

MARI LOUISE BENNETT, LINDA WEAVER RUNNERS UP

# Cecie Bandy Crowned 'Miss Lamb County'

Miss Cecie Bandy smiled, charmed and crowned her way to the fifth Beta Sigma Phi sponsored Miss Lamb County title Saturday night.

Mari Louise Bennett was named first runner up in the Miss Lamb County beauty pageant, and Linda Weaver took second runner-up honors.

Blond-haired, blue-eyed Holly Hinckley was chosen "Miss Congeniality" by popular vote of the contestants. While beauties in the Miss Universe

and Miss Texas were being chosen, nine Lamb County girls were vying for the county title and a chance to participate in next year's Miss West Texas pageant.

Miss Bandy is the daughter of Mr. and Mrs. Dewey J. Bandy of Sudan. The light brown haired, hazel-eyed miss did a dance pantomime portraying a dowdy scrub woman. But the 1973 Sudan High School graduate, and second runner up in the Miss Lamb County pageant last year, was anything but dowdy as she modeled in the swim suit and evening gown competition.

Tina Russell, last year's Miss Lamb County, crowned Miss Bandy. She was presented with a bouquet of red roses and an impressive trophy.

Mari Louise Bennett played a medley from "The Sound of Music" on her flute to the delight of an almost filled auditorium. Cheers and handclapping greeted her from the hometown crowd when she was announced one of the top three.

Miss Bennett is the 17-year-old daughter of Mr. and Mrs. Otis Bennett of Littlefield. The brown-haired, dark brown-eyed first runner up is a senior at Littlefield High School.

Second runner up Linda Weaver is the 17-year-old daughter of Mr. and Mrs. W. T. Weaver of Amherst. The dark brown haired, brown-eyed Amherst senior played "Cherish" on the piano. She is the daughter of Mr. and Mrs. W. T. Weaver of Amherst.

Other contestants were Becky Cook of Amherst, Kim Jungman, Karen Walker, Jill Owens and Tandy Talburt, all of Littlefield.

## Jim Weaver Moving Up To AAAA Odessa

Littlefield line coach Jim Weaver turned in a letter of resignation Friday to assume the duties of assistant line coach at AAAA Odessa High.

Coach Weaver has been coaching the Wildcat offensive and defensive linemen for the past two years. "Two great years," he added, speaking of the Wildcats' district wins last year and the year before.

Prior to coming to Littlefield with Coach Jerry Blakely, Weaver coached at Olton two years where the Olton Mustangs finished second in district both years.

Weaver said he and his wife have really enjoyed living in Littlefield and that they really hate to leave their many friends and the Littlefield football program which shows a lot of promise this year.

"Littlefield is just super and great," Weaver said. "The only reason we're leaving is that the Odessa job offers an advancement professionally."

## Authorities Jail Nine

Police activity was light over the weekend, with county authorities jailing five, the city filing four charges and investigating four accidents.

John Laing Jr. reported the theft of an alternator and two regulators from his farm northeast of Earth. Craig Anderson reported the theft of six eight-track tapes, a billfold containing \$47, a watch and identification bracelet which were taken from his car parked at the Deep Rock Cafe early Sunday morning.

A city wreck resulted in the driver and two passengers injured. Greg Calvillo failed to negotiate the curve at Business 84 and Highway 84 at 2:15 a.m. Monday and hit two reflectors and a state sign which caved in the front end and top of the vehicle.

Calvillo, Marian Cordon of Earth, and Juan Vargas were all taken to the Muleshoe hospital.

Another accident involved Obra Lanier Martin and Candy Rae Harrell of Littlefield in a minor collision in the 400 block of Phelps about 11:30 Friday morning.

Saturday morning vehicles driven by Emma Hall Robertson and Gilberto Sanchez Diaz of Fieldton hit in the 400 block of Phelps.

Vehicles driven by Adolfo Martinez Lopez of Carrizo Spring and Walter Dean Sanders of 117 S. Westside collided at Highway 385 and Thompson Street early Monday morning.

At the county jail Francisco Mendoza, 37, of Sunnyside, was charged with DWI Saturday. He was fined \$100 plus court cost and 10 days in jail, probated six months. An Earth juvenile was jailed and charged with the theft of a pickup. James Swenney of Dumas was charged with driving while intoxicated Monday, and three Muleshoe men were jailed on drunk charges.

CECIE BANDY, seated center, is Miss Lamb County 1973. Mari Louise Bennett, left, and Linda Weaver, right are first and second runners up. Standing are Holly

Hinckley, named Miss Congeniality, and Karen Walker, Jill Owens, Tandy Talburt, Kim Jungman and Becky Cook. (Staff Photo)

## Amherst Plans Golden Jubilee Celebration

The city of Amherst, which uses "The Pick of the Plains" as its motto, will celebrate its 50th anniversary in an all-

day Golden Jubilee celebration Saturday, Aug. 4.

A full-day of activities will begin with

registration at city hall at 9 a.m. and will close with a western street and square dances on Main Street beginning at 8 p.m.

