

**Cleanup Drive To Continue Until Project Completed**  
**Many Trucks And Implements Made Available for Work**

Mayor A. C. Chesher announced today that the city-wide cleanup drive set for Monday was progressing nicely, adding, however, that it is a big job and was going to take several days to complete the project. The campaign which was originally for one day, city-wide, was sponsored by the various civic clubs and organizations of Littlefield, with the best cooperation of the city.

**Klein, Cannon Direct Drive**  
 Harry Klein of Klein-Hufstedler, "Hoot" Cannon, manager of the Texas Cotton Mill, personally directed the drive.

**Urges Everyone To Cooperate**  
 Mr. Chesher stated that the residents were responding nicely to the drive, but urged all those who had cleaned up their yards to cut all weeds and rake them up to their alleys where they could be burned dry, and also to put all refuse in cans so that it might be hauled.

**Drive Still Underway**  
 The mayor stated that a truck would be kept going about the business district and another in the residential section until the city had cleaned up.

The plan of the city also with continued on Back Page, Section 1)

**VFW Auxiliary Elects Officers**

At a meeting of the Auxiliary of the Veterans of Foreign Wars Tuesday the following officers were elected and installed:

Mr. Kenneth Houk, president; O. K. Yantis Jr., senior vice president; Mrs. Paul Hyatt Jr., vice president; Mrs. Odell Matthews, secretary and treasurer; and Mrs. Tom Matthews, chaplain.

The balance of the officers remain the same.

The meeting date was also changed from Tuesday to Thursday. The meeting will be held June 12. The group will now meet on second and fourth Thursday nights.

**Booster Trip Members To Meet Here Today**

Booster trip members of the Lubbock American Business Club will be in Littlefield today (Thursday) in connection with advertising the 1946 Championship Rodeo, featuring Gene Autry, to be presented at the Stadium June 11-14. Sharing the bill with Autry is his horse, Champion, Junior.

Herbert Colburn, manager of the show, with headquarters at the Lightning C Ranch, Dublin, Texas, has the most outstanding collection of cowboys and rodeo stock in the world. The bone-jarring, dust-busting bucking brones grow up the Lightning C. South Plains will see such outstanding examples of wicked horses as Kickapoo, Diver, Star Bright, Whiskey Bear Park, and Conclusion.

Senior wrestlers match their skill in the wry Mexican steers imported below the Rio Grande. The tama calves and Brahma steers in the calf roping and bull riding are brought up to the Lightning C from the Texas Gulf Coast. Colburn to present only the finest and fastest animals in the rodeo. One of the more interesting features of the show is the herd of Longhorn owned by the ranch. These proud rulers of the Plains are the largest single collection of the breed now known. They form the nucleus for some of Gene Autry's herds, lending a real touch of the West.

**COACH FIRES RETURNS**  
 S. Fikes, head coach of Littlefield High school, returned the first week, following a week's visit to Houston. He reports heavy rain in that area.

**Local Roping Club Will Stage Get-Together Here Friday Night**

Members of the Littlefield Roping Club will meet Friday evening in a social get-together, and all members and their wives, or dates, are urged to attend.

According to Lon Campbell, president, a business session will be held and supper served.

Dody Vardell of Hereford was a guest in the home of Cecil Stone Sunday last.

# PARKING METERS ARE UNDER CONSIDERATION FOR THIS CITY

## Memorial Day Is 'Clean-up Day' at Cemetery

**Everyone Possible Urged To Assist In Needed Work**

**Burial Grounds Reported to Be In Bad Condition**

Friday — Memorial Day — will be cleanup day at the Littlefield cemetery.

Pat Boone, president of the Littlefield Cemetery Association, proclaimed Friday as general cleanup day at the local burial grounds. He urges on everyone, who can, to go to the cemetery Friday, taking hoe, shovel or rake, and assist in cleaning up the grounds and beautifying the place.

**May Work Any Time**  
 He states that workers could go any time and stay whatever time they could; and that it would be much appreciated by the Cemetery Association.

**In Bad Condition**  
 It is pointed out that, due to the excessive moisture recently, weeds and grass have gotten high and the grounds need work done on it badly.

All those having loved ones buried in the cemetery are especially urged to help clean the grounds up.

Besides Mr. Boone, president, other members of the association are Pryor Hammons, J. H. Lucas, E. C. Cundiff, Joe Wells and L. A. Patliff.

**Rev. Carter McCamey Accepts Pastorate Of Local Church**

Rev. Carter McCamey, now pastor of the First Presbyterian Church, Cleburne, Texas, has accepted the pastorate of the local church.

Rev. McCamey visited Littlefield and preached at the local church about three weeks ago.

Rev. and Mrs. McCamey and three-year-old daughter, Mary Martha, will arrive here in time for him to preach at the Presbyterian Sunday morning, July 13.

**Additional Storage Space Is Added To Doggett Elevator**

An additional storage building is being erected at the Doggett Grain Elevator, which will give an addition of four bins, holding one million and a half more pounds of grain.

Work was started about three weeks ago, and will be completed in about two weeks.

Ed Drager has the contract for the work.

**Softball League Games Continue**

Bridges Radiator scraped by the JayCees 12-11, and Morrow Supply won from American Legion in City Softball League frays Monday night. The Bridges-JayCee tussle lasted nine innings.

VFW bested High School in Tuesday night's set-to, 11 to 5; and Lavender Motor took the Firemen, 26-14.

Morrow will meet Bridges in one of tonight (Thursday's) melees; and VFW will play the Firemen in the other attraction of the twin bill.

Friday evening, Lavender tries the JayCees; and High School jousts with American Legion.

**Isaac Brock Passes Away Friday Night**

Funeral services were conducted Sunday afternoon at 3:30 o'clock at the First Baptist Church, Littlefield, for Isaac Brock, 78, who passed away at 9:45 a.m. Friday at his home eight miles northeast of Littlefield.

Rev. Lee Hemphill, pastor, officiated at the services, and interment, in charge of Hammons Funeral Home, took place in the Littlefield cemetery.

Mr. Brock had been in ailing health for the past two years. He suffered a stroke of paralysis in January last, and a second attack three days previous to his death.

Deceased was born October 26, 1868, and was a member of the Baptist church. He had been a resident of this area since 1924, moving here from Newcastle, Texas.

He left surviving his widow, Mrs. Mollie Brock; two sons, Cleo of eight miles northeast of Littlefield, and Ernest of Los Angeles, Calif.; two brothers, H. L. Brock of Olney, and Will Brown of Newcastle; and two sisters, Mrs. Sallie Wendell of Eagan, Texas, and Mrs. Etta Chairs of Fort Worth, Texas.

Pallbearers were J. D. Baker, Walter Martin, O. C. Fox, Jeff Renfro, A. H. Stewart and Mr. Wilson.

