## Free \$100 Special Awards Offered Littlefield Newspaper Campaign

Three \$100 Special Awards are added today to the long list of prizes being offered by the Littlefield newspaper in exchange for spare time work, in a subscription campaign for the newspaper.

These three Special Prizes will be awarded to the candidate showing the best results from today to the close of the campaign, according to the plan announced as follows: One of these Special Prizes will be awarded to the person who produces the greatest number of points, from today to the close of the campaign, according to the point schedule regardless of what other prize he or she may win. The other two will be awarded to the person residing in each of two districts who turns in the greatest number of points during these same days, and who fails to win either of the first four major awards in the first list of prizes and the first \$100 Special Award.

These three Special Prizes offer a great opportunity for candidates in the campaign. Subscriptions turned in prior to today, do not count on these Special Awards, but subscriptions turned in from today to the close of the campaign count on the first list of prizes, and points on the free \$100 Special Awards announced today.

Any candidate in the list can win one of these prizes in addition to any other prize or cash commission. The other two prizes will be awarded to the person who produces the greatest number of points during these same days, and who fails to win either of the first four major awards in the first list of prizes and the first \$100 Special Award, who would not be eligible for these prizes, even if they should have the greatest number of points on these special prizes.

COMMISSION IS DEDUCTED FROM THESE PRIZES

### THREE \$100 SPECIAL PRIZES AWARDED ON THE POINT SCHEDULE BELOW

Each year in new subscriptions turned in from today to April 3, inclusive, will count 40 points, and if renewals, 10 points.

Each year, new or renewals turned in from April 4 to April 19, inclusive, will count only 10 points.

## Negro Citizens Discuss Schools And Easements

Fifteen Negro citizens of Littlefield met Tuesday evening at the Littlefield High School and set up a community-wide meeting for Tuesday evening next to discuss ways of opposing the board decision to close the school after this term.

The citizens indicated that they would petition the integration teachers as well as the board to be integrated. Since the board has refused to hire colored teachers, a large group of the colored patrons expressed a desire to keep the segregated school and to only the high school, as an enrollment of about 100.

The school board once considered some kind of integration but changed its mind when an advisory committee consisting of five white and five colored citizens recently opposed piecemeal integration.

At this week's meeting they were also going to make efforts to get the gas and sewer lines for the colored section.

The gas company and the city commission have both indicated that they will install service lines in the area if easements can be obtained. The area already has water and electric service.

Some 250 law enforcement officers, judges, attorneys and interested citizens attended the Attorney General's Annual Law Enforcement Conference and the Texas Traffic Courts Conference at the University of Texas March 19-21.

Prominent law enforcement and traffic safety officials spoke at the business meetings, while banquet speakers were Eric Stanley Gardner, author of mystery novels, and Rod Cameron, movie star.

Among those attending the meetings were: Curtis Wilkinson, county attorney of Lamb County.

Community Easter Sunrise Service Begin At 6:30 A. M. At XIT Drive-In

The fourth annual community sunrise service will be held at the XIT Drive-In at 6:30 a. m. Sunday morning. The service will be in the direction of the Littlefield Association.

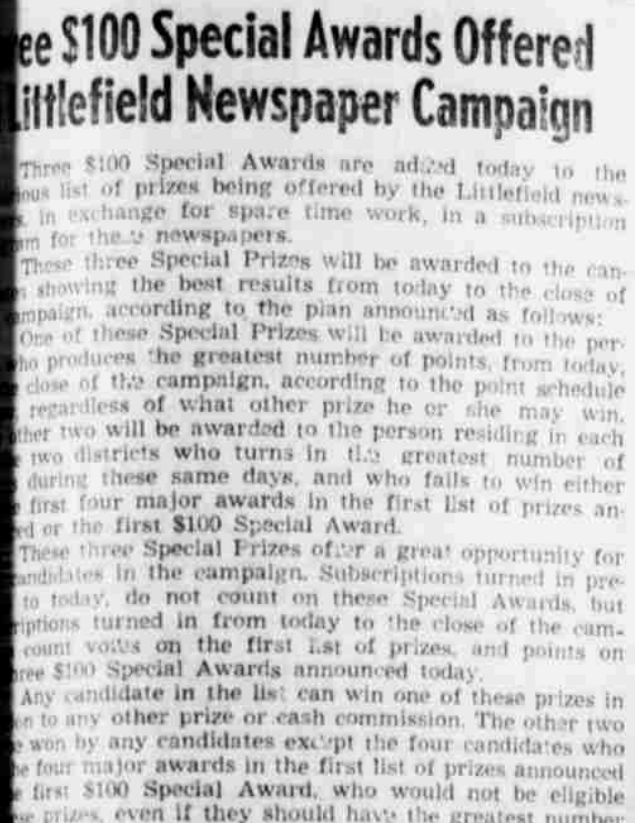

Arthur K. Hunt, minister of the Christian church, will be the speaker. Rev. Hunt came from Ft. Worth and has been vice president of the Littlefield Association. Red Cross campaign chairman for Littlefield has been active in the undertakings. He is a member of the Littlefield Lions Club.

The Easter Sunrise Service was held in 1953. Rev. Harry Haupt, pastor of First Methodist church delivered the message that year. In 1954, Rev.

Henry Haupt, pastor of First Presbyterian church, was the speaker. In 1955, Rev. Vanderpool, who had been named president of the ministers association, again was the speaker. Attendance has grown steadily at each succeeding service.

Various groups have provided the music. Soloists, trios, and quartets from each of the participating churches have provided the music. Last year Mrs. Jim Penn, pianist of First Presbyterian church, provided the instrumental music, and she will do so again at this year's service. Charles H. Hatham, choir member of First Baptist church, will sing "Were You There?"

Boyd Roberts, projects chairman for Methodist Men, will be in charge of arrangements, and Rev. Haupt, will handle the amplifying system. Other participating ministers are Rev. Lee Hemphill, pastor of First Baptist church; Rev. Donald Luebomeyer, pastor of St. Martin's Lutheran church; Lt. Roland Chambliss, Salvation Army; Rev. William H. Anderson, pastor of First Church of the Nazarene, and secretary-treasurer of the ministers; Rev. Quint Farley, pastor of Parkview Baptist church.

### Methodist Revival To Be April 22-29

The First Methodist church has announced that a revival will begin at the church on April 22 and conclude April 29.

Dr. Homer Vanderpool, pastor of the Grace Methodist church, Dayton, Ohio, will be the speaker for the services.

Dr. Vanderpool, who is an uncle of the pastor of the church, was in Littlefield for a revival in September, 1953.

### Easter Holiday For School Is Monday, April 2

Ralph Schilling, superintendent of the Littlefield schools, has announced that the schools will be dismissed at 3:45 Friday afternoon for the Easter holidays.

School will take up at the usual hour on Tuesday, April 3. Friday had originally been scheduled as a holiday, but school officials decided to use that day to make up one of the days lost during the snowstorm in February.

### All Defendants Plead Guilty In County Court

County court convened here Monday and Tuesday, Judge Robert Kirk heard ten cases. Since all ten men pled guilty it was not necessary to pick a jury from the jurors that had been called for duty.

