

"Take Me Back to Texas"

AN EIGHTH AAF BOMBER STATION, England—Neither one of the three sergeants from the Texas Panhandle will admit erecting the sign or vouch for the accuracy of the figure, but they point to it as proof of the proverbial affection Texans in the AAF have for their native state. The sign is on a winding English lane on the edge of the Eighth AAF B-24 Liberator base commanded by Lt. Col. Glendon P. Overing.

Left to right, the three Texas sergeants are: Technical Sergeant Robert A. Smith, 27, section chief of the base material office, and the son of Mr. and Mrs. Bill Smith of Ralls; Master Sergeant Lesley D. Barnes, 24, section chief of the intelligence office, and the son of Mr. and Mrs. Perry Barnes of Lazbuddy; and Technical Sergeant Richard R. Richter, 27, a clerk in the adjutant's office and assistant sergeant major, son of Mr. and Mrs. H. E. Richter, of Abernathy.

All three enlisted in the AAF in January 1941, and have been together nearly all the time. One of the places they were stationed was near Manchester, N. H., and two of the Texans found Yankee brides. Sgt. Barnes married Miss Ina Smith, of Concord N. H., who makes her home with the sergeant's parents during his absence overseas.

Parade Will Open Vacation Bible School

The Daily Vacation Bible School, sponsored annually by the local Baptist Church, will be off to a flying start with a downtown parade on Friday of this week. The school is to open Monday, May 29 continuing through a two-week period and closing on June 9.

Friday is "preparation day" for the school. Pupils will gather at the church building for registration and parade instructions. The parade is to begin in Farwell, proceeding through the two towns.

Leading the downtown procession will be the New Mexico State patrol car, followed by the local fire truck on which will ride the flag bearers. After the fire wagon will come the bicycle caravan with each boy and girl who desires to ride in the parade. Included in the procession will be the rhythm band. The group will finish its march at the Baptist Church, where refreshments will be served.

The vacation school will consist of Bible study, missionary instruction, music, handiwork and recreation. Each boy and girl in the community is invited to attend. Ages are from 4 to 17 and the school is free.

Class hours are 3 to 6, Texas war time. Superintendents of the four departments are: Intermediate (13-16), Mrs. Clyde Magness; assistants, Mrs. John Lockhart, Mrs. Evelyn Ford; Juniors (9-13), Mrs. S. G. Blington, assistants, Mrs. Owen Ford, Margaret Minter; Primary (6-8), Mrs. Bill Bradshaw, assistants, Mrs. Hugh Tucker, Helen Hunton; Beginners (4-5), Mrs. Carl McGuire, assistants, Mrs. Mona Townes, Mrs. Garlon Harper. Pianist will be Mrs. W. C. Wright. Rev. Wright will act as principal of the school and direct boys' handiwork.

DATES ARE CHANGED

Miss Graham Hard, emergency war food assistant, announced today that she will be in Parmer County June 5 through the 10th. Miss Hard will be available to help with any of the food preservation problems, such as canning, drying or freezing, and will also check any canning equipment.

Even A Dog Needs His Rations

Apparently the lifting of rationing on pork products and some beef cuts doesn't satisfy Laddie, pup belonging to Nancy Aldridge. Laddie still wants beefsteak.

Appearing at the door of the local ration office Monday morning, Laddie howled long and lustily, and frantic clerks were about to the point of issuing special rations when the pup was unceremoniously hauled out of the courthouse.

Pair Make Bond In Burglary Charges

Arraigned before Justice of the Peace Jess Newton, here Sunday morning, L. A. Crawford and Dibbs Crawford, who are supposed to live at Lubbock, were held to await the action of the Parmer County grand jury on a charge of burglary.

Justice Newton set their bond at \$1,000 each which was furnished, and the pair released.

The Crawfords are alleged to have broken into the Parmer County Ration Office several weeks ago and took a number of gasoline ration books. They were arrested at Abilene recently, Sheriff Earl Booth said.

Butler Discusses Four Freedoms With Club

"My dream is a united nations of the world," declared Rev. R. L. Butler in an address before the regular monthly meeting of the local Men's Club last Thursday evening.

The speaker launched his address from the four points of freedom as outlined by President Roosevelt in a radio address to the nation last year—freedom of worship, freedom of speech freedom from want and freedom from fear.

He pointed out that at the conclusion of World War I "thirteen men in Congress blocked the progress of the world and brought about the second world war" by refusing to follow the leadership of President Woodrow Wilson.

"Another opportunity is coming to us at the next peace table," he said, raising the question, "Shall we muffle the ball again? . . . God forbid." He took sharp issue with the advocates that would have the United Nations police the world in an effort to maintain peace, and cited Alexander, Napoleon, Hitler and Mussolini as examples of "sheer brute force who have tried and failed to rule the world".

In conclusion he emphasized that "a world based on human brotherhood is the only kind of world that will stand", and made an appeal for Christian brotherhood, adding, "We must come to realize that all men are brothers."

Turning attention to some existing conditions in the South today, particularly in Texas, he observed, "We've got to change some of our laws". While not specifically mentioning them by name, it was apparent that he had reference to the Jim Crow law and the anti-negro vote law in Texas.

STATION CHANGES HERE

The Phillips retail station in Farwell changed hands the first of last week, with D. K. Roberts, county clerk, taking over the lease from D. W. Bagley, wholesale agent for the Phillips Company.

Consolidation Vote Comes Saturday

County Meeting on Bond Drive Planned

Lights Off Sunday In Texico and Farwell

Horace Taylor, of the Southwestern Public Service Co., was in Farwell from Muleshoe, Tuesday, and made the announcement that all electric power would be cut from both Texico and Farwell on Sunday, May 28th.

"This is necessary in order for repair work to be done on the lines," Taylor said "and we are making the announcement this far in advance so that local people can make arrangements insofar as possible to avoid inconvenience."

The lights are scheduled to go off at six o'clock Sunday morning and remain off until six that afternoon. "We plan", Taylor added, "to have the power on for a two hour period around the noon hour, for those people who use electricity for cooking purposes."

Taylor cautioned that irrigation should not be carried out while the power is off, and warned that freezer lockers should definitely not be opened during Sunday.

In case weather conditions are such that workmen cannot do their repair work, Taylor concluded, the lights will not be cut off at all.

Phillips Agency At Bovina Has Change

Clarence O. Smith has succeeded O. W. Rhinehart as consignee for the Phillips Petroleum Company at Bovina, the change becoming effective early last week.

The Smiths have recently moved back to Bovina from Dalhart, where he has been employed with the State Highway Department for the past several months. Prior to moving to Dalhart, he was located at Bovina with the same organization, and they are well known at Bovina.

Rhinehart is retiring to devote his time to his farming interests near Bovina after nine years as representative of the Phillips Company.

Both the wholesale and retail business were involved in the transaction.

To Straighten Out Highway 86 at Hub

The State Highway Department is ready to eliminate a curve that bypasses a lake bed on Highway 86, one mile west of Hub in the county, it was revealed here this week.

