## Prohibition Officers Raid Liquor Depots Securing A Large Quantity Of Booze Five People Arrested In Connection

Five people and securing 5 gallons of liquor of different brands, was the result of a raid by federal prohibition officers on liquor stations at Littlefield Sudan Thursday of last week.

According to a report carried in the book Journal, the following results of the raid was as follows:

Persons arrested were: Bill Herman, W. R. Atkinson, Roy Campers reported. United States Attorney Leonard L. Pearson setting Bill Herman's bond at \$750, and the bonds for the other four were waived.

Raid was conducted by Federal Agents L. H. Tyson, L. Bacon, Commissioner Pearcy Sheriff O. B. Conley, and policemen George Eubanks. The liquor purchases at each of the three places raided before making arrests.

Man Charged As Owner  
Herman, wealthy property owner and former prominent rodeo champion, was charged by the prohibition officers with being the owner of the places raided yesterday. Net from the three places was by officers at \$475 daily.

By built basements, trap doors, hidden cavities, secret panels, hairpin trap locks, installed at a cost of thousands of dollars, were used by the raids.

Later By Trap Door  
Bill Herman residence, eighth of Littlefield, was the first raid. Purchase of liquor was made beneath of the house was made. At this place 96 pints of brandy, 17 pints of moonshine, and 49 gallons of moonshine were found, according to officers. The liquor was discovered after officers had released the trap door and entered a large room which showed no signs of

Hairpin Trap Used  
The walls of the basement were false and could be opened by a hairpin placed in two places in another wall some distance. The electric hairpin trap cost, about \$2,000, was used in a search of about an hour. Crowbars, and axes are usually a hairpin will open the door to officers.

Second raid was on a Sudan where Herman was arrested. Twenty-four pints of alleged brandy were found here. The hairpin trap was installed in a specially-built filling station which was stacked on a number behind the secret panel.

W. R. Atkinson were arrested here.

Third raid of the day, resulted in the arrest of Joe Campbell and securing of 52 pints of whiskey. Campbell was at a filling station in camp in Littlefield. The hiding place was found after heavy steel doors defying officers to open them except with a hairpin.

Secret Cellar Found  
"Another secret trap cellar was found beneath a pig pen at the rear of Bill Herman's residence. In addition to the liquor four pressure pumps, fifty yards of copper, and a large pot were found, officers said. These were all new, however, and had never been used for making liquor.

"The fruit jars in which the liquor was found were of a special type, with the top containing a machine-placed cork. The jars could be instantly destroyed by a slight twist.

"Prohibition agents estimated that the alleged 'bootlegging establishments' have been operating for at least eighteen months, and furnishing liquor throughout a wide area of the Panhandle and South Plains area."

Secret Cellar Found  
"Another secret trap cellar was found beneath a pig pen at the rear of Bill Herman's residence. In addition to the liquor four pressure pumps, fifty yards of copper, and a large pot were found, officers said. These were all new, however, and had never been used for making liquor.

## LAM'S COUNTY BAND GAVE GOOD CONCERT FRI. NIGHT

MUSICIANS FROM SUDAN, AMHERST AND LITTLEFIELD IN COMBINATION PROGRAM PLEASING TO THE PUBLIC.

THE music-lovers of Littlefield were very much elated over the program rendered Friday evening in the Palace theatre by Lam's Lamb County band. The audience present to hear these fine musicians were over 500, and was very appreciative of the program rendered.

Director Conrad R. Lam mixed the musical diet. Standard music of the improved type was interspersed with the more modern compositions; even jazz had a place on the program, but not the jazzy jazz; it was music.

Many persons attending the concert expressed their appreciation and praised the 50 members from Littlefield, Sudan, and Amherst comprising the band, for the very fine musical numbers rendered. The Whistling Farmer Boy, a selection in which the members of the band whistled, accompanied by pieces of the band, was one of the good attractions on the program.

Music a conducive of good fellowship and comradeship; it brings folks together. Those present seemed highly pleased with the music dispensed by Director Lam's musicians, and hope to hear them more often.

## MAYOR JONES A T HEAD OF TICKETS FOR CITY ELECTION

TWO TICKETS NAMED EXPRESSES DIFFERENCE OF OPINION IN SELECTION OF OFFICERS FOR CITY GOVT.

Following the official announcement of a city election to be held in Littlefield April 2nd, two mass meetings of citizens have been held resulting in two sets of candidates being selected for election as commissioners.

Mayor Otto Jones, the present incumbent by appointment, has consented to accept the mayor's office for another two year term and is heading both tickets. One of the tickets announced R. E. McCaskill and Wm. J. Harris for commissioners, while the other sets forth as candidates for the commissioners offices S. L. Adams and J. H. Lucas.

Petitions have been circulated by proponents of both tickets asking that names of the various citizens suggested for office be regularly printed on the official ballots. It has been rumored that a third ticket may be placed in the field, but as yet no application for a place on the ballot has been sought.

## CHANGE FIRM NAME

The furniture firm, Smith-Hammans, is this week being changed to "Hammans Bros." C. C. Hammans, of Levelland, being associated with his brother, Pryor Hammans, in Littlefield, while Roy Smith will go to Levelland.

Sure They're Going to Try to Pile On

By Albert T. Reid

## Littlefield Will Send A Delegation to District Meet of P.-T. A. at Floydada, April 8-10

For the first time in the history of the Littlefield Parent-Teachers association there will be a representation of members at a district meeting to be held at Floydada April 8, 9 and 10.

It will be the annual meeting of the fourteenth district, and the following have been chosen as delegates for the occasion: Mrs. Chas. Harless, Mrs. R. E. McCaskill, Mrs. A. G. Hemphill, Rev. Geo. Turrentine and Prof. B. M. Harrison. Alternates are: Mrs. Baird, Mrs. J. S. Hilliard, Mrs. E. A. Bills, Miss Thelma Killough and W. F. Fulton.

This district is composed of 24 counties in which there are 85 parent-teacher organizations. Prominent visiting speakers will be present and the entertainment planned for the

delegates is the most elaborate that Floydada has ever planned for any convention held there.

Mrs. Noyes Darling Smith, of Austin, president of the State Mothers' Congress, will be one of the outstanding speakers and will probably address the gathering on several different occasions. The complete program has not been announced but it is understood that practically all of the three days will be taken up with business and entertainment meetings, with the selection of the next meeting place being made on the closing day. The Floydada Lions club, Rotary club and Chamber of Commerce are co-operating with the local Parent-Teachers organization in plans for entertainment.

