FAILURE TO NOTIFY DRAFT BOARD OF STATUS CHANGE MAY MEAN INDUCTION

AUSTIN—Filing of the Texas draft quota of 2513 men for September is being jeopardized by the fact that many men, now classified in 1-A, have failed to report marriages and other changes in their circumstances, Brigadier Gen. Paul L. Wakefield, state director of Selective Service, charged in a strongly-worded statement today.

"If we fail to furnish the number of men desired from this state, this failure on the part of many men will be the chief factor in that failure," Gen. Wakefield said.

The state director said that many of the local draft boards are reporting that when they issue orders to report for physical examinations, many of the registrants are coming in with evidence of marriages that took place "many months before." Gen. Wakefield pointed out that if these men who have married had notified local boards immediately after the marriage took place, they would never have been sent an order to report for examination in the first place.

"We are operating with little time to get the job done demanded of us," the general said. "The local boards, unless they want to declare such registrants delinquent, have to turn around and get out an order to report for physical examination to the next man in order of age. All this takes time and our local boards have a short deadline to meet."

Selective Service wants to "be reasonable about this situation," the state director said, "but we know that the patience of our local board members are wearing thin. We just want to point out that it is no mandatory under the law that married men be re-classified into III-A under such circumstances."

"Such men who fail to report change of status, such as marriage, or a change of address legally, are eligible to be declared delinquent for failing to comply with the law. A delinquent can be inducted immediately ahead of all others under this law, and if we are forced to do so in order to meet our calls, we will comply with the law to the letter," Gen. Wakefield continued.

The state director concluded with the statement that notifications concerning marriage, change of address, and other changes of status are "the entire responsibility of the registrant," and that notifications of a

change must be sent to local boards in writing over the signature of the registrant.

"Too much damage already has been done," he said. "The time is almost past for men to get things squared with their draft boards."

FORMER TEXICO LADY DIES

Mrs. Isabella Plaster, 78, died Saturday at the home of her son, E. V. Plaster, 612 West 12th in Clovis. Funeral services were conducted at the Charles V. Steed Memorial Chapel Sunday afternoon, and burial took place in the Texico Cemetery, under the direction of Steed's.

Mr. and Mrs. Plaster formerly lived in Texico, moving to Clovis several years ago, where he passed away shortly afterwards.

Mrs. Plaster, who has been ill for some time, is survived by six daughters and two sons. They are Mrs. Jake Eaton, Clyde, Texas, Mrs. Bertha Kelley, Oregon City, Ore. Mrs. Margaret Boone, Albuquerque, Mrs. Wilma Grasier, Oak Grove, Ore., Mrs. Sarah Peugh, Alameda, Calif., Mrs. Eleanor Charleton, Midland, Texas, H. F. Plaster, Snyder, Texas, and E. V. Plaster, Clovis. Two brothers, Joe Griffith, Bedias, Tex. and T. W. Harper, Madisonville, Tex. a sister, Mrs. Katherine McDonald, Willis, Tex. 18 grandchildren and 15 great-grandchildren, also survive.

It's Super

for Thrifty Travel!

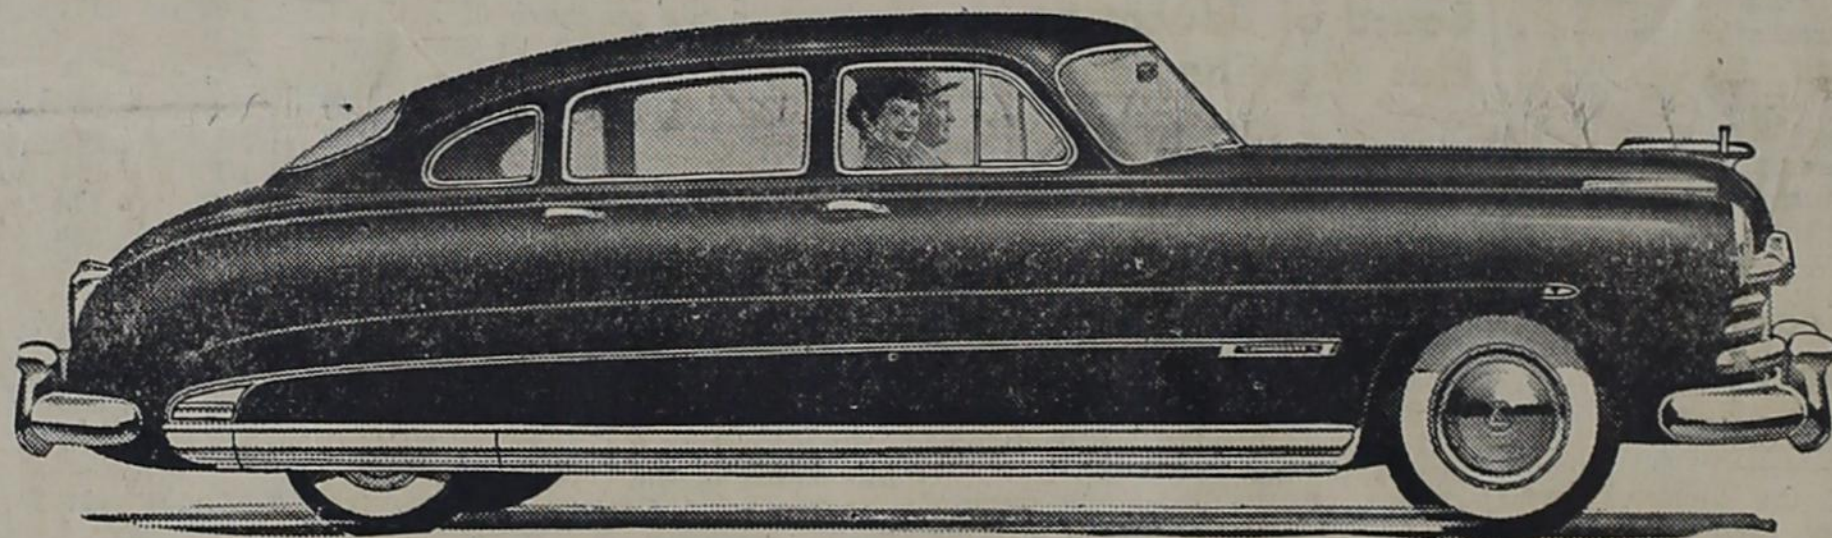

You'll find driving's a real "picnic" . . . when you OIL-PLATE your engine with new Conoco Super Motor Oil.

Proved by 50,000-mile Road Test! In a 50,000-mile road test, engines lubricated with Conoco Super Motor Oil showed amazing economy of operation. Gasoline mileage for the last 5,000 miles of the test-run was actually 99.77% as good as for the first 5,000 miles. Proving that Conoco Super Motor Oil — with proper crankcase drains and regular care — can keep new-car gasoline mileage.

Come in and let me tell you about "50,000 miles no wear!"

©1950 CONTINENTAL OIL COMPANY

How Hudson, with exclusive recessed floor, brings you the world's **Best Ride**

HUDSON

"Step-down" design, with its recessed floor, brings space between frame members, which is wasted in other cars, into Hudson's passenger compartment. This results in America's lowest center of gravity (and full road clearance) for a smoother, steadier, safer ride than is possible in any other car!

OTHER CARS

Floor is on top of the frame, so the vital space between frame members is not available for passenger use. This creates a higher center of gravity which results in less stability, less smoothness as you ride, particularly on curves, in cross winds and on rough roads.

YOU ARE especially invited to try a Hudson ride, to enjoy a new way of going not available elsewhere at any price!

Hudson's new way of building automobiles with exclusive recessed floor ("step-down" design) results in America's lowest center of gravity—which is the key to the steadiest road-hugging ride ever known!

Hudson's exclusive recessed floor also results in low-built, streamlined beauty. Right along with full road clearance, it brings you more head and seating room than in any other car!

And brilliant, high-compression engine performance, a traditional characteristic with Hudson, is another engineering triumph that makes riding in this great car the outstanding automotive experience of the year! Won't you try it soon?

The new, lower-priced Pacemaker brings you all of Hudson's great advantages for Just a Few Dollars More Than The Lowest-Priced Cars!

HUDSON
MOST ROOM! BEST RIDE! SAFEST!

Hudsons, with recessed floors, their great array of high-quality, long-life features, and advanced design, are among the leaders in resale value, as shown by Official Used Car Guide Books!

PUBLIC AUCTION EVERY WEDNESDAY

Bring in anything you have to sell. Sale on outside items starts at 12 o'clock, followed by livestock sale in the afternoon.

COL. DICK DOSHER, AUCT.

Only Chevrolet offers such a
wide and wonderful choice
...and at the lowest prices, too!

**You can choose between
Styleline and Fleetline styling**

Many an admiring glance will follow you when you roll by in your new Chevrolet with Body by Fisher. That's true whether you choose a Chevrolet Styleline model, with "notch back" styling, as the designers call it, or a Chevrolet Fleetline model, with "fast back" styling. Both are available on all Chevrolet sedans and at the same prices! Remember—Chevrolet is the only low-priced car that offers these two outstandingly beautiful types of styling . . . thus giving you an opportunity to express your own individual taste in motor car beauty.

**You can choose between
Automatic and Standard Drive**

You have an enviable choice of engines and drives in Chevrolet, too. You can buy a Chevrolet combining Powerglide Automatic Transmission* and 105-h.p. Valve-in-Head Engine for the finest *no-shift driving* at lowest cost, or a Chevrolet combining the highly improved standard Chevrolet Valve-in-Head Engine and Silent Synchro-Mesh Transmission for the finest *standard driving* at lowest cost.

*Combination of Powerglide Automatic Transmission and 105-h.p. Engine optional on De Luxe models at extra cost.

**You can choose between
the Bel Air and the Convertible**

And if it's a sports model you want, here's your car! Choose the fleet, fashionable, steel-topped *Bel Air*, with smart, racy lines, extra-wide windows, and gray, leather-trimmed upholstery, and you'll have the only car of its kind in the low-price field. Or choose the equally beautiful Chevrolet Convertible, with automatic top that lifts or lowers at the touch of a button, and you'll have the finest Convertible in its price range. Also available is an all-steel, four-door Station Wagon—smartest in its field—listing for \$260 less than last year.

Church Members Speak For Methodist Services

Church members will fill the pulpit three times at the Texico-Farwell Methodist Church in the two-week absence of Rev. Murphy Duncan pastor. Rev. Duncan and family have left for Missouri to visit the pastor's relatives.

