### Extension Of Water Lines Being Finished

#### CAYSON JONES INJURED

Cayson Jones, manager of the Consumers Fuel Association, has been getting around on crutches the past several days, following an injury he received when he fell from a tank truck operated by the firm. Jones had gone to Levelland to get a load of fuel oil. After loading the tank, he stepped in some oil, slipped and fell from the truck. He received no broken bones, but the ligaments in the left knee and ankle were torn loose, although he was able to bring the truck home.

#### Heart Attack Claims Former Hub Resident

A heart attack claimed the life of A. H. (Alex) Boatman, 66, former farmer of the Hub community, at his home in Friona last Friday morning, at 4:30 o'clock.

Funeral services were held at the Friona Baptist Church Sunday afternoon, with Rev. T. B. Allen, pastor, officiating. Burial took place at Friona.

The Boatman family came to Parmer County from Anadarko, Okla. in 1926, and located on an unimproved farm 1 1/2 miles south of Hub. They continued to live there until about four years ago, when failing health forced Mr. Boatman to give up farm work, and the family moved to Friona. He is survived by his wife, Mrs. Bessie Boatman; two daughters, Mrs. Beauford Todd, Hub; Mrs. Leo McLellan, Friona; two sons, Clifford, Hub; and Gilbert, Friona; two brothers, Jim Boatman, Anadarko and Luther, Bovina; and one sister, Mrs. O. J. Knight, Dill, Okla.

#### Overtaken Pick-Up Injuries Ruthledge

Jack Ruthledge, former Texico resident, was seriously injured Saturday night on the east outskirts of Clovis, when the pick-up he was driving left the highway and overturned.

Relatives said here today that he was suffering with a "split pelvis and back injuries". The opinion also was expressed that his back may have been broken. He is confined to a Clovis hospital.

Ruthledge, who lives southeast of Clovis, was en route to town to summon a physician for his sick wife at the time of the mishap.

#### Lazbuddy Directors To Open Bids, Dec. 15

J. H. McDonald, president of the Lazbuddy School Board, announced today that a meeting of the Board would be held at the school house on Wednesday, December 15, at 2 p. m., at which time bids for the construction of the new school auditorium will be received and opened. The school district, composed of 186 sections of land, voted a bond issue in the amount of \$100,000 last May for the construction of the new building, and McDonald said today that \$90,000 worth of the bonds had already been sold at 4% interest.

Members of the School Board, he said, plan to retire the additional \$10,000 voted in the special election. "In fact," he said, "we will retire any surplus not needed to pay for the gymnasium." The Lazbuddy school has been without a gymnasium for the past several months, after the old building was destroyed by fire early in the school year of 1947.

#### OH JOY, A BOY!

Announcement of the arrival of a son to Mr. and Mrs. Paul Jones, of Bovina, takes on a rather unusual significance and is entitled to front page rating. The little fellow, weighing 7 1/2 pounds, put in an appearance at a Clovis hospital early on the morning of November 22, and has been named Randy Paul.

The significant thing about this young man's arrival is that he was born a mere 16 years after Mr. and Mrs. Jones were married.

The extension of the mains of the local water system, begun some two weeks ago, is being completed this week and should be ready for service within the next few days.

The extensions are being made in the vicinity of the Farwell school house, where four-inch mains are replacing 2-inch pipes as far as the school house, and thence north to the Booth properties, where a new 3-inch line is being installed.

Waterworks officials repeated the caution, issued three weeks ago, for the public to continue to conserve on water until the new pumping equipment is installed. For the past three weeks only one well has been in operation, due to delays in receiving additional supplies for the new and larger pump being installed.

When both wells are put in operation with the increased pumping facilities, officials believe that the normal water supply will be more than doubled. Operating normally, the two wells furnish between three and four hundred gallons per minute, as against seven to eight hundred gallons expected when both pumps are installed and ready for action.

#### Death Claims Local Resident, Sunday

After three years of illness, death claimed H. H. Barlow at 7:30 a. m., Sunday, at his home on the northeast edge of this city.

Burial was made in the Oklahoma Lane cemetery Tuesday afternoon, following services conducted at the Steed Memorial Chapel in Clovis by P. M. Bowen, of Clovis.

Mr. and Mrs. Barlow came to Parmer County from near Enid, Okla., in 1927, first settling at Friona. They moved to Farwell in 1934 and have made their home here since that time with Barlow devoting his time to farming near this city.

He is survived by his wife, Mrs. Rosa Barlow, and one adopted son, Bobbie, 19. One brother, Henry G. Barlow, of Arcadia, Okla., who also survives, was present for the funeral.

#### Cooperate Or Else, Drivers Are Warned

It's either a case of cooperating with local authorities' request or having the New Mexico Highway Patrol on the streets, Mayor O. W. Francis, of Texico, warned local drivers the first of the week, in urging that parallel parking be observed along the highway in Texico.

Recent opening of the new four-lane road between Texico and Clovis (which serves as Texico's main drag) has brought additional traffic through town, and Mayor Francis said on Monday that the highway patrol is becoming exceedingly impatient with cars being parked horizontally along the highway.

Also, Francis warned, motorists are advised that the customary habit of making U-turns wherever one happens to be parked is not permissible, with only street intersections to be used for that purpose.

"We are making this announcement in hopes that all local motorists will observe traffic regulations," Francis said. "The City has been warned that if violations are not cleared up, the state highway department will take over and proceed to crack down on drivers. We are of the opinion that our local people will be glad to cooperate in making the highway through our town as safe as possible, and take this means of seeking the whole-hearted support of the traffic regulations."

#### BOARD MEE'S THURSDAY

A regular meeting of the Texico School Board of Education will be held at the school building on Thursday evening, December 2nd, Supt. B. A. Rogers reported today. Only routine business is slated to come before the board at this time.

Dr. and Mrs. V. Scott Johnson and children, of Clovis, spent Thursday in the home of his mother, Mrs. Effie Johnson, in Farwell.

The Deaf Smith County Electric Cooperative, which serves Deaf Smith, Parmer, and Castro Counties, has received approval of a new loan of \$760,000.00 from the Rural Electrical Administration to finance new line construction consisting of 137.4 miles of single phase line, 79.8 miles of three phase line, 9.4 miles of service and 51.7 miles of single phase converted to three phase line and other system improvements, it was announced today by T. W. Roberson, president of the board of directors.

In addition to the extension of lines in the three-county area, four 2,000 KVA transformers will be installed to double the capacity of Sub-stations 1 and 4, located 4 miles east of Hereford and five miles south of Hereford, respectively, a new office building for the headquarters office in Hereford, and a two-way radio for use of the field crew.

The increased substation capacity will enable the Cooperative to render service to an additional 152 irrigation wells and 178 single phase consumers as well as keep more constant voltage for the use of irrigation consumers.

Broken down by counties, Mr. Owen, head bookkeeper of the REA office, stated today that the extension would be divided as follows: Parmer County, 35.8 miles; Castro, 88 miles; Deaf Smith, 154.5 miles. He said that all the extensions were in the nature of short taps, ranging from a half mile to one and one-half miles over the entire system, in order to bring electric service to new customers who are near the present lines.

Construction will be pushed as rapidly as materials and labor can be obtained, it was stated. The Cooperative now has 1,051 miles of power lines, bringing electric service to 1,654 rural consumers in the three-county area. Upon completion of its present building plan, the system will be increased to 1,329.3 miles, serving 1,985 customers.

"It is our purpose to see that rural electrification in our area keeps pace with the advance in other sections of the country," Mr. Roberson declared, and added, "We are going ahead with plans to serve the greatest possible number of rural people in our area. . . we hope eventually to bring service to every rural resident who wants electricity instead of only those in our more thickly settled communities."

#### 25 Dairy Cattle Are Offered At Sale

A choice herd of 25 head of dairy cattle will feature a public farm sale on Monday, December 6, when Mrs. Arganbright will hold a farm sale at his place, four miles south and six miles west of Clovis, starting at 10 a. m., New Mexico time.

Most of the cows to be sold to the highest bidder are of Jersey breed, with good milk production records. All cattle have been tested for TB and Bang's disease.

Also included in the sale will be a good list of farm machinery and some feed. A complete list of the offerings will be found elsewhere in this newspaper.

Col. Dick Doshier will cry the sale and Orval W. Francis will serve as clerk. Lunch will be served at the noon hour by ladies of the Fairfield Club.

#### Lee Thompson Resigns As Elevator Manager

Lee Thompson, who has been manager of the Bovina Wheat Growers elevator at Bovina for the past four years, has tendered his resignation to the board of directors, effective on December 1. His resignation has been accepted.

No announcement has been made by the board as to Thompson's successor.

Thompson, who has been a resident of this county for twenty-four years, served as county commissioner before being elevated to the office of county judge, where he was serving his fourth term when he resigned in May of 1945 to go to Bovina. According to his present plans, he will become associated with the Denso Lubrication Co., as a traveling salesman, and will likely make his headquarters in Fort Worth.

#### TO ROSWELL HOSPITAL

John Porter, co-owner of the State Line Grocery & Market in this city, has gone to Roswell for a medical checkup and treatments. He is expected to return home the latter part of this week.

## Lubbock Sports Editor Stresses "Teamwork"

### FROM THE HOPPER

By HOP

The Chamber of Commerce has succeeded in finding a man who will take over the responsibilities of handling the garbage hauling in Texico-Farwell. Ray Mears has agreed to do the job, provided a sufficient number of residents and business firms in the Twin Cities co-operate. If you want this service renewed, drop in and see Ray at once and make arrangements for him to haul the garbage from your home or place of business. Ray says that he would not be interested in the deal unless sufficient number of people co-operate to make the venture financially worth his while. A rate of 50 cents per month for the homes and \$1.00 per month for business houses has been suggested as reasonable. Let's join and get this garbage removal service going again. See Ray at once and tell him you are willing to go on the deal.

