 executive vice president of
 Chamber of Commerce.

Rep. Bill Clayton of Springlake, speaker of the Texas House of Representatives will be the featured speaker.

Theme for the banquet is "The Wheels Are Turning", and members of "We, The Women", a Chamber of Commerce affiliated organization, will be in charge of the decorations.

Tickets for the banquet are now on sale in the Chamber office, located upstairs in the city hall, for \$6 each. To be included on the menu are steak,

baked potato, salad, hot rolls and butter and cherry cobbler.

Doyle Patton, a past president of the Chamber, will serve as master of ceremonies and will recognize the out-of-town guests.

The invocation will be presented by Rev. Benny Goss, pastor of the Sunset Avenue Baptist Church.

The outgoing president's remarks will be presented by J. L. Marcum, who will introduce the new president, Rad Richardson. Richardson will pay tribute to the outgoing president and introduce

the officers and directors of the Chamber.

The "Woman of the Year" award will be presented by Carol Black, last year's recipient; Benny Zahn will introduce the "Man of the Year"; and the "Farm Family of the Year" will be introduced by James Blackwell.

Littlefield Optometrist Dr. B. W. Armistead will introduce Representative Bill Clayton of Springlake, Speaker of the House, as guest speaker for the night.

Rep. Clayton, 46, grew up in

Springlake and graduated from Springlake-Earth High School. He received a bachelor's degree in agriculture economics from Texas A&M, and returned to Springlake to run the family's farm.

Clayton was elected to the House in 1962—his first public office—and has been in the spotlight of legislative controversy several times.

Rep. Clayton calls himself a "progressive conservative", and has a long string of awards and honors from both within and outside Texas. He is chairman of the Southern Environmental Resources Conference; vice president of Southern Legislative Conference; immediate past president of the Interstate Conference on Water Problems; immediate past chairman of the Intergovernmental Relations Committee of the National Legislative Conference; a member of the governing board of the Council of State Governments and of the executive committee of the National Conference of State Legislators.

He won the speakership with support from liberals who said they believed they could trust him to be fair, consistent and candid. He also pledged not to wipe out the procedural reforms of 1973 that weakened the speaker's power and enabled representatives to have greater independence.

Clayton is a deacon of the First Baptist Church at Springlake and keeps two Bibles stacked on his desk in Austin. About the Bible, Clayton says, "There's an answer to every question, right there."

He and his wife, Delma, have a son and a daughter, Tommy Clayton, who works with him on the farm, and Mrs. Brenda Hatfield of Springlake. Brenda and her husband, Allen, have the Clayton's only granddaughter, Lisa Hatfield.

The dinner is being prepared by the school cafeteria staff, and dinner music is to be provided by Pat's Record Center.

Art work is being done by Benny Goss.

Charged With Break-Ins, Man Arrested For Mischief

persons were arrested this

 arrests preliminarily clear a

criminal mischief case filed here
 Sunday, and the recent breaking, en-
 tering and theft at Littlefield Super
 Market and Pay & Save.

Still in jail with bonds set at \$5,000 and \$2,000 are Margarito Hinojosa of Littlefield and Pablo Hinojosa of Levelland. They are charged with felony theft in connection with breaking into the two Littlefield supermarkets last month when the business establishments were entered through the roof tops.

Monday, Stephen Foley, 19, was charged with criminal mischief in connection with a break-in at Earl Dow's Southside Garage on E. 9th Street. The man was arrested on the scene by city police. Criminal mischief charges were filed at the county jail Monday. Bond was set at \$10,000.

Foley is charged with entering the garage by breaking the glass in the front door with a brick. Nothing was taken, but damage and destruction estimated at almost \$3,000 was done to vehicles and equipment inside the shop.

A Jeep inside the building was hooked to a boat. The boat had been backed up and rammed through the big garage door and the office door, a motorcycle had been run over, shelves were knocked down spilling anti-freeze, then the anti-freeze was smashed with the Jeep.

A passerby noticed smoke coming from the building at about 1:45 a.m. and reported the smoke to police. Upon investigation police found the Jeep running wide open and smoke pouring out of the building from smoking tires and the hot Jeep motor that had a broken radiator hose which had thrown out all the anti-freeze.

