

It's "Play Ball" For Little Leaguers

FROM THE
HOPPER

BY HOP JR.

LITTLE LEAGUERS GET THE LOWDOWN from Cecil Dykes, youth program supervisor, at the Tuesday morning practice. Boys pictured above will be on the Little League team, with the younger age group composing the Pee Wee League.

Texico-Farwell's Summer Youth Program got under way this week with workouts for the Little League and Pee Wee teams.

Cecil Dykes is the program supervisor for the summer program which will also include swimming. Nothing has yet been worked out.

The summer program is again being sponsored by the Texico-Farwell Lions Club.

J.T. Ford Is New Scoutmaster

J. T. Ford was named as the new Scoutmaster for Troop 201 in action taken Thursday night at the regular meeting of the Farwell Volunteer Fire Department.

He replaces Russell Grimes, who has moved to Hale Center. R. T. Langston was named an assistant Scoutmaster.

(Continued on page 2.)

READY TO SWING is Al Phillips, son of Mr. and Mrs. Bunk Phillips. Catcher is Charles Morton, son of Mr. and Mrs. Robert Morton. The picture was taken during batting practice Tuesday morning.

Former Resident Dies In Colorado

Mrs. Susie Jesko of Clovis and Mrs. Kathrine Priboth of Littlefield, returned recently from Pueblo, Colo. where they attended funeral services for Mrs. Arthur (Theresa) Arbaugh who passed away after a lengthy illness. Mrs. Arbaugh, 71, a sister of the women, lived in

(Continued on page 8.)

The readers need a rest and so do I. Jeanne and I are sprinkling our brood across the Plains to friends and in-laws and going with the Dolph Motens to the Texas Press Association convention in Dallas this week-end.

It's a good time to duck out on writing a column, so I think I will. Besides, space is at a premium in this week's Tribune.

Some news we pass along with regret is that we are giving up the Russell Grimes this week. Russell has been our printer-editor-what-have-you for several months and we think a lot of him.

He's moving up in the world and going into business with a swell fellow and good friend of ours, Tom Rambo over at Hale Center. Russell asked us to run the little note below, which we are more than happy to do:

Just a short note to say that we have really enjoyed working with everyone connected with the Tribune. We feel that we have made many friends that we shall never forget and will always miss you.

If any of you are ever passing through Hale Center by all means stop and visit with us.

We do not plan to say goodbye . . . just so-long til we meet again. . . and I am sure we will.

The Grimeses
Russell, Boots, G.A., Jerry
Ann and Allan

FIFTIETH YEAR

SECTION 1

Mosquito Control Measures Slated

An effort to do something about the fast-expanding mosquito population in the Twin Cities has been undertaken by the Farwell and Texico city commissions.

Farwell has already dusted the town on several occasions with a mixture of Malathion and DDT and the city will continue the periodic dustings as long as necessary.

Similar dustings were slated to begin in Texico Wednesday. Also, Elvie Jennings of Benger Air Park at Friona is scheduled to start dusting lakes in the area around Friona and Farwell.

The dusting will be financed by the Farwell and Friona city commissions.

Contrary to what one might think, in view of the fact that rains this year haven't been as numerous as they were a year ago, the mosquito population throughout the county is expected to be even greater than last year.

That was the word this week from Dr. Paul Spring, County health officer, who says that "the small, stagnant lakes hatch more mosquitoes than do full lakes."

"I think it's going to be a bad year," the health officer says, and he advises everybody to take mosquito control measures.

The county health officer advises farmers and other individual citizens to do some local spraying to help control the mosquito population.

He says that Dieldrin is a good spray for surface lakes, and as for weeds and shrubs there are several good sprays. Persons who would like to do local spraying can contact the various city commissions as to effective sprays, Dr. Spring says.

"Right now is the time to get started on control measures," the health officer says.

The mosquito population can be controlled the easiest by getting them in the breeding stage. Lakebeds are the largest breeding areas, and from these small, stagnant lakes in the area will be coming "millions of them" in the near future, Dr. Spring points out.

The mosquito is a common carrier of encephalitis (sleeping sickness) and the more steps that can be taken to control this seasonal pest, the less chance there will be of any contracting this disease.

Landrum Resigns As Postmaster

Jesse F. Landrum, postmaster at Farwell since March 10, has resigned.

His resignation was submitted to the postal department several weeks ago and will be effective as soon as another master is appointed.

How long that will be is not known, Landrum says. An acting postmaster could be appointed at any time, but it is possible that the postal department will call for another examination before one is named.

To be eligible for a permanent appointment, a person must first take the postal examination. The exam is not necessary, however, for an acting postmastership.

Landrum says he has not received any word from the post office department since submitting his resignation.

Landrum, who plans to return to Aldridge and Aldridge law firm, where he has been employed prior to becoming postmaster, gave several reasons for resigning from the position he has held for a little over three months.

He cited politics as a factor which indicated that the job may not be permanent, and he said he thought his previous job would be more satisfying.

Plans Underway For July 4 Celebration

The Oklahoma Lane Community will hold its annual 4th of July picnic at the community center this year.

The day's activities will begin sometime after lunch with a baseball game. Various activities are planned throughout the day for all age groups. They include volleyball, ping-pong and other group activities.

A basket lunch will be served late in the afternoon, and each family is asked to bring a basket lunch. Everyone is invited to attend the affair.

Concluding the day of activity will be a fireworks display after dark.

President of the community organization is Walter Kaltwasser, Mrs. Delbert Garner is secretary and Neil Stewart is treasurer.

Recreation, refreshment, finance and invitation committees have been appointed to work out details on the various activities.

A HANDY GADGET to have around during the mosquito season is this dusting machine, which the City of Farwell acquired last year from the government when this area was declared a mosquito disaster area. Periodic dustings with this machine help to keep the mosquito population under control. Operating the machine is Douglas Landrum.

Permits Total 21

Building permits issued in the Twin Cities during the first six months of 1961 totaled 21. Of this total, three were new businesses, including a laundry, well drilling shop and real estate office.

J. H. McDonald was issued a permit in April to build a concrete block structure with a brick front. The building is on main street in Farwell directly west of Meeks Service Station.

In February a permit was issued to B. V. Hughes to build a concrete block structure which will be used as a laundry. The building is being constructed directly east of Hughes' Live Longer Laundry on main street in Farwell.

The only new business being constructed in Texico during the first half of the year was a structure which will house a well drilling rig. The building was constructed on main

street, and is owned by J. C. Howard. Five permits were issued for building new homes during the first part of 1961, with C. A. Cassidy and James Pierce building new homes in Texico; and H. S. Curtis, J. R. Kirkland and Ralph Petersen building homes in Farwell.

The remaining permits were issued for remodeling homes, adding to buildings, and construction of other type buildings.

Nearing completion now in Texico is a new motel owned by N. L. Tharp, but the permit was issued in 1960.

More permits were issued in April than in any of the other five months in 1961, but five permits were issued in both February and May. Only two permits have been issued this month, but construction is at a peak due to the fair weather.

GIRL STATERS from Texico, Donna Osborn, seated; and Betty Lockhart, look over some of the literature they received last week while attending the 14th annual New Mexico Girls State in Albuquerque.

Local Boys, Girls Staters Return From 1961 Sessions

The Twin-Cities boys and girls state delegates have been kept busy for the past few weeks, attending sessions of the 1961 Texas and New Mexico Boys and Girls States.

Dickie Gerles was Farwell's boys state delegate, while Kit Doran and Dwight Turner went from Texico. Donna Kay Osborn and Betty Lockhart were Texico's girls staters.

Iris Goldsmith, who was selected to attend Texas girls state, was unable to attend since a mix up occurred in sending in a reservation for her. She is the daughter of Mr. and Mrs. N. H. Goldsmith.

