

BEAUTY AND THE BEAST—Cynthia Adair, one of the beauties hoping to be crowned Miss Lamb County, gets up enough nerve to touch beard contestant Lee McGehee's grizzly face, as the two pause while shining the bright red sports car that they hope to go to some lucky winner as part of the big festivity here August 28 and 29.

Third Spray Pilot Killed As Plane Crashes Continue

Springlake Man, 29, Dies In Nose Dive Near Earth

A Piper Super Cub spray plane took a nose dive early Friday morning near Earth and killed its pilot, Raymond Lee McGehee, 29, of Springlake. He and another pilot, Sam Pridmore of New Home, were in the process of spraying a grain sorghum field for Norman Sulser three miles west and 1 1/2 north of Earth when the plane stalled while making a steep turn, and sideslipped to the ground on the right front fuselage of the plane. They were employees of Farm Chemical Company of Springlake. The crash occurred at 8:27 a.m. in a cotton field owned by

Jack Halaway. McGehee was the only occupant of the plane. The crash makes the third such airplane crash fatality in July in the South Plains area—two of which were in Lamb County. Justice of the Peace J.P. Bowen of Littlefield pronounced McGehee dead at the scene. Sheriff E.D. McNeese and his deputies, Jerry Collins and Gary Lightfoot, as well as deputies from Earth, were also at the scene. Sgt. Thurman Keefe of Plainview and Patrolman Bill Angel of Littlefield, made the official investigation. McGehee went to Springlake about a month ago from Alamogordo, N.M. when he was employed by the Springlake company. He was a native of Kennett, Mo., and was born April 4, 1941. His body was taken to Parson-Ellis-Singleton Funeral Home at Earth and was transferred to McDaniel Funeral Home in Kennett, Mo., where services are pending. Survivors include his wife, Gloria; two daughters of the home, Vivian and Donna; his parents, Mr. and Mrs. Eddie McGehee of Kennett, Mo.; and a sister, Mrs. Justice Kohler of St. Louis, Mo.

RAYMOND LEE McGEHEE of Springlake, pilot of this Piper Super Cub, was killed at 8:27 a.m. Friday when the plane went down in a cotton field northwest of Earth. Another pilot, Sam Pridmore of New Home, who was flying another plane for Farm Chemical Company of Springlake, witnessed the crash.

Plans Taking Shape For Festivities Days

ELLA LOVVORN, Editor, Leader-News, is turning people working, beards are growing and many plans for Littlefield Festivities Days this year are complete. Several dignitaries have been invited to participate on the 28th and 29th of August, when the festivities start. Many will be in town through Saturday and Sunday. The event will be held during the second such event for Littlefield. Reception for Littlefield's guests at 2:30 p.m. Friday will kick off the annual Festivities Days. Members of "We, The Women" will serve as hostesses for the reception at the Community Center, and at 3:30 p.m. will escort a "caravan" from the community center to the site of the windmarker dedication on Devenue. Gracy H., grandson of P. Duggan, Sr. who is the "Father of Littlefield," will speak during the dedication ceremony; with Otha F. Dent, chairman of the State Water Rights Commission, who will serve as one of the ceremonies; George Arthur P. Duggan, Representative Bill Clayton; Lynn S., television personality from Dallas; the E. B. Lucas boys. Following the windmarker dedication, the Fourth Annual Art Festival will be underway at 4 p.m. on the side of Phelps Avenue in Old block. The festival is sponsored and by "We, The Women".

in cooperation with the Chamber of Commerce, Hart-Thaxton Hardware and the art associations of Littlefield. All area artists are invited to exhibit art work, and no entrance fee will be charged for the two divisions—paintings and arts and crafts. Prizes will be awarded. A bevy of beauties will vie for the "Miss Lamb County" title in a pageant beginning at 8 p.m. that night, sponsored by Beta Sigma Phi Sorority. The event will be conducted in the Littlefield Junior High School Auditorium and contestants will be judged on beauty, personality, poise and figure. They will appear on stage in evening gown and bathing attire. Following the Miss Lamb County Pageant, a teen street dance will be held on Phelps Avenue until 12 midnight.

special "youth contest" will be held from 4 to 6 p.m. Fiddlers will entertain from 5:30 to 6:30 p.m. in Laguna Park, followed by a variety show which will run until 8 p.m. A drawing for an F88 Oldsmobile will be conducted at 8 p.m. in front of the courthouse followed by a square dance and street dance to close activities of the entire event.

Road Work Is Approved

The Texas Highway Department approved road improvements for three South Plains counties during a session Wednesday. To be included in the project is work to be done in Lamb County. The Department tabulated a low bid of \$355,828 for construction and repair work on Farm Roads 1490 and 3140, from FM 54, four miles west of Littlefield south to Hockley County line, and from U.S. 60, two miles southwest of Black in Parmer County, south to FM 2397, for 10.2 miles of surfacing. Boswell and Crafton, Inc. of Lubbock, was awarded the contract.

FOR MRS. LOU DRISKILL

It's Xmas In July, Infant Tradition

With a delightful lift of her eyebrows and a smile that lights up the dark corners of a room, Mrs. John (Lou) Driskill declares that cooking isn't really her specialty. But, "with tongue in cheek," she has put together a delightful cookbook titled "Ye Olde Family Cookbook" that is "a bit of corn, a dash of family tree and recipes that range from those in her great grandmother's antique collection to one from a cousin who is a t.v. dinner specialist. "I chuckle every time I think about ME putting together a cookbook," Mrs. Driskill said. "Luckily, I'm just the 'editor' and not the sole contributor." Mrs. Driskill started putting the cookbook together last year, planning to give a copy of the book to all the relatives as a Christmas present. "But sampling several of the recipes sent by various relatives delayed

completion of the booklet," she said. "and caused me to gain two pounds. Now, if someone would just send me a copy of a good diet," she laughed. The Whiteman family cookbook compiled by Mrs. Driskill contains a family tree, a family photo made in 1899, and a letter written by Mrs. Driskill's great grandmother when she was 75-years-old. "When I get lazy," Mrs. Driskill said, "I read that letter. She wrote that she had just finished weaving 30 yards of carpet and rugs, a nine-yard runner, and spaded and planted all the garden west of the house, 18 corn hills across east and west, with 11 rows of corn and beans, 10 of potatoes, two ob bunch beans, three of peas, one of tomatoes, two of soup beans, and three left for cucumbers, mangoes and cabbage. South of the house she planted a row of beans, two of popcorn, two of Tom Thumb peas, and three of onions, with flowers all around the edge. In the little patches she put lettuce, beets, saffron. . . " "What an industrious woman she was," Mrs. Driskill exclaimed. "When I read that letter, it makes me feel ashamed." Some of the recipes would be pretty useless to modern homemakers. A sponge cake recipe begins -- 1 pint of sponge -- taking for granted that everyone knows how to make the sponge. A molasses cookie recipe is from a Whiteman who raised sorghum cane, and is another economy recipe, so they could save on sugar. An uncle's recipe for his Sunday special roast begins with an admonition to remove all superfluous women from the kitchen, and that from there on pure gastronomic artistry is required. Turnover Kills Dallas Man

DEPPY JAQUESS, driver, and Diane Ella Collins received injuries in this wreck that was fatal for another passenger. The car overturned several times then rolled 232 feet before coming to a stop on its top.