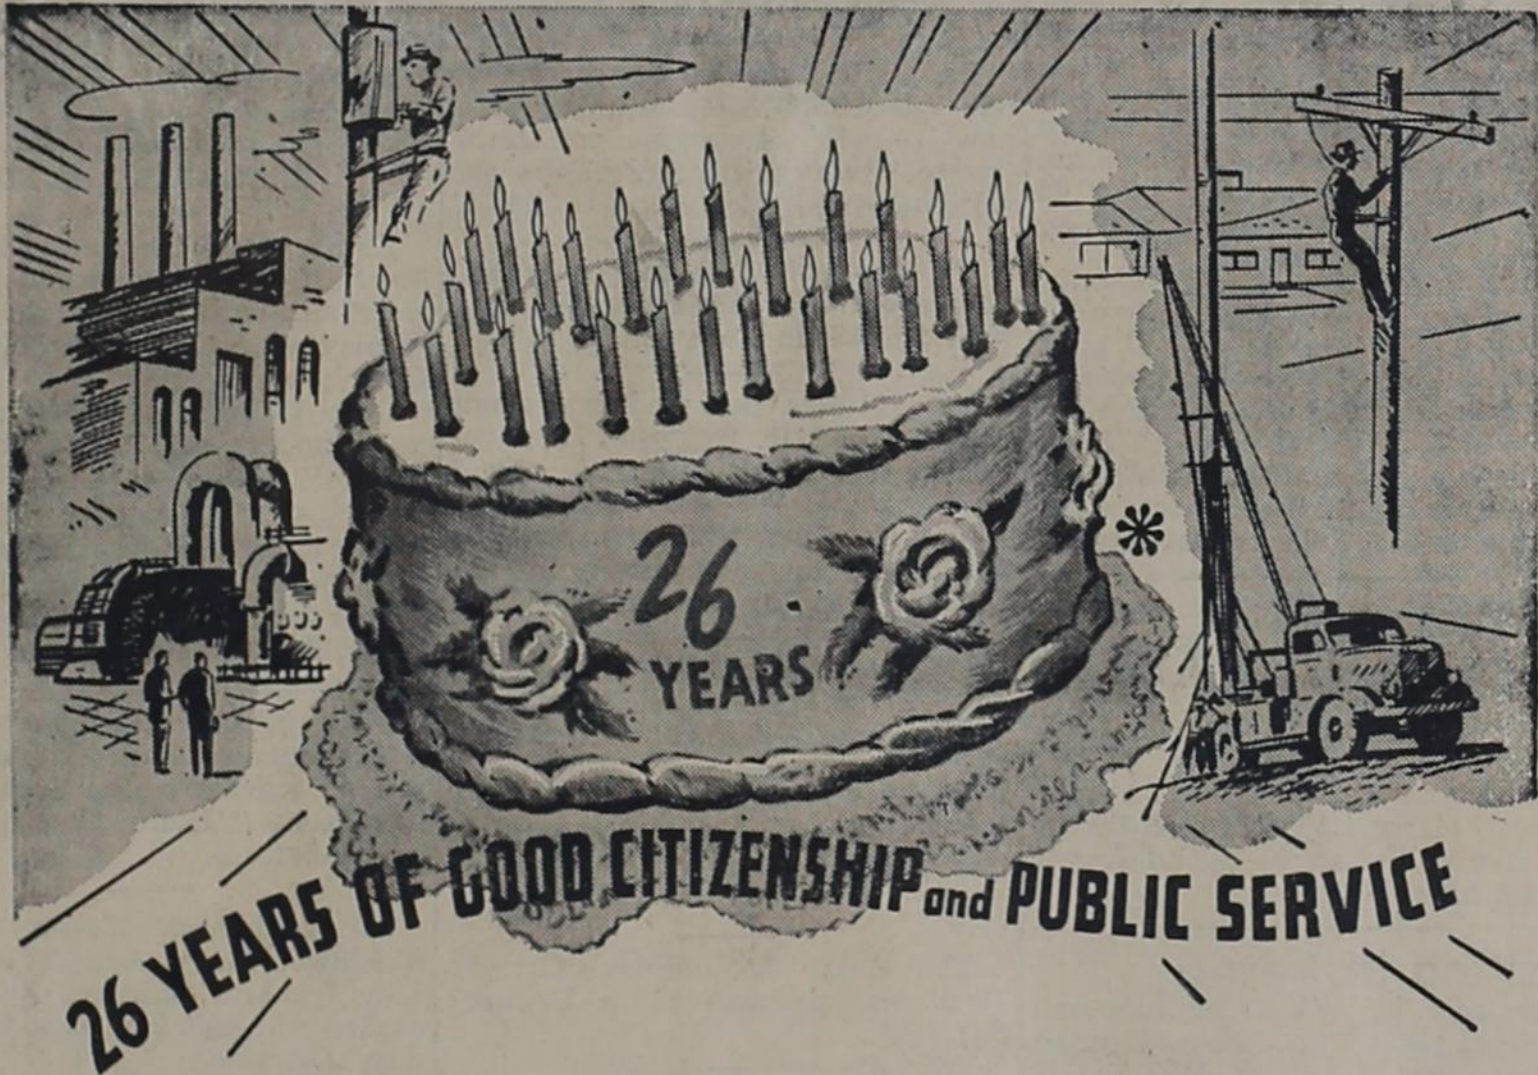

Sunday morning, Agrie Jones, superintendent of Texico schools, will have charge of the worship service, and that night Howard B. Graham, son of Mr. and Mrs. B. N. Graham, will speak. Graham has been associated with a "Youth Caravan" group in recent weeks and is to relate his experiences.

Sunday morning, August 20, Mrs. M. L. Norris conference president of the Woman's Society of Christian Service is scheduled to speak, and that night W. H. Graham will fill the pulpit.

Times for the special services is 11 a. m. and 8 p. m.

DIMMITT BOOSTERS HERE

An auto caravan of Dimmitt boosters were here Monday advertising the Castro County Old Settlers Reunion and Rodeo to be held at Dimmitt on Saturday, Aug. 12.

26 YEARS OF GOOD CITIZENSHIP and PUBLIC SERVICE

Good Citizenship and Public Service . . . the keystones upon which your Public Service Company was founded 26 years ago this month.

Through the years it has been our constant aim to keep good citizenship and public service our goal in our association with friends and customers.

In the future—just as in the past 25 years—we'll remain a part of the communities we serve . . . do our share to assist in the continued growth and prosperity of the vast Panhandle-Plains-Pecos Valley-Eastern New Mexico area.

Furthermore we're *keeping ahead* of the rapidly-expanding electrical needs of this region . . . so that a dependable supply of low-cost electricity *awaits* the agricultural, residential and commercial requirements that are sure to come.

Yes, we're glad to have been your "neighbor" for 25 years . . . proud of our record as a good citizen wherever we serve.

*baked electrically, of course!

BY MARIE VENABLE

MR. AND MRS. J. B. JOHNSON JR. GIVEN WEDDING SHOWER

A wedding shower was given for Mr. and Mrs. J. B. Johnson, Jr. in the Bovina Legion Hall Thursday night, August 3 at 8:30.

Those attending the shower were: Mrs. Jerrie Pate, Mr. and Mrs. Herman Estes and Sue, William Gromowsky, Charles England, Mrs. Charlie Jefferson, Sandra and Katherine, Mrs. Wilma Steelman, Mrs. H. R. Crook and family, Mrs. D. P. Manion, George Little, Lucille Sizemore, Everett Sizemore, Mrs. Mary Sizemore, Mr. and Mrs. R. L. Edwards and daughters, Mrs. Ann Johnson and daughters, Helen Burns of Clovis, and the hostesses, Mrs. Barney McKenney, Mrs. R. L. Edwards, Mrs. Elton R. Venable, Mrs. Jack Kesler, Louise Fuller and Mary Alice Englant.

Many gifts were sent by those who were unable to attend. A heart motif was carried out with the guest register in the shape of a heart. Bouquets of flowers emphasized the decorative scheme. Heart-shaped cookies and punch were served to the guests.

PINK AND BLUE SHOWER HONORS MRS. STEVENS

Mrs. Bobbie Edwards Stevens of Clovis was honored with a pink and blue shower Thursday afternoon in the Bovina Baptist church. After the many gifts were opened by the honoree, refreshments of ice cream and cake were served to the following guests:

Mrs. Bobbie Stevens, the honoree, Mesdames R. L. Edwards, H. A. Stevens of Clovis; and Mesdames R. E. Everett, E. H. Moody and Mary Sue, Charles Hawkins and Janie, Gene Hawkins, J. D. Stevens and Betty Mae, Harold Hawkins, Gladys Tidenberg, R. L. Green, Floyd Montgomery, Jerrie Pate, Hubert McKenney, F. S. Pounds, Perry Barnes Jr., of Clovis, Wilma Steelman, A. L. Kerby and Paula Kay, Glen Reed of Clovis, Joe Scott Menefee of Friona, E. J. Speegle, Miss Helen Burns of Clovis, and the hostesses, Misses Louise Fuller and Mary Alice Englant, and Mesdames Jack Kesler and Barney McKenney.

Many sent gifts who were unable to attend.

Mr. and Mrs. Jessie Roundtree of Littlefield spent Sunday in the home of Mr. and Mrs. Don Roundtree.

Mr. and Mrs. Von Bowen, Kay Collins and Dona Smith left Tuesday for California, vacationing and sightseeing.

Willie Denney arrived Sunday from 2-weeks vacation in Los Angeles, Long Beach and Hawthorn, California.

Mr. and Mrs. J. C. Denney spent the past week vacationing in Ruidoso, N. M.

Mr. and Mrs. R. A. Surdez and children of Santee, California visited a short while in the E. H. Englant home Sunday while on their way to Kansas.

Bro. and Mrs. Duard Lee and Shelia are in Victoria, Texas holding a meeting.

Mr. and Mrs. Ray Cassidy and two children of Turpin, Oklahoma are visiting in the Mr. and Mrs. Frank Ayres home this week.

SOCIAL FOR YOUNG PEOPLE
A group of young people of the Bovina Baptist church enjoyed a so-

cial given in the basement of the Texico-Farwell Baptist church the past week. Games were played after which donuts and soda pop were served.

Those from Bovina who attended were: J. D. Glen, Irma Joe Kelley, Clinton Tidenberg, Jamie Tidenberg, Joe Ann and Wyena Cochran, Alfred and Weldon Moody, Dale Webb, Roberta Boatman, Don Tabor, Ella Bradshaw, Chaney Speegle, Katie Burgess, Billy Wayne Wilkerson, Billie Ward, Bobby Walker, and Mr. and Mrs. Floyd Montgomery.

LEGION, AUXILIARY MEET

The Bovina American Legion and Auxiliary met Monday night in a regular business session at the Hall.

Mrs. Harry Charles was initiated into the Auxiliary. Mrs. Howard Looney is to take office as president of the auxiliary at the next meeting. A. V. Warren was elected commander of the Legion.

