

BUILDING BOOM is expressed in photos of two new business buildings going up in Littlefield. Since the start of Littlefield's fiscal year Oct. 1, building permits have been issued for a total of \$1,687,400 for construction of commercial and

residential buildings. First is the new Tri-County Savings and Loan Association building, which is due to be complete for occupancy by April 1. The second photo is the steel beam framework for the new Higginbotham Bartlett Lumber Company store.

which will be across the street due east of the present store location. The building boom has been attributed to the new \$30 million denim plant being constructed here.

Cloud seeding hearing set

An adjudicative hearing aimed at determining whether some area farmers have been harmed by hail suppression programs will be held in Lubbock Wednesday.

The hearing is scheduled for 10 a.m. in the Tech University law school courtroom.

Two companies, Plains Weather Improvement Association Inc. and Atmospherics Inc., have applied to the Texas Water Development Board for four-year permits to modify weather over the South Plains, beginning this spring.

Royston S. Lanning, water board general counsel, said that claims and counter-claims concerning the two companies would be aired in the single hearing, unless any interested parties raise a valid objection to that procedure.

At the hearing, it is expected that all

testimony will be given under oath, and witnesses may be cross-examined.

Weather modification has been a center of controversy since it was inaugurated in this area in 1970.

Proponents of the programs, which are funded on a volunteer basis by one group of farmers, claim cloud seeding has reduced hail capable of wiping out crops.

Most of the backers of the programs are farmers who have irrigated land.

Opponents, mainly dryland farmers, claim cloud seeding reduces rainfall needed to raise crops.

At the March 17 hearing, opponents will be called upon to produce valid evidence to substantiate that claim.

Adding fuel to the controversy is the fact that this year, for the first time, the state water development board is empowered to issue permits for up to four years. Prior to a 1975 amendment

to the basic statute, permits could be authorized only on an annual basis.

Public hearings on the proposed programs were conducted last month in Plainview and Littlefield.

Water development board chairman A. L. Black said after those hearings that public sentiment would be taken into account when the board makes its decision, but indicated that the March 17 adjudicative hearing would have more import.

Lanning said the board could be expected to make its decision on the permit applications within 60 days after the upcoming hearing.

After the decision is announced, protesting parties will have 15 days to file a motion for a rehearing, but, Lanning indicated, the board would be free to turn down the motion.

Lions, Pink Raiders game slated

The Leaping Littlefield Lions and the Lubbock Pink Raiders tangle for a tremendous basketball game here Thursday, March 18, at 7:30 p.m. in the LHS gym.

The Leaping Lions team is made up of the better, more experienced, athletic Lions Club members from the Early Risers and Noon Club.

Lions who know little or nothing about basketball and have no athletic prowess will be doing the coaching and planning the strategy.

Marty Mangum and Tom Harris are head coaches for the Lions.

Mangum declares that the Lions will have the prettiest cheerleaders. The Lions hope to gain at least a 10-point lead early while the Pink Raiders are watching the Lions boosters lead their cheers.

The Littlefield coaches will referee. Littlefield High School Principal

Tom Brawley said the coaches had not been told they were referees, yet. "The quality of the refereeing will be equal to the quality of playing," Brawley added.

The LHS Student Council is sponsoring the ballgame. The game is the first of a series of projects to raise money to build a Wildcat Pavilion between the LHS gym and the building.

Approximately \$2,000 will be needed to construct the pavilion. Various projects throughout the year will be designated to go into this fund.

LHS student Bill Turner drew the plans for the pavilion. It is designed to beautify the campus. The pavilion will be used as an outdoor gathering place for pep rallies and informal meetings.

Everyone is invited to come out for the game. Price of admission is \$1 for adults and 75 cents for students.

Mickey Ratliff, Leon Griffin named directors of Olton bank

Mickey Ratliff of Littlefield and Leon Griffin of Olton have been named to the Olton State Bank board of directors, according to Kenneth Burgess, chairman of the OSB board.

In action taken last Thursday, Ratliff and Griffin were elected as the tenth and eleventh members of the bank board, effective immediately.

Ratliff is a practicing attorney in the firm of Kirby, Ratliff and Sansom. He is a graduate of Littlefield High School and the University of Texas. He began practicing law in 1963.

Presently he is serving a second term on the Littlefield School board of

trustees. He is also a member of the Littlefield Board of City Development.

He and his wife, Dwyce, are parents of two children, Derek, 11, and Laurie, 8.

Griffin is an Olton farmer and cattleman. He is president of the board of the Edmonson Wheat Growers. He and his wife, Beverly have five children.

