

If you want a real thrill, just bust through some of these puddles of water around town going about 20 miles per hour and discover that it hides a huge chuck hole. This is the expensive side of the welcome moisture that we have been

After jouncing around the area for the past several days, we have come to the conclusion that the Twin Cities chuck hole problem is not nearly as acute as/Clovis suffers from.

We read the other day where one of the big Northern cities had already expended their snow removal allotment. We do not know what Clovis has budgeted for street repair, but feel that they will have to at least double that figure to reits thoroughfares.

That loud scream that rent the peaceful air the other day was a collective effort generated by local folks opening their gas heating bill. We are not versed in natural gas billing or do not know much about the industry as such, so would be hesitant to criticize in this

We do know that the natural gas business is virtually the last energy source which is still under government control and saddled with a crazy quilt of price rules and regulations. It could well be that deregulathe salutary effect of reducing

the gasoline field. After being tossed out on the open market, the price of push water has been in a price decline. Supply and demand seems to have produced a pricing situation much more favorable to the consumer than what government was able to bring about.

We would hope that the complete deregulation of natural gas would follow suit.

A late news item reported that, in Texas, the Sunset Review Board has recommended to the legislature the abolition of the Public Utilities Commission. It could be that some people are coming to the conclusion that the open market is a better price regulator than government boards and commissions. A refreshing straw in the political winds.

While looking for some thoughts to launch the New Year, we ran across this anonymous piece that apparently has been handed down through several generations:

"No one will ever get out of this world alive. Resolve therefore in the year to come to maintain a sense of values. Take care of yourself. Good health is everyone's major source of wealth. Without it, happiness is almost impossi-

"Resolve to be cheerful and helpful. People will repay you in kind. Avoid angry, abrasive persons. They are generally vengeful.

"Avoid zealots. They are generally humorless. Resolve to listen more and to talk less. No one ever learns anything by talking. Be wary of giving advice. Wise men don't need it and fools won't heed it.

"Resolve to be tender with the young, compassionate with the aged, sympathetic with the striving, and tolerant of the weak and the wrong. Sometime in life, you will have been all of

'Do not equate money with success. There are many successful moneymakers who are miserable failures as humans. What counts most about success is how man achieves it.

"Resolve to love next year someone you didn't love this year. Love is the most enriching ingredient of life."

A good American is a person who keeps his feet on the ground, puts his shoulder to the wheel, puts his heart into it, his eyes straight ahead; while the IRS has its hands in his pocket.

Benetta Roming, Russ Jones Wed In Candlelight Service

Saturday, Dec. 18, at First United Methodist Church of Muleshoe, Benetta Ann Roming became the bride of Russell Alan Jones.

Mr. and Mrs. Ben Roming of Muleshoe and Mr. and Mrs. Joe Jones of Farwell.

Rev. Don Holladay, pastor of Hamlin Memorial United Methodist Church of Texico-Farwell, officiated at the doublering ceremony.

The wedding setting featured an altar backdrop of large white poinsettias and urns of red poinsettias on the sides. At each side of the chancel area were two tree-shaped candelabra holding white tapers.

Family pews were marked with arrangements of white ribbon, white doves, and greenery. Candles and holly decorated the sanctuary windows, and the sanctuary entrance was decorated with arcedar, and tapers.

altar by her father, wore a formal gown of white chiffon featuring a sculptured Queen Anne neckline of Alencon lace. The fitted bodice with a dropped waist was completely overlaid with Alencon lace. The full skirt swept to a cathedral train, and her veil of silk illusion extended from a lace coif head piece to the full length of the gown. Her bouquet was a cascade arrangement of white azaleas, stephanotis, baby's breath, and tiny red silk poinsettias.

Steerettes Take 2nd In Tournament

Farwell Steerettes downed their first two opponents in the Plains Tournament last weekend but had to settle for the second place award when they were defeated by Plains in the tourney finals by a 41-27 count.

