

PRESIDENT TRUMAN OKAYS FOOT AND MOUTH DISEASE BILL—Of great interest to Texas was the bill signed by the President authorizing the Secretary of Agriculture to cooperate with Mexico in combating foot and mouth disease. Looking on at the White House ceremony are from left: Rep. George Gillie (R-Ind); Rep. Ernest Bramlett (R-Calif); Rep. Eugene Worley (D-Texas); Sen. Arthur Capper (R-Kan); Sen. Edward Thye (R-Minn) (behind Capper); Sen. Clyde Hoey (D-NC); Sen. James Kem (R-Mo). A Texan, Congressman Eugene Worley of the Panhandle District, was a member of the Subcommittee which sponsored the legislation.

WATER USERS TO FIGHT

BULLETIN!!

The following telegram was received Wednesday morning from Representative I. B. Holt in Austin, Texas: "Water Control Bill No. 606. Killed Last Night." Signed: I. B. Holt.

A meeting of directors of the High Plains Water Users and Conservation Association was held in Plainview Wednesday of last week to map battle plans for a show-down fight against the new Irrigation Control bill recently dumped in the Legislative hopper in Austin.

W. O. Fortenberry, president of the association, called the special session to acquaint members with the provisions of the new bill, and called for a finish fight against the bill.

House Bill 606, introduced in the Texas House of Representatives by Rep. Jameson of El Paso, purports cut-right State control of all underground irrigation waters in Texas.

The new bill was drafted by J. G. Dennis and Frank B. Clayton of El Paso, and introduced in the House by the El Paso representative. It vests control of all irrigation in Texas in the State Board of Water Engineers, and provides for drastic restrictions on the use of irrigation water and the drilling of wells, setting up heavy penalties for violations.

A similar bill, introduced in the Legislature by the representative from the Winter Garden district of South Texas shortly after the opening of the session in January, was killed early this month in committee after the High Plains Water Users, joined by other farmers organizations, had lodged a powerful protest.

The new bill was explained before the Plainview meeting last week by Captain Winfield Holbrook of Plainview. Holbrook pointed out that the new bill is probably worse than the first, since it proposes outright state control.

The bill is expected to go to the State Affairs committee, where its predecessor, House Bill 80, met an early end last month when it was shunted into sub committee after a public hearing at which Plains irrigation interests were represented.

A public hearing on House bill 606 is slated in the State Affairs committee for April 1.

President Fortenberry called on the High Plains association to make another all-out fight against control regulation when the new bill comes up in committee hearing, with the hope of killing this bill as well in committee before it ever reaches the floor of the House.

Plains legislators, including Senator Grady Hazelwood, of Amarillo; Senator Parrish of Lubbock, and Representatives Blake Timmons, I. B. (Doc) Holt, and Smith from the High Plains district are pledged to fight any control bill which may be introduced at this session of the Legislature.

Car Brakes Failed; Bank Corner Rammed

A group of Clovis young boys, returning from a rabbit hunt last Sunday afternoon, decided to take on a refreshment course at Fox Drug Store, and pulled in front of the Security State Bank.

Clayton White of Clovis, who was at the wheel, said that the brakes failed to hold and the car mounted the low curbing and rammed into the bank building. A large section of brick in the wall of the bank building were knocked loose and a large hole was shoved through the wall.

No one was hurt and the car was undamaged, but the cost of repairing the bank building was no small item.

Work On Vets Building Here Meeting Delays

Actual construction work on the new Legion Hall to be erected in Farwell is being delayed "by first one thing then another," Sterlyn Billington, member of the building committee, reported today.

He said, however, that obstacles are slowly being overcome and starting of the construction work should be only a matter of a few days now.

A carload of cement, to be used in the new building, has arrived and has been placed in storage. Billington expressed the belief that when all details were finally ironed out, the erection of the building would be speeded up.

DeMolay Chapter Is Organized Monday

Dairy Show April 12-18

The 20th Annual Panhandle-Plains Dairy Show will be held in Plainview, April 12th through the 18th, announced Ollie Liner, County Agent of Parmer County.

Any farmer or 4-H Club boy may enter the show through the proper procedure, up until April 8th, at which time the entrance date closes.

Anyone who enters the show, must know the name and age of the animal entered, registration number and name of both dam and sire.

Those who wish assistance in filling out the entrance forms, may come by the county agent's office or may secure a form, fill it out and mail it to the manager of the Panhandle Dairy Show, at Plainview. Copies of applications for registration will be accepted in lieu of the junior and sub-junior calves.

County Agent Liner will be assistant manager of the show.

Draft Board Holds Final Meeting

The Parmer County Selective Service Board held what is considered to be its final meeting on Monday of this week and proceeded to classify and turn attention also to the liquidation of the local office.

In the absence of definite information on the liquidation program, Mrs. Bessie Lee Henneman, clerk, said that she was making preparations to "close shop" here upon receipt of definite information to that end. She said that all records of the local office will be shipped to some central office in the state, and she expressed the opinion this would be in Austin. However, definite information on this score is still lacking.

All draft boards, she said, have been instructed to "stand by" until further instructions, none of them having been terminated definitely as yet. No more registrations will be required and no more classifications will be given, she added.

Information is lacking here as to the disposition of the office equipment, but the belief was expressed that all of it would be shipped out or sold locally to the highest bidder.

Although Selective Service regulations are no longer in effect, indications are that local board clerks will be retained on their jobs for some time yet carrying out the liquidation orders, most of which are yet to be received.

In its final meeting Monday, the local board announced the following classifications:

New Registrants:
Weldon Eugene Rundell, Thomas Lee Hollis, Herbert Maynard Jenkins, Odas Daniel Spitzer, Richard Glenn Perkins, Max Wann Ford, Billy James Moore, G. A. Collier, Jr., Everette Eugene Horner.

I-C Deceased:
James R. Caldwell, Jr., James B. Harrellson, Virgil H. Weis, Nathaniel E. Taylor, Claude I. Gober, Roy E. Hughes, William J. Palmer.