Carroll Aubrey Rowe, 27, a Dallas resident who was in Littlefield visiting relatives, was dead on arrival at the Littlefield Hospital early Thursday morning following a one-car turnover west of town on the Bula Highway. Also injured was 17-year-old Diane Ella Collins, Star Route, Littlefield, and the driver, Deppy DeWitt Jaquess, 22, who was with an artillery company at Fort Hood, and was a brother-in-law to the dead man. All three were brought to Littlefield by Hammons ambulance. Miss Collins was transferred to the Methodist Hospital in Lubbock for treatment of a fractured right leg, fractured collar bone, abrasions and lacerations. Jaquess remained in the Littlefield Hospital with neck injuries and minor abrasions. The three were traveling west FM 54 about 6 miles west of Littlefield when the 1968 GTO Pontiac driven by Jaquess went off the road on the left, crossed back to the right and went out of control into a field where it struck a guy line wire of an REA electrical pole, overturned and came to a rest on its top after rolling another 232 feet. All three persons were thrown out of the car. When the electrical pole was hit, electricity at the Fred Grisham home went off, stopping a clock and setting the time of the accident at 12:30 a.m. Mrs. Grisham said she heard the noise at about the same time the house lights went off. Grisham was making an irrigation setting at the time, and was the first person on the scene following the accident. He said he first noticed skid marks and then saw the lights of the car still burning and heard the girl calling for help. About one-half inch of rain had fallen in the area earlier in the evening, but the highway was dry at the time, according to DPS Official Weldon Parson who investigated the accident. Rowe was married to the former Gerald Jaquess of Earth and was visiting his wife's relatives. Funeral services were held at 10 a.m. Saturday in the Crescent Park Church of Christ with Leonard Tittle of Amherst officiating. Burial was in the Littlefield Memorial Park. Survivors include his wife, a son, Steven Michael, and a daughter, Lisa Elaine, all of the Dallas home; his mother, Magdeira, Calif.; his father, Virgil Rowe of Dallas; and a brother, A. J. Rowe of Dallas.

2 Civil Jurors Called For Monday

Panel of 72 jurors has called to hear eight civil settings beginning Monday. **Hospital Auxiliary
Schedules Activities**

Activities are ahead for the members of the Hospital Auxiliary of Littlefield. The Auxiliary was organized April 7, has 29 active adult members, six associate members and nine Candy Strippers.

At 7 p.m., August 6th, the Hospital Administrator, Candy Strippers and Supt. of nurses will be honored with a cook out at the home of Mr. and Mrs. Charles Hinds. Each Junior Volunteer will receive a small token of appreciation and those who have given 50 or more hours of service in the Littlefield hospitals this summer will receive service pins. All members of the Auxiliary are invited to attend the affair. The committee in charge of arrangements is composed of Mrs. Hinds, Mrs. Charles Schroeder and Mrs. Albert Lockwood.

Adult Auxiliary members will resume regular hours of service beginning August 17th, when the Candy Stripper begin school activities. Any woman who wishes to volunteer a few hours each week working at the local hospitals is eligible for membership. The membership committee includes Mrs. Schroeder, Mrs. Harley Busanmus and Mrs. Melvin Dutton.

During the Festivities, August 28 thru 29th, the Auxiliary will sponsor a bazaar Sat. in the Reese Building, 427 Phelps. A variety of items will be offered for sale. Mrs. Lockwood is in charge of the project.

A covered dish luncheon will be served at a general meeting of the Auxiliary in the Flame Room of the Pioneer Natural Gas Company September 3rd. Hostesses for the luncheon which is scheduled for 12 noon are Mmes. Jeff Perkins, Travis Spencer, Jimmy A. Stuart and Carl W. Davis.

Following the luncheon, a business meeting will be held. Among the items of business will be the adoption of a constitution and by-laws for the Auxiliary. All members are requested to be present.

MRS. FLOYD GARY BRAMWELL

**Boothe-Bramwell Vows
Solemnized In Anton**

Lawrence Street Church of Christ in Anton formed the setting for the double ring-wedding vows Saturday evening, August 1, uniting Miss Phillis Alvon Boothe and Floyd Gary Bramwell in marriage.

The ceremony was performed before an altar decorated with candelabras flanked by baskets of sun-burst white gladiolas tied with white satin bows. The bridal isle was marked with white satin bows and lace ferns.

The bride is the daughter of Mr. and Mrs. Louis Boothe of Anton. The groom is the son of Mr. and Mrs. Floyd Bramwell of Pagosa Springs, Colo.

Hoyt Cranfill, minister of the church, officiated. Presented in marriage by her father, the bride wore a formal length gown of silk organza fashioned with scalloped chantilly lace outlining the high Victorian neckline and empire bodice which featured a see-through yolk. The long fitted sleeves, with lace cut-outs extended to a petal point over her hands. The A-line skirt had scattered lace motifs. The detachable Watteau chapel length train also had scattered lace motifs and was edged in scalloped chantilly lace. Her waist length veil of silk illusion fell from a petal cluster of silk organza and lace accented with seed pearls.

Her bouquet consisted of white gamallias, stephanotis and english ivy with white satin streamers tied in love knots. It featured a white silk fan which she received from her Japanese parents while an exchange student in Japan last summer.

Miss Lisa Boothe of Anton served her sister as maid of honor. Bridesmaids were Miss Marvel Bramwell of Pagosa Springs, Colo., sister of the groom, Miss Beverly Carter of Ft. Sumner, N. M. and Mrs. Billy Eaton of Texas City, cousin of the bride.

They wore identical formal length gowns of sapphire blue silk linen. The A-line dresses accented by a self fabric sash at the waist, they wore short white gloves and circlets

of english ivy in their hair. Their bouquets were english ivy and lemon leaves centered with a crystal votive cup.

Christi Overstreet of Houston, cousin of the bride was flower girl. She was attired identical to the attendants. Candelighters were Miss Patricia Melton and Mark Grace, both of Anton. Ringbearer was Rex Bramwell of Pagosa Springs, nephew of the groom.

Best man was the groom's father of Pagosa Springs. Groomsman were Matt Grace of Anton, Jimmy Curvey of Pagosa Springs and Billy Eaton of Texas City. Ushers were Mark Grace, Brady Goen, Brent Couch and Alan James, all of Anton.

The Homer Martin Chorus of Lubbock, with Mrs. Charles Small of Abilene, soloist, sang "Hawaiian Wedding Song," "Twelfth of Never," "I Pledge My Love" and the "Wedding Prayer."

Following the ceremony a reception was held in the home of the bride's parents. The serving table was covered with a floor length cloth of white organza. A three-tiered white wedding cake decorated with wedding bells and roses completed the decor. Silver appointments were used. Mrs. Bob Bearden, Abilene, cousin of the bride and Mrs. Dayton Kirkham of Delta, Colo., sister of the groom, presided at the table. Mrs. Jerry Overstreet of Houston, cousin of the bride, registered guests.

For a honeymoon trip to Santa Fe, N. M. the bride wore a brown and beige knit suit with beige accessories. They will make their home at Pagosa Springs.

The bride is a graduate of Anton High School and attended South Plains College in Levelland and Abilene Christian College.

The groom attended Pagosa Springs High School and graduated from Sandia View Academy in 1964. He served two years as a Combat Medic and Veterinarian assistant at Fort Sam Houston, San Antonio in the U. S. Navy.

Flower Talk
By Kip Cutshall

THE LEGEND OF THE FIRST FLOWERS

Flowers, nature's most beautiful and wonderful creation... where did they come from?

According to legend, when God created the earth... and it was finished He made a large rainbow. All the angels walked out onto the rainbow to look at earth. Their weight caused the rainbow to crack, and small fragments fell on the earth... these tiny bits were the first flowers.

We will be writing this column titled "Flower Talk" each week in this newspaper. Our writing will be about different flowers and how you can effectively use and enjoy them. Won't you join us each week? - and in the meantime if you need flowers call us at 385-4461

They are, Velma Harmon of Amherst, Virginia Turner of Amherst and Vera Reynolds of Littlefield.

Artists Plan Sidewalk Show

Littlefield and area artists are making plans to show their work at the Fourth Annual Walk Art Festival, to be held in Littlefield from 4 p. m. to 8 p. m. on the west side of Phelp's Avenue, on the opening of Festivities Days, Friday, Aug. 28.

The festival is sponsored by "The Women", a civic organization affiliated with the Chamber of Commerce, Hart-Thaxton Hardware and the artists of Littlefield.

Registration will begin at 4 p. m. at the 500 block of Phelps Avenue, and no entry fees will be charged.

Selection of winners in the show will be made by popular vote of the viewing public, and votes will be tabulated until 6 p. m. Announcement of the winners will be made shortly after that time, but exhibits will remain on display until 7:30 p. m.

