FIFTY-SIXTH YEAR

10 CENTS

And away we go into another new year.

I see by the news that the longhairs in the East are importing our President and Congressmen to go to the conference table and beg for peace in Vietnam. My suggestion to the left wing pinko peaceniks is to take the next boat to Russia, China or North Vietnam and enjoy the fruits of Communist society. I for one am getting fed up with their apparently unshakable view that everything the United States does is wrong and that everything that the communists do is right.

However, I believe that the great majority of the American people are behind the President and support our government's views to the fullest extent. Let us write our representatives in Washington and tell them how we feel. In this area, we can write to Ralph W. Yarborough and John Tower, our U.S. Senators, and to Bob Price, our Representative. In New Mexico, Clinton P. Anderson and Joseph Montoya are the Senators and Thomas Morris and E. S. Walker are the Representatives to contact.

This year 1967 looks like a critical one and close contact with our constitutional representatives is a very important thing for us all to maintain.

Locally, it looks like we have gone to the dogs. Literally, that is. There are far too many stray dogs roaming the streets of Farwell. The city requires a license for all dogs and a vaccination certificate for them before a license can be issued by the city clerk. It's time our city dads took note of this community nuisance and begin a program of law enforcement and stray dog elimination.

Suppose Farwell and vicinity were two hours ahead of Clovis instead of just one? This rather startling inconvenience is a distinct possibility for us this summer. The national congress in a fit of fathedness passed a law putting everybody on daylight savings unless the particular state legislature passed a specific law exempting their entire state. Now with Texas becoming more and more dominated by the big cities there is a distinct possibility that the Texas legislature will not pass such a law and Texas would automatically go on daylight savings time. New Mexico, being more rural, may exempt itself from the fast time and there we would be two hours ahead of Clovis. This sounds ridiculous but stranger things than this have come out of our various hallowed legislative halls.

Each of the six Tuesday sessions will be held from 1:30 to 3:30 p.m. in the Hub Community Center.

First District Game Set Tuesday

First district game for the Farwell teams is set for 7 p.m. Tuesday when they play host to the Kress Kangaroos. Although the Steers have been slow starters this year, Coach Vernon Scott says, "They are improving fast and I expect them to be ready for the 'Roos."

TOURNAMENT CHAMPS -- The Farwell Steers won their own tournament last week by defeating teams from Olton, Floydada and Friona. Team members, 1 to r, back row: Warlick Dollar, Randy Robertson, Al Phillips, Bobby Field; front row, 1 to r: Lewey Bradshaw, Kyle Sheets and Johnny Schell.

OATH OF OFFICE -- Farmer County Judge Loyde A. Brewer administers the oath of office to county and district officials in a swearing in ceremony on Friday in the county courtroom at the courthouse in Farwell. Officers accepting the oath of office are, 1 to r, Dorothy Quickel, district clerk; J. W. Roberts, JP precinct 2; C. H. Jefferson, commissioner precinct 2; Raymond Treider, Jr., commissioner precinct 4; Judge Brewer. Front row: J. R. Thornton, JP precinct 1; Wilbur Charles, JP precinct 3; Bonnie Warren, county clerk, and Mabel Reynolds, county treasurer.

Management School To Begin At Hub Community Center

The most intensive Extension Service farm and home management program ever conducted in the county will be held each Tuesday for six consecutive weeks starting Jan. 10 and continuing through Feb. 14.

Called "Get In Step for 1967-Management School," the educational program will feature 16 authorities and will cover a wide range of management topics, according to County Extension Agents Cricket B. Taylor and Ronny F. McNutt.

Each of the six Tuesday sessions will be held from 1:30 to 3:30 p.m. in the Hub Community Center.

Taylor and McNutt said everyone in the county is invited to attend any of the sessions.

"We designed these meetings primarily for farm and ranch couples, but everyone is welcome," Mrs. Taylor said. "We feel that attendance at all six meetings could have tremendous impact on any family's financial future."

The two Extension Agents said registration forms for the meetings are available at their office in the courthouse, at banks throughout the county, at the County ASCS office and PCA office in Friona.

