REGIONAL TILT FRIDAY

WE THINK

What Do You Think?

BY M. B. D.

AFFAIR SIMPSON—

What a fuss!
What a fuss!
Some say they don't want King Eddie to marry Wally; with others such a nuptial event would be "the tops."

Wally has gone to France till the fuss simmers out; Eddie is staying on the ground, looking Prime Minister Stanley Baldwin straight in the eye.

We said two or three weeks ago that we thought it was plenty OK for Eddie to wed the Baltimore society girl. To date we have not received a letter marked Buckingham Palace, but we are watching every mail.

Many American newspapers have approved the possible marriage of the American and the head of the British empire.

William Allen White's Emporia, Kansas, Gazette, was a little stronger than most, with the following: "If he (King Edward) wanted to solidify himself in the hearts of the world he would stalk out on the front porch of Buckingham Palace with a loud speaker in his hand and say to the wide world:

"Well, as I was saying, I never did care much for this kinging job. Anyway, I got me plenty or rocks, spondulix and other quick assets and, so far as that goes, what are you going to do about it? Anyway, you are all a bunch of white-livered hypocrites, for if I was to carry this gal on the payroll as a subrosa cutie instead of taking her in through the front door and giving her a good name, you would all wink and snicker and say, "Oh, well, boys will be boys; but anyway she is not that kind of a girl and I'm not that kind of a fellow. And now in closing, ladies and gentlemen, my beloved people and all sundry, will you kindly excuse me for a minute while you go to hell!"

Not bad, not bad, William Allen! Meanwhile, in England, and throughout the British empire, there are official conferences, talk of abdication, reports that the government may resign in the event the King is determined to marry Wally, street demonstrations, and no end of conversation.

Over on this side of the pond we are watching the situation with almost equal interest to that of the populace of the British empire. Most

Receives Letter Of Appreciation From Slaton Supt.

A letter of appreciation for the courtesies extended to Slaton on the occasion of the Littlefield and Slaton Thanksgiving football game was received by Ed Seely, President of the Athletic Council, from David Lemon, Supt. of the Slaton schools, as follows:

"It isn't often that one fellow meets another in the capacity that we have met, and comes away with such a friendly feeling as I have for you. I wish to thank you personally for the manner in which you have conducted yourself during our athletic relations during the last ten days. Although the decision ultimately went against us, I am happy to say that I have a high regard for Littlefield's Athletic Council of which you are chairman. Also, I wish to express to you the gratitude of our entire town for the courteous treatment we received at your hands. Littlefield is fortunate in having citizens like you and your fellow council members to handle such affairs for them. "Please express my appreciation to the entire council."

MIDLAND WINS OVER McCAMEY TEAM 56-2

BULLDOGS GO TO TOWN IN PARADE OF TOUCHDOWNS

Oil Town Sports Editor and Assistant Coach Visit Littlefield

Jess Rodgers, sports editor of the Reporter-Telegram, Midland; Assistant Coach Weldon Taylor of the Midland Bulldogs, and Clint Lackey, manager of the West Texas Gas Co., Midland, a former resident of Littlefield, were in Littlefield for the Littlefield-Snyder game last Friday. The report of the Midland-McCamey game is through the courtesy of Mr. Rodgers.

The Midland Bulldogs turned on full steam Saturday afternoon for a parade of touchdowns that left the McCamey Badgers suffering from the worst defeat in history, 56-2.

The Bulldogs started scoring the first time they got the ball and never let up. The first quarter ended 7-2 in favor of Midland, the half 23-2, the third quarter 36-2.

The lone McCamey score came early in the first period when a Badger lineman broke through and blocked one of Wafford's punts while he was trying to kick out from behind the goal. Wafford managed to fall on the ball.

The many serious threats made by the Badgers all day came late in the initial period. Reynolds completed one pass to Reeves for 15 yards and one to Polk for 8 to put the ball on the Midland 24 yard stripe and that was just about as close as they ever came.

Midland won the toss and chose to receive. Polk kicked over the goal and the ball was brought out to Midland 20. From that point the team started a drive with Wafford, Barber and Rettig carrying the ball that ended only when they had crashed over for a touchdown. Wafford made the last two yards with a dash through center.

The second Bulldog score came early in the second period when Barber broke through the line and raced 20 yards through a befuddled Badger club that was expecting Wafford to be carrying the ball.

The third and final score during the first half came when Wafford passed 27 yards to Bryant who took the ball on the McCamey 15 and raced on across.

The Bulldogs delayed scoring for only a few minutes of the third quarter. Wafford made the first one when he broke through the center of the McCamey line on his own 21 and raced 79 yards to pay territory. He had perfect blocking all the way, only one may touching him.

The next Bulldog tally came within a couple of minutes. After Alexander kicked to Rettig who was down-

Class B football history will be made Friday at Midland. Coach Baumgarten wants the regional crown for his Bulldogs. "Modest Bill" Sanders wants the crown for his Wildcats. There'll be a hot time in Midland.

Miss Eloise Hanes Attends Funeral Of Uncle Friday Last

Miss Eloise Hanes was called to Dalhart, Texas, Tuesday night of last week, due to the death of her uncle, Clarence Liston, aged 32, in an automobile accident.

Miss Hanes was joined at Lubbock by Mr. and Mrs. W. T. Hanes.

Following a brief service at Dalhart, the remains were taken to Commerce, Texas, where burial took place Friday afternoon in the Commerce Cemetery.

Mrs. Liston and W. T. Hanes are brother and sister.

Friday's Football Game Will Be Broadcast

This broadcast is being sponsored by the business men of Littlefield and the boosters for the Littlefield Wildcats.

IS SENTENCED TO 10 YEARS IN PENITENTIARY

Pleads Guilty To Robbery Of Sudan First National Bank

John Oliver Shackleford, 21 year old Littlefield self admitted bank robber, Monday morning was sentenced to 10 years in Leavenworth, Kansas, federal penitentiary on his plea of guilty of robbing the First National Bank of Sudan last August 27. Judge T. Whitt Davidson, in U. S. district court at Lubbock, passed sentence under the new federal bank robbery statute.

Shackleford was without an attorney, and was reported to have told the court he was "guilty."

District Attorney Clyde O. Eastus and his assistant, Frank Taylor, represented the federal government.

Two witnesses were used by the

WILDCATS TO PLAY MIDLAND IN OIL TOWN; "STOP WAFFORD" IS BATTLE CRY OF LOCALS

By A. B. SANDERS
Superintendent of Schools

In preparation for the biggest game in the history of the local school, Coaches Sanders and Jones journeyed to McCamey last Saturday for a preview of the team that we are to meet in the Regional tilt this week end. The reports are to the effect that the boys really got an eye full of scoring ability as shown by the 56 to 2 victory of the Midland Bulldogs over the McCamey Badgers.

Stop Wafford Is Cry

The big man of the team is a man by the name of Wafford who is power of the team. He carried the ball 16 out of seventeen times when Midland made a 80-yard drive for the first touchdown. This man is a triple threat man who is liable to punt, run or pass. His gains are mainly through the line. Midland team opens up a hole and through it he races into the broken field beyond and lets loose his stiff arm and paddles on through for a lot of yards.

According to Coach Bill Sanders the only way we can handle this young man is to stop him before he gets started on these journeys. Our ends are being coached to get back there and mess up the back field before they get started.

Another thing that may discourage the mountain man is for a few good strong men like Neely, Rowe, Wilson or New to get a good head-on tackle in which they can lay shoulder into his mid-riff. This will tend to shatter some of the confidence. The fact that the local boys are going into the fray as the underdog will impress the boys that they have a hard battle and will need to give the best that we can muster in order to take the Regional Championship.