At 10 a.m. a giant parade, featuring riding clubs, floats, antique autos, decorated bicycles and dressed-up people, will begin down Main Street. Trophies will be awarded for the best riding club, the best dressed male "Ole Timer", the best dressed female "Ole Timer", and the best decorated bicycle.

An "Ole Fiddlers' Contest" of amateur fiddlers will begin at 1 p.m. in the city park. The contest is being limited to 10 contestants, and prospective contestants are asked to call 246-3421 to enter. First, second and third place prizes of \$100, \$75, and \$50 respectively will be awarded the winners.

During the afternoon, other entertainment will be provided for all age groups.

A barbecue and all the trimmings will be served in the city park beginning at 4 p.m. Adult tickets are \$1.25 per plate, and for children under 12 years old, 75 cents per plate.

Then promptly at 6 p.m. Amherst Lions Club will be giving three prizes in a drawing. The first prize will be a choice of a men's or lady's 17-jewel Seiko watch, second place prize will be a handmade fancy bed quilt, and third

place prize will be a family size barbecue grill.

Various organizations will be sponsoring concessions all day and the public is invited to attend the gala event.

Concluding the day's activities will be the street dances at 8 p.m.

## Dinner To Honor Rep. Bill Clayton

Citizens from across Texas and this Legislative District are planning to attend an appreciation dinner for Representative Bill Clayton, candidate for Speaker of the Texas House of Representatives, Thursday, Aug. 2, at the Mary DeShazo school gymnasium in Muleshoe, beginning at 8 p.m.

Invitations have been sent to other state representatives, senators, state agencies and other officials this past week for the event.

The \$10 a plate fund-raising appreciation dinner is being sponsored by a committee, chaired by Gordon "Corky" Green, a Muleshoe attorney, and assisted by Harvey Bass.

Volunteers from all seven counties in the district are helping with the preparations.

In Littlefield, Troy Armes, Dr. Bill Armistead, Charlie Duval, County

Judge G. T. Sides, and Lenton Smith, are handling tickets to the event.

General ticket sales are under the supervision of Joe Harbin and Jeff Smith of Muleshoe, and food preparation will be handled by L. B. Hall. Kerry Moore of Muleshoe will be in charge of the entertainment.

Arrangements chairman is Irvin St. Clair, decorations chairman is Ted Barnhill, general secretary is Nelda Merriott, assisted by Barbara Blackman, and treasurer for the event is Bob Finney, all of Muleshoe. Gil Lamb of KMUL Radio in Muleshoe is in charge of publicity.

Bill Clayton has served the district in Austin since 1962, and has been re-elected five times. He came to the Springlake Earth community in Lamb County when he was three years old, and is a graduate of Springlake High School and Texas A&M University.

## Two Lamb County 4-H'ers At District Dress Revue

Jennifer Templeton and Dawn Branscum both of Springlake-Earth 4-H Club will represent Lamb County in the District 4-H Dress Revue today at the First Christian Church in Lubbock.

Jennifer is the 15-year-old daughter of Mr. and Mrs. Gene Templeton of Earth. She will represent Lamb County in the Senior Division, and has been in 4-H six years and carried projects in beef cattle, foods and nutrition and junior leadership. Jennifer was narrator for the County Dress Revue held July 2.

Jennifer has made a fall pantsuit for the revue. According to Mrs. Lynn Bowermon, county extension agent, "it features the more traditional look which is so popular for fall. The orange, navy and beige plaid, cuffed slacks are topped by a navy body suit and orange blazer. She will wear an orange crocheted bag to complete her ensemble."

Dawn is the 14-year-old daughter of Mr. and Mrs. Lexie Branscum of Earth. She has been in 4-H and carried a clothing project four years. This year she will represent Lamb County Juniors at the district revue. "Dawn created a red and white seersucker pantsuit of Dacron double knit. It features wide leg pants and the elasticized look at the waistline. The outfit has a cool, clean look for summer," Mrs. Bowermon said.

At the district revue, both girls will model their garments in a style show at the church at 2:15. The public is invited.

Prior to this time, the senior girls will judge each other and choose the winner of the district revue.

A luncheon is sponsored by Plains Coop Oil Mills for the girls, their mothers and the agents.

Dear Friend,

I am trying to locate my cousin, LEE CROSBY, who married a Goode and had two daughters, Jane and Catherine. Lee, if living, would be in the 70's or 80's.

Lee married a second time to (unknown). Lee's parents were Matilda (Tillie) Redford and Stephen Crosby.

Tillie's father was James Redford who had a law degree from Scotland, went to Canada, was a member of Parliament there and a director of the bank of Canada, went to Sandy, 16 miles from Johnson City, Texas, in 1874 and lived there until he died in 1908; his wife, whose father was mayor of Canterbury, England, died there in 1918, where both are buried.

Lee was the youngest of eight

children. His oldest sister, Elizabeth, m1 Doc Townsend and had a dau, Elizabeth m2 (unknown). A brother Steve Crosby m Lou Reed, Willie and Richard were his educated brothers—Richard being a college professor (unknown).

A sister, Bertha, married (unknown) and had two daus and two sons and lived on a ranch near Roswell, N.M.

Our last contact with Lee was in Littlefield in the 40's or 50's. I'm sure that Lee has friends in that area who will be able to help me locate him or his descendants or descendants of his brothers and sisters. Please write any tid bits of information.