Six cases of Liquor Law violation were heard and a total of \$800 plus costs was collected in fines. One man charged with carrying a pistol pled guilty and was fined \$100 plus costs.

The other three cases were Driving While Intoxicated. Each of the three men were fined \$100 plus costs, three days in jail plus suspension of driver's license.

### Seven Men Seek Election To School Board

The last man to file for a position as trustee for the Littlefield School district before the Lamb County Leader went to press was H. C. (Jake) Armstrong, a farmer, who lives near Fieldton.

This brings the total number of aspirants to seven. They are to seven. They are Bryon Douglas, local abstractor; Weldon Findley, jeweler; Bill Carter, farmer; H. C. (Jake) Armstrong, farmer; B. B. Ivie, real-estate and used car dealer; Carl Locke, farmer; and Dr. Ralph Maurer, physician.

The election will be held on April 7 in the library of Littlefield High School. Arthur Jones will serve as judge and Mrs. Oscar Wilmon and Mrs. J. H. Barnett will be clerks.

Absentee voting begins today and those wishing to vote in absentia may vote until three days before the election which makes Tuesday night the deadline for absentee voting.

Absentee ballots will be sent to the county clerk Charles Jones.

Producing pasture plants remove plant food from the soil and unless the losses are replaced, producing and quality of the forage drop, says E. M. Trew, extension pasture specialist.

The County Clerk's office has for the past two weeks been using the new Photostat machine. The machine was purchased for the office last fall but was installed week before last.

The machine will be used for any court house records. The only outside work that will be done will be certified copies. Charles Jones expects the machine to cut the office staff in half.

The instruments will take up less room in the record binders, so it will cut down on stationery and binders. The officials in the office will be free from worry as to accuracy because the photographic method eliminates copying errors.

The office staff will then be free to render more assistance to the public. Public records are more promptly accessible. Peak seasons for recording are eliminated. It makes no difference whether ten instruments are filed for the day, or 100. There will be no delay in record making.

Companies and offices using the Photostat have figured that the machine will make the cost per finished record book as little as 1/3 to 1/2 the cost of previously created record books. This depends on the size of the county.

The machine is a reverse process. It will either print white on black or black on white. The sheets are filed in the standard loose leaf locking binders.

The machine is push button operated, it is fully automatic. It takes 22 minutes from the beginning to the end in making each instrument.

Jones has estimated that the machine will pay for itself in two years.

### Three Vacancies To Be Filled On Whitharral Board

Three vacancies will be filled from the following list of candidates who have announced for election to the Whitharral School Board.

They are Bruce Wren, Jr.; T. C. Wade; Lester Hood; Robert Strickland, Roland Newsom, and Warren Tipton.

Newsom and Tipton are the two seeking reelection. The election will be held April 7 at the Whitharral school.

### Car And Truck Collide At Intersection

An accident occurred in Littlefield Wednesday morning when a 1955 Chevrolet sedan driven by B. C. Hukill of 416 West Fifth St. and a panel truck owned by Lether Wormly, of Littlefield were in collision at the corner of Fifth and Duggan Avenue.

Wormly was headed west on E. Fifth St. and Hukill was going South on Duggan Avenue when the accident occurred. Wormly hit Hukill on the left rear fender.

Damage to the Chevrolet was \$250 and damage to the truck was \$60.

Many candidates just starting in District outside of Littlefield and Littlefield routes, where two or three car orders or the cash equivalent and three district prizes must be awarded. Everyone should help their favorite now while helping themselves.

Congratulations to the commissioners' court on the installation of photostating equipment for recording title documents. It is not only a much cheaper and faster way of doing the job, but it eliminates errors. Always like to see work done the easy way, especially when it is also done better that way.

Thurlo Branscum is concerned about the fact that National Soil Conservation Week coincides with National Cotton Week. As a result it gets lost in the cotton celebrations in these parts, and few people know it was ever here. He's hoping that this year the enthusiasm over cotton week will expand to include some notice of soil conservation and its importance to our cotton economy.

The makers of nylon, dacron and other synthetics did more price cutting this month, trying to increase their volume. If they are successful, some of that increase is going to be at our expense.

Every year about this time Jimmie Brittain keeps his weather eye focused on 713 LFD Drive to see when Sam Hutson moves out onto his porch. He says it is a sure sign that spring is here when Sam starts sitting out there after he gets home from work in the evening.

Jimmie was delighted to see Sam out on the porch Tuesday evening. We were too and sent a photographer to get a picture of this harbinger of spring. But guess spring couldn't compete with the sand, because Sam had moved back inside before we got there.

Names of all nominations to date in the Littlefield Newspaper's big prize campaign are announced below.

With names of candidates entered to date in the Littlefield newspaper campaign appearing today, it is only logical that the next few days will see some real activity. Many subscribers have been making all kinds of excuses to the candidates, merely waiting to see who were taking part before giving their subscriptions.

Only Saturday one subscriber mentioned in the office, "that he wished we would hurry and publish the names, as he had about run out of excuses for the various candidates." This is a natural thing for subscribers to do. Many persons would not tell a candidate they were waiting to see if there was someone else they would rather give their subscription to, even though that was what they were doing.

All subscribers should see that their subscriptions reach the office at the earliest possible time to be of the most value to the candidate whom they wish to help, and at the same time subscribers have only a few more days to take advantage of the special rate being given on newspapers at this time. Subscribers should not wait for candidates to call for subscriptions, but bring them to the office, secure the savings of \$2 for themselves and give credit of the votes given with each subscription, to whom they wish.

There is still a great opportunity for new entries in district two, outside of Littlefield, and the Littlefield routes, where two or three car orders or the cash equivalent and three district prizes must be awarded.

District No. 1 consists of Littlefield and Littlefield routes. Two or three car orders or cash equivalent, and three district prizes must be awarded to candidates residing in this district. Listed below are candidates to date:

## Ph Douglas Elected President

Ph Douglas was elected president and W. A. Wolfe was elected vice president in a meeting of Little League officials at City Hall Monday night in Littlefield.

Officers elected were Duval, treasurer; L. E. secretary and L. V. player agent.

Most important resolution passed was the approval of admitting Whitharral, Anton and Amherst to participate in the League this year. They will be put into a pool with the Littlefield boys and bid on by managers with points.

All boys wishing to play Little League ball this year will meet in the court room of the City Hall, Monday night at 8:00 p. m. to register. All parents who can manage should accompany their son. This includes the parents from Whitharral, Anton and Amherst as well as those from Littlefield.

The site of the proposed park was again changed. Deverelle Lewis made a report on the City Park situation and after bringing up three facts about that location, the League decided to put the park on the Fair grounds where they can have practice fields and more parking room.

The three facts brought out by Lewis were first, that several elderly people live around the area and the noise would keep them awake late at night. Second, the parking facilities were too small and, the city commissioners pointed out that the mosquito situation in the park was bad. They have sprayed it in the past, but with changing winds, the mosquitoes are always around at night.