## The C. W. Furr Co. Buy "M" System Stores at Littlefield and Lubbock

A deal was closed here Tuesday night whereby the C. W. Furr Store company, operators of 30 chain grocery establishments in West Texas became owners of the "M" System stores in Littlefield and Lubbock. These stores were formerly operated by A. R. Hendricks and associates.

Tommy Singer will be retained as manager of the Littlefield store. It is understood that this company plans the locating of 15 more stores in this section of the South Plains, two of which will be in Lubbock, where large warehouses will also be established.

Associated with C. W. Furr is his son, who will have supervision of stores in this section. The elder Furr has been in the grocery business for the past 20 years.

## SINGER TO CROSBYTON AS TELEPHONE MANAGER

Jimmy Singer, former Littlefield citizen, and district manager of the State Telephone company here, has been transferred as manager for the Crosbyton district, effective April 1st.

Mr. Singer has been connected with this company for the past six years, being promoted to management of the district a few months ago.

The Crosbyton district is considered an advanced position with an increased salary.

Seventy-five new uniforms with which to dress up Plainviews two municipal bands have been ordered by the Board of City Development. This includes 35 mens uniforms and 40 scarlet caps and capes for the younger band.

## LAMB COUNTY WILL GIN 26,000 BALES OF COTTON THIS YEAR

From best available information gathered from various sources over the county, there will be nearly 27,000 bales of cotton ginned in Lamb county this year, the present ginning totaling approximately 26,000 bales.

Of this number 8,349 bales have been ginned in Littlefield, with an estimate that the number will reach close to 9,000 before the ginning season is entirely over.

About 26,000 bales have been received at the local compress, of which more than 20,000 have already been pressed for shipment.

## AMARILLO ORPHANAGE GETS BIG BEQUEST FROM CITIZEN

Announcement of the bequest of \$150,000 to the Presbyterian Children's home at Amarillo through the recent death of P. H. Landergerin comes as joyful news to Littlefield Presbyterians who, during the past have rendered considerable aid to that worthy institution.

According to the terms of the bequest, \$100,000 is to be expended in the erection of a boy's dormitory. The additional \$50,000 is to be held as an endowment fund, the interest from which is to be expended for the maintenance of the institution. The directors of the Home will be trustees for the full amount.

## DEPOSITORY ALLOWED

At the meeting of the Lamb County Commissioners last week, the First National Bank, Littlefield was officially designated as the county depository for public funds.

## ROMBACK MOVES HIS BAKERY INTO FINE NEW QUARTERS

NEW BRICK RECENTLY COMPLETED MAKES VALUABLE ADDITION TO BUSINESS DISTRICT; OFFICES UPSTAIRS.

SAM Rumback, Proprietor of the Littlefield Bakery, this week moved into his recently completed new brick building on the corner of Main street just opposite the First National Bank.

This building just being completed at the cost of \$33,000, besides the lot value, is one of the best brick structures in Littlefield and a credit to any town of much larger dimensions.

The corner room, sufficiently large for a modern drug store equipment, is nicely furnished within, has large show window, balcony accommodations in the rear and large basement for storage purposes.

Adjoining this is the room to be used by the bakery. It is admirably adapted for such purpose; has large front window for display purposes, long business department, with office room in balcony at the rear.

Immediately behind the service room is the bake shop, 65x25 feet size. Mr. Rumback has spent several thousand dollars in modern equipment. The oven has a capacity of 350 loaves of bread every 30 minutes. The exterior is of white tile material. At present it is heated by oil, but gas has been piped to it and will be used as soon as mains are laid in the city. Steam heated bread raising closets, capable of accommodating 1,500 loaves of bread have been installed. A dough working-machine, of the latest type, costing \$2,150 is a part of the new equipment, together with other machinery needed for such an establishment. In all the equipment and handling of the products special attention has been given to sanitation.

A large basement beneath the bake room is used for storage and there are shower baths and toilet accommodations, also.

On the second floor there are 18 rooms, four of which have connecting baths and toilets. A suite of eight rooms in the front are occupied by Doctors Harris, Grice and Walthall, while four rooms toward the rear will be used by Mr. Rumback for family accommodations, the others to be rented for office purposes.

The building over all is 120 feet by 27 feet and four inches, was built with foundation to carry the third story when necessary, which may be added in another year.

Mr. Rumback opened his bakery in Littlefield about five years ago, and since that time has enjoyed a flourishing business which will doubtless be greatly increased in his new quarters and with better facilities for turning out strictly first class products.

## MULESHOE TO HAVE SEWER

Muleshoe, capital city of Bailey county, is looking forward to much civic improvement in the near future.

Recently the citizens of that place voted bonds for street paving, and no wengineers are estimating costs for a modern sewer system.

## STORK SPECIALS

Mr. and Mrs. C. A. Yesel, baby girl, March 19th.

## FARM BUREAU MEMBERSHIP MEET CALLED IN LITTLEFIELD

Lamb County members of Farm Bureau Cotton association, and all others interested, are urged to attend a membership meeting to be held in Littlefield, Tuesday, March 26th, at 2:30 p. m., in the Palace theatre.

The director of the district, Mr. M. S. Hudson, of Hale Center will be present to tell something about how the cotton is being handled and about how much has been sold to date, etc.

Mrs. M. S. Hudson, the only woman director of the Farm Bureau Federation, will also be here to tell something of the Farm Bureau, and what it is doing as a National movement.

There may be other noted speakers present and every effort will be made to have an interesting program for those who come.

Everyone who is interested in the movement is urged to attend this meeting.

## Leaves School for Stage

The Leader is this week in receipt of a letter from Prof. W. D. T. Story former superintendent of Littlefield public schools. He is now located at Magnolia, Arkansas, where this newspaper visits him weekly. He intimates he may be back in this country in a short time. He owns a good farm about two miles north of town.

## P.-T. A. PROGRAMS SHOW INCREASE IN ATTENDANCE

The Parent-Teachers association held last week rendered a very interesting program.

J. B. Jackson, senior boy declaimer, Odessa Wills, senior girl declaimer from the Grammar school, and Thurmond George, junior boy declaimer, gave readings. Misses Lucille Bruce and Vesta Henson, accompanied by Amil Timian rendered vocal selections Bobby McCaskill and Betty Alice Thaxton gave a clever little dialogue picturing married life.

The increasing interest in the association meetings is evidenced by the larger number of mothers now attending.

Mrs. Cogdill's room won the picture in the Primary school. In the Grammar school Miss Mitchell's and Miss Thelma Killough's rooms tied for the picture.

On the program for the next meeting to be held March 27, will be a vocal selection by Jake Hopping; address, "The Value of Books in the Home," by Wm. F. Fulton, and reading by Sue Brannen.