**JayCees Execute Contract for Furnishing Stock for Local Rodeo**

The Littlefield Junior Chamber of Commerce met in regular session Thursday night at the Starr Drive-Inn Cafe.

The matter of stock for the rodeo was discussed and a contract with Howard Brown of Dublin was drawn up and executed by the JayCees.

To Supply 120 Head of Stock  
 Brown will supply the second annual JayCee rodeo, which is scheduled for July 25, 26 and 27, with approximately 120 head of stock, two truck-riding acts, two clowns and an announcer.

Jim Dean from Dublin will be the announcer.

**Memorial Day Service Sunday**

A Memorial Day service will be held Sunday afternoon, June 1, at the Littlefield cemetery, sponsored by the American Legion Auxiliary.

The service, which will be conducted by Rev. Lee Hemphill, pastor of the First Baptist Church, will open at 5 p.m.

Appropriate music is being arranged, according to the sponsors.

Flowers will be placed on all the graves of veterans.

Flowers will be dropped by local planes from the air over the cemetery.

The committee in charge requests all those who have flowers they would like to donate for this purpose to bring them to Madden & Wright's Drug by 2 p.m. Sunday.

The Auxiliary asks the cooperation of everyone towards making this service an outstanding success.

It is urged that the cemetery needs more personal attention since the recent rains.

Mrs. Wolfe Shaw and daughter, Connie, returned Friday from a trip to Fort Worth and Waco, where they had spent about a week. At Fort Worth they attended the ladies ready-to-wear market, and at Waco visited Mr. and Mrs. H. F. Moody and Rev. J. C. Moody.

**Wildcat to Be Drilled Two And Half Miles East of City**

**URNS PROFESSIONAL . . .** Pauline Betz, Los Angeles, left, shakes hands with Mrs. Sarah Palfrey Cook, New York City, as they start professional tour. They were both former U. S. amateur tennis champions.

The location has been made to drill a wildcat 2½ miles east of Littlefield, and work is underway in the setting up of the rig, according to reports.

This site is located on the Cecil Gipson place ½ mile north and 1 mile west of Lum's Chapel.

The Sunray Company is said to be interested in this project.

**Snitker No. 1 Down To 4,712 Feet**

Drilling is progressing fine on the Snitker No. 1 wildcat, which is located on the H. L. Hunt lease, located 14 miles from Littlefield, on the South Lamb County line, and being drilled by the W. H. Black Drilling Company.

The well was reported down 4,712 feet at noon Wednesday.

Drilling was started on this well on May 8.

**About 1,000 Poppies Sold Here Saturday**

About 1,000 poppies were sold Saturday on the streets of Littlefield, bringing a total cash of \$114.35, 50 per cent of which will go to the Veterans who made the poppies and the balance to be used by the local post of the Veterans of Foreign Wars to be used for relief only.

With Mrs. Ewing Thaxton in charge, the members of the Auxiliary of Veterans of Foreign Wars sold the poppies.

**To Attend Exercises At New Mexico Military Institute**

Mr. and Mrs. H. C. Edmonds will leave Saturday morning for Roswell, N. M., to attend graduation exercises at the New Mexico Military Institute, of which their son, Clyde Edmonds, is a student.

Mr. and Mrs. Edmonds will be accompanied by Miss Amenia Starkey of Oklahoma City.

They will return to Littlefield next Wednesday, and will be accompanied home by their son.

Donald Harper of Lamesa visited his parents, Mr. and Mrs. W. G. Harper, over a recent weekend.

**Two Negroes Dead After Flats Shooting; Third Negro In Jail Charged With Murder**

Two negroes are dead and a third is in the county jail charged with murder.

The dead are: Mary Ann Williams, a resident of the colored section.

James Worthy, also a resident of the colored section.

**Colored Man Arrested**  
 Following a shooting in the Flats about 1 a.m. Thursday, the sheriff's department arrested Robert Cawthorn, also a resident of the colored section, who has been charged with murder in both deaths. He is in the county jail.

**Makes Statement**  
 The sheriff's department reports that Cawthorn has made a statement acknowledging the shooting.

The shooting occurred, it was said, when Cawthorn found Worthy at the home of the deceased woman. Cawthorn is said to have been a friend of

**Two Companies Ask Contracts To Install Same**

**Report 350 Meters Would Net City Total of \$1,000**

The installation of parking meters in Littlefield's downtown section is under consideration by the city, according to W. G. Street, secretary, who stated that two companies had applied to the city for contracts, and the matter was taken up at meetings of the city commission Friday and Saturday last.

According to Mr. Street, one of the applicant's contracts called for 50 per cent of what the meters took in, with the city receiving the balance, while another company, on installing the meters, would require 75 per cent of the meter money, with the city receiving only 25 per cent. The companies installing the meters would, of course, stand all the expense of putting them in.

**City Considering Parking Meters**  
 The city is considering combination meters; that is, both penny and ticket. By dropping a penny, the motorist would be allowed 12 minutes' parking; two pennies, 24 minutes' parking, and 5 cents an hour.

**Would Install 350 Meters**  
 The matter of installing a total of 350 meters is being discussed, which it is believed would net the city about \$1,000 a month. These meters would be cut off at 6 p.m.

**IT Cafe Robbed Of \$80 In Cash**

Sheriff Hugh Rice reported Wednesday that the IT Cafe was burglarized Tuesday night and \$80 in cash taken from the cash registers of the bus company and the cafe.

The robbery took place some time between closing time — 12:30 midnight — and 6 a.m. Tuesday.

Entrance was gained through a side door by using some special skeleton key.

Investigations is being made by officers.

**Additions Are To Be Added to Two Main Street Buildings**

Construction will start soon on an extension of 45 feet on the rear of the buildings on Main Street owned by J. E. Chisholm and Dr. Max Wood.

The building owned by Dr. Wood is occupied by Eubanks Tire & Supply, while Chisholm & Nail and Finley Jewelry occupy the Chisholm building.

The additions will be built of tile, it is reported.

**ATTEND MEETING**  
 Nelson Naylor, of Nelson's Hardware, attended a sales meeting at Amarillo Tuesday of the Deep Freeze organization, when a deep freeze unit was demonstrated. Nelson Hardware is dealer for this appliance.