IV-A:
Lee C. Adams, Leonard F. Greene, Wayne W. Buford, Robert R. Calaway.

I-C Discharged:
Barney F. Woods, Ples L. New, William J. Skulley, Benny W. Mann, Everett L. Gee.

I-C Enlisted:
Ollie L. Stokes.

Bovina Baptist Plan Revival April 6-13

Rev. Bruce Giles, pastor, will do the preaching for a revival meeting at the First Baptist Church in Bovina, beginning Sunday, April 6 and continuing through the following Sunday.

Services will be held twice daily, at 10 a. m. and 7:30 p. m., and the public is cordially invited to attend any and all the services.

Rev. Giles reports that rapid progress is being made on the new church building, with work on the educational annex getting underway a few days ago. On behalf of the congregation, the pastor expresses his appreciation for the contributions made toward the new building.

Time To Renew

Some 70 statements were mailed last week to subscribers whose subscription to The State Line Tribune expired during the month of March. To date most of these subscribers have sent in their renewals, but some are still out. It has been a long standing policy of this newspaper to discontinue sending the paper after the subscriber was notified of his expiration. This policy will still follow.

Lay Plans For Large Crowd Visitors Here

Rev. Harvey Carrell, working with the entertainment committee of the Methodist church, is laying plans for the entertainment of a large number of visitors in Texico-Farwell when the District Conference of the Methodist Church convenes here Tuesday afternoon for a two-day session.

At least two hundred delegates and visitors are expected to be in attendance for the Conference. A large number of these visitors will be from distant towns and will remain overnight here Tuesday. Accommodations for such visitors are being sought by the host church. Announcement was made today that the people of Texico-Farwell are cooperating splendidly and sufficient homes are expected to be at the disposal of the guests for the night.

The Conference program will get underway at 2 p. m. Tuesday. Bishop W. Angie Smith will preach at 8 p. m. Tuesday. Business matters will occupy the Conference Wednesday morning, concluding with a sermon by Bishop Smith at 11:30.

Oklahoma Lane Senior 4-H Club Organizes

The Oklahoma Lane Senior 4H Club held its first meeting February 19th and began work of organizing and making plans for the future by electing officers and setting up a program.

The second meeting was held on March 17th with all the members present and it was decided that the Club would take up the study of judging dairy cattle. Record books were received for their demonstration work.

The next regular meeting will be held April 21st.

Former Resident Visits Here

Pfc. Raymond Brand, a former resident of this community, paid a short visit to friends in this vicinity last Saturday afternoon while on a 12-day leave. He is staying with his parents in Portales until his leave expires, and from there will go to New York to embark for Germany with the U. S. Army of Occupation. Pfc. Brand has been in the Army Air Forces for a period of 10 months, receiving his basic training in California.

Legislators Oppose Horse Racing Bill

The Parmer County representatives in the Texas Legislature are strongly opposed to the horse-racing bill, now pending before the Texas Legislature, and have so expressed themselves in letters, written in response to a petition signed by a number of Farwell citizens, are being published so that the people of this county may know how our representatives stand on the proposed bill.

The first communication from Senator Grady Hazelwood, reads: "Gentlemen:

"Thank you very much for your petition expressing your opposition to legalized gambling on horse racing.

"I have had every occasion to observe the effect of pari-mutuel betting when we were having horse racing in Amarillo. I had a number of merchants say that they were never able to collect monthly accounts as long as races were going on and some months after. I know of no more demoralizing evil or influence.

"I shall oppose this bill or any other measure that has for its purpose the legalizing of gambling in any form.

"You are probably aware of the fact that this has been my position ever since I have been a member of the Senate and for many years before. I cannot believe that any legislation of this kind could ever pass either branch of the legislature, but I feel most confident that it could never get started in the Senate. In fact I do not believe that any kind of legislation such as this could get out of the committee in the Senate. It does seem however, that it got the best start in the House at this session than at any session in many years.

"Please rest assured that I shall do everything within my power to defeat any legislation of this type.

"I am addressing my reply to five of the signers of the petition and kindly ask that they convey the foregoing information to the other signers of the petition.

"Sincerely,
"Grady Hazelwood".

And Representative I. B. Holt expresses his opposition in these words:

"I would like to convey through the columns of your newspaper my appreciation for a petition bearing the signatures of a great number of the people of Farwell and the surrounding community, which petition urged my opposition to a bill pending in the present Legislature. May I assure the signers of this petition that its contents coincide with my attitude toward the piece of legislation they referred to and that I do not consider it good legislation. It would be a detriment to our state. I have been opposing it and shall continue to do so—not only this particu-

lar bill but all similar ones that we have under consideration. For the benefit of your readers, the bill in question is House Bill No. 6, which would legalize pari-mutuel betting on horse racing in Texas.

"Through your columns may I also invite further communications and suggestions from the people of Farwell and Parmer County.

"With warmest regards to you all.
"Sincerely,
"I. B. Holt".

Firemen Have Practice Night

Last Wednesday night, the local fire department gave the new and old fire fighting equipment a thorough test in a practice run, operating and making a check on the functions of the new fire truck and accessories as well as the old truck.

Several of the boys, under the supervision of Fire Chief, A. C. Green, took the trucks to the Henderson elevator, made different tests and operations that were very successful—except for one thing—it was discovered that the small four-inch main at the extreme end of the new extension line would not afford enough water for the operation of two pumps. When both pumps were in operation, a vacuum developed, cutting off the water supply completely.

Other tests made with the equipment, were perfect in every way, including the two and half inch fog hose and nozzles and the high pressure hose and fog guns.

Texico Teachers Attend Meet

The teachers of the Texico School, attended the 12th annual meeting of the Eastern New Mexico Educational Association, held in the Clovis High School Auditorium, last Friday, March 28th, with a large number of teachers present from Quay, DeBaca, Roosevelt and Curry Counties.

