## Olton Farmers Like Pickle They're In

Olton farmers are in a pickle. Pickling cucumbers is big business at Olton. The cucumbers are sent to the Jack Straw Gin where they are graded, crated and hauled to Texarkana. The gin handles 650 hands and the wages paid give a tremendous boost to Olton's economy.

50-pound sack picked. Fields are picked every third day.

Harvestors are paid on every load and the crew boss is paid as soon as his truck is unloaded and graded. Twelve to 15 trucks are kept on the road to the plant at Texarkana.

The harvest usually lasts about 12 weeks, but this year's crop will be about two weeks short because recent rains caused mildew.

The cucumbers are easily grown, don't take much out of the soil, and will net a farmer an average of \$200 to \$250 an acre. Last year was a good year that netted growers around \$400 an acre.

Cucumbers that are good eating size but too large for pickling are considered culls, and these are fed to range cattle.

Pickles grown in the Olton area are considered the best in the country, according to Jack Straw.

Pickles are a tremendous economic boost, considering that these 650 laborers average \$10-\$20 per day over a 12-week period and almost all of this money is spent with Olton merchants.

Officers and committee chairmen of the Lamb County Pioneers will meet Monday, August 9, at 8 p.m. in the Flame Room of the Pioneer Natural Gas Co. to make final plans for the 22nd annual meeting of the group. The reunion will be Tuesday, August 24.

Heading the group is Lavis Hair of Olton, president, assisted by Buck Ross of Littlefield, vice president, Lyle Brandon, secretary, and Sid Hopping, treasurer. This year's directors are: R. L. Byers Jr. of Springlake, Mrs. Bonnie Haberer of Pleasant Valley, Mrs. Myrtle Clayton of Springlake, Ray Smith of Spade and Fred Lichte, Littlefield.

The annual meeting will begin with registration at 2 p.m. at the Community Center in Littlefield, followed by a program, election of new officers, and concludes with a barbecue at 6 p.m.

Committee chairmen appointed by the 1971 reunion include: purchasing, F. E.

Yohner, and Roy Wade; hospitality, Mrs. Bonnie Haberer; kitchen, Mrs. Fred Lichte, Mrs. F. E. Yohner, and Mrs. Bill Jeffries; program, Buck Ross and I. B. (Doc) Holt; tables and chairs, Buck Phillips; securing beef, V. M. Peterman; gifts, Mrs. V. M. Peterman; publicity, Lois Vrabel and Betty Hodges.

## Councilmen Authorize New Light Installation

Littlefield city councilmen authorized the installation of a street light on 14th Street, between Wicker and Sunset Avenue, and discussed letters concerning solid waste disposal and the public water supply system during their regular meeting Thursday night.

A citizen had requested the additional lighting in the block, and councilmen decided to put in one light now and install another when construction in the area increases.

Councilmen read a letter from the Texas State Department of Health, addressed to County Judge G. T. Sides, informing him of an inspection of the Lamb County solid waste disposal site near Littlefield.

Another letter from the Texas Department of Health and addressed to Mayor

J. E. Chisholm, advised him that a sanitary survey of the public drinking water supply had been made.

Six recommendations were made by the Department to the city for maintaining and operating the system to its best capacity.

City manager Pat Bradley advised councilmen that most of the recommendations had already been taken care of.

In matters of old business, councilmen received for filing letters from Nipak Fertilizer, Inc. and Texas Air Control Board concerning the completion of the installation of \$100,000 in air pollution control equipment.

## Merchant Quits Store To Serve Fellowman

By NILAH RODGERS  
Leader-News Staff Writer

Joe Salem got his first taste of retail merchandising when he was 9 years old and peddled goods to Utah coal mining towns for his immigrant father. When his father died three years after coming to the U. S., the family was awarded \$1,500 and this money was used to open a grocery store in Texas. Salem, at age 11, was proprietor, but the store manager let out too much merchandise on credit.

So again Salem sold dry goods house-to-house to keep the family going. This peddling led Salem into the dry goods business that lasted 39 years, with 23 of these years operating Salem's Dry Goods in Sudan.

Mr. and Mrs. Joe Salem moved to Sudan in September, 1931, and opened the Salem store, but when the freight arrived, they didn't have enough money left to get it out so they could open for business. He took what little money he had and got some merchandise out and peddled door-to-door until he made enough to get his merchandise and open the store.

