

New Color Film Slated Saturday

Take a thousand-pound grizzly and put him in one of the few remaining wilderness areas of the country, the high Uintah Mountains of Utah; then add about 20 other North American wild animals, a fine performance by Leon Ames, and you have "Toklat," an extraordinary new family film.

The film will be shown at the Palace Theatre in Littlefield Saturday.

"Toklat" has been in the

making for over five years, and required 125,000 feet of footage to come up with the right 4000 feet necessary for the picture. Now in 35mm Technicolor, it's ready for release.

The film is about a gigantic grizzly bear (shoe name, "Toklat", is derived from an Indian tongue meaning ferocious). And a grizzly, one of the world's largest land-dwelling carnivores, is an amazing animal indeed.

The film follows the development of "Toklat" from a cub to a giant, during which time one enjoys rare glimpses of a grizzly living, thriving, surviving, in a natural mountain wilderness.

Enter Leon Ames, a mountain man, whose respect and understanding of animals, especially "Toklat", is based on a lifetime's experience in the wilderness. His heart-rending task of seeking out the bear for the crime of self-defense, is a social statement on man's way and nature's way.

Ames' commentary is amusing, educational and poignant as he describes how he witnessed "Toklat's" growth for the years he knew him.

The picture also captures the natural beauty of the wilderness and its changing seasons.

DURING DEPRESSION Cream Sales Helped

Arthur and Pauline Nafzger's parents were among the "suckers" imported from Wisconsin and Iowa who bought virgin West Texas land. Mrs. Nafzger came here in 1908 with her German parents, and Nafzger came to Lamb County in 1913 with his Swiss family. Mrs. Nafzger was 11 years old, and she didn't like the looks of West Texas at all. Her first image wasn't improved any by her father's remark that he wished they hadn't even unloaded their things off the immigration car and wished they had turned around and gone back north instead. "But that was at first," she said. Mr. and Mrs. Nafzger have lived southeast of Olton all 51 years of their married life. Those were the good old days of milking cows with nothing between them and the north pole but some barbed wire. During the Depression, cream sold and shipped to Trinidad, Colo., kept the Nafzgers going. "We've still got one of those old cream cans with our name plate on it," Mrs. Nafzger said. When the Nafzgers built their first little house, all the lumber was hauled by horse and buggy from Plainview. Mrs. Nafzger's father gave the couple a big coal range, and it was the only source of heat for several years. The Nafzger's daughter weighed only three pounds when she was born, and heat See NAFZGERS, Page 8

HONNY GRAYS

By CORNBALL BLEVINS

JUST HOPE NIXON is as good at statemanship as he is at politics. His trip to China just has to be an unmatchable feat, as far as his political standing goes.

If he accomplished anything at all while in Red China, it'll all be for the plus side, as far as our relationship to those people is concerned.

And to have so much of the goings on televised, world-wide, is something else. Of course, I'm most sure that there wasn't anything shown but the best side of their culture.

ODDLY ENOUGH, it's some kind of an education for us to learn that these people walk upright, and on their hind laigs just like everybody else! It might help to a large extent, to learn that they're PEOPLE, having the ability to feel, talk and laugh, just as we do.

And, I'm sure the lesson is just as valuable when applied on the vice-versa side of the picture. Tho perhaps a little crass, rude, and, unthinking. We, also, qualify as to the requirements of membership in the human race.

POLITICALLY SPEAKING, unless the Reds straightway start bombin' the USA, my thinkin' is that Mr. Nixon has extended his lease on the White House.

On the financial side, I betcha, this trip cost us at least \$4.98!

However, if anything has been accomplished toward makin' this ol' world a little more habitable for all concerned, we'll not begrudge the price.

NOW, AND ON the other hand! (Worry, worry!) — We've gotta wait for the reaction this little episode will have on our other acquaintances.

For instance, we've been sayin' "Howdy" to the Rusksies, in passing. Will THEY still speak to us? And, what about our Allies, what will their attitude be, and, will they still love us?

FIRST THING YOU know, we may be faced with the prospect of none of them taking foreign aid from us. (Oh, perish the thought!)

We may be in the process of sharing guilt, "by reason of association".

WE KNOW, that by reason of our rapid transportation, the world has become alarmingly, smaller. Why, shux, by reason of pressing a button, we could deliver an atom bomb to Peking in a matter of minutes! We know, also, that this speedy delivery, can work the other way around.

For this reason, we've gotta find a way we can tolerate each other.

TROUBLE IS, when we arbitrate a difference, the common practice is for BOTH sides to give a little. The result, being, that neither side is as distinct as it was before.

For instance, when we mix red and white, it comes out PINK. Mix black and white, and we have gray. Mix red and yellow and we have orange. Mix them ALL together and it's burple! (I think) (Gonna have to be a lotta bussin' done to get THIS accomplished!) There's no more white, red, black, or yellow!

NOW, AS TO JUST what you'll get when you start mixin' all our governments together, is anybody's guess. (We're so close to Socialism now, that you can hardly tell the difference.) Let's see, you take capitalism, communism, and socialism. Stir well with Democracy, monarchy and ANARCHY, and whatta we get?

(Lord, I hope I can get ready for Heaven!)

ANYWAY, WHEN it's all ironed out, it's supposed to be UTOPIA! — Any questions??

HONOR STUDENTS in the 1972 graduating class all have high school college preparatory averages of above 90. Mark Rogers is valedictorian and Kathy Turner is salutatorian. These are the next 10 honor grads.

Standing, left to right, are Cynthia Adair, Martha Brown, Allen Grisham, Gail Williams and Annelie Harris. Seated are Bob Ed Grissom, Kerry Nicholas, Ralph Funk, Chuck Blevins and Larry Birkelbach.

THE ABUNDANT LIFE

Love Is

By BOB WEAR

FROM MANY SOURCES, some unexpected, we hear admonitions to love each other. These reveal a growing concern for the good of others, and a realization that we must learn to get along better among ourselves.

We are grateful to the people who keep this need for love before us, and keep telling us some things about what love is.

THERE IS NO SHORTAGE of romantic love, or erotic love, so far as I know. It is another kind of love that seems to be in short supply; it is the practical love of man for his fellowman.

It is not a sentimental feeling, but is rather the attitudes and manifestations of a human being at his best.

"**LOVE IS A THING** to be learned. It is a difficult, complex maintenance of individual integrity throughout the incalculable process of inter-human polarity." — Lawrence.

The fact to be remembered is that love can be learned.

LOVE IS NOT DEFINED, but rather described by a combining of its characteristics.

This description is one of the greatest works of inspiration, and is not to be found elsewhere.

Paraphrasing the Biblical description of love gives us a better understanding of our need and what can fill this need.

LOVE ENDURES LONG and is patient and kind; love is not envious, and does not boil over with jealousy.

It is not boastful or vainglorious. It does

not display itself haughtily.

LOVE IS NOT CONCEITED, not arrogant and inflated with pride. It is not rude, and does not act unbecomingly.

LOVE DOES NOT INSIST on its own rights or its own way, because it is not self-seeking. It is not touchy or fretful or resentful.

LOVE TAKES NO ACCOUNT of evil done to it. It pays no attention to a suffered wrong.

LOVE DOES NOT rejoice at injustice and unrighteousness, but rejoices when right and truth prevail.

LOVE BEARS UP under anything and everything that comes. It is ever ready to believe the best of every person. Its hopes are fadless under all circumstances, and it endures everything without weakening.

LOVE NEVER FAILS. It never fades out or becomes obsolete. It never ends

THE DISTORTION of good things is one of the great curses of our time. Much that we need is being polluted and changed. Good words are being put in faulty and twisted context. Love is being thus perverted in every possible way.

RECENTLY, some efforts are being made to communicate the true meaning of love. Of course, we are thankful for these and we support them.

THE LOVE WE NEED harmonizes with and upholds everything that is decent, and just, and moral, and whatever is in good taste. It opposes all that is cheap, vulgar, degrading, indecent and false.

TRUE LOVE IS closely allied with true knowledge and all good judgment.

Sidelights

By BILL BOYKIN

TEXAS PRESS ASSOCIATION

STATE OPERATION and funding of a food stamp program in all 254 Texas counties was proposed this week by Gov. Preston Smith.