Foley was still in the Jeep. Dow

estimated damages of \$2,975, which officers said is a very conservative figure.

In other action at the county jail this week, a Littlefield man was charged with DWI by city police and bond was set at \$1,500.

An Olton man was charged with DWI and was fined a total of \$222 on the charge stemming from trying to outrun a law enforcement officer. In addition to the fine he was given 20 days in jail, probated for one year.

Three Muleshoe residents were picked up by Sudan officer one and charged with burglary of firearms. The three had stolen property from Florida. Mario Games, Ray Castillo and Gilbert Gomez waived extradition and were sent back to Florida to stand trial with bonds set at \$5,000 each.

Other arrests over the week included a Littlefield man arrested on a warrant from Hale County, a Littlefield woman arrested on a welfare fraud charge, an Amherst man charged with simple assault, two Sudan men charged with drunkenness, and a Muleshoe juvenile was picked up by the Sudan officer and released to parents.

Other activity at the city police department included two thefts reported. Virginia Acre reported a 30-30 Winchester rifle taken from her house. She valued the gun at \$110 and it is thought that the gun was taken by someone who crawled through a window.

Clint Penn reported a public speaker taken from one of the downtown poles on Phelps Ave. and another taken from Palace Theatre. The speakers were valued at \$105.

Prior to Bridwell signing up, two black citizens filed for placement on the ballot. Mrs. Carolyn Hodge and Rev. Cass Tisdale signed up last Wednesday.

Three terms are expiring this year with trustee terms of Mickey Ratliff, David Hampton and Werner Birkelbach up this time.

Unique Basketball Game Tonight

unique basketball game will be
 tonight at 8 in the Littlefield High
 Gymnasium, and proceeds from
 will go into a special fund to
 Littlefield Memorial Tennis

Littlefield Lions Club and the Rotary Club are co-sponsoring the game with the Littlefield High School Student Council.

Featured in the game will be the KSEL Pink Raiders versus the Littlefield Leaping Lions—a home garden variety team recruited from the Early Risers Lions and the Littlefield Lions Club.

Tickets for the game are \$2 for adults and \$1 for students. Tickets may be purchased from any Student Council members, and Lions Club or Rotary members.

Purchasers are guaranteed the opportunity to see some of the most "unique" basketball talent West Texas has to offer.

Approximately \$12,000 will be needed to build the tennis courts.

The Littlefield Memorial Tennis Court Fund was set up last year when the three lawyers for the plaintiffs in the train-bus crash suit donated \$1,000 each toward the construction of a memorial in memory of the dead and injured victims of the crash.

Accounts have been opened at both the First National Bank and Security State Bank, and anyone may make deposits toward the building of the athletic courts.

Eight In Race For City Posts

C. E. Steward has joined the race for the mayor's chair when he filed for placement on the ballot for the city election, slated for Tuesday, April 1.

He joins Charles Ary in contesting Mayor J. E. Chisholm for the post.

Terms of Mayor Chisholm and two city councilmen, Paul Carmickle and James Showell, are expiring, and all have filed for re-election.

Besides the incumbent councilmen, Leonard Simington, Steven Rountree, and Mrs. Virgie Haile have signed up for placement on the ballot as councilmen candidates.

Discussion of a resolution authorizing City Manager Jim Blagg to file pre-application under the Housing and Community Development Act of 1974.

Don't Like The Weather? Wait

Well, the weather is a popular topic of discussion these days, and the old statement "if you don't like the weather, wait awhile and it'll change" has been proven true the past few days.

In fact, Saturday night Littlefield had a little bit of everything with the arrival of another winter storm. From fog to freezing drizzle to hail to sleet to snow, accompanied by thunder and lightning.

As far as we know, no tornadoes were spotted. Freezing rain turned some bridges and overpasses in the South Plains area and in the Panhandle into travelers' ice-covered nightmares Saturday night as the front went through west Texas and eastern New Mexico.

Motorists throughout the South Plains were advised not to travel unless it was absolutely necessary because of the hazardous driving conditions.

Sunday's skies cleared off allowing the snow's melting, and Monday was partly cloudy, with threatening storms appearing late in the day.

