

Yanks Pay Visit to Jerusalem

U. S. Army Liberator bomber fighters, having seen action against the enemy in the Middle East, were allowed time off for a visit to Jerusalem. Here they are bidding good-bye to a keeper at Solomon's stables.

County-Wide Dairy Meeting Here Friday

A county-wide meeting of all farmers interested in a dairy improvement program will be held Friday afternoon, Feb. 27, at 1:30 o'clock in the district court room in Farwell.

At this time, County Agent Garlon A. Harper stated, definite decision will be made as to whether a dairy improvement group will be formed in this county, and organization of such a group will be carried out, providing the project receives sufficient approval.

Bring in Herd Sires
Specifically, the program calls for the importation of better bulls for use in county herds in order that production along the dairy line may be stepped up to meet the increased demands, Harper said. However, other improvements projects will be planned if the organization is formed for this county.

For some time, the county agent and others interested have been contacting dairymen of the county and have received a good response in regard to the program. A series of community meetings was likewise held where the possibilities of organizing a cooperative group to import quality herd stock was discussed and the meeting Friday will be the final cast of the dice.

"We want every farmer who is interested in the plan, whether he has one dairy cow or 50, to be on hand Friday," Harper urged, adding, "The forming of an active cooperative for this work may mean the difference between increased or decreased production and will prove of inestimable benefit to all participating, particularly those farmers who cannot financially manage to buy or import good herd sires."

Local Shower Falls Here Thursday Night

A shower, extremely local in its scope, fell here Thursday night, bringing rising hopes for additional moisture that is beginning to be needed over this area.

The rain gauge attended by J. C. Temple recorded a fall of .63 of an inch. The precipitation was confined to a very small area, however, with only a light drizzle reported outside the city limits proper.

Light rains, estimated for the most part at about one-sixteenth of an inch, fell over most of the county the same night. The rain extended as far east as Plainview, but was extremely light.

Farmers generally would welcome a good rain just now. Wheat, most of which has been heavily stocked the past winter, is beginning to show need of moisture. Row crop farmers are also wishing for a good rain to put soil in condition for spring plowing. Many farmers, however, still have plenty of moisture and are going ahead with their spring land preparations.

WORKING IN ROSWELL

Mrs. Bess Dow, formerly a member of the Texico postoffice force, is now working in the Roswell postoffice. She had been in the Albuquerque office for some time before transferring to Roswell. Mrs. Dow is the fourth generation representative of her family to be employed at the Roswell office.

Blair Recommends Tribune Want Ads

Although he was reluctant about admitting it, E. G. Blair is now convinced that Tribune want ads will get the desired results.

Last week Blair advertised a tractor for sale. Before he received his paper, he had a buyer at his farm to look at the machine. Blair, somewhat skeptical about the unexpected results of his ad, ascertained from the purchaser that he had come to look at the tractor in response to the ad in The Tribune.

Twin City Day Room Opens At Air Base

The Texico-Farwell day room at the Clovis Air Base, which was furnished with funds contributed by the people of the Twin City through the efforts of H. Y. Overstreet, has been opened and is now in use by members of the Army Air Corps stationed at Clovis, it was announced today.

Overstreet said that the day room had been completely equipped with suitable furnishings throughout, although a few minor items will likely be added later. He added that commitments for the day room fund were still about \$200.00 behind the desired amount, "but we decided to go ahead and open it anyway".

More than \$600.00 in actual cash was subscribed by the people of this community, Overstreet reported, and as a result of their prompt response the Texico-Farwell day room was among the first of the fifteen such lounging rooms to be opened to the boys at the Air Base.

An added feature of the Texico-Farwell recreation room will be an abundance of reading material, also made possible by subscriptions of local people. Leading magazines and periodicals, both weekly and monthly, will be delivered to the day room fresh from the publishers the day they are issued. At least 20 leading publications, including such popular ones as Life, Time, Esquire, Look, and others, are on the list.

Parmer Recognized In Magazine Article

In an article entitled "They Saved Lives," appearing in the March issue of The Country Gentleman, Parmer county residents are recognized.

The article deals with stories of First Aid classes and results over Texas as a whole, giving specific instances where first aid training has been applied.

Mentioned in the article are A. J. Jesko, Mary Lou Barker, Bill Buchanan, the Giles Cobb family, Jewell Tate and Claude Rose.

SERVICES CANCELLED

Rev. W. C. Wright, pastor of the Baptist Church, today announced the postponement of a series of evening meetings that were scheduled to be held during the week. District Missionary F. O. Polston was to have been here, but it was decided to cancel the services when the pastor was confined to his bed with an attack of flu.

Red Cross Seeks \$1,700 War Fund

Baptist Start Work on Annex Building

Ground was broken Monday on the basement of a large educational annex that is to be built by the Baptist congregation on their property in Texico.

Plans for the additional room, badly needed to care for the increased attendance at Sunley school, have been under discussion for several weeks. The new building will be 28x50, of frame stucco construction, with full basement underneath.

The basement will be used as a kitchen and recreational room with two rest rooms provided. The ground floor will be cut into classrooms for the Sunday school.

Rev. W. C. Wright, pastor, said that the estimated cost of the entire structure had been placed at \$3,000, one-half of which is already in hand. He added that priorities might interfere with obtaining plumbing materials, which might have to be held up for a time, but that plans now called for the completion of the building proper, with the finishing touches to be added when we can get the material.

The basement will be floored with concrete and the walls plastered. Plans call for hardwood floors to be used on the ground floor. Much of the work will be done by volunteer labor, the pastor said.

Long Time Resident Dies At Farm Home

Mrs. Ova Lee Roberts, age 68, passed away at the family home in the Oklahoma Lane community Sunday night following an extended illness.

