School Superintendent Announces Retirement Date

Superintendent Paul I. Jones has announced his retirement plans effective at the end of the 1974 school year. He disclosed his plans at the close of a board of trustee meeting this morning.

His tenure as "very enjoyable and frustrating," adding that the recent impounding of federal funds has created

the most uncertainty and been the most trying. The superintendent said that he and

his wife plan to continue living in Littlefield, with Mrs. Jones staying with the Littlefield teaching system. Jones said

he has some personal business to attend to before making any future plans. The Littlefield school board is ac-

cepting applications for the superintendent's post.

In other action by the board, Mrs. Neville Manning was hired to teach in the Primary II building, the trustee election was set for the month of April for the expiring terms of Dick Hopping and Glen Batson, and heard reports from Supt. Jones concerning the gasoline situation, new public documents and public meeting policies which became effective Jan. 1, and six property tax-rate options for the board to consider.

Stating "we're not in any bind as of yet concerning the gasoline situation, and there are no problems with school trips already scheduled." We can foresee problems in the future as everyone is aware of." Jones did not discount the idea that for next school year, no gasoline bids would be received, and the school would have to purchase gasoline at the pump price. The present price the school pays is 27.2 cents per gallon for regular gas.

After viewing the six proposals presented by the superintendent concerning the property tax-rate options, the board asked for more time to study the proposals before voting on one.

Estimating that at least \$35,000 in new monies would need to be added to the budget for the school year '74-'75, Jones stated that this would not take care of any improvements on the buildings, just the automatic state salary increase (approximately \$11,000) and workman's compensation (estimated from \$14,000 to \$17,000), and to allow for inflationary prices on supplies, etc.

The property tax-rate options presented are as follows:

Junior Livestock Show to Begin Here Today

The annual Lamb County Junior Livestock Show gets underway today at South Plains College in Levelland.

Showmanship awards will be presented to the outstanding showman in each of the three animal divisions.

The grand champion and reserve champion steer, swine and lambs of the show will be awarded trophies, banners and the listed premiums. Trophies are being provided by the Lamb County Fat Stock Show.

Stock show officials for the 1974 show include swine superintendent, George Tooley of Amherst; sheep superintendent, S. A. Parmer of Littlefield; and steer superintendent, Berry Bearden of Littlefield.

Assistants in the swine department will be Lilburn Bales of Amherst, Donald Carr of Littlefield, Henry Arrons of Olton and Dewett Kelly of Springlake.

Assistants in the sheep division are Richard Bills of Earth, John Paul Jones of Olton, Raymond Maxwell of Sudan and R. J. Cook of Amherst.

Assistants in the steer division will be T. C. Kennedy of Olton, Don Carter of Amherst, Ronnie Smith of Littlefield and Lewis Fields of Sudan.

President of the Board of Directors for 1974 is John Bridges of Earth. Vice president is Les Lichte of Littlefield, and secretary-treasurer is Douglas Walden of Littlefield.

Other board members are George Tooley of Amherst, J. K. Angeley of Pleasant Valley, Donald Carr of Littlefield, Landon Smith of Olton, Raymond Maxwell of Sudan, Lewis Fields of Sudan, T. C. Kennedy of Olton, Richard Bills of Springlake and S. A. Parmer of Littlefield.

EMMETT BROWN, standing on the ground, and Alvin Richards Jr. take down a 70 m.p.h. sign to allow for the new 55 signs which are now in place around the loop in Littlefield. The Littlefield section of the Texas Highway Department is to post 123 of the new signs in Lamb County by Saturday night.

Agriculture To Be Lauded At C-CA Banquet Tonight

Agriculture is the number one industry for Littlefield and Lamb County — as recent bank deposits have indicated — and tonight, Littlefield's Chamber of Commerce and Agriculture will be paying its respects to the agricultural phase of area life.

The red carpets are rolled out to greet members and guests at the annual Chamber of Commerce and Agriculture Banquet, slated for 7:30 p.m. in the Junior High School Cafeteria.

Not only will the decorations bear out the theme of "Agriculture, Number One," but the night's speaker will be one who is "in the know" about Texas agriculture.

John C. White, Texas' sixth Commissioner of Agriculture, is currently serving his twelfth term in the statewide office which he first assumed in January of 1961, and is expected to discuss the outlook for agriculture this year.

Three "Outstanding Citizens" will be honored, and the new directors will be introduced, along with the outgoing president and incoming president.

Serving as master of ceremonies will be Kip Cutshall, a C-CA director and the Lions International District 2-T2 Governor.

W. P. Dennis, minister of the Crescent Park Church of Christ, will give the invocation prior to the dinner of steak, baked potatoes, salad, dessert and V-8 Cocktail juice. The juice is being provided by Bawcom Butane.

The "Farm Family of the Year" will be introduced by David Jones, head of the house of last year's recipient.

Janice Sebring, the recipient of the 1972 "Woman of the Year" award, will present the award to this year's recipient.

The "Citizen of the Year" will be honored and recognized by Billy Grant, last year's winner.

A special award is to be presented from "We, The Women" by La Voyce Carlisle, new president of the Chamber of Commerce organization.

David Hamblin will present the "Outgoing President's Remarks" and will hand the gavel to the incoming president, J. L. Marcum, who will present remarks on the upcoming year's work.

The master of ceremonies, Kip Cutshall will introduce the featured speaker for the night.

Rad Richardson has served as banquet chairman, and decorations are being done by members of "We, The Women". The sound system is being provided by Pat's Record Center, and the entertainment will be presented by Lee and Pat Behnke of Sacred Heart Church.

Tickets for the banquet are \$5 each, and may be purchased in the C-CA office all day today, or at the door tonight.

A special section containing more details about the banquet may be found inside this issue of the Leader-News.

Texans To Slow Down, 55 m.p.h. Limit Set

The Texas Highway Commission Tuesday set a statewide maximum speed limit of 55 miles per hour, effective at 12:01 a.m., Sunday, Jan. 20.

The action was taken in keeping with the law passed by the recent special session of the Texas Legislature, empowering the Commission to set lower speed limits to comply with federal energy saving actions.

Under the terms of the Emergency Highway Energy Conservation Act signed by the President Wednesday, Jan. 2, a state not establishing a 55 m.p.h. maximum speed limit would not receive its share of federal highway construction funds.

Federal taxes on items related to the operation of motor vehicles—notably a four-cents-per-gallon levy on gasoline—go into the Federal Highway Trust Fund. These funds are apportioned back to the state for the federal government's share of highway construction.

Texas' share amounts to some \$240 million annually which would be

withheld if the lower speed limit were not set by early March.