The Clovis High School Orchestra under the direction of Mr. Harry Barton, furnished the music, and a good program was rendered, for the visitors, announced B. A. Rogers, Superintendent of the Texico school.

Last Six Weeks Tests At Farwell School

Supt. H. A. Ciltf of the Farwell school announced today that they were getting ready to start the last lap of school work for the semester. The last six weeks examinations will be given this week, followed by the finals on the second Monday and Tuesday of May.

Health Notes

By Texas Department of Health

Austin, Texas: Some timely advice to vacationists concerning the proper precautions to be used in water sports now that swimming pools are opening, was released from the State Health Department today by Dr. Geo. W. Cox, State Health Officer.

Vacation days are apt to include excursions and picnics at nearby lakes, rivers, and ponds of unfamiliar depths and currents, and sometimes without the usual lifeguard supervision associated with bathing beaches and commercial swimming pools.

"Swimming and water sports are beneficial to good health provided one's physical condition justifies this type of exercise," Dr. Cox asserted; "nevertheless, they possess dangerous possibilities if the rules of safety, through carelessness or thoughtlessness, are disregarded."

The State Health Officer outlined the following simple rules for bathing and swimming in safety: when swimming, be alert and careful of unknown depths and currents; at least one hour should elapse after a meal before entering the water; upon the first indication of fatigue, come ashore and call it a day; if you become chilled, leave the water immediately; do not enter the water when overheated; learn to float, this is most important; never attempt to rock a boat in a spirit of fun; never swim in water that may be polluted. Swimming close to or even a few miles below a sewage outlets is inviting the possibility of acquiring disease.

"Excursions, picnics, and swimming parties contribute to a healthy, happy, normal life, which is always desirable," Dr. Cox said. "It is by no means advisable to eliminate these excursions from our summer program, but it is important that they prove beneficial and not disastrous."

"Unmarried Millionaires" — Howard Hughes' philosophy was aptly expressed by Kipling: "He travels fastest who travels alone". He works alone, flies alone and there's rarely anyone around to bid him hello or goodbye. Angel at the Tomb

Angels are divine messengers to men, bearers of the Good News of God's presence and blessing. They sang at the birth of Jesus, assuring peace on the earth to men of goodwill. They spoke to the women at the tomb the word of liberty that had long been awaited by sorrowing woman hearts. And now they sing at every Christian grave around the world, assuring the bereaved that there is life beyond. Our loved ones do not come back to us in the flesh; they go on ahead of us into the Heavens, and there we shall find them in the household of God. To all who have eyes of faith and whose ears have become attuned to angelic speech the messengers of God announce Life Eternal. Because they have brought this good word of truth you may join the great Apostle in the exclamation of wondrous faith, "O Death, where is thy sting? O Grave where is thy victory?" TOMBS AND GRAVES CLOSE IN OVER ONLY THE DUST, WHILE THE SPIRITS OF THE CHILDREN OF GOD RISE INTO THE DIVINE PRESENCE THERE TO ABIDE. The angels are telling us that we are the eternal children of the eternal God; Heaven is our home and God is the Father of our Spirits; we are joint heirs with Jesus Christ. Attend Church this Easter Sunday.

YOU IN THE CHURCH THE CHURCH IN YOU

Character is a by-product of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a sterner democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

Evergreens A Barrier Against Spreading Fires

COLLEGE STATION.—Border plantings of evergreen shrubs around rural homes and farm buildings can be a barrier against spreading grass

three to six feet away from the foundation of the house. Shrub beds, eight or ten feet wide, and planted against the house foundation, are also grass fire protection.

Keeping a well-trimmed lawn is in itself a partial safety easure, the landscape specialist says, while winter lawns of Italian rye or clover keep down fires as well as provide a green year-round covering.

Neatness, order and cleanliness around the home grounds are not only necessary for good appearance says Miss Hatfield, but for safety as well.

Broadleaf varieties of ever green shrubs and trees will often stop a grass fire, says Miss Hatfield, provided they are of the right varieties. Plants suited for the purpose are amuriver privet, big-yeaf privet, euonymus japonica, cape jasmine, holly, Florida jasmine, cherry laurel,

youpon, pyracantha, and wax leaf ligustrum. Cedars, pines and others of the conifer family are not recommended as fire barrier plants, since they burn when green, the specialist says.

Landscape gardeners have found that the shrubs are effective in stopping grass fires when planted from fires, states Miss Sagie Hatfield, landscape gardening specialist of the Texas A. and M. College Extension Service.

To Conduct Health Class In Lubbock Public School

LUBBOCK.—Enthusiasm for eating by children is being used by Miss Meryl Cline, Home Economics graduate student of Texas Technological College, to conduct a health class in a Lubbock public grade school.

Each week Miss Cline, working in cooperation with the Red Cross, conducts a class on "Food for the Growing Boys and Girls at Roscoe Wilson school. In the nutrition lesson she graphically shows what milk, cereals, whole wheat bread, fruits and vegetables do for the child in vigor and growth. Then she lets the children eat proper foods.

Two white rats, "Mr. Coffee" and "Mr. Milk," also are used in the teaching. The first gets coffee and white bread, the second milk and whole wheat bread. "Mr. Milk" has gained weight and has soft shiny fur, while "Mr. Coffee" hasn't gained as much and his fur isn't as pretty.

The children, feeling sorry for the poor rat, have asked Miss Cline to let him have some milk and whole wheat bread. Children of the other rooms of the school and from other schools have requested they be included in the nutrition classes—which include some eating.

Silage - Feed Insurance

COLLEGE STATION—Some of the best feed insurance a West Texas farmer can have is a few tons of good silage, says Bailey County Agricultural Agent D. W. Sherrill.

The type insurance the county agent is talking about is well-illustrated by the eye-to-the-future policy of Herschel L. Thomason, farmer of the Pettit community, Bailey County. Last fall, Thomason bought 200 tons of hegari from a neighbor and dug a trench silo that would hold it. Over-all cost of the silo full of good feed was \$1000.