Funeral services were held at the Baptist church at Oklahoma Lane Tuesday afternoon, conducted by Rev. G. D. Davidson of Plainview. The Steed Mortuary of Clovis had charge of the burial, which was made in the Oklahoma Lane cemetery.

Mr. and Mrs. Roberts had been residents of that community for the past 26 years. They were the parents of 13 children, 11 of whom survive their passing.

The seven sons and four daughters listed among the survivors are: Joe Roberts, Farwell; John Roberts, Texico; Earl Roberts, Farwell; Lonnie Roberts, Jacksonville, Fla.; Mrs. Halsey Givens, Tipton, Okla.; Mrs. Hester Cox, Frederick Okla.; Mrs. Oda Duckworth, Frederick, Okla.; Mrs. Ruth Tuck, Manitou, Okla.

Other survivors include an only brother, Charlie Lynch, McAleer, Texas; 36 grandchildren and one great-grandchild.

January Bond Sales Top Quota In County

Sale of war bonds and stamps in Parmer county during the month of January topped the quota handily, according to figures released here today by G. D. Anderson, chairman of the War Bond committee.

Anderson also announced sales for the February quota "coming along nicely" with sales amounting to approximately \$11,000.00 already reported for the month.

In January the sales amounted to \$23,100.00. The quota for the month was \$15,400.00.

The February quota is also \$15,400.00 and Anderson expressed confidence that it would be met and probably exceeded. Only once has Parmer county failed to meet its monthly quota in the sale of war bonds and stamps, which was last November.

58 ARE CLASSIFIED

The Parmer County Selective Service Board, in session here Saturday afternoon, classified a total of 58 registrants. Figures released by Mrs. Bessie Ler Henneman, clerk of the board, show the following classifications: 1-A, 5 2-A, 1; 2-B, 2; 2-C, 7; 3-A, 4; 3-B, 9; 3-C, 16; 4-F 2; 4-H, 4; 4-A, 2 and temporary 1-A, pending physical examination, 1.

Melvin A. Snider Jr., was the only registrant ordered to take his first physical examination by the local board at Saturday's meeting.

A meeting of the board has been set for Sunday afternoon, Feb. 28.

Every single strike on the home front might mean three strikes on the boys at the battle front.

Point Rationing Hits Can-Opening Cooks

Worst apprehensions of a can-conscious American public were realized on Sunday night when the government announced the scale for the rationing of the domestic supply of canned, frozen and dried foods.

Putting it in simplest terms, 48 ration points of every man, woman and child in civilian life will allow the purchase of approximately three cans per month, which is a severe blow to housekeepers who depend largely on commercially processed foods to allow vegetable and fruit variety in meals.

In the more popular can sizes, No. 2 or 2½, here are how some points are allotted: peas, 16; tomatoes, 16; green beans, 14; pears, 21; peaches, 21; grapefruit juice, 23; tomato juice 21; and soup, 6. Prunes and raisins hit a high of 20 points per pound, while frozen foods run cheaper in point cost, most of them being set at 13 points.

Beans and Fish On Ban
Other licks were received by the family table the past week, when abrupt orders were issued stopping the sale of canned meat and fish of all kinds, and the Saturday night ban on sale of dried peas, beans and lentils.

These last three will be included in the 48 ration points for March, for purchasers, but no announcement is available as to when the freeze on canned meat and fish will be lifted.

The first 48 points in the new ration book, No. 2, are designed to cover all purchases during March, with all vegetables and fruits affected being under freeze orders until March 1, when point rationing actually begins.

Registration Dates Given
Registration for War Book No. 2 in Parmer county will be conducted on Thursday, Friday and Saturday at the school buildings. At the time of registration, the applicant must have his declaration of the amount of canned goods on hand and must show War Book No. 1.

Concerning such declaration, the following pointers have been given by OPA:

Declarations must be made whether or not the applicant has excess (more than five cans per person as of Feb. 21, 1943) on hand.

Coffee stock as of Nov. 27, 1942, must be listed.

Excess cans do not have to be surrendered.

Canned fish and meat, although sales have been suspended, are not to be included. They will be included in the meat rationing program.

Cans containing less than eight ounces need not be declared, and all home preserved foods, whether canned or frozen, are exempt from both declaration and rationing.

Canned milk is not listed.

(Continued on last page)

ENSIGN FORREST WM. BELL, son of Mr. and Mrs. Joe W. Bell of the Pleasant Hill community, who received his commission on Feb. 17.

Bell Commissioned As Ensign In Navy

Forrest William Bell, son of Mr. and Mrs. Joe W. Bell of the Pleasant Hill community, was commissioned as an Ensign in the United States Navy on Feb. 17.

Bell was a member of a graduating class of 1270 ensigns who completed the 15-week V-7 training course at the New York USNR Midshipman's school. According to an official release, this is believed to be the largest group of officers ever sworn into service at one time. Assignments were not revealed.

Ensign Bell is well known here. Following his graduation from Texas Tech he volunteered into the Navy.

W. London Is Burned While On Maneuvers

Sgt. Wayne London is in a hospital at Camp Berkeley, Tex., receiving treatment for burns he received while on maneuvers in Louisiana recently.

In a telephone conversation with his mother on Monday, Sgt. London said that he sustained burns about the hands and face when a blow torch exploded. The accident happened 18 days ago, and London gave it as his opinion that he would be dismissed from the hospital within a few days.

TRUCK OVERTURNS

A large transport truck of the Roberts Seed Company of this city, driven by Calvin Young, overturned with a load of fence posts, near Austin last week. The truck was badly damaged, but the driver escaped injury.

Combining the annual Roll Call and War Fund drive into one concentrated effort this year, Parmer County has been assigned a quota of \$1,700.00 to be raised during the month of March. H. Y. Overstreet, chairman of the War Fund committee, announced today.