The Jaycees voted to give the lights now at the Fair grounds to the Little League. Putting the park at the Fair grounds would save the expense of moving the lights any great distance. The committee of Deverelle Lewis, Buster Owens, Skipper Smith, Nig Whitson and Roy Sellers was appointed to select the best site possible on the Fair grounds and to contact the County Commissioners.

There is a very good possibility that there will be eight teams in the League this year, two more than in the past. If enough boys report to make the adding of two more teams to the League, two games will probably be played every night except Wednesday. One game could start at 6:00 p. m. and the night game would start at 8 p. m. This would make every team playing two games a week. This problem will be discussed at the meeting Monday. Parents were asked by Treasurer Charles Duval to please accompany the boys to the meeting Monday night at 8:00 p. m. The parents will have to sign a slip of paper that will permit the Little League to take insurance against injury while playing Little League ball. The parents must also be able to furnish a birth certificate for the boys. Age limit for Little League play is from 9 to 12 years of age.

## County's Small Employers Now Subject To New Tax

Several additional employers in Lamb county became liable under the amended Texas Unemployment Compensation Act January 1.

And J. D. Jordan, local office manager, advises these employers that establishing payroll reporting accounts with the state office of the Texas Employment Commission, Brown Building, Austin, will help avoid penalties and assessments of back taxes.

An amendment to the state's unemployment compensation laws extended coverage to all employers with as many as FOUR employees on 20 days in 20 different weeks, Jordan said. Prior to January 1, 1956 only firms who hired eight or more were affected.

"The expanded program also covers a small business which has four people working only Saturdays, or one which regularly has two employees during the day and two others at night."

The state program was extended by the 1955 legislature to conform with Federal statutes already enacted. "Otherwise," stated Jordan, "Lamb county employers of four to eight people would not have the advantage of the Texas system of possibly reduced taxes because of employer experience ratings. And early action will mean earlier eligibility for reduced tax rates."

Combined Federal and state taxes begin at 3 per cent of each annual wage up to \$1,000. However, the state's program provides for a possible minimum rate of 1-1/2th of one per cent, and the 1955 average rate for rated employers was .22 per cent. The net Federal tax is 1-1/2ths of 1% in addition to the state tax.

Any Lamb county employer of four, five, six or seven persons for 20 weeks during 1955 should request explanations of the state TEC office about complying with the program, Jordan added.

## 27th Round Up To Be Held April 16-17 At U. Of Texas

Highlights of the University of Texas' 27th annual Round-Up April 16-17, will be a 40-foot parade, the Texas Relays, an address by the president of Smith College and a glittering revue and ball.

Round-Up, sponsored by the University as a homecoming for its ex-students, will honor reunion class members whose years end in "1" and "6" from 1886 to 1951. Starting at 3 p.m., Friday, April 16, will be the Round-Up Parade, a colorful presentation of crepe-paper floats which annually attracts thousands of spectators.

For the sports-minded, the Texas Relays, long famous for its outstanding track and field events, will be held on both days. For the first time in history, part of the Relays will be held Friday night, under Memorial Stadium lights. Dr. Benjamin Wright, Smith College president and University gra-

duate, will address the Honors Day Convocation Saturday morning. Honors Day ceremonies recognize outstanding University students.

During the Saturday night revue, the identity of the 1956 University of Texas sweetheart will be announced. Also presented in the revue will be visiting Southwest Conference sweethearts and University beauties.

Toay Pastor's orchestra will play for the Round-Up Ball in Gregory Gym following the revue while the "Cell Block 7," Dixieland jazz group, plays in the Texas Union. A barbecue, reunion class breakfast, ex-students' luncheon, square and western dances and a Longhorn Band concert will round out the weekend's activities.

# Concrete Pipe Irrigation

**FATRIC W. NEIL,**  
SCS Engineer

Irrigation water is important to the irrigation farmer because of seepage which can be enormous. It varies from 10 to 20 percent of the water supply. Water making doubly serious. Fewer crops are raised because of lack of enough water. Concrete pipe is one method of seepage and evaporation to a minimum.

Concrete pipes are rapidly learning the advantages of concrete pipe. It saves time and labor in its use. It is in fact an ideal irrigation method. **SUNNY DALE CLUB MEETING HELD IN REA KITCHEN**

Sunny Dale Home Demonstration Club met Friday, March 23 at the REA building.

Opening exercises was a game of "Identifying the proverb" and was led by Mrs. B. E. Reagan and won by Mrs. C. Russell.

Roll call was answered with something I am extremely grateful for.

A business meeting followed during which Mrs. W. I. Banks' resignation from office of secretary-treasurer was accepted. Mrs. B. L. Wheeler was appointed to fill the position for the remainder of the year.

After the business meeting Mrs. Hazel Hickman gave a program on requirements necessary for a future demonstration and workshop meeting on making jump shades.

She also showed how to test pressure cookers and gave a program and demonstration on freezer meals.

At the close of Mrs. Hickman's demonstration the hostesses, Mrs. W. E. Hampton Mrs. J. F. Minyard and Mrs. B. E. Reagan served refreshments of punch and white cake squares decorated with pink rosebuds, a candy, and the name "Clyde" in honor of Mrs. Clyde Hawk's birthday. The members lit their candles and as they burned, sang Happy Birthday to the honoree.

The following members attended the meeting, Mrs. Jack Brooke, Mrs. Bill Cape, Mrs. W. I. Banks, Mrs. J. F. Minyard, Mrs. Clyde Hawk, Mrs. C. Russell, Mrs. Reagan, Mrs. J. G. Perkins, Mrs. C. E. ## Mrs. Roy Gilbert Receives Abrasions in Accident

An accident occurred Monday afternoon when the driver of a Dillingham Company truck attempted to turn left off Highway 51 North of Littlefield as Mrs. Roy Gilbert had started to pass the truck.

The bumper of the truck caught the right rear fender of the 1955 Ford that Mrs. Gilbert was driving. Mrs. Gilbert lost control of the Ford and after going 300 feet up the highway turned over and landed in the ditch on the West side of the highway.

There was very little damage to the truck, but the Gilbert car was a total loss.

Mrs. Gilbert received face abrasions and her right shoulder was hurt.

Highway patrolman Martin Peterson, who investigated the accident, gave the driver of the truck a ticket for over-width.

## Former Resident Is Stricken With Heart Attack

Ben Faschall, 39, died in Auberry, California.

Ben Faschall is a former resident of Littlefield. He was returning with his brothers, Carl and Ben, on a hunting trip when he became ill.

Ben Faschall said that he apparently died of a heart attack a few hours after being in the area.

Ben Faschall was a lineman by the California Edison Company and had resided in Auberry for five years.

Ben Faschall is survived by his wife, Rozanna, three daughters, Sandra, and Patricia, Auberry; his mother, Mrs. J. O. Garlington, and three sons and five sisters.

## Anthony F. Lucas Is First Man To Get Oil In Texas

(Editor's note: Sketch compiled from records of "Oral History of Texas Oil Pioneers," University of Texas. Persons who can contribute additional information, documents, or photographs of early oil fields should write to the Archives Collection, Box 7787, University Station, Austin, Texas.)