"We didn't even have enough money to put up a \$10 deposit on the meter so we

could have electricity so we could work nights," Salem said. "After we opened we found out that the electricity hadn't been disconnected and all we'd have had to do to have lights was to turn them on."

Those were the Saturday hey days. The Sudan board walks nearly broke under the weight of the crowds. "The store would be jammed. On Saturdays they'd nearly buy us out," Salem said. "Our inventory was small and everything was cheap."

During the fall, sometimes Salem had as many as 30 clerks in the 25-foot store. "We worked hard," he said. "We worked day and night. Many times I'd be in the window at three and four in the mornings, or be writing signs getting ready for the Saturday rush."

Salem operated his store at Sudan from 1931 until 1954. "The Lord led me to sell the store," he said, his voice breaking. "He sent me a buyer so I'd have more time to serve my fellowman," he added, taking off his glasses, wiping his eyes with his handkerchief, and apologizing. "I can't seem to control my emotions when I mention deity," he said.

Since that day 17 years ago, Salem has dedicated his life to work as a Methodist

**A FORT OF HAY**  
Hay hasn't always been only a livestock feed. During the Revolutionary War, colonials built a sturdy fort from 700 pounds hay bales in one night. Come morning, British troops were amazed to see the imposing structure and abandoned their planned attack on the heights of Dorchester near Boston.

# HOMINID GRITS

By CORNBALL BLEVINS

MEN ON THE MOON, Nixon confident that the economy is on the upswing, and crop prospects looking bright for the South Steel strike settled, railway workers go back to work, cost of living on the increase, stock market uncertain, Lockheed gets federal aid!

These are the headlines that have been in the news for the last few days.

PUT THEM ALL together, and they spell only one thing: "John Q. get ready, the inflation spiral is gonna empty your pockets a little faster, in the near future!"

Our astronauts are still all up in the air (at this writing) and I sincerely hope for their safe return. However, I'm of the opinion that our space plaything is entirely out of the bounds of reason.

SOMETIME BACK I wrote that I couldn't see the use of our spending so much money for the further exploration of the moon. I haven't changed my mind.

We've already found that the moon isn't made of green cheese. The "Man-in-the-Moon" myth has been destroyed. It's as well that it has. Had he been there, we'd have to start paying him federal aid in all probability!

I GRUDGINGLY have to admire the guys that build the gadgetry for the space program. They must be smooth operators. Imagine: Getting eight MILLION bucks for a dune-buggy! And this to be discarded after just a few hours' operation!—A Rolls-Royce would have been cheaper!

The "Falcon" was shot back into the moon just for the kicks of the scientists! (I don't remember the cost of the thing!)

## County Officials Jail Six Persons

Six persons were jailed by county authorities Tuesday through Friday of this week, including a woman for drunk and vagrancy and a 17-year-old Littlefield girl for forgery and passing.

The woman was jailed Thursday and remained in jail, and the girl was arrested Friday.

Other arrests included Enandro Gomez Guzman, 34, of Lubbock, who was arrested on a driving while intoxicated charge Tuesday. Bond was set at \$500.

Ardis Durna Champion, 32, of Littlefield, was arrested by Sheriff E. D. McNeese and charged with carrying a prohibited weapon. He was fined \$100 plus court cost.

David Cristan, 20, of Littlefield, was arrested Thursday and charged with simple assault. His fine was set at \$40.

The other arrest was a drunk charge on a Littlefield man who paid a \$20 fine.

And, the space capsule (Seventeen million) is to be discarded on the way back.

ADD IT ALL TOGETHER, Dear hearts, and we're spending over four hundred million for something like one hundred-seventy pounds of rocks! (Diamonds could be cheaper!)

Anyway, it all adds up to the thing of Sam having to keep our income up (Or, our dollar down) in order to keep our flow to taxes going into the federal till at an ever increasing pace.

I SUPPOSE YOU'VE noticed that our tax exemptions have NOT increased! Furthermore, it looks as though we're destined to make high and higher wages, in order that Sam can keep taking his twenty-three percent of all the take over the six hundred-fifty that he lets you have-tax free.

However you look at it, we're riding on a very over-inflated balloon. We hope that some youngster in the crowd isn't playing with his granny's hat-pin!

## Disaster

THOSE WHO LEAD the antiscience cult and advocate a return to a more simple life in order to preserve the environment never stop to realize what lies at the end of the down-with-science road.