Your home paper, \$1.50 a year.

## BAPTIST MISSIONARY

There were seven members of circle No. 1 to attend the meeting at the home of Mrs. J. E. Tuesday afternoon for study of mission book, "The Challenge Home Missions."

The membership was delighted to have with them again Mrs. Howard and extended her a warm welcome. The lesson was interestingly taught by her, she gave an inspirational talk on "Devotion."

Circle No. 2 and Circle No. 3 were watching for the challenge of circle No. 1, according to reports.

Those attending the Tuesday evening were: Mesdames Leland W. Jordan, J. E. Brannen, Leonard, W. M. Riser, J. O. Conner, J. H. Lucas.

All circles meet at the church Tuesday for an all day session of study, business and Bible study. Those who cannot attend the evening hour are urged to be present the afternoon program.

What has become of the old husband who neither expected nor wanted his wife to be sensible?

## Former Littlefield Boy Serving in Marines In Nicaragua Writes Letter to the Leader

The Leader is in receipt of the following letter from Verne Singer, son of the late C. R. Singer. Before entering the marine service, Verne was connected with the Littlefield telephone exchange for some time, and because of his wide acquaintance here the letter is being published:

Managua, Nicaragua.  
Feb. 22, 1929

Dear Mr. Mitchell:  
I am back down here and would sure like to have you send me the Leader. If my subscription has expired, get the money from Tom.

Say, J. K. Baze is in the Marine corps now. I saw him in San Diego after coming off my furlough, and he had just finished his recruit training. And can you believe it, I saw him when we landed in Corinto. Old Jake is now roasting and loafing down there. He knew how to sling the spick a little, so now he is working in the quartermaster's department. And say, Jess, I am sure he will be getting lonesome, so if you will send him a year's subscription I will pay for it next pay day. Just let me know and I'll send the money.

Well, how is everything? I guess they are about through paving there by now, and the college is up. Hope you are doing good, and I wish you the best of luck. If you can find time would sure like to hear from you.

Your friend, Verne.  
(Note—If any of Verne's friends would like to write him, his address is Private V. W. Singer, Headquarters Co., 3rd Battalion, 11th Reg't. U. S. Marines, Managua, Nicaragua.)

## DEATH CLAIMS THREE

J. D. Baker, jr., age two years, son of Mr. and Mrs. J. D. Baker, died Monday night of intestinal flu, followed by a complication of peritonitis and was buried Tuesday afternoon in the local cemetery, Burleson-Mason Undertaking company had charge of funeral arrangements.

Charlie Parkman, jr., little two months old son of Mr. and Mrs. Charlie Parkman, living west of Littlefield

died Monday morning of pneumonia and was buried Monday afternoon. Burleson-Mason company having charge of funeral arrangements.

Ava Juanita Gordon, age one year, six months, and ten days, daughter of Mr. and Mrs. Ira Gordon, died Saturday, and was buried Sunday afternoon. Services were held Sunday afternoon at the Church of Christ, with Hammons Bros., in charge of funeral services.

Atlantic City has just completed the largest auditorium in the world, which seats 40,000. All three of the national utility associations will use this hall in 1929 for their annual conventions.

## NOTICE TO TAX PAYERS

Property owners of this district have only until April 1 to pay their school taxes without added penalty. After April 1 a ten per cent penalty together with interest will be added on all unpaid school taxes.

J. S. HILLIARD, Secretary, Littlefield Independent School District.  
49-110

Work on a new city hall at Paducah has started. It is to be of brick construction, two stories high and will house in addition to the city government, the fire department which now has about \$20,000 worth of equipment, the chamber of commerce and will contain living and club rooms for the firemen.

## CHAMBER OF COMMERCE HAS NO RELIGIOUS POLITICAL OR SOCIAL TESTS SAYS SEC'Y

"The Littlefield Chamber of Commerce has no religious, political or social tests of membership. The only question it asks are: Do you want a finer community? Will you contribute your share of service to that end?" according to Secretary J. W. Ratekin.

"These are vital questions. Is there any one thing you think ought to be done for Littlefield and the South Plains country, either civic or commercial in character? Through membership in the Chamber of Commerce you will be able to command the co-operation of the public spirited men of the city. The Chamber will furnish to each member the same opportunity and lay upon him the same responsibility as that of every other member.

"Each member will come to a clearer belief that whatever benefits the South Plains as a whole is a benefit to every individual, whether a wage-earner, a farmer, a banker, a merchant or a professional man. Continuous development of our civic spirit will continue to be one of the concrete purposes of the Littlefield Chamber of Commerce.

"Those who have given the matter serious thought, believe that this

Plains ambitions can be served best by increasing the membership of the Littlefield Chamber of Commerce to a point in keeping with our place in the commercial life of the country. With all pulling together we may confidently expect a great era of prosperity and development just ahead of us. With it will come new problems and possibilities in many directions. The Chamber of Commerce seeks to put itself in position to capitalize these opportunities. In proportion as the citizens provide the means, the Chamber of Commerce will increase its usefulness to Littlefield, the Plains to the state and to the nation."

### Pep Paragraphs

A dual track contest between the Bula and the Pep schools was held Friday evening. The Pep girls won over the Bula girls in every contest. In the events for boys the Pep boys lost to the Bula boys in most of the contests. The total score for all contests was 80 to 102 in favor of Bula.

Most of the pupils who were out of school because of illness are attending again.

Mr. and Mrs. W. O. Fortenberry and children and Miss Elizabeth Lupton spent the weekend in Clovis. The Fortenberry family visited Mrs. Fortenberry's sister, Mrs. Joseph Sorrows. Miss Lupton visited her friend Miss Jewell Walters.

Mr. and Mrs. W. H. Heinen motored from Littlefield Sunday and spent the day with the Lupton family.

Some Pep folks attended the singing at Pettit, Sunday.

Among the Pep folks who visited Littlefield Saturday, where H. J. Greener, C. M. Sanders, A. G. Jungman, G. C. Hilles and T. J. Sparks.

J. F. Albus broke with his tractor 50 acres of sod for Ed Gerik.

The Pep club meeting which was postponed will be held next Saturday night.

### APPLICATIONS FOR MILITARY TRAIN'G SHOULD BE MADE

Dr. J. D. Simpson, who each year takes an active part in getting Littlefield lads lined up for the citizens military training camps, is calling attention to the fact that applications for such training should be made now. Those not familiar with this feature may secure all necessary information and literature from this physician.