Cost to the state is estimated at \$17 million to \$20 million, but Smith says the expenditure would generate over \$285 million of economic activity in Texas cities and counties and offer low income citizens opportunity for better nourishment than is provided by commodity programs in some counties.

Among problems with the proposal is lack of money available at the moment to the U.S. Department of Agriculture which funds a large portion of the food stamp program. USDA says it would have to ask for additional congressional appropriations to fund the governor's proposed state-wide program.

Smith says he believes the state's share of the cost would be money well spent and it would relieve counties of the financial burden of administering the program and issuing stamps — requirements under new federal guidelines.

Texas Welfare Commissioner Raymond Vowell said he doubts the statewide program could be initiated by Sept. 1, 1972, start of the state's new fiscal year, as proposed by the governor, but he will talk to the governor about it.

Smith still says he wants to wait as long as possible before calling a special session of the Legislature this year to write an appropriations bill for fiscal 1972 and handle whatever other matters the governor chooses to submit — including the food stamp proposal. He estimates cost of a special session at \$800,000 to \$1 million. Others claim his cost figure is far too high.

EDITORS' POLL — NEWSPAPER EDITORS and publishers were polled on state political races last week at the meeting of the West Texas Press Association in Sweetwater. Question one asked the editors what they thought would carry their counties.

Governor: Smith, 15; Barnes, 11; Briscoe, 9. U. S. Senate: Tower, 11; Yarborough, 10; Sanders, 7. Lt. Gov.: Connally, 10; Hobby, 5; Christie, 3; Hall, 1 and Jones, 1.

Asked whom they would vote for, the editors said: Governor: Briscoe, 15; Barnes, 8; Smith, 6; Farenthold, 4. U. S. Senate: Tower, 20; Sanders, 5; Yarborough, 5. Lt. Gov.: Connally, 11; Hobby, 7 and Christie, 3.

ELECTION FINANCING — Still up in the air is the question of how state primary elections this year are to be financed.

Secretary of State Bob Bullock, the state's chief election officer, says the federal courts have clearly stated he has authority to use state funds for operation of the elections, just as state funds are used to conduct general elections. Other state officials say a special legislative session would be needed to provide the money.

TIMBER RECOVERY SOUGHT

Atty. Gen Crawford Martin has filed suit to recover from the federal government \$732,000 for lands ceded to national forests of Texas.

Texas seeks money for stumpage sales on 658,513 acres in four national forests. The forests are Angelina (Angelina, Jasper, Nacogdoches and San Augustine counties); Davy Crockett (Houston and Trinity counties); Sabine (Jasper, Sabine, San Augustine and Shelby counties); and Sam Houston (Montgomery, San Jacinto and Walker counties).

Under a 1911 act of congress, 25 per cent of money received from each national forest was to be paid by the U.S. to the state in which the forest was located. Martin alleges that while there have been \$2.9 million in Texas forest stumpage sales over the last six years, the federal government has withheld from the state the 25 per cent share due it.

HOG QUARANTINE LIFTED

Texas Animal Health Commission removed 28 counties from the hog cholera quarantine list last week and placed them under restricted movement.

Counties are Aransas, Bandera, Bastrop, Brooks, Caldwell, Calhoun, Colorado, Comal, Dimmitt, Fayette, Frio, Guadalupe, Jim Hogg, Zapata, Jim Wells, Kendall, Kenedy, Kleberg, La Salle, Lavaca, Live Oak, McMullen, Matagorda, Medina, Nueces, Refugio, San Patricio and Wharton.

CRIME TAX

Houston and Harris County led the state during the first four months' collection of the new "crime tax", a court cost levied for use by the Texas Criminal Justice Council to upgrade local law enforcement planning.

The Legislature enacted the tax in 1971 to provide money for CJC. Under the tax, additional court costs of \$2.50 are levied for misdemeanor convictions in city, county and justice of the peace courts, \$5 for conviction on a misdemeanor in district courts and \$10 for felony convictions.

Houston collected \$210,387 during the period, said State Comptroller Robert S. Calvert. Totals for other major cities included Dallas, \$117,266; San Antonio, \$83,479; Fort Worth, \$57,014; El Paso, \$29,935; Austin, \$34,098; Corpus Christi, \$24,429; Amarillo, \$18,453; Lubbock, \$31,608; Beaumont, \$23,811; Wichita Falls, \$9,049; Irving, \$13,582; Waco, \$15,756; Arlington, \$12,492; and Abilene, \$12,639.

County collections reported by Calvert included: Harris, \$42,629; Dallas, \$21,076; Bexar, \$6,267; Tarrant, \$7,811; El Paso, \$9,168; Travis, \$4,878; Jefferson, \$6,553; Hidalgo, \$7,184; Nueces, \$5,116; Lubbock, \$6,458; Galveston, \$7,049; McLennan, \$4,768; Cameron, \$4,717; Wichita, \$2,957 and Brazoria, \$6,565.

Raising Children Costly Item

How much does the average Lamb County family spend in bringing up a child?

Under present conditions, what does it cost to have and to rear that little bundle of joy from infancy to age 18?

Those questions come to the fore at this time because of a report, recently released by the Commission on Population and the American Future, showing what it averages — on a national basis.

In the local area, as well as elsewhere, the cost is vastly greater than it was when father and mother were children.

In those days, according to a study entitled "The Money Value of a Man," a typical family spent \$7,425 to raise a child to age 18. That covered the cost of childbirth, housing, food, clothing, transportation, education and medical expenses.

Nowadays, by way of comparison, that outlay would reach only about one-fourth of the way. The food bill alone, for the average youngster, runs to about \$8,500 in the 18 years, according to the Health Insurance Institute.

In Lamb County, and everywhere else, the amount that a family spends in the process of bringing up its children is closely governed by its income. Those who have a lot spend a lot.

In general, it is found, the outlay ranges from nearly 2.9 times a family's one year earnings, after taxes, to over 3.6 times earnings.

In the case of Lamb County, with its average net income of \$9,000 to \$10,000 per household, according to the latest figures, the 18-year expenditure is estimated at about \$32,300 per child.

A detailing of the outlays shows that, except for the first year, when close to \$3,000 may be spent for medical and hospital bills, furniture, clothing, medicines and the like, the greatest demand comes in the period between ages 13 and 18, when youngsters eat more, require more expensive clothes and more money for recreation.

Based upon current costs, the total expenditure by Lamb County parents for the 310 or so girls and boys in the area who reach 18 each year, comes to approximately \$10,013,000 to that point.

Walk-A-Mile Project Scheduled This Month

Exercise, food and prizes for just walking?

Sounds weird, huh? It may sound that way, but that's the deal for participating in "Walk a Mile For a Child". This program, sponsored by high school and junior high Student Councils, is designed by the March of Dimes in their research services of birth defected children.

It will begin at 9 a.m. and continue until 3 p.m., March 25, at the REA Building on Loop 289.

"Walk a Mile For a Child" is a 15-mile walk or hike programed to raise money for children with crippling birth defects, a tragedy affecting one family out of every ten. Over 250,000 babies are born each year with some kind of birth defect. Great strides are being made and there is much more to be done.

Funds are raised by "walkers" who receive donations from a number of sponsors, each agreeing to pay the walker varying amounts of money for each mile walked.

People of all ages may participate in this walk and

various prizes will be awarded. The eldest adult completing the walk will receive a free dinner for two at the Crescent House. A luncheon for two at the Tasty Taco will be awarded to the youngest child completing the walk. Also, a trophy will be given to the club having the

most participants in this walk. Food and drink may be purchased by the walkers at various check points during the walk.

Anyone wishing to participate in this walk may obtain additional information from any Student Council member.

Senior Play Cast Chosen

"A Connecticut Yankee In King Arthurs Court" has been chosen as the senior play. The story deals with the adventures of a shrewd and clever Yankee from Connecticut who finds himself thrown back in time to the middle ages, where he produces all the miracles of the twentieth century to baffle the court of King Arthur.

Cast consists of Mariha Brown, who plays the role of Queen Guenever, a domineering queen who practically runs the good-natured and somewhat discouraged King Arthur, who is played by Mark Rogers. Queen Morgan LeFay, a scheming black-hearted

woman, is played by Timmie Campbell. Her villainous partner, Merlin is portrayed by DeLon Walker.