An area will be provided for visiting artists to relax during the showing, and "We, The Women" will provide a food booth, where hot dogs, sandwiches, cakes and drinks will be made available. Proceeds from the food booth will go to help pay for costs involved in the show and for sponsoring other yearly projects of the organization.

A near-by building will be available to house the exhibits in the event inclement weather comes up.

A separate section will be provided for the sale of works

that are not entered in the contest and are not being judged. Co-chairmen for this year's festival are Mrs. R. N. Nicholas, Mrs. J. D. Hagler and Mrs. Hollis Smith.

HONNY GRITS

By CORNBALL BLEVINS

FRIENDS ARE precious possessions. --No one has any to spare. Neither, is there a overabundance. The knowledge that you have friends gives a feeling of reassurance. --You are stronger because of these friends. You are also a better person by reason of having them.

YOU HAVE the same kind of friends as you, yourself, are -- whether the "Fairweather" variety, or the true friend.

You recognize that there are the two kinds of friends -- the true friend as well as the Fairweather friend. The true friend is the one that stays by our side when the going gets rough. When you're down on your luck, and you really need help -- He's the one that stays with you when you lose your money, your health, or loved ones.

HE WILL NOT encourage you to do evil in any manner, whether stealing, lying, cheating, or any other immoral act. He is unlike the fair-weather type, who uses you for this own gain, pleasure, or plaything. We make the kind of friends we like by BEING the kind of friend we like -- as far as we know, there is no other way to make these kinds of friends.

A WOMAN'S VIEW Aware

By PEARL BRANDON

I READ AN ARTICLE a few days ago which described sin as a state of being "separated from God" which started me to thinking of what it might be like to be actually separated from God. It seems to me God is with us every minute of every day, all the time, if we just turn our thoughts to Him. This same article said even decent people may be separated from God by simply not being aware of Him.

IT MUST BE a very empty life, not being aware of God. This loving, all wise Father who cares about us: who hears us when we pray and protects us while we sleep. To the skeptics this sounds trite and shallow. They say, "It is all very well for you to say pretty things about God being with you. You have lived a sheltered life in a Christian nation, but what about those reared in ghettos in the big cities . . . or what of people growing up in alien situations with no knowledge of your God?"

I KNOW THESE conditions exist and people ARE suffering in all parts of the world as well as in our own country. Isn't this because they, or their leaders, are unaware of God?

God doesn't respect color-lines, or nationality. He loves the individual.

THE ABUNDANT LIFE

Change Comes

By BOB WEAR

THERE WILL BE CHANGE, but not as much as some people would have us think.

There is nothing new, not really new. There may be a re-arrangement of things which have always existed, and we call the result a change or something new.

THERE ARE NO NEW VIRTUES or new vices, but there are changes in the ratio of one to the other in human behavior. From one generation to another, there may be a shifting one way or the other.

In fact, this shift may occur within a generation, or even in a person. There is, however, not any change to the extent of the beginning of a new vice or virtue.

BASIC HUMAN NEEDS may seem to change. They may appear or manifest themselves in a different social context from time to time, but the needs are the same as they have always been.

RELATED TO THESE NEEDS there are fixed principles or laws or conduct. Some people obey them, but some people transgress them. The laws do not change, and the consequences of obedience or, as the case may be, disobedience never change. We may not admit this, but it is a demonstrable fact.

THERE MAY BE CHANGE, but it is not exactly the change many assume it to be. We do ourselves a tragic disservice if we are not exact in identifying that which changes and that which remains unchanged and unchangeable.

Obviously, there are people who assume they are changing some things that can never be changed.

FRIENDSHIP BEGETS friendship, even as love begets love! It is said, that no one lives to himself, or dies to himself. --How true! Whether we like it or not, our influence always overshadows someone, even as others have influenced us.

So, when we begin to feel discouraged and discontent, let us remember our friends. We will feel better right away. --When we remember our friends, we realize that we are wealthy, indeed!

THE WEALTH of Solomon dims into insignificance, when compared to the wealth of one who has many friends, and I can imagine that it must be miserable, indeed, to feel that we have NONE!

A SINCERE SMILE, a firm handshake, a slap on the back, can do an immeasurable amount of good, when given at the proper time! It is my personal hope that I can be worthy of the friendship that is offered me, that I never take unfair advantage of it nor abuse it in any way, and that I be able, in some small way, to return it in the same manner in which it is given.

County Going To The Cows

Cattle in Lamb County outnumber people now. The upswing in feedlots the past 10 years has tripled cattle production according to a conservative estimate, and there are more than two and one-half grain-fed beefs for every person living in Lamb County. While Lamb County's population declined from 21,896 to 17,427 the past 10 years, or about 20 per cent, beef production increased more than 30 per cent in this 1960-70 decade.

One conclusion that could be drawn from this comparison is that the county is going to the bovines instead of the dogs. Sudan Livestock and Feeding and Olton Feedyards, Inc. lead the cattle county with about 20,000 each. The Earth area has the second largest count, with about 3,000 on the Haisell Cattle Company, and another 1,500-2,000 at the Earth Elevator Feedlot. Individuals over the county, with lots from 100 capacity and up, run the cattle total up to 47,000 or more. Few if any of these lots are running at full capacity, and this number is expected to increase this fall.

PAUL HARVEY Doing Nothing

WE'RE NOT doing NOTHING about pollution. And the cure promises to be as dramatic as the disease is dreadful. Americans, just awakening to the long-time misuse of our planet's air, land and water, have to do more than just hold their noses and holler. And some are doing more.

THERE IS AN encouraging and, I hope, exemplary cleanup underway by industries, officials and individuals.

We're NOT doing NOTHING about pollution. Right now, today, for the first time in many years, it is possible in parts of Los Angeles harbor to see the bottom!

AND THERE is evidence of fish life throughout that harbor which just a year ago was considered "dead".

Car makers say they are crash-researching ways and means of producing a "pollution-free automobile by 1980."

LOS ANGELES County's board of supervisors say that's not soon enough; the supervisors have asked state health authorities to ban the sale of any 1971 automobile in California unless it is equipped with an adequate smog-prevention device. "That," the supervisors say, "is the way to get the automobile manufacturers to come around."

WITH THE WORLD in general and our nation in particular threatening to bury itself alive under an annual accumulation of 180 million tons of trash, the Reynolds Metals Co. is opening 16 collection centers across the United States to reclaim and re-use aluminum scrap. Paying 10 cents a pound for used aluminum, the company will break even, the company will profit.

THE PHILOSOPHER A Bind

(Editor's note: The Sandhills Philosopher on his Johnson grass farm explains a complicated financial matter this week, approximately.) Dear editor:

To get my mind off some first-of-the-month bills the other day I was resting and reading a newspaper under my favorite shade tree, the one that's lined up with two other trees so that when the sun moves the next tree picks up the shade, then the next, and I can stay in one place all afternoon without shifting positions. I know some people who are so poorly equipped to think ahead and so unaware of the laws of nature they go to sleep in the shade and wake up in the sun -- and ran across an article that sort of pipped me up.

According to it, the head of a big financial conglomerate was explaining to his stockholders why the corporation was losing money and getting further and further into debt. "We are experiencing a negative cash flow," he said.

What this means, the writer of the article explained, was that the com-

pany was paying out more than it was taking in. In other words, he added, it couldn't make ends meet.

I prefer the company's explanation.

The trouble with this Johnson grass farm, for example, sounds a lot better when I say it's experiencing a negative cash flow rather than saying it's losing money.

Washington, for another example, would sound more comforting if it'd report a negative cash flow instead of a 3-billion-dollar budget deficit.

The trouble with a lot of people's financial situation these days is not inflation, rising costs of everything, higher taxes or over-spending, it's just that when they get to the end of the month they find their household is experiencing a negative cash flow.

What everybody needs is a positive cash flow.

I'm glad to get this cleared up. Yours faithfully, J.A.

County Pioneers Slate 21st Annual Reunion

A huge barbecue, entertaining program and lots of visiting have been promised old-timers who attend the 21st Annual Lamb County Pioneers Reunion this year, according to President Fred Lichte. The reunion is scheduled to begin a long week of activities for Littlefield and Lamb County as the event precedes Festivities Days by three days.