Overstreet's statement followed a meeting he attended in Plainview last Friday, where Red Cross workers of 17 Panhandle and South Plains counties met to lay plans for the biggest financial drive ever undertaken by the American Red Cross. The national quota has been set at 125 million dollars, it was revealed at the Plainview meeting.

Drive Already Begun
Taking time by the forelock, solicitations are already being made and contributions received on the county quota. More than \$200.00 in

Curry County has been assigned a quota of \$13,000.00 this year, it was announced here the first of the week. Mrs. W. B. Hill and Mrs. W. J. Matthews are to make the solicitations in Texico. The exact amount of the Texico quota was not stated. Persons wishing to make contributions to apply on the Curry County quota should contact Mrs. Hill or Mrs. Matthews.

cash had been received by the War Fund chairman up to Tuesday.

This, Overstreet explained, has come in from persons all over the county, but each contribution is being categorized so that each community will receive full credit where it is due.

The War Fund Chairman said Tuesday that as yet a complete county solicitation committee had not been named, but he expected to announce his roster of assistants next week.

Biggest Undertaking
"This is by far the biggest money-raising undertaking the Red Cross has ever been called on for in this county, and it will mean that contributions in amounts of \$5.00 to \$25.00 will have to be made if we are to meet our quota," Overstreet stressed.

Pointing out that there was no regular Roll Call last year, he emphasized the importance of recognizing that this drive is being made to cover the Roll Call and the War Fund effort in one undertaking. He expressed confidence that Parmer county would be one of the first to raise its quota in the forthcoming drive.

Of the entire quota, \$1,300.00 has been asked for the War Fund and the remaining \$400.00 is to be used for local work during the coming year. The War Fund money will be forwarded to the St. Louis office, where it will be used in meeting the needs of the Red Cross around the world.

NO COTTONSEED MEAL

C. M. Henderson of the Henderson Grain & Seed company, stated today that an expected shipment of cottonseed meal would not be here for distribution this week. "We had been promised a shipment on Thursday," Henderson said, "but now we are advised that we need not expect it."

Food Production Hiked by Loans

A new financing program announced recently by the Food Production Administration will make funds available for increased production of necessary foods during 1943, according to Clyde Magness, designated by the Parmer County USDA War Board to handle applications for loans in the county.

"The purpose of the program," Magness states, "is to provide more adequate financing to assure maximum wartime production of essential agricultural commodities."

Specifically, the program is set up to provide loans for repairs and needed minor improvements which will facilitate increased production, purchase of essential livestock (including dairy cattle), machinery and facilities such as corn cribs, storage bins, small poultry houses, and similar structures.

"It has not been inaugurated," the county representative said definitely, "to aid in purchase of real estate or for extension or permanent improvements on the farm."

However, Magness pointed out, where it is determined that a producer actually needs equipment such as a tractor or combine or similar

items of machinery, and that his operations (including custom work) will enable him to pay for such equipment in two or three years, such a purchase may be financed.

Loans Only To Producers
Loans will be made to actual producers—farmers, stockmen or poultrymen—only, with a view of assisting in purchasing, raising, breeding, fattening and marketing of stock, poultry and dairy products and crops. The loan may be made for the repair of equipment essential to the operator's production program and for other purchases directly related.

In general, the minimum collateral security required will be a first and paramount lien upon crops to be produced, chattels purchased and stock or poultry in the production and care of which the proceeds of the loan are to be expended.

Drawn For One Year
All notes will be drawn with interest at the rate of 5 percent per annum, payable at maturity. Interest will be charged only on the unpaid balance from date of each advance to date of payment. All notes will be drawn with a maturity date

of one year or less, coinciding as nearly as possible with the usual time for marketing crops or stock.

"Although it is recognized that in some instances a borrower may be unable to repay within one year the full amount advanced for capital expenditures, the maturity date of the notes will not exceed one year," he said. "In addition to repaying funds advanced to cover current costs, the borrower will be expected to repay in the first year at least one third of the amount advanced for capital purposes. The unpaid balance of loans for capital expenditures may then be extended or renewed."

Apply at AA Office
Applications will be taken by Magness at the office of the AAA in Farwell. Loans amounting to less than \$2500 to any individual will be closed upon approval by Magness and the county war board, after which a draft will be drawn and funds immediately issued.

Magness urges that all farmers in the county who need additional credit in maintaining the maximum of production during 1943 contact him for full particulars and application forms.

BOVINA NEWS

Chamber Commerce Meets

The Bovina Chamber of Commerce met Monday evening with a nice crowd attending. Sandwiches and coffee were served. The group is looking forward to the next meeting, at which time they will have a debate by W. O. Cherry, W. E. Williams, Clarence Smith and O. W. Rhinehart. Besides other business, arrangements were made to have a cleanup of trash, this week.

Mrs. C. R. Elliott left Tuesday for El Paso to visit her son and wife, Mr. and Mrs. Lorn Elliott.

Mr. and Mrs. Otis White of Amarillo and Mrs. Harold Turner of Santa Rosa were called here Saturday to be with their mother, Mrs. James White, who is very sick. Mrs. White is now being treated at the McReynolds clinic in Friona.

School will be closed Thursday and Friday for registration of ration book 2.

Mrs. Oscar Venable and Mrs. Tom Horton shopped in Clovis Thursday. Mr. and Mrs. French Crook of Amarillo spent a few hours in town Thursday.

Mr. and Mrs. Carlyle Russell of Melrose visited Charies Jefferson and family, Friday.

Mrs. Edna Scott spent a few days last week with her son, Lt. Elmo Scott, of Camp Brownwood, Tex.