Mrs. Melvin Stagner and children of Clovis visited Sunday in Bovina with friends and relatives.

Miss Glenda Doshier and Willie Joe Carpenter of Texico visited the young peoples class of the Bovina Baptist church Sunday. They extend an invitation to the Sunday School party held in Texico at the Baptist church.

Herman Estes and William Gromowsky left Saturday afternoon for Ft. Worth to get Mrs. Estes mother.

Mr. and Mrs. Earl Richards and family are vacationing in New Mexico fishing.

Mrs. Red Boatman and Mrs. Harold were Clovis visitors Monday.

The Bovina Variety store moved to its new location Monday in the J. P. Macon building which was formerly the Williams Dry Goods store.

Those attending services at the Baptist church in Earth, Texas Saturday were Mrs. E. J. Speegle and daughters, Chaney and La Juanda, Weldon Moody, and James Tidenberg.

Price Ward of Lubbock visited in Mr. and Mrs. J. O. Combs home Thursday afternoon.

Mr. and Mrs. Huey Stevenson of Clayton, N. M. visited in the J. O. Combs home Wednesday. Mrs. Stevenson and Combs are brothers and sisters.

Mrs. D. P. Manion and George Little and son left Saturday for

Winsboro, Texas to visit their brother who is seriously ill.

Miss Joyce Bell of Clovis visited this past week in the Mr. and Mrs. Henry Minter home.

Mr. and Mrs. Frank Smith returned from Oklahoma the past week where they were called because of the serious illness of Mr. Smith's father.

Mr. and Mrs. Don Roundtree and daughter are vacationing in Austin, Texas this week.

Mr. and Mrs. J. W. Gooch and Janet, Mr. and Mrs. Henry Minter and Billy, Miss Joyce Bell visited in Earth Tuesday night.

Mr. and Mrs. Bob Kelley spent the past few days visiting friends and relatives in Earth Texas.

Dean Calhoun of Clovis, grandson of Mr. and Mrs. Steve Calhoun of Clovis, spent the past week here visiting.

Mr. and Mrs. Buel Rhodes of Ama-

rillo spent last weekend visiting in the Tcm Rhodes home. Dorothy, of Bovina, has accepted a job at the registrar's at WTSC in Canyon. Mrs. Tom Rhodes visited in Canyon Tuesday.

Mrs. Jack Roach returned to her home after spending the past month visiting her relatives in Eastern Oklahoma.

Mrs. D. C. Looney and son spent the past couple of days visiting her parents in Lorenzo.

The Brotherhood of the Bovina Baptist church met Monday night for a regular social. Fried chicken with all the trimmings was served to about 18 men.

Mr. and Mrs. Roy Hawkins of Clovis spent Sunday in Bovina visiting friends and relatives.

Miss Grace Wells of Odessa, Mrs. Lillian Mahan and sons, Miss Betty and Dana Turner were among those who attended the rodeo at Las Vegas

Sunday. Mrs. Gene Ezell is working at the post office while Mrs. Von Bowen is on her vacation.

Mr. and Mrs. Jay Evans and children of El Paso, Texas have been visiting in the Al Kerby home the past week. Mrs. Evans and Mrs. Kerby are sisters.

Perry Looney and Aunt Flo Looney moved to their new home Monday.

Rev. Bruce Giles, formerly of Bovina, visited in the Bob Williford home Tuesday afternoon.

Jim Richards returned to his home here the past weekend after spending the past month visiting in Wichita Falls, Texas.

Gene Hawkins delivered the sermon Sunday at the Baptist church. Rev. E. J. Speegle is in Earth, Texas this week holding a meeting.

Nelma Jean Branscum of Farwell

visited in Bovina Sunday with friends.

LOOK OUT FOR LIGHTNING

Farm property losses from lightning average about \$10 million per year. An estimated 400 lives are lost and from 800 to 1,000 rural people are injured each year by lightning.

MANY THINK THEY HAVE IT
What people really want is a religion that will make them feel respectable without requiring them to be respectable.

Family-size Farm ECONOMY

with Big Farm POWER!

THE MASSEY-HARRIS 2-PLOW "22"

● Power . . . economy . . . handling your work in less time, at less cost is a mighty important advantage the Massey-Harris "22" brings to your farm. The solid, staunch look of the "22" . . . it's clean, husky styling tells you instantly that here's power to take tough jobs in stride . . . smooth, dependable power to ease you thru light jobs and really bear down on heavier, tougher work. And the "22" does just that.

It has a big, 140-cubic-inch, 4-cylinder engine that turns out more work on every tank of fuel. More work on less fuel means lower production costs . . . bigger profits.

Stop in for complete information on the Massey-Harris 2-Plow "22" next time you're in town. Don't forget to ask about Depth-O-Matic System—the simplest, safest hydraulic control you ever saw.

Sept. 3 Set for Annual Boys' Ranch Rodeo

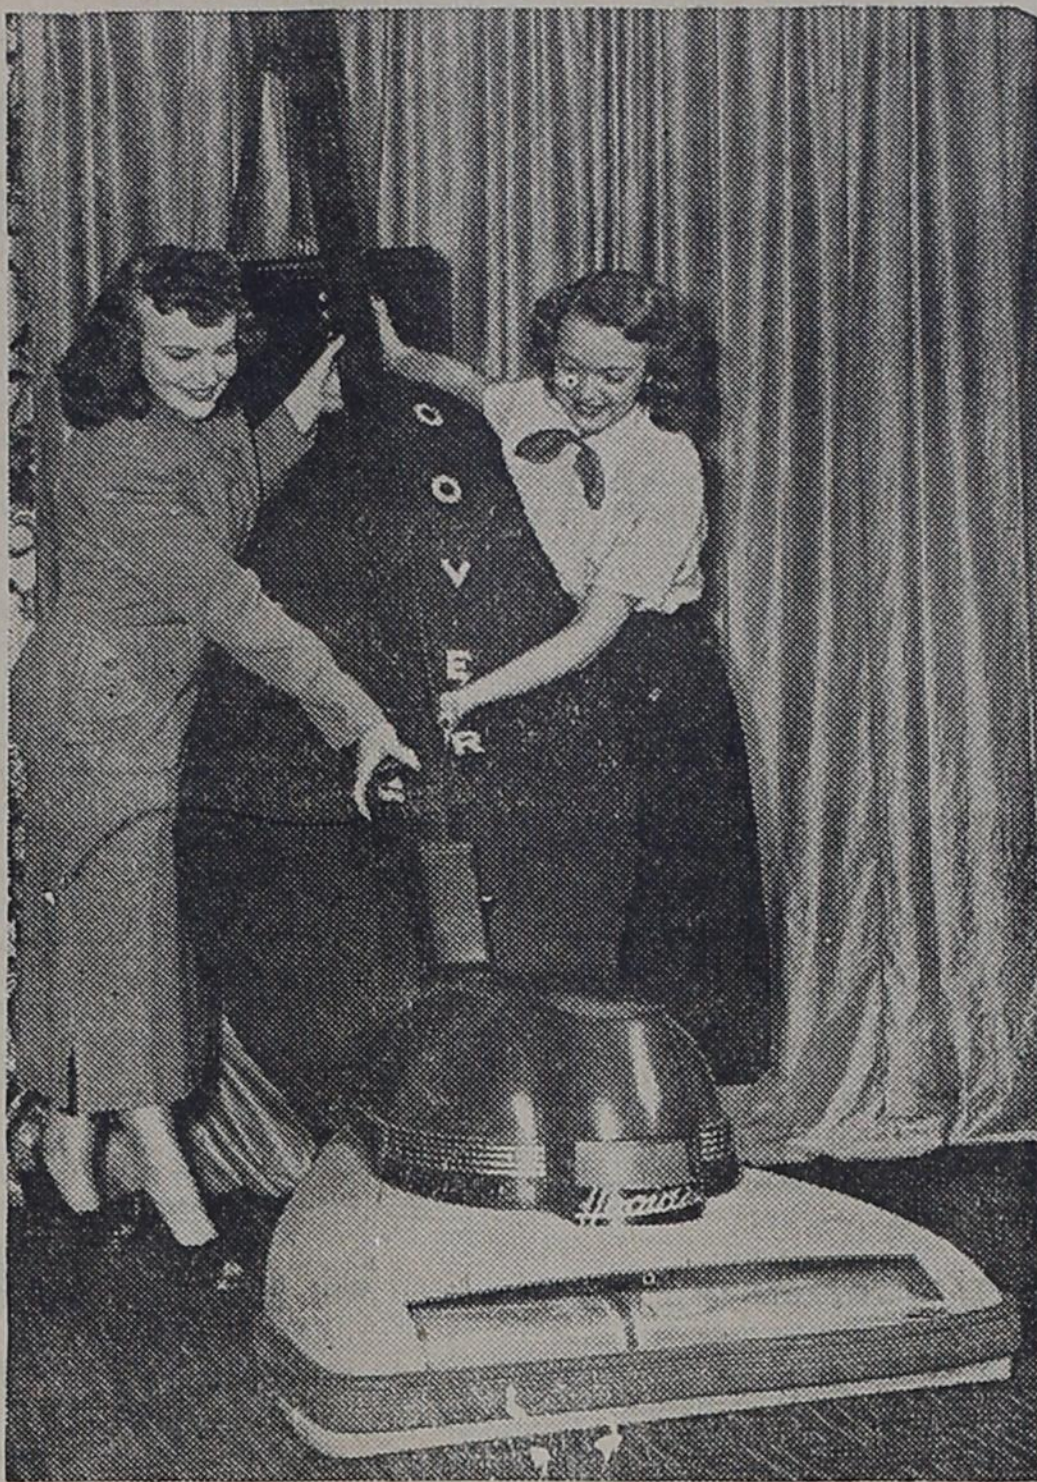

September 3, the Sunday before Labor Day, has been selected as the date for the Sixth Annual Boys' Ranch Rodeo and Barbecue. This annual event will be held at the ranch

and the boys are inviting everyone to attend.

With the exception of last year, when Roy Rogers appeared for Boys' Ranch, the rodeo has been conducted at the ranch. Arrangements are already being made to accommodate an expected 3000 people.

The entire rodeo is put on by the

A CLEANER BUILT FOR TWO

This jumbo vacuum cleaner actually works, and might be handy for sweeping up a dusty baseball park, but is hardly recommended for the home. The Hoover Co., North Canton, O., has built a number of

boys and they have been practicing hard for several weeks. Every day there is some sort of practice going on and even some of the little fellows are going to try their hand at calf roping. Other acts planned are bronc and steer riding, trick riding, ribbon roping, and jumping. This is the one time in the year that the boys have a chance to show

off and they're planning a rip-snort-in' show. Charlie Lowe of Amarillo will handle the barbecue and there will be plenty of chow for everyone.