Feed prices being what they are now, Thomason estimates his "feed insurance" silage to be worth at least \$2000, or \$10 a ton. County Agent Sherrill says that the stockman now has the choice of selling the feed at a good profit, or buying more cattle and feeding it out. At any rate, he has the hegari where it won't spoil, won't burn, be eaten by rats nor peppered with West Texas sand.

Sherrill believes that more farmers "would do well" to plan a feed crop that will give them a silo full of insurance next fall.

Sunny Side

(By Sonny Graham)

One of the third year English requirements in our school is to read "Self Reliance", by Ralph Waldo Emerson. The general theme of the story was that of nonconformism. The author took this subject and analyzed it from several different viewpoints which take commonplace usage in our everyday life. The first thing that I noticed was that the author advanced directly into his subject and attacked it from a material standpoint so that you might be able to fathom his point and follow his line of thought throughout the entire theme.

Nonconformity is a subject that the common person does not, normally give much thought to. From a certain standpoint, nonconformity is a standard from which every life is governed and a person's actions are controlled by his attitude toward it. I think that this is true because nonconformity outlines your entire actions and develops causes and effects that control these actions.

In one way or another, every person is either a nonconformist or a conformist with the everyday happenings that surround him. Although I said that I believe that nonconformity molds one's life to a certain degree, I believe that your outlook on nonconformity is ruled over by a force that is commonly known as emotion. Emotion, in turn is affected by the frame of mind you are in, how the "world has been treating you", and many other trivialities which, when joined together, mean so much.

Even if I believe that a slight trend toward nonconformity is an excellent policy, I also maintain that decidedly, there are times when a person should change his attitude in order to fit the changes that are taking place around him.

Whether you decide to conform to the world's standards or obstinately refrain from agreeing with the common crowd, I believe that the decision should be entirely upon the shoulders of the individual for whom the decision is to be made.

KING AND QUEEN OF THE WEST . . . Beautiful Margaret Wooten and "Husky" Wright Bomford, who were chosen by fellow students of the University of Tulsa, Oklahoma, to rule as "King and Queen of the West," for the next 12 months. They are shown joining the ranks of western royalty by getting friendly with Question Mark, undefeated grand champion Palomino stallion, owned by Tom Cates, Tulsa. This is the first year that such a choice has been made in Oklahoma.

Statement of General Wainwright On Army Week, April 6-12

It is nearly two years since V-J day marked the end of four years of savage fighting. During those war years there was little time for settling aside one week, one day, or even one hour for the purpose of honoring the men and women of our Army. Everyone—civilian and military—had far more important uses for their hours; vital work to accomplish in order that victory might be won. Today the diplomats are still gathering around the conference table seeking a way to make that hard won peace a lasting one. Their words are occasionally muffled by sounds of minor conflict in various parts of the world. They stop for awhile and attempt to find a solution for the woes of troubled small nations. But al-

ways they return to the great issue which is the primary concern of all people—how to insure lasting world peace. The solution is elusive; they have not found it yet. While we in America wait for the word which will permit us to look forward to a future unclouded by threat of war, it is essential that the people work with their Army on the question of national security. This responsibility must not be delegated solely to the armed forces. It is the concern of every citizen. We must remember that the Army is not a policy making agency, but only a vehicle to carry out the will of the people. We must remember that whatever the Army is, weak or strong, it is what the people want it to be. Army Week is being celebrated from April 6 to April 12 this year. It is proper that an entire week be so devoted at this time when our