Other OSB board members are Luis Hair, Alan Brown, Dale Cary, Jack Straw, V. O. Busby, James Busby, Calvin Wood and Stephen Smith.

Game and fish hearings set

During the week of March 22-26, Texas Parks and Wildlife Department officials will conduct public hearings across the state to present proposed changes in some game and fish regulations, and to cite biological justification for the changes.

Lamb County's hearing is set for 7 p.m. Tuesday, March 23, in the Lamb County Courthouse.

The hearings are the first step toward setting regulations in those Texas counties under P&WD regulatory authority.

Detailed reports on the public's comments at these hearings are forwarded to the Parks and Wildlife Commission, along with proposed changes, for their consideration.

The Parks and Wildlife Commission is slated to act on the proposed changes at their April 23 public meeting in Austin.

All interested citizens are urged to attend the hearing in their area and make their opinions known.

Girls' LD signup scheduled Tuesday

Registration will be held, Tuesday, March 16 from 3:30-4:30 p.m. at the Elementary II Gym for Girls Little Dribblers Basketball.

A \$5 enrollment fee and birth certificate are required at the time of registration.

Annual spelling bee approaches

Lamb County will host its annual spelling bee at 1:30 p.m. Saturday, March 27, in the district courtroom of the Lamb County courthouse, with 12 spellers representing the six schools in the county competition.

County School Superintendent C. Roy Stevens is again directing the bee.

Announcer will be District Judge Pat Boone Jr., and judges will be spelling bee instructors for the various schools.

Winner of last year's contest was Chris Prentice, Olton eighth grader, who outspelled Anita Bryant, Littlefield eighth grader in a close contest.

Words given in the competition are chosen from "Words of the Champions," practice spelling booklets published by the National Spelling Bee as a study guide.

A recording of the words as they are spelled will be made in case of a request for a playback by an entrant, his sponsor or parents, or the judges.

The Lamb County winner will participate in the Regional Spelling Bee, sponsored by the The Lubbock Avalanche-Journal at 12:30 p.m. April 10 in Moody Auditorium on the Lubbock Christian College campus, 5601 W. 19th St., Lubbock.

Classroom and school winners will receive white and blue ribbons, respectively, and county winners will be awarded individual, engraved plaques.

The regional winner will receive an expense-paid trip to the National Spelling Bee, June 7-12, in the Mayflower Hotel at Washington, D. C. Other top winners in the regional event also will be awarded prizes.

During the national event, regional and state winners participate in sight-seeing tours and visit with dignitaries. They also compete for prizes worth more than \$5,000.

Darla Hedges enters County Pageant

Darla Hedges, daughter of Mr. and Mrs. A. W. Hedges of Amherst is the second Miss Lamb County Beauty contestant to enter the pageant.

Miss Hedges was first-runner up in

last year's Miss Lamb County Beauty Pageant.

Darla is five feet six inches tall, has blonde hair and green eyes. She is a graduate of Amherst High School and

is presently employed in Littlefield. She hopes to go on to Opticians' school.

Her hobbies include, playing the piano and organ, horseback riding, dancing and cooking.

Miss Hedges will be sponsored by Carlisle-Oldham Ford Inc.

This year's contest will be held April 30 during the Bicentennial Celebration. The contest is sponsored by Tau Chi Chapter of Beta Sigma Phi.

Kris Bean and Kyra Cox are in charge of the beauty pageant. Prospective contestants and sponsors may contact them by phoning Mrs. Cox at 385-4649 or Mrs. Bean at 385-4618. Deadline for entering is April 1.

All Miss Lamb County contestants must be single and never have been married. They must be 17 years of age by July 1, and no older than 22 on July 1 of this year.

Contestants will be judged on talent, beauty, personality poise and figure.

Also needed are volunteers to work some of the shifts.

Anyone who would like to help in any way may call Mrs. Delbert Smith at 385-5555 or Mrs. Tony Zahn at 385-6028.

The sale will begin at 8 a.m. and last through 5 p.m.

Good usable clothing for boys and girls which is left when the sale ends will be taken to Girlstown at Whiteface and to Boys Ranch at Pettit.

The bands ask for the help of everyone who has something they would like to donate for the garage sale. They will be glad to accept good used clothing, macrame baskets, hand work, crafts, canned goods, and other hand made items as well as items that

Several more entries received for County Library Follies

The program for the Lamb County Library Follies is really shaping up.

The vaudeville type production is slated for Thursday week, March 25, at 7:30 p.m. in the Littlefield Junior High Auditorium.