The man who gave his name to the first Texas oil gusher was Anthony F. Lucas, born Luchich in Dalmatia.

He was graduated in mining engineering and then from the Austrian Naval Academy. At 24, soon after he was commissioned a lieutenant, he came to America to visit on Uncle Sam's dime.

Finishing mining more promising than the Austrian Navy as a career, he changed his name to Lucas, as his uncle had done, and settled in America.

He was a large man, strong, quick in movement, handsome, and with all kinds of people to meet as he traveled over America.

In 1837 he married Caroline Fitzgerald of Macon, Georgia, and she went with him from mining camp to mining camp even after their son was born.

One of these journeys, in 1838, took him to Louisiana, where he was exploring for sulphur. During that time he discovered a fine salt deposit on Jefferson Island, the property of his friend Joseph Jefferson, the actor famous for his portrayal of Rip Van Winkle.

When Pattillo Higgins was forced to advertise for outside help he received one, and only one reply. It was from Anthony F. Lucas. At Higgins' invitation, Capt. Lucas came to Beaumont and looked Spindletop over.

Capt. Lucas already had evolved the dome theory in relation to oil deposits. When he saw that the mound at Spindletop was a salt dome, he was eager to test his theory.

He moved his family to Beaumont, to a house about a mile from the test location. It seemed promising, but before he could bring it in, gas pressure collapsed the pipes. He was able to save only three demijohns of black oil.

## Save Your Valuable Rugs And Furnishings

Soil free carpets and upholstery wear longer. We recommend frequent cleaning with the new, easy to use, Blue Lustre.

The swift action of this new miracle foam works equally well on wall-to-wall carpets, fine oriental rugs or upholstery. Bright original colors gleam like new. Blue Lustre is easily applied with a long handle brush, leaving the pile open and lofty. No residue remains to cause rapid resoiling. Very economical too, as 1-2 gallon of Blue Lustre concentrate cleans three 9 x 12 rugs.

was given, "Honor to the Texas Flag. We pledge our loyalty to the Texas one and indivisible." Mrs. "Iron Grady" leader and coordinator, presented the program, "Texas, Today and Tomorrow." She opened with a letter from Gerald Bental September 1, 1947. Mrs. Grady chose to deal primarily with the people that dwell in early Texas. Contrary to the elaboration on the cut throats and necks that often converged on the land of a platoon. She pointed with

side to the people of strength and character whose courage and perseverance built living monuments. Noblemen from Europe and other countries brought culture and art to early Texas. Her closing remarks were facts and figures on the rich resources of present-day Texas, and Texas contribution to National and International economy. She quoted from Texas Parades. Those participating on the panel and their reviews were: "Four

Mile Church," Mrs. Vernon Bridges; "Cautions and Colonizers," Mrs. Sid Landers; "Athens of Texas," Mrs. J. B. Jobe; and "Mansions of the Hide and Tallow Days," Mrs. Jim Bridges. During the business session committee reported, Mrs. Jim Bridges and delegates reported on the 5th annual convention of Seventh District TFWC held recently in Plainview. Refreshments representing St. Patrick's Day were carried out.

Mrs. Neil Herrin presided in the silver service. The next meeting will be March 28, with Mrs. Sol Gann, Mrs. J. W. Walker, Plainview, will be the speaker. Farm and urban families grew an estimated 567,000 home gardens last year. Extension horticulturists reported these gardens produced an estimated \$3 million worth of vegetables. The 1957 gardening season is here.

## Easter Services

### Begins At 6:30 AM

Easter Day begins for the Methodists of Littlefield at 6:30 a.m. At that hour the community-wide Sunrise Service will be held at the XII Drive-in Theater.

At 7:30 Methodist Men will serve breakfast to the youth of the church in the basement. Ross Lusden is in charge of the kitchen.

Church School begins at 9:45 a.m., with classes for all ages. Morning worship services will be conducted at 10:55 a.m. in the church sanctuary. The sanctuary choir will sing "The Hallelujah Chorus" from "The Messiah," by Handel. Hugh Ellison, church director of music, will sing "Consider the Lilies," by Scott. The organ music

played by Mrs. Ivan Fowler, will include "The Lord's Prayer," by Malotte; "I Know That My Redeemer Liveth," from "The Messiah," by Handel; and "Toccata," by Vidor. Rev. Harry Vanderpool, pastor, will bring the sermon.

During the service infants will be christened and new members baptized and received into the church. The church nursery, which recently was improved with the addition of built-in beds for babies, and a large 4x8 foot play pen for toddlers, will be open during church school and morning worship.

A special service for christening children and receiving new members will be held at 4:00 p.m. in the sanctuary. There will be no evening services at the church. Rev. Vanderpool has suggested that Easter evening ought to be a time for families to visit together.

## How "magic pennies helped change ice boxes to refrigerators, carriages to cars

Every manufacturer must spread the news about his products — quickly, effectively, inexpensively. One customer telling another is too slow.

Mass selling is the only way to stimulate mass demand: Advertising is simply mass selling that paves the way for salesmen. Through advertising, businesses tell millions about their products and services for a fraction of a penny for each person reached.

Lives are enriched by advertising which stimulates "wanting," generates new ideas, speeds development and acceptance of new products, creates new jobs. Without advertising, a magazine might cost five times more, newspapers would have only a few pages, and there would be relatively few publications and broadcasting stations.

Advertising agencies prepare 30 million advertisements, 115

millions of booklets, letters, distools every year.

Business invests \$9 billion annually in advertising to inform people about everything from new drugs to home freezers. When millions respond by buying, production can be increased, economies effected and prices reduced. This productive circle maintains the free market in which the American consumer enjoys the finest selection of goods and services on earth.

**HAWAIIAN HAM**  
 Follow label directions for baking ham. One-half hour before baking time is completed, remove ham from oven and cover top with drained pineapple slices. Place a maraschino cherry in the center of each slice. Spear pineapple chunks with cloves and stick into sides of ham. (With pineapple on top and sides — the tangy sweet pineapple flavor will have a chance to penetrate all through the ham.) Coat ham and pineapple with honey and return to the oven. Baste with drippings and additional honey every ten minutes until pineapple slices are golden brown and glazed.

amazing progress in caring for the crippled in this is one of the most important observations noted in recurrent news released in conjunction with the Easter Seal Appeal, now in progress. It has been accomplished for the crippled in our time all the generations of man's civilization before us. Improvement in techniques is one explanation for the work of both public and private without whose efforts the scientific advances would be meaningless. Many private organizations can match the super-contribution made by the National Society For Crippled Children and Adults and its 1,700 affiliates, including the Texas Society for Crippled Children and 100 city and county units. For more than a quarter these Societies have been providing for the crippling the public of the crippled's needs, sending dollars responsibly, wisely and well. The Appeal has meant many tangible things, chief among them the 29 treatment centers in as many cities and which afford medically prescribed and supervised care for any crippled person in the state, regardless of crippling, race, creed or age, with a minimum of contributions to the Texas Society also support surgery and hospitalization for the crippled, physical and occupational therapy to aid the crippled in overcoming their conditions and to help them be self-sufficient and self-supporting citizens; recreational programs for children unable to run and play as able-bodied children do; extensive educational and research programs at state and national levels. The time of year when Texans can again contribute to the worthy cause. The Easter Seal program is the finest of humanity and it deserves our fullest support. It continues through April 10.