The action is subject to review within eight days by Governor Dolph Briscoe. The lower speed limits will apply to all highways in the state, including highways under the control of the Texas Turnpike Authority, cities and counties.

New speed limit signs replacing the old 70-m.p.h. maximum speed limit on the State's major highways, will be in place by the effective date. The Highway Department has begun the task of making and posting the new signs.

The Commission also directed the Highway Department to monitor and document circumstances "which might relate to the establishment of speed limits and to report to the Commission on a monthly basis." This is in order that the Commission may make findings as to whether the 55 m.p.h. limit should continue in effect.

Many motorists in Texas already have voluntarily reduced their driving speeds to below 55, Highway Department spokesmen said.

Cloud Seeding Operations Planned For New Crop Year

Farmers forming Lamb County Better Weather, Inc. decided on another year of cloud seeding to reduce hail in an organization meeting at the Springlake-Earth school Monday night.

In the planning session, those present agreed to solicit funds for a three-plane operation headquartered in Littlefield. A 200-square mile target area will include portions of Lamb County included in the 1973 program, plus part of the Whitharral area and Amherst farm land not included in the past year's operation.

Approximately \$162,000 must be raised to finance a three-plane cloud seeding program through the 1974 crop growing period. A two-plane program was headquartered in Littlefield this past year. The two previous years, parts of Lamb County joined with Hale County in a hail suppression program.

Officers heading the 1973 Better Weather group were re-elected for another year. Orville Cleavinger is president; Les Watson is vice president, and Dale Stanley is secretary. A committee from each community was appointed to form a board of directors.

Atmospherics, Inc. headed by Tom

Henderson of Fresno, Calif. will again be furnishing the twin engine planes, radar facilities and cloud seeding operations. Henderson was present for the meeting and spoke to the Earth Lions Club Tuesday.

KENNY OWENS was named Most Valuable Player at the Quarterback Club's Football Banquet Saturday night. Prior to the MVP nod, Owens received All-District and All-South Plains linebacker honors. This is the second year in a row for the All-District tapping. (Staff Photo)

Students Get Two-Day Break

All students of Littlefield schools will begin a short holiday break on classes today, when teachers rest for workdays today and Friday. Class work will resume Monday the regular time.

MARI LOUISE BENNETT was crowned Football Queen at the annual QB Banquet Saturday night. Carol French, left, and Jill Owens, right, were on candidates by the football team. (Staff Photo)

Outstanding Awards Presented At Football Banquet

Littlefield Wildcats received honors at the Littlefield Quarterback Club's Annual Football Banquet Saturday night.

Terry Bryson was named Most Valuable Player. Terry Bryson received Fighting Heart award. Ricky Richards and Skip Smith shared honors as outstanding offensive linemen.

Pat Henderson was named outstanding defensive lineman; Pat Henderson was outstanding offensive back; and Randy Cook was named outstanding offensive back.

Prior honors for these outstanding players include Kenny Owens, All District and All South Plains linebacker last year and this year.

Terry Bryson, All District quarterback his junior and senior years.

Randy Cook—All District fullback and linebacker for the last two years.

Pat Henderson, All District halfback; Craig Ratliff, all district outside linebacker.

Ricky Richards, All District and All South Plains center.

Skip Smith—All District, All South Plains and All State offensive guard.

Coach Jerry Blakely said there were many deserving players and praised the entire team for their efforts.

"This is the year of the Cat" was the theme of the banquet honoring the 1973 bi-district Wildcats.

Another highlight of the banquet was the crowning of Mari Louise Bennett as the team's choice for Football Queen. Sharing candidate honors were Carol French and Jill Owens.

Those attending were treated to about 45 minutes of humorous banter from guest speaker Dr. W. C. Newberry, director of student teaching at Southwest Texas State University. A football player, a coach for 10 years and a public school administrator, the noted humorist is hailed as "the sage of Southwest Texas."

Intertwined in the anecdotes was a capsuled message admonishing those present to choose with wisdom those experiences left to choice and to live with the experience that chose them.

Incoming Quarterback Club officers are Paul Yarbrough, president; Andy Schlottman, vice president; David Hampton, secretary-treasurer; and Charles Powell, Les Lichte and Jake Moreland, directors.

Outgoing officers are President Bill Tom Grant; Orville Bassett, vice president; Tommy Mackey, secretary-treasurer; Ed McCallie and Paul Yarbrough, directors.

To The EDITOR

Dear Editor,
We are very grateful for and deeply appreciative of your generous support during the past year. The services that the American Red Cross was able to extend were due in good part to the help and understanding you and your readers gave so readily. We'll need your help in

the coming year, too. May 1974 be happy and prosperous for you and yours.

OBITUARIES

BELTON BRYANT
Funeral services for former Littlefield resident, Belton Bryant, 75, who died at 8:25 p.m. Saturday, Jan. 12, in Deaf Smith General Hospital in Hereford, were conducted Tuesday afternoon in the Central Church of Christ at Hereford.

Officiating was J. T. Marlin, minister, and burial was in West Park Cemetery with Gilliland-Watson Funeral Home in charge of arrangements.

Bryant went to Hereford in 1936 from Littlefield. He was in the heavy construction business.

Surviving are his wife, Ona; three sons, Tom Bryant of Ridgeway, Colo., Kenneth Bryant of Pueblo, Colo. and Dean Bryant of Phoenix, Ariz. and two brothers, Ray Bryant of Lakewood, Calif., and Homer Bryant of Taos, N.M.; and two sisters, Mrs. Maxine Howe of Fort Worth and Mrs. Gladys Evans of Louisiana.

D. D. ELLISON
Services for C. D. Ellison, 66, of Levelland, who died about 8:55 a.m. Monday, Jan. 14, in Cook Memorial Hospital where he had been hospitalized since Dec. 7, were conducted Wednesday afternoon in the George C. Price Funeral Chapel.

Rev. J. Douglas Thomas, pastor of the College Avenue Baptist Church, officiated.

Burial was in the City of Levelland Cemetery.

Ellison was a native of Stonewall County, and had been a resident of Levelland since 1943, when he went there from Aspermont.

He was married to Grace Graham at Aspermont Dec. 23, 1926. He was a member of College Avenue Baptist Church and was employed as an oil field driller.

Surviving are his wife; three sons, Rex Ellison and Dewey Ellison, both of Levelland, and Larry Ellison of Dallas; three daughters, Mrs. R. O. Turner Jr. of Levelland, Mrs. Dale Read of Sudan, and Mrs. Ricky Cline of Levelland; a brother, Elmer Ellison of Aspermont; a sister, Mrs. Archie Candler of Dallas; and 11 grandchildren.