Gerles, son of Mr. and Mrs. Dick Gerles, left June 3 for Amarillo where he met with other boys staters from the Panhandle region and went with them by chartered bus to Austin where boys state was held on the campus of the University of Texas.

After registering, boys were assigned to cities, counties, and a party. Gerles was a citizen of Giescke City, Cox County and was a member of the Longhorn party.

He stated that he didn't run for a city office, but later ran for state railroad commissioner. He was defeated in that election, but was later elected to the state senate.

Gerles said a highlight of the week was the trip to the State capitol, where the boys state senate met in the senate chambers. They were also taken on a tour of the capitol grounds.

Friday morning formal inauguration was held for the newly elected officials of boys state. Named to attend boys' state were James Jarvis from Fort Worth and Pete Conway from Harlingen. The boys were selected from the 582 attending.

Governor of last year's boys state was

a featured speaker at one of the assemblies. Director of this year's boys state was G. Ward Moody.

Gerles said that each city had volleyball, baseball, basketball and football teams, and that a tournament was held during the week. He was a member of Giescke's football team.

Texico was able to send two delegates to boys state this year. Dwight Turner, son of the Taft Turners, and Kit Doran, son of Mr. and Mrs. J. Buck Foran, were selected to attend.

The boys left on June 3 for Roswell where boys state was held on the campus of New Mexico Military Institute.

They too, were assigned to cities, counties and parties. Doran was a member of the Nationalist party, was a resident of Castillo City in DeCastro County. Turner was a member of the Federalist party and lived in Monticello City.

The first general assembly was held on Saturday evening with various officials extending welcomes to the group, and a report by the 1960 governor of Boys state. They also heard a talk by Will Harrison.

On Sunday after attending church, boys state really got underway, with campaigning beginning for city offices. Turner ran for the office of city police judge and was elected during Monday's election. After city elections, county and state campaigning got underway.

During the week, general assemblies, city, county and state meetings, a law enforcement school, lectures, and various extra activities took place.

Wednesday evening, a talent night was held,

(Continued on page 2.)

Two Teachers Hired

Only three vacancies remain on the Farwell faculty, with the hiring of a basketball coach and high school English teacher this week.

Bill Mayfield, a 1957 graduate of Quitaque high school who graduated at West Texas State College in May, will take over duties as high school basketball and baseball coach, and will assist with coaching football at Farwell next year. He will also teach social studies in junior high school.

Mayfield plans to move to Farwell in time for fall football workouts which begin August

14. Myrtle McKenzie was hired to teach high school English, which will include freshman and junior English and speech.

She graduated from Levelland High School in 1957, and finished college at West Texas State in January. She taught at Hereford High School the last semester of last year.

Three teachers are needed to complete the Farwell faculty; a band director, home economics teacher, and junior high school English instructor.

Rummage Sale Set Saturday

The second in a series of rummage sales will be held Saturday afternoon beginning at 5 in the building east of Rose Drug Store in Farwell.

The sales are sponsored by the Theta Rho Chapter of ESA

and proceeds are used for the sororities' philanthropic work.

Anyone wishing to donate used clothing, dishes, pots and pans, curtains or bedding can contact a member of the organization and the rummage will be picked up.

THE STATE LINE TRIBUNE

SCOUTMASTER--

Visiting Sunday in the Jerry Henson home were Mr. and Mrs. Jim Moss and Glendon, Mr. and Mrs. Milton Henson, Mr. and Mrs. Jimmy Don Moss and Mike, Mr. and Mrs. Raymond Hadley, Karen and Keith, Linda Pittman and Connie Widner. Mr. and Mrs. Fred Barker Jr., Eddie and Johnny from Friona visited in the home of Mr. and Mrs. Fred Barker in Texico Sunday.

BOYS, GIRLS STATERS--

On Tuesday campaigning began for state and county offices, with both Texico girls running for state representatives. After winning in the primaries the girls again campaigned, and were elected state representatives during the election Wednesday.

Tuesday evening was ended with a style show, and a talent night was held Wednesday evening while the girls waited for election returns.

Mock trials were conducted Tuesday with the district attorneys, defense lawyers and various other law officers, practicing the duties of their office. The house and senate also met.

Thursday evening, the formal inauguration was held, with Governor Ed Mechem as guest speaker. Justice J. C. Compton, from the state supreme court, administered the oath office to each girls state official. Girls Staters were also presented with their girls state pins. Following the inauguration, a reception was held in the ballroom.

Friday found the girls leaving for Santa Fe and a tour of the state capitol. While there each girls state official visited in the office to which they had been elected or appointed.

The senate organized in the senate chamber and the house organized in the house of representative chamber.

Saturday was spent with the government in action, signing of bills and other activities. Final assembly was held that evening, with the announcement of 1961 delegates to girls nation climaxing the evening.

Each of the twin cities delegates to boys and girls stated summed up the week by saying "It is really worthwhile, I enjoyed every minute, and think it is worth working toward."

News From LAZBUDDIE

BY MRS. C. A. WATSON

The Midway Home Demonstration Club met Tuesday afternoon in the home of Mrs. Claude Watkins. Roll call was answered with a good neighbor deed.

During the business meeting, the group voted to buy an air conditioner for the Oklahoma Lane Community Building. The treasurers' report and council report were given during the meeting.

Following a demonstration on making salads, the group were served salad, crackers and punch. Attending were Mildred Redwine, Dorothy Mason, Elsie Foerster, Luella White, Grace Young, Alene Chitwood, Alvada Gulley, Lora Brown, Dorothy Harlin and a visitor, Coretta Watkins.

Buddie Ingram from San Springs, Okla., is visiting this

summer with Donnie Smith. Mr. and Mrs. David Lynch of Slaton visited Sunday with the Raymond Houstons. Judy Lynch returned home with her parents after visiting for two weeks with the Houstons.

Gene Isibell from Stinett visited with his daughter and family, the Buck Crims, last week. Sunday the Crims returned Mr. Isibell to his home.

Doyal Crim is visiting Mr. and Mrs. Gib Isibell and Mr. and Mrs. Wayne Foster in Clinton, Okla. Mr. Alton Morris was in Portales Monday to be with her aunt while she underwent surgery. Rev. and Mrs. Bill Curry and children are on a two weeks vacation in New Mexico. Mr. and Mrs. Marvin Mason were guests in their son's home at Dimmitt Sunday. Birthday greetings this week go to H. H. Briggs and Kathy Coker, June 19; Donna White, June 20; Charlie Garazura and Janic Masters, June 22; Jill Mimms and Jan Nowell, June 23; Howard Watson, Charlie Ray

Cedar And Roses Accent Motif At Bridal Shower

Garlands of cedar entwined with yellow roses and surrounding the base of a footed crystal punch service on the serving table formed the focal point of the decorative motif for a pre-nuptial shower honoring Miss Carolyn Watts Tuesday afternoon.

The courtesy was held in the fellowship hall of the Baptist Church in Farwell, with Mesdames Alvin Mace, E. E. Routon, Herbert Potts, Gene Hardage and Mitz Walling as hostesses.

Emphasizing the chosen colors of Miss Watts, yellow and white were used in the entertaining room. A cloth of linen with lace insets covered the serving table and the tall punch bowl held lemon punch, with spirals of smoke achieved with dry ice, cascading over the top. On either side were double crystal candleholders with yellow twisted tapers. Yellow napkins completed the motif. Party cookies were served with punch, mints and nuts.

The honoree was assisted in opening gifts by her mother, Mrs. A. T. Watts, and sister-in-law, Mrs. Billy Watts. Those attending and sending gifts included Mesdames W. M. Dannheim, Bunk Phillips, R. T. Langston, Preston Martin, Shorty Robertson, Don Gerles and Randy, W. H. Graham, Dor Williams, Wayne Koelsler, Tommy Bevell, Barthel Ford and Ray Ford.