Sandy and Elaine, the two charming young ladies of the court, are played by Shirley Priboth and Gail Williams. Hank Bennett the clever and funny Connecticut Yankee, is portrayed by Chuck Blevins. Marion, his sister, is breezily and happily played by Amy Owens. Mrs. Bennett their harassed mother, is played by Holly Hinkley.

Clarence, the mischievous page boy, is played by Velva Lee. Duff Wattenbarger and Kerry Nicholas play the roles of the excellent knights of old Sir Sagrator and Sir Lancelot.

VELVET SOUNDS, back row, left to right - Chuck Blevins, Kevin Kirby, Mike Toney, Kendall Cline, Maurice Gonzales, and Jim Bob Harris. Front row, left to right - Darla Sanderson, Charlotte Jennings, Holly Hinkley, Sheila Harrell, and Shirley Priboth.

Choir Group Activities Expanded This Year

The sound of music begins when the local LHS song birds gather to practice each day with their choir director, Mrs. Koma Sue Donworth.

Acappella Choir is not only a regular class at school, it participates in several activities throughout the year such as various concerts, Annual Contest, parties, a sight-reading clinic, and the yearly candy campaign.

The choir presented its first concert this year at Christmas. They plan to have two more concerts during the school year. Annual contest will be held in March. The choir will be tested on sight-reading and concert ability.

Selected members of the Acappella Choir will tryout for All-Region, sponsored by Texas Music Educators Association. In this region only the top four will travel on to All-State.

The choir had a sight-reading clinic a few months ago. The clinic was presented by Professor Hugo Marple, head of the music department at Texas Tech.

During the month of November, the Acappella Choir had its yearly candy campaign.

Students sold the fund raising project was given to the most. There was between Kevin Kirby and Charlotte Jennings the money.

This year is the first long time that the Booster Club has done several things to help out the LHS Choir.

Another new choir is the group of Sounds, which has programs for Littlefield surrounding area every Monday night. The members are Pam Cross, Sheila Holly Hinkley, Jennings, Shirley Darla Sanderson, Blevins, Kendall Cline, Kevin Kirby, and Toney.

Sometime during the choir selects two. This year Sheila Harrell was selected as Secretary. Officers for LHS Choir are Chuck Blevins, president; Holly Hinkley, president; Sheila Harrell, secretary; Charlotte Jennings, treasurer; Beverly social chairman; and publication.

LHS SPEAKS OUT

Spring Fever

Nature will soon bud out with the freshness of spring, and everyone is becoming a little moody, for a new season is getting nearer as each day passes.

Each individual wants to get outside and enjoy the warm sunshine and soft breezes. This makes one want to fly kites, ride bicycles, and just get out and enjoy nature's beauty. Spring fever is being aroused in almost everyone.

It affects different people in different ways, however.

Do you have spring fever? If so, what effect does it have on you? These were the questions presented to the students at LHS this week.

LINDA BIRKELBACH (Jr.) — "Yes, spring makes me feel free; kinda like a kite flying in a mild breeze."

TERRI CHANDLER (Soph.) — "Yes! All I want to do is goof off. It's really hard to pay attention in class."

ALAN MACKEY (Jr.) — "Yes, it makes me want to wear my shorts and fly my big Batman kite while I'm with Jeanie."

TERRI BIRKELBACH (Jr.) — "Yes, I don't like sitting in school when the weather is so nice. I'd rather be outside riding bicycles and messing around. I especially can't wait until it's

warm enough to go water skiing."

DENESE MCCURRY (Jr.) — "I get a feeling of wanting to be outside and not having anything to worry about. I guess I get an 'I don't care' feeling, but when I know I had better have an 'I do care' attitude or things might change for the worst."

LEN RICHEY (Soph.) — "Yes, I am ready for spring and being away from it all for a long time."

CINDIE HUBER (Soph.) — "Yes, I look out the window instead of paying attention in class and my grades are falling. It makes me a lot happier because school is almost out and I'll get my license!"

EDWARD YOAKUM (Soph.) — "Yes, it makes me feel wild!"

ROBBY NEWTON (Soph.) — "Yes, it makes me wish I was outside lying in the grass."

LARRY HOBRATSCHK (Jr.) — "Yes, I have spring fever just like everyone else. It makes me feel good all over and especially spring football has started."

RANDY DAYTON (Jr.) — "Yes, it keeps bugging me to get out of this rat-race."

KENNY FRANCIS (Jr.) — "Yes, because we don't have very much free time during school for spring. I can't wait for school to get out so I can enjoy it."

CATHY COMMENTS

Pride

Pride is an inner feeling which cannot be daunted or degraded. One of the strongest emotions known to man, it often accomplishes the seemingly impossible.

Pride builds in the inner regions of one's soul and causes one to lift his head high, despite the degrading and jeerings received from others who call themselves "true friends."

Caution in our world is a necessity. Never become easily wooed or swayed and you shall never be disappointed. Be ever prepared for the unexpected and you will never be caught by surprise.

Remain proud — yet, always be humble in your actions. Softly spoken words often carry more weight than dramatic shouts.

Always treasure your pride for it is a true and a very real possession. It can fight off the worst enemies and tackle seemingly impossible endeavors. Be faithful to yourself — but most of all, have pride in yourself and your actions.

Big Time Chef Found In LHS

By FREEDA RUDD

Tim Walker's favorite pastime is cooking. As he puts it:

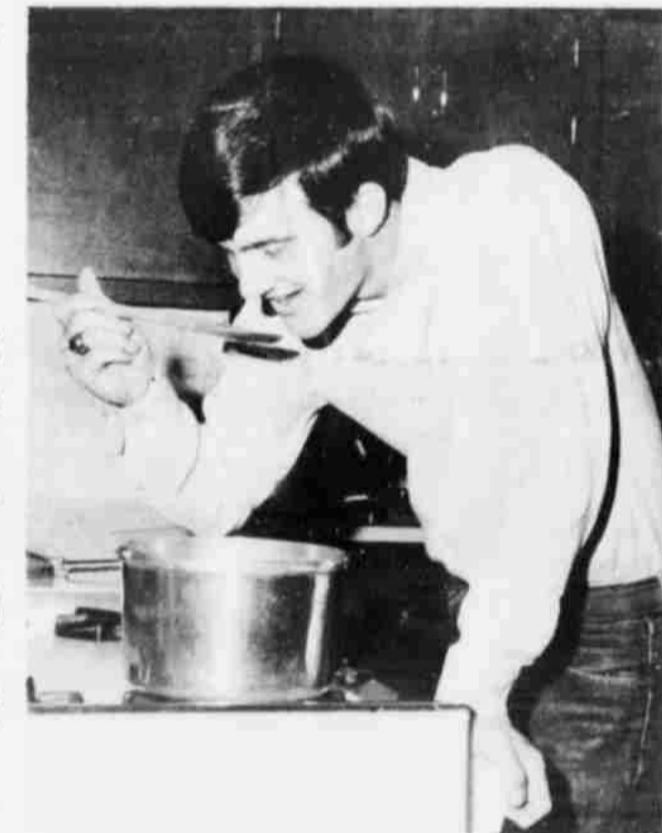

"I have to cook to survive." A junior at LHS, Tim enjoys cooking Italian food and likes charcoal steak better than broiled steak.

Tim is really messy, so naturally he'd rather cook for a small group than a large group. He usually cooks breakfast for his mother and father, Mr. and Mrs. L. J. Walker.

"My ambition is to learn to crack eggs with one hand," Tim says.

His favorite desserts are pecan pie, chocolate pie, and tapioca pudding.

"My biggest disaster was that time I tried to make beef stroganoff and it flopped," explains Tim.

Seniors Recall The Past . . . And Look To The Future

By WANDA COTTER

CAROLYN GRAY

Carolyn Gray has been a member of Girls Athletic Association for three years. During her senior year, she has served the organization as president. She has been on the volleyball team for three years and was a member of the 1970-71 District champions volleyball team. During her senior year, Carolyn has been a varsity cheerleader. She also works in the high school office as an office girl.

Someone who thinks that they are better than anyone else is this senior's pet peeve. Mexican food is her favorite food and blue is her favorite color. During her spare time, she enjoys riding horses and swimming.

Carolyn likes LHS because it gives her a chance to be with her friends. Her favorite class was fourth period PE. Her most embarrassing memory is of the time that she was leaning against the wall and her boyfriend knocked her feet out from under her so that there was no place to go but down. Her most memorable occasion was the day that she tried out for cheerleader.