## Highlights and Sidelights from Your State Capitol

By VERN SANFORD  
 Texas Press Association

Texas are going to soul—much less 25,000 people—if candidates have I could run."  
**Johnson Challenged**  
 In a fiery verbal blast, Texas Press Association president Russell W. Bryant told more than 100 newspapermen and women at a North and East Texas Press convention in Tyler that C. T. Johnson of Austin is ineligible to become a candidate for Lt. Governor.  
 Bryant distributed copies of a deposition taken in the 126th District Court at Austin on Oct. 1, 1955 in which Johnson testified under oath that he spent only \$125 in traveling the length and breadth of Texas while campaigning for Lt. Governor in 1954.  
 According to Bryant, Johnson testified he had driven 12,000 to 15,000 miles and that his total

traveling expenses for the entire campaign period, as reported to him to the Secretary of State, amounted to \$125—for gasoline, oil, tires, repairs, batteries, lodging and meals.  
 Filing of an inaccurate campaign expense report excludes Johnson from becoming a candidate, under state laws, Bryant said.

"You and I know that there isn't a standard make automobile on the road today that doesn't cost nearly two cents a mile for gasoline alone," Bryant told the convention delegates.

**Capitol Area To Grow**  
 Texas' Capitol area soon will take on a new look Gov. Allan Shivers showed the Austin City Council plans for the expansion, and addition of two ultra modern buildings, plus nearly three blocks of additional grounds.

Sites, maps and architects' sketches for the new State Office Building and Supreme Court Building were presented to the council. Both will be three million dollar structures. The Court Building will be located a block northwest of the Capitol, and the Office Building a block northeast. They will face the Capitol and be joined by a 1 1/2 block mall across Congress Avenue. Space for additional parking areas also is included in the plan.

Shivers also announced that the granite quarry near Marble Falls, from which granite used in construction of the Capitol was taken, has been re-opened. It is planned to use granite from the same source, for the new buildings.

Shivers is chairman of the state building commission which plans to begin immediately to acquire the necessary sites for the expansion. Contracts probably will be awarded next fall.

Financing of the building project largest in the state's history, was made possible by a constitutional amendment allocating the surplus from the Confederates' pension fund for state buildings.

**Law Enforcement Needs Studied**  
 Vigorous action on many fronts is needed to combat Texas' climbing crime rate, said speakers at the Attorney General's Conference on Law Enforcement in Austin. Some conclusions, after the four-day conference.

By Attorney General John Ben Shepperd: Travis County should have an extra district court, two grand juries and a special appropriation for the district attorney's office.

By Department of Public Safety Director Homer Garrison Jr.: Since soaring juvenile delinquency can be principally laid to parents' failure to provide good citizenship training, Texas should have a law holding financially responsible parents of youngsters who wantonly destroy property.

By Prison Board Member Dr. George Beto: Texas Prison System needs \$8.5 million to build housing for increased number of inmates, and must find additional profitable industries to offset upkeep costs.

By James P. Economos, director of the American Bar Association's traffic court program: All persons charged with a moving traffic violation should be required to appear personally before the traffic court judge.

By Author-Attorney Earle Stanley Gardner: Law enforcement has suffered from the outmoding of corporal punishment in the home and school.

**Texas Acreage Cut**  
 Acreage of principal Texas crops will be reduced by about 660,000 acres this year, the U. S. Department of Agriculture announced. Accounting for most of the reduced acreage will be drops in cotton, rice, peanuts, corn and oats. Flaxseed, Irish and sweet potatoes also will be curtailed. Only hay acreage will be increased, and wheat will remain unchanged.

## Promise for a Troubled World

## The Sandhills Philosopher—

**Editor's note: The Sandhills philosopher comes up with another impossible idea this week, which we publish only in the interest of freedom of the press.**

Dear Editor:  
 As I understand it, there is considerable concern in Washington over the fact Congress has taken so long to get a farm bill passed it might not get into operation before the planting season arrives. "The planting season is rushing toward us, has already arrived in the southern part of the country, and Congress ought to get some action on a farm bill," Washington leaders said with considerable worry last week. They may not all know when the planting season is for all sections of the country, but they all know when the election is.

This is one worry I personally can relieve Washington of. I am perfectly willing to delay my planting as long as it takes.

I have tried planting by the moon, by the calendar, by a soil thermometer, by my rheumatism, by my neighbors, and by the farm magazines, and I don't believe I'd have any worse luck if I planted by Congress.

As far as I'm concerned, Congress can take all spring and most of the summer if it wants to, and I'll be glad to hold up my planting until everybody in Washington is convinced the farm problem is solved. I don't know about others, most farmers can't seem to wait to get seed in the ground, but I know my patriotic duty when I see it. I'm waiting.

Talking about the farm problem and the big surpluses we've been piling up, I have hit on a way which I believe would eliminate the surplus in a couple of

## Letter To The Editor . . .

Dear Mr. Editor:  
 I believe you will agree that we are living in an era of social change all around us. It is good that well meaning and freedom loving people can be found in every race and religion in our immediate area of living. And any good American will agree that to an equal opportunity to pursue to rights of life, liberty and the little happiness that can come to one of the oppressed minority group that is with us.

As a Negro American, I am humbly proud of the remarkable progress we have made in many fields of endeavor in this great country of ours. I am also proud of the remarkable contributions made by white Americans and other minority strains among us. That our country can be truly called the great "melting pot" can be no doubt.

As a minister and servant of my people for many years, and being a relative new comer to Lamb County but no stranger in West Texas by any means, I am appealing to all that is decent and honorable in our school board and to interested patrons and friends of this area, to not close permanently the one institution that my people have relied on through the years, to bring light, inspiration and hope to them—the community school—and Dunbar in particular.

The school has been for my people the one beacon of hope in a world of closed doors and shackled opportunities. The school serves as a sort of community gathering point for children and parents and patrons as well. It gives opportunity to young men and women who are prepared and have made sufficient sacrifice for a good education to teach and inspire other little black boys and girls to go on in the furtherance of their education. Along with the Negro church, these two institutions have played and are still playing a vital part in making our country take its place among the more enlightened ones in the world.

Don't get me wrong! I am no Uncle Tom nor would I set back the wheels of social progress and change. I am not pleading for the present crop of teachers we have at Dunbar if they are not qualified to do the job. If they are not, or if there is one who is not prepared to do the job of teaching,

Let all these people switch jobs with farmers for two years, and I guarantee the surplus will disappear. If you think this suggestion has any merit, come on out. Yours faithfully, J. A.