MRS. W. P. HEDGES
Funeral services for Mrs. W. P. Hedges, 75, who recently moved from Olton to Amherst and died at 9:45 p.m. Tuesday, Jan. 15, in South Plains Hospital following a lengthy illness, are scheduled for 2:30 today in the First Baptist Church at Olton, with the pastor, John Lewis, and Glenn Willson, pastor of the First Baptist Church at Amherst, officiating.

Interment will be in the Olton Cemetery with Parsons Funeral Home in charge of arrangements.

Mrs. Hedges was born in Hood County and married W. P. Hedges Aug. 23, 1913 in Electra.

Surviving are three daughters, Mrs. J. A. Phillips of Amherst, Mrs. Calvin Manley of Bridgeport and Mrs. Joe Garms of San Angelo; four sons, Willis Hedges and Arthur Hedges of Amherst, Willard Hedges of Ropesville and Buddy Hedges of Sudan; a sister, Mrs. Frank Pamatier of Somerville, N.J.; 23 grandchildren; 25 great-grandchildren; and two great-great-grandchildren.

Palbearers were grandsons.

SISTA P. MORENO
Services for Mrs. Sista P. Moreno, 60, of Plainview, who died Thursday, Jan. 10, at Central Plains Hospital in Plainview, were conducted Saturday morning at Primera Iglesia Bautista Mexicana in Plainview.

Rev. Glen Godsey, pastor, officiated. Burial was in Plainview Memorial Park with Wood-Dunning Funeral Home of

Plainview in charge of arrangements. Mrs. Moreno was a native of San Antonio and went to Plainview in 1954. She was a member of Primera Iglesia Bautista Mexicana.

Surviving are her husband, Lorenzo; six sons, Faustino Moreno of Plainview, Damazio Moreno of Chicago, Lorenzo Moreno Jr. of Dallas, and Reynaldo, Robert and Ricky Moreno, all of the home; five daughters, Mrs. Alejandra Garcia and Mrs. Porfirio Ramirez, both of Plainview, Mrs. Pablo Escovar and Mrs. Jose Moreno, both of Hargill, and Mrs. Julia Moreno of Olton; five sisters, 27 grandchildren grandchildren and two great-grandchildren.

WILEY NELSON
Services for Wiley Nelson, 89, of Earth, who died at South Plains Hospital in Amherst at 1:20 p.m. Monday, were conducted Wednesday afternoon in the First Baptist Church at Earth.

Rev. David Hartman, pastor, officiated, and burial was in the Earth Cemetery with Parsons-Ellis-Singleton Funeral Home in charge of arrangements.

Nelson was a native of Dexter and had lived in Earth since 1928. He was a retired farmer and caretaker. He married Nellie Scarbrough in 1918.

Surviving are two sons, Fred Nelson of Leadville, Colo., and Glenn Nelson of Fayetteville, Ark.; two daughters, Mrs. Lillian Hamilton of Earth and Mrs. Toynett Dyer of Taft, Calif.; a sister, Mrs. Virgie Hamblin of Fort Worth; a brother, Bert Nelson of Tucson, Ariz.; seven grandchildren and nine great-grandchildren.

W. T. PARKER
Services for W. T. Parker, 61, of Eldorado, brother of Mrs. Mary Davis of Littlefield, were conducted Monday afternoon in the Episcopal Church at Eldorado.

Parker died early Saturday in Eldorado.

Burial was in the Eldorado Cemetery with Ratliff-Kerbow Funeral Home in charge of arrangements.

Parker attended Texas Tech.

Surviving are his wife, Mary Jo; two daughters, Mrs. Ruth Islead of Cordova, Alaska and Mrs. Mary Shannon of Austin; a brother, Glenn Parker of Eldorado; three sisters, Mrs. John Burleson of Clyde, Mrs. A. D. Dorris of Iraan and Mrs. Mary Davis of Littlefield; and two grandchildren.

recorded for judging.
Eight students entered the county competition.

Winning second place was Virginia Daugherty, 16-year-old junior daughter of Mr. and Mrs. J. Frank Daugherty. Taking third place was John Rodriguez, 17-year-old junior son of Mrs. Jean Rodriguez of Olton.

Others from Olton who entered were Melanie Cowart, 16, a junior, and Connie Thomas, 18, a senior.

Debbie Green, a 17-year-old senior represented Springlake-Earth Schools, while Barbara McBride, 17-year-old senior, and Richard Barton, 17-year-old junior, represented Littlefield High School.

Vivian Barrett of Littlefield and Beverly Stewart of Fieldton were co-chairmen of the county contest. District chairman is Allen Purdy of Littlefield.

Awards for those entering the contest will be presented at a later date, when a salad supper will be scheduled at the VFW post in Littlefield.

Thoughts

From The Living Bible

When God began creating the heavens and the earth, the earth was at first a shapeless, chaotic mass, with the Spirit of God brooding over the dark vapors. Then God said, "Let there be light." And light appeared. And God was pleased with it, and divided the light from the darkness. So he let it shine for awhile, and then there was darkness again. He called the light "daytime," and the darkness "nighttime." Together they formed the first day.

BRIGHT SIDE OF THE ENERGY CRISIS

CLIPS & TIPS

By JOELLA LOVVORN

I'M REVIVING a column I wrote "way back when" I first came to Littlefield to serve as society editor of the Leader-News.
The "Clips and Tips" title is exactly as the name implies, and here's hoping you may find some helpful hints once in a while.

HERE'S A FAVORITE biscuit recipe that was given to me by my sister, Mrs. Betty Dollar, of Farwell. She calls them Angel Biscuits (but they taste more like rolls to me.)

After she mixes up the dough, she keeps it in a covered bowl in her refrigerator, and when she needs fresh bread, she just pinches off enough little round balls of dough to fill her pan, then puts the rest back in the refrigerator.

ANGEL BISCUITS
5 cups flour
1/4 cup sugar
3 tsp. baking powder
1 tsp. soda
1 tsp. salt
1 cup shortening
1 pkg. dry yeast
2 Tbsp. warm water
2 cups buttermilk
Sift together all dry ingredients. Cut in shortening. Dissolve yeast in warm water. Add buttermilk. Mix, knead and store in covered container.
Bake at 375-400 degrees for 15 minutes, or until done. Makes 3 to 4 dozen biscuits, according to how large you like them.

HERE'S A RECIPE I acquired from a friend of mine sometime ago. It's called Chicken Casserole, and is a real rib-tickler.