Also Mesdames John Getz, J. T. Ford, Elsie Hardage, Wilfred Quickel, Dick Gerles, A. V. Warren, L. L. Norton, L. R. Vincent, Ann Smith, Jer-ald Curtis, Dale McCuan, Claude Rose, S. O. Billington, Lee Meeks, Ralph France, C. L. Mahaney, Carrie Hardage, Floyd Trantham, Pat Haseloff, Bobby Jones, Jim Billingsley, Dixie Jesko, Pike Jordan, W. T. Meeks, Ted Magness, Joe Magness, Mose Glasscock, Clark Billingsley, Finis Jennings, W. H. Dollar, Uvon Ford, Glenn Leslie and Merrill Turner.

Also Misses Carolyn Routon, Zell Billingsley, Glyna Davis, Connie Phillips, Paula Martin, Jo Potts and Joan Potts.

Mr. and Mrs. Rondal Price from Amarillo visited with her parents, the J. H. Thorntons over the weekend.

The Women's Page

ANITA HENSON, Society Editor---Phone 481-3681

Mr. and Mrs. Ernest Kube of Farwell announce the recent marriage of their daughter Linda, to Donald Jones, son of Curtis Jones also of Farwell. The couple were married June 9 in a quiet, informal ceremony in the home of the bride's parents, with the immediate family in attendance. Mr. and Mrs. Jones will reside in Farwell where he is in business.

Pre-nuptial Shower Features Pink, White Color Scheme

Pink and white were used throughout in decorations, when Miss Verlone Thigpen, bride-elect of Kenneth Doolittle, was feted with a pre-nuptial shower Thursday evening at the Texico Baptist Church.

Centering the refreshment table was a tiny bride standing under a flower entwined archway. Pink and white flowers were at the base of the arrangement, and tall pink tapers rose behind the archway. White napkins and crystal appointments were used.

Mesdames T.E. Roth, Jim Pierce and Perry Winkle served refreshments of white cake squares iced in pink along with pink punch, nuts and mints.

The gift table was centered with a miniature bride and groom standing beneath an archway which was formed by interlocking wedding rings.

Since the couple plan to make their home on a farm, a tiny farm scene was used for decoration on the gift display table.

Pink roses were entwined on poles in the basement, and a bouquet of pink and white flowers surrounding a large bride doll was placed atop the piano to complete the decor.

The honoree, her mother, Mrs. F.S. Thigpen, and the bridegroom-elect's mother, Mrs. T. T. Doolittle, were presented with rose corsages.

Background music for the occasion was provided by Carol White, who also accompanied her sisters, Kathy and Susan as they sang a duet.

Hostesses for the affair were Mesdames Herbert Lanin, Perry Winkles, Grayson Roberts, Jess Richardson, Tema Roth, Fred Danforth, Jim Pierce and Russell Johnson.

Attending and sending gifts were Mesdames John Adams, Flossie Watts, Thelma Phillips, Betty Hahn and Clarence, Darlene Gibbs, Marvin Doolittle, Orval Francis, Guy Cox, Olan Schleuter, Sue Scott, Ida Lou Combs, Pat Webb, Ruth Reid, C.C. Curry, Gitanna Bond, Buck Doran, Leroy Faville, R. G. Pierce, J. O. Morris, Gladys King, Euel Smith, Glenn Bell, Lois Lesly, Dee Walton, and Jerry Trower.

Also Mesdames Jim Young, D. J. Brown, Milton Henson, Sidney Miller, Dale McCuan, Ira Levins, B. L. Harding, B. A. Rogers, Les Means, Truman Kittrell, Arlyle Crooks, Anson Bowers, R.E. Crooks, Bob Drace, Buck Burns, Russell Johnson, Roy Smith, Glenn Green, Neil Durham, Loleat Harmon, Robert Echols, Homer Dykes and Wesley Engram.

Also Mesdames Jesse Hudson, Ola Moore, Bud Peyton, J. D. Westberry, Glenn Bell, Jim Moss, Jerry Henson, Nora Day, Evelyn Hadley, C.K. Caldwell, Paul Skaggs, Ruth Williams, V. C. Venable, Garland Hahn, Elmer Teel, Sammie, Ronnie and Lonnie Curry, and Mr. and Mrs. Sam Covington.

Also Mesdames Judy Roubison, Marvin Walton, Bob Dollar, Barbara Sapp, Horace Echols, Harvey McInturff, Ebb Randol,

"Salad" Demonstration Highlights Club Meet

Various congealed salads and fruit salads were demonstrated by Mrs. Clarence Johnson when the Oklahoma Lane Home Demonstration Club met on June 8 for their final meeting of the summer. Meetings will resume on September 14.

Mrs. Johnson gave the women tips on preparing the salads, and demonstrated ways to serve them.

During the business meeting the club's annual family picnic was planned, with the tentative date set for August 18. Mrs. Gilbert Kaltwasser, chairman

of the social committee, will notify members if any change is made in plans for the affair.

Following the meeting, cranberry salad was served with drinks to Mesdames Clarence Johnson, W. T. Magness, Vernon Symcox, Joe White, Harold Travis, and a visitor, Mrs. Minnie Nobels, a new resident of the community.

Shower To Honor The Don Joneses

Friends of Mr. and Mrs. Don Jones are invited to a miscellaneous wedding shower to be held in their honor at the Hamlin Memorial Methodist Church on Tuesday evening, June 27, during the hours 7:30 to 9:30. No invitations are being mailed.

Anyone desiring further information is asked to phone Mrs. C. C. Christian, 481-3238; Mrs. Harold Travis, 481-3806; or Mrs. Partin Austin, 825-2467.

John Adams Honor Guest At "Bon Voyage" Supper

Women of the Texico Fire Department Auxiliary were hosts for a "Bon Voyage" supper honoring John Adams Wednesday evening at the fire station.

Adams will leave soon for an 8-week summer course in Spanish to be held at the University of Puerto Rico at San Juan. He is among 53 teachers from over the United States who will attend, and is the only one from the Rocky Mountain region.

Following a supper of baked ham, beans, potato salad, cake, coffee and pops the group spent the rest of the evening visiting.

Attending were Mr. and Mrs. John Adams, Mr. and Mrs. Otis Huggins, Mr. and Mrs. Fred Danforth, Mr. and Mrs. Perry Winkles, Mr. and Mrs. Don Fought, Mr. and Mrs. Rip Snodgrass, Mr. and Mrs. C. H. Webb, Mr. and Mrs. F. S. Thigpen, Mr. and Mrs. Jim Pierce, Russell and Don Johnson, Bill Tigpen, Glenda Billingsley, Donald Caillouett and Janice Adams.

Father's Day Luncheon For Charlie Crume

Charlie Crume was honored Sunday with a Father's Day luncheon at his home in Farwell.

Attending were Mr. and Mrs. Dick Crume and Patsy, Mr. and Mrs. Bill Crume, Delane and Carter from Lubbock; Mr. and Mrs. Vance Crume, Prissy and Judy, Hereford; Mr. and Mrs. Hayden Cason, Wayne and Cindy, Friona; and Mr. and Mrs. Joe Crume, Darlene, Dean and Donald, Mr. and Mrs. Bobby Crume and Kathy and Mr. and Mrs. Phillip Crume from Farwell.

Wheat Harvest Swings Into High Gear

GOLDEN WHEAT pouring out of a combine spout is a typical sight throughout the Parmer County area this week as the harvest of a bumper crop swings into full force. Here, Jerry Strawn, watches the wheat fill up a truck on the farm of his father, Norvel Strawn, near Bovina. This 30-acre field was making better than 60 bushels per acre.

Yields, Quality Running High

Wheat harvest, temporarily delayed by general rains throughout the county last week, swung into high gear early this week with every indication that yields and quality of this year's crop will be about the best ever.

Combines started moving into the fields Sunday and Monday, and if the weather holds good, the bulk of the crop should be harvested this week and next week, according to elevatormen throughout the county.