Some of the latest acts signed up include a group of executives from the American Cotton Growers Denim Plant who are making costumes out of denim which they will wear when they perform a can-can routine.

(Editorial note: Come early for a front seat or bring your opera glasses so you can see American Cotton Growers written just above the can-caners' fluffy white little bunny trademarks.)

Other acts scheduled in the Follies include Cecie Bandy with her Carole Burnette comedy maid routine.

There will be four piano ensembles from Ann Owens studio. And a couple of squares from the Littlefield Circle Eight Club will step lively and whirl and twirl to a fast number.

This is a big chance for talented people in this area to appear under the spotlight, and all the proceeds will go into a fund to build a convenient new library.

Anyone who has a three to five-minute act may call Charla Rountree at 385-5514 or Ruan Richardson at 385-5574.

Tau Chi installs 4 new members

The regular meeting of the Tau Chi Chapter of Beta Sigma Phi met Monday evening at the Reddy Room.

The highlight of the evening was the installation of four new members of Tau Chi. The new members are Freddie Duke, Dorothy Powell, Janice Graves and Sharon Brown.

Freddie is the wife of Jimmy Duke, owner of Duke Electric. They have three children, Angie, Stephanie and Devron. Freddie is a Domestic Engineer.

Janice is married to Gordon Graves. They are farming. Janice is also a Domestic Engineer. Gordon and Janice

have a daughter, Brigitte. Dorothy is married to Bill Powell. Bill works in the Man Power office in Levelland. Dorothy is the Lamb County Extension Agent.

Sharon is married to Guy Brown the manager of Interstate Securities. They have a daughter, Shayna. Sharon is also a Domestic Engineer.

Adams, wife of the second president of the United States, Susan B. Anthony and others, Mrs. Kirby stated that no matter what comes about through women's rights a woman must always stay a lady.

When the program concluded members adjourned for a formal candlelight dinner of onion soup, beef stroganoff and noodles, salad, garlic bread and banana split ice box cake.

Kyra Cox and Kris Bean presented Bonnie Stephens, Pat Stubbs, Sharon Brown, Dorothy Powell, Freddie Duke and Janice Graves with handmade happiness gifts.

NEW TAU CHI members are Freddie Duke, Sharon Brown, Janice Graves and Dorothy Powell.

Couple exchange vows in Palo Duro Canyon

Miss Antonia Jon (Toni) Sikorski became the bride of James Lewis Tiffie at noon, on Saturday, Feb. 28, on a beautiful day in Palo Duro Canyon.

The bride is the daughter of Mr. and Mrs. Anthony Sikorski, of Hanahan, S. C.

The groom, a former resident of Springlake, is the son of Mrs. Ola Mae Brown of Amarillo. He is the grandson of Mrs. Herbert Roberson of Amherst, and Mrs. A. B. Tiffie, of Roston.

white satin, with a long veil attached to tiara. She carried a nosegay of white daisies and yellow carnations, with yellow satin ribbons.

Maid of honor was Miss Margie Tiffie, sister of the groom, who wore a floor length dress of mint green crepe, and a corsage of yellow carnations and white daisies.

The double ring ceremony was performed by Elder J. C. Bass, Primitive Baptist minister of Amherst.

Serving his brother as best man was Jimmy Harold Tiffie of Amarillo.

In the absence of her father, the bride was escorted and presented in marriage by A. B. Tiffie Jr., uncle of the groom.

Vows were exchanged in the lovely setting of Palo Duro's Amphitheatre before a large, green yucca plant, and other natural scenery, with a group of relatives and friends attending.

A reception was held after the ceremony, with the wedding cake and the bride's bouquet decorating the table.

The couple are making their home in Charleston, S. C. where the groom is serving the U.S. Navy, on the U.S.S. Hunley and the bride is employed by H&R Block.

The bride wore a floor-length, princess style dress of

Green-Bennock vows repeated in church

PEP— Karen Green and Dan Bennock were united in marriage in a double-ring ceremony, Saturday, Feb. 14, at 3 p.m. in the St. Philip Neri Catholic Church.

Officiating at the wedding ceremony and mass was Rev. Kevin Clarke, pastor.

Parents of the couple are Mr. and Mrs. Franklin Green of Pep and Mr. and Mrs. Gene Bennock of Alpine.

The vows were exchanged by the couple before the altar decorated with arrangements of mixed flowers of white, and light and dark blue.

The bride and groom were presented for marriage by their parents.