They are like the weekend camper who takes off for an idyll in the woods with nothing but his toothbrush.

BY SUNDAY NIGHT, if he has not died of exposure, he can hardly wait to get back to a snug home with all of the conveniences of our technological civilization.

By the year 2000, if the antiscience cult has its way, the U. S. environment will be virtually unfit for habitation.

STRIFE, POVERTY and declining food supply will make of our country one great hovel for the containment of the miserable masses.

Dr. Wernher von Braun of the National Aeronautics and Space Administration, a pioneer of the age of rockets and space flights, warns, "The antiscience and antitechnology voices making blanket attacks on science and technology in the name of conservation, a clean environment, or improving the quality of human life, are doing the nation and all of us a great disservice."

The problems they are rightly anxious and concerned about cannot be solved by a return-to-nature cult.

That course leads only to disaster for multitudes of people.

"I know I'm supposed to count them but I keep falling asleep"

# EDITORIALS

## The Small Town

(EDITOR'S NOTE: This guest editorial came from the Friona Star's "Star Lites" column, written by the publisher, Bill Ellis.)

A RECENT ARTICLE in the Mid-Continent Banker magazine dealt with the problems facing small towns, and what town leaders can do to keep the small town from slipping "into oblivion."

The article pointed out that between 60 and 70 million Americans live in towns under 10,000 population. There are some 7,697 communities of under 10,000—and 6,303 under 5,000. This is the bracket into which Friona falls.

THE AUTHOR of the article pointed out that the key to a community's long-range survival is jobs. Friona would seem to have bridged this important problem, with the addition of Missouri Beef Packers, the feedlots and other related industries and businesses.

The availability of jobs should continue to be good, as other industries to service the cattle and packing industries are envisioned for the future.

HOWEVER, the writer warned that without modern retailing facilities, long-range survival for a community may not be possible, in spite of everything else a community may have going for it.

The author posed questions concerning the plans of present businesses to continue, after the present owners and operators retire.

HE ASKED the following questions: (1) How many businessmen in your town are nearing retirement age? (2) How

many of these businesses will be continued by second-generation, capable family members? (3) If there are no qualified family successors, do these merchants have anyone working for them who might run the business in the future?

OTHER QUESTIONS asked were the following:

(4) What kind of selection do customers in your area have for products in the following classes: men's, women's and children's clothing; shoes for the entire family; major appliances; hardware-housewares-sporting goods; drugs; food; furniture?

(5) How much shopping for stylish or big-ticket items do townspeople do outside your town? (6) How many local merchants have modernized their shopping facilities (or enlarged them) within the past five or 10 years?

THE WRITER asks one final question which hits Friona right between the eyes: "What is happening to presently vacated and deteriorating buildings?"

Are they being left as everpresent, ever more ominous eyesores to consumers, discouraging shopping visits and portraying a dying instead of a living community? Perhaps these buildings should be torn down and the sites converted into needed parking areas to supplement that always-limited on-street parking.

THESE ARE ALL problems that face the city of Friona. Someone in business, or perhaps a committee from the Chamber of Commerce, needs to be working on the problems stated.

# THE ABUNDANT LIFE Honor Is Due

By BOB WEAR

TRUE HONOR is available to all persons. It does not depend upon rank, or position; even though some ranks and positions do carry this title or designation such as, "your honor."

This is an acceptable practice, and it is not depreciated by a proper understanding that the persons who wish to do so can be honorable, too.

We can be "upright", and "ethical"; we can be people of integrity; and we can earn an untarnished reputation.

"HONOR IS NOT a matter of any man's calling merely, but rather of his own actions in it"—Dwight.

At all levels of business and social life, we see honorable people. In high places, some of the persons are honorable and some are not. In the more "humble" stations of life, some of the persons are honorable and some are not.

It is unfortunate that so many people seem to think that honor is limited to persons who have some kind of exalted place in human affairs.

I HAVE KNOWN some honorable people who ranked high according to our artificial and superficial human standards, but some of the most honorable I have ever known were in the more commonplace life situations.

The traditional practices notwithstanding, honorableness is justified by the individual's personal manner of life and not by some changing pattern of social or official distinction.

HONOR PROPERLY CROWNS such things as honest toil; honesty in dealings

with other people; respect for the decent and the elements.

It is closely associated with self, and respect for others; full appreciation for other people's constructive contributions to common good.

HONOR AS A TITLE is the honor that is deserved because of a honorable manner of life which is quite different. This latter should desire and should aim.