CHICKEN CASSEROLE
2 (10 oz.) pkgs. frozen broccoli
2 cups sliced cooked chicken or 3

breasts, cooked and boned
2 cans condensed cream of chicken soup
1 cup mayonnaise or salad dressing
1 tsp. lemon juice
1/2 tsp. lemon juice
1/2 tsp. curry powder
1/2 cup shredded sharp American cheese
1/2 cup soft bread crumbs
1 Tbsp. melted butter
Cook broccoli in boiling salted water until tender, drain. Arrange broccoli in greased baking dish. Place chicken on top. Combine soup, salad dressing, lemon juice and curry powder, pour over chicken. Sprinkle with cheese. Combine bread crumbs and butter. Sprinkle over top.
Bake in moderate oven (350 degrees) 25-30 minutes or until thoroughly heated. If you desire, trim with pimento strips. (This adds a touch of color.)

TIPS AND TIDBITS:
WHEN FRYING food, turn meat colander upside down over the frying pan. This keeps the fat from splattering on you and the stove, and lets the steam escape from the pan.

TO COOK the stem of broccoli as quickly as the flowerets, make a one-inch long X-like incision on the stems from the bottom up. They will cook faster because the heat is allowed to penetrate.

THIMBLE STORAGE
Do you have a time keeping up with your thimble? If so, why not make a handy "find it" spot. Glue or nail a small cork to the inside of your sewing drawer to stick the thimble over. The next time you want to use your thimble, you won't have to look under everything on your sewing table to find it.

Turn Row COMMENTS

By EMIL MACHA

LOOKS LIKE THE POT is beginning to boil in local politics, as some incumbents are beginning to get some opposition.
Bill Angel, former highway patrolman and rancher, announced last week his candidacy against incumbent G. T. Sides for county judge.

This past week, Kathryn Day threw her hat in the ring to run against Mary Beth Willey for county clerk. Buddy Free, commissioner at Earth, drew Clarence Kelly for an opponent.

From some indications other incumbents may draw opposition in this year's county politics.
I suppose what makes the jobs look more appealing is the pay raises the county officials have received within the past year. Many of the citizens feel like a change is needed in some offices.

Wonder what we can run Cornball for? Noticed the county dog catcher's job does not come up for re-election this year.

A TIP OF THE HAT goes to Levelland on landing the new \$15 million dollar textile mill from the Japanese base firm.

The plant will be located east of Levelland and is supposed to employ about 750 people.
From all indications, the tax structure in Hookley County and the aid offered by South Plains College to train employees were some of the main factors in locating the site.

It will be good to have this type of mill in the area, and I'm sure some people from Littlefield can be employed. But what bugs me is that these local people may find it cheaper because of the energy crisis to move to Levelland instead of commuting, and Littlefield does not have a family to lose.

EVERYONE'S BUSINESS PARTNER—Uncle Sam: He's like a stockholder who owns a big slew of preferred shares. Out of every \$1 of company profit, he gets the first cut—about 50 cents in taxes. Then, to finance growth, the average firm keeps half of the remaining 50 cents for capital. So regular stockholders, like you, get the 25 cents that's left. But, if you're a typical investor, you're in the 40 percent tax bracket. So Uncle Sam winds up with 10 cents of your 25-cent dividend—and you wind up with 15 cents. Out of the original \$1 of profit, 60 cents goes to Washington.

"IT IS BETTER to live rich, than to die rich."—Samuel Johnson

DID YOU KNOW that the average farmer in America is about 59 years old, and I'm sure that the average cotton ginner is older than that. Say you youngsters, how about taking a look at farming or ginning as a career. And you land owners, what about a helping hand to get some young blood in this nation's number one business.

THE ABUNDANT LIFE

Don't Panic

By BOB...

PANIC IS ONE of the mental and emotional experiences which will disorganize us to the extent of making us helpless, or worse. This feeling can cause us to do undesirable and harmful things which would never have occurred, if we had remained calm.

All of us know what happens when a group of people "panic". We know about the disorder, the destruction, the loss, and the general difficulties produced by the mental and emotional turmoil of "group panic". Nothing of value is accomplished by such lack of group control.

THE ORIGIN OF THE WORD "panic" is both interesting and significant. Pan was a god of Greek mythology who was thought to be half man and half goat. He was said to have caused people to feel sudden fear by his strange appearance, and thus the word "panic" comes from his name.

The point for us to remember is that this god was the figment of human imagination. He was not real. Therefore, the people had no rational, intelligent basis for their fear.

"A PANIC IS a sudden desertion of us, and a going over to the enemy of our imagination."—Bovee.

TODAY, THERE IS SOME "panic"; some unreasoning fright. Some people are doing such things as hoarding commodities of various kinds. They are afraid that there will be shortages which will affect them. Of course, if this "panicky" behavior becomes widespread enough, there will be shortages.

Yes, it does appear that there are some real shortages; but this is no time for "panic". This is the most damaging response to the present "energy crisis".

By CORNBALL BLE...

THE GLOOM SPREADERS are busy trying to break our morale. They come at us from every angle. Anything from the energy shortage, corruption in high places, to the solemn prediction that we're about to be taken over by the communists.

I suppose that's one reason I enjoyed the nonsense dished out by Dr. Newberry at the football banquet last Saturday night. Nonsense, pure and simple though it was, we laughed, and then we laughed!

IF THERE'S A crying need for America, it's the need for a good laugh. Too long have we listened to the predictors of doom, with long and serious faces, as they seriously tell us that the world is about to come to an end. They've given us the feeling that we're on our last binge, or smoking our last cigarette, before execution!

I'm convinced that these prognosticators of doom wouldn't be able to enjoy a beautiful mountain scene by reason of bemoaning the deadwood lying underfoot!

THIS MORNING (Sunday) the day arrived bright and early, at our place. Crisp and cool, though it was, it was a clear beautiful day. We enjoyed a good breakfast, in a warm house, and were soon off to church, to further build and strengthen our faith.

There we were greeted by warm handshakes and smiles of genuine friendship. We worshipped God in the best manner that we knew, and studied a good portion of His word. We would have been greatly surprised if we had been interrupted by any outside or antagonistic group. (One of our freedoms, demonstrated)

FOLLOWING WHICH, we lunched at our favorite eating place, there to be greeted by other friends and acquaintances. This all lent itself to a sense of enjoyment and wellbeing. We can only wish that all others might be able to share in these things.
We're convinced that our system of government is the best to be had. Where else could we voice our opinions and criticisms as freely as here? We have

According to Senator Max Sherman, the Texas Commission on Alcoholism has awarded a grant for \$90,014 to the Texas Panhandle Community Action Corporation to implement a pilot program in alcoholism counseling services.

With a beginning date of Feb. 1, total funding for this project is \$168,746, with \$77,832 to come from contributions by the Texas Panhandle Community Action Corporation. The primary objective of this pilot project is to establish an alcoholism counseling program in 21 counties of Planning Region I, utilizing the existing twenty-two satellite outreach centers of the Community Action Agency and operating in close working relationships with the MH/MR alcoholism program.