Last week's soaking rain came just about the time the first fields of wheat were ready to cut, thus delaying the harvest even before it really began.

Hardly anyone was complaining about the moisture, however, because it was a slow, steady rain which lasted throughout the night Wednesday and came at a time when cotton and grain sorghum was badly in need of some water.

The rain didn't hurt the wheat any, and about all it did was to make all of the wheat in the county ready to be cut at the same time.

Because there appears to be ample combines in the area, and the wheat is all ready for the sickle, this year's harvest could be one of the shortest on record. A couple of elevatormen predicted that a good portion of the crop will be cut this week and for all practical purposes, the harvest will be over by the middle of next week. Again, though, it depends on the weather.

A spot check with a few of the elevators early this week revealed that yields were running high and the quality of the golden grain was exceptionally good.

Elevatormen reported that, of the few fields completed, the irrigated yields were ranging from 50 bushels per acre up to 70.

It was mostly all weighing out at 60 pounds plus and the moisture content was around 14 per cent.

At Farwell, Johnie Williams, manager of Shirley-Anderson-Pitman, Inc., said Monday night that the wheat was "looking awful good."

"It'll be as good or better than last year," Williams said. Two of the first yields that had been figured up at the elevator were 63 bushels per acre on a field of Bert Williams, who farms near the West Camp community, and 58 bushels per acre on the Mark Chadwick farm, northeast of Farwell.

The 58 bushel yield for Chadwick was despite the fact that one end of field reportedly received 60 percent hail damage.

Ray Pritchett of Golden West Seed at Texco, thought this year's crop was going to be about the best in quite a number of years. "It'll be better than last year," Pritchett said, "the wheat is well matured, better quality, and a better test-weight."

He said that some of the early dryland yields in the area were averaging from 30 to 34 bushels per acre.

At Friona, Preach Cranfill of Continental Grain said the wheat was of good quality and that the yields should be high. He said Tuesday morning that it was still too early to know yet what any of the irrigated yields were, but he said dryland wheat was making between 25 and 30 bushels per acre.

J. P. Macon of Macon Elevator at Bovina, estimated that the wheat yields would turn out "way above average" and be considerably better than last year.

There hadn't been enough irrigated wheat cut by Monday

THE HIGH PLAINS FARM AND HOME

"Why I Believe In Soil Conservation"

Each year the Parmer County Soil Conservation District sponsors an essay contest to the young people of county. This contest is held in conjunction with the Fort Worth Press contest. However, the Fort Worth Press gives separate awards for the winners of their contest.

The students are given a title on which to write. This year the title was "Why I Believe In Soil Conservation." The top four essays are picked by a team outside this county and the winners are presented awards and cash prizes. All the essays are then sent to the Fort Worth Press to be entered in that contest.

During the next few weeks we will publish the winners and their essays as we have space for them. The first place winner

MARILYN SUE BRANDON

this year was Marilyn Sue Brandon of Bovina. This is the essay that she wrote.

"Why I Believe In Soil Conservation"

In this world in which we live, the two basic resources are the land, the people. As individuals, communities, states, and as a nation, I believe we need to get better acquainted with the land, its needs, and the practical possibilities of taking care of these needs.

Soil Conservation is one of the most important agriculture sciences. If we are courageous in accepting new ideas and willing to work with, instead of against, nature and the land, we shall find in conservation farming an avenue to the best system of agriculture the world has ever known. What is needed now is the desire and the decision to go ahead and get the job finished on time. It is being done, but it would be better if it could be done faster. This will require the help of everybody. There are no short cuts to the permanent conservation of soil and water. Nature made the land, turned the rains on it, and fashioned natural affairs so as to keep the land perpetually productive. We cannot restore the soil after it is lost, and, I believe, we as people have the responsibility of keeping it fit and in good shape. We can hold and improve what is left, but topsoil scattered over the bottom of the ocean cannot be returned to the fields and pastures from whence it came by any practical operation available to man.

The view of land capacity, looking out a window or driving along in our automobiles, is based on what has happened and what can be accomplished through prompt and efficient soil and water conservation.

I, as a citizen of our great America, believe that since we do have soil conservation that we do need to care for it. That is why I believe in Soil Conservation.

night to determine any yields yet, but Macon said they would be high. He said the wheat was of good quality, but on Monday most of the wheat cut was high in moisture content. Macon said Tuesday morning that if the weather cleared up, the harvest should all be completed in a couple of weeks.

NEWS FROM THE FARM BUREAU

BY RAYMOND EULER

We want to commend the Ralph Wilsons for having a United States Flag flying in their farm yard on Flag Day. We would like to see one in every yard on the proper days. The fact that there wasn't one in front of the office here is due to the lack of a place to stick it up. We have a brand new flag and expect to get things in shape to fly it in the near future.

The Farm Bureau Weed Committee will meet in the Friona Office again this Monday night at 8:30. You are urged to attend and help with your suggestions for the elimination and control of noxious weeds. J. T. Jones of Bovina, who is chairman, will appreciate any suggestions you may have. Rhea Community will have held their day of cooperative work on bindweed last week, but we suppose they were rained out. We are sure that if they were, they will get it done in the near future, because a delay is not usually the end of a proposed project in the Rhea Community. We have written Robert S.

Farmers Union Resists Sales Tax

Texas Farmers Union has issued a call to all of its officers and membership to rise up in arms to fight the general sales tax proposal for Texas. State President Alex Dickle, Jr. states that the Farmers Union program calls for all-out opposition to any further addition of sales tax as a source of state or national revenue. "Generally speaking, there is no question that a retail sales tax would have a considerably heavier impact upon farmers, either per capita or upon a farm family basis than the impact of the same tax upon non-

farmers per capita or per family" he says.

This is obvious from the fact that farmers buy considerably more at retail than do non-farm families. Farm purchases for household and family living purchases are very near to being on a par with those of the typical non-farm family. Besides, farmers buy their machinery, equipment, and other capital items at retail, plus hundreds of smaller supplies and materials in the field of lumber, hardware and various durable goods.

In Iowa, farmers pay an estimated \$21 million a year under the 2% sales tax, and according to the Iowa tax department figure, farmers pay 50% more taxes per capita than non-farmers. "Wouldn't Texas farmers also pay this much more than non-farmers?" Dickle asks.

Approximately 2,000 boys and girls, their leaders and friends attended the annual Texas 4-H Roundup at Texas A&M College.

From 1954 to 1959, the number of farms producing turkeys declined, but the number of turkeys produced rose. Hatchings for the first part of this year indicate this trend may continue, says F. Z. Beamblossom, extension poultry marketing specialist. Unless hatchings in the next few months move closer to last year's total, price decreases from last year are likely to be even greater in the fall of 1961 than the present spread.

United Nations -- The so called special fund of the UN recently approved a \$1.1 million loan for Fidel Castro's Cuba. Of that amount, 40% will be paid by the United States. The Soviet Union, in contrast, will pay only 3% of the loan. Does this meet with your approval, as a taxpayer???

Four Parmer Men On Committee

The High Plains Founders Committee for the Cotton Producers Institute was announced today by Roy Forkner of Lubbock, chairman of its organizational committee.

Forkner said committee members in their areas will sponsor and help organize efforts to acquaint cotton growers with the program and aims of the Institute.

The Institute is a new, voluntary business organization of cotton growers. Its aim is to expand the total market for U.S. cotton in ways that will expand acreage, production, and profits for the grower, Forkner explained.

"Program of the Institute centers around research and promotion," he said. "Through research we can lower production costs and improve fiber quality and thus overcome the one-billion-dollar inefficiencies now existing. Research can also give cotton improvements

in consumer qualities which will enable it to compete in additional markets totaling five million bales. In promotion, cotton desperately needs a national advertising campaign directed to consumers."

For the Institute, Forkner envisions up to a 10-million-dollar research and promotion fund to expand the market for cotton.