\*\*\*

A couple of local hunters were asked on their return from a deer hunt if they killed anything. One of them offered, "Just a bottle of Scotch."

\*\*\*

Bob Pringle was telling of some of his recent experiences in feeding cattle at his large feed lots in Bovina. The cattle are now being offered unadulterated black strap molasses in half oil barrels, placed about the pens. Most of the cattle really go for the lasses, Bob says, with the result that they get the sticky molasses all over their faces and heads, which is later smeared all about the pens, on the fences and gate latches. Bob says that his cattle wranglers and feeding force really raise heck when they come in from the pens all gommied up with a mixture of molasses and ground feed.

\*\*\*

Most local people seem to be familiar with the working conditions at The Tribune office, but for the benefit of those who are not, we would like to say the first three days of the week are consumed almost entirely with the task of getting out the paper. During those three days, it is almost impossible for us to do any job printing. However, we do turn out work on those days when it is possible and the occasion demands. We cannot do the impossible and we believe it is not asking too much to anticipate job work needs in order that they may be handled on week-ends.

Leonard Hanna enjoyed a two-day lay-over period here last week en route to his training camp in Georgia. He has been assigned to the Military Police, and expects to be sent overseas at an early date.

"Teamwork" was the subject of a well-delivered and enthusiastically received talk given Monday evening by Joe Kelley, sports editor of the Lubbock Avalanche-Journal, at a banquet honoring members of the Farwell Steer football squad, who have just completed a most successful season by winning nine contests out of ten played.

"You can't tell me that the Farwell squad does not appreciate the value of teamwork, when a team as light as your boys are can go through a season of ten games and lose only one of them," the speaker said before complimenting the team for the excellent showing made during the year.

Kelley took occasion to contrast the free and voluntary athletic activities of the United States with that of the "ism" countries, "where there is no teamwork and you are driven to bodily exercises that often result in death."

Coach Louis Purvis introduced the individual members of the team, and all the substitutes, adding a word of merited praise for each individual. Mrs. John Lovelace presented the pep squad as a group.

Table decorations, introduced by Mrs. Lovelace and the members of the pep squad, consisted of fall flowers and evergreen, with upturned grid helmets serving as receptacles for the flowers. Place cards of miniature footballs, cut from cardboard, were placed at each of the 124 plates about the tables.

Superintendent Jack Williams served as master of ceremonies, and took occasion to express his personal thanks and that of the school for the splendid cooperation extended the team during the year. He especially praised the work of the pep squad and their leader, and expressed appreciation to Mr. and Mrs. Jim Hughes, who have tendered the boys a dinner at the close of the football season for the past several years.

Rev. A. B. Moore, pastor of the Oklahoma Lane Methodist Church, offered the invocation at the opening of the program.

#### Farm Bureau Meeting Slated For Thursday

Members of the Texico chapter of the Farm Bureau are advised that the group will meet Thursday evening of this week, December 2nd, rather than on the regular meeting date, Monday, December 6th.

President John Hadley has advanced the meeting date in order that he may attend the state-wide New Mexico Farm Bureau meeting, scheduled to begin in Albuquerque next Monday.

The local meeting will be held in the Texico school auditorium, at 7:30.

**Yuletide Seals Bring Real Christmas Joy**

As Christmas approaches each of us would like to feel that we have done something to add to another's happiness at this season.

The joy that Christmas normally brings is not quite complete unless we have the inner satisfaction that comes with knowing we have made a contribution to the welfare of others, that we have overlooked no little thing that might make this a better Christmas.

Each person may know of some special thing he can do to make the season happier for another. For one, it may be buying a doll for a neglected child. For another, it may be sending a basket of fruit to an invalid. But, regardless of what we may do for individuals, there is one thing all of us can do for everyone in the community, including ourselves.

We can all buy and use Christmas Seals.

Christmas Seals have become an American tradition. They have become a tradition in Texas because they are a symbol of an important piece of work that has been carried on in this State for forty-odd years.

That work is the campaign against tuberculosis inaugurated in 1908 by the Texas Tuberculosis Association and continued without interruption by the Association and its increasing number of affiliates.

In its campaign against tuberculosis, which kills more than 2,500 Texans a year, our Association is engaged in a program of health education, case-finding and research.

The Texas Tuberculosis Association depends entirely upon the annual sale of Christmas Seals to finance its projects. Those of us who buy and use Christmas Seals will have the satisfaction of knowing, when Christmas Day dawns, that we have made a contribution to the welfare of the community in which we live.

**Practice Teaching Is Advocated At Schools**

DENTON — Wanted: beginning teachers with actual experience.

This was a major need emphasized by state educators at a recent work conference in Mineral Wells, when it was stressed that school teachers should have some actual experience before the start their first instructing job in Texas schools.

"Practice teaching", done in many colleges by future teachers but not required over the state, was called one of the answers to the problem. Nearly all reports pointed out that college training should include more teaching practice and contact with children.

More than 250 college educators, public school administrators and teachers met to set up a permanent organization called the Texas Commission on Teacher Education, and elected Dr. J. C. Matthews, dean of the School of Education at North Texas State College, as chairman of the commission for the 1948-49 term.

**Health Notes**

by Texas Department of Health

AUSTIN—With the advent of cold weather each year in this state, several deaths are usually reported, resulting from asphyxiation by gas fumes in improperly ventilated houses or sleeping quarters.

Dr. Geo. W. Cox, State Health Officer, has issued a warning in this respect, emphasizing that it is never safe to sleep in a tightly closed room with a gas fire burning. Even if there are no gas leaks, the air soon becomes vitiated and unfit to breathe.

"When occupying a room in which gas is burning, be sure always to have at least one window or door partially open, to admit fresh air," Dr. Cox said. "If the weather is too cold to permit leaving an open window in the room occupied, then play safe by opening a door into an adjoining room, where a window can be opened."

Dr. Cox said he was prompted to issue this warning early in the season because of the fact that thousands of new residents in the State have come from districts where they have been used to burning coal, wood or oil, and do not know the dangers of gas fumes in improperly ventilated homes.

"Occupying a room heated by an open gas flame, and at the same time keeping the room tightly closed, may prove disastrous the very first time it is tried," Dr. Cox said. "It is better not to risk it even one time. Always be sure that your room has plenty of fresh air, but make doubly sure when you have a gas fire burning."

Save your energy when hanging out clothes by placing the basket on a laundry cart on a child's wagon.

Howdy, Folks: Home is a place where a man is free to say anything he pleases, because no one will pay the slightest attention to him.

Teacher: "Give me a sentence with a direct object."  
Pupil: "You are beautiful."  
Teacher: "What's the direct object?"  
Pupil: "A good report card!"

June: "I don't intend to be married until I'm 30."  
Joan: "I don't intend to be 30 until I'm married."

### Commercial Feed Test Made At Texas Tech

LUBBOCK—A commercial feeding test involving 10 Hereford calves with an eye to saving time and money at no sacrifice to quality cattle is underway at Texas Tech.

Dean W. L. Stangel, head of the animal husbandry department, expects the experiment to continue for a year. To further substantiate findings of the initial test, a second group of 10 Hereford calves will be-

gin identical testing in January.

Calves under observation are to be fed as stockers through the winter and early spring. They will be placed on pasture in the late spring, summer and early fall. Then for the final feeding period they will be divided into lots of five each and one group hand-fed while the other group is self-fed.

The experimental calves will make their first public appearance at the spring livestock show in Lubbock, and will be exhibited in one group as stocker calves.

Results of the test, feeds used along with charted weight gains and time spent will be posted a year later at the South Plains livestock show, where they will be entered in the fat yearling steers class.

Possibilities of commercial feeding will greatly lighten the burden of raising show calves, Dean Stangel said, emphasizing that commercial feeding will cut the financial burden for youngsters interested in raising show calves. It will relieve the necessity for nurse cows and for so much personal attention by the boy,

an attendant, or his parents.

Exact techniques employed and proper feeding of the cattle commercially will be available along with any other information desired from the animal husbandry department on the successful completion of the project.

Calves to be used in the project are from Pan Tech farms, Amarillo.

If your aluminum utensils are getting discolored, it's caused by minerals in the food or water in which vegetables are cooked.

## Let 'er blow...

The one thing that won't help you through the winter is a lot of talk. So we'll make it brief:

Change now to winter-grade Conoco N<sup>th</sup> Motor Oil for faster starts, peak winter engine performance and the full-time protection of OIL-PLATING.

Faster starts: Winter-grade N<sup>th</sup> is specially refined to lubricate your engine even when the temperature plunges. It's free-flowing.

Peak winter performance: When you drain out that thick, dirty summer oil, you say goodbye to balky engine response. Winter-grade N<sup>th</sup> puts June under the hood!