## Gleanings . . .

**From Nearby Newspapers**  
 That Mitchell County is seeking sources of revenue other than the money-value of a cotton crop, is evidence of the fact that contracts are in the process of being signed and closed for a 20,000-acre layer-hens project. Approximately two dozen persons have signified their interest to set up a caged-layer association. Plans call for 20 separate projects with 1,000 to 1,100 birds in each project.  
 The caged-layer-hen project is growing in West Texas. Martin county has several of the new industries in operation. Reports here indicate they are quite profitable. We know one thing the eggs are clean, bright, and shiny, providing a meat that is fresh and wholesome. A product the customer is guaranteed as a fresh edible item for the dinner table.—Stanton Reporter.  
 The USDA has purchased 137,177,450 pounds of pork since last November when the purchasing program was commenced.  
 Amber, used for beads and ornaments, is a fossil resin. Over 800 species of insects and leaves of 163 plants have been found preserved in it.

## New Floor Care Ends Waxing

One of the difficult jobs of housekeeping is to wax linoleum and asphalt tile floors. Now, thanks to Glaxo, it's no longer necessary to wax and scrub; just apply Glaxo about twice a year. It maintains a high lustre, non-slip coating that seals out dirt. Glaxo dries in one hour and is water clear. It's cheaper than wax in the long run, besides saving a terrific amount of work, plus truly a beautiful floor.

## V-8 WINS CLASS A

In this year's Economy Run a new Ford V-8, with Fordomatic, was the official victor over every car in its field, with a winning average of 47.7643 ton-miles per gallon. This means that the sturdier, heavier Ford carried more weight, with greater gas economy per pound, than any car in its field.

This latest Ford victory was scored over a rough and rigorous 1,468.8-mile route running from Los Angeles to Colorado Springs. Through the heat of Death Valley and over chilling mountain heights . . . through gas-eating city traffic and over the straight-

**Counterfeits of Christianity**

A counterfeit is a false imitation made to resemble something true and genuine. As do many other things of great value, the Christian life has its counterfeits. Here are some of them:

**A Life of Hypocrisy**  
 Titus 1:16: "They profess that they know God, but in works they deny Him, being abominable, and disobedient, and unto every good work reprobate."

**The Self-Righteous Life**  
 The Pharisee in the parable of Luke 18:9-14 boasted of his righteousness, and thought his goodness earned for him the favor of the Lord. Such a life resembles Christianity in a way, because Christianity does demand following the righteous path; but the self-righteous life leaves no room for the grace of God. All need that grace. The Pharisee did, too, but he did not know it.

**The Good Moralists' Life**  
 This portrays the view that all there is to Christianity is clean moral living. It bears a resemblance to Christianity because Christianity does include clean morals; but it ignores the fact that a clean, morally upright man like Cornelius (Acts 10) needed to obey the gospel. Morality alone is insufficient.

Some have been discouraged because of the counterfeits, and have wondered if there is such a "true coin." Just remember that there can be no counterfeits until there is first the genuine article.

The safest place to fly a kite is an open field or pasture. There is no danger from power lines and traffic hazards are no problem.

#### Fertilized Pastures Produce More And Better Grazing & Hay

Producing pasture plants remove plant-food from the soil and unless the losses are replaced, production and the quality of the forage drop, says E. M. Trew, pasture specialist for the Texas Agricultural Extension Service.

A ton of grass hay contains about 30 pounds of nitrogen, 10 pounds of phosphoric acid and 30 pounds of potassium or the equivalent of 100 pounds of ammonium nitrate, 50 pounds of 20 percent superphosphate and 50 pounds of muriate of potash. A ton of legume hay contains about 25 per-

cent more of each plant food element than grass, says Trew.

To keep pasture yields and quality high, the specialist suggests using plenty of the proper kinds of fertilizer. A soil test is suggested as the best means of determining fertilizer requirements, and is described by Trew as the best fertilizer dollar which can be spent.

He says phosphate and potash should be worked into the soil either ahead of or at planting time with temporary pastures and as a part of the renovation or cultivation of permanent pastures. This is especially true on blackland or other heavy clay soils which are high in lime and where phosphate and potash should be banded for most efficient use.

Nitrogen may be applied to the

surface and should be used when adequate moisture is available. Dry fertilizers containing nitrogen should not be applied when plants are wet, explains Trew.

Warm season grasses in permanent pastures such as Bermuda or Dallisgrass may be fertilized in the fall or winter or in the spring before summer plants begin growth. Additional nitrogen applied in the spring and summer will stimulate growth and in-

crease the protein content of plants. From 30 to 40 percent actual nitrogen an acre is recommended each time the pasture is grazed down and when the soil is moist. Cool season grasses such as fescue should be fertilized early fall ahead of the grazing season.

Mixed fertilizers should be applied on temporary pastures before or at planting time. Trew.

### Menu of the Week

As Suggested By Jennie V. Lynne

BAKED HAM with CRANBERRY - RAISIN SAUCE  
 GREEN BEANS NEW POTATOES  
 PINEAPPLE and BANANA SALAD  
 CHOCOLATE CHIFFON PIE  
 COFFEE HOT ROLLS

CRANBERRY - RAISIN SAUCE:  
 1-2 cup brown sugars 1 cup cranberry juice cocktail  
 1 tablespoon cornstarch 1 tablespoon lemon juice  
 1-4 teaspoon ground cloves 2 tablespoons raisins  
 Mix sugar, cornstarch, and cloves in a saucepan. Gradually stir in cranberry juice, lemon juice, and raisins. Cook over medium heat until thick about 5 to 7 minutes. Serve hot. Yield: 1-1/2 cups.  
 Cranberry juice and cloves provide a sweet, spicy sauce that adds special flavor to ham, pork, and veal.

PINEAPPLE and BANANA SALAD:  
 2 ounces cream cheese 1 banana  
 2 envelopes (1 tablespoon) plain gelatin 1 cup sugar  
 1-1/2 cups pineapple cubes 1 cup lettuce  
 1-1/2 cup pineapple juice 1/2 cup lemon French Dressing  
 Drain pineapple, mash cheese and add lemon and pineapple juice gradually. Beat until creamy. Slice bananas lengthwise, spread with cheese mixture. Arrange fruit on salad greens. Serve with dressing. Serves 4.

CHOCOLATE CHIFFON PIE:  
 One 9-inch baked pie shell 2 eggs, separated  
 1 envelope (1 tablespoon) plain gelatin 1 cup sugar  
 1/4 cup cold water 1-1/2 teaspoon salt  
 1-2 cup boiling water 1-2 teaspoon vanilla  
 2 squares unsweetened chocolate 1-2 cup whipped cream

Brush bananas with honey and dip into chopped toasted almonds for added flavor. Soak gelatin in cold water for five minutes. Using boiling water, heat with chocolate squares until the chocolate melted. Beat until smooth. Add the gelatin. Stir until dissolved. Slowly add slightly beaten egg yolks which have been combined with 1-2 cup sugar. Add salt and vanilla. Chill until slightly thickened. Beat egg whites until quite stiff. Gradually add 1-2 cup sugar and beat to a stiff meringue. Fold into chocolate mixture. Pour into baked pie shell. Top with whipped cream.

# Take your problems to Church this week — millions leave them there!

## ONLY A GAME

This little girl is playing only a game... a childish little game called blind man's buff. Any time she wants to, she can whip off that blindfold in the twinkling of an eye.

But... suppose she couldn't? What if she were forced to keep her blindfold on forever?