"World fiber consumption is tending to rise at a spectacular rate," he explained. "If U.S. cotton can maintain its present share, projected expansions in world fiber demand will give us a 20-million-bale market in seven or eight years."

Forkner pointed out that bigger markets do not necessarily mean bigger profits to cotton growers.

"If we are to earn larger profits, we must lower our unit cost of production, improve quality, and sell cotton products more aggressively," he stated.

The High Plains Founders Committee for the Institute includes:

A. L. Hartzog, Gilbert Kaltwasser, Elmer Hargrove, and W. L. Edelman of Parmer County.

Out on a limb for meals?

Then get down to earth -- but with out-of-this-world meals -- by buying a home freezer or refrigerator-freezer now. You save money and stop wasting food. Left-overs become planned-over or TV meals when you have a freezer compartment. You serve them later and save money -- and improve appetites. Buy now -- the economy is instantaneous.

FREE WHILE THEY LAST

Five durable plastic bowl covers in assorted sizes for just seeing a freezer or refrigerator-freezer demonstration from your Reddy Kilowatt Dealer. You don't have to buy -- but you'll want to.

SOUTHWESTERN PUBLIC SERVICE COMPANY

CHECKING A MAP for marked locations of the bindweed are these three fellows, Raymond Schueler, left, Leland Gustin, and Franklin Bauer. The map had been prepared as an aid to the more than 20 farmers who turned out Friday afternoon for "Operation Bindweed" in the Rhea community.

APPLYING SODIUM CHLORATE to a patch of bindweed in the Rhea area Friday afternoon were these farmers, who are joining with others throughout the county in an effort to rid road right-of-way and farm land of the noxious weed. The herbicide was furnished by the Parmer County Commissioners Court.

Rhea Farmers Declare War On Bindweed

Twenty farmers from the Rhea community turned out Friday afternoon to participate in a community-wide effort to rid road right-of-way in that area of noxious bindweed. The farmers met at the Rhea Parish Hall, observed a demonstration by Parmer County Agent Joe Jones as to how to apply the sodium chlorate herbicide, and then went to work treating the infested areas. Bindweed patches on the road right-of-way had previously been marked off on a map and the farmers paired off into the several teams and started spreading the herbicide which had been furnished by the county. The county will furnish the herbicide to any individual farmer, or for a community effort such as the one at Rhea, for application on county road right-of-way, providing the farmers sign agreements to purchase herbicides and treat infested areas on their own property. This program has been in effect for several years, and it is now being pushed jointly by the commissioners court, the county weed control committee,

HD Agent's Notes

BY MISS ETTIE MUSIL

Planning a family trip? If so, put aside the road maps and travel folders long enough to place valuable household papers in order. This is an important practice because an accident may happen to any member of your family.

Loss of a valuable paper from theft, fire or carelessness could spoil your vacation. A safety deposit box at your bank is one of the best places for wills, stocks and bonds, insurance policies, or family records of birth. Other papers that need added protection are citizenship papers, marriage license, military service, deeds, leases, promissory notes and other documents.

A household inventory is another valuable record. Before leaving on your trip, make duplicate copies or bring existing ones up-to-date. One copy can be placed in the bank box and the other kept at home. You'll be glad you did if you have to settle a theft or fire claim.

Take with you a list giving the name of your automobile insurance and hospitalization insurance companies. Include the number of each policy and the names and addresses of the agents.

If you carry travelers' checks, don't forget to make one or more lists of check numbers to carry separately in case you should lose the checks.

Before you leave don't publicize your leaving on the radio or in the newspapers. This is ideal information for the burglars that make notes for home visits. You'd hate to come back to an empty house.

Don't forget to stop the milk, newspapers, or any city deliveries. Post offices should be notified to hold your mail for the date you are expected home. We can never be too careful.

You know, even be careful of the friends you tell that you are leaving. Leave the house looking as natural as you possible can. Travelers may think you will be back that evening, so they may not want to plan a night visit when all the neighborhood is asleep. Porch lights that shine day and night is a sure sign that you are not at home.

For traveling take no more clothing than is absolutely essential. Travelling with light luggage is lots easier these days with all new fabrics and finishes. New fabrics make clothing so much easier to care for when travelling.

Make a plan and build your wardrobe around a basic color scheme. Well chosen separates and such small accessories as scarfs, flowers and jewelry help vary your costume.

Take the type of clothing you know you like to wear. As useful as separates are to most women, if you don't like them at home you won't like them away from home. The same thing applies to knitted suits and dresses. They're ideal for packing but remember you want clothes ideal for wearing, too.

Be practical but not drab. When in doubt, don't take that extra dress.

Six Accidents During May

The highway patrol investigated six accidents on rural highways in Parmer County during the month of May, according to Sgt. Roger Sosebee, highway patrol supervisor of this area.

These wrecks accounted for two persons injured, and a property damage of \$2,625.

This brings the total for the first five months of 1961 in this county to rural traffic crashes resulting in one person being killed, ten injured, and a combined property damage amounting to \$15,953.

After noting the accident picture for this county for the first five months of this year, the sergeant pointed out another significant fact. As summer approaches with longer days and additional good driving weather, the driver should be especially aware of the danger period at dusk.

Many accidents happen during this period. One cause of this is the driver fails to turn his lights on soon enough. Although the law sets out when lights must be turned on, the driver should also use his own good judgement.

Any time a driver cannot see an unlighted object approximately one-half mile away, he should turn his lights on. He may be able to see the other driver, but can the other driver see you?

Return From 4-H Roundup

Judy and Bruce Billingsley and Gary Foster represented Parmer County and District I in the Texas 4-H Roundup held June 6 and 7 at College Station on the Texas A&M College Campus. Neither team from Parmer County placed in the top three ratings. No other ratings below third place were announced. Attending the 4-H Roundup this year was a record 2500 4-H boys and girls, adult leaders, extension agents, and guests. District method demonstration winners were competing with other district winners throughout the state. State winners were determined in 25 subject contests.

Judy and Bruce presented a 10 minute method demonstration, "All the Way the Egg Protein Way" in Poultry Marketing awards program. They showed the grades of eggs and how the egg could be used in food preparation. Judy and Bruce were among 23 teams entered in this contest.

Gary Foster took part in the Tractor Operators awards program. Gary had to take a written examination about tractor care. The second part of the contest was a practical examination consisting of inspecting a tractor and in 5 minutes listing all faulty maintenance and safety items found. The last part required the contestants to drive and back a tractor with two-wheel and four-wheel trailers. Gary competed with 23 boys.

The annual 4-H Roundup is the highlight of a year's work for 4-H Club members under the leadership and guidance of volunteer adult leaders and county extension agents. Expenses to the 4-H Roundup were paid by the Parmer County Farm Bureau. Attending from Parmer County besides the contestants were Mr. and Mrs. Leon Billingsley, Nelson Foster, and Miss Ettie Musil, County Home Demonstration Agent.

SHORT SNORTS

Car-jammed Texas cities are getting sympathy and an offer of help from the Texas Highway Department. Commission announced that cities may use the space under elevated expressways for parking lots -- to be operated by the cities or under contract by private parties.

Noting that the number of 1961 polio cases in Texas is up 9 per cent above the same period last year, State Health Department is launching a new campaign for inoculations -- especially for "babies and breadwinners."

"Moonshining" is not just a part of the colorful past. Texas Liquor Control Board reported that it seized eight illegal stills and confiscated 2,970 gallons of mash and 34 gallons of liquor in April.

Grain Sorghum Watering Guide

The above chart shows the consumptive use of water by grain sorghum at various growth stages. The seed begins to use water at germination, but the rate used by the plants is low for the first two or three weeks. As more leaves are developed, water use rises rapidly and reaches a peak at the boot stage. Water use continues high through the bloom stage to maturity.