The bride wore a traditional gown of Sole de Peau overlaid with lace and trimmed with a double ruffled sheer lace, self fabric tie ends. The skirt is softly gathered to the bodice above the normal waist line, hemmed with a wide ruffle accented with lace. Her silk illusion veil trailed a chapel-length train, bordered with lace.

The bride carried a tapered bouquet of white carnations and baby's breath with touches of blue. During the mass as the people exchanged a sign of peace, the couple presented their mothers with a red rose.

For "something old," the bride wore a necklace belonging to her sister; her bridal attire was "something new," the "something borrowed" was her veil, belonging to her sister-in-law, Mrs. Wayne Green; and the traditional blue garter was worn for "something blue."

Mrs. Rodger Henderson of Amarillo, sister of the bride, was matron of honor. Other attendants were Gail Dueterhaus of Levelland, Debbie McCary of Lubbock and Glenda Green of Alpine, sister of the bride.

They wore floor-length gowns of Royal Blue Velvet. They were designed with empire waistline. The fitted bodice had a rounded neckline and set in short sleeves, and softly gathered skirts. They carried nosegays of blue and white feathered carnations, baby's breath and tiny blue flowers with light and dark blue satin streamers.

Cynthia Green, sister of the bride, carried the rings on a

Following the ceremony, a reception was held in the Parish Hall. The table was covered with a white cloth overlaid with lace, centered by white tapers in blue crystal holders and blue and white flowers and blue velvet rosettes. The three-tiered wedding cake was decorated in light and dark blue hand-moulded roses, topped with a miniature bride and groom. Blue punch, nuts and mints were served from crystal appointments, by Marilyn and Denise Green, sisters of the bride and Grace Glumpler. A buffet dinner was also served to the guests.

The couple will be at home in Alpine. They are both senior Biology majors at Sul Ross State University. They plan to continue their education.

The rehearsal dinner was held in Pep at the Parish Hall and 24 guests attended.

The Alpha Lambda Zeta Chapter of Beta Sigma Phi met Monday, March 1, in the Flame Room of Pioneer Natural Gas with President Brenda Denton, presiding.

The chapter voted to contribute to the International Endowment Fund, set up by Beta Sigma Phi each year. The Endowment fund is used for benevolent projects such as the Retinitis Pigmentosa Foundations and many other charitable organizations.

Thank you notes from Susan Head and Penny Kelton were read.

Brenda Denton reported that the Executive Board voted to sponsor Susie Giles, daughter of Mr. and Mrs. Abe Giles, in the Miss Lamb County Beauty Pageant.

Alpha Lambda Zeta will enter a float in the parade to be held during the Bicentennial activities in April and May 1. Heading this year's entry project is member, Stella Randermann. Stella reported on the design of the float and encouraged each member to help with its construction.

Vice president, Linda Charlton reported on Spring Rush, prospective names for the rushing events were submitted.

Alpha Lambda Zeta will

participate in the "Lamb County Library Follies," to be held March 25th in the Junior High Auditorium.

The program for the evening entitled, "A Woman Chooses," was presented by Darlene Maxfield, and Linda Charlton. A quiz was given to members by Darlene. The subject of the quiz was to determine the quality of our personalities. Linda concluded the program with the reading of various poems.

Highlighting the evening was the Ritual of Jewels Ceremony. The ceremony is held for new members completing pledge training. Doris

Waters, Stella Randermann, Kay Powers, Cheryl Perkins, Judie Huddleston, and Sharon Adams received this degree.

The drawing for the door prize was won by Judie Huddleston.

Anton students on honor roll

ANTON— Principal Ray Saunders has revealed the honor roll for the second quarter in Anton Junior-Senior High School.

Five students made all A's— Anita Wright and Teri Butler, seniors; and Lon Timms, Lisa Boothe and Foy Mills, juniors.

On the B honor roll were: Kendra Bishop, Mary Ann Williamson, Lisa Hobgood, David Morales, and Cindy Spears, juniors; Olga Luna, Brenda Bishop, Ray Stone, Dena Goen, Sherri Dutton, Cecile Herrin, Nancy Herrin, Pam Bailey, Demaris Walthall, and Paul Coronado, sophomores.

Freshmen on the B honor roll were Bret Mills, Tina Gossett, and Risa Stone.

In the junior high school were: Traci Butler, eighth grade; and Jill Decker and Patti Echevarria, seventh grade, were on the B honor roll.