Carolyn's plans following graduation include moving to Midland and getting a job. Her advice to future LHS seniors is for them to have as much fun as they can.

ALLEN GRISHAM

Allen Grisham has been a member of National Honor Society for two years. During his sophomore year, he received a sweater award in geometry. He has played football for three years, two of

these on the varsity. Allen was also named to the All-District team in 3-AA.

This senior lists the LHS lunchroom as his pet peeve. Blue is the color that he likes the most and he enjoys eating steak. During his spare time, he enjoys participating in various sports and messing around.

The best part of high school, according to Allen, was being around people and having fun. He says that he has too many embarrassing incidents, none any worse than the others, to list. Winning district during his senior year was one of his more memorable occasions.

Allen plans to attend Texas Tech University in the fall. He advises the class of '73 to get away with all they can while they are still in high school.

BOB GRISSOM

Bob Grissom has been a member of National Honor Society for two years. During the first semester of his senior year, he served the organization as vice-president. He is president of Wildcat Band of which he has been a member for three years. During his junior year, he was junior representative to Student Council and a member of Science Club. Bob has received sweater awards in world history and chemistry.

People who think they are better than everyone else are one of Bob's pet peeves. He says that his favorite food is sirloin steak and blue is his favorite color. Dragging main, working with stereos, reading, and playing drums are some of his pastimes.

The assemblies, the students, and the organizations were the things that Bob enjoyed while

he was at LHS. Winning sweepstakes in band during his junior year was his most memorable occasion.

Bob plans to attend South Plains Junior College for two years and major in electrical engineering and then attend Rice and get his degree. He advises next year's seniors to try and get along with everyone so that they can enjoy their last year of high school.

DEBBIE HAFLEY

Debbie Hafley represents the senior class of LHS in Student Council. She serves as president of Industrial Arts and was Football Queen. Debbie was a candidate for Homecoming Queen during her senior year and a Football Queen candidate and Basketball Queen candidate during her junior year. She also belongs to Kat Klub and DE.

Debbie says that her two pet peeves are popping knuckles and smacking gum. Blue is her favorite color and she enjoys eating Italian food. During her spare time, this senior likes swimming, trying to snow ski, and any kind of art.

The things that Debbie liked about LHS were that it made her feel grown-up and it helped her develop a closer relationship with the teachers. She recalls the time that she went into the boys' bathroom as her most embarrassing memory. The night that she was crowned Football Queen is her most memorable moment.

Debbie plans to go to South Plains Junior College when she leaves LHS. She advises future seniors to study hard, have some fun, and make friends instead of enemies.

BRUCE HALL

Bruce Hall has served as drum major of Wildcat Band for two years. He has belonged to the organization for three years and has been a member of All-Region Band for two years. During his sophomore year, he belonged to Spanish Club. When he was a junior, he was a Science Club member and he had a poem published. He was in the cast of the 1970 All-School Play.

Bruce doesn't like it when he sees someone trying to be somebody that they're not. Green is his favorite color and he enjoys eating Italian food. During his spare time, this senior likes to play the guitar and draw.

Making sweepstakes in the band during his junior year was Bruce's most memorable occasion. He says that the time he almost ran into Mrs. Irene Lynn in the hall during lunch was his most embarrassing memory. The thing Bruce enjoyed about LHS was that it gave him a chance to be around his friends.

Attending Texas Tech University after he graduates is among the things that Bruce has planned for his future. To future seniors, he says:

"It's your last year in school so make it your best year."

JIM HALL

Jim Hall has served as vice-president of Vocational Industrial Clubs of America during his senior year at Littlefield High School. He has also been involved in the agriculture department. Another course which has taken much of Jim's time is auto-mechanics.

Jim says that his pet peeve is "when I am driving and old people who drive persistently one-half mph are in front of me." Blue is Jim's favorite color. During his spare time, he enjoys working on cars, and listening to music, preferably hard rock.

The things that Jim liked best about LHS were receiving an education, having an awareness of a future goal, and his relation with friends. His most embarrassing moment was when he had to say a poem and started stuttering in English class. He says that his most memorable occasion will be when he receives his diploma.

Jim plans to attend South Plains Junior College after he graduates from high school. He advises future seniors to not quit school.

SHEILA HARRELL

Many of Sheila Harrell's activities center around choir. She has been a member of the organization for three years. During her sophomore year, she was an officer in girls' choir. She now serves as secretary and sweetheart of the LHS choir as well as being involved in Velvet Sounds, a singing group. Sheila is a member of FTA and fourth vice-president of FHA. She is treasurer of the senior class, a member of Wildcat Band, and a former member of Language Club.

Sheila says that her pet peeve is people talking with food in their mouths. Purple and seafood are some of her favorites. Singing, collecting stamps and bottles, and decoupage take up most of her time.

Survey Reveals Law Not Obeyed

An informal roadside survey made recently by the Texas Safety Association shows that some Texas gravel truck operators and other loose material haulers may be unknowingly violating a new law.

The statewide safety group in a release from their Austin headquarters today said the law is one passed by the last session of the legislature governing the loading and hauling of loose materials including gravel, sand and dirt. The law does not apply to agricultural products.

The law requires that trucks be loaded no higher than six inches below the top of the sideboards when left uncovered. Higher loads must be covered by canvas to prevent spillage.

Materials fall from a truck because of improper loading, both the hauler and the loader are liable under the law.

Fines for the first offenses can be from \$25 to \$200, subsequent offenses carry fines of not less than \$200.

New Color Film Slated Saturday

Take a thousand-pound grizzly and put him in one of the few remaining wilderness areas of the country, the high Uintah Mountains of Utah; then add about 20 other North American wild animals, a fine performance by Leon Ames, and you have "Toklat," an extraordinary new family film.

The film will be shown at the Palace Theatre in Littlefield Saturday.

"Toklat" has been in the making for over five years, and required 125,000 feet of footage to come up with the right 4000 feet necessary for the picture. Now in 35mm Technicolor, it's ready for release.

The film is about a gigantic grizzly bear (shoe name, "Toklat", is derived from an Indian tongue meaning ferocious). And a grizzly, one of the world's largest land-dwelling carnivores, is an amazing animal indeed.

Ames' commentary is amusing, educational and poignant as he describes how he witnessed "Toklat's" growth for the years he knew him. The picture also captures the natural beauty of the wilderness and its changing seasons.

The film follows the development of "Toklat" from a cub to a giant, during which time one enjoys rare glimpses of a grizzly living, thriving, surviving, in a natural mountain wilderness.

Enter Leon Ames, a mountain man, whose respect and understanding of animals, especially "Toklat", is based on a lifetime's experience in the wilderness. His heart-rending task of seeking out the bear for the crime of self-defense, is a social statement on man's way and nature's way.

Ames' commentary is amusing, educational and poignant as he describes how he witnessed "Toklat's" growth for the years he knew him. The picture also captures the natural beauty of the wilderness and its changing seasons.

DURING DEPRESSION

Cream Sales Helped

Arthur and Pauline Nafzger's parents were among the "suckers" imported from Wisconsin and Iowa who bought virgin West Texas land.

Mrs. Nafzger came here in 1908 with her German parents, and Nafzger came to Lamb County in 1913 with his Swiss family.

Mrs. Nafzger was 11 years old, and she didn't like the looks of West Texas at all. Her first image wasn't improved any by her father's remark that he wished they hadn't even unloaded their things off the immigration car and wished they had turned around and gone back north instead. "But that was at first," she said.

Mr. and Mrs. Nafzger have lived southeast of Olton all 51 years of their married life.

Those were the good old days of milking cows with nothing between them and the north pole but some barbed wire. During the Depression, cream sold and shipped to Trinidad, Colo., kept the Nafzgers going. "We've still got one of those old cream cans with our name plate on it," Mrs. Nafzger said.

When the Nafzgers built their first little house, all the lumber was hauled by horse and buggy from Plainview. Mrs. Nafzger's father gave the couple a big coal range, and it was the only source of heat for several years.

The Nafzger's daughter weighed only three pounds when she was born, and they

All contributions may be taken to either of Littlefield's two banks, and will be used to help pay Tina's hospital bill.

She was moved from the intensive care ward at Lubbock's Methodist Hospital Sunday.