Tests Prove Need For Phosphate

"The 1960 cotton fertilizer tests at the High Plains Research Foundation disclosed the importance of proper amounts and placement of phosphate fertilizer," Delbert Langford, associate agronomist, remarked as he released the reports this week.

"Placing phosphate in bands of 3 inches to 10 inches from the seed and 2 to 3 inches deeper than the seed, produced the best results in the fertilizer placement tests with yields of 1011 to 1016 pounds of lint per acre compared with 928 pounds with no fertilizer." Several methods of placement were compared in the test.

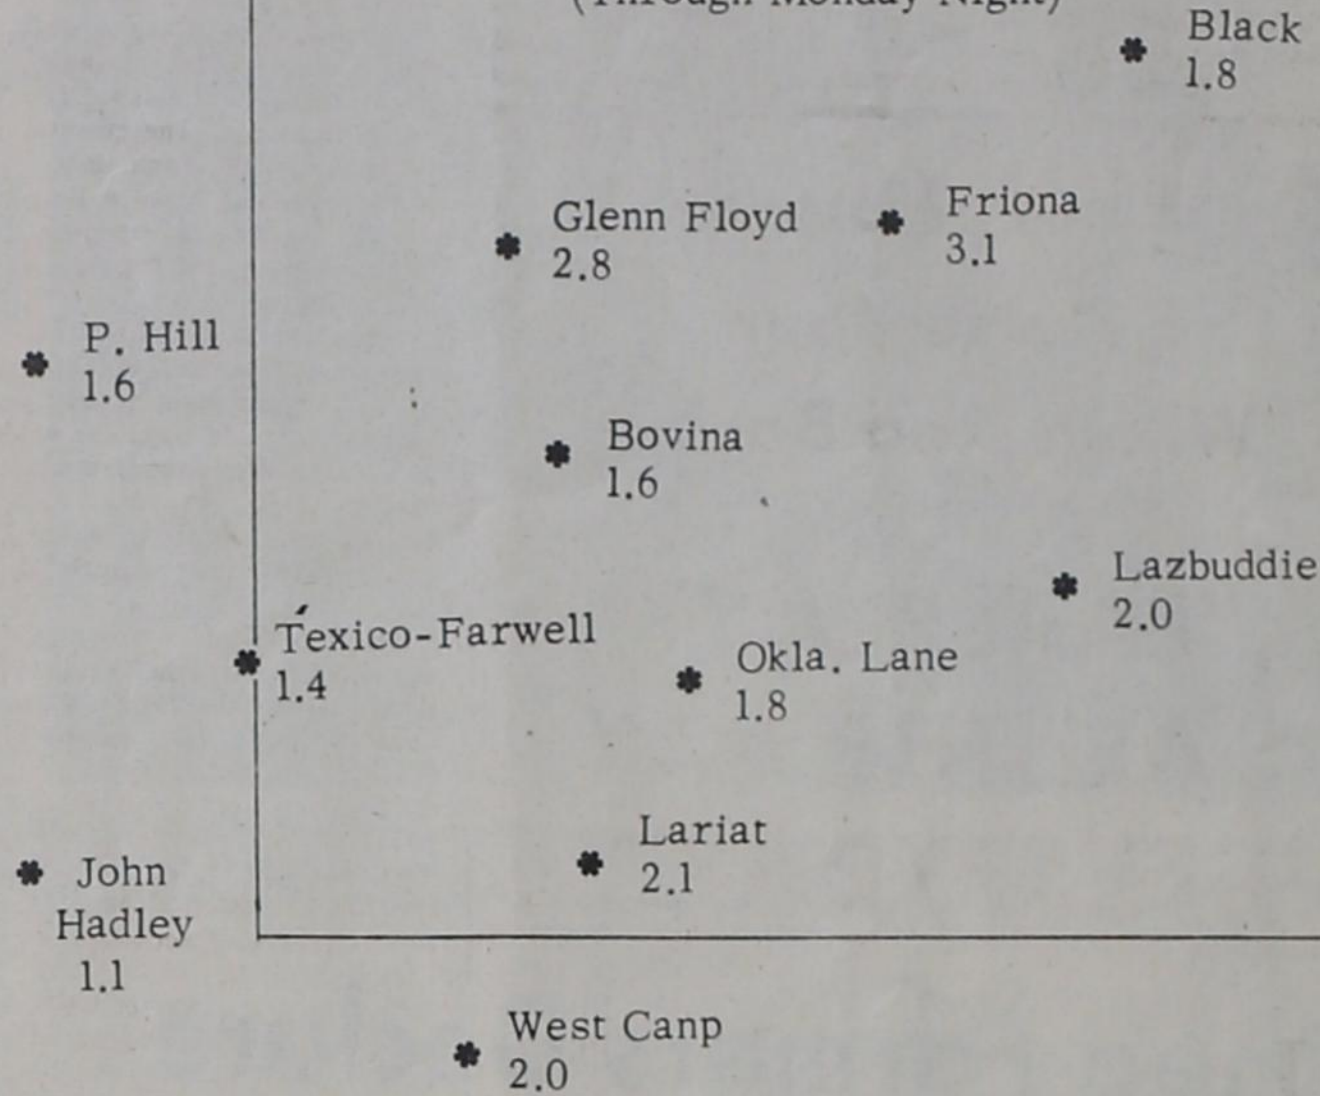

"Eighty to one-hundred twenty pounds of phosphate combined with 40, 80 and 120 pounds of nitrogen produced significant increases over no fertilizer.

The low rate of application of 40 pounds of phosphate per acre did not prove profitable with any rate of nitrogen. Phosphate applied without nitrogen was not profitable. This has

FOOTSAVING EDUCATION

by James E. Edwards

Do High Shoes Cause Weak Feet?

No. Recently a mother quoted the writer as saying that high shoes weaken the feet and ankles but that was a misquote. The writer stated that high shoes neither weaken nor strengthen the foot because high shoes cannot be laced tight enough to give support. It would be unfortunate to discourage the use of high shoes for babies. They are cute and appropriate. And you can buy them with plenty of grow room without worrying about the shoes falling off. I would be guided by the advice of my shoefitter and once I made my choice of high shoes or low ones I would not be disturbed by the advice that flows so freely from the generation that made bunions famous.

Edwards' SHOE STORE
Successors to Olivers'

CLOVIS, N. MEX.

lem. However, most of us soon tire of eating or serving the same thing cooked the same way day after day. Then your family tires of eating vegetables cooked the conventional ways, try something different. Those of you who have copies of "What's Cooking In Farmer County" can find some unusual ways to prepare just about anything that grows.

Mrs. Grady King, a member of the Midway Home Demonstration Club likes the following recipe. Peel large cucumbers and cut in round slices. Cook in salted boiled water until tender. Drain well. Drench with heavy cream which has been well seasoned with pepper, salt, a few grains of cayenne pepper and nutmeg. She also recommends using this same recipe using sour cream.

Mrs. Ralph Shirley of the Friona HD Club likes **TOMATOES STUFFED WITH EGG SALAD**
6 hard cooked eggs, chopped
1 cup finely chopped celery
1/3 cup sliced stuffed olives
1/4 cup minced green onion
1/2 teaspoon salt
dash of pepper
1/2 cup mayonnaise
6 medium tomatoes
Combine first six ingredients and add mayonnaise; mix well. Scoop out centers of tomatoes and fill with egg salad and top with olive slices.

If you like raw spinach, you will probably like this **POPEYE SALAD**
1 pound washed spinach
1 teaspoon grated onion
1/2 teaspoon salt
2 hard cooked eggs
4 slices diced bacon
4 tablespoons vinegar
2 teaspoons sugar
Wash spinach and trim. Dry, chop fine. Add onion and salt. Toss lightly with the chopped eggs and bacon dressing. Fry bacon slowly until crisp. Add the vinegar and sugar. Mix well and pour over prepared spinach. Serves 4.