Monday night's television news from Lubbock reported that it was snowing in

Littlefield, but none fell. Possible showers are predicted for today.

Members of the posse invite the public to view their trophies and attend their play days.

The Lamb County group will host a play day this Sunday afternoon beginning at 1 p.m. in the Posse Arena located next to the show barns on Hall Avenue.

Lutheran Churches Join In Prayers For Ministry

Emmanuel and St. Martin Lutheran Churches of Littlefield will join congregations throughout The Lutheran Church Missouri Synod on Feb. 23 in celebrating

Lutheran Hour Sunday as a day of special prayers for the worldwide Gospel radio ministry, according to Rev. James Ristvedt, pastor at Emmanuel.

"Now in its 42nd season of broadcasting, The Lutheran Hour is the world's largest non-governmental radio operation with offices in the U.S. and in 17 countries around the world. For the past 20 years Dr. Oswald Hoffmann has served as speaker on the worldwide and domestic English language programs," he stated.

"The theme for the 1975 observance is 'Discover God's World.'" Gus Melde, president of the International, Lutheran Laymen's League, sponsor of the program, said "This is designed to remind Christians of the wonders of God's creation and to remind them of their duty as Christians to spread the story of God's love for His creation to all men."

"Melde of Dallas said The Lutheran Hour is broadcast by nearly 1,800 radio stations around the world; is carried in 45 languages and has a listening audience numbering in the millions in 125 lands.

"To bear witness to Jesus Christ, offering the world the life and salvation which God gives to all who believe in Jesus Christ is the mission of The Lutheran Hour," Dr. Hoffmann said. And since it's first broadcast in 1930, with Dr. Walter A. Maier as speaker, the aim and content of the program has remained unchanged."

About 1,100 stations in the United States and Canada carry Dr. Hoffmann's English language message each week, and an additional 50 domestic programs are broadcast in French, Spanish, Finnish, Slovak, Chinese and Japanese.

Besides The Lutheran Hour, the Int'l Lutheran Laymen's League, an auxiliary organization of the Lutheran Church-Missouri Synod, sponsors "Preaching Through the Press," a print evangelism program. It is also co-sponsor with the LCMS of "This Is The Life," an Emmy-winning television ministry.

TO: All Texas Media

With the growth of government in both size and scope of responsibilities, public officials are faced with the problem of ensuring that our citizens have free access to the services of State government. Many Texans today need the assistance of State government, but do not know how or where to receive that help.

To help eliminate some of this confusion, and make government more readily available to all of the people of Texas, I have established the Governor's Citizens Assistance Line—TEX HELP—which is now providing toll-free telephone access to anyone who needs assistance or information on matters involving Texas State government.

The TEX HELP telephones are staffed from 8 a.m. until 5 p.m. Monday through Friday, except on State Holidays. B. L. Parker, who is very knowledgeable in the operations of State government, has been appointed as the director of the Governor's Citizens Assistance Office.

I believe that this Citizens Assistance Line can greatly expedite the inquiries of the people of Texas and make State government much more responsive to their concerns and immediate needs.

However, in order for this telephone service to achieve its potential, I need your help in publicizing the toll-free WATS number (1-800-292-9600) in your area of Texas.

I sincerely hope that you see the merits of TEX HELP and that you can run the enclosed public service material to properly publicize the telephone number for the people in your area.

On the previous occasions when I have

asked for the assistance of the Texas media in support of State programs, you have responded most generously and I deeply appreciate your cooperation.

Sincerely,
s/Dolph Briscoe

Mr. Warren

I want to take this means of communication to the public to say THANK YOU to the City of Littlefield Police Department.

The week of February 10-14 John was in Dallas going to Sears T.V. School and the fine policemen watched our house from the time it got dark at night until daylight for a whole week. I appreciate you for that.

A special "Thank You" to Martin Valenzuela who went to the hospital and picked up some medicine for my boys the night both were sick and I couldn't and wouldn't leave them both at home.

Our Policemen are a concerned group of citizens and they need everyone's cooperation to do their job. They have my cooperation as well as my thanks for a job well done.