With deep thanks,  
your friend,

## Edward Clawson Earns State Farmer Degree

BULA—Edward Clawson, member of the Bula FFA chapter, received the State Farmer Degree during the state FFA convention recently in Dallas.

Edward will be a senior at Bula High School this fall, and is the son of Mr. and Mrs. I. L. Clawson.

He was accompanied to the convention by his supervisor, Jack Bird-

well, vocational agricultural teacher at Bula.

Qualifying for the degree, Clawson held the Chapter Farmer Degree, was an active member of the FFA at least two years, and held the record of satisfactory participation in the activities of the local chapter.

He completed at least two years of instruction in vocational agriculture, has in operation an outstanding supervised farming program, and he is regularly enrolled in vocational agriculture class.

He is familiar with provisions of the constitution of the state association and national organization, and has demonstrated proficiency in parliamentary procedure, and has led group discussions for at least 40 minutes.

He has earned at least \$500 by his own efforts from his farming, and deposited it in the bank. He has shown ability as evidenced by his leadership and community activities, and has a satisfactory scholarship record certified by the school officials.

He has participated in activities for community improvement and the development of agriculture.

Delegates of the convention chose Clawson for the honor.

## THE ABUNDANT LIFE

### Honor Agreement

By BOB

AN AGREEMENT IS "an arrangement as to a course of action." It may be the arrangement to do a certain work; or pay a specified amount of money at a stated time; or to maintain definite attitudes and behavior patterns. When we enter into such agreements, we must do so in good faith.

WE MUST BE CAUTIOUS in becoming party to an agreement; we must be sure that we know what we are doing, and can see our way clear to honor it. This action must never be taken lightly, or with deliberate intention of defaulting.

Some people do seem to get by with their neglect and their refusal to do what they promise, but the get-by is not what it seems. In such dishonest action, there is always a penalty. There is loss of self-respect, increased anxiety, decrease of confidence in us, and a growing reputation of being an undesirable person.

IF WE ENTER into an agreement, and realize that we have made a mistake, we do have the privilege to seek an honorable way out; however, if there is no such possibility; we must do our best to honor the contract we have made.

When this is done, and we have failed; we must be as philosophical and as non-blaming as we can. Just one such experience of this kind should be sufficient to prevent repetitions.

REASONABLE and sensible

agreements can be honored. The essential to the conduct of business life. In fact, they help structure for both a satisfactory personal life, and a strong social life. They are the main support of the desirable and most rewarding interaction. In this area of life, it is better than all of us doing well agree to do.

FINANCIAL AGREEMENTS are easy to make. Knowing this to be true, we must be extra careful in so doing ourselves. If we make defective, completely unnecessary, agreements, we cannot pay, or do not pay, we ourselves in a very unpleasant situation.

In time, every aspect of our life is affected adversely. Some failure to meet such obligations is caused by unwise management; the outcome is the same. Even agreements are made with good intentions, the failure to honor produces the same bad results.

FAILURE IN THIS AREA agreement will eventually bring a facet of one's life under the shadow of failure. The sadness in the shadow of such failure is unnecessary. We must not make financial obligations, unless we can see a way to meet them.

ALL AGREEMENTS must be made with the honest intention and to honor them. This, however, is not enough; we must have a sound plan for living the terms of the agreements we

## HONNY GRAYS

By CORNBALL BLEY

MAYBE WE SHOULD have a "Be kind to your auto-mechanic week." I'm aware that most of your experiences with garagemen are, for the most part, unpleasant. They represent an expense that you've never made plans for, and by the same reason, are unwelcome.

Be that as it may, few people love their dentist either. Yet, all seem to enjoy having teeth!

THE OLD BREED of mechanics (the ones that remember the Model-T) have almost all had to lay aside their tools and turn the repair business over to the younger set.

Due to the rapid change in the auto industry, coupled with all the gadgetry called for by Mr. Nader and the Anti-Pollution boys, your auto has become a very complex machine. This, besides the many luxuries you, the customer, have made so very popular.

FOR THESE REASONS, the mechanic is now referred to as "technician". Most have to attend various schools in order to be able to find their way around under the hood of your car. He has to be a specialist, and to be successful, he has to keep studying.

Until the boys up Detroit way, can come up with a vehicle that's indestructible, fool-proof, and wear-proof, you're going to find that your need for the services of these technicians will be required, at least periodically. Perhaps you should make friends with them.

WHILE THERE ARE a few sour apples in the barrel, most mechanics are conscientious and interested in their work. They want your car to operate up to specifications, when they've worked on it. They may even perform services that weren't specified (at no charge) in order to bring your vehicle up to par.

After all, you the customer, are the best source of advertising he can avail himself to. He wants you to trust him and rely upon him. He, in turn, wants to give you fair treatment.

WE KNOW THAT many customers have the feeling that their auto is

designed to "self-destruct" as the warranty is up, and the mechanic the cause of the whole sorry. Consequently, when a trip to the mechanic is necessary the whole relationship is shaky footing.