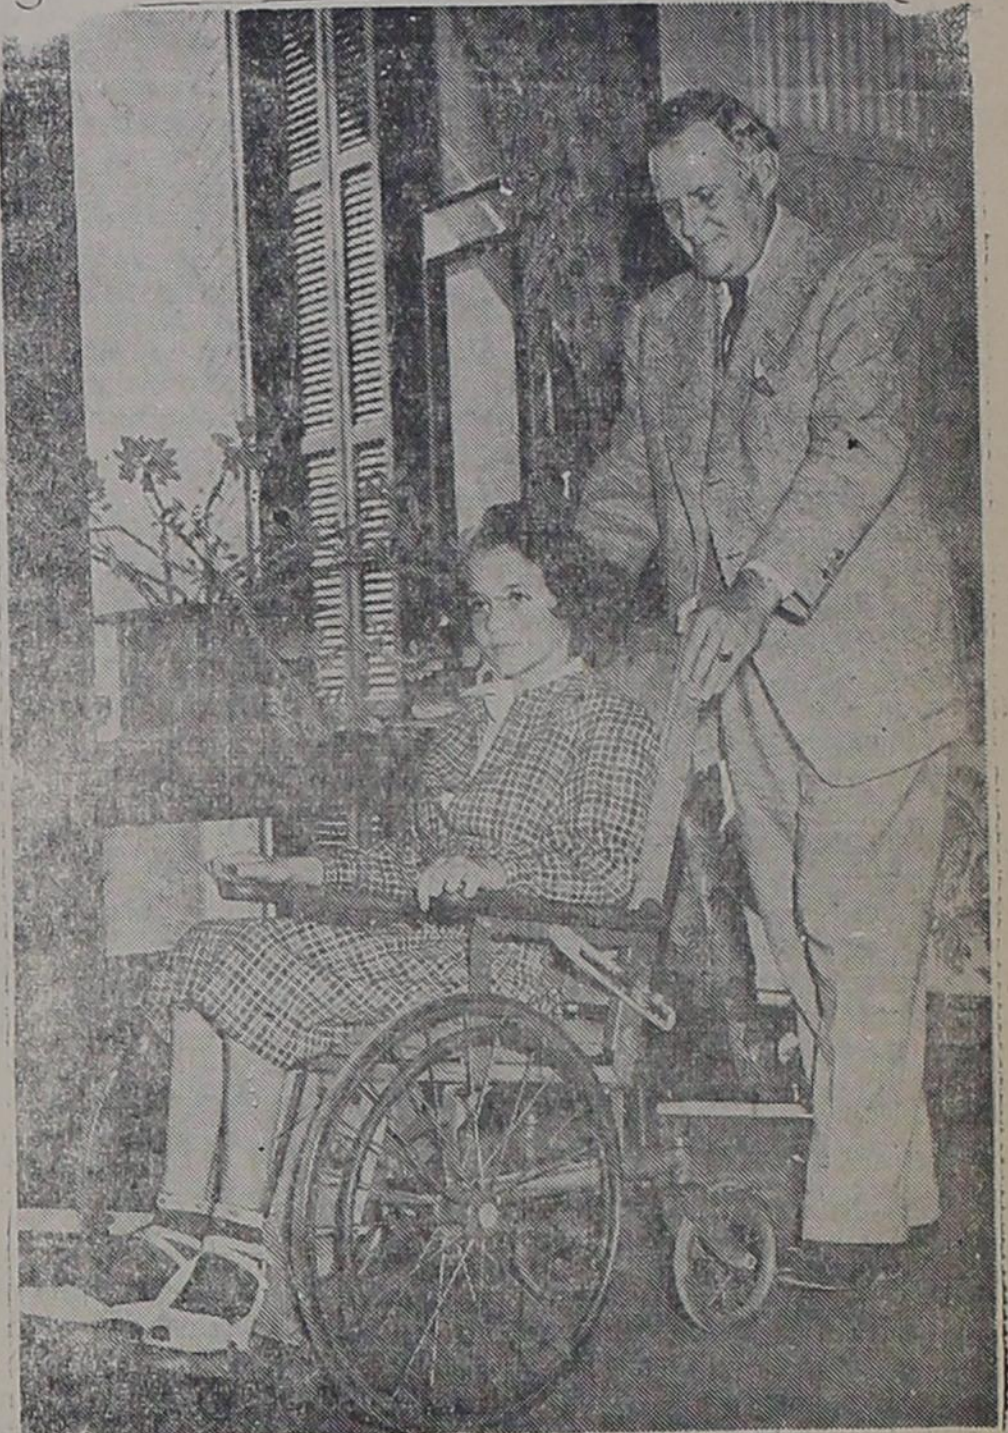

Full-time protection: A special added ingredient fastens an extra protective film of lubricant to metal surfaces... OIL-PLATES every working part... cuts down "dry" friction starts and general engine wear.

Let winter blow :::

## Oil-Plate and go!

Copyright 1948, Continental Oil Company

Jimmy Sue Phillips, 10, of Houston, a patient at Gonzales Warm Springs Foundation, visited Governor Beauford H. Jester's office, as the chief executive signed a proclamation designating the period from Thanksgiving to Christmas as "Gonzales Warm Springs Month."

### Research Enlargement Planned by Santa Fe

G. H. Minchin, operating vice president of the Santa Fe Railway announced today the expansion and enlargement of the Santa Fe's Research Department, beginning Nov. 15.

J. M. Nicholson, assistant to the operating vice president, has been appointed Director of the Department of Research, with headquarters in Chicago, Minchin said.

J. P. Morris, now general assistant, mechanical department, at Chicago, succeeds Nicholson as assistant to the operating vice president.

Nicholson has specialized training and broad experience in railroad operations. He is a mechanical engineering graduate of Kansas State College and has been in Santa Fe service since 1912 in the mechanical department. He worked as computer, assistant, laboratory foreman, and assistant engineer of tests in Santa Fe's test department at Topeka, fuel supervisor at Fort Madison, Ia.; fuel conservation engineer, Topeka; master mechanic at Slaton, Argentine, Kan., and Chicago; mechanical superintendent, Topeka; and general assistant, mechanical department, Chicago.

Morris started with Santa Fe as a machine operator in 1904 at Fort Madison. He graduated from the Santa Fe's training program for machinist apprentices, and thereafter advanced through several shop jobs to master mechanic of the Illinois Division at Chicago. He became mechanical assistant with headquarters at Chicago July 1, 1937, mechanical superintendent, Shopton, Ia., in 1938, and in 1939 was made general mechanical assistant at Chicago.