If the other honor happens to be too, it will just be incidental. It is the true, the earned and the honor that is worthy of our continuing efforts.

THERE IS SO MUCH depreciation of people by the course, there are varying degrees ranging from those who dissatisfied with themselves to use faulty standards of evaluation, to those who are contemptuous of themselves and others.

In these uniformed ways of human scene, there are all distortions.

HONOR IS DUE to the regardless of race, color or sex who is honorable in manner and behavior.

All of us can be honorable because true honor is determined by individual integrity, our uprightness, honesty; and our general management of our life.

**THE NEW PASTOR** at Rocky Ford Baptist Church is Rev. Ted Neher, who is shown here with his family. Near him is Ken, 5 years old; his wife, Paula; and Alan, 7 years old. Rev. Neher began his pastorate at the church July 25.

## Pastor Is Student

The new pastor at Rocky Ford Baptist Church, Rev. Ted Neher, is a native of Andrews, who is studying as a junior student at Wayland Baptist College in Plainview.

He takes the pulpit that was vacated by Rev. Ray Harrison, who graduated from Wayland in May.

Rev. Neher and his family have been in Germany two years and in Viet Nam one year, where he served with the armed forces.

He began his pastorate at Rocky Ford Baptist Church July 25.

He formerly pastored McKinney Acres Baptist Church in Andrews before he was enrolled at Wayland.

**... MINISTER**

Continued From Page 1

lay minister, benevolent causes and other areas of voluntary service.

"You can't take material things with you," he said. "The most we can get out of life is a living - no matter how much we accumulate. Spiritual blessings can't be bought with money."

Salem's mother was a devout Catholic and his father was a Greek Orthodox where they lived near Beirut, Lebanon. Before entering the U. S. with his parents when he was eight years old, Salem was baptised into the Greek Orthodox church "by dunking under water three times" as an infant.

Salem's father died three years after he moved his wife and five children to Salt Lake City, Utah. After his death the family moved to Texas to be near relatives.

Salem attended different churches before joining the Methodist Church in Spur when he was 19. Since that time he has held the highest offices a layman in the

Methodist church can hold, but his full-time dedication started on a plane flight to Dallas just before he sold the Sudan store.

Salem said he was flying to Dallas to buy more merchandise when turbulent weather hit and the plane couldn't land at Love Field as scheduled. Nine other planes were circling the field, and Salem said he knew the fuel would soon be exhausted. "I promised the Lord that I'd sell the store and try to serve Him in a better way."

A few minutes later Salem said he was downtown in Dallas crossing the street to go to the wholesale district when a man approached him and asked him if he

wanted to sell his store. George Gabriel of Spur came to Sudan two weeks later and bought Salem's inventory.

For many years Salem had tried to render service to his fellowman in church work, civic and social work. Now he could devote full time to spiritual values.

Salem has been elected to four general and jurisdictional conferences. In 1968 he went on a mission into east and western Europe and the Soviet Union. Five years ago he went on an evangelistic mission into six countries in South America. In October of 1969 he went to the Orient, Philippines, Tokyo and Taipei. And his last missionary trips were to Seattle, Wash. and Salem, Ore. "I'm just trying to serve wherever I can be of service," he said.

But of all the places he has been, and of all the people he has ministered to, the Sudan youth organization "Lotws" is Salem's first love.

The word "Lotws" stands for "love overcometh the world." The word is pronounced with the "l" silent. The "l" symbolizes the cross and lowliness. The "s" on the word makes it plural. And the motto is "love in action."

In the eight years the youth organization has been operating, a weekly average of 54 youths (from Sudan's total population of 1,000) attend the meetings.

The young people are black, Latin Americans, Anglos - the young people who haven't been ministered to - from the poor to those from the better economic status. The sessions started in "The Shack," a little house behind the Salem house in Sudan, and have been moved to larger quarters twice since then.

The meetings open with a prayer, include a short Bible lesson, and end with a service assignment for boys and a sewing lesson for girls. The boys rake leaves or

mow, work in the park for an hour, or do other tasks to earn pocket change. In past years the boys have raised vegetables for their families. The girls get sewing lessons and take their completed garments home with them after six weeks.

"The program is based on a love of God," Salem said. "And it's needed in every community, not just here. We need to start with the young to instill Christian principles and the importance of hard and honest work, then put these principles into practice."