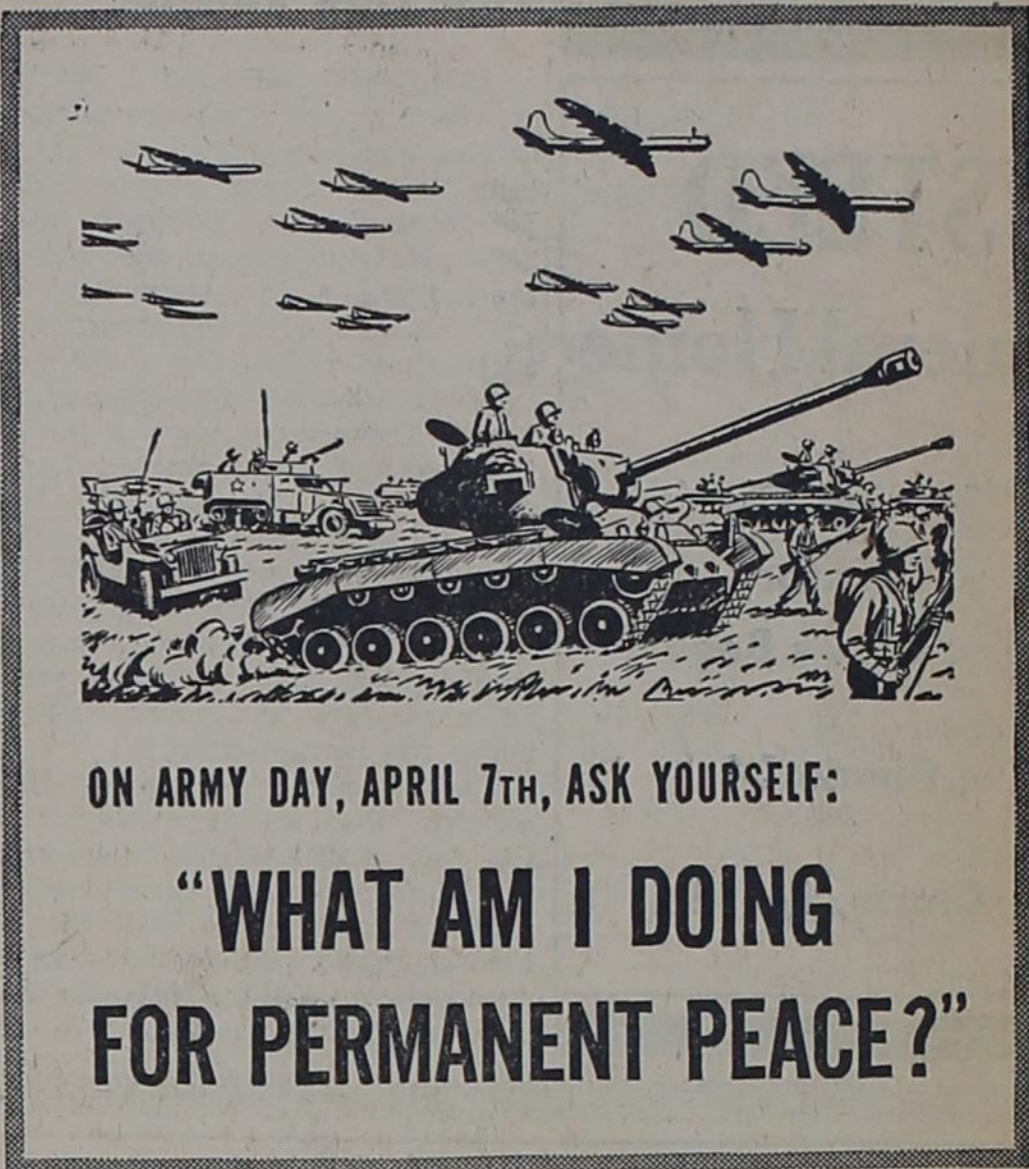

nations conversion to peacetime production has almost been completed; when our people have more leisure time to plan for tomorrow; when a thorough understanding of our armed forces and their contribution towards national security is so necessary to help gain this understanding. Nearly all Army installations will hold Open House and visitor will be given an opportunity to see how their Army lives, how it trains, and how it functions. Exhibits of equipment will be displayed in many communities and their workings explained by some of the highly trained specialists who are part of the peacetime Army. Ceremonies will be held to pay tribute to the millions of men and women who have worn and are wearing the uniform honorably. Army Week, dedicated to the soldiers of two global wars by a grateful nation, will also give America an opportunity to recognize and understand the vital role being played by her peace-time soldiers in building the peace for which so many of their comrades died.

Questions and Answers For Veterans

Q—Why is it that National Service Life Insurance premiums are so low, yet there are no restrictions as to occupation, travel or residence?
A—Premiums are kept at a minimum because all operating expenses and all excess costs resulting from death or total disability traceable to the extra hazard of the military or naval service are borne by the government and paid from separate appropriations.

Q—I would like to reinstate my National Service Life Insurance term policy which lapsed in 1945, and would like to know how to go about it?
A—Through Aug. 1, 1937 the requirements to reinstate a term policy up to and including Aug. 1, 1947, regardless of the date of lapse, are the payment of only two monthly premiums and a signed statement that you are in as good health as you were on the date of such lapse. Such statement of comparative health ordinarily will be acceptable. You can obtain an application for reinstatement at any Veterans Administration office.
Q—What is the due date of my premium on my National Service Life Insurance policy?
A—The date on which a premium is due is the same date in the month as that on which the insurance originally was made effective. This date is on the insurance certificate.
Q—My National Service Life Insurance premiums have been waived due to a total disability. Can I convert my term insurance to a permanent plan and still have my premiums waived?
A—You have the privilege of converting to ordinary life, 20-payment life, or 30-payment life and the waiver of premiums will remain in effect as long as you are totally disabled.

Magnetometers, suspended from airplanes and used by the Navy during the war to direct enemy submarines, are now serving as aerial divining rods to discover new oil fields in inaccessible regions.

ON ARMY DAY, APRIL 7TH, ASK YOURSELF:

"WHAT AM I DOING FOR PERMANENT PEACE?"

What will you do for your country? You can take a full-time job at good pay in the Regular Army. Or, you can join other young men in your community in your local National Guard unit. If you are in college, you can get your training and Reserve Officer commission in the R.O.T.C. Or, if you have served in the Army, you can resume your military training and have your former grade or rank in the Organized Reserve Corps.

If you believe in America, you'll believe in your new Regular Army

and its civilian components. You'll feel a certain tingle of pride—to know that others depend so much upon you, and envy you the inspiring fellowship you enjoy.

In the Regular Army you can have excellent training in valuable skills or trades. All your necessary expenses are cared for. You get travel, adventure. And after 20 years you can retire at half pay for the rest of your life and on up to three-quarters pay after 30 years of service! Get full details about all the advantages of Regular Army enlistment at your U. S. Army Recruiting Station.

Junior Stock Show Tops Own Records

LUBBOCK.—Record breaking crowds, a record breaking number of entries, and top prices marked the 14th Annual South Plains Junior Fat Stock Show at Lubbock, March 24-26. Nearly 1000 people watched the judging of the champion calf, while an estimated 500 attended the auction sale the last day of the show.

Edwin Adams, 4-H member of Star Route, Kress, was owner of the calf that took grand champion honors over 228 other entries in the baby beef division. Adams' calf, a 900-pound Hereford brought \$1.05 per pound at the auction. The reserve champion calf, owned by Leon Archer of Lamesa sold for 60c per pound. Other calves went for from 3c to 20c above the market price.

The grand champion pig, a lightweight Poland China, exhibited by Oly Ray Hitt, Lubbock, went under the hammer at \$1.30 per pound, 10c higher than the price paid for the 1946 champion. Besides winning the grand championship, Hitt also exhibited the first place winner in the

heavyweight Poland China Class and took first prize in the group of five pigs. The reserve champion pig, a lightweight Chester White, brought 60c per pound. It was raised by Carl Henderson of Hart. Other pigs sold for 30c to dollar per pound.

Ray Gregg, Plainview, was also a multiple winner. He showed the grand champion lamb and the best group of five lambs. The reserve champion, which was bought for 80c per pound was raised by Billie Earl Terrell of Lockney. Other lambs brought 29c to 60c.