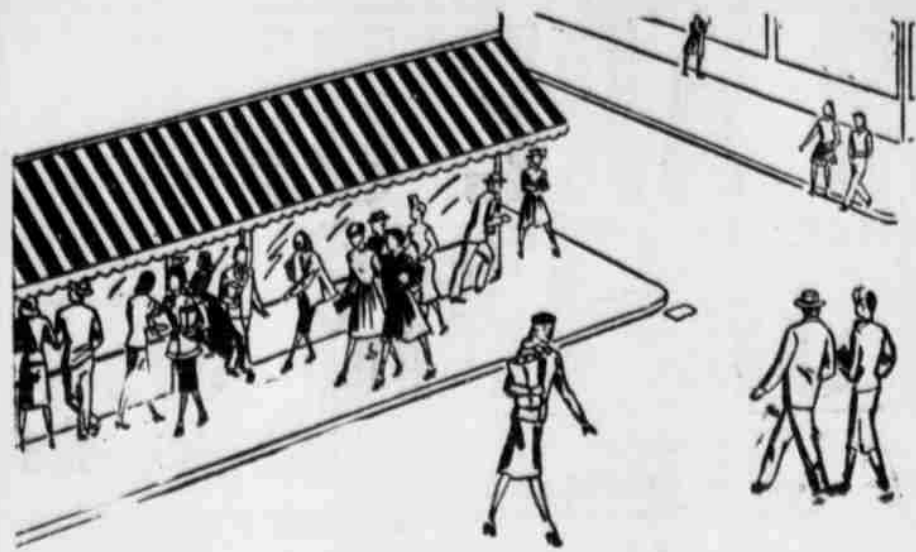

Mr. and Mrs. C. W. Grant visited his mother, Mrs. Jim Grant, at Olton Wednesday and Thursday.

Both victims of the shooting were taken to a local hospital. The man died about twenty minutes after arrival at the institution. The woman lived until 9:55 Thursday night.

## Light Offerings of Most Grains Encounter Rather Slack Demand

Vegetables showed general weakness, but only spots of easiness developed at other southwest farm markets last week, according to the Production and Marketing Administration, U. S. Department of Agriculture.

Fresh white corn held firm in the Lower Rio Grande Valley last week, but Bantam weakened some. Tomatoes strengthened early in the period, but weakened at the last. Heavy rains halted loadings at midweek, and some hail damage was reported. Coastal Bend cucumbers dropped to \$2.75 and \$3 per bushel for U. S. No. 1. Wholesale markets at Fort Worth and Denver reported cucumbers weaker, too, as well as tomatoes, corn, squash, green beans, black-eyed peas, and Texas onions.

Late-week easiness in spot cotton markets partly offset earlier advances, and Friday closed only \$1.50 to \$2.30 higher. Spot offerings decreased, but numerous inquiries came in for the medium and higher grades. Crop prospects varied widely by areas.

Light offerings of most grains encountered rather slack demand last week, but the market held firmly to early-week advances of around seven cents per bushel on wheat and corn. Other grains netted no more than a penny or two of difference one way or the other. Wheat closed Friday around \$2.87, and white corn \$2.04, at Texas markets.

Active demand ruled rice markets last week. Favorable prospects prevailed for the new crop. Further rises of \$5 to \$7 per ton on bran and shorts lifted prices close to all-time highs. Other feeds changed little. Old crop alfalfa hay met reduced inquiry, but prairie hay demand remained urgent. South Texas peanuts made good growth, while showers slowed planting farther north. Good length Texas wools found fair demand.

Some poultry eased off a little last week, but fryers held firm. Fully steady early-week markets developed an easier undertone later on. At mid-week, Fort Worth and Denver paid 37 cents per dozen; Fort Smith 36; Dallas, 37 1/2; New Orleans, Oklahoma City, and San Antonio, 38; Topeka, 39; Carlsbad, Houston and Shreveport, 45.

Most cattle markets paid steady to higher prices last week, but Fort Worth held up only on beef steers and yearlings, while cows showed some weakness at Wichita. Good cows brought \$15 to \$16 at Houston; and \$16.50 to \$17.50 at Wichita. Medium to good kinds moved at \$14 to \$17 at San Antonio; \$14.50 to \$17.50 at Fort Worth; and \$15 to \$17 at Oklahoma City. Denver bought common to good cows at \$14.50 to \$17.50.

Spring lambs strengthened at Oklahoma City and Wichita, but sheep and lambs sagged mostly 25 cents to \$1 or more at other southwest terminals. Good and choice spring lambs moved mostly at \$20 to \$22.50 at Fort Worth; \$22.50 to \$23.25 at Oklahoma City; and \$23.25 to \$23.75 at Wichita. Choice lambs brought \$23.75 at Denver.

Hog markets showed spots of weakness at all southwest markets, but some classes held steady or netted slight gains for the week. Closing bulk of good and choice butchers sold at \$23.75 at Fort Worth. Practical closing top was \$23.75 at Oklahoma City; \$24 at Wichita; and \$25.25 at Denver. Week's top at San Antonio was \$23.

## Local Men Enrolled In Abilene College

Willie Lewis Garnett of Anton, and John W. McCormick of Littlefield, ex-service men, are now enrolled as freshmen students in Abilene Christian College, Abilene, Texas. Mr. McCormick is majoring in the field of pre-medicine, and Mr. Garnett is majoring in the field of Bible.

Travis G. Allen of Littlefield, ex-service man, is also enrolled as a junior student in the college.

He is one of 615 students going to Abilene Christian College on the GI bill, according to the college registrar's office. The Abilene institution has an enrollment of 1440 students from 35 states, the District of Columbia, and nine foreign countries.

Eighty-six per cent of the veterans in Abilene Christian College are members of the Church of Christ, and six per cent belong to other religious groups.

The most popular major field chosen by veterans is business administration, with Bible a close second. Vocational choice of these men range from farming and ranching to geology, journalism, and electronics.

The average veteran was in the service two years and nine months, and nine per cent served more than four years.

M. S. Kirby, who makes his home with his daughter and son-in-law, Mr. and Mrs. L. L. Henricks, and his grandson, Bobby Henricks, returned to Littlefield Monday of last week after visiting relatives in Fort Worth, Glen Rose, Austin and San Antonio three weeks.

## Faithful Workers Class Of First Baptist Church Sponsors Hobby Show

At the antique and hobby show Thursday afternoon, sponsored by the Faithful Workers class of the First Baptist Church Sunday School, an elaborate display of very interesting material and antiques filled several rooms at the spacious home of Mr. and Mrs. Pat Boone.

In the house party were: Mrs. Acree Barton, president of the class; and Meses T. S. Sales, Dewey Hulse, Clint Griffin, Andrew McGehee, J. A. Brawley, Homer Sewell, John Price, W. N. Boston, E. S. Rowe, P. S. Hanks, A. Y. Daughy, Frank Rogers, Wayne Carlisle Lee Hemphill, and W. G. Street.

The class colors of blue and white were featured throughout the party. Mrs. Wayne Carlisle presided at the punch bowl.

The refreshment table was laid with lovely white cut-work cloth, and centered with a crystal vase of larkspur.