Victory Program Held

A large crowd attended the victory program at the high school auditorium Thursday night, with \$526 in stamps and bonds being sold. A very entertaining program was given by the students. The high school band, wearing new uniforms, played several selections. The main feature of the evening was a Victory Queen contest, representatives from the high school classes and eighth grade acting as candidates. Miss Pattie Ann Wilson, of the Freshman Class, was named queen. Miss Lois Marie Trimble, of the eighth grade, was second.

PLEASANT HILL

Frank Donahey is improving slowly.

Mr. and Mrs. John Hightower received word last Wednesday that they had become grandparents. Majoh John Hightower, Jr., and wife are now parents of an 8-lb. daughter.

Miss Beanta Reed has started to school here and is staying with Mrs. Hightower.

Miss McCormick made a trip to Albuquerque last week to visit her sister and brother-in-law.

Mrs. Pearl Singleterry's mother returned to her home in Hereford last Wednesday.

Howard Whitener sustained several broken bones in his foot, Friday, when his horse fell on him.

Miss Evelyn Singleterry of Clovis visited the first of the week with her parents, Mr. and Mrs. Joe Singleterry.

Club will meet with Mrs. Pauline Horton on March 4.

The colored church of Clovis will hold services in the Fundamental church here, at 4 p. m. Sunday.

Plainview Show Goes On Despite War Time

PLAINVIEW—The sixteenth annual Panhandle Plains Dairy Show will be held here April 13, 14 and 15. Directors decided at a recent meeting.

Exhibitors among the directors voted to hold the show due to the importance of dairy production to the war effort, despite inconvenience to them in preparing exhibits and difficulty in carrying on essential work at home and the rigorous duties of the showman.

The 4H club demonstration contest and vocational agriculture students dairy products judging contest and cattle judging contest were eliminated from the show due to transportation difficulties.

Frank Ford, Lubbock, indicated that the Shorthorn exhibitors would likely hold a sale, most of the exhibitors having already nominated animals to be consigned.

Due to the shortage of veterinarians the group voted to eliminate for this year the rule requiring cattle to be Bang's disease tested before being eligible for exhibition.

Exhibitors praised the progressive spirit of Plainview citizens who have financed the show from time to time. Some thought it would be best due to labor shortage and other factors to omit the show this year. There were those, however, who felt that if it were not held it would mean the end of the dairy show.

Development aims and accomplishments of the show were considered of importance enough not only to warrant holding the show this year, but to make it a must in the interest of dairying in Texas, New Mexico and Oklahoma, the area the show now serves.

MEETING HELD

Tenant-Purchase borrowers and committeemen of the Parmer County Farm Security Administration were in session the past Wednesday when a summary and planning meeting was held at the local office. One in charge state that the meeting was well attended and plans for 1943 drawn up at that time.

Health Notes

By Texas Department of Health

AUSTIN—Dr. Geo. W. Cox, State Health Officer, commenting on the seriousness of rheumatic fever, today declared that this disease is recognized as one of the greatest killers among young people. Between the ages of 10 and 15, rheumatic fever causes more deaths than any other disease, the Health Officer said, and in persons between the ages of 15 and 24 it is outranked only by tuberculosis.

Dr. Cox stressed the fact that deaths in childhood from rheumatic fever have not decreased in a satisfactory manner during the past decade and warned the parents of children to pay particular attention to the care and treatment of such predisposing diseases as tonsillitis and other upper respiratory infections.

"The diagnosis in this disease is not always easy," Dr. Cox stated. "Any child with suspicious symptoms should be under the prolonged supervision of a physician since along with a general involvement of the body, the heart is practically always involved. The symptoms may consist only of pallor, loss of weight, easy fatigue, unusual sweating, loss of appetite and sometime fleeting muscular pain, and a little joint stiffness and a rapid beating of the heart. The more severe cases may show repeated nose bleeds, extreme nervousness, stiffness and pain in the joints, swelling of the joints, fever and pain over the heart."

According to Dr. Cox, the majority of children who experience rheumatic fever suffer more than one attack and each may last months or even at times one to three years. The final result depends on the amount of heart damage incurred. Closely supervised bed rest throughout the entire period of infection is essential in order to minimize this danger.

COMMISSIONERS MEET

Minutes were approved and bills paid on Monday, when the Parmer County commissioners held a regular meeting in the local courthouse. The group voted to retain Miss Lola Goodwine as county welfare worker for the next three months.

Your Boy doesn't need gas coupons to

Phill-up with Phillips

OVER . . . AROUND . . . and IN 65 different countries or islands, American soldiers, sailors, and marines are in training or already risking their lives to win the war.

At how many of these places, their tanks and jeeps, their planes and PT-boats, are fueled with Phillips gasoline, we do not know. And even if we did, the exact information would be a military secret.

This much can be told: On the battlefronts of the world, the products of the American Petroleum In-

dustry are playing an ever-increasing, swiftly growing part. So as you tear the little coupon from your gasoline ration book, remember that your tire and fuel savings are your minor contribution to victory; and be grateful that your boy and your neighbor's boy need no coupons to fill the tanks of their war vehicles, need no ration certificates for tires.

To help make your car and your tires go farther and last longer, your Phillips 66 Service Man has many services. Ask about them when you stop at any Orange and Black 66 Shield for Phillips 66 Poly Gas, famous for fast starting pep and extra mileage . . . and Phillips 66 Motor Oil, 100% paraffin base.

Silver Weddings To Be Celebrated, March 3

Mr. and Mrs. Ebb Randol and Mr. and Mrs. Sam Randol are this week inviting their friends to join them in celebrating their silver wedding anniversaries, March 3, in the home of Mr. and Mrs. Ebb Randol in Farwell.

Open house will be observed on the anniversary date, next Wednesday, from three o'clock to ten o'clock p. m., with the daughters of the celebrating parties assisting in receiving the guests and serving.