In addition, the program will deal with alcoholism prevention, treatment, and control on the community and regional levels so as to obtain maximum use and coordination of existing available services and resources.

One program director and six alcoholism counselors will be employed and will be responsible for case finding, referral, follow-up and after-care, education and training, vocational and social rehabilitation, family counselling, community involvement, and any other service necessary for alcoholic client recovery and for combating alcoholism as a major social disease.

K. E. Beahan, Executive Director, said the project are available through comprehensive Alcoholism Prevention and Rehabilitation Act. The alcoholism authority use of these funds.

Further information on alcoholism pilot program obtained from Argus Beahan, Executive Director, Texas Panhandle Community Action Corporation, 385-3500, or from Mrs. Beahan, Regional Alcoholism Developer, 376-4228.

District Extension Agent Honored By Fellow Agents

Billy C. Gunter, district Extension agent with the Texas Agricultural Extension Service at Lubbock, was recognized by the county agents of District 2 Tuesday, Jan. 8, at noon in a special award presentation. District 2 County Agent Director Buddy Logsdon conducted the presentation on behalf of the agents. The award was a plaque which read "In appreciation for his guidance, counseling and help in promoting a more prosperous agriculture and well-being of mankind."

Gunter has served as District Agent since September of 1964. Previously he served as a soil scientist with the Soil Conservation Service, as an Extension agronomist, area manager for Baker Caster Oil Company and as associate county agricultural agent in Hale County. Gunter attended Tarleton State College and received a B.S. in agronomy from Texas A&M University in 1951. He received the M.S. in agronomy from Texas Tech University in 1966.

He served two years active duty with the U.S. Army Transportation Corps, including Command of the 512th Transportation Port Company. He is commanding officer of the 413th Civil Affairs Company, USAR, Lubbock, holding the rank of Lieutenant Colonel. Gunter has attended the U.S. Army Reserve Civil Affairs Advanced Career Course, U.S. Army Reserve Latin Seminar, School of Latin American Affairs and European Affairs. Gunter is a native of Lynn County. He is married to the former Carolyn Boyle of Paducah. They have two sons, Bill and Wylie.

Observation Water Wells Undergo Annual Measurement

Personnel of the High Plains Underground Water Conservation District No. 1, assisted by several Texas Water Development Board (TWDB) staff members, have begun the annual measurement of depths to water in the more than 800 observation wells in the 15 counties comprising the District. The coordinated and systematic measurement of the depths to water in the observation wells constitutes the only method of determining changes in the volume of water stored in the Ogallala aquifer beneath the land surface. The water level records obtained through the observation wells located in Lamb County constitute the foundation for the District's cost-in-water depletion, income-tax-allowance, program.

An observation well is a well that has been selected for inclusion in the annual water-level measuring program. All wells are privately-owned — the District does not own any wells — and are measured with the permission of the well owners. District personnel will be measuring wells in Armstrong, Lamb, Hale, Floyd, Lubbock, Crosby, Lynn and Hockley Counties. Wells located in Cochran, Bailey, Farmer, Deaf Smith, Castro, Randall and Potter Counties will be measured by the TWDB crew.

A TEACHER'S workshop will be held Friday, Jan. 18. There will be no school that day. JIM COPELAND of Anton visited his grandmother and aunt, Mrs. A. F. Copeland and Mrs. Don Turner Thursday.

MR. AND MRS. Jim D. Nix are fishing at Lake Armstadt, near Del Rio on the Mexican border. RECENT GUESTS in the Alvin Mills home were their daughter and husband, Mr. and Mrs. Eddie Moates of Lubbock.

MR. AND MRS. Lloyd Sturgis returned from a visit with their daughters, Mr. and Mrs. Luther Skinner and family in Iowa Park and Mrs. Loyce Ermis and family in Wichita Falls. Their son Frank and wife of Dallas met them there for a visit. They visited Frederick, Okla. relatives before returning home.

MR. AND MRS. H. M. Gregory and Clifton visited relatives in Raymondville during the holidays. MR. AND MRS. Leroy Nuttall of Friona visited his mother, Mrs. Annie Nuttall Sunday. Mrs. Nuttall accompanied them to Lubbock to visit Mrs. Leroy Nuttall's parents, Mr. and Mrs. Gregory. Her son, Wade and Shonda and Kevin accompanied them. MR. AND MRS. Carlton Bowman spent Saturday night with their daughter Judy in Hale Center. MRS. R. R. MORGAN had a family reunion at her home on the Earth Highway recently. Thirty-five were there for the occasion.

Placements Decline... Texas Ranks Among The Top 10

Cattle feeders are losing \$100 and more as beef prices have declined more than 30 per cent since summer high levels. As a result, the number of going into feedlots is down 20 to 26 per cent from the major feedlot states.

Texas continues to be the number one state in the nation with 2,277,000 head on hand as of Dec. 1. This is three per cent below a month ago.

Placements into Texas feedlots during November 1973 are 10 per cent below November a year ago and 25 per cent below the previous month.

In the seven major feeding states—Texas, California, Colorado, Iowa, Nebraska and Kansas—placements are down 20 per cent.

TEXAS pecan crop as of Dec. 1 is still at 23,000,000 pounds, almost two thirds below production.

Nationwide, the 1973 pecan crop is 263,000,000 pounds, 43 per cent more than a year ago. Pecan harvesting is active throughout the state and the crop having been gathered.

SMALL grain statistics for Texas for 1973 are available. Texas ranks in the top 10 in production of wheat, rye, and flaxseed. Texas ranked 17th in production of barley. The state is sixth in oat production, sixth in wheat, 10th in rye, and 11th in flaxseed.

The top 10 counties in oat production during 1973 are Coleman, Hamilton, Collin, Denton, Cooke, Medina, Coryell, Grayson and Brown.

The top 10 counties in barley production during 1973 are Parmer, Pecos, Reeves, El Paso, Wichita, Ochiltree, Wilbarger, Knox and Jones.

Counties in the top 10 in winter wheat production during 1973 are Sherman, Hansford, Deaf Smith, Moore, Carson, Parmer, Swisher, and Hart. Counties in the top 10 in rye production during 1973 are Henderson, Erath, Deaf Smith, Denton, Dallas, Castro, Collingsworth, and Wheeler.

The top 10 counties in flaxseed production during 1973 are Karnes, Atascosa, Bee, Live Oak, Duval, Guadalupe, Frio, Jim Wells, and La Salle.