There are many places in the world today where people are blindfolded, mentally and spiritually, and where they are denied one of the greatest of all freedoms... the freedom to worship as they will. We, who have that freedom, should guard and cherish it. For ours is the right to be enlightened.

If we don't go to Church, if we refuse to remove our own spiritual blindfolds, we have no one but ourselves to blame. Put on a blindfold, and see how it feels. Imagine what it would be like to wear it forever, over our eyes, our minds, our souls. Then, next Sunday, go to church—and find out what it really means to see!

### THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## German Students Will See Play At Annual Meeting

The University of Texas German languages department will present two plays, "Mozart on the Way to Prague" by Eduard Moerike and "Harlequin's Palace" ("Zum grossen Wurstel") by Arthur Schnitzler, April 20 and 21. The performances will be repeated April 28 in Georgetown at the Texas Association of German Students' fourth annual meeting. "Mozart on the Way to Prague" deals with an imaginary incident in the composer's life. Music in-

cludes little-known Mozart canons, rounds and ensembles, and excerpts from "Don Giovanni." "Harlequin's Palace" is a play-within-a-play, with live "marionettes" entertaining an onstage audience.

## Junior High Choir Receives Outstanding Rating At Choir Meet Held Saturday

The Littlefield Junior High school Choir was singularly honored Saturday in the choir meet held in Levelland.

The choir was the 21st choir to sing. They followed all of the high school choirs and most of the Junior High school choirs. This was the only choir of some 25 choirs entered that got three number one ratings. All of the judges said that it was the best choir including the best of the high school choirs that they heard all day.

Hugh Ellison, director of the choir said that it is unusual for a Junior High School Choir to receive this kind of rating in that the members are young and most of the music is not as interesting as the high school choirs.

The A Capella Choir received a two on the concert and a two on sight reading. Leta Merle Roberts and Johnita Gallini and Tommy Evins all received ones on their solos. Tommy Evins and Kerry King both received a one as student conductors. The girls trio, composed of Cammie Hulise, Johnita Gallini, and Peggy Gray received a one. The quartet, Tommy Evins, James Lee, Palmer McCown, and Kerry King, also received a one. In the awards of two, Nancy

Russell received a two on her solo.

And the girls' quartet, Jo Ann Hall, Teddie Jo Bitner, Phyllis Clayton and Roxene Bingham, accompanied by Pat Street, received a two.

Tommy Evins received the largest number of ones in the group with three ones, Johnita Gallini and Kerry King each received two ones.

## Christ Lives

for April 1, 1956

"Christ is risen!" The words will be said and sung many times this Easter. What mean? Let us leave out of those to whom the words mean but a vestige of something at the worst, a picture of something altogether different, at best, what do words mean who do them? It is able to be generally and yet be to their meaning as were a report of a miracle; but yesterday's miracles may not be especially interesting. Do you feel a rupture on reading about Pharaoh's palace, the Pharaoh? Does it help you to read about the cures at Ephesus? Today's miracles may even be interesting. The Resurrection is not in a class with any miracle. For the early Christians THE event of history.

Dr. Foreman says they are a miracle; but yesterday's miracles may not be especially interesting. Do you feel a rupture on reading about Pharaoh's palace, the Pharaoh? Does it help you to read about the cures at Ephesus? Today's miracles may even be interesting. The Resurrection is not in a class with any miracle. For the early Christians THE event of history.

accident that the church sings, "Christ is risen" when "Christ rose." Resurrection is a kind of contrary miracle. It has many, but consider three of the lives of the plain people first experienced the truth member, the Resurrection thing they had been looking for. It came as a shock, it all their ideas, it remade the first of all and in everything else, the Resurrection means the presence of today not less than there was of Christian time, the of the living Christ, the companion of all who love of all, his presence of Emmaus and indeed on across the hills, meant eye. With him for the man Cleopas and his things in the Scriptures never seen before. The eyes, like a closed gate, to their inward eye. Then again their eyes were and they knew him. So Christ today and always the eyes of men; inspired we understand God's and God's Son as we can alone.

second thing the disciples a burning heart. John himself, showing an outst hand and a burning offered to God. It might be the coat of arms for all who felt the presence of the risen Christ. Two young were arguing about the Resurrection and they were greatly about it. They asked a older man what were his for believing it to be true. The old man said, "I just with him this morning!" also a warrior, a flame, contact with Christ as from er contact possible. Jesus historical character excites us, our imagination, as a problem in theology us to think. ### How The Territory Will Be Divided

**DISTRICT NO. 1** — District number one consists of Littlefield and Littlefield Star and rural Routes. Two or three of the five major awards and three district prizes must be awarded to candidates residing in this district.

**DISTRICT NO. 2** — District number two consists of the territory outside of the above mentioned territory. Two or three of the five major awards and three district prizes must be awarded to candidates in this district.

Candidates are not confined to any particular District to secure subscriptions, but instead, may take orders anywhere. The territory is only divided for the awarding of prizes with a set of prizes to be awarded candidates residing in each district.

### How The Prizes Will Be Awarded

The candidates with the greatest number of votes in the campaign, regardless of district, will be awarded a \$900 order on choice of the cars listed on this page or \$600 in cash.

Then the candidates residing in the other district with the greatest number of votes will be awarded a \$800 order on the remaining cars or \$500 in cash.

Then the candidate with the next highest vote standing, regardless of district, will receive a \$700 order on remaining cars, or \$400 in cash.

Then the candidate with the next highest vote standing, residing in the district which has been awarded only one prize, will receive a \$600 order on remaining cars, or \$300 in cash.

Then if neither of the first four prizes have been awarded to a person residing outside of Lamb County, the \$500 car order or the \$200 in cash must be awarded to the person residing outside of Lamb County with the greatest number of votes, but if either of the first four prizes have been awarded to someone residing outside of Lamb County then this prize will be awarded to the person with the next highest number of votes, regardless of district.

Then the candidate with the next highest vote standing in each district will be awarded \$200 in U. S. Savings Bonds or \$150 in cash each.

Then the candidate with the next highest vote standing in each district will be awarded \$100 in U. S. Savings Bonds or \$75 in cash each.

Then the candidate with the next highest vote standing in each district will be awarded \$75 in U. S. Savings Bonds or \$50 in cash each.

All candidates will be paid 20% commission on all the money he or she turns in at the time it is received at the campaign office, but candidates who are awarded car orders or Bonds must refund the commission they have been paid when receiving the prize, and candidates who are awarded cash awards must have the commission they have been paid count as part of the cash award. All Bonds advertised at maturity.

### EXPLANATION

#### Some May Ask . . . Why The Votes The Answer Is This:

If the winners were determined merely by the ones who secured the greatest number of subscriptions, then each one would have to work the full four weeks to see who could secure the greatest number, but the Opportunity Coupons at the left count for each candidate only during the first two weeks from the day he or she enters the campaign, giving each the opportunity to enter and finish his or her work in the two weeks, while I still gives us the opportunity to have two weeks to find the right representative in each territory, so that each part of the territory will be worked. This is the most attractive offer ever made in this community and if you do not thoroughly understand the plan, come in at once or phone 26 or 27, Littlefield, and have it explained without obligating you in any way.