Guests were registered by Mrs. Pat Boone, who presented the guests with a book mark, bearing the Twenty-third Psalm.

Mrs. Dewey Hulse played soft music during the afternoon. Members of the Missionary societies of the various churches, and of the Woman's Study Club were guests of this lovely affair.

About 107 called during the afternoon and enjoyed this unusual and entertaining social event.

Mrs. S. M. Dunnam left Wednesday of last week on a three weeks' visit with her mother, Mrs. J. R. Westbrook.

Mr. and Mrs. Lewis Porcher of Dallas are expected to arrive about May 30 for a visit with his parents, Mr. and Mrs. John Porcher Sr., and other relatives. They will spend a week.

Miss Virginia Rose left recently to spend a couple of weeks with Mr. and Mrs. Wesley Pigg at Levelland.

Donald Wayne Howton left Tuesday of last week to spend three weeks with his grandparents, Mr. and Mrs. L. M. Easley, at Graham, Texas, where their son, L. G. Easley, opened a cafe some time ago. Donald went as far as Olney with Mr. and Mrs. Ab Green, who moved to that city, and from there went by bus to Graham. Mr. and Mrs. Troy Howton, Donald's parents, will go to Graham in about three weeks and bring Donald home. Also they will be accompanied to Littlefield by Mrs. L. M. Easley for a visit. Mrs. Easley is Mrs. Troy Howton's mother.

Marion A. (Rip) Elms Jr. has joined the office staff of the West Texas Cotton Oil Co. He was formerly connected with the office of tax assessor and collector.

#### CARD OF THANKS

We wish to thank our friends for their many acts of kindness and expressions of sympathy extended at the death of our loved one, Isaac Brock.

Your kindness and thoughtfulness did much to lighten our sorrow.

We especially thank those who brought food to the home, and those who contributed to the beautiful floral offering.

May God bless each and every one of you.

Mrs. I. S. Brock,  
Mr. and Mrs. C. O. Brock,  
Mr. and Mrs. E. S. Brock.

Mr. and Mrs. A. H. Lollis spent a recent weekend in Brownwood, Texas, visiting her sister, Mrs. J. L. Whitmire, who is very ill in the Memorial hospital. Mrs. Loll reports all Mrs. Whitmire's children have been called to her bedside, as she is not expected to recover.

**How women and girls may get wanted relief from functional periodic pain**  
Cardul is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic pain. Here's how it may help:  
1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.  
2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.  
Try Cardul. If it helps, you'll be glad you did.

All business men and others interested are urged to attend.

**AIRPORT NEWS**

By MRS. TEX CROW

New names and faces are taking their places at Duggan Field these days. Mr. Vick Streetman, of Grape-land, Texas, is the new manager. Vick, his wife, Kay, and 21-month-old Danny will make Littlefield their home as soon as they find a solution to the housing problem.

Tex Crow has leased the shop, and the fellows are all up to their ears in work, as usual. "Stubby" Stubblefield, of Lubbock, has joined the shop force for the summer and the "old faithfuls," Curtis Malone and Jack Dodgen, are working to beat sixty. They have just completed a crop duster and, with dusting season close at hand and several more dusters yet to build, they are plenty rushed.

Our bunch was well represented at Plainview at the pilot's breakfast last Sunday. Those who attended from here were Bill Gage, Tex Crow, Bob Wood, and Gerald Jacobs, from the Earth Flying Club.

But where are all you ladies? At present, I'm the only woman student and, take it from one who knows, you don't know what you're missing.

Sunday afternoon Mr. Stone of Ada, Okla., paid us a visit in his new Beech "Bonanza." I was lucky enough to be one of the passengers on a hop over town and, believe me, that is one fine airplane! When we landed, Mrs. Streetman, T. Wade Potter and I were all completely sold . . . except for a little matter of ready cash.

As always, the doors are wide open and our invitation is to YOU!

Be seeing you at the AIRPORT!

Locations for two wildcats, and for a stepout from production in north Hockley county were reported during the week. Drilling at one of the wildcats has already started. Operations at the other two projects will get underway at once.

Western Drilling Company No. 1-B D. B. Gregg, 660 feet from south and east lines of labor 25, league 731, State Capital Lands survey, is one and one-quarter of a mile north of the nearest completed oil well on the north side of the Levelland field in north-central Hockley county.

In northwest Hockley county, four and one-half miles southwest of Whitarral, and 660 feet from north and east lines of labor 23, league 720, State Capital Lands, Stanolind Oil & Gas Company has made location for its No. 1 Eppie Gilmer Howard, to be a 5,300-foot prospector.

George P. Livermore, Inc., No. 1 DeLoache, west-central Hockley county wildcat, about three miles northeast of Whiteface, and 510 feet from south and east lines of labor 23, league 81, Reeves county school land survey, had drilled to 4,705 feet in lime and was due to move in a cable tool unit to drill ahead to around 5,000 feet, to test for production in the Slaughter field pay section.

Amerada Petroleum Corporation No. 1 J. B. Shofner, wildcat about two miles north of Levelland, in north-central Hockley, and 660 feet from south and east lines of labor 6, league 734, State Capital Lands survey, had progressed under 3,065 feet in anhydrite and lime, and was drilling ahead. It is also to dig to about 5,000 feet.

### Spring Lake Woman Sustains Back Injury in Auto Mishap

### Funeral Rites Held For Mrs. J. E. Likes

J. E. Likes, 34, of Baileyboro, died at a local hospital at 11 a.m. Friday, following a cesarean operation. The baby, a son, who has been named Danny, survived his mother.

**Services Held Sunday**  
Funeral services were conducted at the Littlefield Fundamental Baptist Church Sunday afternoon at 2 o'clock with the pastor, W. B. Meers, officiating.

Interment, in charge of Hammons Home, took place in the Littlefield cemetery.

**Born Feb. 15, 1913**  
Mrs. Likes, nee Alma Eula Gray, daughter of Mr. and Mrs. J. M.

Gray, was born February 15, 1913, at Eula, in Taylor county. She was married to Jesse Irvin Likes in July, 1930.

Mrs. Likes was a member of the Littlefield Fundamental Missionary Baptist Church.

**Farming At Baileyboro**  
Mr. and Mrs. Likes formerly lived in Littlefield, and moved to Canton, Texas, where they made their home for some time. They returned to this area, locating at Baileyboro, recently, where Mr. Likes is carrying on farming operations.

Deceased is survived by her husband and infant son, Danny; her parents, Mr. and Mrs. J. M. Gray, of Waco; two brothers, F. M. Gray of San Angelo, and D. L. Gray of Littlefield; six sisters, Mrs. Georgia Swoape of Terrell, Texas, Mrs. Verna Kennedy of Stamford, Texas, Mrs. Thelma Roberts of Lone Oak, Texas,

Mr. and Mrs. J. C. Nelson of Springlake were admitted to the Payne-Shotwell Hospital about noon Saturday, suffering from injuries sustained when their 1935 convertible coupe hit a slick shoulder on highway 51, en route to Littlefield, and turned over.