They expressed hope that those planning to attend any or all sessions will complete one of the forms so that they will have some idea of the crowd to expect.

Topics to be covered at the "Get In Step for 1967-Management School" range from income tax and insurance to estate planning and equipping the farm and home business center.

Speakers will include extension specialists, a Texas Tech agricultural economist, a Mule-

shoe accountant, an Amarillo investment broker, and a Clovis social security representative.

Parmer County people slated to make presentations at the meetings include Bill Boling, Farmers Home Administration; John Aldridge, attorney; Prentice Mills, ASCS director; and Joe Jones, Security State Bank.

The Feb. 7 meeting on insurance will be presented by Dan Ethridge of Friona, Mrs. Bob Estes of Bovina, and Jimmy Ware of Bovina.

The local insurance agents will cover life, medical, education, fire, casualty, liability and crops insurance.

The coordinator of the new Panhandle Economic Program, James Murphrey of Amarillo, will be one of the speakers

at the first meeting of the management school Tuesday, Jan. 10.

Murphrey, who is also an Extension Service farm management specialist, will talk on "Understanding Financial Management."

Deaf Smith County Home Agent, Mrs. Argen Draper, will also speak at the first session. Her topic will be "Planning for Spending." She will discuss spending of the family, farm and business.

Chairman of the first session will be Freeman Davis of the Parmer County Farmers Union. Hostesses will be members of the County Home Demonstration Council.

Mr. Gunn, a farmer in the Forrest area for many years, passed away at his home on Wednesday. He was well-known locally.

Survivors include his widow, Eula Mae Gunn, Clovis; two sons, C. L. Jr., Farmington, and Jack of Forrest; a daughter Mrs. Mitz (Nell) Walling, Farwell; and a number of grandchildren.

Serving as pallbearers were Coulson Kitchens, Odus Rush, Drew Cloud, Ardis Beavers, Cecil Moon and Robert Vivian. All friends of the family were listed as honorary pallbearers.

ONCE IN A LIFETIME -- "This was indeed the trip of a lifetime," stated Dee and Edwina Owen upon returning from Dallas where they attended the Cotton Bowl game and saw Georgia defeat SMU 24-9 in the Cotton Bowl classic on Saturday. They were also able to visit with Dave and Angela Daniels and children in Fort Worth. Dee won the trip for two by calling the most games right in the annual merchant's football contest.

Attend Cotton Bowl Game

Mr. and Mrs. Dee Owen packed their bags last Thursday and left for Dallas and the Cotton Bowl football game where they saw SMU and Georgia collide in the annual football classic. They were accompanied on the trip by their son and daughter-in-law, Mr. and Mrs. Jerry Dee Owen and Mark.

While in Dallas and Fort Worth they visited in the home of Mr. and Mrs. Dave Daniel and children. They returned home Saturday night.

Owen won the trip to the Cotton Bowl game for two plus \$50 expense money in the annual merchants football contest which is sponsored each year by local businessmen.

In the 12-week contest, Owen called a total of 86 out of a possible 120 games right. He and his wife, Edwina, were in a tie for the first place standing during the last several weeks of the contest along with first Gene Ezell and then Bill Prince.

In the final week of the contest, Mrs. Owen dropped to third place, however Prince and Ezell finished in second place with 85 games each.

The only money won by Owen during the entire contest was 50¢ the first week of the contest when he was in a tie for third place.

Sponsors of the contest this year included Security State Bank, Shuman-Haseloff Insurance Inc., Oklahoma Lane Gin and Oklahoma Lane Farm Supply, Nickels' Gin, State Line Grain and State Line Fertilizer,

Lariat Gin, Piggly Wiggly, Capitol Food, Worley Grain, Sherley-Anderson-Pitman, Sherley-Anderson Grain, Farwell Equipment, Clara's Spur Restaurant, Farwell Grain Exchange, Kelly Green Seed, Williams Fertilizer, City Cleaners, Farwell Motors, Texaco, Inc., and Continental Oil Co.