The two couples were united in marriage in a double ceremony performed in Clovis on March 3, 1918. Since that time, Mr. and Mrs. Sam Randol have lived on his farm near Tex. co. The Ebb Randols made their home on a farm for the first several years of their marriage, moving into Farwell some 19 years ago.

Ebb Randol was for some years minister of the local Church of Christ and at present is conducting services at Dora, N. M., and Lariat. Sam Randol has been prominent in civic affairs in Texico, having served on the school board of education a number of terms.

All members of the two families are residents of this immediate area. Children of Mr. and Mrs. Sam Randol are Mrs. Leon Cantrell, Mrs. Grayson Roberts, Misses Tommie, Talma and Hettye Nann. Daughters of Mr. and Mrs. Ebb Randol are Mrs. Carl G. Davis, Mrs. Hugh Edwards and Miss Madaline Randol.

42 Social Held In Ebb Randol Home

Mr. and Mrs. Ebb Randol entertained with an informal 42 social in their home in Farwell, the past Wednesday evening.

Enjoying the evening were Mr. and Mrs. J. D. Thomas and family, Mr. and Mrs. Sam Randol and family, Mr. and Mrs. John Holland and Jackie, Mr. and Mrs. Carl G. Davis, Mr. and Mrs. Grayson Roberts, Mrs. Leon Cantrell, Mrs. Hugh Edwards, and Mr. and Mrs. Bob Barton.

Golden Speaks To Local Woman's Club, Tuesday

President Floyd D. Golden, of Eastern New Mexico College, Portales, was the guest speaker Tuesday afternoon, when the Texico-Farwell Woman's Club met in the home of Mrs. Clyde Magness.

"A Religious Survey of Our Public Schools" was the title of President Golden's talk, in which he brought out the fact that although the first schools in America were begun under the supervision of the church, the public school system of today offers no religious teachings.

Following Golden's talk, a social hour was enjoyed, at the conclusion of which the hostess served cherry pie topped with whipped cream and coffee.

Mrs. Raleigh Middleton was a guest at the affair. Members present included Mesdames S. C. Hunter, B. A. Rogers, W. B. Hill, T. A. McCuiston, W. H. Graham, Garlon A. Harper and the hostess, Mrs. Clyde Magness.

Large Crowd Attends Social At Church

One of the customary social affairs of the season was held in the parlors of the Methodist Church Monday evening, when Washington's birthday was commemorated.

Colonial dishes were served as "courses" from various booths. Red and white colors were used in decorations about the serving rooms and musical numbers were offered for entertainment of guests.

Sponsors of the affair, the Women's Society for Christian Service and the Wesleyan Guild, reported today that financially they were well pleased with the evening, and extended thanks to the cooperating public.

Mr. and Mrs. Weldon Gibbs and family, of Floydada, visited the first of the week with his sister, Mrs. Claude Rose, and family Weldon formerly lived in Farwell.

Tid-Bits »

Uncle Jimmie Richards, announcing a farm sale last week, said that he was not to be classed as a retired farmer, but rather as a "tired farmer that is moving to town to take a rest". He revealed that he and his wife had been on the farm for more than 50 years and felt they were entitled to an earned rest.

Preacher Wright is somewhat vexed at his wife for taking up the coffee-drinking habit during the past few months. "Just about the time I figured that I could use her coffee stamp to keep me supplied, she decided I needed some help in disposing of our limited amount," he said disgustedly.

Shelling out \$1.50 for a subscription to The Tribune, R. G. Davies of Friona opined "That's cheaper than having the wife catch me the field and taking off in the car to a tour of the neighborhood looking for a paper".

One of the amusing sights at Men's Club meeting last Thursday night was Rev. Tripp, the Methodist pastor, taking a back seat with his plate on his lap. Someone finally observed that he did not feel at home with the Baptist brethren in charge of the program.

And Johnnie Aldridge reports that in the future air raid alarms will hold no fear for him. Strolling in his yard the other day, Johnnie discovered daughter Mary Belle and an assortment of neighbor children perched on a queer-looking platform in one of the trees. About that time a shrill cry of "Air raid!" split the air and Johnnie leaped as a bottle well-filled with sand hit the ground with a resounding thump and crash.

Something unusual is on deck for next Wednesday. The Sam Randol and Ebb Randol families are celebrating a joint silver-wedding anniversary, having been married in a double ceremony 25 years ago. This is the first occasion of its kind ever to be observed locally.

Wayland Band Will Visit Lazbuddy

Rev. R. N. Parsley, pastor of the Lazbuddy Baptist Church, announces this week that the congregation will entertain the Wayland College volunteer band, with services on Saturday night and Sunday, Feb. 27 and 28.

A feature of the afternoon service Sunday will be an honorary service in memory of boys from the Lazbuddy community who are in the service of their country. Rev. Parsley said. Dinner will be spread at the church.

The public is invited and a special invitation is extended to parents of boys in service.

ST. JOHN'S EV. LUTHERAN CHURCH

Lariat, Texas
Rudolph Weiser, Pastor
"A Changeless Christ for a Changing World."

Sunday School and Bible Class at 10:45 a. m.

Divine Service at 11:30 with the pastor speaking on the theme, "The Pearl of Great Price," based on Matthew 14: 45-46.

Instruction class meets at 3:00
Lutheran Hour broadcast over station KICA, Clovis, is at 4:00 to 4:30 every Sunday afternoon.

Sunday School teachers meeting Thursday night in the home of J. A. Kaltwasser.

You are cordially invited to worship with us.

Mr. and Mrs. David Harrison and children spent Sunday visiting in Amarillo.

Mr. and Mrs. Jerry Spurlin and daughter were visitors in Amarillo, Saturday, where Mrs. Spurlin's brother is confined for medical treatment.

Mrs. Woodrow Lovelace spent the weekend visiting her parents, near Friona.