HONEY GRAYS

By CORNBALL BLEVINS

JUST HOPE NIXON is as good at statemanship as he is at politics. His trip to China just has to be an unmatched feat, as far as his political standing goes.

If he accomplished anything at all while in Red China, it'll all be for the plus side, as far as our relationship to those people is concerned.

And to have so much of the goings on televised, world-wide, is something else. Of course, I'm most sure that there wasn't anything shown but the best side of their culture.

ODDLY ENOUGH, it's some kind of an education for us to learn that these people walk upright, and on their hind laigs just like everybody else! It might help to a large extent, to learn that they're PEOPLE, having the ability to feel, talk and laugh, just as we do.

And, I'm sure the lesson is just as valuable when applied on the vice-versa side of the picture. Tho perhaps a little crass, rude, and, unthinking. We, also, qualify as to the requirements of membership in the human race.

POLITICALLY SPEAKING, unless the Reds straightway start bombin' the USA, my thinkin' is that Mr. Nixon has extended his lease on the White House.

On the financial side, I betcha, this trip cost us at least \$4.98!

However, if anything has been accomplished toward makin' this ol' world a little more habitable for all concerned, we'll not begrudge the price.

NOW, AND ON the other hand! (Worry, worry!) — We've gotta wait for the reaction this little episode will have on our other acquaintances.

For instance, we've been sayin' "Howdy" to the Ruskiys, in passing. Will THEY still speak to us? And, what about our Allies, what will their attitude be, and, will they still love us?

FIRST THING YOU know, we may be faced with the prospect of none of them taking foreign aid from us. (Oh, perish the thought!)

We may be in the process of sharing guilt, "by reason of association".

WE KNOW, that by reason of our rapid transportation, the world has become alarmingly, smaller. Why, shux, by reason of pressing a button, we could deliver an atom bomb to Peking in a matter of minutes! We know, also, that this speedy delivery, can work the other way around.

For this reason, we've gotta find a way we can tolerate each other.

TROUBLE IS, when we arbitrate a difference, the common practice is for BOTH sides to give a little. The result, being, that neither side is as distinct as it was before.

For instance, when we mix red and white, it comes out PINK. Mix black and white, and we have gray. Mix red and yellow and we have orange. Mix them ALL together and it's purple! (I think) (Gonna have to be a lotta bussin' done to get THIS accomplished!) There's no more white, red, black, or yellow!

NOW, AS TO JUST what you'll get when you start mixin' all our governments together, is anybody's guess. (We're so close to Socialism now, that you can hardly tell the difference.) Let's see, you take capitalism, communism, and socialism. Stir well with Democracy, monarchy and ANARCHY, and whatta we get?

(Lord, I hope I can get ready for Heaven!)

ANYWAY, WHEN it's all ironed out, it's supposed to be UTOPIA! — Any questions??

HONOR STUDENTS in the 1972 graduating class all have high school college preparatory averages of above 90. Mark Rogers is valedictorian and Kathy Turner is salutatorian. These are the next 10 honor grads.

Standing, left to right, are Cynthia Adair, Martha Brown, Allen Grisham, Gail Williams and Annelie Harris. Seated are Bob Ed Grissom, Kerry Nicholas, Ralph Funk, Chuck Blevins and Larry Birkelbach.

THE ABUNDANT LIFE

Love Is

By BOB WEAR

FROM MANY SOURCES, some unexpected, we hear admonitions to love each other. These reveal a growing concern for the good of others, and a realization that we must learn to get along better among ourselves.

We are grateful to the people who keep this need for love before us, and keep telling us some things about what love is.

THERE IS NO SHORTAGE of romantic love, or erotic love, so far as I know. It is another kind of love that seems to be in short supply; it is the practical love of man for his fellowman.

It is not a sentimental feeling, but is rather the attitudes and manifestations of a human being at his best.

"LOVE IS A THING to be learned. It is a difficult, complex maintenance of individual integrity throughout the incalculable process of inter-human polarity." — Lawrence.

The fact to be remembered is that love can be learned.

LOVE IS NOT DEFINED, but rather described by a combining of its characteristics.

This description is one of the greatest works of inspiration, and is not to be found elsewhere.

Paraphrasing the Biblical description of love gives us a better understanding of our need and what can fill this need.

LOVE ENDURES LONG and is patient and kind; it is not envious, and does not boil over with jealousy.

It is not boastful or vainglorious. It does

not display itself haughtily.

LOVE IS NOT CONCEITED, not arrogant and inflated with pride. It is not rude, and does not act unbecomingly.

LOVE DOES NOT INSIST on its own rights or its own way, because it is not self-seeking. It is not touchy or fretful or resentful.

LOVE TAKES NO ACCOUNT of evil done to it. It pays no attention to a suffered wrong.

LOVE DOES NOT rejoice at injustice and unrighteousness, but rejoices when right and truth prevail.

LOVE BEARS UP under anything and everything that comes. It is ever ready to believe the best of every person. Its hopes are fadeless under all circumstances, and it endures everything without weakening.

LOVE NEVER FAILS. It never fades out or becomes obsolete. It never ends.

THE DISTORTION of good things is one of the great curses of our time. Much that we need is being polluted and changed. Good words are being put in faulty and twisted context. Love is being thus perverted in every possible way.

RECENTLY, some efforts are being made to communicate the true meaning of love. Of course, we are thankful for these and we support them.

THE LOVE WE NEED harmonizes with and upholds everything that is decent, and just, and moral, and whatever is in good taste. It opposes all that is cheap, vulgar, degrading, indecent and false.

TRUE LOVE IS closely allied with true knowledge and all good judgment.

Raising Children Costly Item

How much does the average Lamb County family spend in bringing up a child?

Under present conditions, what does it cost to have and to rear that little bundle of joy from infancy to age 18?

Those questions come to the fore at this time because of a report, recently released by the Commission on Population and the American Future, showing what it averages — on a national basis.

In the local area, as well as elsewhere, the cost is vastly greater than it was when father and mother were children.

In those days, according to a study entitled "The Money Value of a Man," a typical family spent \$7,425 to raise a child to age 18. That covered the cost of childbirth, housing, food, clothing, transportation, education and medical expenses.

Nowadays, by way of comparison, that outlay would reach only about one-fourth of the way. The food bill alone, for the average youngster, runs to about \$8,500 in the 18 years, according to the Health Insurance Institute.

In Lamb County, and everywhere else, the amount that a family spends in the process of bringing up its children is closely governed by its income. Those who have a lot spend a lot.

In general, it is found, the outlay ranges from nearly 2.9 times a family's one year earnings, after taxes, to over 3.6 times earnings.

In the case of Lamb County, with its average net income of \$9,000 to \$10,000 per household, according to the latest figures, the 18-year expenditure is estimated at about \$32,300 per child.

A detailing of the outlays shows that, except for the first year, when close to \$3,000 may be spent for medical and hospital bills, furniture, clothing, medicines and the like, the greatest demand comes in the period between ages 13 and 18, when youngsters eat more, require more expensive clothes and more money for recreation.

Based upon current costs, the total expenditure by Lamb County parents for the 310 or so girls and boys in the area who reach 18 each year, comes to approximately \$10,013,000 to that point.

STATE CAPITAL
Highlights
AND
Sidelights
By BILL BOYKIN
TEXAS PRESS ASSOCIATION

STATE OPERATION and funding of a food stamp program in all 254 Texas counties was proposed this week by Gov. Preston Smith.

Cost to the state is estimated at \$17 million to \$20 million, but Smith says the expenditure would generate over \$285 million of economic activity in Texas cities and counties and offer low income citizens opportunity for better nourishment than is provided by commodity programs in some counties.

Among problems with the proposal is lack of money available at the moment to the U.S. Department of Agriculture which funds a large portion of the food stamp program. USDA says it would have to ask for additional congressional appropriations to fund the governor's proposed state-wide program.

Smith says he believes the state's share of the cost would be money well spent and it would relieve counties of the financial burden of administering the program and issuing stamps — requirements under new federal guidelines.

Texas Welfare Commissioner Raymond Vowell said he doubts the statewide program could be initiated by the Sept. 1, 1972, start of the state's new fiscal year, as proposed by the governor, but he will talk to the governor about it.

Smith still says he wants to wait as long as possible before calling a special session of the Legislature this year to write an appropriations bill for fiscal 1972 and handle whatever other matters the governor chooses to submit — including the food stamp proposal. He estimates cost of a special session at \$800,000 to \$1 million. Others claim his cost figure is far too high.