Dr. Simpson also states that application for adjusted compensation has been extended, and anyone or his dependents (in case of death of an ex-service man) may apply for this government paid up insurance. In details, the plan is as follows:

A recent amendment to the World War Veterans' Act, permits veterans who served in the military or naval forces of the United States during the period of the World War (April 6, 1917, to July 2, 1921), and who applied, or were eligible to apply, for Term or Converted Insurance, and who are in good health, to make application for United States Government Life Insurance up to the maximum amount of \$10,000 in any multiples of \$500 and not less than \$1,000, provided that no person may carry not more than \$10,000 of United States Government Life Insurance at one time.

Under this provision such veterans of the World War who are in good health, irrespective of whether they applied for insurance while in the service or have since allowed their insurance to lapse, may now apply for insurance up to the maximum of \$10,000, excepting that, if a veteran has surrendered a Government Life Insurance policy for its cash surrender value, the amount of insurance that may be granted in such cases is reduced by the amount of insurance so surrendered.

**How To Apply**  
To apply for this insurance it is necessary that the veteran:

1. Be in good health and furnish

evidence satisfactory to the Director of the United States Veterans Bureau to this effect.

2. Submit an application for the plan and amount of insurance desired.

3. Submit a remittance sufficient to cover at least the first monthly premium on the amount and plan of insurance applied for.

The application forms may be obtained upon request from the United States Veterans Bureau, Washington, D. C., or from any of its Regional Offices.

### DR. COBB AT JOINT MEET

Dr. and Mrs. Maynard V. Cobb left Sunday for Memphis, where they attended a joint meeting of the Panhandle, Red River and South Plains Chiropractic associations, he being a member of the South Plains organization.

There were about 50 practitioners present, including the president of the state association. Meetings were held in the Memphis hotel, where a banquet was also served the guests.

It was reported at the gathering that some of the medical legislation had been defeated at Austin, and that while a bill seeking recognition for chiropractors had not been passed, yet the attitude of many of the law-

makers appeared favorable to action. It was also learned that President Coolidge, just before going out of office had signed a bill recognizing chiropractic in the District of Columbia.

### EVERY CITIZEN BENEFITED BY ACTIVITIES OF C. OF C.

"There is not a person in Littlefield or its community who will not benefit by the work and efforts made by the Littlefield Chamber of Commerce, which will emphasize industrial and agricultural advantages of this section," according to Secretary J. W. Ratekin.

"Nor is there anyone in this community who will not feel the effect of added capital which will be brought into Littlefield and Lamb county as a result of the Chamber of Commerce. This means more money in circulation, more people in our community, to be clothed and fed and in turn—more prosperity for each and every person in Littlefield, no matter what line of business he may be in."

Pull together for Prosperity, is no idle and meaningless phrase. It means that real community benefit can come only from real community effort and that through an organization such as the Chamber of Com-

## One Idea Often Gets Rich, No Calls Him a Fool May Die Poor

President  
Thrift  
psychologist

emphasized in a public statement the importance of thoroughness in the scheme of human progress. His advice could be epitomized in the following paragraph:

"Do not scatter your mental forces. Concentrate on those lines of endeavor in which you naturally excel. Thoroughness will get you further along the way toward your goal than versatility. This is the age of specialization. Choose your work and then give to it your complete devotion and ability."

Not doing things well is about as bad as not doing them at all.

This is one of the lessons of thrift. Superficiality is the cause of many

a personal failure in life. It is one phase of thriftlessness. The problems of life are so large and complex, and the range of human endeavor so far-reaching that effective individual effort must be restricted to certain definite and somewhat limited lines.

There is an old proverb to the effect that "the fellow with one idea generally grows rich, while he who calls him a fool dies poor."

It is enough to have succeeded well in just one thing. It is better to attain worth-while results in a single department of life than to have tried many things and failed in all.

Do not be a lack-of-all-trades. Be thorough in whatever you undertake. Merely skimming the surface is self-deception. Learn to do your job so well that no one else can do it as well as you can. In due time the opportunity will come for greater tests and responsibilities. It is in this way that the processes of progress unfold.

It is good thrift to concentrate and give the best that is in you. Men who do these things are among life's successes.

### SANTA FE OFFICIAL HERE

E. A. Tusha, traveling freight and passenger agent of the Santa Fe system, with headquarters at Amarillo, was in Littlefield last Friday conferring with Secretary J. W. Ratekin, of the Chamber of Commerce relative to matters of interest to his company.

While here he expressed his pleasure at the fine development taking place in and around Littlefield, resulting in the rapidly increased transportation business accruing to his company.

### Gas Forces Woman To Sleep in Chair

"Nights I sat up in a chair, I had stomach gas so bad. I took Adlerika and nothing I eat hurts me now. I sleep fine."—Mrs. Glenn Butler.

Even the FIRST spoonful of Adlerika relieves gas on the stomach and removes astonishing amounts of old waste matter from the system. Makes you enjoy your meals and sleep better. No matter what you have tried for your stomach and bowels, Adlerika will surprise you.

### DISSOLUTION NOTICE

TO WHOM IT MAY CONCERN:  
Notice is hereby given that W. K. Dickinson Sr., and H. W. Snowden, composing the partnership known as Littlefield Coal & Grain Company, at Littlefield, Texas, will dissolve said partnership and intend to incorporate said business without change of the firm after the expiration of thirty days from this the 4th day of March, A. D., 1929.

—W. K. DICKINSON, SR.  
47-4tc H. W. SNOWDEN.

### ELECTION ORDER

Be it ordered by the Board of Trustees of Littlefield Independent School District that an election be held at the Presbyterian Church Basement, in the town of Littlefield, Texas, in said Littlefield, Independent School District on the Sixth day of April 1929, for the purpose of electing Four School Trustees for said Littlefield Independent School District.

E. G. Courtney, Pat Boone and Charles Harless are hereby appointed to hold the same, and said election shall be held in the manner prescribed by law for holding other elections.

The returns of said election shall be made to the Board of Trustees of said Independent School District in accordance with law.

A copy of this order signed by the president and attested by the Secretary of this board shall serve as proper notice of said election, and the President shall cause notice of said election to be given in accordance with law.

In Testimony Whereof, witness the signatures of the President and Secretary of said Littlefield Independent School District and the seal thereof hereunto affixed, this 7th day of March, 1929.

Signed, Arthur P. Duggan, President Littlefield Independent School District.

Attest:  
J. S. Hilliard, Secretary. 48-2tc

### ELECTION NOTICE

Notice is hereby given that, pursuant to an Order issued by Otto Jones, Mayor of the City of Littlefield, Texas, an election will be held on the 2nd day of April, 1929, at the City Hall in City of Littlefield, Lamb County, Texas, for the purpose of electing one Mayor and two City Commissioners for the City of Littlefield, Texas.