Stanley Hillhouse, who is employed in Amarillo, was a weekend visitor with his family in Farwell.

Mrs. Clarence Crawford is here this week from Amarillo to spend a few days with her parents, Mr. and Mrs. John Doose.

Mr. and Mrs. Seth Rollins are here from California, spending a few days visiting friends and relatives.

Mrs. Bess Henneman and son, A. C., spent Sunday in Amarillo with relatives.

ON DESTROYER

S 2-c James W. Lee, son of Mr. and Mrs. P. A. Lee of the Oklahoma Lane community, writes his parents that he has been assigned to duty on a destroyer. He has been in training at Charleston, S. C.

NEWS FROM OUR BOYS IN CAMPS

JERSIG IS MOVED

Capt. J. S. (Sheb) Jersig, who has been stationed with the Marines at San Diego, Calif., for the past several months, writes friends that he is being moved, and adds, "I'll write you a long letter when I get to where I am going".

IN R. O. T. C. WORK

Lt. Curtis L. Evans, former superintendent at Oklahoma Lane, has recently been assigned to R. O. T. C. work in Chicago, Ill. Evans is attached to the Sixth Service Command and takes charge of a new R. O. T. C. unit that is being organized at one of the high schools in Chicago.

ASSIGNED TO SALT LAKE

Lt. Tom Caldwell, son of Mr. and Mrs. J. R. Caldwell of the Oklahoma Lane community, who recently received his wings as a pilot from the advanced Army training base in Lubbock, has been assigned to Salt Lake City, Utah. Tom went through pre-flight training at Kelly Field, after which he was sent to Bonham, Tex., for primary training. Basic came next at Waco, and his final schooling was in Lubbock.

HALL IN WASHINGTON

Raymond Hall, son of Mr. and Mrs. W. W. Hall, and now in the Navy, writes from Seattle, Wash., where he is working in the officer's procurement division. Raymond states that he likes the work fine, although it isn't much action, and adds that he may go out on recruiting trips all over Washington, Oregon, Montana and Idaho.

STILL PLAYING BALL

Pvt. Hass McCurdy, a member of the Marines, writes from some unnamed location that he is playing ball with his company, and that "there are three girls to every man" where he is located. Hass says that he played ball in a park that had a seating capacity of 20,000 recently. "We beat the Navy 3-0," he adds.

ROBERTS "ON THE MOVE"

Lt. Bill Roberts, who was transferred to Salt Lake City following the receipt of his wings at Lubbock recently, has wired his mother that he is "on the move again" but does not reveal his destination.

VISITS HERE

Claude (Buzz) Gober, son of Mr. and Mrs. J. I. Gober, was home over the weekend with home folks. He is stationed at Big Spring, Texas.

TO ARKANSAS

Pvt. Morgan Billington writes his wife here that he has been assigned to Camp Robinson, Ark.

MADE WARRANT OFFICER

Mr. and Mrs. Frank Phillips are in receipt of a letter from their son, Carthon, a member of the famous 19th division recently returned from service overseas. Carthon states that he and four others out of 102 applicants have been commissioned as Warrant Officers. He adds that he was commissioned in the Medical Corps (the branch in which he has seen service since entering two years ago) but will still be attached to the Air Corps. Carthon was among members of the 19th who received the Blue Bar decoration at Pyote, Tex.

John Martin returned Sunday from Lubbock, where he was called by the illness of his father. Mr. Martin reports the older man as recuperating.

Baby Chicks

We have several hundred now on hand, and more are expected this week. Better buy your chicks in advance rather than be disappointed with later deliveries. We can give no assurance about future deliveries.

COMPLETE LINE POULTRY FEEDS, REMEDIES AND SUPPLIES

Goldsmith Produce Company

Many Ration Stamps Expire Next Month

Ration board officials this week called attention to the fact that coffee, sugar and gasoline rationing stamps have expiration dates next month.

The current sugar stamp, No. 11, goes out of date on March 15 and the coffee stamp, No. 25, becomes invalid on March 22. Along this line, it was pointed out that the stamp in War Book 1 of children 13 years of age may now be turned for coffee. Previously, the age limit was 14.

No. 4 coupons in A gasoline books are good only through March 21.

Chairman John Armstrong pointed out that all empty gasoline books must be turned in to the board. This ruling will affect B, C, and R books, since A books contain stamps numbered 5 and 6, which are not yet valid for purchase of gas.

Mr. and Mrs. L. B. Gibbs of Clovis, Okla., are here this week visiting in the home of Mr. and Mrs. Claude Rose. They are the parents of Mrs. Rose.

KEEP YOUR MEDICINE CHEST WELL FILLED

It is the patriotic duty of every householder to see that a complete line of first aid remedies and household necessities are on hand at all times. It is our duty to keep you supplied with those needs. Don't expect the impossible from your doctor in these days of severely overtaxed duties.

Mr. and Mrs. M. C. Roberts were Amarillo visitors on Sunday.

What About SHOES

Under Rationing?

MANDELL'S are glad to cooperate with our Government in the control of shoe sales by rationing as a means of conserving the leather supply and to secure equal distribution of available shoes.

We believe this rationing program increases the value of our service to our customers more than ever before . . . and for these seasons:

MANDELL'S have always handled ONLY quality shoes of the finest makers in the United States. Now that you can buy only three pairs per year, and only one pair between now and June 15th, you must be sure that you buy GOOD shoes . . . shoes that will give you the utmost in wear, comfort and appearance.

MANDELL'S Shoes for men, women and children will give you the most wear that can be built into shoes. They will give you the utmost comfort because they are fitted by shoe experts. They will give you good appearance longest because their styles are the best.

Now that shoe dollars are doubly precious, put them into shoes that you can depend upon. You'll find that kind at MANDELL'S, at prices ranging . . .