The customer is sure the mechanic is there with sole mind of fleecing him, and the mechanic is the customer as, "one of those wads that wants his car fixed, doesn't want to spend any money" result, the owner won't be able to pay whatever the charge, and the mechanic doesn't care whether the vehicle long enough to get out of town.

THERE IS NO SUCH THING as a "general" mechanic. The pro who shoeed your horse, sharpened your points, and fixed your model A, retired! Few have the ability to do all different makes and models. Field is just too big!

As a result you needn't feel hurt. A mechanic that works in a state dealership isn't duly sympathetic to your foreign economy job development coughs.

Your best bet is to take it to the department of a dealer that handles a particular brand. This also holds for standard brand vehicles. Mechanics know more about their merchandise than anyone else.

MECHANICALLY SPEAKING, vehicles are much better than they were some years ago. With proper maintenance, the average vehicle can last up to 100,000 miles without expense. Too many people like to buy about how far they can run their vehicles without ANY service.

Why the fellow says, "You can't know, or, pay me (MUCH MORE) for it." At any rate, when your pride turns sour, chances are it wasn't the mechanic that caused it. It was that built the thing, however he's to help you get the most out of it. Let him.—After all, you need each other.

## Turn Row COMMENTS

By EMIL MACHA

THE HOUSE OF Representatives passed its version of the 1973 farm bill with a final vote of 226-192. This concluded two weeks of stormy debate and what, at times, seemed almost impossible odds of passing the bill as recommended by the House Agricultural Committee.

The feed grain section of the bill was passed almost exactly as recommended by the Committee. Under this legislation, as passed by the house, the target price for grain sorghum will be \$2.34 cwt. The loan rate will be increased to \$2.02 cwt. from the present level of \$1.79, if the House bill is allowed to become law.

Eibert Harp, GSPA executive director, has been in Washington two weeks working on the legislation. Harp stated that "Congress voted in favor of the farmers by allowing the 'Escalator Clause' to remain in the bill. This provision requires target prices to move up in 1975 and thereafter in relation to the increased cost of production. The major setback was in the rigid \$20,000 limit per person that GSPA has fought for years." Harp continued, "We felt

annual adjustments of target prices cover increased production costs essential to the bill. The Administration has opposed the Escalator provision, still threatens a veto if it is passed by Congress."

The bill now goes to the Committee, where the Senate and House versions will be compromised. A compromised version will be brought back to each body of Congress for passage. The bill, if it becomes law, will be effective for the 1974 crop. The version is a four year bill.

THE SENATE version provides for the portion of payments, which Secretary declares for restoration (set-aside), will not be against the \$20,000 limit per person.

A LAYMAN'S INTERPRETATION of our last "Two Dollar Phrase" News is good news.

IN CLOSING MAY we say, "The of acquaintance with essential information produces a euphoric frequently compared to the one."

WALKER, left, Littlefield High School who has been serving as executive officer of the Professional Research Service of the Library of Congress in Washington, D.C., retired June 29 and has

received the Superior Service Award. His wife, Mary, center, and Congressman George Mahon, attended the awards ceremony for Walker. (The photo was taken in Congressman Mahon's Capitol office June 19.)

## Walker Retiring From Library Of Congress

Walker, Littlefield school graduate who has been executive officer of the Professional Research Service of the Library of Congress, retired June 29, and has been serving as executive officer of the Superior Service of the Library of Congress for more than 34 years. He is energetic, resourceful and dedicated to the Library, particularly in the role of leadership in the Executive Officer in the Professional Research Service. In Presenting the Librarian of Congress Nancy Mumford said, "A splendid record of achievement in the Library merits this award."

In Sherman, Walker and Texas Technological University following his graduation from Littlefield High School in 1933. At Tech he studied journalism and received a BA degree in 1937. His father, Carl Walker, served on the board of directors of Littlefield Independent School District for 12 years, and the family moved to Littlefield at the time Walker went to college.

Both of his parents are now deceased.

Burnis Walker met his wife, Mary Morrison Walker, while he was attending Louisiana State University as a graduate student.

They have four sons: Robert, Richard, Donald and Steven.

Following his graduation from Tech, Walker decided on a career in library work, and went to the Louisiana State University for his library degree which he obtained in 1938. He has since completed the course work at American University for a doctorate in public administration. Before his appointment to the staff of the Library of Congress in 1939, Walker was Louisiana State Supervisor for the American Imprints Inventory, Historical Records Survey, and Works Progress Administration.

His first post in the Library was in the Union Catalog Division. From there he transferred to the Photoduplication Service and in the then Reading Rooms Division. Following a second promotion there, he became Assistant Director of Personnel in 1941.

Mr. Walker entered the U.S. Navy in 1942, attended the communications school at Noroton, Conn., and served on the staff of the Commander-in-Chief, Atlantic Fleet, from 1943 to 1944; in 1944-45, he was the communications officer aboard the light cruiser U.S.S. Cincinnati. He returned to the Library's Personnel Office after World War II, and served in several capacities there, including Acting Director of Personnel before his appointment as Administrative Officer in the then Legislative Reference Service in 1949. He became Executive Officer in 1954 and served continuously in that post until his retirement.