Leaving For Midland Today

The two coaches and the team will leave school Thursday at noon and stop at Lamesa for a workout and thence to Big Spring where they will spend the night. This is within forty miles of the Midland field.

They will journey to Midland the next day and be ready for the fray.

The pep squad will leave Littlefield Friday morning in a school bus and arrive in Midland for the game at 2:00 p. m.

The school board announces that there will be school as usual and no work will be neglected for the game. One of the most encouraging dope indications is like this; Colorado wins over Midland, Snyder wins over Colorado and Littlefield wins over Snyder. This might be some encouragement to the folks. According to the scores of these games we are 6 points better than the Midland team.

Dope this year is always upset and we can't rely on that but there is some consolation in this indication.

Littlefield Gins Handle 12,580 Bales Of Cotton

According to a careful check of the gins in the Littlefield trade territory, the total number of 12,580 bales from the 1936 cotton crop had been handled up to Tuesday morning.

Second Visit Since Camp Organized Made By Dist. Commander

When the District Commander arrives for inspection, that's news in most camps, but when the District Commander arrives at Camp SCS-15-T, Littlefield, Texas, it is an outstanding event. Major R. C. Throckmorton, Commander of the Fort Worth District, arrived recently for his second visit to the Camp since it was incorporated into the Fort Worth District.

The Major was pleased with the appearance of the Camp which is rated as the best in West Texas. Fighting for a place of leadership in the Fort Worth District, enrollees have learned to master dirt and sand. Barracks, Mess Hall, Infirmary, and other buildings are kept immaculately clean by 100 per cent cooperation of enrollees who are proud of their camp. LITTLEFIELD IS OUT TO WIN THE BANNER!

B. & P. W. CLUB TO PRESENT PLAY AT HIGH SCHOOL AUDITORIUM

Six outstanding choruses, composed of Littlefield's most popular and attractive girls, are featured in "Coast to Coast", which is to be presented at the High School Auditorium Thursday, Dec. 17, under auspices of the Business and Professional Womens' Club.

One of the most unusual of these choruses is the "Hezekiah and Lizzie" group. The members of this number, according to reports, are Arkansas cousins of Bob Burns, radio star. We are told that they have been practicing for months "down back of Lizzie Lullerlitz's barn after the chores were done."

"Sing, It's Good for Ya" say the Red and White troupers, and they

really mean it with a peppy routine and their happy song.

An atmosphere of romance and beauty is created by the "Imagination Waltzers". "Imagination" is a new waltz hit written especially for "Coast to Coast."

The "Girls about Town" lament the fact that "It's No Fun" being fond of someone when someone treats you like a dumb one.

"Swing, Mr. Palmer" is the advice given to one of the leading characters, Don Palmer. The problem of how to get a thousand dollars in a week is ably presented by the sixth chorus. "A Thousand Dollars For You" is another, number written especially for this production.

GEORGE ROSS TO LEAVE SOON FOR MARACARBO, VENEZUELA, SO. AMERICA

George Ross, who has been connected with the Farmers Gin for the past two years, has accepted a position with the Caribbean Petroleum company, and will leave for South America sometime between December 15 and January 1. His work will consist of rig building and general construction work, and he will be stationed at Maracabo, Venezuela.

In an interview with Mr. Ross Wednesday he stated that he expected to be gone a year. He stated that he was retaining his interest in the Farmers Gin.

Mr. Ross also stated that his family would move to Lubbock, as Helen is now going to Tech, and Olen, who is completing his high school work shortly, would also attend this college.

Mr. Ross will go by train to New York, and from there by boat.

LOOKING AHEAD AT THE WEATHER

About this time of the year, as the Old Farmers' Almanac used to put it, look for the first crop of weather forecasts for the Winter. The long-range predictors are at it again, and are trying to tell us that we are going to have a severe Winter with plenty of cold, lots of snow and some heavy rains. So anyone who is inclined to believe the weather prophets might as well get a fur coat and a pair of rubber boots and be prepared.

Seriously, the chief of the United States Weather Bureau lends a little color to this attempt at long-range forecasting. Dr. W. R. Gregg, whose nickname in Washington is "Old Probabilities," in his annual report describes the development of new methods of foretelling the weather by the use of radio, "air-sounding," by means of balloons sent up to high altitudes and particularly by the study of previous weather cycles. If there is anything in the weather cycle theory, then we may be in for a long series of cold, wet winters, succeeding the 25 years or so of generally mild, open Winters prior to the last one.

The science of meteorology, however, has not yet reached the point, in Dr. Gregg's opinion, where a great reliance can be placed upon efforts to tell the weather for more than a week or two ahead.

Sometimes in this big country of ours the western part will suffer under a very severe Winter while the East is hardly affected. Sometimes it is the other way about. Nobody knows yet why the cold air currents from the North Pole which sweep southward sometimes comes down east of the Rocky Mountains and sometimes west of the mountains. Nobody is sure yet what effect sun spots and other disturbances outside of the earth's atmosphere have upon the weather. The only thing we can be sure of is, as the old couplet has it:

"Whether it rain or whether it snow
We shall have weather, whether or no."

"My Man Godfrey" To Be Featured At The Palace Theatre

Human animals are funny things. This gem of wisdom is set down only after careful study of the genus homo sapiens during the filming of Universal's "My Man Godfrey," the offering that stars William Powell and Carole Lombard, will be featured at the Palace Theatre Saturday midnight, Sunday and Monday.

Godfrey zoo was called in to make observations and report what he saw. This is his report. Gregory La Cava, the director, called out, "Camera!" and the fur began to fly, wilder and funnier by the minute. "My Man Godfrey" would turn the Sphinx into a laughing hyena.

The mother wants to be a bird of paradise, but she proves to be just an old goose with gilded wings. In her idle moments, she is amused by a gigolo, who leaps about the room like a cavorting gorilla on a pogo stick. Irene's sister is a snake in the grass. The sister is portrayed by Gail Patrick, who first came into the movies as a Panther Woman.

CITY ASKS CITIZENS TO DESIST FROM SETTING OFF FIRECRACKERS ON DOWNTOWN BUSINESS STREETS

City Secretary W. G. Street, Wednesday stated that the City was much concerned over the practice of setting off firecrackers in the downtown section of Littlefield, and stated that three people were injured Saturday afternoon, Mrs. Lee Bennett was reported by him to have suffered burns, necessitating medical attention; and another woman and a child also sustained burns. Their names are not available.

Mr. Street asked the Leader to remind the citizens of this city and section that there is a city ordinance against shooting off any kind of fireworks anywhere in the city, and although the city would be very reluctant to enforce this ordinance, they may be forced to do so.

Therefore, the city asks that citizens cooperate with it and desist from setting off firecrackers in the downtown section, or where they might cause harm to the public.

H. W. GALBRAITH PASSES AWAY AT PANHANDLE CITY

Was Founder Of Firm Of Foxworth-Galbraith Lumber Co.

H. W. Galbraith, aged 66, founder of the Foxworth-Galbraith Lumber company, and one of the Panhandle's most widely-known business and civic leaders, passed away Friday morning at his home in Amarillo, as a result of a heart attack.

His death came as a great shock to his relatives and friends, who had believed him apparently recovered from a stroke which he suffered three months ago. He had just entered his home from a short walk and collapsed just inside the door, the end coming within a few minutes.

Mr. Galbraith was one of the Panhandle's pioneer business men, organizing his first lumber company in Dalhart in 1901 and constantly developing the business until it had spread throughout Texas and in three other states. He moved to Amarillo in 1909.