Starting out the tournament, the Steerettes defeated Morton 49-44 to enter the winner's bracket and earn the right to face the Lubbock Christian High team in the second round where the Blue and White also emerged as winners.

But a really cold night from the floor and free throw line kept the Steerettes out of the game in the finals when they lost 41-27 to Plains.

In the Morton game the Steerettes led all the way with a balanced scoring attack led by Suzahn Inman with 14; Cynthia Ancira, 11; Lezlie Castleberry, 9; Kelly Davis, 8; Jennifer Williams, 6; and Sandra Coates, 1.

Against the Lubbock Christian High team Castleberry scored 16 to lead her teammates in the victory. Inman scored 10; Ancira, 9; Davis, 6;

Williams, 4; and Coates and Tammy Obenshain, 2 each. The LCHS team also scored 2 points in the Steerette hoop to add to the Blue and White

Steerette Coach Vester Joiner commented that the team played well on offense and also rebounded well. They also shot well from the floor, he said.

In one of their lower scoring efforts the Blue and White managed only 27 points in the tournament finals. Elaine Vaughan had 7 points to lead the Farwell ladies. Williams had 6; Davis, 5; Ancira, 3; and Castleberry, Coates, and Inman had 2 each.

Joiner said that the team did not play well and that "the missed free throws kept us out of the ball game."

The Steerettes hosted Hart Tuesday, Jan. 11, playing a game that ended with a close score of 44-47 with Farwell taking the loss.

In the first quarter, scoring was even and ended with the score of 6-7, Farwell trailing.

By the end of the half, the Steerettes had dropped farther behind with a score of 16-28.

Going into the consolation bracket the Steers then met Whiteface and lost 59-46 to be eliminated from the tournament. Cantu paced the Steer Steer determination and a scoring with 15, followed closely by Robertson with 14. Sierra had 8; Anderson got 6; Kevin Owen scored 2; and Paul Fulcher had 1.

Martin commented: "We did not play well. Alan Eubank got hurt in the first minute of the game and that hurt us. Whiteface just outplayed us. In commenting on the game to be played Tuesday night against the Hart Longhorns to open district warfare, Martin said, "We'll have to play inspired

Farwell Jr. High Boys Results

Farwell 7th grade boys lost 27-23 to Springlake Thursday,

They started off slowly with the score being 3-12 at the half with Springlake in the lead. The second half showed some increase in Farwell's score as well as the score of Springlake, as the Farwell boys came close to winning the game. But the final buzzer sounded on the score of 23-27, the Farwell team taking the loss.

Joe Jaime and Boney Nicolas led in scoring with 8 each; Damon George had 5; and David Moseley had 2.

Coach Lupe Valdarez commented, "We started rather slow but we never gave up. The game wasn't decided until the last 20 seconds when they scored and hit one free throw down the stretch. The kids were real disappointed, but I told them that it was a victory for us since Springlake was undefeated coming into the game and almost lost it at the end.

"Their coach said that it was the closest game they had been in. We had our chance at the end, but the turnovers killed us. Boney Nicolas and Joe Jaime were outstanding on offense and defense. But the credit has to go to Ralph Galvan and Steve Geries. They played their hearts out and it almost made the difference at the end."

Next game for the 7th grade boys will be against Hart. Coach Valdarez had these comments on the upcoming game: "We beat them the first time, and this time the pressure will be on us, but we will be ready."

The 7th grade record is 2-3.

Farwell 8th grade boys 6, outscoring their opponents

The first quarter saw Farwell take the lead, 10-4, and keep it up to the half with the halftime score being 18-10.

As the game continued in the second half, Farwell more than doubled their score by the end of the game which ended with the score of 42-17, with Farwell taking another win.