Plans now call for a large fill across the lakebed, allowing the route to proceed without the swerve around the lake. Work is expected to start on the fill just as soon as proper arrangements can be made for dirt to make the fill without a long haul.

Ten Parmer County Men Take Shrine

Ten Parmer County Masons were elevated into the Masonic Order at Amarillo this week by being initiated as Shriners.

Those from this county to travel the hot sands into Shrinedom were A. D. Smith, Davis King, Sam Sides, Bev Buchanan, J. G. McFarland, A. A. Crow, F. S. Gober, S. H. Osborne, H. G. Morris and Abb Carroll.

Lee Thompson, John Armstrong, Nelson C. Smith and J. C. Wilkinson were among the Shriners from this county attending the ceremonial.

COMMISSIONERS MEET

The Parmer County Commissioners Court was in session here Monday. Aside from the regular routine, an order was passed to transfer \$4000 from the Jury Fund to the General Fund and a land sale was authorized.

The Commissioners voted to accept \$50 from R. L. Rule of Friona for a small tract of land adjoining the Rule farm. The land, involving about an acre, was given the county by the Santa Fe Railway company, it being in excess of what the railway company needed for right-of-way.

Year's Building Job Nears End

After more than a full year of construction work, prospects appeared favorable for Mr. and Mrs. O. C. Sikes to occupy their remodeled house in Farwell, early this week.

Faced with setbacks and delays, including lack of materials, shortage of labor and a fractured arm, Sikes said Tuesday that he expected to have the house ready for occupancy by the latter part of this week.

However, Mrs. Sikes was not so optimistic when asked about her moving plans. "I certainly hope so," she replied wistfully, adding "Rather than a move, I suspect it will be a gradual transition."

Death Claims Popular Friona Farmer Friday

One of Parmer County's most substantial and prominent farmers was claimed by death early last Friday morning in a hospital at Temple, Texas, when F. N. (Ford) Welch died of heart trouble.

Funeral services were conducted at the Christian Church at Friona, Tuesday afternoon and burial took place at the Friona cemetery with the Masonic Order in charge.

Welch had been suffering with heart trouble for the past few months, which forced practical retirement after a life of very active service. He was 54 years old at the time of his death.

He was one of the county's largest wheat farmers. Besides farming extensively, he also produced a large number of cattle, but in spite of his various activities, he always found time to devote to varied civic interests and served on a number of county committees connected with the farm programs.

He is survived by his wife and seven children, four daughters and three sons.

All county offices were closed on Tuesday afternoon during the hour of the funeral.

Farwell Eighth Grade Has Closing Program

For the first time in history, an eighth grade graduation service was held at the Farwell school the past Friday night. The program was unique in that only during the past two years has Farwell "added" a year, to make eight grades in the grammar school.

Billie Marie Utsman was valedictorian of the class, and the salutatory address was given by W. H. Graham, Jr. Other members of the class receiving their diplomas were Barbara Bobst, Talma Randol, Maxine Ford, Katherine McDonald, Leon Magness, Velma Threet, Junior Robertson, Bobby Hart, Willie Joe Carpenter, Charles Thompson and Travis Poteet.

In connection with the graduation program, the all-school operetta was presented, under the direction of Miss Edith Neill. The operetta, entitled "Liberty Lane", was given by some two hundred grade students, all in costume.

LINEMAN HURT SATURDAY

Ralph Phillips, 34, a lineman employed by the Southwestern Public Service Company, sustained injuries that sent him to a Clovis hospital last Saturday, while working on a high line between here and Lariat.

Horace Taylor, manager of the Company, said that Phillips received five broken ribs, a punctured lung and severe lacerations when a hoisting frame fell on him.

ATTENDS FORD MEETING

O. C. Sikes of the Sikes Motor Company of this city, will go to Roswell on Thursday of this week to attend a district meeting of Ford dealers. He will be accompanied by C. C. Cagle, Ford dealer at Clovis.

A county-wide meeting for the purpose of discussing plans and procedure in the forthcoming Fifth War Loan drive is being planned by G. D. Anderson, chairman of the War Finance Committee.

He said that such a meeting would be called "after June first" without specifying the exact date as yet. "We've got to make some plans well in advance if we are to reach our goal," the county chairman said.

The quota for Parmer County in the Fifth Loan has been set at \$265,000, the highest figure ever given the county. Of this amount, \$140,000 must be in Series E bonds. Parmer county exceeded its quota by substantial odds in the Fourth Loan.

Anderson expressed the opinion that there would be little difficulty in selling any of the quota except the Series E. "I already know of at least \$100,000 that will be invested in the other series," he said.

As he discussed plans for the Fifth drive, he said that a great deal depended upon the way the wheat crop is to be handled this year. He reasoned that there will be ample money in the county to oversubscribe the quota if the wheat is sold immediately after harvesting. On the other hand, if the crop goes into government loans, it will be after the conclusion of the bond drive before any actual money will be realized by the producers.

Texico Citizens Are Asked to Clean Alleys

Following a recent meeting of the Texico City Commission, Mayor M. C. Roberts today stated that the Commission was requesting all citizens to cooperate in a cleanup drive of the alleys in Texico.

"For the sake of all citizens involved," Mayor Roberts said, "the commission and the fire department request that all alleys be opened to permit free passage of fire equipment," and then added, "It is against the law to block the alleys."

Roberts said further that cleanup of garbage accumulations at this time will eliminate, in a large measure, the health hazard occasioned by flies during the summer months.

London Arrives Home After Overseas Trip

Sgt. Orville London, well known Farwell soldier, who has been in service overseas for the past several months arrived in the States the first of last week, and has been sent to Fort Bliss, Texas.

Sgt. London, who was in the medical corps, is believed to have been on a hospital ship that docked on the East Coast, evacuating wounded men from the Italian campaign.

His wife, the former Miss Helen Newton, left here Sunday morning for El Paso to join her husband.

Commencement To Be Held on Friday Night

Commencement exercises for the nine 1944 seniors of the Oklahoma Lane high school will be held on Friday night, May 26th, with the program opening at 9 o'clock.

The principal address of the evening will be delivered by Supt. H. D. Bentley, of the school, with valedictory and salutatory addresses by Bessie Caldwell and Mary Foster, respectively.

Musical numbers will be given by the class and the girls' glee club, and diplomas handed to the group by Clyde Perkins, president of the school board. Mrs. C. C. Christian and Mr. Brown will give the invocation and benediction, and Mrs. E. T. Caldwell will play for the group.

Graduates are Melvin Sudderth, Billy Meeks, Donald Watkins, Wendol Christian, Mary Foster, Ruby Kersey, Mary Hughs, Bessie Caldwell and Mary Lucas.

FORD OPENS STATION

Ray Ford, who recently moved his family back here from Broadview, N. M., has reopened the old Shamrock Service Station in Farwell and will operate it under the name of the Ford Service Station. Ford said that he would handle independent gasoline and would carry a full stock of oils and greases made by major companies.

Regardless of the fact that an injunction suit is scheduled for hearing before District Judge James W. Witherspoon, the consolidation election involving the State Line and Bovina school districts will be held on Saturday of this week as originally scheduled.