Registration for the Reunion begins at 2 p.m. Tuesday, Aug. 25, at the Community Center in Littlefield with Herbert Dunn of Littlefield and Mrs. Simon D. Hay of Sudan in charge. Lamb County Pioneers will conduct their next planning meeting for the annual event Aug. 13 at 8 p.m. in the Flame Room of Pioneer Natural Gas Co.

Members of the barbecue committee are V. M. Patten of Amherst, Ray Smith Spade and A. B. Brown of Spade.

Pleasant Valley: kitchen food. Mr. and Mrs. F. E. Turner and Mrs. Fred Littlefield, purchasing. Wade of Littlefield and L. Uselton of Amherst; public Mrs. Allen Hodges, Mrs. R. Scott of Sudan, Mrs. C.S. Scott of Olton and J.M. Matton of Earth. Persons coming from the county are asked to bring their families without bringing food, because residents in the county will provide the side and desserts to go with the barbecue.

Researchers at Illinois Tech have developed a new high-temperature incinerator for raw garbage, glass, metal--most any solid waste--which converts pollution to usable construction materials! The Institute for Scrap Iron and Steel sponsored research which has developed a similar incinerator for junked cars; eyesores are being rein-car-nated.

ALREADY OPERATING in Salt Lake City is one which digests 50 cars every eight hours.

FOR WINDMILL
'We, The Women' Slate Dedication

Members of "We, The Women" made extensive plans for the windmill marker dedication service slated for Aug. 28, during their regular meeting Tuesday.

Members plan to serve as hostesses for a reception at 2:30 p.m. in the Community Center for the honored guests who will appear on the dedication program. Mrs. Beulah Dunlap will head the committee for the reception.

Among dignitaries who will be on the program are David Gray, archivist who is grand-niece of "The Father of Littlefield", A. P. Duggan Sr.; Otha F. Dent, chairman of the Water Rights Commission, who will serve as master of ceremonies; George White of George White's Ranch in charge of the marker

dedication; Billy Clayton, State Representative; A. P. Duggan to introduce the guests; Lynn Travis of Channel 8 in Dallas, and the E. B. Lucus of Littlefield.

Pat's Record Center will provide the loud speaker system during the ceremony.

At 3:30 p.m., a caravan of cars will be escorted by city police from the reception to the dedication site at the "Tallest Windmill", located at the north end of XII Drive and Delano Avenue.

In other matters of business, "We, The Women" members decided to spend not more than \$200 on school playground equipment, and a committee will choose the equipment to be purchased.

Members decided to sponsor a contestant in the "Miss Lamb County Contest" and voted to pay the entrance fee.

They heard a report on improving Phelps Avenue southward from the courthouse to East Ninth. City Manager Pat Bradley reported he is anxious to get the project done, and requested that members "bug" him in getting paving done as soon as possible, so that other improvements may be begun.

Members decided to move the next meeting date forward one week since it conflicts with the Annual Lamb County Pioneers Reunion and Festivities Days.

Grant Provides Look At Narrow-Row Cotton

The production of narrow-row cotton on the Texas High Plains will be researched in depth over the next four years, thanks to a recent grant of \$140,000 from the U. S. Department of Agriculture to the Texas Agriculture Experiment Station.

The research will be conducted at Texas A&M's Agricultural Research and Extension Center at Lubbock which has pioneered narrow-row cotton culture, the first work dating back to 1954.

increase has been 25 percent or more. In 1969 the Center conducted a study comparing planting narrow-row cotton with 14 farms and only three showed lower yields. The narrow-row plots, average increase from row cotton over all farms 12 percent.

AIM OF PROJECT

Dr. George G. McBee, superintendent for research at the Center, explains that "the research project will be aimed at reducing cotton production costs and improving fiber quality."

TITLE OF PROJECT

Evaluation of Narrow-Row Cotton Culture for Yield and Fiber Quality and Development of an Optimal Narrow-Row Production System.

OTHER ADVANTAGES

Even without an increase in yield and reduced production costs, the use of narrow-row cotton still is justified to the researcher. With narrow rows and plants per acre, a given area can be made with fewer rows.

FIELD STUDIES PLANNED

"Field studies will be conducted at the Center as well as in the southern part of the area on sandy soils and on clay soils to the north," explains the research director.

VARIETIES HOLD KEY

"The key to successful narrow-row cotton production is adapted varieties," says researcher. "These are two or three years away from the program at the Center, several private breeders are working on the development of varieties for row rows."

HOWEVER, GROWERS NEED

wait for the development of such varieties before changing their planting patterns. Varieties are presently available with which yields increased 10 to 15 percent double-row or some other intermediate row spacing.

COMMERCIAL HARVESTING

narrow-row cotton will be available for the first time in 1970, adds Ray. See of these have been sold in area, and there may be 3,000 acres of narrow-row cotton grown this year.

RESEARCH DATA

"The potential for narrow-row cotton production should be enhanced as research formation builds up," points Superintendent McBee. "The research made possible through this USDA grant greatly increase prospects for successful production of row-row cotton on the Plains."

POTENTIAL CITED

"Past research points to a tremendous potential for narrow-row cotton," says Ray. "With very few exceptions narrow-row cotton has out-yielded that in 40-inch rows. In several instances the yield

Halfway Field Day To Be Extended

Preparation for the 14th Annual High Plains Research Foundation Field Day at Halfway is well underway.

For the first time since the Foundation's beginning, the Field Day, usually an afternoon event, has been expanded to include three days.

Dr. Tom Longnecker, director, has announced the Field Day from Sept. 10-12.

Dr. Longnecker explained that with cooperation of the Plainview Chamber of Commerce, the Foundation will provide exhibit space for more farm equipment than formerly available, and with the Field Day Sept. 10, will launch a unique farm equipment showing.

The farm equipment showing is expected to attract more than twice the number of exhibits usually on display during the Field Day activities.

Longnecker explained that Field Day tours would be conducted opening day only. And most regular Field Day activities will be observed. He said the tours would feature four stops to discuss highlights of the research farm's current programs including studies on minimum tillage, cotton irrigation and fertilization studies, corn and sorghum variety studies.

A guest speaker will be on hand for the opening day evening program and Foundation's commodity exhibits will be on display in the Farm Shop area.

CAPS Opposes Tax Fund Use

AUSTIN -- A statewide organization called the Citizens Association for Public Schools (CAPS) was formed here last week by a group of educational, religious, and other organizations.

Spokesmen for the new group said it was organized for a single purpose: "To work for keeping public tax money for schools confined to the support of the public schools, from kindergarten through grade 12."

Among the organizations represented at the meeting were the Texas State Teachers Association of School Boards, Texas Association of School Administrators, Texas Association of School Boards, Texas Congress of Parents and Teachers, the Anti-Defamation League, the Baptist General Convention of Texas, and Americans United for Separation of Church and State.

Announcement of this organized opposition to the use of public funds for the support on non-public elementary and secondary schools came as no surprise to public school administrators and teachers throughout the state.

The Texas State Teachers Association last October adopted a platform which included this statement:

"TSTA opposes efforts to use public funds for either direct or indirect support of non-public schools. The Association respects the right of private groups, including religious denominations, to operate schools as long as these schools meet the educational, health, and safety standards required of public schools."

L. P. Sturgeon, executive secretary of TSTA, said there is a movement nationwide and in Texas to divert public tax money for use by private schools.

"We expect that the Legislature next January will be faced with a well-organized demand for financial aid to private elementary and secondary school," Sturgeon said. "We want them to know there is a lot of opposition to it, among many groups and individuals throughout the state."

"We also believe," Sturgeon said, "that one of the Legislature's hardest tasks will be to find enough money to pay the increasing costs of state government. Any diversion of public funds to private schools would further compound the problem."

It has been estimated that the proposed request for state government aid to private schools would cost upwards of \$50 million for the next biennium.

Anton WMU

ANTON--Twelve members of the WMU at Central Baptist Church met at the church Monday afternoon.

After the reading of the prayer Calendar by Mrs. Bert Harper and a prayer led by Mrs. Beulah Houston, Miss Jenna Maynard spoke to the group about her recent Christian Crusade trip to Japan.