Know Your Machine; Prevent Accidents

COLLEGE STATION — Many mashed fingers, some crippled hands, a few broken arms and other injuries have resulted from accidents that have occurred around the washing machine. Most of all of these could have been prevented, says Mrs. Bernice Claytor, extension home management specialist of Texas A. and M. College, had the machine operator known how to operate the safety release on the washing machine wringer.

She points out that prospective purchasers of the wringer-type washers should check the machine to be sure that the safety release on the wringer can be easily reached and that it will work at all times.

All wringers on washing machines have safety releases but some meet individual safety needs better than

others, says Mrs. Claytor. The location of the release is a mighty important consideration for if it is on the opposite side of the machine from where the housewife stands when putting clothes into the wringer, it will be hard to reach. Then some releases require considerable pressure and may call for more strength than a woman can exert in an emergency.

Some machines, she adds are now being equipped with an automatic shut-off which stops the rolls when the release bar is tripped.

She suggests that prospective buyers do a little extra checking before buying. Visit a friend or neighbor who has a machine of the type you like and try operating it on wash-day. This way you can get first hand information. If the dealer demonstrates the machine, be sure and try out the safety release. See for yourself whether or not you can reach the release without difficulty and trip it easily. This one feature might someday prevent a serious accident, concludes Mrs. Claytor.

Less than 10 per cent of the population of Arizona was engaged in manufacturing in 1948, according to the Britannica Book of the Year.

Leave Wednesday On Extended Vacation

Miss Dorothy Kelly and Mrs. Nellie Collier, both employees of the Friona Community Hospital, accompanied by Mrs. Lee Renner of Farwell, left the past Wednesday morning on an extended vacation through several eastern states, with their destination being the home of Miss Kelly's parents in Salamanca, N. Y.

The trio planned to visit in each state capital along their route, making their first stop in Oklahoma City, and continuing from there to Little Rock. Saturday night they are slated to hear a performance of the "Grand Old Opry" in Nashville, Tenn.

Miss Kelly added that the itinerary of the group included a visit to Washington D. C., Gettysburg, New York City, Niagara Falls, and a jaunt into Canada on the return. They expect to return in slightly less than a month.

To Oklahoma

Mrs. Ernest Anthony is planning to leave Thursday for Hobart, Okla., to be with her parents for several days. Her father, E. R. Gibbs, is to undergo an operation on his eyes Wednesday, she reported. This is his second operation in recent months.

Visit Here On Weekend

Mr. and Mrs. Paul Cantrell and daughters, Mr. and Mrs. Keith Deshane and Miss Ernestine Phillips, all of White Deer, were weekend visitors in Friona with relatives and friends, including the E. R. Day family.

Sunny Weather Sends Farmers To Fields

FRIONA—Farmers of the Friona area are "plowing a wide row" with sunny weather having made field work possible during the past few days, and in most cases, indications are that the row crop prospects in this area are for one of bumper proportions.

Some fields suffered rather severe washings during the recent rains, which have both delighted and plagued farmers, but a cessation of showers since the early part of last week has caused crops to grow like the weeds which have shot up along the side of country roads.

Twenty-four-hour shifts are not uncommon, with as many as four tractors sometimes being operated in one field, as operators seek to thoroughly cultivate the crops before rain drives them out of the fields again. In the main, the work was fairly well caught up the first of the week.

ATTEND MARKET

Mr. and Mrs. Wesley Foster of Foster Dry Goods, and Mrs. Tom Lewis, of the Lewis Variety Store, were in Dallas the first of the week attending market where a showing of Christmas goods was held.

To Leave Thursday

Mr. and Mrs. E. R. Day and daughter Miss Tila Rue, and Mr. and Mrs. J. R. Day, who have been visiting here several weeks, will leave Thursday, returning the J. R. Days to their home at Whitney, Texas.

Emmett and family plan to spend several days vacationing in and around Dallas before returning to Friona.

District Meet Slated For August 17th

The Amarillo District meeting of the Methodist Youth Fellowship will be held in the Friona Methodist Church Thursday evening of next week, Aug. 17, it was announced today.

Plans are being laid for some 100 young people and their sponsors from the various church over the district to be on hand for the banquet, which is to be in the church annex, local officials said today. Following the banquet, the meeting will be conducted by the young people.

Charles Lewis Jones of Amarillo visited Sunday in the home of his parents Mr. and Mrs. Raymond Jones.

Mr. and Mrs. Leo McLellan are vacationing this week at points in Oklahoma.

FATHER DIES IN KANSAS

C. W. Munger, contractor, who is in connection with a number of new residences under construction, received word the past Friday that his father had died of a heart attack at his home in Wellington, Kans. Mr. Munger left immediately.

Miss Billie Christian of Farwell was a Sunday visitor in the home of Mr. and Mrs. Rudolph Renner Jr.

BACK FROM WACO

Bill Kenney of the Parmer County Soil Conservation office in Friona has returned from Waco, where he went to secure equipment for the local office.

Fish As Food Have High Protein Value

COLLEGE STATION—In addition to the recreational benefits derived from fishing, there can be added to the fisherman's justification for spending long hours at his favorite fishing spot, the value of fish as a food. According to Lucille Shultz, associate extension foods and nutrition specialist of Texas A. and M. College, fish ranks high among the more nutritious foods.

She points out that fish supplies the same high quality protein that is found in other meats and that it is easily digested. Most fish, she continues provide vitamins A and B and one of the more recently discovered vitamins, D, is present in some fish such as the mackerel and salmon.

Fish also score well on the nutritionists check sheet so far as minerals are concerned. Minerals are present in both quantity and variety in most fish. Salt water and shell fish are very rich sources of iodine and should be included regularly in

the family menu, says Miss Shultz.

Now there is always a good chance that the fishermen will come home empty handed, so far as fish are concerned, but this situation can in most cases be taken care of by a visit to the grocery store. The frozen prepackaged fish that is today available in most markets makes it easy for families to have good fish just about any time they want it.

The specialist says there is little or no waste when you buy the boneless strips of fillets and only a little more when fish steaks are the choice, but the waste is considerable when whole fish are purchased.

Miss Schultz says it is best to purchase fish from markets which, insofar as you can determine, store their shipments of frozen products promptly after they receive them

and keep their freezers at correct temperature.

Unless the fish is used on the day it is purchased, it should be placed at once in the freezing unit or frozen food compartment of the refrigerator, she says.

Fish steaks and fillets can be cooked without thawing but it should be remembered that more time will be needed for a thorough cooking job. It is better, however, to let the fish thaw out in the refrigerator before cooking and most of the packages have attached to them a label that gives the time needed for thawing.

One last word of caution from Miss Schultz. She says never freeze fish that have been thawed.

BAR COOKIES FOR DESSERTS

Bar cookies are neither cake nor cookie, but since they are a little of both, they are versatile for summer desserts. They are time-saving, for only a few have fillings and most bars require no icing.

Date and nut bars, for example, are simply rolled in confectioners' sugar. Spice bars are often frosted with a quick confectioners' icing and garnished with nutmeats.

Need letterheads? Dial 2131.

TIMELY SUGGESTIONS OFFERED TO LOCAL FARMERS BY COUNTY AGENT JONES

Most farmers know that Johnson grass can be killed out of fields and most of them know that it should be killed; but, for some reason, many of them make no effort to rid their farms of it.

August and September is a good month to eradicate the plant while it is growing and vigorous. While the grass is in boot stage is the very best time for extermination, says County Agent Joe Jones.

Farmers with irrigation wells or those who are planning to put down wells should take extra precautions. If possible, the Johnson grass should be killed out before the well is installed because it is more difficult to eradicate afterwards. If enough moisture is present, Johnson grass takes root and spreads much faster says Jones.

Three recognized chemicals for killing Johnson grass are sodium chlorate, atlatide and polybor chlorate. These are non-selective weed killers which sterilize the soil for various lengths of time depending on the amount used.

These chemicals are very expensive when used by themselves to kill a solid acre of Johnson grass, says Jones. It is advisable to thin out the grass with summer fallow, then to finish killing it with chemicals.

Bar ditches should be cleaned too if the grass is to be well eradicated, this can prove difficult because after chemicals are applied, the plants should be undisturbed for 30 to 45 days. It takes that long for the chemicals to move from the top of the plant into the roots. Road work hinders the complete removal. Therefore, says Jones, farmers who are ridding bar ditches of Johnson grass should see their commissioner so the grass in the ditches will be undisturbed for the required length of time. Extreme caution should be obser-

ved when using atlatide or sodium chlorate, says Jones, because both of these chemicals are highly inflammable. If the solution is spilled on clothes it isn't dangerous while it is wet, but after drying, it burns quite easily. Polybor which is no fire hazard, hasn't been used much in this section of the country, however, results in other places have been good, stated Jones.

All three of the chemicals are poisonous to livestock, so they should not be used close to a grazing area. Treated with the chemical, the grass has a salty taste the cattle like, he explained.

As for the amount of chemicals to use in a solution, Jones points out that farmers should use the highest recommendations on the can for best results. All of the weed killers can be used in either spray or dry form.

Check Cotton Insects

In checking over the county, Jones says, he has found that cotton in all stages from stalks beginning to fruit to those with bolls, have insects in varying amounts.

Most common of the pests are flea hoppers, boll worms, and cotton leaf worms. They are the ones to be watched.

It would be well for the cotton farmer to keep close check on the insects, which are building up because of favorable weather conditions. The farmer should be prepared to meet the insect threat with insecticides that have been proven successful in all areas of the country.

So far, Jones believes that the flea hoppers have done little harm up to now and as the cotton gets larger and tougher, this insect is not so much of a threat as the leaf worm and boll worm.

Complete information on insect control can be obtained from County Agent Jones insecticide dealers or ginners.

Land Prepared For Wheat

Land preparation is very important for irrigation whether it is for row crop or for drill crops. It is actually more important for drill crops such as wheat, if the farmer is to obtain proper water distribution, says Jones. This should be kept in mind before seeding wheat.

If farmers do not own land levelers or cannot obtain one for use, they should remember that the Soil Conservation District owns five over the county which are available to farmers, Jones explains.

When the wheat farmers begin distributing water, it follows gravity unless the land is prepared to give even distribution.

What will happen if the land isn't prepared? Some spots will be over-watered and others will be under-watered. This was evident last year in some of the fields around the county. They appeared spotted. In some spots wheat was not growing at all and in others a good stand appeared.

Farmers should take precaution against this situation now, advises Jones.