FOUR SOPHOMORES recently were elected co-captains of the 1976 track team at South Plains College. Cliff Upchurch [kneeling] of Tornillo will serve as overall team captain. Bruce Haan [standing, left] of Levelland is captain of the middle distance and distance runners. Butch Sutton [standing center] of Amherst will captain the field events crew. And Everett Gardner of Amarillo was named captain of the sprinters and hurdlers. The Texan track team, coached by Clint Ramsey, recently finished fourth in the El Paso Relays. The team will compete Friday and Saturday [March 12-13] in the Wildcat Relays in Abilene. [SPC Photo]

Butch Sutton elected to co-captain

Butch Sutton of Amherst is one of four sophomores who recently were elected to serve as co-captains of the track team at South Plains College.

Sutton was named field events captain. At El Paso he set a new school record in the javelin when he threw the spear 191 feet, good enough for second place in the meet. He also will compete in the shot put and discus for the Texans.

The Texan track team, coached by Clint Ramsey, competed in the Wildcat Relays Friday and Saturday sponsored by Abilene Christian University.

Cliff Upchurch of Tornillo, who specializes in the weight events, was chosen overall team captain. Upchurch, who rejoined the team after a year-long absence from college, also served as captain in 1974. He is the current school record holder in both the shot put and discus. Last weekend at the El Paso Relays he was second in the shot put for SPC.

Elected captain of the sprinters and hurdlers was Everett Gardner of Amarillo. The former Amarillo High star attended McNeese State in Lake Charles, La., last season and was transferred to SPC this year. He competes in the

100 and 220-yard dashes, the 440-yard and mile relays and the triple jump. He placed third in both sprint events last weekend at El Paso.

Bruce Haan of Levelland serves as captain of the middle distance and distance runners. The sophomore miler was a member of the conference winning cross country team last fall.

A Banker's Viewpoint...

Although they haven't yet completed the job of killing the American philosophy of government, some of the country's leading liberals are already looking for a place to hide the body.

By transferring an ever-greater share of the nation's productive wealth into the hands of the federal government, liberal-oriented lawmakers have sorely weakened private enterprise, the basis of our system. In fact, Treasury Secretary William E. Simon warns that, unless the trend changes, 60 per cent of our gross national product will funnel into the federal government within a couple of decades.

Such control over the nation's wealth by government could result in only one thing: socialism. Private enterprise can't support the economy if 60 per cent of its hoped-for profits are drained away in taxes. So the body of a once healthy free enterprise economy would be buried in socialism.

The alarming thing about this developing situation is that some of our national leaders seem to look forward to it. Rep. Morris K. Udall of Arizona, for example, says this country has reached the end of an era of "cheap land, cheap timber, cheap resources, cheap everything," and indicates that henceforth the nation's goal will be a matter of distribution of a declining production of wealth.

We disagree. Although Americans no longer can homestead good land, wear it out and move on, or enjoy many of the other frontier opportunities our forefathers had, this bank certainly isn't ready to write off free enterprise as a has-been.

Most of the economic problems we have had in recent times have been the direct result of liberally-inspired policies of government. Free enterprise has been sorely crippled, and there are those in Congress who want to cripple it still more.

But there are still great opportunities, great untapped sources of national wealth that skilled, intelligent labor and adventurous management in our free enterprise system will discover and develop if given the chance.

What we really need is a public demand, loud and clear, for government to get out of the way of free enterprise. Let free enterprise be free.

If that should happen the liberals would be amazed at how quickly our economy would return to robust health.

SPC stock judging team wins honors in Houston

Competing with 34 other teams from universities and colleges from more than 100 contestants, the Plains College livestock judging team won third high point team honors trophy last weekend, March 5-6, at the Houston Livestock Show.

The four-man team won high point team honors in cattle judging, and fifth honors in sheep judging, team coach Jim Jenkins, assistant professor of agriculture at SPC.

Individual honors went to judging team member Joe Logsdon of Littlefield, who was high point individual in all judging and fourth in beef judging. Logsdon, also known as Cory Logsdon, was fourth in sheep judging. Rodney Logsdon of Littlefield and Roy Don Logsdon of Ft. Sumner, N.M.,

also turned in strong performances in overall judging, Jenkins said. There were 105 contestants representing 12 states at the Houston show, he noted.

"This was the largest contest Houston has sponsored and the competition was very strong," Jenkins said. "While we obviously wanted to win the entire show, we made some key errors and slipped to third," he added. Dean Smithson of Dimmitt served as Jenkins' assistant at the contest.

The SPC livestock judging team will wind up spring action on March 27-28 when they travel to Canyon for the annual livestock show sponsored by the National Agriculture College Teachers Association. The competition this year is being hosted by West Texas State University.