Over the years, Mr. Walker has served on and chaired a number of committees concerned with various Library activities, including the Incentive Awards Committee, the former Performance Rating Committee, the

Special Recruit Selection Committee, the former Staff Advisory Committee to the Librarian, the Training Advisory Committee, and the Activities Committee of the Welfare and Recreation Association. He was Vice Chairman of the 1963 United Givers Fund Campaign in the Library and Chairman for the 1971 Savings Bond Campaign.

In addition to his library activities, Mr. Walker has maintained an active interest and participation in the Naval Reserve; he currently holds the rank of Captain. He served as Commanding Officer of a local Naval Security Group Division from 1955-58 and was

on the staff of the Commander for Naval Reserve, Washington, D. C. area, from 1959-62, and a member of the Naval Reserve Officer Counseling Board for the Washington, D.C. area from 1966-67.

Community activities over the years have seen him President of the Cheverly Citizens Association; Vice Commander of the American Legion Post 208; Director of 4-H Club work in Clinton, Md.; President of the Surrattsville, Md. PTA; President of the Clinton Recreation Council; and Director of the Surrattsville Teen Club in Clinton.

## Singing Group To Appear At Parkview

"The Proclaimers" are coming to Parkview Baptist Church this weekend, July 28 and 29. "This young, contemporary group of Gospel singers are from Northglenn, Colo., in the Denver area," according to Rev. R. N. Tucker, pastor at Parkview. "This is not the first time 'The Proclaimers' have been to Littlefield. They are well-known in the area having conducted religious services in Churches over the West Texas area," Rev. Tucker stated.

"Many who have heard the preaching, singing, and testifying of 'The Proclaimers' say they are among the top for Gospel music. This youthful group is dedicated to the work of the Gospel ministry. There is no financial underwriting for them. They move and serve Christ on faith. Their support comes entirely by the 'free-will offering' route," he continued.

"Parkview Baptist Church warmly urges you to join in these services this weekend. The first service will be Saturday at 7:30 p.m., and the

Sunday Services will start earlier than usual. The Sunday School hour will give way to 'The Proclaimers', and will start by 10:30 a.m.," he continued.

The Sunday night services will assemble at 6 p.m. when necessary reports will be taken care of, then all will re-assemble in the auditorium by 6:30 p.m. for the evening service.

Rev. Tucker urges the people of Littlefield and the area about to "attend these great services. You are always welcome to worship the Lord with us at Parkview Baptist Church."

"The nursery is open for your use and convenience for the babies three years of age and younger. An attendant is always on duty to assist you in every needful way," he concluded.

## Cheerleaders To Conduct Sale

TIPS

By LYNN BOWERMAN

It's canning and freezing time again and even more people than usual are interested. Why the new interest? Better quality for lower prices are the answers. With inflation reflected in grocery price, more people want to save. Home preservation of foods is one answer.

Some preparation and precautions must be taken. Be sure you have proper equipment. If you plan to can, be sure you check tops of jars for cracks, chips and dents, discarding those with defects that would prevent airtight seal.

Check your pressure cooker for safety. If you plan to freeze be sure you buy cartons or sacks designed for freezing. If unsuitable materials are used, many of the self defrosting freezers will dry out the frozen products.

Improper canning methods can result in spoiled products and family illness. DO NOT use these canning methods: Open Kettle, Oven Canning, Intermittent Sterilization, acidification of low acid vegetables, addition of canning powders, compounds or antibiotics. These methods are unsafe and not recommended.

For freezing be sure to follow the 5 points to success: good quality, careful preparation, proper packaging, proper loading of the freezer and recommended length of storage time.

For further canning and freezing information, call Mrs. Bowerman at 385-4004 or write to Box 432, Littlefield, 79339. Free freezer and canning books are available.

### Rep. Clayton Studies Problems

In two separate meetings over the past week, State Representative Bill Clayton (D-Springlake) studied proposed state and federal regulations dealing with land and water problems.

Meeting in Washington at a seminar sponsored by the Interstate Conference on Water Problems and the Environment, Clayton discussed with other state and federal legislators the effects of a projected freeze on funds for water resources development projects.

Clayton, who serves as chairman of the conference dealing with water problems, stated that such a water fund freeze would severely hamper the efforts currently underway to curtail a predicted national water shortage in the near future.

Following the Washington Conference, Clayton returned to Hot Springs, Ark., where he attended a meeting of the Southern Legislative Conference. While in attendance at the Conference, Rep. Clayton, who serves on the Executive Board of the S.L.C., was elected as one of two at-large members to represent the Southern Region on the Governing Board of the Council of State Governments.

After a two-day study period, the S.L.C. membership passed several resolutions, including measures urging the federal government not to pre-empt the rights and predominant role of the various states in enacting land use legislation, an appeal for adequate financing of the Rural Development Act of 1972, and a mandate to require immediate research to find energy crisis solutions.

PERK UP APPETITES

Perk up listless appetites—furnish plenty of fruits in family meals. Fresh pineapple usually makes a hit—and a two-pound fruit yields about six servings.

FREQUENT VACUUMING

Kitchen carpet needs to be vacuumed frequently. Figure on cleaning it about once a week per family member.