The following named persons have been designated as officers of said election: Chas. L. Harless, judge; Pat Boone, clerk; H. C. Arnold, clerk. OTTO JONES, Mayor, 47-4tc. Of City of Littlefield, Texas.

## THE FARMERS OF LAMB CO. TAKE UP NEW FARM METHODS

The farmers of Lamb county are not only willing but eager to adopt new methods of farming when they have been shown that the new way is a decided improvement over the old, according to a statement made this week by County Agent D. A. Adam.

"No matter their age, their experience, nor how long they have been citizens of the South Plains country," said Mr. Adam, "they are all vitally interested in obtaining the highest efficiency possible in their agricultural operations. The most of them are al-

ready disciples of diversification. Many of them are enlarging their cattle herds and buying pure bred or higher grade animals. Quite a few have gone into the poultry line on an extensive scale, while numerous others have added much to their barnyard flocks. This year hundreds of fruit and shade trees have been planted on the farmsteads of Lamb county all of which tends to better business and more enjoyable living.

"Just now the subjects of contouring and terracing are attracting wide interest, about 25,000 acres having already been traced or contoured in the county, and probably another 25,000 acres more to be so prepared during the year. More farmers are learning the value of deep farming and shallow frequent cultivation in this section, more are buying pure bred seed than ever before—all of which are going to count in the final harvest which will accrue this coming fall."

Mr. Adam states that his whole time is being devoted to the interest of the farmers, and at any time he can be of service to them to command him.

The new high school building at Big Spring which was recently completed is one of the most modern in West Texas, having 31 rooms, spacious auditorium, a gymnasium with a seating capacity of six hundred. The cost was approximately \$120,000.

# LAMB COUNTY LEADER

Published every Thursday afternoon at Littlefield, Texas.  
Subscription: \$1.50 per year; 75 cents for six months.  
Advertising rates given upon application.

No. Entered as second class matter May 24, 1923, at the post office 27 at Littlefield, Texas, under the Act of March 3, 1897.

JESS. MITCHELL, Editor and Publisher

Subscribers who change their addresses, or fail to get their paper, should immediately notify this office, giving both new and old addresses. Communications of local interest are solicited. They should be briefly written, on only one side of the paper, and must reach this office not later than Wednesday noon of each week. The right of revision or rejection is reserved by the publisher.

Advertising that does not show in its text or typography that it is paid for must be marked as an advertisement. All local advertisements remain in this paper for the time specified or until ordered out. All notices, it matters not by whom nor for what purpose, if the object is to raise money by admission fee or otherwise, is an advertisement and when sent in for publication must be paid for at the regular advertising rate per line for each issue printed.

Obituaries, cards of thanks, and resolutions of respect will also be charged for at the same rate.

Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of the Littlefield Leader will be gladly corrected upon its being brought to the attention of the publisher.

In case of errors or omissions in local or other advertisements, the publisher does not hold himself liable for damage further than the amount received by him for such advertisement.

## A THOUGHT FOR THE WEEK

Not greedy of filthy lucre. 1 Tim. 5:18.

To me avarice seems not so much a vice as a deplorable piece of madness. —Sir Thomas Browne.

## A DIRE PREDICTION

From Philadelphia comes a statement to the effect that at a recent meeting of medical men held there the prediction was made that the advent of spring would witness a return of the "flu" epidemic which recently swept over the entire country.

To be forewarned is to be forearmed, so whether or not these medical experts are correct in their forecast, it behooves us to be on the safe side and guard against it. While it strikes the average citizen as peculiar that the medical world has not yet discovered the "flu" germ, and hasn't yet found a positive cure for the disease, no one will be foolish enough to neglect his health in the belief that he or she will not be among the next list of victims. We know that such a disease exists; we know that several thousand deaths have been caused by it in various parts of the country within the past few months. We also know that, like any other epidemic it is just as apt to break out in Littlefield as anywhere else. Knowing this we would be foolish to ignore the prediction of physicians that it will probably return with the end of winter and the arrival of spring weather.

We hope it turns out that the medical men were mistaken. But we have no means of knowing that they will be, so let us not run any unnecessary risk. It is easy enough to be on the safe side of doctoring a cold the moment you begin contracting it, and seeing that other members of the family do the same thing. There is no excuse for ignoring it and probably being responsible for an epidemic that might sweep the entire community.

If a man bit a dog nowadays it might be news, but it would be more apt to be a publicity stunt.

## AN UNUSUAL HONOR

We read where four Ohio women were recently honored with the degree of "Master Homemakers" at a meeting of the farm bureaus of that state. And it strikes us as a strange situation that somebody is just beginning to reward a woman for a task she has been carrying out in a masterly way for thousands of years.

Since the beginning of time, women have been the homemakers. We know a good many right around Littlefield who are masters at the art. The only prize they seek is the love and esteem of their families and the respect of their neighbors and friends. Is it different in these days of bridge-parties and tin-can meals that prizes have to be offered to those who really know how to keep a house and how to make of it a real home?

It might be necessary in some parts of the country, but we don't believe our own community has yet reached that stage.

Some states are so strict now that when a woman shoots her husband she has to give a reason for it.

## OUTWITTING CROOKS

According to a Washington dispatch the postoffice department will begin April 1, issue postage stamps bearing the name of the state in which they are sold. The order

has been issued in the hope of eliminating the sale of stolen stamps. For the first few months the experiment will be confined to Kansas and Nebraska, but if it works out it will be extended to other states. It will include all stamps from one to five cents, as those varieties are stolen in the greatest quantities.

Under the new rule thieves will hesitate to market their loot, since stamps bearing the name of one state will be looked on with suspicion if offered for sale in another.

It seems queer that a nation should be forced to protect itself from its own citizens, but that is what this one is constantly compelled to do. This latest move is additional proof of that fact.

You don't have to go to church to learn that the missionary movement isn't anything like the Charleston.

## A PATRIOTIC SUGGESTION

A suggestion is now going the rounds of the press of the nation that ought to appeal to everyone in the U. S. It is that next year in Washington City there be held, instead of the annual G. A. R. encampment, a joint reunion of all veterans of both the Union and the Confederates armies, and that the government itself pay the fares and act as host to every veteran who wore either the blue or the gray who is physically able to make the trip.

Time has almost mustered out the members of both armies and, compared with the way we spend money for other things, the expense of such a proposition would be small. But whatever it costs, it would be a good investment.

Where is there a taxpayer around Littlefield who would object to have a little of our public funds spent in such a way? We believe he would be hard to find.