LIVESTOCK JUDGING TEAM of South Plains College brought home an armful of trophies after taking third high point team honors at the recent Houston Livestock Show. From left are SPC team members Roy Don Hendley, son of Mr. and Mrs. Albert Hendley of Ft. Sumner, N.M.; Rodney Logsdon, son of Mr. and Mrs. Buddy C. Logsdon of Littlefield; Joe Foley, son of Mr. and Mrs. Arthur E. Foley of Littlefield; and Cory Logsdon, brother of Rodney Logsdon. Foley was fifth high point individual in overall judging and fourth individual in beef judging, while Cory Logsdon was fourth in sheep judging. Team coach is Jim Jenkins, assistant professor of agriculture at SPC. [SPC Photo]

Witnesses return from convention

Spanish-speaking Jehovah's Witnesses from the West and New Mexico area returning to their local congregations after having created a successful convention in Hobbs, N.M., where 1,256 were in attendance and 16 were baptized.

Local meetings will resume next week at the Kingdom Hall building to Augustin Perez, district minister of the local congregation of Spanish-speaking Jehovah's Witnesses.

Perez said, "The convention benefit us greatly in being able to help more people to understand their Bible." He also stated that the main discourse of the convention, the speaker F. Malenfant, district minister of Jehovah's Witnesses, speaking on the subject, "Are you doing what God requires of you?" said "The deplorable condition of our society today shows

how necessary it is to return to God's Word, the Bible, and consider seriously what it says to us. We need to do this in harmony with God. We can see that human efforts do not produce happiness for humans. All this demonstrates the importance of considering very seriously what God requires of us."

Malenfant then read Micah 6:8 and explained, "This Scripture mentions three things, exercise justice, that is, learn what is correct in God's eye and apply it. Loving kindness, and walk humbly with God, that is, recognize and appreciate His position as our God, depend on Jehovah God, be subject to His rulership."

He then encouraged all present to read their Bibles and learn what God requires. Every one interested in a free Bible study with one of Jehovah's Witnesses is invited to attend the local Kingdom Hall.

Baptists plan week's revival

The First Baptist Church is holding an eight day revival led by O. Byron Richardson, member of the evangelism team in Dallas, is the evangelist.

Rev. Thornal will lead the service.

Services begin at 7:30 nightly and the nursery will be open.

Richardson previously pastored the First Baptist Church of Alice. Thornal was in a revival here last year. He is in full-time music evangelism and formerly minister of youth and music at McAllen.

MRS. ROWENA Richardson returned home from the Littlefield Hospital Monday, having been hospitalized Thursday with pneumonia.

MRS. BEN PIERCE was admitted to the Littlefield Hospital Monday, for tests and medication.

MRS. D. J. COX and daughter, Yvette, spent the weekend visiting with her sister and family, the Bobby Coopers of Lovington.

MR. AND MRS. J. R. Teaff and granddaughter, Jeannie Driscoll, left Thursday and drove to Haskell and Gore, where they visited with her brother and sister and families. Saturday they drove to Elbert, near Trockmorton, to sight see the country and to visit in the old house where she was born. She hadn't been back to see the old place, but one time, as she moved away when she was a small child.

VISITING WITH the Tom Bogards from Sunday afternoon until Tuesday afternoon were two of Bogard's sisters, Mrs. Lena Pettitt and Mrs. Eva Peabody and Mrs. Pettitt's daughter, Mrs. Laverne Carter, all of McLean.

MR. AND MRS. C. A. Williams have been driving to Littlefield to see his mother, Mrs. S. A. Williams, resident of Knight's Rest Home. Grandma Williams hasn't been feeling too well recently.

MRS. J. P. Morris of Littlefield, formerly of Bula had the misfortune of falling Sunday morning at her home and breaking her hip. She was rushed to the Littlefield Hospital, Lubbock where she underwent surgery Monday. At present she is resting well.

MR. AND MRS. Glen Salyer and children Shelly and Greg of Friona, spent Saturday and Friday with her parents, the L. H. Medlins.

MR. AND MRS. W. R. Adams visited Sunday afternoon in Morton with friends, the J. H. Machans.

ROLLAND HATTER, with his wife Cathy and children and Stacy and Joseph, were visitors Sunday at the Church of Christ. Brother Hatter spoke at both morning and evening services. He is a senior student at Sunset School of Preaching in Lubbock. They were dinner guests of the John Blackmans. The regular minister brother Ed Scott and family were in Oklahoma City, over the weekend, in the interest of securing finances for seven families to be going to Africa soon for Mission work.