### Advisory Board

It is the sincere desire of these newspapers to conduct this drive from start to finish in a fair, honorable and impartial manner. Every precaution has been taken to safeguard the interests of participants and absolute honesty in all dealings is guaranteed. However, not all wisdom lies with one man or institution; for that reason an Advisory Board has been selected whose function shall be to decide any question of sufficient moment that might arise during the campaign, and from which a committee shall be selected to act as judges and count the votes the last night of the campaign.

Jim Baccus of Sudan, pictured with the school camera. (Scott Photo)

### Jim Baccus Is School Photographer At Sudan

For a lad who never owned a camera, Jim Baccus has fared more than well in serving in the responsible position as the "Official" photographer of the Sudan schools this year.

"Experience is the greatest teacher" has certainly been true for Jim who, with only a Photo Guide to go by, took over the new Press camera and photographed all school activity group pictures for the school annual as well as shots for the ad section. He now expertly handles the camera, but admits he feels a little uneasy at times for fear he may have his settings wrong and ruin expensive supplies. He also confesses to a certain amount of stage fright when photographing social functions of the school.

Enthusiastic about this extra school activity Jim knows all the technical phrases of the professional photographer.

He doesn't remember just how he got "roped" into the job but states the school received the camera in September (it was a gift of last year's graduating class) and as someone was needed to operate it he decided he would like to learn how.

He has the responsibility of ordering all the camera supplies and sees to the sending off of the film for developing. He states if he had another year in high school he would set up a dark room and do his own dark room work. He reports that sales from reprints have equaled the expense of the camera.

Surprisingly enough, Jim has suffered few of the embarrassing mishaps that can occur when taking shots. He doesn't ever remember exposing film twice but admits he has forgotten to set the flash release and sometimes forgets to remove the film plate. Proving himself more than adept, Jim is one of the school's star athletes, having been a member of the football team and participating

in other sports. His after school activity includes assisting with the managing and the work on the family farms, and working part time as floor man at a local newspaper office, the Sudan Beacon.

The eighteen year old son of Mr. and Mrs. Doyle Baccus of Sudan, Jim, will graduate this spring and plans to enter college in the fall where he will major in some form of engineering.

However, he plans to take a course in photography and to continue to pursue it as a hobby.

### Pep Paragraphs

By MARY ANN GLUMPLER

Rev. Father Hyland announced the Holy Week schedule Sunday. Stations of the cross will be held Wednesday night at 8:00 p.m. An evening mass and the transfer of the Holy Eucharist to the repository will be held Thursday at 8:00 p.m. Adoration in commemoration of the institution of the sacrament of Holy Eucharist will then be kept through the night until 8:00 a.m. Good Friday morning, at 3:00 p.m. Friday, Veneration of the Cross will be held. At 8:00 p.m., on Saturday the Easter Vigil Mass and rites will be held. The masses on Easter Sunday will be at 7 o'clock and 10:30 o'clock a.m.

The students at Pep school are preparing for their six weeks examinations which will be held this week. School will be dismissed Thursday for the Easter holidays and will resume on the Monday following Easter.

The Germania Mutual Fire and Hall Insurance meeting was held Saturday night for the purpose of electing delegates to represent the Pep local at the Levelland district meeting on April 11. The delegates are Henry Arend and Fred Albus. The alternates are Frank Sinnacher and Ed Schlottman.

Others who will attend the district meeting are the president, Syl Diersing; the secretary, Leonard Albus; and V. H. Diersing, the director of District 16.

### VOLLEYBALL TEAM PLACES THIRD AT SPADE

The Pep High school girl's volleyball team placed third and the grade school team placed second in the Spade Volleyball Tournament held March 19-24.

The high school team lost two out of three games to Plainsview in a play-off for first, tying Pep and Spade for third. The Pep team won the first two out of three games against Spade to give them third place.

After defeating Whitharral, Pettit, Hale Center, and Muleshoe, the girl's grade school volleyball team was in a play-off for first place against Whiteface. The first game of the three was won by Pep by a score of 15-9, the second game was won by Whiteface 18-16, making a third game necessary to break the tie. Pep lost the game by four points to wind up with second place.

Members of the teams, which are coached by Mrs. James Stevenson, are: high school—Carolyn Sokora, Genevieve Demel, Mar-

garet Homer, Bridget—Sokora, Joyce Schlottman, Elaine Sinnacher, Loretta Sinnacher, and Frances Boatman; grade school—Rosie Demel, Jeanette Diersing, Georgia Albus, Marilyn Winn, Delores Schlottman, and Bernadette Lockar.

### FARM BUREAU AND COTTON GROWERS MEET JOINTLY

Around 30 members and their families attended the regular monthly Farm Bureau meeting Thursday night which was held in conjunction with the Plains Cotton Growers meeting in the Pep school building.

Charles Burt, the Farm Bureau president, called the meeting to order. Minutes and roll call were then given by the secretary, Fred

Albus. Oliver Groat, the state field man for Farm Bureau, spoke on a plan to help give more effective farm legislation in the state and nation. The meeting was then adjourned to the Plains Cotton Growers. Speeches were given by Paul Lewis of Bull Lake, the Lamb county director of the Plains Cotton Growers, and Mr. Hedges of Anton, the Hockley county director of the Plains Cotton Growers.

While the men were meeting, the women and children watched four 4-H dairy demonstrations which were given for practice for the 4-H dairy demonstration contest to be held in Hockley county at a later date. Marilyn Winn and Delores Schlottman made cherry pudding for their demonstration;

Harriet and Loretta Sinnacher demonstrated fluff pie; Elaine Sinnacher and Joyce Schlottman made cheese pudding; and Delores Schlottman and Georgia Albus picked Butterseotch topping

as the subject of their demonstration. The food was then passed around for the ladies to sample.

At the close of the meeting the men served pie, cake, and coffee which was brought by the ladies.

V. H. Diersing, a member of the Lamb County Veterans Board Committee, presided over the meeting of the Board of Veterans' Land Board on Tuesday, March 20, in the school auditorium at Muleshoe.

**Moisture Is Main Factor In Re-Seeding**  
Presently there is an estimated 10 to 12 million acres of abandoned cropland and an additional several million acres of denuded or barren rangeland in Texas. Re-seeding with adapted grasses is one method which may be used to bring at least a part of this land back into profitable forage production, says A. H. Walker, extension range specialist, provided moisture conditions are favorable.  
In the case of the abandoned cropland, Walker suggests re-seeding the best land first. A soil test is a logical starting point. He points out that if re-seeding is to be a success, the operation must be carried out in the same thorough manner as the seeding of any other crop. Use the best soil, adapted seed, methods and equipment available.  
The land should be prepared by disking and harrowing. The grass should be drilled or seeded in rows and subulper or roller

If reseeded of abandoned cropland or barren rangeland is to be successful, the operation must be carried out in the same thorough manner as the seeding of any other crop. Use the best soil, adapted seed, methods and equipment available. The ultimate success depends upon adequate moisture and good management.