Refreshments were served to Mrs. A. L. Bullington, Ted Rendleman, T. C. Talkington, Homer Lowrance, Gus Maynard, Lee Stone, Charles Edgemon, Eva Dee Wright, Bert Harper, L. L. Anderson, Beulah Houston and Miss Maynard.

NEW OFFICERS for the Lamb County Coin Club were elected Tuesday evening at the Club's regular monthly meeting. Pictured, left to right front row, are President Larry Sanderson, Secretary Hazel Sharp, Treasurer Gayle Mills; middle row, refreshments committee Mrs. E. G. Alexander and Mrs. Gus Clark, Historian Mrs. Forrest Simmons of Earth; back row, Vice-President E. G. Alexander and Auctioneer Ernest Mills.

Lamb County Coin Club Elects Officers

Tuesday evening the Lamb County Coin Club met in the Reddy Room of Southwestern Public Service, with President Larry Sanderson presiding. Four visitors and two new members were recognized.

On the agenda for the evening was a program given by Mr. H. H. Potter of Sudan on his recent visit to the Philadelphia Mint. Election of officers and the club auction was held.

New officers are as follows: president, Larry Sanderson; vice-president, E. G. Alexander; secretary, Hazel Sharp; treasurer, Gayle Mills; historian, Mrs. Forrest Simmons of Earth; publicity chairman, Charles Barrett; auctioneer, Ernest Mills and refreshments committee Mrs. E. G. Alexander and Mrs. Gus Clark.

Refreshments of pie, coffee and cokes were served to the members and guests by Mrs. E. G. Alexander and Mrs. Gus Clark.

The next meeting will be held Tuesday, August 25, at 8:00 p.m. All interested coin and stamp collectors are invited to attend.

OBITUARIES

WILLIAM OTIS STACY

Funeral services for William Otis Stacy, 74, of Anton, who was dead on arrival at Methodist Hospital in Lubbock shortly after noon Friday, are scheduled at 3 p.m. today (Sunday) at United Methodist Church at Anton.

Rev. Cecil Tune will officiate and burial will be in Anton Cemetery with Hammons Funeral Home of Littlefield in charge of arrangements.

Surviving are his wife, Eva Stacy of Anton; one son, Wendell Stacy of Stafford; four daughters, Mrs. Oral Perry of Fort Worth, Mrs. Willa Mae Price of Granger, Mrs. Billie Harvey of Pittsburg, Penn., and Mrs. Eula Belle Weisner of Kailua, Hawaii; two brothers, Holmer Stacy of Paris, Tex. and Albert Stacy of Pauls Valley, Okla.; three sisters, Mrs. Nancy Hill of Fresno, Calif., Mrs. Mae Selby of Chickasha, Okla., and Mrs. Gladys Stotts Berry of Phoenix, Ariz.; and eight grandchildren.

LILLIAN BELL

Funeral services for Mrs. Lillian Bell, 80, mother of Mrs. H. U. Jackson of Anton, were held Saturday afternoon in the Wilbarger Church of Christ in Vernon. Officiating was Royce Clay and D. L. Thompson, both of Muleshoe.

Burial was in Wilbarger Memorial Park Cemetery under the direction of Singleton Funeral Home.

Mrs. Bell died Thursday in West Plains Memorial Hospital in Muleshoe. A native of Arkansas, she moved to Muleshoe six years ago from the Lockett community, where she had lived 50 years.

Survivors include three sons, Billy Bell of Muleshoe, Loy W. Bell Jr. of New Orleans, La. and Paul Bell of Liberty, Kan.; six daughters, Mrs. D.O. Burelsmith of Muleshoe, Mrs. H.U. Jackson of Anton, Mrs. E.F. Cleveland and Mrs. Carroll Dyer, both of Lubbock, Mrs. Aleta Woods of Hurst and Mrs. Asa LeBlanc of New Orleans, La.; three sisters, Mrs. Nellie Bannister of Muleshoe, Mrs. Eugene Thomas and Mrs. Clyde Wooley, both of Dallas; a brother, Berry Gantt of Baxter, Tenn.; 20 grandchildren and eight great grandchildren.

KATE HARPER

Funeral services for Mrs. E. L. Harper, 87, of Whitharral, who died Saturday in a Littlefield hospital where she was a patient 10 days, were conducted Friday afternoon in the First Baptist Church at Whitharral.

Rev. Clarence Tedder, pastor, officiated. Burial was in Whitharral Cemetery. George Price Funeral Home of Littlefield was in charge of arrangements.

Mrs. Harper went to Whitharral 11 days ago from Amarillo, and she was a member of the Order of Eastern Star.

Among survivors are a son, A. B. Harper of Phoenix, Ariz. and two grandchildren.

JESSIE NASH

Funeral services for Mrs. Jessie Nash, longtime resident of Littlefield who died Saturday at 5 p.m. Wednesday in Medical Arts Hospital, were conducted Friday afternoon in Hammons Funeral Home Chapel.

Rev. R.N. Tucker, pastor of Parkview Church, officiated, and burial was in Littlefield Memorial Park.

Born June 17, 1885 in Missouri, Mrs. Nash had lived in Littlefield 42 years.

Surviving are a son, Charles Nash of Exeter, Calif.; two daughters, Mrs. H. A. Odessa of Littlefield and Mrs. H. A. Odessa of Odessa; nine grandchildren and 15 great grandchildren.

Two Wrecks Investigated

City police investigators are investigating two wrecks that occurred last week.

Thursday evening, two wrecks were involved in a collision at the intersection of 16th and Wroe Avenue.

L.J. Walker of Littlefield was driving a 1967 Chevrolet when traveling west on 16th when Tracy A. Perkins, a 1969 Chevrolet northbound on Wroe Avenue, crossed the path of the Walker.

The Perkins automobile was driven into a wide arc to the curb of Wroe Ave.

The Walker vehicle was damaged about \$750 worth front grill, both fenders, hood, and radiator.

Perkins' Chevrolet was damaged about \$350 in damage to right rear panel, fender, and bumper.

Friday night, two wrecks were involved in a collision on Phelps Avenue.

A 1968 Chevrolet, driven by Darryl Gene Gowen of Littlefield, had been traveling on Phelps Avenue and had crossed the light to change to a 1964 Ford, driven by Joe Mills of Littlefield.

The Gowen vehicle was damaged about \$240 in damage to rear fender, bumper, and hood, and approximately \$350 in damage to the Ford.

Students Attend LCC Music Camp

Thriess Bingham, Billy Ruth Richey, and Carol White, all of Littlefield, were at Lubbock Christian College attending the 12th annual Music Camp last week.

The LCC Music Camp, open to junior high and high school students, was two weeks of concentrated vocal and instrumental music study where courses in song directing, chorus, band, theory, sight-singing, and Bible study were taught.

The LCC Music Camp is much more than just music, study and rehearsals. As a part of the activities, students participate in camp fire devotionals, parties, baseball, tennis, bowling, skating, miniature golf and musical programs.

First American flag flown in Japan was flown there by Consul General Townsend Harris on Sept. 4, 1856.

Grain To Become Major Food

Food and nutrition researchers at Texas Tech predict that grain sorghum during the 70's will assume a major role in the diet of humans.

There are a good many reasons, said Dr. Mina Lamb, professor of food and nutrition, "not the least of which is it tastes good."

"Many foods made from grain sorghum flour, including pancakes, muffins, breads, wafers, ginger bread, and cookies are delicious, with a distinctively pleasant flavor," she added. "Grain sorghum is an excellent source of carbohydrates and supporting substance for many processed foods and would be competitive with corn and wheat."

"Already researchers and the milling companies have done a great job in eliminating the objectionable tastes and odors from grain sorghum flour and products made from it."

Dr. Lamb said she sees strong trends toward the use of grain sorghum during this decade "most noticeably at first in processed food mixtures, such as snack foods, cereals, crackers, bread bits and even candy." By processed food mixtures, she referred to mixes for pancakes, muffins and breads.