EDITORS' POLL

NEWSPAPER EDITORS and publishers were polled on state political races last week at the meeting of the West Texas Press Association in Sweetwater. Question one asked the editors what they thought would carry their counties.

Governor: Smith, 15; Barnes, 11; Briscoe, 9. U. S. Senate: Tower, 11; Yarborough, 10; Sanders, 7. Lt. Gov.: Connally, 10; Hobby, 5; Christie, 3; Hall, 1 and Jones, 1.

Asked whom they would vote for, the editors said: Governor: Briscoe, 15; Barnes, 8; Smith, 6; Farenthold, 4. U. S. Senate: Tower, 20; Sanders, 5; Yarborough, 5. Lt. Gov.: Connally, 11; Hobby, 7 and Christie, 3.

ELECTION FINANCING

Still up in the air is the question of how state primary elections this year are to be financed.

Secretary of State Bob Bullock, the state's chief election officer, says the federal courts have clearly stated he has authority to use state funds for operation of the elections, just as state funds are used to conduct general elections. Other state officials say a special legislative session would be needed to provide the money.

TIMBER RECOVERY SOUGHT

Atty. Gen Crawford Martin has filed suit to recover from the federal government \$732,000 for lands ceded to national forests of Texas.

Texas seeks money for stumpage sales on 658,513 acres in four national forests. The forests are Angelina (Angelina, Jasper, Nacogdoches and San Augustine counties); Davy Crockett (Houston and Trinity counties); Sabine (Jasper, Sabine, San Augustine and Shelby counties) and Sam Houston (Montgomery, San Jacinto and Walker counties).

Under a 1911 act of congress, 25 per cent of money received from each national forest was to be paid by the U.S. to the state in which the forest was located. Martin alleges that while there have been \$2.9 million in Texas forest stumpage sales over the last six years, the federal government has withheld from the state the 25 per cent share due it.

HOG QUARANTINE LIFTED

Texas Animal Health Commission removed 28 counties from the hog cholera quarantine list last week and placed them under restricted movement.

Counties are Aransas, Bandera, Bastrop, Brooks, Caldwell, Calhoun, Colorado, Comal, Dimmitt, Fayette, Frio, Guadalupe, Jim Hogg, Zapata, Jim Wells, Kendall, Kenedy, Kleberg, La Salle, Lavaca, Live Oak, McMullen, Matagorda, Medina, Nueces, Refugio, San Patricio and Wharton.

CRIME TAX

Houston and Harris County led the state during the first four months' collection of the new "crime tax", a court cost levied for use by the Texas Criminal Justice Council to upgrade local law enforcement planning.

The Legislature enacted the tax in 1971 to provide money for CJC. Under the tax, additional court costs of \$2.50 are levied for misdemeanor convictions in city, county and justice of the peace courts, \$5 for conviction on a misdemeanor in district courts and \$10 for felony convictions.

Houston collected \$210,387 during the period, said State Comptroller Robert S. Calvert. Totals for other major cities included Dallas, \$117,266; San Antonio, \$83,479; Fort Worth, \$57,014; El Paso, \$29,935; Austin, \$34,098; Corpus Christi, \$24,429; Amarillo, \$18,453; Lubbock, \$31,608; Beaumont, \$23,811; Wichita Falls, \$9,049; Irving, \$13,582; Waco, \$15,756; Arlington, \$12,492; and Abilene, \$12,639.

County collections reported by Calvert included: Harris, \$42,629; Dallas, \$21,076; Bexar, \$6,267; Tarrant, \$7,811; El Paso, \$9,168; Travis, \$4,878; Jefferson, \$6,553; Hidalgo, \$7,184; Nueces, \$5,116; Lubbock, \$6,458; Galveston, \$7,049; McLennan, \$4,768; Cameron, \$4,717; Wichita, \$2,957 and Brazoria, \$6,565.

Walk-A-Mile Project Scheduled This Month

Exercise, food and prizes for just walking? Sounds weird, huh? It may sound that way, but that's the deal for participating in "Walk a Mile For a Child". This program, sponsored by high school and junior high Student Councils, is designed by the March of Dimes in their research services of birth defected children.

It will begin at 9 a.m. and continue until 3 p.m., March 25, at the REA Building on Loop 289.

"Walk a Mile For a Child" is a 15-mile walk or hike programed to raise money for children with crippling birth defects, a tragedy affecting one family out of every ten. Over 250,000 babies are born each year with some kind of birth defect. Great strides are being made and there is much more to be done. Funds are raised by "walkers" who receive donations from a number of sponsors, each agreeing to pay the walker varying amounts of money for each mile walked. People of all ages may participate in this walk and

various prizes will be awarded. The eldest adult completing the walk will receive a free dinner for two at the Crescent House. A luncheon for two at the Tasty Taco will be awarded to the youngest child completing the walk. Also, a trophy will be given to the club having the

most participants in this walk. Food and drink may be purchased by the walkers at various check points during the walk. Anyone wishing to participate in this walk may obtain additional information from any Student Council member.

Senior Play Cast Chosen

"A Connecticut Yankee In King Arthurs Court" has been chosen as the senior play. The story deals with the adventures of a shrewd and clever Yankee from Connecticut who finds himself thrown back in time to the middle ages, where he produces all the miracles of the twentieth century to baffle the court of King Arthur.

Cast consists of Martha Brown, who plays the role of Queen Guenever, a domineering queen who practically runs the good-natured and somewhat discouraged King Arthur, who is played by Mark Rogers. Queen Morgan LeFay, a scheming black-hearted

woman, is played by Timmie Campbell. Her villainous partner, Merlin is portrayed by DeLon Walker.

Sandy and Elaine, the two charming young ladies of the court, are played by Shirley Priboth and Gail Williams. Hank Bennett the clever and funny Connecticut Yankee, is portrayed by Chuck Blevins. Marion, his sister, is breezily and happily played by Amy Owens. Mrs. Bennett their harassed mother, is played by Holly Hinkley.

Clarence, the mischievous page boy, is played by Velvee Lee. Duff Wattenbarger and Kerry Nicholas play the roles of the excellent knights of old Sir Sagramor and Sir Lancelot.

VELVET SOUNDS, back row, left to right - Chuck Blevins, Kevin Kirby, Mike Toney, Kendall Cline, Maurice Gonzales, and Jim Bob Harris. Front row, left to right - Darla Sanderson, Charlotte Jennings, Holly Hinkley, Sheila Harrell, and Shirley Priboth.

Choir Group Activities Expanded This Year

Acappella Choir is not only a regular class at school, it participates in several activities throughout the year such as various concerts, Annual Contest, parties, a sight-reading clinic, and the yearly candy campaign.

The choir presented its first concert this year at Christmas. They plan to have two more concerts during the school year.

Annual contest will be held in March. The choir will be tested on sight-reading and concert ability.

Selected members of the Acappella Choir will tryout for All-Region, sponsored by Texas Music Educators Association. In this region only the top four will travel on to All-State.

The choir had a sight-reading clinic a few months ago. The clinic was presented by Professor Hugo Marple, head of the music department at Texas Tech.

During the month of November, the Acappella Choir had its yearly candy campaign.

Big Time Chef Found In LHS

By FREEDA RUDD

Tim Walker's favorite pastime is cooking. As he puts it,

"I have to cook to survive." A junior at LHS, Tim enjoys cooking Italian food and likes charcoal steak better than broiled steak.

Tim is really messy, so naturally he'd rather cook for a small group than a large group. He usually cooks breakfast for his mother and father, Mr. and Mrs. L. J. Walker.