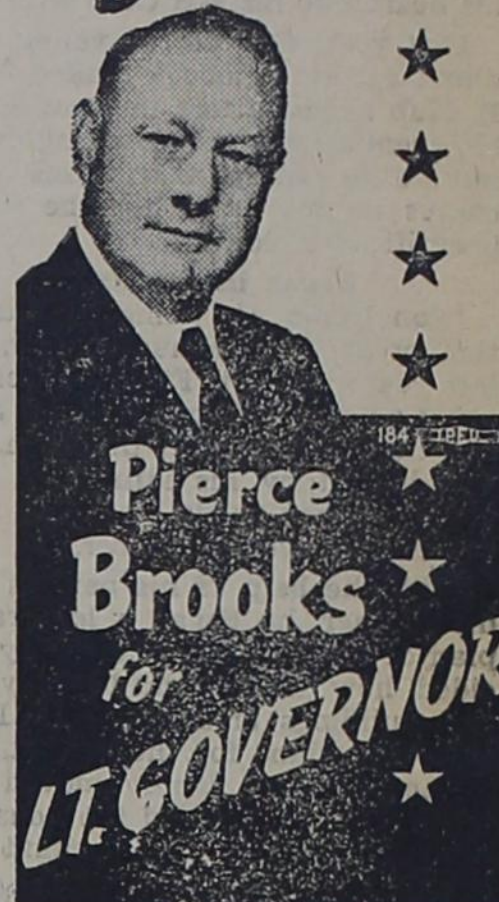

"NEW PLANTS" PROGRAM

The Texas Agricultural Experiment Station has launched a "new plants" program. Plants collected from many parts of the world will be tested under Texas conditions to see if they can be commercially produced in this state. Already some 2000 plants have been collected and

are being grown.

Texico, New Mexico

Parmer 4-H Member Has Landscaping as Project

Leon Langford, who lives about eight miles north of Farwell, is one boy who puts not only his time, but his heart into his 4-H Club work.

Last year, he was too young and didn't get his notebook mailed to 4-H Club headquarters in time, so he has spent all this year working every minute he can spare from his farm chores on his entry for the home beautification contest.

Began in January

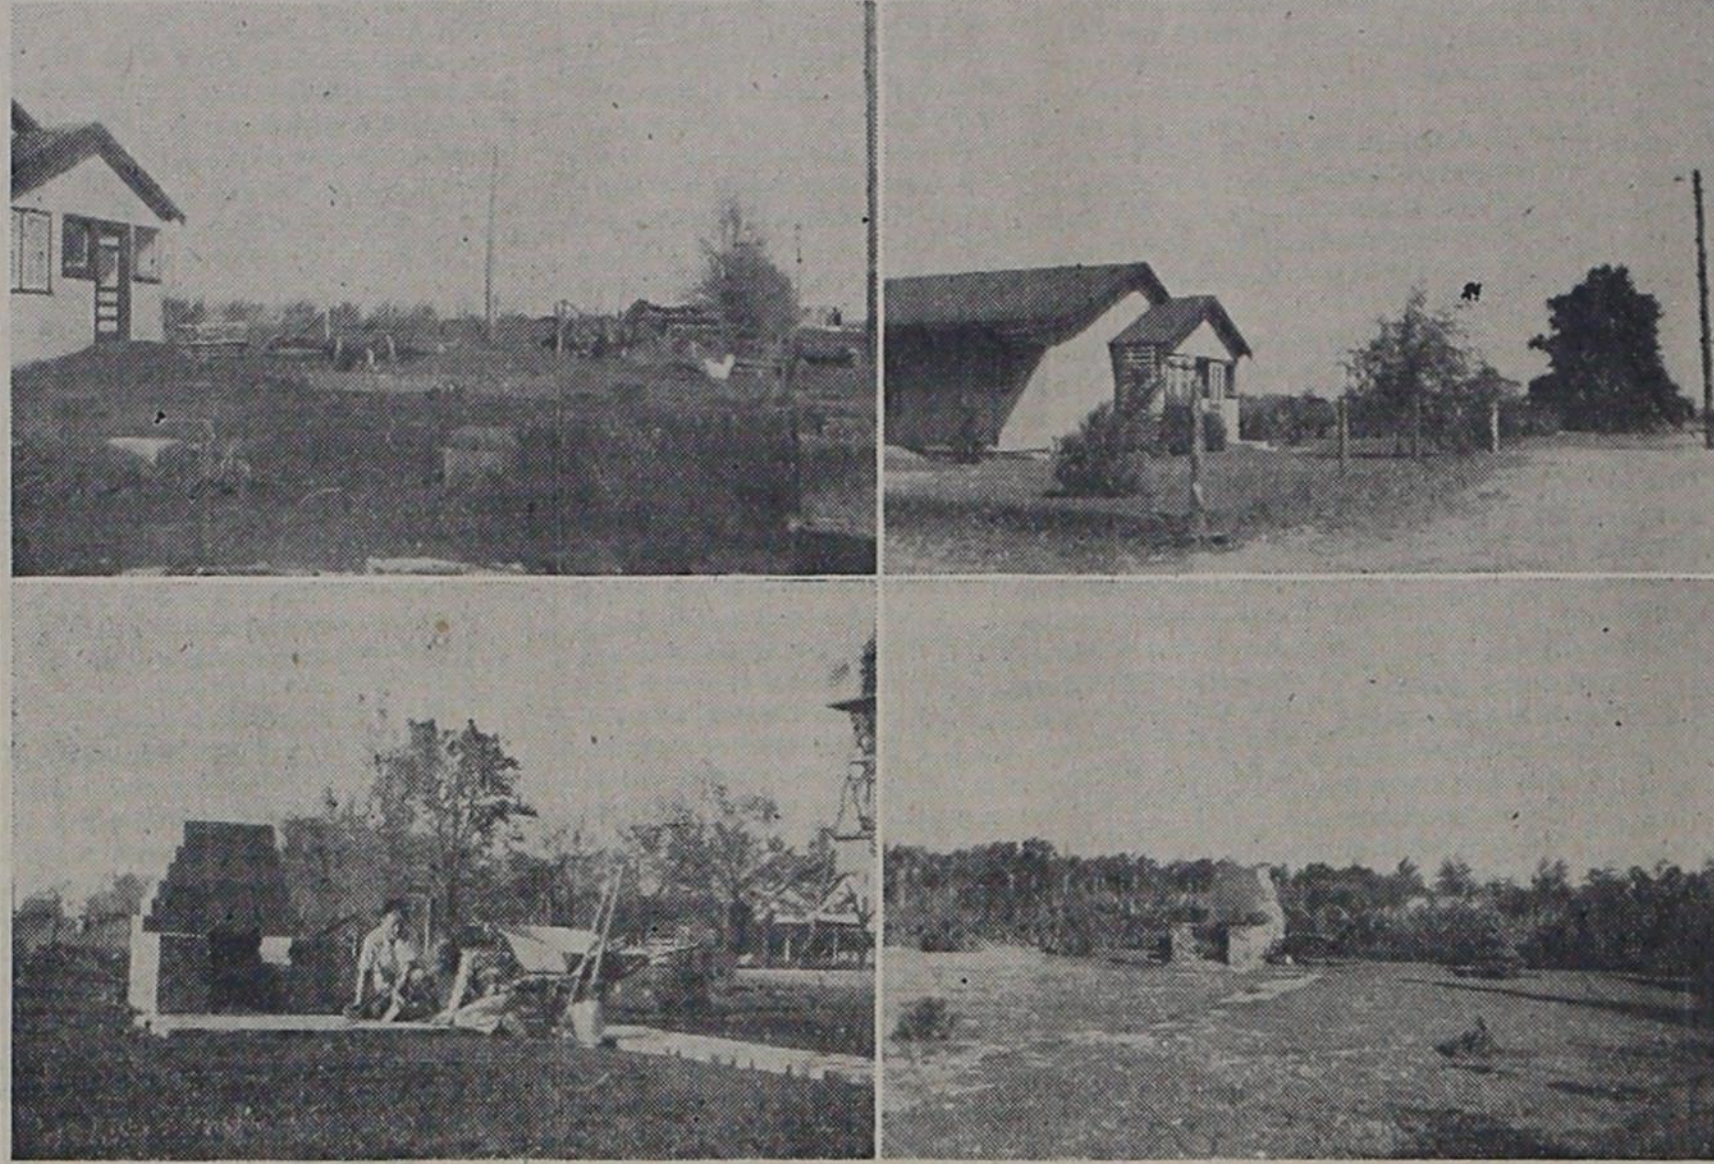

Leon began his home beautification program in January, 1949, for last year's contest. First, he cleared away any rubbish or unsightly articles he could find on the farm. He was helped by his father to tear down old hog sheds, and then proceeded to move the lumber.

With the help of his parents and his brother, he began a long-range plan of landscaping. The family decided how they wanted the yards and buildings arranged, then Leon drew the plans for the project.

The Langford family moved the trash pile from behind the house to a more distant plot—behind the chicken house. Recently they tore down all the old barns and built new ones.

Landscaping Is Extensive

The next step was the rejuvenation of the yard. The Langford fam-

Pictured above are some of the "before and after" problems that Leon Langford solved in his home beautification program. In the upper left hand corner is a picture showing the Langford home before a landscaping program was begun; the picture shows parts of the foundation of the old house. The upper-right-hand picture shows the home after Leon and his family had partially completed their new landscaping project. The two bottom pictures were taken in the back yard. On the left, Leon and his brother, Delbert, are constructing a sidewalk leading to the outdoor fireplace. The right-hand picture shows the completed fireplace and sidewalk with the flower garden in the background.

ily didn't quit trying because he had won once. He was interested in his project as an entry in the state 4-H contest. A good showing in this contest is his highest ambition at the present time.

As Leon worked, he began learning more and more about plants and shrubs. "This is a very hard country to raise plants in because of the high winds and, ordinarily, the small amount of rainfall," he says.

He knew that he could grow plants very well if he had a plentiful supply of water, so he utilized this knowledge. The family depended on a pump jack to obtain the supply of water from the large storage tank.

35 Different Shrubs

In the complete yard arrangement, 75 shrubs have been planted with 35 various species in one yard. Leon knows the name of every shrub in the yard.

Utilizing every possible means of improving the grounds layout, the family decided to build an outdoor fireplace. Using the brick from the flue of the old house, which was torn down when the new home was built, they constructed the grille.

Developed Flower Garden

A flower garden was then developed behind the house. Containing practically every imaginable flower, the garden is a study in color

and arrangement. A rose garden garden appears on the north side of the plot with moss growing under the bushes. A border of iris separates the garden from the yard.

A vegetable garden has been planted in the northwest corner of the grounds. The garden was placed here because of its accessibility from the house.

In front of the home, trees and shrubs that maintain the same color

and appearance during the winter as in the summer months have been planted. These evergreens were planned to make the small home attractive the "year round."