### Higher Mail Rate Starts January 1

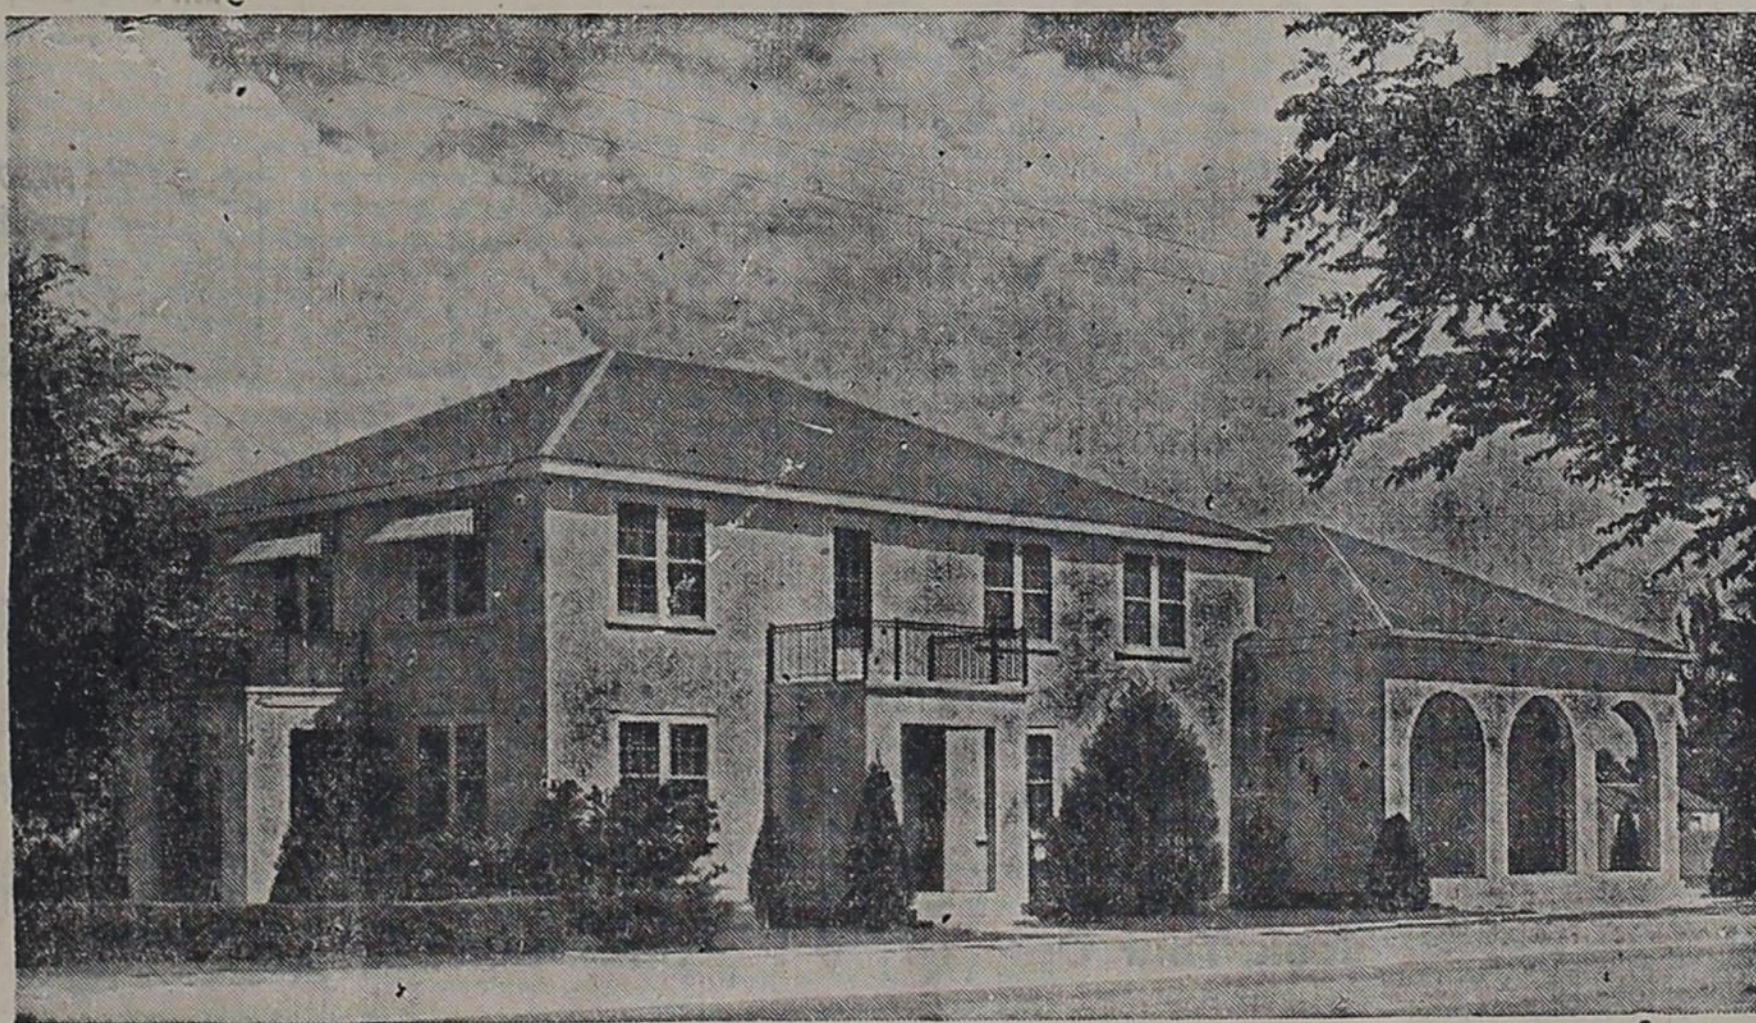

WASHINGTON—The Post Office Department is sending out reminders to post offices throughout the country that postal rates will go up on January 1, 1949.

Congress approved the new rates in the last-minute welter of legislation last June to help pay for boosts in the pay of 500,000 postal workers.

The order affects nearly all mail except first- and second-class parcels. Air mail goes back to 6c after twenty months at 5c. Special delivery rates jump from 13c to 15c.

An "advice" columnist says that a man should make his wife a silent artner. Good trick if you can do it.

**SWPS Co. Sponsors "House Of Magic" On Friday Night**

Scores of wonders from one of the nation's top electrical research and electronic research laboratories will be shown here on Friday night, December 3, when Southwestern Public Service Company brings the General Electric "House of Magic" show to town, to be shown at the Farwell high school auditorium, at 7:30 p. m.

The production here will feature the most striking of many exhibits designed by General Electric scientists and research men to acquaint laymen with the advances that are being made in making electrical power more useful to mankind.

While some of the exhibits are of a scientific nature, others are produced as entertaining exhibits of electrical miracles that have more practical uses.

Dan J. Castles of the Plainview office of the Southwestern Public Service Company serves as master of ceremonies for the 60 minute show. He is assisted by H.E. Laird, a lighting specialist from the Plainview office.

The exhibition includes demonstration of light bulbs in all sizes, with some newer developments in lighting such as the match-stick sized 1000 watt bulb used to light air fields during the war. Also shown is fluorescent light, being used for many purposes, and the mercury vapor lamps being used for street lighting.

Other developments from the GE laboratory include stroboscopic lighting, photo electric cells which are used to control lighting, the use of electrical energy to turn gears through space, black light which cannot be seen, and the use of polaroid lenses to diffuse light rays.

**650,000 COPIES SOLD**

More than 650,000 copies of the "American Practical Navigator", only official United States reference on navigation, have been sold since its first publication in 1802. About 750 copies of the book, published by the Navy Hydrographic Office since 1896 are currently issued each month.

**USING JET ENGINES**

Latest Navy patrol bomber, land-based, incorporates reciprocating and jet engines. Each of two wing nacelles, one of each side of the fuselage, has an opening in front for propeller power and a small slit in the rear for jet exhaust.

**Discuss New Cage Rules At School, Tuesday**

Fans who are interested in keeping up to date on the popular cage sport, whose season is just opening, are invited to the Farwell school at 7:30 next Tuesday night, December 7 when a discussion on new rules will be made by school coaches.

Supt. Jack Williams today pointed out four particular changes that will probably make fans blink their eyes at their first 1948 game.

The newest innovation and widest change is for the girls, who at long last are allowed to take two dribbles before either passing or shooting the ball.

Substituting has been made easier this year. Although new players are still required to wait until the ball is dead, and must get a "come on" signal from the referee, they need not speak directly to the official but rather go to the player who they are replacing.

In the girls game, a change comes about on the last three minutes of play. In that time, the team which is allowed a free shot gets the shot and also gets the ball out of center. Previously, if a free shot was made, the opposing team got the ball, and many coaches preferred to have their players take the ball out of bounds and try to gain two points, rather than taking a free shot.

Don't drop dead when the boys go over to the sidelines to confer with their coach during a time-out or between quarters. It's the law!

For further points on getting the most out of the games you see, be on hand at the school next Tuesday.

**Services Today For Charles C. Weis**

Funeral services will be held this (Wednesday) afternoon at 2:30 in the Friona Methodist Church for Charles Clyde Weis, son of Mr. and Mrs. H. H. Weis, of Friona.

Rev. C. C. Hardeaway, of the Friona Methodist church, and Rev. T. B. Allen, Friona Baptist pastor, will assist an out-of-town minister with the services, and military rites will be observed at the graveside, with interment in the Friona cemetery.

Weis died Sunday morning in the Baptist hospital in Clovis, following a sudden attack, although he had not been in good health for several years. The young man was born November 1, 1926, in Friona, and had made his home there during his entire life, graduating from that high school. He entered service in 1945 and served with the Army of Occupation in Tokyo, Japan, being discharged in 1947.

A student at State College, Las Cruces, N. M., Weis was at home in Friona to spend Thanksgiving with his parents. He became ill Sunday morning and was rushed to Clovis for medical treatment, succumbing shortly after entering the hospital.

Immediate survivors include his parents, Mr. and Mrs. H. H. Weis, of Friona; two brothers, Leslie of Friona, and John Lee of Las Cruces; and his grandparents, Mr. and Mrs. C. C. Weis, of Friona.

**When Your Back Hurts -**  
And Your Strength and Energy Is Below Par  
It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood.  
You may suffer nagging backache, rheumatic pains, headaches, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder.  
There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's today.

**DOAN'S PILLS**

Mrs. A. C. Green, former Texico resident, was here from San Jon, N. M., for a weekend visit with relatives and friends.

Mrs. Lloyd Taylor, of Lubbock, was a guest the past weekend in the home of her parents, Mr. and Mrs. A. D. White.

Mr. and Mrs. Johnnie Williams and the G. D. Anderson family, all of this city, were Thanksgiving dinner guests in the home of Mr. and Mrs. G. D. Anderson, Jr., at Bovina.

Mr. and Mrs. T. E. Harrison, of San Diego, California visited in the home of his sister Mrs. J. H. Stone, and family, during the past weekend.

Carthon Phillips, who is stationed at the air base near Salina, Kansas, visited his parents, Mr. and Mrs. A. F. Phillips, the past weekend.

Mr. and Mrs. F. S. Thigpen returned home the first of the week from a trip to Sweetwater, where they spent a few days combining business and pleasure.

**\$6,095,696 IS SAVED**  
An estimated \$6,095,696 was saved by the Navy during the fiscal year 1947 as a result of its employee beneficial suggestion program.

# Local Happenings

## WSCS Joint Meeting Held In Clovis, Tuesday

The Trinity Methodist Church was host church to a joint Zone and District meeting of the WSCS of the Methodist churches on the past Tuesday. A total of 120 members and six pastors from over the district were present for the all day meeting.

The morning program was under the direction of Mrs. Rucker, of Bellview, Zone president. The theme of the morning program being, "Youth And Children Work." Mrs. M. L. Norris of Clovis, gave an interesting talk on her trip to Europe the past summer at the close of the morning session.

A delicious luncheon was served at the noon hour by the ladies from the Trinity Methodist Church in Clovis. After which Mrs. K. I. Langley, of Tucumcari, District president, was in charge of the program.

During the afternoon Mrs. Langley introduced the Conference president, Mrs. Morgan, of Pecos; and the Conference Superintendent of Literature Mrs. Barton who in turn brought the afternoon program. The outline of work for the coming year was the theme of the afternoon program.

Representatives of the Texico-Farwell Methodist Church were, Mrs. B. N. Graham, Mrs. Anne Overstreet, Mrs. Roy B. Ezell, Mrs. W. H. Graham, Mrs. G. W. Atchley, Mrs. N. L. Tharp, Mrs. Albert Thomas, and Rev. and Mrs. Harvey Carrell.

## Local Auxiliary Sponsors Book Review, Monday

The Texico-Farwell American Legion Auxiliary sponsored an interesting on the book entitled, "We Walk Alone", the past Monday night with Mrs. T. L. Matthews of Littlefield, giving the review. The book was written by a Spanish-American war veteran, and gives his true life story during and after the war. He developed the Hansen's disease, (commonly known as Leprosy) during his service in the Pacific and he gave complete details of his life in the Leprosarium in the Philippines, and of his return to his home in the United States, where he entered the U. S. Marine Hospital, National Leprosarium at Carville, Louisiana.