Stock in this year's show was of finer quality and more numerous than that in any previous year, making the task of the judges unusually difficult. In choosing the grand champion, for example, Judge W. L. Stangel, Dean of the Agriculture Division of Texas Technological College, weighed the merits of the heavy-weight and lightweight champions two hours before making his decision

Texas Tech Students Will Feature Rodeo

LUBBOCK.—Two all-college rodeo performances, a downtown parade, and coronation of a rodeo queen at a western style dance will be featured as part of the traditional All Western Days at Texas Technological College April 11 and 12.

Mayors from a number of surrounding towns have accepted invitations to ride in the colorful opening parade April 11.

Visitors from throughout this area are expected to attend rodeo performances at 8 o'clock Friday night and at 2 o'clock Saturday afternoon. The contests will be held at Edwards Arena, 42nd street at Avenue U, about a mile south of Lubbock High school.

Events scheduled include bull riding, saddle bronc riding, bareback bronc riding, calf roping and the sponsoring contest for women. Participation in these events is restricted to Tech students, but it is anticipated that competition in future years will include contestants from other colleges.

Traditionally, all persons connected with the college will wear cowboy regalia during the two days.

TWO NEW DORMS

LUBBOCK.—Two large new dormitories for women will be open at Texas Technological College in time for the beginning of school next fall, with two new units for men expected to be finished for the spring semester. Completion of the four units will boost college dormitory capacity to care for 2720 students. Room reservations are now being made for both the summer school and the fall semester.

During the war, between 90 and 95 per cent of all meat sold in the U. S. was federal graded as "choice, good, commercial, or utility".

Growing Is a Personal Affair

Just as his eyes and nose and hair and mouth are peculiarly his own, and not—in spite of fond families and doting friends—the "spittin' image" of his parents, so your baby's bodily development is highly individual, too. He will have his own rate of growth and progress. He may sprout up like a bean stalk while the child next door seems to grow only by the millimeter. Yet the small neighbor may be more adept at talking or walking than your own young giant. These are highly individual matters, dependent entirely on your baby's personal rhythm of development.

So, too, with his eating. Some babies are ready for semi-solid foods several months before another. Be sure to consult your baby's doctor before making any changes in his diet. He will know best when your baby is ready for strained and junior foods. As a rule, along towards the third month doctor will say the time has come for a little semi-solid food, and so prepared cereal food is called for. This is mixed with some of baby's formula, or milk, to a very thin consistency, and served.

Next come strained fruits, vegetables, and soups, again milk-mixed at first, then gradually served thicker until baby can handle them just as they come from the containers. By the end of the first year, his physician may graduate your baby to junior foods—those chopped and sauced, prepared-recipe dishes, packed especially to bridge the gap between strained foods and family meals.

In busy times like these, when most doctors are seeing double the number of patients they handled in peace time, mothers should be considerate of the demands made on their time. Always consult your doctor, however, before making any

radical changes in your baby's diet. The chances are, if your baby is developing well, that your physician will suggest some such feeding schedule as this for your baby's first seven months:

Copper Cleaning

COLLEGE STATION — Hot vinegar and salt—that's a mixture that can be helpful to housewives for a fast polishing job on copper and brass fixtures.

Mrs. Bernice Claytor, home management specialist of the Texas A. and M. College Extension Service, tells homemakers that the home mixture of hot vinegar—or lemon juice—and salt acts in two ways: the acid dissolves the tarnish on the copper and the salt acts as a scouring agent.

But there's a precaution to take, says Mrs. Claytor. The acid and salt may cause damaging chemical action if not removed thoroughly by washing, rinsing and drying, after the polishing job is finished. Salt left on copper can cause a greenish copper chloride which in time will leave

rough spots on the metal. The acid also may "eat" into the metal and roughen it.

A slower but often safer method of polishing copper or brass is to use whitening powder, says Mrs. Claytor. Copper is a soft metal and is easily scratched by rough scouring powder or steel wool.

A sidelight on copper is described by the home management specialist. She states that although bright shining copper looks more attractive than dark metal, the tarnish actually protects the metal. Once tarnish covers the surface, it prevents further oxidation, a chemical action that eats away the metal. Each time tarnish is removed, a thin film of copper goes with it. The answer here is a coat of lacquer to keep the tarnish from forming and protect the metal from oxidation.

Local Scouts Entertain At Easter Party

The Farwell Girl Scouts were hostesses Saturday afternoon to the Friona Girl Scouts at an Easter party. Forty-one girls and leaders enjoyed the games and songs.

The games were selected and arranged by Mary Belle Aldridge and Jeanine Lunsford assisted by Mrs. John Aldridge, however, at the party each Farwell Scout presented and directed a game and performed hostess duties.

Refreshments of ice cream and cake were provided by a group of mothers and were prepared by Mesdames Whitley, Summers and Lunsford.

The local Girl Scout organization is observing its first birthday anniversary at this week's troop meetings. Brownie Troops Two and Three had a Easter hunt on Monday. The Brownie Troop Four will meet Wednesday in the home of their leader, Mrs. Walter Hardage and will hold a birthday ceremony. Girl Scout Troops One and Two will meet Wednesday in the home of Mrs. John Aldridge for their birthday ceremony.

Only those girls who have paid 50 cent annual dues for our new year will be allowed to participate in these ceremonies. Mrs. Sam Aldridge, treasurer of the Texico-Farwell Girl Scout Association is anxious to send in the dues to re-register our troops, so all girls, leaders and troop mothers are urged to pay their dues this week.

Legion Auxiliary Is Organized Here

Last Friday night the American Legion Auxiliary held its first meeting at the County Court House, under the direction of Mrs. Henry Cusick, of Amarillo. Mrs. Cusick is president of the 18th district of the Auxiliary and began its work of organizing.

Several eligible ladies were present, and officers were elected. Frank Seale, Adjutant of the local Post and Paul Wuster Post Commander, were present to help with the organizing and attend to business matters.