The new money we are soon to get is much smaller than the kind we now use, but don't get the idea that it will be any easier to pay back.

## LAW ENFORCEMENT

The raid made by federal officers in Lamb county last week, and with its attending arrests and obtaining of intoxicating liquor will be highly commended by citizens interested in a betterment of moral conditions and law enforcement.

Evidence of an incriminating nature as to the violation of the liquor prohibitory laws is difficult for the average citizen to secure, tho the results of such violation are every day visible.

While there are doubtless many people throughout the county who wink at such infringements, yet there are a larger number who stand for law enforcement officers in any endeavor to bring to justice the guilty ones.

One thing that amuses an editor is the remarkable number of college graduates who can't spell.

## YOUR COMMUNITY

If you were traveling in a foreign land and saw our starry flag, you would be glad to feel that you belong to America, and that it's long arm reaches out to protect your journeyings.

Whenever you hear the national anthem played, you feel a thrill of pride, that you have a share in this land of achievement.

Fine sentiments these. They should

be paralleled by a similarly ardent feeling for the community in which you live.

Your home town gives you daily bread, modern comforts, education for your children, cherished friendships. Let us love it, defend it from unfair criticism and work for its welfare.

Some high school boys know where they will attend college next year and other don't play football.

Publicity is the lubrication of development. The Leader is highly in favor of the lubrication and believes Littlefield has not had nearly as much as it should have. But in giving it, let's stick to facts. The virtues of this town an dsection as sufficiently attractive when well told without any exaggeration.

No rifle was ever fired that didn't have a recoil. No good word was ever spoken that didn't have a reaction. For everything we do we get an equal reaction. Sir Isaac Newton discovered this a long time ago. If we boost others, others will boost us. If we knock others, others will knock us. If we help others, others will help us. What a wonderful community this would be then if everyone was co-operative in their words and deeds.

We have arrived at the period of year in this section when high winds are more or less prevalent. But while they are going on it will be consoling to think that in other sections cyclones and floods are in action, none of which bother us on the South Plains. Incidentally, spring winds have their virtue. Expert agriculturalists claim that the spring moving of fine particles of soil mean much in keeping farming land fertile and conserving accumulated moisture. It's Nature's way of assistance.

## LITTLE LEADERS

The truth of the matter is that any Littlefield boy likes to be made a fool of if the right girls doing it.

No Littlefield man wants a two-faced wife. He fears it might cost him twice as much for face powder.

The seed catalogues are just as promising as ever, but in Littlefield the weeds, as usual, will thrive best when the garden is planted.

Littlefield men have the advantage of their women folks in one respect—they don't have to take a day off to get their hair washed.

A French scientist has just announced that there is vegetation on the moon, so a lot of Littlefield people can quit worrying about it.

We've never been able to understand why some Littlefield men delight in leaving the impression that they are a dove of peace down town and a "bear cat" at home.

What has become of the old-fashioned Littlefield woman who wore red flannel ones that buttoned just below the knee and who would never think of going out without Arctic overshoes?

## JESS' JOSH

Because a hen lays an egg with two yolks is no sign she has led a double life.

Piano Tuner—"Madam, I called to tune your piano."  
Littlefield lady—"I did not send for you."

Piano Tuner—"No but the lady next door did."

The mistletoe blushed for shame,  
As it hung above the door,  
When the maiden told her flame  
She had never been kissed before.

E. S. Rowe says someone is now trying to take the joy out of strawberries by claiming they are 75 per cent water.

The other day we passed a place all covered up with old cars, and we just thought how useless the sign because any fool would know that they had been used.—Olton Enterprise.

Quite true, but the sign was probably put there to be read by intelligent people who would know better than to make foolish comment regarding it.

Citizen to Young Attorney—"How are you getting along in the law business, my young friend?"

Young Atty.—"Fine, I have one client."  
"Is he rich?"  
"He was."

Ltd. Wife—"Could you give me a little money, my dear?"

Hubby—"Certainly, my dear. About how little?"

The delirious manner in which some Littlefield folks talk would lead one to suspect they had political inflammation.

It's a pleasure to see some people smile—it seems to have a sweet meaning; but others apparently do so just to rest their faces.

If less applause was dispensed in political dicker during election time, and fewer plums greedily sought after—there would be less stomach ache during the aftermath.

The woman on X I T Drive says a doctor ought to be like a thermometer—graduated with many degrees.

Preachers are men some congregations pay to hang around so they can have someone to find fault with."

## PARKED IN THE DARK

By A. J. Dunlap

The ribbon-like road wandered through the wood;  
The motor was humming beneath the hood.  
She laughed as we flew through the evening air  
That played hide and seek in her golden hair.

I knew that her love was all mine and true;  
I read the old tale in her eyes so blue.  
She nestled up close as we sped along  
I sang in the twilight an old love song

I parked in the dark by an old oak tree  
Alone with my daughter, just half past three.  
The reason we parked—there's no secret in that—  
I felt the bump bump of a tire gone flat.

## ATTENDANCE AT C. OF C. MEETING SHOWS BIG INTEREST

The weekly luncheon and membership meeting of the Littlefield Chamber of Commerce, held Tuesday was a most interesting one as well as one of the largest attendance present for some time.

President J. S. Hilliard on opening the business meeting complimented the large attendance present. Postmaster J. E. Brannen being present gave a good talk on the important work the road committee was doing and gave an estimate on funds required to complete various roads.

Report was made by Pryor Hammons, chairman of the Cemetery committee, of the work that had been done in the cemetery, and of problems that will have to be worked out at an early date before perfecting the Cemetery association.

F. G. Sadler, chairman of the membership committee, said on the recent membership drive he found most everyone he came in contact with very anxious to become members of the Chamber of Commerce, and that some of the non-resident companies would come in as soon as the matter could be taken up by their representatives in Littlefield.

C. H. Grow gave a very interesting talk as to showing courtesies to all visitors to our city, bringing out many good points. R. E. Riley also referred to the importance of hospitality to visitors, and its value. Other talks followed by Max McClure and others.

There were many other very important matters discussed which will be noticed by the citizens of Littlefield at an early date.

It is the hope of President Hilliard and the officers of the Chamber that each weekly meeting will increase in proportion to this meeting, and that the date of the weekly meeting will be firmly kept in the minds of all members: which is Tuesday of each week in the College cafeteria.

During the past few days of this

week about 20 citizens and business men of Littlefield have become members of the Chamber of Commerce, the total membership now being far above one hundred. This shows that the organization is becoming aggressive, and will have a great influence in building a greater city and community. Without cooperation an organization cannot function properly, whether it be civic or religious. Secretary J. W. Ratekin is laboring hard to make the commerce body appreciate the cordial principle of cooperation, and is succeeding very rapidly.