He was the son of an Irish Episcopalian pastor, Henry William Galbraith. Coming to America when 12 years old, he with his family settling in Uvalde county, South of Kerrville. When a young man he operated a ranch, but in 1901 decided to move to the Panhandle. He lived for a short time in El Paso and Texas before organizing the Foxworth-Galbraith Lumber company and opening the first office in Dalhart.

Funeral services were conducted Saturday at Amarillo, with interment in the local cemetery.

Ed Seely, manager of the local Foxworth-Galbraith Lumber Yard, attended the funeral, going to Amarillo Saturday morning and returning that night.

Besides his widow and son, Mr. Galbraith was survived by three brothers and three sisters, as follows: Dr. E. Galbraith, Kerrville; Rev. J. E. H. Galbraith, of Louisville, Ky.; J. C. Galbraith of El Paso; Miss Florence Galbraith of Kerrville; Mrs. B. Beecraft, Laguna, Texas, and Mrs. W. M. Molesworth of Austin.

1937 Oldsmobiles Offered By New Auto Agency Here

The Wilemon-Dalmont Motor company, local wholesale dealers for the Sinclair Refining company, have recently been appointed Littlefield agents for the new Oldsmobile automobiles, it was announced.

On receiving the announcement it was also learned that a reduction in price on all enclosed models in

the eight cylinder Oldsmobile and also a reduction on the popular four door sedan and four door touring sedan in the six cylinder line.

"List prices at Lansing on the new six being at \$685 and on the eight at \$785," the local agency announced. "These new prices for 1937 are in keeping with Oldsmobile's policy

of giving buyers all that is new and better at the lowest possible prices."

It was also pointed out that the new Oldsmobiles, both six and eight, are bigger and finer in every way. Both have new and larger engines which give increased power with greater economy.

Road Running South Towards Beck's Gin To Be Completed

Engineers were out making tests last week for caliche for the surfacing of five and one-half miles of road beginning at the end of the Main Street pavement, Sudan, and continuing south toward the Beck Gin.

The WPA county construction gang will be moved to this project within the next two weeks.

Besides the caliche work, six miles of grade and drainage work has been included in the south Sudan road project. The grade and drainage work will begin five and one half miles south of Sudan and continue south past the Janes church to the Littlefield-Bula road.

Testimony was concluded in the murder trial of John Teal in 64th District Court at Muleshoe at 10:30 o'clock Wednesday morning, and summations of attorneys are expected to be completed Thursday morning, when the case will be given over to the jury.

Teal is charged with the murder of Miss Evelyn Monts, school teacher, April 7, 1918.

The state will ask a 64th district court jury to convict Teal of murder and to sentence the machinist, who had more than 17 years of fugitive freedom, to death in the electric chair, District Attorney Dean said.

NEW BUILDING WILL REPLACE ONE BURNT AT ANTON RECENTLY

A new building is being constructed in Anton to replace the one destroyed by fire, which housed the Anton Drug, operated by Ed Hart, and Clausen's Pharmacy.

Mr. Hart has disposed of the balance of his stock that was not burned, and the owner will move into the newly constructed building as soon as completed and operate a drug business.

It is not known at the present time who will occupy the building being constructed where Clausen's Pharmacy was situated.

FURNITURE STORE OPEN FOR BUSINESS

A new furniture store, operated by Mr. and Mrs. John N. Seilen of Kansas City, Mo. at Morton, Texas, is now open for business. It is located across the street from the Masonic hall, and is carrying a large stock of new furniture and handling a complete line of Economy Mill Products for livestock and poultry.

HARTS CAMP NEWS

When one enters our school building, he knows at once that Christmas will soon be here. The rooms are being decorated and the children are singing many Christmas songs.

Last Friday afternoon, we had a fire drill. We were all expecting to hear the fire signal and had talked about how we would get out of the building. When it did sound, we all marched out of the building in order. We were timed on getting out, and 102 people got out of the building in 2 1-2 minutes.

After we were all back in our places and at work again, our fire bell rang again. We were surprised at this, but we got out of the building in the same order as before and in 1 1-2 minutes. Our fire chief is J. A. Chester. His assistants are Cleophens Rice, Allan Wright, William Ninast and W. O. Hendricks.

Last Tuesday night our boys and girls played Cotton Center basketball. Our boys won their game, but the girls lost to Cotton Center by four points.

Thursday night, we played Fieldton and the girls won by a good score, and the boys lost their game. Monday afternoon of this week Mr. Patterson and the two teams went to Fieldton. The girls won their game by a score of 9-2, and the boys lost by a score of 8-12. Miss Moira Myrie Brewer, the fifth and sixth grade teacher was

CANNING
"Margaret is very enthusiastic about
her club work. She wants to do
everything," says her mother, Mrs.
J. R. Melton. Margaret is garden
demonstrator for the Littlefield Jr.
4-H club. Besides raising 4327 feet
of vegetables, she has canned 90
containers without help. Sixteen of
these were greens, 10 tomatoes, 32
beans, and 32 peas. She also helped
her mother to can 139 containers

of fruits and vegetables.

100 PERCENT 4-H CLUB MEMBER

"I have completed everyone of my
club goals this year," enthusiastically
stated Clara Mae Ball, member of
the Fieldton 4-H club.

Clara Mae is a cooperater in gar-
den and bedroom work. In her bed-
room work she made a light weight
cotton comforter, refinished a dress-
er, and arranged her furniture ac-
cording to the lines of her room.
Besides accomplishing the above goals
she improved her clothes closet.

In her garden work she planned
and grew 150 feet of leafy, green
and yellow vegetables for each mem-
ber of the family, canned 5 pints
greens for each member of her fam-
ily, and exhibited a pint of greens
at the County Fair.

Clara Mae also made a wild flow-
er book in which she has more than
fifty specimens of local wild flow-
ers. This book was exhibited at the
County Fair and took 1st prize. Cla-
ra Mae says that she has all but two
or three of the flowers names and
knows many of them by sight now.

WHAT IS A BALANCED DIET?

"I like the menus you helped me
plan just fine," Mrs. W. L. Price,
Home Food Supply Demonstrator of
the Springlake H. D. club, said to
Miss Bernice Westbrook, Home De-
monstration Agent.

Mrs. Price also stated that the
menus which had been planned for
one week had shown her where she
had failed before to balance her
meals. These menus include a leafy,
green or yellow vegetable every day,
a vegetable other than the above
four times per week, tomatoes or
citrus fruit every day, other fruits
five times per week, meat or meat
substitute once per day, grains twice
per week, potatoes, five times per
week, milk every day, butter every
day, and sweets and cereals used
to fill in after all these were in-
cluded. Half cup of any food ex-
cept milk and butter is considered
a serving.

STEPPING STONE WALKS

"If you want to see a good com-
fortable stepping stone walk," you
will find one in the back yard at
the home of Marvis Terrell, Yard
Demonstrator for the Blue Bonnet
Home Demonstration club.

The stones in this walk are large
enough that even a man rushing out
to the barn in the rain would not
step in the mud. They are placed
far enough apart for a good step,
leaving space between them for grass
to grow. Stepping stone walks are
economical and quite suitable for
walks in the backyard. This one was
made by digging shallow pits in the
ground, putting in a foundation of
crushed rock, and pouring over this
a concrete mixture. They may also
be made of broken pieces of con-
crete or natural rock that are per-
fectly flat.

while the Anton boys won over the
Muleshoe aggregation by the score
of 26-15.