This was the announcement made here this week by Attorneys John Aldridge and J. D. Thomas, who have been retained by the defendants in the injunction hearing.

"The petition does not seek to enjoin the forthcoming election," it was announced, and County Judge Lee Thompson added that the holding of the consolidation election "could be enjoined as late as Saturday morning, but so far this has not been done".

Two Districts Vote

Qualified voters in both the Bovina and State Line districts will participate in the election, with the voters of the Bovina district casting their votes at the school house and the State Liners casting their ballots at an improvised booth on the site of the former school house in the district.

Farwell Takes No Part

Although no official action on the part of the Farwell school board, also named as defendant in the injunction suit, has been taken, it is generally understood locally that the Farwell board members are to assume a "hands off" policy in the hearing. "I can't see that the suit affects us either way it might go," one board member is quoted as saying.

The State Line district recently voted to withdraw from a consolidation with the Pleasant Hill district in New Mexico. The election called for Saturday is to determine if the State Line district will be consolidated with the Bovina district.

The injunction hearing is scheduled for 10 o'clock Saturday, with all members of the Farwell, Bovina, and State Line districts, and the County Board of Education named as defendants.

Reported Plane Crash Proves To Be Meteor

Screaming sirens from ambulances, fire trucks and crash trucks, dispatched from the Clovis Army Air Base in search of a reported falling plane, sent local residents out to search for the plane early Saturday evening, only to learn the following day that the flash across the north eastern skies was probably a falling meteor.

Searchers scoured the pastures and fields northeast of here until well into the night before the search was abandoned till the next morning.

Quite a number of local residents saw the flaming meteor as it dashed across the sky, followed by a long column of white smoke.

Renewal Time For Servicemen Subs

The following subscriptions to The Tribune, sent by local people to boys in the service, are due for renewals:

RAYMOND MOORE
KENNETH GRISSOM
ANDREW WILSON
HENRY GERIE
B. J. BROWN
CHAS. L. HAWKINS
SAM A. YOUNG
E. J. SLOAN
CARL DEATON
WALTER KALTWASSER

Several of these subs do not expire until the first of June, while others have already run their course. Renewals are \$1 for six months, and failure to renew within two weeks voids the subscription.

TO SPECIAL SCHOOL

Miss Margeruite Bigham left the past Saturday for Springfield Mo., to attend a special training school for Western Union teletype operators. She will be there for seven weeks, after which she is expected to be assigned to Clovis for duty.

TO OUT-OF-TOWN SUBSCRIBERS

Under new policy, a charge of 10c is made for change of address. Please include this when you notify us of such change. Otherwise, The Tribune will not be forwarded to new addresses.

For District Attorney:
JOHN B. HONTS
(Re-election).

OKLAHOMA LANE

Seniors Given Dinner

The seniors were honored with a dinner in the home of Mr. and Mrs. C. C. Christian Sunday. Seated at the beautifully decorated table were Melvin Sudderth, Billy Meeks, Donald Watkins, Wendol Christian, Mary Lucas, Mary Hughes, Mary Foster, Bessie Caldwell, Ruby Kersey, Rev. R. L. Butler, Rev. and Mrs. Trostle, Mr. and Mrs. J. R. Caldwell, Mr. and Mrs. Ed Meeks, Mr. and Mrs. J. F. Foster, Mr. and Mrs. H. D. Bentley and the host and hostess.

Ernest Foster, Jr., who underwent a major operation the past Wednesday evening is slightly improved. He was operated for apendicitis April 5, only to be stricken with a kidney abscess.

The juniors and seniors went on

a hayride to the Bovina draw the past Friday night, with Mr. and Mrs. Harold Carpenter and Mr. and Mrs. James Roach as chaperones. Mrs. Annie Bradshaw and grandson, Mrs. Morris and son of Farwell visited friends and relatives here Sunday.

BOVINA NEWS

Mrs. Otis White and son, Bobbie and Mrs. R. A. Kelly visited at Earth, Tex., Monday.

Mrs. U. B. Wheeler, Mrs. E. Paul and daughters and Mrs. Bessie Lloyd were Clovis visitors Saturday.

Mr. and Mrs. H. H. Lloyd of Friona visited in Bovina, Saturday.

Mrs. J. D. Wilkerson and son returned Tuesday to Corpus Christi.

Rev. Stumpp and family moved to Bovina, Sunday, from Pleasant Hill. Miss Dixie Paul visited friends in Texico over the weekend.

Mrs. Carol Loflin is on the sick list.

Rev. Edwin Ditto left Saturday for a trip to California.

Mr. and Mrs. W. E. Williams and son and Miss Millie Holden were in Clovis, Friday.

Mrs. O. W. Rhinehart, Mrs. Flossie Rhinehart and Mrs. Murna Hammonds left Tuesday for California.

The road crew moved into Bovina to pave the loop, Spur 86, and continue on paying to Dimmitt.

Cpl. Annie L. Akers returned to camp at Ft. Custer, Mich., Tuesday. S1-c Dean Bates visited in Bovina over the weekend.

HOW TO GROW POTATOES

COLLEGE STATION—The recent general rains lifted the potato crop out of the doldrums of drought. But the experience with dry soil gives J. F. Rosborough, horticulturist for the A & M. Extension Service, opportunity to make some helpful suggestions on what to do here on out. The next two weeks are important in the life of potatoes on the make.

Manufacturing a good potato crop is not an easy job for the plants. From the time the little potatoes show until they mature, the leaves which are really the plants stomach, must be kept on the job. When the soil is too dry the leaves wilt during the day, and a wilted leaf is not digesting plant food. With plenty of plant food and water in the soil the leaves transform the minerals into new potatoes. The cue to making a good potato crop is to watch the leaves. If they wilt that is their way of asking for a drink. If they don't get it it's a safe bet that they will get stinky and make few potatoes.

Past the danger point in growth, the gardener's concern will be with turning the digging and proper curing and storage of the crop. When the leaves turn brown and the plant as a whole has lost its fresh, green color the time to dig is at hand. First, however, take out a few potatoes and test their maturity by pressing with the thumbs. If the skin is tender and breaks and rubs off easily, they are not ready for the bin. Let them remain in the ground another week or so until the skin cannot be broken easily by thumb pressure.

There is one more safeguard Pick up the potatoes as soon as they are dug and place them in the shade. If they are left in the hot sunshine for several hours they are more likely to decay in storage, Rosborough says. After the work and care expended in making a good crop, he adds, it would be a disaster to lose any of it through neglect.

SALT for killing Johnson grass; Fence Posts and Rough Lumber

Henderson Grain & Seed Company

Make Cookers Last By Proper Care

By Graham Hard
Emergency War Food Assistant

Before storing and using your canner, be sure it is clean. Use hot sudsy water for the kettle.

Don't immerse the lid in water; wipe it off with a soapy cloth and then a clean, damp cloth. Dry thoroughly.

Don't use strong soaps on aluminum.

