match for your granary jobs.

See us soon while our stock is still large.

Chas. L. Lenau Lumber Co.
MULESHOE, TEXAS

Governor Coke Stevenson congratulates W. P. Milbratz of Owens-Illinois Glass Company on progress being made in the construction of the new glass container plant near Waco. Completion of the plant will add another large industry for Texas.

Inexpensive measures which may be adopted to stop rats from entering buildings are: Use of tin for flashing around service pipes or fixtures; stopping holes in masonry with concrete, or in wood floors with tin; and removal of rubbish, scrap lumber, or other waste material from beneath buildings.

Consult county agricultural agents, or write to the Extension Service, College Station, for Farm and Home Hints No. 355, for suggested formulas for mixing poisoned bait.

BIG DEMAND FOR TOMATOES

COLLEGE STATION—Civilians will have difficulty in buying processed tomatoes over the grocery counters this fall and winter, forecasts Jennie Camp, specialist in home production planning of the A. & M. College Extension Service. An abundant crop in Texas is indicated, but advance orders from the Quartermaster General's department of the U. S. Army will absorb practically all of the 100 million cases of tomatoes processed in the nation this season.

In view of this, Miss Camp says, "every patriotic housewife, institutional manager and dietitian; every school lunch room supervisor, and restaurant and hotel dining room manager should collect and get in readiness immediately every available glass and second-hand tin container, and see that sealing supplies are on hand. They should obtain the latest approved recipes, improvise water bath containers for processing tomato products, and supply themselves with some kind of efficient juice and puree-making equipment so that as many persons as possible may have tomatoes 'some way every day', unless citron, melons, raw cabbage or strawberries are available as substitutes."

Miss Camp suggests that farm housewives and other buyers should pool their needs under the neighborhood, community and county agricultural Victory leaders, interview local wholesale and retail vegetable distributors and contract with them to supply the high quality tomatoes they will need in addition to what their own gardens will produce.

Ripe or green tomatoes are a rich and cheap source of vitamin C which prevents bleeding gums, loose teeth, sore joints, and loss of appetite and weight. Ripe tomatoes have abundant vitamin A which guards against "dry eye" and night blindness.

\$3,500 PRIZE LIST IS MADE FOR TEXAS COWBOYS

STAMFORD—Approximately \$3,500 will be given in cash prizes and premiums in the various events in the thirteenth Annual Texas Cowboy Reunion to be held there July 2, 3, and 5. Entrants in the rodeo events last year totaled almost 200 cowhands.

The Quarter-Horse Show, which is the official show of the American Quarter-Horse Association and which has proved very popular the past two years will again be held. Prize money totaling around \$600 will be awarded in this exhibit.

In addition to daily cash prizes, special premiums will be given the champions in the bronc riding, calf-roping and cow-milking contests. A valuable premium will also be presented the winning cowgirl sponsor, the winner in the cutting horse show and the champion steer-riider.

Best entries in the grand parade and winners in the old fiddler's contest will also be included in the cash prize list.

Tentative plans are being made to enter the cutting horse show as part of the regular rodeo events of each afternoon and night performance, with finals to be held at one of the shows on July Fourth. This unique feature of the Texas Cowboy

THE GLAD HAND

Reunion is judged on the ability of the horse and the performance and ability of the rider.

Three performances will be held daily in the arena, a matinee at 8 o'clock each morning and the regular shows at 2 p. m. and 8 p. m.

The program, in addition to rodeo contests, will include trick and fancy riding and roping and the rodeo clown who is always popular with the crowds.

No Interest On Crop Insurance Notes

COLLEGE STATION—Notes that don't bear interest should attract every Texas farmer, according to George Slaughter, chairman, state AAA committee.

Premium notes handled in this manner are only one of several outstanding features of cotton crop insurance being sold to Texas cotton farmers for the first time this year, he said.

Under the program, farmers may insure either 50 or 75 per cent of their normal production against all unavoidable hazards. Insurance contracts also may be used as collateral security for money advanced in making a cotton crop, he said.

"Farmers should not ask: 'Can I afford to take it?' Instead they should ask: 'Can I afford not to take it?'" Slaughter said in pointing out that insurance guarantees a cash income for every cooperating farmer.

Realizing farmers want insurance as soon as it is applied for and not six or eight month later, the Federal

Crop Insurance Corporation has eliminated much of the so-called red tape in an effort to speed up insurance work, the AAA official said.

"Cotton crop insurance begins when seed goes in the ground and stops when cotton is weighed in at the gin, and farmers can't ask for much better insurance," Slaughter said.

Pago-Pago is a United States port in Samoa.

Russ Inspect Plane

Russian army officers make a tour of the army reservation at Fort Benning, Ga., to study weapons and equipment used by our forces. Here Maj. Paul Barayev (with glasses) and Col. Paul F. Berezin (U. S. S. R. aviation) inspect a dive-bomber's wing.

Wartime Transportation

Cattle on the hoof, grain on the farm, minerals at the mine, oil at the well, goods at the factory—these cannot help our soldiers or our people until delivered where they are needed.

Our job is to "Keep 'Em Rolling"

Santa Fe is eager to do its full share of this huge wartime transportation job, military and civilian, throughout our territory. Years of careful operation, maintenance and expansion conditioned Santa Fe facilities for just such an emergency. But to meet every demand, existing equipment must be used to the limit!

You Can Help, Too

Last year you shippers did a lot to increase efficient use of existing freight equipment. Now we ask your continued cooperation to that end by doing these things: • Make every car you use carry a maximum load • Save every hour you can in loading and unloading cars • Order cars only for your actual current needs. Your help will help us do a better job for you, as well as for Uncle Sam, whose needs must come first in war.

At Your Command

Besides all-out war service, Santa Fe is maintaining regular and efficient freight and passenger transportation vital to your community. Talk over your travel and traffic problems with your Santa Fe agent.

Buy U. S. War Stamps and Bonds