A limited number of copies of 1973 Texas Grain Statistics are available by writing the Department of Agriculture, or the Texas Livestock Reporting Service, Austin, Texas.

A FINAL reminder—if you are one of the Texas farmers or livestock producers who have not returned a questionnaire from the Texas Crop and Reporting Service be sure and fill it out and return it promptly.

This will be used to present the economic picture of Texas agriculture. None of the reports will be on an individual basis. They will be compiled into district, and state totals.

Agriculture continues to be Texas' largest and most important industry, so as true a picture of it as possible is essential.

DRYLOT sheep feeders with a lot capacity head or more had 91,000 sheep and lambs on hand as of Dec. 1. This is two per cent below the number on hand a month earlier and 22 per cent below the number on hand a year ago.

Are you one of millions of overweight people in this country who made the New Year's Resolution to lose weight?

Did you have to return your Christmas gifts because you were ashamed to tell people your right size or could it be that the size you were, before Christmas goodies, is not the same size you are now?

Are those stairs at home, school or the office getting so much longer that you avoid them as much as possible? Are you huffing and puffing after a bicycle ride around the block?

You can lose weight the easy, sensible way—without starving yourself, collapsing from physical exhaustion or spending a mint of money on useless plans or remedies.

Weight is gained by eating food with more calories than your body needs. To lose weight, you must reduce calorie intake to below your needs, remembering that it takes 3,500 calories to gain or lose a pound.

Think of this as the teeter-totter plan of weight control, in which calories in food eaten are balanced against those used by the body.

When calories eaten equal calories used, weight is maintained.

When calories eaten are more than calories used weight is gained. Unused calories are stored as fat.

When calories eaten are less than calories used, weight is lost. Pounds are lost when the body uses more calories than it receives.

This can be done 3 ways: by cutting calories in your diet,

by increasing the amount of exercise or by combining the two—fewer calories and more exercise.

Age, activities, sex and body style all contribute to the determination of the number of calories required to maintain that first balance. Here are the Recommended Daily Dietary Allowances of calories for men and women:

AGE	MEN	WOMEN
14-16,	3,000	2,400
16-18,	3,000	2,300
18-35,	2,800	2,000
35-55,	2,600	1,850
55-75 up	2,400	1,700

Doctors recommend a maximum weight loss of two pounds a week. Weight lost at this slower rate tends to stay off. But pounds lost in quick-weight-loss diets are usually regained as fast or faster than one shed them.

To lose two pounds a week,

you need to eliminate 1,000 calories a day. Since a comfortable diet has the best chance of success, cut your calories eaten by 700 a day. The other 300 can come from exercising—a 45-minute bicycle ride, 36 minutes of digging in the garden, a 90 minute walk.

EXERCISE EQUIVALENTS OF 100 CALORIES

12 minutes-gardening (digging)
15 minutes-cycling, fast
game of tennis, mowing lawn with hand mower, skating, table tennis, golf, washing and waxing car.
20 minutes-gardening (weeding), mopping the floor.
24 minutes-ironing, making beds, scrubbing.
30 minutes-playing with the children, cleaning windows, dancing, walking, bowling.
40 minutes-hand-washing clothes.
1 hour-standing at ease.

With the weight stabilized, there are two ways to count calories. First, you can record how many calories are used to maintain weight, then subtract 700 for your new diet. With planning, you can have

good, filling meals that are nutritionally balanced with as few as 1,000 calories a day.

But there is a simpler way, especially if your mind begins to boggle with all that arithmetic. Just begin with your normal diet and make subtractions or deletions to total 700 calories.

A baked potatoe minus the butter (100 calories per tablespoon) and the sour cream (100 calories for two tablespoons) saves 200 calories. Save 70 calories by drinking a cup of skim milk instead of whole milk.

Use one envelope of unflavored gelatin, at 35 calories, instead of one package of fruit flavored, presweetened gelatin, 325 calories.

Half a 7-ounce can of tuna packed in water has only 127 calories, not even half the 288 for the same amount packed in oil.

For further diet information or free calorie chart call 385-4004 or write to the Extension Service, Box 432, Littlefield, Texas 79339.

Dimmitt 77 Littlefield 57

The Littlefield Wildcats led by the scoring of Tommy Batson, played the highly favored Dimmitt Bobcats on even terms for most of the first half but the superior strength of the Bobcats and Littlefield turnovers near the end of the second quarter allowed the victors to mount an insurmountable lead. The final score was Dimmitt 77, Littlefield 57.

Batson, who led all scoring with 24 points had 16 from the floor and 8 from the charity line. Other scoring by Littlefield was by Randy Cook with 15, Chris Pope 6, Andy Rogers 6, Bennie Williams 4 and Gary Lichte and Kelly Pratt one each.

Littlefield hit 13 of 23 free throws. Coach Dee Blevins stated that Dimmitt is a "a good ball club and we played even with them until turnovers started hurting us. They have a real good chance to be district champs." Blevins also singled out Batson with his overall play and scoring and also Gary Lichte and Andy Rogers for doing a good job when the starters got into foul trouble.

Dimmitt Girls 72, Littlefield 61. Despite good scoring from Littlefield's forwards, the Dimmitt girls took the game 72-61. Jill Owens led the Cat's scoring with 23 points while Toni Gardner had 20 and Pam Turvaville tossed in 18.

Littlefield hit on 9 of 18 free throws and Dimmitt hit 18 of 25. Leading Dimmitt was Cindy Dyer with 30, Lisa Simpson had 20 and Beth Cleveland tossed in 20 also. Dimmitt Jv 70, Littlefield Jv 45.

The Dimmitt Jv boy's also won Tuesday night by the score of 70-45. Leading Littlefield in scoring was Hopping with 10, Davis with 9 and Turner tossed in 7.

WOLVERINES IMPROVE RECORD

Springlake-Earth ran its league slate to 5-1, as it edged host Sudan 59-47. Sudan is 3-4. Hal Wood, John Cleavinger and Jacob Miller hit 14 each for the Wolverines, and Richard Tamplin led all scorers with 21 for Sudan. Sudan girls won 25-24 on a shot by Mary Ann Bellar with just four seconds remaining. Joan Hedges hit 15 for Sudan and Gay Ellis led Springlake with 13.

Lfd. Teachers Slate Luncheon Meeting Friday

The Littlefield Classroom Teacher's Association will have a noon luncheon meeting, Friday, Jan. 18 at the Junior High Cafeteria.

Bob Asworthy, representative of the National Education Agency, will be the featured guest. "Also expected to attend is the president-elect of the Texas Classroom Teachers Association, Clay Henderson," stated Leon Burch, president of the Littlefield association.