The big problem today, she said, is that producers are still more interested in yield than selectivity in breeds which are most palatable to people. Most of today's crops go into feeding of cattle and other meat-producing animals.

"As yet," she added, "there has been no evidence of any person anywhere developing an allergy to grain sorghum flour and its products. That's not true of many of the other cereal grains."

Population rolls ahead at a rate that adds 200,000 hungry mouths to the world every day; the problem of feeding the world population grows more acute. Thus, the relative efficiency of food from plants as compared to that from animals causes grain to be looked upon as the best biological source of proteins and energy to feed large population groups.

Grain sorghum is one of the most economically produced plant seeds and will produce more total energy per acre on marginal soil and climatic conditions than other cereal grains.

Recipes have been developed for hush puppies, ginger bread and pumpkin bread, and for Hearts O'Milo cookies where approximately 30 per cent of the calories are from protein.

Potentially nutritious marketable products include allergy-free diet foods, low sodium diet foods, instant cereals, meat extender products, etc.

Olton Women Establish Memorial Fund

OLTON--Olton Council of Women's Clubs met Tuesday morning at Women's Club House.

To fill two vacancies that have occurred, Mrs. J. L. Snider was named president, and Mrs. Forrest Latimer, secretary of the organization.

Members voted to establish a memorial fund to be used in retiring the indebtedness on the building.

Persons desiring to make contributions are asked to call or see Mrs. Preston Sampler, treasurer.

WORSHIP IN CHURCH

and get a spiritual lift for the whole week

A big old-fashioned water wheel! Round and round it turns and oh, how slowly! Sure, water below the wheel has gone but water above the wheel still possesses potential power that may influence the lives of millions. It is that way with human life, too. The gigantic wheel keeps turning while life keeps passing. "The wheels of the gods grind slowly but they grind exceedingly well." One generation comes while another goes... 3,600 souls go over the wheel every hour... 86,000 every day. Stop right where you are! Think every your opportunity! Act immediately! You have only a little moment to make your contribution to the sum total of human goodness. Just what are you going to do about it, sir? Perhaps you should join the increasing millions who are finding solution to their problems through regular church attendance. You may also find a better way to expend your potential for good.

MRS. EDWIN OLIVER 262-4242

SATURDAY NIGHT Bill Johnson's white '69 super-sport Buick was stolen. The car was parked near his back door at his home when it was taken. It wasn't missed until 6 a.m. Sunday morning.

MRS. L. W. SULLIVAN was in charge of the Bible study program at the Monday morning WMS meeting, at the Baptist Church. The study was from the Book of Ephesians and the study topic was "Missions and the Church at Large." Mmes. H. V. Lynch, Dewey Parkey, Blanton Martin and Edwin Oliver had parts on the program.

KIMMIE FOSTER, Debbie Oliver and Sue Whittington of Odessa accompanied the John Walker family to Plainview Friday night, where they ate out and went to the movie, "Waterhole No. 3" at the Wayland Baptist College auditorium. They also visited in the L. B. Snyder home in Plainview.

WESLEY HUKILL, son of Mr. and Mrs. W. D. Hukill of West Camp spent several days last week with his grandparents, Mr. and Mrs. Paul Hukill. Another grandson, Gregg Hukill of Olton also spent Friday night in the Hukill home. Mr. and Mrs. W. D. Hukill came for their son Sunday afternoon and visited in the Paul Hukill home and with other relatives.

MRS. ROY HENDRICKS is now employed at the Farm Bureau office in Littlefield. She was employed several years at the Hart Camp Grain company.

VISITING IN the V. L. Foster home a few days were Mr. and Mrs. Fipps and daughters, Debbie and Brenda of Temple.

TRECIA McEVERS of Temple spent a few days last week in the V. L. Foster home with Pam Foster. The girls went to Tucumcari, N. M. for a few days vacation.

SHARON HENDRICK accompanied Pam Foster to Brownwood last weekend where they attended the High School, All-Star basketball games.

A HOSTESS MEETING was held Monday afternoon in the Aubrey Neinast home to make plans for a wedding shower honoring Bill Johnson and his bride-elect, Elaine Blessing of Ropesville. Eleven ladies attended the meeting.

SHELLA AND DONNIE Wheeler of Lubbock spent the weekend with their grandparents, Mr. and Mrs. M. W. Wheeler.

KAREN PENNINGTON of Burleson is spending this week with her cousin, Debbie Oliver. Mrs. Oliver and Debbie met her in Lubbock Monday afternoon at the bus station.

MRS. JOHN WALKER and children, Roby and Lori spent last week in Kermit with her parents, Mr. and Mrs. J. H. Munn. Miss Sue Whittington of Odessa accompanied Mrs. Walker home to spend a couple of weeks in the Walker home. MISS EULALIE DAVIES of Lubbock visited Sunday with her brother-in-law and sister, Mr. and Mrs. Blanton Martin. She was a Sunday night visitor at the Baptist Church.

REV. JOHN WALKER was the guest speaker Thursday night at a Brotherhood meeting of the Fieldton Baptist Church.

SUNDAY NIGHT supper guests in the Aubrey Neinast home were Rev. Philip Berry and family of Littlefield.

MR. AND MRS. Mack Wheeler and children left Friday for their home in LaGuna Beach, Calif. They spent three weeks here with his parents, Mr. and Mrs. M. W. Wheeler.

REV. JOHN WALKER accompanied Rev. Ray Harrison of Rocky Ford to the area brotherhood meeting at Plains Baptist Assembly grounds last Monday night.

MR. AND MRS. V. L. Foster, Pam and Kimmie visited Sunday with Mrs. Foster's sister and family, Mr. and Mrs. Kelly Kendall and children of Brownfield.

MR. AND MRS. J. W. Wells visited Sunday at University Hospital in Lubbock with Horace Stamps and Mrs. Leonard Stamps.

CHAD METCALF of Springlake and Charla, Terry and Mike Wells of Levelland are spending the week with their grandparents, Mr. and Mrs. J. W. Wells.

MR. AND MRS. L. E. Ball visited in Clovis over the weekend with a daughter and family, Mr. and Mrs. Fred Borden and children. Corey Borden came home with his grandparents to spend a few days.

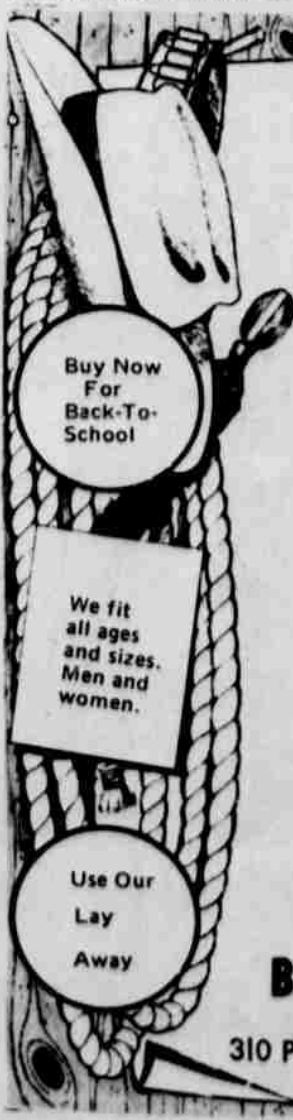

EVERYONE IS INVITED to an ice cream party and shower honoring Bill Johnson and his bride-elect Elaine Blessing of Ropesville on Friday night, August 7 at 8:30 in the Hart Camp Grange building.

DONNA MULLER and Langford accompanied Rev. Mrs. David Burum of the Plainview Baptist Church to Tulsa, Okla., where they are spending this week at the Creek Baptist Church.

Wreck
Police have investigated wreck this week. Shortly after noon a 1964 Dodge, driven by Galindo of Littlefield, left from a parking place near bus station, into a parked GMC bus owned by T.M. The Dodge was damaged the left rear fender and the received approximately worth of damage to the side of the baggage department.

grants for local pur- during the past fiscal came to an estimated 000.

l grants throughout the of Texas as a whole ed to \$944,000,000, it luded were funds for renewal, school and hos- onstruction, roads, public

health, education and many other needs.