The following officers were elected: President-Mrs. Frank Seale, First vice-president-Mrs. Ray Suddereth, Second vice-president-Mrs. Edd Meeks, Secretary-Mrs. Sterlyn Billington, Treasurer-Mrs. Lawrence Ham, Historian-Mrs. Morgan Billington, Chaplain-Mrs. Lewis C. Cox, Sargent-at-arms-Mrs. Hayden Cason. The officers were installed and a committee was appointed to draw up the constitution and by-laws.

Demonstration Party Enjoyed At Magness Home

Mrs. Clyde Magness and Mrs. John Porter were co-hostesses at a Stanley Products Demonstration Party, last Thursday afternoon, in the home of Mrs. Clyde Magness, with Mrs. Frank Love, of Clovis doing the demonstrating.

After the demonstration, date-nut cake and punch was served to the following: Mesdames Melvin A. Snyder, W. T. North, J. C. Banks, Sr., Walter Hardage, Marvin Hammock, W. H. Spurlin, Albert Landrum, W. H. Bradshaw, Felix Monroe, hostesses John Porter and Clyde Magness, and demonstrator, Mrs. Frank Love.

Attend Photographers Convention In Dallas

One thousand professional photographers from five Southwestern states and exhibitors and photographic manufacturers from all over the nation met in Dallas last week for a three-day joint convention of the Texas and Southwestern Photographers associations.

Attending the convention from Farwell were T. D. Daniel, Jr., and Donald Watkins.

Ruth Class Meets In Hardage Home Monday

Mrs. W. D. Hardage was hostess to a group of ladies from the Ruth Class of the Baptist Church who spent the day sewing the Spring wardrobe for "their" little girl at the Baptist Orphanage at Portales. The class provides clothing and personal and school supplies for little Martha Webb. Martha will be awfully happy this week when she receives the box prepared Monday for it contains a darling chartreuse Easter dress with eyelet embroidery trim, an orchid summer "Sunday" dress three print school dresses, a striped skirt, two blouses, summer pajamas, and three slippers.

Besides this sewing that the ladies finished Monday, the box will hold panties, socks, towels, soap, etc., and money for two pair of new shoes and an Easter bonnet for the little lady. The ladies enjoyed a covered dish luncheon at noon and had a grand time all day.

Mrs. W. H. Graham Hostess to WSCS

The WSCS of the Methodist Church met in the home of Mrs. W. H. Graham last Wednesday afternoon with Mrs. Anne Overstreet presiding. The subject for the evening was "Children and Their Church." Mrs. A. D. Smith and Mrs. B. N. Graham assisted in presenting the program.

Those present for the meeting were Mesdames: Albert Thomas, Harvey Carrell, G. W. Atchley, A. D. Smith, B. N. Graham, Roy B. Ezell, Roy Thornton, Clarey, Ruby Dixon, Anne Overstreet, one visitor, Mrs. Effie Johnson, and the hostess Mrs. W. H. Graham.

Picnic Enjoyed By Local Grade School

The 6th and 7th grade students of the Farwell school entertained the 4th and 5th grades with a picnic last Tuesday evening at the Clovis Park as the results of a contest in the Infantile Paralysis Fund Drive which started January 15th.

The 4th and 5th grade boys and girls raised the total of \$189, while the 6th and 7th grades reached the amount of \$128, therefore the 6th and 7th graders were hostess to the winners.

Jrs.-Seniors of Farwell Enjoy Class Party

The members of the Junior and Senior classes of the Farwell High School were entertained last Friday night with a party by their class parents. The group left early Friday evening to Clovis, where they enjoyed a taste of Mexican dishes at the El Monterey cafe. Following the dinner, they attended a motion picture and returned home after the show.

Class parents of the Junior Class are Mr. and Mrs. Sam Aldridge and Mr. and Mrs. Johnnie Williams. Class parents of the Seniors are Mr. and Mrs. Willie Williams and Mr. and Mrs. Jack Williams.

FACULTY PLAY "MR. BEANE FROM LIMA"

The play that the faculty put on at the high school auditorium, last Friday night was a great success, and was attended by a house full, this was given on the night of March 28th, the cast were as follows:

Onertia Yaskin, the hillbilly maid played by Mrs. Ellison, and you would just have to see her in the play to appreciate her, she was a scream all the way through.

Then Blossom Queasy, the negro cook, Mrs. Cherry, and did she make a good actor, certainly did her part well.

Mrs. Joslyn St. Clair, an ambitious mother, Mrs. Everett, she was one of the highlights of the whole play as she played a very good part, with an evening full of laughs.

Zoe Dudley, her older daughter was played by Mrs. Thornton.

Johnny Rand, Amy's heart interest, by Mr. Jones and Army St. Clair, a younger daughter of Mrs. St. Clair played by Mrs. Rhodes, and she was good too, then there were Elviry Skaggs and Hiram Skaggs, Amy's and Zoe's grandparents, played by Mrs. Williams and Mr. Cherry, and oh you should have seen them, Mrs. Worthington Belcher, the

town aristocrat, Mrs. Fuller, and Burley Bixford Beane, by Mr. Standefer and Bob Dudley, Zoe's estranged husband, Mr. Everett, the name of the play was, "Mr. Beane from Lima" and if you get a chance to see it, don't miss it, for it's a dandy.

Mrs. Suttons new place of business will be located in Texico, seven blocks north of the fire department.

She stated that the building is almost completed and that she hopes to be able to open for business Monday. The same laundry service will given with the addition of finished work as soon as the new equipment arrives, Mrs. Sutton said.

Mr. and Mrs. B. N. Graham spent Sunday in Morton, Texas, visiting in the home of their daughter and son-in-law, Mr. and Mrs. Raymond Ross.

ACA News

Harold W. Carpenter, Secretary

Farmers are being notified this week of the closing date for applications of payment for summer fallowed acreage. The closing date this year is May 1st as compared with June 15th closing date of previous years. The reason given us for the earlier date this year is because land not plowed previous to May 1st is not considered a good job of summer fallowing. Anyone applying for payment for this practice must make application now and have at least one plowing operation completed before May 1st.