Don't use harsh scouring powders. Remove any stains from aluminum canners with a paste of whiting or other smooth scouring powder and vinegar. If your canner is made of porcelain-enameled steel, use water instead of vinegar.

Don't try to brighten tinned steel canners as you may wear off the tin.

Check for cleanliness openings to the petcock, safety valve and pressure gauge. If openings become clogged and remain so during canning the gauge may not register correct pressures, all air may not be driven out in seven to 10 minutes, or safety valve may fail to work when pressure becomes too high.

Clean openings with a toothpick or other small sharp pointed tool.

Clean petcock and safety valve frequently by wetting string or narrow strip of cloth in vinegar and drawing through these openings.

Occasionally remove petcock and safety valve and soak in vinegar for a short time.

Unscrew ball-and-socket type of safety valve and clean after each use. Occasionally clean with silver polish the ball and the socket into which it fits.

Clean edges of kettle and cover; if necessary scrub with whiting and water. Dried foods, dirt, or scale formed by hard water on either edge may prevent a tight seal and allow steam to leak out.

If your canner has a rubber gasket, keep it clean and free from grease. Some types of gaskets may be turned upside down when they no longer give a perfect seal in the original position. If the rubber shrinks, stretch it carefully between the fingers until it fits the rim. If necessary order a new gasket.

An aluminum or tinned-steel canner may have an odor after being stored. A new metal canner, if used for cooking, may give food a metallic or rusty taste. To get rid of odor or taste, put water in canner to a 1-inch level, a big handful of potato peels, and any racks and pans. Heat for 15 minutes at 15 pounds pressure. Cool. Wash kettle, pans and racks in hot soapy water. Rinse and dry.

Before storing the canner, clean and dry it thoroughly. Leave no food or salt deposits on canner as they will pit aluminum, may impair glaze or porcelain enamel, and may cause tinned steel to rust.

Smear threads of screw locks with a thin film of vaseline or any salt-free oil to prevent rust.

Crumple newspapers inside kettle to absorb moisture and odors.

Wrap cover in paper to keep dust out of gauge and valve openings and to protect cover edges.

The Texas State Historical Association will hold its annual meeting at the University of Texas, April 28-29.

HOUSEWIVES URGED TO SAVE USED FATS

Governor Coke Stevenson last week issued an appeal to Texas housewives to save more used household fats. Texas, he said, was lagging by about 34% in producing its quota of this vital salvage.

All import sources of fats and oils were cut off when the Japanese occupied the Philippines and the Dutch East Indies. This stoppage presented the nation with a crucial problem in the manufacture of explosives, synthetic rubber, military medicines and countless other war-time necessities.

And the problem did not end there. Our allies also needed huge quantities of these fats and millions of pounds have been shipped to them under lend-lease. The United States not only had to become self-sustaining in a commodity which she normally imported but had to become an exporting nation. The conversion was a great one and made possible almost completely through the efforts of the American housewife.

The Governor urged every Texas housewife to save at least one tablespoonful of fat a day and help bring Texas to the top of her production quota.

The Tribune joins the Governor in urging each and every housewife in Texico-Farwell to back this fat salvage drive to the limit. Don't just save one tablespoonful a day but every drop that is not necessary for your own cooking needs. Keep a tin can in your kitchen at all times. Pour your grease in it and when full take it to your butcher.

Chemical Industries Investing In Texas

AUSTIN—Several dozen chemical industries have already invested more than three hundred and fifty million dollars in Texas, according to Elmer H. Johnson, University of Texas Bureau of Business Research industrial analyst.

While many of these are government-financed war plants, most of them have already indicated that they plan to convert to peace-time civilian production after the war, he said.

Products manufactured include synthetic ammonia, ammonia-soda, bromine, superphosphate fertilizer, toluene, styrene, acetylene, butadiene, synthetic rubber, formaldehyde chlorine, caustic soda catalysts, acetic acid acetic anhydride, acetone methanol (synthetic wood alcohol), magnesium, magnesium alloys, hydrogen, various hydrocarbons, alcohol phenothiazine, serum albumen, activated carbon from lignite sodium silicate, glycerin and various ingredients for aviation gasoline.

Many a person used to walk to reduce. Now most of us are reduced to walking.

KEEP ON
Backing the Attack!
WITH WAR BONDS

I was some pest.

I bothered the life out of auto service men after the curtain went down on new cars. I knew I'd be in *some pickle* if this car wouldn't last, so I kept quizzing the fellows. Every man-jack of them had a good motor oil or some other life-saver, if I could judge. By good luck I paid real attention to one chap who had his reasons why to OIL-PLATE this engine with Conoco Nth oil. He said every explosion in your engine makes acids, which corrode bare metal. Sounds straight, eh? But with something synthetic in Conoco Nth oil keeping the metal OIL-PLATED, you'd say the fine finish receives special protection to fight the acids off. When you see you're not needing a trade-in nearly as soon as usual, you can give real credit to OIL-PLATING. New cars will be going some if they're half as far ahead as you can be right now by switching to Conoco Nth oil.

CONOCO **Nth** MOTOR OIL

WHYS OF MALNUTRITION

Three "why's" of malnutrition are (1) "don't know enough," (2) "don't have enough" and (3) "don't care enough," a federal nutrition consultant declared at a recent nutrition meeting at the University of Texas.

are getting an adequate diet," explained Miss Vivian Drenckhahn, Office of Distribution, WFA, Washington. "Since the symptoms are not dramatic it's much more difficult to correct the deficiencies."

Whether the scar will show is entirely up to you, said the doctor to the sweet young thing.

BOOM LASTS 400 YEARS

Discovery of the New World by Columbus back in 1492 started a "boom" that has lasted for 400 years, a University of Texas historian recently declared.

Dr. Walter P. Webb, University research lecturer for 1944, said the New World has served as as "fron-

tier" for the Old World, stamping out medieval traditions and institutions and creating new ones peculiar to "frontier boom" conditions. But the boom is over, the frontier is no more, he asserted, and the world must readjust its sights accordingly.

When you hope you don't intrude, you usually do.

To Our Friends and Customers

In the series of advertisements published in recent weeks, we have acquainted you with the service record and public policy of the Southwestern Public Service Company. We have stated that the Company was originally organized in New Mexico in 1925 and, until acquiring facilities in Texico-Farwell, it served principally the Pecos Valley area of New Mexico and the Central Panhandle area of Texas. We have stated that, although the long period of years following the founding of the Company, our policy has been to furnish the best possible service to the public at rates which were voluntarily and repeatedly reduced.

Our efforts have merited the approval of those we serve. The public response has been generous, as evidence of which, during the past twelve months every incorporated city and town in the Pecos Valley of New Mexico—six in all—granted the Company new long-term franchises under which it can continue to plan on a long term basis and preserve its service policies. In the Texas Central Panhandle area also, franchise renewals have been granted in each city where expiration dates were near. In not a single case, has a renewal ever been refused.

The extension of our permits to serve all these cities and towns was based upon the public acceptance of the Company and its policy of operation. We now bring this policy to the people of Texico-Farwell, and we are confident that you will find it genuinely in the public interest in the years to come.