Girl Scouts of the Caprock Council will begin their annual cookie sale, Friday, Feb. 21, and sell until March 8, according to Mrs. Felix Jones of Idalou, Council Cookie Chairman.

Cookies will be on sale in the 18-county council at \$1.25 per box. Nearly 6,000 girls will be selling one cracker and five kinds of cookies offered this year.

Varieties are Sesame Crisp Cracker, Mint, Lemon Creme, Oxford Creme, Scot-Tea, and Savannah. Profits from the sale are divided between the troops and the council with council profits going for maintenance and improvements of Camp Rio Blanco and camping activities.

Camp activities include crafts, hikes, swimming, songs, campfire, cook-outs, nature study, star gazing, archery, and drama. Five sessions are scheduled for girls of various age groups. THE ABUNDANT LIFE

Our Worth

THE SENSE OF "Our Worth" is one of the principal factors involved in the way we respond to the problems and difficulties which demand our attention. In fact, there is no other one element that has any more effect upon our daily living experience. Therefore, we must give our very best consideration to the recognition of and to the full and continuing appreciation of "our worth".

THE WAY WE SEE ourselves; the way we feel about ourselves; or the way we evaluate ourselves; is the predominate and controlling influence in our planning and our action.

WE MUST NOT downgrade ourselves, because this attitude is destructive; and creates the life situation in which the perverse influences will flourish.

This very faulty view of "our worth", which is actually a lack of worth, carries us along a self-defeating life course. In general, we will be going from bad to worse; because all of our responses to the challenges, difficulties and opportunities we encounter will be something less than what they should be.

WE CAN SEE our imperfections, and will be keenly aware of our mistakes; but these realities do not justify self-abasement.

This is much too limited, as the basis upon which we should build our "sense of worth", because we will be ignoring both the actual and potential worth in our lives.

IF WE ASSUME "Our Worth", we can modify some of our imperfections,

perhaps all of them, to correct our mistakes.

This is a justified assumption; this view, we will also be able to take the best of existing good things we can go ahead with the best of our potentials.

COURAGE, stamina and determination are the principal elements in an individual life that make it possible for us to live with a reasonable dignity, integrity and nobility. These elements will be present only if we have a very good "sense of worth". This is not self-conceit.

SELF-CONCEIT is not a recommended concept of "our worth" because it is the overrating of self.

Even so, it may be better than the undesirable practice of degrading self. The well-meaning person, however, is that neither self-conceit nor self-contempt are acceptable; they are not associated with "our worth".

THE ACCURATE "sense of worth" is the very best and most self-image, because it includes prevailing and the possible plus the strongest defense of everything that is designed to feel worthless.

OUR WILLINGNESS to do what is to be done, and much of the time the doing must come from carefully and wisely developed "our worth".

UNTHOUGHTFUL OF ME, but concerning my open letter to the tv network, I received a call or two and was unable to give the address of same. If you get the tv guide you can find them in it.

In case you don't here they are: CBS-TV 51 W. 52nd St., NY, NY, 10019; ABC-TV 1330 Ave. of the Americas, NY, NY, 10019; NBC-TV 30 Rockefeller Plaza, N.Y., N.Y. 10020

IF YOU FEEL like letting them know what you think of their programming, be my guest!— If you don't speak up, they'll never know!

C'mon, Turn Row, it'll take more than just MORAL SUPPORT to do any good with this thing!

WHENEVER HAVE YOU seen and/or heard such a variety of weather as we had last Saturday night?— For the life of me, I can't remember seeing lightning and hearing thunder, during a snow and sleet storm. Some of that sleet was big enough to qualify for hail, and all in the middle of February, yet! Just hope it isn't an omen of things to come.

come. Some seem to think it's to be a sign of something, but seems to know what.

LOOK AT YOUR child and him or her as being a teen growing up and being shaped by the influence of those about him.

Then look at yourself and ask your own mind: if you'd like for the child just like you??

BETTY FORD, A Libber! which way she leans on steeper perhaps that's a little unkind what irks me is her using her and our money to promote questionable ideal.

While I can't break bread with a group that advocates that all should be kept bare-foot and propped like to be able to think of my mother as being something very and having special privileges!