W. S. (Bill) Sowder, was admitted to the Methodist Hospital Tuesday, in preparation for open heart surgery Thursday.

Woman's Club plans meeting

Littlefield Woman's Club will hold their regular meeting Wednesday, March 17, at 2 p.m. in the Room of Pioneer Natatorium.

There will be a "canism", and Mrs. Ruth will be the featured speaker. She has chosen "Women in Public Affairs" her subject.

Mrs. Kirby is Littlefield's only woman attorney. She entered Texas Law School when it opened in 1967. After graduation in 1970, with the Doctor of Jurisprudence Degree, which she earned with highest honors, ranking first in her class, she joined the Texas Tech School faculty and has been there five years.

In the summer of 1970 she was a visiting professor at the University of Texas School of Law in Austin.

She is a member of the Texas Bar Association. The meeting will be a luncheon day, and every member is asked to bring a guest.

Bobby Richey earns degree

Bobby Max Richey of Littlefield was among 866 graduates receiving degrees from North Texas State University this winter. Although his graduation commencement is scheduled at NTSU, Dec. 29, his official graduation date is 604 bachelor's, 224 master's and 38 doctor's degree recipients.

All winter graduates are invited to join the graduation class in the commencement ceremonies May at the university.

Richey, son of Mr. and Mrs. Robert M. Richey of Littlefield, received the master's education degree in school administration.

Tri-Matic Mobile Solid Set

GROWING MILO THIS YEAR?

Consider the Tri-Matic 320 Sprinkler System... the only lateral move mechanical irrigation system that will water up to 320 acres of grain sorghum regardless of soil type, utilizing up to 1,300 g.p.m. on eleven acres each setting.

The water pattern is more uniform than a permanent solid set resulting in higher yields and a better quality crop. You can double the acres you are now furrow watering while cutting energy costs with the same amount of water.

Don't change your farming practices to fit your irrigation system. Tri-Matic will water every acre, that's right, including the corners. It doesn't tell you how to farm. It helps you!

Each individual wheel unit is constantly aligning itself while the system is moving, eliminating the necessity for manual alignment. Operator rides unit while moving. (See photo)

Your self-aligning mobile solid set will possibly be the simplest automated machine on your farm. (no towers, no trusses, no hydraulics, no flat tires, no support cables, no relays or delays.) A truly scientific machine that we can all understand and appreciate.

TRI-MATIC GIVES YOU ALL THE ADVANTAGES OF A SOLID SET SYSTEM AT A FRACTION OF THE COST!

Bula-Enochs communities organize

BULA— Thirty-five interested citizens of the Bula-Enochs community met Tuesday evening, March 9, in the former school lunch room, for the purpose of organizing a community association and accepting the former lunch room and homemaker rooms as the meeting place for the gatherings, and also the voting place.

All the buildings have been bought by Harold Layton, and he in turn will deed these buildings to the community association.

This meeting was sponsored by the Bula-Enochs Lions, with Lion president D. J. Cox calling the house to order, followed by James Sinclair leading several old and

familiar songs, with every one joining in the singing.

Afterwards, Cox asked if it was the desire of the Bula-Enochs people to organize a community association and accept the deeds of the buildings from Mr. Layton, and it was voted "yes", unanimously. Then Cox asked Mr. Sinclair to read a recent letter received by the Three Way school board from the Legal Councilor of Education of Austin.

Several items concerning the repair on the water system and building were discussed, then a slate of officers were elected.

D. J. Cox was elected to serve as the association's first president. To work with him will be Harry Pollard as vice-president; Linda Cox, secretary and Harold Layton, treasurer.

A group of directors and committee chairmen are to be chosen at a later date.

Ice cream and cake were served following the meeting. Music for the evening was provided by Mrs. James Sinclair and J. D. Rowland. One

visitor was present, the County commissioner, Rudolph Moraw.

Red Cross office gets Guatemalan progress report

A report from Guatemala has reached the office of the Lamb County Chapter of the American Red Cross, according to Louise Ray.

A statement concerning medical needs says: "All emergency medical requirements have been met."

In the country that has had in excess of more than 600 tremors since the first major quake, there are all kinds of unusual items sent to aid the victims of the world's worst quake in the history of earth.

Included were a set of blue gray hospital gowns which hopefully will reach the hospitals rather than the highlands. Some of the medical supplies included Mondane (used for constipation) and a tube of used Neosporin.

In the area of food supplies, such items that will feed a family for a week are packed by volunteers into sturdy plastic bags to be shipped to remote areas. Some boxes will have clam chowder, from a generous donor, who has no idea what a normal diet in that country will involve.