The review was well attended, considering the other social activities and donations amounted to \$15. President Mae Porter, expressed the sincere regret that this amount wasn't doubled, but she added, "We feel that this review was not in vain. And that the donation even though small was deeply appreciated."

The Auxiliary expressed their heartfelt thanks to Mrs. Matthews for the interesting review and also to the faithful ones who contributed to this worthy cause.

Several out-of-town guest from Clovis and Littlefield were present for the review.

## School Lunch Room Week Opens Dec. 13

Supt. Jack Williams has announced that the Farwell school will observe School Lunch Room Week beginning on December 13th. During the entire week, patrons of the school are invited to visit the lunch room for their noon-day meals, and inspect the food and facilities of the cafeteria.

Outside visitors, Williams explained, cannot be accorded the same consideration shown students, in that they will be required to pay a normal price for their meals rather than being served at student prices.

Mrs. Bill Banks and daughter visited on Thanksgiving with her parents, in Morton, Texas.

## Recent Bride Honored With Shower, Tuesday

A lovely shower and social honoring Mrs. Orval Francis, recent bride of Orval Francis, was given in her home in Texico. Hostesses for the occasion were Mesdames Russell Johnson, Roscoe Burris, Edward Engram, Dick Doshier and Levi Reid. Many lovely and useful gifts were received by the honoree.

Delicious refreshments were served in the dining room from a lovely candlelight table with Mrs. Russell Johnson pouring assisted by Mrs. Levi Reid.

Miss Margret Doshier was in charge of the guest book with the following guest registering: Mesdames Carl McCully, Lee Osborne, Frank Pesch, Felix Monroe, Virgil Boone, M. H. Poteet, Junior Crume, Perry Crawley, T. W. Reid, Grayson Roberts, E. M. Roop, Leona Bailey, Homer Dykes, Elliott, Sam Randol, Ray Mears, W. J. Matthews, B. O. Faville, and Miss Margret Doshier of Texico-Farwell.

And Mesdames Elmer Howell, Emmett Hobdy, Ansel Francis, A. D. McDonald, Roy Williams, and J. K. Spinks, and mother, Mrs. Francis, of Clovis, and the hostesses.

Regrets were received from a large number of friends unable to attend.

## Lunsford Home Scene Of Family Reunion

The home of Mr. and Mrs. Charley Lunsford in Farwell, was the scene of a family reunion the past Sunday when all the family members gathered to enjoy a delicious dinner consisting of "Turkey an' dressing" with all the trimmings. After the dinner a number of the group motored to Clovis to attend the ball game, while other members of the family enjoyed an evening of visitation at home.

Those present were Mr. and Mrs. Joe Crume and family, Farwell; Mr. and Mrs. E. V. Plaster and son Dickie, Clovis; Mr. and Mrs. Buster Lunsford, Texico; Elmo Lunsford, Farwell; and the host and hostess, Mr. and Mrs. Charley Lunsford.

## Community Supper At Oklahoma Lane

Plans have been announced for a community supper at the Oklahoma Lane school auditorium, Friday evening of this week, to which the public is invited. The dinner will be in the form of a covered dish affair.

Following the meal, a free-will offering will be taken to raise funds for the annual Christmas tree festivities, an event of long-standing with the people of that community. The Christmas tree program will be held on Christmas Eve.

## Thanksgiving Visitors In Caldwell Home

Miss Ruth Caldwell, who is teaching at Seagraves, spent the Thanksgiving holidays with her parent, Mr. and Mrs. J. R. Caldwell, in the Oklahoma Community. Other visitors in the Caldwell home during the weekend were, Mr. and Mrs. Bob Caldwell, Mr. and Mrs. Tom Caldwell, Mr. and Mrs. Bedford Caldwell and boys, and Mr. and Mrs. J. J. Troehlich, Jr. and baby, Mr. J. J. Troehlich, Sr. of Hansen, Idaho.

## Go To Portales

Mr. and Mrs. Jim Bob Smart spent Thanksgiving Day in Portales in the home of Mrs. Smart's parents, Mr. and Mrs. Loyd Sanderson. Misses Loris June and Nancy Lou Sandersons, sister of Mrs. Smart, returned to Farwell with them for the weekend.

## Hike Is Enjoyed By Group, Wednesday

The Treadwell chapter of Royal Ambassadors met Wednesday afternoon and enjoyed a hike, with a weiner roast to climax the outing.

Boys in the group were Bob Spears, Joe Spears, Truitt Hardage, Glynn Hardage, Gerald Hardage, Deon Braunschum, Johnny North, Robert Tucker, Jimmy Moss, Dick Lockhart and Allen Lockhart. They were accompanied by Rev. O. O. Holladay.

The RA group meets each Wednesday afternoon following school hours in the home of Mrs. Lockhart.

## Birthday Social Held Friday Afternoon

Young Bill Quickel, son of Mr. and Mrs. Wilfred Quickel, celebrated his third birthday last Friday afternoon with a party in the home of his parents.

At the conclusion of games, birthday cake was served with punch and candy to Janice Meeeks, Anna Lee Thompson, Pat Kaltwasser, Calalya Ann Roberts, Beverly Purvis, David Watkins, LaVerne Kube, Mildred Ann Carrell and the young honoree.

## Community Sing Will Be Held Thursday

A community sing is announced this week, to be held Thursday evening, December 2nd, in the local Baptist Church, beginning at 7:30, Texas time.

Walter Hardage will direct the sing fest, and all people of the community are extended a cordial invitation to be on hand.

## Back To College Work

Misses Peggy and Jean Rogers, Mary Harding and Beryl Brown, Mr. and Mrs. Calvin Blain, Charles Felts, Scotty Levins, Junior Harding and Sonny Graham have returned to FNMC, Portales, after spending the holidays with relatives and friends.

Also heading back to school were Miss Maxine Ford and Mr. and Mrs. Jess Herbert Pipkin, of WT, Canyon; Misses Joan Booth and Jo Ann Williams, Glen Phillips, Kenneth Jacks, Lee McDaniel, Warren G. and Hershel Harding, all of Texas Tech.

## Fly In For Holidays

Duane Sprawls, senior student at Texas A. & M., and Norma Jean Thomas, Texas University senior, flew in to Lubbock last Wednesday to spend Thanksgiving with their respective parents, Mr. and Mrs. Aubrey Sprawls and Mrs. Ethel Thomas. The local people met the students in Lubbock and drove them to Farwell.

## Are Dinner Guests

Dinner guests in the home of Mr. and Mrs. Benny McDonald, in Clovis, on Thanksgiving Day, were their son, Charles McDonald, Archie Hamm, both of Tucson, Ariz., Mr. and Mrs. Felix Monroe and Mrs. J. L. Nalley of Farwell.

## Here From California

Mr. and Mrs. E. A. Thomas and children, of Betteravia, California, were Thanksgiving guests in the home of Mrs. Thomas' sister, Miss Hazel Dishman, in Farwell. They were enroute to various parts of Oklahoma and Texas to spend the next three weeks visiting with relatives and friends before returning to their home.

## In Brewer Home

Mr. and Mrs. Glenn Brewer and son, Noel, of Alamogordo, N. M., and Mr. and Mrs. V. M. Elliott and sons, Bobby and Gary of Fargo, Okla., were Thanksgiving visitors in the home of Mr. and Mrs. Loyde Brewer in Farwell. The Elliots left for their home on Friday, while the Glenn Brewers remained until Sunday.

## Guests Of Armstrongs

Mrs. Anne H. Overstreet, J. D. Hamlin and Mr. and Mrs. Frank Elliott, all of Farwell, and Mr. and Mrs. Jason Gordon and children Janie and Kenneth, of Lubbock, were Thanksgiving dinner guests in the home of Mr. and Mrs. John Armstrong, near Farwell.

## Here From Silver City

Mrs. Payne Sears and her daughter, Mrs. Mary E. Leake, and her son Bruce Allen Leake, spent last weekend in the O. C. Sikes home. They departed for their home in Silver City, N. M., Monday, accompanied by Mrs. S. C. Smith, mother of Mrs. Sikes, who expects to remain in Silver City until after Christmas.

## Attend Reunion

Mr. and Mrs. N. E. Bonds and family, of Bovina, drove down to Plainview on Thanksgiving Day, where they attended a family reunion. Sixty-two members and descendants gathered for the affair, which was held in one of the cannery sheds with a big dinner featuring the occasion.

## Home For Holidays

Misses Mary and Phyllis Mendoza students at a school of commerce in Albuquerque, spent the holidays in the home of their parents in Texico. They returned to Albuquerque via train on Sunday night.

## Visit Relatives Here

Mr. and Mrs. Jim Cleve Dixon, of Lubbock, and Mr. and Mrs. Harold Dixon and daughter, of Albuquerque, were Thanksgiving visitors with their mother, Mrs. Ruby Dixon; grandmother, Mrs. J. C. Temple, and aunt, Miss Laura Temple.

## CARD OF THANKS

I wish to thank my many friends and relatives for the beautiful flowers and kindnesses while I was ill. I am now able to be up and around the house. May the Lord bless each and every one of you.

Mrs. Chester Magness.

## Visit In Canyon

Mr. and Mrs. Paul Wurster and son, Tommy, visited during the Thanksgiving holidays in Canyon with Mr. and Mrs. Gordon Lyons, who formerly lived in Farwell.

## Here From Amarillo

Miss Delores Green, a student nurse from Northwest Texas Hospital in Amarillo, and Freddie Graw, of Long Beach, Calif., were here visiting friends and relatives over the weekend.