# What he needs, money can't buy.

Frankie Covello's mother works in a hospital. She puts in a lot of overtime. So Frankie takes care of his five brothers and sisters. Frankie never met his father. Last summer, he and three buddies got arrested for stripping cars. He got off with a probation and a warning. Next time it'll be the state reform school. Frankie's mother loves him, but he needs someone to talk to. Man to man. Someone who thinks there's more to life than gang fights, pushing drugs or rolling bums. Someone like you. We know lots of fatherless kids like Frankie who need you. And we know a lot of other people who need you, too. Guys in veterans' hospitals. Unwed mothers. Old people. Blind people. Patients in mental institutions. If you can help, even for a few hours, call your local Voluntary Action Center, or write to: "Volunteer," Washington, D.C. 20013. What we need money can't buy.

### Payne Attending Institute

William M. 'Bill' Payne of Littlefield is among approximately 200 Chamber of Commerce executives from a 21-state area participating in the sixth annual Southwestern Institute for Organization Management being held July 22-27 at Texas Christian University in Fort Worth.

Planned by the Chamber of Commerce of the United States, the annual and sequential program of personal development and advancement offers voluntary organization executives the knowledge and skills needed for success.

Theme for the week-long seminar, now in its 53rd year, is "An Investment in Excellence" with the purpose of providing opportunity for in-depth study of current issues and latest management philosophies. The workshops, planned so that the Chamber officer can attend in progressive levels throughout his professional career, have no cutoff points and

progression is one of design and substance.

Chairman for the workshop at TCU, which is celebrating its 100th anniversary throughout 1973, Glenn Scott of Jefferson City, Mo., executive president of the Missouri Chamber of Commerce. Manager Weldon Gibson of Dallas, heads the Southwestern division of the U.S. Chamber of Commerce. Arranged through TCU's Division of Special Courses, the seminar is coordinated by Dr. Joe Steele, dean of the University's M.J. Neeley School of Business. Administrative coordinator is Dr. Len Lewis, Special Counsel director.

The TCU institute is one of six being held during the summer on university campuses. Others planned are the University of Georgia, Michigan State University, University of Colorado, University of Santa Clara and the University of Delaware.

### Households Here To Take Part In New Census

A sample of households in this area will take part in a new nationwide survey of housing to be conducted annually by the Bureau of the Census, according to Percy R. Millard, director of the Bureau's Data Collection Center in Dallas.

The 1973 survey, which will begin this week, will initiate a federal program, the Annual Housing Survey, jointly planned by the Bureau and the Department of Housing and Urban Development. The program is in response to a need for frequent and up-to-date data on U.S. housing, considered a prime indicator of the nation's economic health.

Heretofore, housing data have come only from the decennial censuses, irregular sample surveys, and one-time special studies. With regular surveys it will be possible to compare from year to year the number and types of housing, changes resulting from demolitions and new construction, the vacancy rate, the frequency of mechanical and utility breakdowns and other indicators of the physical condition of residential structures, as well as the characteristics of the occupants who move in and out over the years.

For the survey, a sample of 60,000 housing units out of the Nation's total 68 million has been scientifically selected to represent a cross section of all housing. The sample was selected from 1970 census records and has been updated to include new construction.

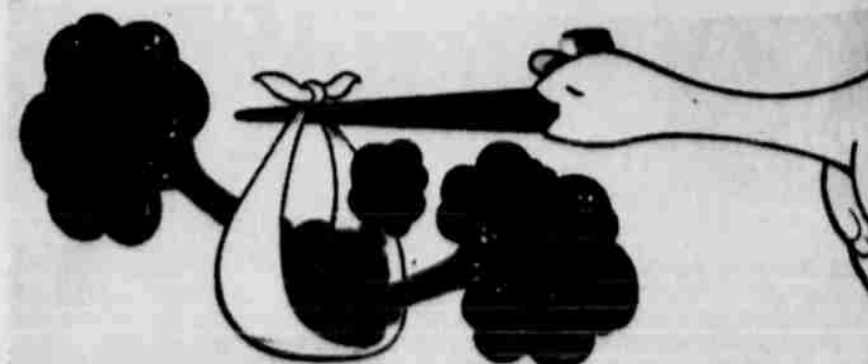

Census Bureau representatives will begin interviewing the last week in July, and the work is expected to take about

three months. Each household in the sample will begin interviewing the last week in July, and the work is expected to take about three months. Each household in the sample will be mailed an introductory letter prior to the interviewer's visit. For uncupied units, information will be obtained for neighbors, landlords, and rental agents.

Joint HUD-Census reports will be issued, the first expected in the fall of 1973. Statistics will be tabulated in the U.S., for each of the four regions, for Standard Metropolitan Statistical Areas as a whole (both inside and outside central cities), and for the remainder of the country (nonmetropolitan areas).

All information obtained by the Census Bureau is confidential and the results are used only to compile statistical totals in which no household or housing unit can be identified.

Interviewers are locally hired and trained for their work. Each carries an official identification card with the bearer's photograph and signature.

## New LVN Class Begins This Fall

South Plains College will begin a new class Aug. 29 for persons interested in becoming licensed vocational nurses. The program objective is to train vocational-practical nurses who provide nursing care under the direction of a licensed physician, a licensed dentist, or a registered nurse.