These reports indicate that much of the donated material cannot be used. With transportation problems being resolved, Guatemalan government, Red Cross, and other voluntary agencies are able to distribute food from existing supplies as needed. There is some indication that food and clothes already on hand may be used in something akin to food for work program to act as an incentive to encourage the farmers to return to their crops.

According to Mrs. Ray, the

County Red Cross drive underway

County Judge Ruth Forbis Kirby, who is serving as honorary chairman of the current Lamb County Red Cross Fund drive, issued a statement concerning the drive.

"For over 100 years the American Red Cross has served the American people, in wartime and in peace," Mrs. Kirby stated.

"The Red Cross in Lamb County gives round-the-clock service to American peacetime military personnel and their families.

"The Red Cross relieves the suffering of refugees fleeing from war and disaster.

"The Red Cross in Lamb County gives emergency assistance to victims of such disasters as fire, tornado, and flood, and it aids recovery from those losses.

"The Red Cross gives valuable instruction and training in safety and health care.

"The Red Cross gives its help without regard to race, religion, sex, or age.

"The Red Cross meets basic human needs not met by private charity or public welfare programs.

"I, therefore, endorse the Red Cross membership drive and I ask Lamb County citizens to join me in its support," she concluded.

The Promises of God

By CARL F. KASTEN

"I have esteemed the words of His mouth more than my necessary food." Job. 23:12

A young lady once took up a novel to read, but found it dull and uninteresting. Some months later she was introduced to the author and in the course of time fell in love with

him and married him. She then found the book was refreshing and interesting. The change was not in the book but in herself. She knew and loved the author.

We will not get full blessing from the Bible, God's Word, until we come to know the author.

SUDAN LIVESTOCK FEEDING COMPANY

Statistics show that the early days of Agricultural history in Lamb County were greatly handicapped by distance from market and processing facilities. Cattle had to be shipped to Kansas City, Ft. Worth, Omaha, Neb., Los Angeles, and other like ports to be processed for consumption.

Thus a part of their value was never realized by the producer.

Today, vast packing plants throughout the area are processing these animals at a great saving for the consumer, and the local producer is reaping a greater profit.

Fifty years ago when this area was first plowed up from the ranches and put into cultivation, grain sorghum and its similar products could be produced in great abundance. Markets were overflowing with production, and so cheap that the farmer could not make a decent living. Grain storage was inadequate and millions of pounds stored on the ground was an additional loss.

Now about 1940, two men from Clovis, Anthony Reeder and Ben Davidson, who were buying hogs for a west coast packing company, decided to expand and come to Lamb County. The semi-sandy land along the sandhills seemed to intrigue them. So in the fall of 1940, they came to Sudan, where they negotiated a deal with some of the people there, and soon had 110 acres on the railroad east of town.

I wish to pay tribute to the far-thinking people of Sudan for their fine efforts to help establish this historical market

that put the wheels of progress in motion.

I'm sure that L. E. Slate, the Wisemans, the Wests and Whitmores, and many others who helped so diligently to make this establishment a success, will long be remembered in Lamb County history.

Ben Davidson and Anthony Reeder, better known as Sudan Livestock and Feeding Company, soon had a market established at Sudan to buy all the feed they could get. Thousands of tons of silage, bundles, alfalfa hay, maize and cotton seed products grown here in Lamb County were being fed to livestock with little or no freight added. They started out with four to 5,000 cattle, many which came from the near by farms and ranches. They could pay more for cattle and hogs than their competitors because no freight was added.

Their being situated on the the railroad gave them an advantage in shipping the finished product. Literally thousands of cars of cattle and hogs went to market from Sudan.

Sudan Livestock and Feeding Company is a great success, and today has grown to be one of Lamb County's greatest establishments.

They buy grain, hay, and practically all the feed that is fed to some 24,000 capacity cattle from this area. Most of the cattle come and go by truck today to the area packing plants at Friona, Plainview, and Lubbock.

About 60 percent of the cattle are custom fed for nearby processors and chain

stores. Forty percent is owned by the company.

Jim Davidson is its manager and doing a fine job, honored and respected by all who know him. He has in his employement a group of loyal people who have been working there many years, and certainly have added a great part to the success of the company. Almost all of the employees are Sudan and local natives.

All feed is ground, mixed and fed at the plant. They have storage facilities for more than a million and a half pounds of grain besides all the other concentrates necessary to get the job done.

Sudan Cattle and Feeding Company is due recognition for its part in the establishing of a better history for Lamb County.