Carey Stancell led in scoring with 8; David Woods, Steve Lara, Jody Ketcherside, Roy Perales, and Erik Burton each scored 6; and Danny Rubio and Jason Schilling each

scored 2. In his comments, Coach Lupe Valdarez had this to say about the game: "Defensively we had a good game, but on offense it was so-so. For the first time the scoring was evenly distributed among the kids, they were passing the ball to the open man.

"A lot of credit has to go to Roy Perales, Steve Lara, and David Woods. They put a lot of pressure on the Springlake kids creating a number of turnovers that led to easy baskets. Carey Stancell and Erik Burton were outstanding inside, they got most of the rebounds on both ends. After a two-week layoff, I would have to say that it was a real important game for us."

Next game for the 8th grade boys will be against Hart. Coach Valdarez had these comments about the upcoming game: "They beat us by 15 points the last time but it was only our first game. With this victory I would have to say 'Hart you better be ready.' "

The junior high 7th grade boys hosted Hart on Monday, Jan. 10, taking the victory 24-1. The first quarter saw a lot of

action, but no scoring. In the second quarter, the 7th grade boys came on with 12 points to make the score 12-0 at half-

The second half saw the Farwell boys take charge as they held the Hart team to one point during the entire game, with the final score 24-1.

Galvan, and Steve Geries each added 2.

Coach Lupe Valderez commented, "The defense was the name of the game and the kids were really on the ball. Joe played hard on both ends, he was responsible for holding Hart to only one point. David was working hard on both ends grabbing all the rebounds, and Boney and Damon did a good job on running our defense. Our record is 3-3 and we hope to improve it next week when we meet Kress."

The 8th grade boys also played against Hart on Monday, and although they gave a good effort, they lost the game

The first half of the game saw Hart take the lead, 9-4. By the halftime buzzer, Farwell was behind 27-10.

The second half saw Hart continue to stack up points and the Farwell boys trying hard to catch up, but the final buzzer sounded with the score 43-33,

Jody Ketcherside led in scoring with 13 points, followed by Steve Lara with 10. David Woods put in 5, Roy Perales added 3, and Carey Stancell hit

Coach Valderez said, "In my last report I gave Hart a warning. I knew we were ready, but the officials were not. I hate to complain about the officiating, but this time I have to - it was terrible. Yet, so were we, they beat us on the boards and that was the key to the game. We played them a good game, but they were getting all the rebounds which resulted in easy layups for them.

"Our next game is against Muleshoe and it should be another good game like the last one. We beat them by two

Yes, it makes a great deal of The next night was different difference if you know the author-and especially if you love him! How many believers in Christ there are whose most precious hours are spent in reading and studying the Bible -a book that once seemed dull and uninteresting to them! The reason? They have come to know and love the Author!

Our Lord said: "This is life eternal, that they might know Thee, the only true God, and had she seen it? It bothered her Jesus Christ, whom Thou hast sent" (John 17:3). But how do we obtain the "life eternal" with which that knowledge is bound up? Our Lord said: "He that believeth on Me HATH everlastnot even noticed the name of the ing life" (John 6:47). Salvation is, after all, a love story to be believed, and by which we come to know Him who loved us and gave Himself for us.

Parmer Observation Wells To Be Measured This Month

Parmer County's 97 water level observation wells in the High Plains Water District's network will be measured and tagged with an identification sticker during this month by Shorty Lancaster.

The wells are part of a large network of more than 950 observation water wells located throughout the District's 15annually measured for their allowance claims on landown-

'static' depth-to-water levels. The District has kept records of the annual change in water

levels and the rate of change of the water table in the aquifer since its creation more than 30 years ago. This data is used for making projections of water use rates, for determining the amount of water left in storage, and as a basis county service area. They are for the income tax depletion er's tax returns.

In 1982, the average change in depth to water in the portion of Parmer County within the District was a decline of -1.63 hundredths of a foot. Readings of the depth to the water table below surface ranged from a minimum of 178 feet to a maximum depth of 389 feet.

Preliminary results of this year's measurements will be published in February.

Agriculture Year To Be Previewed