## In Aldridge Home

Thanksgiving guests in the home of Mr. and Mrs. Sam Aldridge were Mr. and Mrs. John Oneal, of Lubbock and Bobby Hart and Richard Griffin, both students at Texas University in Austin.

## Visit At Field

Mrs. Albert Thomas, of Texico, and Mr. and Mrs. Paul Wurster and son, Tommy, of Farwell, were in the home of Mr. and Mrs. Claude Thomas, in the Field, N. M., community, to enjoy Thanksgiving dinner.

## Granddaughter Visits

Mr. and Mrs. B. N. Graham had as their guest the past weekend their granddaughter, Ray Ann Ross, of Morton. She returned home Sunday with her parents, Mr. and Mrs. Raymond Ross, who had spent Sunday in the Graham home.

## Entertains Thursday

Mrs. Hayden Cason entertained on Thanksgiving Day with a dinner at her home in Farwell. Guests were her father, C. E. Crume, and son, Bill, of Farwell, and Mr. and Mrs. Dick Crume of Lubbock.

## License Issued Monday

A marriage license was issued at the local clerk's office on Monday, November 29th, to Miss Olive Pearl Strickland and Reuben Townsell Taylor, both of Friona.

Jim Bob Roop, a student from Texas Tech, was here over the weekend visiting his parents, Mr. and Mrs. E. M. Roop in Texico.

## CHRISTMAS BUYING CAN BE EASY

By starting in now to select your Christmas gifts from our choice stock and letting us lay them away for you, you will simplify that last-minute ordeal that always winds up in confusion and some disappointments. Come in now and let us help you.

## Visit In Amarillo

Mr. and Mrs. Ben O. Smart and family spent the Thanksgiving holidays visiting in the home of her parents, Mr. and Mrs. Bob Lieiner in Amarillo.

Mrs. A. C. Green and daughter, Delores, of San Jon, spent last Friday in the Stanley Stewart home.

Mrs. Harvey Carrell and children visited last weekend with relatives in Snyder, Texas.

## CARD OF THANKS

May we take this means of expressing our very deep appreciation to all those who in any way helped to alleviate our suffering during our recent hours of bereavement. Your many kind words and deeds, the beautiful flowers and cards will be remembered by us all.

Mrs. Edna Paul and family, G. W. Paul, Gladys Skaggs, Lewie Paul and family, Paul Skaggs and Family.

Mr. and Mrs. David Carson entertained with a birthday dinner in their home Saturday night honoring Mrs. Carson's mother, Mrs. J. I. Gober.

Those enjoying the lovely affair were: Mr. and Mrs. Webb Gober and

boys, Mr. and Mrs. Lloyd Gober and son, Mr. and Mrs. Fred Carson, Mr. and Mrs. J. I. Gober, Scottie and Doris Marie, Mr. and Mrs. A. B. Wilkinson and Mrs. W. M. Wilkinson of Harrold, Texas.

### STUDY CLUB MEETS

The local Womens Study Club met with Mrs. Bill Kyle on Monday, November 22, with Mrs. Clarence Jones as co-hostess.

Roll call was answered with favorite recipes.

Mrs. G. D. Anderson, Jr., was leader and gave a talk on the American home, then led a round-table discussion on the subject which was very interesting.

Mrs. Bob Wilson gave an interesting talk on Christmas decorations. She showed several decorations that she had made at home to be used in the reception room. She also had several table decorations and candles

she had made at home.

Lovely refreshments were served to Mesdames G. D. Anderson, Tom Caldwell, J. P. Macon, Webb Gober, Arnold Hromas, David Carson, Chas. Ross, William Thornton, Lloyd Battey, Reagan Looney, Bedford Caldwell, Bob Wilson, A. B. Wilkinson, H. J. Charles, Billie Sudderth and the hostesses, Mmes. Clarence Jones and Bill Kyle.

### "CAN YOUR DOG READ YOUR MIND?"

A dog's mournful howl announced the death of his mistress, who was in a hospital miles away! This is just one of the many cases that have scientists wondering if animals have the mystifying gift of extra-sensory perception. It's in The American Weekly, that great magazine distributed with next Sunday's Los Angeles Examiner.

Tribune want ads get results.

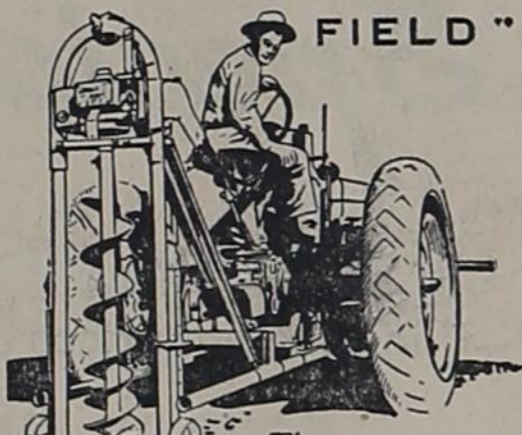

You thought you'd get a choice roast for your guests—but are you sure it IS choice. You'll be sure if you've bought it, or any other meats, from us. Our meat men know exactly when the meat was purchased and from whom. That way they can help you choose really fine, fresh meats that are nearer worthy of today's high prices. You can't go wrong if you shop here.

To the Woman Who Preserves Foods at Home—

# Preserve Foods by Freezing —

it's easier, quicker—results are better

Freezing foods is simple. It's the easiest way of preserving . . . requires half the time, half the effort. There are only seven steps to follow for freezing . . . fourteen for canning.

With a Deepfreeze home freezer, you no longer spend long tiresome hours over a hot stove, or go through the drudgery of washing and sterilizing jars. You save time, work, food and money.

Freezing is nature's way of preserving foods. It seals in all the quality, flavor and food value . . . it retains the appearance, texture, and color of the choice fruits and vegetables you grow or buy. And it keeps them SAFE from food spoilage.

The Journal of the American Dietetics Association (June issue, 1948), Cornell University, states that no case of food poisoning from frozen foods has ever been reported.

De Luxe Model C-10, 10 cubic ft., holds more than 350 lbs. assorted, perishable foods. \$449.50 delivered. Other models for any size purse—any size family. Small down payment. Easy terms.

There's only One!

**Start Storing Pecans Now, Is Advice**

COLLEGE STATION.— Whether they are canned, frozen or in the shell, pecans go nicely with cold evenings by the fireside. And, if you intend to store any of this year's big crop of pecans, don't wait too long to get started. This information comes from Lucille Shultz, extension food preservation specialist of Texas A. & M. College.

Waiting too long before putting them away might give the pecans a chance to get rancid. So for best results, store them before January.

Freshly shelled pecans may be packaged in cellophane bags, tin cans, freezer jars, or heavily waxed cartons. Seal the container and store at 0 degrees F. in a home freezer or a commercial locker. No heating is necessary when freezing pecans.

If you're canning pecans, they should be shelled, sorted, and cleaned of all the little bits of shell. Put pecans in a slow oven for a pre-heating treatment, but make sure they don't scorch. When done, pack the pecans within an inch of the top of hot, dry jars, and drop in a piece of crumpled parchment paper to absorb the moisture.

Semi-seal the jars and put them in the pressure cooker. Adjust the lid and clamp. Leave the pet-cock open for seven minutes, or until you see the steam coming out. Close the cook lid and raise the pressure to five pounds. Release it immediately to bring out the moisture, and, at the same time, create a vacuum inside the jar.

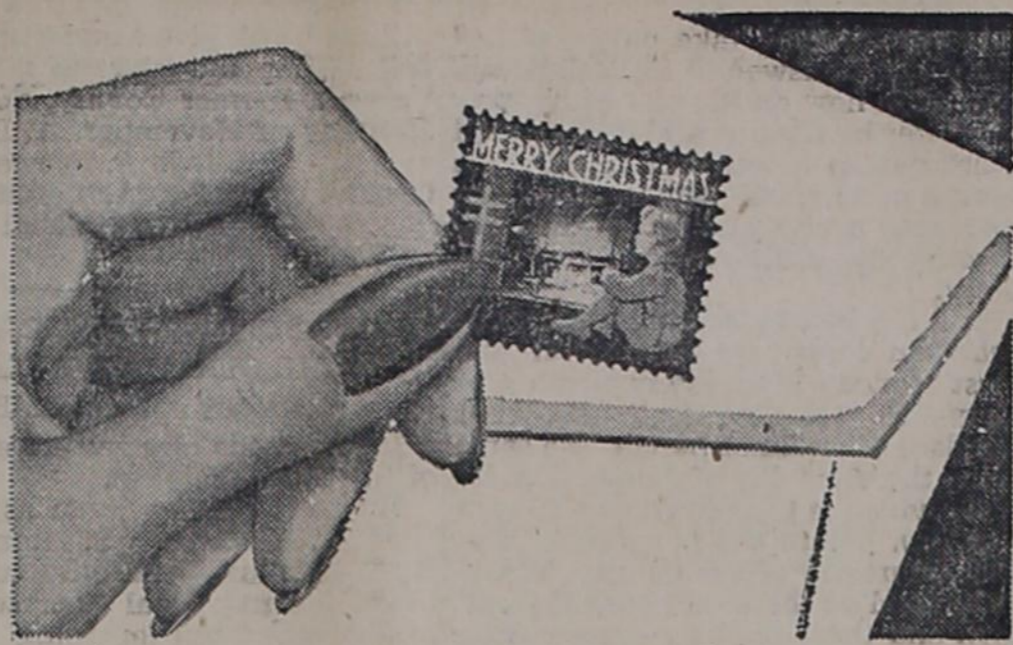

Take the jars out of the pressure cooker and complete the sealing job. Wipe them dry and allow to cool before storing them on the pantry shelf. Now they're ready for eating.