WHEN YOU THINK about the world that's awaiting your kids grandkids, it kind of scares you, it??

THE TREND TODAY to get a price increase is to get some news reporter on your side and offer him or her a hot tip like there is going to be a shortage of coffee, sugar, gas, cotton, grain, cattle or fertilizer and let him do the rest.

If he or she is an ace reporter, he or she can probably get you a banner headline on the front page stating that there will be a short supply of a commodity and BANG you are off and running. The American people will fall for this type of publicity and start stockpiling and as they continue to stockpile.

Business can follow through with the news report and go up on prices and laugh all the way to the bank.

This has happened to us on petroleum, fertilizer and sugar. Now with headlines, I noticed in one of the bigger newspapers, coffee is in for the same gimmick. After the price goes up, the supply again becomes abundant.

People attack Congress and our present administration for a lot of the pitfalls in our economy, but to me, the real culprit is our news media.

We like to be told how it is, but there is two ways to slant our problems—the gloomy side or the bright side. Too many reporters prefer to take the dark side, and with that type of attitude they hinder instead of help any situation.

Noticed one headline in a magazine "How to End a Recession: Let's Go Shoot Arabs". That is rather bold and it surely does not help any type of

diplomatic relations between countries that need each other. Of course, there is some truth in this because a country usually booming it is in war as long as the fighting goes in the other countries boundaries.

What we need are more headlines with a bright side of the instead of the dark side. I notice Amarillo Daily News is taking a positive action in some of their reporting. For example, "Snow Days Wheat Prospect", they could have "Snow Hampers Drivers and Bikes".

The Lubbock Avalanche-Journal following suit by having headlines read "Business Is Good, Cattle Planned". They could have said "Your Money, Cost of Living Up".

If we want a recession, all we need to do is live like there is a recession. We can think positive and take advantage breaks and pull out of this thing.

THE DIFFERENCE BETWEEN right word and the almost right word is the difference between lightning and lightning bug.

Pep Residents Take South American Tour

By MRS. FRANK SIMNACHER
On Jan. 13, Mr. and Frank Simnacher and Mr. and Mrs.

Philip Simnacher left on a 28-day excursion to South America. In Rio de Janeiro, Brazil we

were met by Mr. and Mrs. John R. Davis, daughter and son-in-law of Mr. and Mrs. Frank

Simnacher. John and Mary Davis are Peace Corps Volunteers in Campo Grande, Mato Grosso, Brazil.

Sundays all businesses are closed, as well as every day from 12 noon till 2 p.m. everyone goes home for lunch and rests till 2. Nothing is open for business.

John is a professor in the University of Brazil, and Mary teaches physical education in the school for the mentally retarded, and works part time with the Brazilian welfare organization. We are so thankful that John and Mary could travel with us. They can speak the languages of the people—which we could not do. This is summer time and all the schools were out for vacation. Thanks to them our trip was very much more enjoyable.

In Rio we went to the top of Corcovado, where the monument of Christ the Redeemer, 125 feet high, stands as a symbol of peace. The following day was spent in the Botanical Gardens, established in 1808. It has thousands of different trees, in the 123 acres of natural forest. In the afternoon we went on to Sugar Loaf Mountain. The top is reached by cable car in two stages, and the views are wonderful, especially after sunset when all the lights come on in Rio and the statue of Christ lights up, and after dark it seems Christ is just in space above Rio. It is breath-taking, and to me it was the highlight of all we saw in Rio.

Then on to Santa Cruz, Bolivia, to visit Mr. and Mrs. Wayne Green, and Erika, and Patrick, and Mrs. Green's parents, Mr. and Mrs. Humberto Bustamante and Sonia. We were guests in their home, and they are wonderful hosts. Wayne is the son of Mr. and Mrs. Franklin Green of Pep. They showed us many interesting things and took us to different areas in and around Santa Cruz. Wayne is farming a short distance from Santa Cruz. He has a beautiful crop of soy beans growing, also some corn and cotton, besides a very nice garden of vegetables.