High Plains Water District --

Farmers Will Elect Committeemen

Qualified voters will name their choices in the High Plains Underground Water Conservation District No. 1 election Tuesday when Parmer County selects two county committeemen, and decides whether or not to admit three counties to the organization.

Polls will be open from 7 a.m. until 7 p.m. Tuesday at Wilson-Brock Insurance Co. in Bovina for agricultural real estate property owners in Parmer County, who are otherwise also qualified or registered voters, according to Carl Rea of Bovina, election judge.

In addition to the two committeemen, Ross Goodwin of Muleshoe appears on the ballot for re-election as Director of Precinct 3.

Voters in Parmer County Precinct 4 (Lazbuddie) will name a county committeeman while all Parmer farmers will elect a committeeman at large.

The names of H. L. Ivy and Wesley Barnes appear for one place in Commissioner Pre-

cinct 4. Ivy has served one term as a committeeman.

To replace Walter Kaltwasser of Farwell, who has served two terms as county commissioner at large, voters will pick one man from a list of four, Ernest Anthony of Friona, J. D. Kirkpatrick of Bovina, Henry Haseloff of Farwell and Jim Ray Daniel of Friona.

In separate issues, farmers will vote for or against the admittance of Hale County, Swisher County and Crosby County into the High Plains Undergound Conservation Water District, and also for or against the counties assuming their share of indebtedness and/or maintenance taxes that may be owed, contracted or authorized by or for the Water District.

Officials here say there has been little interest in the past in electing county committeemen to the Water District. However, they point out that "water is our most important resource -- and as the water goes, so does Parmer County."

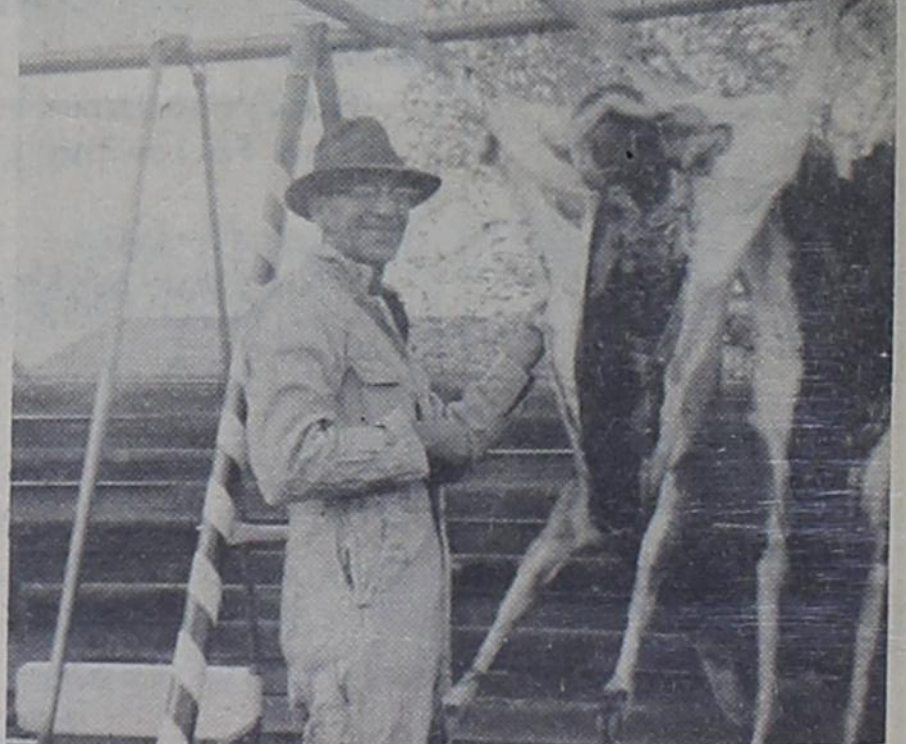

Farwell Teams Take Wins From Amherst

Farwell basketball teams took three wins from Amherst on Tuesday night when the two schools collided on the local court.