This recipe was submitted by Mrs. David Guley of the Midway HD Club.

Mrs. Truitt Hardage of the Town and Country Club submitted the following recipe for **CHEF SALAD**

Crisp salad greens
2 tomatoes, quartered
6 radishes, sliced
2 carrots, cut in strips
1/2 green pepper, cut in rings
4 hard cooked eggs, quartered
4 slices cooked bacon, crumbled
Chill ingredients, except bacon, in refrigerator. Just before serving toss lightly with salad dressing. Sprinkle bacon over top.

For a salad that is different and very tasteful, try this **Twenty-Four Hour Salad**

1 cup milk
4 egg yolks
1/8 teaspoon salt
1/8 teaspoon dry mustard
3 tablespoons lemon juice
1 cup whipped cream
1 No. 2 can Royal Ann cherries
1 No. 2 can crushed pineapple
1 pound miniature marshmallows
1/2 pound slivered almonds
Scald the milk in a double boiler. Beat the egg yolks slightly with a fork. Add a small amount of the hot milk to the egg yolks. Gradually add the egg mixture to the remainder of the milk in the double boiler. Stir and cook until thick. Add salt and mustard. Remove from heat and allow to cool; then add lemon juice and whipped cream. Pour over the fruit and nuts which have been combined in a large bowl. Refrigerate for 24 hours. Yields 12 servings.

Coconut Meringue Pie Crust
Combine two egg whites with 1/8 teaspoon cream of tartar and a dash of salt. Beat until foamy; gradually add 1/2 cup sugar, beating until stiff peaks form. Fold in 1/2 teaspoon vanilla and 1 cup angel flake coconut. Shape into a 9 inch round unglazed paper baking sheet. Build up sides about 3 inches. Bake at 325 degrees about 30 minutes. Cool. For a very delicious dessert add any kind of fruit or congealed fruit salad and top with coconut.

Women should give commercials. When a T.V. rating outfit queried a number of men as to what they were listening to, 78% answered, "My Wife."

WITH THE COUNTY AGENT

JOE JONES

In looking over this year's soil test reports I find most of them show organic matter very low, low, or low to medium. This should be a reminder to all of us as we decide just how to handle this year's crop of wheat straw. Burning wheat straw as compared to working it in always reminds me of the story of the grasshopper and the ant. Remember how the grasshopper lived it up in the summer, but starved in the winter, while the ant stored up food in the summer to eat in the winter. Well it is not quite that bad, but it does bring out this question, are we going to continue to sacrifice good soil conservation practices that will benefit us through the years, for a little easier less expensive farming program at the present?

With the diverted feed grain acres to plant wheat on this fall we should not be in the usual rush of getting this land ready for fall seeding. This will give most of you plenty of time to get the wheat straw worked up for row crops in 1962.

I saw a few farmers who did a jam-up good job of decomposing wheat straw last year by spraying liquid nitrogen (UREA) on the straw before they ever started working it. These fertilizers could have real value in this type program. All forms of nitrogen have done a good job in past years when moisture was available and the stubble was turned under, but liquid fertilizer will put nitrogen in a little closer contact with the straw which could be more beneficial.

No matter how you do the job why don't you plan now to use the diverted acres to put conservation on your farm. This will be one result of the feed grains program if you manage it so you plant your wheat on the diverted acres and then use your 1961 wheat stubble as a soil improving crop. If you handle it this way you should have clean land ready to seed to cotton and other row crops in 1962.

I attended a meeting in Bovina Thursday night, called by the High Plains Water District, to hear leaders of this organization review district problems and their program of work for the coming year. There were 30 leaders from the county in attendance to hear the discus-

been true in four years of experimentation at Halfway."

Cotton that was planted in May had to be replanted on June 16, 1960 due to wet weather blight and seedling disease. The highest yield under these circumstances was obtained from an application of 40 pounds of nitrogen and 120 pounds of phosphate. In a longer season, as in 1958, the highest yield increase was received from an application of 120 pounds of nitrogen with 80 pounds of phosphate.

still seeking answers to what will cause us to better see after our own business.

Congratulations are in order for the Rhea community. Something like 30 farmers turned out on Friday afternoon to apply soil sterilant to bindweed on road right-of-ways. The commissioners court is also to be commended for their interest in bindweed control. Charley Jefferson and Judge Brewer took time out from their work to be on hand as the job got underway.

Egg producers should market from 90-93 percent of their output as grade A for best returns. Here are suggestions from F. Z. Beanblossom, extension poultry marketing specialist, on how to do the job -- gather eggs 3 to 5 times daily; clean dirty eggs immediately after gathering and before cooling; cool eggs in mechanical coolers immediately after cleaning and before casing and deliver eggs to buyers 3 or more times weekly.

You can now get live fishing worms in vending machines that you have to go to Holland... The Riverside (Calif.) City Council named a street after the last resident of the old Chinatown in that city. The name: Wong Way... In Dallas, Tex., a laundrette manager called police to remove the owner of a dirty fur coat. The coat-owner was a possum discovered in a night laundry deposit box... There are 93 lakes in Kosciusko County in Indiana...

Tomlinson Taking Part In Summer Science Program

Bobby Tomlinson, son of Mr. and Mrs. Robert Tomlinson of Farwell, is among the 31 teenagers enrolled in a special month-long summer physics

program for high school students which is now underway at Texas Tech.

Selected from 107 applicants, the 31 students are taking intensive classes in classical and modern physics. The program is sponsored at Tech under a \$6,565 National Science Foundation grant to encourage talented teenagers to study in the sciences.

None of the students, who have completed their sophomore or junior years in high school, has had a course in physics, said J. W. Day, Tech associate professor of physics who is directing the program. The program will continue through July 8.

They were picked to attend the institute on the basis of their academic records--83 per cent of their total grades are "A"--recommendations by a sponsoring teacher or principal, and intelligence quotient. The mean I. Q. of the group is 128.7, based on a test where the top possible score is 136, Day said.

Their tuition and books are paid by the NSF grant and the students pay their own room and board. A few who needed help were given scholarships.

Half of each morning session is devoted to a lecture in classical physics. The remaining morning session is devoted to modern theory.

COLLEGE PREVIEW--Thirty-one high school students who have displayed outstanding aptitude in science are getting a special preview of college physics this summer at Texas Tech. Pictured above are two of the students, Bobby Tomlinson, Farwell and Phillip Pennington, Canyon. The National Science Foundation is sponsoring the short course to help increase U.S. scientific potential.

Two festive husbands were parting late one night for their respective homes. One of them said, "Well, it's pretty late, I suppose your wife will hit the ceiling when you arrive home." The other one responded, "Yes, I suppose so, she's a lousy shot." --Hugh Downs.

LAZBUDDIE--

Chandler, Narse Orville and Doyal Smith, June 24.

Visiting Mrs. W. S. Menefee Friday was her niece and family, the Edmond Coghlan from Big Springs. On Saturday, Mrs. Menefee's son and family, the Joe Scott Menefees from Corpus Christi, came in for several days visit with the Menefees and other relatives. Sunday dinner guests in Mrs. Menefee's home were the Dwain Menefees from Friona, the Keith Menefees from San Francisco, Mr. and Mrs. Sam Long from Hereford and the J.S. Menefees from Corpus Christi.

Mr. and Mrs. Jewel Treider have been in Willow, Okla., for the past week on wheat harvest. The Treiders left Sunday for Kansas for the harvest there.

Billy Dale, son of Elder and Mrs. W.R. Dale of Lubbock, was a weekend guest in the C.A. Watson home. Billy finished high school at Odessa and has been attending school at Texas Tech. Last week the boy received a telegram saying he had been accepted by the West Point Military Academy.

Denton Thomas from Clovis, Calif., returned home after teaching a week long singing school at Lazbuddie.

Al Jennings from Abilene was guest speaker at the First Methodist Church in Lazbuddie Sunday.