If you'd rather leave the pecans in the shell, better store them below 32 degrees F.—and they will last as long as a year.

Whether frozen, canned or stored in the shell, says Miss Shultz, they'll taste mighty these cold winter evenings or next spring.

**LIMAS 'N BACON**

A hearty fall casserole suitable for lunch or supper features lima beans and bacon. Arrange lima beans in layers in a casserole with onion rings and tomato sauce. Top with bacon or Canadian-style bacon. Bake in a moderate oven (350 degrees F.) for 30 minutes.

**The Seal that lives . . . and lets live**

Christmas Seals live throughout the year . . . make possible 365 days of tuberculosis education, X-ray examination, patient rehabilitation and medical research.

The result? Since 1907 it is estimated that they have helped save an average of *ninety thousand lives a year.*

As always, the 1949 program of the tuberculosis associations will be financed by your purchase of Christmas Seals. So please, take just a moment—send in your contribution today.

**Buy Christmas Seals**

**Making the Washday Job Easier, Quicker**

COLLEGE STATION.—Here are some hints from Gladys Darden, assistant home management specialist of the Extension Service at Texas A. & M. College, for making the wash-day job a little easier.

Hang the clothes on lines located near the laundry area to save steps and time—and save your energy by placing the clothes basket on a laundry cart or the youngster's wagon. An apron with large pockets or a bag hanging on the line will keep the clothespins in easy reach.

Hang the towels, pillow cases, and tea towels one-third over the line so you won't get dog-eared corners. The same goes for sheets and table cloths, except they should be doubled with the hems together.

By grouping the napkins and hand-

kerchiefs together and hanging them over the line like other flat pieces, a bit of space can be saved. But don't hang them by one corner. They'll get dog-eared that way. Pin the shirt up by the tails, and hang the dresses, gowns, and pajama tops by their shoulder seams. Trousers, shorts, and pajama bottoms should be hung by the waist—and to make ironing easier, try using pants stretchers.

Hang the slips by the underarm section—and fold all the flat clothes as they are taken from the line to reduce wrinkles as they are put in the child's wagon or the laundry cart, says Miss Darden.

**ATTENDING MEETING**

LUBBOCK—W. P. Clement, registrar at Texas Technological college, is attending the mid-winter meeting of executive committee of American Association of Collegiate Registrars, Nov. 22-23 at Cincinnati, Ohio.

**Turkey Talking Time For Texas Growers**

COLLEGE STATION.— Things are better this year for turkey growers. The turkey situation at present is putting turkey raisers in Texas in a slightly better place than they were last year at this time.

This is the year turkey producers get a fair price for the birds. And this year the feed costs were a little less than last says the extension poultry husbandman, Ted Martin, of Texas A. & M. College.

There were fewer turkeys produced this year than were last, and this year's turkey crop is better quality stock because of better breeding, feeding and general management.

Turkey producers should make their plans now for next season because the turkey hatcheries can do a better job of planning if they can check on the number of advance bookings. Chicken hatcheries like very much to have early bookings, and the turkey hatcheries are no different, says Martin.

Quite a large number of high quality turkey eggs are shipped out of Texas, and the turkey growers have to compete against them at marketing time. So it's a good idea to book the turkey poults early in order to get the best quality birds.

Martin says to make your deal with the hatcheryman early, even though you don't plan on getting your poults until later in the season. It will pay to check now to be sure of your poults when you want them. And, while you're getting poults, get the best. Buy them from producers that have high quality birds free from disease.

Poults from flocks that haven't been tested for pollorum disease are more apt to die than the ones tested. There are several points to look for in parent stock when selecting birds: be sure the parent stock has been selected for quick maturity, fast feathering, and good fleshing.

In other words, says Martin, a bird with lots of meat will make for a better turkey industry in Texas.

So start planning now for next seasons' turkey production.

Satiny smooth green lacquer, as richly dark as the luxuriant foliage of the traditional Christmas tree, is a fine foil for the sturdily-ridged texture weave carpeting in medium grey. The looped pile is built to withstand hard wear from Junior.

**Roaster Is Useful Aid In Kitchen**

COLLEGE STATION.—"An electric roaster is a useful addition to the kitchen, and need not be considered a substitute for the range," Mrs. Bernice Claytor, extension home management specialist of Texas A. and M. College, says. "A roaster may be too small for convenient general family cooking, except in emergencies, but it is very useful whenever you are preparing meals for a large group or whenever the range is crowded."

The U. S. Department of Agriculture has had many queries regarding the use of the electric roaster, Mrs. Claytor says, and in answer, the specialists have several suggestions that will put the electric roaster to the best use.

Many farm families, they say, use a roaster for summer cooking, when wood or coal ranges make the kitchen uncomfortably hot. A roaster can cook a whole meal for a small family,

and apartment dwellers will find that a roaster plus a hot plate will do the cooking very satisfactorily.

The important advantages of the appliance are the ease with which it can be moved and the fact that it can be plugged into any outlet. It can be moved from the kitchen to the recreation room, for instance, or used in community halls for special occasions.

It's a good idea to have a convenient spot in the kitchen for the roaster, preferably a stand or table of comfortable height near an electric outlet, where it can be kept, Mrs. Claytor concludes. It's a nuisance to have to lift it out of a cabinet or cupboard each time it's to be used.

**SAUCE FOR A PORK CHOP**

Good to serve with pork chops—ground orange and cranberry relish. In fact, thinned out with water, this same relish makes a good liquid in which to braise the chops. Serve with baked stuffed potatoes.

**Married Men Now Acceptable As A. C. Cadets**

The Air Force has changed its eligibility requirements for aviation cadets, effective Monday, November 15, to allow married men to apply for aviation cadet training.

Qualified young men between the ages of 20 and 26½ years, with two years of college education or the ability to pass an equivalent examination, with good physical condition and high moral and personal qualifications, will now be eligible for aviation cadet training, regardless of marital status.

The first married applicants are expected to enroll in the March classes, which will open for basic training at Randolph Air Force Base, San Antonio, Texas; Waco Air Force Base, Waco, Texas; Perrin Air Force Base, Sherman, Texas; and Goodfellow Air Force Base, San Angelo, Texas.

The basic classes begin three times yearly, in March, July and October, extending eight months after which each class is divided between Barksdale Air Force Base, Shreveport, Louisiana, for advanced twin-engine training, and Williams Air Force Base, Chandler, Arizona, for advanced single-engine training. The advanced training extends four months, to complete the year of aviation cadet training.

Graduates are commissioned Second Lieutenants in the Air Force Reserve and assigned to three years of active duty with the Air Force at a salary approximately \$4,000 per year. Outstanding graduates have the opportunity to be considered for one of the many regular commissions given each year. Under the Air Force promotion policies second lieutenants are eligible for early temporary promotions, and are assured permanent promotion to first lieutenant after three years of active duty.

**Mitchell New Prexy Of West Texas CC**

ABILENE.—A West Texas banker and a group of well-known business men will direct the activities of the West Texas Chamber of Commerce for another year in what has been declared the most outstanding work program in the history of the organization.

John D. Mitchell, president of the First National Bank of Odessa, is the new president of WTCC. He formerly was a Lubbock banker and has been active in West Texas financial affairs for a number of years.

J. M. Willson, Floydada, owner of a dozen lumberyards on the plains, and a trustee of SMU and McMurry and active in Boy Scout work, is first vice president. B. P. Bludworth, outdoors advertising man of Brownwood, is second vice president, and Frank Kelley, Colorado City oil man, is third vice president. Ed S. Stewart, Abilene candy manufacturer was elected treasurer.

D. A. Banded was reelected to the general managership where he has been for 20 years, with a rising ovation to his long leadership in West Texas activities.

Principal activity of the organization for the ensuing year will be in its fight for protection of domestic water rights and attempt to increase water development in the area.

Good pastures and good pasture management are needed of the dairyman is looking toward the successful operation of a long-range dairy program.

**More Meat For The Locker This Season**

COLLEGE STATION.—Its deer season again. There'll be more meat in the locker the next couple of months. You can store that venison right in there with the beef and the pork, and look forward to a fine meal of venison steak some evening.

Texas ranks about sixth in the nation in deer population, says R. E. Callender, extension wildlife conservation specialist of Texas A. and M. College, with about 300 thousand deer. Hunters in Texas will harvest legally around 40 thousand deer this season.

Besides having the sport of tracking down a big ten-pointer, every hunter that bags a buck will add more than a hundred pounds of meat to the family menu. Game cannot be sold legally in this state, but landowners will still be on the legal side when they pocket money for leasing out hunting privileges on their land.

Callender says you can keep upland game birds or game animals in cold storage as long as you want, but 90 days is the limit after the season closes on migratory birds and waterfowl according to federal law.

The care of the meat should begin as soon as the animal has been killed. Properly bleed and field dress the animal where he falls. Some hunters use a sack made of heavy canvas or bleached sheeting to cover the deer in the field or camp to protect it from the insects. Keep the carcass dry, and don't skin the buck until you get to a place you can put the carcass right into cold storage.

If the weather's cool, the deer can be kept in camp until the hunting party is ready to go back to town. But warm weather makes it necessary to get the freshly killed carcass into storage right away. If this isn't possible, then it's a good idea to hang the carcass out at night and keep it wrapped in blankets in the shade during the day.

Callender advises saving the hide to tan later on. It can be made into gloves or jackets, and now it's legal to sell deer hides in this state. Extension Bulletin B-86 will give you the clues on how to tan leather at home.

This is deer season, says this wildlife specialist, but shoot to kill. Don't let a wounded animal get away.