For Men \$5.50 to \$12.50
For Women \$4.95 to \$8.95
For Children \$1.95 to \$3.95

Demonstration Club Notes

By Special Staff Reporters

Club Will Not Meet
Due to conflicting affairs, the regular meeting of the Bovina home demonstration club, slated for Thursday of this week, will not be held. Agent Elsie Cunningham will therefore be on hand at both meetings of the group in March.

Mrs. Nittler Named As Parmer Candidate

At a regular meeting of the Parmer County home demonstration council, held the past Saturday in Friona, Mrs. W. P. Nittler was selected as the county candidate for vice-presidency of District II of the Texas Home Demonstration Association. The district meeting will be held in Littlefield in April and Parmer county official delegates will include Mrs. Nittler, Mrs. Will Jones and Mrs. E. L. Fairchild, with Mrs. David Moseley and Mrs. Russell Harrington as alternates. Other business taken up at the meeting included the decision to hold future gatherings in the recreation center of the Friona Methodist Church. Budget plans for the year were discussed and it was voted to sponsor a cooking school during May, further details to be announced.

Recaps Now Available For Cars And Trucks

Rationing of Grade F camelback—used for recapping—was lifted on Feb. 20, and such recapping may

now be done for passenger cars and lightweight trucks (principally pickups) without certificates from the ration board. This announcement was made today by John Armstrong, chairman of the Parmer county board. The new ruling, he pointed out, will not be applicable to heavy trucks, since in most cases heavier grades of recap material is used, and still requires a certificate from the board. "It is not required even that an official tire inspector issue a certificate for recap work on passenger cars and light trucks," Armstrong said. "However, if tires are in bad condition when an inspector checks them, and he recommends that recap work be done, the official 'OK' necessary to obtain gas coupons will not be given until the tires are recapped."

Grady Takes Tourney Championship Honor

A whirlwind cage tournament was staged in Clovis the past weekend, when Curry county teams gathered for their annual meet. Grady and Melrose met in the finals, with the Grady boys finally taking the championship, 48-46. Texico was Grady's first victim, the locals dropping their opening game 33-43. Slow play on the part of the Texico team during the early stages of the game was responsible in a good measure for the defeat, officials state, the game being fairly close during the last two periods. Blain high-pointed the Texico boys, but in steady all-round play the team fell back on Bowers. Denzil Williams, of Grady, literally ran off with scoring honors, tossing in 17, but Woods and Vandevender helped push the Grady tally. Texico is due to enter the district meet this weekend, Coach C. E. Sanders states, and intensive practice is being engaged at the school.

TEXAS EXTENSION SERVICE

FOOD FOR VICTORY

By Garlon A. Harper
County Agricultural Agent
Texas A. & M. Extension Service

Bang's Disease is taking a pretty heavy toll of profits in the cattle industry in Parmer County. There are two factors which must be considered to arrive at the seriousness of this disease. The first and most important is the danger of using milk from cows which have Bang's disease. The same organism which causes Bang's also causes undulant fever. If you have ever seen a case of this fever, or if you have had a case in your family I don't need to tell you how serious it is. If you haven't then just talk to your doctor the next time you see him and he can tell you some things which will make you want to be very careful about the milk you use.

The second important factor in regard to Bang's is that herds infected with it produce a very small number of calves. This is causing us to lose valuable replacements in our dairy industry and our only means of profit in our beef industry.

Bang's is a disease which causes a cow to lose her calf just a few months before the calf is due. Of course, these losses are sometimes caused by mechanical injury or other means than Bang's, but too often we are inclined to think that when we lose a calf it is not Bang's. This is simply and purely wishful thinking, and very unsound in practice. Any time a cow loses a calf she should be suspected of Bang's and tested immediately if she is not already on test.

There are two methods of eliminating Bang's from our herds. The oldest is to test and sell reactors. Of course, this is a costly method, but after all, if you have Bang's you want to know about it. If the test reveals reactors you certainly don't want to keep them in the herd, since they are a definite source of spreading disease and are a danger to those who use the milk. The second method is calfhood vaccination of all heifers 4 to 8 months of age. This vaccination, when properly done, is from 90 to 98 percent effective. Vaccination is not costly and since the degree of effectiveness is so high I can hardly see why everyone is not vaccinating. I believe that a combination of testing and vaccination is the best solution to our problem until we have the herds completely cleaned up and all cows not now vaccinated replaced with immunized heifers.

District Play Gets Underway Friday

Play at the district cage tournament for boys' teams will get underway in Clovis, Friday of this week at 11:30 a. m. (Texas war time), with twelve teams being lined up for action.

Due to the fact that several teams were disqualified at a late hour, a rather lop-sided bracket has been issued for the meet, with eight squads in the upper division and only four in the lower.

Four teams were seeded for the meet, Clovis, Grady (winner of the county tourney last week), Melrose and Elida rating the prime consideration of sports forecasters.

Bracket Given

In the upper bracket, Clovis and Lingo meet at 2:30 Friday, followed by Texico and Rogers at 3:30. Elida is cast versus Dora at 12 noon, while Fort Sumner and Rosedale tangle at 11 a. m.

Going into the quarterfinals, the Clovis-Lingo winner meets the Texico-Rogers champ at 9 p. m. Friday; Elida-Dora and Fort Sumner-Rosedale winners fight it out at 8 p. m. the same night. Semi-finals will come at 3 p. m., Saturday, while the matches for consolation and championship honors fall at 8:45 and 10 o'clock, respectively, Saturday night.

For the lower bracket, Grady and Melrose each have byes in the initial round; Pleasant Hill and Floyd play at 4:30 Friday afternoon. The quarter-final for this group comes at 10 a. m., Friday, when Melrose plays the Pleasant Hill-Floyd top team; semi-finals are at 4:10 Saturday afternoon with Grady taking the top team from the quarter-final.