Johnnie Gammon, Jerry Koelzer, Doyce Wydell and Johnnie Garrett are in Guyman, Oklahoma on harvest.

Guests in the home of Mrs. Perry Barnes Sunday evening were Mr. and Mrs. Jimmy Seaton and children, Mr. and Mrs. Wesley Barnes, Mr. and Mrs. Perry Barnes Jr., Mrs. E.V. Crain, Mr. and Mrs. Dwain Menefee, Mr. and Mrs. Keith Menefee, and the Joe Scott Menefees.

Mrs. C.C. Great returned Sunday from Greenville where she had been visiting with her son and family, the Clayton Ray Graefs.

Mr. and Mrs. Euel Mitchell, Johnnie and Jan visited over the weekend with Mr. Mitchell's father, W.S. Mitchell.

Morris Bruns from Lubbock was home over the weekend visiting with his parents, the Less Bruns.

Mr. and Mrs. O.F. Davis from Midland have moved to this area. Davis is helping his son on the farm, and Mrs. Davis is employed as a nurse at the West Plains Hospital in Muleshoe.

J. W. Agee, 88, of Lubbock, passed away Sunday morning at the West Texas Hospital in Lubbock. Mr. Agee had been in ill health for several months. Funeral services were held Monday afternoon at 3 p.m. in the Rix Chapel at Lubbock.

Mr. and Mrs. V.H. Bewley from Whitesboro visited over the weekend with the Fords at Clays Corner. The Bewleys are Mrs. Ford's parents. Christie Ford returned home with her grandparents for a visit. Other

JOTTIN'S By Jeanne

Life in our neighborhood does get hectic at times, and we do have some excitement occasionally. As seen through the eyes of the numerous children who reside on this block, time moves slow at that!

Hal was 6-years-old Thursday and decided he would have a birthday party. He made the rounds of nearby houses and invited his playmates to the party. That night, he did inform Mama and after discussion and talk about advance consent, I decided to go along with him.

Thursday dawned bright and early for the various mamas on the block. It was a long day for some. But mostly I appreciated the comments of Mrs. Jones, the grandmother of Johnny Boling across the street. Here is the story from an observers' point of view, in her words. Incidentally, the party was to begin at 6 o'clock.

Heard on First Street (Accidentally)

TWO O'CLOCK:
"Mama, I've got to start getting ready."

"Not now Johnny, it's too early."

"But I need to be over there right now."

"I said you couldn't go now, they're busy over there."

"That's what I know, Mrs. Graham needs me to help."

"She invited you at 6, go and play."

"And I'll be late for Hal's birthday party," TEARS!

THREE O'CLOCK
"Mother, I've got to dress now, where is my clean shirt? I'm in a hurry."

"Put those britches back on!"

"Those dirty things, I told you I'm going to Hal's party."

I can't wear those dirty pants!
"You can play in dirty ones. It's three hours until time to dress."
(Can't tell time, but looks at clock in horror).

OUTSIDE NEAR WINDOW
"Johnny, what did you get me for a present?"

Silence.

LATER, OUTSIDE
"Mama, we've got to go to the store right now. I've got to get Hal's birthday present."

"We'll go pretty soon, we've plenty of time." (Another trip to clock.)

"It's time. We've got to go or I'll be late."

"Not yet, Johnny!"

OUTSIDE, IN WHISPERS
"Johnny, did you get my present?"

(Continued on Page 8)

Pleasant Hill 4-H Girls Have Special Meet Monday

Suggestions for modeling in the county dress review were given by assistant home demonstration agent, Eleanor Buck Monday evening, when a special meeting was conducted for girls of the Pleasant Hill 4-H club.

Miss Buck also inspected the girls' sewing projects and showed them a new way to sew snaps on.

Following her part on the program, she was presented with a dried flower arrangement by girls from the club since she will be leaving at the end of the month.

Two demonstrations were given during the evening, with

Pat Fahsholtz's entitled "interesting pear salads," and Veda Wilson showing "a new method of interfacing."

During the meeting, an announcement was made that Dianne Baldrige and Kathleen Smith will attend the district electric camp from July 12-12.

Refreshments of cake and fruit punch were served to Janine and Betty Clark, Veda and Janet Wilson, Pat and Glennis Fahsholtz, Dianne Baldrige, Kathleen Smith and Carolyn Langford, members; and Jackie Fahsholtz, Mrs. Ed Baldrige and Deborah, Mrs. Elmer Langford, Mrs. Alvis Clark and Mrs. Edwin Fahsholtz, guests.

ERECTED ON WHEELER AVENUE in Texico this week was the large highway sign pictured above, which marks the intersection of highways 60, 70 and 84.

THE ONLY THING WRONG WITH THE YOUNGER GENERATION IS THAT MOST OF US DON'T BELONG TO IT.

WHATEVER'S WRONG WITH YOUR car or truck's exhaust system, it will only take a few minutes to give it a free inspection. Drive in, let's check that muffler and tail pipe. There's no cost or obligation!

Wheeler Avenue '66' Station

E. C. "Red" Prather
Ph. 482-9148 Texico

Jottins' --

Silence.
"Well, you'd better get it ON ANOTHER LATER"
"Boy, nearly 4 o'clock! Boy! That party's at 6. I'm going to bust every balloon there."
"I heard there would be prizes."
"What kind of prizes?"
"I don't know! Just prizes."
"How long can we stay?"
"Boy, an hour and a half, then all go to the show. Boy!"
4:30
"Mother, they're going to have prizes at Hal's and I've got to go see what they are."
"Johnny, you go at 6 and how do you know there's prizes?"
"I know, that's how! Anyway, Ronny said we had to put our presents on the table. I have to get Hal's baseball bat over there."
"You don't go to parties until time for them."
"Well, you can if it's Hal's. I've got to start. Look at that clock!"
"I am looking. It's 4:30."
"And me not even ready."
Mrs. Jones thought this was too good to keep. I agree. I don't think she knew she was writing my column this week. I would say this is a typical scene depicting exciting events on our block.

Recipes

Orange Balls

Orange Balls keep for three to four weeks in a tightly covered container. In fact, they improve in flavor when held. Try Graham cracker crumbs for a cookie that is slightly less sweet, but equally delicious.

Makes: approx. 4 1/2 dozen
No Bake
1 6-ounce package (1 cup) semi-sweet chocolate morsels
1/2 cup sugar
1/4 cup light corn syrup
1/4 cup water
2 1/2 cups finely crushed vanilla wafers (approx. 5 doz.)
1 cup finely chopped nuts
1 teaspoon orange extract
Melt semi-sweet chocolate morsels over hot (not boiling) water. Remove from heat. Stir in sugar and light corn syrup. Blend in water. Combine finely crushed vanilla wafers and nuts. Add and mix well semi-sweet mixture, crumbs, and orange extract. Form in one inch balls. Roll in sugar, tinted red and green. Let ripen in covered container at least several days.

Former Resident--

this area many years ago. Mrs. Marie Turner, Wichita, Kansas, also attended services for her sister and returned here for a brief period after the funeral. Other survivors include the husband, Arthur Arbaugh; a daughter, Margie Lamar and a grandson, Dennis, both of Winchester, Mass.; and two brothers, Fred Kaiser of Terrace Park, Ohio and Theodore Kaiser of Kansas City, Mo.

1/4 cup shaved semi-sweet chocolate
confectioner's sugar
pecan halves
Beat butter and sugar together until creamy. Stir in oats and chocolate. Shape into balls. Sprinkle with confectioner's sugar. Press pecan half on top of each. Refrigerate.

Surprise Balls

The surprise comes in the speed of preparation and the delicious flavor.
Makes: 2 1/2 dozen
No Bake
3/4 cup soft butter or margarine
1 cup brown sugar, packed
2 cups oatmeal (quick or old-fashioned, uncooked)