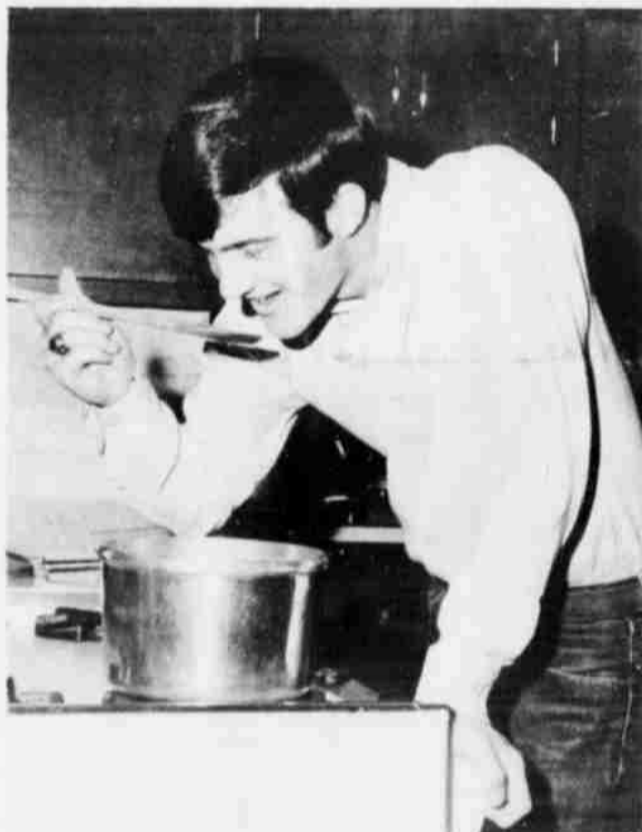

"My ambition is to learn to crack eggs with one hand," Tim says.

His favorite desserts are pecan pie, chocolate pie, and tapioca pudding.

"My biggest disaster was that time I tried to make beef stroganoff and it flopped," explains Tim.

Each individual wants to get outside and enjoy the warm sunshine and soft breezes. This makes one want to fly kites, ride bicycles, and just get out and enjoy nature's beauty. Spring fever is being aroused in almost everyone.

It affects different people in different ways, however. Do you have spring fever?

If so, what affect does it have on you? These were the questions presented to the students at LHS this week.

LINDA BIRKELBACH (Jr.) — "Yes, spring makes me feel free; kinda like a kite flying in a mild breeze."

TERRI CHANDLER (Soph.) — "Yes! All I want to do is goof off. It's really hard to pay attention in class."

ALAN MACKEY (Jr.) — "Yes, it makes me want to wear my shorts and fly my big Batman kite while I'm with Jeanie."

TERRI BIRKELBACH (Jr.) — "Yes, I don't like sitting in school when the weather is so nice. I'd rather be outside riding bicycles and messing around. I especially can't wait until it's

warm enough to go water skiing."

DENESE MCCURRY (Jr.) — "I get a feeling of wanting to be outside and not having anything to worry about. I guess I get an 'I don't care' feeling, but when I know I had better have an 'I do care' attitude or things might change for the worst."

LEN RICHEY (Soph.) — "Yes, I am ready for spring and being away from it all for a long time."

CINDIE HUBER (Soph.) — "Yes, I look out the window instead of paying attention in class and my grades are falling. It makes me a lot happier because school is almost out and I'll get my license!"

EDWARD YOAKUM (Soph.) — "Yes, it makes me feel wild!"

ROBBY NEWTON (Soph.) — "Yes, it makes me wish I was outside lying in the grass."

LARRY HOBRATSKICH (Jr.) — "Yes, I have spring fever just like everyone else. It makes me feel good all over and especially spring football has started."

RANDY DAYTON (Jr.) — "Yes, it keeps bugging me to get out of this rat-race."

KENNY FRANCIS (Jr.) — "Yes, because we don't have very much free time during school for spring. I can't wait for school to get out so I can enjoy it."

Pride

Pride is an inner feeling which cannot be daunted or degraded. One of the strongest emotions known to man, it often accomplishes the seemingly impossible.

Pride builds in the inner regions of one's soul and causes one to lift his head high, despite the degradings and jeerings received from others who call themselves "true friends."

Caution in our world is a necessity. Never become easily wooed or swayed and you shall never be disappointed. Be ever prepared for the unexpected and you will never be caught by surprise.

Remain proud — yet, always be humble in your actions. Softly spoken words often carry more weight than dramatic shouts.

Always treasure your pride for it is a true and a very real possession. It can fight off the worst enemies and tackle seemingly impossible endeavors.

Be faithful to yourself — but most of all, have pride in yourself and your actions.

Seniors Recall The Past . . . And Look To The Future

By WANDA COTTER

CAROLYN GRAY

Carolyn Gray has been a member of Girls Athletic Association for three years. During her senior year, she has served the organization as president. She has been on the volleyball team for three years and was a member of the 1970-71 District champions volleyball team. During her senior year, Carolyn has been a varsity cheerleader. She also works in the high school office as an office girl.

Someone who thinks that they are better than anyone else is this senior's pet peeve. Mexican food is her favorite food and blue is her favorite color. During her spare time, she enjoys riding horses and swimming.

Carolyn likes LHS because it gives her a chance to be with her friends. Her favorite class was fourth period PE. Her most embarrassing memory is of the time that she was leaning against the wall and her boyfriend knocked her feet out from under her so that there was no place to go but down. Her most memorable occasion was the day that she tried out for cheerleader.

Carolyn's plans following graduation include moving to Midland and getting a job. Her advice to future LHS seniors is for them to have as much fun as they can.

ALLEN GRISHAM

Allen Grisham has been a member of National Honor Society for two years. During his sophomore year, he received a sweater award in geometry. He has played football for three years, two of

these on the varsity. Allen was also named to the All-District team in 3-AA.

This senior lists the LHS lunchroom as his pet peeve. Blue is the color that he likes the most and he enjoys eating steak. During his spare time, he enjoys participating in various sports and messing around.

The best part of high school, according to Allen, was being around people and having fun. He says that he has too many embarrassing incidents, none any worse than the others, to list. Winning district during his senior year was one of his more memorable occasions.

Allen plans to attend Texas Tech University in the fall. He advises the class of '73 to get away with all they can while they are still in high school.

BOB GRISSOM

Bob Grissom has been a member of National Honor Society for two years. During the first semester of his senior year, he served the organization as vice-president. He is president of Wildcat Band of which he has been a member for three years. During his junior year, he was junior representative to Student Council and a member of Science Club. Bob has received sweater awards in world history and chemistry.

People who think they are better than everyone else are one of Bob's pet peeves. He says that his favorite food is sirloin steak and blue is his favorite color. Dragging main, working with stereos, reading, and playing drums are some of his pastimes.

The assemblies, the students, and the organizations were the things that Bob enjoyed while

he was at LHS. Winning sweepstakes in band during his junior year was his most memorable occasion.

Bob plans to attend South Plains Junior College for two years and major in electrical engineering and then attend Rice and get his degree. He advises next year's seniors to try and get along with everyone so that they can enjoy their last year of high school.

DEBBIE HAFLEY

Debbie Hafley represents the senior class of LHS in Student Council. She serves as president of Industrial Arts and was Football Queen. Debbie was a candidate for Homecoming Queen during her senior year and a Football Queen candidate and Basketball Queen candidate during her junior year. She also belongs to Kat Klub and DE.

Debbie says that her two pet peeves are popping knuckles and smacking gum. Blue is her favorite color and she enjoys eating Italian food. During her spare time, this senior likes swimming, trying to snow ski, and any kind of art.

The things that Debbie liked about LHS were that it made her feel grown-up and it helped her develop a closer relationship with the teachers. She recalls the time that she went into the boys' bathroom as her most embarrassing memory. The night that she was crowned Football Queen is her most memorable moment.

Debbie plans to go to South Plains Junior College when she leaves LHS. She advises future seniors to study hard, have some fun, and make friends instead of enemies.

BRUCE HALL

Bruce Hall has served as drum major of Wildcat Band for two years. He has belonged to the organization for three years and has been a member of All-Region Band for two years. During his sophomore year, he belonged to Spanish Club. When he was a junior, he was a Science Club member and he had a poem published. He was in the cast of the 1970 All-School Play.

Bruce doesn't like it when he sees someone trying to be somebody that they're not. Green is his favorite color and he enjoys eating Italian food. During his spare time, this senior likes to play the guitar and draw.

Making sweepstakes in the band during his junior year was Bruce's most memorable occasion. He says that the time he almost ran into Mrs. Irene Lynn in the hall during lunch was his most embarrassing memory. The thing Bruce enjoyed about LHS was that it gave him a chance to be around his friends.

Attending Texas Tech University after he graduates is among the things that Bruce has planned for his future. To future seniors, he says: "It's your last year in school so make it your best year."

JIM HALL

Jim Hall has served as vice-president of Vocational Industrial Clubs of America during his senior year at Littlefield High School. He has also been involved in the agriculture department. Another course which has taken much of Jim's time is auto-mechanics.