Lecture and clinical experiences are provided in the 12-month program. College housing is available on the SPC campus. Twenty-six weeks of pre-clinical instruction is taught on the South Plains College campus while the remaining 26 weeks are spent working in 40-hour week schedules in actual hospital work.

The South Plains College LVN Program is approved by the Texas Education Agency and Texas Board of Nurse Examiners, the program qualifies graduates for licensure. Instructors for the program are Mrs. Nevelle Danner and Mrs. Helen Brown.

Persons interested in entering the LVN Program at South Plains must meet the following entrance requirements: (1) be between the ages of 18-50 years-old, (2) high school diploma or have passed the G.E.D. exam, (3) good physical and mental health (each applicant is required to have a physical exam before acceptance into the program), (4) moral integrity, (5) definite interest in nursing, (6) pass nursing aptitude exam, and (7) have a personal interview with the director of nursing at SPC.

Nursing aptitude exams must be taken and passed by Aug. 27, 1973 or persons will not be allowed to register in the program for the 1973 Fall Semester at SPC. Persons interested in obtaining a time and date for taking the nursing aptitude exam may contact the Guidance Department at South Plains College, Phone 894-4921.

## Texas Constitution Revision Underway

The once-in-a-century effort to revise the Texas Constitution is well underway.

The Texas Constitutional Revision Commission, charged with studying the need for constitutional change, has entered the decision-making stage of its program.

The result will be a report to the legislature Nov. 1. The legislature will meet as a Constitutional Convention in January, 1974, to act on that report. The revised document will be submitted to the people for their approval in an election.

The process actually started in the general election last November, when voters approved Amendment Four, which authorized revision of the 97-year-old Constitution and provided a procedure for doing so.

The 1972 amendment was the first time since 1876 that Texas voters have agreed to look hard at the framework of their state's government. The last, and only other, call to a Constitutional Convention was overwhelmingly rejected by the voters in 1919.

The 1972 amendment provided for a Constitutional Revision Commission, which the 63rd Legislature promptly created.

The Commission has 37 members, selected by the governor, the lieutenant governor, the speaker of the House, the attorney general, the state Supreme Court of Justice and the Chief Justice of the Court of Criminal Appeals.

The commissioners, who were nominated by the public, come from all areas of the state and represent a broad spectrum of occupations, interests and political persuasions.

Judge Robert W. Calvert, of Austin, former Chief Justice of the Texas Supreme Court, was named to head the Commission.

Mrs. Malcolm Milburn, of Austin, civic worker and former vice-chairman of the state Republican Party, was appointed vice-chairman.

Jim Ray, former executive director of the Texas Advisory Commission on Intergovernmental Relations, is executive director.

The Commission has offices at 802 Brazos, Austin.

The Commission was ordered by the legislature to seek public opinion on the Constitution by holding six public hearings. One of the first official acts by the body was to expand the number of hearings to 19.

In May and June, the Commission traveled across the state, holding one-day hearings in every major geographic area. The hearings, which ended in Austin June 29, produced a wealth of testimony on the content of a revised Constitution.

The Commission is now deep into committee work. To facilitate the process, the Commission divided into seven standing committees, dealing with the Executive Branch, the Legislative Branch, the Judiciary, finance, education, local government and general provisions.

These committees, in keeping with a schedule recently approved by the Commission, will present preliminary recommendations to the Commission at a meeting July 27, 28 and 29 in Austin.

The Commission will vote on the recommendations at meetings in August and September. (The Commission is forbidden from amending the Bill of Rights, the first sections of the Constitution which guarantee such basic rights as free speech, free press and freedom of religion.

The Commission's report to the legislature Nov. 1 is by no means the final step. Amendment Four provides that the legislature will convene in January, in joint session, as a Constitutional Convention.

The Convention, by a vote of two-thirds of its members, may submit to the voters a new Constitution, which may contain alternative articles or sections, or it may submit a revision of the existing Constitution.

The Convention may schedule a special election or it may ask voters to approve the document in the November general election.

A Weekly Report Of Agri-Business News

Compiled From Sources Of The Texas Department of Agriculture John C. White, Commissioner.

**Crop Report Looks Good... Milk Production** Increases and Decreases... Pasture and Range Conditions

All major crops in Texas show increases in acreage, the Texas Crop and Livestock Reporting Service notes. Wheat production as well as oat production are also estimated now at two to three times above 1972 production levels.

Upland cotton acres for Texas this year are estimated at 5,700,000 compared with 5,570,000 in 1972. Acres planted to American-Pima cotton are 35,000, unchanged from last year. All of the increase in the upland cotton is in the High and Low Plains and Edwards Plateau.

Grain sorghum acreage this year in Texas is estimated at 8,100,000 acres, up 19 per cent from the 6,800,000 acres planted in 1972. Harvest of the crop has already started in South Texas. An excellent crop is indicated for Central Texas. Hot, dry weather is needed to mature the crop.

Corn planted for all purposes in Texas this year is estimated at 700,000 acres compared with 580,000 acres planted in 1972. Because of the weather, corn is in various stages of growth in every area of the state. Farmers in all parts of the state were able to get some early stands; most stands were about on schedule but cold, wet weather increased late plantings.