Littlefield is now on the road to make rapid strides forward; the future is indeed bright. All that is needed is to keep the shoulders to the wheel and co-operate in every way. It is the duty of every citizen to become a member of this progressive organization.

### LFD. ROTARIANS TO ATTEND RANGER DISTRICT MEET

The Littlefield Rotary club met last Thursday with 26 members and the following visitors present: Mesdames C. C. Cements, and F. G. Sader, Ray Gaither and L. O. Johnson.

The time of the meeting was taken up by the discussion of the District

meeting to be held at Ranger, March 21 and 22, and the International convention to be held in Dallas, May 24 to 31. R. E. McCaskill was elected as delegate to Ranger and J. S. Hilliard as alternate.

The "On to Dallas" committee is working to get a large attendance from the Littlefield club to attend the International convention at Dallas, a letter from District Governor Ruparells urging the importance of attending these conventions.

### LAMB COUNTY FARM BUREAU LEADS ALL WEST TEXAS IN THE DELIVERY OF COTTON

Lamb County members of the Farm Bureau will be interested to know that this county has delivered nearly 6000 bales of cotton to their association this season, according to J. W. Hammock, field representative, and that district No. 19 is leading the entire state in the amount of cotton delivered this season.

The Farm Bureau gin at Littlefield with 3500 bales ginned, is still leading all the bureau gins in the State, and gaining more each week, as most of the gins have closed for the season.

Nueces County, in South Texas is

the only county in Texas that has delivered more "bales of cotton," than Lamb county to the association this season. Of course, they made something like twice as much cotton as was grown here, and they have one of the best field men in the State to help them deliver it.

### SENATOR PARRISH IS GIVEN HON. COLLEAGUE MENTION

Senator Pink Parrish, of Lubbock, was last week mentioned as president pro tem at interim of the senate. He received 12 votes against 16 which were cast for Senator W. R. Cousins, of Beaumont. The favorable attitude of Mr. Parrish's colleagues is but an indication of the high regard in which he is held by this law-making body.

Senator Parrish is also a member of some of the most important committees of the senate. He is doing excellent service for his constituents, much to the gratitude of Littlefield citizens who were responsible for his announcement last fall.

### ECONOMICS CLASS GIVE DEMONSTRATION OF DRESS

Following instructions from Mrs. M. M. Brittain, home economics teacher in Littlefield schools, there is on display in one of Cuenod's show windows this week a complete outfit selected by members of the second year class.

The display includes a dress, hat,

shoes, coat, purse, and handkerchief, supposedly bought for wear during the next three or four months. The class set \$45.00 as the amount necessary to complete a ladies' wardrobe, buying a complete outfit for street and dress wear, especial attention being given to selection of a dress appropriate for both occasions. Much study was given with reference to material and colors that would be harmonious, easily cleaned and would not fade. Patrons are invited to view the display and pass their judgment on the selections made by the Junior girls.

**COLLEGE NEWS**

R. F. Meacham made a trip to Mineral Wells the latter part of last week and brought back his wife and Mrs. R. W. Jones who have been down there for medical treatment for the past few days.

A number of visitors went from here to Sudan for church, Sunday morning. Also, some visitors went to Olton to a singing Sunday afternoon.

Mrs. W. H. Boyle and her granddaughter, Miss Ruth Botts, accompanied by Miss Odessa Ronne, visited relatives near Hereford, Sunday.

L. W. Hayhurst and family were here last weekend. Mr. Hayhurst, who has been attending school at Tech., is moving to Littlefield this week that he may devote his time to the advancement of Littlefield college. His particular line of work will be that of field campaigning. J. Frank Copeland left for work of the same type last Tuesday.

**METHODIST MISSIONARY**

The Woman's Missionary Society met Monday at the home of Mrs. A. G. Hemphill.

Mrs. W. C. Thaxton had charge of the lesson from the study book, "The Spiritual Life," assisted by Mrs. R. E. Riley and Mrs. B. L. Cogdill.

At the close of the lesson a social hour was enjoyed by all and refreshments of sandwiches, cake and hot chocolate were served to the following members: Mesdames Courtney, Collins, Richards, Smythe, Price, Griffie, Fondren, Lakey, Eagan, Riley, Williams, Davis, Yates, Whitker, Thaxton, Turrentine, Potter, Kirk, Clark, and Cogdill.

They will meet next Monday with Mrs. R. E. Riley for a Voice lesson.

**AUXILIARY MEETING**

The ladies of the Auxiliary were entertained at the home of Mrs. J. W. Porcher, Tuesday afternoon.

The ladies voted to serve the Chamber of Commerce once during April for the benefit of P-T. A.

Mrs. Anne Rutledge was in charge of devotional. Mrs. Joe Chitwood was in charge of the lesson and gave it very capably.

The hostess served nut bread sandwiches and coffee to the following members: Mesdames Touchon, Stockton, Smith, Rutledge, Miller, Hilliard Douglas, Cobb, Clements, Chitwood, Cater, Brewer, Bills, Barber, Underwood, Wiseman, Wynn, Wright, Farquhar, White and Miss Lulu Hubbard.

Mrs. H. W. Wiseman will be hostess next week and Mrs. Doc Miller in charge of the lesson. Roll call will be answered by verse beginning with letter "J."

Many farmers of Spur, and others in Dickens county are planning to attend the Texas-Panhandle-Plains dairy show at Plainview in April some of them taking prize Jerseys. The Spur Chamber of Commerce has assisted in placing \$10,000 worth of excellent cows in the Spur country.

Elmo V. Cook, teacher of vocational agriculture in the Coleman High School, is making a success of evening dairying schools held in the school house. Farmers interested in improving and increasing their herds make up a large percent of those attending.

Cow testing in the Association in Deaf Smith County reveals that in one herd one cow made a net profit of \$16.62 in five months, while another made a profit of \$69.50. Six herds are under test and ten "boarder cows" have already been sold off because of poor performance, according to reports from Hereford.

The February issue of West Texas Today, official magazine of the West Texas Chamber of Commerce contained an advance story on the 11th annual convention of the regional commercial organization which will be held in El Paso May 13, 14, and 15. Pictures depicting scenes enroute to the border city, and attractions there are also published.