The Steers, led by Johnny Schell who had 18 points, outscored the Amherst boys 78-50. Other leading scorers were Lewey Bradshaw 17, Bobby Field 15, and Al Phillips 13. Phillips also had 11 rebounds.

Danny Prince led scoring in the B game with 21 points. Dean Stovall had 14 rebounds for the game. Final score in the B game was 57 Farwell and 51 Amherst.

Editorial by Mike Getz Only In America!

Only in America could one man murder another with 60 million witnesses watching and still escape justice. We should indeed be so lucky. Fortunately though, Jack Ruby did not escape justice, but it was the hand of cancer that dealt the punishment, and not the hand of the law. Disease took the life of Ruby before he could be brought before another court for retrial, since his Dallas trial was overturned because of technicalities.

Although disease prevented one killer from escaping the ultimate justice, it does not prevent literally hundreds of others from being set free on small technicalities such as the presence of television cameras in the courtroom or the detail of whether a confession was obtained before a suspect was warned of his rights, or after. How many psychopaths will perhaps be set free to commit another crime because of technicalities or legal red tape? There will undoubtedly be many.

All this serves to illustrate the one great failing of the American system of justice — the overriding preoccupation with the rights of the criminal and the underconcern with the rights of the law abiding public.

Now this is not to say that safeguards against the wrong man being punished are not desirable, for they surely are. Far better for ten guilty men to escape justice, than for one innocent man to be punished for a crime he did not commit. As usual though, there can be too much of a good thing, and we have indeed crossed into the area of excess in our dealing with the criminal element. We have allowed mis-guided philanthropic groups such as the American Civil Liberties Union and many others to cloud our judgment with respect to the so called "rights" of a criminal.

Case in point — Richard Speck, accused mass murderer of eight student nurses in Chicago has been granted a change of venue because he allegedly could not be given a "fair" trial in Chicago. Now I wonder just what is meant by a fair trial in this case. Speck has admitted to the brutal knife slaying of the eight young nurses — what more need be said? Justice demands retribution for such a savage crime, and no useful purpose is served by a delay. Indeed, delays may only encourage other psychopathic maniacs to commit similar crimes. Remember the slayings from the Texas Tower shortly thereafter. There is at least a chance that swift and sure application of justice may in some small way help deter future crimes of this nature.

At any rate, countless delays and in some cases, complete miscarriages of justice can only be detrimental to the prevention of future mass killings.

Investigation Continues Into School Burglary

Officers from the Curry County sheriff's office are still investigating the break-in at Texico High School on the night of Dec. 21.

Entry to the building was gained, according to investigating officers, by breaking the glass in the south doors of the building with a piece of iron pipe. After entering the building the burglars gained entry to the principal's office in much

the same manner, took the keys and opened a cash box, took \$10, pilfered through the office of the school secretary, returned the keys to the principal's office and left the building.

A piece of iron pipe believed to have been used in the break-in was found the next day near the school. Officers believe the same group of persons has been implicated in several break-ins in this vicinity recently.

Happy New Year! Christmas has come and gone. In the minds of some this could be a refrain that keeps popping up.

— 'Tis the month after Christmas, and all through the house —

There's not a sign left of the big day — except bills to be paid.

If the post-holiday season finds your family in financial doldrums, why not start the New Year right — with a family spending plan that will help you end the next year money ahead, instead of bills behind.

To help you get started on your family spending plan we have scheduled a Management School beginning January 10th at 1:30 p.m. in the Hub Community Center. There will be six of these meetings. At these meetings we will discuss values and goals, resources, planning for spending, family business centers, files, records, taxes, estate planning, and other topics that are a part of Management.

There is no charge for these meetings, you and your friends are welcome. Whoever manages the money, you are cordially invited to attend.

COUNTY JUNIOR LIVESTOCK SHOW SET —

The Parmer County Junior Livestock Show has been set for Feb. 16-18 at Friona. Judges are being contacted to judge and final plans are progressing. "Closing time," as it refers to 1966 farm records, is at hand. This means totaling the balance sheets on farm and home enterprises and taking a look at what happened during the year.