Regarding Delivery Service

Due to shortage of help and restrictions we are compelled to make. Please keep in our delivery service, which will become effective on Manday, May 29th.

On and after that date we will make deliveries in Texico and Farwell only three days each week—on Tuesdays, Thursdays and Saturdays.

We regret that this announcement becomes necessary, but it is a move that we are compelled to make. Please keep these days in mind and anticipate your needs well enough in advance not to be inconvenienced by the delivery service.

THANK YOU

Farmers Supply Co.
Texico-Farwell

MAY GARDEN PLANTINGS

COLLEGE STATION — Spaces are appearing in the rows of early planted gardens and gardeners are giving thought to suitable selections for replanting. With the idea of simplifying this problem, J. F. Rosborough, horticulturist for the Extension Service, suggests setting out or planting peppers, okra or late tomatoes in the skips in cabbage rows.

Summer tomatoes can be planted directly in the row, sowing three to four seed per foot. When six to eight inches high thin the plants to one about every three feet. Porter, Bison, Denmark or Cherry are the best hot weather tomato varieties. The plants should not be pruned or staked because the foliage is needed to protect fruit from hot sunshine.

Late roasting ear corn can be planted between the row of potatoes which are about to mature. If desired late green beans, or blackeyed, cream or purple hull peas may be planted in the space after potatoes are dug.

Reminding that recent rains made an ideal season for setting sweet potato slips, Rosborough recommends rows three and one half feet apart and bedded nine inches high in loose, well prepared soil as best adapted to Texas. Where commercial fertilizer can be used, 300 to 600 pounds an acre of 5-10-5 or 4-8-8 will increase yield and improve quality. For smaller plantings, five pounds per 100 feet of row space is the right proportion. Slips should be planted 14 to 16 inches apart.

The best sweet potato slips are six inches long. Where disease and insects are troublesome slips should be allowed to grow 10 inches high, then cut above the surface of the soil. With plenty of moisture vine cuttings will live equally well as slips and produce high yields. Rosborough quotes Experiment Station records that slips set in May will yield approximately one third more than those set in June or early July. A planting of 100 feet of row space properly fertilized and cultivated should yield about 150 pounds of sweet potatoes.

College Bred: The flower of youth added to the dough of old age.

Enlist State's 4-H'ers To Save Soil on Farms

A new 4-H contest which will enlist the membership in protecting American farm lands from further disastrous losses of fertile soil, has just been incorporated in the club's program. Named the "National 4-H Soil Conservation Contest" one of its chief objectives is to prevent wastage and deterioration by practicing approved methods of protection and conservation.

Practically all states have accepted the contest, which is approved by Federal and State Extension Services and Soil Conservation Service. Field workers of these services will be available to help 4-H'ers make the activity a potent factor in saving soil and improving farms.

As incentive to participants, special awards for outstanding 4-H records of achievement in the activity are provided by The Firestone Tire & Rubber Co. These comprise gold-plated medals for county winners \$50 war bonds for the six highest ranking participants in the state, all-expense trips to the National 4-H Club Congress in Chicago next December for 16 sectional winners, and from the latter, eight will be chosen to receive \$200 college scholarships.

Statewide Conference For Grammar Schools

AUSTIN—Attention will be concentrated on elementary schools at a 3-day statewide conference at the University of Texas, June 13-15, to be followed immediately by a 6-weeks' laboratory demonstration course in the same field.

The conference will have the joint sponsorship of the Texas State Department of Education and the Elementary School Principals and Supervisors Association.

Augmenting the University staff members—Dr. H. J. Otto, professor in elementary education, and Miss Hazel Floyd—in charge of the six weeks course, will be several specialists from other University departments and from the various state and local health welfare and educational agencies.

Santa Fe Continues Education Aid to FFA

The plan of President E. J. Engel of the Santa Fe Railway System to continue its educational aid to the young Future Farmers of America today received widespread commendation from agricultural representatives in Colorado, New Mexico and Texas.

In responding to the announcement, Frank E. Wimberley, state supervisor of agricultural education for New Mexico said:

"It is gratifying that the Santa Fe is making the educational awards again this year. The spirit and morale of these young farm boys has been shown so remarkably this year that as state advisor of the FFA Association I have made a special report on it. The offer of the Santa Fe is quite helpful at this time in maintaining FFA morale and in maintaining an organization which will be more useful after the war than before."

Six of the New Mexico State FFA officers have entered military service but Supervisor Wimberley advises that there are enough boys holding State Farmer degrees to provide a complete set of acting State officers.

Dehydrated foods—milk, eggs, cereals, cheese fruits, vegetables, soups and desserts—are being produced at 160 factories in the United States, though practically all their output is now going to the armed forces.

WE REPAIR SHOES

Keep your shoes in good repair by bringing them to us regularly.

Fair Prices—Prompt Service
Electric Shoe Shop
Next Door to Texico Postoffice

No patriotic American needs to be reminded that, in the Nation's interest and in his own, he must save his car.

He knows that no new cars have been made for more than two years . . . that the average car is now seven years old . . . that one out of every four cars now in use is ten years old or older!

Plainly, every single car must be kept rolling, because in a total war, every car and truck is a weapon of war.

To coax every last bit of usefulness from the aging engine, chassis, and tires of your car, you must have efficient maintenance service . . . the kind of distinguished service available at your Phillips 66 Service Station.

Phillips Tire-Saving Service includes checking

air pressures at least once a week . . . inspecting for nail holes, cuts and bruises . . . examination of tire carcass to warn you when re-capping is advisable and still possible . . . and crisscrossing with the spare every 3,000 miles.

Phillips Car-Saving Service includes inspection of battery, air filter, and cooling system . . . regular lubrication of every friction point specified by the maker of your car . . . and seasonal or recommended every-sixty-day oil change.

Remember, it is your car, but it is America's mileage which you are guarding, when you drive in for Phillips wartime Car-Saving and Tire-Saving Service at the Orange and Black 66 Shield . . . the sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil.

NEW BAKING PROCEDURE

COLLEGE STATION — Recent mixing and baking tests have shown that most homemakers need to change their order of procedure in making cakes and cookies. Vanilla and other extracts will give a more even and lasting flavor if they are added to the fat when it is being creamed. Ordinarily recipes direct that the vanilla be added last to a batter.

Hazel Phipps, specialist in food

preparation, says these recent studies show that fats combine with and retain better than other ingredients the essential oils known as "flavoring" or "extract".

IMPORTED GRASS SELLS SELF

COLLEGE STATION—Centipede grass, imported from South China, has won favor with Mrs. Vernon Brundige, Willamson County yard demonstrator.

She recently told that this grass

is solving all her lawn difficulties. It grows in the shade or the sun. It needs no mowing, no artificial watering when mature, stays green in winter and can withstand temperatures down to 5 degrees F. Centipede grass can be killed with one hoeing or plowing.

If a buttercup is yellow, I suppose a hiccup is purple.

'Twas never said of a joke that the good die young.

Announcement

We use this means of announcing to the people of Bovina and surrounding trade territory that we have succeeded O. W. Rhinehart as representative of the Phillips Petroleum Company at Bovina.