All hours given in the schedule above are Central war time, which will make it one hour earlier for residents using Mountain war time.

Trophies for first, second and third ranking teams will be awarded, and the basketball used during the meet goes to the fourth-place winner. A championship "all-tourney" team is also to be named.

Admission is 20 and 35 cents for all series to the finals, when it advances to 25 and 50 cents. Holmes and Fischer are officials.

Legislators Talk To Local Men's Club

The local Men's Club had as its guests two members of the New Mexico legislature, at the regular meeting last Thursday evening, in the persons of Dr. M. S. Smith, speaker of the House of Representatives, and Claude Gamble, member of the Senate.

Dr. Smith and Senator Gamble discussed many of the 424 bills that are now pending before the New Mexico legislature, explaining that the legislature was in a 30-day recess during which time legislators may discuss coming bills with the voters.

Dr. Smith, in speaking of the tobacco bill, which Governor J. J. Dempsey had introduced, said that it was "a very good bill and needed very badly". He gave it as his opinion that it would provide at least \$30.00 per month for the aged and infirm of the state. He went ahead to explain that the old people of the state are badly in need of additional money to meet the rising costs of living and the curtailment of funds for their assistance.

Senator Gamble reported that he had been assured by the Governor that the gasoline tax refund to farmers will remain a law although he admitted that a hard fight was in prospect to repeal it.

He added that a special committee

Plan Launched To Stop Dairy Cattle Killing

To help halt the slaughter of good milk cows and potential dairy producing animals, the Farm Security Administration announces the inauguration of a new program in Texas, designed to maintain essential dairy production levels in the state.

Details of the plan, called the Dairy Animal Conservation program were received here by Raleigh C. Middleton, county supervisor for the FSA, from Jesse B. Gilmer, regional director at Amarillo.

The plan provides that Middleton has authority to purchase milk cows, heifers and heifer calves from farmers who contemplate liquidating their herds or surplus parts of their herds. These animals will be re-sold to farmers who have facilities to keep them in essential production.

"This new war-time function," Middleton said, "provides for the government purchase of dairy animals from farmers who because of inadequate supplies of feed, labor or other facilities, have been sending their animals to slaughter. The government is not competing with commercial buyers but is trying to keep dairy animals on local farms by reselling them to farmers in the vicinity who do have the facilities to care for them."

The supervisor explained that in the event local dairy men or farmers cannot take on the additional animals, they will be sold to individuals in other parts of the state. Only healthy dairy cows or potential producing animals will be saved from slaughter.

Dairymen or farmers in this area who may be compelled to market surplus animals or those individuals who wish to purchase surplus stock are asked to contact the FSA supervisor at his office in the local court house.

NEW RATION CLERK

Miss Wilma Louise Snider has this week taken over duties as a clerk in the Parmer county ration office. She succeeds Mrs. Webb Guber, who resigned to join her husband, stationed at a naval training camp in Savannah, Ga.

FOX STOCK REMEDIES

Stock is too valuable to lose these days when you keep them strong and vigorous by the use of proper and inexpensive vaccines. We have a complete line. Rid your cattle of grubs with rotonone 5%.

FOX DRUG STORE

FOX FOX

had reported that the proposed tobacco tax would yield \$800,000.00 per year in New Mexico. The tax, he said, would amount to 2 cents per package on cigarets and 1 cent on cigars selling at 5 cents each. There would be no tax on package tobacco.

Rev. W. C. Wright, pastor of the Baptist Church, introduced the speakers.

Mayor W. J. Matthews of Texico congratulated Curry county on being represented in the State Legislature by Dr. Smith and Senator Gamble, and came out flatly in favor of the tobacco tax bill.

M. C. Roberts outlined some legislation he would favor with reference to labor. "The New Deal is so subservient to labor that we cannot expect anything from Washington," he said, adding, "It's up to the states to give us some relief." Then he offered a suggestion that the Club take up problems dealing with post war matters at the next meeting.

Chas. F. Bieler, for 17 years a mail carrier on one of the Texico routes, wanted to know why some of the lateral roads in New Mexico were never worked. "The roads I travel in Texas are kept in fairly decent condition, but some of my route in New Mexico has never been graded in the 17 years I have been traveling it," Bieler told the visiting legislators.

Through the efforts of the Baptist men of the community, a generous lunch was served.

FRED KEPLEY HURT

Fred Kepley, well known farmer of the Oklahoma Lane community, sustained a rather unusual accident last weekend when he attempted to back his tractor under a shed. He misjudged the distance and his head was caught between the tilted roof of the shed and the steering wheel of the tractor. Both ears were badly lacerated, one requiring 18 stitches to close the wound.

OMAHA—So her neighbor can teach a Red Cross home nursing course, a Douglas County woman cares for the neighbor's two young children while the mother is in class.

Point Ration

(Continued from Page 1)

Dried prunes and raisins, along with catsup, are also included in rationing and must be listed on the declaration. Sales of dried beans and peas are frozen, but these goods are not to be listed.

Any person in a family group register for the entire family.

Regarding excess, OPA rules that a registrant may not lose more than half his coupon book, irrespective. For excess supplies, 8-point stamps will be removed for each can declared, although the actual point listing on the new order may be a good deal higher.

Registration was conducted for the Texico area on Monday and Tuesday at the school building, with Supt. B. A. Rogers stating that between 800 and 900 were listed. Classes were dismissed on both days, being resumed today (Wednesday).

Changes May Be Made

OPA announces that the current point list may be subject to change at the expiration of the first 48 coupons, and may go either higher or lower as the balance between supply and demand is ascertained.

In order that the housewife may manage her point buying as well as possible, lists will be posted in grocery stores, and point values shown on shelves where cans are displayed. A complete list of points on the rationed items is shown elsewhere in this issue.