Light around the house may often seem dim at this time of the year when the evenings are longer. The light from lamps can be increased simply by arranging for more and better reflection.

**Wonder If She Picked the Bird?**

LOS ANGELES.—Honest, folks, Edward Anderson, chief dietician at a hospital, says this actually happened Thursday.

A woman, worried about the chestnut dressing for her Thanksgiving turkey, telephoned Anderson saying she was afraid to serve it because the nuts were hard as rocks.

Anderson asked her if, by any chance, she had shelled the nuts.

"Oh," she inquired sheepishly, "do you have to shell them?"

Tribune job printing is best

PAMPHLETS ISSUED

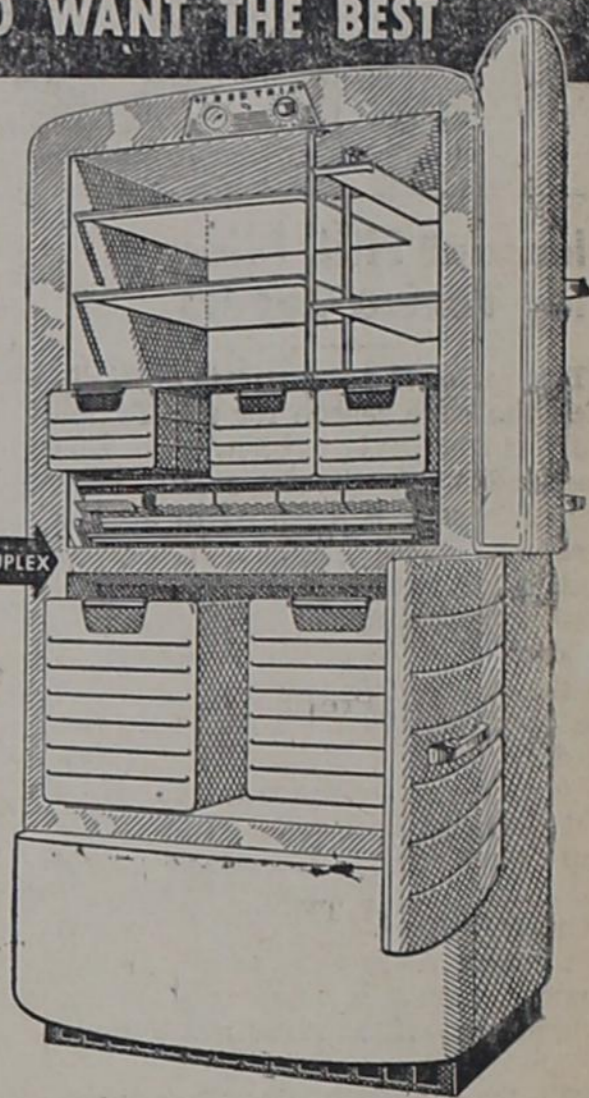

AUSTIN—Two pamphlets dealing with problems of mental health have been issued by the University of Texas Hogg Foundation for Mental Hygiene. One is "Mental Health of Older People", written by Dr. Evelyn Carrington, University educational psychology professor, and the other is "Facts and Statistics of Significance for Psychiatry" by Dr. William C. Menninger of Topeka. The pamphlets are available to 2,666 persons on the Hogg Foundation mailing list and all others interested.

Some people are fenced off from success by their own railing.

## Pleasant Hill, Elida Play Texico Cagers

Two series of home games officially open the cage season for the Texico Wolverines and Whirlwinds this weekend, with the boys and girls from Pleasant Hill slated to appear here on Friday night, while the Elida boys, first and second strings, come here Saturday night.

Coach C. E. Sanders, in reporting on the approaching games, said that the girls' match is slated to be the hardest for the locals Friday. Reports reaching here are to the effect that Pleasant Hill has a perfect batting average so far, and are as strong—if not stronger—than last year.

On the other hand, the Pleasant Hill boys are expected to be the underdogs, and it is believed that the Wolverines will handle them in good style.

"Hotter than a bank robber's pistol" is the way Sanders summed up the Elida "A" string, which his boys face on Saturday night. In contests already played, Elida has dumped Rogers, Dora and Floyd, it is reported.

Game time for both nights is set at 7:30, Texas time, with admission of 35c and 40c being charged. Beale and McDowell will referee on Friday

night, with Hudson and Crouse having that assignment Saturday.

### Complete Schedule Given

Other games slated for the locals during the season are:

- Dec. 17—Ranchvale, there, boys and girls.
- Dec. 22—Clovis, here, two boys.
- Jan. 4—Bovina, there, boys and girls.
- Jan. 14—Dora, there, two boys.
- Jan. 15—Melrose, here, two boys.
- Jan. 21—Ranchvale, here, boys and girls.
- Jan. 28—Pleasant Hill, there, boys and girls.
- Jan. 29—Floyd, here, two boys.
- Feb. 4—Rogers, here, two boys.
- Feb. 5—Grady, here, boys and girls.
- Feb. 11-12—County tournament.
- Feb. 18—Rosedale, here, boys and girls.
- Feb. 25-26—District tournament.

### Crawley Team Drops Close Game, Monday

The Crawley Bakery team, made up of Texico outsiders, dropped a close decision to the Starkey squad in Clovis, Monday night, 30-31. The local team is participating in City League games played in Clovis each week.

High man for the Texico squad in the Monday game was Johnson, who racked up 15 points, while Shiplett led Starkey's with 10.

Other players on the Crawley team include Harry Sheets, Jake Winkles, Preston and Albert Martin, Jack Houston, Jack Ham, Kenneth Thompson, Harry Baker and Leonard Lewis.

In a game played on Wednesday night before Thanksgiving, the boys were eased out by a strong Grady aggregation, 45-49.

Next Monday night the Crawley team is slated to meet the Autrey Implement group, from Melrose.

### Cage Workouts Start At Farwell School

Initial cage workouts for both boys and girls of the Farwell school have begun, with Louis Purvis in charge of the boys and Jack Williams directing the activities of the girls.

Coach Purvis said the first of the week that he had some 35 boys turning out for practice, but added that it was still too early to begin predicting the probable strength of the squad.

Returning to the lineup are such players as Thomas, Booth, Ford, and Henneman, who have seen considerable activity here, while Foster and Terry, coming in from the Oklahoma Lane district, are also veterans of the sport.

Coach Williams reported that the large majority of his prospects were sophomores, with a few juniors sprinkled among the more than-30 girls turning out.

First action for both teams this season will come next weekend, in an invitation tournament at Bovina, which opens on December 9th and continues through the 11th.

### Basketball Schedule Given For Farwell

A complete lineup of basketball games for boys and girls of the Farwell school was released on Tuesday by Supt. Jack Williams, with the season to get underway on Dec. 9, although the locals will play no conference games until after the Christmas holidays.

- The schedule is as follows:
- Dec. 9-10-11—Bovina tournament.
  - Dec. 16-17-18—Farwell tourney.
  - Jan. 4—Dimmitt, there.
  - Jan. 7—Adrian, here, conference.
  - Jan. 11—Lazbuddy, there, conference.
  - Jan. 14—Vega, there, conference.
  - Jan. 18—Bovina, here, conference.
  - Jan. 21—Friona, here, conference.
  - Jan. 25—Open.
  - Jan. 28—Lazbuddy, here, conference.
  - Feb. 1—Dimmitt, here.
  - Feb. 4—Bovina, there, conference.
  - Feb. 8—Friona, there, conference.
  - Feb. 11—Vega, here, conference.
  - Feb. 18—Adrian, there, conference.

Need letterheads? Dial 2131.

### Local Legionnaires Win Over Bovina In Bone-Buster Tussle

With no less than a half dozen of the participants suffering from bone and bodily injuries, and at least one sent to a hospital for treatment, the Texico-Farwell Legionnaires finally won over the Bovina Legion team in a bone-buster tussle staged here last Thursday afternoon, by a score of 13-0.

With the exception of Bob Suderth, who was hospitalized after the game, suffering a dislocated rib, none of the players suffered more than minor injuries.

It was a game of simply too much Phillips in the local lineup, with Bunk and Glenn Phillis being responsible for the greater part of the offensive work.

The first score came when Glenn Phillips heaved a pass to his brother Bunk, in the end zone, and converted for the extra point, to put the locals out in front by 7-0. The second counter came when Glenn Phillips went to the air again, with Pipkin on the receiving end. The try for extra point was blocked, and the game ended 13-0.

The Bovina exes came close to a score in the second quarter when they mauled their way to the 8-yard line with four gains to make the distance. Two 5-yard penalties erased their gains and kept them out of paydirt.

Amusement marked the game throughout, but spectators got the biggest laugh when Quickel blocked a punt by Glenn Phillips when a try for extra point was made. The ball smacked Quickel squarely in the eye and he had to be assisted from the field.

Receipts from the game were divided between the two Legion posts and each received about \$80.00 from the gate, after expenses were paid.

### Feed Crop Harvest Nears Completion

Farmers of this region are expected to be up with their fall feed crop harvest operations within the next few days, it was learned here this week.

All the combining work has been done, and the only work left to do now to complete the harvest is to get the bundles hauled in and stacked. Most of the bundles are sudan which remain to be threshed and the hay stacked or bailed.

Much of the bundle feed is also going to cattle feeders, who are grinding the headed grain up for their use in feed lots in fattening out many thousands of cattle at various pens in this and adjoining counties.

Selling feed in this manner has proven quite profitable during recent years. Frank Phillips stated today that his bundle crop this year proved the most profitable of any of his operations.

### HOUSE OF PERSONAL GIFTS

No gift can be as satisfying as one that packs a lot of personality. That's the reason you should visit our store for those personal items for all members of the family.