Peanut acreage for Texas in 1973 is up two per cent from 1972. Acreage now is estimated at 320,000 acres. Weather again delayed the progress, but moisture conditions now are favorable for the development of a good peanut crop.

Wheat production is now estimated at 95,200,000 bushels in Texas; this is more than double the 44,000,000 bushels produced in 1972.

Yield is expected to average 28 bushels per acre, a record, compared with 22 bushels last year. Harvested acres set at 3,400,000 compared with only 2,000,000 in 1972. Wheat harvest for the state is now virtually complete.

Oat production this year is estimated at 26,650,000 bushels, compared with only 9,720,000 bushels in 1972. Yield is expected to average a record 41 bushels per acre compared with 27 bushels in 1972. Acres for harvest are set at 650,000 compared with 360,000 in 1972. Harvest is completed.

Soybeans, a crop which is becoming more important in Texas, are estimated to total 450,000 acres this year, compared with 225,000 in 1972, and only 114,000 in 1971. Seeding for the state is complete; acreage is mostly in the High Plains and the southern half of the state.

Rice acreage in Texas this year is estimated at 553,000 acres compared with 469,000 acres in 1972. Harvest of the earliest stands is at hand.

Barley production is estimated at 3,510,000 bushels, compared with 1,980,000 bushels in 1972. Yield is expected to average 39 bushels per acre compared to 33 bushels in 1972. Harvested acres are set at 90,000 compared to 60,000 last year.

Rye production is estimated at 900,000 compared to 630,000 bushels in 1972. Average is 18 bushels per acre; harvested acres are set at 50,000 compared to 35,000 in 1972.

### FINANCIAL MANAGEMENT

Through sound financial management, farmers and ranchers can realize a profit, contends an economist for the Texas Agricultural Extension Service. Financial management decisions should be based on the resources, land, and pastures, crops and utilization of borrowed dollars to substitute payment for labor. Good management should be maintained throughout the farming year so that the various enterprises can be analyzed for decision-making for the coming year.

### HOSPITAL TREATMENT

While veterans with a service connected disability are eligible for Veterans Administration hospital treatment on a bed basis, beds are also available to veterans with service connected disabilities.

## Babe Ruth Stars Fall 3-1

The Littlefield Babe Ruth All-stars were edged 3-1 by Levelland Tuesday in the state tourney at Graham.

The local squad had little trouble getting runners in scoring position, but getting them across the plate was the big problem.

Marty Demon was the winning pitcher. Bill Turner hurled for Littlefield.

Littlefield was named the visiting team, and led off the first inning with Ronald Parmer moving to second on a steal after getting on base through a fielder's choice. He was stranded when Turner fanned and Kyle Martin grounded out. In the bottom of the first, with Levelland leadoff batter Kenneth Williams on first via a walk, Jim Richardson grounded to shortstop Doug Perrin and Littlefield turned in the double play.

The second inning was uneventful, with Littlefield going down 1-2-3, and Levelland putting only one man on base when Larry Pugh singled. The third was a repeat, with both sides going down in order.

In the top of the fourth, Kyle Martin slapped a stand-up double over the center fielder's head. But there were already two outs, and Danny Martinez struck out to halt the threat.

Richardson went to work for Levelland leading off the fourth. He beat out a single to short, then stole second and third. Pugh rapped a hit into left and Richardson put Levelland on the scoreboard. Kelly Wade fled out to center to end the inning.

Littlefield rallied in the fifth, using the bunt as their primary weapon. With one out, Perrin got on base after the first baseman dropped the ball. Richard Holley dropped a soft bunt to the pitcher, and Demon threw it away to make everybody safe. Timms followed with another good bunt, and the throw to third

base to try and pick off Perrin was late. Ray Vargas took four straight pitches to walk and force in Perrin with the tying run. Then Parmer punched a grounder to Demon, and the Levelland pitcher fired to home for one out and the catcher threw back to third to double up Timms.

Turner retired Levelland in order, then led off the sixth with a pop fly to shallow center that resulted in an error by the shortstop. Turner wound up at second. Martin grounded out to second, but pushed Turner to third. Martinez walked, then stole second to present Littlefield with an excellent scoring opportunity. But Cotter fanned and Perrin popped up to the pitcher.

Tony Guerra opened for Levelland with a gentle grounder down the third base line that the Littlefield third

baseman thought was going foul. The ball turned fair at the last moment. Guerra stole second, and then Timms, the Littlefield catcher, threw him out easily attempting to steal third. Richardson guided the next pitch into the right field corner, and by the time Martinez had retrieved it, Richardson stood on third. Jack Malloy doubled into right, scoring Richardson, then Pugh rapped a singled into center. Parmer's throw home to catch Richardson was dropped by Timms, and Levelland had a two-run lead. Turner fanned Stanley Archer to get out of the inning.

Littlefield had to score two runs in the seventh to stay in the game. However, Holley grounded to second, Ralph Mendez struck out, and Vargas grounded to third. Littlefield plays again tonight against the loser of the Brownfield-Graham game.