The figures relate only to Federal grants to states and localities and do not include other kinds of government spending, for goods and services, in local areas. Not included, either, are the matching funds that must be put up in connection with many of the grants.

As to the cost of these benefits, they are paid for out of Federal income and excise taxes that are allocated to the aid programs.

According to a breakdown of the Tax Foundation's figures Lamb County's contribution to the programs was approximately \$1,775,000. Statewide it was \$936,000,000.

In no area of the country, except Nebraska, did the grants and the costs balance out equal-

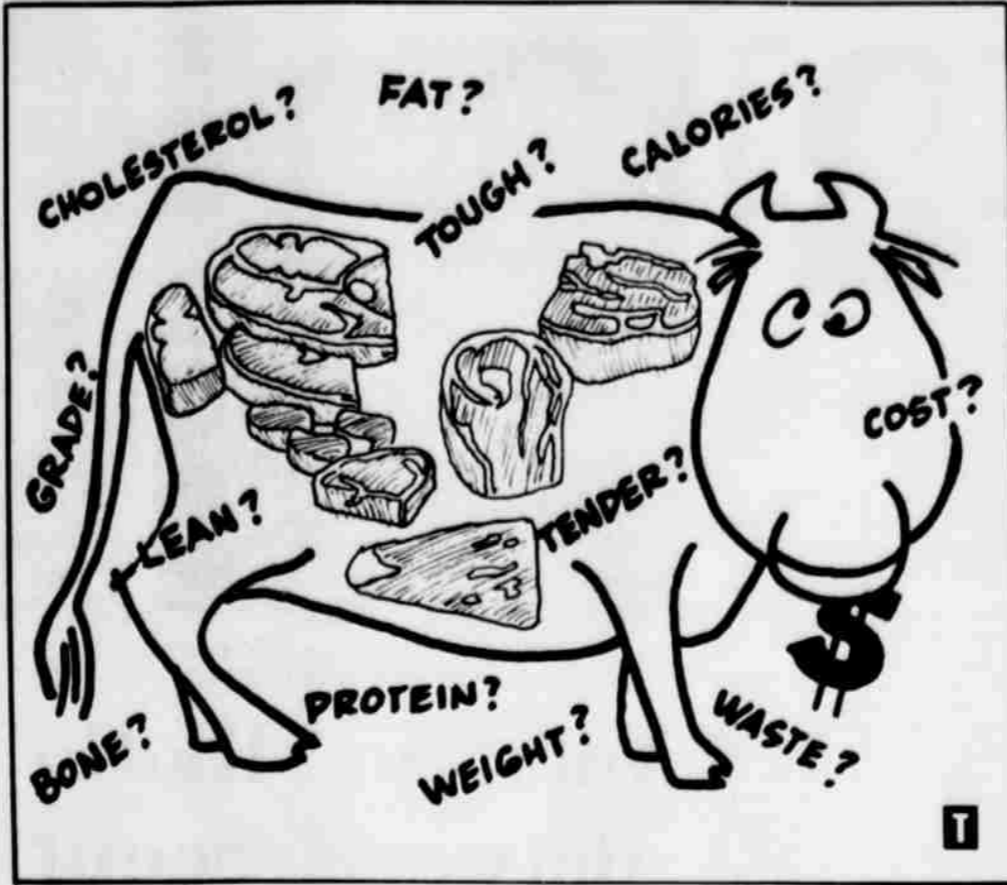

ly. Some localities got back more than they turned in and others got less.

The differences are due to the fact that some communities have more pressing problems and are in greater need of funds for public works than are others.

The awards are made from that standpoint and not with the idea of returning dollar for dollar, it is explained.

Just how much the grants-in-aid programs have grown in recent years is brought out in the figures. In 1960 they totaled \$7 billion. Last year they amounted to \$19.6 billions.

The recent census may result in a drop in aid for some communities. Places that are shown to have declined in population may suffer a proportionate cut in those aid programs that are on a per-capita basis.

THE LEANER, less expensive cuts are the best beef buys for today's more health-informed homemaker, says an expert who recommends a shift to low calories, high-protein foods. "Too many people are filling themselves with calories but are still nutritionally starved," she says.

Experts Advise Changes In Nation's Food Diet

"The 1970's will bring about major changes in American eating habits if the recommendations made at recent national conference on food, nutrition and health are followed," says Jeannette Frank, nutritionist and food authority.

Miss Frank, who took part in the Washington conference, reports, "Leading physicians, nutritionists and diet specialists sharply criticize the diet of the average American today.

"They recommend a shift from cholesterol-forming foods such as steaks that are heavily fattened, fresh eggs, ham, whole milk, cream and butter. They urge a diet lower in polyunsaturated fats with less cholesterol, as well as lower in calories."

Miss Frank, who is the author of the new "Modern Meat Cookbook," reports that a number of authorities recommend changing the grade standards for beef and lamb to eliminate fat content as a criterion of quality. "This would encourage raising animals with lower proportion of fat and therefore more protein, pound for pound," says Miss Frank.

"The leaner, less expensive cuts are the best beef buys for today's more health-informed homemakers," she points out, "because they provide more vitamins and minerals per pound. The more expensive, fatter cuts contain more cholesterol and calories --which can affect your health as well as your pocketbook! The lean cut," she adds, "only lack tenderness, but today's women know that it can be added easily with modern cooking aids like an instant meat tenderizer or 15-minute meat marinate.

"Such aids are important to every homemaker for economy reasons in today's era of soaring prices, as well as to help prevent such problems as obesity and high blood pressure.

Obesity, according to the conference experts, is a prime concern of our affluent society. About 60 million Americans are overweight mainly because they more calories per day than they "burn off" with physical activity. The modern sugar substitutes can help solve this

problem for many people, Miss Frank says.

In addition to obesity, she reported and estimated 21 million American adults have hypertension or high blood pressure to some degree and need salt substitutes made with potassium instead of sodium chloride.

On this problem the conference experts recommend that the medical profession and the general public be emphatically told that one of the most effective ways available now to prevent hypertension is to prevent and control obesity.

They should be told about the possible advantages of restricting their intake of ordinary salt and foods with sodium content in general.

"These and other recommendations are made with the basic aim of prolonging life," says Miss Frank. "The consumer

must be better educated nutritionally so she can serve the kinds of foods her family is accustomed to, but with better health value.

"In other words," concludes Miss Frank, "too many people today are filling themselves with calories but are still nutritionally starved. This applies to both young and old and to all income groups. The 1970's must shift the focus from those foods that are simply "filling" to the nutritional foods that will build and maintain healthy bodies."

Oil Drilling Is Planned Near Earth

Oil exploration is being planned for the Earth area in the near future.

Belco Petroleum Corp. plans No. 1 Halsell, as a 4,200-foot wildcat, five miles southwest of Earth in Lamb County.

The drillsite is 467 feet from north and west lines of Labor 7, League 237, of the Dallam County School land survey.

Meet Set On Hog Cholera

Texas swine producers, the Texas Animal Health Commission and the United States Department of Agriculture are cooperating in a concentrated effort to completely eradicate hog cholera. This state program parallels a national eradication program designed to completely eliminate this dreaded swine disease from the boundaries of the United States by 1972.

Texas is currently in phase three of a four phase eradication program. The purpose of this phase is to eliminate those few infected and exposed herds that remain to threaten the eradication program and to prevent the spread of hog cholera virus from infected areas, according to Buddy C. Logsdon, County Agricultural Agent, Lamb County.

The eradication of hog cholera can not be accomplished without the cooperation and help of swine producers. Producers can help by promptly reporting suspicious outbreaks of hog cholera to their Veterinarian or County Agent at once. Owners of herds in which hog cholera is diagnosed will be paid for their losses from State and Federal Indemnity Funds. Indemnities can not be paid for hogs that die before the first visit of a State and Federal Veterinarian.

Science, Math Teacher Sought

A statewide search for a highly qualified high school science or mathematics instructor who would like to teach and travel in Australia for two years is now under way in Texas.

The selection process will be coordinated by Dr. J. W. Edgar, Texas commissioner of education. Once the Texas teacher has been selected and confirmed by the education department of Victoria, the winner of the fellowship will be announced by Governor Smith, probably about Mid-October.