7th Graders Win Second

By DEBBIE MITCHELL

The Littlefield seventh graders overpowered Abernathy's girls 27-7 in the first game of the Olton tournament Friday, Jan. 11. Leading the scoring was Deanna Blakely with 10 points, Karla McCanlies bucketed 9, and Wanda Williams and Ann Hill each tossed in 4.

Kelly Prentice, Gina Westmoreland, Janet Mitchell, Cindy Thrash, Pennie Jones, Stephanie Bell, Camie Carey, Carol Sexton, and Kelli Hampton all banded together in an outstanding defensive effort which held the opponent to only one point in the final three quarters of the ball game.

Saturday morning the girls returned to Olton and bested Tula 24-12. Wanda Williams claimed high point honors with 10 pts. McCanlies

followed with 8 and Blakely with 6. Carol Sexton, Kelli Hampton, and Janet Mitchell played an excellent defensive game.

Vying for the championship the seventh grade fems met Floydada that night. The girls played well against a much larger and heavier team, but were defeated 23-11 with Floydada pulling out of a tie in the third quarter. McCanlies sank 8, and Williams 3.

Janet Mitchell, Carol Sexton and Kelli Hampton comprised the defense.

In addition to this second place trophy, the team now owns a 9-4 record.

Texas Commissioner of Agriculture

Commissioner White is currently serving his twelfth term in the statewide elective post which he first assumed in January of 1951.

Today, at 48, Commissioner White qualifies as one of the youngest of the state's major executive officers, and yet one of its most senior in terms of service.

White's private life, as well as public career, has been entirely within the field of Texas agriculture. He was born on a small tenant farm near Newport in Clay County, and attended rural schools, graduating from Iowa Park High School in 1942.

A scholarship helped with educational expenses while working his way through Texas Tech University, where, in 1946, he received a degree in agriculture. He has since done graduate study at Texas A&M University, and, prior to his election to state office, was head of the Department of Agriculture at Midwestern University at Wichita Falls.

Commissioner White was 25 years old when he made his first successful race on the Democratic ticket for Texas Commissioner of Agriculture, and has been returned by the voters of Texas in 12 successive elections over a field of 35 Republican and Democratic candidates without the necessity of a run-off in any but his first contest.

During his tenure of office, Commissioner White has seen many changes in the character of Texas, its agriculture and related industries, and he has expanded services of his agency from a limited field of regulatory problems into a vital public service department serving all Texans—rural and urban.

The Texas Agriculture Products (TAP) program was inaugurated by him as a major marketing effort to promote the state's \$4 billion agribusiness industry. As a result, Texas-grown food and fiber have become familiar items in Europe, Asia and South America in the past six years.

Other programs improved or made possible by Commissioner White include the Texas Egg Law with its licensing and inspection provisions, the Texas Grain Warehouse Law which has served as a national model, voluntary pesticide residue monitoring and laboratory testing to Texas produce and food products for the protection and benefit of the consumer, the nation's largest seed testing and certification program, and the first environmental services branch of any state department of agriculture.

In addition, White is director of the state's largest consumer protection activity through improvement and expansion of weights and measures inspection and administration of packaging and labeling laws.

White's leadership in agriculture have earned him national and international recognition. He has served as a presidential advisor in matters involving international trade and agricultural development. In such capacity, he has traveled throughout Europe, including Turkey and

also been to South Vietnam as a fact-finding advisor on rural agricultural programs in that country.

Commissioner White is married to the former Wynelle Watson, and they reside with their children in Austin.

JOHN C. WHITE, Commissioner of Agriculture

Ware's

Littlefield's Chamber of Commerce and Agriculture was involved in an arm long list of activities this year under the able direction of immediate past president Rev. David Hamblin.

"If the Chamber hadn't done it, who would?" could sum up an eventful 1973.

The fifth Festivities Days was successful, complete with Chamber of Commerce weather Industrial promotion was stressed during '73, and Littlefield Feeders was successfully promoted.

Twenty C-CA members formed an active trained industrial team, and three industrial prospects are still in the mill. Twelve trips were made to encourage prospects to locate in Littlefield, and numerous contacts were made. An extensive labor survey was completed, and a meeting of the Texas Industrial Commission was held in Littlefield to explain training programs available in conjunction with South Plains College and Texas Educational Commission.

A shining highlight of the year came in June when the Governor's Beautification Award was presented in Austin to a delegation from Littlefield.

C-CA Red Coat ambassadors were active at openings of new businesses, assisted with the "We, the Women" sponsored style show and the Miss Lamb County pageant, the annual Beta Sigma Phi project.

The first annual community farm sale was sponsored by the Chamber, and the organization sponsored the first award for the first bale of cotton brought to a Littlefield gin. The chamber co-sponsored and worked with various agricultural projects, seminars and awards programs.

In cooperation with the city, the Chamber supported and helped promote improvement of facilities at Bull Lake.

Chamber members visited with all South Plains legislative members for closer cooperation and promotions,

and Littlefield was promoted by visiting area Chamber banquets and answering all inquiries relative to Littlefield history, prospects and living conditions. Approximately 5,000 color brochures promoting Littlefield were distributed.

These are a few of some 32 projects for 1973. Rev. Hamblin is proud of the support received, making his presidential year successful, and adds that he knows the organization is under able leadership with J. L. Marcum in the lead.

President Lauds Women On Year's Work

Outgoing president of "We, the Women" Carol Black, said she had great cooperation from all the members in carrying out the many goals set for the organization at the beginning of her term.

Under Mrs. Black's direction, the auxiliary unit of the C-CA conducted a very successful style show with models wearing clothing and fabrics from local shops.

This year's sidewalk Art Show and flea market in conjunction with Festivities Days drew many entries and a large crowd. Plenty of homebaked cookies, cakes and pies, candy and sandwiches served along the sidewalks added a holiday flair to the outdoor festivities.

The annual teachers' tea at the beginning of the school year was well attended. Through the school year, "We, the Women" members supported the foreign exchange student.