These were two hard fought games,
the teams being about equal in

TEXAS 4-H'ER WINS \$200 SCHOLARSHIP

MEET The champion 4-H livestock boy of the southern states, J. D. Jordan, 15, of Mason, Texas. Each year since his 10th he fed and showed baby beeves. His prizes on the 49 head bandled total \$1,116.86, and his sales return \$5,420.15. For this record and his work as assistant leader and other activities he was awarded second national honors by club leaders in the seventh Thomas E. Wilson annual contest, and prizes including a \$200 cash college scholarship presented at the 15th National Club Congress in Chicago. The boy had won state honors in 1934 but was too young to qualify for higher awards. This year's state award fell to Carl Martin, 18, Bonard County, who fed 21 baby beeves in five years, winning \$25.77 in prizes and returning proceeds of \$2,107.22.

Designed in Sizes: 14, 16, 18, 20; 32, 34, 36, 38, 40 and 42. Size 16 requires 3 yards of 39 inch material for the tunic and 3 yards for skirt and tie belt. With long sleeves for edging.

FROCK FOR STREET WEAR
Pattern 8829: This tempting tunic portrays new elegance in its vivid, dashing lines and niceties. A stand-up Cossack collar gives an unusual touch while the off-set closing abetted by bold, novelty buttons, brings fresh line and color to this delightful fashion.

The sleeves, that are more than mere sleeves, have the ability of building up the shoulder line daringly. Designed in bell fashion they may be either three-quarter or full length. A tie belt, so appropriate and appealing, has flared ends for complete chic. The sleeves, color and tunic closing may be edged in novelty binding, and the entire ensemble is a delight for home sewing.

Attends Convention Of Southwestern Life Insurance Company

Dallas, Tex., Dec. 10.—Arthur Mueller of Littlefield is in Dallas this week attending the thirty third annual convention of the Southwestern Life Insurance company, which he represents.

After J. Miles Abell, Houston agent and president of the Southwestern Life Club, opened this morning's first business session; the response of the agents by E. J. Tucker, Houston agent, C. F. O'Donnell, president of the company, in his annual talk, thrilled the crowd with the announcement that Southwestern Life has recently gone over the mark of \$300,000,000 life insurance in force.

More than 500 Texans representing the company, are attending the Centennial-year convention, and as these agents earn the trips to the annual meeting by the volume of insurance written during the year, this large attendance indicates a great year for Southwestern Life, which does business exclusively in Texas.

At noon today, the visitors will be entertained with a luncheon in the Adolphus Hotel Junior Ball Room, during which Arthur Coburn, vice-president of the firm, made his annual address. Tonight the annual get-together dinner will be held in the Baker Hotel Crystal Ball Room and it will be followed by the "Southwestern Minstrel," the cast of which, with the exception of the famous Bol Caste Quartet, is composed

Threatening Card Mailed To Clovis From Littlefield

A man giving his name as Jack Williams, 29, of Clovis, N. M. is reported to have walked into the deputy U. S. Marshal's office at Lubbock Sunday afternoon and confessed to having sent threatening post cards to the postmaster at Clovis, N. M., Walter W. Mayes.

Williams is alleged to have signed a statement detailing his sending of three post cards, one mailed Saturday morning in Clovis, a second in Littlefield on the same day, and the third in Lubbock Sunday. On a card alleged to have been mailed to the postmaster was a threat "to blow you up if you don't quit your job."

Williams is believed to have written the cards with the idea of getting the government official worried, and then making a demand for an undecided amount of money and "collect."

The Clovis man is said to have served 22 months in the New Mexico state penitentiary at Santa Fe on a car theft charge, having been given three years. He was released last June.

South Plains To Be Well Represented At National Jamboree

Ninety-nine scouts and fourteen leaders will represent the South Plains Council at the National Jamboree to be held in Washington, D. C. June 30, June 9, 1937.

Boy Scouts over the entire world are looking forward to a great deal of enthusiasm to next spring when the National Jamboree will open in "City" within the limits of the National Capital.

This city will house thousands of scouts from every state in the Union, Harvey A. Gordon, National Director of Engineering said.

The Federal Government is lending the scouts some 350 acres of its property on both sides of the Potomac River, nearly all within view of the Capital, Washington's monument, and the Lincoln Memorial. A more inspiring campsite could hardly be found.

Here in this City 30,000 scouts will live for ten days enjoying an unusual program of camping, pageantry, sightseeing and National functions in which it is hoped the President of the United States, as well as foreign ambassadors will participate.

Midland-McCamey—

(Continued from page one)

ned on the Midland 9, Wafford plowed his way through the line, shook off a couple of would-be tacklers, stiff-armed the safety man and headed north, not to stop until he had crossed the last stripe.

The Bulldogs scored three times in the last quarter as follows: Taylor went through the middle of the Badger line for 16 yards, Barber went around end for 16, Barber went around left end for 21.

Adams scored points after four of the touchdowns by the place kick route and Wafford plunged across a couple.

The Midland team played by far their best game of the season, presenting a varied offense that kept the McCamey boys completely puzzled all during the game. They started the game expecting Wafford to carry the ball almost every time as he has in past games, but he fooled them completely by feeding it to his team mates as often as he carried it himself.

On defense the team presented a line that was air tight to the McCamey boys. They made only four first downs during the game, one of them coming on a pass and the other being set up by an 8-yard pass.

The Bulldogs gained a grand total of 469 yards while the Badgers could gain only 85 for the day. The Midland boys attempted 10 passes, completed five and had three intercepted. McCamey tried 16 passes, completed 4 and had one intercepted.

The Midland coaches used all men on the roster but failed to lessen the scoring ability of the club by sending in substitutes. To cite an individual star for the club would not be fair to other members. Each man on the team came through with his best playing of the year. The Midland blocking was the best of the season while the tackling was of the "rock and sock" kind that had the light Badgers completely out on their feet.

For McCamey, Reynolds at half-back and Reeves at end were outstanding. Reynolds was forced to leave the game because of an injury but while in the game showed a passing arm that sped the ball to mates with rifle accuracy.

Is Sentenced—

government, L. L. Anthony, Sudan, assistant cashier of the bank identified Shackelford. He detailed the events of the robbery.

M. N. Davidson, former Lubbock police desk sergeant, told of a break that the defendant made from police headquarters there back in 1932, after he had been arrested in a car theft case.

District Attorney Eastus gave a brief resume of the case, from the time the defendant was alleged to have stolen a car in Hobbs, N. M., until he told Childress county officials he was the Sudan bank robber.

Amount of money secured in the robbery was \$2,611 and when he was arrested Shackelford had but \$3 left, having spent the remainder, he claimed, in having a good time.

Judge Davidson asked the defendant several questions before passing sentence.

We Think—

(Continued from page one)

people feel that Eddie and Wally should decide the matter for themselves. Of course, there are exceptions to that opinion.

Here's a suggestion for Eddie and Wally:

In the event that things don't

turn out all sweet and lovely in England, just come on across the water and out here into West Texas and make yourselves at home.

We are willing to have a talk with George White and see if he will sell half the Yellow House ranch, or go up to Amherst and see if we can make a deal for the Mashed-O. Why not buy a chunk of the Yellow House and perhaps all of the

Mashed-O Eddie, that would give you two homes, sort of like you have in old England, and just by way of sort of finishing things off downright satisfactory. It might be a good idea to have a summer home in the mountains of New Mexico and a town house in Littlefield. Everybody would come to your parties, and you would always be welcome to drop in at anybody's house any place

hereabouts. In other words, everything sort of informal and happy.

Eddie, George White has a new string of eight two-year-olds that would give you plenty of fun and experience in horse culture. Wally, there's plenty of room out here for all the flower gardens you could ever wish to fuss around in.