Another trip Wayne took us on in his land Rover was to Samiapata, stopped at a beautiful falls and then on up to the top of the mountain to see the Inca Indian ruins. The ruins are very interesting, but would be wonderful if more information was available as to what the different formations represented are used for. More work is planned to be done in the area and to uncover more ruins.

A new road has been built up to the ruins. It is a one-vehicle road only for a four-wheel drive, as it is very winding with hair pin curves and several real steep grades. It was a very interesting and exciting trip. Everyone was glad to get back to the paved road as it started to rain as we left the ruins, the road was getting slick in spots.

On our first Sunday morning, we attended mass in the large beautiful Cathedral. It is a very old building. The people of Santa Cruz are having the Cathedral repaired to preserve it in its original state as much as possible. The Altar and all the interior is beautiful.

In the afternoon, Mr. Bustamante took us north of Santa Cruz to Monterio, Portachuelo, Warens and the big Yapaconi River. On the river banks and on big rocks in the river women were washing their clothing, a little ways from them the small children were enjoying a swim.

On Saturday afternoon and

We spent some time in Cochabamba. The climate there changes very little the year around, and is one of the most fertile areas in Bolivia, the second largest city. Cochabamba is a 12-hour bus ride from Santa Cruz, over narrow rough roads. A lot has been paved, but due to the rains they do not last very long. Through the rain forest area the ground never gets dry enough to even try to pave it. This road is up and down, around and over the top of mountains, with plenty of hairpin curves, and just wide enough for two buses to pass. Cochabamba is a pretty clean town, a good place to shop for Indian-made goods, and reasonably priced.

We returned to Santa Cruz Jan. 30, and the morning of the 31st Mr. and Mrs. Philip Simnacher returned home. That afternoon Mr. and Mrs. John Davis, Mr. and Mrs. Frank Simnacher and Sonia Bustamante left by plane to Asuncion, Paraguay; and Iguacu Falls. We spent some time in Asuncion, and then on to the falls spending 3 1/2 days walking and seeing the falls from both the Brazilian and Argentine sides. The biggest falls are in Argentina. It's a wonderful sight.

Our last 2 days were spent in Santa Cruz to see and take part in some of the carnival activities.

A big parade was on Friday evening followed by Queen crowning in different organizations, and a benefit show and dance was sponsored by the married ladies.

Each in a custom to represent a special person or animal, and acting out their parts on the stage, and then they presenting their queen, followed by a dance with the music played by four different bands. When we went home at 4 a.m., the dance was still going strong.

A carnival queen is even selected in the kindergarden school. Mr. and Mrs. Green's daughter was the queen in her school. Erika is in pre-kindergarten.

On Feb. 10th, Miss Sonia Bustamante, youngest daughter of Mr. and Mrs. Humberto Bustamante and Mr. and Mrs. Frank Simnacher boarded a plane at 7 a.m. for our return trip home to Pep. Our flight out of Lima, Peru had been cancelled so we spent 26 hours in Lima till the next flight was available. We left Lima at 11 a.m. Feb. 10 and 12 1/2 hours later we were in Lubbock. Sonia, will be visiting relatives and friends in the U.S.A. for awhile.

Mr. and Mrs. J. W. Walker were waiting at the airport for us. It's good to be back home, even after a wonderful 28 day's trip.

DO AS THOU HAST SAID

"Do as thou hast said," is the key to the understanding of the Scriptures and the finding and acceptance of the will of God in our lives.

"Do as thou hast said" (11 Samuel 7:25) is the Old Testament way of saying what Jesus said in John 15:7. "If ye abide in me, and my words abide in you, ye shall ask what ye will, and it shall be done unto you."

What it means is this: If you want God to do what He has said He would do—fulfilling His promises and purposes in our lives, making us fruitful, abounding in every good work, holy like He is holy, filled with joy, growing in faith, overflowing with love, bearing in our bodies the marks of His crucifixion, and walking daily in the power of His resurrection—then you must turn to Him and say, "Do as thou hast said," or "Do as I have asked." For His will is now your will and you may ask what you will. And it will be done unto you!

Four FFA Members Exhibiting In Show

Four members of the Littlefield High School FFA Chapter are competing in the junior division of the Houston Livestock Show and Rodeo in Houston. The show began Wednesday and will continue until March 2.