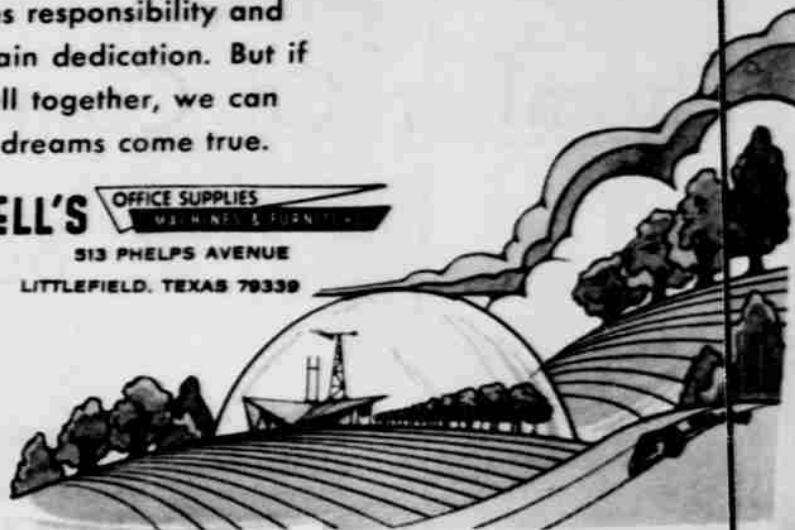

More recently the organization served the dinner for the dignitaries and stockholders at the ground breaking for the new Littlefield feed lot.

Mrs. Black feels the organization is in very capable hands under LaVoyce Carlisle's guidance for the coming year.

Throughout the Land...

It takes common sense. And caring.
It takes responsibility and a certain dedication. But if we pull together, we can make dreams come true.

LaVoyce Carlisle To Lead 'We, The Women'

Incoming president of "We, the Women" LaVoyce Carlisle said the distaff side of the Chamber of Commerce and Agriculture plans to work closer with the C-CA this year in all of the Chamber's activities.

The women will be helping the Chamber in all Chamber related activities and working closely in all official capacities.

As the first official project under Mrs. Carlisle's leadership, "We, the Women" decorated for the 1974 banquet and formed the telephone committee in selling tickets to the event.

One of the first projects on tap for the women's organization is the purchase of 100 seedling honey locusts and 100 seedling red cedar trees. These trees will be nurtured by the Green Thumb crew and set out where needed around the city when they are large enough to transplant.

Usual projects will include sponsoring a style show, continued help to the Satellite School for the mentally retarded, sponsoring of a foreign exchange student, and

the Sidewalk Art Show and Flea Market in conjunction with Festivities Days.

There are presently over 50 members, and Mrs. Carlisle said a membership drive is one of the first projects on her list. Questionnaires will be sent to members, and past and inactive members will be encouraged to pay their dues and participate again.

The group meets each fourth Tuesday at the Reddy Room.

Mrs. Carlisle is bookkeeper and girl Friday at Carlisle-Oldham Ford, Inc., working with her husband Joe. The Carlises met and married in Dallas and have been back in Littlefield for the past three years. But prior to their return, both were longtime Littlefield and Lamb County residents.

Mrs. Carlisle attended Littlefield schools and is an LHS graduate. Joe was reared in the Spade community.

LaVoyce likes sports, is a member of the First United Methodist Church and the Alpha Lambda Zeta chapter of Beta Sigma Phi.

New C-CA President Believes in Littlefield, Agriculture

Incoming C-CA President J. L. Marcum has enjoyed promoting the 1973 motto, "Livable, Likable, Littlefield", and believes that we should continue thinking and living by this slogan during 1974.

Marcum is also very enthusiastic about the 1974 slogan, AGRICULTURE, and believes our new feedlot which is in the process of being built at the present time is the start of other agricultural businesses for this area. The new president believes that agriculture is the key for progress at this time.

The beautification and clean up campaign will get special emphasis. "We need this to sell this town to industrial prospects," Marcum said.

Marcum believes that Littlefield, like many towns of its size, is at a crossroad in relation to progress and growth and quotes a favorite saying, "Who will pull the wagon if everyone rides?"

He hopes that everyone will pull together to make Littlefield a progressive, livable town rather than watching it

become a ghost town which has been the case with many of our area towns. "Let's ALL pull together in 1974," Marcum said.

The new president is counting heavily on the able assistance of the organization's vice presidents.

David Jones is Agri-Business vice president. The main purpose of this division is to assist and promote the development of agricultural resources in Littlefield and Lamb County through farmer-merchant relations, agri-related industries and a water program.

Tom Tollett is Activities vice president. Under the activities division the C-CA will carry on activities and projects that will make Littlefield a more desirable place to live. Some of these include sponsoring Festivities Days, continuing in the Beautification program, a tourism and recreation program, and retail improvement programs.

The Industrial vice presidency is headed by Bert

Wallace and Ken Day. The purpose of this division is to urge and assist home grown industry and assist in locating and encouraging industry to move to the Littlefield area by organizing community efforts, maintaining close working relations with the Board of City Development and Industrial Foundation, and developing an attitude of continuity and sustained effort in the community.

Rad Richardson is the Administrative vice president. The purpose of this division is to administer the financial program of the Chamber and to develop plans and programs for future activities and oversee those plans and programs approved by the board of directors. Specific areas include membership, budget and finance, by-laws, ambassadors, legislative activities and special projects.

Marcum and his wife, Pat, live at 301 E. 20th with sons Larry, 16 and David, 12. Another son, Jim is married and lives with his family at 209 E. 17th.

J. L. was affiliated with the Chamber in January 1970 and served as a director during 1972-73. He is a member of the First Methodist Church,

Quarterback Club, Khiva Temple and serves as a committeeman for the Boy Scouts Troop 637.

WHAT IS IT?

A Chamber of Commerce is an action agency designed to meet community needs. It is a voluntary organization of individuals and businesses who band together to advance the commercial, financial, industrial and civic interests of a community. It is a civic clearinghouse, a public relations counselor, a legislative representative at the local, state and national levels of government, an information bureau and a research and promotion medium.

WHO RUNS IT?

The organization is run by a Board of Directors, elected by the Chamber's members. The Board, serving without pay, sets the policies for the Chamber. The administrative head of the Chamber is the manager, who may be known as the Chief Executive Officer, Executive Vice President, Executive Director or, in some cases, President. He is paid as is the staff working with him. In some smaller communities, the manager may be a volunteer or part-time employee.

Our Kind Of Town

If you want to live in the kind of a town
Like the kind of a town you like,
You needn't pack your clothes
And start on a long, long hike.
You'll only find what you left behind,
For there's nothing that's really new;
It's a knock at yourself, when you knock the town.
It isn't the town — it's you.
Real towns are not made by

men afraid
Lest someone else gets ahead,
When everyone works and nobody shirks,
You can raise a town from the dead;
And if while you make your personal stake,
Your neighbor can make one too,
Your town will be what you want it to be.
It isn't the town — it's you

work for you

We're in business to serve you!!!

A&B

PROGRESS A STEP IN THE RIGHT DIRECTION

There's an unseen drive in our community that everyone feels — Progress. Churning. Turning. Building. Keeping our town in step with the times. Worked at by many for the benefit of all, it's what makes this a fine place to call home. Through our hope and strength Progress will push forward for continued growth this challenging year to come.