A total of 100 teachers from the United States, Canada, and the United Kingdom will be offered fellowships by the State of Victoria. The 50 Americans, including one from each state, must show "evidence of outstanding contribution to teaching in the field of science or mathematics in secondary schools."

Interested teachers with degrees in mathematics or one of the sciences plus four to six years classroom experience may send applications to Dr. Edgar at the Texas Education Agency, 11th and Brazos streets in Austin.

WATER FLOODING

MRS. BEULAH NEWTON 257-4341

WEEKEND RETREAT of the Wesleyan Service Guild met at the Methodist Camp at Ceta Canyon July 25 and 26. There

were 180 women registered from all over the North West Texas area. A weekend of study, singing and meditation was enjoyed by all. Those attending from Earth were Mrs. Gladys Parish, B. T. Hamilton and Beulah Newton.

MRS. JANIE BEAVERS is in Baird this week visiting with her daughter and son-in-law, Mr. and Mrs. Glenn Rocky. Mrs. Beavers will also attend the Methodist Mission retreat for the Woman's Society of Christian Service.

MR. AND MRS. J. O. Penneys daughter and three grandsons of Philadelphia, Pa. are spending two weeks with them. KAY CAMPA spent Saturday night and Sunday with Mrs. Adline Newton so Beulah could spend the weekend in Ceta Canyon.

TRESSA GLASSCOCK and DeAnn Brock were at home from Lubbock for the weekend.

THE HOME of Mr. and Mrs. Ervin Ott was the scene of a birthday dinner Sunday, in honor of Mrs. Davis' father John Davis. All the children of Davis helped him celebrate. They are Mr. and Mrs. Floyd Davis of Okla. City, Mr. and Mrs. Scott Miller of Roswell, N. M., Mr. and Mrs. Buddy Howard of Muleshoe, Mr. and Mrs. Luis of Houston and Mr. and Mrs. Wayne Davis of Pecos.

MR. AND MRS. Wayne Davis Coy and Cliff visited with Beulah Newton late Sunday afternoon.

GUESTS MONDAY evening of Mrs. Adline Newton and Beulah were Mr. and Mrs. Norman Nix Newton, Herby, Nancy and Zack. Norman Nix is Mrs. Newton's grandson and lives in Lubbock.

GUEST of Mrs. Willie Winters Sunday was Mrs. Lottie Orteg. They visited with Mrs. Adline Newton Sunday afternoon.

GUESTS SUNDAY in the R. S. Cole home were their children, Mr. and Mrs. Clifford Bills and girls of Denver City; Mr. and Mrs. Jessie Cole, Carol Cole and Earlene Carter and Stacy all of Lubbock; Mrs. Francis Davis and boys; Mr. and Mrs. Wayne Cole and daughter of Olton and Mrs. Alice Martin, mother of Mrs. Cole. All the Cole attended church with their parents Sunday morning at the Baptist Church.

GUESTS THIS week of Mrs. Odeal Bills are two granddaughters, Lesa and Shellie Bills of Denver City.

MRS. MARIE ROSS was admitted to the hospital in Amherst Saturday.

MRS. WAYNE COLE and daughter of Olton are spending a few days this week with the R. S. Cole family.

AS FELLOW Scout Greg Bruton awaits his turn, Tenderfoot Jordan Giles talks.

THROUGH Amateur Radio Station K501F, operated by Bob Barton.

TO Mrs. Abe Giles, back home at East 13th. in Littlefield.

Amateur Radio Conveys Communication Between Scout Troops And Homeland

Homesickness prevention was provided this year by Amateur Radio to members of Boy Scout Troop 600 of Littlefield, sponsored by Littlefield First Baptist Church, and Troop 200 of Farwell, sponsored by Farwell First Baptist Church.

Camping together at Camp Wehinhapay, near Sacramento, N. M., both units enlisted the help of Bob Barton, K501F, who operates his "ham" radio station from his home at 1115 West 6th.

Providing communications to remote areas not serviced by regular means is one of the many public services provided by Amateur Radio operators around the world.

"Cochise" campsite certainly qualified as remote, situated almost 10,000 feet above sea level high in the Sacramento Mountains of Lincoln National Forest.

Farwell Scoutmaster Gene Bitter used a gasoline engine-powered generator as a power source for his portable radio equipment, operated under the "call" of W4SETK.

Of eleven Littlefield boys attending with Troop 600, all of them who had parents at home in Littlefield were able to talk during the week to Mom or Dad across approximately 300 miles of cotton fields, desert, oil fields, and mountains between camp and Lamb County.

Radio signals relayed such information as "It's raining back here in Littlefield too!" and "I shot a bulls-eye at the archery range!", news usually written on a post card to arrive home about the same time as the boy.

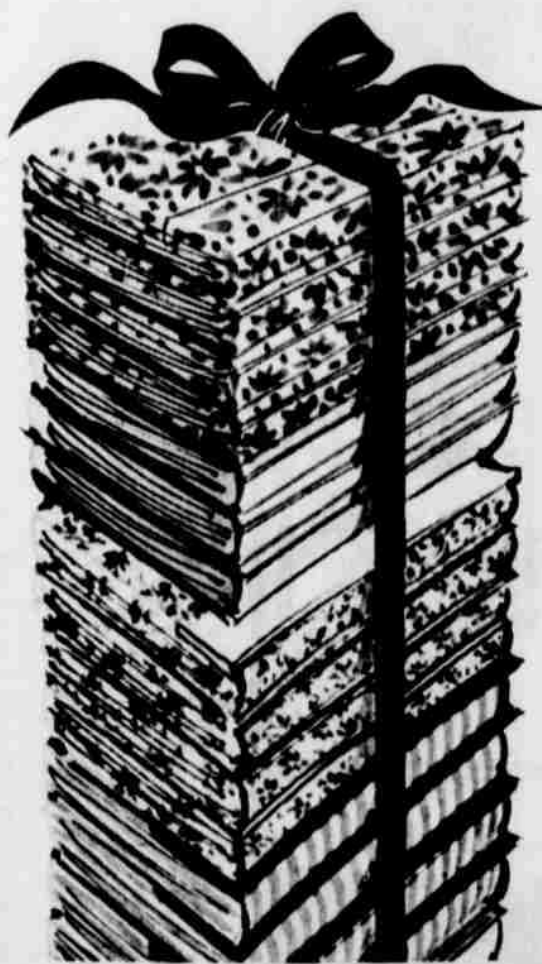

Barton, who has been enjoying this hobby for several years, daily monitors several "nets" which handle all type of information, including weather, military, and informal.

During the past year, he has served as "Net Control" for the Panhandle Amateur Radio Net, which includes stations all over West Texas, Western Oklahoma, and Eastern New Mexico.

MD Telethon Set Labor Day

There will be an opportunity for local individuals to appear in person on the air during the mammoth Labor Day weekend telethon famous comedian Jerry Lewis is doing for the benefit of Muscular Dystrophy Associations of America. The star-studded 20-hour spectacular--emanating "live" and in color from the Americana Hotel in New York City--will be seen here over KLBK, Channel 13 in Lubbock.

According to Bill Sandel, president of the South Plains Chapter of the national voluntary health agency, the station plans to cut away periodically from the big show to enable representatives of contributing groups to make their gifts "on camera" in its studios. Such local segments, Sandel said, will also feature celebrities, civic leaders and individuals directly concerned with the fight against dystrophy and related disorders.

"The Jerry Lewis telethons always attract a vast viewing audience," he emphasized. "These 'in person' presentations, besides advancing our cause, will also give well-deserved recognition to the many local organizations -- labor unions, fraternal societies, clubs and other groups -- who are supporting our efforts. It's a good way, we feel, to let people know who they are, and what they're doing for the welfare of the community."

A special pamphlet, "Put YOURSELF in the Picture," has been prepared for groups wishing to participate actively in the Labor Day weekend telethon. It can be obtained by calling 747-4221 in Lubbock or writing to MDAA, Box 5000, Radio City Station, New York, N. Y. 10019.