We have taken over both the bulk plant and the retail station, formerly operated in Bovina by Mr. Rhinehart and will continue to serve you in the same efficient and courteous manner.

We are prepared to make farm deliveries of Phillips products to any farm in the Bovina trade territory and will do our very best to give you prompt service.

We shall appreciate a continuance of your valued business and will strive to merit it in every way.

PAMPER Your Car!

And it will serve you well, perhaps until you can buy a new one. The best way to prevent serious trouble is to do it before it is too late. Let us help you keep it rolling by correcting minor ailments, before they become serious.

KARL'S AUTO CLINIC

We Pause to Say . . . THANKS!

In severing our connections with the Phillips Petroleum Company at Bovina, where we have served as wholesale and retail representative for the past nine years, we want to pause long enough to express our sincere thanks to our many friends and customers who have been so wonderfully loyal to us during our connections with the Phillips Company.

Our business associations have been most cordial, and we owe a debt of gratitude to our many friends for the success we have experienced. It is through your loyalty and co-operation that we look back with satisfaction for the measure of success we have attained.

We believe we are turning the business over to good hands and we bespeak for our successor a continuation of that friendly co-operation on your part we have enjoyed during the past nine years.

We shall continue to remain as residents of Bovina, devoting our time to our farming interests among the people we have learned to appreciate and admire.

Local Happenings

Mrs. Sam Rundell Is Hostess To Club

Mrs. Sam Rundell was hostess to the Texico-Farwell Woman's Club, Tuesday evening, in her home east of Farwell.

Mrs. Earl Booth was program chairman, and in commemoration of coming flag day read "Prayer for Flag Day" by Charles Benet. The guest speaker of the evening was Rev. Paul H. Tripp, who reviewed "War and Children", a recent book written by Anna Freud and Dorothy Buringham.

In the business session, hostesses for the next three months were announced as follows: June 27, Mrs. Earl Booth, program chairman, Mrs. Johnnie Williams; July 25, Mrs. D. K. Roberts, program chairman, Mrs. W. H. Graham; August 29, Mrs. Claude Rose, program chairman, Mrs. Ellis M. Mills.

Guests present were Mmes. Boone Allison, S. E. Moris and Bigham. Members included Mmes. Claude Rose, D. K. Roberts, Clyde Magness, Garlon Harper, W. B. LeVeque, I. E. Booth, Earl Booth, Mose Glasscock, Roy Bobst, W. H. Graham.

Farwell Party Given For Two Local Boys

A surprise farewell party honoring Billy Bob Dace, who left Thursday for the Navy, and Eugene Bowers who departed on Tuesday for the Army, was given by Delores Green at her home in Texico last Wednesday evening.

At the conclusion of games, refreshments were served to Bob Dace, Eugene Bowers, Gene Burgess, Bill White, Jim Bob Roop, Kenneth Lee Jacks, Betty Flye, Peggy Caliouet, George and Jerry Paul, Carl Miller, Vera Lee Morgan, Harriet Baker, Clifton McDonald, James Orval Francis, Ina V. Haynes, Minnie and Frances Smotherman, Beverly Brown, and the hostess.

Young Adult Class Enjoys Outing

Members of the Young Adult Class of the local Church of Christ enjoyed a picnic at Hillcrest Park in Clovis, last Wednesday evening, with Noble Goldsmith contributing chickens for a chicken fry.

Attending the social were Mr. and Mrs. Monte Hamilton, Mr. and Mrs. Rip Snodgrass, Mr. and Mrs. J. W. Goldsmith, Mr. and Mrs. Joe Crume and son, Mr. and Mrs. J. D. Thomas, Mr. and Mrs. Noble Goldsmith, Mrs. L. C. Cox and daughter, Mrs. Lee Bradshaw and Miss Berthamae Thomas, members, and guests Mrs. Walter Moeller of Muleshoe, Mrs. Hamilton Williams and daughter, of Clovis, and Mrs. Hazel Atchley and son.

Speaks at Clovis

W. C. Wright, local Baptist pastor, supplied the pulpit of Central Baptist Church, Clovis, at the morning hour, Sunday, Dr. A. L. Aulick, pastor, was absent to attend the meeting of Southern Baptist Convention in Atlanta, Ga.

Walther League Zone Rally Held Sunday

The annual Panhandle Walther League Rally was held Sunday in the grade school building, in Friona, with the Rhea Walther League acting as hosts. The entire Panhandle was represented, with 179 registering.

Professor G. A. Kuhlmann of St. John's College, Winfield, Kansas, opened the morning service with a very inspirational address to the assembly. At the noon hour the Ladies Aid of Rhea served lunch.

Early in the afternoon the group assembled for the annual business meeting, following which the league members in service were honored with silent prayer. A social was held in the grade gymnasium in the evening, with awards going to winners in the talent quest. A report was also given of the number of boys in service from Walther Leagues of the Panhandle, and the activities closed with a short devotional service.

The rally in 1945 will be held at Amarillo.

Attendees from the Lariat group were Gilbert Kaltwasser, Berniece Schwede, Reuben Meissner, Velma Kube, Wilbert Kalbas, Lillymae Kaltwasser, Fred Ramm, Rudolph Kube, Raymond Evans and Miss Eunice McCormick, of Clovis.

Barbara Foster Named 4-H Sweetheart

Miss Barbara Foster was named "Sweetheart of the 4-H Club" last Wednesday night, when clubbers of the county held a box supper and contest at the Oklahoma Lane school house.

The race was exceedingly close between Miss Foster and Miss Louise Donaldson, with tabulated votes showing that Miss Foster won the honor by some 60 ballots.

Proceeds of the box supper go into a special fund for a movie of 4-H club work, being made in the county, Agent Garlon A. Harper said, with some \$130 raised at the affair.

Pupils of Mrs. Smith To Give Program

Expression students of Mrs. A. D. Smith, of Farwell, will present a recital in the auditorium of the Farwell school this (Wednesday) evening, at 9 o'clock.

A short playlet will be given at the opening of the program, and musical numbers will be played by Peggy and Jean Rogers. Students to appear include John White, Don and Mariella Doose, Donald Joe Pipkin, Marcia Foster, Jimmy Wagon, Rita Rundell, Claude Rose, Jr., Eva Ann Paul, Lavoyda Billington, Sonja North, Doris Marie Gober, Betty Jo Fowler, Margaret Allred, Treva Spurlin, Bobbie Jo Hammonds, Gloria Kepley, Janice Heild, Betty Smart, Mary Belle and Nancy Aldridge, Jesse Coburn, and Ann Whitely.

The public is cordially invited to attend.

Buy a bond every payday!

NEWS FROM OUR BOYS IN CAMPS

McDANIEL IN NEVADA

Cpl. Herbert McDaniel writes his father, W. S. McDaniel, that he is now located in Tonopah, Nevada, "elevation some 6,000 feet, and too much snow and cold weather." McDaniel was moved to Nevada from Fresno, California.