A close look should point up problems that must be met in planning for 1967 and the years ahead. Records often reflect whether management changes are needed and also whether an enterprise should be dropped or expanded.

Furthermore, a complete set of records is a must for proper income tax reporting. Regularly kept records can save dollars at tax paying time, for deductible expenses are often overlooked, especially if paid in cash.

Complete farm records are an asset when money must be borrowed for production and operating expenses. Knowing what the business is doing makes a strong talking point in effecting credit arrangements. Farm families need facts on which to base their decisions and none are more reliable than those obtained from well-kept records.

Main Street Lazbuddie

By Kitty Gallman

Mr. and Mrs. Bobby Blackburn became the proud parents of a girl born Dec. 29, in Clovis Memorial Hospital. Dana Lyn Blackburn weighed 7 lbs., and 9 oz. upon arrival. Grandparents are Mrs. H. J. Bryant of Muleshoe and Mr. and Mrs. Claude Blackburn of Lazbuddie.

Lazbuddie Young Homemakers will have a covered dish supper for their husbands Friday night at 7 p.m. at the Lazbuddie High School. Dr. Sander-

lin of Muleshoe will be the guest speaker. Young Farmer's are planning to organize following the supper.

Mr. and Mrs. Glenn Lust were hosts for a party honoring Mr. and Mrs. Dennis Nelson Tuesday night. Those attending included Messers and Mesdames Ronald Elliott and Bart, JeDon Gallman, Bobby Blackburn, Dennis Nelson and Kim.

L'buddie Coach Honored

Again the Lazbuddie Longhorn football team came through in fine style. Surely no one has forgotten the impressive seven wins, three losses record of this year's football season, nor the coach who directed the boys on to these victories. In recent news releases, Coach Bob Coleman was named Coach of the Year in Class B by the sports writers of the Lubbock Avalanche Journal. This was quite impressive considering it was Coleman's first year at Lazbuddie and the first year in his career as a head coach. He assisted coaching at Friona, Muleshoe, and Lockney prior to coming to Lazbuddie. His Longhorn team fought their way to second place in the district, defeated only in district play by Vega, who eventually became regional champs.

As evidenced by other news releases, Coach Coleman had a fine bunch of boys to coach.

COACH BOB COLEMAN

Terry Parham, quarterback for the Longhorns, made the All South Plains Team. Timmy Foster, defensive back, and Bill Jones, guard, made the all district team. The honorable mention list was long and included the following fine players: Steve Jones, Frank Hinkson, Buster Steinbock, Gary Matthews, Royce Barnes, Danny Miller, and David Nelson.

SOME OF THE BEST -- From left to right, back row: Bill Jones, David Nelson, Frank Hinkson, Steve Jones; front row, left to right, Terry Parham, Royce Barnes, Gary Matthews, Buster Steinbock, Danny Miller, and Timmy Foster. These members of the Lazbuddie Longhorn football team took honors in recent news releases.

Scouts Continue Winter Activities

Seventeen boys of Scout Troop 179 joined several members of Texico Cub Pack 179, Clovis Cub Pack 130, Clovis Troop 130, and Clovis Troop 61, in attending the Jan. 2 showing of Walt Disney's "Follow Me, Boys!" at a Clovis theater. The film, about a scout troop headed by Scoutmaster Fred McMurray, was also viewed by Texico scout leaders, Mr. and Mrs. Jack Jackson of Pack 130, and other visitors and friends. The group gathered afterward at a Clovis restaurant for refreshments.

Troop 179's Christmas Party was held December 19 at the home of Mr. and Mrs. Ernest Foreman in Texico. The event consisted of refreshments, songs, games, and the exchange of gifts. Those attending also welcomed a new member, Donny Campbell of Farwell.

Special activities are planned for Jan. 22. Scouts and their leaders will attend church services at the First Baptist Church in Farwell, then dine together before taking a trip to Clovis Municipal Airport. Arrangements are being made to fly the scouts over the Clovis area in a twenty-minute ride. Air-

plane fare will be paid for from troop funds raised during the recent fire-extinguisher sales. So far, 163 extinguishers have been sold in Parmer and Curry counties.