Every small phase of the landscaping fits into the scheme of the complete plan.

The family spent much time in selecting better and adapted shrubs for the yard and spacing plants according to the landscaping plan.

They are quite pleased with the results of their work.

Parmer 4-H Member

Leon is entering his fourth year as a member of the Parmer County 4-H Club, is 15 years old, and a sophomore in high school next year. He and his parents, the Elmer Langfords, his brother, Delbert, and his small 5-week-old sister live together on the 464½-acre farm.

Mr. and Mrs. Langford are demonstrators for the landscaping study program in their community for the Pleasant Hill extension club. Because they have just completed their new home and have laid out the new yard, their landscaping program has probably been more extensive than that of any other family in their particular area from the standpoint of new plantings.

The home in which the family lives is also a family project. All of the work except the inside plastering was done by the Langfords. They utilized the lumber in their old house to build the new home, having to buy only shingles, wood-work, doors, windows, and hardwood flooring for the modern structure.

The yard, which is 86x143 feet, is surrounded by a chicken-proof wire fence.

The Langfords have a large, well-kept orchard located just west of the house, which is also kept up by the family.

Keeps "Before and After" Records
Leon has kept a complete record of all the improvements that have been made around the home. He has a "before and after" notebook with plans drawn of the house before and after the landscaping.

A complete list of all the shrubs and trees planted around the home is included.

The largest section in the notebook contains pictures of every part of the farm in various stages of improvement. These pictures explain better than words what a well-planned layout can do for a home.

Recently, Leon has built lawn furniture for the backyard including a table and chair. He also has constructed a trellis in the rose garden. Another recent addition has been the rock garden.

The Langford home has been shown for the past two years as an example of home beautification by

HOME OWNERS QUESTION BOX

Q—What is the best way to clean wicker furniture?

A—First, brush it with a stiff brush. Then dip the brush in lukewarm, soapy water and scrub the furniture. Do a thorough job of rinsing and then wipe the piece as dry as possible with a dry, lintless cloth. Leave the furniture in an airy place until it dries completely.

Q—What is a Fuller faucet?

A—The Fuller faucet is going out of use. It uses a washer shaped somewhat like a bottle cork. To renew the washer, the entire faucet must be unscrewed from the pipe because the only way to reach the washer is through the back opening. The compression faucet, in which the washer is replaced by taking off the handle only, is the newer type.

Q—How many nails should be used to hold down a strip shingle?

A—Six nails are recommended for a three-tab, square butt, asphalt strip shingle. If the tabs are being exposed five inches, all nails should be on a line 5½ inches up from the bottom of the butts. There should be a nail one inch in from each side and two nails, three inches apart, centered above each cutout.

Q—Why is lacquer difficult to use?

A—Because it dries so rapidly it tends to retain brush marks. As a rule, only an expert painter or furniture finisher can be expected to do a good lacquering job.

Q—What can be done to keep the corners of a rug from curling up?

A—Rug corners curl because the sizing on the bottom of the rug has worn off. To renew the sizing, stretch the rug upside down on the floor and spray it with a solution of half a pound of chip glue in two quarts of water. Let it dry for about a day.

the Home Demonstration club.

Leon is busily engaged at the present time in working up his notebook for the state contest on home beautification. He will have to complete this notebook by Oct. 1, he said.

LEON LANGFORD

ily began by leveling all the ground around the house and preparing the soil for the grass which would be planted.

After sidewalks were built around the home, Leon and the family began planting shrubs and trees. They mapped out where every plant was to go. Bermuda grass was planted in the front yard and Buffalo grass was placed in the back yard.

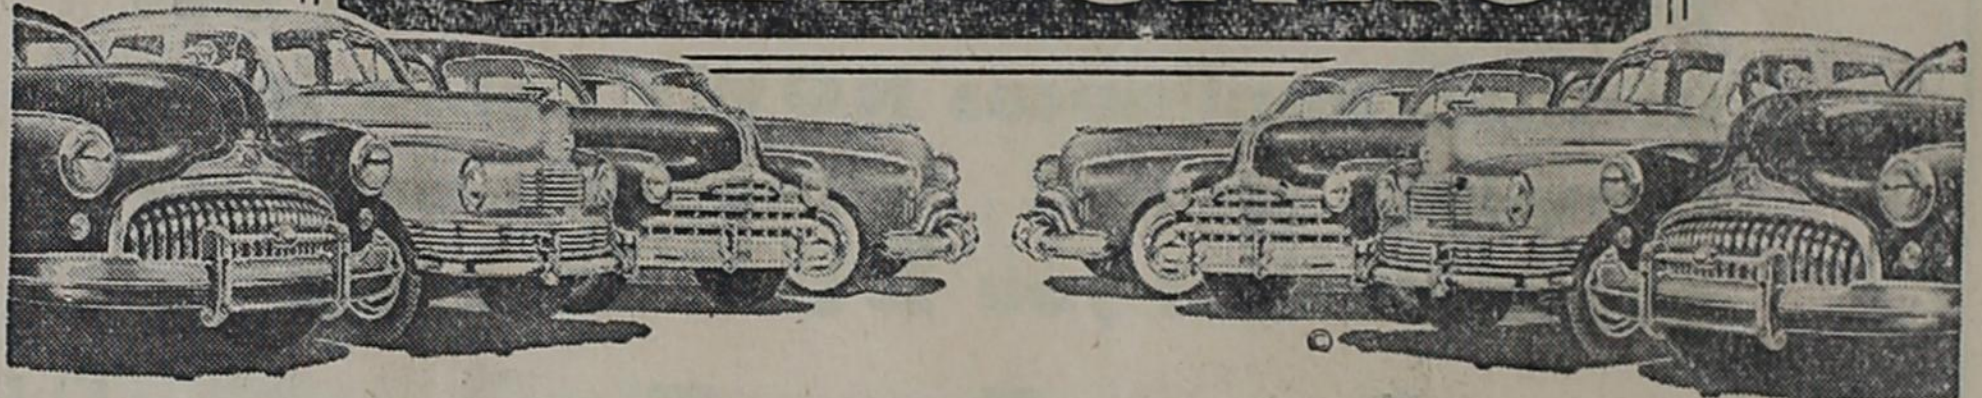

With much weeding and other care the plants began to grow. "I learned that I had to take good care of the young plants," Leon said. "It was hard work, but it was well worth it."

Won Beautification Award

In 1948, Leon won the County Home Beautification award. But he

Local Students Receive Degrees At ENMU

Awarded master's degrees at the summer commencement of Eastern New Mexico University in Portales last week were Mrs. Earl Booth, and

while Williams is present superintendent.

Also graduated with a B. A. degree was Beryl Brown, daughter of

her graduation from Texico High School in 1946.

In her four years at ENMU, Miss Brown was an outstanding student, being a member of Cacique, women's service organization, and Silver Key, honorary scholastic society.

Mrs. Booth taught here for five

in Canyon in 1924. She began work on her M. A. at Texas Tech and later transferred to ENMU in Portales. Her thesis subject is "Poetry."

Williams was graduated from Southwestern State Teachers College at Weatherford, Okla., with a B. S. degree in 1937. He taught in Leedy, Okla., and Muleshoe.

After receiving his M. A., Williams transferred to ENMU. His thesis deals with transportation.

Oklahoma Lane Notes

By MRS. TURNER PAINE

PINK AND BLUE SHOWER FOR MRS. J. W. HERINGTON

Mrs. D. K. Lindop, Mrs. Leon Billingsley, Mrs. Fred Bolton, Mrs. Tom Lindop, Mrs. Doyn Merriman, Mrs. Bill Hanna, Miss Billie Christian, and Miss Wilma Dell Doshier were hostesses at a pink and blue shower for Mrs. J. W. Herington, held in the Oklahoma Lane gymnasium last Wednesday.

The guests entered into "Babyland" through a pink and blue archway. Beautiful summer flowers were used as decoration. Plate favors were tiny cradles filled with mints.

Refreshments of punch and cake decorated with tiny bows were serv-

ed to Mrs. A. L. Bolton, Miss Jennie Bolton, Miss Rose Atchley, Miss Jo Hanna, Mrs. Clyde Perkins, Mrs. W. P. Shelley, Mrs. G. W. Atchley, Mrs. Jimmy McGuire and Steve, Mrs. Stanley Bernard and children, Mrs. E. W. McGuire, Mrs. O. C. Pe-tree, Mrs. Carrie Wilhite, Mrs. J. E. Wilhite, Mrs. H. W. Herington, Mrs. Jimmy Mooneyham, Mrs. Sam McLarty, Mrs. W. R. Herington, Mrs. F. E. Kepley, Mrs. A. J. Doshier, Mrs. George Lindop, Mrs. Oscar Hubbell, Miss Louise Rundell, Miss Bettie Foster, Mrs. Turner Paine, Linda and Carolyn Lindop, and the hostesses.

Those sending gifts were Mrs. Earl Routen, Mrs. Murray Dial, Mrs. Cecil Atchley, Mrs. Fred Ramm, Mrs. Elida Wilhite, Mrs. Robert Rundell, Mrs. Everett Christian, Mrs. Ed Meeks Sr., Mrs. Mutt Magness, Mrs. Troy Ackerson, Mrs. Erma Jobs, Mrs. Frank Doshier, Mrs. A. D. Smith, Mrs. Webb Gober, Mrs. Orvell Wall, and Mrs. A. Milstead.

Mrs. George Bolton, accompanied by Bob Bolton and Melvin Dean Hendrickson have gone to New York to be gone about a month.

Helen and Bill Johnson were making plans to leave Friday for points in Washington and Oregon. Helen plans to visit her sister, Dolly Roberts, in California on the way back.

Mr. and Mrs. Earl Routen and girls drove to Knox City, Texas last Tuesday. They went to take Mrs. Routen's mother, Mrs. F. D. Reeve, home. Mrs. Reeve has been visiting them for a few weeks this summer.

Mr. and Mrs. Milton Atchley and daughter, Nadine, from Anthony, Texas, have been visiting Mr. and Mrs. Tom Lindop this week. They are spending about two weeks with Mr. and Mrs. G. W. Atchley of Farwell.

Mrs. Wendell Christian, Mrs. Harold Carpenter, and Mrs. J. C. Boone went to Amarillo Wednesday to attend an ordination service for their cousin.

Mrs. Winburn Hardage was pleasantly surprised this week by a visit from her cousin, Mrs. O. E. Moore, of Lubbock. She hadn't seen this cousin in nearly fifteen years.

Mr. and Mrs. Joe McWilliams spent Sunday with the Wendell Christians.

Sunday visitors in the Everett Christian home were Mr. and Mrs. Clarence Henderson. Mr. and Mrs. Leon Billingsley were late afternoon guests.