And, Eddie, we could revive the old Gun club, and you could come

to our parties and roll 'em in the open or up against the wall. And, moreover, there would be plenty of sandwiches—and—and—and—well, just a general good time among us boys.

Now here's another thought and very important, too:

Littlefield is going along great guns in Class B football. If we could have Wally and Eddie out

here a lot more folks would move in and it wouldn't be no time a tall, a tall until we would have a Class A team. Now wouldn't that be something?

WHAT A FAIR! WHAT A FAIR! New York's World Fair to be staged in Class B football. It will cost \$125,000,000 and will handle 800,000 visitors in a single day.

Wildcats Down Snyder 25-12 to Win Bi-District Tilt

NEELY, MORGAN MATE-UP IN PASSING ATTACK AS LOCALS WIN HIGHEST HONORS IN WILDCATS GRID HISTORY

Littlefield's mighty Wildcats made new history for LHS at Seely field Friday afternoon. The best coached team to ever represent the local school braved a slow drizzling rain, a sharp and chilling wind, to outpoint in every way the Snyder Tigers in a game that ended 25 to 12 and for the first time set the local lads up as Class B football champions of District 5 and 6.

There was real football displayed in Friday's game—such that has never before been witnessed by Littlefield fans. The passing of the Neely-Morgan team was the high lights of the game, but it hardly dominated the never-say-die spirit apparent in the other hard fighting, tackling and blocking Wildcats.

The Tigers, too, were a hard fighting lot. Drawing only two penalties in the entire game, they played fast and clean football, and in the last period opened up their major drive of the day to tally up eight first downs and twice crossed the Littlefield goal line.

No Scoring in First Quarter
There was no scoring in the first period. Both teams well earned three first downs a piece, but Littlefield took the round, thanks to shot gains by Neely and New and a neat pass from Neely to Moore that netted the Wildcats 25 yards. No penetrations were made during the initial period but the game was played well

in the visitors' territory.

Wildcats First to Score
Morgan (Old Long, Tall 41) a Wildcat substitute end was sent in at the first of the second quarter and the manner in which he snatched passes from the air was responsible for Littlefield's first scoring.

An exchange of punts in the early part of the second period put the ball in Littlefield's possession on Snyder's 45-yard line. A high pass from Neely to Morgan was good for 12 yards. Neely took 4 yards and New 3 on line plays; a pass and line play failed, but another aerial performance by the Neely-Morgan pair was good for 14 yds. Neely made 3 yards in two plays and Moore car-

College Tries Liquorless Night Club

IOWA CITY... The newest educational experiment here at the University of Iowa is the liquorless night club. It was inaugurated in late November with a complete floor show of student performers, student waiters and student patrons. The idea upon which it is founded is "that students will have home town entertainment and will remain off dangerous highways over the week-ends." Photo shows the "Silver Shadow" opening night diners.

ried the ball over on the next play for the first scoring of the day. Neely went through the line for the extra point.

Littlefield kicked to Snyder's 10-yard line; Snyder gained 3 yards in two plays and a punt placed the ball in the Cats possession on Snyder's 30-yard line. Lee, tiny quarterback on the Littlefield team, gained 2 yards through the line; two passes were incomplete and Littlefield kicked out of bounds on Snyder's 16-yard line. Snyder was again unable to penetrate the strong Wildcat line and after covering scarcely a yard on two plays, kicked to the 31-yard line. Littlefield lost 5 yards on a penalty, but a triple pass on the next play from Neely to Moore to Smith, substitute halfback, netted 16 yards and again placed the Cats in scoring position. Two line plays by Neely and Lee, a 6-yard pass from Neely to Morgan, only a few inches for a first down and the ball went to Snyder on their own 6-yard line. Head, substitute Snyder quarterback, gained nine yards in three consecutive plays, and Snyder kicked to their own 40-yard line as the half ended. In the second quarter Littlefield made four first downs and Snyder none.

Third Quarter
An exchange of punts marked the early part of the third quarter but the kicking duel was ended when Moore broke through the Snyder line on the locals 40-yard line and sidestepped his way over 32 yards of Tiger territory. Neely and Moore hit the line for another first down; Neely, Lee and Moore scored another down and Morgan received another pass that was good for 15 yards. After two line plays Neely hurled a pass to Morgan over the goal line for the only touchdown in the third period. However, the passing of Neely to Morgan at the end of the period placed the ball on Snyder's 16-yard line in the Wildcats possession for

the opening of the fourth quarter.

Snyder Opens Up in Fourth
Littlefield made an unsuccessful attempt for a field goal and Snyder received the ball on their own 20-yard line. It was then that Head, substitute Snyder quarter, started the longest drive of the day with a 13-yard run. Rosson took 3 yards; Head earned 4 yards on two plays; and a pass from Smith to Rogers was good for 7 yards and a first down. Head led his team in a series of line plays to Littlefield's 11 yard line where the visitors lost the ball. Littlefield fumbled and Snyder recovered. Smith heaved a pass to Rosson that was good for the Tigers first touchdown. Littlefield blocked the punt for an extra point.

After an exchange of punts Neely and Morgan started another passing spree that gave the locals another touchdown. The passing attack was then underway by both teams and, before the final gun, resulted in another touchdown for each team.

SPORTSMAN FLIES HIGH

By Lawrence A. Keating

SECOND INSTALMENT

Whatever they talked about, McDonald was not pleased. He kept hunching his coat collar, scowling, answering in short, sharp syllables. The pug's bushy brows wriggled until they met across his bent and twisted nose. The other newcomer talked on suavely but Dan knew he was laying down the law.

Unable to linger at the cashier's desk any longer, Colwell stepped out of the Waverly Club bar. As he emerged on the sunlit street well filled with business people hurrying to or from lunch, the three he watched made for the curb. McDonald signalled a taxi. They climbed in. McDonald in the middle, and the hack rolled away.

Dan gestured another cab. "I'm going where that green hack goes. But leave a little space between." He gave the driver a keen look.

"No sir, mister, I need money but —"

The driver left off and accepted the bill Colwell pocketed at him. "Okay," he grinned. "Hop in!"

The ride was down Reed Street to the corner of Prospect Boulevard, one of the principal shopping streets of the city. There the taxicab in front turned north, Colwell's driver following. Dan guessed his quarry headed for the Lawyers and Doctor's Building where Arthur McDonald maintained his law office. He

could see the man's head and shoulders through the rear window of his cab and catch occasional glimpses of his companions, one on either side. Colwell settled back to smoke a cigarette.

At the intersection with Broadway half the pavement was torn away for repairs and the resultant bottle neck caused a sweet traffic tieup. Colwell's cab halted immediately behind that of McDonald. On Dan's left was the graping hole of the street foundation with picks and shovels lying about and the tar cooker boiling over a wood fire. Workmen squatted on the distant curb munching sandwiches.

On Dan's right was a big double-deck bus. He smoked, peacefully oblivious to the honking as impatient drivers began to prod the traffic cop who already must be perspiring through his uniform. The tieup grew worse and the honking grew louder, more insistent. Somebody's big limousine up there had lost a wheel, that was the trouble now.

Colwell bestirred himself when he saw two men pile out of McDonald's cab. He did not help his pulse picking up speed. It was the striped suit gent and his smoother partner who got out. Dan blinked thoughtfully—then shrugged.

McDonald still was visible as to head and shoulders through the rear window of the taxi. There was nothing Colwell needed to telephone Mac's beautiful wife yet. His thoughts swung to her, and he grinned. McDonald was lucky, if he only knew it.

The meter ticked busily. Colwell saw the two men who alighted from the taxi ahead separate and start carelessly for the sidewalk. He equined after them, then at McDonald. Dan muttered a curse, climbed to the street, and thrust a half dollar at his driver.