Jim says that his pet peeve is "when I am driving and old people who drive persistently one-half mph are in front of me." Blue is Jim's favorite color. During his spare time, he enjoys working on cars, and listening to music, preferably hard rock.

The things that Jim liked best about LHS were receiving an education, having an awareness of a future goal, and his relation with friends. His most embarrassing moment was when he had to say a poem and started stuttering in English class. He says that his most memorable occasion will be when he receives his diploma.

Jim plans to attend South Plains Junior College after he graduates from high school. He advises future seniors to not quit school.

SHEILA HARRELL

Many of Sheila Harrell's activities center around choir. She has been a member of the organization for three years. During her sophomore year, she was an officer in girls' choir. She now serves as secretary and sweetheart of the LHS choir as well as being involved in Velvet Sounds, a singing group. Sheila is a member of FTA and fourth vice-president of FHA. She is treasurer of the senior class, a member of Wildcat Band, and a former member of Language Club.

Sheila says that her pet peeve is people talking with food in their mouths. Purple and seafood are some of her favorites. Singing, collecting stamps and bottles, and decoupage take up most of her time.

Being able to talk and being

with friends are the things that Sheila likes about LHS. Her most embarrassing incident was when she went into the wrong class and sat down. The patriotic band concert during her junior year was her most memorable occasion.

Sheila plans to attend Cisco Junior College when she graduates. She advises future LHS seniors to have fun during their last year.

ANNELLE HARRIS

Annelle Harris has been a member of Wildcat Band for three years and a member of All-Region Band for two years. During her senior year, she has served as co-drum major of the marching band. For two years, she has been a squad leader in band. Annelle is a member of NHS and FTA. She has received sweater awards in English II and Latin and been a member of the 1971 All-School Play.

Being sick for six weeks during her senior year is what Annelle lists as her pet peeve. She enjoys eating roast beef and gravy. Turquoise is her favorite color. During her spare time, she enjoys sewing, playing the piano, listening to music, and daydreaming.

Annelle liked LHS because she enjoyed being around people who cared about each other and their future. Her most embarrassing incident was when she dropped the baton at drum-major tryouts.

Annelle plans to attend Texas Tech and major in education. She advises the class of '73 to provide leadership and set an example for the rest of the school.

PAM HASTEY

Pam Hasteay is a member of the newly-formed LHS Rodeo

Club. She has been a member of Wildcat Band and Kat Klub for two years. Another organization to which Pam belongs is Business Club. She is a reporter for the "Katalyst" and "Skat" staffs.

Pam's pet peeve is people who act like they are better than anyone else. Purple and yellow are her favorite colors and Mexican food is her favorite thing to eat. During her spare time, she enjoys being with "Don" and swimming.

Becoming a senior and free weekends were Pam's favorite parts of high school. Her most embarrassing occasion was the time that she got caught skipping school.

Pam would like to attend a beauty school when she graduates. She thinks that she might go to Jessie Lee's in Lubbock. She has but one word to say to future LHS students. "Graduate."

JOSEFINA HERRERA

Josefina Herrera was a member of Spanish Club during her sophomore and junior years. An organization to which Josefina has belonged during her senior year is Business Club.

Someone who thinks he is better than others is the pet peeve of this senior. Aqua blue is her favorite color and she enjoys eating enchiladas. Sewing, cooking, dancing, and insulting people for fun are all things that she enjoys doing during her spare time.

Josefina's most embarrassing memory occurred when she missed school because of a cold and one of her friends told the teacher that she was home with a hang-over. Being with her friends and

Survey Reveals Law Not Obeyed

An informal roadside survey made recently by the Texas Safety Association shows that some Texas gravel truck operators and other loose material haulers may be unknowingly violating a new law.

The statewide safety group in a release from their Austin headquarters today said the law is one passed by the last session of the legislature governing the loading and hauling of loose materials including gravel, sand and dirt. The law does not apply to agricultural products.

The law requires that trucks be loaded no higher than six inches below the top of the sideboards when left uncovered. Higher loads must be covered by canvas to prevent spillage.

Materials fall from a truck because of improper loading, both the hauler and the loader are liable under the law.

Fines for the first offenses can be from \$25 to \$200, subsequent offenses carry fines of not less than \$200.

School Board Members

Attend Rodeo Meeting

Two members of the LHS school board, Werner Birkelbach and Doug Walden, attended a recent Rodeo Club meeting at LHS.

Asked why the schoolboard was invited, President Brad Nace replied, "Well there is no special reason. They were nice enough to let us give this club a chance, so the club felt they should see what we have done and what we would like to see done in the future."

A special vote of thanks and appreciation was extended to the board members.

Other guests were Lawrence Macha, Mr. and Mrs. Les Lichte, Mr. and Mrs. Gene Ratliff, Terry Birkelbach, and Brad Allen.

Vests for the participants to wear in the rodeos, a bake sale, and the question of letting sophomores ride in the rodeos were the main items of discussion.

All meetings will be held on the second and fourth Mondays of every month in the chemistry lab at 8:30 p.m. Public is invited to attend.

Students Register For 72-73 Classes

As seniors recall the past and look to the future, the sophomores and juniors are also called upon to recall their past and look to their future.

Pre-registration began Monday, Feb. 21, for all sophomores and juniors who plan to attend Littlefield High School next fall. This registration must be completed by the end of March so that new textbooks may be ordered, according to Mrs. Ima Roycroft, LHS counselor.

Junior class members, next year's seniors, are taking time out of their study halls to pre-register. If a student does not have a study hall, he may see Mrs. Roycroft before school, or possibly during an elective course.

"A seven-period day will continue as next year's basic schedule," comments Mrs. Roycroft.

These students are requested to make sure that the courses they have taken and plan to take meet the requirements for graduation.

Two Wrecks Investigated

City police have investigated two wrecks this week.

Seven-year-old Trevia Rene James was taken to Medical Arts Hospital Saturday afternoon, after she was struck on her bicycle by a 1962 Chevrolet, driven by Raymond Rosemond of Littlefield.

According to the investigating officer's report, Rosemond's vehicle was going east near Elm Street, when Miss James

rode her bicycle from between parked cars on the right side of the street and into the path of the moving car.

The driver took her to the hospital, where she was treated for bruises.

Sunday afternoon, Booker L. Ross of Littlefield was driving a 1964 Pontiac north on Hilburn, and according to the officer's report, Ross stated that there was not enough room to pass a parked 1971 Chevrolet, owned by Lutilda Young Robins of Los Angeles, Calif. The Pontiac hit the front left corner of the bumper on the Chevrolet.

Winds Fan Big Blazes

Windy days have made fighting fires busy times for Littlefield Volunteer firemen the past few days.

Three calls were answered Monday.

At 2:48 p.m. Monday, firemen answered a call 16 miles west on the Bula Highway, 2 miles north of 37 and 1/2 mile west, where a vacant building was burning and was about to set hay on fire.

New Color Film Slated Saturday

Take a thousand-pound grizzly and put him in one of the few remaining wilderness areas of the country, the high Uintah Mountains of Utah, then add about 20 other North American wild animals, a fine performance by Leon Ames, and you have "Toklat," an extraordinary new family film.

The film will be shown at the Palace Theatre in Littlefield Saturday.

"Toklat" has been in the

making for over five years, and required 125,000 feet of footage to come up with the right 4000 feet necessary for the picture. Now in 35mm Technicolor, it's ready for release.

The film is about a gigantic grizzly bear (shoe name, "Toklat", is derived from an Indian tongue meaning ferocious). And a grizzly, one of the world's largest land-dwelling carnivores, is an amazing animal indeed.

The film follows the development of "Toklat" from a cub to a giant, during which time one enjoys rare glimpses of a grizzly living, thriving, surviving, in a natural mountain wilderness.

Enter Leon Ames, a mountain man, whose respect and understanding of animals, especially "Toklat", is based on a lifetime's experience in the wilderness. His heart-rending task of seeking out the bear for the crime of self-defense, is a social statement on man's way and nature's way.

Ames' commentary is amusing, educational and poignant as he describes how he witnessed "Toklat's" growth for the years he knew him.

The picture also captures the natural beauty of the wilderness and its changing seasons.

The closing was the result of a suit on a note, filed by