Mr. and Mrs. Lynn Livingston and Linda of Pecos and Mr. and Mrs. Joe Magness and family were callers in the Tom Foster home Saturday evening.

Mr. and Mrs. Earl Billingsley have gone to Missouri to drive a truck through for Buck Bradshaw. Buck

has recently moved there.

Mrs. Sam Billingsley and Mrs. Clarence Christian have been attending a W. S. C. S. school in Lubbock. They have returned home now. Rebecca Foster spent the weekend with Mr. and Mrs. A. V. Warren of Bovina.

Mr. and Mrs. Fred Cantrell returned from Oklahoma this week, bringing with them Mrs. Cantrell's sister, Mrs. Imogene Vandiver and Gail Sue, of Elk City, Okla., to visit them a few days.

Guests in the Garland Billingsley home Sunday were Mrs. Billingsley's sister and husband from Clovis, Mr. and Mrs. Jimmy McGuire and Mrs. Lowell Primrose.

Mr. Oscar Hubbell has been ill with the mumps but is recovering satisfactorily.

Billy and Ruth Billingsley had as their guests Sunday, Mr. and Mrs. Raymond Robertson and Grandma Robertson, Mr. and Mrs. Carl Jones, and Mrs. Dotson of Clovis, and Mr. and Mrs. Amy Thomas and children of Hedley.

Mr. and Mrs. Clyde Perkins and Mr. and Mrs. Prather Shelley went to Lovelland Sunday.

Mrs. Barbara Churchwell of Ft. Supply, Okla., who has been visiting her daughter, Mrs. W. N. Foster, returned to her home this week.

Mr. and Mrs. John Matchin of Chandler, Ariz., are visiting Mr. and Mrs. E. W. McGuire. Mrs. Matchin is a schoolmate of Mrs. McGuire.

Mr. and Mrs. A. B. Wilkerson, formerly of this community but now of Bovina, are glad to have their daughter, Rita, and her baby home from California on a visit.

Johnny White, Wilma Doshier, and La Verna Christian were guests of Jo Veta Billingsley Sunday.

Mr. and Mrs. Alton Berry and family are vacationing near Colorado Springs and various other parts of Colorado.

The Methodist revival closed Sunday. Brother Frank Beechum of Littlefield was the visiting evangelist.

The Methodist Men's Club met Monday night with about 20 men present. Brother Jones from Progress made an interesting talk.

Mr. and Mrs. Bruce Deavors and girls of Clovis were Sunday guests in the Bill Hanna home. Mrs. Deavors is the former Glenna Roberson.

Mr. and Mrs. Tom Lindop spent Sunday with Mr. and Mrs. Cecil Atchley in Lariat.

Mr. and Mrs. Doyn Merriman had as their guests Sunday, Mr. and Mrs. Gene Rhea and girls and Mr. and Mrs. Turner Paine.

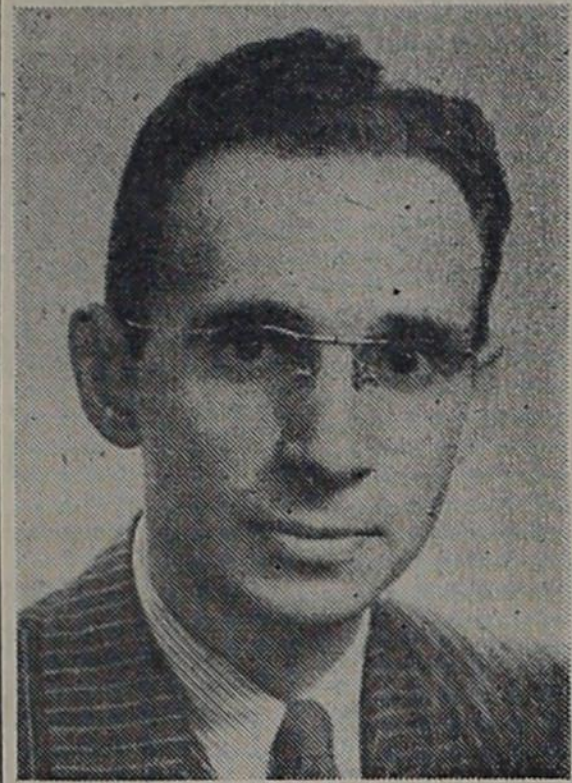

Mr. and Mrs. Milstead are glad to have their son and wife, Mr. and Mrs. Alton Milstead, visiting them. Alton is taking a vacation prior to sailing for Tokyo.

Mr. and Mrs. Fred Bolton were recent visitors in the Harold Carpenter home.

Miss Jimmy Guley was a weekend guest of Jo Hanna.

MRS. EARL BOOTH

JACK WILLIAMS

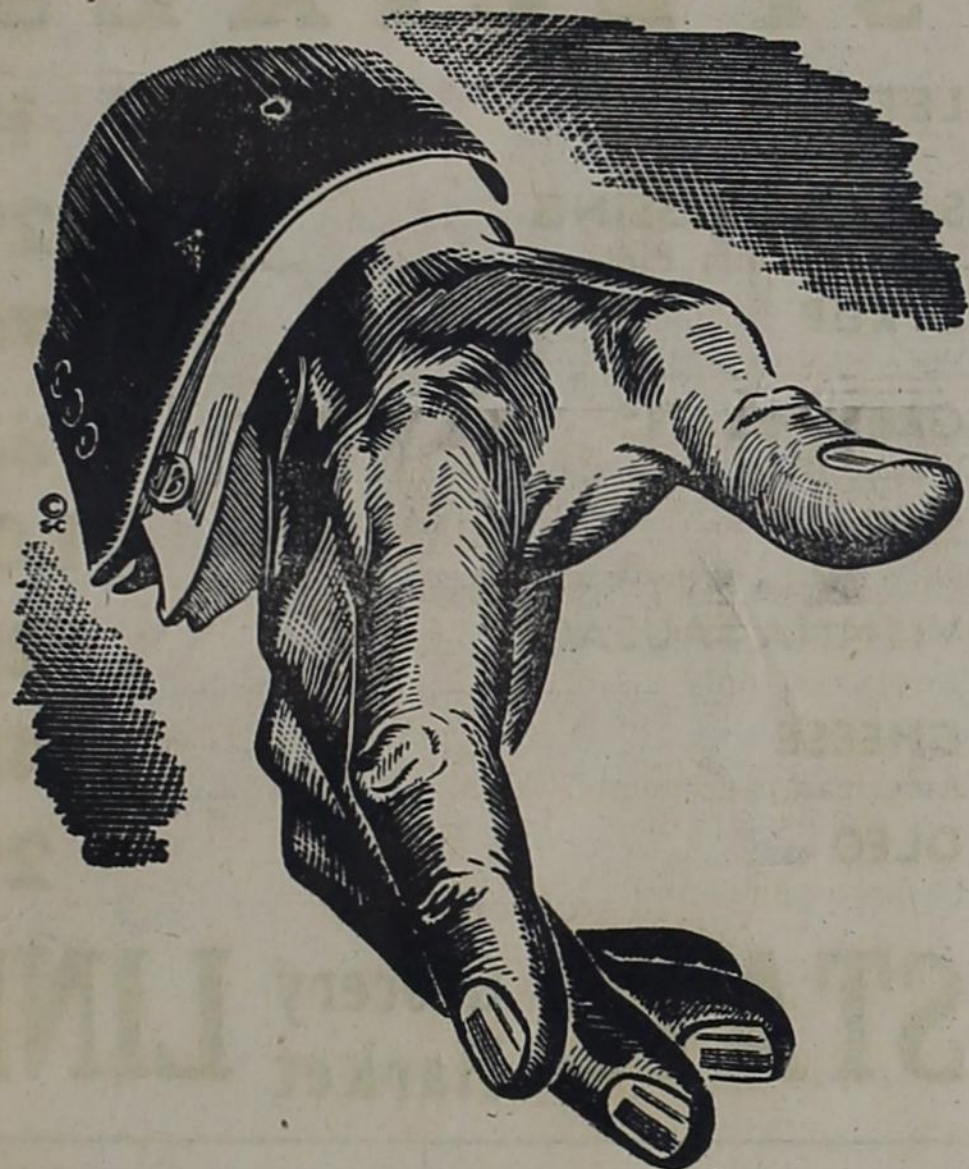

BERYL BROWN

Jack Williams. Mrs. Booth is a former English instructor of Farwell.

Mr. and Mrs. D. J. Brown of Texico. She has been attending ENMU since

years, and received her B. A. degree from West Texas State College

HOWDY Neighbor!

Had You Heard The News?

Alex Bateman is Now Manager of the Farwell Elevator

We might have looked a long, long time before we would have found a man who is better qualified and better suited for the duties as our manager than the well-known and accepted Alex Bateman. In securing his services, we feel that we were indeed fortunate. Few people know the farmer's problems as does Mr. Bateman.

Coupled with his wide experience, and sympathetic understanding of the farmers' needs, we offer you our facilities and knowledge of years of experience in the grain business.

In our main offices in Fort Worth, we are constantly in touch with the grain markets of the entire world, putting us in a position to pay you the top market every day in the year for your grain and seed.

Mr. Bateman, through his many years of experience in the agricultural field, possesses a world of knowledge of your problems, and we invite you to consult him often. He will be more than glad to assist you in any way he can.

TEXICO STILL LACKS ONE TEACHER; WILL OFFER ELECTIVES THIS YEAR

Texico schools will have 16 teachers for the coming year, Agrie Jones, superintendent, says. All but one of the instructors have been hired now. Jones explains that the school system will endeavor to give more than the bare essentials for graduation the coming year.

Several elective subjects including music, speech, art, journalism, three different types of science courses, electives in math and mental hygiene, will be offered.

It will also be noted, says Jones, that a teacher will be available for each grade in the elementary school which will enable the instructors to give more individual attention to the children. Students should make better progress under this setup, he states.

The music courses will extend throughout the entire school, from the first through the twelfth grades. "It is not the intention of Texico schools just to graduate the stu-

dent from the school but as far as possible to fit him for a happy and useful life by giving a choice for a well-rounded education including esthetic as well as the Three R's," Jones explains.

The staff for the coming school term includes:

Jones, who has been superintendent of Texico schools one year, will maintain his same job. He was graduated from Portales High School and received his BA degree from Highlands University in Las Vegas and his MA from West Texas College at Canyon.

Mrs. Jones, who received her BA degree from ENMU and did graduate work in WTSC at Canyon, will teach high school commerce. She taught at ENMU for five years. The Jones have three children, all of whom will be enrolled in college the coming school term.