Kevin Bell, Timmy Cannon, Dennis McCain and Brad Walden. Art Sommerfeld is Vocational Agriculture teacher at Littlefield. The competition in the junior events is set for the second week of the show when 4-H and FFA

boys and girls from all sections of the state will be vying for top premiums and prizes. This is the largest junior livestock show in the country. These young people will join adult exhibitors in seeking premiums of more than \$400,000, a new record for the Houston

show. Around 19,000 entries are expected. The show will again be held in the show's \$12.5 million facility with rodeo performances in the Astrodome. First rodeo performances are scheduled for Feb. 21.

All major beef and dairy breeds, swine, sheep and goats, horses, rabbits and poultry will compete for the top premiums

offered. A record 22 auction sales will be held this year, including sales for three breeds which have never been sold at auction at the Houston show.

A top array of talent will entertain at each of the rodeo performances. The Osmonds will appear Feb. 21-22; Helen Reddy on Feb. 23; Conway Twitty, Feb. 24-25; Olivia Newton-John, Feb. 26; Charley Pride, Feb. 27-28 and Charlie Rich, March 1-2.

Home Gardeners Urged To Conserve Fertilizer

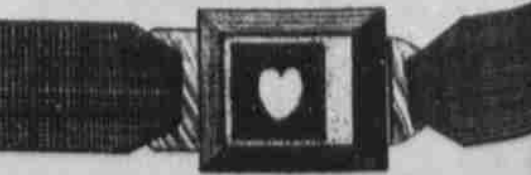

Home gardens are appearing in backyards, flower beds and on patios all over Texas. And with continued high fertilizer costs due to low supplies, homeowners should give special attention to conserving fertilizer.

Sam Cotner, vegetable specialist with the Texas Agricultural Extension Service, offers these suggestions:

1. Have soil tested. Many home gardens are already fertile enough to produce good yields of most vegetable crops. Soil samples may be sent to the Soil Testing Laboratory at Texas A&M University. Information is available at any county Extension office.
2. Apply only light applications of fertilizer at planting time. In absence of a soil test, use one-and-one-half to three pounds of a complete fertilizer, such as 8-8-8, 10-10-10 or 12-12-12, per 100 square feet of garden area. Thoroughly mix the fertilizer with the soil. Use organic fertilizer and compost whenever possible.
3. If at all possible, use mulch in the garden to aid in moisture retention and to prevent leaching of plant nutrients.
4. If vegetable plants appear to grow slowly or lack good color, sidedress lightly with a quick-acting fertilizer. Sidedress leafy crops such as lettuce, cabbage and greens after they develop six to eight leaves. Fruiting crops such as tomatoes, peppers and squash will respond to light applications at flowering. Avoid over-fertilizing or allowing fertilizer to come in contact with plants or roots.

Home gardening can be expensive and fertilizer is one of the more costly items, points out Cotner. Therefore, it should be used wisely.

One-Woman Art Show Staged

A one-woman art show by Cara Juan Schuster is being exhibited this month at South Plains College in Levelland.

Paintings in oils, acrylics and watercolors—about 24 in all—are on display in the foyer of the Fine Arts Building. And they are all for sale.

Mrs. Schuster has been painting 11 years and has studied under Dana Arnold of Muleshoe, Dr. Emilio Caballero, head of art department at West Texas State University in Canyon; Frederic Taubes of New York City, renowned painter; and Ben Konis and Danny Gamble, both of Amarillo.

"Living in the West Texas country near the New Mexico border, I enjoy the changes of the seasons, the beauty of the open prairies with its weekly changes in spring, summer and fall, and particularly the sunsets," Mrs. Schuster explained. Many of the skies used in my landscapes are those seen in this particular area," she added.

"I also enjoy bringing flowers to life on canvas, especially those familiar to this area," she notes.

The paintings will be on view throughout the month of February. The exhibit is being sponsored by the Fine Arts Department at SPC.

Mrs. Schuster and her husband Jack farm seven miles south of Muleshoe. They have two daughters, Debbe, a student at SPC, and Kathy, a senior student at Howard Payne, and a son Alec, a graduate of SPC.