MOVED TO HOUSTON

First Lieutenant and Mrs. Jimmie McElroy were here the last of the week visiting his parents, Mr. and Mrs. F. W. McElroy, and her sister and family, Mr. and Mrs. LeRoy Faville. Lt. McElroy has been transferred from Monroe, La, to Ellington Field, at Houston.

IS FIRST LOOBY

Buster Crume writes from England, "I've heard when your hair turns silver your bar does, too . . . so I got my first lieutenant rating recently". Lt. Crume, serving with the Army engineers, has been in England since last August. He is the son of C. E. Crume.

BELL IS PROMOTED

Joe Bell, of the Pleasant Hill community, reports that his son, Forrest, serving "somewhere in the Pacific" with the Navy, has recently been made a Lieutenant (jg).

PICTURE ON "YANK"

Pres Abbott, of Bovina, is proudly exhibiting a recent issue of "Yank" magazine, the front cover of which is devoted to a picture of his son, Chaplain John Benjamin Abbott, who is serving overseas.

The picture shows Chaplain Abbott conducting services from a jeep, and was taken presumably in Australia or New Guinea.

GEE IN INFANTRY

CAMP WOLTERS, Tex.—Pvt. Leonard Martin Gee, son of Mr. and Mrs. Harry Gee of Bovina, has arrived at this infantry replacement training center to begin his basic training as an infantryman.

Scavenger Hunt Held Monday Evening

Betty Jo Fowler entertained a number of young friends, Monday evening, when she staged a scavenger hunt.

Present at the affair were Talma and Tommie Randol, Leon Magness, Jetonne Morris, Barbara Bobst, Max and Maxine Ford, Billie Marie Utman, Junior Robertson, JeDon Porter, Donald Summers, Martell LeVeque, Bobby Hart and Gerald McDaniel.

Mills On Vacation

Mr. and Mrs. Ellis M. Mills and family left the last of the week for Bowie and other Texas points, to visit relatives and friends. Mr. Mills is slated to attend a special meeting of AAA workers in College Station before his return home. They plan to be gone about two weeks.

Attend Melrose Clinic

Local workers of the Baptist Church attending the daily vacation Bible school clinic at Melrose, Monday were: Mrs. Owen Ford and Mrs. Clyde Magness, who led the intermediate conference; Mrs. S. G. Billington Mrs. Evelyn Ford, Mrs. Hugh Tucker and Rev. W. C. Wright. Plans were completed at the clinic to promote such schools in every community in Clovis territory.

Called to Las Vegas

Mrs. J. H. Ross left here the past Friday for Las Vegas, where she was called by sudden illness of her son, Jim. No report on his condition was available as The Tribune went to press.

To Raton

Mr. and Mrs. B. N. Graham and son, Muggins, visited the first of the week in Raton, New Mexico, and were accompanied on their return by Miss Eunice Graham, who is a teacher in the Raton schools.

Services Tonight

The Book of Hafakkuk will be the Bible study for Wednesday evening prayer service tonight at the Baptist Church. All are invited to attend these mid-week services.

Poppy Funds Go For Welfare, Rehabilitation

"Every penny from poppies that will be sold on the streets of this and thousands of other towns, villages and cities in the country is contributed to the welfare and rehabilitation work of The American Legion and Auxiliary," Mable Newberry, president of the Auxiliary Unit in Parmer county, said today. "Because this work is being done by volunteers the money goes a long way."

"Many people have wondered what will become of the money collected by the volunteer workers on this Saturday, May 27," she continued. "I wish everyone could see what help this money brings to the disabled and their families. Children left fatherless by two world wars are the special concern of the Legion and Auxiliary. Their needs are often great. We try to give them comfort both for the body and the mind."

"We hope that this year more and more people will buy the poppies from the volunteer workers," Mrs. Newberry said, in reminding that Saturday of this week is Poppy Day.

The Parmer Legion and Auxiliary will hold its Memorial Day program at Friona in the school building, Sunday afternoon at 3 o'clock.

RATION CALENDAR

Sugar: Stamps Nos. 30 and 31, Book 4, good for 5 lbs. indefinitely. Stamp No. 40, Book 4, good for 5 lbs. sugar for home canning.

Processed foods: Book 4, blue stamps A8 through Q8, good for 10 points each, valid indefinitely. Shoes: Book 3, stamps 1 and 2 with airplane pictures, good for one pair each, indefinitely.

Gas: A coupons 3 gal. each, No. 11 expires June 1. B-2, B-3, B-4 and C-2 and C-3 coupons, 5 gals. each. R, 5 gal (valid for bulk delivery only); red T designated "second quarter", 5 gals.; D 1 1/2 gals.; E 1 gal.

Rev and Mrs. Paul H. Tripp were visitors in Bovina, the past Friday.

Dressed Poultry Price Is Dropped For June

A 2.2c per pound increase in the price of live and dressed poultry allowed for the month of May by OPA will be reduced to 1c for the month of June, J. B. Mooney, price executive of the Lubbock district office, said today.

Designed to provide better distribution of poultry throughout the year and to permit the surplus crop to be carried into distribution in the period of short supply, the new price schedule went into effect April 21.

After June, no more premiums will be paid until January, 1945.

Mrs. Ruth Joss left Tuesday for Albuquerque, where she will spend the summer.

Mr. and Mrs. Aubrey Sprawls and daughter, Darlene, have gone to Hot Springs, N. M., for a brief vacation.

Mr. and Mrs. Jim Hughes and family left last week for Ardmore and other points in Oklahoma, planning to visit relatives until the last of the month.

Mr. and Mrs. C. M. Williams, of Amarillo, have visited with Mr. and Mrs. B. E. Nobles, the past weekend. They were enroute to Fort Sumner to visit their daughter.

Mr. and Mrs. John Noble and family have gone to Holdenville, Oklahoma, to visit with relatives.

Mr. and Mrs. T. E. Levy returned home the first of the week from Hot Springs, N. M., where they had spent a couple of weeks taking the baths.

Mrs. S. C. Smith, mother of Mrs. O. C. Sikes, has gone to Wichita Falls to spend a few days visiting with her sister.

SUN GLASSES

Warning

Residents of Texico and Farwell are advised that the electric power will be off all day Sunday, May 28, from 6 a. m. until 6 p. m., while necessary repairs are being made on the high tension line just east of the Twin Cities.

An effort will be made to restore service for two hours at the noon hour, but no definite assurance to that end is promised.

Water users are cautioned to use no water for irrigation purposes, and Mr. John Porter advises that his zero locker plant will not be allowed to be opened during the day.

We trust our patrons will bear with us in any inconvenience this interruption may cause in the interest of better service in the future.

Southwestern PUBLIC SERVICE Company

Daily Vacation Bible School

WHAT IS IT?

Bible study, missionary instruction, citizenship, worship, music, recreation, handiwork. No invitation to join any church will be given during school. Opportunity to confess personal faith in Christ will be offered older groups.

WHERE IS IT?

TEXICO-FARWELL BAPTIST CHURCH.

WHO IS GOING?