Last Christmas 200 youths registered for the Christmas program. On June 19th the group celebrated their eighth anniversary when 171 youths registered at the Lotws Center seventh roundup. Then the youths and adult leaders, including 38 who came to help with the barbecue, gathered in the Salem backyard. "There were more than 250 here," Salem said. "They were black, white, poor, rich. God's presence was real. We enjoyed a bit of heaven right here. That's the way it is going to be in Heaven - all colors, all classes - they'll all be there. Never has a greater event transpired anywhere than transpired right here in Sudan."

"I have a picture of a Catholic priest standing beside a Church of Christ preacher right out there," he said, indicating his back yard. "We had three Methodist ministers and a bishop, a Baptist minister, two priests, a Church of Christ minister, Assembly of God and Church of God pastors. They were all here and on the program."

"My life will be a complete failure if I don't get to Heaven. That's eternal. At best this life is but a few years."

Like all good things, the Lotws idea didn't come the easy way. And working with Negroes, Latins and the poor isn't

always popular with the masses. Salem jotted down the words "love overcometh the world" and the idea of the organization was born. The hotel room in Houston at 4 p.m. "The program is based on a love of God." "We do because we love them."

Salem tries to serve every one his best into it. "Self denial of the luxuries of life inwardly, a reward money was added."

Mr. and Mrs. Salem still live in the house they've lived in since 1933. The house that surround it have been there since the house. "It's home," he said. "It's quiet in the background, helping sewing classes and secretarial classes." Salem has financed his own education himself, borrowing money when necessary. "We must pay for anything as precious as Christ," he concluded.

**Hospital Auxiliary Discusses Bazaar**

The Festivities Days bazaar was the main topic of discussion when the official board of the Hospital Auxiliary of Littlefield met Thursday, August 5, at Medical Arts Hospital. The bazaar will feature baked goods, Cokes and coffee, stationery, and new and used clothing and household items. In other business, the chairman of volunteers, Mrs. Mary Davis, reported that candy strippers gave 418 hours of their time to the hospitals during July, and regular members worked 32 hours at the Hospitality House and the hospitals. Mrs. Ruth Hinds, president, announced that two new auxiliary members have been added to the rolls: Mrs. Jan Miller and Mrs. Molly Heard. Mr. and Mrs. Ewing Thaxton contributed four children's books to the auxiliary's book stand at Littlefield Hospital in memory of Michael Steveson. Mrs. Hinds announced that 23 candy strippers will receive 50 hour pins at a special ceremony to be held on Tuesday, August 31, at 7 p.m., in the Willey Room of the REA building. Twelve local girls will attend the state convention in Canyon on August 10 through 12. Members present at the board meeting were: president, Mrs. Hinds; recording secretary, Mrs. Ann Sansom; corresponding secretary, Mrs. Johnnie Ross; treasurer, Mrs. Peggy Williams; chairman of volunteers, Mrs. Davis; service chairman, Mrs. Janie Raney; projects chairman, Mrs. Lois Avery; telephone chairman, Mrs. Aline Wisdom; and poster chairman, Mrs. Blanche Dodgen.

**Patrolman Checks Two Wrecks**

Two rural wrecks were investigated this week. Property damage to a 1970 GMC pickup amounted to approximately \$750 when Jesse Florez Martinez, who was home on leave, ran off a county dirt road four miles north and four miles east of Littlefield about 5:35 p.m. Sunday. The pickup owned by the man's father struck a utility pole. Two vehicles were involved in a minor mishap at Amherst about 11 a.m. Friday. Everett McAdams was driving a pickup south of Jefferson Street and about to stop at a house when a car driven by Princella Dancer started backing from a private drive. The trailer hitch on her 1962 Chevrolet struck the rear of the 1967 Chevrolet pickup. Both accidents were investigated by Weldon Parson, highway patrolman.

There are about 80 glaciers in Glacier National Park.

## SMALL MEASURE

Of all things—a man measuring his religion with an eye-dropper. An eye-dropper is used to administer small doses of medicine but it is not proper in the realm of religion. The mercy of God is an ocean divine, a boundless and fathomless deep. An eye-dropper is much too small to convey riches so abundant. How unfortunate is that life that will attempt to take the bounties of God with an eye-dropper. Yet, there are those among us who are satisfied with second-hand religion... the kind a man gets when he attempts to let his wife do his church-going for him. God seeks to talk to all of us direct. Mister, He doesn't want your wife delivering you via the eye-dropper. Go to church... listen to the Divine voice of God as He seeks to pour His infinite grace and goodness into your soul. Don't be satisfied with such small measure... an eye-dropper full.