Our friend, W. L. Edelman of Friona, was in and we had a long discussion of the proposed election to approve a Soil Conservation Service District for Parmer County. At least fifty land owners must sign a petition to the State Board of Directors before an election will be considered. Mr. Edelman explained that already more than the required number had signed the petition, but most of them farmed in the north and east sides of the county. To get a representative group, we were asked to talk to several men from different parts of the county and have them sign the petition if they agreed with the policies of the organization.

All of the counties surrounding Parmer County have Soil Conservation Districts. If one is set up here, we will have several trained engine-

ers working through a local office.

These men will specialize in running terrace lines, contour guide lines, irrigation ditches, and other technical work that practically no farmer is trained and equipped to do.

This district will be administered through a local committee made up of five farmers who are elected by the land owners. Any farmer in the county will be eligible for technical aid through the organization and disinterested parties need not participate.

If a District is organized and put into effect, it will be financed by Federal funds and expenses will not reflect back on the county.

Mr. Edelman operates an irrigation farm in Deaf Smith County and he reports that the Soil Conservation Service has been of great help to the farmers there.

Anyone who is interested in setting up a District here is invited to come in and talk with us about it.

SCOUT TROOP NO. 30 TO GO OUTING

March Closes With Kind Month Here

The month of March, generally the most unpleasant month of the year in the High Plains area, came to a close on Monday with one of the most pleasant days of the Spring season, much to the delight of all local residents.

The entire month was extremely gentle this year, there being few days of unpleasantness during the 31 day period. Most of the month continued cold, but the low readings were looked upon as a blessing in that they held back the fruit trees from blooming, giving a better assurance of fruit during the coming season.

To date only the apricots and pears are beginning to show forth blossoms and the speculation is being offered that this promises to be a good fruit year. Peaches, plums and other fruit is considered safe, while grapes and cherries are not expected to begin putting forth for several days.

While the month of March brought no appreciable moisture, residents are thankful that the month was so gentle.

Wheat prospects were never better at this season of the year and growers are predicting a record crop with a few additional rains between now and harvest time. Most fields have taken on rapid growth during the past few weeks and give little evidence of the severe wind lashings of the latter part of January.

Tribune job printing is best.

VOLLEY BALL TOURNAMENT

The Ranchvale Invitational Volley Ball Tournament will be held Friday and Saturday of this week, with sixteen girls teams from Curry County participating.

The bracket has been made, and the games will get underway Friday afternoon. The Texico girls will play the Oklahoma Lane girls, Friday evening at 6:00 p. m.

P. T. A. TO MEET

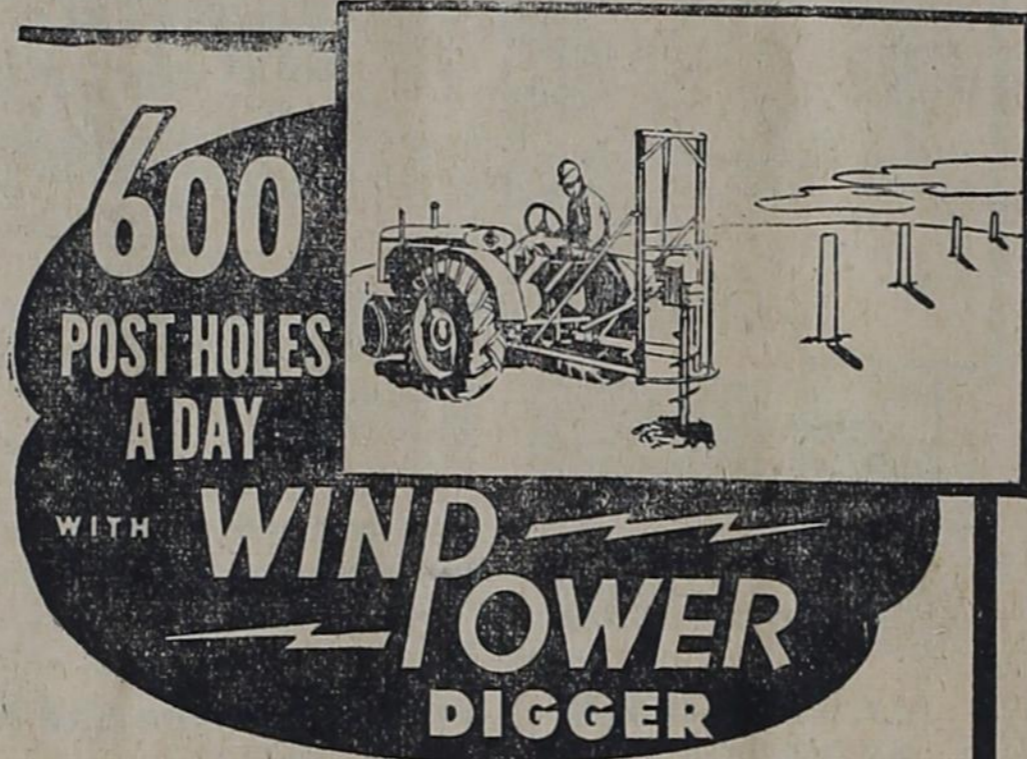

The local P. T. A. will hold it's regular meeting, April 10th, with three primary teachers, Mrs. Harry Whitely, Mrs. L. S. Pool and Mrs. C. E. Sanders sponsoring the program, to be rendered by the primary students. There will be no social hour.

CROPS LOOK GOOD

Mr. and Mrs. Sam Rundell returned home the first of the week from a business trip to Fort Worth, and bring back the report that small grain prospects between here and that city are very promising. The wheat is especially good on the plains, they said.

HOME FROM FISHING TRIP

Mr. and Mrs. Reagan Looney and Aubrey Brock, all of Bovina, returned home the latter part of last week from a fishing trip to Possum Kingdom Lake. Weather conditions were unfavorable most of the time they were there and they report only fairly good catches.