Charles Stockton, coach, was grad-

uated from Forest High School and attended college at the University of New Mexico and Highlands University. His wife, Mrs. Stockton, was graduated from the Bellview High School and attended college at ENMU. She will teach the second grade. The Stocktons have been here for one year. They have one son.

F. D. Stout, who has been teaching vocational agriculture in Texico for the past four years, will be high school principal the coming year. He will teach science classes. Stout has a BA degree from Las Cruces A. and M. College. He is married and has one son.

John Adams, a graduate of Abilene Christian College, will teach history and social science. He, his wife and three children, have been here two years. He is now working on his MA at ENMU.

John Armour of Kent, Ohio, received his degree from Kent College. He will teach the 8th grade and high school subjects and also assist with coaching. Mrs. Armour has been doing work on her degree at Kent College this summer. She will teach music. The couple have three children. They have been in Texico a year.

Carl Schmitt attended Farmington, N. M., high school and received his degree at New Mexico A. and M. He will teach vocational agriculture. This is his first year in Texico. He is married and has two children.

Mrs. Jimmie Allman, who graduated from Texas Tech at Lubbock will begin his fifth year as home economics instructor at Texico.

Teaching English and journalism will be Mrs. Mary A. Peyton, who received her degree from the University of Oklahoma at Norman. She began teaching in Texico at mid-term of last year. Her husband drives one of the school buses. The couple has two children.

Mrs. Bernice Rogers, a graduate of ENMU who has taught in Texico for 12 years, will teach the sixth grade. Mrs. Frank Seale, a Texas Tech graduate, will begin her fourth year as third grade instructor.

Primary teacher for the past two and one-half years and again for this year will be Mrs. Wanda Faville. She was graduated from WTSC.

Charles Paschal, who is now working on his BA degree at ENMU, will assist in music. This will be his first year as an instructor in Texico School system.

Assisting in the office will be Claudine Bridges, secretary of the superintendent and the board. She puts in full time in the office during the regular school term and part time during the summers. She was graduated from Texico Schools year before last.

Other staff members include H. T. Richey, custodian, who has been on the staff for several years; Gladys Johnson and Mrs. Leona Bailey, with assistants yet unnamed, who will have charge of the lunchroom.

TEACHER ROSTER FILLED AS FARWELL PREPARES TO OPEN SEPTEMBER 4

While scores of vacationing children are making the most of their three-month leave from the stuffiness of the schoolroom, plans are going ahead this week for another nine months of scholastic programs at Farwell Schools.

Supt. Jack Williams Monday announced that schools will officially open Sept. 4. Fourteen teachers are now engaged by the school, and no vacancies are anticipated for the opening.

Included on the instruction staff this year will be four teachers who have never before taught at Farwell. They include the following:

Miss Jett Byrley, who will teach English, speech, and drama. She comes here from Levelland, and was graduated from West Texas State College in Canyon.

Miss Grace Melendez, a recent graduate of Eastern New Mexico University in Portales, will teach English, Spanish, and music.

Ken Livingston, also a graduate of ENMU last year, will be assistant coach for the coming season. He also will instruct classes in history.

Tommy Hestand, new head coach, was graduated from Austin College. Beside coaching duties, he will teach science.

All the above teachers are additions to the high school division.

Teachers who were here last year and have again returned to teach include the following:

Mrs. Harry Whitley, first grade; Mrs. Lenton Pool, second grade; Mrs. C. E. Sanders, third grade; Mrs. R. D. Hensley, fourth grade; Mrs. Lloyd Cain, fifth grade; Mrs. Dorothy Jack, sixth grade.

All these teachers are members of the grade school staff. Supt. Williams said the school will be operated on a "straight 6-6 basis," meaning that both grade and high school will include six graduations.

Seventh and eighth grades are departmental, he explained, and will be instructed by a number of teachers. S. S. Jobses will act as grade school principal, he said.

Besides the new instructors, high school teachers will include Mrs. Otis Prescott, commerce, library; W. M. Roberts, mathematics and principal; Mrs. Erma Jobses, music; Mrs. John Lovelace, home economics; Robert L. Morton, vocational agriculture; and Jack Williams, school superintendent.

Mrs. Travis Brown is to head the lunchroom, and will name assistants as a later date. A new automatic dish washer and a new baking oven are recent purchases for the cafeteria.

In the maintenance department be R. S. Tucker and Hazel Petree. R. D. Hensley will head transportation facilities, which include seven school buses. His driver's list is not yet completed.

Supt. Williams said that a full day of school will be held Sept. 4, adding that the cafeteria will be open.

Texico-Farwell Team Loses to Muleshoe

The league-leading Muleshoe nine defeated the Texico-Farwell Bluesox 23-3 on the home field Sunday afternoon. Muleshoe collected 13 hits, the Sox got five.

Seven pitchers were used by the Bluesox. Muleshoe used seven also, most of them in the final innings. While the home team was held responsible for 17 errors, Muleshoe had a perfect game.

Manager Wilfred Quickel said games remaining to be played with Dimmitt will determine whether the Sox get a playoff berth. He could not announce date of these deciding contests, as the all-star game may be staged Sunday.

Rev. Patillo Directs Enlargement Effort

Rev. R. L. Patillo Jr. of Heights Baptist Church in Albuquerque is directing the enlargement campaign at the Texico-Farwell Baptist church this week, says Rev. O. O. Holladay, pastor. Services are held each night at 8:15.

The Sunday school of the church is conducting the campaign in the form of a clinic. It will continue through Friday.

Rev. Patillo spoke at the evening services Sunday.

Church of Christ Ends Revival Meet Tonight

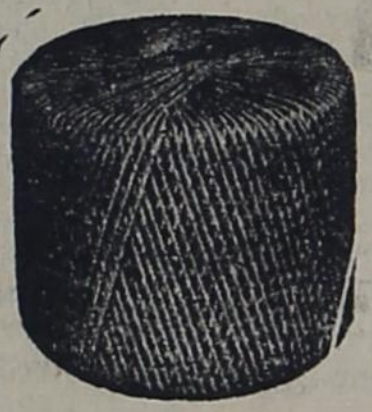

Final services for the annual summer revival meeting at the Farwell Church of Christ will be conducted tonight at 8:30. The evangelist is Minister Bob Wear of Hereford, and Sol Morgan, local minister, said good crowds have been attending the 10-day services.

Preston Martin of Farwell is song director.

First Baptist Revival Begins at Lazbuddie

Revival services at the First Baptist Church at Lazbuddie begin Friday, Aug 11. L. B. Edwards, pastor of the church, announces.

Song director will be Charles Hedman, music director for Sunnyside Baptist Church of Albuquerque, N. M.

Evening prayer will be conducted each night at 8 o'clock and evening worship begins at 8:30. Morning services begin each day at 10:30.

Rev. Edwards extends a cordial invitation to the public to attend the revival services.

Leases for Records Are Photostated

Nearly 180 leases, subordinations, and assignments in the county clerk's office have been photostated, Loyde Brewer, county clerk, says.

Brewer took the papers to Amarillo Monday where they were recorded. This system is used altogether in that county for preserving records.

By photographing the leases, typing of each copy is eliminated. It is actually cheaper than hiring a typist, says Brewer. "It takes less time as proofing is not necessary because the copy is exactly like the original."

Accompanying Brewer to Amarillo were his wife, Mrs. Brewer, and Mr. and Mrs. H. T. Reynolds.

Courthouse Grounds Readied for Planting

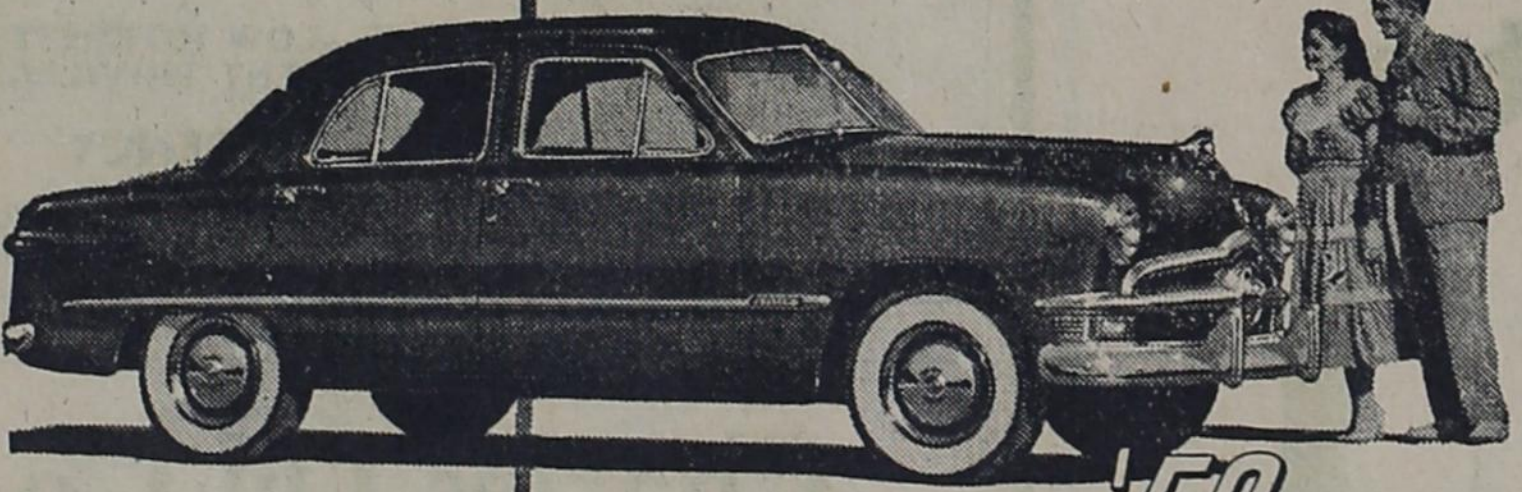

Grounds at the Parmer County Courthouse in Farwell were being levelled and prepared this week for grass planting in the near future. Nobel Goldsmith, custodian, said he had planned to seed a lawn in September, but because the yards are now cleared of weeds, may go ahead with planting immediately.

Last week the yards were harrowed and final work was made on the installation of an underground spraying system. Plans call for Bermuda to be seeded on the front lawn. Bluegrass is now being grown on the sides and behind the courthouse.

Upper bracket
Beauty

For the second straight year, Ford has received the Gold Medal award as "Fashion Car of the Year." And its good looks are matched, as owners will tell you, by its fine-car quality. Take a "Test Drive" in this '50 Ford and you'll find it has the "feel" of America's finest cars, too. We call it "big-car roadability"—you'll call it the smoothest, quietest ride on wheels. You'll agree Ford's

THE ONE FINE CAR IN THE LOW-PRICE FIELD

White sidewall tires and wheel trim rings optional at extra cost.