A man passing by picked up the injured and brought them to Littlefield.

**Has Spine Injury**  
Mrs. Nelson sustained a serious spine injury. She is receiving special treatment for the injury, and in a few days will be placed in a cast.

**Released From Hospital**  
Mr. Nelson, knocked unconscious, sustained a severe gash in the back of his head. It required two stitches to close the wound. He was released from the hospital Monday.

Mr. Nelson is employed by Frank Bozeman at Springlake.

He stated to a Leader reporter Saturday that he had stopped to help a man fix a flat on the side of the road, and had only driven a short distance when the car turned over. He was not sure whether the slick shoulder of the road or a flat tire on his car caused the accident.

Mr. and Mrs. Nelson have lived at Springlake since March, coming to Lamb County from Floydada.

### Two New \$10,000 Buildings Slated For Amherst

The Amherst post office will be located in a new home by August 16 if present plans carry through, according to Allen White postmaster, and Rogers Willett, builder of the new structure. Materials are on the ground and construction is slated to begin immediately. The building will be erected at an estimated cost of \$10,000.

The one-story structure will be tile with brick front. It is located on North Main Street.

Adjacent to the contemplated post office building new construction to house the dry goods store of J. M. Brantley is well underway. The one-story 25x120 brick front building will cost from \$10,000 to \$12,000, according to Brantley. He refused to comment on completion date of the building. Shortage of labor has hampered progress.

**Want to Run a "Collective" Farm?**

While reading the other day about "collective" farms they have in certain countries. It seems the folks who run them have plenty of help . . . good hours . . . and the best equipment.

Sounds pretty nice—till you learn that the "farmer" doesn't own his land, or even farm it, in any sense. He takes orders from the state; produces whatever they want him to produce, at prices they set. Even his off-hours are spent according to state regulations. No, that would never go here.

We're willing to work hard, but we like to farm the land our own way, put our own value on the crops, and relax as we like—if only with a temperate, companionable glass of beer.

From where I sit, collective farming may produce results. But the American way—freedom to work and relax as we see fit—is what makes this country a great place to live. So let's not change it!

*Joe Marsh*

Sounds like long hours? Yet those are the "office hours" kept by over 10,000 American physicians. Yes, 24 hours a day, every day in the year, your doctor is ready to help you—and in an emergency, he's no further away than your telephone. But wisdom dictates that you anticipate your "emergencies" and prevent their happening. Go to your doctor before he must come to you. He has the equipment in his office to make a really thorough examination and render the complete diagnosis upon which effective treatment can be based.

Grasshoppers Now Hatching

Farmers of the state are being urged by the Texas A. and M. College Extension Service to start control measures against millions of grasshoppers that are hatching now.

Entomologists of the Extension Service say that poison bait put out now to kill young 'hoppers can prevent a lot of damage to the state's row crops.

An early start on grasshopper control is being encouraged now because the insects, at present, are young and easy to kill; they are bunched together now after the hatch and therefore very little bait will kill them; and they are still on the edges of fields and have not, as yet, done any damage to row crops.

According to information received by the Extension Service from the U. S. Department of Agriculture Bureau of Entomology and Plant Quarantine office at Waco, grasshopper surveys show that the insects have shown up in large numbers in the following counties: Erath, Jack, Archer, Wichita, Clay, Wise, Denton, Dallas, Collin, Hunt, Kaufman, Ellis, McLennan, Falls, Robertson, Brazos, Burleson, Washington, Austin, Bastrop, Gonzales, Karnes, Guadalupe, Caldwell, Hays, Travis and Williamson.

The Extension entomologists say that most all counties have grasshopper bait on hand, and that farmers may contact their county agricultural agent for help in getting the bait and putting it out.

GEMS OF THOUGHT

PATIENCE

Patience is not passive; on the contrary it is active; it is concentrated strength.—Bulwer-Lytton.

There is as much difference between genuine patience and sullen endurance, as between the smile of love and the malicious gnashing of the teeth.—Plummer.

Patience does not mean indifference. We may work and trust and wait, but we ought not to be idle or careless while waiting.—Gail Hamilton.

It is wise to be willing to wait on God, and to be wiser than serpents; to hate no man, to love one's enemies, and to square accounts with each passing hour.—Mary Baker Eddy.

It is not necessary for all men to be great in action. The greatest and sublimest power is often simple patience.—Horace Bushnell.

Do not think that nothing is happening because you do not see yourself grow or hear the whirr of the machinery. All great things grow noiselessly. Drummond.

A friendship that makes the least noise is very often the most useful, for which reason I should prefer a prudent friend to a zealous one.—Addison.

Life has no blessing like a prudent friend.—Euripides.

MRS. ROOSEVELT'S DAUGHTER . . . Christiane Bertholet, 7, whose father was killed by the Nazis, is the "adopted" orphan of Mrs. Eleanor Roosevelt, who sends her a CARE package each month.

Amherst Expects To Complete Disposal System In Month

Completion of Amherst's sewer project is expected within a month, according to Mrs. Gene Campbell, city secretary. One hundred forty-eight connections have been made to the new system to date.

Recent heavy rains have delayed completion date of the project. Estimated cost of the construction is \$50,000. Cullum & Hodgson of Lubbock are contractors.

Shortage of materials and labor delayed starting date until January of this year.

Lester LaGrange, mayor of Amherst, said the city's water supply is ample for all requirements.

Miss Glendeen Parker Honored At Bridal Tea and Shower

ROTAN, May 26.—Spring flowers in pink and white were color motif at a tea and bridal shower in the home of Mrs. H. T. Fillingim, Rotan, recently, from four until six, honoring Miss Glendeen Parker, bride-elect of Bill H. Hicks, of Spur. Glendeen is the daughter of Mr. and Mrs. Bill Parker, Rotan, and Hicks is the son of Mr. and Mrs. N. S. Hicks, of Comanche. The betrothed couple will be wed on June 6.

Hosting the event with Mrs. Fillingim were Mrs. C. E. Leon, Mrs. Homer Aaron, Mrs. L. E. Newton, Mrs. J. O. Roberts, Mrs. Ed Harris, Mrs. H. C. Shelton, and Mrs. H. C. Duff, of Abilene. Other members of the large house party were Ouida Fillingim, Patsy Newton, Marjorie Aaron, Virginia Leon Jane Gray, Sara Jane Lear, Virginia Justiss, Mrs. Lance M. Davis, Mrs. Dewey J. Smith, Mrs. Hugh Montgomery, Mrs. Harry Shelton, Mrs. H. J. Kevelighan, and Mrs. Wayland Taylor.