Ask us about electric water heating for your home.

We sell, service, guarantee, install and finance electric water heaters.

THIS WEEK

...in Cash-value Bingo Bucks

START COLLECTING YOUR  
GOLD BINGO CARDS NOW!

HERE'S HOW IT WORKS...

**PICK UP FREE BINGO CARDS:** Each week (adults only, please) pick up your FREE Bingo cards from any of the sponsoring merchants listed below. Rules of the game allow the merchants to give you only one card on each store visit. However, you may make as many visits as you wish each day of the week. THE MORE CARDS YOU PLAY—THE BETTER ARE YOUR CHANCES OF WINNING.

**HOW TO PLAY:** Check the ads in each week's issues of The Leader-News. The ads of the merchants listed below will contain one or more "Newspaper Bingo" numbers in the "Bingo Bug" symbol (shown above). Occasionally numbers in the "Bingo Bug" symbol may be found elsewhere in the newspaper. Be sure to check the Classified Ad section for additional numbers. IF YOU CAN MATCH (JUST CIRCLE OR "X" THE MATCHING NUMBERS) ALL 24 NUMBERS ON ANY ONE OF YOUR BINGO CARDS WITH THE NUMBERS PUBLISHED IN THE SUNDAY AND THURSDAY ISSUES OF THE LEADER-NEWS—YOU HAVE A "BINGO"—AND YOU ARE A WINNER!!!

**AT LEAST \$50.00 WEEKLY!!!** Winners will share a weekly prize of \$50.00 in "Bingo Bucks"—they spend the same as cash with any of the sponsoring merchants listed below. If there is only one winner, he wins all of the \$50.00. If there is more than one winner, all winners will share the \$50.00 in equal amounts. If there are no winners any week, the \$50.00 weekly prize will be added to the following week's prize fund.

**CHECK EACH ISSUE OF THE PAPER:** Each game is complete in each week's Sunday and Thursday's issue of The Leader-News. A new set of Bingo numbers will be published each week in the sponsoring merchants ads and possibly elsewhere in the paper. A new color of Bingo cards for each week's game will be available at the sponsoring merchants' stores. To be eligible to win, you must play Bingo cards of the correct color for that week's game. The color of the cards for each week's game will be announced on this page.

**IF YOU ARE A WINNER:** If you have a winning Bingo card, ON WHICH ALL 24 NUMBERS HAVE BEEN MATCHED WITH THE NUMBERS APPEARING EACH WEEK IN THE SUNDAY AND

THURSDAY'S ISSUES OF THE LEADER-NEWS, print your name, address, phone number, and the name of the store where you got your winning card, and mail to this paper at Box 72, Littlefield, Texas 76239 (the envelope containing your winning card must be received by 5:00 p.m. Tuesday of the following week—or bring your winning card to the office of this newspaper at 313 W. 4th Street, Littlefield, Texas by 5:00 p.m. Tuesday of the following week).

RULES OF THE GAME

**NO OBLIGATION OR PURCHASE NECESSARY:** There is no obligation or purchase necessary. A copy of the paper is available for playing the game at the office of this newspaper also at the public library—also a Bingo card and/or copies of The Leader-News containing the Bingo numbers may be obtained by mailing your request to this newspaper (please print your name and address clearly). You may play as many cards as you wish—they are free. Get additional cards—one at a time—each day.

**DIFFERENT COLORED CARDS EACH WEEK:** The color of the cards changes each week. To be a winner, you must play Bingo cards of the correct color for that week. Mutilated or altered cards will not be honored. ALL 24 NUMBERS ON A CARD MUST BE MATCHED TO WIN.

**CHANCE DETERMINES NUMBERS:** Bingo numbers for each week's game are drawn strictly at random at the office of this newspaper. Some duplication of Bingo numbers may appear in the merchants' ads or elsewhere in the paper. This duplication does not affect the game or the total numbers drawn. All numbers for each week's game will appear somewhere in the sponsoring merchants' ads and possibly elsewhere in the paper. Employees of this newspaper and members of their families are not eligible to win any of the prizes. Newspaper Bingo is a program copyrighted and registered by Marketing-Research Associates, Minneapolis, Minnesota.