"I can walk faster'n this," he growled.

He was not the only disgusted citizen in the traffic knot at Broadway and Prospect. Eight or nine others, indignant and abusive, had forsaken cars in which they had been riding, or the big yellow double-deck bus. Dan waited until no one afoot was near; then he sauntered alongside McDonald's car and shot a straight, quick look in.

His Adam's apple jerked. But for the raucous, impatient honking on all sides the ejaculation that burst from his lips would have attracted instant notice. Experienced as he was, this thing jarred him, made his chest feel clammy. His blue-grey eyes riveted with horror on the slight, dandyish form of Arthur McDonald in that taxi.

His stare attracted the driver's attention. It all happened in two or three seconds, five at most. Automatically the taxi man glanced into his rear view mirror.

He squirmed around. His gaunt countenance lost what little color too many cigarettes had left, and went blank. He bathed McDonald.

Texas Man's Years-Of-Misery Quickly Stopped By Great Gas-Tons Tablets

Mr. E. S. Nelson of Shallowater, Texas, says that he spent eight long years a sufferer of stomach disorders. He states that during this eight years of suffering he went to any number of doctors and that three of them told him he had gastric ulcers. A short time ago Gas-Tons Tablets were recommended to him and after taking them for two months he gained 15 pounds and for the first time in eight years is able to do his regular farm work and is back to normal weight again and for the good of humanity wants to unconditionally recommend these tablets to any one suffering with severe stomach pains, gas or colitis, indigestion and other stomach disorders. Gas-TONS Tablets are on sale in Littlefield at Walters Drug. 25 tablets \$1, 100 tablets \$3. Ask Walters to explain to you what this remarkable compound is doing for others and also ask about the iron-clad guarantee which says you must be satisfied or your money back. (Adv.)

with a terrified look, wrenched his eyes to Dan, and returned them to his passenger as if drawn by a magnet.

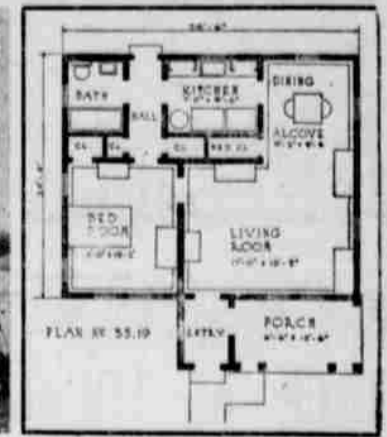

The eyes of the shyster lawyer almost popped from their sockets. They were glazed. A long knife was buried to the hilt in his chest, stabbed through his expensive brown silk tie. His right hand actually hung on the haft of the weapon, as though in his agony he had tried to draw the thing out. Stiff in death, McDonald sat in the shabby green taxicab waiting for traffic to move!

There is an arresting horror in the sight of a murdered man. It gripped the hack driver, held him taut until comprehension seeped to his brain of the awful meaning of it. Colwell was in the clutch of amazement, but years of experience at meeting such sights made him recover first. His movement to leave the spot prompted the taxi man's yell.

"Police! Murder!" He howled it above the din of horns, and the throb of impatient motors. "A guy's dead! There goes the fella! Help, police!"

Dan saw a strip of white paper on the running board of the car which evidently had fallen unseen when those two men stepped out. He leaned and snatched it up, then plunged for the back of the cab. His impulse was to race for the sidewalk after the killer pair but his anxious eyes failed to find them. And the red barricade set up at the gap of torn pavement changed his mind. He turned around the rear of the bus just as a gaseous cloud poured from its exhaust. In the nick of time as it picked up speed he flipped on the back platform where the conductor

Carveth Wells To Feature Florida Over Radio Dec. 13

Ever hear about the fish that understand their own names in Spanish, will come when called, jump out of the water on a rock, permit themselves to be stroked and scratched, and munch dry biscuits while lying in the open air?

Sounds like a tall fish story, but it's true, as Carveth Wells will tell radio listeners Sunday, December 13, in the Continental Oil company broadcast, "Exploring America with Conoco and Carveth Wells," which will feature Florida—"one of America's most fascinating playgrounds."

Local listeners who wish to tune in on Carveth Wells Sunday, December 13, may do so by dialing station KGNC, Amarillo, at 1:30 to 2:00 o'clock p. m.

Loans Made To Many Farm Families Under Resettlement Plan

One year ago, regional headquarters of the Resettlement Administration were set up in Dallas. Since that time, loans have been made to 35,808 Texas farm families who were unable to obtain from any other source the finances needed to carry on farm operations. Many of these families had been forced to quit farming for lack of teams, tools and supplies, but as a result of Resettlement aid are now self-supporting again. More than one million dollars of the ten million dollars loaned has been repaid, although the loans were made for up to five years. The next step is to aid landless farmers in becoming landowners, and tenant families are now being nominated as prospective purchasers of 588 farms, the land for which has been already optioned or purchased.

Sportsman Flies High—

(Continued from Story Page)

the harassed traffic cop run for the back which impeded a long line of cars. People swarmed from all directions toward the gesticulating taxi driver, even some of the street repair men running across the raw wound in the pavement. The chauffeur, in the street now, yelled louder, howled more oaths, and wrenched the handle of the tonneau door. He stepped back with another howl. Meanwhile, other traffic rolled coldly away with the same alacrity it had knotted.

The lumbering double-decker progressed half a block, Dan relaxed somewhat with a sense of tremendous relief. The cab driver had not seen him board the bus.

But what tensed him again was gnawing realization that he had not followed the flight of the two killers! It was to trail them that instinctively almost, he had got himself out of the confusion of the murder discovery. He peered back, his eyes roving to the sidewalk where another policeman tried to keep a fast-swelling crowd under control while a partner who had appeared from somewhere, probed with drawn revolver through the mob surrounding the cab to seize whomever the panicky driver might accuse.

Colwell discovered the slip of paper crumpled in his moist palm. He smoothed it quickly and frowned at the figures inked thereon. They were 705-447, and below that, 229.

What did they mean? He thought a moment, shrugged, glanced back. An urgent hunch, or perhaps it was his background of experience, prompted him to go down the flight of steps. The bus slowed and stopped at the next corner. The conductor busily collecting fares inside did not see Colwell alight.

He heard a grimy newsboy yell to another across the street: "Hey Ike, whatcha think Guy murdered down there in a cab!"

Hurrying back to the scene, Colwell involved himself in the tide of curious, thrill-seeking humanity. He had tucked that bit of white paper into his vest. It must be a page out of a notebook of Arthur McDonald. That was a bestial way to murder! The knife wielder must know something of anatomy; he had plunged his cold blade to the precise spot which would paralyze the victim's power of shouting out and giving the alarm.

In the crowd that was now being roughly jostled by four policemen he searched face after face to locate the two riders with Arthur McDonald. After a moment of fruitless effort Colwell worked himself into the clear. He was in the nick of time to glimpse two backs as the very men he sought strode west toward Alton Street. They must have lingered to make certain their victim was dead. One back wore that striped suit, the other, the dark suit. Colwell followed them.

They passed into the Illinois Building lobby, exited through a candy store, and went into the arcade of the Miller a few doors north. That was to shake pursuit—although Dan guessed the pair felt secure as it was. Just a precaution. His lips thinned in a grim smile. They hadn't shaken him and they wouldn't!

As he rather anticipated, the men finally entered the tall, dark stone office building known as the law- yers and Doctors. Colwell let them enter an elevator while he passed before the wall directory. He took the next car to the eleventh floor. Sure enough, as he glimpsed the two just disappearing within the opaque glassed suite that bore the black lettering, "Arthur L. McDonald, Attorney At Law."