Patsy Newton and Ouida Fillingim greeted guests at the veranda entrance; Mrs. H. C. Shelton greeted at the door of the living room. Receiving with the bride-elect were her mother, Mrs. Parker; her only sister, Billye Ruth, and Mrs. Fillingim. Miss Parker wore a flattering petal pink marquisette over pink satin, the low V neckline and armholes of the gown outlined in self material, double ruffles. The gown was accented with a black ribbon sash and a narrow black ribbon bow at the neck. Mrs. Parker wore a fuchsia gown; Billye Ruth Parker wore a gown which combined black velvet and pink sheer. The receiving group and all members of the house party wore gardenia corsages, gifts from the bride-elect.

Pretty living room setting for the receiving group were pink roses and white larkspur arranged on the piano and registry table, and a garden of pink flowers banded in low arrangement across the fireplace mantel. At either side of the mantel were floor arrangements of long-stemmed pink roses, in colorful, blown glass jugs.

Mrs. Taylor registered guests while Mrs. Kevelighan invited them into the dining room for refreshments of iced cookies, toasted nuts, open-face sandwiches, and pink frosted punch. The table was appointed in pink and white, with service in crystal and silver. The white net table cover, laid over white satin, was full gathered

NEW WING OF AMHERST HOSPITAL DUE TO BE COMPLETED LATE THIS YEAR

Construction of the \$50,000 wing of the South Plains Co-Op Hospital at Amherst is progressing according to plans, C. M. Coffey, manager, told The Leader this week. The new addition is expected to be ready for occupancy in time for the winter rush season, Coffey said.

The new structure, on the south side of the present 65-bed hospital building, will contain a clinic on the ground floor and an obstetrical section will occupy the second story. The wing is being constructed of cream brick, matching the original building.

Harvey C. Allen of Lawrenceville, architect, and A. A. Blair of Amherst is in charge of construction.

Membership of the South Plains Co-Op hospital is 10,000, Coffey reported. Included are persons from nine surrounding counties, the Plains area, New Mexico, Colorado, Oklahoma, and the west coast. During a recent 12-month period 1,000 patients were admitted to the institution. More than 900 operations, average of almost three a day, were performed by surgeons Drs. Horton and McDaniel during the same period. Dr. B. O. McDaniel is head of staff.

Leon and Mrs. Newton. In the room were Mrs. Roberts, Mrs. Aaron and Miss Justiss.

Included in the afternoon's program were vocals by Mrs. Duff, Mrs. Harris and Miss Lear. Piano music was by Mrs. Harris, Mrs. Smith and Virginia Leon; violin music was by Jane Gray and Mrs. Kevelighan.

Mrs. Parker is the granddaughter of Mr. and Mrs. W. F. Parker of Littlefield.

**STATE JOINT RESOLUTION NO. 4**

Proposing an amendment to Article VII of the Constitution of the State of Texas by the addition of new sections to be known as sections 17 and 18 providing a fund for the payment of moderate pensions and providing for the payment for the construction and equipment of buildings and other permanent improvements at state institutions of higher learning; providing for a five-cent tax on property; providing for the maximum allowable tax on property; providing for the issuance of a bond therefor.

Resolved by the Legislature of the State of Texas, that Article 7 of the Constitution of the State of Texas be amended by adding thereto Sections 17 and 18 which shall read as follows:

Section 17. In lieu of the state income tax on property of Seven Cents on the One Hundred (\$100.00) Dollars valuation hereinafter permitted to be levied by the Legislature of the State of Texas, a state ad valorem tax on property of Two (2c) on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, for organizations, and the widows of such soldiers in said armies, navies, or militia; provided that the legislature may reduce the tax hereinabove levied.

Section 18. There is hereby levied, in addition to all other taxes permitted by the Constitution of Texas, a state ad valorem tax on property of Five (5c) Cents on the One Hundred (\$100.00) Dollars valuation for the purpose of creating a special fund for the purpose of acquiring, constructing, and initially equipping buildings, or other permanent improvements at the designated institutions of higher learning; and the Board of Regents of the University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. Any bonds or notes issued hereunder shall be payable solely out of the income from the Permanent University Fund. Bonds or notes so issued shall mature serially or otherwise not more than twenty (20) years from their respective dates, and in no event later than twenty-five (25) years after the date of the adoption of this amendment. This amendment shall be self-enacting.

"Said Boards are severally authorized to pledge the whole or any part of the respective interest of the Agricultural and Mechanical College of Texas and the University of Texas in the income from the Permanent University Fund, as such interests are now apportioned by Chapter 42 of the Acts of the Regular Session of the 42nd Legislature of the State of Texas, for the purpose of securing the payment of the principal and interest of such bonds or notes. The Permanent University Fund may be invested in such bonds or notes.

"All bonds or notes issued pursuant hereto shall be approved by the Attorney General of Texas and when so approved shall be incontestable."

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the state at a special election to be held throughout the state on the fourth Saturday in August, A. D. 1947, at which election all ballots shall have printed thereon: providing for the levying of a state ad valorem tax on property in lieu of the present state ad valorem tax of Seven (7c) Cents for Confederate pensions in order to create special funds necessary for the payment of Confederate pensions and for the financing of the construction and equipment of buildings and other permanent improvements at state institutions of higher learning, in the amounts of Two (2c) Cents and Five (5c) Cents respectively; providing for a Five Cent reduction of the

"Not later than June 1st of the beginning year and each succeeding ten (10) year period, the Comptroller of Public Accounts of the State of Texas, based on the average long session, full-time student enrollment for the preceding five (5) year period of time, shall re-allocate, to the above designated institutions of higher learning then in existence, all funds to be derived from said Five (5c) Cent ad valorem tax for said ten (10) year period; and all such designated institutions of higher learning which participated in the allocation or re-allocation of such funds shall not thereafter receive any other state funds for the acquiring or construction of buildings or other permanent improvements for which said Five (5c) Cents ad valorem tax is herein provided, except in case of fire, flood, storm, or earthquake occurring at any institution, in which case an appropriation in an amount sufficient to replace the loss so incurred may be made by the Legislature out of other state funds. This amendment shall be self-enacting. The State Comptroller of Public Accounts shall draw all necessary and proper warrants upon the State Treasury in order to carry out the purpose of this amendment; and the State Treasurer shall pay warrants so issued out of the special fund hereby created for said purpose."