Each boy and girl in communities including surrounding territory, 4 to 17 years of age. (This is conditional as room will allow. When room space is filled no new pupils can be registered in school. Any and all of above ages may come so long as space in class rooms is available.)

WHEN IS IT?

Preparation and parade day Friday, May 26, 3 p. m. (Texas time) Assemble at church for registration, parade instructions, refreshments. School proper begins Monday, May 29, continues through June 9. Five days each week—hours 3 to 6 p. m. CWT. Thursday, June 8, picnic for school at park, 5:30 p. m. Friday, June 9, commencement at church 9 p. m. School is free to each pupil. Sponsored by Texico-Farwell Baptist Church.

Price Surveys Being Made by OPA Panels

Following up the grocery store and restaurant price surveys made recently by price panels of local boards throughout the district, this week the price panels are making a service survey, which will be a check on prices charged by automotive repairs establishments, laundry and dry cleaning establishments, appliance repair shops, and shoe repair shops. This announcement came from the district office of OPA in Lubbock.

These surveys are in line with the continuous program of the price panels to bring prices in line with legal ceilings. Laundry, dry cleaning and shoe repair establishments will be surveyed from May 22-29; automotive and appliance repair shops from May 29-June 3.

Contest Pigs Arrive For Farmer Clubbers

Participants in a Sears-Roebuck contest received registered Chester White gilts, the past week and the production contest is now officially underway, County Agent Garlon A. Harper reports.

The boys will enter their animals in a county show in the fall, followed by a district exhibit in Amarillo. Winner of the county show will receive a registered dairy heifer.

A registered boar was also left for service, at the farm of W. M. Donaldson. Boys in the contest at Donaldson, C. L. Calaway, Jr., A. V. Warren, Merrill Glenn Rundell, Donald Christian, Scotty Gober, Leonard Watkins and Wendol Christian.

Tribune job printing is best.

Our boys must keep on fighting—we must keep on buying WAR BONDS until victory is won. Keep on BACKING THE ATTACK.

Jones Reviews Food Situation For Nation

COLLEGE STATION—Producers and consumers should not be lulled into a feeling of security by the current favorable situation regarding food, cautions War Food Administrator Marvin Jones in a recent statement received by the Extension Service. A food supply is temporary and must be replenished constantly, he points out.

Just now there is no serious shortage of any kind of food. Eggs and potatoes are more abundant than consumption capacity, and the production achievements of farmers and livestockmen has made it possible to suspend point rationing temporarily on all meat except beef steak and roasts, along with many other food items. Milk, however, is not as plentiful as many other food staples.

"Because we have plenty now it does not necessarily follow that we will have plenty later," Judge Jones says. "Too many persons are prone to take a food supply for granted. It will be even harder to meet our needs this year than it was last."

Citing the tax on American food supplies, the administrator says that WFA at present is buying for war needs 25 to 35 million pounds of pork weekly and 40 percent of the major cuts of beef are being set aside for the armed forces.

Among his reason for prophesying greater difficulty in meeting this year's food needs, the WFA head recalls the delay in spring plantings due to unfavorable weather, fewer young men available for the hard work on the farms and deterioration of farm machinery.

Despite the greatly increased feed production and imports of all the feed which transportation facilities would permit, he continues, there still is not enough feed to supply the present livestock population. It will be necessary to adjust livestock and poultry numbers to the available feed supplies. This will necessitate marketing through the year a greater number of cattle, hogs and poultry, and culling dairy herds, thereby leaving more feed for the better producers.

From the Texas viewpoint, maximum production of farms and gardens, conservation of home products and rigid avoidance of waste are the most effective contributions to easing the difficulties ahead.

Inspection Records Must Be Retained

Removal of tire inspections has led many to believe that tire inspection records may be discarded, with the result that many local boards are having applications for new inspection records, according to OPA.

Tire inspection records must be kept, for a motorist making application for a tire replacement or for gasoline rations must present the record, officials emphasized today.

SORGHUM PRICE SET

Price officials of the Lubbock Office of Price Administration have announced a ruling which provides that the on-track f.o.b. any Texas common point where sorghum grains are produced shall be \$2.08 cwt.

Delivered prices are to be figured by adding cost of transportation to destination, plus the normal mark-up allowed.

SANTA FE CARLOADINGS

The Santa Fe System carloadings for week ending May 20 were 22,573 compared with 21,374 for same week in 1943. Cars received from connections totaled 12,126 compared with 12,349 for same week in 1943. Total cars moved were 34,699 compared with 33,813 for same week in 1943. Santa Fe handled total of 26,054 cars in the preceding week of this year.

A fashion expert claims a girl can dress in 45 seconds, which should give married men a laugh.

Local Gardens Hint Good Vegetable Crop

Spurred on by recent rains—along with the unflagging efforts of the gardeners themselves—local victory gardens are beginning to show promise of abundant summer vegetables.

Beans of all sorts, along with peas, cucumbers and potatoes are up to good stands while some early planters are already picking for table consumption onions, leaf lettuce and radishes.

Several asparagus beds around town have been bearing generously recently, and even the strawberry plants seem to have withstood the high winds of the past month, with a few of them showing white blossoms.

Beets have suffered a good deal at the feeding of sparrows, who seem to go for the tiny red sprigs when they come up, but the birds apparently have left most other vegetables to grow in peace. A few cantaloupe plants are reported "coming along", although several gardeners admit that first plantings are not coming through as hoped. Tomato plants have been set out in great numbers during the past few days, as have been pepper and cabbage plants.

Now, if gardeners can just stop the insect ravages, keep plenty of water on the plants, and manage to be missed by summer hail flurries, local people will have more than their share of fresh vegetables in the next few weeks.

Dairy Feed Payment Rates Announced

The WFA has announced, conditioned upon congressional provisions for administrative expense, the following rates for dairy production payment in Texas:

May 1 through August 31, 45c per hundredweight on milk, 6c lb. on butterfat; September 1 through March 31, 1945, 70c hundredweight on milk, 10c lb. on butterfat.

Producers are advised to maintain records of production and sales but no payments are to be made until county office are advised to begin. No announcement has yet been issued regarding the number of months' production that will be included in each payment.

Busy men have too much on their hands to be handling people with gloves.

FORD PRODUCE

HOW LONG CAN WE 'Live at Home' in Iowa?

Iowa and other Corn Belt States during the past winter shipped thousands of bushels of soybeans to this part of Texas and New Mexico to supply protein feed so badly needed by our livestock.

Thanks to these distant States, our critical feed situation in this area was partly relieved THIS YEAR.

BUT THE LIVESTOCK INDUSTRY GROWS WHERE THE FEED GROWS. This region of Texas and New Mexico can maintain its leadership only if it produces at home the feed the livestock must have.

COTTON is our "surest", cheapest source of protein feed... the Cottonseed Meal and Cake which have played so important a part in building our livestock industry, without which this region cannot prosper.

MORE COTTON PRODUCTION IN 1944 IS THE ONLY SURE WAY TO MAINTAIN OUR LIVESTOCK PRODUCTION!

We have definite assurance that we will have cotton harvesters when the cotton is ready to harvest next fall!