The corridor door remained swung wide, Colwell lounged nearer to hear, if possible, what was said. It must be the dark suited man who rumbled something to the office girl.

"I'm sorry, Mr. Quillen, but Mr. McDonald hasn't returned yet from lunch."

"The Jennings meet my friend Mr. Bradshaw. Well Jim, we'll see you around here. You'll meet him back soon, will you?"

"Oh yes, any minute. Just make your own comfortable, please. Why?" she exclaimed. "Mr. Quillen?"

Colwell heard a chair smash into another or against the wall. "It's— all right, I—I'm all right," came Quillen's voice, and again the worried, fearful gasp of the girl.

Dan strolled past the anteroom. He glimpsed Miss Jennings and the fellow named Bradshaw, one at either side of Quillen, half carrying him to an inner office. Quillen sank

limply into a broad leather chair. His partner fanned him with his hat. He turned to the girl, spoke urgently to her.

"not feeling well all day. Heart seems a little off and—"

Quickly she brought a glass of water, which Bradshaw held to his friend's lips. While he did so he made some request of the secretary. She started from the office but waited when he called to her. The girl stepped back for a bit of paper he took from Quillen's vest pocket.

"That's the formula. Have him make 'em up quick—but take time to be right! They're dangerous if they ain't made up right, see? Don't worry, sister, but kind of step on it. Pharmacy two floors up, you say? I'll take care of him."

Colwell was intent on the building directory when the sweet and intelligent looking brunette sped from McDonald's office on tiny heels that clicked sharply across the white marble floor. She sighed her worried disappointment that no elevator was nigh. She scarcely glanced at Dan Colwell, but clutching the prescription for Quillen's heart medicine, turned and scurried for the stairway.

District Court Of Honor To Be Held At Muleshoe Jan 7.

Scout troops in the Northwest District are making advanced preparation for the regular District Court of Honor to be held in the high school auditorium at Muleshoe, Thursday, January 7. Floyd Coffman, District Court of Honor Chairman announced.

A great deal of interest in advancement has been generated through the Court of Honor ladder. Sudan, Troop 39, has kept their place at the top of the ladder for two consecutive times and all the other troops are determined that it is time for a shake up. Levelland, Troop 24, and Morton, Troop 47, will participate in the District Court for the first time and both plan to make a good start by winning the top rung honors.

The last Court of Honor was held at Littlefield November 5. The order in the ladder at present is Sudan, Troop 25, Littlefield, Troop 26, Littlefield, Troop 20, Muleshoe, and Troop 37, Bula.

LAMB AND CASTRO COUNTIES HAVE LARGEST GRAIN SORGHUM ACREAGES

According to a survey made by Sam Lewis of the Avalanche-Journal, Lubbock, with cotton harvesting out of the way, and much of the grain sorghums cut and shocked harvesting of the 1936 crop on the approximately 2,000,000 acres in grain sorghums is off to an early start for the winter season.

Much of the expected late feed crops failed to materialize, as an early November freeze killed off the late, undeveloped heads. However, the late crop provided plenty of bundle feed.

Reduction in the number of farm stock animals, horses and cules, has made available a larger percentage of the crop for feeding of livestock, cattle, sheep and hogs. For this reason there will be a larger number of head of livestock fed out this winter on the South Plains than before.

Horse and mule buyers estimate as high as 25,000 head have gone from this area in the past three years.

ANTON'S ANNUAL BASKETBALL TOURNEY TO GET UNDERWAY FRIDAY, DECEMBER 11

More than 800 trench silos, with a capacity of 40,000 tons or more, have been built by farmers and filled. In addition, Fred Snyder will have from 30 to 40 silos and probably 25,000 to 30,000 tons of silage for his operations.

Lamb and Castro counties have probably the largest grain sorghum acreages, each estimated by county agents at around 200,000 acres. The latter will probably average 500 pounds of heads per acre and the former up to 1,500 pounds.

Lubbock, and Swisher counties are next, 150,000 acres or more each; the former will show about 750 pounds of heads per acre and the latter around 1,000 pounds. Lynn county has an estimated 135,000 acres in the crop that should produce 1,000 pounds of heads per acre.

Bailey, Cochran, Dawson, Hale and Hockley counties will average 125,000 acres each, ranging in production from 200 pounds of heads, or more, up to 1,000 for Hale; 1,200 for Bailey and Dawson and 1,000 for Hockley counties.

Crosby's 112,000 acres in the crop will average 1,000 pounds per acre. Other counties have smaller acreages. Briscoe's 80,000 acres will average 1,000 pounds, or more; Parmer's 75,000 acres will run 2,000 pounds; Terry's 70,000 acres, 1,200 pounds; Floyd's 70,000 acres, 2,000 pounds; while Gaines and Garza will each run 40,000 acres. The former is expected to average 1,000 pounds of heads and the latter 500. Yoakum county will have around 12,000 acres, averaging 1,500 pounds. Bundles will run anywhere from 200 to 500 per acre, depending on the yield.

The Anton annual girl's basketball tournament will get underway Friday, December 11, at the Anton gym. Some of the best teams in this section have entered.

The tournament winners of 1934-35, including Ropesville 34 and Meadow 35 will be there with strong teams, while the home team boasts of having played 10 games and won 9. There are sure to be some fine games.

Teams entering are: Littlefield, Abernathy, Cotton Center, Spade, Shallowater, Southland, Amherst, New Deal, Idalou, Cooper, Anton, Frenship, Ropesville, Meadow and Draw.

Crop conditions in the corn producing areas are reported good, although few estimates of the probable acreage or yield have been heard. Prices are said to be higher than for some time and farmers will stand to make a fair income off their grain sorghums this season, is the general belief.

MORTON FEED STORE NEWLY ORGANIZED MORTON CONCERN

A partnership of J. C. Daniel, well known farmer and hatchery man, and E. L. Keene, both of Morton, have organized the Morton Feed Store and Hatchery, and located on the west side of the square in the building formerly occupied by the City Tailor Shop.

A feed mixer has been purchased and a complete line of poultry and dairy feeds will be manufactured. The feed stock of Mr. McClendon was purchased and moved to this location.

Increasing their capacity the firm will have a 30,000 egg capacity incubator, and will start the hatchery around January 1st.

MUSICAL PROGRAM GIVEN IN HIGH SCHOOL

The music department of the high school had charge of the assembly Thursday. The band played two numbers. The music class, choral club, and all the girls in the Choral club gave two numbers each. A trumpet quartet also gave a number. To top it all off, when the program was finished, the pep squad led in some yells and songs. The student

body took part in the yells and songs also. This proved that they were backing the "Wildcats."

REPORT OF COMMERCIAL CLUB

At the regular meeting of the Commercial club on Tuesday, December 1, Dewey Connell resigned his duties as club reporter. Jewell Barnes was elected to fill the vacancy.
 In the play, "Taking Father's Place," which was enacted, which much fun and amusement was derived, Amelia Ritman made a very good secretary. It was her one big chance to chew gum during school and "get by" the teacher.
 Bobby Woody made a fine errand boy and is hoping his mother won't find it out.
 Johnny Raspberry is an effective bookkeeper and W. H. Covington nearly wrecked his father's business and the peace of mind of the whole office force.

HOMEMAKERS HAVE HOBBIES

At the Home Economics club the girls told their hobbies.
 After this Louise Inklebarger gave, "Assembly Manners." Garvis Pucktaschild told some jokes, Jewel Gibson gave "What Home Economics can do for a Girl."