Section 18. For the purpose of constructing, equipping or acquiring buildings or other permanent improvements, the Board of Directors of the Agricultural and Mechanical College of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Five Million (\$5,000,000.00) Dollars and the Board of Regents of The University of Texas is hereby authorized to issue negotiable bonds or notes not to exceed a total amount of Ten Million (\$10,000,000.00) Dollars. **Record Crop Yield Expected This Year In Lamb County**

Record wheat and cotton crops will be produced by Lamb county this year, if the weather remains favorable, according to Lem Weaver, county agricultural agent. Weaver estimated more than 30,000 acres of land is planted in the cereal and that much of the yield will be 50 bushels per acre.

Over half of Lamb county's almost 450,000 tilled acres are sowed in cotton, the farm agent believes. He told the Leader this week that the average yield will be a half bale to the acre. Planting of cotton in the county was practically complete, Weaver said.

The Central and Primary P-TA's closed a successful year's work with a joint tea in the home economics room May 8, at 2 p.m.

At 2:30 o'clock the joint meeting was held in the band hall. Each officer and chairman of each committee gave their yearly report.

Mrs. Broyles of Sudan was in charge of the installation service.

The following officers were installed for Central school: Mrs. E. E. Joiner, president; Mrs. Roy Wade, secretary; Mrs. Holmes, treasurer; and for Primary school, Mrs. F. E. Yohner was installed as president; Mrs. Ray Hulse, vice-president; Mrs. H. Hoover, secretary; and Mrs. Fred Miller, treasurer.

The P-TA's gave each of the outgoing presidents a gift of appreciation.

Mrs. E. E. Joiner was given a small fitted cosmetic case. Mrs. C. C. Bartlett was given a pen and pencil set. She has served as president for two years.

Supt. Hutchinson and Principal Bussanmas thanked the P-TA's for their cooperation and for the work they had accomplished.

### 4-H CLUB MEMBERS GET MERIT AWARDS

4-H Club members of Texas again have an opportunity this year to win special recognition for developing methods that will simplify their farm and home jobs. Recognition in the form of merit awards will be given on county, state and national levels in the 4-H Better Methods Electric Activity, the National Committee on Boys' and Girls' Club Work has announced.

Members need not have electricity on their farms to take part in this activity, which may be applied to all types of 4-H Club work.

Last year county winners were named in Bowie, Camp, Cass, Clay, Eastland, Fort Bend, Frio, Grayson, Hale, Hardeman, Harris, Jones, Lavaca, Llano, Montgomery, Moore, Sabine, Somerville, Taylor, Wood, Potter and Waller counties. Each county winner receives a gold-filled medal of honor.

State and national winner in 1946 was Harold Rumpy, 16, of Lakeview, who received a trip to the National 4-H Club Congress in Chicago, and a \$200 college scholarship, provided by Westinghouse Educational Foundation.

Among his work simplification accomplishments on the farm was that of studying the job of unloading threshed sorghum into a granary. He proposed using a grain elevator powered with an electric motor. He recommends providing electricity on the farm and installing an electrically-powered feed grinder, electric brooder and other labor-saving farm and home appliances and machines.

Six state winners are selected for national honors, each receiving a \$200 college scholarship.

The activity is conducted under the direction of the Extension Service of the State Agricultural College and USDA cooperating.

### Wright Cleaners Moth-Proof Clothing In Cleaning Process

A new process of clothes cleaning, that renders clothes moth-proof while they are being cleaned, has recently been instituted by the Wright Cleaners. This method, known as the Monite Insured Moth-Proof Cleaning Process, is absolutely harmless, odorless and non-poisonous.

Mr. A. T. Wright explained that the process involves the use of a special chemical solution in the regular cleaning fluid, and that fabrics so treated are made moth-proof in every fibre.

The Wright Cleaners is Littlefield's exclusive licensee for the Monite process, that privilege having been extended to them by the Monite Company of St. Louis, Mo.

Garments treated by the Monite process are insured against moth damage for a period of six months. The insurance offered by the Wright Cleaners is carried by one of the country's larger insurance companies.

### Rev. Dunnam Leaves For Conference

Rev. S. M. Dunnam, pastor of the local First Methodist Church, left Wednesday for Amarillo, to attend the annual Northwest Texas Annual Conference of the Methodist Church, which opened Wednesday, and will continue through Sunday, June 1.

Pastors throughout the Northwest district will receive their appointments for the following year at this session.

It is expected, however, that Rev. Dunnam will remain in Littlefield.

### AMARILLO OFFICERS DROP CLAIM TO NEEDLES REWARD

Claims to a \$5,000 reward offered for information leading as to the whereabouts of B. E. Needles, Lubbock tire distributor who was found April 14 in Amarillo after a 22-day absence attributed to amnesia, have been withdrawn by two Amarillo police detectives.

They, T. N. Nall and Bob Bell, withdrew their names after informing the Amarillo city commission that Needles was found in connection with their "regular line of duty."

That action left only Lloyd Nollner, Amarillo service station operator, as claimant. It was Nollner who discovered and recognized Needles and had the tire distributor detained by police until relatives could arrive and take him home for medical attention which subsequently relieved his condition.

Attorneys for Beivard Needles, Lubbock son who offered the reward, said the resultant status of the case is changed only as concerns the number of claimants, provided the Amarillo policemen file disclaimers in the 72nd District court of Judge Dan Blair.

A suit had been filed recently in that court by young Needles, tendering the money and asking that the court determine to whom it should be paid. The reward notice had contained a provision that claims for the reward must be filed in writing by July 30. Attorneys said the case probably would be continued until after July 30, to comport with terms of the offer.

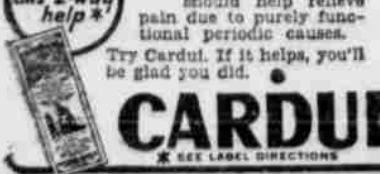

### How women and girls may get wanted relief from functional periodic pain

Cardui is a liquid medicine which many women say has brought relief from the cramp-like agony and nervous strain of functional periodic distress. Here's how it may help:

1 Taken like a tonic, it should stimulate appetite, aid digestion, thus help build resistance for the "time" to come.

2 Started 3 days before "your time", it should help relieve pain due to purely functional periodic causes.

Try Cardui. If it helps, you'll be glad you did.

### Cotton Fertilized By Airplane

Latest trick in South Plains agriculture is fertilizing cotton by airplane.

Lubbock county agricultural agent D. W. Sherrill, who believes there is something new happening every day in West Texas farming and ranching, reports that a demonstration was held recently in that county to see how airplane fertilization goes.

The demonstration took place in the L. J. West farm, 12 miles southwest of Lubbock. About fifty people watched the ship from a local flying service dust a cotton field with 4-12-4 fertilizer. Sherrill says a stiff breeze interfered with operations a bit, and the fertilizer did not settle as rapidly and evenly as it should. There may be cotton fertilized free for miles around. If the method pans out as effective, however, you can bank on West Texas farmers taking to it fast, the county agent says.