**Easy Starting at 2 A.M. with Phillips 66**

WINTER—the motor's cold! That's when a motor fuel is put to the test. If your car doesn't start easily, maybe there's something wrong with the gasoline you're using. Try a change to Phillips 66—the gasoline of Controlled Volatility\*—the gasoline that

vaporizes easily—even in the most severe weather. It's a motor fuel adapted to automobile use from the famous Phillips Aviation Gasoline used by Boeing, Robertson and many other leading air transportation companies. It's the gasoline for easy starting, pep and power.

**Controlled Volatility**

\*Gasoline must vaporize before it can be fired in the cylinders of your motor. Volatility refers to the ability of gasoline to vaporize. The volatility of Phillips 66 is scientifically varied (controlled) to fit the season, and the climatic conditions of the locality in which you buy it.

**TELEPHONE ARMY**  
 The telephone industry of the United States employs nearly 443,000 people in the manufacture of telephone material and in the management and operation of the telephone companies.  
 The commercial catch of oysters in Texas dropped from 114,729 barrels in 1910 to 78,993 in 1927.

Stamford is experiencing a remarkable growth in building with an addition of 1700 square feet to the city hall to house new fire fighting equipment, a \$85,000 West Texas Utilities ice house, one pretentious six story hotel, and a six story modern office building.

Plans have been completed for a new two story, fifty by eighty foot Masonic Hall for Perryton. It is planned to put a basement under the building with provision for the installation of a heating plant, which will be used only if Perryton fails to get natural gas soon.  
 R. L. Caskey, Boy Scout Manager at Guymon, is planning to secure a plot of ground to be used as a nursery for shade trees, with the boy scouts to be drilled in the care of the plants. He will help with the seeding and care of ground around the courthouse.

**DAIRY SHOW AT PLAINVIEW IS NOW RECEIVING ENTRIES**

**LEADING BREEDERS FROM SOUTH PLAINS COUNTIES WILL COMPETE FOR HONORS OF FINE DAIRY HERDS.**

Plainview, March 18.—Entries in the Second Annual Texas Panhandle Plains Dairy Show at Plainview, April 2-5 are beginning to be received by Manager Maury Hopkins.  
 E. W. Hester of O'Donnell, prominent Dawson County Jersey breeder, was among the first to send in his entries. Hester is a director of the Texas Panhandle Plains Dairy Show association. He will have five head of stock, but says they will be hard staff to beat.  
 W. W. Evans, Dawson county agent writes in that his county will have 25 head of registered Jersey Cattle, the pick of 325 animals of that breed in his county. In addition to the animals he will have a stock-judging team made up from the County 4-H Agricultural club boys. His breeders who will have entries include besides Hester mentioned above; J. M. Peterson, Ed Price, J. W. Braswell, Fred Hughes, J. B. Burkett, R. R. White, and J. E. Dobnam of Lamesa. He estimates that a large crowd of dairy enthusiasts from that county will be in attendance at the show and that local interest is running high.  
 Mrs. Sam Scaling of Hale Center, and her neighbor, M. P. Routzahn were the first to send in their entries from Hale county. R. M. Milhollin, county agent of Hale county, will have over 75 head of cattle in the show.  
 Bob Anglin, secretary of the Tulla Chamber of Commerce says that Swisher county will have 75 head of pure bred Jerseys in the show, and that a big delegation headed by their band will make a day of it in Plainview during the show. R. C. Nicholl, S. J. Payne, Joe Vaughan, and other pioneer breeders of Swisher County will all have entries among others.  
 Amarillo will have a big delegation at the show. The Manufacturers and Jobbers association indicated several months ago their intention of running a special train.  
 A Vocational Agricultural judging team is promised from Seminole under the leadership of R. F. McFatridge Gaines county agent.

Work is drawing to a close on the new two-story Lockney Hotel. It will have fifteen guest rooms, a dining room, coffee shop, lobby, barber shop and some store on the ground floor. It may be decided to put another story of 15 rooms on the building.

to cost \$25,000. On the first floor will be a commodious lobby, office, cigar stand, drug store, coffee shop, with banquet hall adjoining, and five store buildings. The upper three floors are to have 44 guest rooms.  
 British Columbia leads the provinces of Canada in the matter of telephone development, having 18.7 telephones per one hundred population.

Within the next six months Merkel will have a four story modern hotel

**CRISP - HOT TOAST**  
 Right at the Table

Here's the original Turnover Toaster that takes two full-size slices at a time and turns the toast without touching. You just lower and raise the racks by their cool, convenient handles and the toast turns over. Saves burnt fingers. Does away entirely with mussy handling of the toast.

Finished in shining nickel—made for years of service—this toaster is a real bargain for those who want an appliance of high quality at a reasonable price  
**SPECIAL OFFER this month only—down payment of only 48 cents and \$1.00 per month on your regular statement.**

## GOOD POULTRY HOUSES

A successful poultry house is one which provides an abundance of comfort, sunlight and fresh air without drafts. It must be dry all times and should be warm in winter and cool in summer.

Location is one of the most important factors. It is as much an aid to comfort as construction itself. The house should face south and be on a southern slope. In this way all the sunlight possible will be secured, and it will keep the house dry and provide good soil drainage. Where possible, the house should be protected from exposure especially from the north.

Ventilation in a poultry house, if properly carried out, will help to keep it dry and at the same time provide the oxygen needed to keep the birds alive. The hen breathes over twice as much air per 1000 pounds of live weight as the horse or the cow. When fresh air isn't supplied, both health and egg production are bound to be affected.

Plenty of sunshine in the house, especially during winter, helps to duplicate spring and summer conditions. As much as possible, sunshine entering the house should strike the floor. The hens enjoy it, it kills disease germs and promotes a normal assimilation of materials. It also aids in keeping the house dry.

For best results, the floor space necessary for a hen is 10 square feet. A house for 100 birds should be 20 feet by 20 feet or one that will give an equal amount of floor space.

We should like to show you the plans and the lumber list without obligation to you. If you can't come in to see us, write or telephone and we'll come out to see you.

Yours sincerely,  
CICERO SMITH LUMBER COMPANY

## The LITTLEFIELD SECTION

Of The Famous South Plains  
Offers One of the Greatest Opportunities

In the Entire South for Homeseekers  
And Investors

Our 100 per cent agricultural lands in the center of development sell at \$30.00 to \$35.00 per acre. One-fifth cash, balance on liberal terms at six per cent. They can't be beat for investments or homes. These lands are increasing in value, and now is the time to buy!

Our combination tracts for farm and stock-raising, at from \$15.00 to \$20.00 per acre, convenient to schools, railroad and good towns, will appeal to any man who wants a real proposition of this kind.

The town of Littlefield is growing rapidly, and we have on the market splendid resident property at the right price, and on liberal terms.