TASTE AND BASTE CLUB ENJOY SOCIAL

The Taste and Baste club enjoyed a social Tuesday, December 1, 1936. These present report a very interesting time as there was plenty of games and fun.
 Refreshments of sandwiches and pop was served to club members and one visitor, Mag Clair from Oklahoma.

COMPLETES WORK FOR GRADUATION

Lonuda Fennimore has completed her work for graduation.
 Miss Fennimore was unable to graduate with the spring class, due to a mastoid operation which she underwent, but is now eligible to receive her diploma at the next annual convention.

DISTRICT TEACHERS MEET IN LUBBOCK IN MARCH

Executive board members of the West Texas Teachers' association de-

cidated Saturday, November 21 at a session in the Hilton hotel, Lubbock, to hold the association's third annual gathering at Lubbock next March 5-6.
 Supt. A. B. Sanders is one of the members of "Constitution and By-Laws" committee and F. H. Hemp-hill a member of the Executive Board.

FACULTY PLAN TO ATTEND COUNTY ASSOCIATION AT OLTON SATURDAY

Practically one hundred per cent of the local faculty will attend the County Teachers Association at Olton December 12.
 Saturday's meeting will be the initial meeting of the year for this body. Another will probably be held in February.

SCIENCE CLUB MEETS

"Your Daily Dose of Salt," was an interesting report given by Junior Burgett at the last meeting of the Science club. Donald Bennett reported on the football games that were played during the Thanksgiving holidays. Jokes were read by H. C. Pumphrey, and Billy Moore and Jack Harvey made an experiment.
 J. G. West, Junior Burgett, and Loyd Pollard were appointed as program committee for the next six weeks.

PRESS CLUB RECEIVES INVITATION TO ANNUAL ASSOCIATION

The Littlefield Press club has received an invitation to attend the Panhandle High school Press association which will meet in the Senior High school of Amarillo, February 6, 1937.
 This Student Press Association is a permanent organization which assembles annually. Such meetings give students idea from other reports and leading newspaper men from various places.
 The Littlefield Press club is considering attending this meeting.

WE URGE YOU TO INSPECT THE YELLOW HOUSE FARMS . . .

With the assured reinstatement of prosperity it is likely that many are contemplating buying a farm in the fertile South Plains, either as an investment or for a permanent home.
 It is to this group we urge an inspection of the Yellow House farms. We offer improved and unimproved tracts . . . all located in the heart of this fertile agricultural empire . . . and past production figures will readily convince you that this rapidly developing section is well at the top of the list in comparison with any other part of the country.
 An inquiry to our office in Littlefield will bring figures and information.

Funeral services were held at 3 o'clock Wednesday afternoon, Dec. 2 at the Church of Christ, Olton for Mrs. Nora Daugherty, 32 years old, whose body was found in the storm cellar at the home of Mrs. M. L. Dellis, in the west part of Olton Tuesday afternoon.

Mrs. Daugherty left the home of her mother-in-law Monday afternoon, saying she was going to spend the night with some friends. Uneasy because no word was heard from her the next day, search was started resulting in discovery of the body Tuesday afternoon about 3 o'clock.

Besides her husband from whom she was divorced, Mrs. Daugherty is survived by a daughter, Ruth, 14 years old, a son, John, 12 years old; her stepmother, Mrs. L. E. Carlton of Lamesa; a brother, Buford Carlton, of Amarillo; three sisters, Mrs. Aleta Carlton of Olton and Mrs. Dona Smith of Durango, Colorado. Interment was in Olton cemetery.

**FIRST SESSION OF 75TH CONGRESS
WILL OPEN JANUARY 5; CHANGES IN
SOCIAL SECURITY ACT ANTICIPATED**

Washington, Dec. 9. (Special to The Leader)—Possible changes in the Social Security Act is one of the principal subjects being discussed by administration officials and members of Congress preliminary to the opening of the first session of the 75th Congress, which will begin on January 5.

The feeling is quite general that the act is not sufficiently comprehensive, in that it does not take in agricultural workers, domestic servants and employees of educational, charitable and scientific institutions and of "instrumentalities of state and Federal governments."

The Treasury's ruling that all banks which are members of the Federal Deposit Insurance Corporation are instrumentalities of the government removes all bank employees from the provisions of the Act as it now stands.

There is also some talk about the possibility of eliminating the individual tax on employees' pay envelopes and providing for old age retirement benefits out of general taxation. It is not considered probable that this will be done.

It is certain, however, that the whole subject of old age pensions, either by means of individual contributions or provisions for old age assistance to those in need will be one of the most actively debated questions to which the new Congress will have to find a satisfactory answer.

S. S. B. To Baltimore

And in the meantime, nothing could provide a better demonstration of the way in which government offices have made Washington the most crowded city in America than the fact that the Social Security board had to go to Baltimore, to find a suitable building to house its departments.

The Board found that it was go-

ing to require, at the very beginning of its work in connection with the Old Age Benefit Insurance part of its work, at least 120,000 square feet of floor space. Not that much space could be found in the District of Columbia.

One hundred and twenty thousand square feet is as much as is included in a ten-story building, 100x120 feet in area. Moreover, besides needing floor space, the board found that it would have to fill that floor space with such a heavy load that nothing short of factory construction would carry it.

There will be more than 50,000,000 individual filing cards for ready reference. This includes the original registration cards filled out by workers, and the official copies of them which will constitute the working file. The cards alone will weigh about 250,000 pounds.

The board found a factory building in Baltimore with three acres of floor space; is moving into it and hopes to be ready on January 1 to begin keeping the records of the earnings of the estimated 25,000,000 workers who come under the Old Age Benefits provisions of the Social Security Act. Also, a record of the payment of the income tax of one percent of each worker's wages and the additional payroll tax of one percent paid by his employer.

The decision of the Supreme Court by a tie vote of four to four that the New York state unemployment compensation law is constitutional is held here to indicate that the unemployment insurance provisions of the Social Security Act may also be held constitutional.

Trade Situation Improves

The international trade situation is reported by the State Department to have been greatly improved since France joined with England and the United States on an agreement to

maintain the parity of their respective currencies by a stabilization agreement. Last week the remaining three nations which are still on the gold standard joined this international agreement. They are Switzerland, Belgium and The Netherlands, which is Holland.

One effect of this agreement in regard to currency is expected to be the working out of a means of checking excessive exports of gold from one country to another.

President Roosevelt not long ago expressed concern over what he called "hot money" coming into the United States from Europe. What he referred to was investments in American securities against gold credits in the United States, resulting in the holding of foreign investors of billions of dollars worth of stocks and bonds which they might suddenly take a notion to dump on the market and so depress prices abnormally.

There is, of course, no way of preventing anybody anywhere from buying shares in American corporations. But if the other nations in this currency agreement cooperate in checking shipments of gold to this country it will be much more difficult for foreign speculators to acquire such large holdings in the American security markets as to constitute a danger to the stability of prices.

Organize Allis-Chalmers Dealers Association Dec. 3

On Thursday night, December 3, the Allis Chalmers dealers of the South Plains and Eastern New Mexico met in a luncheon meeting at the Lubbock Hotel, Lubbock, when a dealers' association was organized.

Otto Jones was elected president; Mr. Davis of Muleshoe, vice-president; and Mr. Plumber of Portales, N. M. Secretary-Treasurer.

This organization was perfected for the sole purpose of giving better service to the farmers on their tractors, and other machinery.

Monthly meetings will be held; the first of which meetings will convene at the Lubbock Hotel Thursday night, January 7, and thereafter be held at the various cities over the territory.

Mr. Jones was given the presidency of the company, in view of the fact that he sold the most Allis Chalmers tractors in this territory during the month of November.