Plans are also being made for an exchange of troop meetings with Bovina's scouts, and for an overnight camp the first part of February. Qualification tests in swimming for First Class Rank will be held at the ENMU heated pool in Portales.

Protected By Federal Law

Mailboxes are protected by Federal law, and pranksters or vandals who damage or destroy the boxes and their contents may be in for a heavy fine or imprisonment, Postmaster J. R. Smart warned today.

The postmaster noted that some 25,000 mail receptacles were damaged or destroyed in the past year. It was also noted that 2,641 persons were arrested in the year up to June 30

"Opportunity knocks but once — but unfortunately temptation keeps hammering." — Elizabeth W. Spaulding, The Kentucky (Bardstown) Standard.

for damaging or destroying mail receptacles.

Postmaster Smart quoted from the law: "Whoever willfully or maliciously injures, tears down or destroys any letterbox or other receptacle intended or used for the receipt or delivery of mail on any mail route, or breaks open the same or maliciously injures, defaces or destroys any mail deposited therein, shall be fined not more than \$1,000 or imprisoned not more than three years."

This applies to all mail receptacles and the mail in them, even though the boxes are bought by citizens and are their personal property.

"Pranksters — and especially children who do not know any better — should be made to realize the seriousness of their actions," the postmaster said. "A \$1,000 fine or a term in jail is enough to take the humor out of any prank."

You probably use 120 gallons of hot water every day.

If you want the job done right . . . do it with gas.

It's true. The average family of four uses 120 gallons of hot water every day.

It's also true that if you have a modern, family-size gas water heater, you will never run out of hot water.

Because gas heats fast, and recovers fast — so fast that hot water is replenished just as quickly as it's used.

A fast-recovery 30-gallon gas heater will

provide more hot water per hour than an 80-gallon electric heater!

And your gas water heater is so efficient it actually works for 1/2 the cost of electricity.

Simple, isn't it. If you want the job done right . . . do it with gas.

Continued construction on a 210,000 kilowatt generator at Nichols Station, northeast of Amarillo, is part of Southwestern Public Service Company's \$20,000,000 improvement program for 1967. Pictured is the installation of a 225,000 pound boiler drum for the new generating unit.

SWPS Announces 1967 Construction

A 1967 construction program calling for the investment of more than 20-million dollars in new electric facilities was announced today by A.R. "Lon" Watson, president and general manager of Southwestern Public Service Company.

The new investment is being made, Watson, said, in order that the electric company can continue to provide economical service for its customers at the same time that it assures them of reliable service.

"Electric service seems to be the last holdout against inflation. The purchasing power of today's electric service dollar is \$1.07 - or 7 per cent more - than its 1952 value. On the other hand, the dollar you use to buy other goods and services is worth just 77 cents today, when you compare it with a 1952 dollar.

"There are two reasons for the increased value of the electronic service dollar. Our customers are using more service, and the more they use the less they pay for each unit. This increased consumption, in turn, has made it necessary for us to have a continuing program of construction. The new equipment being modern, larger and more efficient helps us keep our service economical at the same time that we improve its dependability," Watson said.

Southwestern Public Service Company has not had a general rate increase for electric service in more than 15 years. Since that time, a rate simplification program, designed to reduce the number of rate schedules in the commercial and industrial fields, resulted, generally, in lower costs for users.

"Our investments in this area has doubled in the last ten years, going, in round numbers, from 200-million to 400-million dollars. There are only two reasons for this investment. First to provide the best and most economical service for our customers today; and then to provide the base on which we will meet the needs of the future. The continued opportunities for growth in this region are apparent, but if they are to be realized they will call for the full cooperation of all of its citizens. Your growth makes ours possible, and we pledge our every effort for continued progress for this region," Watson concluded.

Mr. and Mrs. Otis Sublett have spent the past ten days visiting with their children in several points in Texas.