Already airplanes are being used widely to spread cotton defoliant and insecticides.

### GIVE CORRECT ADDRESSES OF NEXT-OF-KIN DEAD

The War Department has asked all survivors of men and women who died while serving in the Army to make certain that two Army agencies have their present addresses. The communications should be mailed to: The War Department, Adjutant General's Office, Attention: Personnel Actions Branch, Casualty Section, The Pentagon, Washington 25, D. C. and the Memorial Division, Office of the Quartermaster General, Washington 25, D. C.

### WEEKLY WAA SURPLUS NEWS

Hundreds of desks, chairs, file cabinets and a limited number of watches, adding machines and typewriters will be offered to World War II veterans exclusively in a fixed price sale which began May 28 at the Grand Prairie plant of War Assets Administration. Veterans will need no other certification than honorable discharge papers and will be limited to one of each item per purchaser. An initial registration list will be made by an impartial drawing at 9 a.m. the opening day, with sales scheduled at the rate of 150 veterans each day through a 30 day period. Those who arrive after the sale opening will be registered for buying or subsequent days.

The decontamination of Camp Maxey's 39,000 acres has been completed and the camp has come into the custody of War Assets Administration for disposal as surplus property. Army bomb disposal units garnered a harvest of 18 tons of explosives and small fragments from the ranges and maneuver areas of the sprawling camp.

### 'Love Grass' Holds, According to Agents Weaver and Fry

Lamb county agent Lem Weaver and assistant, Wade Fry, are making a valiant effort to keep the land from blowing away, and to stimulate yields by use of fertilizer, Weaver told the Leader this week.

As an example of the result of sowing crested wheat on sandy hillsides, the agent pointed to the farm of H. C. Hall, on highway 51, near Amherst. About twelve acres of crested wheat provide grazing for six head of cattle and anchors the sand. This type of feed grows well in sand.

Use of "love grass" is being urged by the farm agents. Lester La Grange and E. C. Slate have sown the grass on some land they own near Amherst. The grass prevents the sand from blowing and, in five years, the land will again be subject to farming, Weaver claims.

By fertilizing with barnyard manure, V. M. Peterman has obtained an excellent stand of wheat on sandy land. The wheat is firmly anchored in the sand, and a very good yield is promised from the crop.

In a "double or nothing" experiment, Sam Marmon has fertilized a part of his wheat acreage with ammonium nitrate, using a spotted method of fertilizing. In areas where the nitrate was placed the growth is dark green and verdant. In comparison, the adjacent unfertilized stand is only normal.

Scarcity of proper equipment is hampering fertilizing with the ammonium nitrate, Weaver and Fry averred.

Mr. and Mrs. C. L. Cox, of near Bula, are the parents of a fine baby girl, born Mother's Day, May 11, at the Payne-Shotwell hospital. She has been named Diana Joy. Mother and daughter were released from the hospital Thursday.

number of buildings at Camp Bowie at Brownwood, Texas, within 30 to 60 days. Disposition of the land will be under the jurisdiction of the Farm Credit Corporation of Houston, Texas. It is likely a part of the buildings and a small portion of the land will be disposed of by WAA as a commercial area.

Industrial users were the largest class of purchasers of surplus property in Texas during April, it was indicated in a monthly sales analysis announced by War Assets Administration. Nosing out retail buyers, the industrial users purchased 34.4 per cent of surplus originally costing \$6,344,703 during April. Retailers purchased 31.4 per cent of the total, ahead of veterans, wholesalers, government agencies and non-profit institutions.

# President's Conference Charts Course For Reducing National Immense Fire Loss

The Action Program adopted in Washington May 8 by the President's Conference on Fire Prevention, urging acceptance on the part of public officials of greater responsibility for fire safety, and wider public support for all measures dealing with fire prevention, is being studied throughout the nation.

Governors of 48 states will consider proposals that they appoint state-wide safety committees and that a state-wide fire prevention conference be summoned in each state to set up practical fire prevention programs tailored to the needs of each area.

### Property Loss Immense

The conference report stated that fire which took more than 10,000 lives and destroyed more than \$561,000,000 worth of property last year, was a "staggering national problem," and warned that losses would be even greater in 1947 unless prompt action was taken.

"Fire prevention is a year-round public responsibility," President Truman said in opening the conference. "I believe the highest state and municipal officials must assume greater responsibility for leadership in this field."

The conference outlined the important place in fire prevention occupied by law enforcement agencies and fire fighting services, and discussed the various phases of building construction leading to the reduction of fire losses.

### More Education Needed

Better education in fire safety and fire prevention was urged.

"We owe the 30,000,000 young people in our schools today the best instruction possible in fire safety," the Action Program stated. "Basis fire-prevention instruction should be intensified and expanded at all levels of education and in all types of schools — public, private and parochial."

Each state department of education is urged to take the lead in its own jurisdiction in developing fire-safe school properties. That instruction in fire prevention be varied to meet local conditions, that teachers be encouraged to participate in community fire-prevention activities, and that school fire prevention activities be closely related to community problems are recommended.

At the college level, the Conference urged that fire prevention be integrated with such courses as chemistry, physics, business administration, insurance, economics and transportation. Courses in engineering and architecture should include fundamentals of fire protection, the Action Program said.

### Research

Continuous research in the field of scientific development and human be-

havior with respect to fire was recommended. The Conference urged adoption of an educational program which will try to show the public how to avoid panic in fire situations. It recommended scientific selection and training methods for firemen. It also recommended better mental examinations and treatment for "psychotic" persons suspected of starting fires.

Continued cooperation of industry in exchanging information on research and experience gained in the use of new chemicals, processes and operations relating to fire hazards was also urged.

### Number of Fires Increase

New data about fires in the United States were announced during the Conference. A nation-wide survey conducted by the Conference showed that an average of 830,000 fires occurred annually over a five-year period, 1942-1946. This exceeded all previous estimates on the prevalence of fires in the United States. The survey, covering 1584 cities, revealed an over-all increase of 29.9 per cent in the number of fires of all types during the five-year period.

The three-day Conference was attended by over 2,000 delegates from the 48 states, Puerto Rico and the Panama Canal Zone. It was the first conference ever called by a President to perfect plans for combating the fire problem on a national basis.

## DON'T Overload

A "teen-ager" in the family is apt to "overload" your telephone. But that's not the only thing in your home that can be "overloaded."

You can overload your electric wiring system too if you don't have adequate wiring. When you add new appliances and lights to your home, and leave your wiring as it was installed years ago, you're apt to overload it, and receive less efficient service. Fill in the coupon and mail, or call your nearest Public Service office to find out from our specialist if the wiring is adequate in your home or place of business. The service is without charge and places you under no obligation.

We are acting only in an advisory capacity. We have nothing to sell but good electric service.
